## Gala 25th anniversary celebration for Woman's Club of Niles

by Alice M. Bobula  
Approximately 150 members and guests of the Woman's Club of Niles attended a silver anniversary dinner-dance Friday, March 9 at the Fountain Blue in Des Plaines, commemorating 25 years of dedicated service to the needy, civic responsibilities and volunteer work.

Several awards were presented to club members in the chandeliered, blue-carpeted ballroom as guests applauded. A plaque honoring the Club for its years of dedicated service was presented on behalf of the Village of Niles by Mayor Nicholas Blase who said he was "proud to present the award for so many years of achievement ... you've contributed so much to so many

people ... A colorful plaque presented by Niles Fire Chief Albert Hoelbl was made on behalf of the officers and men of the fire department "in appreciation of (club) contributions and loyal support ... We congratulate you and hope you keep up the good work," noted the Chief, humorously adding "because we have a few

more projects in need of your support." Ceremonies began with invocation by club member and past president Arlene Sawicki who asked for world peace and continued services by the Woman's Club. Club parliamentarian and past president Sandie Friedman spoke on volunteer activities of the

club. "We try to make strong and lasting friendships in all our endeavors," she noted. "Twenty-five years is a long time and we hope the next 25 years are as productive ... Each of you," she said, "can make reservations now for our 50th anniversary." Presently a resident of Evanston, Mrs. Rav Wiese, first Continued on Page 23

## Bugle Notes . . .

by Diane Miller

... According to Village Manager Ken Scheel, last week's tornado drill proved that school officials are well versed in handling a possible emergency. Village personnel, posted in all Niles schools, the Trident center and the Village Hall, reported the efficiency and promptness of moving children, senior citizens and village employees to designated safety areas was very commendable.

... The Niles Chamber of Commerce is planning a plaque presentation to the Village of Niles for the manner in which they handled the snow removal these past two months. Niles businessmen had nothing but words of praise for the village workers.

... It's a sad note, but Diane Hanson, trustee on the Niles Library Board for the past 13 years, tendered her resignation at the last board meeting. Hanson's resignation followed closely that of Trustee Felix Dosppl. The constant turmoil which has surrounded the Library Board in recent months is starting to take its toll.

... Now that the 10th District's Congressman Abner Mikva has been selected by President Carter as a federal appellate judge, we expect another frantic congressional race. Ironically, former State Rep. John Porter who lost a close race to Mikva last November, filed as a candidate for the 1980 election the day before Mikva was named to the federal court.

... The Niles Days Committee is starting to work fast and furiously putting together a festival for this summer. Several new innovations will include a car smash, nightly dances and entertainment including a Disco Night, a Polka Night and the Niles Squares. Terry Schevelenko, chairman promises the biggest and best festival ever with expanded food facilities and an unending list of prizes.

... The District 63 School Board and the East Maine Teachers' Association have agreed to conduct their first negotiations session this year at a meeting in public. This first session will be held at Apollo Junior High School at 4:30 p.m. on Thursday, March 15. District staff members and the public are invited to attend.

## Dr. Short spells out problems to 1,200 employees

# Dist. 207 announces staff cuts

In presentations held in the four Maine Township High Schools within the last two weeks, Dr. Richard R. Short, Superintendent, District 207, shared with 1,200 district employees the revealing data the district has gathered on declining enrollment and diminishing revenues. He discussed how this raw information may affect jobs, school programs - possibly the eventual number of high schools operated by District 207. Dr. Short told the audiences made up of teachers, administrators, counselors,

paraprofessionals, clerical, cafeteria and custodial staff what most of them had already surmised: "The big effect of declining enrollment comes on staffing. For 42% teachers, who have been notified they probably will not be rehired for the 1979-80 school year, the Superintendent's statement was already a fact. His comment that the present 536-member teaching staff could be down approximately 150 teachers by the 1983-84 school year was an even more sobering indicator of the depth of the seriousness of the

LETTERS to EDITOR

Action Party candidate charges 'distortions of the truth'

Dear Editor: In 1977, the disillusioned citizens of Morton Grove overwhelmingly turned to the Action Party. They demanded new leadership in protest against the excessive spending and unreasonable commitments of village funds by the Citizens Party administration, and because of the repeated scandals connected with some of its most prominent elected officials. That election heralded a new beginning of ethics, integrity, and effectiveness in our village government, and a record of achievement that will stand the most rigorous tests of open examination. When the leaders of the discredited Citizens Party felt compelled to rename their organization, I sincerely hoped that the birth of their new "Better Government" party also signaled a change in their campaign style - that our local political campaigns would now be conducted between highly-principled opponents who have sincere differences concerning policy or style, but who share an obligation to provide an honest discussion of the issues to an intelligent, deserving constituency. Unfortunately, it would appear we expected more of this so-called "Better Government" group than it was yet capable of delivering. The letter written by a former Citizens Party-Better Government Trustee and printed in this newspaper contained at least ten serious charges against the Action Party administration, all of which the writer knows full well are either patent lies or, at best, gross distortions of the truth. For example, more than \$500,000 of the \$600,000 left in the village coffers when the Action Party assumed office was not

