Nilesites to enjoy bicentennial activities

"Come Celebrate With Us" is the watchword for the Niles Bicentennial Commission as they beckon residents to take part in an old-time fair, Grand Parade and fireworks July 3, 4, and 5 respectively.

The weekend, known as "Niles Bicentennial Days", is sponsored by the Niles Bicentennial Commission in conjunction with various local organizations.

The fair, to be held from 9 a.m. to 7 p.m. at Notre Dame high school, will feature crafts and fine arts displays, culinary and domestic arts contest, a Bicentennial auction and Junior Olympic games.

Junior Olympics, coordinated by the Park District, will take place from 9 a.m. until noon and winners will compete with youngsters from other communities in the 10th congressional district.

To register for the running, throwing and kicking events a child should submit his or her name at a Niles Park District Supervised playground or call the Park District at 967-6633.

Mother-daughter and father-son relay races will take place from 1 p.m. to 3 p.m. Other events will include marathon races, a tug of war and a softball game between Park District and Village officials.

Judging of the culinary and domestic arts contests will take place between 10 a.m. and 1 p.m. with blue ribbons going to the winners. All entries for the culinary arts exhibits must be

submitted from 10 a.m. to 11:30 a.m. A Niles resident may enter one exhibit in each of four categories: 1) pies and cakes; 2) breads; 3) ethnic recipes; and 4) jams, jellies and relishes.

Following the judging, proceeds for sales of the exhibits will be donated toward the purchase of a Niles Bicentennial marker. Exhibits may be brought as late as the morning of the fair. For more information, call Mrs. Kaderabek at 966-9082.

Niles residents may also enter exhibits in domestic arts categories such as quilting, embroidery (both sampler and crewel), rug-hooking, needlepoint, knitting and crocheting. A 50-cent registration fee is required unless a person only displays his or her work. For more information, call Barbara Hedrich at 967-8397.

Niles organizations are also invited to take part. For information concerning booth rental for organizations, fine arts or crafts, call Judy Czwizewicz at 965-7023.

A "Grand Parade" with over 60 units will begin at 10 a.m. Sunday, July 4 and travel from Maine and Milwaukee to the Niles Administration building where trophies and ribbons will be awarded at the reviewing stand. Miss North-Shore, Kristine Kasper, a future contestant for Miss Illinois, will take part in the parade.

An aerial display of fireworks will take place at dusk Monday, July 5 at Tam O'Shanter golf

course. Parking will be provided in the lot east of the pools on Howard st. and at nearby industries. Howard st. will be closed off from Caldwell to the river. Those attending are asked to provide their own lawn chairs or blankets.

Later in the day and in the early evening before the fireworks, the Park District will provide entertainment in Harter Park. A patriotic program and flag presentation will precede the fireworks which will begin at dusk. Admission to all events is free.

Skokie's Bicentennial activities

Television and radio have shown decided interest in Skokie's observance of the Bicentennial, according to Jackie Gorell, who has chaired the commission the past 20 months.

"WMAQ-TV has indicated it will have cameras on the campus sometime between noon and 2 p.m. to capture as much as possible for later showing that day-on the 'Sunday In Chicago Show'." Gorell said.

WLS-TV has indicated they are interested in filming Ben Mostow and others who are walking with him on behalf of the Muscular Dystrophy Association. Either Saturday when he clips off a 40-mile segment, or Sunday, when he finishes off the 76-mile trek.

Incidentally, Gorell added, Two McDonald's Restaurants from

Finally, WJJD Radio, which has been conducting a "Salute to Skokie" on its airwaves, will have two or more of its Deejays perched in the press box of the West Stadium throughout the afternoon playing records for dancers, commenting on events taking place, and from time to time reporting live to radio listeners how things are moving along.

Harvey Schwartz and Ray Krier, Cal Sutker and Al Smith, Pat Morowitz and Jackie Gorell. That's just the tip of the iceberg.

This half-dozen will be joined by scores more of Skokie Political Personalities on Sunday, July 4th, at 2 p.m. when the Skokie Caucus

Party faces Skokie Democratic Clubbers in a softball game at Niles West during the Bicentennial Festival.

To keep everything on the up and up, the Bicentennial Commission voted to ask Al Bernstein, Managing Editor of the Skokie Life, to serve as Chief Umpire. He graciously accepted.

Niles softball marathon to benefit Variety Club

The really big weekend is here. Beginning at 2:00 p.m. Friday, July 9th 1976, and ending Sunday evening July 11th, at 10:00 p.m., 100 of Niles best sluggers will start batting 1,000 as they represent the Niles Youth Commission Girls Softball League in a record breaking 57 hour Baseball marathon for the benefit of

Variety Club Childrens' Charities.

The 7th Annual Softball Marathon, sponsored by the Niles Youth Commission will be played at Jozwiak Park, 6851 Touhy, Niles, Illinois, come rain or shine.

Opening ceremonies will officially begin at 8:00 p.m. Friday, July 9th, with the lighting of the marathon torch signifying the traditional 'play ball'. Niles Mayor Nicholas Blase, honorary chairman of the marathon, along with Variety Club president Bebe Stein, and other local dignitaries and personalities, will participate in the festivities.

Included in the ceremonies will be members of the Niles Board of Trustees, Niles Youth Commission, Niles Park District Commissioners, and Village Department Heads. Officers and members of the Variety Club, Tent 26, "the heart of shoe business organization helping children in need," will also be in attendance. Softball Marathon coordinators are Ted Wilmes and Bob Fink of the Variety Club, and Abe Selman and Carol Chanos of the Niles Youth Commission.

The girls are divided into two

teams and four shifts. Each shift will play for four hours, and off eight hours. The ages of the girls range from 13 to 23, with the older girls playing during the late night and early morning hours. Each girl pays a \$5 registration fee to cover the cost of her sweatshirt. She also must sign-up ten people to sponsor her team. The fee can range anywhere from 10 cents and up.

Without causing any serious distraction, Playboy Bunnies will be on hand to do some call-them-close-impiring. Stars from the sports world, and show business celebrities, will also turn out to do their bit, to raise much needed funds for underprivileged children.

"These young ladies deserve all the support they can get, and are to be complimented for the tremendous efforts they are putting forth for this worthy cause," says Variety Club President Bebe Stein. They clearly display that young people can do their "thing" with graciousness and dignity in extending a helping hand to Variety Club's Handicapped and needy children, adds Mr. Stein.

The Baha'is of Cook County cordially invite you to participate in a weekend of Bicentennial observances at the Baha'i House of Worship in Wilmette on July 3 and 4. These observances are the celebration of hope for America's third century.

