Police Chief's son charged with Oak School break-in

Kevin Emrikson, 20, 8433 Ozark, and a 16 year old juvenile were charged with criminal trespassing and criminal damage of property after being apprehended Sunday morning following the breaking into Oak School in Niles.

Emrikson, son of Niles Police Chief Whitey Emrikson, admitted he was in the school. Niles police followed snow footprints which led from the school to a residence at 7708 Main st. The rippled shoes of the young men fit the description of the footprints. The 16 year old had previously been charged with vandalism at the school.

According to police the trespassers said they were coming home from a party when they passed the school. Noting how difficult it was to break the windows, which one said he used to do when he was younger, they proceeded to kick-in the glass in the front door to the school. They broke a glass showcase inside the

St. John Brebeuf's Festival '79 begins Friday night for two weekends. Since we're annual and ardent festival-goers, we always like to put in a plug for one of the best variety shows in Niles. While we weren't able to preview this year's show, we're sure this year's entertainment is every bit as good as past years.

Brebeuf's evening out is as much an eating orgy as it is an entertainment outing. Come early, eat your supper there, and enjoy 5 or 6 hours of super variety shows.

If we haven't moved you, we might mention this year's show can be considered "X-rated". Up to this year Brebeuf producers have named the shows Festival I thru IX, using Roman numerals. This year, when they reached their tenth show, they eliminated the "Festival X" and named it "Festival '79", noting they are celebrating "ten years of great entertainment". But despite their play, let us assure you this year's show is Festival "X". And by us that gives it an "X" rating.

When Niles received the management report recommending changes in the police department, one of the recommendations suggested the police chief's assistant be moved out of a leadership post. He was sent out to the boonies to oversee a shopping center patrol. After many months on the outside he has now moved to a new post, as license officer.

The guy has created a problem. He's making \$26,000 and he's not able to earn this bread, because he no longer has a command position. Moving him to the license job replaced another cop who has been moved back to line duty. The rather mundane license job was being handled by an officer making at least \$10,000 less than the new license officer.

Niles has two other police captains who have complained in the past they're being shunted aside rather than used in jobs

Review security in Niles banks

by Alice M. Bédula

During a pre-board meeting Tuesday, Feb. 13 the Niles Village Board took a critical look at security of the 13 banking institutions within the village.

While noting that "Niles is one of the few communities with a strict ordinance on bank security, which also covers safety deposit boxes," Mayor Nicholas Blase asked for an updated review of security in all banks. The urgency, he said, was in part initiated by the recent burglary of the

Morton Grove Bank, 8700 Waukegan rd.
Captain Ed Dennis of the Niles Police Department reported all Niles banking institutions were basically in compliance with the village code regarding alarm systems, cameras and signaling devices.

He said police check all alarm systems semi-annually but that banks have a required weekly testing time, one day a week.

The Village of Niles Administration Offices will be closed on Saturday morning, Feb. 17, and Monday, Feb. 19, in observance of President's Day.

East Maine Caucus meets

The East Maine Township General Caucus, serving Elementary School District 63 and that portion of Elementary School District 34, lying within the Maine Township High School District 207, will hold its third and final meeting on Wednesday, Feb. 21. It will be held at the Niles Public Library Auditorium, 6960 Oakton st., Niles at 7:30 p.m. The meeting will provide nominees the opportunity to speak for five minutes and to answer questions for a ten-minute period. Caucus will then select their candidates. The public is invited.

Village Economy Party Candidates

Murphy, Angelo Marcheschi and Orville Ottow, who together announced their candidacy for reelection under the name of the Progress With Economy Party.

Blood Center appreciative of volunteer efforts

The North Suburban Blood Center, the volunteer blood donor program of the north and north-west suburbs, extends a very special thanks to the great number of citizens throughout the region who responded to the requests to donate blood during January, National Volunteer Blood Donor Month.

schools and normal transportation to a virtual standstill," said Marjorie Lepman, Blood Center's Director of Donor Services, "yet the collection, processing and distribution of blood to the 13 hospitals of the region has continued smoothly. Groups who had scheduled blood drives during the month made every effort to hold them, knowing we were counting on

scheduled inventory. When drives had to be canceled due to impossible driving conditions, replacement drives were scheduled. People have been marvelous. They have heard requests for blood donors made over radio and television and they have responded in droves. Even when a request for blood has been issued on a 10 p.m. TV newscast, phones have been ringing here at the Blood Center and at all our hospital blood donor stations with donors who are ready to leave their homes immediately to donate. The concern of citizens throughout the region to the needs of others in need has been incredibly heart-warming."

Thanks to the cooperation of so many volunteer blood donors in our region, there was no need to cancel elective surgeries at any of the 13 hospitals in the North Suburban system. "This is a real tribute to the caring community of people," Lepman said.

The North Suburban Blood Center is the sole supplier of blood to: Alexian Brothers Medical Center (Elk Grove Village), Community Hospital of Evanston, Evanston Hospital, Glenbrook Hospital (Glenview), Highland Park Hospital, Holy Family Hospital (Des Plaines), Lake Forest Hospital, Lutheran General Hospital (Park Ridge), Northwest Community Hospital (Arlington Heights), Northwest Hospital (Chicago), Resurrection Hospital (Chicago), Skokie Valley Community Hospital and St. Francis Hospital (Evanston). With the St. Therese Hospital Blood Bank and the Jacob Blumberg Memorial Blood Bank of the Lake County Medical Society, through the Lake County Community Blood Program, the North Suburban Blood Center augments the blood supply of Lake County area community hospitals.

Armed robbers hold up Golden Bear restaurant

by Alice M. Bobala

Two men robbed the Golden Bear Restaurant, 9645 N. Milwaukee ave., at gunpoint early Friday, Feb. 2 and made off with \$736 in cash after tying up two employees hand and foot.

According to the manager, the two men entered the restaurant around 1 a.m. and were seated in a rear booth. The waitress who served them coffee told police later that she had waited on both men previously, several times in the past 2 weeks.

About ten minutes later the manager summoned to the booth by one of the men was confronted with a gun. "Make believe we're friends," said the gunman. "I'm going to follow you into the office and if you give me any trouble I'll shoot you."