spent by it, but actually had to be used to pay the bills incurred by the Citizens-Better Government administration, a fact substantiated by his own statement contained in an official village report. Astonishingly, we were also blamed for spending village money for certain street repairs, despite the fact that the repairs were made and paid for by the State of Illinois. He even condemned us for spending \$2.5 million for the Police-Administration building (the correct amount is \$2.1 million), but didn't bother to mention the \$4.5 million that he and his colleagues had readily approved for the same purpose. Most distressing, without having had the courage and decency to identify them by name (presumably to avoid certain legal action), he resorted to the lowest smear tactic of advancing veiled hints of criminal activity by "high officials". I can only assume that this outrageous, offensive strategy was concocted in a desperate but clumsy attempt to tar us with their dirty brush - to draw attention away from their own incredible incompetence - from the habitual bungling failure of their own experienced leaders to comply with established State of Illinois election laws that may possibly find the Citizens-Better Government group ineligible for consideration by the voters. Whatever their motivation, their tactics are reprehensible. The village did a good job in plowing the streets this winter. The people in Morton Grove can see over the snow well enough to recognize and reject political propaganda bred in the gutter. Yours sincerely, Richard P. Hols, Former Morton Grove Trustee

Praise for SJB pastorate

Dear Sir: The Village of Niles has been blessed with many good religious denominations, each with their splendid churches and each with great leadership. I, as a Roman Catholic, would like to say how fortunate we Catholics of St. John Brebeuf parish have been. We have a most beautiful church, with a great establishment surrounding it including the priests house, sisters home, the school and gymnasium. But most of all since the establishment of our parish, we have had such great and loving pastors, assistant pastors and sisters teaching in our school. First we had, who when he established our parish was The Reverend John Flanagan and later became Monsignor John Flanagan. He is now Pastor Emeritus of our parish since he retired about 5 years ago. Monsignor Flanagan was and still is one of the most modest people God has put on this earth. He had such consideration and love for his flock, it was more than we could expect. The day that Monsignor retired was thought to be a very sad one for our parish, because of losing our great pastor. Fortunately we still have him around and he is still active in our parish. Also fortunately for us, our Church's pastorate was given to another great but younger man, Father J. Edward Duggan. Another bright and loving man. Catholics use the term "Father" when addressing a priest. Reverend Duggan can sure be given this title. He acts like a good and considerate and loving father should. I'm sure everyone will agree that Father Duggan will keep us as one of the Lord's good hard working flocks left to his charge. We now hope the Lord will let him be with us for many years more.

Pathetic conditions in District 63

Dear Sir: As an oldtimer in District 63, from whose schools my children have, gratefully, moved upward, and as one who has attended Board Meetings for over twelve years, I feel it is my duty as well as the newspapers' to alert the community to the pathetic conditions in our elementary educational system. In the past, we went to Board Meetings where responsible people successfully sought solutions to current problems and respectfully responded to their constituents' concerns. Over the past several months, this process has changed to one of no action and behavior on the part of the Board Members and the Superintendent, that is rude, crude, and socially unacceptable - for anyone - least of all for elected officials and a Superintendent who pulls down a hefty salary from this community. Last Tuesday's meeting was a good example as the Board tabled action on next year's calendar that had already been discussed at length previously; and they tabled action on a busing program discussion which residents had brought up at the last meeting; and they tabled a matter regarding the guard system that had been discussed leniently after the Stevenson School disaster when they decided to take that up in executive session because of security - funny, I can't find security in closed sessions in the Illinois School Code. Par for the course they again avoided minor matters like the planning needed to meet the overwhelming problems of declining enrollment and monies. Par for the course, more reports that might lead one to mistakenly believe that length of meeting equals quality of meeting. Of note was the Superintendent's report about the Student Perceiver, whose use he, the Board and a handful of District employees continue to push in spite of loud community opposition and very strong criticism from CBS Radio, and the BGA and recognized authorities in Education and Psychology. He ran down a time line of those involved in the program and mentioned their meetings to evaluate the merits of continuing the program. Several thousand dollars were spent on this undertaking and its usage and worth have to be evaluated..... Wow!!! Sincerely yours, Mrs. Russell DiPrima, Glenview, Ill. 60025

