8 Park District jobs deleted by cut in CETA funds

by Alice M. Bobula
A cutback in federal funds channeled through Cook County services forced Niles Park District officials to modify their original application grant under the Comprehensive Employment Training Act (CETA) in order to meet the approved dollar amount.
During a review meeting Nov. 30 Park Director William Hughes noted the CETA grant application had been reduced to within \$2.63 of the \$74,997 cutback approved by CETA for the twelve-month period Oct. 1, 1978 thru Sept. 30, 1979.
However, noted Hughes, the reduced funding necessitated a cutback in jobs from an original 15 to 7 positions with the park district. Retained under the modified grant are 3 park ranger positions (1 full-time, 1 for 9 months beginning in January and 1 for 6 months starting April thru Sept.), 2 full-time maintenance men, 1 mechanic and 1 recreation supervisor.
The Park Director said 5 of the 7 jobs have been filled; two park ranger positions remain open.
The cutback eliminated the possibility of an ice rink supervisor, 2 additional park rangers, 2 maintenance men and 2 skilled laborers.

One of the first rules a reporter should learn is you can't report in blacks and whites. To be aware of the grays and shadings in between is essential for understanding and observing.

At the District 63 School Board meeting last week, a group of residents were once again trying to chip away at the school board, in what sounded more like a harassing action. For the past two or three years, Board meetings have been fields of battle as teachers and parents have been attempting to shoot down the Board. When the teachers' union confronted the Board, the battle took on Armageddon proportions. More recently, when parents at the north end of the district found their schools were being closed, the sound and fury attending meetings didn't subside until after the Board president had his living room window punctured by three bullets.

While the "fury" has gone out of the malcontents, the "sound" is still there. At most meetings one subject seems to gain a focal point and the discontented rally around the new focus in its never-ending attempt to frazzle the nerve endings of its representatives.

Last week the battleline centered around a new interview program. And while the malcontents joined in the battle to make the school board look bad, the substance of their charges deserves a second look.

The Board hired a firm, Selection Research, Incorporated, to help select a superintendent. They were so pleased with the results of the firm's work, they hired it for additional work in the school district.

From our understanding the firm has been in the business management field, and now has extended its services into the education field, using many of the methods it uses in its management field.

The firm has recommended the district use an initial 12 question query when interviewing new teachers. Based on

OK Kingston Apts. change to condos

by Alice M. Bobula

The Niles Zoning Board of Appeals Monday, Dec. 4 unanimously recommended approval for a zoning change of the Kingston Apartments at 8801, 8809 and 8815 Golf rd. to condominium ownership. The case will now go before the Village Board of Trustees for final decision.

Approval was predicated on numerous conditions set by Zoning Commissioners who indicated the petitioner comply with an itemized listing of 29 improvements to the property; set in recommended sidewalks, curbs and gutters; assign to tenants at least 80% of the parking slots; and fence the property on 2 sides

with basic recommendation that the entire area be fenced.

Also included in the recommendation were new amenities of greenery landscaping of the property and adult and child recreation areas altho zoning commissioners questioned a lengthy presentation for a child play area.

Petitioned 9 ft. by 17 ft. parking sites brought disapproval from commissioners who indicated consideration of a 9 ft. by 20 ft. space. Village code presently requires 9 1/2 ft. by 20 ft. parksites.

While Commrs. Charles O'Grady and Syd Mitchell both indicated they considered the parking areas inadequate, O'Grady further stipulated he was not satisfied with the proposed landscaping or with proposed amenities ... "a kiddie park is not a desirable feature for older tenant-residents."

Approximately 40 tenants of the Kingston Apt. complex were in attendance at the Monday meeting of the Plan Commission during which petitioner and current owner American Invesco Management Company presented required documentation and planning for the three 12-story buildings containing 327 units. The petition continued from Nov. 6 was the third time the commission was asked to rezone the property for conversion to condos.

Several years ago owner-developer Morris Suson had petitioned the Zoning Board for conversion of the property to condominiums. Later the Chicago Title and Trust Co. acquired the property and also requested conversion. The petition was withdrawn last May 17 and re-petitioned by American Invesco, as new owners, on Nov. 6.

Price tags on the condos were set at \$48,900 to \$56,500 for 180

one-bedroom units; \$69,000 to \$78,000 for 138 two-bedroom units; \$100,000 for 3 three-bedroom units and \$135,000 to \$140,000 for 6 four-bedroom units.

Reappearing before the Board Monday night, Atty. Joseph Denenberg reminded Zoners he represents 70 option holders who wish to purchase their units. He said a lawsuit is still pending as to validity of the options thru new owners.

"Numerous plans made thru previous owners are now being contemplated at this time," noted Denenberg in defense of his clients. He pleaded responsibility for assigned parking sites and listed former complaints of disrepair of boilers, roofs, swimming pool and of questionable water.

"No way," said American Invesco Atty. Arthur Nordenberg, who observed, "these must be good apartment buildings prior to conversion!"

He introduced American Invesco Director of Refurbishment James Benham who said a 29-item listing of repairs was under consideration as "deferred maintenance", with repainting of buildings, repairs and replacement of building roofs, and a water supply testing by Culligan. Further, said Benham, fire detectors are being contemplated for all 3 buildings at a projected cost of \$55,000.

Residents of the complex objected to the expensive kiddie recreation park and asked for security fencing of the entire property.

In other business Zoners continued to Jan. 8 a petition by Panos Panopoulos for variation of property at 8319 Church st. for the purpose of replacing the existing house.

Mrs. Shirley Nicolay, 9091 Cumberland, pleaded with zoners not to consider the petition. "When I moved into Niles 5 months ago my house was a complete mess with mud all over." Construction of a neighboring house caused her "telephone lines to be downed, bulldozers trespassed on her property and sewer problems resulted."

Complaints to the village brought no satisfactory results, she said.

In view of tearing down the adjoining house she asked, "If I have a cracked foundation and cracked driveway, who's to pay?"

Zoners recommended an engineer be hired at the petitioner's expense to ascertain whether removal of the house foundation will be detrimental to the adjoining foundation, for report at the Jan. 8 meeting.

Your money grows with First National's Make More 5% Savings/Checking Accounts

Make More accounts are a combination of savings and checking accounts that enable you to earn more interest on your demand deposit accounts. By pre-authorizing automatic transfers from savings to checking, as needed, your checking account can be kept at zero balance while your savings account keeps earning regular 5% interest.

How To Qualify For Make More Accounts

Make More accounts involve specialized handling and bookkeeping; consequently certain requirements must apply. No minimum balance need be maintained in checking but \$2,000.00 or more must be kept in savings. A savings account that falls below \$2,000.00 is charged \$5.00 for each month this occurs.

How Make More Accounts Work

When you open Make More accounts you authorize automatic transfer of funds from savings to checking as needed to cover checks you have written. Since your checking account may have a zero balance, the automatic transfer feature means constant overdraft protection. At all times your balance in savings earns regular 5% interest, paid monthly. At the close of each monthly cycle a combined checking/savings statement is issued.

Advantages of Make More Accounts

Make More accounts mean that all your dollars will earn 5% interest in the savings account instead of lying idle in the checking account. 5% interest from day of deposit to day of withdrawal, paid monthly. Moreover, if you have several savings accounts in different places, it would now be advantageous and far more convenient to consolidate them into one interest bearing Make More savings account which, when combined with Make More checking, simplifies the handling of funds.

Making You More Interest is Our Interest

Come in soon. Your personal banker at the First can explain how you can make 5% on money that's never earned interest before. Because your money can now keep earning more, we call these accounts Make More accounts.

Oakton loses basketball opener

The Oakton Raiders basketball team lost its opener to Harper, 91-69, on Nov. 21 at St. Viators High School, Arlington Heights.

Leading scorers for Oakton were Mike Dickens, Oak Park, and Dave Areen, Park Ridge, both netting 20 points. The Raiders shot a miserable 40% from the field but did well in rebounding and free throws. Areen grabbed 18 while Dennis Jahnke, Morton Grove, took down 11 boards.

Coach Tom Jorndt noted that his team shot an outstanding 78% from the line.

The Raiders then took part in the Thornton Annual Community College Thanksgiving Tourney at South Holland on Nov. 24 and 25. They placed third out of the four teams, winning one and losing

two games.

Oakton lost the first two games of the tourney. Eventual winner, Elgin, defeated the Raiders 95-65. Dickens and Nick Balaban, Chicago, led the Raiders with 19 and 18 points.

In their second loss, Olive-Harvey tipped Oakton 89-84. Balaban led the team effort with 26 points while Dickens and Areen added 24 and 16.

In the tourney finale, the Raiders pulled off a 73-72 squeaker over host Thornton. Areen and Dickens led Oakton's attack scoring 27 and 25 points respectively. At half-time the Raiders trailed 45-37, but good play making brought them back. Dickens was named to the all-tournament squad for his outstanding play.

Men's doubles tennis tourney

The Tam O'Shanter Open, a men's 45 and 55 singles and doubles tournament will take place Dec. 8 thru 10 at the Tam O'Shanter Racquet Club, 7847 N. Caldwell, Niles. The tournament is sanctioned by the United States Tennis Association and the Chicago District Tennis Association.

Club pro Dac Lathrop of Park Ridge will be playing in the 55 doubles with partner George Baumann of Glenview. Gary Kachadurian, Park Ridge resident and general manager of the club is the tournament director. Call 967-1900 for more information.

A Christmas party is scheduled for December 18. Jackie Borowczyk had the high individual game, a 191, and Tammy Ching had the high game with handicap, a 224.