The two men followed the manager into a nearby office where another employee sat counting the day's cash receipts. The gunman placed the muzzle of the gun to the counter's head

and ordered him to put the money, approximately \$736, into a canvas bag held by the second robber.

Refusal by the manager to open the safe prompted the gunman to produce a crowbar with which he made an unsuccessful attempt to pry open the safe.

After tying both employees with strips of cloth toweling, the robbers threatened to kill the two men if they came out of the office within five minutes.

The two robbers then fled thru the rear door.

One of the men was described to be 17 to 19 years old, 5 ft. 9 in., weighing 185 lbs., with light brown hair, cut "bowl style". He was wearing a yellow windbreaker and did not speak during the robbery.

The second man was said to be 18 years old, 5 ft. 10 in., 150 lbs., with curly black hair and a moustache. He wore a green coat and brown pants.

Provenzano announces candidacy for Niles trustee

Michael Provenzano, 7242 W. Crain, Niles, filed his petitions on Monday, Feb. 12 and has announced his candidacy as trustee for the Village of Niles. Provenzano is running as an independent candidate. In a statement released immediately after his filing, Provenzano stated, "After many phone calls and encouragement from friends, I have decided to enter my name in the April election for Niles Village Trustee. After giving this important decision much serious consideration, I decided to run as an Independent, rather than in a party of three candidates.

"As an individual who speaks for himself, a man of action, and

a man on the move, I feel I am ready to serve the people of Niles, if they want me. I have been a resident of Niles for 20 years and have dedicated myself to the cause of my religion, civic organizations and the people of Niles. I have over 30 years of service in government, with the City of Chicago, County of Cook and the State of Illinois. I believe with my experience and qualifications, I am able to serve our citizens. I pledge my wholehearted support and cooperation to the people of Niles; Homeowners Organizations, Senior Citizens Clubs and youth groups, to the best of my abilities."

Library notes expense of 'overdues'

Remember the last time you went to the Library for a book only to find out it wasn't on the shelf? Frustrating wasn't it? It would be even more frustrating if you knew that particular book was missing because it was overdue.

Overdues are expensive, both for you in the form of fines and for us when we have to send out notices. These days, the cost of envelopes, stamps and paper can add up to quite a bit of money, money we would much rather put to work buying books!

You can help us immensely by simply observing a few basic procedures:

1. When you borrow a book,

check the due date on the white slip we insert into the pocket. (If it is an Interlibrary Loan book, the date will appear on a card.)

2. When we call to tell you a book you ordered on Interlibrary Loan is in, ask the librarian the due date. Interlibrary Loan due dates vary. Make sure you leave yourself enough time to read the book.

3. Periodically check your car, your closets and your children's lockers at school for library books you may have forgotten about. You might save yourself some fine money, and us the cost of sending a notice.

We thank you. The next patron thanks you. And our book budget thanks you!

SJB girl cagers win conference title

The St. John Brebeuf seventh grade girls' basketball team defeated Mary Seat of Wisdom 50-29 to claim the Northwest Suburban Catholic Conference title. They were undefeated in conference play. In the previous game they beat Queen of All Saints - previously regarded as the best seventh grade girls team in the Chicagoland area. The game was only the second loss for this particular Queen of All Saints team in two years of competition. The St. John Brebeuf girls have only been playing together as a traveling team for a year.

Members of this championship team include Nancy Surace, Mary Jane Marusek, Barb Wilkgen, Lisa Strauss, Julie Klancnik, Sue Watson, Maureen Thompson and Nancy Kadynik. In conference play the seventh grade girls of St. John Brebeuf have scored an average of 38 points per game while allowing only 16 to the opposition. The final conference game was typical with all girls on the team playing about equal time. They all scored and played well. Mary Seat of Wisdom took the lead, and held it for most of the first quarter.

Late in the first quarter, coach

John Marusek called for a full court press with Nancy Surace and Mary Jane Marusek, going "girl to girl" against two tall and good Mary Seat of Wisdom players. With this maneuver, St. John's quickly obtained a 20 point lead which they never relinquished. Point guard Barb Wilkgen led all scoring in this game with 12 points. Center Julie Klancnik followed with 10 points.

Notre Dame Homecoming basketball

Undaunted by the recent bad weather, Notre Dame High School has rescheduled its third annual Homecoming Basketball game for Saturday night, Feb. 17. This night will be especially attractive to area basketball fans for three reasons. The Don basketballers will be taking on the St. Joseph's Chargers, currently ranked 2nd in the State, and their outstanding guard Isaiah Thomas, felt by many college scouts to be the finest in the entire country at his position.

Special halftime ceremonies will highlight two other important events. There will be a special introduction of former Notre Dame athletes who have qualified for the school's Wall of Fame. In order to qualify, each of these alumni went on to become prominent on the college or professional level in addition to their high school successes. There will also be a presentation made to Mr. Thomas Balma of the Alumni Fathers. Mr. Balma will receive the Distinguished Service Award for his many years of great service to the school. Notre Dame Alumni are also reminded that there will be a Reception in the school cafeteria following the game.

Game time will be 8:30 for the Sophomores followed by the Varsity at 9 p.m. So come on out on Saturday night Feb. 17 and see some outstanding athletes both from the present and the recent past.

Oakton was led by Illinois Junior College State Champion Jim Joern in the pole vault. In 1978 Joern lost only once on his way to the State Championships and a place in the National Meet. Jim tied the OCC record of twelve feet which is about as high as one can go at Niles East.

Mike Okazaki, Ken Maier, Roy Jensen, and Mark Skarning also looked good in their performances.

Residents of the unincorporated area of Maine Township may purchase Cook County vehicle licenses for their automobiles at his office until Feb. 28, according to Maine Township Clerk Phillip Raffe.

He stated that the county has set the price of the licenses at \$10 for cars under 35 horsepower, and at \$15 for those over. Truck licenses may be purchased only at the county building.

LETTERS to EDITOR

Defends Thompson's Florida vacation

Dear Editor: I disagree with the news media who made such an issue of Governor Thompson's vacation to Florida during the blizzard conditions in Illinois.

He stated that he had been planning this Florida trip for a long time. When anyone plans a trip in advance, there is no way they can be sure what nature has in store for them in the way of weather. He also stated that if his work was not complete, he would not have gone on this trip.

