As Council President she will head an organization which covers twenty-two towns in the Northwest suburbs and the Skokie-Lincolnwood area. The Council serves 17,000 girls and adults. It is celebrating its Silver Anniversary this year.

The girls Noreen Sobczyk, Claire Loftus, Krista Jablonski, Barbara Rosniak, Karen Baluta, (back row) Nancy Kozanecki, Mary Basham, Nancy Surace and June Martin spent a fun-filled, memorable 3-day weekend during Tulip Festival time.

SJB's Troop 846

holds awards ceremony

Junior Girl Scouts of Troop 846 from St. John Brebeuf recently held their court of awards and bridging ceremony. A tribute to the World Association of Girl Guides and Girl Scouts set the theme for the program. A special acrostic W-E-I-C-O-M-E in the form of a choral reading greeted the guests, while a second choral reading which consisted of the history, purposes and aims of the World Association was recited by the group followed by the singing of the "World Song".

After forming a friendship ring, world association pins were distributed by Mrs. Pat Jablonski, co-leader to the girls, Jennifer Croke, Karen Guerrieri, Krista Jablonski, Nancy Kozanecki, Christine Lepold, June Martin, Holly Pilousek, Theresa Re, and Nancy Surace. The scouts sang "Make New Friends" and "G for Girl of Glory".

Annual awards were presented by Mrs. Lucille Kozanecki, leader. Perfect attendance awards were earned by Krista Jablonski and Christine Lepold, who never missed a meeting or scout affair. Christine Lepold also won the award for perfect uniform inspection for the entire year.

Each troop member received a membership star and the badges earned from January through May. The Scout earning the greatest number of badges for this period was Nancy Kozanecki with a total of eleven.

Each Scout "Mom" received a special "thank you" from the troop leaders for their splendid cooperation in helping to make the year a success.

New Cadettes, June Martin and Nancy Surace, then bid farewell to their Junior Leaders, who presented them with the Cadette Cockade and a little gift from the troop. Mrs. Judie Biancalana and the Cadettes welcomed the girls to a new world of scouting. Both troops sang "Whenever You Make a Promise" and "On My Honor". A delicious hot buffet luncheon was then served and all scouts and guests were able to relax and enjoy one another's company.

One week later, in a special ceremony at St. John Brebeuf, the following girls were also awarded perfect Scout Mass Attendance pins: Jeana and Karen Guerrieri, Krista Jablonski, Nancy Kozanecki, Christine Lepold, June Martin, Holly Pilousek and Theresa Re.

Brownie Troop 601

On May 17, Brownie Troop 601 culminated the scout year with a Fly-Up Ceremony. Seven second year brownies, (Karen Beefink, Catherine Bratek, Elizabeth Cygnar, Krista Eshoo, Katherine Lake, Catherine O'Grady, and Cristina Sudendorf), flew up to the rank of Junior Scout. They were received into Junior Scouting by their Junior "Sister" Troop 846.

The ceremony began with a flag ceremony, followed by a welcome from their troop leader, Mrs. Maria Sudendorf. Then, all the members of Troop 601, second year as well as the first year brownies, (Anna Marie Gullo, Noreen Healy, Jessica Pound, Tricia Smith, Colleen O'Grady, and Maria Sudendorf), presented a program of songs entitled "Brownie Days."

Next, the brownies were presented with the badges and membership star that they earned during the year; and, the second year brownies flew up to Junior Scouts, being given their scout sash and badge book by Mrs. Sudendorf, crossing over the bridge to receive their Girl Scout pin from Mrs. Kozanecki, and being capped by their mothers. The ceremony ended with both troops reciting the Scout Promise and Laws and singing "G" for Girl of Glory. The flag was then retired and taps sung.

And as a final good gesture, the first year brownies presented the second year brownies with a flower of friendship.

Refreshments of cookies, cake, punch and coffee followed the ceremony.

District 219-ORT plan B.I.E. Day

8299

Women's American ORT, Northern Illinois Region, and the Niles Township High Schools District 219 have joined hands to sponsor the Schools' Third

Annual Business-Industry Education (B.I.E.) Day, set for Feb. 15, 1979.

B.I.E. Day is a day set aside at each of the District's three high

schools at which time representatives of business and industry act as "teachers for a day" - actually taking over the classroom from the regular staff.

"With this new partnership, we plan to 'employ' about three times as many business and industrial reps for our '79 B.I.E. Day than we did in '78 and '77."

Birchwood-Fargo residents meet with Niles and Chicago reps

Heavy rains delay sewer project

by Diane Miller

Heavy rains last weekend caused a further delay in the completion of the city of Chicago sewer project which has turned Birchwood and Fargo streets in Niles into a mass of potholes, gravel and mud for the past eight months.

