If you graduated grammar school during the 30's, Memorial Day has to have a special meaning for you.

In the O'Keefe class of '39 there were 15 boys who escaped the terrors of Mrs. Noehring by moving up to Hyde Park High School. It was a talented group of boys who in later years wore the titles of the Dean of The School of Criminology at The University of California, President of the Clinton Watch Company, Managing Editor of Newsweek magazine and a professor at MIT. And the smartest guy in the grammar school class became our high school valedictorian, an emsign at 18 years old, and by now may be a very important man in the fields of science or engineering. In a sense, those were the winners.

There was another youngster in the class, Bobby Feldman, a roly poly little guy, who periodically received a shaking down by Mrs. Noehring because he couldn't master the very elementary bits of algebra Mrs. N. was trying to drum into our heads. She knew Bob was a bright boy and she was more frustrated than he was when he failed to master his lesson. But when it came to history, this fantastic teacher would just sit back and smile as Bobby would dominate the period rattling off the many facts and figures he had. He, too, was destined for bigger things.

I don't believe anyone is really a loser, but still, Bobby would fit the definition if there was such an animal. While we grunted and argued through wonderful hours of football in the autumn, Bobby would be pushing a baby buggy and viewing our histrionics from behind the playground iron-barred fence. And in high school, we all joined some foolish, snobbish fraternities and promptly blackballed Bobby when he sought membership. I was bitter about his being.

**Indians 5, Red Sox 4**  
The Red Sox took an early 2 run lead on a tape measure home run by Mike Fritze. The Indians responded with a 5 run 2nd inning sparked by Scot Christiansen's 2 run double. A home run by Dan Arndt of the Red Sox narrowed the gap. However, the game was halted by darkness after 4 innings of play. The Indians' fine center fielder, Bobby Gattuso, continued his hitting spree by going 3 for 3. He leads the team in hitting with a .667 batting average.

**Giants 11, Dodgers 4**  
Mike Composono led the hitting attack for the Giants with 3 hits including 2 home runs. Paul Leddy also hit a homer and pitched 2 scoreless innings.

**Tigers 15, Red Sox 9**  
Excellent pitching performance and fine hitting by Mike Fritze of the Red Sox kept them in the game. Overall good hitting by the Tigers and good pitching by Scott Kennitz led the Tigers to a win. Chris Krubert of the Tigers had 3 hits while Mike Fritze contributed a bases-loaded homer to the losing effort of the Red Sox.

**White Sox 13, Twins 13**  
Just like Wrigley Field: windy, cold and balls flying everywhere! But in the end the hitting of Debellis & Busiel of the Sox and clutch hits by Baechiere and Samelak of the Twins made it an interesting game. Busiel had 4 hits including a grand slam and Samelak had 4 RBIs.

**Dodgers 12, Angels 3**  
Jeff Tarlow hit a grand slam home run in an exciting game that saw the Dodgers defeat the Angels 12-3.

**Indians 12, Giants 7**  
The undefeated leaders of each division met and provided their fans with an exciting game. The Indians jumped off to a quick 8-3 lead. The 5 run gap was maintained throughout the game thanks in great part to the fine defensive outfield play by Fred Beyer and Gary Weil. The Indians' offensive spark was Jerome Kaplan with his 4 RBIs on 3 hits, which raised his batting average to .428. The Giants tallied in each of the first 4 innings on the hitting of Paul Leddy, David Berliner and a triple by Mark Gawronski. The fine pitching of Paul Leddy and Vince Basso shut out the Indians for the last 2 innings. However, the Giants also failed to get on the scoreboard because of another fine relief pitching effort by Callaroe.

**May 14**  
**Dodgers 7, Red Legs 3**  
Dodgers won behind superb pitching of Bill Goss and Dan Redig allowing only 2 walks.

**May 17**  
**Pirates 12, Red Legs 6**  
Fine pitching by Bellazzini, Zangara and Richter and good hitting by the entire Pirate Team. It was a total team effort not only at the plate but also on the field.

**May 18**  
**Cardinals 7, Dodgers 1**  
Excellent pitching by Eric Aniolowski and Ken Reeve limited Dodgers to one run. A 5 run third inning with 5 hits and a walk was decisive. B. Carbonara had a 2 run H.R. to account for last 2 runs. Kevin Croke had 3 hits and K. Reeve and B. Carbonara 2 each.

**May 19**  
**Cubs 3, Pirates 2**  
Tremendous game played by the Cubs. A hitless game till the 4th. Hitters were Mike Overbeck 3 for 2, Jim Borowski, Tom Gianos, Dave Henson and Mark Englund. Super catch by Jeff Switall in center field.

## Maine North varsity football coach

Daniel Bianucci of Maine North high school's Physical Education staff has been appointed head varsity football coach for the Norsemen. Bianucci will be replacing Mr. Lou Gartner who resigned his varsity post last month.

Dr. Richard R. Short, Superintendent of Maine Township District 207 high schools, announced Bianucci's appointment to the varsity position this week.

