Ambassadors for human dignity

One of the most inspiring sights seen in a long time was field on Sunday, May 2 after a "Respect Life Mass" with honor guards from Formarty's 4th degree Knights of Columbus, followed by a Catholic demonstration for human dignity and respect for all forms of life at St. John Brebeuf church mall.

The sponsors were the North American Martyrs Knights of Columbus and St. John Brebeuf Pro-Life Group in Niles.

An American flag flown over the U.S. Capitol on April 20 was presented by Grand Knight Kenneth Piasecki of the K.C. to Mr. John Breen, Scout Representative of Troop 275. The American and

Bicentennial flags were raised at the boy scouts and students of the church school led others in the Pledge of Allegiance. One of the high honors was when over 200 color balloons inscribed, "Respect Life," were released sending a message of respect and understanding of human dignity. In this atomic age we all face a tremendous challenge. We all must use our God given talents for the benefit and respect of the aged, poor, sick, troubled and the handicapped.

Recent events in our country have demonstrated a growing disregard for the sanctity of all life.

Crossing guard struck at Ballard and Cumberland

(By Alice M. Bobala)
An auto accident at Ballard rd. and Cumberland Friday, May 6, which caused the hospitalization of a school crossing guard may kindle the wrath of nearby residents and parents of children who attend the 400-pupil elementary Ballard School northeast of the intersection, at 8320 Ballard rd., who have repeatedly requested traffic control signals instead of stop signs at the school crossing.

Mrs. Arlene Kinowski, a crossing guard of the Niles Police Dept. for 8 years, was taken to Lutheran General Hospital early Friday morning with a fractured pelvis and facial injuries after she was allegedly struck by a Chicago

motorist who said he did not see the guard and apparently failed to see the stop sign.

Police said a 1973 Mercury driven by Curtis Johnson, 25, of 1616 S. Drake, was westbound on Ballard rd. approaching Cumberland at 8:25 a.m. on Friday.

According to police the car went thru the stop sign at the intersection, allegedly striking the crossing guard, who was standing in the east crosswalk of the intersection for the safety of school children en route to Ballard School.

The driver of the car, on his way to work at the Ballard Park Estates, 9008 Ballard rd., said he was looking to the south as he approached the intersection and did not see the crossing guard at the 4-way stop area.

Johnson was charged with failure to yield, disobeying a police officer and disobeying a stop sign. His court date was set for 9:30 a.m. on May 20.

A hospital spokesman at Lutheran General listed the crossing guard as being "in good condition" on Friday. Mrs. Kinowski reportedly suffered a broken pelvis and a cut over her eye. No indication was given for the length of hospital stay.

Numerous traffic surveys have been taken in the area to substantiate repeated requests by area residents for traffic control lights.

A March, 1973, survey by Niles police indicated a total of 750 cars using the intersection, "not enough to warrant a light".

A Ballard PTA survey in Sept. of 1974 set traffic at 6,922 cars

during a nine-hour school day, with 1,114 pedestrians using the crossing. The count was taken after "a motorist made the mistake of almost running down a room mother ... she became angry and began directing PTA efforts toward a traffic light", said a school parent.

PTA Safety Chairman at that time Mrs. Lisa Totzke had set her sights for installation of traffic signals by June 1, 1975. She said necessary papers and the survey had been filed with the Dept. of Highways, Dept. of Transportation and the State Engineering Dept. in Des Plaines, but "to absolutely no avail".

"They chose to ignore us," said Mrs. Totzke Friday night, following the morning incident. "We telephoned (officials) several times after turning in all the paperwork but were told they were 'too busy' or that they were 'not in' at the time of our calls."

She said people using the intersection regularly do observe traffic rules. "But others during the day drive fast." At one time she clocked a white sports car traveling around 60 m.p.h. she said. "90% of the young people drive at excessive speeds here."

The Safety Chairman of the Ballard PTA notified Mayor Nicholas Blase of the incident she said. The mayor indicated that his representative would attend a Ballard PTA Board meeting set for Monday night, May 10.

Norwood Federal opens third facility

Being first with anything is an experience few of us ever have, but for Walter Grud (second from right), a Park Ridge resident, it was all in the day's activity when he became the first customer to use Norwood Federal Savings' new branch office at Oakton and Northwest Highway.

Greeting Mr. Grud are (second from left) Donald Babicz, Executive Vice President, and Michael Cannone (right), Branch Manager.

