# NILES TO RENEW MEG DRUG FIGHT

by Alice M. Bobula

Niles trustees Tuesday night voted to renew village participation in the Cook County Metropolitan Enforcement Group (MEG) following petition by Police Chief Clarence Emrikson for manpower, unmarked car and extra funding. MEG, an undercover drug-investigation unit in the

suburbs, was officially disbanded June 30, 1977 upon expiration of a Federal MEG grant thru the Illinois Enforcement Commission (ILEC). Further state funding had been declined by Governor Thompson. Emrikson said drug arrests had declined tremendously. Continued on Page 18

## Retirement program

## From the LEFT HAND

by David Besser  
Editor & Publisher

Progress Report ...

The Bugle expects to move into its new offices by the middle of the month. It will be about 6 weeks after the fire.

Unlike most retail businesses, it was important we continued in business. A retailer burns down and he remains closed for 2 or 3 months. But a newspaper must be blood kin to the theatre ... because the show must go on.

Onstage at its present office we're operating on 3 levels. In the basement the girls are making up ads and laying out the paper on the ping pong table. The darkroom is the laundry room where they develop 35 mm. film which is used for larger type.

The kitchen and the family room house the classified girls and the bookkeepers, and the salesmen who are enduring working on aluminum tables. Typesetting is being done on IBM typewriters which are camped on the dining room table. Upstairs, the news-hens are editorializing from the children's bedrooms.

We're addressing the newspapers with the help of Glenview's Nelson Printing which makes up stickers for the papers. And we head for Hinsdale twice a week

## Firefighter Sam Bublely retires

Niles Fire Captain Sam Bublely is going to miss the blood-tingling excitement of hearing the emergency fire alarm.

Bublely retired the first of the year and is planning a trip with his wife Phyllis to Texas, "where the weather is warm."

His planned retirement as a 20 year man on June 1, 1977 was unexpectedly delayed, due to a heart attack the previous March, to a medical disability retirement Jan. 1, 1978.

Health problems have not deterred the fire captain and his wife who have ventured into

the life of nomadic travel. Sale of their Niles home and purchase of a fifth wheel trailer leaves them free to roam, preferably to milder climates.

Sam regrets leaving behind a big part of his life and a career of love ... "You work closely with fellow firefighters for many years and it's difficult to break away." But he admits to the challenge of a "new kind of life" in trailering.

He credits wife Phyllis with the courage necessary to a fireman's wife in bringing up their three children,

Larry, now 29, Linda, 30 and Cynthia, 24, when he had to spend time away from his family.

## Zoners back plan for single family homes

by Alice M. Bobula  
The Niles Zoning Board Tuesday, Jan. 9 recommended approval of annexation and rezoning of the northeast corner of Greenwood ave. and Maynard dr. in unincorporated Cook County; looked favorably at annexation and special use rezoning for St. Isaac Jogues Church and School at 8101-49 Golf rd. also in unincorporated Cook County and continued action for rezoning at Park ave. and Prospect for construction of 3-flat buildings. As agent-owners of the property at

Maynard and Greenwood, Callero and Catino Realty, 7800 Milwaukee ave., petitioned for annexation and rezoning from R1 to R2 for construction of 6 single family homes along Greenwood ave. and 10 houses along Maynard individually priced at \$100,000 and similar to those built on Grace st.

Zoners favored the petition subject to pre-annexation agreement by the Niles Board of Trustees.

In motioning for approval Zoning Comr. Kenneth Cohen noted the single family homes "would continue the character of the area as residential." Annexation of the area to the village he said would be advantageous to "squaring off the boundaries of Niles."

In second action zoners approved Special Use zoning under R1 to St. Isaac Jogues Church and School predicated upon agreement of annexation to Niles by village trustees.

Father Elmer Klug, pastor of St. Isaac Jogues, noted the petitioned proposal followed recent annexation to Niles

of the adjoining property, proposed construction, of the Washington Square Condominiums.

Zoners also approved variation to village code to allow for maintenance of more than one building on a zoning lot for school, rectory and convent.

In final action zoning commissioners continued action to Feb. 6 on a rezoning petition for multiple units at 8126 and 8130 Park ave. after hearing numerous objections from neighboring residents.

Owners Gus Chakos and Andy Sofko are seeking rezoning from R2 single family to R4 multiple family for construction of two 3-flat buildings with English basements.

