District 63 Caucus endorses Smith, Weiss

The East Maine School District 63 Caucus voted Feb. 21 to support incumbent Dick Smith and resident Donald Weiss for the April elementary school board election.

While there are three openings in the District 63 election the Caucus group only gave 14 or more majority votes to Smith and Weiss, the minimum required for selection. Incumbent Jeannine

Oestreich received 12 votes, two short of the majority, while present Board President Larry Reiss received 9 votes as did newcomer Alana Marx. First time candidate Dennis Tugander garnered 6 votes.

On a second run-off ballot none of the remaining candidates received the necessary 14 votes. Marks garnered 8 votes, Reiss and Oestreich received 6 votes

apiece while Tugander received 3 votes the second time around. Robert Atkinson, a Glenview resident, did not receive any votes.

Present Board member Larry Reiss announced after the meeting he was not going to run for re-election. He had told The Bugle the previous day he did not intend to run but reversed his stand by appearing before the

Caucus. Reiss, in a very low-key presentation, did not use notes but spoke off-the-cuff in discussing school matters with Caucus members. Unlike all the other candidates except Atkinson he did not have a prepared text. Reiss left the impression he did not intend to escape Caucus scrutiny but did not attempt to impress them with his accomplishments during the past 7

years. In the Maine Township High School District 207 election the Caucus selected incumbents Tom Rueckert and Arlynn Warmack for second terms. Warmack received 19 Caucus votes while Rueckert had 16 votes. Newcomer Howard Blassman received 8 votes and Nilesite Thomas Flynn, former Oakton College trustee, received 3 votes.

Niles Board hears NWMC report

by Alice M. Bobula

Niles Trustee Peter Pesole as mayor pro-tem presided over what could be termed possibly the shortest village board meeting Tuesday, Feb. 27, in the absence of Mayor Nicholas Blase, reportedly vacationing in Florida.

"That," said Pesole with a broad grin to the delight of the predominantly high school student audience, "is why they selected me to chair the meeting."

Highlight of the Tuesday board meeting was the annual report by William Muhlenfeld, Executive Director, on the Northwest Municipal Conference (NWMC).

In deference to his youthful listeners Muhlenfeld summarized the NWMC as "an association of 29 city and council governments in the northwest county to improve economy and efficiency of (municipality) services."

The Conference, beginning its fourth year January, 1979, has drawn representatives of participating municipalities and townships in formation of committees for purposes of inter-governmental co-operation, joint and comparative purchasing, training and enforcement seminars and inter-related programs geared to improved services.

The youthful director pointed out the NWMC negotiated joint purchase of more than \$400,000 worth of material with actual cash savings to participating memberships of 5% to 50% of individual cost.

Muhlenfeld said Niles had very good attendance in NWMC programs last year, a point he said he was not able to make in other township reports.

Watching candidates for public office is like viewing a political kaliedoscope. The ever-changing forms are often caused by a jiggle here, and a little movement there. Whether you're viewing Bilandic and Byrnes shuffling their new imagery, or viewing the national scene, or down here in the boonies watching candidates vieing for school boards, the viewing is often fascinating and worth reporting.

Last week little bits of heroism and signs of human foibles could be seen at the East Maine District 63 Caucus meeting where the group sought to support candidates for April's school board elections. And while the candidates weren't in the bright spotlight reserved for Chicago or Washington politicians, nevertheless, the human reactions are very much the same.

Incumbents Jeannine Oestreich, Larry Reiss and Dick Smith presented themselves before the group. Since the closing of schools has caused much consternation in the district, many Caucus representatives were opposed to the incumbents' efforts for re-election.

Jeannine gave a masterly presentation. It was most impressive and warranted respect even from those who were opposed to her candidacy. During the question and answer period Jeannine didn't flinch when asked if she'd vote again to close the schools. She said she would, and out the window went the necessary votes for her support by the Caucus people. Jeannine refused to compromise, stood tall and was turned down by the group.

Board President Larry Reiss spoke before the group, knowing the deck was stacked against him. Larry did not prepare a formal presentation, speaking off the cuff in a very

M.G. Library happenings

Child abuse hurts everybody, and it is an overwhelming problem in America. Because it is a "secret" social problem, people are not doing enough to stop it. Only through education and preventive programs in communities, can potential abusers be identified and treated before they hurt their children.

On Tues. March 6 at 7:30 p.m., the Morton Grove Public Library will present a lecture and film on Child Abuse, given by Estelle Greenberg from the Chicago Chapter of the National Committee for Prevention of Child Abuse.

The program will include discussion of individual efforts to prevent child abuse and organized prevention programs in the community. Everyone can do something to help, no matter what their situation, if they are aware and informed; that is why this program is so important.

What makes sharks so different from other fish? Are they really as dangerous as all their publicity would have us think?

These and other questions about sharks will be answered when the Morton Grove Library present the Nova Science film, "Inside the Shark" on Wed. March 7 at 7:30 p.m. This excellent 50-minute color film will show why sharks are so invincible and so feared. There is no admission and the public is invited to attend.

Make More Pays in Convenience Too

Why put up with the inconvenience of having your savings and your checking account in separate places? Make More enables you to combine both savings and checking at First.

How Make More Accounts Work

When you open Make More accounts you authorize automatic transfer of funds from savings to checking as needed to cover checks you have written. Since your checking account may have a zero balance, the automatic transfer feature means constant overdraft protection. A savings balance of \$2,000.00 must be maintained. Below \$2,000.00, a monthly transfer fee of \$5.00 is charged. At all times your balance in savings earns regular 5% interest, paid monthly. At the close of each monthly cycle a combined savings/checking statement is issued.

Pep assembly honors Demon gymnasts

To give full recognition to Maine East's outstanding gymnasts, as well as to other successful Maine East students, an all-school pep and awards assembly was held Monday morning, February 19.