The city of Chicago started the storm sewer construction last summer and had petitioned the Village of Niles to continue the construction down these streets. This was necessary in order for the sewer to continue to the river for drainage.

In exchange for the right of way through the Niles streets, the city of Chicago would pave new streets on Birchwood and Fargo and new curbing would be installed. In addition the Village of Niles would

be able to hook some of their street drains into the Chicago sewer, thereby minimizing flooding in the area. The area west of Milwaukee and north of Howard st. will also benefit from the Chicago sewer due to Niles' hooking up of street drains.

Village chief engineer Keith Peck told the Bugle a meeting was held last Saturday which was attended by representatives from the City of Chicago, the Village of Niles and 32 residents from the area under construction. The village was given a construction schedule from the contractor and according to Peck, the project should be completed by the end of this month.

Last month an anonymous letter-writer sent The Bugle and the Niles Police Department complaints about the problems in the apartment area behind Lawrencewood Shopping Center. Charges of teenage vandalism, drugs, drunkenness, garbage and debris-littering were lodged both at residents and non-residents.

The letter-writer questioned if Nordicans had to live behind locked doors, afraid to go out at night. She/He questioned where the Niles Police Department has been during all these problems and why the curfew has not been enforced.

Niles Captain Bill Terpinas immediately sent police into the area. He established walking patrols which toured the area during the evening hours. The patrolmen's efforts led to the arrest of 25 or 30 violators, mostly for minor infractions of the law.

About 25 homeowners, led by a Mrs. Levine, formed the Nordica ave. Committee For Better Living, and began contacting residents in the 160 units to join in cleaning-up and sprucing-up the area. They hired 12 teenagers to cut lawns, clean-up the litter and generally improve the area.

The Committee sought help from Niles, and were assured by village president Blase the village would co-operate.

Street cleaning improved, according to Mrs. Levine. Shrubs were trimmed or cut down.

Warning tickets were given to residents by the Committee. Building code violations are being called to village officials attention. And signs in the area formerly torn down are going up again. Dogs are being required to be placed on leashes.

A Monday morning telephone caller said things are much improved. The partnership village and citizen action seems to have turned around a community which was heading downhill.

Niles Officers attend Emergency Medical program

Niles Police Officers (l. to r.) Charles Giovanni, Nanette Mele, Kenneth Ploog and Dean Stzdzicki display their Certificates of Graduation from the Emergency Medical Service Program which was recently conducted at Lutheran General Hospital. The four-month course consisted of first aid and life support techniques and upon certification by

the State of Illinois, these Niles Police Officers will be the first members of their department to be qualified as Emergency Medical Technicians.

Attending the program on a volunteer basis, these Niles Police Officers again show their concern in serving the public and helping their fellow man when the need arises.

Handicapped employment program

Dr. Judith Gerhart, assistant professor of secretarial science at Oakton Community College, is responsible for a dramatic increase in the number of handicapped persons hired through the Rehabilitation Institute of Chicago.

In her position as chairman of the interview training sub-committee of the Institute's placement

committee, Dr. Gerhart has designed a workshop where job-ready handicapped persons are interviewed by representatives of major Chicago corporations. Intended to alleviate anxiety for all participants in the interviews, each interview is videotaped as a learning experience for those involved.

The videotaped interview sessions, now held four times a year as a community service of the institute, have tripled the number of handicapped persons hired through the Institute's efforts, Dr. Gerhart said. During the past year, 67 people have found jobs, compared to 22 the previous year.

Arrest three in attempted theft

Three suspects were arrested June 22 on charges of allegedly attempting to open cash registers while under surveillance of security police in a retail store at Golf Mill.

Darnell Cook, 26, and Bernard Gibson, 19, of Washington, D.C. and Thomas Flurry, 34, of Hyattsville, Md., were charged with attempted theft. Gibson was also charged with possession of burglary tools according to police. Cook was released under a \$1,000 bond; Flurry and Gibson are being held in Cook County jail pending an August 4 hearing in Niles Court.

Niles Patrolmen Roger Wilson and Robert Klein were called to assist Sears Security guards Thursday afternoon who allegedly observed the 3 suspects attempting to open cash registers in various areas of the store. They said two of the men acted as look-outs while the third tried numerous keys in an effort to open the registers.

Niles police converged on the suspects as they emerged from the store to walk to their car.

One of the men allegedly tried to drop a key held in his hand and the other two were observed to throw keys into nearby shrubbery.

Police recovered the keys and two pouches containing a total of 125 keys, pliers, lock tumblers, files and a handcuff key, all located in the suspects' car.

Golden Olympics gold medal winner

St. Andrew Home in Niles captured the first place trophy in the fourth annual Golden Olympics recently sponsored by Catholic Charities of Chicago for the residents of the Archdiocesan homes for the aging.