Dist. 207 Board Candidate Flynn opposes firings Dear Editor: I want Maine Township residents to know that 42 to 47 high school teachers have secretly been fired. Private notices were given these teachers without an opportunity to defend themselves. No public notice was given either. As a Candidate for the Maine Township High School Board, I oppose this action. State Statutes require that teacher contracts be signed about this time of year. Throughout the Midwest teacher contracts are now being signed. Thus these 42 fired teachers will have little if any opportunity to find teaching employment next year. This is morally wrong to these teachers and especially their spouses and children. I call upon the Administration to rehire these teachers next year with the understanding they may not be rehired the following year. Additionally, that all teachers scheduled to be fired after the 1979-80 school year also be given notice. That will enable these potential 100 teachers to prepare for their futures with the dignity befitting their profession. Sincerely, Thomas W. Flynn, Maine Township High School Board Candidate

## SJB Cagers take 4th place trophy

St. John Brebeuf entered the Our Lady of Victory 8th grade boys basketball tournament with 3 starters missing but came away with a fourth place trophy anyway.

The St. John's team had nowhere to practice for the past several weeks, but they showed what they were made of by using their strong bench to beat St. Paschel's and St. Gregory's and nearly beating St. Tars, all of Chicago. St. Tars went on to win the championship of the tournament.

Tim Woloszyn set up the plays at point guard. Tim passed to Tony O'Brien or Paul Marusek who combined for 31 points in the first game. Henry Zajac played left wing. Mike Drehobl, in charge of the John's capitalized on to easily win the first two games.

In the quarter final game against St. Gregory's, Tim, Mike and Henry passed to the two big guys who combined for 42 points. Later in the game, when St. Gregory sagged to put 4 men on Tony and Paul, the guards Tim, Mike and Henry started shooting from the outside with good success. They combined for 14 points. The final score was 59 to 44.

In the Semi-final game, St. John's was in a "nail biter" until the last quarter when St. Tars pulled away on turnovers. St. John's had to accept the upset with their three key players gone, but held it to 55-46. Both teams started out hot as St. John's passed to Paul Marusek 4 straight times on the left side of the basket. Paul responded by putting the ball in 4 times on turn around jumps. The St. Tars' coach immediately called a time out and switched his defense. When play resumed St. John's found another weak link in the St. Tars defense. This time on the right side, the guards quickly passed to Tony O'Brien who then took over the scoring lead. Tony ended up with 20 points and Paul finished with 16. St. John's kept it close with full court pressure from the guards but the weariness of playing 5 games in 3 days set in. St. Tars broke the press 3 times in a row and took a lead that St. John's could not surpass.

In the final game against St. Celestine's in the tournament, St. John's gave the fans a good game to watch. They put on a last valiant effort and closed on the lead as time ran out on them. The St. John Brebeuf 8th grade boys' basketball team is used to winning first or sometimes second place in tournaments, but this 4th place win in the Our Lady of Victory Tournament is cause for congratulations for their unique "Festival '79" team.

Several key players were out of town during the recent Festival '79 vacation, but St. John's entered the tournament anyway with just 2 of their starting players and a team composed mainly of second stringers. This unique team was able to capture 4th place in tough competition. It is not often that a grade school team can claim such a strong bench to support the "starting five."

One of the regular starters, Paul Marusek was awarded an All Star Award in the tournament.

## Brennan wins diving titles

Jim Brennan, a junior from Niles, Illinois, has won both the one and three-meter diving titles in helping the University of Wisconsin-Eau Claire to the swimming and diving championship in the Wisconsin State University Conference.

Brennan, who attended Notre Dame High School, is in his second season of competition at Eau Claire and picked the conference meet for his best performances of the year.

He won the one-meter title by breaking the 9-year-old record of Superior's Bob Schneider by 8/10 of a point. In winning the three-meter crown, he scored the fourth highest winning total. The three-meter championship was the second conference title in a row for Brennan in that event.

Brennan led a powerful Eau Claire diving squad that took first, second, third and fifth on each board. The Blugold diving contingent should be one of the strongest in the NAIA Nationals next weekend at Huntsville, Alabama. The Blugolds are being coached this year by Jo Casey, a first-year coach who previously worked under Olympic Diving Coach Ron O'Brien at Ohio State.

## Dennis Tugander, Dist. 63 Board Candidate

Dennis Tugander of Niles has filed to have his name placed on the ballot in the April 14 District 63 School Board election. Tugander said he was prompted to run by the present Board's loss of objectivity and sensitivity to the community's feelings that are constantly evidenced in their failures and mismanagement of the District. "It's been a long time since I read a local newspaper without seeing some complaint or criticism of the District," he said.

Currently employed as Director of Finance for a Chicago Television station, Tugander feels his expertise can be of great help in solving the problems related to declining enrollment and projected deficits. He said that it was difficult to understand why more effort has not been made to recoup some of the tax monies returned to local municipalities who refuse to place Education on their list of

top priorities. "Every effort should be made to change this situation, because these funds, coupled with effective cost control measure, could radically change our predicted financial gloom," Tugander said.