On Saturday, July 3, four ethnic choral groups express man's essential oneness in music rooted in their heritage and in their experience in America in a program titled, "The Sound of Oneness." The program begins at 8 p.m.

On Sunday, July 4, a Bicentennial Devotional Service, featuring readings from the sacred texts of the world's greatest religions, conducted in Spanish and English, begins promptly at 3 p.m. At 3:45 p.m., Dr. William Maxwell, Dean of the School of Education at California State University, Fresno, will talk on "The Destiny of America."

The Baha'i House of Worship in Wilmette welcomes all people to a haven of unifying thought and experience within its nine doors. The ideal it expresses, the oneness of mankind, remains among the unfinished business of the American democratic experiment. Niles Community Church

The Bicentennial Sunday (July 4) worship service at the Niles Community Church (United Presbyterian), 7401 Oakton st., will begin at 9 a.m. (instead of the usual 10 a.m. hour) so that members and friends may attend and still see the parade at 10 a.m. The Pastor, Dr. Seelen, will speak on the topic, "Presbyterians and the American Revolution." He will recall how the English more than once referred to the Revolution as a "Presbyterian rebellion" and that the only clergyman to sign the Declaration of Independence was a Presbyterian, the Rev. John Witherspoon, first Moderator of the American Presbyterian General Assembly; at least 14 Presbyterian laymen also signed the historic document. Because the worship service will be somewhat shortened, the Sacrament of Communion will not be celebrated as is usual on the first Sunday of the month.

OCC Election '76 has an image!

The Election '76 program at Oakton Community College - an attempt to get the electorate back in touch with itself and the electoral process - has a new logo. The new logo, donated by Ron Kovach of Ronald Kovach Associates, Evanston, is intended to give the program a particular look which will identify all the program's events and highlight the purpose of Election '76.

According to Michael Danko, assistant professor of communications at OCC, the logo is specially designed to resemble the traditional ballot mark. The symbol signifies the casting of ballots, the main objective of the electoral process.

"But there is much more to the electoral process," Mr. Danko said. "Besides the votes, there are the issues, the policy decisions, opinion making and opinion expression, and information about candidates and their activities."

"Thus the maze effect in the symbol identifies the goal of the Election '76 program, which is to help the citizenry become better informed and more aware of who does what and why," he added.

The logo will formally be used for the first time with the program's first event called "The Hottest Game in Town: The Political Conventions and What's at Stake," and scheduled for Skokie Public Library at 7:30 p.m. on July 7th. The panel assembled for this program will discuss the nuts and bolts of conventions and what to watch for during the conventions this summer.

Mr. Kovach will continue working with the program as its graphics consultant. He is a member of its Advisory Council and will be responsible for the graphic image of the program. Mr. Kovach appreciated the opportunity to work with the college, and sees the program as a chance to "bring the community together in the area of public affairs."

The Election '76 program, sponsored by OCC and funded by the Illinois Humanities Council, Numerous public libraries, businesses, and organizations, such as Common Cause, are co-sponsoring the project.

For further information, call Dr. Harvey Irlen, project director, at Oakton (967-5120, ext. 329 or 310).

Scheel attends Washington Conference

Percy (R-Ill.) at a conference of Illinois officials and their Federal government counterparts sponsored by Percy on June 14. Eighty Illinois mayors, city managers and county officials met in workshops with representatives of seven Federal Departments to discuss issues ranging from revenue sharing to pollution control and disaster assistance. The group also heard from Consumer Advocate Ralph Nader, Agriculture Secretary Earl Buttz and James Cannon of the White House Domestic Council.

Young charges Mikva with abusing mail privileges

Former Congressman Samuel H. Young, Republican candidate for Congress in the 10th District, has accused his Democratic opponent Congressman Abner Mikva of "hypocrisy" in his excessive use of the franking privilege which allows congressmen to send material to all households in the district at government expense. Young said that using Mikva's own cost estimates, he has spent more than \$300,000 to send out in excess of 2,500,000 mailing pieces and 16 different mailings in the 17 months he has been in office. (In 1974, Mikva was quoted as saying that the cost was 19,000 per mailing.) "This total exceeds the entire total of my district-wide mailings during my 24-month term in Congress by one-third," Young exclaimed. "Ironically, Young continued, Mikva continually and repeatedly charged that I was abusing the frank during the 1974 campaign."

LETTERS to EDITOR

District 63 residents petition retention of teacher

Dear Mr. Besser: Enclosed please find a copy of a petition that has been delivered to Dr. Gogo, Mr. Stejina, Mr. Huchner and Members of the District #63 Board of Education regarding the continued employment of Mr. Terry Jenesi. Mr. Jenesi is one of the non-tenured teachers released due to budget cuts. If our information is correct, there is one social studies teaching position open for the 1976-77 school year and there are six teachers, including Mr. Jenesi, being interviewed for this vacancy. Mr. Jenesi, as the position states, has been a member of the Gemini Junior High School faculty for the past two years. He has a total of nine years teaching experience. His competency as a social studies teacher cannot be questioned. He encourages his students to strive to be the best they can and he instills and understanding of his subject to every student he comes in contact with. Mr. Jenesi is also a teacher who feels that the needs of the students are not completely met by being taught reading, writing and arithmetic. His participation in many of the extra-curricular activities at Gemini attest to that

fact. He has been boy's basketball coach and boy's track coach; he has chaperoned all the school dances; he has started a school paper at Gemini. It is true that some of these activities carry with them a stipend. It should also be noted that others do not. There would be no school paper without his incentive (and incidentally, the typing ability of his wife); he chaperones not some, but all of the school dances. He has coached the boy's basketball and track teams. As far as we know, there were no other applicants for the position of track coach. Please note, that due to lack of applicants for the position of girl's track coach, there was no track team for girls this past year. Referring again to the stipend Mr. Jenesi receives for his participation in some activities: The amount of money paid for these extra services in no way compensates for the time involved. In some cases it amounts to less than 50 cents an hour. We feel that a teacher with the qualifications of Mr. Jenesi should remain in District #63. He has been an asset to the education for the children he has come in contact with. We just hope that he will be around for a long time to do the same for the children entering Gemini in the future. We need teachers who are genuinely interested in the development of our children as intelligent, well-rounded citizens of tomorrow.

Mr. Besser, we are directing this letter to you because we are aware of your past and present interest in the affairs of district #63. Possibly you could encourage parents who feel as strongly as we do to contact the Board of Education, Dr. Gogo and Mr. Stejina and let their feeling be known.

Thank you, Mrs. Phyllis Majewski Mrs. Glenda Busiel
Editors Note: Enclosed with the letter above was a petition signed by 104 District 63 residents.

