Luck, honesty and kindness return lost purse to owner

(By Alice M. Bobala) Mrs. Marge Anderstadt of Niles believes in luck, a 12 year old boy and a nice lady "who likes to help people" — and not necessarily in that order — she said last week. Returning at noon on Monday, April 19, from a shopping trip to Golf Mill, Mrs. Anderstadt said, "It was such a nice day I got off the bus at the Rec Center stop,"

to walk to her home near Waukegan rd. and Oakton st. — and left her purse on the bus! The shoulder bag contained her house keys, credit card, paid receipts for purchases which were to be picked up later by her husband and "an ample amount of money". "I didn't know what to do," she said. So she went into the Park District office where she met

the "nice lady", Mrs. Esther Kaplan, a park employee. Mrs. Kaplan knew what to do. The purse was located, picked up and Mrs. Anderstadt was driven home. David Wilson, 12, a 7th grader at St. John Brebeuf School, said he was riding the bus on his way to visit his Grandmother Wilson when he spied the purse on the seat.

"It wasn't mine," he said simply. Knowing someone would miss it, he gave the purse to the bus driver, John McDonald, who noted the boy's name. Assistant Public Works Director Rich Albrecht said he received the "lost purse" inquiry at noontime and drove out after the bus driver who was still on his route. Lost articles are numerous,

commented Albrecht. "We find umbrellas, socks, shoes and wallets. All of which are returned after proper identification is obtained from the owner ... maybe 40% to 50% of lost items are returned, depending on what the article is," he said. "In fact, we've had packages newly purchased in shopping centers which no one bothers to claim." Al-

End O' The Month Meanderings ...

Periodically, our Letters To The Editor columns print letters from grateful residents who have received assistance from the public departments in the community. Often, the letter writers cite the 'above and beyond the call of duty' efforts of the men involved and then end their letters with a note of gratitude.

June 5th Niles Police Benevolent Association will be holding its annual dance at the O'Hare Inn. The \$5 per person fee will enable you to dance all evening to one of the most danceable orchestras in the land, Les Elgart and his orchestra.

We're making a special pitch for the Niles gendarmes because the money isn't coming in as it has in the past. In addition to the very expensive Elgart aggregation, the Jerry Murad Harmonicats will be entertaining. It should be a super evening and we hope the masses will send in their \$10 per couple entrance fee. Moneys derived from the profits pay for insurance for the guys who put their lives on the line for all of us 24 hours a day.

Niles is a great town to live in. Village taxes are very low, and services in the community are quite superior. And knowing Niles' first class police department is only a telephone call away should be ample reason for all residents to help support the guys who support you.

In every community the vast majority of residents sleep in their town but are not active participants in its workings. To that great grey mass of non-participants, we urge you to give the NPD this needed support.

In this week's Letters To The Editor column there is a very thoughtful letter written by former District 63 School Board

NILES ALL-AMERICAN SENIORS CLUB
We had our Easter Party April 20th at The Lido. 119 people attended and we really had a ball!!! We had an Easter Hat parade with Frank Yakoubek playing for us and prizes for the most original, the funniest and the most beautiful. Our judges were Hazel Wekony, Magda Erickson, Wally Harms, Pete Franklin and Russ Warnestedt and they did a wonderful job.

There were at least 80 people in Easter bonnets and it wasn't easy to choose with so many. You can't believe the work they put into them. The winners were Ivy Sielski, Henry Boughey, Martha Ducar, Cathy Schreiber, and Bill Clawson. (Don't know how that man got in there, but guess they were asserting their rights).

We had to have a Queen for the Easter Party, so Mathilda Boss was chosen as our oldest member, and Charles Zuccaro, our oldest Gentleman escorted her leading the parade, and they were a lovely couple.

To make the day complete, the Lido served a wonderful lunch with the Traditional Ham with a terrific sauce. Breaeded Veal Cutlets; all the extras including their Masticacci (which is the best) and ended up with spumoni. Our music lasted till 3:30 and our members danced "Till dawn". (This was 3:30 p.m.) Remember when we used to dance till 3:30 a.m.????

Niles Police Beat

Garage theft

Outdoor appliances and auto tires worth more than \$900 were stolen Thursday morning, April 22, from a garage on Howard st., according to police reports.

Police said the victim's garage had been entered by a rear service door opened by force.

Taken were several white wall tires on chrome wheels, a Sears lawnmower and a Sears snow-blower.

The suspects apparently left the same way they came, police said.

Attempted theft

A La Grange man told Niles police someone tried to steal a Citizens band radio from his car on Saturday while it was parked at the Golf Mill Theatre.

The driver's side door had been opened, said police, and an attempt made to remove the radio. Damage was estimated at \$10.

House burglary

Jewelry, a gun and \$272 in currency were stolen Saturday evening from a house on the 7800 block of Park said police.

The victim told police when he came home, he found the lock had been broken on the northwest corner window of the house.

An undetermined amount of jewelry, a 38 cal. Smith and Wesson revolver and \$272 were missing.

Two injured in Niles auto crash

A Des Plaines woman and a village employee were injured Wednesday, April 21, at the intersection of Golf rd. and Greenwood ave.

