Trustees outlaw "bookie joints"

Ban sale of drug-related items

by Alice M. Bobula
A pre-emptory amendment banning the sale of items designed or primarily used for drugs was unanimously passed by village trustees Tuesday, Jan. 11.

The code change to the general licensing ordinance further provides for revocation of the establishment's business license in the event of a convicted violation of the amendment.

Tuesday night's action was credited by interest generated last week in a village problem, said Mayor Nicholas Blase, of a Niles store. The Paraphernalia Shop, selling apparatus generally employed in the use of controlled substances.

The Bugle carried the story last week of arrest of the shop-owner for alleged sale of marijuana to an undercover narcotics agent. The same issue called for village action on sale of drug-related items which were primarily offered for purchase in the store.

Blase said another shop had discouraged by him from further sales in the village.

In second action trustees under Home-Rule authority prohibited off-track betting and off-track messenger service offices in Niles.

Blase urged control by village ordinance despite the fact that "the problem of racetrack betting services has not as yet been presented in Niles."

Village Attorney Richard Troy noted Home Rule municipalities "have the authority to prohibit deputizing a person to place a bet at the track."

The Bugle goes to The Ball

by Diane Miller
Cinderella certainly went to her ball dressed more fashionably than most of the ladies who were in Springfield at the Governor's Inaugural Ball last Monday night. Most of them set aside their fur jackets and stoles and wore their heavy wool coats, knitted hats and scarves and black rubber boots which coordinated with nothing else they wore.

The sequins and sparkle of the long gowns lost their glamour when your eyes wandered to the footwear. The inclement weather made everyone more conscious of their personal comfort than their fashion, including yours truly.

My husband and I and our 15 year old No. 2 son left early Sunday morning amid the swirling and blowing snow, hoping as we went farther south it would get better. It was really bad until we got to the other side of Joliet and then it let up, so we decided to stop for breakfast.

Being noted for my ability at picking winners (I had the Vikings in the Super-Bowl), I spotted a quaint little restaurant ahead and we pulled in. After we were there 3 or 4 minutes, we were suddenly aware the temperature inside was about 10° warmer than outside. The double-sweatered young waitress informed us there was a heating problem, but it had been fixed. We went ahead and ordered and subsequently found the specials of the day were eggssicles and iced coffee. I couldn't see the cook in the kitchen, but envisioned a fellow wearing a ski mask and breaking eggs with his mittens on. This restaurant also had the first ladies' room I ever visited which had a wind chill factor. Not only was the temperature about 20°, but they had a ceiling exhaust fan running. There was also a plumbing problem in one of the sinks, but they were kind enough to post a sign on the bathroom mirror (printed in very amateur hand) which read: "Sorry for the mess but we cannot get a plumber until tomorrow." As a result of this disastrous choice, I was not allowed to pick-out an eating spot for the rest of the trip.

We arrived in Springfield about 1:15 p.m., just as their snowstorm began. We drove to Lincoln's 10-room home and found it to be much more than the log cabin he was usually associated with. Since there was no one else touring the building, we were able to ask many questions and the personnel there were very informative. We learned there are 53 authentic pieces of furniture, dishware, and artifacts in the home, but they are not identified for security reasons. We left there, went through the Lincoln Museum and the new State Information Building where we watched a 26-minute film on the life of Lincoln.

Noticing the snowstorm was really getting bad, we felt we had better head for our motel. As I explained last week, we were only able to get a room in Decatur (30 miles from Springfield), but we did luck out and got into a Travelodge about 7 blocks from the Capitol, due to a cancellation.

District 63 teachers' petition opposes forms

by David Besser
About 100 teachers from School District 63 submitted a petition to the school board at Tuesday night's meeting objecting to filling out a student-profile form which they contended was a duplication of other forms they fill out. Normally, such a petition would be submitted directly to the administration.

School Superintendent Gogo objected to the teacher action stating the decision for the order was the domain of the administration, not the school board. The board agreed with the superintendent, turning the matter over to the administration for further action.

Former union president Barbara Korb told the board after the teachers had given their rationale objecting to the forms she felt the

Pharmacist arrested on illegal drug charges

Metropolitan Enforcement Group (MEG) agents arrested the owner-pharmacist of Niles Drugs, 8001 Milwaukee ave., on Tuesday, Jan. 4, for alleged over-the-counter sales with prescription of controlled substances.

It was the second drug bust in Niles within a week thru combined efforts of Niles police officers and MEG.

MEG agents said that Skipper Andrade, 36, of 610 Eighth st., Wilmette, was charged with 7 counts of delivery of Diazepam (Valium), a depressant, and Diethylpropion, a stimulant, on four separate occasions to an undercover agent.

Normally one or two purchases are made before arrest said police. Due to licensing and strong interest by Niles officials MEG agents said they wanted to develop a tight case which would aid in prosecution of the suspect.

No one else was charged nor was anyone else suspected of involvement.

Andrade was released from jail Tuesday night on \$100,000 bond after posting 10% in cash. A preliminary court hearing was set for Jan. 25 in Niles Third District Court.

The drugstore has remained open for business but Andrade will appear before a village hearing to show cause why his business license should not be revoked. According to police Andrade purchased the Milwaukee ave. drugstore approximately 6 months ago and also has a part interest in a Chicago medical center which was not identified.

Andrade was seized Tuesday around 2 p.m. after an undercover agent signaled completion of the alleged sale to two other MEG agents in the store. The half dozen customers present were unaware of what was happening.

Niles police, MEG, federal and state agents of the Dept. of Registration and Education, Federal Drug and Enforcement and

Niles West to host gymnastic invitational

Girl gymnasts from 27 area schools will compete in the 4th Annual Niles West Invitational this week-end. Beginning at 7:30 p.m. on Saturday, January 15, gymnasts from the 15 Central Suburban League (CSL) schools, plus Oakland, Oak Park, Rich East and South, Thornton, Maine North, York, Libertyville, Moline, Naperville North and Central and Wheaton-Warrenville will show their optional routines in the four girls' events.

With that many schools participating, the Invitational will be overshadowed in size only by the first State Meet to be held the following month, according to Judi Sloan, Niles West girls' gymnastics coach and director of the meet. Sloan expects it to be loaded with talent as well. "Because each school is limited to two performers per event, it should be exciting to see the best gymnasts from each school in each event", she prophesied.

Something else to watch for at this meet, will be the current CSL leader and the winner of the

Invitational since its beginning, Maine East. Sloan, whose team ran second to the Demon girls in the meet two out of three times, thinks that "Maine East will get more of a challenge this year", predicting that the challenge could come from the two Naperville schools, York, Evanston or the two Rich schools. "And there's also Deerfield, who just got an outstanding gymnast who scores 9.0 or better in all four events", Sloan added.

What about Niles West? Sloan will count on junior Kim Kerbel and senior Karen Derrmer on vaulting and bars, seniors Jane McDonald and Marilyn Taldone on floor exercise and juniors Carol Buffo and Chris Putz on the beam to score the points for West in this meet.