He left with the confidence that those in charge of the department of snow removal could handle their jobs without his presence. If his help was required, they could have reached him by a mere phone call and then made the proper arrangements. What could he have done, with his presence here, that would drastically have changed things?

Sincerely,
Suzanne C. Grosscup

Compliments Niles paramedics

Dear Editor: Compliments are in order for the excellent and efficient way the Paramedic Unit cared for my brother, Joseph Krawczyk of Waukegan rd., Niles, late Saturday evening, Feb. 3, when he suffered a heart attack. The call for help was answered quickly and the Paramedics proved again how skilled they are in caring for those needing help. After administering first aid, my brother was taken in the well-equipped ambulance to the Lutheran General Hospital where he was placed in the intensive care unit.

The family is most grateful to these fine dedicated people for the proper treatment given as well as for the great comfort they extended during this most trying time. I am happy to report my brother is now out of intensive care and improving.

God bless these fine people who make up our Paramedic Unit.

Gratefully,
Jane Krawczyk

Commends public workers

Dear Editor, I would like to comment on the fantastic job the Niles Public Workers have done on our streets. It makes driving safer and easier for the resident of Niles. Also it is nice to know they care enough to work around the clock to get the job done right.

I have driven in Chicago and the streets could not compare to ours. Niles certainly has one of the best plowed streets. Also the job is done right away. They do not put their activities or pleasures first.

Since the public workers are paid out of our money, I thank them for making our money spent worth while.

Sincerely,
Joyce Brenner

Heart attack victim grateful to Niles

Dear Sir: If there is a paradise on earth, it has to be Niles, Illinois!

On the Sunday morning of Jan. 14 I suffered a severe heart attack. Within minutes the Fire Dept., Police, Paramedics and Public Works snow plows were here, and each man knew what to do and did it.

Where else are the streets as

clean of snow, the civil service employees as courteous or the present administration of Mayor Blase so concerned for all of us as in Niles?

Thanks again for the privilege of living in Niles, truly "The All-American City".

A 1966 blue Ford valued at \$1,000 was stolen Feb. 6 from a Grace st. resident. The owner said he was awakened shortly after 3 a.m. by the noise of a car with a loud muffler going down the street. He looked out the window of his home to see his car being stolen.

Thefts from cars
Thieves hit two cars parked overnight Feb. 1 on the driveway of a home on Merrill. Four hubcaps valued at \$400 were taken from a 1979 black Cadillac. Damages and the value of a radio and stereo cassette player removed from the dashboard of a 1979 gray Cadillac were estimated at \$450.

...During the evening of Feb. 3 someone took 4 hubcaps valued at \$365 from a 1979 red Buick parked at Church st. and Maryland.

...Someone stole all four radial whitewall tires and mag wheels valued at \$600 from a 1979 Ford Cobra parked on Touhy ave. during the early morning of Feb. 1.

Vandalism
A resident on Octavia reported eggs thrown at his house and firecrackers at his front door on Jan. 31 and Feb. 1.

...When the doorbell rang at 5:30 p.m. Feb. 1 the homeowner on Grand ave. went to the door and found the lower glass panel in the storm door had been broken. Damages were estimated at \$50.

Arrest on warrant
Investigation of a man acting suspiciously at Penney's in Golf Mill around 5 p.m. Feb. 1 resulted in the arrest of a 26 year old Waukegan man on an outstanding warrant from Lake County charging him with contributing to the sexual delinquency of a

minor. He was turned over to Lake County authorities.

Indecent exposure
Employees of a Niles loan office reported a ski-masked man was exposing himself around 7 p.m. Feb. 1 from the outside window to women in the office.

He is believed to be the same offender of previous incidents of exposure at the office building.

Criminal damage to property
Someone was apparently using store windows in Golf Mill for target practice during the early morning of Feb. 7.

Security police on patrol said a gun was used to shoot out glass door windows of Penney's, Sears, Lyttons and Woolworths. Cost to replace the windows was estimated at \$200 each.

...Rocks were used to break a plate glass window in the E-Z-Go gas station at 7662 Milwaukee ave. Feb. 3. The 4 ft. by 6 ft. window was valued at \$150.

...Someone pried open the front of a mailbox on the southeast corner of Grace and Dempster Feb. 4. The box was empty at the time of discovery. Damages were set at \$50.

Attempted theft
Purchase of record albums for \$34.05 from the Flip Side in Oak Mill Mall with a stolen credit card proved unsuccessful when a suspicious store clerk checked on the card and was told it had been stolen.

The sales clerk said she retained the records while investigating the Visa card. Meanwhile, the purchaser, described to be 35 to 40 years old, 5 ft. 8 in., weighing 150 lbs. and wearing a dark trench coat, left the store and was seen during a search of the mall to enter a late model Ford.

House break-in
A break-in of a home on Washington st. during the evening of Jan. 31 netted the intruders nothing.

Police said the homeowners were away at work when the intruders broke in thru the front window and apparently left thru a rear door. Footprints were found outside the window and by the rear door which was left open. Cabinets and drawers were ransacked but nothing appeared to be missing.

According to police footprints in the snow led across Courland st. into a rear parking area.

Once inside the intruders ransacked the house. Police said numerous radios, stereos, TV sets and currency had been moved but were not taken.

They said several small boxes were located in two closets bearing latent fingerprints.

Residents of the home believe the intrusion was linked to a phone call received several days earlier when the caller inquired whether the homeowner had a daughter.

Neighbors who were home that afternoon said they observed nothing suspicious.

Home invaders

Home intrusion of a residence on Normal st. Feb. 8 caused \$5 in damages altho nothing was reported missing.

Police said the victim went to work early Thursday morning, returning home around 2 p.m., at which time he noted the knob had been twisted off the front door.

The entire house was ransacked with activity centering in the master bedroom.

An area observer told police he saw a suspicious man walking around in the vicinity around 1:45 p.m. Thursday. He described the man to be 5 ft. 10 in., weighing approximately 150 lbs., with medium length brown hair and wearing a brown cord sheepskin collared jacket.

State police list

January fatalities
Captain William P. Burt, State Police District Commander for Northern Cook County, announced today provisional figures which indicate that during the month of January, 25 persons were killed in traffic accidents in Cook County.