Taken to Lutheran General Hospital were Geoffrey Wilson, 34, a Niles village employee and Marlay E. Cohen, 20, of 9239 Fern ln., Des Plaines, a passenger in the other car.

Police said that Wilson was stopped in traffic, waiting for a motorist to make a left turn in front of 2 stopped southbound buses. As the car turned left in front of a '73 Dodge driven by Carol L. Richards, 17, of 2226 Home ave., Park Ridge, police said Richards applied her brakes swerving to the left to avoid hitting the car, consequently colliding with the left front of Wilson's car.

Both cars were towed to Skokie Automotive.

Richards was ticketed with damage to village property and with driving too fast for conditions.

Fails to yield on turn

A 41-year old Niles resident was charged Saturday, April 17, for failure to yield when turning left.

Henry A. Marbach, 17, of 3428 Fairlawn dr., Glenview, told police he was northbound on Greenwood ave. next to a car (in the curb lane) that was turning right onto Maynard st.

Police said a '76 Plymouth driven by Arlene T. Krawczyk, 9917 Warren rd., Niles, turned left from Maynard rd. into southbound Greenwood traffic in front of the turning vehicle, but failed to see the car driven by Marbach who was northbound.

Bicentennial wagon train arrives Arlington Heights May 5

The Great Lakes Segment of the Bicentennial Wagon Train Pilgrimage to Pennsylvania will enter Illinois from Wisconsin on Tuesday, May 4, and will be welcomed by Gov. Dan Walker at the state line.

A Prairie Schooner representing Illinois, which has been visiting towns between Springfield and Winthrop Harbor will join the eastbound train here. The Illinois wagon, joined by numerous privately-owned covered wagons, left Springfield on April 17.

Each state's covered wagon tours its home state before joining the national train. The Illinois wagon rolled thru 17 towns before joining the National Train at Winthrop Harbor.

The wagon train's first encampment in Illinois will be at Grayslake the night of May 4. Daryl Busse, the national harness horse driving champion, will drive the Illinois wagon on May 4. Al Morris of Rochester, the state wagonmaster, will take the reins for the rest of the trip. The wagon trains are expected

to arrive at 4 p.m. at Arlington Heights Race Track on Wednesday, May 5. Everyone is invited to view the ritual of camping down, watering, feeding and grooming the teams of horses. Admission is free. A tentative schedule for the remainder of the evening follows: 4 p.m. to 7 p.m. an indoor barbeque at the race track will provide food at cost to visitors; 7 p.m. to 7:30 p.m. a bicentennial concert; 7:30 to 8:30 p.m. bicentennial entertainment; 8:30 to 8:45 p.m. signed pilgrimage scrolls from Niles and other communities will be accepted by the wagonmaster in brief ceremonies; 8:45 to 9:30 p.m. entertainment by the Penn. State University's Depts. of Theatre and Music; 9:30 to 10:30 p.m. square dancing.

The scrolls of rededication which are being signed in Niles and other communities were conceived so that people in every state may participate in the historic pilgrimage. The scrolls will be presented to the State Wagonmaster at Arlington Hts. and carried to Valley Forge where they will be microfilmed.

A 45 minute bicentennial musical, which is free, is produced by 5 groups of young wagoners from Penn State University's Departments of Theatre and Music. Entertainers in the show stress the importance American pioneers placed on freedom, justice and the pursuit of happiness, encouraging audiences to keep alive the spirit of their pioneering heritage.

The Great Lakes Wagon Train is one of five major trains crossing the country. It started out in early April at Des Moines, Iowa and at St. Paul, Minn. The wagon caravan will roll eastward from Illinois thru Indiana, Michigan, Ohio and Pennsylvania enroute to Valley Forge, the hallowed 1777-78 winter encampment of Washington and the Continental Army. Each of the 5 segments will funnel into the main wagon train

Covered wagons making the Bicentennial Wagon Train Pilgrimage to Pennsylvania pause on the Chicago suburbs May 4 thru 10. The Oregon Trail started in April in Minnesota and Iowa, will bring a bicentennial show to six encampments in the Chicago suburbs May 4 thru 10. The Oregon Trail wagons will be barged up the Ohio River and will stop at Chester, Cairo and Cave-in-Rock.

OCC Raiders break even on six games

Oakton's baseball squad has a full schedule of games this past week, winning three of six games.

On Monday, April 12, Oakton knocked off McHenry 6-1 behind the two-hit pitching of Mark Elathin. Wednesday saw a hitter's day against Waubesa with the Raiders on the short end of a 15-12 ball game. Oakton's late surge came off the bat of Gary Warren who hit his first grand slam home run.

On Friday, April 16, Oakton traveled to Mayfair and dropped both ends of a double header. However, on Saturday, the Raiders had their biggest day at the plate against University of Illinois Chicago Circle, scoring 30 runs and hitting five home runs in sweeping the double header.

Summing up last week's ball games Coach Rich Symonds said, "We have to get better pitching from our staff. We are scoring runs but we are giving up a lot of runs also."

