Bast resigns as village trustee

by Alice M. Bobula
Struggling to maintain his usual composure, Niles Trustee Ralph Bast Tuesday, Oct. 24 regretfully resigned his trusteeship in the village effective the same evening.

In an emotionally-charged address Bast cited Tuesday's meeting to be his "last as a village trustee" due to pending relocation of his family to California.

A village father for the past 9 years, Bast said his wife Sandy and he became initially involved in village affairs 14 years ago as Youth Commissioners.

Pridefully, he cited his wife for being instrumental in organizing the first softball league for girls and for initiating the first Softball Marathon, successful for many years, the proceeds being donated to notable charities.

As a board member, observed Bast, "I assisted wherever I could," noting growth of Niles Family Service "into a functional, valuable village agency"; development of the Senior Citizens Committee; and acquisition of the Trident Center which houses senior citizens and Family Service.

He noted the free bus service initiated for use by village residents, spoke of the thousands of dollars spent to alleviate village water problems, and commended police, fire, public works and administrative departmental staffs as "very efficient".

Blase urges NORTRAN to seek injunction against striking drivers

With the NORTRAN strike now in its 7th week and with more than 24,000 daily riders having been forced to seek other means of transportation, Niles Mayor Nicholas B. Blase has petitioned the Board of Trustees of NORTRAN to reconsider their previous position about not pursuing court action against the striking drivers.

According to Blase, "If the bus drivers, who are public employees, are striking improperly, then we should go into court to get an enjoining order prohibiting them from striking."

In a letter to Walter Flintrop, chairman of the NORTRAN Board, Blase stated that although he had avoided becoming involved in the controversy between NORTRAN and its bus drivers, he now felt that since NORTRAN is run by appointed members of the various villages and cities, it is obvious that the longer the strike goes on, the more criticism the communities are going to get.

Joseph DiJohn, NORTRAN executive director, stated last week they have made their final offer to the striking bus drivers and mechanics. DiJohn's statement came after the striking drivers and mechanics turned down the latest wage proposal by a vote of 105-30.

NORTRAN is offering the drivers a 7 1/2% an hour increase over a 2 year period, plus a cost of living increase which they estimate will total an additional \$1.51. The drivers are demanding an immediate raise to \$8.15 an hour from their present \$7.14 an hour which would put them on a par with workers for the West Town Bus Company in the western suburbs.

As of Tuesday, Oct. 24, DiJohn said he had no idea when or if negotiations might resume. He also added that the last offer turned down by the drivers also included increased health and sick pay benefits and 5 weeks vacation after 22 years of service.

Acting at the invitation of Niles Township High School District 219, the Board of Trustees of Oakton Community College made a conditional offer for the purchase of Niles North High School at an Oct. 19 meeting of representatives of the two boards.

Bruce M. Friedman, chairman of the OCC Board, indicated that the series of discussions began in response to interest expressed by the Niles Board in leasing facilities at Niles North to the college. Later, the high school board representatives proposed that the college consider purchasing Niles North.

Friedman explained that Oakton's offer amounted to approximately six to six and one-

half million dollars depending on the value placed on space being leased back to District #219.

Chicago woman escapes sting of con game

While Niles police were taking report of an attempt to fleece a Chicago senior citizen in Golf Mill, they received information that one of the two con artists involved had been apprehended in Evanston on charges of another attempted pigeon drop confidence game. Evanston police said the second woman escaped arrest.

The Evanston suspect charged with attempted theft and placed under \$10,000 bond was brought to the Niles police dept. for identification purposes but the Chicago victim was unable to positively identify her.

According to police, the 70 year old Chicago woman was getting into her car in Golf Mill shortly before 2 p.m. Thursday when she was approached by a woman in her forties wearing a beige trench coat who said she had just found a handbag with a lock.

Following a short conversation, the con artist unlocked the handbag revealing what appeared to be a large sum of money inside. A second woman nearby was called over to witness the findings.

A classic confidence game followed during which the first woman said she would take the

money to her boss at J.C. Penney to ask for advice. The two women left, returning 10 minutes later, indicating the advice was to split the money three ways.

The three agreed to return to Penney's to speak to the boss. The intended victim said she drove back to the store but the two other women failed to appear.

The Chicago resident then drove to the Oak Mill Mall at Milwaukee ave. and Oakton st. where she observed the two confidence women in a car shortly after 3 p.m. She tried to follow their car she said but lost it in traffic, then drove to the police dept. to report the incident.

Evanston police said the woman arrested under the name of Mary Ann Taylor was also known as Jean Groesbeck, Susan Groesbeck, Sadie Williams and Linda Collins.

St. John Brebeuf's First Annual Track-A-Thon

The 1978-79 school year brought a greatly expanded athletic program for St. John Brebeuf. To enable more girls to participate in basketball, St. John now has a new traveling sixth grade girls' basketball team and a new seventh grade girls' team. This year St. John is also entering new baseball and track teams. To make this expansion possible while maintaining two football teams, five other basketball teams, two softball teams, a volleyball team and four cheerleading squads, the St. John Athletic Board is sponsoring its First Annual Track-A-Thon on Nov. 4.