More important to Mr. Grud was the quick and cheerful service he received from Teller Gretchen Finley, who was carefully selected for the Park Ridge branch because of her competence and warm personality.

A full-service office, Norwood Federal's Park Ridge facility offers ample parking and six teller stations for fast service.

The office represents the third Norwood Federal location, and complements the main office at 5813 N. Milwaukee, and the Edgebrook branch at 5415 W. Devon, both in Chicago.

Centel reports increase in quarterly earnings

Central Telephone & Utilities Corporation, the parent organization of Central Telephone Company of Illinois, reported preliminary earnings which were higher for the quarter and 12 months ended March 31.

Primary earnings for the first quarter were 61 cents per average common share (preliminary) compared with 58 cents a year ago. The 1975 quarter included earnings equal to 15 cents a share from gas operations since sold. Net operating income increased 17.3% to \$21.9 million on operating revenues of \$99.7 million, up 16.1%.

For the latest 12 months, primary earnings were \$2.13 per average common share versus \$2.13 in the corresponding 1975 period. Net operating income rose 14.0% to \$85.4 million on revenues of \$383.9 million, up 15.8%. Strong demand and favorable rate decisions were significant

factors in the first quarter's earnings improvement, said Robert P. Reuss, president and chief executive officer. He noted that earnings growth was sustained despite the loss of gas operating earnings.

Primary earnings from continuing operations were 61 cents per average common share compared with the year ago's 43 cents.

The Centel System's telephone growth rate rose to 6.8% for the latest 12 months, with three times as many telephones added in the first quarter of this year as in the 1975 quarter. Long distance calling volumes were up 10.6%.

CTU companies received \$11.7 million in telephone and electric rate increases during the quarter. An additional \$4.9 million in revenue is pending in telephone and electric rate increase requests.

Record growth continues at 1st National of Morton Grove

The First National Bank of Morton Grove continued to set new records in key categories during the first quarter of 1976, reported bank president Marvin von Aswege.

As of March 31, total assets reached an all-time high of \$74,478,000, topping the previous high recorded last Dec. 31 by \$2,463,000.

That figure also represents an increase of \$8,654,789 in total assets over the past 12 months, Von Aswege noted.

Total deposits on March 31 were a record \$68,668,000, an increase of \$1,904,000 over the Dec. 31 figure. Deposits are up \$6,745,000 during the past 12 months.

"The key to our growth is the steady influx of deposits into savings and checking accounts,"

said Von Aswege. "This is indicative of continuing trust in our bank by both consumer and commercial customers."

"In addition, this growth reflects how receptive the community is to our ongoing efforts to provide new and improved banking services and conveniences," he added.

Centel employees give "Gift of Life"

Giving the Gift of Life... Central Telephone Company employees recently participated in a SureBlood drive held in cooperation with the North Suburban Blood Center in Northbrook. Centel achieved its initial goal of 10 per cent employee participation and will hold another drive in the Fall to reach an annual goal of 20 per cent participation.

For a few cents a day, you can talk as well as whistle while you work.

I'd be in the middle of something at the workbench and the phone would start ringing. Way out in the kitchen. So finally I wised up and got an extension phone right here. Look, I've got a small fortune in tools. What's a few cents a day so I can enjoy them a little more?

Wherever you spend a lot of your time, you need an extension phone. Call your Centel business office to order the phones you need. Why run all over the house?

Wilson students perform in 'Music Man'

Fourth, fifth, and sixth grade students at the Woodrow Wilson School, 8257 Harrison st., Niles, are taking a "grass roots" approach to celebrating the Bi- centennial in their upcoming production of 'The Music Man'.

The production combines these talented children with two excit- ing elements — the theatrical flares of bright, authentic cos- tumes; dramatic scenery, effec- tive lighting, and hand-clapping, foot-stomping musical numbers with a traditional look at a small Iowan town in the early 1900's.

While enjoying the hard work involved in presenting a major show, these Wilson students have learned about the cooperation and determination which helped to mold our country through the dedication of teachers, parents, and members of the community aiding with all facets of the theatre.

Come and enjoy the musical favorites which make this play a classic: "Gary, Indiana," "Ya Got Trouble," "Marion the Li- brarian," "Till There Was You", and of course, "76 Trombones".

Members of Wilson's Instru- mental Music Program and an ensemble from Maine North High School join Marc Alberts (Harold Hill), Laurie Rosenstein (Marion Paroo), Siegfried Schmalz (Win- throp), Barbara Robinson (Mrs. Paroo), Howie Granat (Marcellus) and fifty other children in making this a performance you won't want to miss.