Scoreboard for the week reads:
OCC 6 McHenry 1
OCC 2 Mayfair 10
OCC 0 Mayfair 11
OCC 17 Circle 16

Demon tennis results

The Maine East varsity tennis team finished third in the eight team Maine South tennis tournament on Saturday, April 17.

Maine East was lead by the outstanding play of Jim Harkensee at No. 2 singles. Jim had the number one seed and proved to be devastating to his opponents. He started on his way to victory by defeating Dave Piper of East Leyden 6-1, 6-1. His next match was against the No. 3 seed, Dave Branding of Libertyville 6-1, 7-5. In the finals Jim had to play the No. 2 seed, Dave Hughson of Prospect High School. The week before he beat Dave 6-3, 6-4 in a dual match, and Jim played a super match, beating him 6-1, 6-2.

Coach Art Belmonte said that "Jim improves with each practice and every match. He is a highly competitive player and psyches up for each opponent."

At No. 1 singles Norm Peterson played off key. He beat Ken Algazin of Elk Grove 6-4, 6-2. His next match was against Dan Hansen of Prospect, whom he beat the week before 6-3, 6-1. Dan did his homework during the week on Norm and beat him in their return match 6-4, 6-3. Greg Yings of Libertyville went on to win the No. 1 singles contest.

At No. 3 singles John Lee of Maine East beat Gary Christensen of Elk Grove 6-2, 6-1, but he lost a three setter 6-2, 0-6, 6-4. John played off for third place against Mark Dzulynsky of Maine South and defeated him.

At first doubles Karl Aschacher and Dave Cohen beat Mike Nelson and Bill Muno of Maine South 6-1, 6-4, but they had their hopes stopped by a strong St. Pat's team.

No. 2 doubles didn't do much better. They defeated John Thomas and Tom Wilkis 6-1, 6-2 with little difficulty, but they were

then stopped by a strong Libertyville team, which eventually won that title.

Libertyville finished first with 11 points, Prospect second with 10 points. Maine East was third with 7.5 points followed by Fenton, Maine South, St. Pat's, Elk Grove, and East Leyden.

"Last year we were fourth. This year third, hopefully next year will be Maine East's turn to capture the tournament," said Coach Belmonte. He added, "I was very pleased with the play of Harkensee."

The varsity opened the season with a victory over Maine North 5-0 on Tuesday, April 6. Then Maine East had very little trouble with Weber High School on Thursday, April 8, beating them 5-0. The Demons won 60 games while Weber could only muster up 6 games.

Maine East's biggest victory of the season came April 10 when the team defeated a very strong Prospect team 6-2. At first singles Norm Peterson defeated Dan Hansen 6-3, 6-1 and Jim Harkensee defeated Dave Hughson 6-3, 6-4. John Lee won at third singles in a three setter over Paul Mallon 3-6, 6-3, 6-1. The only loss in singles that Maine East had was at fourth singles. Aschacher was defeated by Jim Bryja 6-7, 4-6. Rob Boten of the Demons defeated Mike Wood at No. 5 singles 6-1, 6-4. In doubles Hansen and Hughson teamed up to defeat Peterson and Harkensee in a great display of tennis, 6-4, 4-6, 3-6. Maine East won No. 2 doubles with Aschacher-Cohen against Wood-Mallon 6-4, 6-4. At No. 3 doubles Boten-Harris defeated Bryja-Brown 4-6, 6-0, 7-5.

On April 14 Maine East defeated Elmwood Park 5-0.

Upcoming competition for the Demons is Thursday, April 29, at Maine West. Then on Saturday, May 1, the Demon Quad for varsity will be hosted. Schools participating are Thornridge, Hersey and Palatine. The freshmen will then participate in the Maine West Invitational also on May 1.

Eliminate District 63 Caucus
Well Bud, the annual rites of school board elections, the cheering or weeping has passed, the people in District 63 will ruminate over the future of the caucus.

I dug into the files and determined that the East Maine High School committee formed in 1962 and evolved into the East Maine Township General Caucus by October 1963. At this time the Park Ridge and Des Plaines caucuses amended their by-laws to implement the "gentleman's agreement" for balanced representation on the high school board. For those who may not know or remember, that was the only purpose for forming the Caucus. The advantages and disadvantages of the caucus system can be debated "ad nauseum". The original premise was sound and I think has meaning today.

Several years after its founding, those active in the caucus decided to include the nomination of District 63 board members. Since then nothing but disaster followed. Depending on the candidates and/or issues, the caucus "won" or "lost" depending on one's sympathies. I think the caucus has always "lost" since it included District 63 issues. It has been self-destructing!

The Caucus is not a political entity. It cannot "win", it does not "work to bring out the vote". It is advisory.

The last election, and there have been several over the past years, involved two strong contending groups, one with and the other without Caucus support. At the same time there were several candidates for the high school board other than those with caucus indorsement.

Dear Editor:
I wish to thank the voters of the 10th Congressional District for electing me delegate to the Democratic Convention from our district. I wish I could personally thank each and every voter but since this is impossible, I want to assure every Democrat in the district that I will work to elect the candidate who espouses the very best principles of the Democratic party.

