

Suggest reduction of Niles Festival Days

[by Alice M. Bobula]
Niles Days Committee members were requested Monday, Jan. 3, to consider the possibility of reducing the annual July Festival Days from 5 to a possible 4 or even 3 days next year. Niles Days Chairman Anthony Gagliano said the usual 5-day run of the Festival "puts a strain on organizational help to run the

Days." Other contributing factors in reducing the size was attributed to a decrease in community involvement and the annual increase in Festival size beyond the local level, bringing added problems in police protection.

A site for the 1977 Festival has a verbal commitment for July at the Four Flags Shopping Center

at 8300 Golf rd., with possible Committee consideration of Lawrencewood, at Oakton and Waukegan rd., or The Treasury parking area at 8500 Golf rd.

Gagliano asked Committee members to seek out a village-wide project to fund with Festival monies. He added however that letters requesting money will still be considered. "We (Niles Days)

are not ruling out individual requests," he noted.

Net profits of the Niles Days Festival decreased in 1976 to \$12,000, down from the \$28,000 netted in 1975.

A proposal by the Niles Days Board of Directors last month to appropriate \$7,500 to finance an annual village Fourth of July parade and fireworks has already

been approved by Committee members.

The Niles Lions Club has submitted a proposal to allocate all of 1977 Festival funds to landscape the small area known as Dutchman's Point at Milwaukee and Touhy ave.

A third proposal for next year's funds, to purchase three-sided

Bond set at \$50,000 for 25 year old shopowner

Niles shop raided by MEG agents

[by Alice M. Bobula]

Agents of the Metropolitan Enforcement Group (MEG) arrested a Niles store owner Dec. 29 on drug charges after he allegedly made a sale of cannabis (marijuana) to an undercover agent shortly after noon on Wednesday.

Richard H. Nizynski, 25, of 9120 McArthur in Des Plaines was charged with two counts of delivery, one count possession of cannabis and two counts possession of controlled substances of MDA (methylenedioxymphetamine), a hallucinogenic, and Tuinal, a barbiturate.

His bond was set at \$50,000 during a 2 p.m. hearing in Niles Third District Court before Judge

Joseph Gill who termed the charges as "most extensive". A preliminary hearing date was set for Jan. 4.

At the preliminary hearing, the case was continued to Jan. 18. Nizynski posted \$5,000 cash, and is currently out on bond.

MEG agents began investigating charges of someone dealing in marijuana in Niles several months ago, after receiving information from Niles Police Detective Louis Muscolino, who had been tipped off by a confidential informant.

Nizynski is the owner-operator of The Paraphernalia Shoppe.

Will the real "Jimmy" please stand up?

[by Diane Miller]

Monday, Dec. 27th was a day to remember for me. The hustle and rush of the long holiday weekend had taken its toll and only a few additional days of rest, I was sure, could have compensated for it.

But it was Monday, and another weekly issue had to be started, already a day behind due to the holiday. The weather was frigid, the wind blustery and the wind chill index about -25°. The thought of my boss basking in the 80°+ Hawaiian sun didn't help matters any as I walked out of my back door hatted, gloved, scarved and booted as much as possible against the elements; I kept thinking to myself, even the birds have more brains than I do — they head south!

But as I entered the door of the Bugle office, I could readily see I wasn't the only one who was not with it that day. If the Guinness Book of Records was to record the greatest number of yawns in a given place in one day, it certainly would have been in the Bugle office. Everyone had had a weekend of out-of-town company, visiting relatives' homes and even a special birthday party thrown in; so actually a day at work was a respite since, as one Bugler commented, "You could sit down for a couple of hours."

I went to my desk already piled high with the morning mail, together with several news releases which were dropped off in our mail box. The phone started ringing and the unending answering of questions began. The first caller was a lady who had dropped her

Golden Acres residents waterless

Residents in the Golden Acres, located at the north end of Niles, were without water early Sunday morning, Jan. 2, due to a break in the 6-inch water main near 9868 Robin rd.

A crew of four Niles Public Works men labored for five hours beginning at 4:30 a.m. Sunday seeking to repair the pipe, according to a department spokesman. Water service was interrupted on Robin rd., Huber ln., Glendale ln. and Wendy Way.

