7 candidates vie for 3 Dist. 63 openings

Seven candidates filed their candidacy for the East Maine School District 63 election April 14. There are three openings on the school board to be filled. Incumbent Jeanine Oestreich, withdrew her petition Monday. She cited the harassment of the past year by the public, as well as her desire to spend more time with her family as reasons for

withdrawing. The first three candidates who filed their petitions were to meet last Tuesday afternoon to have a lottery select their first 3 positions on the ballot. Placement of candidates are based on the sequence of submitting petitions. These three candidates are Dennis Tugander, 8890 Grand, Niles; Allana Marks,

9024 Grace, Niles and Donald Weiss, 7547 Emerson, Morton Grove. Additional candidates are Robert Atkinson, 2840 Virginia, Glenview; former board member Howard Lessin, 2644 Harrison, Glenview; Larry Solomon, 9164 West Oaks, Des Plaines and incumbent Richard Smith, 8412 Oak St., Niles.

Village trustees Tuesday evening approved Niles' share, \$4,480, of the total \$80,000 North Suburban Mass Transit District (NORTRAN) budget for the 1980 fiscal year. Approval came during the village board meeting March 27 following the annual report by Niles' NORTRAN representative James Mahoney. In the absence of Mayor Nicholas Blase temporarily in Springfield, Mahoney indicated ridership growth on NORTRAN

routes had increased 13% during the year January 1977 to January 1978. Also he noted an increased in rush hour service on Milwaukee ave. from Jefferson Park to Golf Mill whereby buses were in operation every 12 minutes as compared to the previous 15 minute interval. However a similar statement of Dempster st. service increased during the rush hour to 15 minute intervals (rather than 20

They ain't going to be making school board members like them again!

Jeanine Oestreich's call Monday let us know she wouldn't be running again for the School District 63 board leaving a void in East Maine which isn't likely to be filled.

Jeanine's announcement, similar to Board President Larry Reiss' announcement, meant two cool heads will be leaving the school board. In their places may come a couple of humpty dumpty's who are all ego and little substance.

What is genuinely sad is Jeanine devoted many hours in the field of special education. It not only benefited our district but all the districts in Maine and Niles Townships. She was deeply committed, working tirelessly to aid in a very complex field. Considering the effort and the commitment given by Jeanine, it is indeed sad the "know-nothings" in the district could force a young woman of her substance off the board.

Reiss and Oestreich have been the core of the school board the past three years. They are deliberate, thoughtful people whose devotion to school board activities cut down on their devoting time to their family lives: Jeanine said there was a two-week period when she promised to read the Wizard of Oz to her wunderkind, but failed because she was off and running on school board business. She said, "Enough of this jazz - it's time to get back with my kids, where I belong!"

Reiss, father of 5 girls; likewise reluctantly cried, "Enough!!", when he withdrew from this year's election.

The bombardment from the "outs" in the district contributed to both their withdrawals. The pounding they both

Notre Dame Retreat Week

One of the integral parts of the educational process at Notre Dame High School is the annual Retreat Week for the students. The seniors take overnight trips to different Retreat Houses in the area accompanied by members of the faculty. This provides them with a little bit different type of environment and provides an excellent opportunity to open up, express opinions, and find out what your friends and classmates think about different issues.

In laying the groundwork for this final year experience, the underclassmen each have a day set aside, at the school, to meet with their fellow juniors, sophomores, or freshmen, as the case may be. This year, Fr. Joseph Carey came up from Notre Dame University to give a series of talks on what friendship is really about and also attempted to investigate what Jesus Christ is as a person. In addition to the speeches, movies were shown on the same themes. Following this, the students broke up into small groups with a member of the faculty. This provided the atmosphere where each person had the chance to give his impressions of what he had seen and heard. Rather than a lecture type of classroom setting, the students had the invaluable experience of teaching and learning from each other. Yearly events such as the Retreat Days change the term "total education" from mere words to a very real opportunity for growth for the student body at Notre Dame.

Father Robert Clark, former Superintendent of Schools of the Chicago archdiocese, will receive the St. Elizabeth Ann Seton Award on March 31 at the annual Benefit. The Marillac Family Association will make the presentation to Father Clark in recognition of his outstanding contribution in the field of Catholic Education. Ordained in 1951, Father Clark served as Assistant at Our Lady of Mount Carmel parish until 1959 when he was assigned to graduate studies in education at the Catholic University of America in Washington, D.C. In June, 1960, Cardinal Meyer appointed Father Clark, Assistant Superintendent of Schools, a position he held until his promotion as Senior Associate Superintendent. In November, 1968, he became Superintendent of Schools, remaining in this post ten years.

Woman's Club hosts gourmet's delight

by Alice M. Bobula

The Annual Potluck Dinner hosted by the Woman's Club of Niles Wednesday March 21 in the country club setting of Bunker Hill VFW, 6636 Milwaukee ave., surpassed the finest cuisine offered in the most fashionable of dining areas.

"My only regret," lamented one husband when he could eat no more, "is that I have but one liver to give for the grand cuisine!"