Dorothy Krause had the high two game series, a 332, and Sue Mader had the high two game series with handicap, a 406.

St. John Brebeuf Volleyball

St. John Brebeuf recently climaxed a highly successful volleyball season by capturing first place at a volleyball tournament in Arlington Hts.

The day of the championship effort started at 8 a.m. with a victory over St. Joseph of Libertyville. The second team to fall to the St. John girls was the previously unbeaten Our Lady of the Wayside of Arlington Hts. At one o'clock Mary Seat of Wisdom of Park Ridge was subdued and St. John's claimed a three foot trophy.

Barb Kunech and Sue Schoos were proclaimed tournament All Stars. Jamie Lepah's seven straight successful serves were the key to the first win. Sue Schoos brought St. John's to a 10 to 1 commanding lead in the second game with 9 consecutive scoring series. The third game was a real "nail biter". St. John's thought they had the championship point won 3 times only to have the point nullified due to a player hitting the net. Jamie Lepah finally pulled them out of a tie with the game winning point.

Other members of this championship team coached by Marge Beereschlem and Mary Ann Laurent, include: Patty Loftus, Amy Jo Ptacek, Joyce Micek, Kathy Dullen, Angela Re, Julie Sok, Debbie Gwozdz, Sherri Adamczyk, Donna Devery, and June Martin.

LFC cager

Mark Mahoney, son of Denis and Rosemary Mahoney, 7348 W. Conrad, Niles, is a member of the 1978-79 Lake Forest College basketball team.

The Foresters last year won the co-championship of the Midwest Conference under Coach Steve Antrim and a repeat performance is hoped for this season.

Mahoney is a starting guard and captain of this year's squad. A 1975 graduate of Maine East High School in Park Ridge, he has been a member of the basketball team since his freshman year.

LETTERS to EDITOR

Niles police officer charges Left Hand with "total lack of journalistic integrity"

Sir: For the last nine years while I have been an employee of the Village of Niles' Police Department, I have, with a great deal of interest, read your paper. Specifically, I have read your letters to the editor section and your Left Hand column, not because I have been terribly impressed with your writing style or accuracy; on the contrary, actually all of us here on the Police Department have at one time or another marveled at your courage in basing a journalistic career on stories based on 1/2 the facts and an almost total lack of journalistic integrity that allows you to print information in your Left Hand column that always seems to be based on one of three sources: 1) "Names withheld by request", 2) "Informed Sources", and, last but not least, 3) "Sources close to the problem".

Before I go on I should say that I have, on several occasions, been tempted to write to you when one of your articles, Left Hand columns or letters in your Letters to the Editors column, has been particularly in error: I have never done it in spite of my strong feelings. Basically, the

reason why I have not has been because of Chief Emrikson's attitude regarding your paper. He has always felt that what you write on Thursday will be in the garbage on Friday and was never particularly concerned. Accordingly, while I have always had a great deal of respect for the Chief and his feelings and did not want him upset with me or what I do, I have decided to write and to mail my effort this time.

Mr. Besser, while I am aware that in some cases the information that you write in your columns comes from people that may even be within the Police Department itself, they are giving you slanted opinions that have no value. And what you know about the Niles Police Department, you could stick in your eye with no sign of discomfort. It's true that we have lost five Police Officers within the last two years but there were reasons that had nothing to do with the administration that caused that to happen. It's your position that it's the Department itself that caused that change in personnel and I am here to tell you that not only is that not so, but that in at least some of those

cases, we are a better Department for the changes.

I will go even further in contradicting your opinion by saying that it was my opinion nine years ago when I joined the Niles Police Department that it was the best suburban department in the county and I still have that opinion. It would seem to me that you would better fulfill your function as a source of information for the Niles area if you would adopt a more positive attitude about the Village and its employees. I am aware that your current stance sells more papers but I don't believe it accomplishes any purpose that might be beneficial for either you or the Village.

I think we do a hell of a job and I also think that there are a few people in the Village who share that opinion. It's a shame that more people who work for the Village won't write and tell you so. I know that many of them feel as I do.

Now, you may read this letter and even print it assuming that I am one of the cronies that you so often speak of in your column. But I am here to tell you that there isn't anyone who had more

heat over the years that I have been with the Village. The letter reflects what I feel and I have nothing to gain by writing about it. I would now like to take this opportunity to apologize to Chief Emrikson and Mayor Blase if I have put my foot in my mouth again.

Respectfully,
Patrol Officer Geoff Wilson
#128, Niles Police Dept.

P.S. I am enclosing one of my cards should you wish to discuss further some of the "rules" which you state were designed to harass certain officers such as the "T-shirt" rule which has been one of the rules for all of the nine years that I have been here or the haircut rule. I think that you should come down here and look at the length of some of our guys' hair. As I stated earlier, sir, you don't know anything about the Niles Police Department and it's been showing for quite some time.

We would like to agree with you it is the best police department in suburbia. Perhaps it will be. But based on three grand jury hearings and the many malfeasances we've written about, it would be a poor reflection on other suburban departments if Niles' Police Department was considered the top suburban department.

Thank Open House visitors

Save Pennies from Heaven in "Santa" Bank

Here's a holiday craft project you can bank on being easy enough for young and old alike — a Santa coin bank. More than a bank, it's a bright, holiday decoration which can also serve as a party favor or stocking stuffer.

You're ready to start! First, spray paint the smaller half of the egg red. Allow it to dry.

Make legs by rolling the red paper into hollow tubes approximately 3/4-inch in diameter. At the top of each tube, cut across at a slight angle so the legs will fit snugly against the egg. Glue the black-bands around the other end and attach the U-shaped feet to the bottom. Attach the legs to the red-painted container, leaving roughly a 1/4-inch space between them.

Fit the two halves together (do not glue.) Glue the red circle of paper onto the head for Santa's nose, the two pink circles for rosy cheeks and two smaller blue dots of paper for his eyes. Complete the face by fashioning a fluffy beard and moustache from cotton.

Glue the belt around the top of the red half and your Santa is complete. He's ready to help you save for next year's Christmas presents.

- First, prepare all the materials:
- Two 3-inch strips of red paper, 1 3/4 inches wide, for Santa's legs.
- For Santa's hat, a strip of red paper 7 inches long and 2 3/4 inches wide.
- Two bands of black paper an inch wide and 3 inches long — for Santa's boots.
- Two U-shaped pieces of black paper an inch long and 3/4-inch wide, for his feet.
- The black belt is a strip of paper 9 inches long, 1/4-inch wide.
- Two 1/2-inch circles of pink construction paper for Santa's rosy cheeks, and a 1/2-inch circle of red paper for his nose.

Christmas Poinsettia

More than a hundred years ago our Ambassador to Mexico Joel Roberts Poinsett, took a fancy to a brilliant tropical plant, known as the Mexican Fire Plant.

Returning to his home in South Carolina, he started growing the plant from cuttings he brought from Mexico. Soon the scarlet-leaved plant came to the attention of American botanists, and under the name "poinsettia", it was destined to become symbolic of Christmas.

In tropic climates, poinsettia is grown in varieties of white, pink and yellow, but by far the most popular is the bright red that carries out the color scheme of Christmas.

A Holiday Tip . . .
 Wrap aluminum foil around your Christmas tree stand. The foil will reflect those pretty lights on your tree and make a decorative setting for a snow scene or creche.

SEASONS GREETINGS

Don't Forget New Postal Rules for Holiday Packages

It's never too early to start thinking about Christmas — especially when gifts have to be packed and mailed far away. And this year, new postal regulations that went into effect last spring make it even more important than ever for you to make sure that your packages are wrapped just so. If not, they could be turned down at the local post office window as unacceptable.

The new regulations are simple measures to protect your packages from travel mishaps, delayed delivery, damage or loss and the never-received "limbo". When new rules go into effect, confusion often follows, but the 3M Company, a leader in the manufacture of tapes for more than 50 years, has devised a nearly foolproof system that's easy to follow.

- **Brown wrapping paper and conventional twine or cord are not necessary.** Tapes applied directly to the package are preferred.
- **Containers:** choose a solid and corrugated fiberboard carton.
- **Inside information:** items inside the box should be protected from each other with paper, plastic shredding or excelsior to cushion heavy objects from fragile ones. To prevent lateral shifting, fill the box to capacity.
- **Preliminary securing:** tape down ends of closures and joints with pressure-sensitive tape — "Scotch" Package Sealing Tape, for instance. It's important that tape extend three inches over the adjoining sides to support your final banding.
- **Banding:** use a very strong, self-adhesive filament tape for banding. "Scotch" Strapping Tape is especially good for this purpose. It has a powerful tensile strength of from 140 to 210 pounds and an extra-strong grip that won't weaken even under severe

Tips for Happy Holiday Season

'Tis fast approaching the season to be merry and the feverish activity has already begun.

There are shopping expeditions ahead, holiday dinner parties to be planned, and keeping the kids out of the closet where the Christmas gifts are hidden will require constant patrol and some quick answers. Here are a few helpful suggestions for taking the strain out of the holiday season.

Make a list of what has to be done and spread the tasks out over a number of days. On days when you are entertaining try to rest for at least a half hour before guests arrive. Give yourself a facial, and take time to refresh yourself for the chores, even happy ones.

Try shopping by category — that is, toys one day, family gifts another, and for friends on still another day. Wear comfortable shoes. Take a pair of folding slippers with you and put them on when scooting from one counter to another.

Stop and rest at reasonable intervals. Don't skip lunch and above all, if you're taking the kids to see Santa, don't plan on making it a heavy day of shopping as well. The jingles will sound jangled if you do.