"Mr. Bianucci has an excellent background of experience in all phases of the sports field which makes him exceptionally well qualified for this new position as head varsity football coach of the Norsemen," Dr. Short said.

Bianucci came to the Maine Township District 207 in 1969 and

was a member of the Maine West high school physical education staff. At Maine West he served as the head sophomore football coach and sophomore wrestling coach for one year before his appointment to Maine North in 1970. He also coached football, track, and wrestling for two years at Palatine high school.

As a member of the Maine North physical education staff, he has coached varsity football for six years. He has been the Norsemen's defensive coordinator for the last four years.

Karen, a sophomore, & Norm, a junior, have been playing tennis since they were in second grade. They know what winning is all about. They play hard, and they're good.

Karen played varsity singles when only a freshman. She was also this season's Most Valuable Player.

Last year Norm finished the season with an 18-4 singles record, and this year is one of Coach Art Belmonte's leading players.

Karen is currently enrolled in Russian, English, advanced math and biology. In addition to this Karen is competing in girls' track and field.

Norm also plays basketball, but this season he was out for injuries. He is in accelerated Russian IV, advanced mathematics, physics, and accelerated English, and also accelerated history.

## Messiah Lutheran Brotherhood presents check

Shown above (l-r): Pastor Robert Awes, Lakeview Lutheran Church, Mr. Edward Bowman, Messiah Lutheran Brotherhood Treasurer, Mr. William Grant, Vice President, Lakeview Lutheran Church, Dr. Harry Trestrahl, Messiah Lutheran Brotherhood.

The Messiah Lutheran Church Brotherhood, 1605 Vernon ave., Park Ridge, presented a check for \$850 to Lakeview Lutheran Church, an inner city congregation located on the north side of Chicago. The money is to be used for emergency food to be distributed by the congregation to families with immediate needs which cannot be met through welfare agencies.

The Brotherhood of Messiah Lutheran Church, Charles Johnson, President, has traditionally conducted a "Tons of Food" drive each spring and the food and money received from this annual drive has gone to a church or agency involved in meeting such needs on the part of the

people of the area. Community Lutheran Church and the Lutheran Family Mission, both located on the west side of the Chicago Loop, have been recipients in past years. Lakeview Lutheran, located in a neighborhood of low income, Hispanic, black and white families, was chosen as the recipient for this year.

Dr. Harry Trestrahl, Park Ridge, and Mr. Edward Bowman, Niles, made the presentation on behalf of the Brotherhood to Pastor Robert Awes of Lakeview Lutheran and Mr. William Grant, vice president of the Lakeview congregation.

**Library thanks Crafts Fair participants**

Dear Editor:  
The Heritage Crafts Fair ended over two weeks ago at the Morton Grove Public Library, but as the song says, "the memory lingers on." The most persistent memory is of the many people whose contributions of time and displays made the Fair the great success it was. The Library would like to take this opportunity to thank all of those who took part and/or loaned their own collectors' items which transformed the meeting room into a crafts museum. Special thanks go to Ila Nuccio who planned and organized the Fair, contacted all of those who were involved, arranged the displays and whose creative talents made the event such a joy to the many who attended, and to those who took part in it.

# Arts and Crafts Fair at Oakton over Memorial weekend

Oakton Community College will host over 125 artists and craftsmen at the annual Starving Artists' Arts and Crafts Fair on Saturday and Sunday, May 29 and 30, on the Interim Campus at Oakton and Nagle in Morton Grove between 11 a.m. and 5 p.m.

The popular annual event makes it possible for the public to purchase quality art and crafts items at reasonable prices. Nothing is priced over \$25.

The Starving Artists' Fair is also popular with artists. So many artists were eager to exhibit in this year's Fair that new entrants were asked to submit their work to a panel of professional artists before being accepted to exhibit, according to Jay Wollin, chairman of the Oakton planning committee.

A special effort has been made to invite applications from artists who are not from the Chicago area so that the Starving Artists' Fair will feature work not often seen in the Chicago area, Wollin said. Thirty-three of the artists in this year's Fair are from out-of-state, one coming from Massachusetts.

Wollin said that a complete range of arts and crafts will be available in the under \$25 price range, including such media as jewelry, macrame, weavings, batik, photography, portrait artists, puppets, clock collages, stained and cut glass, wood carvings, both wood and metal sculpture, paintings in oil, watercolor, acrylics and pastels, silk screen, etching, wood cuts and litho-

## Campus Ministry activities

When the college crowd is out for the summer, what is there to do? Campus Ministry has many things to offer. There are social, social service, spiritual and educational programs and activities in the area. Besides young adult contemporary liturgies, there are picnics, parties, road rallies, movies, plays, discussions, sing-a-longs, gym activities, bowling, etc.

Do you play a musical instrument or like to sing? There's a group of young people who

graphs. "And much, much more," he added.

Many of the artists participating in the Fair have lowered the regular prices for their work to fit in the price range of the Fair while others are creating special pieces, he said.

Even the children will have a separate Starving Artist Fair of their own, where they will have an opportunity to choose and purchase original works of art, all priced under \$3.