The social hour which preceded the feast mellowed members and guests in preparation for the Annual Men's Night festivities. Following the invocation by member-husband Roy Bergquist, a wine toast was offered to Club-women in this, their silver anniversary year, for past 25 years of many and varied accomplishments and to future philanthropic, civic and cultural activities.

Diets took a back seat as diners approached tables laden with dozens of gourmet dishes and foreign treats prepared by Woman's Club members. Hors d'oeuvres were intricate, simple and delightful. Guests resisted with difficulty the impulse to take more than a taste of the innumerable dishes offered, of cold and hot salads, various potato preparations, lasagna, stuffed cabbage rolls, mostaccioli, beef rollups, chicken cacciatore, jellies, casseroles, etc. But there was always room for the desserts of cakes, pies and kolacky.

Entertainment offered on "Miracles of the Mind" was a delightful presentation by Elizabeth Brent and Robert Ev-

vers of uncanny insights into the inner mind.

Among the winners of the evening were Columbia Hajduk, awarded the liquor basket and a wine decanter; Dick Mack, a bottle of champagne; Angie Gallo, a bottle of wine; Mrs. Richard Sakiak, a comb set; Charles Bobula, a gold box, proceeds from which were set aside for the club philanthropy fund.

Evening festivities were coordinated by Woman's Club Social Chairman Terry Fritze assisted by hostesses Alice Connolly, Helen Dahlberg and Mildred Miller.

Officers of the Woman's Club for the current year are Joyce Knapp, President; Alice Bobula, 1st Vice President; Marie Berrigan, 2nd Vice President; Angela Mutter, Recording Secretary; Marilyn Kramer, Corresponding Secretary, and Suzanne Miller, Treasurer.

Club philanthropies include the Illinois Cottage, Park Ridge School for Girls; Orchard Association for Retarded Children; Dialysis Fund, Lutheran General Hospital; Conservation Scholarship, Tenth District; Indian Scholarship, Tenth District; Glenkirk School for the Retarded; Northwest Opportunity Center.

Also Visiting Nurses Association; Channel 11-Educational TV; Gateway House, Lake Villa; Alcoholism Council; Leukemia Research; Niles Paramedica; Cancer Research, Salvation Army and The Lambs.

Boznos cites shortcoming of MG Park Board

Nick Boznos is a candidate for Morton Grove Park Commissioner. He is a lifelong resident of Morton Grove and family has participated in numerous park activities. His thirty years of business in the village include experience in landscaping, construction, and the recreational field.

He has been attending board meetings for more than a year. Some of his concerns for the park district are the failure of the present board to properly audit the games in Community Center's game room.

Another concern is the fact that for the past two severely cold winters, the Community Center has been without storm windows. Consequently, the tax payers have had to pay for an unnecessary heat loss. The board's indecision in awarding a contract for these windows resulted in their late installation this March.

Another problem is the expensive front walk-up ramp at the Community Center. The snow-melting heat coils with the ramp have never completely operated since the building's construction. This problem to date has not been corrected.

Furthermore, the new tennis courts at the Prairie View Center have an excessive drop in grade. It was further discovered that these courts were built without a crushed rock base beneath the black top and that the lights were not installed according to the architects original plans.

Also the accepted low bid of \$62,000 for pool repairs had to be raised an additional \$10,000 after the work had been initiated.

Boznos feels that his business experience in construction and recreation can be of benefit to the taxpayers in overseeing such matters.

Fairy tale festival

Celebrate with the Niles Public Library District. Children's librarians Madeline Lewis and Cheryl Flinn are planning a fairy tale festival to commemorate National Library Week, April 1-8, and the birthdate of Hans Christian Andersen, April 2. A puppet play, *The Princess and the Pea*, will be the highlight of this program. One child will win a fairy-tale house, and McDonald's at Oakton and Milwaukee in Niles will furnish gift certificates. The program will be presented twice: 4-5 on Monday, April 2, at the Niles Branch Library, 9010 Milwaukee ave., and 4-5 on Thursday, April 5, at the Niles Public Library, 6960 Oakton st.

MG park candidate Meehan stresses "people" involvement

"We have got to let the people of Morton Grove know what the Park District is doing with their tax dollars." This idea of community involvement is the theme that Peter J. Meehan hopes to work on as a Morton Grove Park District Commissioner.

A vote for Meehan in the Tuesday, April 3 election will give the people a much better chance to voice their opinions and find out exactly what is going on in the Park District. While it obviously isn't possible to do everything for everyone, Meehan pledges to listen to the questions citizens are asking and will do his best to explain why the Board acted as it did on a particular issue.

In addition to his numerous Community Service activities, Candidate Meehan has served as Director of Employee Relations for Sargent & Lundy Engineers where he has gained invaluable experience in setting up and controlling budgets, administering

wage and salary programs, and daily work with the people in his firm. A vote for Peter J. Meehan on April 3 will give the people of Morton Grove a very important opportunity to help make the Park District truly their own, responsive to their needs and questions.

Evanston Federal certificate savings

Recently the Federal Home Loan Bank Board ruled that interest rates payable to savers on six-month money market certificates issued by savings and loan associations would be reduced. This has caused some confusion and hostility for many savers who thought the U.S. Government should have given more notice of these changes.

