**Associates harassment with school closings**

**Shots fired through District 63 Board President's window**

Larry, Reiss, in the center of the controversy surrounding the closing of two schools in District 63, reported three shots were fired into his home's front window Monday night while the family was present in the house, which he said were "obviously attributed to school closings."

At Tuesday night's East Maine board meeting board president Reiss reported his daughter and wife had previously been threatened by an anonymous telephone caller who threatened to "get them." Reiss, a very low-key speaker, started to say "The point I'm at

and then withdrew an emotional speech caused by the incidents he attributed to the closing of Wilson and Ballard Schools. The board president told the audience of 75 people, many protesting the school closings, the board reached a decision to close

schools only after input to the board was complete. He noted the process for reaching the school closings decision took two years. Reiss said the board made every effort to have the public serve on committees: "The Board acted as they honestly felt based on what came forth from the

public." Reiss went on, "The Board sits here ... the point I'm at ..." and his voice faded away with emotion, "It will go forward with or without me. It is unbelievable how some people act." He then said the decision was reached in

**Board turns down Aldi's, Touhy PUD**

The Niles Village Board at the May 9 meeting turned down a proposal to build an Aldi Food Store in the Harlem-Dempster Super City Shopping Plaza and denied a Joseph Judah petition for rezoning from manufacturing to Planned Unit Development (PUD) of 23 acres immediately south of Touhy ave. Denial of the Aldi construction followed a continuance to allow petitioner-owners of the 9 1/2 acre development of Super City time for an overall traffic study of the area. A 1973 village change in parking requirements now calls for 723 parking sites as compared to the 504 projected by Aldi's.

Trustees vetoed, 3 to 2 (in absence of Tr. Richard Harczak), the petition to waive requirements of the revised parking ordinance. While Tr. Ang Marcheschi, Peter Pesole and Abe Selman based denials primarily on the parking requirements, Selman said a personal visit to an Aldi store in Wheeling indicated items were not individually priced (contradictory to Niles ordinance) and that merchandise was "substantially cheaper" due to "less-than-desired" quality. Selman said he noted many brands to be "house" instead of "name".

Ken Scheel agrees with The Bugle's Diane Miller the public utility companies should notify their customers about their liability when paying bills. Niles' village manager thought Northern Illinois Gas is not handling this minor imbroglio well regarding customers who paid their bills at Niles Drugs and never received credit for their payments. Ken said the \$5,000 money in question is a pittance to the company and he's wondrous why NIG doesn't follow the lead of Illinois Bell and Commonwealth Edison in accepting the cash receipts as payment.

Scheel noted the gas company has had this problem before. He can't understand, since the problem is not new, why the company hasn't informed their customers a cash receipt for payment is not insurance their bills are paid.

We reminded Ken the utility companies do derive benefits from villages. They sign a franchise contract for so many years which enables them to place their lines under our streets. As Ken mentioned they take the best areas under the streets which obviously is a benefit to their operations. In light of the village's cooperation, we think Northern Illinois Gas is making a foolish public relations blunder in not accepting the cash receipts as are the other companies. Their accepting monies through the years from unauthorized agents is an implied agreement with their customers.

We're continuing this story in The Bugle in hopes those customers whose money was accepted by the company for many years thru the Niles Drug agency will be credited with what they paid in. Senior Citizens in particular, who are on fixed incomes, should not be penalized because Northern Illinois Gas Company was negligent in not making clear to them they were dealing with an unauthorized agency.

Down at the old Niles library, the librarian who is on the hot seat, Mrs. Jackson, has been in New York with her husband, who underwent surgery. Certainly, the lady's personal life takes precedent over any business difficulties she may have.

We were told Monday she had telephoned into Niles. But it seemed unusual the library board president was reported to

**Arbor Day celebration**

On Friday, April 28, the Niles Park District celebrated Arbor Day with an appropriate tree planting ceremony in Courtland Park. Some twenty-four Cedar, Crab, Maple, and Pfitzer trees were replaced, to further beautify and upgrade the Courtland facility. Many astute readers will recognize (from left to right) Niles Park District Commissioners Steve

Chamerski, Board Vice President and President Pro Tempore Jeff Arnold and Jack Leske, and Supervisor of Parks Maintenance, Filiberto Almendarez, among the celebrants. The majority of the enthusiastic horticulturists present are members of the Golf Mill Homeowners Association, the area representatives of Courtland Park.

### Dempster Plaza burglaries

Numerous burglaries were noted May 3 in the Dempster Plaza area of 8700 Dempster st. according to police.

Thieves using a small pry bar forced open the door to Every Stitchin' Thing overnight on Wednesday. The store was ransacked and an undetermined amount of cash taken from the cash box.

Burglars forced open the door leading to the business office of Cabaret. On Wednesday, May 24, there will be a bus trip to Candlelight Theater, where we plan to spend an enjoyable day. After a full course luncheon meal, we'll see Candlelight's excellent performance of the musical Cabaret. Transportation to and from the theater will be provided. If you're interested in this trip, call the Center at 967-6100, ext. 76. Tickets are \$14.50 each.