- **Gift-Wrapping Tip**
 Start saving those tubes that hold paper towels — they're ideal for holding prints, scarves, wrapped candies and many other gift items.
- **Don't use masking tape for package closure or reinforcement.** It's no longer acceptable, due to poor past performance.
- **Avoid stapling,** as it may damage package wraps, or

Guidelines for hosting this Holiday Season

- **Don't wait until party day to clean house.** You'll be too tired for your guests.
- **Don't get so wrapped up in one conversation that you forget your other guests.**
- **Don't leave the television on when guests arrive . . . invited, or uninvited.**
- **Don't force games, cards, TV or records on guests.** Do personally talk with each guest at least one time.
- **Do offer everyone something to eat or drink.**
- **Do leave all your outside lights on; especially this time of year.**
- **Do put yourself in their place.** What would you expect at their house?
- **Do try to draw all guests into a conversation that's suited to them.**

Holiday Tip...

A cookie press is a wonderful time saver in making clever Christmas cookies, but there are a few hints to follow in order to assure success.

The cookie dough must be soft and pliable. Variations in flour and the size of eggs

sometimes make it necessary to omit or add a tablespoon or three of flour. When dough is too stiff, an egg white should be added.

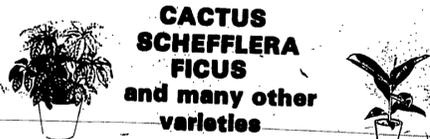

When dough is mixed by hand, it may be necessary to use a bit less flour than the recipe calls for. Do not chill the dough.

Holiday Popcorn Mix Makes Any Season Merry

There's nothing like an old-fashioned, popcorn snack to nibble on during the merry-making Christmas season. Grandmother's Holiday Popcorn Mix is just such a delight, combining the special crispy texture of freshly popped popcorn and the crunchiness of golden brown peanuts with the sweetness of sun-dried apricots and raisins. All are coated with a light caramel glaze, and the taste of pure nostalgia.

This wholesome popcorn mix is a real energy-maker. It's great for carolers or skaters coming in from the cold; fine fare for fueling up tree-trimmers, package-wrappers, and doll house or trike-assemblers. Grandmother's Holiday Popcorn Mix is great, too, for those who'd rather jingle bells than coins this holiday season — it costs only pennies per serving.

Don't wait until Christmas eve to make Grandmother's Holiday Popcorn Mix. Popcorn treats like this make any season, and any party, merry. Why don't you enjoy an old-fashioned kettleful tonight?

NOV 78

GRANDMOTHER'S HOLIDAY POPCORN MIX will add to the festivities of the season, and costs only pennies per serving.†

Grandmother's Holiday Popcorn Mix

- 3 quarts popped popcorn*
- 1 can (6-1/2 oz.) cocktail peanuts
- 1 cup dried apricots, cut up
- 1/2 cup seedless raisins
- 3/4 cup light corn syrup
- 1/4 cup firmly packed, light brown sugar
- 1 tablespoon vanilla extract
- 1/2 teaspoon salt

Toss together popped popcorn, peanuts, apricots, and raisins. Blend together corn syrup, brown sugar, vanilla and salt. Pour over popcorn and fruit mixture; toss until evenly coated. Put on a buttered, jelly roll pan. Heat in a 250-degree oven 30 minutes, stirring occasionally. Makes about 9 cups.

*1-ounce of unpopped popcorn kernels (2 tablespoons household measure) makes approximately 1 quart of popped corn.

HomeStyle Holidays

Food is as much a part of the holiday season as the holidays themselves. And in these days of high prices and limited budgets, it's important to "recycle" the leftovers that invariably result from large family dinners and company get-togethers.

Many convenience foods lend themselves perfectly to innovative recipes which totally transform the original "leftover" to a new and exciting dish.

Prepared gravies are an example. HEINZ HOME-STYLE GRAVIES, in four varieties packed in convenient resealable glass jars, not only dress up the traditional holiday foods like turkey with stuffing, roast beef and mashed potatoes or ham and yams, but they also help to completely make over what is left over.

Cooked turkey or chicken, for instance, along with Heinz HomeStyle Chicken Gravy, lasagne noodles and cream cheese can be combined with other ingredients to make something very special for another company meal or delicious family fare.

LASAGNE SUPREME

- 1 jar (12 ounces) Heinz HomeStyle Chicken Gravy
- 3/4 cup milk
- 9 lasagne noodles, cooked, drained
- 2 packages (3 ounces each) cream cheese, softened
- 1 cup cottage cheese
- 1 egg, slightly beaten
- 1/3 cup chopped pimiento-stuffed olives

- 1/4 cup finely chopped parsley*
- 1/4 cup finely chopped onion
- 1 teaspoon salt
- 3 cups cubed cooked chicken or turkey
- 1/4 cup dry bread crumbs
- 1/4 cup grated Parmesan cheese
- 1 tablespoon butter or margarine, melted
- *4 teaspoons dried parsley flakes may be substituted.

Combine gravy and milk. Pour about 1/2 cup into bottom of baking dish (12" x 7-1/2" x 2"). Cover with 1/3 of noodles. Blend cream cheese with next 6 ingredients; spread 1/3 of cheese mixture over noodles. Add 1 cup of chicken and about 1/2 cup of gravy mixture. Repeat, making a second layer of noodles, cheese and chicken. Cover with about 1/2 cup gravy mixture. Repeat, making a third layer of noodles, cheese and chicken. Pour on remaining gravy mixture. Combine bread crumbs, Parmesan cheese and butter; sprinkle over top. Bake in 375° F. oven, 40 minutes. Let stand 10 minutes before serving. Makes 6-8 servings.

Heinz hopes you have happy "homestyle" holidays this year.

Toy Safety Tips

With the variety of toys on the market, you may find yourself a little bewildered when you try to select gifts for your kids. Today there are more options than ever — electronic toys, new board games, TV personality dolls, model cars, electric racing sets and more.

Naturally, you'll have to base your choices on the ages and interests of your children, but above all, be concerned about the safety of the toys you purchase. Some experts place the number of toy-related, emergency room injuries among children at more than 134,000 per year. Before you make your selection, be sure to check for the following hazards:

Avoid playthings with breakable, swallowable plastic eyes or objects that can be taken apart and will

fit into the mouth.

Avoid toys with moving parts capable of producing a scissoring or pinching effect; toys with glass or brittle plastic surfaces that can shatter; toys with rubber bands and taut coils that can blind a child if they snap under tension; and anything with prominent staples, nail heads, wires or unsanded edges that can inflict serious cuts or puncture wounds.

Avoid pull toys with extra long pull cords that can strangle a child.

If you intend to buy hobby, science or craft kits that contain dangerous

chemicals and instruments, buy them only for older children and see that they use them only under your supervision.

Eat, Drink and Stay Merry: A Light Holiday Meal

Christmas dinner "doings" usually spell overdoing, so unless last year's New Year's resolution included daily jogging — and was followed — few of us can afford to overeat.

Keep Christmas dinner light to help everyone enjoy with no regrets.

While this menu might not be traditional holiday fare — satisfied, but unstuffed stomachs will be pleased with this new approach to a holiday meal.

Complete Holiday Menu for Eight

Start with a light, before-dinner drink — "Italian Kir." Combine 6-oz. chilled Folonari Soave and ¼-oz. Liqueure Galliano in a wine glass or tumbler. Add ice cubes and serve.

Next, an appetizer — "Prosciutto E Melone." Sprinkle 24 small melon balls (cantaloupe or honeydew) with 2 tablespoons Liqueure Galliano and a little, coarsely ground black pepper and chill. To serve, wrap chilled melon balls with ½ slice prosciutto, sliced very thin, and skewer on cocktail picks. Makes 24.

Just as the main course arrives, treat guests to a glass of light, refreshing wine to be enjoyed with the dinner. An excellent choice is Folonari Soave, served well-chilled. Or, as an ac-

cepted departure from tradition, a red wine, such as Folonari Valoplicella or Bardolino, is sure to please guests' palates. Both varieties are light, sprightly red wines with distinctive, pleasant aftertastes.

For an exotic entrée, try "Pollo Dorato." Split, bone and pound thin 8 whole chicken breasts. Spread each half-chicken breast with about 2 tablespoons herbed Boursin cheese, (equals 2 packages, 5 oz. each), and top with a half-slice prosciutto. Roll envelope fashion and fold in sides. Press edges together and secure with toothpicks. Dredge the breasts lightly in flour seasoned with salt and pepper. Heat 4 tablespoons butter in a very large skillet. Add prepared chicken breasts to skillet and brown lightly on all sides, adding more butter to pan if needed. When brown, add 2 cups chicken broth and 1 cup Liqueure Galliano to skillet. Cover and simmer 30 minutes until chicken is tender. In another large pan, heat ½ cup butter and add 1½ lbs. sliced mushrooms. Sauté until browned, 5 to 10 minutes, shaking pan occasionally. Add ½ cup Liqueure Galliano and 2 cups coarsely chopped parsley and cook an additional 5 minutes. Pour mushroom mixture over chicken breasts and continue to cook 5 more

minutes. Remove from heat, serves 8. (If your skillet is not large enough, split recipe in half and cook 2 equal portions, separately.)

Serve this tasty entrée with a green salad and this dressing — blend together all of the following: ½ cup each of Liqueure Galliano; red wine vinegar, olive oil, salad oil, 1 teaspoon salt, ¼ teaspoon dry mustard, ½ teaspoon paprika, dash of freshly ground pepper. Chill and blend again before serving. Makes 1½ cups.