State Police in that district investigated a total of 829 traffic accidents in January.

The Superintendent of the Illinois State Police, Lynn E. Baird, announced today initial reports indicating that statewide 70 people died from injuries sustained from traffic accidents on Illinois highways in January. This total reflects a decrease of 15 from the number of fatalities reported in the same period in 1978.

Safety hints
Illegal passing is among the most dangerous of traffic violations, the Chicago Motor Club warns. Never pass on hills, curves, at intersections or whenever a solid yellow line is painted on your side of the highway center line. It is important to remember, however, that the absence of a yellow line does not automatically give you the right to pass. If there's any doubt about your ability to pass safely, stay in your own lane.

Break-in
Burglars broke into a home on Cleveland ave. during the afternoon of Feb. 8 but the owners of the residence, away at the time, reported nothing appeared to be missing.

According to police the knobs on the rear and front doors had been twisted off with a wrench-type tool.

A hard object was used to break the window and rear view mirror of a 1969 Chevrolet parked Feb. 5 in the driveway of a home on Greenleaf. Damages were set at \$100.

...The owner of ABT TV reported someone has slashed tires and poured paint on employee and shopper cars parked in the 6600 and 6700 blocks of Oketo during the last three months.

...BB pellets were shot thru the rear window of a 1974 white Chevrolet Feb. 4 parked on Dempster st. by the Grand ave. owner. Replacement was set at \$300.

...Approximately \$150 was estimated in total damages to the rear panel, right front tire and side view mirror of a 1978 Chevrolet Nova parked Feb. 7 on Elmore.

Troop 846 luncheon and award ceremony

Girl Scout Troop 846 members and their mothers enjoyed a delicious buffet luncheon on Saturday, Jan. 20, 1979 at St. John Brebeuf Flanagan Hall.

Following the luncheon, the girls presented a program based on the theme "We Learn When We Earn." The mothers enjoyed seeing many of the skills the girls learned through their badge work, especially dancing, singing, and poetry. Drawings and paintings were on display, and copies of the Troop Newspaper were distributed to everyone.

Many awards were earned by

the scout members. Basic First Aid cards and pins were presented to those who successfully completed three two-hour sessions and a written test provided by the Red Cross. Other awards included: salesmanship for the calendar and peanut sales, uniform inspection, courtesy, and attendance. Nancy Kozanecki, Cathy O'Grady, Tina Sudendorf, and Chris Wolshon received Best Scout Awards for achieving perfect scores in attendance, courtesy, uniform and service. The troop as a whole (Karen Beetink, Cathy Bratek, Renae Hubick, Krista Jablonski, Nancy

Kozanecki, Tina Lepold, Lisa Michelotti, Cathy O'Grady, Holly Pilousek, Theresa Re, Janet Rzepiela, Tina Sudendorf, and Chris Wolshon) earned a total of 76 badges since September, and can be very proud of their work.

The luncheon and award ceremony was concluded with a Candlelight Rededication Ceremony and two Girl Scout songs.

Troop 601 and 846 carollers

Brownie Troop 601 (Carol Ann Barrett, Danny Callero, Karen Casachia, Amy Kalas, Kathy Letscher, Tricia Smith, Anna Guilo, Colleen O'Grady, Maria Sudendorf) and Girl Scout Troop 846 (Cathy Bratek, Krista Jablonski, Nancy Kozanecki, Tina Lepold, Lisa Michelotti, Cathy O'Grady, Holly Pilousek, Theresa Re, Janet Rzepiela, Tina Sudendorf, Chris Wolshon) bundled up in their colorful Christmas hats and scarves to sing Christmas carols throughout the Golf Mill Mall on the evening of Dec. 13, 1978. There was a special stop at Santa's House where all the singers received candy canes from Santa Claus. A final treat of hot chocolate from Woolworth's warmed the rosy-cheeked Scouts after they entertained shoppers with their Christmas carols.

SJB Scout Troop 175

Troop #175 of St. John Brebeuf School in Niles got some first hand experience with zero temperatures and snow last December 9. Although equipment for the day's outing had to be carried on sleds for a quarter of a mile to the shelter, the "Screaming Eagles" and the "Imperial Stags" Patrols enthusiastically engaged in such activities as capturing the flag, firemaking, downhill sledding, cooking, and stalking, all of which made the day well worth while.

Maine-Niles Camp Fire girls dinner

The Camp Fire dinner for all girls at the Blue Bird level and their fathers was held at the Maine East cafeteria, Feb. 5. Planned and supervised by Sandra Cherry and Carole Siragusa, 380 girls and fathers enjoyed an evening of fun and fellowship. During the dinner hour, entertainment was provided by Mike Eichen, a magician who visited each table showing his assortment of magic tricks. After dinner, the girls measured their dad's waistlines, and a small donation equal to 2 1/2 an inch was requested for the camping fund. A highlight of the evening was the pinning ceremony for the first grade Blue Birds - at which time their fathers pinned their official Blue Bird membership pin on their service costume. Afterwards movies were shown.

The fathers enjoyed meeting the other dads, and the girls enjoyed having a date with their special "beau".

This is one activity which is planned for a particular age level of Camp Fire and included girls throughout the entire district who

are in 1st, 2nd or 3rd grade. The Maine-Niles District includes youth from Des Plaines, Golf, Morton Grove, Niles and Park Ridge. For membership information, call Kathie Jacoby, 696-0742.

Shown above: Maria Galluzzi and her "favorite beau" Mr. William Galluzzi (her father) are obviously enjoying themselves at the Camp Fire dinner held recently.

Maine East senior travels to France

Maine East senior Dorothy D'Anna of Niles is not your typical French tourist. She has been selected by District 64 and by the French directors of the French-American Ski Classes to serve as a counselor for the district's winter program. She will be leaving Feb. 23 and returning Mar. 19.

The French-American Ski Classes have been offered for the last three years, but this is the first year that Dori has participated as a counselor. she will attempt to do so while in France. Dori will be in charge of about 20 children, teaching them everyday French conversation. In addition, she will also be teaching the French children everyday English. All classes will be held in the morning with the afternoon set aside for skiing. Besides French V Accelerated, Dori is also enrolled in Government, Sociology, Concert Choir, Advanced Placement English, and Italian I.