Tugander indicated that he favors a standing Citizens' Advisory Committee rather than waiting to appoint one when a crisis arises. He said, "Such committees are common in many parts of the country, and while sometimes serving as the devil's advocate, they have proven their worth in helping school boards reach acceptable decisions.

"What our School Board needs, and what my campaign will be based on are very simply - intelligence, integrity, and independent thinking."

## Allana Marks, Dist. 63 Board Candidate

Allana Marks, who lives in Niles with her husband and two children, today announced her candidacy for a seat on the District 63 School Board.

Indicating that this was her first experience in politics, Mrs. Marks said that the critical situation that has arisen in the District is what prompted her to run. "The lack of credibility of the current board, their refusal to provide planning to combat the problems of declining enrollment with its ensuing financial difficulties and the well-evidenced inexperience of the superintendent have reached unacceptable dimensions," she said. "If the children of this district are to receive the education that we can and must provide, we just can't continue marking time with no forward motion at all. I strongly urge formulation of a sound five-year plan with yearly objectives that will move us to that five-year goal, and the plan must be based

on educational and financial expertise, as well as adequate community input."

Mrs. Marks received a BA in English from Hunter College and an MA in Special Education from Northeastern Illinois University. Currently employed as a Special Education Facilitator in a neighboring high school district, she will complete post-graduate work for a certificate in educational administration next month.

# Weatherproof energy.

In winter. For the past several winters, many parts of the country have experienced energy shortages. The oil and coal needed to make electricity couldn't be delivered. Rivers were frozen. Stockpiled coal was frozen solid. The machinery to move coal was frozen.

As fuel ran low, electricity had to be rationed. Plants and schools were closed. People were laid off. Shivering became the national pastime. But not in northern Illinois.

It wasn't luck that got us through those winters. It was nuclear power. Over 40% of the electricity we make comes from nuclear fuel. Because no matter how much it snows or how cold it gets, nuclear fuel is available - weatherproof. Enough uranium to provide all the electricity

we need for an Illinois winter can be stored in a one-car garage.

In summer. Nuclear power gives us the reliability we need to respond to summer peak demands without brownouts. In the last decade, when growth of air conditioning helped increase demand for electricity more than 50%, Edison's nuclear stations had an unbroken record of summer availability.

And nuclear power is today's great energy bargain. It costs about a penny a kilowatt hour less than coal and two to three cents less than oil. If we'd replaced our uranium with low sulphur western coal in 1977, it would have cost an extra \$280,000,000 in fuel expense. Oil or gas would have driven the cost up to over one-half billion dollars. Instead, the nuclear fuel we used, the equivalent of 47,000,000 barrels of oil, saved over 10% on your electric bill.

With our strong nuclear capability, we're ready for the weather. Let it snow. Let it tizzle.

Skokie Park District is offering two six week sessions of LaMaze, Natural Childbirth at Laramie Center, 6251 Sherwin. Session I begins on April 19 and continues through May 24; Session 2 is from June 7 through July 5.

The classes are being taught by Cheryl Schultz, a North Shore resident, who has received her certification with Evanston-Skokie Lamaze teachers of Northern Illinois Association for Psychoprophylaxis in Obstetrics. Besides experiencing the Lamaze method first hand, Mrs. Schultz has worked in obstetrics at Michael Reese Hospital.

It is suggested that couples begin classes about eight weeks before the baby is due. The fee per couple is \$45. Registration is now being taken at all Park District Recreation Centers.

Beginning this week, Mary will be meeting with Park District residents at a number of coffeees set up throughout the area. Contacting people in all sections of the park district and learning first hand of their concerns is going to be an important part of Mary's campaign as an incumbent commissioner.

## District 64 Teach-In

On April 27 School District 64 will hold its annual Teach-In. This event brings community people of all vocations into the schools to share an understanding of their occupation with the students. The teach-in works like this: persons interested in participating are assigned a classroom - at 8 a.m. the guest teacher and the regular teachers along with the building principal meet for a continental breakfast in the school building, and at 8:45 a.m. the guest teacher meets the children and explains (and sometimes demonstrates) his/her chosen field of work. This lasts about an hour and then the guest teacher is on his/her way. The vocations represented in the last several years have been greatly varied, including bakers, bankers, morticians, mechanics, florists and fashion designers. Nearly 150 guest teachers participated last year. The children gain a great deal from the unique experiences of these community people. The participants come away with a warm feeling and a better understanding of the teaching process. If you would like to be a guest teacher, please call your local school principal or Mr. Robert Hultgren, 823-1141.

## Off to the French Alps!

Nineteen Park Ridge-Niles students are completing their second week in Villeneuve, near Briançon, France. They have approximately ten days left in their program before returning home March 19.