For dessert — "Mocha Mousse Alla Doria." Place 6-oz. semi-sweet chocolate pieces and 1/3 cup hot, strong coffee in a blender and whirl until smooth. Add ¼ cup Sambuca di Galliano and 4 egg yolks and blend well. Beat 4 egg whites until foamy. Add ½ teaspoon vanilla and beat until soft peaks form. Add 2 tablespoons sugar and beat until stiff. Gently fold in chocolate mixture, then ½ cup heavy cream, whipped. Chill several hours, serves 8.

End the meal with a satisfying "Golden Cream Coffee." Whip ½ pint (1 cup) heavy cream to form soft peaks. Stir in ¼ cup Liqueure Galliano and continue whipping until cream is sufficiently stiff, but do not overwork. Float heaping spoonful in cup of hot black coffee †

Prevent the Wrong Holiday Happening

Preparing for Christmas sometimes invites small accidents. Take precautions against spot happenings: Spread a plastic sheet or tablecloth under the Christmas tree stand as carpet protector; rearrange furniture to keep valuables out of the heavy-traffic lanes; con-

sider adding a stainproof finish to delicate furniture fabrics to form a shield against spots and spills; brush up the furnishings before the holiday guests arrive — it will be easier to take out spots from clean fabrics.

Tips to Tubbies

Santa Claus just has to be chubby. Millions of children all across the country would be terribly disappointed if he went Ho-Ho-Ho and his tummy didn't jiggle.

Unfortunately, it's not the same for the rest of us, and Christmas is a tell-tale time for the many people who are overweight. If you are going to play Santa and you find you don't need a pillow for padding, trim down. And even if you need a little padding to fit that red suit — careful!

If you're like Santa and have a difficult time passing up all those party pastries, try to watch those pre-Christmas calories. For instance, when you and your family are busy decorating trees, wrapping packages, putting the toys together, be sure you snack, stealthily or openly, on fruit or carrot and celery sticks — which are low in calories.

Food Gift "Wrap"

Save your coffee cans, just a bit of stick-on paper will make them attractive receptacles for gift candies, cookies and other holiday goodies.

Looking Your Best for A Great Holiday Season

Holiday fashions usually mean dazzling and revealing garments. Whether you wear soft, halter tops or bare blousons, your shoulders, arms and back should be clear of imperfections. To help you look your "holiday best," here are some hints:

- After a shower or bath, smooth a moisturizing lotion on arms, back and legs to seal in the water your skin has absorbed.

- Use an indoor tanning product to do away with bathing-suit strap marks.

- Swimming is great exercise. Take advantage of the pool at your local health club or YWCA for conditioning your body. To protect your skin from the pool's chlorinated water, apply baby oil before swimming. Always shower after swimming to remove drying, chlorine residue from your skin.

Tips from the Florist

When ordering a flower arrangement from a florist in winter, it is best to be flexible in the choice of flowers.

Chrysanthemums, especially pompons, are usually plentiful in florist shops in winter; so are carnations. Both are suitable for almost any occasion. They are good keepers when water is changed and stems are trimmed daily. Snapdragons are generally a good buy, particularly if purchased fresh-cut at a greenhouse.

- Cleansing hard-to-reach areas such as the back and shoulders while bathing can be a problem. The "Buf" Body Scrub offers the scrubbing power of an abrasive cleansing-sponge and the reaching power of a long handle. The sponge's gently abrasive action smooths rough spots and loosens dirt and oil trapped on the skin's surface.

- Don't take very hot or very cold showers if you have dry skin. They can shock delicate skin.

- The shoulders and back are among the oiliest areas of the body, even for people with dry skin. If acne appears in these areas, use an acne-cleansing bar and a buffing sponge to remove excess oil while bathing.

- Remember that a good diet, exercise and a daily skin-cleansing routine are essential for glowing, beautiful skin. Take care of yourself and enjoy the holidays. †

Retail florists buy a great variety of cut flowers. Even a florist with a greenhouse or two cannot grow everything he needs. Many of these flowers must be shipped from distant points, such as Florida and the Pacific Northwest, and this adds to cost. On poinsettias, poppies and other milky sap flowers, the cut end should be sealed by searing in a flame. Read the directions on the tag which often accompanies a gift-plant. They were prepared by experts.

Winter Car Care Tips

To help keep your car running in cold weather without your getting hot under the collar because of unnecessary repair bills, here are some tips on car care:

1. Tune-up your engine. Through normal wear and tear, spark plugs, distributor caps, rotors, spark plug wires, etc., become less efficient and prone to failure. One early warning sign of the need for a tune-up is a drop in gas mileage.
2. Check your antifreeze. Pour in more coolant if needed and if there is rust in your coolant, drain the radiator and refill with fresh antifreeze. An expert at the Fram Corporation advises the coolant level be checked often, but only when the engine is cold.
3. Change to a multi-viscosity oil, such as 10W-30 or 10W-40, to make sure the oil is thin enough to lubricate the engine effectively.
4. Change your oil filter if it is dirty or clogged. Oil

SPARK PLUGS, filters and other engine parts should be checked regularly, bypassing a clogged filter will not be cleaned and dirty oil doesn't lubricate as effectively as clean oil. In warm climates, oil is subject to the same dirt and clogging problems. Oil changes should be done more frequently if you do a lot of stop and go driving or trailer towing, or make many short trips around town. If you don't put a lot of miles on your car, the oil and filter should be changed at least every six months.

Even if you live in a bitter cold area, knowing your car has been winterized will give you a warm feeling.

FIRE SAFETY TIPS FROM SNUFFY

Hints For The Holidays

Kids are big enough for fire safety and make reliable home "fire bosses" that are especially important during Christmas time.

Wrapping paper, roaring fires and Christmas decorations are all potential "hot spots" (fire hazards) that frequently go unchecked during the busy and high-spirited holiday season. Putting elementary school-age children in charge of these sources of possible fire dangers can safeguard your home and family.

The fireplace can be a particularly dangerous source of fire accidents.

"Every year tragic incidents are caused by people attempting to start a fire in the fireplace with flammable liquids," says John Barracato, Deputy Fire Marshal of New York City and spokesman for the Burger King Fire Safety Program. "Flammable liquids can never be used safely for that purpose."

The most important thing to remember about the fireplace is to keep a metal screen in front of it to block flying embers and to be sure no flammable materials or decorations hang down from the mantel within easy reach of the flying sparks.

Gift wrappings are often used to build a roaring fire. This is enormously dangerous because the overbuilt fire can ignite the soot in the chimney and cause an explosion.

Electric Christmas decorations should be kept to a minimum to avoid overloading circuits. Christmas lights should be in good condition—no worn or frayed wires or loose sockets, and should bear the UL (Underwriters' Laboratories) label which means they have been checked for fire hazards.

Stand your Christmas tree in a bucket of water or wet sand away from radiators, heaters or fireplaces and be sure all tree decorations are fireproof.

CHRISTMAS CRAFTS BRIGHTEN HOLIDAYS

Let creativity light your holiday table this season with handcrafted salt sculpture candlestick holders.

All it takes is a bit of salt, flour and water—and imagination to garner rave reviews for your decor as well as your food.

To make the candle holders, begin with a ball of aluminum foil about the size of a baseball (larger or smaller depending on the size of candle to be used). Press candle firmly into the top of the foil ball until it stands by itself.

Then, roll out dough on a piece of wax paper until it is about 1/4 inch thick. Use a spade-shaped cookie cutter to make the leaves. About one dozen leaves should be enough.

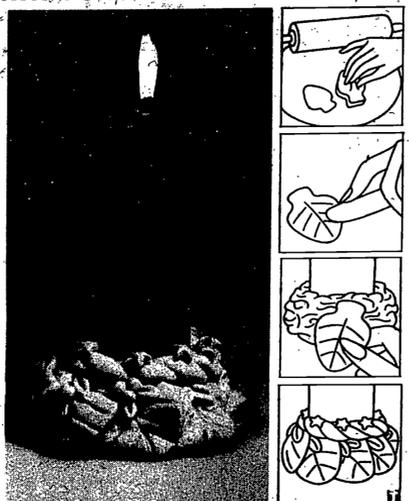

Next, add a vein-like pattern to each leaf by making slight indentations with the edge of a butter knife, or any other kitchen utensil.

Apply leaves around the base of the candle and aluminum foil ball, overlapping as shown. Moisten each edge with water as leaves are overlapped to make sure they stick together.

Next, roll out two long pieces of dough for the top. Braid or twist them together, moisten the bottom edge with water and attach to top edges of leaves. Add smaller leaves, berries and stars (made with a mint cutter) for decoration.

Then, remove candle and bake. For a natural brown finish, brush the holder with egg or milk during baking. Or, paint it with bright Christmas colors after it has cooled. Remove foil before painting and finishing.

A coat of varnish, shellac, or lacquer will protect the sculpture from humidity and moisture.

For the brand new salt sculpture book, send four Morton labels and 50¢, or comes sticky. Knead 7 to 10 minutes until dough has a smooth, yet firm, consistency. Place dough that will not be used immediately in a plastic bag to keep it from drying.

By the Middle Ages, however, the practice was firmly established. Tradesmen honored their patrons, while servants temporarily enjoyed some of the good things of life with their masters. In Russia peasants received gifts while they sang outside the houses of lords.

Puritan New Englanders outlawed such festivities when they came to the New World, but the Dutch colon-

ists of New Amsterdam continued their Old World celebrations, as did the Southern planters, who observed Christmas with feasting, singing and dancing.

Whatever your tradition and choice, the Christmas spirit of loving thoughtfulness is expressed in every gift.