Trophy presentations were based on the total number of points accumulated by each home in the seven sports in which the best teams from each home competed.

In addition, three St. Andrew residents won gold medals for scoring the highest number of points in specific sports during the competition. The gold medal winners were Nicholas Costosa for bowling, Ted Joyce for pool (shown above) and Joseph Walsh for golf. Eliminations also were held in shuffleboard, darts, basketball and horseshoes.

The presentations were made by Rev. Msgr. Francis A. Brackin, vicar general, representing Cardinal Cody and Rev. Msgr. Thomas J. Holbrook, administrator of Catholic Charities. More than 500 people from 13 homes attended the Golden Olympics which were held at Maryville Academy in Des Plaines.

Nimrod's minimal competency law goes to governor

Legislation sponsored by Senator John J. Nimrod, R-Glenview, that deals with minimal competency testing, has been approved by the General Assembly and sent to Governor Thompson.

"I'm very pleased that my bill dealing with competency testing for reading, writing and arithmetic for high school students has been approved," said Nimrod, "and I'm confident the Governor will sign it into law."

SB 238 mandates the Illinois Office of Education to develop a minimal competency testing program by December 15, 1978, and to assist and encourage local high school districts to adopt testing programs that meet or surpass minimal statewide standards by June 30, 1978.

"If all school districts have not adopted a voluntary plan by that date," said Nimrod, "the General Assembly will consider at that time whether to make the program mandatory." He continued:

"I believe that my bill will make the State of Illinois a leader in the field of minimal competency testing. The measure does not call for spending a lot of money and is a sensible solution to a very important problem."

Senator Nimrod said he wanted to thank Rep. John E. Porter of Evanston for successfully sponsoring the bill in the House of Representatives.

"With the passage of this bill we will be helping students who immediately go to work from high school and also for those youngsters who go on to our colleges and universities," said Nimrod.

OCC law enforcement offers women opportunities

OCC Law Enforcement student Barbara Galowitch, demonstrates her firing range technique to James O'Shea, coordinator of the Law Enforcement program at Oakton Community College, and Richard Klaczko, chief of police in Northfield.

Barbara Galowitch is 5'3" tall, weighs 105 pounds, and carries a loaded gun wherever she goes. At 29, Galowitch, a Des Plaines resident, is a mother, a student, and a rookie police officer.

Currently completing work for a degree in law enforcement at Oakton Community College, she admits it took her nearly six months to get up the nerve to go back to school. But Galowitch began classes at Oakton in January, 1975, and after less than three years of part-time attendance, she was hired by the Northfield Police Department.

At first unsure of her chances at landing a job in the law enforcement field, Galowitch credits her Oakton instructors with providing her with both the information and the confidence to enter the field.

"The area of police work has changed drastically in the last five to ten years," she said. "It used to have a bad reputation and police were known for brute force, not brains."

But all of this has changed. According to Galowitch, law enforcement has evolved into an extremely sophisticated science and, while jobs are available, agencies are much more selective in their qualifications. "Today, there are great demands on an officer, the police are constantly in the public eye," she said, adding that the cost of training a police officer is so high that the departments want to be very certain of their choices.

The former dental assistant calls her Oakton courses in law enforcement "enlightening and exciting" and gives them credit for making her academic training at the Chicago Police Academy "much easier." "Everything came back in a flash—it was like a review, not a new learning experience," she said.

While most municipal law enforcement departments don't specifically require college background, they do tend to select those with some academic training in law enforcement, Galowitch said. Out of 33 applicants for the Northfield position, she was ranked second. She added that she had originally thought she was too small to be hired anywhere, but her OCC instructors predicted that height and weight requirements would be declared invalid, and they were.

Presidential good wishes to Leonards

Family members and friends of Mr. and Mrs. Leonard Leonard of Niles held a surprise celebration for the Leonards in honor of their 55th Wedding Anniversary on June 27.

To add to the surprise celebration, the Leonards were the proud recipients of an Anniversary Congratulatory card from President Jimmy Carter and his wife Rosalyn extending best wishes.

Wedding Bells

Knopic - Gilbertsen

Mr. and Mrs. Michael Knopic of Niles announced the engagement of their daughter Peggy to Ralph Gilbertsen, son of Mr. and Mrs. Fred Gilbertsen of Des Plaines. Peg is a graduate of Maine East

High School and Ralph a graduate of Maine West. The couple also are graduates of the University of Illinois, Champaign.

A September 9, wedding is planned.

Narcotics and Families Anonymous

On duty, Galowitch drives a squad car for an eight-hour shift, responding to service and criminal calls and enforcing traffic regulations. She patrols Northfield and the nearby-unincorporated areas which have contracted for service.