Niles Village Clerk, Frank C. Wagner, Jr., is shown issuing the first 1977 Niles vehicle tags to (l. to r.) Bill Wright, 7055 Newark, John Keiser, 7751 Neva and Bill Johnson, 8237 Newland. For the third straight year, these young

men parked their van in front of the Village Administration Building sixteen hours before the stickers were placed on sale and waited until the administration building doors were open. Clerk Wagner is reminding all

Niles residents that the 1977 vehicle and animal licenses are due on Jan. 1, 1977. Failure to display these necessary licenses could result in a summons from the Niles Police Department.

Cause for concern

EDITORIAL

Last week's arrest of a drug dealer in Niles indicates that someone "is not watching the village stores."

An alleged drug sale took place in a "gift shop" opened 6 months ago on Milwaukee ave. in an established section in mid-Niles, across from the Mayor's office.

For a \$35 license fee the shop sells "toys for the mind" and "head supplies" such as roaches, cocaine pipes, cocaine sniffers — the latest paraphernalia for drug users. You can even buy a toy police car equipped to smoke hashish or marijuana.

Nice gifts. No restriction on age to make the purchases. The police say it's legal to sell them.

Police also note that an establishment with this type of merchandise lends itself to the eventual — providing the product.

The owner argues that decriminalization (removal of criminal penalties for possession and use of marijuana) is in the offing — therefore he is offering the apparatus needed for its use.

No definite guidelines have been issued on marijuana but government agencies agree that "marijuana is definitely not good for health and is dangerous to the mind."

Village administration has found the means to circumvent previous unwanted problems. Officials have the same power to discourage open sales of this nature.

Bedroom fire causes \$5,500 damage to Niles home

Fire of undetermined origin on Tuesday, Dec. 27, caused an estimated \$5,500 in damages to the townhouse residence of Mr. and Mrs. Edward Duglow, 7128 Carol ct., Niles.

There were no injuries reported.

According to Niles Fire Chief Albert L. Hoelbl, the origin of the blaze occurred in the bedroom on or near the bed. The bulk of fire damage was confined to the room. Smoke and heat damage extended to the hallway, upstairs bath and two other bedrooms, he said.

Heavy gray-smoke was pouring from the roof vents as fire units responded to the alarm. Flames were visible upstairs upon entry

to the home by firemen who donned air masks due to high intensity of heat.

A fire department spokesman said the mother and her 8 year old daughter were downstairs shortly before noon watching television. The father and one other daughter were not at home. The young girl went to her room to dress for lunch and said her bed was burning when she entered.

She ran downstairs to notify her mother who called the fire department and both left the house.

Damages were set at \$3,500 to the building and another \$2,000 in loss of contents due to destruction of clothing, furniture, carpeting and personal effects.

Adjoining townhouse units were not involved said the spokesman, due to good fire division between occupancies. He also noted the fire could have been minimized had the bedroom door been closed, following discovery, to confine the fire within the room.

Fire officials said a smoke detector would have accomplished much in this case. "Early detection would have prevented spread and intensity of the flames."

Chief Hoelbl, Deputy Fire Chief Charles Bobula and six firefighting units responded to the alarm.

Firemen remained on the scene for 3 hours.

NILES ALL AMERICAN SENIORS CLUB

An eager group of Niles All American Seniors left Trident promptly at 3:40 p.m. Tuesday, Dec. 28 to partake of another sumptuous dinner at their favorite dining spot - Lido's. After two hours of leisure family style dining, with our appetites fully satisfied, we were all ready to view the Christmas lights and displays in the downtown area and on the magnificent mile.

Our 6 p.m. schedule was just the right time as we avoided almost all the expressway and loop commuter traffic.

Everyone was jovial and content on the bus with good seats for everyone. Our first stop was the Civic Center Plaza. Almost simultaneously a chorus of 'ohs' and 'ahs' rang out as we saw the huge Christmas Tree and the sculptured-ice display which was a real work of art. However, at this point, our thoughts seemed to focus on the man who made this possible and who signalled the opening of our 1976 Christmas Season the late Mayor Daley, and many a silent prayer went out to him.