Thank You

Dear Mr. Besser: I wish to extend my thanks and sincere appreciation for the excellent publicity you gave the Niles Grandmothers Club #699, on the club's activities. Thank you very much.

Sincerely, Frances E. Nelson Niles Publicity Chairman

Honorary scholars

Washington University named two students from the Skokie area Chancellor's Honorary Scholars. Deborah Lynn Kasman, 7033 Carol Avenue, Niles, a graduate of Niles North High School, and David Joel Freedman, of 3811 Chase in Lincolnwood, a graduate of Niles Township High School, are among a select number of students entering the College of Arts and Sciences as freshmen next fall designated by the Office of the Dean to receive the award. Chancellor's Honorary Scholars are chosen on the basis of academic merit and receive a renewable \$1000 scholarship for four years of undergraduate study.

Niles Days alternate-delegate out of order

Dear Mr. Besser: The Niles Days Committee alternate-delegate was clearly out of order at the meeting held on Monday, June 7, when he questioned the allocation of funds to the Boy Scouts and Baseball League. He would do well to learn the procedures of the committee he proposes to be a member of. Inquiries of this type are welcomed during the meetings held early in the year when the request letters are read and all delegates are present and able to respond, but not after the committee has diligently discussed each request and taken a final vote. The alternate-delegate mentions the fact that some organizations have been receiving money from Niles Days for 10 years. These organizations will continue to ask for money as long as the need is there and as long as they conduct the excellent programs they are now responsible for. I'm sure no one would be able to name the most worthy organization. Indeed the enormous success that Niles Days continues to enjoy is due, for the most part, to its broad base of appeal among the citizens of Niles, be they athletes, grandmothers, the Boy Scouts, or policemen. It is the only annual event in Niles that I can think of that puts so many Nilesites together, happily working for a common goal, the success of Niles days. The fact that these volunteers are also helping their respective groups makes recruiting the necessary workers for the carnival quite a bit easier for the Niles Days Committee. Until the alternate-delegate can propose some solid suggestions as to how to allocate sums in excess of \$20,000 that would be agreeable to the entire committee, it is my feeling that the present division of funds seems most fair for everyone concerned. The gentlemen does himself a disservice by questioning the integrity of the Niles Days Committee and the many fine organizations that make up its members.

Sincerely, Donald Steinke

Watch out for children when driving

Dear Editor: The most precious life to a parent is his child. With our children out of school and their minds thinking of other things, it is our responsibility to be extra careful during their vacation and be extra careful driving our automobiles. Our children are not familiar with the new State Law allowing right turns on red lights after making a complete stop. Respect the life of a person and drive with extra caution. Better a minute late for a date than to shed a tear for someone's mate.

THE SPARK OF GENIUS LIGHTS UP OUR 200TH BIRTHDAY

A "COMMITTEE" THAT WORKED...CREATED THE CONSTITUTION

Eleven years after the signing of the Declaration of Independence, the separate states got together to publish a guide for human freedom. When the fighting ended in 1783 the new nation faced an uncertain future. Survival of the loose federation of states was threatened from within and without. But, held together by determination, dedica-

tion and some touches of genius, representatives of the states produced the Constitution of The United States. Congress adopted it in 1787. Never before had a system under which the right of a people to govern themselves been spelled out in a body of law. The "committee" had marked a turning point for the nation and the world.

Former Congressman Samuel H. Young, the Republican candidate for Congress in the 10th Congressional District, is shown with a flag-waving top prior to the start of a Fourth of July parade. Richardson to speak at Young fund raiser

Secretary of Commerce Elliot Richardson will be the featured speaker at a July 16 Republican fundraising dinner for former Congressman Sam Young, candidate for Congress in the 10th district.

Plans for the dinner, to be held at Allgauer's Fireside Inn, 2855 N. Milwaukee Ave., Northbrook, were announced by Frank W. Considine, chairman of the campaign "Young for Congress". Tickets are \$100 per person.

Richardson, who has been acclaimed for his role as the "white knight" of the Watergate scandal, will discuss "What can be done to restore confidence in government".

FNBOS donates \$200 to Bicentennial Walkathon

Shown above: Dan Casey, Vice President of the Personal Banking Division, (left) presents the First National Bank of Skokie check for \$200 to 73 year old Ben Mostow, who will walk 76 miles over the Bicentennial Celebration weekend for Muscular Dystrophy. Ann Rose, Customer Service Officer shows the walkathon instruction forms that are available at the bank for participants and sponsors.

Ben Mostow, 73 years old, will set the pace for the 4th of July weekend "Bicentennial" 76 mile walk around the Niles West High School track, to benefit children crippled with Muscular Dystrophy.

At 9:00 a.m. Saturday, July 3rd, Ben and over 100 other participants will start a 76 mile (304 lap) walk that will end during the Sunday, July 4th, celebration at the field. Ben fully expects to go the distance himself by doubts that others, even much younger walkers, will be able to keep up. (Ben "practices" by walking 15 to 18 miles a day - rain or shine - and he has been doing it since he was 13 years old.)

Ben, who has raised over \$15,000 for the Muscular Dystrophy Association in 12 years of walking, wants to do all he can to help kids in wheelchairs who can't walk at all.

Plagues like this one from the First National Bank of Skokie, are great, one for each year of the country's birthday, but it is the thousands of smaller gifts that each individual person gives that are needed to defeat this dread disease.

If you would like to participate in the walk, sponsor forms and full information and instructions are available at the First National Bank of Skokie, Lincoln and Oakton in downtown Skokie. To sponsor Ben Mostow, or any other participants, contact the Muscular Dystrophy Association at 427-0551.

Fire Chief reminds residents of fireworks hazards

Morton Grove Fire Chief Fred N. Huscher takes this opportunity to remind all residents that the sale and private use of fireworks is prohibited under Illinois State law. Yet each year cherry bombs, roman candles, bottle rockets, fire-crackers and sparklers are brought across State lines into Illinois illegally.

In addition to being illegal, State Fire Marshall Robert Walsh points out that fireworks are extremely dangerous. Last year 3300 persons were treated in emergency wards throughout the Nation. Six persons were killed and eighty-five seriously injured

in fireworks accidents in Illinois alone. Most of these accidents were caused by "gross negligence" and most involved children or teen-agers.

Chief Huscher has requested that the Morton Grove Police Department cooperate with the Fire Department in enforcement of State and local ordinances regarding fireworks violations.

Fire Chief Huscher advises all residents that a public fireworks display will be presented by the Morton Grove Bicentennial Commission, the evening of July 4th, at Harrer Park.