Statistically, few police calls in her area are related to domestic disturbances but these can prove to be the most dangerous, said Galowitch. She and her Northfield colleagues also devote time to community public relations programs on such topics as bike safety and vandalism prevention. "I have had a wide variety of interesting and exciting calls ranging from animal calls to a felony arrest," she said.

What is it like to be the first woman on a suburban police force? "The first week or so was strange...some adopted a wait-and-see attitude while some accepted me immediately," Galowitch said. "As a rookie, male or female, one is tested all the time. I am not sure that I am different from any probationary officer."

Oakton's law enforcement program prepares students for employment in local, state, and federal law enforcement agencies, as well as in private industry. Career opportunities are available in such law enforcement fields as police science, crime laboratory work, traffic control, juvenile work, correctional penology, probation and parole, and private industry.

For further information, call James O'Shea, law enforcement coordinator, at 967-5120, ext. 299.

Cross country golf challengers

LADIES—Are you tired of spending summer weekends alone while your husbands and girlfriends rush off to the golf course? Why not do what three young ladies from the Chicago area are doing this summer—PARTICIPATE!
Sue Brenner, Niles, Denise Mitchell and Judy Dearing of Chicago, were guests at a wedding reception when their escorts began making plans for a golf outing the following day. When the girls expressed a desire to join the men, the response was laughter and ridicule. This response raised the girls' ire and triggered a mini battle of the sexes which ended with the ladies challenging the men to a round of golf on the world's toughest golf course - The United States.

The girls proposed mapping out a cross country golf course from Boston to Los Angeles and challenges the men to play them. The men deferred with excuses such as work and other obligations, but the thought occurred to the girls to follow through with their whimsical idea to promote the sport among the women of the country and liberate them from the chauvinistic ideas and attitudes of their mates.
The girls contacted representatives from a Chicago based consulting firm, United Consultants Associates, which agreed to help with publicity and seek financial backing. They hope to offset the cost of the trip by doing advertisements for local merchants in each of the cities the "course" passes through.

The girls have made numerous local appearances hoping to create a bandwagon effect for their July 1st tee-off in Boston and the beginning of a course that will take them through 18 major cities across the country. With water hazards like the Mississippi River and sandtraps the size of the Mojave Desert, the course promises to be more demanding than any on the pro tour. The girls will be making the final putt on their 18th green in Los Angeles on August 15.

June Sperling (right), president of the Service League of Lutheran General Hospital, Park Ridge, presents a \$50,000 check to T.L. Jacobsen, executive vice-president of the hospital. The \$50,000 is one installment of the Service League's million-dollar pledge to help purchase television equipment for a community health education center presently under construction (shown in background picture). The recent installment means the Service League has met \$75,000 of their pledge. Funds from the pledge will also provide patient rooms with color TV sets capable of broadcasting closed circuit educational programs from the Center.

Senators 13, Athletics 4
A few tense moments in the early innings but the pitching staff of Leddy and Callison held the A's scoreless till the 6th. A bases loaded triple by Hickey in the 5th made way for an 11 run inning. Also, Argyrakis had a perfect day at the plate. Cassell a Peanut Leaguer did an excellent job. Thanks Todd from Mr. Hickey. The A's stayed in the game until the 5th with the pitching of Murray, LeMajeur, DiMaria and Giovenco. After that Klancnik, Paton and Panchisin had a tough time finding the plate. Romanek finally retired the side. The A's threat in the 6th inning fell short

Niles - Morton Grove Rotary marks bike path

Rev. Conway Ramseyer shows fellow Rotarian Dr. Edward Swartz one of the new distance markings along the Forest Preserve Bike Path.

Cyclists wheeling along the Forest Preserve Bike Path through the villages of Niles and Morton Grove will notice freshly-painted distance markings on the pavement at varied intervals. It was accomplished by the Niles-Morton Grove Rotary Club. Under the leadership of Committee Chairman Jack Leske, this project culminates six months of intensive coordination with the Forest Preserve District of Cook County.

Beginning near the intersection of Devon and Caldwell, the Rotarians marked the distances in both miles and kilometers. The markings end just north of Golf rd., where the club hopes other Rotarian organizations will continue the project through their communities for the entire length of the path. The area now marked equates 4.3 miles, or seven kilometers. At the present time, the path runs to Lake st. with plans to eventually extend it to the Cook County line.

Free home energy audit

Area homeowners may have a home energy audit conducted free of charge by the State of Illinois, according to Rep. Penny Pullen (R-4th).

"This energy audit can be used by homeowners to increase the energy efficiency of their residences," she noted. The audit is done by the homeowner by completing a questionnaire with a series of 29 questions about his home's construction and its energy consumption. When completed, the audit form is submitted to the State's Energy Division, where it is processed by a computer yielding information on energy waste and suggestions on how to reduce it.