St. John Brebeuf students will be running or walking as many quarter mile laps as possible within an hour period, rain or shine, from 9 a.m. to 3 p.m. The homerooms will be competing against one another for sponsors and total laps run. The winning homerooms at each grade level will be treated to a giant pizza party. There will also be individual \$15 gift certificates for the best "trackster" in the class. One of your young neighbors will be coming to you within a few days to ask for a pledge to pay a nickel, dime, a quarter, or a dollar for each lap he or she makes around the 1/8th mile track.

The Track-A-Thon can be a

great educational experience for the students involved. They can begin to assume some direct responsibility for the improvement of their athletic program through their own initiative and dedication. Please support them in their efforts.

Northi Open House

Niles North will be holding its annual Open House for parents on Thursday, Oct. 26.

Parents of North students are invited to come and meet their students' teachers and get to know the school and its people. Parents will follow their students' regular class schedule for the evening, and refreshments will be served in the school cafeteria.

PTC Visitation Evenings

Parents of Maine East students are invited to meet teachers at Maine East on Wednesday, Nov. 1, or Monday, Nov. 6, at the annual Open House nights.

P.T.C. (Parent Teacher Council) Open House will be Nov. 1 for parents A thru L and Nov. 6 for those in the second half of the alphabet. Hours on both of these evenings are from 7-9:30 p.m.

Niles West after school sports

One way in which students at Niles West high school can make social contacts and give their body healthy exercise too is to join the after-school intramural sports program. The emphasis in this program is on fun, with improved health and fitness as a desirable side benefit, said Mike Skuban, intramurals director.

Skuban has expanded the program this year to provide opportunities for co-ed activities, as well as the usual separate boy/girl offerings. Boys and girls together can enjoy recreational swimming, a cross country contest and badminton.

There are programs for boys only in basketball and gymnastics free play. They can take a fitness program, learn to play tennis or enter a tennis tournament. Girls have their own programs for basketball and open gymnastics.

Although open to all students at the school, athletes in season are not permitted to engage in intramural activities simultaneously. Rules of good conduct are a part of the intramural program as is a physician's permission slip for students attending restricted regular Physical Education classes.

Skuban said that almost 300 students participate in this fall's intramural program weekly.

Winners of the intramural track meet for girls which was already held, are Kim Parker, high jump, Joyce Chams, long jump, Jean Reijac, shot put, Patty Quist, discus, Linda Weiss, 100 meter, Kris Youstra, 200 meter, Jenny Weiss, 400 meter, Tawny Hammond, 800 meter, Karen Shea, 1,500 meter and Ann O'Boyle, 100 meter hurdles.

Math competition

The Maine East math team had a second place finish in its conference meet Thursday, Oct. 12 at St. Patrick's. Caroline Lee, Mike Lachman, Sun Ho Suh, and Kwan Ho Chung all ended up the competition with perfect scores.

LETTERS to EDITOR

Praise for Sam Berger

Dear Editor:

I have been publicly supporting Tuition Tax Credit for the past six months. I have publicly asked our elected officials to support it in order that the U.S. Supreme Court would have the opportunity to rule on its constitutionality.

On Oct. 17 I heard Sam Berger, 4th District Democratic Senatorial Candidate, announce publicly his support for Tuition Tax Credit. Mr. Berger based his support on the constitutional right of every citizen to have his or her issue decided by the Supreme Court. Mr. Berger performed a personal Profile in Courage.

Mr. Berger did not state his personal preference but he did reaffirm his own belief in the Constitution. He said that parents of Jewish, Catholic and Protestant private school children deserve their day in court. He spoke out for our children and not against anyone or any organization. I am now sincerely thanking Mr. Berger for his concern for our private school children. Good luck in your election for State Senator in the 4th District!

Sincerely,

Thomas W. Flynn
Niles, Ill.

Let's return Ab Mikva to Congress

Dear Editor:

Congressman Ab Mikva's fight against excessive noise created by aircraft taking off and landing at O'Hare airport, his vote to sustain President Carter's veto of the inflationary 'Pork Barrel' bill, his vote against the costly B-1 bomber, etc., are well documented facts. Why then the almost fanatic opposition to his candidacy? It is his stand for a strong gun control bill.

Let's face it - Ab Mikva, along with Congressman Paul Simon, Senator Edward Kennedy and others of like mind, have long been a thorn in the side of the National Rifle Association and the criminal element. The powerful and well financed NRA gun lobby spends millions of dollars each year to discredit and defeat proponents of a strong gun control bill.

If for this reason only (and there are many others) let's return Ab Mikva to Congress to continue the uphill battle to pass such a bill which every Gallup Poll shows is favored by an overwhelming majority ranging from 68 to 78 per cent of the people.