In addition, there will be a separate Art Workshop for children, where they may create art on their own under the supervision of a trained person.

Wollin noted that this is the only Starving Artist type of arts and crafts fair held in the Chicago area.

A free drawing will be held Sunday at 5 for a number of fine art pieces. Tickets will be available at the Fair information booth. Winners need not be present.

The public is welcome. Ample parking will be available.

# Charismatic Renewal in the Catholic Church

30,000 Charismatics from the United States and Canada will gather at Notre Dame, Ind., May 28-30 for the 1976 Continental Conference on the Charismatic Renewal in the Catholic Church, with opening services on Friday, May 28, 7:30 p.m., with a session of Worship & Music in the Notre Dame Stadium that will be attended by many members from this community along with their Spiritual Directors, Prayer group leaders, and prayer group members.

A distinctive feature of this conference will be the variety of speakers starting with the evening address by Archbishop Joseph L. Bernardin of Cincinnati, President of the National Conference of Catholic Bishops.

Famous Charismatic authors will be highlighted as speakers, among them are: Rev. Michael Scanlan, president of Steubenville College (Ohio), and Chairman of the Catholic Charismatic Renewal Service Committee (sponsors of this conference), and author of Inner Healing and Power in Penance.

Lutheran Pastor Larry Christenson, author of The Christian Family and A Charismatic Approach to Social Action will come from San Pedro Calif. Rev. Michael Harper, author of Spir-

tual Warfare, Power for the Body of Christ and a New Way of Living will come from his Anglican Parish in London, England.

Internationally known laymen who will address the conference will be Ralph Martin, coordinator of the Word of God Community, and soon to take up residency in Brussels, Belgium with Cardinal Suenens, and former editor of the New Covenant Magazine, Ann Arbor, Mich.; Jim Ferrys of New Jersey's House of Prayer Experience (H.O.P.E.); and Gabriel Meyers, a layman active in Southern California renewal communities.

The conference will be divided into three phases: "Kingdom", "Power", and "Glory", with the main theme: "Lord: The Kingdom The Power and Glory are Yours".

The major Catholic Eucharist of the conference will be celebrated in the Notre-Dame Stadium on Sunday afternoon with a homily delivered by Fr. Tom Forrest, C.S.S.R., pastor of one of the largest Charismatic parishes in Aguas Buenas, Puerto Rico. Mass will be celebrated with the prelates and priests that will be in attendance, and judging by last year's mass attendance (1974) there will be close to 750 in concelebration at the afternoon mass.

He will be responsible for carrying out the industrial solicitation in Morton Grove, Niles, Skokie, Lincolnwood and Golf — the five villages that are served by the Skokie Valley United Crusade.

The 1976 goal for the upcoming campaign is \$92,000, representing a 9 per cent increase over last year's goal. This is needed to meet the additional demands for services in the Skokie Valley community.

Boswell and his wife, Corinne, have one son and three daughters. The family resides in Lake Bluff.

## Baha'i Community of Niles

On May 29, Baha'is of Niles will commemorate the Ascension of Baha'u'llah, Prophet-Founder of the Baha'i Faith. Mr. Richard Kearns, a member of the Baha'i Community of Niles, will be the speaker.

It was on this day in 1892 that Baha'u'llah passed away. He was born in Iran in 1817 and because of his teachings he spent more

than forty years of his life in exile, banishment, and prison. Baha'u'llah is the Promised One of all religions, and that his coming ushers in the age of spiritual maturity for mankind. They see his teachings and laws as necessary to the establishment of world peace, world unity, and the Kingdom of God on earth.

The final years of Baha'u'llah's life were spent as a prisoner at Bahaji, near the prison city of Akka in the Holy Land. The tomb of Baha'u'llah at Bahji is considered a Holy Shrine and a place of pilgrimage by Baha'is.

Mr. Kearns is the liaison between the Baha'i Group of Niles and the Baha'i Assembly of Morton Grove. He is also the editor of the Baha'i bulletin for Cook County.

The public is welcome to join the Baha'is in celebration of this Holy Day, one of nine days on which Baha'is suspend work to observe. The meeting will be held at 7917 Nordica ave. at 8 p.m.

# Mikva calls Day Care decision shortsighted

The failure of the federal government to provide funds to enable day care centers throughout the country to meet minimum standards of safety and performance represents a dismal lack of foresight, according to Congressman Abner J. Mikva.

President Ford's veto of day care funds was overridden by the House but the Senate sustained the veto.

Arguments that the program was too expensive or that jurisdiction should be left to the individual states are without merit, Mikva said Saturday (May 15) during his remarks at the annual spring luncheon of the Democratic Women - Tenth Congressional District, which was held in the Fireside Inn, Morton Grove.

"The President said the proposal was 'too expensive,' yet he failed to realize that the cost of welfare, which is the only alternative for thousands of mothers who have children in day care

programs, is four times the cost of day care centers," Mikva said. By saying that the states, rather than Washington, should impose standards, critics ignore the fact that the funds were to enable day care centers to meet the standards the states had set. The money was not to be used to set new standards that would overrule the states' decisions, the Congressman noted.