On March 8 commercial banks and savings and loans were notified (1) that interest could no longer be compounded on the money market savings certificates whose rates are pegged to the average discount rate on six-month U.S. Treasury Bills, and (2) that the 1/4 point interest differential that savings and loans have paid over the Bill rate is removed when the average discount rate is 9% or more. Recent U.S. Treasury Bill rates

have exceeded 9% - so the full changes in the regulations went into effect immediately.

"There are still many reasons for the saver to invest in our 'Money Market Savings Certificates,'" said Don Martens, President of Evanston Federal Savings and Loan Association. "The saver can come in to either of our convenient offices and start earning interest on their savings, in amounts of \$10,000 or more, with no delays, no fees, no brokerage commissions, no 'in or out charges'. The yield on this type of savings account is better than most alternative investments - and money market certificates are fully insured to \$40,000 by an agency of the U.S. Government - so why not take advantage of this safe, generous rate now?"

"Yes, there will be more com-

petition from banks, and U.S. Government and agency securities," said Martens. "But we have always had stiff competition in Evanston where savers are astute and alert to changes in interest rates."

Martens continued, "The effect of these regulatory changes will be to reduce somewhat the supply of money available for home loans. Currently, most lenders have an ample supply of funds due to normal seasonal lending patterns and our recent experience with 'Old Man Winter' which restricted activity in the real estate market. With the approach of spring and a pick up in real estate sales the supply of funds could diminish quickly. Certainly, if you are planning on purchasing a home, now is the time to do so while funds are available and interest rates are reasonable."

Alyce Pociask recalls 40 years at Avondale

"When I started with Avondale we had assets of \$500,000. Today our assets total some \$190 million."

So Alyce Pociask recalled after celebrating 40 years of service with Avondale Savings and Loan, of which she is vice president/treasurer.

Mrs. Pociask was appointed assistant secretary in 1943. As the association grew in assets, her promotions continued. In 1964 she was elected treasurer and assistant secretary. In 1976 Avondale's board of directors elected her vice-president/treasurer.

Few Women in the financial industry have attained a mark of 40 years' work, and Mrs. Pociask's success is probably best explained

by her own words. "Customer service is my motto from the time I began my career at Avondale Savings," she said. "Service is and probably will remain as the most important factor in financial institutions."

Both Mrs. Pociask and her husband, Henry, are members of several Polish organizations, as well as active philanthropists. Pociask is an area businessman, a member of Avondale's board of directors, and a 4th degree member of LaFourth Knights of Columbus.

Mrs. Pociask has been president for the past several years of Our Lady of Cvetochowa, affiliated with the Franciscan Sisters of Chicago. She is also a member of the Women's Polish Civic club, the Polish Roman Catholic union, the Polish National alliance, Polish Women's alliance, and the Polish American Commercial club.

Both the Pociasks are members of St. Hyacinth's Catholic church.

PEERLESS FEDERAL SAVINGS

TIMOTHY P. SHEEHAN
PRESIDENT

If you thought winter was hard on your house, wait until you see what it does to your wallet.

There's no doubt about it. Getting your place back in shape after last winter is going to hit your pocketbook hard. And, if you're planning to remodel or put on an addition, it'll really hurt. Unless, of course, you have a Home Improvement Loan from First Federal of Chicago.

Borrow up to \$15,000 for any home repair.

With a First Federal Home Improvement Loan, you can borrow up to \$15,000 and take up to 15 years to pay it back. Rates are probably as low as you'll find anywhere.

What's more, you won't have your property taxes raised because of the improvement. According to the Cook

County Assessor's Office, you can make up to \$15,000 in home improvements without incurring a higher tax assessment for four years. If you live outside Cook County, check with your local county assessor.

Special low rates for energy savers. If you're financing an energy-saving project you can save even more at First Federal.

Because of our commitment to energy conservation, we're now cutting rates as much as 18% on loans for energy-saving home improvements.

Projects such as ceiling insulation, exterior sidewall insulation, storm windows, storm doors, double-glazed windows, caulking, weather stripping and energy-saving heating units would

qualify for the reduced rate. Check with one of our counselors to see if your project qualifies.

27 convenient locations. First Federal of Chicago has 27 locations in the city and suburbs where you can apply for a Home Improvement Loan.

To get things started, just drop by and ask for one of our counselors.

Beusse seeks return to parks

Walter M. Beusse, former Niles Park District Commissioner and President, is a candidate for the Niles Park District four-year term, which will be voted on Tuesday, April 17. To maintain a first class Park District second to none is Walt's goal for all residents of Niles - young and adult.

The Niles Park Board has been stalled for the past four years Beusse stated. Various obligations of the 1973 Park Referendum are still incomplete due to indifferent and unconcernable direction. Examples are the uncompleted parks which lack play equipment, trees, landscaping, security lighting, picnic benches, and walk paths to make parks accessible at various locations. Approximately \$150,000 earmarked for Sherman Park alone, should be ample monies to finance these projects. The related Referendum Fund Monies are resting in a bank account when it is apparent the Niles facilities need improvement and rehabilitation.