We then rode down to State Street with its numerous glittering, shimmering lights and wondrous window displays. We were especially fascinated with that of Field's highlighting important Civic Buildings in the Chicago area; Carson's with its grouping of turn-of-the-century store front architecture; the Wieboldt store Christmas display as well as that of the smaller stores.

Then, our driver took us south on Michigan Avenue where the tree-lined street glittered like diamonds and crystal chandeliers; and the Grant Park tree standing several stories high, looked very majestic in the evening shadows.

Next we drove northward on Michigan Avenue where the tall buildings, banking both sides of the street, were brightly lit like a vast fairyland. No wonder this is known, affectionately, as the 'magnificent mile'. Then, as we neared the Water Tower and Water Tower Place, the window and entranceway displays were quite a sight to see - one prettier than the other.

The hours flew by swiftly as we viewed these fascinating sights. We then headed homeward and, as an added attraction, we saw residential Christmas displays in several of the northwest suburbs, including even those in Niles.

It was a very pleasant evening for all of us, and one which we will long remember.

Notre Dame annual tennis tournament

Rev. Charles Lavelly, CSC, tennis coach at Notre Dame High School in Niles, congratulates Mike Rigali of Park Ridge (l) and Bob Mrofka of Des Plaines.

The annual frosh-soph tennis tournament at Notre Dame High School, Niles, was held recently with 28 boys. Each player had to be beaten twice to be eliminated. The games were played at Rand Park in Des Plaines during the good weather, but the tournament was concluded at Tam Tennis Club in Niles.

The first place winner was Mike Rigali of Park Ridge, a sophomore who was second place winner last year as a freshman. The second place winner was sophomore Bob Mrofka of Des Plaines. Rigali beat Mrofka in the final match, but Mrofka had beaten Rigali in an earlier match.

The coach of the NDHS tennis teams is Rev. Charles Lavelly, CSC, who has been at ND since 1969 in the Religion Dept. with

the exception of last year when he studied at Northwestern. Father Lavelly says that NDHS should be very competitive in the East Suburban Catholic Conference next spring. His teams were the varsity champs in the conference in 1973 and 1974. This year the varsity has seven returning lettermen.

The Maine East sophomores lost their first basketball game to Glenbrook South 45-34, bringing their record to 3-1.

Guards Jeff Debs and Steve Romano did a fine job defensively, but it wasn't enough as the Titans outscored the young Demons 20-8 in the final quarter.

The next two games are at home against Niles West and Niles North on Wednesday and Friday of this week. Game time is 6:30 p.m.

At a quad meet hosted by East Leyden with East Aurora and Riverside Brookfield, the team won only 1 round but some of the wrestlers did well. Russ Karlins at 145 lbs. won all three matches. Brian Shields won twice and Darren Van Puybrooke, Scott Eisenberg, Emil Hernandez, Mark Crescenzo, Rick Uslander each won once.

Two home meets, Friday night & Saturday afternoon with Niles East & Highland Park respectively, the team didn't do as well as hoped but a few grapplers came through for the team. Bob Coleman tied N.E., Bryan Boliauz beat H.P. 10-6, Eisenberg, N.E. 6-0, Hernandez, H.P. 4-0, Karlins won both matches 12-2 and 11-10, Dave Pink also won both days 5-0 and 5-0, Brian Shields, N.E. 4-0.

The team is young but has much potential and with the guidance of Coach Mucciari and his co-captains, Russ Karlins and Brian Shields, they hope to do well at future meets.

Swierenga leads Oakton past Niles College and Gateway

Strong shooting by Mark Swierenga, Park Ridge, destroyed Niles College zone defense and enabled the Oakton Raiders to top Niles 76-62 at Niles College Tuesday night, Dec. 14.

Tom Arns, Skokie, Oakton's fleet footed guard from Niles West High School, made nine assists and added 15 points as he controlled the tempo of the game. Mike Chrzan, a Maine South graduate, was the high rebounder with 12. Others who contributed to the scoring were John Gratsy, Park Ridge, 6; Mike Chrzan, 10; Tony Baran, Niles, 8; Jack Chrystal, Park Ridge, 5; and Phil Bruckman, Skokie, 4.

