## Everything you've always wanted to know about the Niles Police (and you should know) but were afraid to ask ...

(By Ed Hanson)

"You're not only unique, but you're the best looking cop on the Niles force." I said, as we patrolled District 2 of Niles in Squad Car 117 on a sunny Tuesday afternoon, May 25. My remarks were addressed to Nanette Mele, the only female patrol officer on the Niles Police

Dept. Nan, as she is called by her fellow officers, is an attractive brunette, of Italian-Irish extraction, age 28. She's the first lady cop in Niles. Nan worked 5 years in the social services of the Niles Police Dept. before joining the force Feb. 1, 1975. She has a bachelor's degree

in English and Psychology and passed an intensive, difficult and rigorous 14-week training course at the Police Training Division at the University of Illinois, Lisle. A great deal of the course dealt with the subject of Law because today, a clear understanding of an American citizen's rights is man-

datory to the function of efficient police work. And a legal knowledge of what constitutes evidence that will hold up in a court of law is equally important. To obtain a first-hand knowledge of the functions of the Niles Police Department, I began with their 'first line of defense' — the

patrol officers. These officers, or as I prefer to call them - "the troops" - cover the 6 districts within the boundaries of the Village of Niles, around the clock, 7 days a week, 365 days a year. They man (or now also 'woman') six numbered squad cars, and are

# No summer school in District 63

East Maine School District 63 will not have a 1976 summer school program according to officials at Tuesday night's board meeting.

As of Tuesday there were only 36 applicants for the proposed remedial summer program which was declared 'economically unfeasible'.

Last month the board announced there would only be a remedial summer program if a sufficient number of students

enrolled in the program. Because the district would not receive state aid as in past years, parents would have to pay for the program. Since there was limited interest shown for the program the board felt the first priority should be for remedial work.

It was announced Tuesday night there would have been 2 disciplines taught at each grade level costing \$35 per course. One teacher would teach 2 classes

## Oakton summer session begins June 14 Residency required for future employees

Classes for the 1976 Summer Session at Oakton Community College will begin on Monday, June 14, according to John Gagin, director of admissions and records.

Parking permits for Summer 1976 will be sold on Thursday, June 10, in Building 6. Day permits will be sold between 8-11 a.m. and evening permits between 7-9 p.m.

(By Allee M. Bobala) A new resolution proposed by Mayor Nicholas Blase requires all future employees of the village to live within village boundaries. The resolution is expected to come before the June 8th board meeting for signature and will become effective on that date.

The board ruling will not affect present employees now living outside of Niles. "However," stressed Village Manager Kenneth Scheel, "should they decide to move from their present location, the move must take them into Niles."

The single exception to the new village policy, according to Blase will be in areas which require highly technical or specialized skills. The requirement would be waived but a final decision regarding employment would necessitate a board decision.

Trustees unanimously approved the resolution as a board policy and not a village ordinance. A recent U.S. Supreme Court ruling which upheld the Chicago ordinance requirement of employees as city residents paved the way for the new Niles policy said Blase Tuesday night.

"I have always felt strongly that if a village employee lives in Niles, he is bound to show more interest and dedication toward his work."

Open registration for the Summer Session will be held on June 7 and 8 in Building 6, OCC Interim Campus, Oakton and Nagle, Morton Grove. Hours for both Monday and Tuesday will be from 10 a.m. until 2 p.m. and from 6 p.m. until 8 p.m.

Cost of the summer parking permit is \$5. Permits are sold on a first-come, first-served basis. Students must have driver's license and vehicle registration card with them at the time permit is purchased.

College officials have urged day students to use public transportation to and from the college because parking space on campus is limited. Day students may also park in the St. Paul Woods Forest Preserve across the street from the college. A shuttle bus during the day provides free service to and from the forest preserve.

Tuition for the Summer Session is \$12 per semester hour for residents of the college district. Senior citizens who are 60 years of age or older and residents of the district pay only \$6 per semester hour.

Payment for tuition and fees must be made at the time of registration or within 24 hours.

Evening students who are unable to purchase a parking permit should contact the OCC Department of Public Safety (967-5120, ext. 200) regarding other evening parking locations near the campus.

The OCC Summer Session ends on Friday, Aug. 6. Classes are not scheduled for Monday, July 5, for the Independence Day Holiday.

### Suspected arsonist nabbed

A 49-year-old Chicago man suspected of arson was apprehended and later released without charge by Park Ridge police Monday, May 24, shortly after he emerged from a blazing Niles restaurant.

Taken into custody on the scene but later released without charges was Clarence Wilson of 1577 N. Kimberly, an ironworker for a steel firm at Lehigh and Touhy ave., Niles.

Owners of the Capri Motel restaurant and property at 7120 Milwaukee ave. pending advice of attorneys declined, at time of the suspect's arrest, to sign a complaint.

No one has been charged said Niles police. "Our crime lab is still investigating the evidence," said Niles Police Chief Clarence Emrikson. "We will continue our case as far as possible."

Niles Fire Chief Albert L. Hoelbl said that he, Deputy Chief Charles Bobula and two engines responded to the fire call. It was a second fire for the restaurant which had undergone \$1,000 in estimated fire damages during the early morning hours of the previous Wednesday, May 19.

Further damages to the restaurant were difficult to estimate, commented the Fire Chief since the previous fire had occurred in the same area.

Monday night's fire was confined to the loft and attic over the kitchen area. A hole was burned through the ceiling said the Chief and several areas were burned thru the roof. Damage was not too extensive, said Chief Hoelbl.

"The fire did not have ample opportunity to really get started," he commented, "due to the fast response by firemen and police to the scene." No injuries were reported.

The restaurant appeared to have been closed since the May 19 fire, he noted.

Park Ridge detectives Louis Sciarra and Rochocki said they observed a large flash and a p-o-o-f in the motel coffee shop around 11 p.m. Monday night and immediately notified the Niles Fire Dept.

According to Park Ridge police, the two detectives observed a man running from the coffee shop and pursued him. The suspect was apprehended near his truck parked in the parking lot of the Beam 'N Barrel Restaurant adjacent to the motel.

The suspect had singed hair and smelled of gasoline according to Park Ridge police who turned him over to Niles police for investigation.