Performances will be held at Apollo Jr. High's Galaxie Theatre (10100 Dee rd., Des Plaines) on Wednesday, May 19, at 7:30 p.m., Friday, May 21, at 7:30 p.m. and on Saturday, May 22, at 2 p.m.

Join Harold Hill by getting your foot caught in the door and partake in this fun-loving musi- cal!

Golf Maine Park District annexation vote

Dear Editor:

All too often people may polarize about an issue before having adequate information. Recently a representative of a home owners group became quite an activist about the forthcoming Golf Maine Park District vote, to decide whether areas North of Golf rd. would be annexed to the Park District. He wrote to Commonwealth Edison, he contacted the newspapers, threatened in- junctions and after all of this contacted the District only to find that the little area he represented was not and never had been included in the annexation. I would like to give the public all the facts so that if there is to be polarization everyone will have accurate information.

Beierwaltes receives scholarship

Mark Beierwaltes, a senior at Notre Dame High School in Niles, has received a Loyola Business Scholarship to Loyola University in Chicago. Each year just three entering freshmen are honored with a four year full tuition scholarship to the School of Business. The applicants must be in the top ten per cent of their high school class. They are considered on their past academic performance and on their involve- ment in their school and com- munity. Financial need is not a criterion. Last year he received the Rensselaer Medal from the Rensselaer Polytechnic Institute in Troy, New York, for excellence in mathematics and science. He was also inducted into the Na- tional Honor Society as a junior.

This year he was one of twenty seniors who were selected for membership into The Society of Distinguished American High School Students. He is the son of Mr. and Mrs. Andrew Beier- waltes of 7673 Grennan Place in Niles.

ED HANSON

Tossing Darts, Frisbees and friendly berbs ...

Booming all over this country, in taverns, is the old game of Darts. Darts started in merry old England in the days when Knights were bold and fair maidens were glad of it. It seems originally knights threw battle axes at tree trunks that had a carved out target. But their wives objected to the term "battle axes". So, the game of Darts then replaced the "battle axes" and came into the English and Irish pubs, and it's still very popular there today.

And today, for example, at Sullivan's popular spa in Niles, on Milwaukee ave. just north of Ballard, this ancient game is played by the old and young alike. In fact, Sullivan's now features tournaments weekly with prizes for the most skillful. Yes, while luck plays a hand in all games, Darts is primarily a game of skill and the better player will beat the poorer player practically all the time.

Women can also be very proficient at the game of Darts, as no great strength, brains or endurance is required. Several women compete with men in some of the tournaments at Sullivan's. Sullivan's now has two Dart boards and it's as interesting a game to watch as it is to play. In fact, Darts at Sullivan's has replaced watching the Cubs on TV. More people are now playing and watching Darts than they do the Cubs. So, the next time you're thirsty, drop into Sullivan's and have a jolly game of Darts, or watch the players (the Darts players - not the Cubs) and you'll always come away 'happy'.

Another thing worth tossing, and this is really fun, is a Frisbee into the air. At Booby's, 8161 Milwaukee, for only 79 cents you can get a 20 ounce glass of Coca Cola and a Whammo Frisbee for free. Pretty, petite Sally Friedman, the owner, who works 20 hours a day, 7 days a week, made this Whammo Frisbee offer recently in the pages of 5 Eagle Newspapers. When that staunch group of village stalwarts, headed by the Honorable Nicholas B. Blase, pretty Peter Pesole, Doc, Sid (who may get the Handicapper's of the Year award from Dave Feldman of the Daily News), Matty Pokuta, owner of Niles' most posh nite spot, "The Landmark"; and other patriots of the All American Village of Niles heard about this offer, they immediately switched from their morning coffee to Coca Cola.

Armed with a supply of Booby's Frisbees you can find this good group in a nearby park, every Sunday (after church, of course), tossing Frisbees into the air. And, in any game of sport, active competition soon separates the men from the boys. Nick Blase, who, in addition to being the best Mayor Niles ever had and probably will have, is also a natural athlete. And he keeps in top shape by frequently working out at the "Y". Nick got the best distance with his first Frisbee toss and it is rumored that his third toss sent the disc so far it wound up on the top of the Upstairs Lounge of the Dolphin Motel. Pretty Pete Pesole, who prides himself on having been a great basketball and baseball player in his youth was naturally, and quite understandably envious of Nick's Frisbee prowess. Matty Pokuta placed third in the Frisbee distance competition, but when interviewed alibied, "I didn't have my usual breakfast which Lorrise serves me consisting of 6 eggs, 2 steaks and 4 pounds of Polish sausage — so I wasn't at full strength."