The program opened with the band, cheerleaders, and Demon Squad cheering to "Maine East Echo."

Then other fall and winter teams were recognized for their talent and skills. Coach Rich Sazonoff's 1978 C.S.L. conference cross country team as well as Coach Don Keane's championship golf team were recognized along with Maine East's conference leading basketball team, tied for first place with Maine South; girls' swim team qualifies for state competition; our winning district girls' bowling team; district and sectional wrestling champs, sending four to compete at this week-end's state finals; and the '78-'79 second place sec-

tion winners in dramatics/speech competition this past week-end.

The program concluded with the introduction of the 1979 state gymnastics champions - Ron Bartusiak, Phil Bierman, Mike Crutchfield, Jim Dahlin, Mike Deneberg, Jeff Jacobs, Joe Katuzinski, Mickey Morgan, Corky Muskin, Eric Nellesen, Marc Pelini, Mark Picciotti, Joe Ray, and Jeff Solomon.

And besides being a proud moment for Coach Gardner and the team, Maine East principal John Clouser found the morning, no doubt, to be one of the highlights of his last year with Maine East and District 207. He's been an avid fan of Maine East sports and extra-curricular activities, and in the months ahead he's assured of more Demon laurels with hopes high for the cagers and grapplers, to name a few.

Good luck, Maine East!

YMCA swimmers take first place

The Leaning Tower Family "Y" swimming team captured first place in the YMCA Moody Division Championship Swim Meet Sunday, Feb. 11.

Leaning Tower swimmers, under the guidance of Coach Kathy Young, competed against swimmers from eight other Chicago area YMCA's and scored 1013 points. Their nearest rival, Hyde Park, scored 747.

Three Leaning Tower Family girls, Chary Montaya and Barb Baumhart both from Skokie, and Leanne Napoli from Chicago, captured three gold medals each. Torry Browder, also from Skokie, swam away with two gold medals. Eileen Doane and Shaun Mika both from Chicago, Davene Horst from Park Ridge and Leslie Babetch from Skokie all won one first place. The team will close out the season in three weeks with the YMCA satellite and state championship meets.

The team will begin practice again next September and is open to any child, 6-17.

Boys' Bowling Club

Dave Pisani of Niles, Phil Alscher of Des Plaines, and Brad Kovach of Park Ridge had the top series for the week of February 6 among members of the Maine East Boys' Bowling Club.

High games for February 6 were a 213 for Phil Alscher of Des Plaines, a 203 for Barry Lapping of Niles, and a 200 for Tony Past also of Niles.

The high team for the week was captain Rusty Silber of Morton Grove, Ken Chupp of Park Ridge, Rob Sax of Morton Grove, and Tony Past of Niles. These guys have a high team series of 2,461.

Girls' Swimming

At the recent girls' swim team league meet, Maine East came in fifth.

Special recognition goes to the medley relay team for its 1:57.60 time; Paula Tice for setting a new school record in girls' 100 yard butterfly with a time of 1:02.99; and Dawn Jensen, who broke her own state record in the 100 yard breaststroke with a time of 1:08.50.

SJB Warrior Cagers win tournament

The St. John Brebeuf 8th grade boys triumphed in the St. Ignatius Invitational Tournament. The Warriors, whose record is 22-3, beat St. Angela's in the quarter finals. Tony O'Brien and Paul Marusek took charge of the boards, while Mike Parker, Bob Barrett and Dan Parker took on a tough 1-2-2 defense used by St. Angela. As the game wound down, the Warriors seemed to overpower St. Angela with Warrior-like efficiency. Mike Parker was high scorer for the Warriors scoring 18 and Tony O'Brien tallied in 16 to give the Warriors a 62 to 41 win.

In the semi-finals the Warriors defeated St. Emily from Mt. Prospect. 6'1" center Tony O'Brien and 6'3" forward Paul Marusek combined for 26 points. When there was a missed shot underneath, Tony and Paul would crash the boards fighting off defenders to get the ball. Capitalizing on St. Emily's mistakes is what gave the Warriors another victory. The final score was 43 to 38.

In the Championship game, the Warriors outlasted St. Ignatius.

The game seasawed back and forth, with the lead changing many times. St. Ignatius was up by 3 points at halftime, but St. John came out of the locker room all fired up and ready to "run and gun" for two more quarters of basketball. Beginning the fourth quarter, the Warriors were down by 2 points. At the end of regulation time, the game was tied, due to clutch shooting by Tony O'Brien and Dan Parker. With 3 seconds left in the overtime period, Dan Parker stepped up to the free throw line. With the home St. Ignatius fans screaming and yelling, Dan calmly silenced the crowd with a swish with 2 seconds left on the clock. The Warriors won 49 to 48 to capture the title of Number 1. All star trophies were given out to Mike Parker and Tony O'Brien. Other members of this 1st place team are: Dan Parker, Paul Marusek, Mike Drehobl, John Sherwood, Tom Sytko, Tim Woloszyn, Tim Sparkowski, John Scheffler, Ted Plozrowski, Rob Burke, and managers Brian Murphy, Mike Pierski and Larry Wiltgen. They are coached by Dan Kosiba.

Maine East Girls' Basketball

Poor shooting was the primary reason for Maine East girls' variety losing to Maine South 65-48 on Feb. 9.

The Demons shot 24 % from the field, and after getting behind early wouldn't quite close the gap. Sue Busiel led all scoring with 20 points and 11 rebounds. Janet Hoosline had 11 points and 15 rebounds. Pat McGuigan added 6 points and Richelle Siplora had 4. Bylo Farmer had 3 points as did Kathy Perry. Barb Stelk, Lori Magnusson, Andi Mazar, and Terry Fautsch played but did not score.