Forced entry into another office of the insurance company revealed theft of a calculator valued at \$100. Nothing else was disturbed but the victim told police another burglary attempt a year ago was unsuccessful.

Police said an attempt made to pry open a door leading to an office complex of S. G. Industries in the plaza was unsuccessful due to a dead bolt front lock.

Numerous pry marks were noted on five other office doors but police said attempts to get in were unsuccessful.

# Beautification Committee seeks local input

by Alice M. Bobala

A second and final public hearing was held May 2 on proposed Milwaukee ave. improvements following the guidelines set forth in a Metcalf & Eddy engineering firm study of the "Comprehensive Development Plan for the Milwaukee Ave. Corridor."

The ultimate goals of the study are directed toward upgrading, improving and preserving Milwaukee ave. by way of landscaping, road and sidewalk improvements, traffic channelizations, improvement of traffic flow and overall beautification.

While the concept of planning

had been approved by trustees last year, a Beautification Committee chaired by Trustee Richard Harczak had hoped for citizen input on various locations along the mile-long roadway going thru Niles.

Harczak said the 10-year projected program would be set under direction of a co-ordinator who would seek out funding for the program.

He noted May 2 as the final public hearing but indicated further meetings would be held in the future if necessary, concerning certain areas. He also indicated that "major improvements such as those at Milwaukee ave. and Oakton could take up to six months accompanied by many meetings with local businessmen."

Citizen input Tuesday evening was concerned with traffic congestion, parking and business signs. Complaints again were lodged against Jerry's Fruit Market at 7910 Milwaukee ave., this time concerning storage of landscaping materials on much needed sites for parking of cars. Health hazards and rat problems were cited.

A request by an area resident for lighting up of the alley between Keeney and Monroe was turned over to the Public Works Dept.

Committee member and Trustee Peter Pesole indicated study planning recommends underground wiring, tree planting, box curbs, shrubbery and greenery along the Milwaukee strip for beautification.

Outdoor signs and flashing signs came under fire Tuesday evening. Building and Zoning director Joe Salerno said a 9-month moratorium on signs was directed toward proper planning of business advertising under a model sign ordinance.

"If you were requested to remove your sign," asked

Salerno of restaurateur Roy Makela of The Chambers restaurant, "What would be your reaction?"

Makela's instant rejoinder, "Give me enough time and I'll do it," drew applause from the 30 residents present at the May 2 hearing.

Makela indicated earlier Area 6 of the study (from Albion north to Touhy ave.) as "one of the oldest in Niles and has not received much attention."

Residents who voiced concern over traffic congestion at various Milwaukee intersections were informed the Beautification Committee has already set a priority listing.

Topping the list is the Howard st.-Milwaukee ave. intersection, followed by Milwaukee ave.-Oakton st.; Milwaukee ave. and Dempster st.; and Milwaukee ave. and Golf rd.

Committee member Trustee Angelo Marcheschi noted the overpass at Milwaukee ave. and Dempster is already undergoing a study. He indicated strong possibility for an overpass at the intersection. Also, he noted channelization planning at Dempster st. and Milwaukee where the Landmark restaurant was razed last February.

Harczak said resident criticisms, objections and comments were on record and would be "taken under advisement" prior to adoption of final planning.

Copies of the Comprehensive Plan are placed for public viewing at the Administration Building, 7601 Milwaukee ave.; Niles Park District office, 7677 Milwaukee ave.; and the Niles Public Library, 6960 Oakton st.

# Niles bike auction

The Village of Niles will hold a public auction on Saturday, May 27 for unclaimed bicycles and other miscellaneous merchandise. The auction is open to the public and all items will be auctioned away to the highest bidder.

Shown above is Niles Police Sergeant Stanley Sosnowski looking over one of the many bicycles that will be sold. All unclaimed property will be on display at the Niles Administration Building, 7601 Milwaukee ave., Niles at 9 a.m. May 27 with the auction time starting at 10 a.m.

# Camp Fire Baskets bring good will

## Shopping trip for physically handicapped

The Maine-Niles Association of Special Recreation has planned a special event for Physically Handicapped Adults. On May 21 the M-NASR accessible bus will pick up eligible participants (plus a friend if desired), and head out for a brunch at James Tavern in Northbrook, followed by a shopping trip at Northbrook Court.

The fee set for this activity is \$5; it includes brunch, door to door transportation (wheelchairs welcome) and trained staff to assist with any needs. For more information about this enjoyable way to spend a Sunday, please call 674-5512.

## Demon girls' softball

Maine East's girls' varsity softball team beat Glenbrook North on Saturday, April 29. Behind 16 to 7 at the end of four and a half innings, the Demon girls rallied for 13 unbelievable runs in the bottom of the fifth and went on to win the game 25-18.

Carrying on a 52-year tradition, Camp Fire girls and leaders distributed May Baskets to the elderly, ill or friends of Camp Fire on May 1. This annual event is unique to the Maine-Niles District of Camp Fire.