Today, there's a trend to practical presents, and now that we've become a country full of competent amateur home-fixers and improvers, hand tools have earned a prominent place under the tree and as stocking stuffers. A Boker pocket, whittling or utility knife will brighten the eyes of any man, junior or senior. Gleaming Wiss scissors will gladden the homemaker and fabric crafter, and a Weller Mini-Shop for carving, sanding, drilling and more is like giving a one-tool complete crafts workshop.

Whatever your tradition and choice, the Christmas spirit of loving thoughtfulness is expressed in every gift.

HISTORY OF CHRISTMAS GIFTS

Christmas gift-giving grew out of both pagan and Christian traditions.

The Christian practice of giving presents to friends and relatives follows the example of the Magi, "three wise men from the East" mentioned in the New Testament (Matthew 2:1-12) who traveled to Bethlehem to present gold, frankincense and myrrh to the Christ child 12 days after his birth.

Another tradition credits the ancient Romans, who exchanged presents during their midwinter Saturnalia festival from December 17 to 24 in honor of the birth of the sun.

It was not until 353 A.D., when Pope Julius I set December 25 as Christ's probable birth date, that the feast of the Nativity was first observed in Rome. Before that time, many Christians felt gift-giving was a heathen custom.

By the Middle Ages, however, the practice was firmly established. Tradesmen honored their patrons, while servants temporarily enjoyed some of the good things of life with their masters. In Russia peasants received gifts while they sang outside the houses of lords.

Puritan New Englanders outlawed such festivities when they came to the New World, but the Dutch colon-

ists of New Amsterdam continued their Old World celebrations, as did the Southern planters, who observed Christmas with feasting, singing and dancing.

DURABLE GIFTS, like traditions, last and last and last.

Today, there's a trend to practical presents, and now that we've become a country full of competent amateur home-fixers and improvers, hand tools have earned a prominent place under the tree and as stocking stuffers.

Whatever your tradition and choice, the Christmas spirit of loving thoughtfulness is expressed in every gift.

HOLIDAY ENTERTAINING

Warm reveries and family togetherness make the Yuletide a very special time of year. If it's your turn to entertain relatives and friends this holiday season, don't let accidental spills and stains spoil the fun and festivity of the occasion.

With a little spot removal know-how, clean-ups of both washable and dry-cleanable items can be quick and easy. The most important rule to remember is that a spot is easiest to remove if it's treated immediately. Before laundering any items, be sure to read the manufacturer's washing instructions.

Gift Etiquette

A gift should not create anxiety. A fragile, hard-to-care-for or easy-to-lose present may make the recipient anxious, and destroy most of his or her pleasure in the gift. An overly lavish present can also create anxiety and embarrassment.

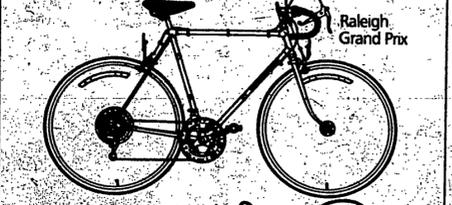

A Holiday Tip...

Wrap aluminum foil around your Christmas tree stand. The foil will reflect those pretty lights on your tree and make a decorative setting for a snow scene or creche.

Layaway makes it easy to give a Raleigh or Rampar bicycle.

This Christmas, it's easier than ever to give a better quality bicycle. Just put the Raleigh or Rampar of your choice on convenient layaway.

SAFETY SENSE

Don't Be Thrown By Snow

Don't let anyone give you a snow job—learning how to use your tractor snow thrower properly is important for a safe winter season. Here are some tips from the Outdoor

SLOW DOWN on turns and slopes. You could tip over or lose control.

Power Equipment Institute on using your snow rider.

1. Resolve each year to reread the owner's manual. Though controls and maneuvers don't change, one of them might slip your mind.

2. You don't have eyes in the back of your head, so make sure to see that no one's behind you when you back up.

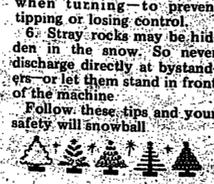

3. Be like the Lone Ranger—ride alone. Distractions can be dangerous.

4. Disengage power and be sure all parts have ample time to stop before dismounting for any reason.

5. Slow down especially when you're on slopes and when turning—to prevent tipping or losing control.

6. Stray rocks may be hidden in the snow. So never discharge directly at bystanders—or let them stand in front of the machine.

Follow these tips and your safety will snowball.

Caring for Holiday Plants

If you've been gifted with flowering plants for Christmas, you'll want to keep them looking lovely as long as possible. Blooms will remain on plants for months, with proper care.

Water plants at their base, using water that is room temperature.

Feed your plants regularly with houseplant fertilizer. Ask your local nursery or plant boutique for additional advice on keeping your new plants in flower long after Christmas is over.

Either remove the foil your plants are wrapped in, or punch holes in the bottom for drainage.

IT'S TRIM-THE-TREE TIME!

Transform spare cookie cutters and empty jewelry or match boxes into festive, lovely, economical and truly original tree ornaments! It's really quite easy, so raid your supply of ribbons, rickrack, bits of fabric, old lace, beads, sequins — all your extra "this-es and that's" — and get out your white glue. You're ready to begin.

There are several ways to "convert" the cookie cutters — all simple and speedy. One is to apply a generous layer of Elmer's glue and wrap the cutter with ribbon. Let dry. Then add imaginative touches of beads and sequins by applying a drop of glue to the ribbon and pressing the bead or sequin into place. When dry, a leftover piece of ribbon or rickrack tied around the cookie cutter makes a perfect and pretty loop for hanging on your tree.

Another way is to press the cookie cutter down hard on a piece of waxed paper or plastic wrap and pour enough Elmer's Glue-All into the form to cover the

bottom. Hold down form for several minutes. Release pressure and let dry for 2 to 3 days, until clear. Peel off plastic or waxed paper. Color the glue insert with glue paint — a few drops of food coloring mixed with the glue; features for angel, Santa Claus or reindeer forms; geometrics for star, heart, and other shapes. Decorate the outside of the cutter with ribbons, beads, etc.

Box ornaments are equally easy — and fun — to create. Spread a layer of glue around the box and wrap with fabric — velvet and corduroy provide interesting texture. Let dry and then glue on different thicknesses and shapes of ribbon and rickrack. You'll be astonished at the creative combinations you can dream up! Add a finishing flourish of beads and sequins. Let dry and then use a loop-of-embroidery-floss-or-rickrack as your "hanger" — and adorn your tree with these dainty, mini-gift boxes. †

EAT LITE LUNCH BEFORE HOLIDAY SHOPPING

When you're working, you can often use lunch hours to take care of many of the chores you must do around the holidays. But, for energy's sake, don't skip lunch — bring a light one from home and eat it at your desk. It will save you time — and money — and give you a pleasant "breather" during your busy day.

What and how you eat are important, no matter how rushed you are. A light but hot lunch is best if you're going out shopping. Something like Lipton Lite-Lunch® is perfect for an eat-in lunch: chock-full of special new Lite-Lunch noodles and other ingredients in a deliciously seasoned sauce, so thick you eat it with a fork. You make it right in a mug just by adding boiling water. Choose any of the 7 Lite-Lunch varieties: since they're packed in protective envelopes, you can slip them in your purse and store them in your desk drawer. Bring along fruit and add a beverage. With such a hot, satisfying light lunch, you're then ready to battle the holiday crowds, even on a lunch hour.

Here's A Guide To Serving Holiday Spirits

Christmas is associated with a variety of holiday drinks, but even the "usuals" can benefit from some innovation this year. By combining the old with the new, unique taste sensations are sure to be the reward.

What would Christmas be like without the season's favorite — eggnog, for instance? This recipe is sure to be a welcome taste-treat for even the most dedicated "eggnogger."

Italian Egg Nog

Combine 1 cup milk and 1 egg. Beat or shake vigorously. Add 1 oz. brandy and 1 oz. Liqueur Galliano. Pour into brandy snifter and chill in refrigerator. Garnish with chocolate curls and chopped nuts before serving if desired.

Or try this new idea — wine as the main Christmas beverage. Many wines are versatile — and light enough to be served before, during and even after the Christmas meal. Best of all, wine need not be expensive. Some wines, like Italian Folonari wines, may be purchased for as little as \$2 per one-liter bottle.

There are many ways to try wine throughout the meal; this recipe might just be the refreshing accompaniment needed for the main dish:

Communard

Pour 4 oz. Folonari Bardolino and 1 tablespoon Creme De Cassis into a wine glass and stir. †

Merry Christmas!

Gift for the Handyman

If you know a man who loves to "putter" in his workshop or yard, gifts of tools are perfect.

There's a tremendous variety of garden, building and "fix-it" items to choose from. These range in price from 50¢ to as much as you want to pay.

For \$5 or less you can put together a fine gift for the handyman! Fill regular glass jars, labeled, with a collection of nails, screws, tacks, etc., in various sizes.

Or, why not fill a box with an assortment of miniature tools. (Smaller-than-average hammers, screwdrivers and pliers are often useful for intricate jobs or repairs in tight places.)

Of course, if you can find out what is needed, gifts that "round out" the workshop tool supply are always most appreciated.

Here is the Christmas Wrap Par Excellence

Only Santa and you will know for sure if your wrapping this Christmas is Tissavel, the French fur-like fabrics that even fool the experts.

This year, your choice of fur look-alikes is outstanding. As only the French can, Tissavel has gone to all lengths to produce warm-y wolf, luxe lynx, racy racoon and magnificent mink simulations that are astonishing duplicates of the real thing.

They've been made into short, chic jackets; longer, three-quarter coats; and full-length, enveloping wraps, to give you the warmth, lightness and luxury of fur at a fraction of the cost.

