'Spirit of '76' in Niles becomes disenchanted

The 'spirit of 1976' in Niles became somewhat dispirited this past week resulting from the Niles Days Committee receiving no acknowledgement of its efforts by the Niles Bicentennial Commission.

Niles Days Chairman Ed Brasch, in a fit of pique, resigned from the Bicentennial Commission. He told the Bugle the Niles Days organization, which repre-

sents such a large population of the village, has been completely ignored". Brasch noted the Niles Days group has contributed about \$60,000 in the last 5 years (to village-sponsored activities, noting during the Niles Jubilee celebration 2 years ago the Niles Days Committee also did not receive acknowledgement for its efforts.

Brasch noted after the parade

July 4, a typist, a parade coordinator and a \$25 dollar trophy donor were duly recognized, but the Niles Days group which contributed \$7,500, plus a goodly amount of labor, was ignored.

Village trustee Carol Panek, who was appointed Bicentennial Commission chairman by Village President Blase, is really in the middle of the controversy. Brasch

said Panek refused to accept direction by her Commission, preferring to run things as she wanted to. He cited a letter the Commission authorized to send to the village which Panek refused to sign even though the Commission voted it be sent. Brasch said there was much controversy on the Commission, partly due to Panek's ignoring the directions of her commission.

Brasch said he thought the ignoring of the Niles Days Committee might have been deliberate since they received no acknowledgement of their efforts in news releases sent to newspapers. "I wonder if I'm over-sensitive...I love the village (and the Niles Days work)". He suggested Blase should appoint someone with more experience

Niles-MG residents oppose PUD multiples

[by Alice M. Bobula]

Despite the voluble opposition from 80 area residents and 3 representatives of an adjacent school, the Niles Zoning Board of Appeals Wednesday, July 7 approved the petition by Niles Investment Co. for annexation to Niles and Planned Unit Development (PUD) of a R5-zoned Cook County site at 9500 Washington St.

Petitioners must now go before the village Board of Trustees for approval of site plans. If village approval is obtained, petitioners must reappear before both the Zoning Board and Village Board for a favorable decision on pre-annexation agreement and revised site plans.

Neighbors objected to the PUD project because the 13-acre site is

adjacent to single-family homes; the density of the development is too high for the area; traffic volume would be increased; it would add to flooding problems and parking problems would increase.

The petition, continued from last month for consideration by zoning commissioners, was revised from original plans of 58 six-flats or 348 total dwelling units with projected recreation facilities to 318 units. Plans were approved by the board predicated on reduction to 300 or 306 units.

At the outset of the Wednesday night hearing, Zoning Comr. Kenneth Cohen told Perry Snydermann, legal counsel for the petitioner which is a subsidiary of

Bicentennial Sunday was a lovely day. It was a beautiful warm July 4 day. We rode in Niles parade and shouted out 'Happy Birthdays' all along the route. Everyone seemed to radiate the warmth of the day. We pictured this was the way America was 50 years ago in the small towns which had parades and picnics and fireworks and lemonade. America was unfolding a big dose of gentleness and kindness and it was great to be a part of it.

Tuesday night, July 6, at the Apollo School there was another America which showed another face. Despite all the platitudes about freedom and brotherhood and helping the next guy, several parents at the school board meeting reverted back to that other America.

A proposal to accept 19 children from the Maryville Academy into 3 Maine Township elementary school districts was rejected. The children presently go to school in the River Trails district north of Central Road. Many of the children go to Maine High School under a special education program and the district desired for better continuity. The program would be better served if the pre-high school students could use the Maine Township elementary districts.

The River Trails school district, which now educates these children in a small 2 school district which desired the transfer of the children into the Maine districts. Since there are 19 children in the program, about 6 of the children would be placed in each of the 3 Maine elementary districts. But a petition from more than 200 parents was presented to the Board objecting to the transfer of the children.

We forgot to mention these children at Maryville are orphans, wards of the state. And parents in the district objecting to the transfer were concerned their children would somehow become tainted if 6 of these wards of the state moved into the schools five hours a day.

The arguments are becoming familiar. A real estate dealer said real estate might become devalued if these children came into the district. Another mother said she would sell her home and move away if the unholy 6 moved into her schools. As one parent succinctly remarked, "there would be nothing gained for district 63 by accepting these children into the district."

New Village code limits height of grass and weeds

[by Alice M. Bobula]

An amended ordinance which limits the height of grass, weeds and other ground cover was unanimously approved by village trustees July 13 and will pass into law following due publication of notice.

The amendment required that grass, weeds, or any other vegetation commonly known as ground cover, be kept below 8 inches in height unless the property owner can demonstrate a reason for further height.

Senior Citizen Flu Inoculation

Maine Township will coordinate the swine flu inoculation program for the 10,000 to 12,000 senior citizens who reside in the township. Maine Township Supervisor James J. Dowd announced today. Dowd said the township was designated the coordinating agency for all residents over 65 by the Cook County Dept. of Public Health. He added that there will be two types of flu vaccine, one for the general public, one for senior citizens. Dowd said the first type, called bivalent, will contain both swine

flu and a second strain called A/Victoria. It will be used only for senior citizens and persons with chronic diseases, particularly of the cardiorespiratory and metabolic types. The second type of vaccine, called monovalent, will contain only swine flu. It will be used on persons under 65. The coordination of this inoculation program, Dowd said, will be the responsibility of the cities and villages. Dowd said that Maine Township is now in the process of contacting local hospitals, nursing homes, local public

health departments, and interested doctors' and nurses' organizations to establish a working coordinating committee. Dowd said the township would call a meeting of responsive individuals probably this week. He added that the bivalent vaccine for senior citizens should be available by August, and that inoculations could begin then. Dowd said that the township is in need of volunteer help, and that interested persons should call the Maine Township offices at 297-2510.

SENIOR CITIZENS CLUB OF NILES

The members all welcomed Gene Kostos, President of the Club, back after a stay in the hospital. The operation was successful and Gene looks great.

The outing to Drury Lane South on Sunday, June 15th left the Niles Recreation Center at 12 p.m. with 46 happy members. We arrived at the beautiful Martinique at 1 p.m. and were escorted to the dining room. We were served a delightful prime rib dinner. We all sang Happy Birthday to Walter Jabczyk.

At 3:30 p.m. the production of "Hot Line to Heaven" was presented. The characters were played by Mr. and Mrs. Pat O'Brien and a very competent supporting cast that kept us in stitches for most of the play. Anyone who did not join us missed a very delightful day.

NILES ALL AMERICAN SENIORS CLUB

On June 29th our Niles All American Seniors and guests were off on their first trip to the Arlington Race Tracks.