Neighbors objected in a signed petition with approximately 40 signatures to the proposed zoning change because the property is adjacent to single family homes, the multiple units would detrimentally affect public safety and welfare with dangerous traffic congestion also "decreasing values of adjacent properties."

"The area is loaded with 6 flats to the south already -- we don't need any more congestion," objected a nearby resident. A homeowner on Park and Prospect complained that "parking is already insufficient in the area, with restaurant patrons parking in the street."

A young mother at 8127 Park came forward to protest the rezoning due to

## SJB's "Festival IX"

The individual rooms being featured this year are "Gaslight Lounge", "Y'All Come Back", "Don't Touch That Dial", "The Gong Show", "Funny Valentine", "Crystal Dawn" and downstairs in the restaurant will be "The Silver Dollar Saloon and Dance Hall".

Shown above are some of the performers rehearsing their act for "The Gong Show". For tickets call Ed Mammoser, ticket chairman, at 967-7341 or stop in at the St. John Brebeuf rectory at 8301 N. Harlem ave., Niles. Tickets are going fast, so don't hesitate.

### Morton Grove Library happenings

Backgammon, the popular game of the 70's, will be taught at the Morton Grove Library by Mr. Harry Firu, a Morton Grove resident, on Wednesday evenings at 7 p.m., beginning on Jan. 18.

The basics of Backgammon will be included as well as intermediate and advanced skills. The class is open to high school students and adults of Morton Grove.

Verification from Building and Zoning Director Joe Salerno prompted Comr. Charles O'Grady to point out that the village had a responsibility to home purchasers who were advised of the zoning around their property. "As a matter of record," noted O'Grady, "this information will ultimately affect Board decision on the petition for multiples."

### Tully to speak to ND parents

The Mothers and Fathers Club of Notre Dame High School for Boys will hold its joint meeting in the cafeteria of the school on Tuesday, Jan. 17 at 8 p.m. The guest speaker

## Maine East splits four at Carbondale tourney

The 1977 Carbondale Holiday Tournament may be looked on in the future as the time that Bob Webber went from a good basketball player to a great one. The Maine East junior forward played brilliantly in the 14th annual tourney. Not only was he voted by the media covering the tournament to the first all-tournament tear, but he led what a lot of insiders consider the finest Christmas tournament in the state

in scoring, averaging over 21 points a game in the Demons' four games at Southern Illinois University's Arena.

Maine East after losing to Herrin in the opening round 60-54, went to the consolation bracket and defeated Du Quoin 67-40 and Alton 60-56, before being beaten by a tough Belleville East Club, 53-42 in the consolation championship.

The tournament also saw the emergence of another Maine East junior. Guard Jeff Debs after scoring 14 against Herrin, and taking up the role of floor leader, started the rest of the tournament and has seemed to have solidified himself as the Demons' number one guard. He played extremely well all week and led the team in scoring with 17 in a losing effort against Belleville.

Herrin after defeating Maine East pulled the upset of the season, beating number one ranked Collinsville.

### Demon wrestling

The Maine East varsity wrestling team won over Glenbrook North this past week-end 22-18.

Winners for the Demons were Ben Viray, Emil Hernandez, Darren Van Puymbrouck, Mark McGrane, and Mark Sommers. The only

66-62. The Demons came very close to playing the Kahoks, the team that topped Maine for the tourney championship the year before. East was two up on Herrin with 2:00 left in the game, but a number of key turnovers at the end of the game spelled the Demons sixth loss of the season.

Maine East had a chance to achieve one of their pre-season goals by taking home a trophy from Carbondale with a victory over the Lancers of Belleville East in the consolation title game.

However, with 4:00 left in the game and down by six, Maine East took a minute off the clock trying to work for a good shot. They didn't get it, and when the Lancers came right back down and scored the game was put away. Oak Forest, in their first year at Carbondale, won the championship topping Thornridge. Carbondale defeated Herrin for third place.

pin was awarded to Mark McGrane, pinning his opponent at 2:48.

The freshmen won big over Glenbrook North 53-15 as Maine East saw its junior varsity I team lose 34 to 24 and junior varsity II team lose 39-20.

Shown above are the six senior football players of Notre Dame High School, Niles, who were named to the East Suburban Catholic All Conference Team. (Left to right) Dave Stevens, Scott Stearney, Tom Rotunno, John McEnerney, Tom French, and Tom Flood. Stevens was also named last year.