Housed in chalets in the Alps with children from Parisian suburbs, the children are keeping up with their regular schoolwork in morning classes Monday thru Saturday. The afternoons are spent taking ski instruction from qualified instructors. The French Federation of Skiing, in cooperation with local French ski clubs and ski schools organizes contests for the students and delivers diplomas to all the students. These diplomas, which are recognized by the American Federation of Skiing, are: Premiere Etoile, for beginners; Second Etoile, which can be earned after three weeks; and Troisième Etoile, which is earned by advanced skiers. It is expected that all District 64 students will earn the "Premiere Etoile". Those that qualify can try for the advanced awards.

The snow class program has been under the direction and supervision of the FASSI (French-American Snow School, Inc.) committee headed by Mrs. Joanne Burgess. The students are accompanied by Miss Barbara Bowers of Merrill School and Dorothy D'Anna, counselor, a Maine East senior. Those participating are Amy Abernethy, Gay Brodersen, Julie Burgess, Wendy Carlson, Douglas DuBrock, Mary Ann DuBrock, Krista Felcan, Mark Fritz, Diane Hacke, Pamela Juckett, Christopher Karsten, Kevin Kasper, Scott MacDonald, Tony Merenda, Dyan Overbeck, Barbara Raidl, Jennifer Ryan, Sharon Thomas and Tiffany Zanon.

In May, 27 French children from suburbs of Paris are coming to Park Ridge for three weeks. They will be spending their time with families in the area and attending Jefferson School.

## Maine East Speech Team

Success with capital letters best describes the record of the Maine East speech team for this year.

The team took first place in district competition and second place at sectionals. Team members that qualified for state were Richard Goodman of Des Plaines in original comedy and Michael DiGioia of Niles and Lawrence Nathanson of Morton Grove in dramatic duet acting. Larry and Mike also took first place in state. This is the first time in six years someone on the team won state. The scene they did was from the play "Home of the Brave" by Arthur Laurents. Previously Michael and Larry have won second place three times at various tournaments with this scene. They have also competed this year with the humorous duet from "The Good Doctor" by Neil Simon. They have swept three tournaments with first place, and at Scottie, a tournament of champions held recently at Proviso East, Larry, Mike, and Rick were each winners.

Both Larry and Mike plan on continuing with a theatrical career. Larry, a senior, hopes to study at Boston University. Mike, a junior, is hoping to study in New York when he graduates.

## Goldman home for the aged now in Niles

The George J. Goldman Memorial Home for the Aged has moved from its East Rogers Park location in Chicago to modern, more spacious quarters at 6601 Touhy in suburban Niles at the southwest corner of Touhy and Gross Point roads.

A not-for-profit facility that, until now, has been providing only sheltered care services for the Orthodox Jewish elderly during the past 28 years, the Goldman Home starts its 29th year as the only Jewish non-profit geriatric nursing center in the northern suburbs.

Now re-located in larger quarters with better facilities in a country-like atmosphere adjacent to the forest preserves, the George J. Goldman Memorial Home for the Aged has expanded its responsibilities to its residents to include skilled nursing care under the direction of a professional staff and registered nurses on duty around the clock.

Sponsored by the Chicago Headline Club and Suburban Press Club of Chicago, the seminar features remarks by prominent business and press representatives.

original homelike atmosphere. As Goldman Home president Mike Goldstein of Skokie, puts it: "At our previous location (Farwell and Sheridan) we could not accommodate anyone who became bedridden; now we can take care of the total person".

Not affiliated with any Federation or Community Agency, the Goldman Memorial Home for the Aged relies on financial support from the community, and has put together a staff of 74 professional and administrative employees experienced in geriatric care. For information call 647-9875.

## Press seminar

A seminar dealing with press-business relations will be held March 24 at the Ramada O'Hare Inn, 6600 Mannheim rd., Rosemont.

The public is invited. For further information call Allan Friedman at 355-9000, ext. 164.

## New banking law enacted at Citizens

Citizens Bank & Trust Company, Park Ridge, has taken action to conform with the provisions of the recently enacted Community Reinvestment Act (CRA). This new legislation requires all federally regulated financial institutions to demonstrate that their services meet the deposit and credit need of their communities.

In complying with the Community Reinvestment Act, CitizensBank has delineated its local community, listed the types of credit it is prepared to extend within that community, and posted copies of the official CRA notice in its building.

The CRA notice describes the information any member of the community may ask to see with regard to Citizens' compliance with the CRA.

Various departments of the bank have worked with the Board of Directors to establish CitizensBank's CRA statement.

Citizens' community has been outlined to include the city of Park Ridge and touch upon parts of the surrounding area. Within this community, CitizensBank is prepared to extend credit in various forms of Installment, First Mortgage, and Commercial Loans.