The audit form may be obtained from Rep. Pullen's office, 22 Main st., Park Ridge, phone 823-2023. Office hours are 9 a.m. to 4 p.m., Monday through Thursday.

Since last December about 300,000 Illinoisans participated in the program.

Add this handy accessory to your sewing machine for just a few cents a day.

I love to sew. Sometimes I'm in here half the day. What a bother it was to drop everything and run for the telephone. No more. I just got an extension phone. Believe me, it's just as useful in my sewing room as my sewing machine. And the phone's really a bargain. It costs just pennies a day.

Wherever you spend a lot of your time, you need an extension phone. Call your Centel business office to order the phones you need. Why run all over the house?

...The Spirit of Chicago...a limited edition from Ford.

Lush silver velour upholstery and plush silver carpeting highlight the Spirit of Chicago's interior.

A custom painted Chicago skyline mural distinguishes the "Spirit of Chicago".

Spirit of Chicago Now on Display

Dave Cory Ford, Inc., Niles, participated in the "Spirit of Chicago" drive-away on June 1 and 2 at the Playboy Club in Lake Geneva, Wisconsin. The event, sponsored by the Chicago District Ford Dealers was highlighted by dealers taking on the spot delivery of their "Spirit of Chicago" vans. These special limited edition conversion featured a custom-painted Chicago skyline mural, the city flag painted on the hood and a specially designed "Spirit of Chicago" tire cover. The interior is in silver velour, has a carpeted

floor, double-bay windows, two high back, two barrel chairs, a rear sofa bed and other appointments. When each is sold, the owner will receive a commemorative plaque to certify the van's limited edition status.

Bill Cox of Dave Cory Ford, Inc. was transported to Lake Geneva where they enjoyed a day of leisure, followed by an evening cocktail cruise on the lake, a dinner and show at the Playboy Club, a Friday morning breakfast and the spectacular drive-away

which concluded the two day event. Tim Boese, Fords Chicago District Light Truck Merchandising Manager, and coordinator for the drive-away, observed that dealer attitudes were extremely positive and overwhelmed at being able to offer such a limited edition conversion: at their respective dealerships.

The "Spirit of Chicago" vehicle is displayed at Dave Cory Ford, Inc. along with Ford other models of industry leading trucks.

Be on lookout for counterfeit \$10 bills

Dear Editor: Through news media sources I am requesting that the public in the Chicago area be alerted to the passing of counterfeit \$10 bills. These bills are being circulated throughout Chicago and suburbs with the heaviest concentration being on the south and west sides of Chicago.

A limited number of these counterfeits were passed in the area last year but recently the activity has increased to the point where over 5,000 individual notes have been successfully passed on Chicago-land merchants.

Although these are not particularly good counterfeits, the fact that they are not being detected until they reach the banks is cause for the public to be on the alert.

Things to look for on these counterfeits are: All bills bear the Chicago Federal Reserve Seal containing the letter "G". All are either series-1969 or 1974. All bear the check letter and face plate numbers of B-181 or D-94. These are found in the lower right hand corner on the face of the bill. All bear the back plate number "147". This number is found in the lower right hand corner, inside

the border, on the back of the bill. Some of the bills have a "waxy" appearance and feeling, with the serial numbers and Treasury Seals printed in olive green. Various serial numbers are being used. Examination will show many defects in the serial numbers, ie. broken, misaligned on the bill, or blotches of ink around the numbers. The portrait of Hamilton on the face of the bills appears flat and lacks the dimension of a genuine.

There are no red and blue threads in the paper. If a bill looks suspicious, you should compare it with another bill of the same denomination. The counterfeit will be very obvious.

If you receive a counterfeit bill: DO NOT return it to the passer. DELAY the passer by some excuse, if possible, while you: TELEPHONE the police and the United States Secret Service at 353-5431. NOTE the passer's description and the description of any companion or vehicle used. WRITE your initials and the date on the bill and surrender the bill ONLY to the police or the U.S. Secret Service.

Nursing home residents express thanks

Editors Note: The following letter was received by Celia Hansen of Dempster Plaza State Bank in response to the nursing home bingo programs sponsored by the bank.

Dear Mrs. Hansen: In the name of the residents who enjoyed your fine Bingo Party, I wish to express our heartfelt thanks to you for coming to our home to entertain us so graciously. You have given us very much pleasure. It was truly a most happy event.

You were indeed very generous with the prizes you gave for each

game. The lucky ones were elated and thankful. They felt they hit the "Jack Pot".

And what a happy "finale" you furnished with the delicious cake and punch - it just hit the right spot. For this we owe you a special hearty "Thank You".

Please accept the heartfelt expression of deep appreciation for your great kindness in bringing us this entertainment. We will be looking forward to your next visit.

Sincerely,
Gertrude Pieharski

Little boy shares birthday with Senior Citizens

"Can a little boy of seven years share not only his goodies but himself as well?"