## ND fresh win tournament

The freshman basketball team of Notre Dame High School, Niles, won its own Christmas tournament. The first victory was on Dec. 28 against Elmwood Park where the score was 79-24. On Dec. 29 they met Loyola and defeated them 37-32. The championship game was on Dec. 30 with Gordon Tech and the ND frosh won 54-51.

Loyola and Carmel of Mundelein battled it out for third place and Loyola took it 42-40. It was an eight team single elimination tournament. Ridgewood and Luther North fought for the consolation championship and Ridgewood won this trophy by a score of 53-21. Trophies were also awarded to the first, second and third place winners.

Frosh coach Joe Tullio said, "I was very happy about the results." He also said that in the championship game his boys were down thirteen points in the third quarter but were able to pull it out in the fourth quarter from Gordon Tech who had won the NDHS tournament for about the last four years. He was especially pleased that his boys had defeated Gordon Tech who was 9-0 going into the championship game and also Loyola who had an 8-1 rec-

ord at the time they met ND. In the tournament, nineteen out of twenty boys who played scored points. A new game record was set in the victory over Elmwood Park. The new score of 78 points broke the previous record of 73 points in one game last reached in the game with Driscoll in 1968-69 season and before that against Marian Central of Woodstock in the 1966-67 season. He was especially pleased with the hustle of Tony Divito, Dan Gaughan, Todd Kane, Pete Leddy, Jim Les, Kevin McCarty, Jim O'Neill, and Tom Winkler.

### Niles hockey

Over the holidays the Niles Sharks, Mite "A" hockey team, sponsored by Roberts Advertising, participated in a Christmas tournament at Waukegan. The Mites placed 2nd in the competition, playing hockey against Palatine and the Elmhurst Blades. Trophies were awarded for 1st and 2nd place.

On Jan. 2 the Mites traveled to Homewood-Flossmoor rink and won 3-2 against St. Jude Mites. Nick Chaconas played the nets and the goals were scored by Rick Derlis, Chris Addante and Kenny Thompson.

## Learn-to-sing course

MONACEP is now offering a Learn-to-Sing course. Lovers of classical and popular music now have a chance to perform the music they have only been able to listen to in the past.

Learning to perform musically has many advantages including proper breathing, poise, and the basic techniques not only for singing but also public speaking. This course is for everyone from the businessman who must give a speech to the homemaker involved in community organizations. All will learn how to control the natural nervousness encountered in public speaking and learn how nerves actually help the person perform better. Students are encouraged to bring their favorite songs to class and will receive individual coaching and assistance in the

performance of the pieces. Instructing this course is Ms. Judith Knorst, who has degrees in voice and piano from the Northwestern University School of Music. She has studied with Boris Goldovsky, Lotte Lehmann and Maria Caniglia both in the U.S. and in Germany and Italy. Ms. Knorst also has performed on the stage and television in the United States and Germany.

Learn to enjoy life more; learn to sing. This course is noncredit and conducted in an informal, friendly atmosphere where the student has fun and relaxation while learning at the same time. Call MONACEP at 967-5821 for information on registration in this class which begins the end of January.

## IF YOUR EMPLOYER STOPS HIS PENSION PLAN, A "ROLLOVER" I.R.A. CAN GET IT GOING AGAIN.

Until recently, a worker who was dropped from a company pension plan (or who left the plan by changing employers) had two choices concerning the money due him: He could spend it, or he could put it into a conventional savings account. Either way, he had to pay taxes immediately on that money.

Recent legislation has given the person with this problem a third alternative—a "Rollover" I.R.A., anyone who has been separated from a pension plan has up to 60 days to deposit his funds into this special account. The interest accrued (7½%) on this money is tax-deferred until the depositor begins to withdraw it from the account—as early as age 59½, or as late as age 70½. (Money withdrawn at retirement will be treated as regular income, but a retired person is generally in a lower tax category, plus the government allows a double exemption for persons over 65).

Annette Serritelli will be happy to answer any specific questions you may have, whether in person, or by calling 693-5555. We'll show you the benefits of getting a pension from your bank.

### Drugstore theft suspect apprehended

An attempt to steal \$2,342.35 in drugs from the Osco drugstore at 8730 Dempster st. in Niles, Dec. 31 was blocked by members of a stock crew working in the early Saturday morning hours.

Arrested for the alleged theft attempt was Michael J. Greenier, 21, of 9050 Hollyberry, Des Plaines, who was placed under a \$3,000 bail bond pending a January court hearing.