Rumor has it that this good group plans to form teams and have Frisbee Tournaments on Sundays during the summer months and is negotiating to rent the Notre Dame Stadium (at their own expense) with free admission to all senior citizens and registered Democrats.

Sally Friedman, owner of Booby's and charming mother of four children, will of course have the food concession so that the public, while watching the village Frisbee games, can munch on those delicious BBQ ribs, pit chicken, Italian beef and sausage sandwiches, giant hamburgers and many more goodies Booby's has become famous for.

Meanwhile, if you're hungry, Booby's is the place to be for the food is excellent, the prices right. And if you drop into Booby's early in the morning, you can hear the village stalwarts discuss Frisbee tossing strategy such as the Frisbee incurve, outcurve, drop, and of course pretty Pete Pesole's "double-shoot" which causes the Frisbee disc to land and then take off again. The whole group, including Nick, is somewhat envious and baffled by this new Frisbee toss, the "double-shoot", which pretty Pete has developed.

I'm leaving for California with Dashing Don, owner of the Golden Fleece Beauty and Barber Salon, 1416 Oakton, Des Plaines. It seems Warren Beatty wants to make an x-rated sequel to Shampoo and wants to consult Dashing Don about what 'nice' parts of the flick to 'cut'. Also Beatty is losing his hair which, if you are astute, you can understand why.

See you week after next, unless I go 'Hollywood'.

Mikva staffers available to assist senior citizens

Senior citizen groups interested in obtaining information on Social Security, Medicare, Medicaid and housing for the elderly are invited to contact Congressman Abner J. Mikva.

Two members of the Mikva staff, Gail Nebgen and Louise White, specialize in senior citizen resources and are available to speak to groups and clubs or at senior citizen centers throughout the Tenth Congressional District, which includes Evanston, Maine, New Trier, Niles and Northfield Townships.

In addition to speaking on senior citizen topics, Mrs. Nebgen and Mrs. White will also be able to assist individual senior citizens with particular problems they may be having in dealing with federal agencies or concerning benefits.

More information on this program is available by contacting Ilene Grossman at Congressman Mikva's office, 4016 Church st., Skokie, 60076, 676-1350.

Congressman Mikva has initiated this new program to supplement regular office hours at his three Illinois offices and the

visits by his staff members each Saturday morning at post offices throughout the district.

"Sometimes it is difficult to inform senior citizens that our offices are open to serve them, so I have asked my staff specialists to make themselves available to address senior citizen groups that would like information or assistance," Mikva said.

"The complexity of many of the programs often confuses those people that the programs were designed to help. By making my staff as accessible as possible to the senior citizens, I hope we will be able to answer many of the questions, and cut through the confusion," the Congressman concluded.

Burton, Mikva to address 10th District Demos

U.S. Congressmen Abner J. Mikva and Phillip Burton will be the guest speakers at the annual Spring Luncheon of the Democratic Women-Tenth Congressional District to be held on May 15th at the Fireside Restaurant in Morton Grove.

Congressman Burton (D-San Francisco) is Chairman of the Democratic Caucus and is considered one of the House's leading experts in legislation for the poor, elderly, disabled; in laws governing Social Security, Workmen's Compensation, minimum wage, public assistance and welfare. He has long been active in the struggle to secure and protect civil rights and civil liberties. Burton is considered the possible successor to Cong. Carl Albert as Speaker of the House upon Albert's retirement.

Discussion on effects of smoking

A special talk on the health effects of smoking and a film on how non-smokers can deal with smokers will be featured during a meeting at the Leaning Tower Senior Adult Center, 6300 W. Touhy, Niles on Monday, May 24, at 11 a.m.

Featured as the speaker that day will be Charlene Entman, a health education consultant from Chicago Lung Association, the Christmas Seal agency. Program chairman is Shirley Spears of the Senior Adults.

In her talk to the group, Mrs. Entman will explain why smoking is harmful to health and frequently results in crippling lung damage from diseases such as chronic bronchitis and emphysema. She will also discuss various methods which have proven helpful for people who want to kick the smoking habit.