Next fall Dori plans to attend Rosary College in River Forest to further her study in languages with plans to become involved with the travel industry. Besides school, Dori works at the Treasury, and she is in both French and Italian clubs.

Notre Dame varsity wrestling champs

Shown above are members of the Notre Dame H.S. 1979 E.S.C.C. varsity wrestling champions. (Bottom row l-r): Jay Albergo, Bob Pressney, Mike Grandfield, Dan Palumbo, Marty Griffin, and Kevin Heneghan.

In winning the 1978 Conference Wrestling Title, the Notre Dame Dons dominated throughout the season to such a point that the Championship was a virtual certainty by tournament time. With that in mind, the contrast of this season's victory has to make Coach Jon Schaus and his grapplers especially proud.

Going into the Conference Meet, Notre Dame had to win first place to have any chance at all to win the overall 1979 crown, and that's exactly what they did. The Dons stunned pre-tourney favorite Holy Cross by having ten first round winners, and finally wrapped things up when Notre Dame's Pat Steiner defeated Dan

DeSimone of Holy Cross in the 185 lb. division. In addition to Steiner's victory, Bob Pressney won at 98 lbs. and second place finishes were turned in by Mike Grandfield at 112, Kevin Heneghan at 126, and Tony Manolini at 167.

Mikva proposes bill to deter Arms Show

Congressman Abner J. Mikva announced today his intention to introduce a bill to amend the Trade Fair Act as part of his continued efforts to halt the upcoming Defense Technology '79 trade fair that is scheduled to take place in Rosemont on Feb. 18-22.

The Trade Fair Act gives the Secretary of the Commerce the power to grant waivers to import duties and other taxes on goods imported for the purpose of exhibition if the Secretary deems the fair to be "in public interest." "I do not believe that this fair in any way serves the public interest," Mikva said, explaining that he had written to Commerce Secretary Juanita Kreps in December requesting her to deny the waiver for Defense Technology '79. "Since the waiver has not been denied, I will introduce legislation to do so," Mikva said. The Mikva bill would amend the Trade Fair Act to

disallow a waiver for any military goods or other related hardware. An estimated half of the space at the fair is intended for foreign goods.

Besides Secretary Kreps, Mikva has written Secretary of Defense Harold Brown and requested him to intervene and halt the show. "The sole purpose of this 'fair' is to promote and encourage the sale of military arms and related equipment by us and by foreign countries," Mikva continued. "This purpose is antithetical to President Carter's stated goal of arms reduction. It is also totally contrary to the views of the vast majority of Americans who favor arms reduction. And it is totally contrary to my belief that we must encourage disarmament, not arms sales. I oppose such a gathering and will continue to work for its cancellation."

Niles Township Olympic Committee to sponsor cyclist

The Niles Township Olympic Committee voted to sponsor cyclist, Peter Kron of Morton Grove and a senior at Niles West. President Earl Numrich stated that Peter is one of the finest young cyclists in the country and is a member of the U.S. Olympic Junior National team. He won several Illinois State championships in recent years and has placed high in national competition. In 1978 Peter was selected as Illinois Rider of the Year. He was recently invited by the U.S. Olympic Committee to participate in a special Junior Training Camp at the National Training Center in Colorado Springs. Peter successfully completed the two week course in early January.

Peter Kron is the ninth athlete sponsored by the Niles Township

Olympic Committee. The other athletes are: National Team Speed Skaters Celeste and Denise Chlpaty, Skokie; Olympian Gymnast Bart Conner, Morton Grove; All American Fencer Tim Glass, Niles; All American Fencer Howard Labow, Skokie; NCAA Gymnastic Finalist Neal Sher, Skokie; National Jr. Olympic Gymnastic team Ben Fox, Morton Grove; Basketball Player Connie Erickson, Morton Grove.

You can help these fine local athletes by sending a check to the Niles Township Olympic Committee, 8537 Lillibet Terrace, Morton Grove, Illinois 60053. Your tax deductible contribution will help these athletes defray the otherwise unreimbursed expenses they incur competing at national and international levels.

Remember to feed the birds

Amidst a bounty of food, birds can literally starve to death - so says the store manager of Lake-Cook Farm and Garden Store at 997 Lee st., Des Plaines. Songbirds cannot chew their food. Instead they have a special muscle called a gizzard which uses gravel or grit to grind the swallowed seeds into digestible fibers. During fair weather they gather grit from roadsides and drives but our recent snows have covered these natural sources and it is up to concerned citizens to supply this vital element. Feed poultry grit or coarse sand in a shallow tray near your feeder. Allow birds a free choice. Do not mix into the feed. Any extra grit can be used to give grip to a spinning wheel. It gives the best traction.

These are also points to remember:

Feed a good food mix - a good traditional mix attracts all seed eating birds. It is a bird's nature to flick aside seeds they do not enjoy but these are eaten by ground feeders and little is really wasted. Mixes should contain at least 10% Sunflower seed and be free of weed seeds to be a good buy.

Birds must maintain body temperatures of 100 degrees or more and in the harsh Illinois winters they constantly need food to stay warm and alive. Suet - raw beef fat - is an ideal food supplement because it - as all fats - converts quickly to energy. But quick heat energy can also be supplied by other fatty foods like pecan scraps and raw peanuts. Avoid peanut butter and other sticky foods as birds can choke on these.

Continue feeding birds once you have begun. They depend on your food especially the last two months of winter when all other sources are depleted. Holding off feeding for a single day will encourage a "clean-up" of food flicked to the ground.

Keep a separate feeding area for larger birds and squirrels using large seeds like corn (whole or ear), raw peanuts in the shell and pecan scraps. They will frequent this area and allow the smaller songbirds to feed peacefully. Niger Thistle is unappealing to squirrels and large birds and is back in unlimited supplies.

Place feeders near protection like evergreens or thickets; birds

are more confident then and will feed easily.

This spring ask your local nursery or garden center about bird attracting plants and landscaping. These plants will beautify your property and increase its value to you and our feathered friends.

Aluminum recycling

More aluminum was collected in the Chicago area through Reynolds Aluminum Recycling Company's consumer activity during 1978 than in any year in the history of the program, S.B. Thompson, district manager, reports.