Lincolnwood deserves better than this!
To the Editor:
A charade occurred in Lincolnwood on April 22 which no community should tolerate. When trustee Marvin Schmidt resigned unexpectedly from the village board, Trustees Arthur Goebelt and G.G. Rowell showed a cynical disrespect for their fellow elected officials by refusing to postpone the matter of his replacement until all the trustees could consider it with the attention it deserves.

Trustee Milton Berzock was on vacation and was therefore unavailable for a vote crucial to the community. Common courtesy would have dictated waiting for his return.

Mayor Henry Proesel should be condemned for a shoddy display of political muscle which insulted the intelligence of the community he represents. Rather than submitting a candidate who would be acceptable to the entire board, Proesel engineered the timing of his appointment so that he had to please only Goebelt and Rowell, both Proesel loyalists.

Lincolnwood deserves better than this.

The community can be encouraged, however, that Jo Sucherman and Jerrold Cohan were outspoken against Proesel's actions.

Air Force seeks female security specialists

The Air Force will soon begin seeking a limited number of qualified young women to enlist as Security Specialists, according to Air Force Security Police officials. The volunteers will participate in a trial program utilizing women in the security career specialty.

Major General Thomas M. Sadler, Air Force Chief of Security Police, explained the program.

"We currently have female officers, and eventually will have female senior non-commissioned officers, supervising security specialists while precluding lower grade enlisted women from that specialty. In view of the recent decision to open some flying positions to women, it now seems an opportune time to perform an on-the-job, open-ended trial of the use of women in the security role," General Sadler said.

Approximately 120 women volunteers for the program will be sought by the Air Force Recruiting Service beginning this month, with enlistments scheduled for October and November, 1976. Bases tentatively identified for the trial include Grand Forks Air Force Base, N.D.; Barksdale Air Force Base, La.; Nellis Air Force Base, Nev.; and Osan Air Base, Korea.

"As we envision it," General Sadler explained, "the program will involve women volunteers who successfully complete the basic special and combat skills courses. The trial period will run at least one year to afford ample time to evaluate their ability to withstand the rigors of security duties under a wide range of conditions."

A combat related specialty, this career area has previously been closed to women, but for this test, restrictions on women will be waived. During the test, the volunteers will perform the entire range of security specialist tasks. "We are prepared to try, and perhaps ultimately adopt, a policy of allowing women entry on a voluntary basis," General Sadler said.

The first cadre of technical school graduates under the trial program will leave the Security Police Academy at Lackland Air Force Base, Texas, in late Feb., 1977, and the last in late March.

Officials note that if the women security specialists become disqualified from duty, they will be retrained or separated from the Air Force, as conditions dictate. Also, should the trial prove unsuccessful, retraining into a different Air Force specialty will probably be required.

Centel hero receives CTU Humanitarian Award

Centel installer-repairman Robert Kee (left) and his wife Delann were guests of honor at a luncheon April 22 during which Kee was presented the CTU Humanitarian Award by William J. Laggett (right), Vice President of Telephone Operations for Central Telephone & Utilities. Kee was presented the prestigious award for his heroic actions last Nov. 19 when he pulled an elderly woman from the path of an approaching train in Park Ridge. Kee was credited by witnesses with no doubt saving the woman's life.

Centel employee Robert Kee was presented a silver CTU Humanitarian Award during luncheon ceremonies April 22.

The silver medal recognizes Kee's life-saving actions last Nov. 19 when he pulled an elderly woman from the path of an approaching express train in Park Ridge, where Western ave. dead-ends into the Chicago & North-western right-of-way.

As Kee, an installer-repairman, was eating lunch in his van at the spot, the blasting whistle from an approaching train called his attention to an elderly woman who stood, frozen with fear, in the center of the tracks on which the train was approaching.

Kee ran from his van onto the tracks, approximately 20 feet, grabbed the elderly woman and pulled her from the tracks as the express train passed, unable to make an emergency stop for

another several hundred yards down the track.

The train crew ran back, asking, "Are they dead?" An eyewitness, viewing the situation from the other side of the tracks, later said, "It was unbelievable that they were both alive." The railroad employees and the eyewitness all credit Kee with no doubt saving the woman's life.

The CTU Humanitarian Award was inaugurated in June, 1974, by Central Telephone & Utilities Corp. to recognize those employees who perform acts above and beyond the call of duty. CTU employs approximately 10,000 nationwide.

Kee has been an installer-repairman for 10 years with Central Telephone Company of Illinois. He and his wife Delann are residents of Wonder Lake and the parents of two daughters, one seven years old, and the other two weeks.

Want to learn to drive? Just give Sears a call

A woman slips out the back door of a house and scurries down the street. She casts a glance over her shoulder every few steps to make sure she hasn't been seen. She reaches the corner drugstore and darts inside. Whew!

A few minutes later a car pulls up outside. The woman dashes to the car and slides in the driver's seat. She's safe. Once again, she's made it to her Sears Easy Method driving lesson without her family finding out.