Upon arrival we went to the Futurity Room for a buffet luncheon. Everyone enjoyed a food selection of their own choosing. The luncheon fare was delicious and the atmosphere relaxing. From this vantage point we had a panorama view of the countryside with its several towering buildings and heavily wooded area.

Since there was a long interval between luncheon and the start of the races, several decided to make a tour of the Clubhouse, track and surrounding grounds viewing the well-groomed horses in their paddocks and the jockeys resplendent in their colorful outfits.

We were eager to try our luck when the paramutual windows opened. Several placed their first \$2.00 on the Daily Double (the winning horse in the first and second race) and much to our surprise five in the group were winners in this category.

Excitement abounded everywhere. It was thrilling to see the horses take off with such great speed and finish a few seconds later. The group cheered loudly for their favorites, and when they won, placed, or showed, down to the paramutual windows they went to collect.

On our homeward return, notes were compared, and several who took a chance came out ahead, some broke even, and a few lost "just a little bit". However, whatever the individual results we had an exciting and wonderful time.

Orioles won their fifth in a row. Brian Borrelli had a home run, Bill Majewski had 2 for 4 with 2 runs batted in. Dan Frank got his first hit of the season. For the losing Indians Ricky Colon and Bob Aley led the hit dept. Good pitching from Steve Gattorna and John Gambio but poor defense could not hold the score down.

Astros 14 Yankees 3
For the Astros, good pitching, defense and hitting. Grand Slam and a triple plus 3 for 4 by Jim Hafer. Gibson 2 for 2, Grabbe 2 for 3. Alan Wilczewski went 2 for 4.

White Sox 4 Astros 3
Cardinals 9 Pirates 6
Cardinals again scored late in the game for their 5th win trailing 6-1. Cardinals hitters were Brian Scheffler, Rick Gallatz, Lee Newlan, Mike Bucci, Steve Furmanski and Tony D'Agostino combined for 9 hits and 8 runs. Cardinals 3rd baseman Frank Goldberg made a super catch.

Indians 4 Yankees 4
For the Indians good pitching from Steve Gattorna with help from pitchers Jeff Majewski and John Gambio, and good hitting from Jeff Majewski and Bob Aley. Super defense and alert base running made the game exciting. A timely hit with bases loaded by Bob Franke helped the Yanks tie the game.

Astros 9 Mets 6
Grabbe the catcher for the Astros called a great game picking off four of the Mets runners.

Cardinals 7 Orioles 2
Strong pitching by the Cardinals Jim Les and Brian Scheffler allowing 2 hits and the Orioles Dan Frank, Jim Capek and Bill

Majewski spreading out 7 hits were the constant interest in the game. One of the seasons great plays a diving catch on the left field line by Cardinal Tony D'Agostino robbed a sure double off the bat of Ron Braver. Christ Linhart scored both Orioles runs. Dave Shimanousky & Jim Les each went 2 for 3.

NILES PONY AAA Cubs 6 Glants 3

After Tom Spino pitched 4 innings of 1 hit baseball and the Glants had the lead, the remaining Giant pitchers had their problems and couldn't hold off the Cubs. Gary Amato continued his hitting with 2 for 3 day and Tom Spino had 2 for 3 including his 5th home run of the season. Bob Berg a 14 year AAA player, pitched a good 1 2/3 innings and deserves credit for his gutsy performance.

A's 5 Expos 3
A's started a new catcher Larry Bender who did a fine job. Larry also pitched the last 3 innings giving up 1 run on 2 hits. Bob DeLorenzo, Tony Zagone and Rich Schumacher each had 2 hits. Rich Rimak made a great catch off a line drive at 3rd.

Tony Piazzi pitched 4 innings of 1 run baseball against the league leader's but to no avail as the Expos couldn't quite get it together, either at bat or in the field.

Braves 11 Padres 10
Padres lead through most of the game but couldn't quite hold on to the win. Padres out hit the Braves in a losing cause. The Padres should hang in there and not give up. Winning Pitchers for the Braves were: Rick Szatkowski, John Krajewski and Dave Murray. Losing pitchers for the Padres were Mike Maloni, Don DeLouise, Ken Borowski and Joe Booker.

A's 22 Braves 4

The Expos exploded for their top hit production of the year, 14 hits in only 5 innings. Jack Walsh had 4 hits while one of Chris Piazzi's 3 hits was a lone triple. Only one man did not hit safely. Jim Ratcliff made a spectacular diving stop at 1st base to help shut out the Padres in their last turn at bat.

June 25 Senators won by forfeit over the Tigers.
June 28 Tigers 13 Angels 7
The Tigers snapped their three game losing streak and also ended the high flying Angels current four game win streak due to a fine team effort. The Tigers bats came alive pounding out 18 hits, shortstop Rich Zajdel hit for the cycle, walked and scored 4 big runs. Steve Dombrowski went 4 for 5 and hurled 3 strong innings on the mound. Iron man Joe Dorjath went 3 for 4 and caught all 6 innings behind the plate. Every Tiger player should be praised for the excellent contribution he made so this victory could be possible. For the Angels, Stefanovic contributed 2 hits and 1 RBI and Scheffler drove in 2 runs with a triple.

Twins 17 Braves 6
"Never give up" apparently has become the Twins slogan this year. The division leaders came from behind again to record their eleventh victory against only 2 set backs. Down 5-0, the Twins exploded for 7 big first inning runs featuring a big triple with the bases loaded coming off the lumber of Larson. The Bell brothers and Woloszyn combined their mound efforts to halt the Braves the rest of the game and record the triumph.

June 30 Twins 17 Glants 14
The Twins got revenge in this slugfest as they banged out 13 hits, led by Dan Bell and Woloszyn who each went 3 for 4 and Fanella who went 2 for 3. The Glants broke the Twins 8 game winning streak earlier this season, but in this game showed some offensive power themselves banging out 11 hits, but it still wasn't enough to knock off the Twins again.

Angels 5 Orioles 3
Any baseball buff will tell you that pitching is 90% of the game of baseball and Angel hurlers Zajec and Stefanovic demonstra-

ted this as they combined to toss a 3 hitter against the Orioles. Strong armed Henry Zajec hurled the first 4 innings, fanning 7 Orioles, then Stefanovic took over pitching the last two frames striking out 3.

Niles Summer Swim Team

1 Loss - 1 Win
 The Niles Park District Swim Team went against Mt. Prospect Park District Swim Team on June 30 and lost with a score of 220-325. While the point differential seems high, a thought to remember is that most of our swimmers are new to competition swimming. They learn the strokes during our fine winter program conducted by Al Brennan. Niles Park District Summer team also acquires some experienced swimmers from other teams that swim a winter team in other areas and they help boost the morale of the newcomers.

Our girls eight and under relay is really a sight to see, winning first place was E. Arrison, R. Arrison, K. Lake, and N. Koznecki. These little ones do a tremendous job.

