MG Library celebrates 40th birthday

The Morton Grove Public Library is celebrating its 40th birthday in 1978. On Jan. 17, 1938 the Library Board held its first meeting, at which time Herman Sigel was

elected Chairman, and Elizabeth Lumpf Secretary-Treasurer. Other members of that first Board were A.J. Lindemann, Ed. Meier, May Milke, Lillian Keiser, and Carol Steck-

messer. The W.P.A. was the chief benefactor of the Library, and by Feb. 1938 it had contributed 1,089 books to it. In State Library records, Morton Grove

is listed as one of 24 W.P.A. Library Centers in Cook County.

Funding for the Library was meager. Fines and book rental fees were used for purchase of a

very few books each month, and donations from the Morton Grove Days Committee, the American Legion, and interested citizens added to its revenue.

Park Board approves non-resident players for Baseball League

CHAMERSKI CRITICAL OF NON-RESIDENT PARK HIRING

by Alice M. Bobula

Park Commissioner Steve Chamerski Tuesday night denounced park district policy of hiring "out-of-towners" for key park positions.

Chamerski noted more than half of park employees were non-residents, that the "was run by a Des Plaines resident" (Park Director Bill Hughes lives in Des Plaines.) "Why must we go out-of-town to hire people?" he asked. "Out of 32,000 residents, we must be able to find qualified Nilesites to fill park needs."

District 63's school board finally settled contracts with teachers and custodians Monday night.

About 2 weeks ago teacher-union representatives cooled their heels late into the evening hoping the school board would act on a contract allegedly agreed upon before the fall semester began. When the Board returned from a closed executive session and did not finalize the 3-month overdue contract the union gals were frothing.

The union specifically wanted their new hours spelled out in writing. Principals desired the day begin at 8 a.m. to enable more time for staff meetings before the wunderkind come to class. The 8:30 starting time for students was moved up to 8:45, to go in effect next year.

Board President Larry Reiss said an understanding of the teacher starting time seemed acceptable but the Board did not want to be locked into hours which they could not change. After much tugging to and fro the contract reads the teachers' starting hours "will not be earlier than" the agreed upon time. Both sides agreed to the wording which will lead to the ratifying of the contract by both sides. It seemed a small matter but both sides insisted their

Felix Johlle and Kay Wells are out of the hospital and are recovering at home. Helen Heneghan and Pauline Maes are in the hospital. The "flu bug" has caught up with a lot of our members. Bill Friewer, Florence Lencioni and Bob Franklin have also come off the sick list.

We wish our Vice President "Jo" Florio a happy two month vacation in Arizona. Rose Gorman and Charley Shillington became Great Grand Parents of Edward Shillington III.

With the help of Debbie Nelson of the Park District, we are looking forward to a wonderful year on trips.

I (Walter Jabczyk) want to thank Ben Mankowsky, George Braun, Ken Scheel and our Mayor Nick Blase on informing us on different situations which were beneficial to the Golden Agers.

Village seeks to amend noise reduction bill

Niles seeks amendments to the proposed Glenn M. Anderson H.R. Bill 8729 "Airport and Aircraft Noise-Reduction Act", to be considered at the next session of the House of Representatives.

Action was taken by the Village Board of Trustees Jan. 10 to follow resolution set by Des Plaines in curbing aircraft noise of O'Hare Airport. Both resolutions according to Mayor Nicholas B. Biase will be forwarded to Washington.

The Tenth District communities most affected by airport noise are Des Plaines,

Glenview, Park Ridge and Niles. Numerous meetings held with suburban mayors, the Federal Aviation Commission, U.S. Environmental Protection Agency, the Cook County Environment (NOISE) resulted in proposals to amend aircraft noise controls.

Niles by resolution requests the House of Representatives and Representatives of Illinois to take all necessary steps to obtain the following amendments to H.R. 8729:

a) Reinstate collection of 2 percent surcharge for ten years to provide four billion dollars for

purchase of new fuel efficient and one-half noise reduction aircraft.

b) Use newly generated funds for purchase of only third generation jet aircraft manufactured by United States aircraft manufacturers.

c) Retain present noise standards approved by the United States EPA and HUD based on Public Health and Welfare.

d) Require airport operators to provide noise contours of present and future operations for public use and make every effort to minimize noise impact on nearby residents.

Burglaries ...

Burglars disconnected a fire door alarm overnight Jan. 6 at Schirmer Engineering Corp., 5940 Touhy, and got away with \$10,500 in office equipment.

Police said the thieves pried their way into an office in the building taking 6 IBM Selectric typewriters valued at \$1,650 each and another valued at \$600. Other expensive portable items were not taken.