In addition to the basic requirements of the CRA, CitizensBank has asked and will continue to accept the assistance and guidance of various local service organizations in determining any portions of the local community which may be in need of special attention with respect to financial need.

## 1st Nat'l of Morton Grove posts new gains in 1978

Major gains in total assets, deposits and loans were recorded in 1978 by the First National Bank of Morton Grove, announced bank president Marvin von Aswege.

The bank's assets rose to \$90,169,952 as of Dec. 31, compared to \$87,383,141 in 1977. Deposits increased to a record \$82,690,421 last year, a \$2,605,354 gain over the previous year. Net loans were up \$2,733,162 to a total of \$50,660,842.

Other highlights of the bank's 1978 performance include a 15 per

cent increase in net earnings, with earnings per share rising to \$4.86 compared to \$4.22 in 1977.

"Overall, 1978 was a year of significant progress in several areas for the bank," said Von Aswege.

"We not only posted increases in key financial categories, but also completed our \$1.7 million expansion program and introduced new services and conveniences that have been well received by our customers," he added.

## First Federal rose and houseplant promotion

You can always tell when spring is near. It's when First Federal of Chicago, Illinois' largest savings and loan, sponsors its annual rose and houseplant promotion, now in its 17th year.

On March 19, First Federal of Chicago will introduce the newest rose in its collection of fine roses - First Federal's Renaissance Rose.

The Renaissance Rose, with delicate, porcelain pink petals, is the fifth rose First Federal of Chicago has introduced since its rose and houseplant promotion began in 1963. Jackson & Perkins, world-famous rose growers, hybridized this new plant exclusively for First Federal.

The Renaissance Rose is free to everyone with a deposit of \$150 or

more in a First Federal of Chicago savings account. Or, customers may choose from three indoor plants, including the Glacier Ivy, Spanish Agave or the Watermelon Peperomia.

First Federal's Renaissance Rose will grow on a bush approximately four feet high, with light green, large foliage and has a light tea or spice fragrance.

"The creation of a new rose is an exciting but difficult and time-consuming process," says Susan Burritt, promotions manager at First Federal. "The Renaissance Rose was hybridized exclusively for First Federal, and is a seedling of First Prize, the number one selling rose in the United States."

"You can't buy a Renaissance Rose anywhere, and they're not available from Jackson & Perkins catalog, either," said Ms. Burritt. "The beauty and uniqueness of our rose is especially attractive to our customers."

The Renaissance Rose was preceded in other years by the coral First Federal Rose, The First Federal Gold, the red Billionaire, and the cream and pink American Dawn.

More than 15 varieties of houseplants will be shown in the gardens, including Button Fern, Strawberry Begonia, Emerald Ripple, Peperomia, Croton Norma, three types of Dragon Trees, Pink Star, Flaming Sword and Chinese Evergreen, among others.

It's not too late to save hundreds of tax dollars before you file your 1978 tax return.

On Tax Deferred Savings

Depending on your tax bracket, you can save \$300 - \$500 - \$700, or even more on your 1978 income taxes. You can earn interest on money you would have paid in taxes. But you have to act now, before you pay your 1978 taxes, to save this money. Here's how it works: You deposit up to 15% of your annual salary or \$1,500 annually, whichever is the smaller, into a FNBOS I.R.A. (Individual Retirement Account) and take the amount you deposited right off the top of your income for tax purposes.

If you are single, earning \$20,000 a year, you pay \$640 less income tax this year on the I.R.A. plan. - If your wife works, she can have one, too! If she doesn't, you can deposit even more. All you need to qualify is to have a salary, and not be already covered by a tax deferred pension plan. Come on in, let us show you how it can work for you. You can open your FNBOS I.R.A. account, or add to one you already have, anytime before you file your final 1978 income taxes.

### SJB Festival '79 workers thank

#### Bugle

Dear Bud and Diane:

FESTIVAL '79 is now but a successful memory. For ten years St. John Brebeuf has produced their Festival on the two weekends preceding Lent. The excellence of these shows is attested to by the continuing high level of attendance over this period.

Much of our success has to be attributed to the excellent coverage and publicity received through The Bugle. It is always such a pleasure to work with you both because of the courtesies and co-operation extended to us. You may rest assured that the parishioners of St. John Brebeuf appreciate the publicity we have received over the years and, this year, our job as Publicity Chairmen has been made much easier because of your help and encouragement.

Thank you again for all your time, effort and help. It is deeply appreciated.