The 9-10 age boys relay comprised of R. Schrieman, K. Arrison, G. Arrison, and A. Galassini placed first in the 200 free relay. K. Arrison, C. Chanconas, and R. Schrieman continue to break their own records in the fly and breast strokes.

Our 11-12 age girls placing first in her individual events was L. Ciccone, and relays with the help of her friends, K. Zeff, J. Zeff, and K. Hayward.

Our older age group has turned in many first places with the help of E. Fanning, S. Kuska, P. Brennan, M. Mucha, S. Turcotte, K. Lake and J. Schafges.

These same fine swimmers turned in an exceptional performance on July 7, when we all went out to the Disney Pool of the Elk Grove Village Park District and beat them with a score of 304-236. At this meet we lost one of our swimmers who hurt his foot that afternoon in the park and had to have a few stitches. Rob Schireman hurry and get well before we swim Deerfield.

Northwestern wins again

Northwestern Stables of Morton Grove, Illinois came home from the Baybridge Farm Show with 12 Championship and Reserve ribbons and 20 blue ribbons! The 2-day horse show was held June 12-13 in Hinsdale, Illinois.

Will Simpson rode Hunters & Jumpers, Inc.'s horse "Acrofast" to win the Equitation Championship, 15-17 with 2 blue ribbons over fences. He also guided Bobbi Stehlik's "Final Decision" to the Reserve Championship in Special Working Hunter and First Year Green Working Hunter, collecting 2 blue ribbons over fences in the Special division and 1 blue in First Year Green. Will rode Frank M. Jayne, Jr.'s horse "Sunburst" to win the Reserve Championship in Junior Working Hunter, 15-17.

Jill Jacobs took the blue ribbon in the American Horse Show Association Medal event riding "Final Decision." Up on Mr. Jayne's "Snap, Crackle, Pop," Jill won the Pony Hunter Championship - a win which included a blue over fences and a blue on the flat.

Douglas Boyd rode his "Misty Morn" to the Reserve Championship in Equitation, 14 and under, with a blue over fences and a blue on the flat. Doug also won the Reserve Championship in Junior Working Hunter, 14 and under, including a blue over fences in that division.

Tim Glass of Niles named Olympic Games Alternate

The U.S. National Championships and Olympic Trials were held at the Cherry Hills Courts, N.J. from June 24-July 2. Five NDHS Alumni participated out of the 600 plus competitors. In the Under 19 Foil, Mike Gerard ('75) advanced to the quarters. In the Under 19 Sabre, Kevin Cawley ('76) made the finals and finished 5th. He now has points towards selection to the '77 U-20 World Championships in Vienna, Austria next Easter. The finals were: 1. Steve Renshaw (NYAC) 2. Mike Sullivan (UND) 3. Andy Vistola (NJ) 4. Mike Butan (metro) 5. Kevin Cawley (NDHS), Ill. 6. Brad Thomas (LAAC).

Pat Gerard ('74) competed in Senior Foil. In the 175 competitors, Gerard advanced from the first round 3 wins, 2 losses. In round 2, Gerard was 5-0 after a typical 5-4 win over Jim Herring. Herring and Gerard usually go 5-4 in their bouts. Both Gerard and Herring advanced to the round of 49. The final round of the first day was the third preliminaries, out of this round (a pool of 7) Marty Lang (finlist), Ed Donafrio (US Nat. 1976 Champ), John Tank (Semi-finalist) and Pat Gerard advanced to the quarter finals (round of 24). It is from this that the future Olympic squad is composed for the next four years.

Gerard went 2-3 in the quarters and did not advance, but those who did not make the finals. Gerard wound up 15th in Nation for the next quadrennial squad. This was Gerard's first time in the squad. He lost a close bout 5-4 to Ed Wright (Olympian). A win would have sent him into the semi-finals.

Tim Glass ('73) entered the competition of 175 plus competitors 15th on the Olympic Squad. due to two bad or less than average performances in the earlier olympic trials in San Francisco and New York. In New York he broke his wrist in a fall and complete mobility had not returned. It was to his credit and residual ability that he was able to win the Midwest Championships 2 days after he took off his cast.

In the first round Glass advanced 3-2. In round two Tim advanced 2nd in his pool with a 3-2 record behind former US team member Lee Shelley. In round 3 the pools of 7, there were 5 Olympic squad members and 6 of the 7 fencers were adult "A"s. It was clear that at least 2 olympic squad members would be eliminated. From this round Glass advanced 3-3 with a good touch ratio and the aid of a double defea between Steve Netburn and Ken Morgareidge. This ended the first

The results were: 1. George Masin 4-1 (after a fence off for first) 2. Brook Mackler 3. Tim Glass (UND, NHS) 3-2, 4. Randy Eggleton (U of Penn) 2-3 5. Paul Pesthy 1-4 6. Scott Bosek 1-4. Named to the Olympic Squad based on total points: 1. George Masin 2. Brook Mackler 3. Scott Bosek 4. Paul Pesthy, First Alternate: Tim Glass.

The alternate does not go to the Olympics unless a starter is unable to. However it has been a Cinderella story for Tim Glass these past 3 years. He moved up from 17th to 5th place in the Olympic squad to begin a new olympic season. In this time he has established himself as the best young fencer to come along in 8 years.

Dan Jayne guided Horse Stuckenbrock's "Ramona" to win 2 Modified Jumper classes, easily taking the Championship in that division. Rose Jayne rode "Trust Fund" to win the Junior Working Hunter, 15-17, Championship, with three blue ribbons over fences. Rosie was also the Reserve Champion in Equitation, 15-17, including a blue ribbon on the flat.

Laura Waldbart rode her horse "Allegro" to win 2 Reserve Championships - in Second Year Green Working Hunter and Amateur-Owner, 29 and under. Laura won two blue ribbons on the flat in these divisions. Laurie Benach rode her horse "Q-Ball" to win a blue over fences in Junior Working Hunter, 14 and under.

Mikva Task Force to seek Maine Township funds for police

Some members of Congressman Abner J. Mikva's task force on unincorporated Maine Township banded into a subcommittee July 7 to seek funds from the township to step up police protection in the unincorporated area.

At the Congressman's suggestion, a subcommittee was formed of the following residents' representatives: Pat Feichter of the Greens Tenants Association; J. Feldman of the Golf Park Terrace Association; Jack Gerson of the Greenwood Park Condominium Association; Carl Marker of the Golf-Greenwood Improvement Association; and Tom Mayfield of the Golf-Maine Civic Association.

The chairman of the subcommittee is Gerald Feldman, president of the Golf-Maine Park District, which serves the unincorporated area.