The 79-63 victory over Gateway Tech of Wisconsin on the following Wednesday night was almost a repeat of Tuesday's game. Again Mark Swierenga, a Maine South graduate, led all scorers with 20 and Tommy Arns made 8 assists and scored 19 points and Andy Karis added 14 more.

The only real difference was the performance of substitute forward Jim King, Glenview.

King came off the bench when starter Mike Chrzan picked up his fourth foul, to spark the Raiders from a 3 point lead to an 11 point lead with eight minutes remaining in the game. King scored 10 points and grabbed 10 rebounds as he helped the Raiders triumph over Gateway.

West gymnast chosen for collegiate team

Carol Mensinger, former Niles West student, has been selected for the 1976-77 Women's Intercollegiate Gymnastics Team at Illinois State University at Normal. In making the announcement, I.S.U. Director of Intercollegiate Sports for Women, Laurie Mabry, commended Mensinger for her background of sports experience which she has received thru her high school and community. "The programs and opportunities beginning to be offered to high school girls have made a tremendous difference already in the performance of collegiate women's teams," said Mabry.

At Niles West, Mensinger was a member of the 1974-75 Indian gymnastic team which won the League championship. She competed for Niles West girls' gymnastics team for four years altogether, and was, according to Niles West girls' gymnastics coach Judi Sloan, one of the better uneven bars performer. Mensinger also competed in the vaulting event while at West. She is the daughter of Mr. and Mrs. Vernon Mensinger of Morton Grove.

Maine East girls' gymnastics

The Maine East girls' gymnastics team beat Glenbrook North Friday, Dec. 10, with high scorers for Maine East being Donna Mancini with a 9.1 in floor exercise, Cyndee Graff with a 9.3 in uneven bars, and Ellen Barrett with a 9.1 in uneven bars. The Maine East team also beat Niles East on Saturday, Dec. 11, with a score of 93-72.

Grateful parents thank concerned bystanders

Dear Editor:

This is an open letter of thanks to the many unknown people who gave comfort to our son, Timothy, 13, when he was hit by a car on Monday, December 27.

To the people who were or live in the vicinity of Main and Oconto, we thank you for the aid. To the woman who covered him with her blanket, to the man who put Tim's hat under his head, to the others whom we don't know, we thank you.

We are grateful to the Niles Police who tried to find the car, to Officer Giovannelli for his concern, to the unknown paramedics

who responded so quickly and expertly lifted Tim, avoiding any further hurt to his back.

We also thank the emergency room personnel at Lutheran General who had to calmly handle both parents over the phone.

We are reminded of the woman who laid in the Oak Mill Mall parking lot, hurt and unaided. We are fortunate that we had people who cared.

The people we know, we could thank personally.

Sincerely,
Bob and Caryl Galassini

Placement tests scheduled at Maine High Schools

All students who plan to enter the Maine Township High Schools next fall as freshmen must take the placement tests which will be given at the four high schools on Saturday morning, Jan. 15. Testing will begin at 7:45 a.m. and should be completed by 12:15 p.m.

Students are required to take the tests at the high school they will attend next year.

Students reporting to Maine East to be tested should use the Field House entrance, at the south end of the building. At Maine South, students are to report to the registration desk in the West Corridor of the Centers Building. At Maine North, students may use the main entrance; while at Maine West they may use either the front or rear entrances and then report to the front area for specific room assignment.

Students should arrange for their own transportation to and from the testing centers and bring with them two sharpened No. 2 lead pencils. It is important that they arrive in time to be seated before 7:45 a.m. as late arrival could jeopardize the individual's test performance.

The testing program is identical in all four high schools and will be administered by members of the guidance staff at each school. The areas covered by the test are: verbal reasoning, numerical ability, abstract reasoning, space relations, mechanical reasoning, clerical speed and accuracy, and language usage. Test results are helpful in deter-

mining the best program of studies for each student.

Parents desiring additional information concerning the testing should call the guidance offices of the Maine Township High Schools. The telephone numbers are: Maine East, 825-4484; Maine North, 298-5500; Maine South, 825-7711; and Maine West, 827-6176.