Walt Beusse proved his abilities and talents during his previous term, 1969 thru 1975. During his reign, park properties were expanded. The Tam Golf

Course, Ice Rink, Gymnasium, Oakton Manor Field House and Administration Facility were constructed and programs such as T-Ball, Fish Derby, Girls Softball, Ice Hockey, Figure Skating and Annual Ice Show were initiated. Walt is also the "father" of the Niles Free Bus system, which was innovated by the Niles Park District to provide transportation between park locations for the convenience of the Niles residents.

Park candidate Marusek meets with residents

Mary Marusek, incumbent candidate for Niles Park District Commissioner, has been meeting with residents of the district to gain more insight into the concerns of the community. At several coffees and at the recent Citizen Awareness Meetings at St. Isaac Jogues 55 Plus, St. John Brebeuf Golden Agers, and homeowners groups at the Sports Complex meeting, Mary has learned more of the needs of the community.

Discussions ranged from a desire to have Park District sponsored trips for men and couples similar to the very popular "Ladies Choice" trips, concern about vandalism, family programs, cooperation with homeowners groups, and questions about new programs.

As Finance Chairman of the Niles Park Board, Mary is concerned that the district have a budget which supports excellent programs and includes a com-

mittment to the improved appearance of the parks. She values the information received from residents at the meetings. Combined with her knowledge of the park district as a mother of children in the programs, as a former pre-school teacher and as a commissioner, Mary is able to use the information to work for a Niles Park District which serves our needs. For a commissioner with community and park district experience, go around with Mary... again!

Elected to Cerebral Palsy Board

Skokie Resident, Steven L. Feder (8524 Christiana) has been elected to membership on the board of directors of United Cerebral Palsy of Greater Chicago. His election took place at the Agency's recent (March 13) annual meeting, according to UCP president Thomas V. King (general manager, The Merchandise Mart & Apparel Center).

Mr. Feder is assistant vice president of Arthur Rubloff & Co. (Chicago).

CPR courses

A cardio-pulmonary resuscitation (CPR) basic rescuers course is being offered on Saturday, April 7 from 9 a.m. to 3 p.m. at Holy Family Hospital.

Registration for the classes can be made by calling the hospital's Public Relations Department at 297-1800, ext. 1174, weekdays between 8:30 a.m. and 5 p.m.

Park candidate Heinen cites vandalism

During a recent inspection tour of Niles park facilities, Elaine Heinen, candidate for Park District Commissioner, viewed evidence of both neglect and vandalism. "It seems to be a vicious circle," she commented. "Neglect in maintenance seems to encourage vandalism, which in turn leads to even poorer maintenance."

Mrs. Heinen has cited the deteriorating quality of Niles park facilities as an item of highest priority in her campaign. "This two-fold problem of neglect and vandalism," she said, "is wasting the taxpayers' money. The solution must also be two-fold; that is, if the Park District is to commit more funds for maintenance, we must receive a commitment from Niles residents to eliminate vandalism caused by area children."

Hemocult test kits available

Cancer brought misery to humans long before man began the systematic fouling of his environment. Even the dinosaurs had it.

Now we're confronted with an interesting and encouraging paradox. Although cancer death rates are continuing to rise, more patients than ever are being cured of the disease.

A prime example is colon cancer, which is a leading form of the disease in both men and women, and will strike 4,200 persons in Illinois alone in the coming year. Until recently, there has been some distaste for discussing the topic of colon cancer. Yet, colon cancer is highly curable when found early; often by removal of a polyp or affected tissue and usually does not require a colostomy. This and other encouraging facts about the disease will be handed out by volunteers during the annual Cancer Crusade in a new leaflet which contains a checklist on risk factors of the disease and warning signs.

During the week of April 1-8, several thousand American Cancer Society volunteers will be

distributing a leaflet entitled "Put Yourself to the Test" to every home in the Northwest Suburbs.

At the same time they will be collecting funds to further the Society's cancer research, educational programs, and free services for local cancer patients.

The leaflet also describes a simple screening test which can help find early colon cancer by detecting blood in the stool before it can be seen and before other symptoms appear. This test, called the hemocult, can be done at home after following a brief diet and by using a special kit to collect tiny stool smears.

The hemocult test can be obtained and processed locally thru physicians offices and three other facilities: Alexian Brothers Medical Center, Elk Grove Village; Holy Family Hospital, Des Plaines; Skokie Valley Community Hospital and the Skokie Health Department.

For more information on the hemocult or on the 1979 April Cancer Crusade, call the American Cancer Society, 358-3965.

Plans for new Glenview State Bank facility

John H. Beaulieu, President of Glenview State Bank, has announced plans for a new bank facility to be located at 2610 Golf rd., Glenview, in the Talisman Shopping Center. The office, scheduled to open in mid-summer, will bring the Bank's number of locations to four.

The additional facility, which will cover approximately one-half acre, will provide four drive-in lanes, four walk-up tellers, a night depository and a 24-hour Automatic Banking Machine. The \$240 million bank was

granted the charter to serve its increasing number of commercial and personal accounts surrounding and including the Golf rd. shopping center.