The meeting was devoted to police protection and crime problems in the area and was held in the Dee Park Fieldhouse of the park district. In addition to representatives of the various residents' groups, those who attended included Mayor Nicholas Blase of Niles, Arthur Janua, administrative assistant to Cook County Board President George Dunne; Fred Braun of the Cook County Sheriff's Department; and representatives of the Des Plaines and Niles Police Departments.

The subcommittee is to prepare the request for funds to be presented to the Maine Township board and will explore other possible sources of revenue. Congressman Mikva said he would check with the Law Enforcement Assistance Administration about the availability of funds from that agency.

Some of the residents reported that while the relationship between residents and The Sheriff's Department is good, the protection is not adequate for the 25,000-35,000 living in the area. Officer Braun explained that the department is strapped for manpower and is not funded to adequately cover the unincor-

porated area. The Sheriff's Department has two cars to cover unincorporated Maine Township, plus one car that splits its time between Maine and Northfield Townships, according to Braun. He said the department received 2,135 calls from April through June, 1976, but that despite the volume the response time per call was seven minutes or less.

The consensus of opinion was that the most feasible alternative for the Maine Township area is to copy the experimental program of Northfield Township, which is "hiring back" off-duty sheriff's police to patrol the area from 8 p.m. to 1 a.m. The township pays the deputies' salaries and the sheriff's department furnishes the cars and other equipment. If government funds are not available, the residents may be willing to pay for the increased police service, some of the participants said.

One option mentioned at the original task force meeting, held June 26 in Des Plaines, would be for the unincorporated area to

contract for service with the police departments of the surrounding communities -- Des Plaines, Glenview, Niles and Park Ridge. That alternative was ruled out as unfeasible given current state laws governing authority and responsibilities in such a situation.

"The task force has made a useful beginning in trying to solve our common problems. Individual efforts had been unsuccessful, but by getting together and working toward common goals, the chances are much better," Mikva said. "On the police protection problem in particular, cooperative effort is necessary. No one wants to see unchecked crime or people feeling insecure in their own community."

The Congressman said that he plans to schedule a public meeting on questions regarding incorporation or annexation of the area for some time in late August. After that, a meeting is to be scheduled on the problems of impure drinking water and flooding in the area.

Marathon Girls pledge 57 hours of Softball

[By Allee M. Bobula]

The Red Stripes beat the Blue Stars 456 to 455 in 307 innings of continuous softball in the 1976 Niles Youth Commission Girls Bicentennial Softball Marathon July 9 thru 11 at Jozwiak Park, Franks and Touhy in Niles.

Opening ceremonies were held Friday evening altho the first ball of the Marathon had been pitched earlier in the name of the Variety Club Children's Charities which sponsors La Rabida Childrens Hospital and Little City. About 125 girls between the ages of 13 to 23 volunteered to play a continuous 57 hours, rain or shine, finalizing Sunday evening at 10 p.m.

In an exhibition 3 inning game, village officials lost to the team of veteran girls, 13 to 4, for the second year. In spite of Rich Harczak's home run, Mayor Nicholas Blase's pitching ("we lost last year when he pitched!") groaned 3rd baseman Abe Selman) Ralph Bast' legs, Joe Salerno's fielding, Keith Peck's running and Pete Pesole's catching, the men were outclassed by the youthful determination of the girls.

According to the Blase, who had asked not to be quoted, "All we needed were 9 runs—we just ran out of time!"

Girls listed for the Hall of Fame this year were Jan Bobula, pitcher; Mary Ann Massari, Vicki Peck, Donna Bratta, Linda Orr, Donna Bavara, Sue Woodrow, Debbie Hendricks and Doreen Rydzewski.

Morton Grove Mayor Jules Bode was on hand for the ceremonies as were Niles Park District members and other village notables.

Unreasonably hot weather of 100 degrees Saturday and Sunday and high dusty winds slowed down play over the weekend. Last year the Marathon had been rained out from one to several hours of play. In previous years the girls played through, rain or shine.

Brightening the ceremonies were former Nilesite Youth Commissioners Barbara and Chuck Morris who have moved back into the area.

Hollis named Chairman of Sam Young fund-raiser

Raymond Hollis, of (818 S. Aldine) Park Ridge, has been named chairman of a July 16 Republican fund-raising dinner for former Congressman Samuel H. Young, the Republican candidate for Congress in the 10th Congressional District.

Hollis, who is president of Graymills Corp., in Chicago, will head the \$100-a-plate dinner at which some 600 persons are expected to attend.

Secretary of Commerce Elliot L. Richardson is guest speaker for the dinner being held at Allgauer's Fireside Inn, 2855 N. Milwaukee ave., in Northbrook. Richardson will discuss the problems of restoring confidence in government and also inflation and unemployment.

Hollis, who is a member of the Young for Congress Executive Committee, said the fundraiser "represents the real kickoff of general participation in the Young campaign."

For tickets, send a check payable to "Young for Congress" to Young For Congress Headquarters, 9701 N. Kenton, Skokie 60076, or call 673-8676.

Pat's Bicentennial contribution

Patricia Steinert, 16, of Niles decided she wanted to paint a Bicentennial motif on the family garage door. She saw a small picture of an eagle which she drew on a large piece of brown paper. From that she pencilled it on the garage door and painted it. It took her two weeks to complete painting the door.

Pat's family and neighbors are very pleased with her effort. Pat will be a junior at Resurrection High School in September.

Niles Family Service Thought for the Week

By: James Cisek - Community Outreach Director and Jay Karnat - NFS Assistant Director

The label "educational-preventive" is a description of programs which you will be hearing more frequently. More than just a new label, educational-preventive programs represent a major change in the field of mental health. We would like to discuss what the label means and why it is an important part of Niles Family Service.

The field of mental health and therapy has been primarily involved in the treatment of people in crisis who are referred to clinics or agencies such as ours. Because of the pain people are experiencing at that time, treatment is a more intense experience. It is an effort to remove the problem, ease the pain or alleviate the crisis. Preventive programs, by definition, are designed for individuals of any age who are not in crisis or experiencing pain, but who are willing to experiment and grow. The basic assumption behind a preventive program is that mental health and emotional stability are related to what we learn. We must learn how to survive in this world. Some of us only learn one or two ways, and feel their choices in life are limited. Educational-preventive programs are an attempt for people to learn alternate ways to grow.

The old cliché "A stitch in time saves nine" can apply to preventive programs. If we can assist a teenager to cope with his shyness, he will be more receptive to learning and better able to make social adjustments. The assumption of educational-preventive program is that shyness may not be a sign of deep psychological trauma, but merely a sign that this person hasn't learned effective skills in how to talk to people, or where to meet people. If parents learn more effective ways to raise their children; the marital relationship as well as the children's emotional well-being can be enhanced. If we can teach you these techniques and you want to learn them, we may be

preventing a problem (like depression of low self-esteem) from arising and needing treatment.