The Maine East girls' variety basketball team lost to Maine West 64-61 on Feb. 6. The Demons

jumped off to an early lead, but poor shooting in the second and third quarters gave the Warriors a lead they never lost. At one point the Demons were down by 15 points in the fourth quarter, but Barb Stelk sparked them into a surge that brought them within two with six seconds left.

The Demons had balanced scoring and were led by Sue Busiel with 17 points and 15 rebounds. Janet Hoosline had 12 points and 16 rebounds. Lori Magnusson had 10 points, and Barb Stelk got all 10 of her points in the fourth quarter. Pat McGuigan added 6 points, and Bylo Farmer, Richelle Siplora, and Andi Mazar each had two.

Weight No More

Weight No More classes offer an exciting reducing program that helps plan a New You! WNM changes the way your body handles foods and takes all guesswork out of losing weight. Weight No More students don't count calories or weigh and measure foods. They simply follow weekly pre-planned menu sheets and relax! (No shots, pills or strenuous exercise is involved.)

The WNM program is geared toward re-education of our eating habits and vitamin education. In Weight No More classes each person's needs are of greatest concern.

An open house session will be held at Oak Mill Mall (Community Room, Main Level), 7900 Milwaukee ave., Niles, on Thursday, March 8 at 8 p.m. For additional information call 743-4962 or 967-6516.

State police to enforce hazardous materials transporting

Effective Feb. 1, 1979 a nucleus of 30 specially trained Illinois State Police Officers began enforcement of the Illinois Hazardous Materials Transportation

Act. This act passed by the Illinois General Assembly authorized the adoption of all or any portion of the federal regulations applicable to the transportation of hazardous materials on the highway. The Division of State Police have no enforcement authority for the transportation of hazardous materials by rail, air, and water.

According to Corporal Harold E. Diveley, Director of the State Police Hazardous Materials Section, the troopers involved in this program have completed three weeks of intensive training at the Transportation Safety Institute in Oklahoma City. Additionally, all are qualified as radiological defense officers by virtue of in-house training.

"Our concept of operations in this area is based upon a triad of enforcement, education and inspection," Diveley said.

Current plans call for training of 20 additional officers for this program in order to reach a total compliment of 50 officers dedicated to hazardous materials enforcement by Dec. 1, 1979. Trooper Robert Gomora of Streamwood is the Hazardous Materials Officer in the Tollroad District.

LETTERS to EDITOR

District 63 'strip and search' minds

Dear Editor:
This letter concerns another form of strip and search which can be even more damaging and humiliating. What about a psychological and emotional strip and search? What about deep probing into a person's private feelings and thoughts? East Maine School District 63 uses a perceiver interview in the hiring of prospective full-time teachers and substitute teachers that probes and evaluates an individual's personal life style and value system. In fact, the district has been considering using this same type of interview on its school children. Administrators have not clarified the reasons for using such personal, psychological questions asked and evaluated by persons who are trained only in "perceiver-ese" and not psychological testing. The Chicago Sun-Times (12-13-78) and WBBM Radio (week of 12-11-78) reported on the elusive validity of perceiver interviews as developed or thrown together by Selection Research, Inc., a consulting firm from Lincoln, Neb.
Even more appalling than the interview is the total unresponsiveness and apparent lack of responsibility shown by the District 63 School Board; its president, Larry Reiss; and its superintendent, Ken Moe, who, ironically, was hired through the use of a perceiver interview at no

small cost, financially, educationally, and perhaps even ethically, to the school district.
Parents, educators, psychologists, and specialists have voiced strong criticisms of and objections to the use of perceivers in public education. Why won't the school board pay attention to the experts? Why won't the school board respond to the community and suspend its connections with Selection Research until this firm proves that its techniques are reliable and valid?
Please don't suggest that parents attend board meetings or that parents talk to board members and administrators. We have tried. The silence from the board and its superintendent is deafening.
Perhaps a strip and search of a person's mind may well be a greater invasion of privacy than a strip and search of a person's body.
Sincerely,
Carol Christenholz

Niles is 'City that works better'
Dear Editor:
Too often the citizens of a community observe and talk about the negative aspects of a community. If Chicago is the "City that Works", Niles is the

city that works better.
Snow removal, transportation, communication and all functions of local government are most efficiently handled by Mayor Blase and his administration. The results of Mayor Blase's extra efforts are evident every time people travel through adjoining cities and villages. The citizens of Niles are truly fortunate to have a leader such as Mayor Blase.

Thanks for publicity
Dear Mr. Besser:
I am writing to thank you very much for your generous coverage of programs to benefit the older residents of Morton Grove. In the Feb. 8 edition of your newspaper there was an extensive front page article on the Tax-Aide program that has recently been developed by the Village staff. I really appreciate your interest in these programs and your cooperation in publicizing them to the community. Thank you once again.

Suburban Day Camp

Suburban Day Camp serves children ages 5-11 in Morton Grove, Niles, Des Plaines, Skokie and Glenview. This day camp program offers a wonderful summer filled with diverse activities such as organized and free play, arts and crafts, music, drama, cookouts, nature study, sports, swim instruction (WSI supervised), field trips, and occasional overnights.
The Suburban Day Camp program is geared to the individual child. The small camper/counselor ratio enables the camper to develop and grow as an individual. Non-competitive activities are offered; a child can enjoy the challenge of a new activity and not worry about failure. At Suburban there is an atmosphere pervading friendliness and warmth. A camper can make friends, enjoy interesting and fun activities, develop new skills, and gain greater self-confidence. The camp program is planned and conducted by a mature staff of counselors with an active interest in child development. Transportation is provided to and from camp. The camp day runs from 9 a.m.-3 p.m., Monday/Friday.

steps and sidewalks to homes or businesses must be removed where carriers must walk.
"During the period from December through February," Principali said, "the total number of carriers injured in falls on slick sidewalks and steps more than doubled compared to warm weather months."
Postmaster Principali said he realizes it is not always easy to clear ice and snow, especially for the elderly, but carriers are not required to risk personal injury from unusual hazards to deliver the mail.
Postal regulations also require that rural or curbside boxes be kept clear of snow, vehicles or other objects so the carrier can drive up to a mailbox to deposit or collect mail without leaving the vehicle.

