

# MG Police s... Burglary Prevention Month

The annual war against burglary was launched by local police as area residents enter the normal vacation period when such crimes rise dramatically.

Chief Norman Glauner asked all citizen's cooperation to help reduce the surge in burglaries which result each summer, when families leave their homes for vacation trips and weekend outings. "By learning and practicing a few simple home protection hints, residents can keep their homes from falling victim to a burglary," he said.

The month of June, 1978 has been declared by Mayor Richard Flickinger to be "Burglary Prevention Month" here. During this month, your Police Department will provide information to help protect your home from burglars.

Failure to know and practice the fundamental techniques of home protection was largely responsible for the 211 burglaries committed in our city last year. Although most people didn't intentionally invite intruders to ransack their home, they might as well have hung up a sign saying, "No one's home, burglars welcome!"

A stroll around your neighborhood any day, will tell you at a glance who's away, their porches will be cluttered with circulars, an accumulation of milk bottles on the stoop, an unkempt lawn, an empty garage with the door open or a bulging mailbox. All of these are tip-offs that'll broadcast "no one's home" to anyone canvassing the neighborhood.

In the evening, most empty homes can be spotted too - just look for the dark houses. It's a

known fact, light is one of the best deterrents to crime, yet most homeowners go out for an evening and leave their homes completely dark. Or, they'll go off for a weekend of vacation and leave the same light burning day and night. No light at all, or a light burning continuously, is a good giveaway "no one is home."

A simple, but effective means of having light in your home every evening, is by connecting a Time-All automatic timing device to one or two lamps. Such a timer will turn a lamp "on" early in the evening, then turn it "off" several hours later. With lights turning on and off during the evening hours, it will give the appearance someone is home and may avert a possible burglary attempt!

Chief Glauner lists precautions for homeowners...

He went on to say that most burglars pick the easiest target they can find. They want to get in, get the loot and get away as quickly as possible. Therefore, if you put several obstacles in his way, he is less likely to try to break into your home, but will seek "easy pickins" elsewhere. By observing these few simple precautionary steps, you can reduce the possibility of a burglar selecting your dwelling as his target next time you're away.

1. Close and lock all doors, including porch, basement and garage. Use pin-tumbler cylinder locks on outside entrances and safety latches on the windows.
2. Connect a lamp to a Time-All automatic timer to turn lights in the home on and off each evening. Since sound is a deterrent, connect radio or TV to a timer.

3. Protect all doors and windows with an inexpensive, portable burglary alarm which sounds whenever someone attempts to break in.
4. Light up your porch and yard with outdoor lights to increase the likelihood that an attempted burglary would be seen. These lights can also be timer-controlled, if desired.

5. Be sure all screens are fastened from the inside.

6. Never leave valuables lying around, keep them in a safety deposit box.

7. Notify your police department when you'll be leaving and how long you expect to be away.

8. Cancel all deliveries, such as the milk, laundry, cleaning, etc. Also, be sure to discontinue the newspaper or arrange to have it sent to your vacation address.

9. Have a neighbor, or your post office, hold all mail until your return.

10. Arrange with a friend to mow the lawn and sweep your sidewalk once a week. Also ask him if he'll pick up any circulars or handbills that may be left on your porch.

11. Leave your shades and blinds as you normally do, closed blinds keep the sun out, but also make an effective screen for the burglar.

12. Never advertise your departure with an item in the local paper. Give the story about your vacation to the newspapers after you've returned.

There is no such thing as a "burglar proof" home, the Chief said, but he added, following the suggestions listed above will help to protect your home whenever you're away.

# Alcoholism program

Orchard Mental Health Center and the Maine Township Council on Alcoholism are happy to announce a joint program dealing with the problem of alcoholism for Niles Township residents. This cooperative venture by the two agencies focuses on alcoholism issues, whether for the individual, the family, neighbors, friends or employers. The goals are to inform the general public about alcoholism, and to stimulate community concern about alcoholism as a public health problem and a public responsibility.

Niles Township residents are invited to call Orchard Mental Health Center at 967-7300 to inquire about the new programs. The Center is located at 8600 Gross Point rd., in Skokie.

The staff at Orchard Mental Health Center will have information about available services, including diagnostic evaluation, individual counseling, referral service and information about alcohol abuse and alcoholism. Through Orchard Center, the Speakers Bureau of the Maine Township Council on Alcoholism will be available to interested groups in this area.

The use of the facilities of the Maine Township Council on Alcoholism marks a new service to Niles Township residents by the Orchard Mental Health Center.

Readers from first through eighth grades are invited to read their way to Outer Space.

The Bookmobile will also have story hour. No registration is required. The sessions at Greenwood Park, Gregory Lane, will be on July 10, 24, August 7, and 21; at 4:30. The sessions at Dec Park will be on July 13, 27 and August 10, and 24 at 4:30.

# Check out your problem

Orchard Mental Health Center in Skokie, in an effort to encourage community residents to seek preventive mental health care, has instituted a new fee policy. In May, the Board of Directors adopted a staff suggestion to charge a flat fee of \$10 for a first interview with a professional therapist at the Center.

This is an opportunity for any individual who is worried about a situation but is not sure that counseling is necessary, to spend an hour talking with a trained counsellor. Whether it be your child, your marriage, your job, your friendships, your difficulty in sleeping, depression, etc., check it out. Often, one appointment is sufficient to deal with the problem. If not, the counsellor makes recommendations as to what the Center believes will be helpful.

Don't hesitate! Call 967-7300 and ask for an appointment.

# Jackson cites incompleteness of Library book collection

by Roseann Dalmaso  
"Our collection is in very bad shape. We don't have the basics...We need an awful lot of books here." Mrs. Edith Jackson, Librarian, asserted at the June 14 Niles Library Board Meeting. Jackson confirmed the shape of the collection by pointing out the fact the library is even missing classics. She informed the board

the library needs a complete "weeding out" of old books and purchasing of new books to remedy the situation.

Board member, Margaret Rajski intervened, "There are gaps - but not as bad as people make it out to be." Rajski proposed the library "inquire into used book dealers." Jackson countered the

suggestion. She said you must be careful about used book dealers and purchasing from them might be trouble, with missing pages etc.

It might be noted that right now, the Niles Library is at the \$98,000 line for buying books. It was pointed out the Morton Grove Library is at approximately the \$76,000 mark.

Jackson went on to tell the board of the magazines cluttering the library. "We can't bind them because we're broke...We have to transfer money tomorrow or we're in the red." Jackson also said the process of binding is very obsolete. "The last library I worked in that was still binding was 20 years ago." Jackson would like to completely do away

with binding except for pictorial journals such as National Geographic, and use microfilm or microfiche.

Before the purchasing of books or the binding and microfilming of magazines can be considered, there must be some capital to work with.

Eclectic Collecting...

District 63's superintendent Ken Moe had been in favor of seeking a tax increase via a referendum back in April. The Board decided September would be a better time to consider such a vote. While the thinking hasn't changed, no one in District 63 is actively pursuing the fall vote.

The Proposition 13 tax resistance vote is likely to dampen much enthusiasm for any tax referendums.