The method of manufacture is very special. The French fur fabric is woven, not knitted, and several lengths of fiber are used to produce the depth, softness, and sheen of fine fur.

To imitate the exact colorings and markings of the animals, fabric is dyed from behind the pile. This gives greater intensity of color to the root of the hairs, just like the natural pelts.

The American firms using the French fur-like fabrics tailor it like fur. Coats and jackets have the quality construction, linings, detailing and styling you find in fur fashions costing thousands of dollars.

So, this holiday season, wrap up in luxury looks, as you be your own best Christmas package. †

Recycled Greetings

One of the greatest pleasures of the holiday season is receiving and displaying beautiful Christmas cards. Indeed, some cards are so lovely that you hate to throw them away, at season's end. Don't dispose of those especially nice greeting cards — they can be "recycled" in several ways for next year.

Cut your favorite illustrations out and decoupage them to wood squares for wall hangings, or to a plain wooden box, to transform it into something special.

Cut-outs can also be used to decorate next year's gifts. Wrap gifts in solid color wrapping paper, then glue a perky Santa or a colorful wreath from your card collection to your gift, finished off with a harmonizing bow.

The youngsters can have fun creating their own greeting cards next year from this year's selection. Cut-out illustrations can be glued to colorful construction paper, with appropriate personal messages lettered in by the kids, with felt tips.

Make-up and hair styling program

Women interested in the latest ideas and techniques in hair styling and make-up artistry should find the next adult programs at the Niles Public Library, 6960 Oakton st., most interesting. On Monday, Dec. 11 at 7:30, hair stylist Sam Berg and cosmetologist Carol Jacobs will give a combined lecture-demonstration working on two models, one of whom will be chosen that night from those attending the sessions. During the program, both will explain in detail what they are doing and why and will entertain questions from the audience. Admission is free.

Any woman interested in being one of the models need only show up at the program. Mr. Berg will ask for a volunteer.

Sam Berg has 24 years' experience in hair styling, 18 of them at the D'Or West Beauty Salon in Des Plaines. For many of those years he has given lectures and seminars in his field and has taught the art to other professionals. He is a member of the Chicago Cosmetologists Association, the Chicago Hair Fashion Committee, and the National Hair Dresser and Cosmetologist Association. Carol Jacobs, a cosmetologist at D'Or West, has studied at the Pivot Point School of Cosmetology in Chicago, and with noted cosmetologist Robert Mark.

Handicapped gym program Christmas party

On Dec. 14, the Leaning Tower Family "V" will host its annual Christmas party for all the members enrolled in the Conqueror's Handicapped Program, and their families. The festivities will begin at 8 p.m., and the entertainment will include a Band, the Forest Glen Mayfair Kiwanis Club Clowns, and a special appearance by Santa Claus with a bag full of treats. Approximately 300 children, adults and volunteers will be in attendance.

Seniors pay no fees at OCC

Oakton Community College district residents who are 60 years old or more, no longer pay student activity or admission fees at Oakton Community College for credit courses.

Oakton senior adults have previously paid half tuition for courses at Oakton, but were required to pay, as well, a one-time admission fee of \$10 and a student activity fee of 75 cents per credit hour, which could not exceed \$10.50 per semester.

For a senior adult registering for the first time at Oakton, the cost of a three-credit course would formerly have come to \$30.25.

Under this new ruling of Oakton's Board of Trustees, the same student will now be charged \$18 for the same course.

Holiday stories

Pre-school and kindergarten children are invited to hear holiday stories at the Niles Branch Library, 9010 Milwaukee ave. The stories will be presented on the following dates: Tuesday at 10:30-11 a.m. and 2:30-3 p.m. Dec. 5 and 12. Thursday at 10:30-11 a.m. Dec. 7 and 14. No registration is necessary.

Holiday Music Festival

"Overtures on Jewish Themes" and Hayden's "Gloria" will be two of the selections performed by the Niles North High School music department when the annual Holiday Music Festival is presented on Wednesday, Dec. 20 at 8 p.m. in the school auditorium at 9800 N. Lawler, Skokie.

Participating will be the Concert Band, under the direction of Mr. Timothy Wolfram, the Combined Chorus, led by Mr. Richard Green and the Concert Orchestra to be conducted by Mr. Arnold Sklar.

Admission is free to this concert that will consist of both music of the season and concert repertoire. The public is cordially invited.

Senior "Skyview Dining" program at Lutheran General

A new "Skyview Dining" program will be offered at Lutheran General Hospital, Park Ridge, beginning Dec. 6. The program enables persons 62 years and older, who register with the program, to receive a special discount in the hospital's 10th floor cafeteria facilities. The special rates apply at the following times: 4:45 p.m. to 6 p.m., Wednesdays; 11 a.m. to 1:30 p.m., Sundays.

Joe Infantino, director of food service, says "Besides offering balanced meals at reasonable costs, we hope our program becomes a regular activity for community members to meet their neighbors."

The cafeteria offers a variety of nutritionally prepared foods as well as pleasant view of the Chicago skyline. From time to

time, printed information prepared by the hospital's Nutrition Department will be available.

Participants in the program are also welcome to attend Sunday services in the hospital's chapel. Protestant services are held at 11 a.m.; Catholic services are held at 3 p.m.

Lutheran General's Service League, Nutrition and Food Service Departments are working together to offer the Skyview Dining program as a community service. Foreign language materials
People interested in obtaining foreign language materials - be they books, records, or learning materials - should realize the Niles Public Library is a good place to go. Besides our own collection, which includes language learning records, books in their author's native tongues, (Amos Oz, Aristot, Ha-tan; Cervantes' Don Quixote, etc.) and foreign dictionaries and texts, not to mention some overseas telephone and manufacturer directories, we also have the North Suburban Foreign Language Directory and Supplement. This handy volume, available at the reference desk, is a finding tool for those seeking foreign language materials we don't have at other libraries in the North Suburban System. French, German, Hebrew, Polish - there's a good chance we can fulfill your needs.
So before you despair at the paucity of reading and listening items in languages other than English, give us - and, in effect, the whole North Suburban System - a try.

and bring the completed form with them to the fair.

Demonstrations of solar energy and displays of coal gasification techniques will further highlight the fair.

Area energy-related business entrepreneurs and students active in energy-related science studies are encouraged to participate as exhibitors, Nimrod said.

"This will be a major event for our area," Nimrod said, "and the only one of its kind being held in Chicagoland. I am pleased we have been able to put together an exciting array of resources, and I hope everyone will take advantage of the opportunity we are offering."

The weekend energy fair will follow an energy outlook meeting primarily for businessmen Friday, Dec. 8, from 8:30 a.m. to 2 p.m. at the North Shore Hilton in Skokie.

Registration for the meeting, which includes a luncheon, is \$15. Featured will be a speech by the regional representative of the United States Department of Energy explaining the new major energy legislation recently passed by Congress.

Further information may be obtained by telephoning Nimrod's office, 698-3400.

stores, offices, factories, restaurants, etc. These first jobs are seen as useful learning experiences for youths who have not worked before. Unskilled and inexperienced young people learn to report to work on time, call in when sick, find their way around unfamiliar parts of the community, and perhaps most important learn to relate to their employer.

Youths interested in securing employment can contact Carol Chaconas, at 967-6100, ext. 51, for more information or stop in at the Administration building, 7601 N. Milwaukee ave. to discuss job placement and vocation counseling. Residents and businesses in the surrounding communities are encouraged to support this program by calling or mailing in job specifications to hire a youth.

damages were included in the filing of the suit.

In subsequent hearings the court recommended a dismissal of the suit for want of prosecution. An affidavit expressing the legal ramifications was sought by the court but the prosecution missed the date due to an inadvertence.

The school district now has four outside agency leases, two at Ballard and two at Wilson, which have since been activated. The contracts are for three years.

Since the temporary injunction sought to prevent the closing of the schools during the 1978-79 school year, the March hearing is eight months after the original filing. It is also only three months until the end of the school year when the injunction would expire.

The attorney for the school district said he felt the court action manifested, it wanted to insure all participants had "their day in court".

their experience, certain key words are looked for when answering the questions. While this seems innocent enough, critics of the program contend there is no professional educational confirmation of the company's work. Critics contend the questions are at times trivial and irrelevant and are not pertinent to teaching. One question, "What do you do in your spare time?", was pointed out to us as a question which bears no merit.

According to Superintendent Moe, the questionnaire is merely a tool in the interview process, and of itself, is not used to evaluate interviewees. It is supposedly used to know the "strengths" of those answering the questions, and not to concentrate on the weaknesses which may be indicated by the answers.

After the initial questionnaire is used, a taped interview follows. Again, it is emphasized by District 63 personnel, it is used only as a tool. They contend the interviewee may take the tape with him (her) when the interview is ended, indicating it also is not the final evaluator in determining one's fitness.

The program carries over to the students. After parent permission, teachers can use the tape interview method in communicating with their students. Again, questions such as, "What do you think about when you are alone?" are reported to be used.

Objectors to the method contend the field has little or no professional standing in the education field. And they contend the questions, particularly with the children, are an invasion of the child's privacy, and are none of the teacher's business.

In-interviewing staff teachers, one teacher remarked she thought the questioning pointed to her strengths and gave her a better understanding of herself.

The criticism falls in two separate areas - the initial questionnaire and the taped interviews.

Opponents of the questionnaire said too much value was given in areas which they thought were irrelevant. And opponents of the taped interviews thought the personal questions were outside the bounds of teacher-student relationships. It could be assumed they also objected to personal questions which they thought had nothing to do with teaching.