"The bottom line on this issue is that the states are now being asked to enforce their own standards, but they will not have the funds to do so," Mikva continued. "The result will be that many of the centers we so desperately need will be closed."

During a news conference preceding the luncheon, Congressman Mikva and Congressman Phillip Burton, who is chairman of the House Democratic Caucus, spoke favorably of the possibility of Senator Adlai Stevenson being selected as the Vice Presidential candidate of the Democratic party. Burton, who is from San Francisco, was the guest speaker at the luncheon.

In both his news conference statement and in his address during the luncheon, Burton emphasized the reforms that have been accomplished by the House Democratic Caucus during the 94th Congress, including the first real movement toward substantive tax reform and reduction of the oil depletion allowance.

In addition, House Democrats have made far-reaching internal reforms that both open up and democratize the way decisions are made, according to Burton: He mentioned as specific examples of this effort the gradual erosion of the seniority system, which began with the ouster of three Committee chairmen in January, 1975, and various sunshine reforms that have been proposed to open the legislative process to public scrutiny.

In addition, Nehart was a member of the Lions Club, served as vice president of the Morton Grove Days Committee and was head of both the Central Civic Homeowners Organization, and St. Martha's Men's Club.

Prior to his changing residence, Nehart was elected to both a school trusteeship and as Niles Township auditor.

His wife Lorry was an active civic leader also. She served as president of the American Legion Auxiliary Unit #134 for the 1969 year. She also wrote press releases and newsletters for many organizations and was employed by two local newspapers in the Niles-Maine Township area as reporter, social editor, columnist and feature writer.

# Golf Maine referendum for annexation

On Saturday, June 5, 1976, the Golf Maine Park District will hold a referendum to determine annexation of the areas as indicated in the adjoining map. In order for these areas to be annexed to the Golf Maine Park District, a majority of those voting within the Park District and a majority of those voting within the areas to be annexed must give their approval.

Recreation needs. At present, the proposed annexation areas are not in a park district. Those children and adults that desire to participate in park district programs must pay an additional 50 per cent non-resident fee. In some instances, a non-resident registering for two or three programs a year may pay more than the cost of paying the tax as a park district resident.

Some of the typical programs offered during the year are: ballet, pre-school, softball leagues, belly dancing, senior citizens, craft classes, tennis lessons, floor hockey, volleyball, soccer, flag football, golf lessons, stunts & tumbling, gymnastics, summer camps, crocheting, judo, ice skating.

Tentative plans call for developing the Commonwealth Edison right-of-way by installing a softball diamond and other recreation areas as needed. Edison would have to agree to lease sections of the right-of-way for this purpose, as they did to School District 207.

Cost to the new resident. The cost of annexing the apartments to the park district would not cost the apartment dwellers anything. Property owners with our current tax rate would pay an estimated \$44 per \$10,000 dollars of equalized assessed valuation.

Benefits to the present Park District residents. Annexation of the new areas will add approximately \$7,879,820 in assessed valuation. This added money will pay for services for the new areas and with the added valuation lowers

the park district tax rate from \$46.00 to \$44.00 per \$10,000 of assessed valuation.

**Referendum Information**  
Polls open 6 a.m. to 6 p.m. Election date Saturday, June 5, 1976.

**Polling places**  
Precinct One: For all park district residents living east of Potter, south of Church, north of Dempster and west of Greenwood. **Polling place** - Good Shepherd Community Church, 2100 Home ave., Park Ridge.

## CitizensBank, Lutheran General

CitizensBank & Trust Company and Lutheran General Hospital of Park Ridge have announced plans to co-sponsor a community service seminar. Entitled Estate Planning - Not For Men Only, the seminar will be held on Tuesday evening, June 8, from 7 p.m. to 9 p.m. at the Marriott Motor Hotel, 8535 W. Higgins rd. in Chicago. The program will be open to the public at no cost.

Topics for the seminar include: "Wills, Trusts, and Probate - Money Saving Techniques"; "The Benefits of Gift Giving"; and "The Need for Charitable Bequests". Experts in their fields will discuss ways to minimize estate taxes, save on income taxes, and effectively use charitable gift giving.

**Estate Planning - Not For Men Only** will be structured to help women as well as men understand the benefits of proper estate planning. "Many women think that only men need to be concerned about estate matters," notes Paul Pansick, assistant vice president and trust officer at Citizens. "This is not so. Whether a woman is married, single or widowed, she needs to know about the major problems in estate planning and how these problems can affect her and her family's future."

Following the talks will be an audience question-and-answer session. Refreshments will also be served during the program. However, persons interested in attending Estate Planning - Not For Men Only are asked to make reservations so that refreshment arrangements can be planned.

## Orville C. Ottow elected POPAI Board Chairman

Orville C. Ottow

Orville C. Ottow, vice president and co-owner of the Tri-Pack Corporation, Chicago, was today named Chairman of the Board of the Point-of-Purchase Advertising Institute. He was elected at the association's 1976 Annual Members' Meeting at the Boca Raton Hotel and Club, Boca Raton, Florida.