The closing of schools in District 63 resulted in a crescendo of emotion from parents in the Ballard and Wilson School areas. The harassment of school board members reached its apogee when the Board president had 3 bullet holes pierce his living room window. Since then the hue and cry from the natives has perceptively lessened.

While board members might think they have a respite from outraged parents, the new battleground is likely to be the free bussing of children to the new receiving schools.

When the Ballard School was closed, school board officials went to the Village of Niles and had them provide a sidewalk for Ballard rd. students who walk east of Milwaukee ave. alongside the Eagle Foods property. Former Ballard students will cross Milwaukee ave. at Ballard and use the new walk heading for Nelson School. But some of the parents, not happy with the transfer, are objecting to the walking and are seeking the free bus ride to Nelson.

The Board has placed a minimum of a one mile limit on those receiving this service. If they didn't have some restriction, parents from all over the district would insist their wunderkind be bussed as well. However, if the walking area is deemed dangerous by the superintendent then bussing would take place for those students who walk the hazardous area. It is the new dilemma of board members. Just when they thought they'd have a temporary respite from over-heated tempers caused by school closings, the new bussing plans may give them a similar problem. Interestingly, these guys and gals on the school board volunteered for their jobs as board members, at no pay, long hours, few thanks and just a lot of after-work-hours of work.

# Leske resigns from Park Board

by Alice M. Bobula

Jack Leske, Niles Park Commissioner "for 17 years and 2 months," quietly stepped down Tuesday, June 20 from his seat on the Board.

"I've played the game long and hard," he noted, having "served on good (park district) boards"... "I hope the people coming on the board will be as good as those in the past."

Leske said he was moving out of Niles into Park Ridge to the type of house "my wife has always wanted."

The soft-spoken park commissioner, whose term of office expires in April, 1979, was elected to park office for three successive, 6-year terms. Three-time president of the board, in 1964, 1967 and 1973, Leske noted the biggest single accomplishment of which he was

most proud came in 1967 when he was instrumental in persuading a large industrial section on the eastern border of Niles to withdraw from the Skokie Park District to join the Niles Park District. The move said Leske "added \$50,000 per year in taxes to Niles Park coffers."

He also noted passage of 3 successful park referendums, somberly reflecting that "we began with 5 parks and now have over twenty...from one small building (Grennan Heights Fieldhouse) the park district has grown to include numerous facilities such as the gymnasium, 2 swimming pools, golf course and several park buildings..."

Park Comr. Steve Chameriski emotionally praised Leske for his services to park residents.

# Mikva speaks to Maine Democrats

"Medicare is not a wage-related program and so it is wrong to finance it on a wage-paying basis," Congressman Abner J. Mikva told 100 members of the Maine Township Democratic Organization last week.

Congressman Mikva was speaking about the reverse action by the House Ways and Means Committee on the Social Security refinancing bill. The committee overturned an earlier vote which went along with the Mikva proposal. "It was a great victory, but a short-lived one," Congressman Mikva said.

His plan calls for removing the Medicare and disability programs from Social Security to reduce the payroll tax by one-third. "There is a good chance this year, before Congress adjourns, that we will take some part of these programs and pay for them out of general revenues," Mikva said. "They were not part of the original Social Security system when it was established in 1934," he added.

The audience was assured by the Congressman that his bill, while reducing the payroll tax, would permit Social Security to remain solvent for the next 75 years. Congressman Mikva referred to legislation which passed last year. "The work we did," he said, "showed up the Social Security program. It

Mayor Nicholas B. Blase of Niles, Democratic Committeeman of Maine Township, introduces Congressman Abner J. Mikva, who spoke at last Friday's meeting of the Maine Township Democratic Organization.

ensures the people that their benefits will be provided in a dignified manner without shortchanging them."

Congressman Mikva told the Maine Township Democrats that the result of last year's action is what prompted him to seek alternatives for refinancing the system. "Some of us are convinced that it is wrong to take

money from the paychecks of people who do not have other sources of income available."

He said, "We have an obligation to the 99.6 percent of the people who never have loopholes or kinks in the tax code to their advantage." Congressman Mikva said he is optimistic about the measure going before the full House and being approved.

### Teens injured in dash to beat train

Four Chicago teens fled to safety June 8 shortly before the car in which they were riding was hit by a commuter train at Lehigh ave. and Howard st. and dragged 200 feet before it landed upside down on the north side of Howard st.

The four youths sustained minor injuries from flying debris when their car crossed an unpaved construction area on the south side of the railroad tracks.

Taken to Lutheran General Hospital were the driver of the car, Henry J. Orian Jr., 19, of 5101 N. Neenah; Stephen J. Sielefnowski, 18, of 6905 W. Berwyn; Daniel T. Langford, 18, of 5141 Normandy; and Rick K. Baumann, 18, of 6807 W. Foster.

No injuries were reported by the train crew or passengers.

According to police Orian was travelling at high speed around 11 p.m. Thursday headed southwest on Gross Point rd. and went thru a stop sign at Howard st. Orian allegedly ignored lighted construction barricades on the south side of the intersection and drove the 1968 Buick thru 200 to 300 feet of muddy construction, crashing thru a R.R. warning gate prior to the car stopping on the railroad tracks.

Police said the engineer of northbound AmTrack Train #9 was unable to stop in time to avoid striking the stalled vehicle.

Debris from the propelled car struck a 1969 Chevelle owned by Robert Przybil of Chicago causing a large hole in the left front quarter panel. The unoccupied car had been parked against the south wall of a building occupied by Gunst, Kanow and Gassin at 7600 Gross Point rd. in Skokie.

Orian was ticketed for disobeying a stop sign and with improper lane usage.

Damage to the R.R. crossing signal was estimated at more than \$1,000.

"Catholicism: Rome, Leeds, and the Desert" is the next film in the religious series, "The Long Search", to be shown on

Wednesday, June 28 at 7:30 p.m. at the Morton Grove Public Library.

This new Time-Life film series will be shown on television next Fall and took 3 years to film in countries around the world. Admission is free.

The Morton Grove Library now has a stunning display of "Egg Art" by Mary Louise Glaves, a resident of Morton Grove. Mrs. Glaves paints her eggs by hand and creates beautiful scenes inside goose eggs, ostrich eggs, and quail eggs. Some eggs are sculptured and others are decorated with flowers made of bread dough. The display will continue into July and it represents years of effort and imagination by a talented artist.

## Lobster cookout at St. Anselm's

It'll be pass the drawn butter and lemon when St. Anselm's Episcopal Church, 1600 N. Greenwood, Park Ridge, holds its lobster cookout Saturday, June 24.

In what is believed to be an all-time first in fund-raising efforts, church members will be selling live and cooked lobsters (1-1/2 pounds) on the church grounds. A featured attraction will be the cooking of a giant lobster, hopefully about 25 pounds, that will be dunked into a giant pot about 2:30 p.m.