Fifty-two years ago a small group of Park Ridge Camp Fire girls gave 26 small baskets filled with plants they had grown to some friends and shut-ins. From that first year, this event has grown so that this year the girls delivered almost 1000 plants in the Maine-Niles District which includes: Morton Grove, Niles, Golf, Des Plaines and Park Ridge. There are now 40 separate groups ranging from 1st, 2nd and 3rd grade "Blue Birds", 4th, 5th and 6th grade "Adventurers", 7th and 8th grade "Discovery Club" girls and high school "Horizon" Camp Fire girls.

Through the years the intent to bring good will and spread cheer has not changed but now the plants are purchased and the containers have evolved from cigar boxes to cut-down cleanser cans to the decorated cottage cheese containers used this year. Each group still partakes in decorating the holders and distributing the May Baskets. Usually starting at 6 a.m., the girls meet in individual groups and set out to quietly hand the plants on the doorsteps. After delivering the May Baskets, most of the girls have breakfast together before going to school. Some of the Blue Birds deliver to the nursing homes at a time more convenient to the residents - either Sunday afternoon or after school on Monday. An important aspect of Camp Fire is to be of service to the community and this annual tradition not only gives the girls an opportunity to serve but gives many people the feeling of being remembered and honored on May Day.

## Honor SJB volunteers

The many volunteers who faithfully serve the children of St. John Brebeuf School throughout the school year will be honored at a special Liturgy of Thanksgiving on Thursday, May 11 at 1:30 p.m. in the church. The entire student body will join in this celebration of appreciation. After the Mass, the volunteers will be guests of the faculty at an Appreciation Tea and program in Flanagan Hall. Everyone who offers service to the school is cordially invited to this two-fold celebration.

## Bill Cornelius rolls "300" game

Bill Cornelius of Niles started his April 17 night for his Fort Dearborn Lithograph team at River Hand Bowl in a "perfect" way. Bowling on lanes 13 and 14 in the Suburban Bowlers Scratch League, Bill threw his first 12 balls of the night in the pocket for a dramatic 300. He then proceeded to roll games of 201 and 191 for a respectable 692 series.

Cornelius, who now averages over 200 in both leagues he shoots in this year, rates his first perfect as the greatest bowling thrill of his life and plans to choose a modern design diamond ring from the American Bowling Congress as a memento of this goal.

# Oak Mill plans second annual MAYFEST

The new charter airfares may have brought the continent closer, but if a European vacation is still priced beyond your budget, a visit to the MAYFEST at Oak Mill Mall and European Village may be in order for you on May 12, 13 and 14.

The popular glass enclosed market place at Milwaukee ave. and Oakton st. in Niles is noted for its European Village. To enhance the old world and old neighborhood atmosphere, new store fronts have been added this year and colorful umbrellas and seating areas dot the mall area to make a pleasant place to stroll in any type of weather. To compliment the international atmosphere, the merchants of Oak Mill Mall have lined up a spectacular MAYFEST for Mother's Day weekend.

The 3-day celebration of music, food and family fun is set to begin on Friday, May 12 at 6 p.m., when the Polidors, a well known Oktoberfest style combo, strike up the music that starts the dancing and international shopping.

But what good is a spirited old world concert without a hearty stein to round out the enjoyment?

So, amid the performance of the Polidors (Friday from 6 to 9 p.m., Saturday and Sunday from 1 to 6 p.m.) visitors will find respite and refreshment in the mall's Munich style Beer Garden with a bratwurst, some wine or beer or perhaps a soft pretzel and a coke.

An extra treat this year - a special oriental teahouse will be set up with the Beer Garden on the balcony of the mall. Fried eggroll, fried wonton, shrimp, crisps and tea will be prepared for the MAYFEST visitors by the House of Orient, which also offers classes to teach the preparation of these foods.

The merchants have all donated prizes from their stores. A grand prize of a Microwave Oven will be selected from

entrants on Sunday, May 14 at 4 p.m.

Come one day, come all 3 days, and enjoy the MAYFEST at Oak Mill Mall, 7900 N. Milwaukee ave., in Niles on May 12, 13 and 14.

## Outdoor summer program for handicapped

The Maine-Niles Association of Special Recreation has finalized plans for a "Summer Day Camp" for adults. The camp which will be located at Maine Park in Park Ridge will be held for 8 weeks beginning June 19. A unique feature of this program will be that each day of the week will be reserved for a different disability; each group will come to the camp for one day a week, with transportation provided by M-NASR to those in need. The various disabilities will include physically handicapped, visually impaired, mentally retarded and emotionally disturbed.

A wide variety of activities have been planned by the M-NASR staff for the program. Included will be ecology related discussions, landscaping, card and board games, softball, volleyball, camp skill instruction, Bar-B-Que, fishing and special events. In case of poor weather, an indoor shelter is available for our usage.

The cost of this program is set at \$16. A T-shirt, beverage, transportation and program supplies are all included in the fee. If you are interested in more information on the program, please call 674-5512.

# MONACEP spans the generations in oil painting class

Grandmother-Granddaughter team in Alice Seibert's MONACEP art class have found a new interest in common. Ms. Seibert (left) demonstrates brush techniques to Margaret Heaney and her granddaughter Susan Murray.