Time to get out of United Nations

Dear Sir:

Everyone is concerned about high taxes. But have you ever wondered how much money America's taxpayers have shelled out to the United Nations each year?

Presently, we have to pay at least 25% of the regular UN budget. By comparison, a majority of the member nations individually contribute only 0.02% of the budget. As a group, these nations pay less than one-sixteenth the amount contributed by U.S. taxpayers. Yet, they make up more than half the votes in the UN General Assembly.

The UN budget is usually established for a two-year period. For 1976-77 the budget was \$800 million, \$200 million of which had to be paid by the United States. For 1978-79 the General Assembly approved a record-high \$986 million budget. The United States will, therefore, have to shell out an additional \$246 million.

But, that's only the tip of the iceberg! Besides the regular budget, there are also separate budgets for a number of UN agencies. During 1976-77 these separate budgets made up approximately 2/3 of total UN spending. About 50% of this amount (and, therefore, about 40% of total UN spending) came from the United States. Altogether, the United States sank a billion dollars into the United Nations during 1976-77, and a total of \$7 billion through 1977.

For further information, visit the American Opinion Bookstore, 1410 Waukegan rd., Glenview.

What have we purchased with all of these contributions? Have we purchased a platform for American ideals? On the contrary, the UN has a long record of suppressing basic rights and glorifying tyrants!

Because of this shameful record, the UN anniversary (Oct. 24) is viewed by many Americans as "a United Nations Day of Shame". Instead of throwing our money down the UN rathole, it's time to get US out! of the United Nations.

Yours truly,
(Mrs.) Gene Zaprzalka
Niles, Ill.

Citizensbank drive-in grand opening

Citizens Bank & Trust Company, Park Ridge, the largest bank in Illinois outside Chicago, is celebrating the grand opening of its new six-lane drive-in facility. Customers are invited to participate in the festivities which run from October 26 through October 28.

Gala festivities marking the official grand opening of Citizens Bank & Trust Company's new six-lane drive-in facility adjacent to the bank's main building in Park Ridge, are scheduled to start on Thursday, October 26, and continue through Saturday, October 28.

To initiate the activities, Park Ridge Mayor Martin Butler and a number of top-ranking bank officials and directors will each drive antique cars through a chain of money at 9 a.m. on October 26 to signify the official opening of the new facility.

During the three-day celebration the bank will be featuring a special instant prize sweepstakes. In this "Everybody's a Winner" sweepstakes, each person completing a transaction at the new drive-in will be given a sweepstakes card in the shape of an antique car. The customer will scratch off the windshield of this car with the edge of a coin to determine what prize has been won.

Prizes or certificates, which will be distributed to the customer immediately, include two escape weekends for two at the Pheasant Run Lodge in St. Charles, an automatic garage door opener (installed), free gasoline, CB radios, deluxe

highway emergency kits, and sets of Currier and Ives placemats.

The nine-foot tall Jolly Rogers 1910 popcorn wagon will give away bags of freshly popped corn to drive-up customers during the festivities.

In order to keep the "personal touch" in drive-in banking, tellers will be located behind a protective glass window which allows them to maintain visual and voice contact with customers in all six lanes. The first lane will be for commercial business customers who will transact business through a manually operated drawer. Tellers will service customers in the other five lanes by means of underground tubes connecting the enclosed work area with customer service "islands." Capsule-carriers will be used to transport the customer's transaction from the island to the work area and back again through these underground compressed air tubes. A canopy extending from the main building will shield vehicles from the weather. The outside lane will be specifically designed to accommodate the needs of vans and similar-sized vehicles. All teller stations will be able to handle both checking and savings transactions.

Towel offer continues at First National of Des Plaines

There is still time to buy a set of quality Luxor bath towels by Martex at considerable savings from the First National Bank of Des Plaines, Lee and Prairie.

When a deposit of \$250 or more is made into a new or existing savings account, the bank is offering customers the opportunity to purchase the towels far below retail cost. The set of towels, on display in the Main Bank Lobby, includes an oversized bath towel, hand towel and washcloth in a choice of six decorator colors.

A deposit of \$250 to \$2,499 in a new or existing savings account permits the purchase of a set of towels for \$10.50. They may be purchased for \$5.25 if the deposit is \$2,500 to \$4,999 and are free if

the deposit is \$5,000 or more. Soft and absorbent, the 100% combed cotton terry towels retail at \$17. The offer expires on Oct. 31 or until supply lasts.

The money must remain on deposit for 90 days and cannot be transferred from one First National account to another. Savings accounts at the First National Bank of Des Plaines earn a full 5% interest, paid quarterly, from the day of deposit to the day of withdrawal.

expiring in 1980, Oakton has been intensifying its efforts to lease or obtain suitable educational facilities for its growing student body.

Because Phase I of the campus in Des Plaines will accommodate

only about half of Oakton's enrollment of almost 7,000 students (not including MON-NACEP enrollment of more than 12,000) it is imperative for the college to provide supplementary facilities to serve the needs of thousands of students in the eastern part of the college district.