Niles Festival Days July 21st-25th

This year's celebration of the 200th birthday of our country has a very special meaning to us, the Niles Days' Committee. We are proud that we are very much a part of our nation and its thrilling history. Like all good Americans we want to pause this year from time to time to examine our history, to mark our progress, to admit our faults, and most of all to thank God for His many mercies and blessings on this bicentennial celebration in America, the greatest country in the world.

In keeping up with the tradition of the Niles Days Festival, we are going to begin our spectacular carnival on July 21st thru 25th with rides, games, prizes, good

food, beverages, and fun for the young and the young at heart.

The prizes this year are a red 1976 Ford Granada, equipped with air conditioning, and power steering, (it may be seen at the Administration Building), a \$200 Proof Bronze Set; Bill of Rights Ingots, a bushel of groceries and wines, case of whiskey, basket of fruit-and-whiskey, a 16" portable TV, and two cases of champagne. So hurry, hurry, hurry, and pick up your Niles Days' Bicentennial Festival raffle books at the Administration Building, 7601 N. Milwaukee Ave. The donation is \$1 each, or Six for \$5.

We are asking you to join us in making this Niles Days Festival a huge success.

Animal portrait artist at Niles Art Guild

At the Niles Art Guild Regular Meeting to be held on Wednesday, July 7, at the Niles Recreation Center, 7677 Milwaukee Ave., at 8 p.m., there will be a demonstration given by Tobi Star Abrams, of Northbrook. She will demonstrate her prize winning animal portraits.

She is a graduate of Northern Illinois University and has a bachelor's degree in Art and Biology. She feels that her knowledge of animal anatomy helps her in drawing realistic portraits of animals. She feels that a portrait can capture the "personality" of your pet better than a photograph. She works from photographs, but for a finished portrait she likes to talk people about their animal and if possible,

observe the animal herself.

Tobi teaches adult education art classes at The Glenbrook high Schools, Maine Township High Schools, Niles Township High Schools, Oakton Community College, Harpers Junior College and the YMCA. Ms Abrams' art work is represented by The American Society of Artist Gallery, 700 N. Michigan Ave., Chicago, Aurelia Gallery in Evanston, The Arlington Theatre, The Mount Prospect Library, The Suburban National Bank of Palatine and The Artist Workshop. The public is invited to attend this demonstration.

\$10,000 State Award to Niles Family Service

Illinois Attorney General William J. Scott today announced a \$10,000 award from the Attorney General of Illinois Public Health Trust to the Village of Niles Family Service for a "School-Community Outreach Drug Abuse Prevention Program".

Scott announced the award on a visit to the Family Service office at 8060 Oakton St. Family Service officials discussed with the Attorney General the "School-Community Outreach Program" which is designed to involve sixth, seventh and eighth graders from three Niles schools, Our Lady of Ransom, St. John Brebeuf and Gemini Junior High. Present for Scott's visit were: (left to right) Jon N. Will, Executive Director of Atty General of Illinois Public Health Trust; Jim Cisek, Director of

Community Outreach for Niles Family Service; Attorney General William J. Scott; Bill Sanz, Chairman of Board of Directors of Niles Family Service; Larry Renetzky, Executive Director of Niles Family Service; and Charles Kohlerman, Assistant Village Manager of Niles.

Approximately 600 youngsters will participate in the program involving four areas of drug abuse prevention: Reduction of Anxiety; Dealing with Authority; Improving Social Skills; and Values Clarification.

Additional groups and training sessions for parents and teachers will be conducted. Full implementation of the project is scheduled for September 1976.

"Lifeguard" removed from Niles viewing

The movie "Lifeguard" was removed from Niles theatres Thursday June 24 through mutual agreement between village officials and theatre owners after being on view for a full week.

Village and theatre officials said the movie rating of PG was not suited to the picture which had a Niles opening of June 18 and was subsequently rated R by a police officer who viewed it last week.

Mayor Nicholas Blase said he was at Golf Mill Theatre on the

Saturday following release of "Lifeguard" when he noticed hundreds of youngsters ages 9 thru 13 waiting to see the movie.

During conversation on the movie, he said Golf Mill Theatre manager Bene Stein noted he was not in agreement with the PG film rating which had been set by the movie industry.

Community Relations Officer James Gerhardt rated the film as R after seeing it, stating there were numerous scenes which were definitely not suitable for

viewing by youngsters.

In agreement with the Niles officer's rating, managers of both Lawrencewood and Golf Mill Theatres withdrew the movie last Thursday. Both managers said picture ratings are set by movie industry and cannot be changed by local theatres.

Mayor Blase said he received "a dozen phone calls" from parents regarding the movie. Golf Mill Theatre had also received several calls from irate mothers.

"Lifeguard," rated PG by Movie Facts, is listed as a comedy-drama telling the story of a 32 year old professional lifeguard who must choose between the pleasures of a beach and the temptations of the business world starring Sam Elliott, Parker Stevenson and Ann Archer.

A PG rating suggests parental guidance since some material may not be suitable for pre-teenagers. An R (restricted) rating presumes restricts admission to the movie of persons under 17 unless accompanied by a parent or adult guardian.

According to Blase, the movie industry has been getting adverse publicity on what is obscene, which may have resulted in a decision to loosen standards between PG and R ratings, making R movies available, under PG rating, to youngsters.

Blase said he believes the problem (lower standards of movie ratings) will continue and may be a new approach by the movie industry to "show a lot of inferior pictures by labeling them differently."

Blase further noted it was the first time in "quite awhile" that the village had received a complaint on a movie.

Young traffic violators come before Board Hearing

(by Alice M. Bobala)
 Bike safety violators appeared before a Saturday morning, June 2 Bicycle Safety Compliance Board to plead their cases in the Niles Police Station at 7200 Waukegan Rd.
 Sixteen citations for violations of bike safety regulations were issued since the June 1 inception of a Bike Safety Patrol, a bicycle corps of 10 uniformed college-aged men and women proposed to promote bike safety and empowered to enforce cyclists to obey traffic laws.
 Violators of traffic safety are given a summons and advised to appear, accompanied by a parent, at a Board Hearing of their peers and can be fined up to \$5.

Seven cited violators failed to appear at the June 26 Hearing. Warning letters were forwarded to them to appear at the next Hearing set for July 24.
 Nine pre-teens and teens came to the Niles Hearing. Fines ranged from 50 cents to \$2 dependent upon the length of the violation, warning and age of individual, according to Police Officer James Gerhardt, Innovator of the pilot bike safety program, who was present at the Hearing.
 Citations were given for riding double on a bike; trick riding (using no hands); going thru Stop signs; riding abreast on the road (instead of single file) and biking on the wrong side of the road. All cyclists received a first

warning on a violation noted Gerhardt prior to receiving a citation for continuing or repeating the violation.
 For the most part, parents of the violators seemed impressed with the bike safety program. The young offenders were seen to dip into their own pockets for payment of the fines.
 A Park Ridge parent, Helmut Elfert of 808 S. Washington St., chose to legally represent his son who had been cited on 5 counts, of trick riding, using the wrong side of the road, riding too fast, going thru a Stop sign and using a dangerous manner of riding (over private lawns and curbs). A 6th offense, of using obscene language to a female patrol warden, was not listed on the ticket.