"Nearly 90% of our Chicago customers are women between the ages of 35 and 50," says William LaPietra, president of the country's largest driving school. And many of them want to surprise their husbands by learning how to drive.

in various foreign languages is also offered.

In its 36 month history, the Sears Easy Method Driving School has expanded its operations from the Chicago base, to Gary and Indianapolis, Ind.; St. Louis, Mo.; Milwaukee, Wis.; Cleveland, Akron, Columbus, Cincinnati, Ohio; Detroit, Mich.; Minneapolis, Minn.; San Francisco, Calif.; Dallas and Houston, Tex.; Atlanta, Ga.; Washington, D.C.; Philadelphia and Pittsburgh, Pa.; and Seattle, Wash. And the expansion hasn't stopped.

"There's a tremendous market for a reputable school of driving

instruction," La Pietra comments. "Teenagers need training to get their first license, inexperienced adults need patient instruction when they're learning for the first time, senior citizens want refresher courses before they take renewal examinations."

And La Pietra ought to know. In 1970 he bought a two-car driving school. Today, it's the country's largest and licensed to operate under Sears' name. He's happy as he looks at the expanding fleet of yellow-placard-topped cars outside his office door. For he knows Sears is making families safer from the arguments which arise over learning to drive.

Liberty Bell replica at Niles Library

Niles Public Library District residents have the opportunity on May 5 to view an outstanding reproduction of a treasured relic. As part of the Bicentennial celebration an exact replica of the Liberty Bell will be on display in the parking lot of the Library from 9 a.m. to 7 p.m. sponsored by the Secretary of State, Michael J. Howlett.

Many Illinois citizens never will have the privilege of visiting Philadelphia, home of the original bell, this year; therefore the exhibit will give everyone a chance to share in the spirit of '76.

Of all American relics, none is more emblematic of freedom than the Liberty Bell. Struck on July 8, 1776 to proclaim adoption of the Declaration of Independence, this bell sounded the birth of America.

When the British troops besieged the City of Philadelphia, concerned colonial officials transported the bell to Allentown, Pa., for safekeeping. It remained there, concealed under a church floor, until the Redcoats evacuated the capitol in 1778.

The bell did not sustain its world-famous crack until 1835, when struck during funeral rites for Chief Justice John Marshall. The crack expanded in 1846, after the bell was rung to commemorate George Washington's birthday. Attempts to repair the relic were unsuccessful, so in 1852 the bell was retired to its current shrine in the old state-house building's Independence Hall. This bell is twelve feet in circumference around the lip and spans seven and one half feet around the crown.

the Library's recent Bicentennial Poster contest.

The film "The Remembering Eye: A retrospection of Niles Township" will be shown at 7 p.m.

Keep America beautiful by planting trees

Trees provide one of the most inexpensive as well as one of the most effective means to improve the appearance of your property. From the practical point of view, trees will usually increase property values considerably.

When you plant a tree, you also plant shade, or shape, or background, or screening, or color. The use that you intend for your tree and the location in which you will plant it, should guide you in its selection. Consider whether the mature form of a tree is appropriate to its intended use. A broad-spreading and low-hanging tree may be ideal in the yard, but would not be satisfactory along a driveway. A slim, upright tree may be perfect for lining driveways, but of little use for shading a patio.

If you are not familiar with the mature form of trees, consult a local nurseryman, landscape contractor, garden center or landscape architect. Always purchase your trees from reputable sources where you can not only get the correct advice and guidance in selecting the proper tree, but the supplier, in most cases, will also guarantee the tree for a specified period of time, usually the first year after planting. Beautification begins at home.

In this bicentennial year, you can assure America's beautification by making your own property attractive and keeping it that way by planting a tree.

Former Niles resident is Brunswick house champ

By Alice M. Bobula Former Nilesite Glenn Forty, 9426 Calvin dr., Schiller Park, and Helen Pogar, 4307 Overhill, Norridge Park, won the local Rolloff Saturday, April 10, at the Brunswick Niles Bowl Your Way to Europe tournament.

James Goodwin, manager of Brunswick Niles Bowl, 7333 Milwaukee ave., said the two local champions will represent the center in the 11th Annual International tournament finals, scheduled for Washington, D.C., on May 28, 29 and 30.

Each of the two winners received a large plaque from the bowling center and an all-expense paid trip to Washington for the May finals.

Forty, 23, the son of Mr. and Mrs. Jas. P. Forty of 8129 Odell ave., Niles, presently lives in Schiller Park with his wife and 4 year old child, Jamey. During a telephone interview the young bowler said he was "completely surprised" at becoming House Champ, "especially since it's my first year as a league bowler."

Forty, whose average is 137, bowled a high game of 223 out of 3 games, a total of 86 pins over his average. He scored 255 (118 pins over average) for the particular month which put him in the House Rolloff Finals.

Helen Pogar, whose average is 125, bowled her high game of 164, totalling 39 pins over average. Her high month score of 200, which is the highest game she ever rolled in her life, qualified her for the House Rolloff Finals.