Sloan expects the meet to last no longer than three hours, despite its large number of performers, because "we've gotten the best and fastest judges". Tickets for adults will be \$1.25. Students will be admitted for 75 cents. "People will be very surprised at the high calibre of gymnastics they will see at this meet", Sloan concluded.

M-NASR children's programs

Looking for a way to fill the many leisure hours the Winter season brings? You don't have to look any further, as the Maine-Niles Association of Special Recreation offers creative and enjoyable leisure time opportunities for children of all ages. The numerous programs sponsored by M-NASR provide handicapped children and children with special recreational needs from Maine and Niles Township with fun, friendship, and a chance to learn new skills.

A new program this Winter, "Pre School", is for children who are attending school on a half day basis. The program will provide a variety of recreation activities and games for movement, vocabulary, language and fine motor development. Activities will also encourage listening skills and promote social interaction. A popular program which has received much attention, the "Before School/After School", has been designed for those children attending developmental kindergarten classes. Children attending school in the morning are bussed from school to the After School Club, and children who attend the Before School Club are bussed from the program to school. The program provides a variety of activities, including motor exploration, music, sports, games, crafts, cooking and drama. This is an excellent way to expand your child's skills, awareness, and improve his self image.

The "Saturday Recreation Club", a fun-filled program for physically and multiply disabled children, provides Saturdays full of sports, games, music, drama, art, and cooking. Each week children have an hour of swimming in a therapeutic pool. A corrective therapist, recreation therapist, special education instructor and many fine volunteers supervise the program. Other programs for physically disabled children include "Hotwheels", a sports program that provides a variety of team sports, "Bowling", and "Teen Club".

Many other programs are being offered too. Some of these are Gym and Tumbling, Floor Hockey, Creative Creations, Dance Movement, Ice Skating, and Disco-Dance.

Winter registration begins on January 10-14, and programs start on January 17th. For program and registration information call the M-NASR office at 674-5512, or stop by 9440 Kenton, Skokie.

Zoners recommend ban on offtrack betting

[by Alice M. Bobula]

Niles zoning commissioners Wednesday, Jan. 5, proposed a ban under Home Rule on off-track betting parlors within the village. The recommendation will go to the Village Board of Trustees for a final decision.

Comr Kenneth Cohen noted that other villages (Harvey and Calumet City) have passed ordinances absolutely forbidding the messenger services. "We should get an ordinance on our books to prohibit this type of facility in Niles," he urged.

Chicago courts have yet to clarify the legal status of the messenger services which has confused law enforcement agencies. Under state law racing bets can legally be made only thru the parimutual counters at the tracks and are taxed by the state at the time.

Ret-order operators contend they merely perform a transportation service for their customers and place the bets legally at the track.

However, the Illinois Racing Board has received numerous complaints from patrons of the services about failure to pay winnings.

Niles trustees had forwarded an Aug. 1975, request to the zoning board for placement of the betting parlors in a B2 Special Use category which requires public hearing and to set parking requirements for such businesses. Zoning recommendation was delayed pursuant to clarification by the courts.

Village action had been prompted by a telephone inquiry to Niles from a firm considering placement of the messenger service in the village, similar to The Pegasus operation in Chicago.

Village attorney Richard Troy, in a letter directed to the Zoning Commission dated Dec. 14, said the betting operations could present numerous problems pertaining to parking of customer cars, security and handling of money. "To date no municipality has zoned messenger services as Special Use or has presented any regulations for their operation in the detail that

would seem warranted."

In other business Zoning Commissioners continued action to Feb. 2 a rezoning petition by Chicago building contractor Lee Goyette for an office complex at 7353-73 Caldwell ave., to allow Board study of a letter of opinion on the property.

The Board made mandatory the appearance of owner Paul Brandel to answer charges by adjoining resident Mrs. Shamer Johnstone of the promise to maintain as a buffer zone the 125 feet at the rear of her property.

Denied a Special Use petition by Brett and Barbara Branch of Des Plaines for a Health Food Store with 3 bar stools at 9098 Golf rd. Seating constitutes an eatery said commissioners which necessitates parking requirement. The area is already short on parking and the petition was denied. Given the choice of appealing to the Village Board or opening the health spa without the stools, petitioners decided to forego the seating, in which case rezoning for the area is not required.

Recommended approval of a Special Use petition by George Prusia of Chicago for a pet grooming shop at 7948 Oakton predicated on noise from animals. Grooming of pets will be the mainstay of the shop which will also sell tropical fish, pet supplies and small animals.

Denied a Special Use petition by Niles resident Ben Smith of 9763 Huber Oval for a Service Station and Carwash at 6747 W. Tohy.

Area residents presented a 50-signature petition objecting to projected noise pollution by cars, increase and backup in traffic, wet cars generating icy streets in winter months and possible danger to pedestrians (joggers) and bikers.

Zoners noted the area is near to the Milwaukee-Touhy intersection newly remodeled at a cost of \$1.1 million to reduce and improve traffic conditions. "We must be consistent in Village planning for good traffic flow," was stated primarily for denial. Petitioner Smith indicated appeal to trustees.

Unique service for Unity customers

Unity Savings announces another unique service for its customers: free telephone transfer of money 24 hours a day from anywhere in the state of Illinois.

This Unity becomes the first savings and loan in the state to transfer a customer's money from a Passcard savings account to a NOW checking account free of charge and pays for the phone call too.

Saul Z. Bass, Unity's President said, "With the growing number of customers at Unity opening up NOW checking accounts, we felt it was important to offer this service. Even if you are traveling downstate, all you have to do is dial our toll-free number and Unity will simply transfer funds from your Passcard savings account to your NOW checking account any time of the day."

Mr. Bass went on to say, "Our customers have told us that what they particularly like about this service is the fact that their money on deposit at Unity earns interest until the very moment of transfer."

Unity Savings is the largest state chartered, federally insured savings & loan in Illinois. It has offices in Norridge, Schaumburg, Niles, Chicago and soon to be opening in Hanover Park.

The teams who participated in the tournament were Oak School who entered two teams, St. Isaac Joques, Niles Elementary School South, St. John Brebeuf, and St. John's Baptist Church.

At 10 a.m. - Niles Elementary South vs. Our Lady of Ransom (B). In a surprisingly low scoring game Niles Elementary South downed Our Lady of Ransom (B) 16-8. Larry Schaps scored 9 pts. for the victors.

At 11 a.m. - St. John Brebeuf vs. Our Lady of Ransom (A). St. John Brebeuf displaying a fine balanced scoring attack turned back Our Lady of Ransom 36-21.

At Noon - St. John's Baptist Church vs. Oak School (B). In another low scoring game Oak School (B) pulled out a squeaker, edging by St. John's Baptist

Church 12-0. Jim Kitching scored a game high of 8 pts. for Oak School.