Rickie Petzold, 7336 N. School st., Niles, had a birthday on Sunday, June 25. As was the custom in the family, the parents planned a birthday party for their son. But the young man wanted to do "something different this time."

"What would you like to do?" the parents asked.

"I don't want a party at home for myself. I want to go to St. Benedict's and treat the nice people there to a Sundae Smile."

Not only did Rickie visit the Home personally with the treat, but he brought his mother and his eleven year old brother along to share the happy occasion with him. And after all the residents were served, he visited each table and had his picture taken with each group.

Something happened to the atmosphere in the dining room. Love went out from the hearts of these aged people to match the love that this seven-year-old boy extended to them through his sensitive, thoughtful, generous act of giving. And Rickie? He diffused himself. He gave a part of

himself to each of these aged people. It was a meeting of the very young and the very old that brought joy to the heart of every person in the room.

Arrest two on phony RX

Police arrested a Chicago couple June 22 after the woman allegedly attempted to use a fraudulent prescription to obtain drugs.

Judy Torres, 25, was charged with possession of a prescription form. A companion, Timothy Lesperance, 25, 1816 N. Pulaski, was charged with possession of a controlled substance and possession of a hypodermic syringe and needle. The two are being held in Cook County jail when they were unable to post bond pending a July 7 court hearing in Niles.

Police said they were summoned to Mr. RX Drug Store Thursday afternoon when a druggist became suspicious of a phony prescription.

When the woman was placed under arrest, she pointed out a boyfriend sitting in a car outside.

Heavy rains...

Cont'd from Niles-E. Maine P. 1

Curbing which had been formed out on Birchwood was delayed due to the heavy rains, but has now been completed and curbing forming has begun on Fargo. After the curbing has been completed, the paving of the streets will begin.

According to Peck, the construction of the sewer which began last October has met with delay after delay due to the severity of the weather of this past winter. Sewer construction ordinarily can be accomplished during the winter without too much delay, but the extreme cold, heavy snows and subsequent heavy rains made it difficult not only for the construction workers, but for the homeowners on Birchwood and Fargo sts. The sewer which was installed 27 feet below the street surface had to be given time to settle, according to Peck, so that the new street would have a good foundation.

"We know the residents have been inconvenienced by having to park their cars on Waukegan rd. and walking to their homes, but the end is in sight and we feel the minimizing of flooding and the new streets will be adequate compensation for their inconvenience," Peck concluded.

Realty World opens home search center

In order to help consumers with the serious business of finding a new or used home, apartment, or condominium in the Chicagoland area, a new Home Search Center opened in May at 2625 Butterfield rd. in Oakbrook. "This center provides counseling and complete information on the 300 communities in the greater Chicagoland area," said Hal London, who along with Bob Rauschenberg are owners of Realty World - Key Realtors located at 8146 N. Milwaukee ave., Niles.

Home Search Center is designed to make a move in the Chicagoland area more of a pleasure and less of a trauma. Visitors to the center will be provided with a Chicago area overview through a 12-minute

audio visual presentation, followed by comprehensive visuals of various areas, builders directly to Real Estate brokers, apartment counselors, or condominium offices," London pointed out. Because Home Search Center is directly connected to a network of more than 200 Real Estate offices throughout the greater Chicagoland area, Realty World

Key Realtors can arrange for families or corporate transferes to be picked up and delivered directly to Real Estate brokers, apartment counselors, or condominium offices," London pointed out. For further information contact Hal London, Bob Rauschenberg, or Cathy Cassettari, Realty World - Key Realtor's referral coordinator at 692-7000.

First Federal of Chicago to accept mortgage applications

Applications will be accepted immediately by First Federal of Chicago for the \$100 million residential mortgage plan announced Tuesday by Mayor Michael A. Bilandic.

In making the announcement, E. Stanley Enlund, chairman and chief executive officer of First Federal, said there had been tremendous response to the plan since it was announced.

"We have received hundreds of inquiries at our offices about the procedures for applying," said Enlund. "We are gratified to see the impact this plan has made on Chicagoans, and we want to accommodate people as quickly as we can on a first-come, first-serve basis." First Federal said that

applications under the plan would be accepted at any of its 25 Chicagoland offices.

Under the plan, First Federal of Chicago would use the funds from the sale of tax-exempt bonds issued by the City of Chicago to provide moderate income families with low interest rate financing for home purchases within the city. The loans would be available to families with a combined income of not more than \$40,000 per year.

In the northern suburbs, applications are available in Niles at 8400 W. Dempster st. and in Skokie at Old Orchard rd. and Laverne ave.

Individuals with questions may call First Federal's main office at 346-3500.

Favorite eating place in Skokie... East of Edens

...East of Edens Restaurant ...5200 W. Dempster

...a great place for busy people to stop, chat and refresh.