MONACEP registration

A special registration for the winter term of MONACEP will be held in the lobby of the Golf Mill State Bank in Niles from 9 a.m.-1 p.m. on Saturday, Jan. 15.

Because of its central location and excellent parking facilities, the bank has offered space as a public service to those interested in any of MONACEP's 700 winter courses.

MONACEP is the adult and continuing education program of Oaktown Community College. Winter MONACEP courses begin the week of Jan. 31.

For further information, call the MONACEP office at 967-5821.

Nebraska graduate

About 900 students received graduate, professional and baccalaureate degrees from the University of Nebraska-Lincoln at the end of the first semester.

Among the graduates was Thomas Anthony Pollard, Niles, who received a Master of Physical Education degree.

1. What is a marriage and how is it changing? The effect of radically changing male and female roles upon marriage.

2.&3. Two sessions will be devoted to the "art" of communication-including how to listen effectively, how to talk responsibly, and methods of conflict resolution.

The "First Lady of X-ray" celebrates 95th birthday

Margaret Hoing, the "First Lady of X-ray" and a pioneer of the American Society of Radiologic Technologists, celebrated her 95th birthday on Saturday, Nov. 13 at Brookwood Healthcare Centre in Des Plaines.

No stranger to this type of facility via her profession, Margaret Hoing can now reap some of the benefits of her labor as a patient at Brookwood convalescing from a year-old fractured hip.

Margaret entered nurse's training at age 31 at Francis E. Willard National Temperance Hospital in Chicago, now known as Loretto Hospital. She became a

registered nurse in 1919. Soon her professional interests were directed toward radiologic technology. In 1923 she was certified by the American Registry of X-ray Technicians. From the onset she sincerely believed in bettering the field of X-ray technology and continued her work with untiring efforts and loyalty.

Today, due to Margaret's efforts the A.S.R.T. has approximately 18,000 members. The organization continues to advance the science of Radiologic Technology to establish and maintain high standards of education and training, to elevate the quality of

patient care, and to improve the welfare and socio-economics of radiologic technologists.

A booklet put out by the Illinois State Society of Radiologic Technologists in honor of the bi-centennial pays tribute to Margaret Hoing on page one. It speaks of her as a "perpetual, bright star", who "guides with love, which pulsates the heart of the society."

Her colleagues and many admirers as well as the staff of Brookwood honored her with a special celebration on her 95th birthday.

earn interest from the 1st.

It's one of the not-so-little things that make your money earn more at First Federal Savings. Each month all savings deposits in your passbook account received after the 1st and up through the 10th earn interest, compounded daily, from the 1st. (If left on deposit until the end of the quarter.) And, of course, your deposits would still earn at the high 5 1/4% annual rate from the date of deposit to the date of withdrawal even if deposited after the 10th. You can even save-by-mail and we'll handle all postage and provide self-addressed envelopes. Your savings are insured by the Federal Savings and Loan Insurance Corporation. Callero & Catino joins Realty Group

ERA Callero & Catino Realty of Niles has joined the O'Hare Group of Realtors for Business and Industry, announced executive vice president W.C. Walters.

The organization offers a Chicago area multiple listing ex-

change and other services for buyers and sellers of factories, warehouses, office buildings and other commercial and industrial real estate.

"Distribution of listings within the association offers buyers and sellers greater exposure to the market than can be provided by most independent real estate firms," said Burt Gardner, manager of Callero & Catino's

commercial and industrial department.

"It's another service we can now provide individuals or companies who seek to buy, sell or trade commercial, industrial or vacant property in the geographical area," he added.

Norwood Savings Home Cooking Program

Highlighted by a Grand Prize drawing for a gourmet dinner for eight at Chicago's famous La Creperie restaurant, Norwood Federal Savings and Loan Association, whose main office is at 5813 N. Milwaukee, is currently celebrating the opening of its fourth office located at 6205 N. Northwest Highway, by offering savers an opportunity to obtain famous Nordic Wear cooking utensils and other kitchenware either free or at far-below-retail prices.