Winners of the quarter final games advanced to the semi-finals which were played at 1:30 p.m. and 3 p.m. Results of those games are as follows:

At 1:30 p.m. - Oak School (A) vs. Niles Elementary South. This game saw Oak School just too quick for Niles Elementary South, as they successfully scored on fast breaks throughout the game. Final score saw Oak winning easily 56-18.

At 3 p.m. - St. John Brebeuf vs. Oak School (B). St. John Brebeuf advanced to the finals by downing a tough and determined Oak School (B) team 31-18.

Losers of the semi final games, Niles Elementary South and Oak School (B) played for 3rd place at 4 p.m. Niles Elementary South came out on top in this game as they downed Oak School (B) 20-11 taking home the 3rd place trophy.

The Championship game had St. John Brebeuf vs. Oak School (A). The first period saw St. John Brebeuf jump off to a 20-4 lead. In the second period St. John continued to control the tempo of the game by out rebounding and again outscoring Oak School extending their lead to 30-8 at half time. The 3rd and 4th period saw the momentum of the game switching to Oak School, but the lead St. John Brebeuf had built up in the first half proved to be too much to overcome as St. John Brebeuf scored a 42-34 win and became the Niles Park District Holiday Basketball Tournament Champion.

Participating in the Bowl-A-Thon, scheduled from 9:30 a.m. to 3 p.m. will be Jeff and more than 100 others in the Junior League program, which is coordinated by Ms. Walberg. Ms. Luckenbach is Chicago Lung Association's Christmas Seal Chairman in Morton Grove.

Something for everyone at Every Stitchin' Thing

New visitors to the Every Stitchin' Thing needlework shop are apt to think they have made a mistake and accidentally walked into someone's house.

The shop, in Suite 202 of the Dempster Plaza Bank Bldg., 8700 W. Dempster, Niles, has been designed to make everyone feel at home. Instead of the usual store atmosphere, there is a dining room table and chairs, end tables and lamps, the coffee pot is always on, and everyone is treated as a friend rather than a customer.

Making people feel at home is exactly the aim of the instructress

who prefers to be known as just "Linda." She says she is not the only teacher, however, because many of the people who come to the shop stay around all day and help one another.

The shop has materials for every type of needlework imaginable, and classes, which are free, are offered in all phases of needlepoint.

The shop also does all types of finishing and framing, and offers an exclusive "ripping" service - if you make a mistake, they will rip it out for you and get you started over again. Anyone who has gone through the frustration

How to prepare "entree pies"

Meat pies, quiches, and other main-dish pies are the subject of a one-evening MONACEP cooking session from 7:30 to 10:00 p.m. on Thursday, January 27, at Maine East High School, Dempster and Potter, Park Ridge.

Birdie Selinger, a MONACEP instructor since 1971, will lead "Entree Pies," a demonstration-testing of main-dish pastries suitable for brunch, dinner, or buffet parties.

Ms. Selinger will also teach a one-afternoon session on "Introduction to Bread Baking" from 1:00 to 3:00 p.m. on Tuesday, January 25, at the Complete Cook, 222 Waukegan, Glenview.

The fee for either session is \$7.00 for both residents and non-residents of Maine and Niles Townships. MONACEP is the adult and continuing education program of Oakton Community College in cooperation with the Maine and Niles Township High Schools. MONACEP at 967-5821

'Family Law' is new OCC/MONACEP women's course

A unique course entitled Family Law will be offered especially for women by the Oakton Community College Women's Program and MONACEP, Oakton's Adult and Continuing Education Program.

Family Law will meet on Thursdays beginning January 27 from 1:00 to 3:00 p.m. at Oakton Community College, Oakton and Nagle, Morton Grove. Issues which will be covered include consumer rights, parents' and children's rights in the schools, and women's rights.

In addition to exploring the impact of the law on the middle class American, class members will participate in the "Court Watching Project" begun by the Battered Women's Coalition in an effort to aid women and children who are abused at home. Class members will train as court watchers, learning about agencies which help distressed families and then visiting actual courtrooms.

Help is available for the abused women and children, but the problem is in providing them with the necessary information to find this help, according the Marty Abrams, course leader.

Ms. Abrams, an Oakton instructor in communications and a law student at DePaul University in Chicago, said that women who enroll in Family Law will work jointly with the Battered Women's Coalition in steering women and children to the temporary emergency shelters which have been set up in the Chicago-land area.

"The number of battered women and children in the Chicago Metropolitan area is alarming and the figures are growing," Ms. Abrams said, adding, "that this problem is not new, but is receiving public attention through recent newspaper and media coverage."

For further information, contact the Women's Program Office at 967-5120, ext. 350.

of having to rip will appreciate that type of service.

Linda says one goal of the shop is to keep needlework affordable, so everyone can enjoy it. People are urged to stop in and visit, to just sit and chat, or to browse around among the collection of wall hangings, pillow-tops, needlepoint rugs, purses and knick-knacks.

There is an arbor in the shop where the customers - or friends - can display their handicrafts. Plans for the future include a needlework art show in the spring.

If you are an old pro, or just feel a yen to try your hand at some type of needlework, you're welcome at Every Stitchin' Thing.

Creative writing courses for women

Gift of Microwave oven for Home Arts program at Maine East

Shown above (l-r): Mrs. Elizabeth Davis, home arts instructor at Maine East's special education facility, demonstrates the use being made of the school's new microwave oven, while Dr. Richard R. Short, Supt. of Schools; Morris Geselter, director of Maine East's Special Education Dept., and Mrs. E. Hoy McConnell look on. The oven was purchased with money from the E. Hoy McConnell Memorial Fund.

A new Frigidaire Microwave Oven, purchased with money from the E. Hoy McConnell Memorial Fund, is proving a valuable instructional tool as well as a cooking convenience for special education students studying food preparation at Center Court, Maine East's special education facility.

With the approval of Mrs. E. Hoy McConnell of Park Ridge, the \$400 contributed by friends and colleagues of her husband at the time of his death in 1974, and held in custodial care at her request by Maine Township High School District 207, have been used to purchase the RCM-6 Frigidaire Microwave Oven as a piece of instructional equipment for Center Court's home arts program. It is also used in preparing the noon meal for the trainable handicapped students there.

Mr. McConnell had for many years been well known in the

community for his concern for young people and for his special interest in quality education. He had served two terms on the District 207 Board of Education and had returned to the Board twice thereafter to serve out the unexpired terms of other members.

In speaking of Mr. McConnell, Dr. Richard R. Short, Superintendent of Schools, said, "All of us who knew and worked with

Hoy McConnell on school matters well knew the tenacity with which he sought the highest in quality for the Maine Township High Schools. We believe he would approve the use of the memorial funds for the purchase of instructional equipment for special education purposes. The microwave oven will be of real value to the students in Maine East's home arts course."

SJB School Open House

Open House will be held at St. John Brebeuf School, 8301 N. Harlem, Niles, on Tuesday, January 18 and Thursday, January 20 from 8:45 a.m. to 11:30 a.m.