Construction of the new building will begin next month. **John P. Rumsey**, Marine Private John P. Rumsey, son of John P. and Barbra Rumsey of 8158 Mechem, Niles, Ill., recently participated in cold-weather training at the Marine Corps Mountain Warfare Training Center, Bridgeport, Calif.

LETTERS to EDITOR

Dist. 207 candidate refutes Board members' response

Dear Editor:
I recently informed you that the Maine Township High School Board had fired 42 teachers. I also suggested a more equitable solution to the problem. Unfortunately, the WHOLE Board saw fit to respond by attempting to discredit me. Fortunately, they cannot change facts.
The facts of the matter are that prior to Feb. 26 I was told that 42 teachers were being fired. I even mentioned this on the evening of the East Maine Township Caucus endorsement session. Mrs. Arlynn Warmack disputed this public statement of mine. It now appears that the Administration had not even bothered to inform the Board of the planned mass firing by that date.
The Board says that no teachers have been fired but rather they have been "honorably dismissed". These teachers will not work for the Maine schools next year. They will not have a pay check, hospitalization or disability insurance. Their wives, husbands and children will certainly know they are unemployed. They have been fired and no twisting of words by the present Board will change that fact.
The Board says that all teachers and especially non-tenured ones are informed they may not have employment in any following year. The fact is that these teachers, as individuals, were not told back in September they would not be rehired. They

only recently were told they were fired. They did not have the opportunity to seek employment elsewhere in a reasonable time to protect their professional careers, their families or even their present status.
The Board says, "the allegation of secrecy is absurd". The fact is that when I wrote my letter to the editor and mailed it the 42 fired teachers were the only ones who knew they were fired. The Teachers Association and general public were only informed after I sent my letter to local newspapers. I believe the Board and Administration had no intention of publicly telling you until my letter was received by the local newspapers. For a fact I know one Editor that had no knowledge of the firings and he attends Board meetings on a regular basis.
I again call upon the Board to rehire these teachers for next year with the understanding they will not be rehired the following year. I call upon the Board to inform the other 100 teachers who not be rehired in the future that they will be fired in order to allow them to seek employment elsewhere. I demand that this Board stop playing "God" with the lives of our dedicated teachers.
Sincerely,
Thomas W. Flynn

Return Dist. 207 candidates to Board

Dear Sir:
It is very important that concerned residents and an informed press advise less knowledgeable constituents about those seeking seats in our April 14th School Board elections. While a great deal of time and tongue is given to the elementary districts, little is said about the high schools except on the sports page.
This is certainly true of District 207 which is just beginning to experience the shrinking pains of a major decline in enrollment. The Maine Township High Schools are widely recognized and locally appreciated for their excellence. With a thirty-three million dollar budget, 207 is BIG BUSINESS... a very important big business with approaching problems that demand expertise as never before.
The quality of Maine Township High Schools cannot be sacrificed to the wordy promises of those who now seek a seat on the 207 Board; nor can those seats be relinquished to those whose small degree of interest and concern is evidenced by their absence at 207 Board Meetings.
The old adage, "Show me by your actions, not by your words" is significant. The excellence of Maine High Schools is not due to an accident. It is the result of the devotion and hard work of its Board Members. To sacrifice their experience and expertise when critical decisions lie just ahead would be the most foolhardy action District 207 residents could take.
In other words, it is imperative that Arlynn Warmack, Anne Evans, and Tom Rueckert be returned to the Board on which they serve so well... and our appreciation should be shown with an overwhelming margin of victory.
Yours sincerely,
Ann Rose Sostrin

Little League Commissioners 'stick by rules'

Dear Editor:
"Sorry, we closed registration on the 14th of March and this is the 15th." This was the reply I received one day after the so-called closed registration of the Niles Little League. This was the reply of grown men, being stern, stating continuously, "We have to stick by the rules." These gentlemen were trying to tell me with a straight face that they never broke a rule from the time they served as Little League officials.
On the 15th day of March, early in the morning, I realized I did not register my son who has played in the Niles Little League for 4 years and has really enjoyed it. I was unable to contact anyone until evening. When I did, I could not believe the coldness in the voice of this particular Little League official. It was as if my call was expected and a smug stock answer had been prepared. His reply was, "Sorry, why not try the Skokie League." I replied that I had lived in Niles for 22 years and my son wanted to play in Niles with his friends. Further conversation led to this official asking the question of the century - "Where do we stop?"
My reply was, "WHY stop accepting registration at all?" Was the league formed to accommodate our children or must our children accommodate the league? During the past four years that I have been following the Little League, I have seen the need and desire these children have to play ball. Registration should never close, there is no justification for it.
Why should we have to tell a youngster he cannot join the League? Even if it is in the middle of the season, all you have to do is put him/her on a team that is low in the standings with the understanding that he/she is an alternate and will play only when the team is short on players. In the past two years Little League