Most sincerely,  
Elaine and Bill Doyle

## "Thurber Carnival"

You don't have to be crazy to play in "A Thurber Carnival", but it sure helps, say cast members of the zany, fast-paced comedy revue. Getting ready for the variety of funny skits and blackouts they will appear in this weekend are Des Plaines residents (l-r) Laura Kennedy, Ed Ogorek, Barbara Shyette, Greg Duff, Dawn McCloy, and Lynda Blodgett-Duff, costume chm. The "Carnival", based on the writings and cartoons of the late James Thurber, is being presented thru March 18 at Guild Playhouse, 620 Lee st., Des Plaines, by Des Plaines Theatre Guild. For tickets (\$3.50 and \$4) call 296-1211 after 12 noon. Box office open on performance nights an hour before curtain. Curtain time is 8:30 p.m. Friday and Saturday, 2:30 p.m. Sunday, March 18.

## Marillac's Annual Silent Auction

Marillac's Annual Silent Auction will be Saturday, March 31, the night of the 1979 Benefit.

Displays of all donated items will be set up in the high school Student Center. Mr. and Mrs. Joseph Clarke of Northbrook are chairing the auction for the second year. Together they have recruited 30 people to aide them in their work of gathering items for the sale.

The parish chairpersons in each suburb will contact Marillac parents for auctionable gifts. Chairpersons for Northbrook are Mary Condon, Pat Higgins, Angela Rossetti, Joyce Jensen, and Vivian Kanelos; for Glenview are Ann Lantoff, Rosemary Jagla, Dolores Leonis, Carol Lisowski and Patricia Gorman; for Niles are Joan Smith, Minna Scheel, Peggy Murphy and Rose Leddy; for Des Plaines are Pat Daugherty, Mary Ann Close, and Mary Giroux; for Park Ridge are Elizabeth Clark, Ann Molitor, and Mary Durkin; for Mount Prospect are Loretta Pape and Mildred Gustafson; for Morton Grove are Peg Draths and Virginia Kargl; and for Chicago are Betty O'Connor and Kathryn Kelly. ## Niles West to present "Pippin"

"Pippin", the musical blockbuster that ran for a triumphant four and a half years on Broadway, will be presented by the Niles West High School Theatians on March 29-31, in the school's auditorium, Oakton at Edens, Skokie.

The title character in the Roger O. Hirson-Stephen Schwartz parable was suggested by Pepin, the first-born son of emperor Charlemagne, but bears little resemblance to any historical character.

The Niles West production of this irreverent medieval morality play with a rock beat will be directed by Niles West's award-winning director, Robert Johnson.

Curtain time for "Pippin" at Niles West will be 8:15 p.m. March 29-31. There will be a free performance for senior citizens at 1:15 p.m. on Wednesday, March 28.

Season subscriptions for the 1979-80 season will be available for those interested in taking advantage of the bonus offer announced by the Board of Directors during March. Released at the height of Beatlemania, "A Hard Day's Night" presents a hilarious 36-hour period in the groups' life. Several performances by the Beatles are included in the movie.

During the spring semester, the OCC Film Society is presenting a series of comedy films about the single theme "Spring Delight." The Society serves to promote the art of film by presenting a variety of films which reveal the range of possibility in cinematic expression.

### Spring things ...

St. Patrick's Day is March 17, and Spring is just around the corner. So's baseball and boxing - here they come ...

Jake's Restaurant, 7740 N. Milwaukee, Niles, and Jake's North, 1615 N. Milwaukee ave., Glenview, are both featuring special St. Patrick's Day parties, all day and evening, Saturday, March 17.

Both of Jake's Restaurants will feature entrees of the two most popular Irish dishes in the world - Corned Beef and Cabbage and Irish Stew. These will be complete dinners offering your choice of heaping plates of corned beef and cabbage or Irish stew. They include soup or juice, boiled potato, roll, butter and free Irish cake.

In fact, free Irish cake will be served at both Jake's fine restaurants to everyone on St. Patrick's Day.

At Jake's North, in Glenview on Milwaukee ave., just a block south of Lake st., you'll also be able to enjoy green beer in honor of old St. Pat's Day.

And for very little green (money), you'll be able to get a heaping plate of those Irish favorites, Corned Beef and Cabbage or Irish Stew, at either of Jake's great restaurants.

I know that last year Jake's Restaurant in Niles ran out of corned beef and cabbage but this year Jake tells me that he's ordered more than two tons of corned beef - the finest obtainable - so there should be plenty to go around.

And as usual Jake will have both restaurants all decked out in green for his big St. Patrick's Day party on March 17. Both restaurants will abound with leprechans, shamrocks and other St. Patrick's Day paraphernalia to get you in the right mood to enjoy either the delicious corned beef and cabbage or the super Irish Stew.

Jake has also added some new goodies to his famous salad bars at both restaurants and you can help yourself to as much as you want.

Although food prices have been skyrocketing, Jake is keeping his prices low not only for his St. Patrick's Day feast but all the time.