Mr. Thompson said residents in metropolitan Chicago turned in a total of 1,570,178 pounds of aluminum cans and other household aluminum, 26 percent more than was redeemed in 1977. This means the equivalent of 36,114,000 cans did not end up as litter and resulted in payments to area residents of \$266,930.

Nationally, Reynolds paid the public \$25.4 million for a record 149.5 million pounds of aluminum recycled during 1978.

Location of the nearest Reynolds collection point is Lawrencewood Plaza, Oakton and Waukegan rds., in Niles, from 1 to 3:30 p.m. every Saturday, February 3, 10, 17, 24...

We're the savings specialists

To a lot of people, banks and savings and loan associations are the same thing. We are, in many ways, comparable to a bank. We keep money in a vault. We have tellers. We take money in and pay it out.

What we don't do (at least not yet) is make small loans, signature loans, auto loans, business loans, etc. These are basic services rendered by commercial banks.

But we do make mortgage loans. We make more home mortgage loans than all other types of lenders combined. Since this service is a vital element in the economic health of the nation, we are permitted by government regulation to pay 1/4% per annum more on the equivalent account than a commercial bank.

Over a period of time the saver who saves at Cook County Federal Savings will profit better than the person who saves at a commercial bank.

Bi-lingual employees aid customers

There are times when people like to think in the "mother tongue" even though they normally converse in English. So observes Chester W. Smigiel, president of near \$200 million Liberty Savings now celebrating its 80th anniversary.

Smigiel, a past president of the Illinois Savings and Loan League and the Chicago Area Council of Savings Associations, an industry leader and spokesman on national, state and local scenes, says those incidents usually occur when making major decisions or when involved in important financial transactions. Sometimes it happens with someone in the neighborhood asking advice of a trusted friend. And, when the conversation can be in the language of national origin, a bond of understanding and confidence can quickly develop.

Smigiel encourages bi-lingual officers and staff members to volunteer their acquaintanceship with a customer's originally learned language. Further, he invites customers to ask the assistance of bi-lingual employees, who presently comprise half of the total staff at 2392 and 6210 N. Milwaukee, 7111 W. Foster and 6677 N. Lincoln, Lincolnwood.

The 57 bi-linguals speak Polish, Italian, German, Austrian, Spanish, Greek and even Vietnamese and Pakistanian.

Smigiel sums it up this way: "Savings and loans are established to provide a variety of services, including giving advice. Just another instance of Liberty going one step further to help its customers."

MG resident named PASER 500 distributor

Melvin T. Little, 5820 Carol ave., a long-time resident of Morton Grove has been appointed area distributor for the PASER 500 Performance Economy Pack, manufactured by Amerimex Industries of Dallas, Texas.

Little said the PASER 500 is one of the first major advances in automotive ignition systems in decades. The PASER 500 taps the radiated energy generated by the firing spark and puts this energy to work to increase combustion engine efficiency. This increased efficiency results in fuel savings that are significant to any motorist. 20 to 25% savings are commonplace.

According to Little, who retired two years ago after 27 years with the Allstate Insurance Company, the PASER 500 offers the American motorist a meaningful defense against the soaring, and soon to be higher, gasoline prices.

Finally, Little said, the PASER 500 Performance Economy Pack installs easily in minutes with no engine modification required. It has no moving parts and never needs servicing or adjusting after it is installed on your car or truck. It's a simple, inexpensive solution guaranteed to lower total fuel, operating, and maintenance costs for the majority of American motorists.

Student composers win top awards

Congratulations! Maine East junior Anton Sompolski of Des Plaines is the first place winner in the Illinois All-State Music Competition for 1978 in a contest sponsored by the secondary non-performing arts program division of the Illinois Music Educators Association. (L-r) Maine East electronic music teacher Thomas Hageman, Anton, and Maine East principal John Clouser.

Anton Sompolski, son of Mr. and Mrs. Albert Sompolski of Des Plaines, and Daniel Kathe, son of Mr. and Mrs. Harold Kathe of Park Ridge, won first and second place respectively in the Illinois All State Music Competition for the year 1978 in a contest sponsored by the secondary non-performing arts program division of the Illinois Music Educators Association. The Maine East student composers were presented their awards at the annual Illinois Music Educators convention at the Conrad Hilton Hotel in Chicago on Saturday, Jan. 27, 1979. The trophies and certificates of merit for original music compositions were presented by Mr. Paul Berringer, Vice President of the Illinois Music Educators Association.

Awards were given in five divisions of student composition. The Maine East musicians won first and second prize in the avate garde-electronic music division. Anton was awarded the single best student electronic music selection in the state of Illinois. Both students studied music composition for one year at Maine East with the compositions being realized in the Maine East electronic studio as part of the regular electronic music class assignment.

Maine East, long recognized as one of the outstanding music programs in the state, is the first Maine Township high school to have electronic music as part of the music curriculum. The Maine schools are unique in the nation with this offering. The Maine East program has been operating for four years under the course curriculum of the music department for students to learn and create music via electronic instruments. Students learn to operate synthesizers, tape recorders, and other electronic equipment to create music sounds familiar in today's commercials and background music of television and movies. Mr. Thomas Hageman, instructor of electronic music and director of the Maine East orchestra, has attended workshops throughout the Midwest in preparation and advance study for the continuation of this high interest program at Maine East High School. Students working under Mr. Hageman attain a high degree of proficiency after only one year of study.

Both Anton and Daniel will be formally recognized in May at the annual Music Awards Night presentation.

ND Melodons win North Shore Jazz Festival

The Notre Dame High School jazz band, known as the Melodons, recently added to their remarkably consistent level of outstanding performances by winning The North Shore Jazz Festival. The event, which was held at Glenbrook South High School, featured some of the best jazz groups from all over the state, including Rock Falls High School, which made a 150 mile trip for the competition.

What made the Melodons' victory even more impressive was the fact that they had only been able to work with their new leader, Mr. Bill Alles, for a little over a month.