teams had to borrow Peanut Leaguers in order to play some of their games because they did not have enough players.
Another weak excuse for closed registration was that uniform accommodation had to be considered. My reply to that excuse is that kids care less if they got a uniform, they just want to play ball. And, really and truly, if the need arose, we all know that a uniform could be provided.
I was not the only one who failed to register their son on time. There were a few others as well. What would the Little League have done if only ten children were registered at the close of registration? Would they have stuck by the rules and called off the baseball league for the summer?
The most offensive part of our conversation came when this Little League official proudly announced that they (The Commissioners) had turned down another child knowing full well that his doctor recommended Little League Baseball as the best therapy for his problem. He, too, was one day late for registration. A rule has become more important than a child. How sad, truly, how sad.
That was the end of our conversation. But I guess the word must have gotten around because I received a call from the President of the Niles Park District. He said he could not understand this whole thing and why these kids were not allowed to play. Perhaps my writing this letter will make the Niles Park District and others aware of the sensitive needs of our children in this area. The Niles Park District does control the parks and does not the parks there is no baseball league. As for this season, Little League Commissioners 1 - Kids 0.

Nilesite cites 'expensive pot holes on Caldwell'

Dear Editor,
I am both shocked and disgusted with the Village of Niles. I always thought Niles was pretty efficient and generally a safe place to live. This past winter, however, has led me to believe the contrary. The streets in Niles are no longer safe due to the excessive amount of potholes, and one street in particular is impassable. The street I am speaking of is Caldwell from Dempster to Touhy. This street is absolutely impassable! Anyone who has traveled Caldwell will surely agree with me.
I am a student at Northeastern Illinois University and it is necessary for me to use Caldwell as it is the quickest way for me to get to school and back. I am extremely careful about the potholes, however they have gotten so bad, there is no way to avoid them. If you avoid one, you simply go into another one. It has become an impossible situation! Last Friday, I went through a pothole I couldn't avoid because traffic was extremely heavy. As a result, I had a flat tire and had

Solomon enters District 63 race

Larry R. Solomon, a candidate for the School District 63 Board of Education, believes that popularly supported, well founded, and financially responsible programs are the keys to maintaining quality education.

Mr. Solomon, 38, has both business and public service credentials which qualify him as a critical commentator on educational and financial matters. He is Assistant Treasurer of The Florsheim Shoe Company, President of the Nathanson School PTA, past Vice Chairman - Citizens Advisory Committee established by the Board of Education and has been an active participant in a variety of matters and activities involving the education of District 63 children. He has resided on West Oaks ave. in Des Plaines for six years.

Mr. Solomon's educational background includes undergraduate work in Accounting at Northern Illinois University

where he received his Bachelor of Science degree in 1962, and graduate studies in Finance at the University of Chicago.

He and Susan Solomon have been married for fifteen years, and are the parents of three children: Karen 13, Gary 11, and Shari 8.

Howard Lessin throws hat in District 63 race

The District 63 School Board race was intensified today when Howard M. Lessin, former Board Member, filed for a place on the April 14th ballot.

When contacted, Lessin said he feels he is a capable individual with the qualifications necessary to do a good job and that a constant barrage of phone calls urging him to run was a major factor in his decision.

"As I see it, there are four critical issues that are affecting the District at this time," Lessin said. "With rising costs and declining enrollment, we simply cannot accept the lack of hard planning that we now have. I also have a very poor opinion of the loss of democratic participation by the community in spite of the Board's stated desire for open communication. Two other areas that are major problems are the continued use of SRT's programs

as a means of staff development and the deterioration of the educational program."

Lessin, who has been employed by the Chicago Board of Education for 15 years, received a B.E. from Northeastern Illinois University in 1964 and an M.A. from the same school in 1969. He is currently enrolled in the University of Illinois doctoral program where he has already completed the required course work. A well-known member of the community, Lessin lives in Glenview with his wife Judy and their three children. He served on the District 63 Board from 1975 to 1978.

Spaulding seeks seat on Oakton Board

Glenview resident William Spaulding will be a candidate for trustee of the Oakton Community College Board in the April 14 elections.

During his 25 years of residency in Glenview, Spaulding has been an active participant and leader in elementary, high school and Community College education. Starting with involvement at the PTA level where he served as Henking School PTA President, he followed his four children to the high school level where he became Chairman of the Glenbrook High Schools Caucus. In 1973 Spaulding served as Chairman of the North Shore Community College Interdistrict Committee.

It was in that capacity that he spoke out in favor of annexation to OCC. He subsequently acted as chairman of the Community College Referendum Group working to successfully defeat formation of a new community college in 1976. Since that time he has maintained his interest in OCC by attending their board meetings, completing a study course offered by that college and participating in OCC activities.

Spaulding says "My priorities as a North Shore representative to the OCC Board include obtaining an increased voice for North Shore communities, improving community-school relationships and raising the quality of education available to our residents."

He urges that all Glenbrook and New Trier High School District residents join in voting Saturday April 14 to provide these districts with their first representative on the OCC Board.