John Galenas, East of Edens owner offers impressive breakfast, lunch and dinner treats.

East of Edens, as the name implies, is just east of the Edens Expressway at 5200 W. Dempster in Skokie.

Established in the mid-fifties, East of Edens acquired its present proprietor, John Galenas, in 1973. Preparing to celebrate his 5th anniversary, John offers an extensive breakfast, lunch, dinner and snack menu in his fine restaurant which is open 24 hours a day with the exception of the Sunday 11 p.m. to Monday 5 a.m. closing. And, John knows what his customers want and give it to them when they want it. He is currently featuring eight "Hot Weather Specials" (cold plates). These delicious specials range in price from \$2.05 to \$2.75 and some, of course, not only save you money, they also save on calories.

East of Edens also has hot daily specials. Monday's feature is fresh beef liver, topped with onions, salad or soup, your choice of potato, vegetable, rolls and butter. Tuesday's diners may enjoy Chicken in the basket, complimented by french fries, cole slaw, rolls and butter. The feast for Wednesday is spaghetti with home made meat sauce, salad, garlic bread and butter. Thursday or Saturday patrons are in for the special treat of skirt steak (10 oz.), topped with onions, salad or soup, potatoes, rolls and butter. Filet of sole is at the top of the list as Friday's favorite.

The current breakfast special is three pancakes with bacon or sausage, \$1.40; with ham, only \$1.50. A very reliable source, Mike Karman frequent East of Edens customer and Bugle photographer said, "Hey, that's great! I've had those pancakes and they're really good!"

Complete dinners or steaks, sea and Italian specialties are served.

The New Odyssey adds a new oddity

Exciting and terrific sounds are produced as The New Odyssey incorporates forty-one musical instruments in their entertaining. Actually, there are forty-three if you count a bell and a typewriter as musical instruments. And, you'd better believe if super-talented Mike Cappelto, former junior high school band and orchestra instructor is playing them, they are, indeed, musical.

From a magnificent rendition of Gene Krupa's "Caravan," spotlighting a drum solo by Gary Todd, to an up-to-date medley of the galaxies... "Star Trek," "Star Wars," and "Close Encounters of a Third Kind," New Odyssey does them all, and does them all very well.

After their current four-week engagement at The Atrium, the group will open July 31 at Patrick's Pub in Aurora for a two-week stint. Closing at Patrick's August 12, they will then appear at Orrie's in Wheaton from August 15 through September 30.

The New Odyssey is a talented foursome made up of (left to right) Gary Todd, Michael Jay, Gary Polkow, and Mike Cappelto. They are now appearing through July 29 at the Atrium, 3223 W. Algonquin rd., in Rolling Meadows.

Ancient Astronaut Society

Much of our current understanding concerning man's origin is incorrect, and recorded history is incomplete! Civilizations with advanced technology flourished before our own—during or before the 6,000 years of recorded history—and our ancestors had sophisticated knowledge which we are just beginning to attain! These bold assertions will be discussed by "Chariots of the Gods?" author Erich von Daniken and dozens of prominent scientists, educators, scholars and authors from nine countries at the Fifth World Conference of the Ancient Astronaut Society, starting Thursday, July 27 through Saturday, July 29 at the Chicago Marriott Hotel, 540 N. Michigan ave., Chicago. Major speakers include Dr. Irwin Ginsburgh of Morton Grove, industrial physicist and author of "First Man, Then Adam"—a study of the Book of Genesis from the standpoint of space-age science.

Young adult book collection at Niles Library

"You are too old to do (blank), but you are too young to do (blank)." If you are at that "in-between" age, the time when you are not really a kid anymore, but not quite an adult, fill in the blanks with almost any activity you can imagine. Example: You are too old to play with Barbie Dolls or G.I. Joes but you are too young to borrow Dad's car to go cruising. So what are you supposed to do with yourself all summer, especially when it is raining outside or your best friend is on vacation?

We have a suggestion...come to the Niles Public Library and check out our Young Adult book collection. Yecch, who wants to read, you say? Well, reading is much better than a lot of things, for instance, boredom.

We realize that you have been faced with an impossible situation on past visits to the library. You probably felt too embarrassed to look for books in the "Kiddies" section, and many of the books in the adult collection were either too difficult or too boring to read.

So we have formed a special collection of books written just for you. Nothing too difficult, nothing too easy or babyish.

Books like Dragonsinger by Anne McCaffrey, about Menolly, a young girl on the planet Pern who runs away from home and does some things unfamiliar to Earthlings, like living in a cave, writing songs for the harp and impressing fire lizards. She also has some very Earth-like experiences when she goes to live with people her own age at Harper Hall. And The Outsiders, by S.E. Hinton, the story of a gang of young men from the wrong side of the tracks, who are shunned by their schoolmates because they are "greasers". Or Decathlon Challenge, an autobiography of Bruce Jenner, the athlete who won the Gold medal in the Decathlon in the 1976 Olympics.