Members of the first place group include: on sax, Mark Ginger, Mike Connelly, Fred Grubbe, Vince Cooney, and Wally Sands. On trumpets: Don LoVerde, Chris Kellick, Tim Van Maldegiam, Paul Basa, Ken Borre, and Dan McEnery. On trombone were Glen Tolosko, Kevin Quinn, Joe Pausback, Frank Zielski, and Dan Fisher. Rounding out the group were pianist Tom Quinn, keyboard player Joe Sonnetfeld, and drummers John Leazer and Joe Lis.

Bill Alles and all the fine Notre Dame musicians deserve a great deal of credit for bringing the Melodons still another title.

Niles West musicians receive honors

Commendations ... Cont'd from MGP.1

building and removed Tom Seka from beneath the debris without further harm to him.

There was a house fire at the home of the Rothsteins at 9444 Oliphant and two police officers assisted firemen in rescuing a child, David Rothstein, who was trapped in the home. Three other family members escaped, but were injured nonetheless. Firemen Howard Meyer, Larry Brandt and Tom Mandik administered mouth-to-mouth resuscitation. Also on the scene were Policemen Dave Jenetten and John Jenetten. Chief Huscher said he recommends a Unit Citation for these men. Also assisting were Bob Boemmel, Robt. Villa, Gilbert Hansen, Rich Hildebrandt and Paramedic Tom Mandik, Dave Jenetten and John Tinetti helping in the search and rescue.

Commendations were also awarded to citizens assisting firemen at 9444 Oliphant by clearing snow from the fire hydrant. They were Paul Sovick and Larry Grazian. These young men did a fine thing and helped greatly. Two other citizens,

Mickey Simmons and Michael Sherman placed themselves according to Chief Huscher "in harm's way, with no thought to themselves other than to aid the trapped victim in the house." These men tried to get David Rothstein out of the house before firemen came. They were also given a citation.

The chief said we can all be proud to live in a community where so many people try to help one another. Then Mr. Rothstein, who was present with two of his children, thanked all who helped his family and reported that his wife was recovering along with two of his children and said that all things considered, David was making satisfactory progress too.

Ed Benjamin of our consulting firm said some 300 village residents can take advantage of mortgage money available at less than the going rate. H.E. Becker and Co. is the largest national investment firm headquartered in Chicago and Mr. Benjamin recommended they assist in this project as underwriters and also see if it is feasible for Morton Grove. He assured the board if and when bonds are issued, the village would be under no obligation at all. The money would be available for single family homes, repair or remodeling and for a limited number of condos. This is not low cost housing. Typical loans would be from \$50,000 to \$80,000 with 20% or 25% down. In a few cases 10% down would be considered. Trustees passed a resolution accepting this.

Leonard Bloomfield, chairman of the Plan Commission, read a report in which the commissioners recommended granting the request of the London Development Corp. for annexation, re-zoning and Special Use for multiple dwellings at 7901 Golf rd. After hearing the report, it was decided to table this issue until March 12.

Fred Huber opened bids for a vehicle for the Building Dept. The board decided to turn the bids over to Huber for his study and recommendation. Huber also received permission to go ahead with the purchase of six new squad cars for the Police Dept. through the state buying pool with 90-day delivery at a cost of \$5,854.86 per car.

Atty. Ashman said our ordinances don't cover emergency spending so he drafted one to do so, but it was tabled till the next meeting so trustees could study it.

Don Sneider said Public Works Supt. Dahm would like the outside contract for snow removal to be extended until Saturday and the board agreed. He said that letters were received from many residents commending the Public Works Dept. for a fine job on snow removal.

Gregg Youstra said free Income Tax advice would be available for Seniors from Feb. 19 to April 13 on Monday and Wednesday from 9 a.m. till 3 p.m. at the Prairie View Community Center. Call Ralph Birmingham at 965-4658 if interested. Trustee Youstra also read parts of a comprehensive report on the status of Senior Citizens (who now number over 3,400 in Morton Grove) made by James Paprocki. It deals with the needs of seniors and attempts to solve some of their many problems. Mayor Flickinger re-appointed Chas. Sheck as Village Planner.

Party slate ...

Cont'd from MGP.1

His wife Loretta is a certified public accountant. He is active with scouting, Lions, the Bar Association and serves on the Board of Governors of the United Republican Fund.

Klein described Mrs. Anastos, Primer and Peterson as one of the best and most representative slates ever to run in the village. "They combine strong family ties, civic and educational experience in this community with knowledge and experience in things affecting the conduct of open, honest local government."

Klein said that the Better Government Party is taking up the offer in the press last week from the administration to "check with village hall" on the collapse of the village garage. He asked for immediate answers to the following questions: What was the exact reason for the collapse of the only major structure in town to suffer this fate and why has there been no public disclosure of the facts? Second, was the building insured to protect the public against what will be a million dollar loss? Third, are the same architects and engineers who supervised this building also doing the work on the new police and administration building and what steps is the village taking to prevent another tragedy?

"The people of Morton Grove are entitled to full, immediate disclosure of all the facts concerning the collapse, and answers to why it was not anticipated by those persons who were in a position to know and understand the excess roof leaking. Certainly no blame can attach to Supt. Jim Dahm and his men who work in the building, this was a job for architects and engineers, and it appears that somebody failed to exercise prudent judgement," Klein concluded.

Pool tournament

The Morton Grove Park District will be conducting its Annual Pool Tournament on Sunday, Feb. 18 at the Prairie View Community Center, 6834 Dempster st.

Those wishing to participate may register in the gymnasium office at the center any day between the hours of 2 p.m.-10 p.m. A 50¢ fee will be charged at the time of registration.

The time schedule for the event will be as follows: grades 1-3 - 12-1 p.m.; grades 4-6 - 1-2 p.m.; high school - 2-3 p.m.; grades 7-8 - 3-4 p.m.; adults - 4-5 p.m. Trophies will be awarded to the first and second place finishers in each age division.

Information Hot Line!!!

For the convenience of its clientele, the Morton Grove Park District has installed an Information Hot Line.

General information concerning program offerings and registration dates, as well as announcements of program cancellations due to bad weather may be obtained by calling 966-3075 daily.