In addressing the membership, Mr. Ottow indicated that POPAI would be exploring new ways of reaching the advertiser. Mr. Ottow commented, "With the continuing general rise of the P-O-P industry over the last decade, it is obvious advertisers have realized that displays and signs are an important part of their marketing strategies."

He continued, "POPAI in conjunction with E. L. Doherty is planning to resource The Doherty Consumer's Buying Habits Study". The continuance of this study will provide a great opportunity for POPAI to offer marketing executives statistical evidence, which is totally unavailable anywhere in the United States."

Mr. Ottow also revealed that POPAI would be continuing their ongoing educational program with seminars, workshops and meetings being held in key locations throughout the United States.

Mr. Ottow entered the display industry more than 15 years ago when employed by the Rapid Mounting and Finishing Company of Chicago. Since then, his varied display experience continued with the Triangle Container Corporation and the Menasha Corporation, Chicago Division. His association with the Tri-Pack Corporation took place in November 1966 when that company was founded.

As vice president of displays for the Tri-Pack Corporation, Mr. Ottow is responsible for the continuation of Tri-Pack's display

operations. Tri-Pack operates three self-contained facilities - in San Francisco, Calif.; Hillside, New Jersey; and Chicago, Ill. ## Norwood Federal posts gains

Three-quarters of the way into its fiscal year which ends June 30, Norwood Federal Savings and Loan Association, whose main office is at 5813 N. Milwaukee, Chicago, reported substantial gains in virtually every area.

According to Norbert F. Babicz, President, total assets of the Association surpassed the \$80 million level at the end of the third quarter, with most of the increase being registered in savings accounts, which grew \$11.3 million over the total reported last June 30.

During the nine-month period, Norwood Federal also completed 395 first mortgage loans, totaling \$19 million. Currently, the Asso-

ciation has in excess of \$69 million in home loans, reflecting Norwood's dedication to assisting all Northwest area residents in achieving the goal of home ownership.

"Perhaps most interesting is the performance of our first branch office at 5415 W. Devon, which was opened just last June," Babicz observed. "In the ensuing months, the Edgebrook office has received \$3.8 million in savings deposits, representing almost 2,000 accounts, and we are anticipating similar results from our Park Ridge Branch, Oakton and Northwest Highway, that was opened two months ago."

## Bicentennial Music Course

Celebrate the Bicentennial by learning about the Music of the United States. Oakton Community College will offer the special course on music history (Music 145-01) during the summer session on Monday through Friday mornings from 8:00 until 9:15. Various facets of U.S. music from colonial days to 1976 will be taught by Patrick Casali, associate professor of humanities. Subjects to be included are Psalmody, concert life, European and African influences, and this country's own peculiar invention - "pop" music from ragtime to rock, according to Casali.

"Americans are no longer looking to Europe for culture," Casali said. "After many years of undeserved neglect, we are starting to appreciate our own great composers and their music. The irony of it is that the Europeans realized this long before we did."

"I hope this course will make some of us more aware of what we have contributed to the musical world," he added.

Open registration for the Oakton summer session is scheduled for Monday and Tuesday, June 7 and 8. Classes will begin on June 14.

## "Numbers game may become legal in State ..."

Cartoon by Frank of Queen of the Bee, Milos

There are some very strong rumors that the "Numbers" game may become legal in the state of Illinois and run like the lottery. Now if they would legalize "off-track" betting, too, this could solve all my financial problems. I don't care for the "lottery" or the "numbers" because these are not, like poker and horses, a game of skill. Any boob who is lucky can win at "numbers" or the "lottery."

Now, handicapping horses is another matter. While a racing form and information helps, these are not the major factors in picking good paying winners. One has to possess ESP and some more than ordinary psychic ability to consistently pick winners who pay a good price. Chalk players all die broke. The professional handicappers in the racing form, newspapers and scratch sheets mostly pick low priced chalks, so if you follow them you're bound to go broke.

As I have devoted considerable time in my life to the supernatural and parapsychology, I have finally achieved the ability to "harness a hunch". I can "harness a hunch" like most experienced trainers harness a horse.

But trying to find a "Bookie" in Niles is like looking for the proverbial needle in the haystack. Hell! One can't find a simple, harmless amusement machine in all of the village of Niles and it's time the powers that be loosened up a little and put some fun back in people's lives.

So I'm chaffing at the bit while waiting for "off-track" betting to become legal in the state of Illinois. For, in addition to being the world's greatest horse handicapper, my psychic ability has now developed to where I can "harness a hunch" and then all I have to do is bet a "hunch on my hunch".

Because of my interest in the psychic, when I saw the ad by Madame Milano, who is also a card reader and advisor on all problems, I visited her. First I called 929-5303 for an appointment last Sunday. When I arrived at 704 Diversey, I pushed the bell for Apartment 1 and went on in.

There are, in fact, several Milanos. There's Mama Milano, sister Milano and brother Milano. They even have a police dog who is undoubtedly psychic, too. I asked what the rates were for a reading and Mama Milano replied, "Five for a partial and ten for the complete reading."