"Remember that for nine years now Oakton faculty and students have had to use makeshift classrooms and laboratories," Friedman noted. "Oakton must also bear the cost of repairing the leased buildings on the interim campus and even pay real estate taxes here." Lack of adequate parking on the interim campus has been an overwhelming hardship for Oakton students in recent years. Oakton is growing and desperately needs facilities.

"Those who feel that Oakton should have been interested in Niles East need to become aware that the northern boundary of Oakton's district is Lake-Cook Road, not Dempster or Golf," Friedman stated.

He stressed the importance of central location. As of July, 1977, Oakton's district includes New Trier and Northfield Townships. In order to serve the needs of residents of the expanded college district, he pointed out, Oakton has an obligation to provide services and suitable facilities in the east-central part of the district.

Oakton's offer is subject to approval by the Niles Township High School Board of Education, the Illinois Community College Board and Board of Higher Education and is subject to receiving funding provided by the state. According to the Illinois Community College Act, 75 per cent of the cost of community college facilities is paid by the state.

Managers of financial institutions tend toward conservatism. There are good reasons for this. Primarily, the experience of time has shown, with rare exceptions, the conservative way to be the successful way of dealing with money. At Cook County Federal Savings we treat your money with great care. Most of our savings capital comes from our neighbors here ... and, is reinvested in the form of mortgage loans on homes right here in the neighborhood. You get the highest return on your investment, and your neighborhood progresses through capital made available in the form of mortgage loans.

Blase supports Sam Berger

Samuel S. Berger, Democratic candidate for State Senator in the Fourth District (pictured right), discusses his campaign with Niles Mayor Nicholas Blase, Niles Township Democratic Committeeman. The two conferred following an outdoor bocce ball tournament held as a benefit for Congressman Abner Mikva (D-10th District). Blase said he wholeheartedly supports Berger and looks forward to his election Nov. 7.

Berger: Eliminate sales tax on food, medicine

Samuel S. Berger, Democratic Candidate for State Senator in the Fourth District, this week said he favors elimination of state sales tax on the purchase of food and medicine.

Berger said that if he is elected in November he will work for the repeal of taxes on those items for

all consumers, particularly to benefit senior citizens and others who live on fixed incomes.

"The high cost of food and drugs today makes it increasingly difficult for many persons in the Fourth District and throughout Illinois to afford these staples of life and to make ends meet. I believe the state should do what it can - by the elimination of sales tax - to ease the burden of inflation for everyone," Berger said.

Berger said the Fourth District needs a State Senator in Springfield who is sensitive to the problems and needs of the elderly and limited-income families.

Troy editorialized for 'providing' valuable service in opposing Scott

Richard J. Troy, Democratic Candidate for Attorney General, was editorialized in a recent editorial from central Illinois as follows:

Troy weight on Scott

At the outset, Richard J. Troy of Chicago, the choice of Cook County Democrats to oppose Atty. Gen. William J. Scott, struck us as short on credentials.

Troy has neither a high public profile nor a political base outside a tight Chicago party circle. Additionally, Scott has been a popular man and effective vote-getter. Even a better-known and better-qualified opponent would have an uphill fight.

Nonetheless, Mr. Scott cannot continue to occupy his mountaintop, above-it-all attitude and gain respect. Mr. Troy has made legitimate campaign points and deserves better answers than he has been getting. He also deserves answers from Mr. Scott, not from Scott deputies.

Troy thus far has provided a valuable service in opposing Scott. He has revived debate over the state's system of employing hundreds of private lawyers as part-time (but often generously paid) assistant attorneys general. Troy also has cited conflict of interest in some of those part-timers who have defended clients charged with criminal offenses without telling the client of the relationship with the state's chief prosecutorial officer. That courts sometimes have not found conflict of interest in some cases is not conclusive.

Inasmuch as many of the assistant attorneys general are political managers in Scott's campaigns, the whole system is open to attack. We think the system should be ended, or so retrenched that Scott's legal army is reduced to an effective platoon. For pounding on this issue, Mr. Troy should be commended, if not elected.

DPTG cast of 'Equus'

A gripping confrontation between a semi-literate stable boy and a sophisticated psychiatrist forms the story of "Equus", powerful adult drama being presented by Des Plaines Theatre Guild during November as the second attraction of their 33rd consecutive season.

Directed by Raoul Johnson, a Schaumburg resident who is a professor of theatre at Loyola University, "Equus" has John Marquette of Des Plaines in the role of Martin Dysart, the psychiatrist, and Tom Hoeg of Mount Prospect as young Alan Strang, the locked-in-conflict protagonist.

The Peter Shaffer award-winning drama will be presented weekends from Nov. 3 thru 19 at Guild Playhouse, 620 Lee St., Des Plaines, and tickets may be reserved by calling 296-1211 between noon and 8 p.m. daily. Curtain times are 8:30 p.m. Fridays and Saturdays, 7:30 p.m. Sundays, Nov. 5 and 12, and 2:30 p.m. on Nov. 19.