Police investigation revealed the thieves blocked stairway doors, taking the loot to the basement where they left thru a fire door.

A gray safe, along with \$7,000 in cash, card slips and office keys were stolen from a carwash at 8325 Golf rd. sometime between 11 p.m. Jan. 7 and 6 a.m. Sunday, Jan. 8.

Police said the carwash was entered thru a rear door after the cylinder lock was twisted off.

The thieves also broke into another office removing a larger double-door safe which they removed on a dolly to the outside of the carwash where it was found by police the next day. Police theorized the safe was too heavy to lift for transport.

In addition, Mr. Kramer is an active working member of the Chicago Board of Trade Optional

Exchange. He has served as a member of the Board of Directors of Franklin Boulevard Community Hospital for more than 20 years, where his knowledge of expenditures and finance has proven an invaluable asset to the hospital.

Approximately \$230 in clothing and jewelry were taken from the Milwaukee ave. apartment of a hair stylist Jan. 10 after thieves shattered a window to get in.

Police said the apartment was ransacked. Taken were 2 turquoise rings, 2 gold necklaces and a waisted leather jacket valued at \$150.

Thieves Jan. 11

burglarized the home of a north Oriole resident taking a large amount of jewelry, money and home appliances while the owner was away visiting a relative between 7 p.m. and 9 p.m.

According to police the burglars jimmied open a rear door, ransacking 3 bedrooms and rifling thru dresser drawers before leaving thru the front door. Other rooms were not touched they said.

That's the kind of fresh, young thinking that has guided us through 65 years of investment in Des Plaines, and we'll continue to finance new projects for an even better Des Plaines.

Just take a look at our new building, adjacent to the Des Plaines Mall. Or our modern facilities in the Convenience Center at 760 Lee Street. And, join our birthday celebration at either location for coffee, cookies, and a chance to see how we've grown. We're the bank that grew up with you!

St. John Brebeuf basketball

The seventh and eighth grade basketball teams of St. John Brebeuf school in Niles came very close to championships in their respective divisions in the annual St. John Brebeuf Classic. The two tournaments involved 32 teams, including some of the finest grade school teams in Cook County.

The eighth grade team thus came in second to a very powerful St. Michael's team from Chicago. St. Michael's only loss in two years was in a state championship game last year at Bloomington, Ill. Thus the St. John's eighth grade team almost pulled off a major upset when Steve Whittle came off the bench in the fourth period to replace Dave Hammer who had fouled out. Steve promptly put in eleven points while the local Niles fans of St. John's jumped to their feet, shouting their approval. It was like a scene from a sports novel with an "unsung" hero saving the game in the final seconds -- but it was not

to be as time ran out. The seventh grade St. John's team came almost as close in their division play-off. The seventh grade championship again went to St. Juliana of Chicago. This is the second year in a row that this particular St. Juliana team has captured the Classic championship in its division. The loss was the first loss of the year for the St. John seventh grade team. First stringer, John Serwood, still recovering from a week long bout with the flu, came into the game during the final quarter. The crowd was cheering his play as time ran out again as St. John's was closing the gap.

Seventh grader Tony O'Brien was an outstanding player in both the seventh and eighth grade tournaments, receiving all-star trophies in both. Stan Kapka, popularly referred to as the "little general" also received an all-star award. Other members of this super eighth grade team are: Jerry

Teitz, Phil Mohoney, Mike Parker, Tim Bratek, Tom Flynn, Paul Baranowski, Kevin Croke, Steve Makowski, Kevin Weiss and Pat Berrigan. Mike Parker was named an all-star in the seventh grade tournament. Dan Parker, Paul Marusek, and Henry Zajak rounded out the starting five for the seventh grade championship game. Other members of this fine team include: Bob Barrett, Tim Wolczyn, Tom Sytko, Mike Dreñoble, Tim Sparkowski, Jim Kitching, Bob Burke.

The annual classic was sponsored by the North American Martyrs Knights of Columbus, St. John Holy Name Society and St. John Brebeuf Athletic Dept.

There are lots of ways to spend \$137,000,000.

The Central Telephone Company of today barely resembles the Central Telephone Company of 10 years ago.

That's because we started a \$137,000,000 modernization program in 1967. And virtually built a new telephone company for the Des Plaines and Park Ridge area.

Now your calls go through faster and better than ever before.

Touch-Call is now available to everyone who wants it. And in a variety of the latest colors and instrument designs.

With our recently installed "Line Condition Report System," an electronic wizard in its own right, we can pinpoint potential problems that haven't even happened yet. Just so we can make repairs ahead of time whenever possible.