District 207 candidate Blassman offers suggestions

Howard M. Blassman, a candidate for the Maine Township High School District 207 Board of Education, believes that the school board must do more to involve the residents of Maine Township in its decision making process. "The Board's recent decisions to reduce the district's teaching staff and to cut the time allotted to advanced placement science courses are evidence that the Board has already begun the difficult process of determining the district's priorities in order to make the cuts necessitated by declining enrollment and decreased financial resources," Blassman said. While the Board has held public meetings to discuss the impact of declining enrollment on the quality of education offered by the Maine high schools, Blassman notes that attendance at these meetings was generally limited to board members, teachers and administrators. "The Board must not be permitted to make decisions which so intimately affect the education of the young people in our community by default," Blassman said. As a board member, Blassman would seek guidance from the community by holding a series of public hearings throughout Maine Township to discuss the alternative courses of action that are available to the Board in dealing with the ramifications of declining enrollment. Blassman is confident that his professional training and experience in educational planning will be of great assistance in working with teachers, administrators and members of the community to identify those areas where sacrifices can be made without impairing the quality of education the district offers.

Specific ideas that Blassman would explore include: reducing the support and administrative staffs; adjusting the curriculum by offering fewer electives, consolidating courses, and offering some courses only during alternate years; sharing teachers between schools; and seeking increased state aid. Above all, Blassman is committed to learning the attitudes and opinions of the residents of District 207 before he makes any of the critical decisions that confront the Board.

LETTERS TO EDITOR

to replace the tire. That was bad enough. But, this week was the clincher. I noticed that my car hasn't been running right since - I took it to my dealer and he had to replace a whole steering part of my car which came to the grand total of \$350!! I am strictly a student trying to make it through college, and this was quite an exorbitant amount of money for me to pay - all because of the pothole - A dangerous pothole that the village should have taken care of!

I doubt there is any legal action I can take against the village for their negligence, but I simply had to write this letter to let the citizens of Niles know about the dangerous situation on Caldwell ave.

I realize that the snow did an awful lot of damage to the streets, but the potholes on Caldwell should have been taken care of a long time ago. It is much too dangerous a situation and should have received immediate attention.

Avon Products, Inc. rolled out the red carpet for 35 Avon District Managers recently named to the company's prestigious Circle of Excellence for record-breaking sales in 1978.

Demonstrating their esprit de corps, top sales performers Grace Birnberg of Chicago, Illinois and Wanda Thomas of Coon Rapids, Minnesota shared the limelight with General Manager Gene Mecklenberg and National Sales Manager John Tefft at a two-day celebration. The festivities included luxurious accommodations at Chicago's Ritz Carlton, a banquet at Crickets and a tour and luncheon at the local Avon facilities in Morton Grove and Glenview.

Book review

"The Ugly Duckling"

On Tuesday evening, April 3, at 7:30 p.m. Dr. David Singer will review Janova, a novel by Frances Melamed, at the Lincolnwood Library, 4100 W. Pratt.

The novel is the story of a small Lithuanian village, before and after a time of great wars, which now no longer exists except in the memory of those who lived there. This is in many ways also the story of Frances Melamed, herself a Lithuanian who emigrated to the United States in 1921 following a six year exile in Russia.

Dr. Singer, a Lincolnwood resident who has reviewed at the library previously, is on staff at Spertus College of Judaica and has written several articles on topics concerning various ethnic minority groups and their relations with the American Jews.

The review is open to all, free of charge. For any further information, please call 677-5277.

There will be a dance contest as the night goes on, offering great prizes to the best couples. There will be refreshments available to everyone—free of charge. ED HANSON

With charity to none, malice toward all

A friend of mine, a local businessman, sent me the following copy of a letter he sends out to all individuals and organizations who ask him for a contribution:

"Gentlemen: In reply to your request for a donation, I am unable to enclose my check because I have been held up, held down, sandbagged, walked on, sat on and squeezed by the following:

First, by the United States government for income taxes, excess profit taxes, excise taxes, social security taxes, medicare taxes and then by county, city and state taxes and by every society and organization the inventive mind of man can create. Also from the Society of Churches, Women's Relief, Heart Fund, Cancer Fund, Easter Seals, March of Dimes, the Community Chest, Tarzan's Chest, The Red Feather, Black Feather, White Feather, The Red Cross, Blue Cross, Black Cross, Purple Cross and the Double Cross. The G.A.R., G.O.P., the Y.M.C.A., Y.W.C.A., N.A.A.C.P., Boys' Town, Girls' Town, Men's Town, Women's Town, Nigerian Relief, CARE, and every hospital in the U.S.

I doubt if a check from my business would be good because the government has so governed my business that I don't know who owns it.

I am inspected, suspected, examined, re-examined, informed, required and commanded, so that I don't know who I am or why I'm here.

All I know is that I'm supposed to be an inexhaustible supply of money for every known need, desire or hope of the human race.

And, because I will not sell all I have and go out and beg, borrow or steal money to give away, I am cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, hung up, hung over, robbed and nearly ruined.

The only reason I do not blow my brains out, the sole reason I cling to life, is to see what hell is coming next.

Yours most cordially,

A. Fink"

Hands up!

I've just discovered the most vital thing in the universe. You shall be the first to know.