With my pockets bulging with race track dough I said, "I'll have the ten buck de luxe readin'."

Later, I had a discussion with Robert Milano, who is a young, good looking man with a dark aura and a pleasant manner. He told me he foreses a Republican getting elected President but feels that some of the most serious problems will confront the next President, such as more inflation, big trouble from both Africa and Russia. Problems, too, in the Middle East, and the possibility of nuclear war.

"Robert," I said, "what this country should do is put a psychic in the White House and this way he would know the problems before they came up."

If you will look on page 5, you'll see an advertisement about Madame Milano and her psychic gifts ... and I got the Trifecta numbers for next Saturday's 9th race. What this country needs more than branch banking is branch bookies, legally controlled by the state of Illinois. Then I'd like to see branch banking because I'll have so much dough I'll need all the bank connections I can get.

Post time! ... I'm tired from counting my money ...

**New hours at Booby's**  
Sally, of Booby's, 8161 Milwaukee ave., Niles, tells me she is changing her hours for the summer months. The new hours are: Monday thru Wednesday, 11 a.m. to 8 p.m., and Thursday thru Sunday, 11 a.m. to 10 p.m.

Booby's Frisbee promotion was a big success. They're out of Frisbees now, but Sally tells me they may get some more in the near future.

P.S. Finally, Niles has got a place where you can buy the Daily Racing Form. It's the 7-11 store on Milwaukee and Crain. You can thank me, fellow horse players, for that!

## Niles West Science Awards

Niles West Science students earned six "outstanding" and two first place awards in the Illinois Junior Academy of Science Exposition held recently at the University of Illinois.

## Skokie Valley Symphony Concert

The Skokie Valley Symphony Orchestra, Leo Krakow, Conductor, will present its final concert of the season on Sunday, May 30, at the Niles West High School Auditorium, 7:30 p.m.

Featured on the program will be Skokie Mayor Albert J. Smith, who will narrate Copland's Lincoln Portrait and Ira Levin, pianist, who will perform the Gershwin Piano Concerto.

Mayor Smith's great experience as a public speaker is brought to the fore in his role as narrator. He has also had some brief musical performance experience playing glockenspiel and

cymbals as guest soloist with the Niles East Concert Band.

Ira Levin, 17, of Lincolnwood has already built a considerable body of experience as a concert soloist. He has been finalist and winner in various piano competitions in the Chicago area and has appeared in numerous recitals. Mr. Levin's performance credits include appearances with the Skokie Valley Youth Orchestra, The Niles West String Orchestra and the Chicago Civic Orchestra, of which he is currently Associate Pianist.

Mr. Levin has worked with the Skokie Valley Symphony, serving as rehearsal stand-in for Rudolf

Firkusny for the performance of the Brahms-D Minor Concerto last October. His work at that time led to his being asked to solo at this concert.

The program for the evening will also include "Candide" Overture by Leonard Bernstein, Pavane by Morton Gould, Adagio for Strings by Samuel Barber, The Entertainer by Scott Joplin and Victory at Sea by Richard Rodgers.

Tickets, available at the door, are \$4 for adults and \$2 for students and senior citizens. For further information call 674-7675 or 675-3204.

## District 207 Board honors Dr. Short

Dr. Richard R. Short, Superintendent of the Maine Township High Schools, was the guest of honor at a dinner given for him on Friday evening, May 14, at the Park Ridge Country Club by past and present Board of Education members and administrators of District 207 in celebration of his 10th anniversary as superintendent of the school district.

Fifty-two persons, including wives and husbands of the Board members and administrators, were in attendance to greet a surprised Dr. and Mrs. Short, both of whom had been unaware that a party was being planned in his honor and had thought they were present to attend a birthday dinner for a friend.

The evening provided a pleasant opportunity for the guests to

visit with Dr. Short about the many changes that have taken place during the past ten years, and about improvements in the educational program and expansion of district facilities accomplished under his leadership. Former board members also enjoyed reminiscing about the many issues, problems, building projects, and referenda in which they were involved during their terms on the Board.

Brief, informal talks were made by former Board members John L. Means, Roy O. Makela, Wesley Haritzell, William P. Wuchmann, John W. Wilkins, and by the district's former assistant superintendent, Ralph J. Frost, after which Dr. Short was presented with an engraved pewter tray and a framed resolution expressing appreciation for his excellent service to the school district.

In expressing his thanks, Dr. Short told the guests, "I have thoroughly enjoyed my years as District 207 superintendent. They have been busy, challenging, rewarding years for me, and in the days ahead I will continue to work closely with the Board and staff, and with the citizens of Maine Township, as we seek answers to the pressing problems facing us."

Former Board members John L. Means, Roy O. Makela, and William P. Wuchmann were in charge of arrangements for the dinner.

## Gemini and Apollo Schools accepted in North Central

East Maine School District 63 has just been notified that Gemini and Apollo Junior High Schools have been accepted for continued membership in the North Central Association of Schools and Colleges. Membership in the NCA signifies accreditation based upon the annual review of report of conditions existing in schools. This continued accreditation signifies that the conditions for effective education exist at Gemini and Apollo.