Police said 9 bottles of Valium were removed from the suspect's pockets. All the bottles had Jewel-Osco labels.

The Osco store manager said a store employee had been stock-

ing shelves a short distance from the pharmacy around 2 a.m. when she heard a bottle of pills drop to the floor.

She screamed when she looked up to see a man climbing down

over the shelves from the area of the pharmacy, frightening him toward the front door exit where he was apprehended by the store manager.

### Summer job booklets available from Mikva

Tenth District college students and high school seniors who are looking for summer jobs may obtain a brochure from Congressman Abner J. Mikva on employment opportunities with the federal government.

Each summer, the United States government hires thousands of students for a variety of positions, Mikva said. Since there are many more applicants than positions, however, the students are encouraged to apply for other jobs in addition to seeking government employment for the summer.

The positions available are in Washington, DC and throughout the country.

The requirements vary from agency to agency, but clerical positions will be filled according to performance on a competitive examination. For other summer positions, students will be asked to apply directly to those federal agencies where they would be interested in working.

The deadline for applying for many of these jobs will be late January. Each of the brochures includes a form to be completed and mailed by each student who wants to apply for a position or to take the examination. Students who would like to obtain a brochure may call Congressman Mikva's Skokie office, 676-1350, or pick one up at the office, 4016 Church st., Skokie.

### Burglaries

Thieves broke into Woodrow Wilson School at 8257 Harrison st. after 8 p.m. Dec. 29 and took a snow blower valued at \$300 thru an exit door. Police said foot impressions in the snow outside indicated one large size set of footprints.

Replacement value of broken window was set at \$80.

## Symmography exhibit at FNBS

Carl Reed, a jet airplane mechanic, has a hobby of creating two dimensional geometric works of art from nails and miles of wire with a few odd pieces of stainless steel, copper, brass and wood thrown in for good measure.

His creations, which may be a ship under full sail, a butterfly, a bicycle or even a 1910 Mercer automobile, are currently being displayed in the First National Bank of Skokie lobby gallery.

Carl starts from scratch -- just an idea, or maybe a commission from a business or art collector -- and designs and executes the finished work all by himself, stringing miles of various weights of wire from nail to nail until the completed symmograph emerges.

## Centel ranks first in growth

For the fourth consecutive year Central Telephone & Utilities Corp. ranked first in profitability and growth among telecommunications companies in the U.S. according to Forbes magazine's recent 30th annual report on American industry. Central Telephone Company of Illinois is a subsidiary of CTU.

Forbes measured 1977 management performance of the 1,005 biggest public companies, those with sales over \$250 million. It measured profitability in terms of return on stockholders' equity and on total capital. Growth was measured in both sales and earnings per share. During the last half

decade, CTU has led all telephone and electric utilities in return on stockholders' equity with 16.3 per cent. It had the highest net profit margin -- 13.2 per cent -- among telecommunications companies. And it led in earnings per share with 9.6 per cent. CTU's return on total capital investment was 7.1 per cent -- again highest in the industry.

The only area where CTU didn't rank highest was in sales growth. It ranked third with 12.2 per cent. United Telecommunications was highest with 15.2 per cent, followed by Continental Telephone with 12.4 per cent in sales growth.

where the Tribune makes negatives and plates which go on their presses Wednesday afternoon.

The firm studying Niles police department is a management firm.

Interviewers have flown in from Washington where they conduct their one-on-one interviews with many of Niles policemen. Village Manager Ken Scheel has been queried as has this reporter. We were told policemen told the inquirers the study has been undertaken because of what has been written in the newspapers about Niles police department.

All village trustees as well as Niles village president Nick Blase are expected to be interviewed before the final report is submitted to the board. The summations and recommendations should be forthcoming by the end of February.

Despite the charges of payoffs and other sundry matters reported in this newspaper, the management firm's job is to concentrate on improving management techniques in the department. No charges will be leveled at any one man. Rather, recommendations for improving leadership roles, and upgrading the antiquated methods in the department will be highlighted.

While the official report is likely to be cloaked in managementese terms The Bugle will give you a report on the basic problems which are being uttered over and over again by the policemen. Anyone who has the slightest inkling how Niles operates knows all the reports in the world won't improve the department unless there are basic changes in the community.

The reports about payoffs to get police jobs or to move up in the department will not be points of discussion in the management report. The ability to get a ticket fixed is not a basic concern of this firm. And favored treatment by "friends" of the department is not likely to be part of the report.