Superintendent Ken Moe, and defenders of the program, think it is a most useful tool. According to them it is only a tool, and not used in any final determinations.

Critics are suspicious a non-education management firm is using unproven methods. They believe there are no outside professional educators who support the program. And one opponent quoted psychologists, who she said indicated the program could be harmful, particularly to children.

The agitators who've been bugging the Board were in the forefront in this latest imbroglio. There were others who seemed sincerely concerned by the program. The agitators shouldn't be dismissed because of their past actions. And certainly other critics of the program deserve equal scrutiny.

If you report in blacks and whites, it is easy to dismiss the critics' comments as merely being harassing efforts since they've been up front during many recent trivial battles. But if you report the shadings in between, they shouldn't be dismissed.

A bad idea can almost always be overcome by a better one. And a good idea can withstand the taunts it is confronted with.

The names and numbers of the players are not important. But what they stand for and what they say is. No matter how many times they're wrong, they still deserve their day in court.

It's a wearing system which is often exasperating and frustrating. But it's the best one we know. And I doubt if any of us would want to change it.

Certain other items, including aluminum siding, gutters, aluminum storm door and window frames; and lawn furniture tubing are also worth 17 cents a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with aluminum cans.

Christmas music program sponsored by NW Parishes Credit Union

The internationally-known Musichorale singing group will entertain members of Northwest Parishes Credit Union in a special two-hour program of Christmas songs on Tuesday evening, Dec. 12, beginning at 8 p.m. in Resurrection High School's Little Theater. Invitation to the songfest has been extended to the entire community.

"This is our Christmas gift to the community for the wonderful support they have given their credit union during the past year," said Joseph A. Bosco, Northwest Parishes Credit Union president. There is no charge for admission, he explained, and one does not have to be a member of the credit union to attend the concert.

The 55-voice Musichorale, under the direction of Arthur Silhan, who has held the baton since 1947, has performed with Lou Bresse, the Metropolitan Opera and the Lyric Opera Company. The group will present traditional Christmas carols and more modern selections appropriate to the season, Silhan declared.

A special feature of the Musichorale appearance is the

Art Silhan Singers, a group of 22 vocalists which won the Governor's trophy at the Illinois State Fair.

Tickets to the event are available free of charge in the credit union office at 7267 W. Talcott ave. But since there is no charge to enjoy these famous singers, Bosco explained, anyone wishing to attend the concert may simply present himself or herself at the door of the Little Theater on Dec. 12 and gain admittance.

Space War 2000

First there was "Star Wars". Then there was "Battlestar Galactica". Soon there will be "Space War 2000". It will be presented by the Niles West high school Children's Theatre on Friday, December 15 and Saturday, December 16 in the school's auditorium, Oakton at Edens, Skokie.

In this one, the number one baddie is Rastupa of the planet Margot, who wants all the power, kidnaps Queen Delandrea of Armaagon, who retaliates. A kaleidoscope of futuristic missile barrages and counter attacks tell the rest of the story.

A special matinee for school groups will be presented at 12:15 p.m. December 15. Discount tickets for this matinee are \$1. Chaperones will be admitted free. The show runs approximately one hour. Reservations will be accepted at 967-3800, x 263, until December 12.

Niles West holiday festival

The halls at Niles West high school are ringing with the sounds of the annual Holiday Festival. It's the traditional way in which the entire music department ushers in the Christmas season each year. This year it will be held at 7 p.m. on Sunday, Dec. 10, and will feature a wide range of popular and traditional instrumental and choral music. Featured on the program are compositions by Leroy Anderson, Bach, Lennon and McCartney, Dvorak, Handel and others. All the Niles West instrumental and choral groups will perform.

Choruses from a number of local junior high schools will once again add their voices to two combined choral selections, "Everybody Rejoice", from the Wiz and "Love Is a Song".

Part of the tradition of the annual Holiday Festival is the Cookie Baking Contest, following the concert. Edibles, provided by creative high school and junior high bakers, are judged by a panel of teachers, parents and administrators. The Westones will entertain, while the judges make their selections and the audience samples the goodies. The Holiday Festival is free.

Child Care unlicensed facilities can't be advertised

According to the Child Care act of 1969 it is a misdemeanor to care for another person's child in your home unless your home is licensed by the State of Illinois. It is also illegal to advertise for such service in an unlicensed home. These licenses are issued free to homes meeting minimum standards for the safety and well-being of the child.

For information and licensing, contact Illinois Department of Children and Family Service, 1026 S. Damen ave., Chicago, Ill. 60612 (793-3817). Published as a public service by Bugle Newspapers.

Holiday Hostessing

ELEGANT EGGNOG
Although there's nothing original about eggnog, the way you make it can depend on your origins.

Some hostesses add a liberal portion of dessert wine; others, spirits; still others, brandy. But no matter where you come from, there are dozens of occasions—from the wedding reception to the open house on Christmas morning—when eggnog can be the ideal and only libation.

PURE WHIPPED CREAM
tops a bowl of homemade eggnog.

When you want to please everyone, try this frothy, homemade version:

- RUM EGGNOG**
- 12 egg yolks
- 1/2 pound granulated sugar
- 1 bottle (one fifth) Appleton Jamaican Gold Rum
- 1 quart milk
- 1-1/2 cups heavy cream
- Grated nutmeg

In a large bowl with a wire whip beat egg yolks until frothy and light cream colored. Gradually add sugar and continue beating until sugar is dissolved. Stir in the rum but make sure it's Jamaican Gold Rum because there is a difference. Jamaican Gold Rum offers more real rum taste than other Caribbean Rum. Stir in the milk; mix well. Cover bowl and chill about 3 hours. Whip cream until stiff but not dry. Pour chilled mixture into punch bowl. Fold in cream. Sprinkle lightly with nutmeg. Serves 20.

Joyous Holidays!

New professional heads K.I.N.

A program called K.I.N. (Kids in Need) is little known in the Niles Township community although it has been operating since 1976. K.I.N. serves five areas: Morton Grove, Golf, Skokie, Lincolnwood, and Niles. Since the program is funded by Niles Township, it is totally free to all residents of the five communities named above.

What does the service provide? It provides immediate counseling help to families who are in a crisis regarding their children. It provides emergency foster home care when necessary for children to 18 years of age, up to 30 days.

K.I.N. grew out of a study conducted by professionals working in the youth field who were brought together by the Inter-Village Mental Health Association. The research showed that there was no appropriate program in the community that could provide emergency foster care and crisis intervention to adolescents and children. One of the advantages of a community-based program such as K.I.N. is that it can provide placement of a child, when necessary, within the child's school district. This minimizes disruption of school, friendships etc.

Mrs. Ann Thomas is heading this important service now being administered by Orchard Mental Health Center. Mrs. Thomas comes to her job with a master's degree in social work and considerable background in work with crisis situations. At the American Red Cross, where she was employed for two years, she dealt with families involved in disasters such as fires, death, etc., and military personnel who were in need of immediate counseling in emergency situations.

This necessitated excellent knowledge of community resources and how they could be utilized in behalf of the families.

At Bowen Center, a specially funded project of the Juvenile Protective Association, Mrs. Thomas had experience working with families where there was abuse and neglect of children.

The affiliation with Orchard Mental Health Center affords many advantages to the Niles Township community. The staff members of OMHC who have provided individual and family counseling to youth, for several years, will now have the added resource of emergency foster care. Advantages for K.I.N. are the availability of psychiatric consultation, back-up staff, follow-up support and/or counseling.

The community will be paying fewer dollars for a more comprehensive program. Information on K.I.N. services or becoming foster parents for the program is available by calling 679-6410.

Head star

CETA cut. . . Cont'd from Niles-E. Maine P.1

Hughes expected to present the modification to CETA officials at their downtown office by the deadline date of Monday, Dec. 4.

The original park district grant approved by CETA last Oct. 10 for approximately \$150,000 provided for federal funding of 15 Niles Park District positions geared toward maintenance of parks and facilities, public relations and additional park programs.

CETA approval was conditional on a quarterly basis with the first federal monies of \$37,775 made available Oct. 1 thru Dec. 31.

However, notification in November by CETA to park officials cut the federal grant in half, to a total \$74,997 for the twelve-month period.

"Luckily," noted Hughes, "we (Niles Park District) are in good shape since we've spent approximately \$16,000 of the allotted \$37,775. We can use the remaining fund for the second quarter."

With a projected cutback in federal spending Hughes said Cook County suburban park districts had been cautioned that funds might not be available after Jan. 1.

All Title VI projects were cut back according to Hughes, who also noted other park districts receiving CETA funds were in Skokie, Des Plaines and Park Ridge.

But, "The intent of the program, to get unemployed

people back to work, has been fulfilled," he said. Hughes noted that CETA statistics indicated approximately 500 people in Cook County were re-employed under the project 5 years ago. This year's survey showed 4,000 jobs in Cook County have been filled under federal funding thru CETA.

Concerning the Niles Park District, the Park Director noted that CETA funding gave the park the opportunity to execute programs "for which we would not normally have had the manpower or finances."

Extremely noteworthy he said was the success experienced with the Park Rangers, initiated to reduce vandalism and increase park security.

"We had the opportunity to try the program under federal subsidy." Assured by success of the project under the first CETA grant, Hughes said park officials were encouraged to consider continuing the Rangers under the park budget, should federal funds no longer be available after Sept. 30, 1979.

Referring to the required CETA paperwork as "monumental," Hughes said nevertheless, "if federal monies are available toward the end of the year (Sept., 1979) the park district will re-apply for another grant."