NCA accreditation helps build public confidence by witnessing to the public that the school is meeting expectations and fulfilling not only local standards but also those more widely accepted throughout the state and the nation. NCA standards are established by the profession itself. We are very pleased to know that Gemini and Apollo Schools are implementing processes and programs to help meet the needs of today's students.

The North Central Association is the largest of the country's regional accrediting agencies. It is a voluntary league of over 4,100 secondary schools, over 750 colleges and universities and 118 elementary schools in a 19-state region. Elementary schools were accepted into NCA membership for the first time last year. The Association works with individual schools to improve the quality of education through a continuous process of evaluation and accreditation.

Several Maine East students earned awards at the annual Drawing and Design Awards Assembly sponsored by the Illinois Institute of Technology on Monday, May 3. Over 22,000 students submitted drawings in this year's architecture and machine drawing contest.

Dave Stoken of Des Plaines earned a third place and Jim Reczek of Niles earned a Favorable Consideration in the Introductory Architectural Drawing division.

Favorable Consideration awards were also won by Jerry Sullivan of Niles in Introductory Machine Drawing; George Norek of Niles in Advanced Architecture; and Andy Ciabattari of Niles, Mike Heinz of Niles, Gianfranco Isaia of Park Ridge, Surasak Intravichit from Des Plaines, and Anthony Levand of Des Plaines in Advanced Machine Drawing.

The students are enrolled in Mr. Jerry Drudge and Mr. James Tortorelli's Mechanical Drawing, Machine Drawing, and Architectural Drawing classes at Maine East.

## From the LEFT HAND

(Continued from Page 1)

excluded, but not bitter enough to quit the cruel system. Or not gutsy enough.

May 20, 1943, Bobby and I stood in line and received our army serial numbers. Somehow, we were separated by 6 or 7 numbers. And when Uncle Sam moved us out of Camp Grant, he drew a number between Bobby's ill-fated number and my lucky number. Bobby went to Texas and I went to Pennsylvania. Eight months later, January, 1944, Bobby's entire regiment was wiped out at the Rapido River, when the Germans let the Americans cross over the river and then systematically destroyed them. The Germans, perched on a higher elevation, rained destruction on an entire regiment which couldn't retreat because of the river and couldn't advance because of the terrain and the formidable firing power in front of them. Bobby Feldman, baby buggy pusher, blackballed non-fraternity member, roly poly historian, who had a hard time mastering his multiplication tables, had the wrong number again in January, 1944.

Phil Kriloff was another grammar school graduate in the 30's. In 1938, Phil played on our high school basketball team from '40 to '42, finally playing first string his last year. Phil was kind of slow, not too good a ballhandler, wasn't much of a shooter and had an awkward gait which gave him an unlikely rhythm to play the game. But he was tough ... he rebounded better than guys 4 inches taller than he. And he played tenacious defense. Phil was all guts on a basketball floor and he was killed in France during his 19th year. His friend, Bill Pass, was so dejected by Phil's death, he volunteered for immediate front line duty, lasted 10 days up front, admitted he just couldn't take it, was brought back to a rest camp, became an officer and was dead at 21.

There was "Mottz" Lozure, who was a fine grammar school athlete, who destroyed us in the two games we played against him in the late 30's. He went on to captain our high school football team, a fine offensive end, who was killed at 18 aboard a ship in the Pacific.

There was big Willy Pratscher, who was the hero of our playground, who starred as center on the '38 Hyde Park team which lost to Von Steuben for the city championship. Willy never came back from the war. And there was George Gay, a veteran of the Coral Sea battles, who went overseas with me and told me the war would last 10 more years. He said he'd had enough war, and was willing to get his leg shot off to get out. His second night in France, George was killed. And there was the Creevey boy, a fine Mount Carmel and Notre Dame football player, who starred in our summer softball league at O'Keefe, and he too never came home.

All the graduates of grammar schools in the 30's were marked with the loss of many of their friends and relatives. And I'm sure Memorial Day to them means more than barbecues and picnics and a day off from school or work.

If you don't have any Bobby Feldmans in your past, you're probably too young, and you should be grateful. Bobby was born at the wrong time and had the wrong serial number. It was as simple as that.

Memorializing the dead is an individual matter. Perhaps befitting their memory would be to volunteer help to the living, spending a small effort on behalf of the guys who are holed up at Hines Veterans Hospital. A telephone call to the hospital to help these men would be most welcome. Money donations presently can be earmarked for the general purpose fund, which is restricted for religious and recreational needs.

Call Janet Reed, Director of Voluntary Services, FI 3-7200, extension 2525.

## Essay winners . . .

It Contributed to the Development of the United States" was Laurie Bernstein of St. Joan of Arc school. Her essay cited such American Industrialists as Cyrus McCormick, George Westinghouse and Henry Ford showing how their Free Enterprise inventions changed the shape of life in America.

Laurie Ryan, an 8th grader at St. Martha's in Morton Grove, won the \$50 bond for her essay on "What do you see as the Greatest Threat to our Country in the Next 100 Years?" Her essay pinpointed apathy of the people and their lack of interest in such important areas as pollution, conservation and government.