The nicest feature of our new collection is that you don't have to go into either the children's or the adult sections. The Young Adult collection is located right in between everything (just like you), in the main lobby next to the Xerox machine.

Oakton reports record summer enrollment

Enrollment in the 1978 Summer Session at Oakton Community College totals 4,141 students, according to John P. Donohue, vice president for student development.

"This is the largest Summer Session enrollment on record for Oakton," Donohue said, pointing out that it is a five percent increase over last summer.

About 91 percent of the students are part-time, enrolling for five hours or less. Of these part-time students, 19 percent are readmitted while more than 33

percent are transferring into Oakton from another college.

"Many of these students regularly attend four-year colleges or universities and attend Oakton in the summer to earn extra credits to transfer to their home institution," Donohue said.

Slightly more than 80 percent of the students are taking college-transfer courses this summer. About 85 percent reside within the expanded Oakton district. Sixty percent are women.

The police, the village and particularly the residents should be proud of its efforts. But only an ongoing effort by those residing there will determine whether or not the improvements will be permanent. Temporary band aiding an area will provide only temporary improvements. Only long-term planning by a vigilant ground residing there will prevent the festering of an infection which has long been there. Hopefully, the Nordica Committee will continue its efforts for "better living".

Police arrest slow-moving car

Police suspicion aroused by a slow-moving car resulted in the arrest of a Chicago man who was charged with numerous traffic violations June 25.

Tadeusz Jedlinski, 30, 3549 N. Major, was cited with use of illegal tires, disobeying a police officer, driving while intoxicated and driving under a suspended license. He was released under \$2,000 bond pending a July 14 court hearing August 4.

Police Officer Kenneth Ploog said he became suspicious when he noted shortly after midnight Sunday a black Pontiac southbound on Milwaukee ave. at a very slow rate of speed which indicated the car was equipped with illegal tires.

Investigation, after stopping the motorist in the 6700 block of Milwaukee, revealed two rear studded snow tires on the car. When the driver allegedly became combative and verbally abusive, he was placed under arrest and taken to the police station.

Charge women with theft of purse

Police arrested two Chicago women on charges of allegedly stealing the purse of a woman shopping in Butera Foods at Golf Mill on June 28.

Charged with theft were Joanne Cunningham, 26, also known as Diane Brunson, of 2940 S. State st. and Denise Cunningham, 20 of 1055 W. 104th st. Both were released under individual \$1,000 bonds pending a July 14 court hearing.

The victim told police that when she turned away from her shopping cart to pick up some soft drinks, the two grabbed her purse from the basket and ran out of the store.

A witness outside the store said he observed the duo to throw away the purse and enter a black car, ducking down out of sight into the seats.

The witness parked his car behind the vehicle pending arrival of police.

The victim's purse was recovered in the lot minus \$136 in cash.

CPR instruction

"Become a Life Saver!" is the topic for the Tuesday, July 18, segment of the Passages Through Life series at Oakton Community College.

Participants in this program, beginning at 1 p.m., will learn the practical skills of CPR—cardiopulmonary resuscitation—which can restore heartbeat and breathing to victims of heart attack or electric shock in the crucial moments before help arrives. Rescue

methods for persons who are choking will also be demonstrated.

Programs in the Passages series meet each Tuesday afternoon in Building 3, Room 308, on the Oakton Interim Campus, Oakton and Nagle, Morton Grove. Admission is free of charge.

For further information, call Oakton's Office of Non-Traditional Student Programs, 967-5120, ext. 350.

OCC plans workshop

Two different paths to fulfillment will be examined in all-day workshops coming up in late July at Oakton Community College.

"New Career Options for Teachers (and Others)" will meet from 9 a.m.-3 p.m. on Friday, July 21. Designed for men and women who want to transfer their skills and experience to different jobs, this workshop features Marilyn Moats Kennedy, who will offer a wealth of techniques for creating and filling interesting employment opportunities. Ms. Kennedy, managing partner of Career Strategies, Inc., will help participants to identify their

marketable skills, set their goals, and develop job-hunting strategies.

The cost of this workshop is \$18 including lunch.

On Wednesday, July 26, Oakton will present "Future Woman: Journey to Self-Fulfillment," a workshop designed to help women balance their personal success with the need to maintain relationships both at home and at work. Mary Kay Slowikowski of Progressive Learning Concepts, will discuss effective communication, developing a positive self-image, problem-solving, and decision-making. The cost of this

program, from 9 a.m. to 4:30 p.m., is \$28.50 including lunch. For further information on either workshop, call 967-5120, ext. 350.