An educational program emphasizes the learning process. We can teach basic educational skills such as language, mathematics, social studies, in a systematic way, as we currently do in schools. Students are given facts, information and thoughts. However, few schools teach how to deal with feelings, how to relate to other people in our environment.

An educational approach to mental health emphasizes the learning of these skills and techniques also. Yet, knowing how to relate to others; how to cope with tensions, how to solve your own inner conflicts are all necessary prerequisites before more factual learning can take place. An angry or withdrawn child is usually not ready for the days' reading lesson. Mental health specialists are skilled in the area of interpersonal and emotional change, just as English is the area of expertise for an English teacher. By encouraging emotional growth through teaching of psychological skills, we believe a more comprehensive educational approach is achieved. In many ways, educational and preventive can prove to be synonyms.

Niles Family Service is pleased to announce the beginning of an educational-preventive program this fall involving three Niles area schools. St. John Brebeuf, Our Lady of Ransom, and Gemini Jr. High are incorporating this program into their curriculum. It is their positive commitment to the growth of their students, academically, physically and emotionally. In future columns, we will describe educational-preventive groups that are available to adults who want to enhance their personal growth. For further information about this program, we invite you to contact us at Niles Family Service at 692-3396.

The Community Fair was the first of event of the Bicentennial weekend sponsored by the Niles Bicentennial Commission in commemoration of the nation's 200th birthday. Approximately 5,000 spectators viewed the Grand Parade held Sunday on Milwaukee ave., and the three-day weekend of festivities finalized with an aerial fireworks display at the Niles Park District Little Tam golf course which enthralled an estimated 10,000 watchers Monday evening.

Approximately 50 Nilesites submitted cherished recipe-entries Saturday morning in the Culinary Arts Exhibit at the Fair, some of which were bicentennially decorated. The exhibit-contest was coordinated by the Niles Unit of the Suburban Cook County Homemakers Extension Association. Co-chairmen Carol Pickup and Marge Kaderabek, both of Niles, noted that "the response to the contest was gratifying. Many of the entries were unusual in their class, attractive and very delicious."

Rosette ribbons were awarded in four categories. In the Cakes and Pies division 1st place was awarded to Pat Rychter for an apple pie; 2nd to Minnie Treutler for a rhubarb pie; 3rd to July Flynn who baked a rhubarb cake and Barbara Leske was awarded 4th place honors for a bicentennially decorated drum cake.

In the bread baking division the four top awards went, respectively, to Joyce Knapp for a Danish puff; Agnes Frierwer for 10 cholesterol cookies; Lillian Brusser for a date-nut bread and to Charlotte Hoppe for a jelly breadroll.

Of the 16 entries of jam, jellies and canned relishes, the four top awards were won by Darlene Sosnowski for a plum nutty jam; Sandra Rees for a strawberry jam; to D. Sosnowski for apple butter and to Eileen Henschfield for a jar of pickled peppers.

First place in ethnic recipes was won by Edna Seelos with an English Lemon cheese spread; 2nd place by R. Steiger who baked a German Chocolate rum

log; 3rd to Anne Hoaglund for Italian Pizzelles (cookies) and 4th place was awarded to Mrs. C. Meyers for German lemon frosted crullers.

Entries were judged by Niles Homemakers members Helen Zizak, Grace Willert, Magda Erickson and Elinor Frink; and 4-H members Julie Jacobs of Arlington Heights and Holly Vogt of Palatine.

Local judge Helen Zizak termed "winning decisions as being very difficult...there were so many goodies and all of them tasted delicious."

The 4-H judges were visibly impressed with the baking, and canning entries and were voluble in their praises of the entire Community Fair.

Top gusser in the Peanuts in Jar contest was Paula Panek at 532; Rose Brozik was second with 523. Total number of peanuts in the jar; 531. Bicentennial prizes were donated by Dempster Plaza State Bank.

Bicentennial Wagoneers complain of inadequate facilities

About 1,000 unhappy Bicentennial Wagon train members had enough of Valley Forge, Pa., and many left Monday, July 5, with complaints that facilities were not adequate.

Organizers at Valley Forge, which is where General Washington's men suffered privation, bitter cold and disease 200 years ago, said that 3,000 wagoneers, 1,000 more than were expected, showed up.

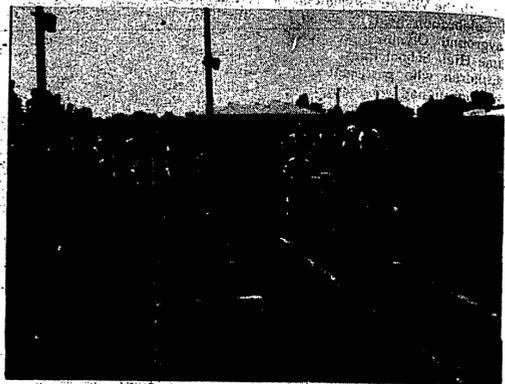

Complaints ran from a shortage of food, on Saturday night, to complaints about toilet facilities and food for the horses that drew the wagons from the 50 states.

Because the Library is a cultural center which can make these records accessible to a large public, it will receive these records over the next three years. American music from all periods will be represented, including works never before recorded and Historic recordings. The Library now has the first 10 records of the collection available for borrowing and they include music of the American Revolution, the American Marches, Ragtime, Behop, music of the American Indian, and 19th Century American Organ Music.

LETTERS to EDITOR

An open letter to the Niles Bicentennial Commission from The Niles Days Committee

Yes, we enjoyed giving the 150 man-hours needed to operate the kitchen for the village fair at Notre Dame on Saturday, July 3; and we enjoyed serving the cokes and helping in the parade on Sunday July 4; and we also enjoyed assisting and giving out over a thousand inflated balloons at the fireworks display on Monday, July 5. Yes, we enjoyed giving of ourselves because our entire organization is a philanthropic and giving organization that was bestowed much to and within the Village of Niles. Yes, we certainly love our Village and of course our country as well.

Then, when you printed a program for the week-end and listed every two dollar or more donor, why didn't you list or even mention our other gift—yes, gift. Or, when you submitted publicity or ads for the weekend, you didn't mention our name there either. And, when at the end of the parade on the 4th you mentioned and thanked persons who donated the free cokes—even though we served them—and when you thanked the organization who co-ordinated the parade—and when you thanked and introduced the organization who donated a \$25 trophy—and when you even

thanked the lady who did the typing for you—why didn't you at least mention our name—let alone thank us—for the thousands of man-hours of donated time and effort of 32 Niles organizations that will go into the Niles Days Festival to give you the \$7500 that you used to pay for this celebration weekend?
Ed Brasch, Chairman
1976 Niles Days Committee
(note: this letter is accompanied by the resignation of Ed Brasch from the Niles Bicentennial Commission.)