"An order has been placed for the fishermen to look for a big one, about 25 pounds," said Polly Giangreco, Park Ridge, chairman. "I've been assured this special order lobster will be at least 15 pounds and probably close to 25 pounds," she said. The fresh live Maine lobsters will be flown into O'Hare airport Saturday morning. A shellfish wholesaler in Boston is arranging the shipment.

## Mikva hailed as "Man of the Year"

Congressman Abner J. Mikva last Thursday night was named "Man of the Year" by the Chicago Chapter of Magen David Adom, Israel's official Red Cross Service, at their 12th Annual Interfaith Dinner.

Speaking to an audience of more than 500, Israeli Consul General Nahum Shamir praised Mikva for his leadership in Congress on behalf of Israel. "There is no better spokesman on capitol hill for justice and peace," the consul general said.

In presenting the award to the Congressman, Rabbi David Polish of Beth Emet Synagogue in Evanston added, "We are particularly grateful that Abner Mikva is a leader who has rallied to the causes we hold dear, that he is with us and for us."

Magen David Adom is a volunteer organization which for the past 50 years has been concerned with the health and medical needs of the people of Israel. Proceeds from the dinner ceremony, in excess of \$40,000, will go directly to the establishment of an emergency

room in the new Magen David Adom Blood Bank Center in Tel Aviv. The emergency room in the center will be named in honor of Congressman and Mrs. Mikva.

During his remarks, Israeli Consul General Shamir termed Mikva "a brilliant mind who is representing the people of Illinois and the 10th District ably. He is devoted to every cause and is fighting for Israel in which he believes."

In accepting the award, the Congressman said that he was particularly proud to be honored by Magen David Adom. "I am deeply grateful to receive this award from such an outstanding volunteer organization."

Mikva added, "By your expressions in this award, the belief is strengthened that Israel and the United States need each other's determination, vigilance and concern that in some way, some how, we will find a just and lasting peace in the Middle East."

The dinner was held at the Fontana D'Oro Banquet Hall in Chicago.

## Baha'is of Morton Grove

The Baha'is of Morton Grove are hosting a "Souvenir" picnic on Saturday, June 24, at the National Fieldhouse, 9325 Marion, from 1 to 7 p.m. in commemoration of the 66th anniversary of the visit of 'Abdu'l-Baha, son of the Founder of the Baha'i Faith, to America in 1912. Featured events of the picnic will be a brief presentation by Mrs. Jene Bellows of Skokie on the significance of this commemoration, guitar and accordion music, games and relay races, and, of course, food and refreshments.

The first "Souvenir" picnic was held in a pine grove in West Englewood, New Jersey, on June 29, 1912. Among those attending were whites and blacks, Jews, Christians, Muslims and Baha'is.

Since 1912, a "Souvenir" picnic has been held at the original site in West Englewood, New Jersey, every year on the fourth Saturday of June. This year, the celebration is being commemorated in many locations throughout the United States. Mrs. Gail Haus, chairman of the Morton Grove observance, stated that Baha'is from Skokie, Niles and Des Plaines would be attending and she hopes that all people who are interested in the unity of mankind would join them for this joyous occasion.

# William (Bill) Kenney wins Award of Merit for excellence in business

## Bugle's Businessman of the Month

by Ed Hanson

"I didn't raise my boy to be a soldier," said Kathleen to Bill's father, William Walter Kenney many years ago.

So Bill Kenney, always the dutiful son, (while his mother was watching him) joined the United States Navy and became a sailor. Besides, Bill thought to himself, seamen or sailors, like 'blonds,' have more fun. Little did he know. All he got was lots of scars, 5 Battle Stars and commendations and medals.

It all began, one upon a time, on May 21, 1924 when Bill Frank Kenney oozed out of the damp darkness into the bright light of God's sunshine, shortly after dawn. If God wanted everyone to enjoy the dawn, he wouldn't have made it so early.

At age 14, Bill Kenney was graduated from St. Felicita School, 8300 S. Blackstone, Chicago. Although one of the "Short Stuffs", he was put together with whalebone and piano wire. His natural coordination caused him to excel in athletics. Bill won "letters" in boxing, basketball, track and golf. He excelled in boxing in the bantam weight (118 lbs.) division at St. Felicita High School.

### Boot Camp 1942

Now in the United States Navy, Bill got his 'boot-camp' training at Great Lakes, Bill's ability as a "quick-learner" resulted in the U.S. Navy sending him to the University of Chicago to become a radio operator. This involves learning the 'Morse Code,' 'Signaling,' 'Blinking,' 'Semaphore,' coding and decoding and some 'top-secret' stuff. Bill was graduated from his class, number 1, top honors.

The Navy then sent Bill to Noroton Heights, Connecticut for advanced special training in operating communications systems on Merchant Marine Ships.

At this point in time, Allied shipping was being 'blasted-to-hell,' particularly ours. Nazi subs were sighted in New York harbor and the situation was so serious that a now deceased, later famous Admiral formed a top-secret committee. Working in close cooperation with Secret Service, they formulated a code-name plan to infiltrate a group of Nazi agents landed by subs on the eastern coast of New York, both prior and during World War II. I happen, of my own knowledge, to know considerable about this operation. Some 200 (God only knows the exact number) top Nazi espionage agents, the elite of their agents, were working on the New York waterfront docks in various jobs. The waterfront, which had been controlled by the gangster union, was headed by the infamous

"Lucky Luciano (5-12)." Later Tom Dewey would arrange a pardon for "Lucky" and he would be deported to Italy. Everyone wondered why? I could write a book about this situation, the real inside-story. Anyway, without this key move on the part of the U.S. Navy, believe me, the Nazis would have won the war. They were just an inch away from accomplishing it.

After being stationed briefly in Norfolk, Virginia, Bill sailed across the Atlantic to Casablanca. He participated in the invasion of Anzio. Bill was aboard a Liberty Ship, whose cargo was troops and munitions. His ship unloaded their cargoes of troops and munitions under heavy fire and bombardment during the invasion of Anzio. Departing from Anzio, Bill was transferred to another Liberty Ship, "Tabitha". Enroute, the "Tabitha" was torpedoed and sunk by Nazi subs. "Her bow would cut thru the waves no more."

### Bill Kenney on MacArthur's ship

Bill was transferred to the west coast and assigned as radio operator to S.S. Cape Friendship. This later was the first ship back into Manila when MacArthur made his triumphant return. He made good his vow, "I shall return". While MacArthur did not return on this ship, some members of his family did.

### Bill heroically rescued from the deep and "Jaws"

Abandoning the "Tabitha" after she was torpedoed, Bill plunged into the icy, shark infested waters, hoping his life jacket would keep him afloat until he was rescued. Several of the other seamen in the waters were eaten by hungry sharks. Bill, a devout Catholic, told me, "Ed, I prayed like hell!" It or 'something' worked, because Bill was finally picked up, half-conscious, by Navy lifeboats. He was then flown to Algiers.

### Assigned to a tanker

"God was kind," Bill said, "because I was shortly thereafter assigned to a tanker transporting Hi-Octane fuel between South America, New York and England. Bill said to me, "I didn't worry about bombs anymore -- hell, I was on a floating one!"