Kindergarten classroom and a science lab.

The school has an enrollment of 820 students under the guidance of 35 faculty members plus a number of student teachers, para-professionals and many volunteer aides.

Sister Theresa Jungers, school principal and Mrs. Kay Bauer, school secretary, shown above, prepare final plans for SJB Open House.

Announcing a key system with advanced features for companies with 10 to 30 telephones.

If your company has been expanding, or you're thinking about moving, you'll certainly want to know about this modern system.

It offers convenience features that will help your people get things done faster.

Take the intercom. Your operator can tell you who's calling, and you can talk to her, all without lifting the handset. This same feature works even while you're already on another call, and lets you know who's waiting to

talk to you. If it's important, you can get right on it.

There's a privacy feature, too. No one can listen in on your calls unless you let them. It also prevents others from inadvertently dialing out on busy lines, or interrupting ongoing calls.

There are some very interesting options you can use to tailor-make your system even more like the multi-trunk conference feature that lets you talk to two outside calls at the same time.

Or you can have music, or a pre-recorded message, played to a caller while he's on hold and waiting to be connected.

There are so many more time-saving and convenience features you'll want to know about them.

Citizens Bank tops \$400 million

Citizens Bank & Trust Company of Park Ridge reported total resources as of Dec. 31, 1976, at \$407,481,537. This new record asset total marks a significant ten-year growth record for the bank during which time Citizens has grown to become the largest bank in Illinois outside Chicago. During the past decade, total resources have increased in excess of 220%, from \$125.9 million on Dec. 31, 1966, to over \$407.4 million at 1976 year's end.

During this same ten-year period, total deposits at Citizens have more than tripled, from \$117.3 million on Dec. 31, 1966, to more than \$364 million at the conclusion of 1976. Total deposits at Citizens Bank at year-end 1976 showed a significant increase of over \$23 million since Dec. 31, 1975.

Total trust assets of Citizens Bank also showed a noteworthy increase during this same 10-year period. Since Dec. 31, 1966, total trust assets have increased more than 325%, from \$88.6 million to \$376.7 million on Dec. 31, 1976. In just the last year, trust assets at Citizens rose by more than \$86 million.

During this remarkable growth period, the CitizensBank Trust division has become one of the largest trust companies in Illinois outside Chicago. A bank officer attributes this rapid growth, in part, to the realization by many Chicago and suburban residents

that CitizensBank has a highly professional, experienced Trust staff capable of providing expert, personal service to their trust needs.

Among the trust investment services provided at CitizensBank are investment advisory accounts, pension and profit sharing plans, common trust funds, and investment management accounts. Trust financial planning at Citizens includes life insurance trusts, investment planning, corporate employee benefit planning, buy and sell agreements, financial and tax planning.

In addition to the extensive Trust services mentioned, Citizens provides a wide range of innovative personal and commercial services designed to meet the financial needs of today's customer. Bank officials feel that these constantly expanding services have contributed to this outstanding growth record.

One such area adding to the growth performance of Citizens is the Dimension 60 program of services for persons sixty years of age and over. This bank package presently includes twenty-six free services designed to meet the economic, social, and psychological needs of older persons.

During 1977, bank officials anticipate adding additional services to accommodate customer needs and ensure continued growth and progress for the trust, commercial and retail divisions of Citizens.

Touch of Beauty comes to Niles

An all-new, revolutionary way to clean carpeting now is available in this area thru Touch of Beauty Carpet Cleaning, 8500 Dempster st., Niles.

The first such unit operating in this area, the fantastic Turbo-matic, in-truck Touch of Beauty carpet cleaning unit now permits factory-trained technicians to clean any size carpet anywhere, from homes and offices to large plants and commercial institutions.

"Now it doesn't matter how large or difficult the job, we have the equipment to do the work even more professionally and efficiently," said manager Tom Aiello, who is concerned with always providing his customers the best service possible.

With the new powerful equipment, crews break up soil and residue ground into carpeting faster than ever before and rapidly remove it with absolutely no problem, Aiello explained.

All work is guaranteed and all carpeting is ready for use within a few hours and definitely by the next day's business, said Mr. Aiello from his firm's new location at 8500 Dempster st., Niles.

Specially designed during a two-year program and then turned over to dealers and distributors throughout the country, the unit is operated by a powerful, special engine mounted in a van.

Only the long hose and vacuum are brought indoors and all that is heard is a mild hissing while the carpeting is being cleaned.

Touch of Beauty's 400 feet of special hose allows crews to clean almost anywhere since the hose can even be run from the truck to a third-story window for easy application.

Distance from the van has no effect on the quality of cleaning since the self-contained engine is designed to always have plenty of power to spare.

"I will stand behind any work we do and the customer will have nothing to fear," stressed Mr. Aiello, who invites customers to make appointments now for day or night cleaning by calling Touch of Beauty office at 956-6985.

The firm also has added all-new portable home carpet and furniture cleaning units for dry or wet cleaning, whichever is correct for the fabric involved.

LGH expresses thanks to holiday caroling groups

Dear Mr. Besser:
Every Christmas season most patient-care areas of Lutheran General Hospital echo with the vocal harmony of carolers. These children, young and older adults come in groups both large and small to give a musical gift to our patients. The carolers often bring attractive hand-made tray favors, too.

The warmth of the carolers' music and their concern is deeply appreciated by patients, many of whom are unable to spend the holidays with their family and friends.

There is no practical way in which the hospital, in behalf of our patients, can thank each of these generous community residents who carol at Lutheran General. However, we would like to publicly express our gratitude to those groups who shared their Christmas spirit with our patients.

The caroling groups at Lutheran General Hospital were: Junior Girl Scout Troop #781, Des Plaines; Cub Scout Den #1, Pack #365, Glenview; Town & Country Chapter Chorus, Park Ridge, Edison Park, Skokie areas; Brownie Troop #674, Des Plaines; Girl Scout Troop #833, Des Plaines; Youth Group of St. Mark Lutheran Church, Mt. Prospect; Girl Scouts from Troops #1799, 1278 and 505, Chicago; St. John Lutheran School, Niles; Students from Regina Dominican High School, Wilmette; Employees of The Golden Bear Restaurant, 4626 N. Cumberland, Chicago; Lutheran Single Adults, Koinonia (North), Chicago, North and Northwest suburbs; Sixth Graders, Terrace Elementary School in Des Plaines.

With best wishes for a richly joyful New Year.

Sincerely,
T.L. Jacobsen
Executive Vice President
Lutheran General Hospital

Disney flicks overpriced

Dear Editor:
Where has all the peace and good will gone from our Christmas holidays. The manager or owners of the Lawrencewood Theatre sure have lost all of theirs.

They had the only children's picture showing at the neighborhood shows over the holidays and I was shocked that they doubled their normal prices. Usually all seats are \$1.50 but for the holidays when our children were home the prices jumped to \$3 for adults and \$2 for children. I think this is outrageous. It would have cost me \$9 to just get in for me and my three children, not including popcorn or candy. Mr. Disney is probably turning over in his grave at this terrible injustice.