One of the best firemen Niles has had, Sam Bubley, has retired from the department. He will be heading south by southwest in his 5-wheeler by the end of the month.

Sam has always had our admiration for the way he handled his job. His devotion to being the best fireman he could be spoke well for both Sam as well as Niles.

A highly intelligent man, Sam could have succeeded in any field he endeavored into. He has a leadership charisma which naturally would vault him to the top in most areas.

When I think of successful people I always place Sam near the top of my list. He did the kind of work he loved. And he did it to the very best of his ability. He was respected and admired by all who worked with him which is the best judgement a man can get.

was born in Minnesota Oct. 10, 1922, later moving to Chicago. Employed as a plant supervisor in the big city he moved his family to Newland ave. in Niles in 1950, when he decided to join the volunteer fire department in 1951.

"At that time," remembers Sam, "the population of Niles was 3,600 and I became the 7th fireman in the department." He joined the fire force as a regular June 1, 1957, was promoted to lieutenant in 1962 and received his captaincy June 1, 1966. Bubley was

dously, indicating that "drugs are around, but there have been no organized arrests in Cook County since MEG closed down." Since local communities are not able to cope individually with the problem the police chief said a conference with police chiefs of other towns resulted in a decision by each participating village to provide an officer, car and other funding to continue MEG on local levels.

"The Governor has since realized the program is greater than he thought," noted Emrikson, "and has agreed to furnish "buy" money (for drug purchases and paid informants) as has the government."

Emrikson said he did not know how many communities could furnish men and money but that "Evans-ton has already approved their officer."

Other police chiefs will be approaching

Committee. Friends of the Morton Grove Library was organized to help publicize and promote the services and facilities of the library. Members will participate in programs and activities both in the library and throughout the village.

station commander at Station 2.

At his retirement party last Friday evening the captain was presented with an honorary gold badge and was gifted by fellow firemen with equipment for his trailer home.

Fire Chief Albert Hoclbl had praise for the retiree on having performed well during his years of fire service to the village, and wished him happiness in his future plans.

"Sam has always adhered to rules and regulations of the department," commented

the Chief who expressed admiration "that in the 20 years I've known him he's not had any problems with administration or his work, which is good."

The Chief noted the retirement date of Jan. 1, 1978 also marked the 30th anniversary of the Niles Fire Department, that "full time paid firemen began Jan. 1, 1948."

Captain Bubley is the sixth retiree of the department. Others are Captain Charles Bacher (deceased), Charles Pickup, Lt. Robert Dittman, Lt. Robert Larson and Lt. Frank Lemanski.

their village boards for approval noted the Chief. "It's a question of dollars. If the community can't afford to provide a police agent they will be asked to make a contribution to the MEG group."

He estimated a cost to Niles of "about \$6,000 more than our prior commitment."

"It's a lot of money, but when you take a look at what communities are faced with, it's really very little money."

Selection of an Operating Director for the group is paramount. Former Operating Director John J. Hinchey, a Chicago police lieutenant on leave, has elected to stay in Chicago. A proponent of the MEG unit

Hinchey maintains drug arrests were being made but that local courts "were not tough enough."

MEG has police jurisdiction thru-out Cook County while suburban police must stop their investigations at municipal boundaries.

The Cook County MEG unit, one of six statewide MEG groups, was initiated in 1971 funded thru ILEC for the first few years of operation after which suburban government was to take over funding on a voluntary basis when federal grants stopped.

Suburban municipalities gave money

(around \$3,000) or loaned an officer (who remains on his suburb's payroll) to the MEG program.

Twenty five of MEG's approximately 50 agents were provided by the Cook County Sheriff's police. The rest came from suburban police departments. Each MEG agent cost his village approximately \$20,000 yearly in salary and benefits while on loan to MEG.

In other action the village awarded a Special Achievement plaque holding a gold key and torch of achievement to Annette Rogers Kelly of Niles in honor of her induction into the U.S. Track and Field Hall of Fame last Oct. 14.

A two-time gold-medal Olympic winner, Annette won her first gold medal in Los Angeles at the age of 16 and a second in Berlin four years later for the 400 meter relay.

\* Finally recognizing village employees for dedicated services, the Village Board also awarded a plaque to Fire Captain Sam Bubley who retired Jan. 1, 1978 for faithful service to the Village of Niles Fire Department.