After 42 months of active sea duty, Bill was transferred to San Diego for a 60 day speed course in special teletype

training. He received specialized training in typing coded tapes and was then sent to Pensacola, Florida (I was at Pensacola, Fla. during this time, spending 3 months at the officers quarters. I mostly hung around the bars of 3 types of service clubs. The enlisted men's, the officer's from J.G.'s to Commanders, and the Captains to Admirals Classic Club. I ate the choicest steaks every day, drank boatloads of booze, went to all the dances and met half of the 10,000 WACs on the base. I rode around with a Commander who had a jeep and a black patch over one eye named Marriot, who headed up the commissary and - I WASN'T EVEN IN THE NAVY! Or any other branch of service. The only war injury I received was hurting my leg when I fell off the bar stool in the officer's club. I couldn't even get a disability pension, can you believe that!)

### Bill honorably discharged

Bill Kenney was honorably discharged at Pensacola, Fla. returned to his home in Chicago at 7927 Dante ave., where he was born.

He went thru the readjustment from an active military life to a banal civilian one. Back home with mom and dad, he got a job with the Electromotive Division of General Motors. They make locomotives. For 5 years, Bill worked in various departments, i.e. electrical, inspections, pipe fitting and finally became an inspector checking air brakes.

Bill, now 28, got a new job with the Acme Venetian Blinds at 2300 S. Western. He became a salesman selling Venetian Blinds, cornices, etc., but after a year he quit.

Bill liked this type of business. "I had a natural knack for it, Ed." So he went into business for himself, working out of his home. Well, he not only liked Venetian blinds but Venetian blondes as well, because he fell in love with one, named Lillian Rogers who resided at 47th and Western. At age 30, our hero, Bill got married and after 24, "wonderful years," as he tells it, now has 6 children, William, John, Mike, Jill, Lynette, and Mary Kay. "Lucky Short Stuff," I call him.

Bill Kenney now owns the KENNEY ALUMINUM PRODUCTS COMPANY, 7570 Milwaukee ave., and his latest one, at 110 Burlington, La Grange. With more than 25 years experience in storm doors, windows, awnings, canopies, siding, soffit and fascia, and seamless gutter work, Bill knows his business. He is a man who takes care of the store.

Some time back we've published several unsolicited letters from our readers who have lauded this man for his integrity and fair play in his business dealings. And let he tell you, in his type of business, there are many con-artists, you just can't trust. Not all customers in any business are "always right" - but Bill Kenney treats ALL of them as "though they were right", even in cases where they ain't.

I wrote Bill Kenney's saga in two hours flat. I should have devoted at least 10 or 12 hours to it. Illness, yesterday (Sunday) forced me to squeeze it on an exceptionally 'heavy' day. Bill Kenney, with his wife and children, resides at 8530 Lawrence, Norridge, Ill. They are a happy, God-loving, Church-going, Fine family - the kind their country and community can be proud to have around.

# Springfield trip

The Niles Township Regular Republican Organization will sponsor a trip to Springfield to visit the state legislature on Wednesday, June 28 according to Committeewoman Dena Anastos.

Mrs. Anastos was appointed, along with Dep. Committeeman Les Brownstein to head up the committee arranging for the trip which is expected to be an exciting one since it will come in the final days which are always the most interesting part of the Springfield scene.

Anyone, whether he or she is currently a member of the organization or not, is welcome to go on the trip according to Committeeman Bill Kearney. He has worked with Sen. John Nimrod and State Representatives Peter Peters, Roger McAulliffe, Penny Pullen and Gene Schlickman to make

the trip interesting and meaningful in understanding the process by which legislation is passed or defeated in the legislature.

Plans are for the group to assemble early Wednesday morning at the Golf-Glenview station, travel to Chicago and then have the car hooked into the Springfield train for the trip which will arrive at the capitol before noon. Visits to the Senate and the House and the Governor's office as well as some side trips to Lincoln's office and the old capitol building in the downtown area are contemplated.

The group will return by train Wednesday night. The cost per person will be approximately \$25 to \$30 which will cover travel and food and beverages. Reservations can be made by contacting Headquarters at 965-8600, Mrs. Anastos at 966-3304, Wanda Ames at 965-3225 or Brownstein at 965-0017. Youngsters can come at reduced rates. For an inside look at how your legislature works, make your reservation early.

## BUY • SELL • RENT • INVEST THRU A REALTOR

### Real estate facts

by Richard G. Reimann, President, Northwest Suburban Board of Realtors

Names of several new alternative mortgage instruments have been added to the already often-confusing language of lenders. To help home buyers sort through the acronyms and jargon, the Northwest Board of Realtors and the National Association of Realtors offer the following guide to some of these new types of home mortgage loans.

A word of caution, however, before you go shopping for one of the new types of loans: Many are in the experimental stages and not all are available everywhere. Also, not all financial institutions are empowered by law to offer all of these alternatives. To find out about availability of a particular type of mortgage in your area, contact your local Realtor or the Northwest Suburban Board of Realtors.

#### GRADUATED PAYMENT MORTGAGE (GPM):

Designed primarily to help young, first-time home buyers, this alternative operates under the assumption that the borrower's income will increase. Monthly payments start out lower than those for a conventional loan and increase gradually over a five-to ten-year period, depending on which of five payment schedules is selected.

Although borrowers generally can qualify for these loans with less income than required for conventional mortgages, they build up little equity during the first stages of repayment. Also, when monthly payments level off, they usually are higher than required for conventional loans.

#### VARIABLE RATE MORTGAGE (VRM):

One of the most popular alternatives among lenders, VRMs base interest rate on an economic index, such as the lender's cost of obtaining funds to loan. The interest rate fluctuates when the index moves up or down

a prescribed amount. Although few lending experts expect interest rates to fall a great deal in the near future, this alternative is attractive for buyers who move frequently or plan to stay in the home only a few years. The VRMs often have no prepayment penalty clause and allow a new buyer to assume the loan.

#### FLEXIBLE PAYMENT MORTGAGE (FPM):

Also designed to aid the young, first-time home buyer or someone with good income potential, this alternative requires borrowers to pay only interest during the first five years of the loan. Amortization of the loan does not begin until the sixth year, when payments are increased enough to pay off the loan by the end of the term. Interest rates are fixed. Families can qualify for FPMs with less income than for a conventional loan.

#### FLEXIBLE LOAN INSURANCE PROGRAM (FLIP):

A portion of the borrower's down payment is deposited in a special savings account and used each month for five years to supplement monthly payments. Monthly payments initially are lower than those required for conventional or government-insured loans. Payments increase gradually during the five-year period, leveling off in the sixth year when the savings account is depleted. Because of these lower outlays at the start, some families would be able to purchase a home sooner than they might under financing packages.

But, under FLIP, the loan begins with a larger outstanding principal. This is due to having pledged a portion of the down payment to the savings account for use in supplementing these monthly payments. Payments beginning in the sixth year are higher than they would have been under terms of typical or government-backed loans.

### New savings plan offered by North West Federal

Two new types of high-interest earning savings certificates are now available at North West Federal Savings.