Rising energy prices could cause defaults

An official of the Department of Energy warned Realtors that increasing energy prices could cause home mortgage defaults to zoom from 1 percent to 5 percent.
Peter Back, acting director of the residential and commercial building division in the Department of Energy, told Realtors attending the National Association of Realtors 71st annual convention here that an aggregated one-time cost increase of \$30 to \$40 a month in home energy costs could produce a 5 percent mortgage default curve.
In 1977, the National Association of Realtors launched its energy conservation program, designed to raise public awareness of the need of energy conservation by suggesting ways that homemakers can help.

He warned that a measure, defeated earlier, that would prohibit transfer of property unless it proved energy-efficient "will come back again and have support to pass. The clock is running out. Regulation is not practical, but it is a distinct possibility."
He urged Realtor participation in several Energy Department programs. One would incorporate energy conservation into financing, giving resale home buyers up to \$2,000 credit in first-mortgage payments for energy-efficient improvements.

Back also revealed that the Department of Energy currently is honing and testing a training course which would contain common energy-efficient techniques.
Back asked local Realtor boards and the National Association to help refine the course. In addition, he said Energy Department representatives would be made available to address Realtor board meetings.

"This exchange of information, our educational programs and monthly meetings, all provide our individual realtor members with a forum not otherwise available to Realtors", said immediate past President and Director, Ralph Van Kampen at the indoctrination ceremonies in January.

Glenview State Bank offers disaster loans

Area homeowners, tenants and businesses are now able to obtain information and applications for "SBA", Small Business Administration disaster loans at the Glenview State Bank, 800 Waukegan rd., Glenview. In addition, as a community service, the Bank will be offering interim financing (at market rates) to those applicants awaiting SBA approval. SBA disaster loans have been made available due to an official designation of Cook, Lake and 39 other Illinois counties as "physical disaster areas as a result of winter storm damage."
DISASTER HOME LOANS are available to home owners and/or tenants who sustained losses to their property as a direct result of a physical disaster. The purpose of the loan is to assist in restoring damaged or destroyed homes (including a mobile home used as a residence) as nearly as possible, to their pre-disaster condition. Loans may include funds to repair and/or replace such items as furniture, appliances, clothing, automobiles, etc. Loan funds may not be used to repair and/or replace extraordinarily expensive or irreplaceable items, such as antiques, coin and stamp collections, valuable paintings, book collections and extensive wardrobes. At the present time the interest rate on SBA disaster home loans is 7 3/8%, with the maximum allowable term of 30 years. Loans are limited to a maximum of \$50,000 to restore a residence; \$10,000 to restore residential contents; or \$55,000 for both purposes; plus eligible refinancing.
Applications for SBA Disaster Loans must be submitted by April 2, 1979.
ECONOMIC INJURY DISASTER LOANS (EIDL) FOR BUSINESSES are offered to an applicant that has sustained economic losses to their business as the direct result of a physical disaster. The loans are to permit the small business to meet obligations which could have been met had the disaster not occurred. It is not for the purpose of replacing lost sales income or lost profits, but is confined to the working capital position during the past disaster period, until such time as the business operation returns to normal level. The maximum term of EIDL SBA loans is 30 years, at an interest rate of 7 3/8%. The amount of the loan is determined by the amount of funds necessary to continue the business in operation.
DISASTER LOANS FOR BUSINESSES will be offered to businesses sustaining losses to their property resulting from a physical disaster. The maximum allowable term of the SBA loan will be 30 years, with an interest rate of 7 3/8%. Additional information will be made available at Glenview State Bank.

Maine Township Senior Citizens Annual Report

Maine Township sponsored a total of 43 activities for its senior citizens, climaxed by a special Christmas party with its proceeds donated to the needy. Senior Citizens Coordinator Ferdinand C. Arndt stated in his year-end report to Maine Township Supervisor James J. Dowd.

Arndt said that in its third full year of operation, the township program has attracted an average of more than 300 persons per event, with more than 600 attending the Christmas luncheon. That party was so large, he added, that it had to be held in two sessions in order to accommodate the crowd.

Admission to the party, a donation of \$3 per person, was given to the Little Brothers of the Poor to help other senior citizens in the Chicago area.

Arndt said the 1978 program included six outings, four theatre parties, 12 regular luncheon meetings, a dozen afternoons of bingo and cards, and seven "Rules of the Road" refresher courses for senior drivers.

Destinations of five day-long tours were: Seven Acres Museum in Union, Ill.; Clock Tower in Rockford; Kellogg plant in Battle Creek; House on the Rock in Wisconsin; and Springfield-New Salem. In addition the seniors spent an afternoon going "Back

to School" at the Central School in Des Plaines.

Seniors who attended all four theatre parties were able to view "Sound of Music", "Auntie Mame", "Hello Dolly", and "Guys and Dolls".

Arndt said the 1979 program will at least equal, and may probably exceed, the number of events held last year.

The Maine Township senior citizens program is funded through revenue sharing monies, not by tax levy. Seniors customarily pay the price of admission or meals, with Maine Township paying transportation and other expenses. Arndt and his staff, including Secretary Bea Ballin and Robert Ballin, volunteer their services.