And for the kids Jake has restocked his big Treasure Chest with some brand new Irish toys which all the little boys and girls will enjoy.

So make a "double-header" day of it this St. Patrick's Day - have lunch at Jake's Restaurant of Niles and dinner at Jake's North in Glenview, or vice versa, if you prefer.

The Irish have always fared well in the boxing ring and on March 23 Dana Sports Enterprises, Inc. will present The Battle of the Heavyweights - 40 rounds of devastating, action-packed professional boxing! The card features:

- George Mostardini (The Italian Assassin)
- Irish Tom "Ruffhouse" Fischer
- Young Joe Louis (Undefeated)
- "Big Roy" Williams (Top ranked fighter)

Plus

You can meet in person, beginning at 7 p.m.

The Chicago Honeybees Cheerleaders Tickets available at all Ticketron Outlets or call 848-8636 for further information

Ringside: \$15\* Reserved: \$10\* General Admission: \$6\*

The feature bout, an 8-rounder, will pit the local favorite George (The Italian Assassin) Mostardini against the Mexican contender Trinidad Escamilla. This should be a rock 'em, sock 'em battle that shouldn't go the distance.

Baseball is just around the corner, too. Next month the Chicago Cubs and White Sox will be back and going thru the motions again, attempting to fool the fans into believing they are major league teams.

Fate, I am told, has reserved last place for both teams for the '79 season. One thing I can say for both the Cubs and Sox is that they are living proof that history does repeat itself.

Spring should also make us think about getting our cars in shape after a tough winter. In this issue G & W Texaco Service, 7701 N. Milwaukee ave., Niles, is offering some great specials. For example, you can get a spring transmission tune-up for only \$20, shift kits installed for only \$65 to \$75 and you can get a spring tune-up special for only \$39.95 (plus parts).

G & W Texaco Service has an excellent reputation for dependable car servicing, fair dealing and reasonable prices. Why not let G & W put your car in top shape for spring and summer ... make an appointment - just phone 966-1332.

Be sure to bring the ad that appears in this week's Bugle in to G & W to get the money saving specials. And remember, any special ad used, if you have the work done, entitles you to a 6-pack of Coca Cola free!

# Increase security in Golf Mill

A pilot program initiated by the village in July, 1978 to increase security at the Golf Mill Shopping Center has proved successful according to a report by Niles Police Chief Clarence Emrikson during a pre-board meeting March 13.

Niles trustees Tuesday night gave approval to continue the Golf Mill Security Patrol under annual contract beginning April with the Golf Mill Development Corporation predicated on a 90-day evaluation of the program and with a 90-day cancellation clause. Up to now the village has subsidized the program on a pilot basis.

The annual cost of \$15,600 will be shared by the Golf Mill association and the village on a 60-40 basis. Niles' share covers cost of the patrol vehicle and gasoline used.

Emrikson told trustees that a 6-month evaluation of the pilot security patrol program in January, 1979, indicated a "significant, 40% reduction of crime incidents" in the parking lot area which includes the International Pancake House.

He said tenants of the Shopping Center tend to view the Patrol Officer as another policeman "but that is not the case... reserve officers do not go in on official police business."

He specifically stressed the 7-day patrol of the shopping center by a Reserve Officer on staggered hours related to outside incidents only, to reduce possibility of car thefts, thefts from cars, damage to cars, assistance to motorists in lockouts, etc.

Criminal activities within the buildings, of retail thefts (shoplifting) and robberies would be handled by policemen, he noted, who could call on Reserves for back-up assistance.

Numerous conferences with Golf Mill Administrator Pat O'Neal since January said Emrikson finally convinced shopping center owners that the Security Patrol was effective and needed. He emphasized that due to present lease arrangements, the owners, not the merchants, were subsidizing Patrol Security costs.

Chief Emrikson pointed out that village purchase of the vehicle serves a dual purpose: to patrol Golf Mill and for use in transporting bodies to the Medical Examiners Office when deaths are due to industrial and car accidents.

He cautioned trustees "there is no guarantee that crime will occur only during hours of patrol." While he said theft of a car could happen half an hour beyond patrol duty, he told trustees that duty hours had been specifically selected to cover potential crime times revealed by survey.

Niles Mayor Nicholas Blase said village officials were pleased with the results of the 6-month evaluation of the program last January.

During the Tuesday night board meeting trustees heard a report by Larry Jaworski of Met-calf & Eddy, Inc., engineers, updating a two-prong storm sewer evaluation study started November, 1976 under grant application by the Illinois Environmental Protection Agency (IEPA).

The \$100,650 grant pays 75% of the \$134,000 cost of a study to determine the most effective way of dealing with Niles' wastewater problems.

The village share of \$33,550 will be paid out of MFT funds according to Village Manager Kenneth Scheel.

## "I Quit" smoking clinic