Savers who deposit a minimum of \$1,000 for an 8-year minimum term will receive 7 per cent per year, with an effective annual yield of 8.45 per cent. Interest is compounded daily and posted quarterly at the end of March, June, September and December. Eight per cent certificates are federally insured up to \$40,000 as are all accounts at North West Federal.

Another new savings certificate is now being offered to North West Federal savers. This is the six-month "T-Market" Savings Certificate with a fixed rate tied to the average yield on six-month Treasury Bills. The rate on these "T-Market" certificates is determined each week at the U.S. Treasury's Monday auction.

Initially, North West Federal is paying 1/4 of 1 per cent higher than the average weekly Treasury yield with a minimum investment of \$10,000. For example, if the weekly auction establishes the yield on Treasury Bills to be 7 per cent, a North West Federal "T-Market" savings certificate will pay 7 1/4 per cent, with an effective yield of 7.63 per cent per year.

North West Federal offers the highest rates possible on savings regulated by the Federal government. Federal regulations require substantial interest penalties on funds withdrawn from savings certificates before maturity.

Savers can call or visit any office of North West Federal to get the current "T-Market" Savings Certificate rate or information about any of North West Federal's certificate or passbook savings plans.

## Orchard Center's 'Turning Point'

Turning Point is continuing to offer two ongoing groups for teenagers and younger adults. On Tuesday evenings, a group of older adolescents and young adults meet to work on problems of personal relationships and independence from families. On Wednesday afternoons, a group of high school students meet to discuss common concerns about friends, parents, and school.

Since 1973 Turning Point has been offering workshops for 7th and 8th graders from Old Orchard Junior High School. In the fall of 1977, coordinated by TP staff member Scott Anstadt, this component was expanded to include East Prairie and Lincoln Junior High Schools. The purpose of these workshops is to acquaint the students with the services offered by TP and OCMH and to give them a first hand experience with counseling techniques.

**You won't make a mistake if you  
order Arvey's new steak**

by Ed Hanson  
Last Saturday, after a hard day at Arlington Park I trudged into ARVEY'S RESTAURANT, Oakton & Waukegan rds. I collapsed into a booth. I was beat. I was sick and NOT hungry. I had murder in my heart because the Stewards disqualified the 4 horse, Judge Spears. I had 10,000 dollar losing tickets in my jacket. I wheeled the 4 horse with everything in the second. Rich Young Ruler, who finished second was made the winner although my horse Judge Spears beat him by two lengths going away. Are they that dumb or was their money on the chalk, Rich Young Ruler? That horse can't go the distance, he runs out of breath. Now a thoroughbred horse always bears "IN" when he runs out of gas. My horse was on the rail and running straight. He "bumped" my horse because Rich Young Ruler bore in - my horse had no place to go. It was one of the most flagrant steals in all my years in racing. My double would have paid hundred fifty maybe two hundred - there was murder in my heart. Who wants to eat?

**Jake's Pizza Hosts Pre Schoolers**

Jake's Pizza, 1261 Algonquin, Des Plaines was the destination of students and teachers from San Lorenzo Montessori School, 2514 Ballard last Thursday. The group of twenty-six, two-to six-year-olds and their five teachers toured the kitchens, saw how pizzas are made, and eagerly consumed the treats they "helped" to prepare. Pictured left to right are: Julie Pasternak, age 3, Park Ridge; Kerri Marcet, age 3, Schaumburg; Nicky Melitas, age 4; Kitch Fairman, age 3; and Tommy Bertany, age 4, all of Des Plaines. All of the students at San Lorenzo Montessori School agreed their field trip to Jake's Pizza was one of their most delightful educational experiences of the summer session. The class visited Dominicks Super Market, Dempster and Greenwood on Monday, June 12; and the Des Plaines Police Department Monday, June 19. Other summer trips are planned for a fire station, a post office, and the Brookfield Zoo.

George Arvey came over. "I want you to order this steak," he pointed to the menu. Too weak to argue, I said okay. So I ate this broiled, New York cut Sirloin for ONLY \$4.95 a la carte. When I finished I felt like a new man. This steak is indescribably delicious. I felt like a new man. I felt 30 years younger. My heart was filled with the milk of human kindness. I even forgave the track Stewards. "Goin' home, Eddy?" George asked. "Hell, no - I gonna find me a young gal!" I said as I skipped down the sidewalk.

**Ziggy's back in town**

The Mayor waited in a Chicago phone booth. The public phone rang...  
He lifted the receiver. "Hello, this the Mayor?" a voice asked.  
"Yes."  
"Ziggy told you 'bout me. I'm the one. Code name 6-6."  
"Yes - I understand."  
"If you're interested, I'll give you the price - an' terms."  
"Alright."  
"A half-mil - two hundred, fifty thou cash up front - balance cash when contract completed."  
"What guarantee do I have? How long will it take?" The Mayor's voice had an edge.  
"You want to forget it?"  
"No, no," the Mayor cried. "Ziggy says..."  
The phoner interrupted saying, "First question, none. Second question, how long is forever. 30, maybe 60 days, whatever it takes."  
The Mayor cleared his throat. "I see." His words seemed forced.  
The phoner said, "A drop of 40% within 30 days, maybe more. By 60 days it could be down 80 to 90%."  
"That's incredible, almost unbelievable," the Mayor said. He couldn't conceal the voraciousness in his voice.  
"So's your favorite team - the White Sox."  
"Okay," the Mayor said. "How do we get started and when?"  
"Soon as I have the front money. Ziggy will give you all details," the phoner said.  
"Ziggy will have it by Monday - satisfactory?"  
"Okay." The phoner paused, then added, "Have a nice day, Mayor - and a second term."

Well, it wasn't Charles Bronson, the actor, who starred in "Death Wish" who hung up. That movie was based upon a true story. And, this, still anonymous vigilante accomplished (in the movie) what the whole New York Police Dept. couldn't do... reducing murder, muggings and other serious crime to less than half in a remarkably short time. In real life it wasn't New York City, as it was in the 'real' story. It was another large American city with parks, public transportation, and serious crime problems, such as Chicago's.

I predict the curve of capital crimes on Chicago's C.T.A., and "L" and in its public parks, will nose-dive soon. After all, Chicago "Ls" have a third rail and electrocution has returned in Illinois for certain heinous crimes. The CTA buses have carbon monoxide which is just as deadly as Arizona's cyanide pill. And there's the old standby our forefathers used so effectively to tame tough towns - the handgun!

RESULTS ARE THE ONLY THING THAT COUNT in horse racing, games of chance, or life itself.

Sometimes the end result does justify the means.

Remember, "Fiction is stranger than truth." Sometimes, in retrospect, it's even truer. For truth, as everything else in life, is in a constant state of flux. Change is still the only constant!

PERSONAL TO COMMANDER SUR: Why don't I hear from you? It's been two years! As we approach "AMEGA," can you now "Pin-Point" the time more accurately? When in the 80's? And the approximate time of impact???? (Mr. E.)