Maine Schools to make up snow-lost instructional time

Maine Township High School District 207 has taken several steps to make up instructional time lost during the eight school calendar days it had to use as emergency snow days.

Student attendance will be required on Friday, March 2, originally scheduled as an Institute Day, and the half-day workshop scheduled for Wednesday, May 16, has been cancelled. Students will now attend a full day on May 16.

Instructional time remaining in the third quarter of this school year will be increased by changing the ending date of this grading period from March 23 to April 6.

Instructional time originally set for students to take final semester examinations will be

rescheduled so that regular classes can be held on these days and all students will attend school for a full day. Final examinations will be taken during regular class time.

Dr. Richard R. Short, Superintendent of District 207, explained these changes in the 1978-79 school year were made to demonstrate reasonable effort on the part of the district to conduct a full instructional year. Although the Illinois Office of Education (IOE) decided not to penalize school districts in counties designated as disaster areas for up to four snow days taken during January's blizzard, "we know the traditional quality of education in the Maine Schools was affected by the days the schools were closed.

"The challenge to each of us," he said, "is to make full use of the remaining instructional time left in this school year."

Because of the IOE's decision regarding snow days, District 207 was able to retain its scheduled spring break, March 24 thru April 1, and its June 8 closing date.

School break-in

Centel begins sale of telephones to residential customers

Central Telephone employees were pleasantly surprised to learn that Des Plaines Mayor Herbert Volberding (left) was the first customer under the company's new program of offering telephones for sale to customers. The Mayor picks up two new phones from Janis Weber (center) and Nancy Fitzmaurice at Centel's Pick-a-Phone center, 2004 Miner st., Des Plaines.

Central Telephone Company of Illinois has announced plans to sell telephones to residential customers in a new program offering a wider selection of telephone styles and colors.

Under Centel's new sales program, customers who buy telephones will reduce their phone bill because they do not pay the monthly equipment leasing charge according to Charles P. Lamm, Centel vice president. "The amount customers save will depend on the number and styles of the phones they own," he added.

He also pointed out that under the new program the company will broaden its product line to include new telephone styles and colors available at competitive prices.

"We expect to sell telephones as well as related equipment," Lamm added. But he pointed out that while customers will be encouraged to buy instead of lease phones, Centel will continue to offer a limited selection of telephone models and colors under the traditional lease arrangement.

"The reason we have started selling telephones is that the

telephone has become a consumer product," Lamm said.

"Last year, we saw the final resolution of the Federal Communications Commission's registration order permitting customers with one-party service to own their telephones. Following that decision retailers began competing and promoting the sale of telephones in a big way."

Lamm said under the new sales program the company will offer a variety of payment plans which include: cash; major credit cards; and an extended payment plan allowing customers up to two years in which to pay.

He said residential customers interested in purchasing telephones can receive more information by calling or visiting the Centel business office. The telephone number is listed on each customer's bill.

Central Telephone Company is a subsidiary of Central Telephone & Utilities, the nation's fifth largest telephone system. In Illinois Centel provides service to 280,000 telephones in the Des Plaines - Park Ridge, Pekin, Dixon, Galesburg and Staunton areas.

ED HANSON

The Midnite Special has arrived

In last week's issue we published a flock of teaser ads throughout the paper. All each little ad said was: Midnite Special comes to Niles - March 1st.

On page 2 of The Bugle, the mystery is solved. This was the brainchild of that entrepreneur, that innovator, that think-tank, that Houdini of the auto parts biz, the one and only Ron Brisk!

Now I've heard of joints in Vegas being open 24 hours, I've heard of restaurants doing the same, laundromats, hospitals, drug stores, X-rated movies, police and fire stations, food stores and certain houses of ill repute... but...

Who ever heard of an auto parts supply company being open 24 hours a day? And more, who ever heard of one advertising specials from midnite to 8 a.m.?

Which all proves that you have to get up early in the morning to top Mr. Brisk.

Now if there is a line of customers from Harts rd. to Devon ave. waiting in line to get some of those midnite specials as advertised on page 2 of this week's Bugle, Ron Brisk should receive the "Genius of the Year" award.

And if this happens I'll reserve a rubber room in a nice, quiet rest home and spend the rest of my life emulating a billiard ball making bank shots off the floor, walls and ceiling.

Last Saturday while wandering thru a very poor neighborhood I saw a sign in a restaurant window which read as follows: T-Bone 50 cents

Underneath, in very small print, was: With Meat!! In another restaurant was a sign that read: "Don't worry about your hat and coat - watch your steak."

Another restaurant in this very poor neighborhood advertised a symphony orchestra with your dinner. It turned out to be three kazoo's and a radio.

So what's so unusual about advertising midnite specials for auto parts?

Suppose you blow a fuse at 2 a.m. in the morning? You can get it at Brisk Auto Supply. And lots of guys blow a fuse at 2 a.m. in the morning. Or suppose you need a hose at 3 a.m.? Or your battery is shot at 4 a.m.?

Of course, it will take the excuses away from guys cheatin' on their wives. If they tell their wives they were up with a sick car all night, the wife will scoff and say, "Why didn't you get the part from Brisk and fix the car?" So like everything, selling auto parts all night can work both ways. Good and bad.

The more I think about it the better I like Brisk Auto Supply's Midnite Specials. I like the idea that he'll be open 24 hours, Monday thru Friday.

This will cause him to run more full page ads, maybe double pages, a section (4 pages) ***** The more advertising, the more commission I make.

After all, advertising is 65% baloney and 15% commission. I'll drink to that!

Shrine Circus offers 'Greatest Show on Earth'

High above the throng a spotlight illumines a lovely ballerina in white and diamond sequins, glittering as she gracefully arches and poses, drawing "Oohs!" and "Aahs!" from the appreciative crowd. Suddenly she is swinging out into the audience on her trapeze; hanging by her heels. Then - well, you'll have to see for yourselves, as Lou Ann Jacobs, fresh from her international performances at Monaco for Prince Rainier and Princess Grace, shows why she is the acclaimed prima ballerina of the high bar and trapeze.