\* Approved extension to Feb. 15, 1978 for Niles vehicle stickers. Tickets can be issued 12:01 a.m. Feb. 16. State deadline is Jan. 31.

## DINING & ENTERTAINMENT

### NDHS band at UDN

The Marching Dons of Notre Dame High School, Niles, had the unique privilege to perform at the basketball game at Notre Dame University on Nov. 18 between the Fighting Irish and the Russian Olympic team. The invitation was extended by Dr. Robert O'Brien, Director of University Bands, when he learned that his own band would be playing elsewhere.

The 40 member NDHS band under the direction of Donald Tolosko and assisted by Nicholas Talarico added musical color and excitement to this unusual event by playing short pre-game and half-time programs. In fact, after a good deal of research and cloak and dagger work, the Dons were even able to perform the newly revised version of the Soviet Union's national anthem. Band members received many compliments from spectators at the game. Their efforts were not in vain as the Irish defeated the Russians by more than 25 points. Both Dr. O'Brien and Coach Digger Phelps sent personal, highly complimentary letters of thanks to the Marching Dons.

Assistant Director Nicholas Talarico is a 1967 graduate of Notre Dame High School. He received his B.A. in English from the Univ. of Notre Dame in 1971, his M.A. in English in 1973, and his Doctorate in English from UND in 1977. He taught Composition and Introduction to Literature at the University from 1972 to 1977. He is presently teaching part time at NDHS in the Music Dept. While a high school student at NDHS, he was a member of the Melodons from 1965-67 and the band president in his senior year. While at Notre Dame Univ. he was a member of their marching band, was a concert band soloist, and has played and arranged professionally since 1970. He was the principal trombonist for the Midwest Chamber Orchestra, 1st trombone for "The Jazz Assemblage" and has performed with Tony Orlando and Dawn, Ice Capades International, and the Dick Hale Show. He has also published poetry in about two dozen magazines, and has given readings and workshops at Notre Dame University, and Kansas State.

## Orchard Village thanks Bugle for publicity

Dear Editor:

The Board of Directors, staff and Citizens of Orchard Association for the Retarded/Orchard Village want you to accept our grateful thanks and appreciation for your efforts in bringing Orchard Village and its story and needs to the public's attention.

As you know, Orchard Village is a community living

facility and our program is designed toward mainstreaming our residents into the community. Part of our program goes toward educating, training and habilitation of mentally retarded citizens.

Maine townships can be very proud. We are hopeful that satellites of Orchard Village can be established in the future to offer help and hope to mentally and physically handicapped citizens.

The response from your special efforts have been most effective, I hope you can continue.

We would like to extend an invitation to you and the public so they can see, firsthand, what is being accomplished for our mentally retarded citizens at Orchard Village.

Respectfully yours,  
Orchard Village  
(s) Bernard G. Saltzberg  
Executive Director

## Praise Bugle for 'hanging in there'

Dear Mr. Besser:

I was very shocked and saddened when I heard about the disaster which struck you and your paper a few weeks ago. I was wondering how long it would take you to get "back on your feet." The following Thursday, I was again shocked but glad when I found my favorite paper in the mailbox.

I have lived in Niles for twelve years and have admired you for being the only paper publishing Niles news for Nilesites.

Now that I am Publicity Chairman for the Woman's Club of Niles, I want to publicly thank you for this fact and for publishing all releases sent by me in the name of the Club. Niles is very fortunate to have you and your paper.

I could go on and on with descriptions of your attributes but suffice it to say Congratulations on such a quick recovery and the Best of Luck in the future to you and your capable staff.

Sincerely,  
Suzanne K. Miller  
Publicity Chairman  
Woman's Club of Niles

## Thanks from SIJ women

Dear Diane,  
On behalf of St. Isaac Jogues Women's Club, I would like to express thanks to the Bugle for the coverage we were given this past year.

Wishing you and the entire Staff a Happy New Year.  
Yours Truly,  
Florence Lencioni  
Publicity Chairman

## Off the NILES POLICE BLOTTER

### Walking theft --

An unidentified 18 to 20-year old man walked out of Regal Shoe store in Golf Mill Jan. 3 with a new pair of \$36.99 boots leaving his old shoes in exchange.

The shoe clerk told police the man came into the store around 8 p.m. Tuesday to try on the new work boots. The employee went to the rear of the store to get another pair and came back to find his customer had walked out in the new shoes.