The third category, "The Influence of Catholicism on the Founding of our Republic" was won by Theresa Bosshart of St. Joan of Arc school in Skokie. Her essay, which showed a great deal of chronicled research, described how Catholics were a repressed

group in the colonial times and were largely the reason for the freedom to worship clauses in early documents pertaining to the revolution.

## Oakton . . .

Continued from MG P.1 serves as chief executive officer of BSA. Five students were elected to serve on the 1976-77 Board of Student Affairs at Oakton. They are Marva Bramley, Skokie; Laurie Young, Morton Grove; Jacqueline Krubert, Niles; Debbie Hawkinson, Wilmette; and David Neidig, Wilmette.

## Yehl . . .

Continued from MG P.1 Survivors are 4 daughters: Dorothy, Magdalen Brod, Frances Holcomb and Ruth Holiday and a son Howard; 18 grandchildren, 31 great-grandchildren, and 2 great-great-grandchildren. Interment was in St. Peter Cemetery, Skokie.

## MG Board . . .

Continued from MG P.1 John Balla, Jr., went farthest into the house to get three-year-old Tony. All three were highly praised by Chief Huscher and the members of the board for their heroics.

Fred McClory reminded those present that Sunday, May 30, the Memorial Day parade would begin at 1:30 p.m. starting at Dempster and Central. He also noted the Village Hall would be closed this Saturday.

Bill Heinie, our NORTRAN trustee, told the board the new railroad station was nearing completion and mentioned the dedication ceremony would take place on Saturday, June 19, at 10 a.m.

Later that evening there will be a march followed by grand festivities culminating at the Legion Hall on Dempster. There will be stories told about the early colonies which formed the United States of America and refreshments will be served at old-time prices. All are invited to attend.

Juanita Goldberg suggested a certificate of appreciation be sent to the 400 Girl Scouts who (according to Beautification Chairman John Slator) planted flowers all over the village. The girls planted red, white and blue petunias. The board agreed they should receive a letter of thanks.

Ed Brice said there was a 10" water main and 2 service lines repaired in the Water Dept. last week.

Juanita Goldberg reported the Board of Health had 4 recommendations for the post of Village Sanitarian and asked, that a meeting date be set up for interviewing them. The board agreed.

John Hilkin noted the next blood drawing would be held on June 3 at the Julia Molloy School. He proudly announced this would be our 4th successful year in reaching our quota of blood donated by residents. Hilkin also reported the April Motor Fuel Tax receipts as \$27,358.71.

Ron Henrici told the board Mrs. Elizabeth Yehl, 6025 Lincoln, one of our town's oldest residents passed away this morning at the age of 99.

Mayor Bode was not present due to the death of his father-in-law, Elmer W. Anderson. In his absence, Trustee Carl Oestreich served as mayor pro tem. Mr. Oestreich read a proclamation signed by Mayor Bode proclaiming the month of June, 1976, as Burglary Prevention Month.

Herb Houndt said the village has been issued a citation by the Metropolitan Sanitary District for illegal connections to their sewers. It seems some 500 residents have their downspouts connected illegally to the Sanitary District sewers. A letter is being sent to these citizens asking them to comply with MSD regulations and with ours also by disconnecting

these downspouts. The existence of these illegally connected downspouts is the cause of flooding in some parts of the village, and all who receive letters asking them to comply are urged to cooperate.

Trustee Oestreich said Stine-way Drugs sent a letter of commendation to the Police Dept. and Lt. Vic Pearson and Code Enforcement Officer Les Brownstein for helping to apprehend shoplifters in their store on March 24-29 and May 13.

Blood donors . . . Cont'd from Skokie-L'wood P.1 members now through June 2. All others interested in donating blood can come to the student lounge of Niles East on June 2, from 10:00 a.m. to 12:00 noon.

Michael Reese Hospital will be handling the blood donations.

This is the second year that the Niles East Senior Cabinet has sponsored a blood drive. Last year, a serious auto accident involving several Niles East students alerted the Eastli students to the need for blood reserves.

## First quarter public aid

The number of persons who  
received public aid from Maine  
Township during the first quarter  
of 1976 declined almost two-  
thirds from the same period last  
year, Maine Township Supervisor  
James J. Dowd announced today.

Dowd said the individuals  
qualifying for public assistance  
totaled 443 for the first three  
months of this year, down 64 per  
cent from the all-time high of  
1,247 recorded for the same  
months last year.

Dowd added that the number of  
cases processed, 292, was down  
40 per cent from the 490 of the  
year-ago period.

Dowd also pointed out that the  
caseload for March dropped  
sharply from March of last year.  
Persons assisted totaled 121,  
down 71 per cent from 417. Cases  
also declined from 169 in March  
'75 to 96 this year, a drop of 43  
per cent.

Dowd noted the number of aid  
recipients was the lowest in  
almost two years. In March '74, a  
total of 113 persons received aid;  
and the number increased steady-  
ly afterward to reach an all-time  
high of 417 last March.