The great new Medina Shrine Circus is not only superbly glamorous this year; it is also more exciting than ever. What other show offers a 9-year old equestrienne, little Nellie Hanneford, and her grandma, all of 90 years young! Grandma Elizabeth cracks the whip while the Hannefords somersault from one horse to another as Tommy, the clown keeps you in stitches with his madcap riding.

Oh, yes, there's elephants, tigers, an uncaged leopard and the cutest bunch of dancing doggies you've ever seen. And there's more: The Flying Gaonas, who you've seen on TV recently, who also did a command performance for the Rainiers in Monaco. There's a tremendous trio of lovelies from Holland, Les Verduis, who balance on huge white balls, and the fearless Ventura Duo, tight-wire artists; and Tajana, the lady who left her nerves at home while she puts her Royal Bengals through their fiery hoops.

Not least is Senor Rai, who'll have the girls ga-ga over his magnificent costumes as he introduces each act in his capacity of Million Dollar Ringmaster. Did we leave out the clowns? No way! But maybe you all ought to come out and see this magnificent circus to be sure! It's starting March 5 at Medina Temple, 600 N. Wabash ave., Chicago. Matinees weekdays at 1 p.m., Saturdays and Sundays at 12:15 and 3:30 p.m. All evenings at 7 p.m. Show runs thru March 25.

MONNACEP offers Chicago tours

The city of Chicago holds childhood memories for many suburban residents who grew up there. To other suburban dwellers, the Windy City breathes its enticing ethnic and cultural variety. Whatever it is that it has, the big town seems to beckon both native and foreigner.

MONNACEP is offering three ChicagoLand Tours to take those city seekers into all the enjoyment of the big city without all the problems.

The tours, which begin in the morning or early afternoon and end in the late afternoon, provide an organized venture into various aspects of the city's life. The tours are led by experienced guides and passengers can relax and enjoy the day in a comfortable touring bus.

The first tour this spring, "Ethnic Salad Bowl," on Saturday, March 17, will carry its passengers through Italian, Greek, Spanish, Polish, Chinese and Ukrainian neighborhoods.

The fascinating details of these areas, with stops at a tortilla factory in Pilsen, the Polish Museum and Greektown, are all part of the days' tour.

The bus for this tour leaves the east parking lot at Maine West high school at 9 a.m., the west

parking lot at Niles West high school at 9:15 a.m. and will return about 4 p.m. Cost of the tour, including lunch, is \$17.

"Chicago Landmarks," on Saturday, March 24, will visit sights which travellers from around the world come to Chicago to see, such as the Glessner House, Hull House, and the Chicago Historical Society. Learn the fascinating details about Chicago's past and eat lunch at famous Sauer's Restaurant.

The bus leaves the east parking lot of Maine West high school at 9 a.m., the west parking lot of Niles West high school at 9:15 a.m., and returns about 4 p.m. The cost, including lunch, is \$17.

Board a luxury bus with Dr. Irving Cutler as host and narrator for "Jewish Roots: From Maxwell Street West and Northwest" on April 1. Spend this Sunday afternoon visiting areas where Jewish culture flourished in times past.

The bus leaves the north parking area of Niles North high school at 1 p.m. and returns at 5 p.m. Cost is \$12.

For further information or to make reservations, call 967-5821 or your nearby MONNACEP center. Space on each tour is limited, so sign on early.

MG police distribute 'Mr. Yuk' stickers

The Morton Grove Police Department Crime Prevention Bureau distributed a quantity of "Mr. Yuk" stickers to all Morton Grove pharmacies.

Each year in the United States at least 1 million persons become ill from poisons, and approximately 3,000 of them die. Youngsters under the age of five are most vulnerable to accidental poisoning. They explore and experiment; they have no store of knowledge or experience to make them cautious; they are unable to read words on labels.

The "Mr. Yuk" symbol has been developed especially for these children. To keep it effective, please use it to label potentially harmful substances only.

The Morton Grove Police Department has received a supply through the generosity of private funds and through the Village budget. We, along with the others involved, feel the program is worthwhile to sponsor. The stickers are distributed through the Officer Friendly program in the Kindergarten, first, second and third grades.

Mr. Yuk is available by calling the Morton Grove Police Department Crime Prevention Bureau between 9-5 Monday - Friday at 966-7800 or at Morton Grove area pharmacies.

Some of the features we would like to include are ethnic foods, artifacts, crafts, costumes and song and dance presentations.

An organizational meeting has been set for early March. If you, or your organization, would like to get involved, please call Janet Williams or Janet Dick at 674-1500.

Ethnic Festival

The Skokie Park District in cooperation with the Village of Skokie is in the early planning stages for an Ethnic Festival to be held at Oakton Park on July 7 and 8.

In the past several years this village has seen a rather sizeable and diverse influx of new residents that represent many different ethnic backgrounds. The objective of this event is to provide an opportunity for these persons and others representing different

nationalities, to showcase their cultures. It would also allow people to experience and better understand these cultures.

Some of the features we would like to include are ethnic foods, artifacts, crafts, costumes and song and dance presentations.

SJB Cheerleaders

St. John Brebeuf varsity girls cheerleaders recently won the Northwest Suburban Conference championship in a tournament. St. John's cheerleaders opened up the action making the gym resound as if it were a lobby after coach Verna Wey asked them to think of themselves as "actresses on a stage". Before the tournament the girls practiced their routine at least 60 times.