Center manager Jim Goodwin said the annual house contest is based on a monthly high game, scratch bowl, with 2 classes each

in the ladies and men's section. Class A ladies includes a game average of 131 and above; Class B takes in an average of 130 and under. Men's Class A is 151 and above; Class B is 150 and below. High game, each division, in the house becomes a monthly winner.

In April the 12 monthly winners in each of the 4 divisions bowl a pins-over-average tournament, "essentially bowling against themselves." Of 3 games, the best pins-over-average score determines the House Champions in male and female sections. Champs go to Washington, D.C. on Memorial Day weekend, all expenses paid "on the house."

Approximately 454 bowlers from 227 Brunswick-operated Centers in the United States and Canada will bowl in the international tournament this year. The contestants will stay at the Shoreham Americana Hotel in Washington, D.C. The Rolloff will be at Brunswick-River Bowl Lanes, a 48-lane in Bethesda, Md.

The man and the woman who bowl the most pins over average in a single game each win a 4 1/2 foot high trophy and a trip to Europe for one week, all expenses paid for two.

Goodwin, who has managed the Niles Bowl Center for almost 3 years, said his House Champion in Baden Bowl, Pa., which he managed before coming to Niles, still holds the record of 91 pins over average. "Dee Hewar, a petite housewife from Ambridge, Pa.," chuckled Jim, "rolled a 243 game over her average of 152."

Jim, who says business and the reputation of the bowling center have increased since he became manager 3 years ago, maintains that the growth of business in bowling continues. "Last year there were 65 million people in America who bowled at least one time during a calendar year."

One might say that Jim entered the field of bowling through his stomach. A school teacher from Wheaton in former years, Jim had been working on his master's degree at Temple University, Philadelphia, in 1969. A shortage of funds forced him back to the Chicago area to look for a teaching job.

"I ate in the Brunswick cafeteria," recollected Jim, "where I became acquainted with bowling instructors who interested me in becoming a manager."

"Happy Birthday, Cubs", and others"

Cartoon by Merah, at Quon of the Soo, Niles

The Cubs celebrated their 100th birthday. Yep, the Chicago Cubs are now 100 years old — and they play like it! This year the Cubs are determined to get an early lock on last place, and then improve their position on this, their perennial resting place.

The Chicago Cubs are back at Wrigley Field, ready to do a rerun of last year's activities. This year the Cubs will grow the finest mushrooms ever because they'll be so deep in the cool, dank of the cellar that even a derrick won't be able to pull 'em out by July 4, '76. There'll be a celebration in the year 2076, at Wrigley Field, however, for that will be the time the Cubs finally make it to third place.

Next year, I understand, the Cubs will be thrown off TV and radio and will be replaced by old reruns of "Lassie" and "Hopalong Cassidy".

The first hundred years have been the hardest for the Cubs and the next hundred years will be even harder. So "Happy Birthday, Cubs" and may your fans (all six of 'em) light a candle for you. Then, maybe the Cubs could play 'nite ball at Wrigley Field by candlelight.

Is there something fishy about Queen of the Sea?

You bet there is. The other day Capt. Tex finished lettering on his window the following message: "Fresh Fish On Sale Here Every Friday". I said to Capt. Tex, "Being an editor, may I edit your sign?" "Of course," replied Tex. "In the first place, 'Fresh Fish' is unnecessary."

"Why?", asked Tex.

"Because everyone knows you sell only Fresh Fish — fresh caught, that is."

"Right," agreed Tex.

"Secondly, Tex, everyone knows your prices are right, so 'On Sale' is not needed — they're sale prices, right?"

"Correct."

"Here," I said, "is also unnecessary because where else, right?"

"Right," agreed Tex.

"Every Friday is also not needed."

"Why?", asked Tex.

"Because everyone knows Friday is a fish day, even Catholics."

"I guess so."

"So, I've eliminated your sign, right?"

"Right," agreed Tex, "but how will the public know?"

"Simple, Tex. Just run an ad in 5 Bugle Newspapers and everyone will know."

"Know what?"

"That you're - that is, you and Capt. Rick - are having a Scotch party Monday, May 3rd."

"But, what has Scotch to do with fish, Ed?"

"Because Scotch people are always 'fishing' for bargains, right, Tex?"

"Right."

"So, let the public get the details from your ad in this issue about the Scotch party, and the fun and entertainment, the prizes, etc."

Last Friday Eddie Schuett, his charming wife Betty and his mother, who, at almost 80, still drives her own car, dropped in for dinner at Queen of the Sea. Eddie, who is president of the Niles Liquor Dealers Association and owns that famous Eddie's Place next to La Venece, is a hail fellow well met.

Eddie has been around the block many times. He's been a truck driver, a United States Marine, a carpenter, a bartender, a businessman, a busman, a poet and a prince of good fellows.

Capt. Tex strummed his guitar and sang 40 old time songs, which Eddie's mother Emily joined in with, and she knew all the lyrics. She's an amazing, grand lady and it's too bad I'm not 10 years younger — but alas, she's too young for me!