Elfert, who said he was a Park Ridge attorney, denied all charges against his 16-year-old son, refusing to let him speak on his own behalf and asked for dismissal of charges. "My son knew nothing of your ordinance (on bike safety)," he said at the Hearing, stating the boy did not recognize the bike wardens, despite their marked uniforms and marked bikes.
 Parents waiting with youngsters to appear before the Board took exception to the Park Ridge parent's viewpoint. "That's what's wrong with the young people today, to have a parent like that!" observed a Chicago woman. Her two sons were cited for riding double.

Nilesite Mrs. Jean Giaccone, whose son was fined Saturday morning for riding double on his bicycle, observed that the Park Ridge parent's attitude meant future trouble for his son. However, she added, "The boy should not have been allowed to go free. It makes me lose faith in administrative justice."
 Violators of bike safety rules are heard before a Bicycle Safety Compliance Board of 2 young people selected by the Niles Youth Commission for fairness, impartiality and common sense decisions.

Maine Township senior citizen July activities

Maine Township will sponsor three senior citizen activities in July, highlighted by a garden tour to Milwaukee, Maine Township Senior Citizen Coordinator Ferdinand C. Arndt announced today.
 On Wednesday, July 21, the seniors will travel to Milwaukee for a special luncheon at the Bavarian Inn, then tour the Conservatory and its sunken gardens and Whitcomb Park. Cost of the tour, including lunch is \$5.75 per person. Buses will leave from 815 Lee St., Des Plaines, at 10 a.m.

The regular monthly afternoon of bingo and cards will be held at The Greens, 8909 David Pl., Des Plaines, at 1 p.m., Wednesday, July 7.

On Wednesday, July 14, the senior citizens will gather for lunch at the Casa Royale, Des Plaines. Following the luncheon, Paul and Peter Heiden will present a slide-show tour of the Middle East and Holy Land. Cost of the entire program is \$4.
 Arndt said both the Milwaukee outing and the Casa Royale luncheon require reservations. Seniors who wish to participate in either event should call Arndt or Bea Ballin at 827-0745, or the Maine Township office at 297-2510.

Arndt also said the Maine Township Senior Citizens organization a four-day mini-vacation to the Grand Ole Opry in Nashville between September 30 and October 3. Full cost of the trip will be \$141. Arndt said a minimum of 35 persons are needed to guarantee the trip. For further information, Call Arndt or Bea Ballin.

Everything about this fine Premiere Stoneware by Mikasa is expensive.

Except our price.

GET A 5-PIECE SETTING OF PREMIERE STONWARE BY MIKASA FOR JUST \$6.95 WITH EACH \$25 DEPOSIT.

PLUS A FREE DESSERT DISH WITH EACH SETTING.

Lots of things make Premiere Stoneware by Mikasa expensive. Like the people who craft it. Mikasa is one of the world's largest makers of dinnerware. Fine quality dinnerware found in the finest department stores and specialty shops. The kind that's still a classic of the potter's art. There's the expensive, hand-painted design that brightens each piece. Unlike patterns you see on most dinnerware, Premiere is an artistic study. Ranging from the soft hues of a newly-ripened strawberry, to willows on a riverside, or the natural elegance of brownstone. Patterns for everyday use, and special occasions, too.

Premiere Stoneware by Mikasa is fire-glazed at high temperatures to make it non-porous and non-absorbent. It's stain-resistant, won't craze or crack, and resists chipping. So you can use it with confidence in your oven and dishwasher. And after all the expensive things that make stoneware like Premiere by Mikasa expensive, you'd probably expect the price to be the most expensive thing of all. But now, each time you save \$25 at any North West Federal Savings Center, you can get a 5-piece setting* for just \$6.95. Plus a free dessert dish. A 5-piece serving set including cream pitcher, covered sugar bowl, vegetable/salad bowl, and 12"

round buffet platter is available for \$14.95 with a \$25 deposit. Don't miss this opportunity. Because this is a limited time offer. And the price of Premiere by Mikasa will be going up again. Where it belongs.

*5-piece setting includes dinner plate, salad plate, soup/cream, cup and saucer.

Bike Thefts Increase

Eighteen police reports last week listed bikes stolen in the Niles area, indicating, said Niles police, that "summer has come."

Windshield Broken

Police said a Niles resident reported the windshield of his 1972 Pontiac, valued at \$75 was broken while his car was parked at Memco, 8901 Milwaukee Ave. on Tuesday.

CB Units Stolen

A citizens band radio valued at \$175 was taken from Golf Mill Shopping Center on Monday from a Highland Park resident's car. A CB was stolen from a car parked at 8268 Dempster on Sunday. Another unit valued at \$200 was taken from Four Flags Shopping Center, 8251 Golf Rd. A Sherner Ave. resident reported loss of a CB unit from her '75 Olds. A Royce CB valued at \$150 was taken Tuesday from a 1976 Ford van parked at W.W. Grainger at 5959 Howard St.

Strong Arm Robbery

A 30-year-old resident on the 7200 block of Crain St. told police he was struck unconscious in front of his home on Monday and robbed of \$4. The victim said he was coming home at 4 a.m. and as he walked to his front door someone yelled to him. As he turned, he said, a man struck him on the head. When he regained consciousness he found he had been robbed.

Rob A & P of beer

Police said they answered a call from Cook County police Saturday who were called to the scene of theft at A & P store at 9180 Golf Rd. Investigation revealed a witness said he was walking thru the lot when he observed 2 men pushing a cart loaded with beer. As he approached, one of the men ran from the area. The other man identified himself as an A & P employee by displaying an empty I.D. tag pinned to his shirt. He then entered his car and drove off.

Battery Burglary

A Niles woman was struck unconscious and her apartment burglarized June 23, altho nothing apparently was taken. The 19-year-old victim told police her parents left for work early on Wednesday and she left by the back door at 7:30 a.m. also enroute to work through the alley. She allegedly observed 3 men loitering near the rear of the garage, one of whom she said struck her on the right side of her head, knocking her unconscious. She regained consciousness an hour later to observe that entry to the home was gained thru a basement window under which she observed muddy footprints. Nothing was reported taken.