By the end of the first round which included the "Hello" and "Hey Trojans" cheers, St. John's led runner-up Queen of All Saints of Chicago by 5 points. The cheerleaders increased their lead by 21 points for a total of 161 with the "Let's Go" and "Truckin'" cheers during the Warriors second round.

Maureen Leane and Michele Derring are co-captains of this championship team. Regina Dyjack, Michele McMahon, Pam

AREA SCOUT NEWS

St. John Brebeuf Girl Scouts

"Hearts and Roses" was the Valentine theme for the Father-Daughter Dinner of the Girl Scouts of St. John Brebeuf School, and the setting was the Marketplace Restaurant at the Holiday Inn on River rd. in Rosemont.

Each Brownie, Junior and Cadette presented her "beau" with a satin rose boutonniere which indicated each girl's level

in the scouting program. Valentine table favors and swan-like valentine centerpieces which were created by the girls of Junior Troop #946 decorated the dining tables.

"On My Honor" was sung before the Scouts and their dates enjoyed the delicious six-course dinner. Winners of the centerpieces were the girls whose Dads had the lucky numbers on the

reverse sides of their boutonnieres.

Companionship, conversation, laughter and friendship were the ingredients of this popular annual inter-troop activity. At the close of this affair the Scouts joined in singing "Taps".

Brownies visit Bozo's Circus

The Brownies of Troop 601, Troop 326, and Junior Troop 846 visited Bozo's Circus on Feb. 1. The scouts' joy and excitement at attending Bozo's Circus was clear to everyone. When the Magic Circus Arrows, for the Bozo Bucket Game, stopped on the lucky brownie, Karen Casaccia, of Troop 601, the other brownies and juniors encouraged her with their cheers. Karen received several prizes, Bozo buttons, a birthday cake, and hot dogs.

During a commercial break, the Bozo Circus Group helped junior scout, Krista Jablonski, celebrate her birthday. They sang "Happy Birthday" and Krista was given a birthday cake and tootsie roll bank. All the scouts were given a Bozo Circus button and an autographed picture.

Each troop had their picture taken with Bozo, Cookie, and Wiz. This trip provided the scouts with many memories and all enjoyed a good time.

The brownies demonstrated skating skill by forward and backward skating, twists and turns, and dancing to music (alone and with partners). The skating party was one highlight on the Brownies' winter calendar.

Mikva urges Carter to back gun legislation

U.S. Congressman Abner J. Mikva has gained bipartisan support for his efforts to persuade President Carter to stand behind legislation that would strengthen federal gun control laws.

Mikva, who has introduced a bill (HR 566) to ban handgun ownership except for police agencies, the military and licensed pistol clubs, said that the chances for "strong federal gun control are not good unless President Carter comes in and steps down hard in favor of such legislation."

Pointing to the results of recent Gallup and Harris polls which show that a vast majority of Americans - more than 70 percent - want some type of gun control, Mikva said, "I think the sentiment of the majority of Americans is exactly opposite to the position generated by the gun lobby and their paper blizzard."

Thirty-seven House members, including both Republicans and Democrats, joined Mikva in urging President Carter to send Congress proposals for gun control legislation. They co-signed a letter stating, "The easy availability of concealable handguns has not only resulted in a tragic loss of life, but it has also spread fear through the streets of American cities." Contained in the letter is the fact that each day more than 30 Americans lose their lives because of a bullet from a handgun.

The co-signers also took issue with the "powerful gun lobby"

Steal guns in house burglary

Approximately \$640 in guns and ammunition were stolen during a burglary Feb. 21 of a home on Maryland.

Police said the thief entered by kicking thru a rear window of an enclosed back porch.

Once inside he broke open a locked rear door and went to the master bedroom where he took 4 guns and 250 rounds of ammo from a gun rack hanging on the wall. A pillow case taken from the bed was used to hold the weapons.

Neighbors told police a pickup truck came to the house around 9 a.m. Wednesday and a young man 6 ft. tall, wearing a dark blue uniform, exited the truck and walked around the victim's house where he was out of sight, due to high snowbanks, for about 20 minutes.

They noted the truck left at 9:20 a.m.

A friend of the victim visited the house around 12 o'clock and noted the door was unlocked with fresh pry marks near the lock. Upon investigation she found the guns missing.

Chairman Klein had described Mrs. Anastos, Primer and Peterson as one of the "best and most representative slates ever to run in the village." Klein had also said his party intended to "check with village hall" on the collapse of the village garage. Several questions remain unanswered as to the exact reason for the collapse of the only major structure in town and the amount the insurance coverage against what will undoubtedly be a million dollar loss.

As of press time, it was still doubtful as to whether the Better Government Party intended to appeal Monday's decision by the election hearing board.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a Public Hearing on the Tentative Budget and Appropriation Ordinance for the Township of Niles for fiscal year 1979-1980 will be held Wednesday, April 4, 1979, at 7:30 P.M., at the Niles Township Administration Building, 5255 Main Street, Skokie, Illinois.

Niles West runs over East

The start of the Indoor Track season was delayed a week for Niles West High School but that didn't delay the Indians from running over the Trojans of Niles East High School. In the quadrangular Indoor Track Meet Niles West just missed scoring 100 points. The final tabulation of scores showed Niles West with 98, Niles East with 67, Lake View of Chicago with 33 and University High of Chicago with 0 points.

West won seven of the 14 events with Niles East winning 5 events and Lake View winning 3 events. Event winners for the Indians were Bruce Well in the Shot Put, Owen Firler in the High Jump, Victor Wu in the Triple Jump, Ricky Bedony in the 880, Rick Arendt in the 1 Mile Run and both relay teams. Running on the 4 Lap Relay were Nestor Evaristo, Bruce Well, Steve Siegel and Eric Borin. Running on the winning 12 lap relay team were Eric Borin, Glen Garfinkel, Adam Keno and Steve Mersch.