Initial CETA funding of \$119,953.45 to the Niles Park District covered an 8-month period beginning Feb. 1, 1978 thru Sept. 30, 1978 and subsidized 15 full-time park positions.

Vehicle stickers. . .

Continued from MGP.1 available per household. Although the 1979 stickers are presently available to residents, current 1978 stickers will remain valid and may be displayed until April 30, 1979.

The extension of the 1978 sticker to April 30, 1979, results from a survey taken last spring which indicated residents preferred a warmer time of the year to buy and affix the windshield sticker.

The 1979 vehicle sticker will be valid from the date of purchase until April 30, 1980. In succeeding years, stickers will be sold each spring and will be valid from May 1 through April 30 of each calendar year.

Vehicle stickers are available at the Village Hall, 6300 Lincoln, during regular business hours, Monday-Friday 8:30 a.m. until 5 p.m., and Wednesdays and Saturdays 8:30 a.m. until noon.

Commander LaRoussa has appointed Second Junior Vice Commander Ron Bekas to supervise Santa's activities this year. Holiday safety hints . . .

Continued from MGP.1 radiators or other heat sources. The location should not block doorways or traffic patterns.

Never use electric lights on Metal trees. To avoid danger, use colored spotlights above or beside a metal tree, never fastened onto it. Plastic trees should carry the UL safety label, no other testing laboratory label.

Before using any lights, carefully examine them for broken or cracked sockets, frayed or bare wires and loose connections. All outdoor lights should be weatherproof and clearly identified for outdoor use. All lights should carry the UL label.

Always turn off lights on trees and other decorations when retiring for the night or when leaving home. A short circuit in any electrical equipment could cause a fire.

Avoid purchasing toys which are beyond the skill level of the child to whom you intend to give the item. Examine each toy for sharp edges, small parts, sharp points or loud noises. Read the labels to learn the age recommendations for each toy and for safety information regarding the item.

Mikva announces Circuit Breaker deadline

U.S. Congressman Abner J. Mikva is urging Illinois senior citizens and disabled persons to be aware that the deadline for filing for tax relief under the state's Circuit Breaker law will not be made retroactive this year. The deadline is Dec. 31, 1978.

"Since the tax relief provided by the Circuit Breaker program is so crucial to the well-being of residents living on fixed incomes, it is extremely important that senior citizens and persons with disabilities be alerted about the deadline right away," Mikva said.

Information and forms to apply for the Circuit Breaker tax relief program may be obtained by calling Congressman Mikva's district office, 864-9595; or 297-0515, if calling from the western areas of the district.

The Dec. 31 deadline applies to both property owners and renters as well as those living in nursing facilities. Recent changes in the Circuit Breaker law increased the maximum allowable grant to \$650 from \$500.

Discussion on aging

For those who have wondered that the problems of growing older in the American society are and for those who may be looking for the best way to deal with society's restrictions on the aging, the evening of Dec. 12 should be circled on their calendar.

"Age and Youth in Action" will be the topic at 7:30 p.m. that evening at the Lincolnwood Library, 4100 W. Pratt, when Alice Adler, founder of the Chicago Gray Panther network speaks at a program sponsored by the Lincolnwood Friends of the Library.

Ms. Adler, a social worker whose working experience is currently in multipurpose senior centers, is the chairperson of the Gray Panther National Steering Committee.

The Gray Panthers seek to provide an organization which

When unwrapping gifts, place the paper and other wrapping materials in a large carton and dispose it immediately. Do not burn wrappings in a fireplace as they may ignite suddenly causing a flash fire.

Plan emergency escape routes to use if a fire breaks out anywhere in your home and insure that every family member knows at least two escape routes.

Keep a UL listed "ABC" type multipurpose fire extinguisher in the kitchen when preparing holiday meals and know how to use it.

Keep Fire Department, ambulance, Police, doctor and other emergency telephone numbers posted on or near your telephones. Emergency telephone number stickers are available at the Fire Department.

The Morton Grove Fire Prevention Bureau is available to answer any other questions you may have regarding fire safety. They can be reached during regular business hours at 965-5030.

A person is eligible for the grant if he or she was 65 or older on or before Jan. 1, 1978 and had a household income of less than \$10,000 in 1977. Disabled individuals over age 16 may also apply if they have certification from a physician or a disability claim number to show that the disability prevented gainful employment for a full year after Dec. 31, 1977.

In addition, individuals living in public residences, which are not subject to property taxes, are eligible to apply for the portion of the Circuit Breaker program entitled Additional Tax Relief. The eligibility requirements are the same as for property owners and renters. Grants under this program range from \$50 to \$100 and are automatically eligible to those who are in the main Circuit Breaker program.

Further details on the eligibility qualifications are available from Congressman Mikva's office.

"On-Line Financial will continue to specialize in serving the savings and loan industry exclusively; therefore, our customers will be assured that our on-line data processing system will always reflect the latest and most efficient use of computers," Sheehan said.

"This will result in shorter lines at our teller windows and continuing improvement of our services to our savings and home loan customers." The 98 purchasing associations are located in Michigan, Indiana, Wisconsin and Illinois.

Divestiture of on-line data centers operated by the Chicago and other regional Federal Home Loan Banks resulted from a recent court decision holding that the banks did not have authority to operate the centers themselves.

One reason for the decision to sell the data centers to user associations was to assure the continued specialized computer services only for savings and loan institutions and their customers.

Celebrates 30 years with Centel

Des Plaines resident Ray Fiddelke (right) receives a pin commemorating 30 years of service to Central Telephone Company of Illinois from C.P. Lamm, vice president. Throughout Fiddelke's career with Centel, he has held a variety of jobs in the plant, commercial and personnel departments. He assumed his present position of division benefits supervisor in 1975. Central Telephone Company of Illinois is a subsidiary of Central Telephone & Utilities Corp., which serves 1.8 million telephones in 11 states. Centel serves 163,000 telephones in the Des Plaines-Park Ridge area.

Peerless Federal acquires data processing center

Peerless Federal Savings and Loan Association of Chicago is one of 98 savings associations from four Midwestern states that have purchased the online data processing center of the Federal Home Loan Bank of Chicago for \$3 million.

The purchasing associations, all current data center users, will direct the center's operations through On-Line Financial Services, Inc., an Illinois based corporation formed by them earlier this year.

Timothy P. Sheehan, President of Peerless Federal Savings, said the Chicago FHLB's data processing center, located in the Chicago central business district, is one of the largest in the nation devoted exclusively to serving the savings and loan industry.

Sheehan is also serving as Vice Chairman on the newly-formed board of directors of On-Line Financial Services, Inc.

"On-Line Financial will continue to specialize in serving the savings and loan industry exclusively; therefore, our customers will be assured that our on-line data processing system will always reflect the latest and most efficient use of computers," Sheehan said.

"This will result in shorter lines at our teller windows and continuing improvement of our services to our savings and home loan customers." The 98 purchasing associations are located in Michigan, Indiana, Wisconsin and Illinois.

Divestiture of on-line data centers operated by the Chicago and other regional Federal Home Loan Banks resulted from a recent court decision holding that the banks did not have authority to operate the centers themselves.

One reason for the decision to sell the data centers to user associations was to assure the continued specialized computer services only for savings and loan institutions and their customers.

Centel of Texas awarded \$18.4 million in suit

A U.S. District Court jury in Houston, September 22 found Southwestern Bell Telephone Co. liable for anti-trust violations in a 1973 suit filed on behalf of a company jointly owned by Central Telephone Co. of Texas and Mitchell Energy and Development Corp.

The jury awarded damages of nearly \$18.4 million, before trebling. In addition, the plaintiffs are entitled to recover costs and attorneys fees. At the same time, the jury denied Southwestern Bell's allegations in a countersuit seeking damages of approximately \$2 million, before trebling.

The suit arose out of claims that Southwestern Bell refused to provide interconnecting telephone lines to Woodlands Telecommunications Corp., a new company formed by Mid-Texas Communications Systems, Inc. and Mitchell to serve Mitchell's The Woodlands community development near Houston.

In 1975, Mid-Texas was acquired by Chicago-based Central Telephone & Utilities Corp. as a wholly-owned subsidiary and changed its name to Central Telephone Co. of Texas.

How to earn interest on your checking account

Do you ever get the feeling you'll never catch up with inflation? Just as that terrific raise finally comes through, the price of everything zooms past the stratosphere. And just as you finish replacing these outgrown clothes from last year, your kids suddenly shoot up like beanstalks.

At times like these it would be nice to be earning extra money. Consider the money you may have idly sitting in a bank checking account right now. Did you know that money could be earning interest?

Here's how. In 3 easy steps, you can put all of your money to work. First, open a NOW account, which works exactly like a checking account. Unlike many bank checking accounts, however, a NOW account at many Savings and Loans are free of charge and require no minimum balance when you maintain a \$500 balance in any type of account (Passcard, savings certificate, passbook). At Unity, it is also free to any saver who is 60 or older.

Second, open a Passcard

savings account. A Passcard looks just like a credit card and is easy to use for depositing or withdrawing funds. If the account is held jointly, each party has his or her own card. No more clumsy passbooks to haul around - and no risk either, because neither your signature nor your balance is recorded on your Passcard. If you should lose your card, you are guaranteed maximum security and privacy.

Third, the telephone. No, we didn't invent it - but we've put it to work in a new way to make banking super-convenient. At many financial institutions, you can transfer \$100 or more from your Passcard savings to your NOW account anytime. 24 hours a day, 7 days a week with free Telephone Transfer. You can keep most of your money in your Passcard savings, earning 5 1/2% (the highest interest permitted by law), until you actually need it in your NOW account. No more idle funds "sleeping" in your checking account!