Contents of wallet stolen

A 19-year-old village employee told police that cash and a check had been taken from his wallet at Fam Tennis Club, 7686 Caldwell Ave. on Wednesday morning. The victim said the check and money were taken by thieves who left the wallet. He was taking a shower, he said and left this locker unlocked momentarily.

Bank windows shot

Police said Monday that \$700 in damages was made to the windows of the Avondale Savings & Loan Bank in Candlelight Court on Monday. Someone had apparently shot numerous holes through the windows with an air rifle, they added.

The old short-change trick

A gas station attendant proved too clever to be taken in by the old short-change trick attempted on Monday evening. He told police that 3 men drove into the Shell station at Milwaukee and Ballard to ask replacement of an oil cap. Two of the men came into the office he said and asked for a \$10 bill but only offered \$9 in bills. Told of the discrepancy, the two men asked for a \$5 bill, again short a dollar. When they saw the attendant could not be confused, the three left the station driving a '76 green Torino with Wisconsin license plates.

District 71 Teachers' Salaries

The Niles Board of Education of District 71, at its adjourned meeting of June 8, 1976, agreed to average the salaries of the seven elementary school districts in Niles Township which have already been finalized, rather than wait until the eighth district determined teachers' salaries. This was not a legal requirement necessary for the Board of Education to fulfill.

The original Board-NCT contract policy Article 13, Section A-3, of the 1973-1976 contract reads: 1975-1976 average of the actual salaries paid in the eight other elementary school districts in Niles Township, and at each step where applicable to the structure of School #71 salary schedule. Listed below is a copy of the final salary schedule for the 1975-1976 school year.

Collision at Milwaukee & Ballard

A 68-year-old Chicago woman was taken to Lutheran General Hospital with head and arm injuries in a 3 car collision at Milwaukee Ave. and Ballard on Wednesday, June 23. Injured was Anna Gray of 6247 Hyacinth St. Police said the Gray car was southbound on Milwaukee and struck an Oldsmobile driven by Sharon Jacobs, 16, 7325 Beckwith Rd., Morton Grove who was making a left turn onto Ballard. The Jacobs' car continued westbound and was then struck by 27-year-old James J. Paskiewicz, 4882 Austin Ave., Chicago who was also southbound on Milwaukee. Police noted the light was green for Milwaukee in both directions at the time of the accident. Jacobs was ticketed for failure to yield while turning left.

Morton Grove Library Happenings

During these hot summer days, the Morton Grove Public Library is featuring "Noon Time Movies" in the cool comfort of the Meeting Room, beginning on Wed. July 7th. Every Wednesday a group of short movies will be shown and patrons are encouraged to bring their lunch and coffee will be served. The films are entertaining and informative and cover travel, drama, comedy, and biography.

The Library would appreciate it if every patron who has ordered a library card would pick up the card at the circulation desk. There is a backlog of cards which have been made up for patrons and never picked up. In order for the library to full service each person, that person must have his or her library card and many cards are waiting at the library for their owners.

Maine Township essay contest winner

A Maine Township youth will spend a week in Williamsburg, Va., this summer as his prize in winning the Bicentennial Essay Contest sponsored by Maine Township Regular Republican Organization.

The best essay written by students at the four Maine high schools was submitted by Paul Petricca, a 17-year-old senior at Maine South, according to Penny Pullen, Bicentennial project chairman for the local G.O.P. precinct organization.

"Paul's essay showed good understanding of the inter-relationship of political and economic freedom, which was the contest theme," Miss Pullen said. "We are proud to award him this

once-in-a-lifetime opportunity to explore colonial Williamsburg during America's Bicentennial of our Revolution."

Paul was introduced by Miss Pullen to the Republican organization at a recent meeting in their Des Plaines headquarters. She also presented his parents, Mr. and Mrs. Frank Petricca.

The family lives in Park Ridge and is reportedly planning to make Paul's trip a family vacation.

The prize included transportation and lodging for Paul and one of his parents, plus \$100 expense money.

The Republican-sponsored contest is the second such contest Paul has won. When he was an

8th-grader at Emerson Junior High School in Niles, Paul won a history essay contest sponsored by Park Ridge (now 21st Star) Chapter Daughters of the American Revolution (D.A.R.).

Paul was on the "B" honor roll in his senior year at Maine and plans to enroll at Triton Community College, where he hopes to prepare for a career in advertising or journalism.

He works at the Dempster-Greenwood Dominick's Food Store and is a pitcher on the Park Ridge Mid Team in softball.

Below is his essay:

"Whether it be a small town, large industry, business of any kind, or the citizens living in the United States, all are affected by

the economy almost everyday of the year. The economic system of the United States has been defined as an exchange of wealth, or production and distribution, or described as the free enterprise system, which is probably the most important, and all tie in with the political scene in one way or another. With the free enterprise system, a citizen can establish his own business, or achieve his own dreams without any interference from the government. Another name for this is Capitalism. Capitalism, unlike Socialism or Communism, enables big industry to carry on without a lot of governmental control, and allows freedom, both economically and politically. If the United States choose Communism as their political policy, industries would be restricted and the government would attempt to direct the economic system.

The citizens of the United States are entitled to the freedom of deciding whether or not government should interfere with the flow of food, money, and clothing, to an extent where the consumer or manufacturer have control. If the economic system allows this freedom, then the political freedom is directly within the grasp of anyone willing to reach for it. Freedom is what the pioneers and founders of this country strived for and the free enterprise system is why an American can work, and eventually see what he has accomplished, for he knows that the money he makes is his, and he can do anything he wants with it. Economic and political freedom walk hand in hand, and without one, the other is impossible to acquire."

Lutheran General "Spirit of '76 Festival"

Individual instruction in the Heimlich Maneuver, a lifesaving technique used on persons who are choking on food, will be given by Lutheran General Hospital personnel and volunteers to those visiting the hospital's exhibit tent at the Park Ridge Spirit of '76 Festival, June 30-July 4, at West Park, Park Ridge.

The Heimlich Maneuver, which takes only a few minutes to learn, can help prevent the unnecessary choking deaths of approximately 4,000 persons each year.

"We want to show the hospital can help the community and how the community can help itself," says Sandee Main, staff associate of the hospital's Service League.

"We hope everyone attending the festival will learn the technique which may enable them to save the life of someone choking on food."

Exhibits showing various services and clinics of Lutheran General will also be in the tent. A slide/sound "tour" of the hospital will be shown continuously each day of the festival and a slide presentation of the hospital's Alcohol Treatment Center will be shown on Wednesday, Thursday, and Friday, June 30 and July 1 and 2.