District 63 parent values her children more than real estate

Dear Parents of School District 63,
I walked out of the July 7, 1976, school board meeting, I felt ashamed of myself—ashamed that I did not respond to the tempers that were flaring regarding the Nipper School and MTSEF.

"We built the world's largest car insurance company on good value..."

Drop by or give me a call. You'll find a world of difference with State Farm.

Like a good neighbor, State Farm is there.

STATE FARM MUTUAL AUTOMOBILE INSURANCE COMPANY
Home Office: Bloomington, Illinois

People who were there appeared to have lost sight of the real issue. Angered parents displayed bigoted tempers. There was wholesale panic, and obvious scare tactics were being used by many people who never took the time to attend a regular board meeting.

The issue being discussed was really the responsibility for a school that is out of our legal district. Should 63 as a part of MTSEF accept responsibility for the Nipper School?

The problem became that of not allowing Maryville children to associate with our children. The question of decreasing property values because of the Maryville children attending our schools was raised. It appeared to me that there was a total lack of understanding of even what type of Institution Maryville is.

If the people had listened, they would have understood that only 19 children, "minors in need of supervision", would have been sent into three school districts with a total of 32 special education classrooms.

I was against the idea of the proposal because of the financial responsibility that could eventually become ours if the State of Illinois does not fully fund

the program. Since our district is in financial trouble, this extra burden of responsibility did not appeal to me. This was clarified by Dr. GoGo & The Board. To sit and listen to people full of fear for their property was not to be believed. The Real Estate Agent who spoke out felt that our most prized possessions are our homes. I resisted that comment. My most prized possessions are my children.

If you, as parents, are afraid of outside influences on your children, look to your own values. It is up to you as individuals to teach your own children right from wrong. All that they will learn from this experience is intolerance for others.

Speak out, but not against children who are victims of society. Speak out about and against the examples we are setting for our children.

Cook County Federal promotes "Americanism"

50th Ward Alderman Bernard L. Stone (right) presents Clayton L. Johnson, President, Cook County Federal Savings and Loan Association, with a copy of a special resolution recently passed by the Chicago City Council, citing Cook County Federal Savings' history of fostering Americanism. The resolution was signed by Mayor Daley.

A twenty-year program of promoting Americanism at Cook County Federal Savings and Loan Association was recently recognized by the Chicago City Council with the unanimous passage of a special resolution. The resolution, presented by 50th Ward Alderman Bernard L. Stone praised Cook County Federal Savings for its "patriotic philosophy", and for its community-wide programs during the years it sponsored its American History Library, "unique for a savings institution."

The library-sponsored Americanism essay contest winners were taken on all-expense paid tours of Mount Vernon, Washington DC, and other "important eastern United States historical sites, including Williamsburg."

Recent patriotic programs cited by the resolution were last year's display of historic American flags, distribution of flag pins, and reproductions of the Declaration of Independence, and Bill of Rights, distributed to "teachers or students requesting them."

Among patriotic programs that are sponsored by the library were "lectures, films, tours and aid in school assignments." The library was also a repository for early American documents, antique American money, "and such rarities as a fragment of the step George Washington stood upon when he took his first oath of office."

While First National Bank of Skokie does not send its employees to college, per se, it does encourage them to further their education and will reimburse employees for tuition on completion of sanctioned courses taken while a bank employee.

Skokie Trust completes renovation

Skokie Trust & Savings Bank, 4400 Oakton, has completed a major renovation and expansion of customer facilities in the bank's lower level service area housing the safety deposit, bookkeeping and proof departments.

In announcing the completion of the six-month project of the 5,000 square foot area, Thomas C. Weise, Cashier, said that the entire level has been reconstructed, relighted, redecorated, and newly furnished in keeping with the bank's overall decor.

"The most apparent change," Weise said, "is in the reception area serving the safety deposit and bookkeeping departments. We have added substantial counter space for each of these two functions and furnished the reception area to create a warm, home-like unhurried atmosphere."

"The major and not so apparent change," Weise said, "involves the entire safety deposit vault department. Within this newly designed area, the bank had installed two additional safety deposit box bays for customer convenience."

"These two new modules," Weise said, "enable us to provide a variety of box sizes for vacation planning customers seeking safe custody of vital papers in the months just ahead. We have increased our capacity approximately 25 percent."

Other newly created conveniences for these customers include four additional privacy areas, new coupon booths and two meeting rooms immediately adjacent to the safety deposit vault.

New Skokie Drive-In

"It will help you save time and money." That's what Skokie Federal's President John R. O'Connell said about his institution's proposed drive-in.

Targeted for completion about November 1, 1976, the drive-in promises to add even greater convenience for depositors. It's four-lane service and expanded hours of operation will minimize waiting time.

The facility to be built at a cost of approximately a quarter of a million dollars was designed by A.M. Kinney to carry through the concept of the original building whose style was influenced by Mies Van der Rohe.

O'Connell stated, "The opening of this division and that of our new 7 day a week branch in the Jewel-Turnstyle brings to Skokie area residents the utmost in financial convenience."

Niles cancels out Chicago Book Borrowers

Niles Public Library trustees at their June 16 meeting voted to terminate its reciprocal borrowing agreement with the Chicago Public Library and forwarded a 90-day notice of cancellation to the Chicago Library on June 20. The Park Ridge Library has already stopped honoring Chicago library cards as of June 1. Skokie has given a 90-day notice to terminate Chicago borrowing on Sept. 14; and the Evanston Library Board will end reciprocal borrowing with Chicago on August 23.

Chicagoans have been causing a heavy drain on nearby suburban libraries. Niles Library Administrator Frand Allen said that "the Niles Library is very hard hit by Chicago readers and our residents are not benefiting thru reciprocal agreement."

In the first quarter of the year, he noted, Niles loaned Chicago over 3200 books. No figures have been available from Chicago as to the number of Niles cards honored.

The four north suburban libraries are members of the 40 that belong to the North Suburban Library System. Niles as one of the founding fathers has been a member since inception of the System 7 years ago. The System reimburses member libraries for losses or loan imbalances resulting from loans to non-residents.

"The reason for our terminating agreement with Chicago," said Allen, "is due to our inability of getting statistics from Chicago on the number of loans made to Niles residents. . . We have no idea of the imbalance in book loans."

Notice of termination was forwarded to Ralph Newman, President of the Chicago Library Board. Niles has also notified the North Suburban Library System of its decision.

Inter suburban borrowing will still continue, said Allen last week. "Our people can borrow from any of the libraries who are members of the North Suburban Library System. Only Chicago borrowing is affected."