The film, "Everything You Wanted to Know About Smoking but Were Afraid to Ask," is a humorous treatment of how a number of non-smokers deal with the problem of annoying smoke in public places.

As a health education consultant for the Christmas Seal agency, Mrs. Entman is a frequent speaker on lung health for school and community groups and helps organize smoking withdrawal clinics, health fairs and other educational projects.

Christmas Seals, special gifts and memorials provide the funds for this educational program as one means of helping to protect the lung health of all Cook County residents.

Oakton balloon race winners

Winner of the Newman Club Balloon Race Ray Betke, OCC student from Morton Grove, is congratulated by Tom Peterson, student member of the Newman Club at Oakton Community College, who presented the 10-speed bicycle donated by the Morton Grove Cyclery. Betke was owner of ticket of balloon that traveled 634 miles to Glenfield, New York, from the Oakton Community College Campus in Morton Grove on March 28. Proceeds from the sale of balloon tickets will establish a scholarship fund at Oakton.

April 15 was not only the deadline for income tax, but also the last day for returning the Great Balloon Race tags to the OCC Newman Club.

On Sunday, March 28, 1976 (OCC Community Day), the Newman Club released 1040 red, white and blue balloons, accompanied by the Niles East High School Band. Each one had a tag with instructions for its return and the chance of winning \$20 for the finder of the balloon traveling the longest distance.

The farthest tag, returned from 634 miles away, won a Glenfield, N.Y., resident \$20. The owner of the tag, Ray Betke, an Oakton Student from Niles, won a

10-speed bicycle, donated by Morton Grove Cyclery. Mr. Gene Prosser, also from Niles, won dinner for two when his tag was returned from the second farthest point 603 miles away in Adams, N.Y.

A total of 30 tags were returned from New York, Pennsylvania, Michigan, Wisconsin, Illinois and Ontario, Canada.

Dick Sheridan and Tom Peterson, Oakton students, both won dinners for two at Lawrence of Oregon and Volume II for selling the most tickets. By selling balloon tags at 50 cents each, \$500 was raised to begin an Oakton Student Scholarship Fund.

camp, the feeding, grooming and bedding down of the horses.

Evening events included: an indoor chuck wagon dinner featuring western beef and chili, corn on the cob and hot rolls which attracted long lines of anticipating diners.

An evening "Pageant of the Horse" by the Appaloosa Clubs of the Midwest followed by a spine-tingling presentation of the Lord's Prayer in Indian sign language.

A Grand Performance of intricate footwork by the beautiful Lipizzan Stallion on the racetrack;

A shivaree singing group, Old Town School of Folk Music stirred the air with a medley of Stephen Foster and Western songs.

The Arlingtines, a 100-member Barbershop Choir, gave a magnificent performance despite the cold and wet rains, singing Bicentennial songs.

Sheeting rains had scattered the crowds to the protection of sheltering roofs to watch the presentation of the bicentennial scrolls to the Illinois Wagonmaster by village officials representing local communities.

The Glenview village president was resplendent in western dress complete with a hip-holstered gun as he offered the red satin-beribboned village scroll.

Niles Village Trustee Carol Panek was among the dozen village officials to take part in presentation ceremonies.

Sorely missed was the promised performance of the University of Pennsylvania stage show, a 45-minute tribute to American traditions, heroes and everyday people, cancelled due to the heavy downpour on the outdoor stage.

Finalizing the evening activities, the Metropolitan Square Dance Club of Chicago took the focus of attention with an indoor demonstration by the costumed square dancers.

According to Minnesota Wagonmaster Keith Kreykas, wagons averaged 36 miles a day on the midwest trek to join the national bicentennial train at the Wisconsin-Illinois border May 4.

The caravan of wagons left the next day for Wheaton, Tinley Park and east across Indiana, enroute to Valley Forge.

Stoplight. . .

Can't from Niles-E.Maine P.1 capacity of crossing guards. In all likelihood they would stop to admonish youngsters in the middle of traffic.

Ballard and Cumberland was posted as a 4-way stop in the late '60's following much difficulty in obtaining the posting. The 4-way stop signs are definitely a deterrent to motorists, according to Gerhardt. Forerunner to the stop sign on Ballard rd. westbound is a child crossing symbol sign for those who can't read.

Ballard, a county road, is posted at 35 m.p.h. Under Home Rule last April village trustees reduced the speed limit to 30 m.p.h. on Cumberland from Oakton north to Church st. Ballard west of Milwaukee ave. was designated for 30 m.p.h.