A personal hospital identification card will be made for each adult and child who visits the hospital's tent. The blue plastic information card can save patients much processing time when presented for emergency room services.

Between The Bugle and Its Friends....

Sabrina Fair, first rate summer fare, opened Thursday night at the Arlington Park theatre.

Movie and TV fans will particularly enjoy seeing many of their favorites. Sylvia Sydney and Maureen O'Sullivan, two stars who graced the silver screen in the 30s and 40s will be recognized by old movie fans who enjoy seeing old friends up close.

Martin Milner, officer Pete Malloy in the Adam 12 series, will give his TV fans equal delight. And old movie fans will enjoy Roland Winters, who shared the role of Charlie Chan with Sydney Tolan in those bygone days.

Sabrina Fair is young Heather MacRae who has returned from several years in Paris after World War II. Daughter of the chauffeur of a super rich Oyster Bay family, she came home to check out a secret love of her youth, the son of the family her father works for. But the older brother, the bon vivant of the family, overtakes Sabrina, and despite his protestations of bachelorhood, and succeeding in his own ruthless fashion, a not dissimilar belief of Sabrina, they discover each other approximately 2 hours after they first meet on center stage.

Maureen O'Sullivan (Jane in the old Tarzan movies) handles her role as the Mother of the super rich family most ably. But Sylvia Sydney, the aunt who has her own fling in Paris after World War I, carries off her role and the audience's hearts with aplomb. She's the 70ish editor, wise to the world, who holds the play together.

Martin Milner, the brother who wins Sabrina's heart, is the apple of everyone's collective eye, including the audience's. And Rolan Winter, the elderly father, is most winsome in his very articulate role as the head of the family though he is the head, emeritus, of the family dominated by his successful son.

The play is a delight for summer viewers. It is uneven, and opening night the lines were somewhat plastic. But then the play is nearing 30 years old, and it certainly is dated. It dies at the end as do so many good stories. But the play is fun, old favorites are fun to watch and Sabrina Fair is summer fare which means summer fun.

"The Sunshine Boys"

Milton Berle, "Mr. Television himself," and the brilliant Broadway comedian, Jack Gilford, have been signed to star in Neil Simon's riotously funny comedy, The Sunshine Boys, opening Friday, July 23 at Arlington Park Theatre, according to Harvey Medinsky and Walter Perner Jr., producers of the theatre. The play, the second in Arlington Park Theatre's three-play summer season, will be on stage through Sunday, August 15.

Sabrina Fair, the romantic comedy opening Friday, June 25 and running through Sunday, July 18 at Arlington Park Theatre, features Martin Milner, Margaret O'Sullivan, Sylvia Sydney, Heather MacRae, Robert Ulrich and Roland Winters in the starring roles. The box office phone number is 255-0900.

Mikva Task Force holds meeting on Maine Township problems

Suburban officials and representatives from various tenant groups and homeowner associations met Saturday as a task force chaired by Congressman Abner J. Mikva and agreed to meet on a regular basis to find solutions to the problems plaguing unincorporated Maine Township.

In addition to county, township and municipal officials, the new task force includes representatives of 10 citizens' groups whose members live in the unincorporated area. Homeowners and condominium owners were represented as well as apartment dwellers. Altogether, the groups represented the occupants of 10,000 housing units in the area.

The initial meeting of the task force was held in the Des Plaines Civic Center.

In summarizing the discussion and planning the group's focus, Mikva suggested that the task force hold meetings this summer to concentrate on the major problems of the area: police protection, drinking water, flooding, and questions concerning annexation.

"No one wants a suburban slum—not the people who live in this area or those in the surrounding areas," Mikva said. "The reason for forming this task force is to unify our efforts, to coalesce in a common effort to deal with common problems."

He referred to a point made repeatedly during the meeting — that unless the problems are arrested, this unincorporated area will disintegrate into a slum and will have deleterious effects on the surrounding communities of Des Plaines, Glenview, Niles and Park Ridge.

The residents' representatives cited common problems: crime, vandalism and insufficient police

At the task force meeting, (left to right, at the table): Congressman Abner J. Mikva; Patton Feichter, representing the Greens Tenant Association; and J. Feldman, representing the Golf Park Terrace Association.

protection; water problems including flooding and impure drinking water; questions involving possible annexation; and the general unresponsiveness of the developers and of management firms that control the area.

A meeting on police protection is to be scheduled in early July, when task force members are to meet with representatives of the Cook County Sheriff's Police Department, which is charged with covering all unincorporated areas of the county. Another option to be discussed is contracting for police protection with the surrounding municipalities.

Future meetings are to be held on questions of annexations to the surrounding towns, intergovernment cooperation or incorporation of the area, and the serious water problems.

Mikva recommended persistent effort on the part of the residents to break down the unresponsiveness of the developers and management firms:

"By banding together, you have already proven that you can achieve results. Some improvements have been made, but to keep it up, you have to keep up the pressure."

Federal legislation may be necessary, he added, to force some absentee landlords to show concern for properties outside the

state where the firm is located. "It would also be good if the state legislature would reexamine the statutes governing the annexation and zoning," Mikva added. State officials who represent the unincorporated area of Maine Township were invited but were unable to attend the meeting because the legislature was in session in Springfield.

Among the public officials who attended the task force meeting were: Nicholas Blase, mayor of Niles; Martin Butler, mayor of Park Ridge; John Crawford, a member of the Glenview Village Board; Alderman Thomas Koplos of Des Plaines; James Dowd, Maine Township supervisor; and Arthur Janura, representing Cook County Board President George Dunne.

Residents' groups represented at the meeting were: Ballard Park Terrace Homeowners Association, Bay Colony Association; Congress of Maine Township Homeowners Association, Golf-Greenwood Improvement Association, Golf-Maine Civic Association, Golf Park Terrace Association, Greens Tenants Association, Greenwood Park Condominium Association, Landings Condominium Association and the Colonial Ridge Residents Association.

NILES ALL AMERICAN SENIORS CLUB

We ran a surprise party for all of our members for Fathers Day, and 10 of our gals baked cakes - and one outdid the other. They were all so luscious looking no one knew what to try first.

The gals that treated were Lottie Krazynski, Frank Leone's Daughter (Mildred Pontome) Esther Milwer, Ruth Deering, Sylvia Arnold, Myrtle Stukej, Rose Wilkin, Svea Lutgen, Florence Porcaro, and Ruth Matts.

The men were served first in honor of their day, and you can imagine what a treat that was to be ahead of all of us women. Later we had a raffle just for them, and prizes were won—John Wilkin—Bruno Liput—Chas. Zuccaro—Charles Spitz—Wm. Clawson—Ray Prasch—and five others. We hope a good time was had by all.