Fifty-seven years separate Margaret Heaney and Susan Murray, but they are classmates nonetheless.

Both students in MONACEP's Beginning Oil Painting class at Maine South High School this winter, the grandmother-granddaughter team thought the course was "wonderful."

It seemed "normal and natural" to take the course together, according to Susan, 32, of Glenview, although she admitted, "Grandma's a much better painter."

Mrs. Heaney, age 89, found that her fellow students were "the friendliest, nicest people I've met in a long time." She looks forward to continuing MONACEP painting classes in the fall.

Mrs. Heaney started painting about four years ago and her work can be found in the homes of her 10 grandchildren.

"I've tried everything—flowers, scenes, vases...once I copied a picture of a face and it looked nice but it didn't look like the

same lady," she admitted. Of her MONACEP classmates, Mrs. Heaney noted that "Everybody makes you feel so welcome, they show that they enjoy having you there and being there themselves." She characterized her instructor, Winifred Siefert, as "absolutely wonderful."

"She always knew just what to say. She didn't find fault but she showed you the right way to do something. She's absolutely 100 percent," Mrs. Heaney said.

Mrs. Seibert has taught adult art classes for MONACEP and before that, for the Maine Township Evening School, for 11 years.

Enrolling in the oil painting class was Susan's idea. "I wanted to give her something to do. She had just moved here and had to give up her bridge club."

According to Susan, her grandmother is "an interesting person who's always been very busy. She's always been very liberated. She's a unique person."

\$6,000	Sticker Price

\$4,800	Loan Proceeds
+684	Total Interest for Three Years
\$5,484	Deferred Price or Total Principal and Interest

or \$152.33 Monthly Payments

Use this example to figure your monthly payments on the car in your future by following these steps:

1. Multiply the sticker price of your new car by .20 (20%). \$6,000 x .20 = \$1,200.
2. Subtract the figure from the sticker price. This

will give you the maximum figure you can borrow on your new car. \$6,000 - \$1,200 = \$4,800

3. Multiply .0475 by the amount you can borrow and then multiply this answer by 3. \$4,800 x .0475 = \$228 x 3 = \$684. This gives you the total interest you'll pay for the loan over the three year life.
4. Add the amount to be borrowed and the interest to give you the deferred price or total principal and interest. \$4,800 + \$684 = \$5,484.
5. Divide the deferred price by 36 months to determine your monthly payments. \$5,484 ÷ 36 = \$152.33.

Put the force to work at Golf Mill State Bank.

For example, here's how Golf Mill State Bank's new auto loan works with a car having a sticker price of \$6,000:

# BUSINESS

## Wins \$500 at GreatAmerican Federal's open house

Ordinarily parties are occasions where you bring presents. But at a recent party for shopping center employees to celebrate the opening of a new GreatAmerican Federal Savings & Loan Association office in the Golf Mill Shopping center, Mary Amedio (left) walked off with a \$500 prize of her own. Well, not exactly walked off, for Mrs. Amedio's prize, a \$500 savings account, was promptly converted to a long-term certificate of deposit, where it will appreciate in value. Office manager Kathy McGrath presents the passbook, where Mrs. Amedio can watch her lucky number grow. Mrs. Amedio is manager at Stuart's Dress Shop in Golf Mill. She said that instead of putting her prize money into a passbook account, where she could have cashed it in a short while for some "mad money," she decided to invest in a time deposit account because "I had no immediate need for the money and didn't see the sense of spending it just because I had it." Mrs. Amedio lives on the northwest side of Chicago.

## First Federal exhibits art show paintings

A collection of paintings by Midwest artists who exhibited in the 12th Union League Art Show went on display at First Federal of Chicago's Niles office on May 10. The office is located at 8400 W. Dempster.

Paintings by 20 artists, including one which won an honorable mention in the art show, are on display in the lobby during regular business hours through May 26. The honorable mention was awarded to John Stribrny of Palos Park for his water color entitled "Six Pack".

Paintings on display at First Federal are among the 80 selected from more than 500 originally submitted for the art show. The biennial show was jointly sponsored by the Union League Club of Chicago and the Union League Civic and Arts Foundation.

Two additional groups of paintings from the art show will be on display through May 26 at First Federal's main office at One S. Dearborn and at the Calumet City office located at 560 River Oaks West Mall.

## FNBOS proposes 10 story landmark addition

The First National Bank of Skokie that had just a scant 100 million dollars in assets in 1971 when they started construction of their 5 million dollar current building is now, 7 years later, at the 250 million dollar mark and has proposed building a 7 story addition to their structure on the corner of Lincoln and Oakton in Downtown Skokie.

This multi-million dollar construction of 7 stories on their building will make a total of 10 stories and will allow the building, and the location of Downtown Skokie, to be visible from the Chicago Loop, Highland Park, Libertyville and far out in Lake Michigan.

When queried, Erman G. Kramer, Chairman of the Board of the Bank, stated that his directors and he hoped that enlarging and improving the bank's building would encourage others in the area to update their property and hasten making the Downtown area the showplace shopping complex its destiny dictates.