According to Donald J. Babicz, Executive Vice President, "Anyone adding \$300 or more to an account, or opening a new account with the same deposit, will receive a 12-cup, cast aluminum Bundt pan. A \$1,000 deposit entitles the saver to a Crepe-ette Crepe making kit, once again completely free of charge."

"Even a Roast 'N Bake Nordic ware pan with a wire rack and polished finish, one of the most coveted and practical cookwear items especially appropriate for large holiday gatherings, can be obtained free with a deposit of \$5,000 or more," Babicz observed.

"In All we are offering eleven items to current and new customers, each of deluxe quality, when an appropriate deposit is made," Babicz continued.

"Anyone can also register for our Grand Prize drawing at all four of our offices, and in addition to the dinner for eight, we will be awarding fourteen Nordic wear items to other lucky winners," Babicz stated.

In addition to the Main Office and newest full-service branch, Norwood Federal also operates branch offices at 5415 W. Devon, Chicago, and 980 N. Northwest Highway, Park Ridge, where the prize drawing offer and the merchandise bargains are available.

"All Northwest side residents are urged to stop by one of our four locations soon to take advantage of these offers," Babicz concluded. "Gift supplies are limited, and certain popular items may be depleted by the January 15th cut off date."

In compliance with existing regulations, Norwood Federal has a limit of one free gift per family. However, there is no limit to how many Nordic Ware items may be purchased at discount prices. Also, funds deposited to obtain a free gift must remain in the account for 90 days or more.

Drug raid . . . Continued from Page 1

opened 6 months ago at 8109 N. Milwaukee ave., which advertises Toys for the Mind, Head Supplies, Cosmic Bongos and sells small weighing scales, marijuana clips, pill boxes, vials with attached spoons and other drug-connected apparatus.

Undercover agents allegedly bought a small quantity of Colombian marijuana for \$35 from the suspect Dec. 27 as a "sample" of the larger, one pound purchase for \$475 on Wednesday.

The Niles MEG agent noted that the Wednesday buy would ordinarily be broken down into 16 "lids" each weighing less than one ounce, each of which would sell at \$40 or more.

Nizynski was seized by undercover MEG agents at his Milwaukee ave. shop prior to opening for business. A task force team of 10 agents converged on the shop following a pre-arranged signal by the agent-purchaser indicating that the alleged sale had been made.

The undercover agent making the buy said negotiations were offered by the dealer for a larger sale later that evening.

A search of store premises revealed suspicious substances stacked in cardboard containers on file shelves and an "undetermined amount" of what agents termed Tunal capsules in a large brown bottle.

Nizynski, who said he was a Maine East graduate and former

resident of Niles, Des Plaines, Morton Grove, Elmwood Park and Chicago, told police he was not an addict but admitted to experimental "tasting" of reefers, speed and LSD.

Store sales had not been too successful, said the owner, forcing him to otherwise supplement his earnings. "Everybody has a side-line," he told MEG director John J. Hinchy. "Others pump gas ... this is mine."

Hinchy credited Niles police for "very good co-operation."

MEG is an organized drug-investigation unit founded 1971 in the suburbs which concentrates on apprehending violators of drug laws. Approximately half of MEG's 50 agents are from the Cook County Sheriff's police. The remainder are undercover agents from individual participating suburbs. About 10 suburbs were represented in Wednesday's arrest.

MEG agents said the last drug arrest in Niles was at the Chicagoland Van Centre, 7600 Milwaukee ave., a few months ago, when several thousands of amphetamines were seized.

Golden Acres . . . Cont'd from Niles-E.Maine P.1

Assistant Supt. Rich Albrecht said the biggest problem is in locating the pipe break "which could be 50 feet in either direction from the water breakthrough to the surface."

Frost pressure on water mains due to arid soil and a dry fall season combined with a snowless ground covering was blamed for pipeline breaks.

A second water main break two hours later at 9927 Huber In. brought more workmen to the Golden Acres area.

Numerous reports of pipe leaks over the weekend kept depart-

Niles Days . . . Will the real Jimmy . . .

Cont'd from Niles-E.Maine P.1 plastic shelters at village bus stops, was made Monday night by the Niles Days Board of Directors.