Eddie's wife Betty, a lovely lady from the deep south who possesses all that old world Southern charm, which is almost now "Gone With The Wind", makes me wish I were 20 years younger. Anyway, being with charming company makes life worthwhile, even for an old scoundrel like me, and this triumvirate of nice people (myself included) helped me make it thru the night, that night.

Eddie, this staunch stalwart who owns Eddie's Place, is some kind'a guy. For an enchanting evening, take my advice ... drop into Eddie's Place of Niles. Everyone knows where it's at ... for that's where the fun is. And what else does life really offer?

Tony Lau, owner of the Chinese Kitchen, 214 Greenwood, Glenview, is celebrating his first birthday and everyone is invited. For Tony is rolling out the red carpet disguised as a dragon and there'll be firecrackers as well as champagne corks poppin' at Tony's birthday party. The Chinese Kitchen will offer birthday specials galore and at the bar all drinks will be only 80 cents, including free egg rolls. And their egg rolls are a meal unto themselves. On the back page of all 5 Bugle Newspapers are full details about this gala birthday party.

The 1972 film which won an Oscar nomination for actress Susan Tyrell's portrayal of a sherry-drinking, alcoholic floozie, also stars Jeff Bridges and Stacy Keach. Post office. . . Con't from Niles-E.Maine P.1

However, he noted, post office security is excellent. "The locks are in and everything is tightly closed," said the trustee who has made numerous attempts to investigate the building. "The projected opening dates of May 1, May 8 and May 15 change daily... we may get into June... I wish I could give you an exact time..."

"Just get ready," Marcheschi told the Board. "I may call you early some morning and ask you to pick up your mail in Lawrencewood!"

Marcheschi has been pushing for a new postal facility since 1969 due to inadequate parking and cramped conditions of the present post office at 7727 Milwaukee ave.

Federal construction of a new one-story postal branch of solid masonry at the northwest corner

of Lawrencewood at Oakton st. and Waukegan rd. began in July of 1975 and was projected for occupancy in March of '76.

The new facility is expected to service the 32,000 Niles population and its projected needs for the next 20 years. The postal building is designated as a Chicago substation altho named Niles Post Office.

Marcheschi has appealed to Niles residents for support to secure a Niles postal zip code, actually designating the facility as a Niles post office.

Niles to adopt parental responsibility law

Milwaukee Ave. under study for beautification

[By Alice M. Bobala] Milwaukee Avenue (at times referred to as the 'Unmagnificent Mile') has been set under a comprehensive study plan of beautification by a Des Plaines engineering firm, said Village Manager Kenneth Scheel during the April 27 Village Board Meeting.

The 12-month study is based on an estimated cost of \$39,582. Scheel said that \$25,000 was earmarked for the study under a \$77,000 Cook County Board grant forthcoming to Niles in July. The remaining \$14,582 will be paid by Niles.

The object of the beautification study, which provides for alternatives, calls for recommendations on land use, transportation, zoning and ordinances, parking, utilities, aesthetics and landscaping and historic preservation areas.

The village manager noted that the firm of Metcalf & Eddy, Alstot & March of Des Plaines was selected on the basis of previous engineering work on Howard st. and on a current, \$11,800 feasibility study for improvement of the Milwaukee-Dempster intersection.

Village action for beautification stemmed from a 2-year study report on Niles last February by the Morton Grove-Niles League of

Women Voters which urged that steps be taken to improve the appearance of the village.

In a related area, Trustee Ang Marcheschi asked for a moratorium on business signs until the study is completed.

Mayor Nicholas Blase objected: "If you want to destroy this town commercially, start something like that... how does a businessman otherwise indicate his location?"

Marcheschi replied, "If we're going to spend this kind of money to clean up our front door, we should take steps toward control until completion of the study."

Blase agreed to appoint a committee to include Building and Zoning Director Joe Salerno to study the feasibility of a moratorium on signs.

In second action the village attorney was directed to draw up a resolution for the May 11 Board meeting, designating parental responsibility for vandalism.

Previously noting that vandalism has become a major source of crime in city and suburbs, Mayor Blase had requested trustees to consider a Niles ordinance such as the one adopted by Deerfield. Briefly, explained Blase, in the case of a youth under 18 who commits an act of vandalism for the second time, the parents can be cited and held responsible for

the vandalism, brought to court and fined \$50 to \$500, generally in the form of restitution.

The Deerfield ordinance established in 1974 has been successful in attaining its goal of deterring vandalism said Blase.

In other action trustees unanimously approved a rezoning from R1 (residential) to B2 (business) by Tam O'Shanter Racquet Club for construction of a 5-court addition to the existing indoor tennis facility at 7847 Caldwell ave.

A main issue of parking was apparently resolved after determination was made of 7 1/2 parking spaces per each court.

Also, noted Neil Stenhot as operator of the Tam courts, the problem of Oakton Community College students parking on Tam property was resolved. "It was the recommendation of Niles Police Lt. Terpinas that we catch a student parking his car illegally on our lot. Last week we caught one," he said, and deferred the complaint to the college.