The bank's confidence in the area in putting this kind of investment in a building, coupled with the Katz-Weiss office complex now under construction on Oakton st. and the Village Hall remodeling scheduled to start soon, demonstrates that the area and the Village of Skokie, is a

live, dynamic community with a growing future.

Energy shortages and the spiraling cost of gasoline for commuting transportation, make Skokie one of the most desirable suburban locations in the Chicagoland area, as increasing property values attest.

## Fabrics display at Talman Federal

A wide variety of handwoven items and fabric creations produced by members of Fibrecations, Inc., will be on display in all Talman Federal Savings and Loan Association offices Tuesday, May 9 through Saturday, May 27. Among the items to be displayed are wall hangings; one-of-a-kind, handmade clothing and fabrics; and other decorative creations.

Exhibiting at Talman's Skokie office, located at 10000 Skokie Blvd., will be Linda Leibsker and Charles Mitchell of Chicago, and Marilyn Ruck of Glenview.

Ms. Ruck who studied at the American Academy of Art, Chicago, is a member of the North Shore Weavers' Guild and Fiber Folk. She often uses hand spun fibers in her woven wall hangings.

Ms. Leibsker, who has a Bachelor's degree in Fine Arts, is also a member of Fiber folk. She utilizes a variety of techniques in her work, including weaving and patchwork, and often incorporates "found objects," such as recycled fabrics, feathers, beads and bones, into her creations.

Mr. Mitchell creates handwoven, tapestries ranging from formal and classical to plain and improvised. Hand-spun yarns and a variety of fibers are incorporated in many of his works to produce a dimensional effect.

In addition, the artists will be on hand at various times throughout the showing for live demonstrations of their craft.

The display can be seen at Talman's Skokie office during regular business hours: Monday, Tuesday, and Thursday, 9 a.m. to 4 p.m.; Friday, 9 a.m. to 8 p.m.; and Saturday, 9 a.m. to 1 p.m.

## Free thrift booklet at Skokie Federal

"Men do not realize what a great income thrift is." Those words were spoken about 2000 years ago by the Roman philosopher Cicero, but according to John R. O'Connell, President of Skokie Federal Savings, those words are as true today as they have ever been. As O'Connell commented, "Thrift is a virtue that must be taught, and the sooner a person learns to be thrifty, the happier his life will be." Pursuing this thought, he adds, "Since teaching young people how to responsibly handle money is in the best interests of the child and our society, Skokie Federal, as part of its Children's Month promotion, is giving away free booklets entitled The ABC's of

Money Management for Young People.

The money management booklet gives tips to parents who are grappling with such issues as "How large of an allowance should my children receive?" and "At what age should my children first start thinking about a regular savings account?" The booklets are available free to all residents of the community and may be picked up at any Skokie Federal office.

In addition to the booklets, Skokie Federal is also commencing Children's Month by giving away free Koala Bears for depositing \$200 or more into a child's account. A free kite is also available to all children who deposit \$10 or more into their own account.

### There's one other book you should have for your child —

## A Cook County Federal Savings passbook.

Your child forms habits while he's still Young. One good habit you can help him gain is a program of regular savings. No matter how small his weekly or monthly deposits, your child learns the meaning of saving for the things he wants. And he learns how an interest-bearing savings account pays him back more than he paid into it. Long after you've put away his favorite story book, he'll still be using his savings passbook.

Stop by Cook County Federal Savings soon, and introduce your child to the responsibilities and benefits of regular saving. We'll give him the same courteous service we afford our grown-up customers, plus pay him daily interest of 5.25%.

And that's no fairy tale.

## Air Force opens Health Professions Recruitment office

The United States Air Force recently announced the Grand Opening, on April 19, of its Health Professions Recruitment office at 111 N. Wabash ave., Garland Building, Suite 1805, Chicago, 60602. An Open House was held and in addition to the official ribbon-cutting ceremonies, the Special Guest of Honor was Doctor Robert A. Patterson, former Surgeon General of the Air Force, and now Senior Vice President-Scientific Affairs with Baxter Travenol Laboratories, Inc. Many dignitaries from the local area attended including several Deans from the Medical and Nursing Schools, prominent physicians, and high ranking officers from the United States Air Force.

The combining of the Medical and Nurse Recruitment activities necessitated relocation to the larger facility in the downtown Chicago area. The new location provides maximum exposure to the entire medical community service by the Health Professions Team, a problem remedied by the movement from the Des Plaines area of the Nurse activity. Additionally, Capt. Sandy Schwenke, R.N., became the newest member of the team, having arrived in January from an assignment at Minot Air Force Base in North Dakota. With the arrival of Capt. Schwenke, the team is now composed of Capt. Gregory Hart, Sergeants Fred Bartels, Tom Lea, and Tim Burger as Physician/Dentist/Medical Specialist Representatives and Captain Schwenke and Sgt. Dwight James as Nurse Representatives.

For further information on United States Air Force Health Professions opportunities and benefits, please contact the representatives at the address indicated or call area code 312-263-1207.