DEAR READERS: If today's offering seems a little bananas, then YOU need the "shrink". And DON'T LAUGH! Superman's cover was as a reporter for the "Daily Planet." And Spiderman's cover is as a reporter for "The Bugle"...SO, WATCHA YOU MOUTH!

Next week: Hanson's Hit List...Are YOU on it? Find out what will happen to you, if you are. Get Thursday's Bugle! Toot! Toot! Toot! And a salute to some of Chicago's ex-cops still active as "the over the hill" bunch.

## Theatre 219 plans 'Hello Dolly' production

"Hello, Dolly!" Theatre 219's fifth summer musical, has just wrapped up its first week of rehearsals, and the talent and

enthusiasm that the company generates seem to guarantee a first-rate production. Based on the idea that there are no age, occupational or social barriers onstage, Theatre 219 displays a cast spanning forty-five years and as many occupations and interests.

"Hello, Dolly!" celebrates that familiar marriage-broker Dolly Levi, one of the most pleasuring and cunning characters of American musical theatre. Popular community theatre actress Cindy Wien of Skokie, a student of cosmetology and hair design, will star as Dolly. Returning for her third summer with Theatre 219, Cindy will finally get to work closely again with director Robert Johnson, her high school teacher back at Niles West.

Farl Bass of Morton Grove, experienced actor and director of various community theatres, is slated to play Horace Vandergelder, the rich Yonkers merchant who Dolly is supposed to pair up with the widowed New York milliner, Irene Malloy, played by Kathy Higgins, talented choreographer and teacher from Skokie. Both Earl and Kathy are returning for their third consecutive summer with Theatre 219.

Aside from scheming to get Vandergelder for herself, Dolly can't resist a little more meddling. She succeeds in diverting Irene Malloy to the twanging heartstrings of Vandergelder's head clerk Cornelius Hackl, played by Mark Tark of Lincolnwood, returning

to Theatre 219 for yet another summer.

Being in New York City for the first time with nothing better to do, Cornelius' assistant, Barnaby Tucker, falls in love with Mrs. Malloy's assistant, Minnie Fay, to be played by Vince Bonata and Trish Kozloff respectively. Both from Skokie, Vince and Trish are new to Theatre 219 but certainly not unfamiliar faces to community theatre patrons. Adding to the fun and confusion sparked off by Dolly's meddling is the brassy and fun-loving wayward soul, Ernestina, who will be played by Open Stage Player regular Loretta Kanter. Jimmy Baron, a Niles West student from Lincolnwood, will play Ambrose Kemper, a struggling artist and hopeless dancer, at least until Dolly teaches him how with the "Gallagher-Levi method."

Irv Silverman of Morton Grove will play the role of Rudolph, the head waiter at the Harmonia Gardens restaurant where Dolly is greeted in one of the most famous songs in the history of American musical comedy, "Hello, Dolly!" Silverman's daughter, Susan, will play the role of Ermengarde, Mr. Vandergelder's whining and love-struck niece, and Silverman's wife, Enid, serves as assistant to the director for her third summer. The Silverman family, like other families in the area, has been involved with Theatre 219 for the past several summers.

At their fifth anniversary season, "Hello, Dolly!" is expected to be Theatre 219's most dazzling production! Performances are on July 28, 29, 30, August 4 and 5 in the Niles West Auditorium. Tickets are \$4 and seating is not reserved.

## MG Little League fund raiser

Morton Grove Little League held their annual fund raiser at Thillens Stadium on Saturday, June 3. The full day of 13 boys baseball games and a raffle brought out over 1000 fans.

Chairman of the league, Jerry Schurke of 6423 Elm, was pleased with the turn out and the large sum of money raised. All the donations from the raffle and the \$1 admission will go directly to their league to defray operating expenses. Thillens Stadium was donated free of charge for the occasion.

There were two highlights of the day's activities. The main raffle prize of a 10 speed bike was won by Mark Hershanson of the Morton Grove league, and one of the most thrilling games of the day was when the Major League Giants defeated the Dodgers by a score of 5 to 4 under the Thillens lights.

## Maine Northfield Big League

Two months ago, if someone had asked the chances of either Maine-Northfield Big League teams to be contenders for the Northwest Suburban Big League championship, the answer would have been a cautious "possible."

After the first four games of a fourteen game schedule in which the Maine-Northfield teams have split even or gone ahead of the league, things look a little different and much of that is due to many surprises on the part of some of the players.

For example, George Sutphen received some note as a pitcher at Maine North High School during the past season but he proved that he could hit, too, last Sunday when he blasted a grand slam homer as well as a two run homer. Sam Halpin, a pitcher of record with Notre Dame High School, also tagged a home run for the Maine-Northfield Bees. The Mitey Giant, Greg Wilson, also came up with a home run to show enough power that would make the average high school coach go to the showers and beat his head. In the meantime, former Maine North pitcher Jeff Jacobson also was collecting a home run, grand slam style and striking out 16 men in six innings. Victims of this holocaust were the Norridge Nats. When the first game was called by an umpire's forfeit, the scoreboard read Maine-Northfield 8, Norridge Nats 3. The second game was a little more conclusive with

Maine-Northfield's Bees tallying 16 runs to the Nats 2.

At the Maine North High School varsity field, the Maine-Northfield A's succumbed to Chicago Lions pitcher Mike Delli and were shut out 9 to zip. The Lions' attack was aided by the bat of Chuck Campus who had two singles and a triple to lead the offensive attack. The A's came back in the second game, however, to gain a 9 to 4 victory. Contributing greatly to the A's offense was Eric Rudin who tripled and slammed a two run homer. Joe Rancich, a relief pitcher at Maine North, struck out 10 and walked 4 while holding the Lions to 8 hits. A's fielding improved a great deal over last week's performance when they committed 12 errors. This week the boys turned in one error for two games.

One Maine-Northfield team plays at home at the Maine North varsity baseball field every Sunday. Doubleheaders start at 10:30 a.m. and the public is invited to attend at no charge. The games are of high caliber and the league does need the support of the public. On Father's Day, the Maine-Northfield A's hosted the Park Ridge Reds and a number of surprises were in store for fathers and other men attending the games which were billed as a double header and "selected short subjects". Maine-Northfield's Bees will be travelling to Hansen Park to meet the Chicago Lions.

## MNLL Baseball

Regan each chipped in with 2 singles each. Marziani and Stein combined for the win.

# St. John Brebeuf Athletic sports banquet

The annual St. John Brebeuf Athletic All Sports Banquet completed the 1977-78 school year fittingly with 154 students winning trophies in a "parent packed" Flannagan Hall.

The banquet was highlighted by Paul Shemroske winning the Duggan Leadership Award. Athletic Director Dan Kosiba

remarked "There were many times when Paul would have block assignments against boys 100 pounds heavier than he. Paul had the tenacity to come back again and again. Lacking the size to compete successfully on the basketball team, he nevertheless came to every practice session to serve as a manager. He also

served as a manager on St. John's varsity softball team." As Paul went to accept his leadership trophy he was greeted by an impromptu standing ovation led by the players.