While all of these improvements have

We built a whole new telephone company with it.

been going on, the number of telephones we serve has increased 78%.

So we've not only grown bigger at a very fast pace, we've done an almost impossible thing.

We've gotten better at the same time.

But we're not through. We plan to spend another \$79,000,000 in the next five years. Just to keep on making your telephone service as good as it can possibly be.

We may not be the largest telephone company in Illinois.

But we can try to be the very best.

Bank president urges readers to respond to proposed tax reforms

Dear Mr. Besser:

The Carter Administration is preparing to present a new package of tax reforms to the Congress. One proposal that is reportedly under consideration is a plan that would require savings institutions to withhold 20% of savings account interest for income tax purposes.

From my own perspective, as president of Skokie Federal, I can see many difficulties in the implementation of such a plan. Still, many of your readers would expect such criticisms from a member of the financial community.

Thus, what I feel would be of greater importance is a discussion of the implications that the plan would have for the average savings account holder.

First, this proposal would penalize retired people who pay little or no income tax. Most of these people are senior citizens who depend upon regularly paid savings interest to help them meet their daily living expenses. Second, this proposal would put the IRS in the position of withholding taxes from accounts of children and infants in whose names accounts have been opened.

Third, this proposal would discourage both consumer spending and consumer savings. This would have the effect of both increasing unemployment and raising the interest rates charged for home mortgage loans. Finally, from the standpoint of presidential credibility, the implementation of this proposal would be contrary to President Carter's wish to simplify the federal tax code.

I can understand the Treasury Department's desire to collect all of the taxes which the law requires

to be paid, but this proposal is not the solution to the problem of taxpayers who fail to declare their interest earnings. Indeed, the IRS already has an effective compliance method available via the 1099 form, the annual interest earnings statement. This form gives the IRS all the information they need through the use of people's social security numbers.

If this proposal

is submitted to the Congress, I hope that your readers make themselves heard on this issue, especially since two area Congressmen, Abner Mikva (D) and Phillip Crane (R) are members of the House Ways and Means Committee which will be the first committee to consider this proposal.

Yours very truly,
John R. O'Connell

Best wishes to Bugle

Dear Editor:

First of all, I want to express my deep sorrow when I learned of the fire in your building; and then, a week later was extremely happy to see that The Bugle was "carrying on" in spite of the disaster. I

somehow figured a good paper like your's would keep its presses rolling.

I want to wish all members of The Bugle staff the very best of all good things.

Sincerely,
Betty Clawson

Niles resident praises village services

Dear Sir:

The last few weeks I couldn't help but wonder what people want in service. In the past 22 years I've lived in Niles, I can't say enough for the Public Works, Fire and Police Departments. If they think the snow removal is slow, I suggest they visit Chicago where the only thing that removes snow from side streets is Old Sol.

Another example of excellent service is when my sewer became blocked on December 13. I called the Public Works

Department and talked to Marlene. Within five minutes two men were out to survey the situation. They left and returned within fifteen minutes and rodded the sewer, finding roots from the neighbor across the street's tree in the line. They used extreme caution so as not to scratch the paneling or dirty the basement in any way. The names of the men working are Charlie Warnords and Greg Kwielinski and I would like to thank them again.

Pierce out to change party image

Peter C. Pierce of Evanston, Republican candidate for Congress from the 10th District, last Wednesday told Republican Committeemen from New Trier Township that the days of the "stuffed shirt Republican" are over. The time has come, Pierce said, to nominate a candidate who can truly identify with the middle class, the greatest voting block in America.

In a short speech Pierce told his audience that, "Our Party can and will survive. But we must change our image. We must destroy that image of wealth which Republican candidates have so devotedly projected."

Pierce, who is neither a lawyer nor independently wealthy, as are both his major competitors, Dan Hales and John Porter, portrayed himself apart from this image.

positions be made clear which resulted in a 4-month delay in contract signing.

Perhaps the most moving moment in the Hubert Humphrey eulogy at the Capitol rotunda came when Mrs. Humphrey told President Carter to request everyone join in singing "America". It was an emotion-tingling moment. But why "America" ... not "My Country 'Tis of Thee" or "The Star Spangled Banner"? It was likely because of the lovely melody and the stirring lyrics ... "of purple mountains' majesty, above the fruited plain. America, America, God shed his grace on thee. And crown thy good with brotherhood, from sea to shining sea."

The song is truly the national anthem of most Americans. President Carter and the Congress could do all of us a favor by officially recognizing this music as our national anthem.

Park Board President Millie Jones commented that "qualified people cannot always be found in the village, therefore we must seek outsiders."