### Single theft --

Arco Roofing, a Glenview company, reported someone had stolen 2,000 sq. ft. of shingles valued at \$800 some time between 6 a.m. and 10 a.m. Dec. 30. The material had been left in front of 8116 Dempster st. on a job.

### Attempted suicide --

Despondent over an argument with her boyfriend with whom she had been living for the past week, a 21 year old waitress slashed both wrists Dec. 30 and was taken to Lutheran General Hospital by Niles paramedics.

The young woman's father told police he picked her up at her request to take her home, where he persuaded her to take a rest. When he went to look in on her later, she was on the bathroom floor.

### Vandalism --

A resident on the 8200 block of Oleaner reported theft of Christmas lights around 8 p.m. Dec. 29 set in trees outside of his residence.

On Jan. 1 a storm window at 8861 Cumberland was shattered shortly after the homeowner observed a person standing outside the window. Replacement was set at \$60.

### Theft --

The station manager of Arco Gas Station, 8120 Oakton, reported theft overnight Dec. 29 of \$117 to \$125 from the station's Brinks safe.

### Indecent exposure --

A 47 year old woman in the Greenlakes apartments told police Jan. 3 that a man has been exposing himself daily around 4 p.m. since Dec. 15.

She said he stands in his apartment window directly across from her apartment at least once a day, describing him to be of Mexican or Puerto Rican descent, around 6 ft. tall, with blonde hair and wearing no clothes.

### Rubber check --

A Chicago man who identified himself as Edward Van gave a \$99.56 check to Norbert Pools at 9141 Milwaukee ave. in payment for Christmas decorations. The check was returned from a Chicago bank as "account closed". Store officials described the man as "well dressed", around 30 years old, 5 ft. 8 in. tall and weighing 160 lbs.

### Innocent bystander --

A customer at the Time Machine, a disco at 9046 Golf rd., told police Jan. 5 he was the victim of a beating by 2 unknown assailants.

The disco manager said the two men attacked the victim around 2 a.m. in a disagreement with several women patrons over spilled drinks.

The 27 year old Glenview therapist claimed he did not leave his seat nor did he have words with any of the involved parties.

He was treated at Skokie Valley Hospital.

### Growls at pet store --

Investigation of a customer dispute Jan. 2 at Animal World, 7525 Harlem ave., indicated the customer, a Chicago man, had requested exchange of a leaking 20 gal. aquarium which had been purchased as a Christmas gift.

Store owner John Santoro had refused to exchange the tank but reversed his decision after police advised him to reconsider.

## Troy questions mystery money

Richard J. Troy, Village Attorney for Niles and Democratic Candidate for Attorney General of Illinois, opened his campaign with a slashing attack against his opponent, the incumbent Attorney General William Scott.

Troy directed a series of questions to Scott in reference to recent disclosures concerning \$50,000 in cash which was found in a secret safe deposit box under the control of Attorney General Scott and his first wife.

According to Troy the money was not accounted for as campaign funds, nor was it reported as income. Troy also referred to newspaper accounts which have told of the Internal Revenue Service launching an investigation of Scott's handling of these funds.

Troy added that "the existence of the \$50,000 cash hoard would have remained a secret had not the first Mrs. Scott initiated divorce proceedings.

"A mystery surrounds this money," Troy said, "and I call upon the incumbent Attorney General to clear up the mystery."

## East Maine Caucus seeks candidates

The East Maine Township General Caucus announces its search for individuals interested in becoming candidates for election to the District 63 Board of Education. The caucus is an association of community, homeowner, PTA, and religious groups in

District 63 that meets annually to endorse candidates for election to the school board. District 63 includes 9 elementary schools and 2 junior high schools lying within Niles, Morton Grove, Park Ridge, Glenview and the unincorporated areas of East Maine Township.

In launching its search, Caucus Chairperson Donald Weiss stated, "The seriousness of the problems facing our school system this year cannot be ignored. Based upon current school board policies and procedures, 1981 will find District 63 over \$7 million in debt."

To be eligible for candidacy an individual must be 18 years of age or over, a resident of District 63 for at least one year immediately preceding the election, and be a registered voter.

Two positions on the District 63 board will be filled in the election

on April 8, 1978. Each board member elected will serve for a term of 3 yrs. and 8 mos. (due to the consolidation of elections). For additional information and procedural requirements, residents interested in becoming candidates are urged to contact Phyllis Shapps at 965-0591.