Alan Strang, the stable boy, loves horses, makes a divinity of The Horse (Equus in Latin), and is addicted to naked nocturnal riding. Yet suddenly one night, Strang picks up a spike and plunges it into the eyes of the six horses in his care, as they rear in clattering terror in their stalls.

The psychiatrist's task is to find out why the lad committed this terrible act - to wring the secret from his unconscious and relieve his guilt and fear. The tracking down of the boy's motivations makes "Equus" a spine-chilling suspense play, a psychiatric detective story which audiences have found fascinating wherever it has been presented.

Also in the cast are Paula Unell of Glenview as Hesther Salomon, a compassionate magistrate who sends the horse-blinder to a psychiatric clinic rather than to prison, and Hank Vandenoorn of Barrington and Marianne Marquette of Des Plaines as the biggest parents of the boy.

Kathy Rodriguez of Chicago plays Jill Mason, the enticing girl-worker in the stable who precipitates the tragedy, and Michael Taylor of Des Plaines is Nugget, the man/horse with

Oakton Theater group to present "Moonchildren"

Oakton Community College's Theater Association will present the play "Moonchildren" on two weekends in November, Nov. 2, 3, 4 and 9, 10, and 11 at the Northbrook Public Library, 1201 Cedar Lane, Northbrook.

Included in the cast are: (bottom) Karol Verson, director, (second row, l-r) George Pochos, Lake Forest; Bruce Satinover, Skokie, and Randy Kengot, Glenview. (Third row, l-r) Phillip Magdad, assistant director, Skokie; Mark Miller, Des Plaines; Mark Bolan, Park Ridge; Liz Sharlot, Northbrook, and Bob Tietz, Niles.

"Moonchildren", Oakton Community College's Theater Association's fall production, will be performed on Nov. 2, 3, 4 and 9, 10, and 11 at the Northbrook Public Library, 1201 Cedar Lane, Northbrook.

The play, which previously had a long run at the St. Nicholas Theater, is a fast-paced award winning comedy on growing up and facing life during the 1960's. The play, by Michael Weller, portrays the struggles of these young adults in a fresh exciting light.

Directed by Karol Verson, the cast will include: Bob Tietz (Niles) as Bob Rettie, Mark Bolan (Park Ridge) as Mike, Mark Miller (Des Plaines) as Cootie, Sharyn Elman (Skokie) as Ruth, Liz Sharlot (Northbrook) as Kathy, Randy Kengott (Glenview) as Dick.

whom the boy performs his love-focussed primitive ritual.

Dick Galloway of Park Ridge is Harry Dalton, the stablemanager; Cecile Kershner of Lincolnwood plays the Nurse, and the other horses in the drama are portrayed by Don Collignon and Macky Cohen of Mount Prospect, Judith Kasperek of Des Plaines, Jackie Shadinger of Park Ridge, and Marty Goss, Chicago. Jackie and Macky are also in charge of costumes.

Assisting the director, Raoul Johnson, is Lisa Collignon. Joel Cohen is producer and Marilyn Collignon associate producer. All three are Mount Prospect residents.

Also featured will be Bruce Satinover (Skokie) as Norman, Celeste Carmeal (Skokie) as Shelly, Brian Maloney (Park Ridge) as Ralph, George Pochos (Lake Forest) as Mr. Willis, Howard Warso (Evanston) as Lucky and Tom Burns (Skokie) as Uncle Murry.

Performances will begin at 7:30 p.m. for Thursday showings and 8:30 p.m. for Friday and Saturday showings. Tickets are \$2 general admission and \$1 for senior citizens, faculty and students with identification.

Tickets may be purchased in advance at Oakton Community College, 7900 N. Nagle, Morton Grove or at the door. For more ticket information contact the college at 967-5120, ext. 209 or 293.

Marshall Kievit, Des Plaines, has designed the unusual set for "Equus", with lighting design by Bill Shadinger, Park Ridge. Joyce Carlos, Chicago, is stage manager.

During the three week run of "Equus", rehearsals will be in progress for Des Plaines Theatre Guild's third production, "Pygmalion". Open tryouts for this famous George Bernard Shaw comedy will be held at 8 p.m. on Monday and Tuesday, Nov. 6 and 7, at Guild Playhouse. Hank Vandenoorn, member of the "Equus" cast, will direct "Pygmalion", with performances scheduled for Jan. 5 thru 21, 1979.

Maine East Singers

Did you ever feel that singers from your school could really do something worthwhile in the world? Well, the students in the Maine East Singers feel that they can and will. The 20 singers in this group are very talented and perform in the area. For example, they perform with Mixed Chorus I, II, III, and Concert Choir at concerts.

The Maine East Singers have been together for two years, and their talents are beyond self-gratification. With the help of Mr. Craig R. Johnson, a graduate from Northwestern University, they have brought pleasure to themselves and honor to the school. They not only bring smiles to their friends but also to the people in the community, having performed at the Park Ridge Country Club and the Regency Hyatt House O'Hare in the past.