## Cubs' opening day proves costly for District 207

Opening Day of the Chicago Cubs baseball season may have meant fun, excitement and "day in the sun" for the more than 2,000 Maine Township High School students who played "hookey" on April 14 to attend the baseball game, but their absence from school will cost Maine Township High School District 207 more than \$7,500 in loss of State Aid, according to Donald E. Kenney, the district's Assistant Superintendent for Business.

"Normally, at this time of year about 1,000 Maine students are absent on any given day," said Mr. Kenney. "The average for absenteeism on Thursday, April 13, the day before the opening game, and Monday, April 17, the first day of school after the game, was 1008. However, on Friday, April 14, the day of the opening game, Maine's absentee level rose to 3,145. This means there were about 2,137 more students absent than usual, apparently because of their attendance at the game."

Translating this high absenteeism into school dollars by taking into account State Aid payments based on per pupil, per day, average daily attendance, then the opening of the Cubs baseball season cost the school district \$7586.35, Mr. Kenney said.

Note of interest: the school district's attendance pattern was not significantly affected by the opening of the Chicago White Sox baseball season on April 7.

## Nifty-Fifty accounts success

Skokie Trust and Savings Bank announces the opening of 748 new Nifty-Fifty accounts at their two Skokie locations. The Nifty-Fifty program was launched in January, and apparently filled a void in banking services offered by most other banks. Nifty-Fifty is a package of banking services and benefits which Skokie Trust and Savings Bank has put together for people 50 years or older.

Mrs. Virginia C. Bendel, assistant vice president of the Customer Service department at Skokie Trust and Savings Bank, reports the enthusiasm and interest on the part of new and present Skokie customers: "We had an idea that Nifty-Fifty would take off, we just didn't know how fast. Our highest expectations have been met. We are going to continue to offer our Nifty-Fifty customers more and more benefits."

Presently, services offered are: free checking, an automatic banking card which entitles the account holder to 24-hour banking machine use, overdraft protection, transfer of fund privilege from savings to checking accounts via telephone, free Notary Public service, free

travelers checks, free writing of cashier's checks, money orders, and certified checks, a key recovery system, and automatic deposit of Social Security checks. Free estate planning, investment counseling, and retirement planning are also part of Nifty-Fifty.

Skokie Trust and Savings Bank has a group of banking services and benefits similar to Nifty-Fifty available for all age groups. "But, Nifty-Fifty is tailored especially for those over 50 years," says Mrs. Bendel. "We figured that by the time a person turns 50, they have earned something special."

### ED HANSON

It's that time again ... Mother's Day

And a lot of places are going all out for "Mom".

For example, Jake Joseph, owner of Jake's Famous Restaurant of Niles, is offering his biggest and best Mother's Day party ever. He'll have live entertainment ... Frank Berendt, the celebrated accordion player will be there in person to play and sing "Mom's" favorite songs and there'll be a sing-a-long so that everyone can join in the fun.

And as previously mentioned, there'll be 25 seven-course de luxe dinners given away free to lucky Mothers. You still have time to register before the names are drawn and posted the day before Mother's Day. Just register by filling out one of the registration slips at the cash register - if your name is drawn, you're a winner! And there'll be 10 valuable electric kitchen appliances, such as toasters, can openers, mixing bowls, etc., given away free, too. There will be separate registration forms for the appliances and you can register as many times as you like.

There will also be a fun guessing game, too. A large Swiss cheese will be on display and if you can guess its weight or come the closest, you can win that, too. Also, a large Salami sausage will be given to the person who guesses its weight.

And for the kids, Jake has re-stocked his large Treasure Chest with brand new toys for the girls and boys. And special favorite creations from his large fountain will also be available, which all the kids love.

The menu of Jake's Restaurant will feature an extensive list of seven-course Mother's Day Dinners, including such traditional favorites as Roast Lamb, Ham, Roast Turkey, Roast Duck, Sirloin of Beef and many more. And, get this - these complete seven-course Mother's Day Dinners will be priced very low, from \$4.40 to \$4.95. This includes everything from soup to dessert.

Yes, there'll be plenty of prizes and surprises at Jake's Restaurant of Niles this coming Mother's Day ... there'll be music all day and evening and Mother and her whole family will long remember this Mother's Day at Jake's Restaurant, 7740 Milwaukee ave., Niles. If you'd like to, you can make reservations by just phoning 967-7740.

Oh, yes, Jake asked me to remind everyone that on Monday, Tuesday and Wednesday of next week, you can get free ice cream with his "All You Can Eat" \$1.95 nightly specials.

Another fine place to bring "Mom" and the family is Tedd's Early Times Restaurant, 7420 Milwaukee ave., Niles. Tedd's has long been a favorite dining place with folks of this area and has a fine reputation for quality food, service and pleasant atmosphere. Tedd's Early Times is open for breakfast, lunch and dinner and serves cocktails the way you like 'em.