The students who received trophies for their outstanding achievement in three sports included: Kathy Eshoo, Mary Lunkes, Amy Ptaszyk, Jamie Lepak, Steve Whittle, Stan Kapka, Jerry Tietz, Mike Drehobl, Kevin Croke, Paul Shemroske and Brian Murphy.

Those students who made significant contributions in two sports were: Tom Brown, Bill Cannistra, Kevin Weiss, Paul Gaberial, John Bizon, Paul Marusek, Henry Zajac, Tim Sparkowski, Steve Boscapomi, Paul Baronowski, Pat Berrigan, Tim Bratek, Dave Hammer, Joe Leane, Chris Pater, Kathy O'Neill, Rita Fleisner, Mary O'Grady, Carla Jurica, Laura Bandacari, Diane Paustain, Natalie Bavaro, Kathy Witek, Sue Schoos, Julie Sok, Brian Whittle, Rich Fallon, Andy

Galassini, Brian Murphy, John Murphy, Dan Burke, Joe Smith, Steve Pavkovic, Bob Flynn, Ann Leddy, Anita Volencec, Tim Flynn, Paul Leddy, and Dan DiMaria.

Rounding out the other participants in sports at St. John's were the following, honored for participation in one sport: Barb Kunach, Donna Jordan, Pattie Polinski, Carla Jurica, Mary O'Grady, Kathy O'Neil, Virginia Gorski, Annette Rosiensi, Amy Sobczyk, Eileen Dulen, Barb Kunach, Irene Krebs, Ellen Filippo, Michelle McMahon, Tim Brown, Dave Smith, Larry Wigen, Ted Piotrowski, Ray Winkel, Ed Pindowski, Chris Early, Mike Pierski, Larry Mimp, Tony Musso, Eric Perkins, Dan DiMaria, Joe Klancnik Mike Wiltgen, John Allen, Chris Krubert, Tom Beierwaltes, Pete Balke, Rich Spears, Greg Patton, Mike DeBallis, Ken Witek, Paul Czerlanis, Dave Aklinski, Mike Jerfita, Paul Lus, Jamie Volencec, John Wiederman, Steve

## Fishing 'hot line'

Chicago area vacationers and sportsmen can get information about fishing conditions, campsites, and special events at state parks by calling the Illinois Department of Conservation information line. Representative Penny Pullen (R-4th) has announced.

The information line number is 793-2589. The caller will hear recorded messages updated prior to every weekend.

Chicago area fishermen can also get information on fishing conditions by calling the Salmon Unlimited Hot Line at 267-6800, she said.

## SJB softball team

Although weather kept their season short, St. John Brebeuf softball team members had a lot of fun. The boys team started the season with a sound 10-1 thumping of arch rival Mary Seat of Wisdom of Park Ridge.

Coach Kosiba remarked at the time that this team might be able to recapture the Chicago C.Y.O. city championship. However, a series of close calls by umpires lead to five season losses by one or two runs. The C.Y.O. championship eventually went to St. Edwards of Chicago which beat St. John by only 2 runs in a game that could have easily gone in St. John's favor had it not been for injuries to starters Phil Mahoney and Steve Whittle.

Bottom, left to right: Jerry Tietz, John Bizon, Tom Brown, Bob Barrett, Mike Drehobl, Kevin Croke, and Paul Shemroske. Top, left to right: Stan Kapka, Kevin Weiss, Tony O'Brien, Steve Shittle, Tom Flynn, and Phil Mahoney.

## SJB girls' softball team

The talent on the girls' softball team was well distributed, with no particular strong or weak places, providing for a competitive lineup. Coaches, Dan Kosiba and Jim Jekot, were pleased with the efforts of all the girls. Members of the girls' softball team include: (bottom row left to right) Julie Sok, Carla Jurica, Amy Ptaszek, Kathy Eschoo, Kathy O'Neil, Mary Lunkes, Eileen Dulen. (top row, left to right) Michele McMahon, Irene Krebs, Dianne Paustain, Ellen Filippo, Mary O'Grady, Rita Flessner, Jamie Lepak, Barb Kunack and Laura Bandacari.

## Cubs' De Jesus at NW Federal

Ivan De Jesus, Chicago Cubs shortstop will make a special personal appearance on June 29 in the lobby of North West Federal Savings, 4901 W. Irving Park rd., Chicago.

The popular Cub player will talk with fans and sign autographs from 6:30 to 8 p.m.

De Jesus came to the Cubs in 1977 from the Los Angeles Dodgers and quickly became the Cubs' regular shortstop, playing 155 games in the season. He led the team in times at bat, hits, triples and runs scored. In addition, he led the team in stolen bases, with 24 steals during the 1977 season.

## Warman denies knowledge of letter

Dear Editor: The members of the Board of Trustees of Niles Township have authorized me to make the following Statement of Clarification relative to the letter from Town Clerk Louis Black to John N. Matzer, Jr., Village Manager of the Village of Skokie.

The letter from Clerk Black, dated June 13, 1978, was not written or authorized or sanctioned in any way by the Trustees of Niles Township or its Supervisor, and it was sent without their knowledge; nor did Clerk Black Consult Township Attorney Louis Lang, in this regard.

We understand and sympathize with the concern of all of Skokie's citizenry, including Mr. Black, in these trying times, and we deplore and abhor the proposed Nazi March and its participants and the purposes of these vile people.

The Township Board of Trustees and the Supervisor are well aware of the many months of dedicated work by the Village of Skokie, its Mayor Albert J. Smith, its trustees, as well as its professional staff and competent attorneys, to legally prevent the proposed Nazi march. We laud their hard work and dedicated efforts in this matter and back them completely in their work.

Edward A. Warman, Supervisor, for himself and Marjorie Sherman, Thomas J. McElligott, Timothy J. Doron and Anthony Gagliano, Members of the Board of Trustees of the Township of Niles.

### On Dean's list

More than 4,000 students are listed on the Dean's Honor Roll for the 1978 spring semester at the University of Oklahoma. Local students included: Stewart Hershey Newman from Niles.

## Homes needed for children

Dear Editor: This letter is a plea to your readers to consider opening their homes to a child in need. The agency KIN (Kids In Need) INC. needs homes for teenagers in Maine Township as well as for younger kids.

These are local children that for a variety of reasons need short-term housing so that they can continue with school and other activities. I am asking that your readers lend a helping hand to this worthwhile program by opening their hearts and homes to aid our youth.

Anyone wanting more information can call KIN, INC. at 679-6410.

Jill Mawhinney  
Executive Director

## From the LEFT HAND

Continued from Page 1

Ironically, despite the job's unending burdens, board members nearly always seek a second term. We often wonder why.

Niles new librarian Edith Jackson told the library board last week the Niles Library collection "is in very bad shape." She said the collection does not have "the basics" and "we need an awful lot of new books".

We ran a letter to the editor last week from former librarian Francis Allen, who is now retired and living in Florida. His letter accused us of being ignorant about library matters. We couldn't disagree since we do not know much about the inner workings of Niles Library. But his manifested anger was understandable. When the administrator and the board sought to purchase the branch library, Niles Mayor and at least one or two outside newspapers supported the proposal. The Bugle opposed it and it got zonked at the polls.