What kind of music do they sing? The music varies from serious literature and Renaissance madrigals to swing choir and varsity music. Only students from Mixed Chorus I, II and III as well as the Concert Choir may try out, and once the group is selected they meet three times a week for practice.

The group is a mixed ensemble with sopranos, altos, tenors, and basses, and their first concert will be Wednesday, Oct. 25, when they perform with Concert Orchestra, Concert Choir, and the Chorallers. Selections on the program include Vivaldi's Gloria, Pippin, and Big Spender. The members of the Maine East Singers are: Janice Gersh,

OCC film series

The OCC Film Society will feature two films starring actor Paul Newman on Friday, Oct. 27 as part of its fall film series "Roots of a Hollywood Anti-Hero".

"Hud" (1963) and "Cool Hand Luke" (1967), both academy award winning films, will be shown at 7:30 p.m. in Building 6 at the OCC Interim Campus, Oakton and Nagle, Morton Grove.

In "Hud", Newman plays the rootless, amoral son whose idea of the new breed of cowboy is to make a quick buck as fast as he can and own a pink Cadillac convertible. Set in modern Texas, the film directed by Martin Ritt, contrasts the enduring values of the veteran rancher Melvyn Douglas and those of Newman.

"Cool Hand Luke" is a modern chain-gang drama of the American South with Paul Newman as the indomitable boss bawler who stubbornly refuses to buckle under and becomes a hero to his fellow convicts. George Kennedy's supporting Oscar was for his performance as Dragline, until Newman's arrival the uncrowned King of the chain-gang. The picture was directed by Stuart Rosenberg.

Doors open at 7 p.m. A 50¢ donation is requested of all Oakton and MONNACEP students; \$1 of all others. The seating area is accessible to the handicapped.

Bast...

"Some people refer to Niles as the Shopping Center of the World," he observed, but "the tax base provides services back to village residents."

Mayor Nicholas Blase praised the retiring trustee with "contributing unselfishly in time and effort... We'll seriously miss you... and," he said, "there is no doubt you leave us with a little less than we had before."

Orville Ottow, a Niles Plan Commission and Zoning Board member for 13 years, was appointed to serve the remainder of Bast's term, to April of 1979. A Niles resident since 1959 Ottow is vice president of Tri Pack Co., manufacturers of corrugated displays, containers and packing materials, with plants in San Francisco, New Jersey and Chicago.

Ottow said he was honored to serve as trustee which would basically continue his duties with the Zoning Board to effectively serve Niles residents.

In other action trustees unanimously approved an ordinance authorizing village membership in an Intergovernmental Risk Management Agency for self insurance.

The insurance pool, brought about by "skyrocketing village insurance premiums" according to Niles Finance Director Charles Kohlerman, was initiated through the Northwest Municipal Conference and the DuPage Managers and Mayors Conference.

Charter membership in the IRMA is offered to the 21 NWMC members principally involved in study costs. The ten communities who have indicated approval through ordinances are Barrington, Buffalo Grove, Downers Grove, Glen Ellyn, Lombard, Northfield, Oak Brook, Palatine, Rolling Meadows, Roselle, West Chicago and Westmont.

With Niles' approval Tuesday night other negotiating communities are Bloomington, Elmhurst, Glendale Heights, Hanover Park, Hillside, Mt. Prospect, Park Forest and Skokie.

As a member of the Insurance Pool said Kohlerman Niles will have insurance coverage in all areas equal to or greater than current coverage with potential savings of a minimum \$40,000 to a maximum \$250,000 over current insurance costs in the first year.

A Pool reserve of \$2 million is comprised of assessments paid to the agency by participating municipalities. Assessments are based on revenues of the individual municipality.

While \$1 million is absolutely essential for the pool reserve Kohlerman said current assessments are based on membership by the 21 communities.

With a 5-year commitment under agency existence as of January 1, 1979, Niles' initial investment is \$146,000 to be paid out of general funds and the water fund. Kohlerman noted the assessment can change dependent upon village revenue or increase in projected losses.

The IRMA Board of 21 members (of a representative from each of the 21 charter municipalities) may with a 2/3 vote accept outside communities for membership after May 15, 1979. Future members will be charged with a pro-rated share of study costs.

With numerous outside municipalities already indicating interest Kohlerman said the IRMA is the first such intergovernmental pool in Illinois but other agencies across the nation "have been highly successful."

Conf'd from Niles-E.Maine P.1

The firm of Arthur Gallagher has been retained by the NW Municipal Conference as insurance consultants on the project. Ancel, Glink, Diamond and Murphy were designated as legal consultants.

Blase indicated the project is "somewhat of a gamble to save money" (on village premiums). "While the idea of a gamble is minute, it still exists," he noted, "and I don't like the idea of the gamble."

Should the Agency not be established Trustee Angelo Marcheschl said the village assessment would be returned plus interest.