Beam 'N Barrel on Milwaukee ave., just south of Touhy, Niles, will be open for Mother's Day at 1 p.m. and will be serving their regular menu. Beam 'N Barrel offers complete dinners from soup to dessert and beverage for reasonable prices. They offer beer by the pitcher or glass and the finest in mixed drinks. The atmosphere is rustic and relaxing and their food quality is excellent. For Mother's Day reservations, just call 647-0406.

Another place "Mother" and the family will appreciate is Arvey's Restaurant, 7041 W. Oakton St., Niles, where the "Foods Are Internationally Famous". Arvey's will be open for breakfast and dinner on Mother's Day, so why not give "Mom" a double-header on her day - breakfast and dinner at Arvey's.

Although Arvey's Restaurant has a very large seating capacity, they do a tremendous business every Mother's Day. So why not make reservations in advance for this Mother's Day by giving Arvey's a jingle at 967-9790.

Another treat you can give your Mom and family is to take them to Arvey's any Wednesday, which is their Greek Night. You and the family will appreciate the delicious authentic Greek foods and you'll be pleasantly surprised at how reasonable the prices for a complete dinner are.

A very popular place with "Mom" on Mother's Day is Lord Byron's Restaurant, 5916 N. Lincoln ave., Morton Grove. Lord Byron's family restaurant is open 7 days a week for breakfast, lunch and dinner.

Their menu featuring special "Mother's Day" dinners will delight Mom - and their reasonable prices will please "Dad". For reservations phone 966-7272 and make your reservations for this Mother's Day, May 14th.

See you around ...

# Wanna Be a Big Hit with Mom?

## Take her to La Venece for dinner and a Free Orchid!

Outfit by Wee Moderns Skokie - Chicago - Aurora

Hi! I'm all dressed up in my new Sunday-Go-To-Meetin' suit because I'm taking Mom out to dinner for Mother's Day.

Of course, I wouldn't have to get all dressed up like this because we're going to La Venece - - - That's that great place at 8743 North Milwaukee Avenue in Niles where they have super Athenian Style Chicken and absolutely delicious Roast Lamb.

My mom just loves La Venece's Veal Parmigiana and the U.S. Prime Rib of Sirloin is Dad's favorite.

My big brother always orders French Fried Jumbo Shrimp at La Venece and my dumb sister even thinks the liver is good - - - But, I guess there are a lot of dumb sisters.

You know what? They even have hamburgers, cheeseburgers, and oliveburgers with french fries for discriminating kids like me.

Is it really that fancy? Is that why I got all dressed up? No! It's a really comfortable place to go. In fact, at La Venece, I could probably even wear my blue-jeans. But, you know how mothers are . . . and after all, it is Mother's Day.

Hey! Why don't you take your mom to La Venece, too? Maybe I'll see you there. Be sure to get there early so she can get a free orchid . . . . mother's just love flowers, and the great service at La Venece. And Dad loves the economical prices!

**How To Beat The Heat**

Just about everybody knows the shade from a tree can make life much more bearable on hot days, but did you know a lounge chair under a canopy of leaves is in a temperature as much as eight degrees lower than the open area around it? If the same tree is shading a window from direct sun rays, the temperature inside can be lowered by 20 degrees. According to the American Association of Nurserymen, other benefits from nature's green, growing gifts are equally important. For example, in mechanical air conditioning, air washers are designed to produce contact between air and water to transfer heat and moisture between the two and to remove impurities from the air. Trees and other plants accomplish this naturally on a massive scale. One study published by the U. S. Department of the Interior showed that a beech tree standing alone in the open releases 75 to 100 gallons of water into the atmosphere during a summer day. Expressed another way, a mature tree in front of a home can produce a cooling effect equal to 10 room-size air conditioners running 20 hours a day.

**TREES CAN SHADE YOU from high energy costs.**

All plants are "biotellers," soaking up much of the 12 million tons of pollutants released into the atmosphere each year. Plants cleanse the air by photosynthesis: a process by which carbon dioxide is removed from the air and oxygen returned to it. For every ton of wood, trees release a ton of oxygen and consume one and a half tons of carbon dioxide. An apple tree produces enough oxygen to supply four people for one year.

the most democratic fashion by the elected officials. He noted the closings were a district-wide decision.

The board president continued, "People think the board will reverse itself but the board will carry the process through."

Applause interrupted his speech when he said the board would "carry thru" whether or not he was present. The applause indicated the hand-clappers favored him leaving.

Reiss went on to point out the board knew everyone would not be happy no matter what decision was reached in cutting the budget. He said the board wanted to get the public input; the action taken by the board was in the best interests of the public and at this point in time the "community must get together".

Building and Zoning Director Joe Salerno said a personal visit to the Aldi store in Wheeling showed 65 customers at one time and 138 people in the Franklin Park store, both of which were larger than the one projected for Niles.

In other action board denial of a rezoning petition from manufacturing to residential PUD of 23 acres south of Touhy for 192 condominium units and 66 single family homes (258 units) followed an explosive hearing attended by a standing room only of 225 spectators crowded into the Niles Village Chambers Tuesday evening.

Trustee Abe Selman cast the lone "no" vote in a motion made by board member Peter Pesole to reject the petition by Joseph Judah following 1 1/2 hours of deliberation and testimony.