Allen believes the heavy usage came from Chicago borrowers who live in the perimeter of Niles. "They use our libraries instead of going to Chicago libraries."

He noted that a Niles Bookmobile stop on Caldwell near the south boundary of Niles gets heavy use from the heavily populated Chicago area across Caldwell.

Chicago at one time accepted suburban library cards automatically but ended the loan service in 1971. The reciprocal program was

Niles Administrator Allen noted that Oak Park was the lone suburb not to be in agreement

with north suburban borrowing. The Oak Park Library belongs to 71-member Suburban Library System used by western and southern suburbs.

Niles board... Cont'd from Niles-E.Maine P.1

The current code requires that only weeds in vacant lots be cut twice a year, in June and in August. No restriction is set on the height of grass on residential or other property.

Housing Director Ben Mankowsky urged approval of the amended ordinance Tuesday night. During investigation of unkempt areas, said Mankowsky, residents told him there was no ordinance governing the height of grass or weeds, therefore there could be no enforcement.

Under Home Rule the village is empowered to cut grass or weeds over the height limitation and bill the cost plus fines and other penalties to the owner. If the bill is not paid within 45 days, costs will become a lien on the property.

In a continuing attack on vandalism, trustees were asked to consider a proposed resolution which asks for strict enforcement of curfew for minors and a more severe police attitude toward minors who have shown a consistency of law violations.

Present curfew hours are 10:30 p.m. Sunday thru Thursday and 11:30 p.m. on Friday and Saturday for those under 18.

Niles officials passed laws recently that make parents responsible for their children's actions. The parents of a vandal can be fined up to \$500.

In "Special Business" the presentation by Mayor Nicholas Blase of a volume "The Spirit of '76" was made to the Niles Bicentennial Commission in recognition of their work on successful Bicentennial events. Commissioners are Carol Panek, Bill Keener, Les Friedman, Judy Czychowicz, Betty Wawak, Terry Shevelenko, Eileen Herschfeld and Alice Bobula.

Also under Special Business,

Niles Park District commissioners presented a (somewhat battered) Niles Municipal Traveling Trophy and smaller trophies to the village board in recognition of the controversial July 3 softball game between village and park commissioners during Niles Bicentennial Days.

In other action trustees approved revised plans for zoning of a Planned Unit Development (PUD) for eight 6-flats at 6872 W. Touhy to a PUD Major Change predicated on sufficient parking area allowance. Trustee Peter Pesole was the lone dissenter.

A committee of Tr. Harczak, Pesole and Marcheschi were appointed to investigate changes proposed in a request for appeal from zoning denial of a PUD at 8114-8124 Dempster.

Original owners McNeil and Cross have retained the property and are amending the PUD petition to rezoning of 2 lots zoned for Business to multiple, R3, zoning. Revised plans provide for an encircling driveway of the property on 3 sides and above and below-ground garages on the east lot.

The board, strongly motivated by Trustee Peter Pesole, unanimously agreed to object to a 6% increase in services sought by Illinois Bell Telephone Co. The increase was labeled "very dramatic" by Blase.

Trustees approved signs for "No parking or standing on the south side of Birchwood from Milwaukee Ave. east 100 feet" and a one-way STOP sign set at Nora and Birchwood Ave.

A prime move by the new liaison between Village and Park Boards, Park Comr. Jeffrey Arnold in a letter directed to Mayor Blase, asked for "establishment of dialogue on a policy-making level" between the two boards.

Niles Days... Cont'd from Niles-E.Maine P.1

There are also chances available for lovely prizes, which will be raffled off every night. The two big prizes will be raffled off on Sunday around midnight, they are the 1976 red Ford Granada, with air conditioning and power steering, and a \$200.00 Proof Bronze Set of the Bill of Rights Ingots. The car may be seen in front of the Administration Building, 7601 N. Milwaukee ave.

White looking over the car, stop in and pick up your raffle books. Donations are \$1.00 each or six for \$5.00, or call Ben Mankowsky at 967-6100 or Bernadine Reid, at 966-9335. This is the last call for all you Nilesites to bring your family and friends to the Niles Days Spectacular midway. Along with all the prizes that will be raffled off, additional prizes for the Niles Days Bicentennial drawing were donated, they are beautiful necklaces, watches, radios, clocks, rings, and many others. The donors are Rand Jewellers in Golf Mill, Alert TV, 7658 Milwaukee ave., LaVenice Restaurant, 8743 Milwaukee ave., and First Federal Savings and Loan, 8400 Milwaukee ave.

In the July 4th parade Mr. & Miss Liberty rode in a decorated light blue convertible which belonged to Robin Miller (Niles Postman). Miss Liberty wore a pretty white dress trimmed with red, white, and blue around the neck and bodice. Mr. Liberty wore a handsome white suit, with a ruffled white shirt, and a red, white, and blue velvet bow tie, which was loaned to him (without charge) by Gingiss of Niles, 9513 Milwaukee ave. A red, white, and blue corsage, and boutoniere were donated by Mike's Floral Shop, 6500 Milwaukee ave.,

Chicago.

At 2:30 p.m. Mr. & Miss Liberty, and Dotti Tyse, Chairman, were treated to a delicious steak dinner at Jake's Restaurant, 7740 Milwaukee ave.

Mr. & Miss Liberty will be at the Festival, so come out and meet them, they will be happy to get acquainted with you.

A giant Bicentennial costume contest will be held on Saturday, July 24 at 3 p.m. All children, teens, and young adults having the most authentic, most patriotic, most elaborate, and most comical costumes will be awarded gift certificates, and tickets to the Festival and various stores in the area. Registration is at 2 p.m. and final judging will be at 3 at the Festival grounds at Four Flags.

Rear Convention

The Morton Grove Park District will be sponsoring their 2nd Annual Beer Convention on Saturday, July 17th beginning at 12:00 noon (rain-date July 24th).

The Convention will be held at the Harter Park Soccer Field, 6250 Dempster st., Morton Grove, Illinois. Each participant must bring their own table and there will be NO money transactions allowed.

Spirit of '76...

Cont'd from Niles-E.Maine P.1
next time. He said he could not have served as chairman and even hesitated being a part of the Commission.

Carol Panek implied Brasch is Mr. Niles Days himself. In receiving money from the Committee she said she wasn't sure whether her group was receiving money from the Niles Days Committee or from Ed Brasch himself. She said Brasch has run a lot of things in the village and he wanted to have full say (in these matters). She said Brasch gave the Commission "so much trouble" and that he had a negative approach to anything suggested. At one point Panek said "He thought he was going to run it (the Commission)".

Mrs. Panek noted there were many little people who were rightfully acknowledged for their efforts. She also noted the village budgeted \$2,000 last year and \$4,000 this year for Bicentennial affairs and additional hidden costs were paid by the village, implying Brasch and his Committee felt the village should have made a greater money contribution.