"Continued to Nov. 14 an appeal of a Zoning Board denial Aug. 7 of a rezoning from B2 Special Use and R3 Special Use to R4 Planned Unit Development for condominiums by Comet Construction Company at 6935 N. Milwaukee ave. (adjacent to Edison Lumber Co.).

Denial by the Zoning Board indicated rezoning petition for the 1 1/2 acre site did not provide amenities in return for the requested higher density of a four-story, 32-unit condominium.

The petitioner's offer to reduce density to 28 units and proffer amenities of landscaping, reflecting pool and fountain were not agreeably accepted by trustees who deferred action for the purpose of viewing the area.

Tootsie roll drive.

Cont'd from Niles-E.Maine P.1

and Chairman Past Grand Knight Ken Piasecki of Niles are appealing to the public for their support and cooperation in setting a record this year. Last year's donations reached a high record.

Our major hurdle today is society's lack of understanding of retardation, not the inability of retarded of adjust and adapt to society. Through the K. of C. Tootsie Roll campaign, opportunities for the retarded are not only ensured, but more importantly, society is enlightened and can profit from the contributions that each retarded person makes during his or her life here on earth.

We hope that science will practically eliminated retardation in the near future. Dramatic advances in training exceptional children to lead happy and productive lives is now being accomplished in many cases. Your contribution will help these people to lead a life so many of us are fortunate to enjoy. Remember them the happiness you will receive is in giving.

Demoon salespeople to deliver pumpkins

Rose Dermody and Pat Sartausky are salespersons at Demoon Realty Company's branch office located at 7644 W. Belmont ave. in Chicago. Both are residents of Elmwood Park and are married; Part to Richard, and Rose to Thomas; (Matter of fact you may have seen two of Rose's three children on television commercials being aired from time to time). In addition both live in and attend St. Vincent's Parish in River Forest.

So far the story sounds interesting enough but fairly

routine. But hold everything because on Saturday, Oct. 21, these two fairly mild-mannered ladies will drop their tape measures, listing books and sales contracts and spend a good portion of the day in spooky Halloween Garb passing out nearly 400 pumpkins.

In an effort to get to know the people in their sales marketing area, Rose and Pat will be in that area in their Spookmobile going door to door delivering the pumpkin pie basics.

CRIME PREVENTION TIPS

The odds are 1 in 5 that your home will be burglarized in the next 12 months. Be alert and aware. Put the odds in your favor.

How to know when you're ready to buy that first home

BY KEN WELTER, CENTURY 21 WELTER REALTORS
The answer may be quite simple if you're able to write a check for the price of the home you want. If that's the case, you're ready! If you've been unable to save any money at all, in most cases, you're not ready.

Most people are somewhere in-between. The point to consider now is whether you have enough money saved.

Not too many folks are in the position to write out a check for the full price of a home. This is where financing comes into the picture. Unless your name is Rockefeller, you'll need a down payment. But, VA loans are available to Vets and sometimes 100% financing may be available to someone who has served in the armed forces. We'll talk more about that in a future article.

In most cases, plan on a minimum of a 20% down payment. You may be able to obtain a 90% mortgage or even a 95% mortgage, but you'll pay a rate higher than the norm for interest. If at all possible, try to put down that 20% down payment. Don't, however, try to save for another year or two, because inflation will not wait for you. The homes may be way out of reach by then and you'll have to settle for a lot less house. If 5% or 10% is all you have now and it is going to be a long time before you can save enough to put down a 20% down payment, buy now! 90% and 95% conventional loans are available to you. It will be worth that extra 1/4% or so for interest to be able to buy a home now at today's low prices.

Besides monthly mortgage payments, you'll pay Real Estate taxes and insurance premiums. In condominiums and some townhomes, maintenance is another factor. It is wise to figure 1% to 1 1/4% of the purchase price for annual maintenance expenses.

Now that you're determined that you're ready to buy your first home, consider the price range that you can afford.

A real good rule of thumb is a range somewhere between 2 and 2 1/2 times your yearly income, and good news, ladies, a woman's salary counts just as much as a man's.

If you have any questions regarding this week's topic or have any other questions, "your neighborhood professionals" at Century 21 Welter Realtors at 7514 N. Harlem ave. (at Milwaukee ave.), 631-9600, will be most happy to answer them for you.

The cards came up golden for the winners of Skokie Federal's 1978 Bridge Tournament. Shown above is (to the far left) Skokie Federal Public Relations Director Kevin O'Connell awarding the first prize certificate to Sylvia Arnold, who lives at 7971 Nordica in Niles. Standing to the right of Mrs. Arnold are the first runner ups - C. Herbert Jones of Wilmette, Rose Wilkens of Niles, Phillip Arnold of Niles and Gertrude Giffin of Skokie. The first runner-ups all received a luncheon-matinee ticket for two at the Lincolnshire Marriott Resort.