Members of the Days Committee; a 32-organization group which annually raises funds for local and charitable projects, are considering nightly Festival awards of appliances or a Grand Award of a trip to Hawaii, Las Vegas or Disney World. The projected cost of \$5,000 toward a new car as the Grand Award has become prohibitive noted the Niles Days chairman in asking that delegates return next month with recommendations from individual organizations.

In final action a four-page proposal of By-Laws Amendments was recommended by the Days Board for delegate-approval in February.

While changes in the By-Laws include word-deletions and additions, the proposed amendments are a strong move to empower the Board of Directors, taking away control from committee members.

A sleeper amendment warns delegates with discontinued membership unless required attendance at 5 Committee meetings during the year is met.

ment workmen busy, including a break at 7712 Oleander, said Albrecht.

He noted that other suburbs in the area are having similar problems.

Of greater concern, in view of the snowstorm forecast for Wednesday Albrecht said the department was readying trucks and snowplows, preparing for emergency snow removal and salting of Niles thoroughfares.

GIVE YOUR FAIR SHARE IT REALLY HELPS 

Cont'd from Page 1 eyeglasses off in Golf Mill and couldn't remember the name of the place, so could I please tell her the places in the shopping center that handled eyeglasses? I hardly had the name "Vision Service" out of my mouth when she shouted, "That's it!", thanked me and hung up.

I started to sort out the mail, got out my trusty letter opener and started slitting. There were about 100 envelopes, much more than I had anticipated after a holiday weekend, but the usual number of church, scout and club news releases.

As I worked my way through approximately half the pile, I caught sight of the upper left hand corner of a large ivory-colored envelope. I stopped dead as I read the return address: "The Inaugural Committee, 110 South Dearborn Street, Chicago, Illinois 60603". Quickly I pulled the envelope out of the pile and then really got wide-eyed when I saw the addressee: Ms. Diane Miller, % Niles Bugle. Wild thoughts began racing through my mind. Could it be that Jimmy from Plains had remembered Diane from Niles? Hardly! Carefully, I inserted the letter opener under the envelope flap and gave it one quick motion. I slid the contents out on my desk.

Then I realized Jimmy had remembered. Not Jimmy from Plains, but Jim from Springfield.

Two large, beautifully engraved cards were enclosed together with two smaller ones. The first large card read: "The Inaugural Committee invites you to be among the honored guests at ceremonies inaugurating James R. Thompson as Governor; David C. O'Neal as Lieutenant Governor; William J. Scott as Attorney General; Alan J. Dixon as Secretary of State and Michael J. Bakalis as Comptroller on Monday, the tenth of January, 1977 at 11:00 in the morning at The Armory, Springfield, Illinois."

The second card read: "The Inaugural Committee would be pleased to have you attend and participate in The Inaugural Ball in honor of Jim and Jayne Thompson, The Governor and First Lady of Illinois and Lieutenant Governor and Mrs. Dave O'Neal to be held in Springfield Monday evening, the tenth of January, 1977 from 8:00 p.m. at the Holiday Inn East. Of the two smaller cards, one was just a matter of general information, but the second read: "The Capitol Building will be open the evening of Monday, January 10th. Please join Jim and Jayne Thompson, the Governor and First Lady of Illinois, in listening to the Symphony in the Rotunda and touring the Capitol."

After the initial shock had worn off and after much prodding from my co-workers on "how often do you get invited to an inauguration" and "we can get along fine without you", I decided the next step would be to reserve a room in Springfield.

Well, let me tell you, Jimmy from Plains would have had trouble getting a room in Springfield that weekend. After making several calls to hotels and motels there and a very unfruitful, but pleasant, chat with a lady from the Springfield Chamber of Commerce, I found everything was booked with the exception of the corner bus shelters, which were going for \$15 a night if you didn't mind sleeping in an upright position. We finally settled for a Holiday Inn in Decatur, some 30 miles out of Springfield, with the hope that possibly there would be some cancellations by the time we got down there.

So, come Sunday morning, Jan. 9th, we're heading south — not as far south as I'd like to be going this time of year, but south anyway!

Next week I'll let you know the details of the inauguration and the ball and how it feels to turn back into a pumpkin at midnight. To be continued ...