Chamerski spoke out during the January 17 meeting immediately after the Park Board was informed that new employees, both out-of-town, had been hired. The park commissioner said he was not made aware of the pending employment, he had not met the two men nor did he know the salaries commanded by the positions.

Hughes said that Ken Bulik, 25, a daily commuter from Kenosha, Wisc., began employment last December as Golf Course/Asst. Ice Rink Manager at a \$12,300 salary. He replaced Niles' Mike Walger (whom Hughes termed as very efficient) who left for a \$13,700 managerial park position in Glenview.

Hughes noted that Bulik was selected out of 35 to 40 applicants, coming directly from graduate school with a masters degree in recreation. Of the two Niles applicants for the job, he said neither was qualified.

The second employee, Tom Bernahl, 22, from downstate Illinois, a temporary resident of Elk Grove was hired recently as Gretna Heights Recreation Supervisor. He

The Library Board also held fund-raising events, such as card parties and dances to help the Library's finances.

In spite of all this, the Library was occasionally in arrears with its bills.

During the 40 years of its existence, the Library has grown and continues to grow in its many dimensions: book collections, service to patrons, programs, special services, and the building itself. To depict this, Barbara Geyer of the Library staff, has created a group of displays which will be of

interest to all Morton Grove residents.

A new aspect of the growth of the Morton Grove Library is the formation of the Friends group. Friends have always been supportive of the Library and its services.

All interested Morton Grove residents are invited to attend the Friends meeting on Monday evening, Jan. 30 at 8 p.m. in the Library Meeting Room.

At that time, staff members will present a multi-media collage showing the many aspects of today's Library collections and services.

is the fourth supervisor in 2 years replacing the last one who left after 3 months of service. Bernahl was chosen from 50 applicants. "No Niles residents applied," said Hughes.

Conceding to an apparently rapid turnover in park positions, Hughes said job advertising is made thru trade journals, the Chicago Tribune and local newspapers. "In all honesty," he declared, "we (park) have tried to give Niles people first opportunity but will not hire just because the applicant is a Niles resident."

Chamerski has fought 1 1/2 years for adoption of a park ordinance requiring residency for future park employees. He favors the residency code which "would reflect a stronger interest and dedication toward the employee's work," also noting minimum travel time and easy access to work.

The feisty commissioner first asked park commissioners in July of 1976 to consider an ordinance similar to the village code which now requires future employees to live within Niles boundaries. While requiring future housing moves be made into Niles, the code does not affect present employees living outside the village. A loophole in the code provides for employees in "highly technical or highly specialized areas."

A Park Board vote July 20 on a residency ordinance resulted in a deadlock, 2-2, in absence of one commissioner, altho Chamerski said he would continue to fight for approval.

In other action commissioners approved (in absence of Dan Kosiba and a "pass" vote by Chamerski) a request by the Niles Baseball League which will allow 40 to 50 Sauganash, Chicago, boys ages 16 and 17 to play on Niles teams.

League representative Jim Pierski told commissioners there were not enough Niles boys to fill teams for competitive play. Approval by the Board to take in outsiders was necessary he said since the League uses park property.

While noting the parks are funded by Niles residents and "bringing in that many boys would crowd Niles parks already full in that category," Comr. Jack Leske gained approval for the League to go outside of Niles for a maximum up to 20% of the entire (500 member) League.

gainst establishing a Lincolnwood Public Library District with a tax rate of up to .20 cents for each \$100 of property as equalized and assessed by the Illinois Department of Local Government Affairs.

The Feb. 25 date was established by Circuit Court Judge Harry G. Comerford at a hearing in the Daley Civic Center Jan. 11. Under Illinois library laws, elections for the establishment of district libraries are supervised by the circuit courts.

Judge Comerford also ruled that there will be two polling places for the referendum. The polling places, Todd Hall and St. John's Lutheran Church, are the same ones traditionally used in Lincolnwood for special elections such as school referenda.

Election judges named to conduct the referendum were Evelyn Kahn, Dorothy Renno and Mary Fran O'Brien, for the first polling place, at St. John's Church, and Sharon Goldstein, Ina Begoun and Mary McGrath for the second polling place, at Todd Hall.

Niles Parks receive approval of CETA grant

The Niles Park District received approval Tuesday night of a grant which was pending for \$119,953.45 Comprehensive Employment Training Act (CETA). This grant will be used for funding 15 park positions, of a full time park custodian, a golf course maintenance man, 3 park rangers, a landscape foreman, one landscaping laborer, one recreation specialist, 4 painters and 3 skilled laborers.

Park Director William Hughes noted the CETA as intent by the government to get people back to work.