Northi coach named Softball All-American

Marlys Taber, head girls' basketball and assistant softball coach at Niles North High School, was named to the first string of the All-American Fast Pitch Softball team this summer after tryouts in Allentown, Pa. Taber was chosen over 20 other shortstops at the national tournament. This honor gives her an automatic chance to try out for

the Pan-American Games in San Juan, Puerto Rico in 1979. Tryouts for the Pan-American games will be held next June in Colorado.

This is Taber's fourth year as an All-American, but only her first on the first string. "I almost retired this year," Taber said, "but I love it, I like the people, the challenge is exciting."

During the regular softball season, Taber plays shortstop for the West Allis State Bankettes, of West Allis, Wis. Taber said the team placed fifth out of 25 this year, and the team will be short-handed because of the Pan-American games.

The screening program is not for people known to have diabetes.

Maine students have bus service again

With the end of the strike by bus drivers of the North Suburban Mass Transit District (NORTRAN), bus service to and from the four Maine Township High Schools will begin again on Thursday, Nov. 2.

Service will be limited at first, Dr. Richard R. Short, Superintendent of District 207, said, but busses will run to each school. Full service is not expected until

Nov. 24, he reported. Since regular NORTRAN bus service will be in full operation on Nov. 2, students attending Maine East and Maine South, who largely ride regular NORTRAN buses, will have almost normal service on Nov. 2, he noted.

Temporary schedules for the bus service were delivered to the schools by NORTRAN on Oct. 30 and were distributed to the

students.

Dr. Short praised Maine students and parents of Maine students for their outstanding cooperation during the lengthy bus strike. He said: "Normal attendance figures at all four schools serve as witness to the splendid effort made by both students and parents to see that education did not suffer during the strike."

Commenting on resumption of NORTRAN service, Dr. Short stated that the district was just about to mail out a survey to parents exploring their interest in alternative bus service when the strike suddenly ended. He said that at least one private bus carrier had expressed a willingness to transport Maine students.

"It would have been very

limited service necessitating early arrival of students at school and a delayed departure. The reason for this was," he explained, "the carrier was already contracted to transport other students at normal arrival and departure times for Maine students."

"Contrary to what some persons believe," Dr. Short said, "Continued on Page 47"

Polls open 6 a.m. to 6 p.m.

Voters go to polls Tuesday

Voters will go to the polls next Tuesday to elect candidates for both State and County offices. Polls will be open from 6 a.m. to 6 p.m.

Once again the closest and most hotly contested race will be in the 10th District to determine whether Abner Mikva shall retain the office of Congressional Representative. In 1976 Mikva won a very close race with Sam Young by just a few hundred votes. Mikva's formidable opponent is State Rep. John Porter. A legislator since 1972 in the Illinois General Assembly who has been re-elected twice, Porter has been described by many Republicans as the "perfect candidate". Mikva's candidacy has been supported by the public appearances of both Senator Ted Kennedy and President Jimmy Carter, both of whom have stressed the necessity of returning independents like Mikva to Congress.

Seeking his third term as State Senator in the 4th Legislative District, John Nimrod is being opposed by Samuel Berger, an attorney who has conducted a very vigorous and viable campaign in order to get his name before the voters. Berger was formerly a trustee for the Village of Skokie and was also Collector of Niles Township.

Editor & Publisher

We heartily concur with the Chicago Sun-Times endorsement of Congressman Abner Mikva in his seeking reelection in the Tenth Congressional District.

In its October 10 editorial the Sun-Times contends, "Mikva has an abiding concern for people and for integrity in government." Colleagues respect him as a bright light on Capitol Hill. He is a tax expert of considerable influence on the tax-writing Ways and Means Committee and chairman of the 270-member Democratic Study Group.

"The latter identifies him as a liberal, but he is fiscally responsible, one who has fought waste throughout his career, who believes the federal budget can be balanced, and recognizes duds among liberal programs.

"He champions handgun control and is strong on environmental issues, especially (for his O'Hare area constituents) jetliner noise. He wants to cut Social Security taxes by funding medical programs out of general revenue, thus reducing the inflationary impact of the payroll tax. He recognizes the need for tax reform to enhance capital formation. He backs a strong defense posture but opposes unnecessary luxuries like the B-1 bomber and another nuclear aircraft carrier. He is for free-but-fair-trade."

In 1976 the Chicago Tribune endorsed Mikva (1978 it endorsed John Porter) noting: "U.S. Rep. Abner J. Mikva (D-Ill.) is running for re-election on the high road.

"Mikva is a decent, intelligent man, who has worked hard for Illinois in both the General Assembly and Congress. His suitability to serve has been firmly established. He has supported needed legislation. He has acted with honor. He has campaigned with courage."

In an October 20, 1976 feature in the Chicago Daily News, Mikva was second only to Congressman Phil Crane in voting to cut spending. Among 24 Illinois congressmen, Mikva was the second in voting against spending.

In terms of spending, Mikva was 21st among Illinois' 24 congressmen in actual spending. Only 3 Illinois congressmen voted for spending less than Mikva.