Maine East Junior Prom

May 21, 1977. Sounds like a long way away, doesn't it? However, that's the date for the Maine East junior prom.

Junior prom co-chairpersons are Alison Grieco and Phil Millar. Other committee heads are publicity, Karin Willmann; decorations, Lori Parrott; and band and theme, Beth Silver.

While the title is still being discussed, the junior prom will have a Hawaiian theme.

Likewise, the selection for a band is still being discussed.

Juniors have been planning several fund raising activities to help finance the prom. For the holidays they have planned a holiday post office and holly sale, and in the months ahead they will have a Valentine sucker sale, donut sale, and candy corn promotion.

WE DO IT ALL FOR YOU AT McDONALD'S

A graduate of the University of Illinois, Mr. Schimmel resides in Morton Grove.

ED HANSON

Vikings win Super Bowl

Well, the Minnesota Vikings did it! They beat the highly touted Oakland Raiders by 3 points, which even brought a smile to the "Stoneface" of Bud Grant, their coach.

The Vikings needed the breaks to win and they got 'em. That field goal in the waning seconds, plus their excellent defense gave them the Championship. So, next year the Vikings will be the defending champs, but they won't do it again.

The Vikings are getting too old and this was their last hurrah but they did manage to just win the biggie.

"Hey, wait a minute!", you might say. The Super Bowl ain't played until Sunday, the 9th, and this is only Thursday, the 6th... how do you know the result? And I say, "Any boob can report the result after the game; it takes a genius to give the result before the game is played."

So, this is your chance to cash in. Mortgage the old homestead, car, the family jewels, and bet it on the Vikings to win and you can't lose.

Don't ask me how I know that the Vikings will win — the answer lies in the realm of parapsychology and if I explained it, you wouldn't understand it now! I think that's knowhow, yes, that's what it is — I have the knowhow in advance.

If you can get a few points and the Vikings, fine; if not, bet 'em anyway, because you won't need 'em. The Vikings are a lead pipe cinch to win the Super Bowl and that's all I'm going to tell you. The rest is up to you, unless you're chicken and have feathers in your brain.

Trustee Pete Pesole of Niles is a very proud and happy man. The reason: Pete received from Washington, D.C. an invitation to Jimmy Carter's inauguration, which also includes the ball, parade and the whole bit. In fact, rumor has it that Pete may be Carter's choice as Ambassador to Italy.

I predict that Pete will not become Ambassador to Italy. All I'm predicting is that the Vikings will win the Super Bowl!

George Arvey of Arvey's Restaurant of Niles — I have it on good authority — was offered the position of executive chef of the White House during Carter's term but George turned it down because he was too busy making those sky-high waffles he serves.

My thanks to Bene Stein of the Golf Mill Theatres for my annual pass but the crowds at the Golf Mill Theatres have been so huge I haven't been able to use it yet.

Jake of Jake's Restaurant tells me that in 1977 he plans to have more parties and promotions than ever before. So watch this column about the good times you can have at Jake's during 1977.

See you next week when I'll brag about my prediction about the Vikings winning next Sunday's Super Bowl.

Funds for Special Education in Maine Township

Once again, the Twentieth Century Club Juniors organization has demonstrated support and concern for students with special needs through a generous contribution of funds to the Maine Township Special Education Program. This year, the organization of Park Ridge women has donated \$750 for the purchase of instructional equipment and material to be used by students in the high school Special Education programs at Maine East and Maine South. Similar donations have been made by the organization for the past several years.

Power Failure at J. C. Penney

J. C. Penney Co. employees had a day off Monday, Jan. 3, when the Golf Mill store went without electricity for 6 hours and 40 minutes.

Darkness descended upon the department store just before 8 a.m. due to an underground cable fault located near the shopping center area.

Further complications arose said Commonwealth Edison Co. Coordinator Bill Hurray when the switch broke which would normally transfer power from the faulty line to one of 2 or 3 other feeders supplying current to the store.

A crew of 3 men replaced the breaks with new parts and service was restored at 2:30 p.m.

Hurray said that Sears was the only other store affected, where service was interrupted for 45 minutes.