East was led by Jeff Pozen who won the 2 Mile, Barry Leb who won the 50 and the 440, Cohn who won the Long Jump and Stahlberg who won the Pole Vault.

Niles West also won on the Sophomore and Freshman levels. Coach Savage of West was very pleased with the overall performances of his teams. Savage stated that "because of the weather and the lack of an indoor track the team has not been able to get in the necessary practices to turn in real good times. However, the West Athletes are progressing nicely and we should be in good shape by the start of the outdoor season."

Continued from Page 1

low-key unobtrusive manner. Larry wasn't doing any selling... neither of himself nor of his principles. He didn't try to be a good guy, a personality boy, or court the many hostiles he was speaking to. When he sat down he said what he had to say. He knew he wouldn't get their vote; he didn't, falling 5 votes short of approval. He didn't compromise and he didn't win... and perhaps he thought "the hell with it..." Before the meeting he had told us he didn't intend to seek another term. And after this meeting he said he wasn't going to run again. But perhaps he didn't want to walk away without appearing before the Caucus, so they couldn't say he was afraid to appear.

The third incumbent, Dick Smith, gave an even more masterly presentation than Oestreich. It didn't have her content but it had pizzazz. Dick came on very assertive, integrated his speech with much humor and came home in a cakewalk. He accumulated the highest vote total of any of the candidates.

Smith, like Oestreich and Reiss, had voted to close schools. And Smith, unlike any of the other board members showed additional courage by voting to close the school his child goes to, inviting much wrath from his neighbors and fellow school residents. But Dick stood very tall last year. Faced with a potential \$10,000,000 debt, he voted to meet the problem by closing schools, including his own.

When he appeared before the Caucus he was equally strong. His speech was forceful. He looked hostile Caucus members in the eye and dared them to stare him down.

After Smith completed his speech, he was home free. Everyone was much impressed by his presentation and his victory was predictable. But here come the human foibles we mentioned before. Dick is a very ambitious guy. We're betting he would like to be school board president. But after giving his masterly speech he then bent his knee to the crowd answering questions just the way they would like them answered. He skewered the superintendent, who the school-closing opponents don't like. He scoffed at using outside experts to help make decisions in the district and he meekly answered one question stating: "I'm only one board member, what can I do?" It was an incredible answer. Here's a candidate who appears before a group by implying he is there as a candidate because he can make a difference. And then in his answer he implies he can't control board actions, separating himself from board actions. Yet, previously, he was a very essential part of those board decisions.

Dick never spoke ill of the superintendent before. He stood tall and gutsy when he had to when he voted reluctantly to close schools. And here he was before many people hostile to his previous efforts and he fawningly sought their good will by giving answers they wanted to hear.

Smith was already home free. His speech was so good he was a shoo-in to win. But his ambition must have overcome him. He backed away from his past, by giving his questioners the answers they wanted to hear.

The contrast between Smith and the other 2 incumbents was startling. Oestreich refused to compromise. And the Reiss presentation was a "you can take it or leave it" speech. No fawning, no compromising. They went home without the votes. But they went home with their integrity.

The next morning Smith telephoned and apologized. He said we supported him in the past and he felt he owed us an apology. We told him an apology is a lot of baloney. He owes no one an apology, certainly not us. He has a right to speak as he desires.

After his phone call we sat back and realized the telephone call, like the performance the night before, was all part of the same thing. He is ambitious. He wants to win. He catered to the Caucus people. And now he wore his humblest cloak by so easily apologizing to someone he had no business apologizing to. But like the Caucus, he also wants our good will.

This little political playlet is a microcosm of what politics are like in Chicago and in Washington. People bend, compromise, promise, lose friends but gain votes, because they want to win. Occasionally, there are people like Oestreich and Reiss who are willing to lose. We would like to think they are the real winners.

SJB girl cagers win trophy

St. John-Brebeuf's seventh grade girls' basketball team recently claimed the first place trophy at the first annual Ridgewood High School eighth grade girls basketball tournament. The tournament had all the earmarks of a sports novel for the youngsters rewritten around a mediaeval tournament theme where a young black knight mysteriously enters the fairgrounds to challenge the local favorites. Mr. Marusek, coach of the St. John Brebeuf team and a teacher at Ridgewood High School, organized the tournament for the schools that send their 8th

grade graduates to Ridgewood. He related, "I wanted the girls of Norridge and Harwood Heights to experience the same kind of fun and success the girls in Niles experienced during the recent girls basketball tournament held for the first time by the Niles Park District. We entered our 7th grade team merely to give them more playing experience."

The St. John's girls came to Ridgewood at 8 a.m. to "tilt" with Pennoyer, and stunned them with a full court press so early in the morning! In the semi-final game at noon, the St. John's girls had to dress in their black practice out-

fits from which all school identification marks were missing. Comments such as "Who is that team in black?" were heard frequently from the stands, as St. John's went on to beat Giles' 8th grade girls team. "Unmasked" as St. John's of Niles the girls put on their gold jerseys for the championship game against Leigh grade school of Norridge whose undoing was a half court trap. The St. John's girls team went home victorious at 5:30 p.m. after 9 1/2 hours of basketball. Lisa Strauss with 12 points was the leading scorer in the 30 to 17 victory over Pennoyer. Julie Klan-

cnik with 10 points led all scoring in the 30 to 14 victory over Giles. Nancy Surace led all scoring with 17 points in the 31 to 21 championship victory.

Coach Marusek remarked, "The secret of the success of this St. John's team is their willingness to share. We don't just have one player who we depend on, one who can be stopped by the other team. The girls enjoy sharing the glory." Other members of this championship team include Barb Wiltgen, Mary Jane Marusek, Sue Watson, Nancy Kadivnik, and Maureen Thompson.