An irate movie-goer,
Mrs. Wm. Blake

NEVER JUDGE A BANK BY ITS COVER.

It's true. We admit it. Right now, we aren't the best looking bank in the world. And it may be several months before our building and redecoration is finished. But—we've got our assets. Millions of them.

What we want you to know is, we're very, very much in business. We're making loans. Small ones. Big ones. We're paying top interest on savings accounts. We're a full service bank. We're close. We're convenient. In other words, we're a great bank to be in, even if we're not quite glamorous yet.

We welcome you to stop by. To bank. To borrow. To save. Or to do all three. Get to know us. Give us a chance to be your friend. And remember: Looks aren't everything.

Ribbon-cutting held at Niles office of First Federal

The cutting of a 20 foot long strip of dollar bills — in place of the traditional ribbon — marked the official opening Monday, Jan. 3 of the new \$1.25 million Niles office of First Federal of Chicago. The office is at 8400 W. Dempster rd.

Cutting the string of 100 greenbacks, which were later donated to charity, were Niles village manager Kenneth Scheel; Gustav Larson, assistant vice president and branch manager of First Federal; E. Stanley Enlund, chairman of the board and chief executive officer of First Federal; and Grover J. Hansen, president of First Federal.

Also participating in the ceremony were the Honorable Abner Mikva, United States Representative of the Tenth District; Dr. Robert Bartell, president of the Federal Home Loan Bank; Donald Crowder, senior vice president and branch operations manager of First Federal; Herbert Houndt, mayor of Morton Grove; Charles Bolek, acting mayor of Des Plaines; and Edward Patten, mayor of Glenview.

"I think you'll appreciate the improved service we can give in this new, modern building," Larson told those gathered during the ceremony. "The attitude of all of us here at First Federal is still the same as it was in the ranch house. We're going to give our customers the same friendly service."

After the ceremony, visitors were given tours of the building.

The \$1.25 million First Federal office features 6,400 sq. ft. of space on two levels. The office follows a contemporary design of overhanging open-truss roof and walls of glass that give an open, inviting look to the building.

The full-service branch has capabilities for four teller stations and eight lobby teller stations. Off-street parking for 64 cars is available.

Interior decor at the new office follows the warm, contemporary style set at other First Federal facilities, including deep blue

carpeting and chairs, smoked glass privacy partitions between teller stations and in counseling areas, and warm wood in wall paneling and desks. Reception areas have modular seating arrangements in vivid blue, with glass and chrome accent tables. Large green plants and indirect lighting add an inviting atmosphere.

First Federal opened the Niles office in Nov. of 1974 on the same site as the new office. The Niles office is one of 17 First Federal offices in Chicagoland.

Shown in above picture: a 20 foot long strip of dollar bills -- in place of the traditional ribbon -- was cut Monday, Jan. 3, to mark the grand opening of the Niles office of First Federal of Chicago. The new office is located at 8400 W. Dempster rd. Next to First Federal models are, from left, Charles Bolek, acting mayor of Des Plaines; Grover J. Hansen, president of First Federal; E. Stanley Enlund, chairman of the board of First Federal; Gustav Larson, assistant vice president and Niles branch manager; Kenneth Scheel, Niles village manager; the Honorable Abner Mikva, United States Representative; Dr. Robert Bartell, president of the Federal Home Loan Bank; and Donald Crowder, senior vice president and branch operations manager of First Federal.

DINING & ENTERTAINMENT

Maine East music activities

Trumpets, flutes, saxophones, and bassoons are some of the many instruments used by students in the Maine East Concert Band, which meets periods 4 and 5-A. During class the students are introduced to different kinds of music played throughout the school year.

For the first quarter Concert Band works mainly as the Marching Band. In this section students learn to march in formation and to do routines with sight-appealing moves. Marching Band is directed by Mr. Kenneth Gelz. The Marching Band marches at all home football games, and this year, as a bonus, the students marched at the state soccer finals.

Some music played by the Marching Band was "Don't Rain On My Parade"; the McDonald's theme song, "You, You're the One"; "Goin' Out Of My Head"; and "The Maine Pep Song".

One part of the Marching Band is the flag corps, made up of girls from the clarinet and flute section of Concert Band.

The rest of the year the band works on concert music. This year the first concert was Dec. 5. This was the winter music festival, with the orchestra and choir also participating. The Concert Band director is Mr. Gerald Hug.

The big thing this year for the band, however, is a concert with Peter Nero, scheduled for Jan. 15 in the Maine East field house. This concert will feature the Concert Band, Orchestra, and Choir. Also, Peter Nero will perform with his trio. Tickets are \$5 each and may be purchased from Maine East music students.

One of the main fund raisings this year was a fruit sale in November. During the sale the band made \$3,800. These funds will be used for a trip this summer to Dayton, Ohio. There the band is going to play at the 25th anniversary of Tri-M, and Maine East is chapter #1.

Peter Nero concert at Maine East

Peter Nero will be featured at a very special Pops Concert sponsored by the Maine East Music Boosters. This Concert, to benefit the high school music students, will be presented Saturday evening, Jan. 15, at 8:00 p.m. at the Maine East High School.

The "Nero Style" entertains all with music from classical and popular worlds blended into ingenious arrangements to develop an unforgettable program. His association with RCA Records produced 23 albums in 8 years, 2 Grammy Awards and 8 nominations, and made a consistently best-selling artist. His subsequent move to Columbia not only brought him more Grammy nominations, but a coveted gold record for his million-selling "Summer of '42". Tickets can still be obtained by contacting the Maine East Music Department at 825-4484. Please phone for further information.

Shown above finalizing plans for this memorable evening are Maine East Music Boosters: Jackie Steigerwald, Park Ridge; Jane Cartland, Park Ridge; Trudy Wolken, Morton Grove; and Lynn Wax, Morton Grove.

Theatre fans invited to DPTG meeting

Des Plaines Theatre Guild president, Mary Unell, discusses events planned for the busy community theatre organization in coming weeks with DPTG's social and program chairman, Arlette Dawson of Des Plaines. Unell, an Evanston pharmacist, is a Glenview resident, and his wife, Paula, is co-chairman of DPTG's Cabaret Theatre which is available to perform for other organizations desiring entertainment for special programs and fund raisers.

Des Plaines Theatre Guild's regular bi-monthly membership meeting coming up on Wednesday, January 19, is open to anyone in the area interested in community theatre.

Social period begins at 8:00 p.m. at Guild Playhouse, 620 Lee Street, Des Plaines, 2nd floor, with a short business meeting called to order by president Mary Unell, at 8:30 p.m. Refreshments will be served, and entertainment will be provided by Marianne Marquette, Ken Johnson and Arlette Dawson.