Lane D. Schultz

Coast Guard Fireman Lane D. Schultz, son of Robert C. and Shirley A. Schultz of 9241 Fairway dr., Des Plaines, Ill., has reported for duty at the Coast Guard Station, Muskegon, Mich. He joined the Coast Guard in August 1977.

commensurate with their salaries. Niles is overweight at the top, which certainly reflects on the administration of the department. Fortunately, Niles is a sales-tax rich community which can bury its mistakes without making anyone look bad. But if the plus-\$3,000,000 annual sales tax refunds didn't flow into the village coffers, the village would be forced to operate more efficiently.

This tremendous amount of money makes everyone in the village look good. The politics can point to all these great services in town, as their contribution to a well-run town. But like most political history, good administration is often a myth. The waste of manpower in the police department is perhaps the most obvious example of misuse of personnel and poor administration.

The confrontation in School District 63 between the "outs" and the "ins" may be cyclical, according to one school board member. Jeanine Oestreich told us last week it seems the district swings back and forth every 5 years with board changes and accompanying superintendent changes. When the new people move onto the Board, they institute new policies which end up in changing the top administration.

Jeanine's implication is most interesting. Usually, after 6 or 9 years board members leave the Board in favor of new people who've been dissidents in past years. The most vocal and active residents are often those who seek basic changes in policy. And the changes usually start at the top, at the superintendent's job.

In less volatile districts, as in Niles Township, boards and administrators often spend 30 years on the job. The ebb and flow of change seems less than in a large district such as District 63.

Is the every 5 or 6 years change in the district harmful to its welfare? Or is the continuous change in the district best reflected by change? Are the superintendent changes an impediment in the district?

In our 20 years in District 63, we've seen 6 superintendents occupy the top job. When Jim Bagg, a very conservative superintendent did not favor full-time kindergarten, or band and language programs, the then dissidents in the district moved onto the Board, changed the "sup", and the district added the previously excluded programs. In subsequent years the superintendents reflected the thinking of the board members elected.

The chaotic situation in recent years came from a weak school board dominated by a superintendent who ran a one-man show. When his inability to anticipate the changes in the district, such as recognizing the local teachers' union, was evident, his days were numbered. He was out of sync with a more enlightened district. New board members recognizing the problem became a majority on the board. The "sup" eased himself out of the district.

We now have a new era in which dissidents demand their neighborhood schools remain open. They'll be seeking to move onto the board in April. Such an action would likely result in a 7th superintendent warming up in the school district bullpen.

MG Library Happenings

The Morton Grove Public Library is looking forward to Spring with its showing of two films, "Why Do Birds Sing" and "The Incredible Shrew" on Wednesday, Feb. 21 at 7 p.m. These films, which will appeal to nature lovers, are part of the Family Film Series presented every other Wednesday evening at the Library, free of charge.

Seek coaches

Love sports and kids? Then the Morton Grove Park District has got something for you.

Spring and summer coaching positions are now available for those with knowledge and experience in baseball, softball, flag football, soccer and billiards. Interested persons can apply immediately at the park office, from 9-5 p.m., or at the gym office after 5 p.m.

For further information and details contact the Athletic Director at 965-7558.

Legion seeks applicants for 'Queen Contest'

The Morton Grove American Legion Post 134 will select its 1979 Queen at the St. Patrick's Dance, Saturday, March 17.

Entries by single Morton Grove girls or daughters of Post-134 members will be accepted until Saturday, March 10.

Girls must be 16 years of age before March 1, 1979 and not be 19 years of age before Dec. 31, 1979.

Eligible entrants should submit head shot photo with name, address, parents' name, phone number, birthdate, school attending and/or place of employment to the American Legion Post Home at 6140 Dempster in envelope marked Queen Contest, or deliver it personally to Commander Roy La Roussa, 9033 Moody ave., Morton Grove. If further information is desired, contact Commander La Roussa at 965-2669.

Bank security ... Cont'd from Niles-E. Maine P.1

While the banks have different types of alarm systems, he noted "all basically serve the same purpose."

"All alarm systems are good," observed the police captain, "up to the time they are circumvented." He pointed out that the Morton Grove burglars gained entry to the bank from an adjoining building which concealed white smoke and light flashes necessitated by tools used in their work.

Asked whether there were any new improved security systems Dennis said yes, that "a vacuum alarm system is in the embryonic stage."

Also, during pre-board discussion Director of Public Works Ed Bacher told trustees that approximately 75 to 100 tons of salt (a two to three weeks' supply if used sparingly) was left of the annual allotted 1500 tons for use on village streets.

"We're using two parts sand and one part salt now to stretch the supply to three weeks," said Bacher.

Should March conditions necessitate the use Bacher said "then we'll use calcium chloride with sand." During a shortage last year, the Director said 500 tons of buckshot was used which "didn't help our sewer system."

Richard Albrecht of Public Works noted it would take three to four weeks to obtain more salt for use on the streets - "everything is frozen and the barges are down at St. Louis. Nothing can get thru."

Village Manager Kenneth Scheel noted that salt payments of \$15 to \$19 per ton have now gone to \$60 per ton "if you want to buy it."

During board action Tuesday night, trustees voted to file a written letter of objection to a Cook County Zoning petition for a two-story office building and restaurant on the southwest corner of Golf rd. and Greenwood, directly west of the Golf Mill Shopping Center.

Rejection was based on "spot zoning" for C-4 (commercial) in an R-5 single family-zoned area; that the re-zoning would be an infringement on the residential area and have a detrimental effect (noise, etc.) on residents to the west; and that the projected re-zoning could cause extra traffic problems and traffic hazards on nearby thoroughfares.

Opposing the petitioned re-zoning Albert Sompolski, Elm Drive resident and secretary to the North Maine Fire Protection District, noted re-zoning of the same area had been denied by the County on two previous occasions.

"I appeal to the moral aspects and common sense of your village to deny the re-zoning," Sompolski told trustees.

Because the site is located in the unincorporated area, villages within a 1 1/2 mile radius may recommend approval or disapproval of petitions made to the County Zoning Board.

In other business trustees narrowly approved, 3 to 2 (in absence of Tr. Peter Pesole), a conversion to condominiums of the Green Lakes Apartments.

While Tr. Bart Murphy said he did not object to the condo concept, his denial was primarily based on the high density proposed for the project. "I had hoped the petitioner would reduce the density."

Tr. Angelo Marcheschi said he objected to the high density and insufficient parking proposed for the area.

Approved conversion to condominiums of the Kingston Apar-