In previous years we complained about the library not being opened on Sundays. This policy was eventually changed. We also decried the background music in the library, which also was eventually stopped. Other Bugle complaints noted the library was in a poor location and the design of the building does not allow for much expansion. And our primary criticism was the book collection is poor.

It's very easy to sit behind a typewriter in The Bugle office and sound off about matters in the community. We can certainly understand how professionals who've spent their lifetimes in library work would be indignant at receiving outside criticism from laymen who know little about the workings of the library. But it is the nature of the beast. If you're spending public monies, you must be subject to public scrutiny and living a cloistered life amidst buckram and folios often limits the vision public servants should have. Not only should administrators do what they're trained to do but they must also understand the people they're serving.

The only part of Allen's letter which disturbed us was when he objected to our contention college students are not well served and the library is not here primarily to serve "intellectuals". Garbage! If the library is not to meet the needs of students (intellectuals?), it is falling down on its job. And for a librarian to have an anti-intellectual tilt is appalling.

Students aren't intellectuals, any more than librarians or newspaper editors. The needs of students are a basic community concern and they should be satisfied by the maximum ability of the community.

Mrs. Jackson's comment, the library collection is in "bad shape" comes from a professional. We hope the library board will take steps to remedy the problem.

Mr. Allen earned his retirement in Florida. And we don't like to disturb a man who's enjoying the fruits of his long labors. But his letter expressed anger which must have been there for many years while he served here in Niles.

While newspapers, used to confrontations with public bodies, expect a bit of a fight from those they take after, somehow we do feel uneasy about combatting a retired librarian, whose life was in a very non-combatant role. But we would welcome further correspondence.

## Niles West art awards

Niles West High School senior Kristina Schodin received the jury's nod for "best of show" in the Youth Art I Exhibit sponsored jointly in May by the Bank of the North Shore, Northbrook, and the Leukemia Research Foundation. Schodin, from Lincolnwood, also was awarded the cash prize for best sculpture in the show, a piece of which was purchased by the bank to become a part of a Northshore traveling art exhibit.

2807 Northshore high school

students submitted entries for the show this year, out of which the work of 125 students was selected for exhibit. North Shore Art League members made the selections.

Niles West junior Danita Krueger received the prize for best of show in watercolor and junior Mindy Nelson appropriated the third place award in the same category. Senior Vicky Strauss' ceramics earned her the second prize cash award in the category.

## North Park College graduate

assured, "You will have funds starting July 1...Every year we get short-changed."  
 July 1 is also the day when pay raises become effective for all full-time employees of the Niles Public Library. Later while discussing the budget, Hodes commented, "We must slash the payroll by a minimum of 10%".  
 Hodes announced the budget for 1978-79 was approved in its tentative form. It is available to residents at the Main Library, Branch Library and Bookmobile. Fellow board member, Harry

 which the patron may go directly to the neighbor library to borrow the book.  
 Other advantages of the computerized system, McClaran said, include lower costs of maintaining circulation records, faster and more accurate information about all aspects of circulation, a near-foolproof method of filling book reserves placed by library patrons, automatic issuance of overdue notices, and increased security because a patron delinquent in any of the cluster libraries will be automatically blocked from borrowing more books in any of the libraries.

Cont'd from Niles-E. Maine P.1

Pestine proposed an amendment making the budget available for xeroxing. It was approved.  
 In addition, Pestine requested public hearings after the budget was approved by the board. He insisted more public input is needed. Hodes pointed out this was useless.  
 In other actions regarding the Zenith area annexation, Attorney Orphan said the case should be heard within the next 45 days. Orphan and the board also questioned when the Glenview boundaries had crossed south-westerly across Milwaukee ave. Orphan said, in order for boundaries to be extended, the annexing village must notify all taxing bodies by registered mail. Hodes affirmed, "We weren't notified - it's illegal." And, if the annexing across Milwaukee ave. is illegal, then the Zenith area annexing by the Village of Glenview is illegal - also. The Zenith property will not be contiguous to Glenview so it cannot be annexed.  
 Annexing onto Glenview is an asset to Zenith because it prohibits the forming of a new municipality called Parkwood in which Zenith would be included. Zenith does not want to be in a new municipality struggling with taxes, etc. But, as Niles Library Board members uttered, "Parkwood may have life after all".  
 In still other actions, Board member Dospil was elected President Pro-Tem after much deliberation. Lloyd Gillet, President, was vacationing in Russia.  
 It was announced no bids for auditor had been submitted. Previously, Webster-McCarthy auditors had performed the service. July 16 is the last day to

 Two bids were received for a general insurance package, one from Continental Insurance and one from Hartford Insurance. Dospil motioned the Continental Insurance bid be approved. The board unanimously agreed. The insurance coverage the library has will expire July 9.  
 Pestine motioned to "pay as few bills in advance of service as possible." It was unanimously approved.  
 Board member Rajick proposed a new program for parents when their children are attending the summer, 1/2-hour storytimes. She noted the parents of the children often disturb the regular library patrons while they are waiting. A possible discussion series or a pilot speed reading program is planned.

It was announced the Lincolnwood Library has joined with 6 other library districts in a new NSLS computer system.

 "Evanston, Lutheran General, Resurrection and St. Francis Hospitals have been notified of the potential of the situation and have likewise planned for a state of readiness to help care for casualties, should the circumstance arise," Hutchins continued. "In addition, Skokie Valley has coordinated its efforts with the Skokie Fire Department, the Skokie Police Department, the Illinois Trauma Network and the Jewish Federation."

### Leske... Cont'd from Niles-E. Maine P.1

"You're as wonderful as you are good-looking," Chamerski told Leske, "and should be named Mr. Niles Park District."  
 In other action, and as previously reported in The Bugle, Luella Preston was appointed to fill the unexpired 6-year term left open by retiring Millie Jones. Past president of the Niles-Morton Grove League of Women Voters Mary Marusek was named to fill the park seat vacated by Leske.

Park Board conflict which broke out last May with the ascent of Comr. Jeffrey Arnold to board presidency flared again during Tuesday night's meeting when Chamerski demanded to know why Ms. Marusek, as the commissioners' first replacement choice, was not named to the initial vacancy. Arnold replied that he, as president, "wanted it that way."  
 Chamerski, who says he is being "shut out" and "double-crossed" by Arnold in board agreements, charged he was not appointed to any official capacity altho other commissioners have been given specific duties.  
 "I don't intend to sit as a dummy on this board because he (Arnold) wants to be a big dealer."  
 Chamerski said the same shut out had been attempted several years ago when an Arnold-Millie Jones combination attempted, unsuccessfully, to unseat Park Attorney Gabriel Berrafato. The attorney's popularity plus refusal by other commissioners to oust him defeated the duo's efforts, said the spirited commissioner.  
 "You haven't heard the last from me...I'll be on this board for the next 3 years."

"A Kirk In. homeowner denounced park commissioners for 'no action on the same complaints of 4 years' duration' regarding noise, abusive language and, more recently, fireworks at Kirk Lane Park."