Des Plaines Theatre Guild is currently at the mid-point of its 31st consecutive season. Onstage weekends is the famous Ayn Rand courtroom drama, "The Night of January 16th," playing through Sunday, January 23. In rehearsal is the March production, "The Silver Whistle" under the direction of Richard Sitt, assistant drama supervisor with Chicago Park District.

Acting workshops for children are held each Saturday afternoon with Macky and Joel Cohen, of Niles, and adult workshops are beginning this month for beginners and advanced, under the direction of Raul Johnson and Ron Nicholas.

Two performances by DPTG's Cabaret Theatre have been scheduled for Friday and Saturday, January 28 and 29, when their new musical revue, "There's No Business Like Show Business" will be staged at 8:30 p.m. For information on acting classes and any of these activities, call Guild Playhouse, 296-1211 between the hours of noon and 8 p.m. daily.

Soroptimists hold Theatre benefit

Ruth Wendt of Park Ridge holds a calendar on which she has circled Sunday, January 16th, as a reminder that members of Soroptimist International are holding their benefit theatre party that evening at Guild Playhouse in Des Plaines. Coincidentally, the title of the play is "The Night of January 16th!" With Ruth are Dolores Tyler and Dorothy Fielden of Des Plaines, and Connie Manika of Des Plaines, administrator of Henrich House, one of the recipients of funds raised by the Soroptimist benefit.

Members of the international classified service organization of professional and executive business women have furnished the lobby and game room of the senior citizens apartment building in Des Plaines, and are planning to use proceeds from their theatre benefit to furnish the library of the residence, plus other philanthropic projects in the community.

For tickets to the January 16th performance of Ayn Rand's exciting courtroom drama, call 827-0200, 393-3360, or any Soroptimist member. Rosemary Schoenberger of Niles is president of the organization.

Maine Senior Citizens Annual Report

Maine Township sponsored a total of 38 senior citizen activities in 1976, highlighted by a four-day mini-vacation trip to the Grand Ole Opry in Nashville, Senior Citizens Coordinator Ferdinand C. Arndt stated in his year-end report to Maine Township Supervisor James J. Dowd.

Arndt said the annual program included seven, same-day, out-of-town trips to such sites as Galena, the Clock Tower in Rockford, Old Chicago in Bolingbrook, and the House on the Rocks and Idle Hour Mansion, both in Wisconsin.

The township also sponsored five theatre parties, regular luncheon meetings with speakers or entertainment at the Casa Royale in Des Plaines, afternoon gatherings for bingo and cards, and one Sunday afternoon dinner. The luncheons and afternoon gatherings were held one each month.

Arndt said that in its first full year of operations, the township program has averaged between 250 and 300 senior citizen attendees, with more than 500 attending the Christmas luncheon party. A total of 13 events were scheduled during the last four months of 1975, when the program was initiated.

Arndt added that he expects to conduct at least as many individual activities this year as last.

The Maine Township senior citizens program is funded through federal revenue sharing monies. Seniors customarily pay the price of admission or meals, with Maine Township paying other expenses including transportation. Arndt and his staff, including Secretary Bea Ballin, volunteer their services.

ED HANSON

A bit of history ... at Arvey's

Back when Rome and Julius Caesar were at the height of their glory an incident occurred which never made the history books. For despite his great success Caesar was an unhappy man. He was unhappy because he wanted posterity to remember him for some notable achievement.

Addressing his council he'd say, "So far all I'll be remembered for is a Caesarean Section operation - what the hell good is that?"

And try as they did, not a single member of the learned council could come up with an idea that Caesar thought would gain him immortality.

Finally, after he'd had the whole council thrown to the Lions, a Greek slave, who had been fanning him, spoke.

"Great Caesar, I can make something that will make your name immortal!"

"Yeah," sneered Caesar, "what's that?"

"A very special salad which I used to make in my restaurant before I was taken prisoner, great one."

So the Greek slave, whose name incidentally was George, took a large wooden bowl and in a short time whipped up a salad which he gave to Caesar.

Caesar, who loved salads, devoured the concoction, with great gusto. "Man, that's delicious!", Caesar exclaimed. "What do you call it?"

And the slave, being Greek, had a word for it. "It's a Caesar Salad, great one - you'll always be remembered for it."

And for a truly great Caesar salad today you can get one free with lunch or dinner at Arvey's Restaurant, 7041 W. Oakton St., Niles. And now even on Sundays you can have a free salad with your lunch or dinner. In fact, Arvey's serves free salads with lunch and dinners 7 days a week!

And, as they say, truth is stranger than fiction, because that ancient Greek named George who created the recipe for Caesar Salad was a distant relative of George Arvey. The recipe has been handed down thru many generations. That's why the Caesar Salad you get free at Arvey's is so super superb that it cannot be equalled.

And in honor of that ancient Greek named George, every Wednesday Arvey's has Greek Night. And at Arvey's Restaurant on Wednesdays you can get authentic Greek delicious foods for very reasonable prices, too. And that free Greek cheese they serve with all dinners is Saganaki-Ala-Flambe, which flames in honor of the ancient Greek restaurateur who created the first original Caesar Salad. Enjoy one on the house at the place where the foods are internationally famous - Arvey's Restaurant of Niles.

This week's special at The Back Room of the Hi-Way Club, 7620 N. Milwaukee, is Butt Steak at only \$4.50. This is a tender, juicy steak which you'll enjoy at a very reasonable price. The Back Room is a very special place for very special food.

Well, the Super Bowl, which turned out to be a disaster area for me, is over. How did you, Mrs. Grant, enjoy the game? How did you, Mrs. Tarkington, enjoy the game? If you asked me how I enjoyed the game, I'd say - what game?

See you next week ...

Newly Formed Yell-leaders at Maine East

Making their debut at Maine East Friday, December 17, are the newly formed yell-leaders each with a varsity cheerleading partner. (front, l-r) Bob Tinkoff, Leslie Selligren, Bob Etchingham, Linda Galbavy, Tom Bradley, Joanne Hirsh, John Castellano, Sponsor Bill Bolton, Mike Babcock, Carol Olson, Ross Anzelone, Jamie Klein, Tim Heinz, Tracia Scovill, and Mike Millar. (middle, l-r) Dave Perry, Bob Warman, Craig Anderson, Joe Arnold, Dale Fijalkowski, Brian Fraser, Mike Magnani, and Sam Donatucci. (top, l-r) Marilaine Anderson, Paula Albano, Sharon Serlin, Donna Musolf, Laurie Gullberg, and Debbie Bisinella. (not pictured: Diane Batliner, Patti Albano, Jeff Davitt, and Guy Bolioux).

Maine East cheerleading takes on a new image—the university look!

The spirit of Maine East is exhilarating with the addition of yell-leaders to the varsity cheerleading squad.

The seventeen yell-leaders are Craig Anderson, Ross Anzelone, Joe Arnold, Mike Babcock, Guy Bolioux, Tom Bradley, John Castellano, Jeff Davitt, Sam Donatucci, Bob Etchingham, Dale Fijalkowski, Brian Fraser, Tim Heinz, Mike Magnani, Mike Millar, Dave Perry, Bob Tinkoff,

and Bob Warman.