The decision followed 5 public hearings before the Niles Plan and Zoning Commission which recommended rezoning approval at the April 3 hearing.

Original plans for the site were reduced from 624 units to 354 multiples and amended April 3 to a 258 density of 192 condos in 4 buildings 4 stories high, together with 66 single family detached homes with 2-car garages.

Speculated reasons for the denial were based on (1) high public pressure from Chicago area residents against the PUD, due to projected increase in traffic and traffic safety, and (2) inability by the petitioner to prove financial hardship altho petitioner's attorney Jerome Schain maintained there was no

attempt to prove financial hardship, only for development of the land to the "highest and best use."

The re-zoning denial followed opposing testimony from Chicago attorney Louis Ancel representing the Edgebrook Homeowners Assoc.; representatives of Ionia homeowners, the North Edgebrook Civic Assoc.; Bunker Hill Homeowners Assoc. and a representative speaker for the City of Chicago.

Niles Planner Rolf Campbell told trustees that the 23-acre site should not be developed for industrial purposes. He recommended the single family and multi-family planning as "best development of the land" in benefits to Niles with added benefit in serving area industry with additional water use.

"Approved a rezoning petition by Ted Przybylo at 6839 Milwaukee ave. from manufacturing to Business Special Use for construction of a catering hall and full-service restaurant."

Petitioner said the addition would include 4 bridal rooms and the restaurant would accommodate 600 diners.

He humorously noted the restaurant menu changed to "CBS ... now we have chicken, beef and sausage."

"Unanimously approved a Special Use termination after 180 days rather than the present, 90 days, to allow sufficient time for financing in negotiation to purchase property or lease property."

candidates was elected to the Library Board ... which automatically removed him from consideration for the park opening.

Letters sent to the remaining eleven asking for resumes from each with a deadline reply of May 1 drew responses from eight of the applicants, four women and four men according to Arnold.

While he declined to name any of the candidates, Arnold said ages varied with "some youthful and some not youthful." At least one is a former park commissioner.

He said remaining park commissioners will meet this week to discuss criteria for selection. Individual interviews with the applicants will follow and "hopefully, the appointee will be announced at the May 16 meeting."

Appointment will be to fill the remainder, to April 1979, of Ms. Jones' term altho Arnold indicated, due to the recent consolidated election law, the term may extend to 1 1/2 years, to November of 1979.

The vacancy on the Board was created by Ms. Jones' announcement last April that a family need for expanded living quarters would take her out of Niles.

Arnold will remain Park Board president pro tem until the May 16 meeting at which time election of officers is held for the following fiscal year.

have called in early Monday wondering what was new with Mrs. Jackson.

While there is no tote board up at the library relaying the latest odds, library-watchers believe Mrs. J. may be seeking employment back in New York, from whence she came.

Any new librarian replacing a person who has held the job for many years inevitably encounters problems which go with the changing of the guard. Whether personnel conflicts were unusual cannot be determined by an outsider. But the trivial charges leveled at one employee who has since been rehired, bodes poorly. We have no clear line into library happenings. But considering the library board now has 3 new members, plus the problems developing within 3 months after the arrival of the new librarian, we would guess another librarian will be on the scene before the summer months.

Past years have shown a very low-key operation. The sudden change in 3 short months to the firing and then rehiring of an excellent employee indicates the lady on top is likely to be changed.

Whenever an operation falters, the guy/gal at the top has to be held responsible. It applies in newspapers, cleaning stores and libraries. It is not always justified but the system requires the guy making decisions has to go. It's not always fair. The Chicago Bulls forced their coach from his job because the team didn't win. It didn't matter the Bulls operation was among the worst of any sports franchise. Likewise, when boards falter at the public level, the administrator's head is on the chopping block.

Rightfully, the board of directors running the Bulls should be replaced. But since they hold the money in the organization, you can be sure they'll remain. In the case of public bodies, if they falter they should be relieved of duty. But they have the votes to stay on, so the administrator goes.

The Niles Library problems are at the top. The addition of three new members may correct its problems. But meanwhile, to correct the past errors of the top people, the administrator is likely to be replaced.

Chief Huscher. I am leaving the departments in good hands." Former Mayor Bob Schreiber was present and along with the large audience gave Commissioner Eckhardt a standing ovation for his many years of fine service to the village. Then Mayor Flickinger appointed Frank Hren who has served for 2 years as a commissioner to succeed Eckhardt.

Village Planner Charles Sheek unveiled his plans for the future development of the Morton Grove community. He asked the board to pass a resolution so the mayor can submit a request to Cook County in order to obtain federal funds. Mr. Sheek outlined his proposals as follows: Neighborhood preservation including storm water separation, street resurfacing, curb and gutter replacement, sidewalks, street lighting, alley paving, tree replacement, fire hydrant replacement. Service improvements including paramedic ambulance and playground equipment. Senior Citizens capital projects including Senior Citizen Center and another Senior Citizen bus.

The office is open on weekdays from 9:00 A.M. until 5:00 P.M. and on Saturday from 9:00 A.M. until 12:00 Noon.