RED is expected to go into operation at the Niles station on Aug. 1. An automatic response plan can be implemented as soon as adequate mapping, street and location references and assignment cards are prepared. Niles Fire Station No. 2 was chosen as the interim facility since they have the communications equipment and personnel to start the automatic aid dispatching system for the five-agency area.

Village Manager Scheel also felt that future programs would include cross training of personnel, centralized purchasing and non-duplication of equipment. He said this union of effort would be an asset in getting federal aid and intergovernmental aid.

8 fire stations would be controlled under this system and all

five fire chiefs would be involved in the policy making, but the chief of the local department would have jurisdiction. Chief Al Hoelbl of Niles would do the day to day operations and once a month, there would be a meeting of the chiefs to discuss the progress of the system. The chiefs involved besides Niles Chief Hoelbl are Chief Fred Huscher of Morton Grove, Chief Ken Wood of Glenview, Chief Dale Moore of North Maine District and Chief Richard Biefuss of the Glenbrook District.

RED will receive all emergency calls and dispatch and control the movement of all fire apparatus. It will function in essentially the same manner as the fire alarm office in a large city. Dispatch assignments will be prearranged based on the response of the closest apparatus without regard for the jurisdictional boundaries. Whenever the apparatus due to respond is unavailable, RED will then dispatch the closest available apparatus to the emergency.

In effect, each fire department unit will have its own response district. When any unit is on call, its district is automatically covered by another unit or units. If an alarm leaves a large area unprotected, RED will relocate other units to provide better coverage of the entire service area. This not only includes fire apparatus, but also the services of the ambulance and paramedics squads.

The principal benefits of this central communication system will be more effective service to the residents and businesses of the communities and more effective use of existing manpower, equipment and training facilities.

Mr. Catino of 7800 Milwaukee ave., Niles, for construction of 5 single family homes at Capri Lane and Central Avenue in Morton Grove. He will, however, be required to furnish Engineer George Holt with drainage plans. The board gave their final approval to Mr. Catino after they saw that his site plan had been approved by the Planning and Building Commission, and was signed by the proper authorities.

Chief Glauner noted our request for funds for a Crime Prevention Program were approved by Cook County and now needed final approval at this time. Chief Glauner also said he wished to commend Jack Wendell on the fine presentations he has been making to local schools on bicycle safety. John Hilkin then moved to have a letter sent to Mr. Wendell expressing the board's appreciation and urging him to continue his good work. The board passed this motion.

George Holt, Village Engineer, noted the Dempster st. bridge over Edens is going to be resurfaced.

Fred McClory said a request was received from the American Legion for permission to hold their carnival on the Cook Electric property on July 14-16. The board granted this request. Approval was also given to the Bicentennial Committee which asked for a parade permit for May 30 from 1:30 to 2:45 p.m.

John Hilkin said the next blood drawing would be held on May 6 at the Julia Molloy School from 5 to 8 p.m. and "we need a good showing in order to meet our quota."

Hilkin then reported the Feb., 1976, MFT receipts were \$21,182.77.

Jerome Scaturro of 5831 Carol told the board there was a problem with rats near his home and asked that something be done.

FROM THE LEFT HAND. . .

President Bill Gurolnick. His historical perspective concerning the caucus in the district should be must reading for interested residents in this school district.

Diane Miller reports this week on the joint efforts of neighboring fire departments sharing communications with one another. Village Manager Ken Scheel, who was the mover behind the plan, indicated the getting together of the different departments was no easy task. He implied each department's autonomy is jealously-guarded which makes any joint project extremely difficult to create.

While lolling behind this typewriter, we've often asked aloud why all public departments could not join together and work under one regional head? Certainly, the expensive duplication of equipment has been very costly to taxpayers. Joining together fire, police and public works departments would seem to be economically more feasible. And certainly efficiency and know-how should expand with a combined larger force.

There is not one head of any department who would be enamored with such an idea. Each guy has his own little fiefdom, and it's likely he would resist mightily any such undertaking. It would certainly be in the public interest, but reducing the local power structure in anathema to local forces which now run their local shows.

In Morton Grove the community is desperately in need of a village manager government which is accountable to the voters. And even in Niles, the village manager should have authority invested in him by the voters rather than by the whims of public officials. But just like the joint plan for combining public services forces in neighboring towns, the public interest takes second place to the guys who want to keep their little niche of power.

Honesty. . . Con't from Niles-E.Maine P.1

brecht theorizes that the losers figure the package was lost elsewhere and "don't even bother to call" the Public Works office.

"Generally, however," said the Public Works employee, "people will call the Administration Building or Public Works. In either case, we get the inquiry."

If the call is made quickly, "it's a good chance the article can be returned."

The most expensive item lost on the bus was a gold watch which was found after the owner made inquiry. "That posed a problem," said Albrecht, who

noted the watch had been found later, pushed deep into a crevice between the seats. With no record of the caller's name, the Assistant Director asked for help from The Bugle with a front page paragraph asking the owner of the watch to call. He did, and the watch was returned.

A very grateful Mrs. Anderstadt said she has made several attempts to visit and to telephone David's home. "I would very much like to offer him a reward," said the 15-year resident of Niles, who has three children of her own, one of whom is David's age.