"We believe that at Maine East we have found the first co-educational high school cheerleading/yell-leaders' squad in the state of Illinois," remarked faculty advisor Bill Bolton.

The idea came about when Mr. Bolton, alias "Mr. Spirit," took over the duties as cheerleading sponsor this year. His intention with the yell-leaders was to help motive the spirit of the Maine East student body. With the idea of yell-leaders, Mr. Bolton talked

with football captain Sam Donatucci, and together they attempted to promote the program with sophomore, junior, and senior athletes. Needless to say, the enthusiasm was great, and the yell-leaders are 17 strong.

In the final stages of the promotion, Mr. Bolton and the squad were invited to participate in one of the Northwestern University cheerleading sessions, under the direction of Ms. June Booth. This enabled the group to receive a better insight of what is expected from each individual.

Drug arrest... Continued from Page 1

The Drug Diversion Unit converged on the store armed with an administrative inspection warrant signed by a judge earlier in the day. The warrant allowed for inspection of records and sales of controlled substances.

MEG agents said they began investigation of the pharmacist-owner's activities several months ago based on information re-

ceived from the Niles Police Detective Division.

Undercover agents began making small buys, without prescription, of controlled substances which were handed over-the-counter in brown paper bags.

Previously the pharmacist allegedly sold 50 capsules of Diazepam. Subsequently, the agent-purchaser returned for 50 additional capsules plus 100 of Diethylpropion which has a stimulating effect on the nervous system. Approximately 100 more each of the uppers and downers were allegedly bought a third time prior to agents closing in on the Jan. 4 sale.

No force and no weapons were displayed in the arrest.

Police said Andrade had no previous arrests and no previous record.

MEG is a suburban law enforcement body which concentrates on apprehending violators of drug laws.

Demon gymnasts

Three Maine East gymnasts won medals in the Homewood-Flossmoor Sophomore Gymnastics Invitational.

Coach Terry Beckwith noted that Maine East gained sixth place with 33 points, only using four sophomores.

Skokie Valley...

Cont'd from Skokie-L'wood P.1 tion sessions, individual counseling and supportive maintenance.

Dr. Camin will head up a clinical and therapeutic team that will comprise an alcoholism therapist, a psychologist, clinical social worker, counselors and specialized nurses.

Family sessions will be part of the program. Outpatient seminars and group therapy programs will be held for all patients and their families on a regular basis, and these will continue after the patient has been discharged from the program.

During hospitalization, the patient will be encouraged to participate in Alcoholics Anonymous and other self-help community groups. These activities will be an integral part of his follow-up therapy.

When an intoxicated patient is admitted, he will go thru medical detoxification administered by the medical director. All patients will be given a medical examination, undergo laboratory and x-ray work-ups, and receive diagnostic screening by a psychologist and social worker. The patient then will enter an individualized recovery program based upon the medical and diagnostic evaluations performed by the clinical team.

Dr. Camin said that individual counseling, on a one-to-one basis, will help each patient identify specific needs and anxieties related to his/her alcohol-related problem. Group counseling with other alcoholics will prepare the patient to examine his/her personal feelings, values and goals. In this experience, he often recognizes that many of his/her personal fears are shared by others. Through educational lectures, the patient learns the disease process of alcoholism in relation to the human body and can readjust his lifestyle so that through continued sobriety, the disease can be arrested.

Have regular medical check-ups.

Apartment complex blaze

Niles, Park Ridge, Des Plaines and Glenbrook fire departments joined with North Meigs' fire department Monday morning in extinguishing a fire in a 70 to 80 unit building at 8894 Knight st. in the East Meigs unincorporated area. The 2nd floor fire sent smoke to the 3rd and 4th floors requiring 6 or 7 residents being rescued from the upper floors by fire ladder. Niles officials reported several other residents were escorted from the smoke-filled building and estimated damages were between \$5,000 and \$10,000.

KIN Open House

KIN, Inc., (Kids In Need) of Niles Township, a new agency being funded by the Niles Township Youth Commission, is having an open house on Monday, Jan. 31 from 7 to 9 p.m. at their new permanent headquarters, The Sharp Corner School Bldg., 9301 Gross Point rd., Skokie, Ill. 60076, Telephone No. 679-6410.

They want to invite everyone to come and meet their staff, find out about KIN's programs and ask about what it means to be a foster parent with their program. They will be establishing a network of short-term (0-30 days), emergency foster homes for children (0-18 years of age) of families in crisis. The service will be free to all residents of Skokie, Lincolnwood, Niles, Morton Grove and Golf. Placement may be needed for a variety of reasons: death, illness or a family problem. Their goal is to prevent the disintegration of the family and to allow those children who

need temporary placement to maintain their local school attendance and peer relationships.

Referrals will be coming from a variety of places including local school personnel, youth officers, family counseling and mental health agencies and other concerned citizens. All of their homes will be licensed by the Illinois Department of Children and Family Services and can provide a "Cooling-Off Period" whereby the child and his/her parents can meet with a neutral person to identify the problem and begin to work on solving it.

Come to the open house to find out more about this much needed service in our area and/or if you would be willing to open your door to a child in need of placement for a short time. If you are unable to come and want to learn more about KIN's program, contact their director, Jill Mahinney at 679-6410.

Bugle goes to The Ball. . .

Continued from Page 1
About 8 p.m. the snow subsided and the Springfield snow removal force came out en masse. He started on Adams Street, directly in front of the Capitol Building. Eddie Bacher and his second-to-none Public Works crew could certainly give that town a lesson in efficient snow removal.

Monday morning we left the motel early since the seats in the Armory were limited and on a first come, first served basis. The Inauguration was set for 11 a.m., so we arrived at the Armory at 9 a.m. and found there were already about 200 people waiting in line. The wind chill factor was -37° and the Armory guards would not open the doors until 9:30, so we all solidified in that half hour in line. Once we entered the warm building I had to use de-icer on my bifocals and my feet.

All the news services were ably represented in the Armory and we amused ourselves by watching a make-up lady work on Bill Kurtis and Walter Jacobsen.

There were approximately 100 seats on the stage for the VIPs, and about 20 of them were announced as they made their entrance to the marching music of the Illinois State University band. Among them were Sen. Charles Percy; Cecil Pardee, Mayor Michael Bilandic, former Secretary of State Mike Howlett, former Lt. Gov. Neil Hartigan, Chief Justice of the Illinois Supreme Court Daniel Ward and his entourage of black-gowned justices, Mrs. Carr (mother of Jayne Thompson) and the parents of Jim Thompson. After they were all seated, Governor Dan Walker and his wife came up the center aisle of the Armory followed by Governor-elect Jim Thompson and his wife Jayne, who looked radiant in her white two-piece suit with a royal blue scarf around her neck. The Governor-elect wore a blue pin-striped suit with a bright red tie. It was his decision that business suits and not formal wear would be worn at the Inaugural Ceremony.