Ironically, Panek noted at this past Tuesday's village board meeting gifts were handed out by Mrs. Panek recognizing workers who contributed to the success of the Bicentennial activities. Brasch, who said he was called by a village secretary regarding the meeting, said he would not be in attendance, leaving the impression his absence was his protest of the ingratitude shown by the village and particularly the Bicentennial Commission.

Brasch's open letter to the Bicentennial Commission is in this week's Letter To The Editor column.

Girl Scouts...

Cont'd from Niles-E.Maine P.1

Two local Girl Scouts, Stacy Cornelissen of Park Ridge and Cynthia Fagocki of Niles were recent recipients of national organization's Honorable Mention Lifesaving Awards.

Stacy, a student at Jefferson School was honored for saving her 3 year-old sister from drowning. The child fell into nine feet of water while trying to reach an inflated inner tube.

Cindy's award was earned last year when she rescued three children from a burning house in Niles. She led the two youngest who were 3 and 4 years old, outside, and encouraged the third to jump safely from an upstairs room where she was trapped by smoke. Cindy is a student at North School.

From the LEFT HAND

Continued from Page 1

Would the children be a financial burden to the district? No, the state would pay 100 per cent for their education. Would the severe behavior problem children be included among the unruly? Again, the answer was they would not be, since those children are not included in the high school program.

Was the created problem of a racial nature? Perhaps, partially, though the fear of the objecting parents was the danger of associating with "orphan" children, rather than with children of any one color.

It was all quite sad. Here we were, 2 days past that glorious 4th of July bicentennial celebration and some of the natives got caught up once more in their own prejudicial hangups. Fear and anger and downright hate came from all the corners of the auditorium.

In district 63 six little orphans scared a great number of not so little adults.

While 4 school board members rejected bringing the children into the district they were appalled at what they heard from the audience. One Board member who opposed the transfer; Barbara Kipnis, publicly denounced the public opposition from the audience which she said made her ashamed.

The vote opposing the transfer was interesting. While the Board is comprised of members whose ages probably range from the early 30's to the early 40's, it was the youngest members whose vote showed the least compassion. The older members voted in favor and the younger people proved the more rigid.

The death of Tom Yawkey, owner of the Boston Red Sox, reminded us of a conversation we had many years ago. In 1967 we were returning from Worlds Fair in Montreal and stopped at the Feeway Motel next to the ballpark in Boston. We met the PR man for the Jimmy Fund, the cancer group in which Ted Williams and Yawkey were so vitally interested. He mentioned Yawkey's tremendous kindnesses and charitable efforts which never reach the newspapers. He said this very rich man did much good with the wealth he accumulated. He owned much land in South Carolina which he used to help children. The PR man had great love and respect for both Yawkey and Williams.

Believe it or not, the television coverage of the Democratic convention caused us to stay home this week, rather than go to New York and be on hand for this historic event. If you're able to get on the floor of the convention, you actually know less what is going on than TV watchers. And while interviews such as the interminable ones with Jimmy Carter's daughter are fatuous, still watching the action on TV is far superior to being at the convention. If you're 21 years old, fresh out of school, and would like to fill your log of tales with stories of meeting famous people, then being at the convention is great fun! But when you're 51, and you've found sitting in a comfortable chair, sipping iced tea, watching 2 TV screens, one atop the other simultaneously, you cop out for the latter. My ingenious son has rigged one TV set which is connected to two telephones. Thus, while you watch and listen to one set, you can pick up the phone and listen to the 2nd set when a favorite interview takes place. You're still watching both screens but listening to only one set. When you want to switch to hearing the 2nd set you pick up the phone, and hear the 2nd interview without interrupting listeners of the first set. As the guy who wrote the first paragraph said, "these bicentennial days are some days".

Niles Savings & Loan Assoc., 7077 Dempster St., that he would deny the petition unless there was a reduction in the number of units planned.

Syndermann said revised plans decreased the units to 318 and allowed for a slight increase in parking spaces. The revision to 1.8 carspace still fell short of the village requirement of 2 cars for each unit.

Comr. Charles O'Grady objected to the proposed reduction in car spaces. He said the intent of a PUD was to construct something unusual and aesthetic with the land. "We expect deviations from specifics," he told Syndermann, "but when you stand there and tell me you're going to cut down parking spaces, you antagonize me!"

Angelo Ferrara, owner of 3 apartment buildings at the dead end of Foster Lane complained bitterly about lack of parking space and that "cars turn around now on my property!"

A Lyons St. resident asked "When the man and wife both work in your 1 bedroom units, where does the second car park in a space of 1.8?"

Traffic will become horrendous, noted Leon Mandel, a nearby Morton Grove resident. "I have difficulty backing out of my drive now. With this new project, what happens when 5 cars per minute exit into Washington St.?"

A representative of the St. Isaac Jaque School District told commissioners flooding problems would cause storm waters to flow into school property.

Adrian Gallender of Morton Grove was opposed to projected congestion. "We don't want 1,000 more resident or 1,000 cars...you are burdening the residents of Niles and Morton Grove with what is now being planned."

Leon Gallagher, President of the Morton Grove Homeowners Assoc. noted that plans for 356 units of hi rise apartments for the same site had been denied 4 years ago by the Cook County Board of Appeals because of density and traffic.

Motion for approval of the petition was predicated on a planned site reduction to 300 or 306 units; that side and rear yard requirements by Niles be met by the petitioner; provision be made for water retention on the project site; that Foster Lane be made a 2-way street; requirement of 2 parking spaces per unit; all refuse areas be buffered; approval of a traffic flow pattern by Niles police and fire depts.; and construction

Henry Ages of Shaf Builders stated first Shaf must present a plot to the MSD and then after that do as the Metropolitan Sanitary District advises regarding the water retention. After much discussion it was moved and seconded that tentative approval be given till Shaf hears from the MSD and that the board concur with the Plan Commission report subject to the variations listed therein.

The next request was from Semar Home Builders for a subdivision at Churchill and Birch. This includes 12 lots all to be single family homes with attached garages. They voted to give tentative approval to this request concurring with the recommendation of the Plan Commission.

Sweeney next brought up the case of the Morton Grove Bank at 8700 Waukegan Road who want an amendment and revision of their Special Use Permit. They now wish to add 1,444 square feet of usable floor area. The Plan Commission agreed to grant this request by the bank and John Hilkin moved to concur with this decision and also that an escrow fund be set up and the original PUD be complied with. The board agreed. Ron Henrich then moved to send a letter to the property owners requesting the removal of the model apartments on that site. The motion was carried.

Since many were present regarding the Ritter property Mayor Bode told these people the board has decided to defend their original position denying the Ritter's request for apartments on their property.