Spirit of '76 missing in District 63

While this week Americans are celebrating the lofty ideals of that lady in New York who reaches out her hands and tells the world "Give me your poor", at District 63's school board meeting Tuesday night, board members and parents opposed the transfer of 6 or 7 orphan and foster children from Maryville Academy into the school district.

Superintendent Gogo reported Maine High Schools have a METCEP program which educates the children from Maryville. Presently, the grammar school children go to the River Trails district 26 schools. However, Maine High has suggested for a better continuity, special education students might better be educated in Maine Township and has asked the 3 Maine elementary districts to accept some of the 45 students in this area.

Gogo said the district would receive 100% reimbursement from the state for the program and district 26 is not able to handle the special education program.

While Board member Howard Lessin led the objections to accepting the children, a few parents in the dwindling audience voiced strong objections. While the objectors did not openly express their fears, privately they spoke about the poor influence the children would have on their own children in the district.

Publicly parents noted the cutbacks in social workers and nurses in the district and stated it was incongruous to cut back in these areas and then request children from outside the district be accepted for admittance.

When parents insisted the public give input to this matter, Board President Reiss said the problem will be discussed at the next meeting Wednesday, July 7 at 6 p.m.

In other actions a petition of more than 300 signatures asked the Board to re-consider cutting the nurse staff to 1 plus using nurses' aides to replace dismissed registered nurses. A very impassioned speech from a Mrs. Curdell, the nurse who will remain in the district, cited the trauma to the children, in many cases where a professional nurse would not be present. She said RN's "offer so much to those

who need them" emphasizing the "depth of service" nurses provide. She emphasized the district is cutting back from a \$100,000 budget for nurses to a plus \$36,000 while a plan she presented would retain 4 nurses (rather than 1) at a cost of about \$50,000, noting the difference of \$13,000 did not warrant the potential traumatic experience to many district 63 students. This problem is also to be discussed July 7.

The cutting back of social workers from 9 to 7 brought requests from 2 parents to re-consider the reductions, noting the fine work one worker, a Mrs. Benz provided at Nelson School. But the Board took no further action on the matter noting 7 social workers would adequately handle a district who student population is dwindling.

In another action Board member Howard Lessin objected to the district handing out its insurance to the same agency without seeking bids. Since Lessin's objection came prior to the Liability and Workmens Compensation insurance coming due, his suggestion for a consultant to review district practices was discussed. Because the district is considered a poor risk for liability (partly because of last year's Melzer fire) and for Workmens Compensation, because of several claims, it was concluded present transactions would remain, but consideration for an insurance review may be considered.

Park Board delays decision on residency requirement

(by Alice M. Bobala)

The Niles Park District Board is not ready to adopt an ordinance requiring residency for future park employees.

An opinion poll cast Tuesday night by the park commissioners during committee meeting indicated three commissioners were in favor of continuing present board policy of preferentially hiring qualified Niles residents but were against a "black and white" (ordinance) residency requirement. Two commissioners were strongly in favor of the proposed residency code which, said Commissioner William Keener, "would reflect a stronger interest and dedication toward the employer's work."

However those opinions could change before the next Board meeting, according to Park Board President Millie Jones. "Each of the commissioners is reflecting upon Tuesday's discussion could change his opinion before an official vote is taken at the July 13 board meeting."

Park Comr. Steve Chameriski requested Park commissioners at the July 15 meeting to consider an ordinance similar to the recently passed-into village code which now requires future employees to live within Niles boundaries. While requiring future housing moves be made into Niles, the code does not affect present employees living outside the village. A loophole provides for employment in "highly technical or highly specialized areas."

Chameriski noted Tuesday night that numerous park program instructors and maintenance people were out-of-towners and said the positions could just as well be filled by qualified Nilesites from a population of 32,000.

"No one will be fired by this ordinance," he said. "We (park district) just want to protect our interests by future employment of Niles residents."

Keener, a strong proponent of the residency requirement, said he favored Niles residency for full-time staff members from the time he first came on the park board. Travel time would be at a minimum to answer and expedite emergency calls, he noted.

Secondly, he said, the cost of housing is comparable in Niles as

in surrounding towns; that village residency means easy access to work, especially during inclement weather.

He emphasized particular concern with the 23 full-time park personnel, that "part-time positions could be filled with no problems."

"We were the first park district to enact a 4-year term for park commissioners as against the previous 6-year term," said Keener. "We have every right to be the first to pass a residency ordinance, dependent upon legal counsel."

While favoring present board policy for hiring Niles residents, Board President Millie Jones doesn't "see the need for recreation people to be on a 24-hour call," by enacting required residency.

"I can see the need for police and firemen on such basis," she noted. "But let's be realistic and not hire Niles residents irrespective of qualification."

Comr. Jack Leske also was against the proposed requirement code. "The park district should not pass up a better qualified person for necessity of hiring a Niles resident."

He did question the fact that 50% of the Complex-employees were out-of-towners.

Newest member to the park board Comr. Jeff Arnold prefers not to see a "black and white" ordinance. He asked for a stand-off by the park district until after Sept. 1 when Chicago ordinance requires residency of city employees.

Park Director Bill Hughes agreed wholeheartedly with the intent of the proposed ordinance but asked that commissioners adhere to board policy of hiring Niles residents on a qualified basis.

Hughes, a resident of Des Plaines, told the Board he was not able to find proper housing on a financial basis within Niles, even after extensive search.

Also he noted certain park district positions need skills which are not always available thru Niles residents. Last minute decisions to change jobs also presented problems he said when other applicants had been hired elsewhere.

MG residents oppose multiples on Ritter property

(by Phyllis Weisberg)

At the Village Board meeting Monday night a large number of citizens crowded into the village hall to urge the board to "go all the way" in defending their position in court in regard to the Ritter property on Lincoln ave. Edward Boyle speaking for his neighbors said he has hired an attorney and will appear in court because "We don't want hi-rises, apartments or townhouses on that property." John Hilkin said he felt those concerned should have an updating on the legal position of the village in this matter. Atty. Gabe Berrafato said there have been 2 trials so far and 2 mistrials. Judge Raymond Berg is now hearing the case and has agreed to let Mr. Boyle's attorney intervene in Boyle's behalf. The case was continued till July 16.

Mayor Bode paid tribute to John Stater and Bill Heinie, who were instrumental in the fine new R.R. station plans.

Henrici then announced that Bart Conner of Morton Grove has made the U.S. Olympic team by placing fourth in last Saturday's competition and will compete in the Olympics this summer in Montreal. John Hilkin then added he felt the board should begin making plans to honor this fine young athlete. Conner will be a member of the Gymnastic Squad.