State law specifically sets school areas at 20 m.p.h. where children are "physically" present, according to Gerhardt.

Results of an April, 1973, traffic survey indicated "no justification for lights" at the Ballard-Cumberland intersection, he said.

"Had the guard or one of our kids been killed," questioned Elaine de Meo, 9052 Grace st., "would a stoplight have been put up as a monument? No one seems to care. Nothing is being done to protect our children."

"What fine was imposed?" demanded Esther Schwarz, mother of 2 school children.

Existence of traffic lights in the area might not have made a difference in the Friday morning incident, Gerhardt told parents. Investigation of the driver and car, brought to the police station following the incident, indicated the car had faulty brakes; that "the driver had to pump his brakes several times."

Two subsequent traffic surveys listed a 40% increase in auto traffic and a 34% growth in pedestrian traffic in five months, between April, 1974, and Sept., 1974.

The April survey by a Des Plaines firm listed 4,499 cars and 748 pedestrians as compared with the following Sept. survey by Ballard School Safety Chairman Liza Totzke, of 6,311 autos and 1,000 pedestrians.

Illinois Department of Transportation's George Richter concurred with Niles Village Manager Ken Scheel's request in 1974 for consideration that the Ballard-Cumberland intersection be included in the County improvement programming. Richter also recommended a minor widening together with signalization when warranted and when funds were available.

Ballard School principal Walter Sietkowski said he "knew of no conclusion" at the close of the special meeting Monday night. The accident is regrettable, he said, but he considered the school crossing guard as "having controlled traffic and the kids".

It was the first people accident in years, he commented, listing a school citation, based on annual performance, received from the Chicago Motor Club for having a perfect child-safety record for the past 14 years.

Tournament. . .

Can't from Niles-E.Maine P.1 William Hughes, Niles Director of Parks & Recreation said: "The ice rink has been converted to miniature golf for the summer so it can be used on a full 12 month basis."

It will be a fun-filled outing that the entire family can enjoy. Mark your calendar, Saturday, May 15, at the Ballard Sports Complex.

Two boys were tied for third place. They both received a \$150 tuition scholarship. The boys were Tom O'Neill of St. John Brebeuf School in Niles and John Hank of St. Paul of the Cross School in Park Ridge.

Legion Baseball Tryouts

Morton Grove American Legion Post #134 Athletic Officer Ernest Jenkins announced that the tryouts for the Morton Grove American Legion baseball team will be held Sunday, May 23, and May 30, at 2 p.m., Harrer Park, Morton Grove.

Of last year's championship team, eight players are returning, thus the team needs 10 more players to fill its roster.

The team this year will be managed by Rich Pildes who has coached Legion teams in past years and is employed as Coach of the Sullivan High School baseball team. High school boys interested should come out on either date or if more information is desired, call Manager Pildes at 764-5352.

Last year's coach who helped guide the youngsters to victory, Bob Orahon, is returning this year. Mr. Orahon has devoted a lot of time to both the Legion and Little League youngsters over the years.

(By Alice M. Bobula)
Latest date to be announced for the opening of the new post office in the Lawrencewood Shopping Center, according to Niles Trustee Ang Marcheschi at the Tuesday night board meeting, is May 22 — which is a Saturday, and everyone knows the post office closes at noon.

Still no word of official ceremonies . . . "as far as I know," president pro tem Marcheschi told village board members, "they're going to put up a sign on the door which simply says 'Open'."

In other business: petition by Bernard T. Lill for rezoning to B2, Business Service, for construction of a Pizza Hut at 9050 Milwaukee ave. was continued to the May 25 board meeting by reason the petitioners had not resolved negotiations. The Zoning Board of

Commissioners recommended approval May 5 of the rezoning petition.

Trustees continued to the next board meeting petition by Marin, Joseph and Lea Verre for annexation of 2 lots at 3204 Maynard rd., for lack of annexation plats of survey.

Trustees unanimously adopted a Parental Responsibility Law setting liability by parent or guardian of damages for willful and malicious acts by "minor" children between the ages of 11 and 19. Reimbursement includes court costs, fees, attorney costs and fees, etc., up to \$500.

Trustee Carol Panek told board members that scrolls with 1,377 signatures of Niles residents were presented to the Illinois wagonmaster at the May 5 Bicentennial Ceremonies at Ar-