After the playing of the Star-Spangled Banner and the invocations, two original poems were read — one by a young lady from Altgeld School in Chicago and the other by a boy from St. Pius School in Lombard. Their poems had been chosen out of hundreds submitted in a special contest.

Once the oath of office had been administered to Thompson by Chief Justice Dan Ward, he shook hands with Ward and promptly hugged and kissed his bride Jayne. The oath of office was then administered to David C. O'Neal, Lt. Governor; William J. Scott, Attorney General; Alan J. Dixon, Secretary of State; Donald R. Smith, Treasurer; Michael J. Bakalis, Comptroller; and William D. Forsythe, Trustee of the University of Illinois.

After the Inaugural Ceremony had ended, Gov. Thompson came to the microphone and explained that when he was campaigning in the various schools throughout the state he promised the students if he was elected Governor they would all be invited to the Inauguration. That was his reason for having the first Inaugural Parade since 1948 and 8,000 students; all members of bands and marching groups; accepted his invitation. Gov. Thompson then proceeded to explain that due to the snow and extreme cold, the parade was still scheduled but would be held inside the Armory at 1 p.m. He urged everyone to come back and not disappoint the youngsters who had worked so hard and travelled so far for this occasion.

So after a hurried lunch, we headed back to the Armory, watched the well-rehearsed marching bands go through their routines, listened to the Governor's Irish Setter bark to the cadence of the drummers and noted the enthusiasm of Gov. Thompson and his wife as they clapped their hands to the rhythmic music of the marchers.

It was at this time that I made my way down to the first floor of the Armory where the press corps was stationed and eventually was able to shake hands and congratulate our new Governor. He's a very enthusiastic man, most unpretentious and certainly not embarrassed to display his affection for his wife, whom he hugged and kissed several times during the course of the day. He also showed a definite affection for the young people whom he praised, applauded and cheered throughout the afternoon.

When the parade was completed, we headed for the Holiday Inn East where Michael Bakalis and Alan Dixon were holding an afternoon reception. We also had an opportunity to stop by and visit Ann Marzullo, Margaret Wirsen and many of the Maine Township GOP group who were in town for the inaugural ceremonies. We arrived back at our motel about 5:30 p.m., caught our breath for about two hours and then got dressed for the reception in the Capitol and the Inaugural Ball at the Holiday Inn East.

Since parking at the Capitol was at a premium, we pulled up the drive in front of the building and luckily were guided into a parking spot reserved for the Assistant Senate Majority Leader by a Capitol guard. By not having to walk any distance, I was able to wear my gold slippers into the Capitol rotunda instead of my black hip boots. As we entered the long corridor, we could hear the strains of the Belleville Philharmonic Orchestra which was seated in the rotunda. On each of the three floors of the Capitol tables were set up and gowned ladies served punch, mints and nuts. The building was open to the guests and we visited the House Gallery, the Senate Gallery, the Governor's office and several other departments. Outside the Governor's office, the walls were bedecked with large oil paintings of former governors of the State of Illinois. We were amazed as we read the names under the portraits how unfamiliar we were with many of our former governors and how many had slipped our memory until we saw their portraits.

The symphony was playing excerpts from "Carousel" and the sound of the violin strings filtered through the hallways, lending an

elegant touch to a very festive occasion.

About 9:15 Jim and Jayne Thompson and Lt. Gov. Dave O'Neal and his wife arrived at the Capitol and were promptly escorted into the rotunda by an honor guard of 10 men dressed in the authentic costumes of the Union soldiers in the Civil War.

Both the Governor and Lt. Governor were wearing tuxedos while Mrs. Thompson wore a black gown, draped over one shoulder with a thin spaghetti strap over the other, and a gold medallion on a chain around her neck. Mrs. O'Neal wore a white gown, also with the thin spaghetti straps, and a neckpiece of white ostrich plumes.

Governor and Mrs. Thompson promptly greeted and shook hands with each member of the Belleville Symphony and thanked them for taking part in the evening's festivities. After approximately 20 minutes of greeting well-wishers and posing for the Kodak crowd, they left for one of the Inaugural Balls. Two were held — one at the Forum 30 near the Capitol and the other at the Holiday Inn East on the opposite side of Springfield.

We had been invited to the Holiday Inn East, so at 9:45 p.m. we headed for our last stop of the evening. We arrived to find the ballroom was nothing but wall to wall humanity, tuxedoed, gowned and jeweled and 'having a ball', which, I expect, is the proper thing to do if you're attending one. After making a complete circle in one spot on the dance floor, we decided to head back to the motel. After all, the clock was striking the magic hour of twelve.

The Bugle went to the Inaugural Ball and a ball was had by The Bugle.

July Fourth parade and fireworks display in Niles this year. The Niles Days Committee last month set aside \$7,500 from next July's Festival Days to finance the event.

Approved an increase in package liquor licenses to 15, for Osco Drugs in Oak Mill Mall.

Approved appointment of Evanston resident-lawyer Gerald Murphy as village prosecutor, to succeed Harold Berg. Murphy claimed 24 years of practice in the field of litigation and experience in Appellate and Supreme Courts, altho he has never before represented a village.

Noted that Niles forwarded to Commonwealth Edison Co. a letter of refusal to comply with projected rate increases of 6% and a subsequent 8.5%. Village representation at the Jan. 17 energy hearing was requested.

Formally approved village protest of future water bill payments to Chicago pending legal action against the City to reduce water rates. Blase noted that a 9-suburban mayoral committee of which he is a member will present their recommendations Feb. 1 to a 36-member suburban committee regarding justification and costs of a class action suit against Chicago for the Feb. 1 water hike.

Empowered Building Director Joseph Salerno to formally protest (accompanied by Des Plaines and Glenview) rezoning, from residential to Hi Rise residential of 15 acres at Deerlove and Central rd. Salerno, who attended the Cook County zoning hearing recently, said the petition called for 29 units per acre in the unincorporated area.

Approved a plat of subdivision to Joseph, Mario and Lea Verre at 8420, 3204 and 3213 Maynard rd.

Reiss appointed what might be considered the more liberal members of the board, those who might be more in sympathy with the position of the teacher. Mrs. Kipnis, while not quite to the right of Atilla, nevertheless is a more conservative member of the board. The implication by her outburst was the board is being stacked with a particular point of view in these committee selections.

In a third action, the board will send a letter to the state transportation department thanking it for addressing itself to the safety problems on Golf rd. at intersections and at the sewer ditches near schools, also emphasizing the board commends a 4-lane road. The board spent much time debating whether to state they approved of just resurfacing the street, of approving the computerizing of traffic lights and commending the creation of needed turn bays in the area between the tollway and Harlem ave. A resolution approving all these matters lost 4 to 3 with the majority board feeling they should restrict their comments to matters only directly effecting the safety of the school children.