It's hands! Without hands, time would stop — so would palmistry, painting, pugilism, pointing, planting, and just about everything, including love-making.

Well, did you ever see young lovers sitting and holding one another's feet for hours at a time?

Do you see lovers kissing one another's feet?

How about soldiers? Is it foot-to-foot combat or hand-to-hand combat?

How about marriage? What do suitors ask for in marriage? Do they say, "I'd like your daughter's foot in marriage?"

Are you beginning to get the idea of how important hands are? How about counting? Do you count on your toes?

How about crime? Does the bandit holler, "Feet up, or die!"

In every endeavor, in the arts, literature, sciences and politics — yes, particularly politics — hands are the most important part of the human anatomy.

Anyway, a good hand, not the dog, is man's best friend — especially at poker.

Eating Arvey's Special Bar-B-Q Ribs with your hands is great, too. Or do you eat ribs with your teeth? The best way I know of to enjoy those super meaty Bar-B-Q Ribs of Arvey's is to hold 'em with your fingers and enjoy, enjoy their savory goodness.

You can eat those great Arvey Ribs at a sit down dinner or you can take 'em home. Give the wife a treat some night, phone her and say, "I'm stopping at Arvey's Restaurant for two full slab orders of their famous Bar-B-Q Ribs — so you don't need to bother and cook tonight."

A full slab at Arvey's Restaurant, Waukegan and Oakton, Niles is only \$5.95 a la carte; for just 30¢ more you can order them as a complete dinner.

If you want to take home Arvey's Special Ribs, it takes but a few moments for them to prepare them. And Arvey's has special boxes to keep 'em hot and juicy till you get home.

Or how about T-for-2? Two juicy, tender T-bone steaks broiled to perfection can be enjoyed by you and the wife, too. Arvey's is offering a big delicious T-bone steak for only \$6.95 a la carte or for just 30¢ additional, you can order it as a complete dinner which includes a free Caesar salad, soup, potato, rolls, butter and dessert.

Arvey's Famous Restaurant of Niles is open for breakfast, lunch or dinner, 7 days a week. Your hosts are George and Tommy Arvey, two very special hard working guys.

The Northwest Suburban Friendship Guild The Northwest Suburban Friendship Guild will hold their meeting on April 3 at 12:30 p.m. Refreshments will be served. All April birthdays will be honored with a birthday cake. A social hour will follow. You do not have to be a member. All meetings begin in the Friedman Social Hall, 965-0600 or 296-4698.

Marillac's Tennessee Williams Benefit '79 Workshop

On Saturday, March 31 at 8 p.m. Marillac's Family Association will present at Marillac, "Songs by American Composers Through the Decades", the theme for Benefit '79.

Jim and Edyth Sheerin of Park Ridge and Bill and Carolyn Mitchell of Glenview, co-chairpersons for the benefit, announced this year's guest star will be Galen, a pianist whose previous appearances in the Chicago area include performances at the Arlington Park Hilton and Mill Run Theatre. Galen arranges all of the music for his four member back-up group — two electric keyboard players, a guitarist and a drummer. His repertoire ranges from popular to classical.

Marillac's own "stars", members of the Benefit Chorus, conducted by Pierre Dosogne, and Dancers, under the direction of Ms. Bonnie Bernstein, will musically review the songs of American composers from the roaring '20's to the present time. Channel 7 news commentator Fahey Flynn is Master of Ceremonies. Pianist Mary Ellen

The works of famous American playwright Tennessee Williams will be the subject of a four-week workshop offered by Des Plaines Theatre Guild, Inc. during April. Dr. Raoul Johnson of Schaumburg, professor of Theatre at Loyola University, will conduct the sessions on Monday nights at 8 p.m., April 2, 9, 23 and 30, at Guild Playhouse, 620 Lee St., Des Plaines.

Fee for DPTG members is \$10, for non-members, \$15. Registration may be by phone, 296-1211, and at the opening session. Payment must be made

Lavelle will accompany the choral numbers.

After the performance, Rosemary and Ben Martin of Park Ridge, After-Glow chairpersons, are arranging that the Galen entertainment will continue with dancing in the Student Center. Tickets for the Benefit performance, dancing, complimentary buffet and cocktails are \$25 per person. Alumnae may obtain tickets for \$10. For further information and ticket reservations, call the school at 446-9106.

at the opening session, April 2. One of Tennessee Williams' best-known dramas, "Cat On A Hot Tin Roof," will be presented in January, 1980, as part of Des Plaines Theatre Guild's 34th consecutive season. Dr. Johnson's workshop on the author should be helpful to those contemplating trying out for roles in the play next season.

Currently in rehearsal at Guild Playhouse is the musical, "Naughty Marietta," under the direction of Dick Sitt, which will be presented for four weekends in May as the fifth and final play of the 1978-79 season. During July a bonus show will be offered, "Steambath," with open readings for roles on May 6 and 7.

Saint Joseph's Dean's list students

Two area students have been named to Saint Joseph's Dean's List for the first semester of the 1978-79 school year. To qualify for the Dean's List, the students have earned an index of 3.65 or higher during the past semester, or have maintained a cumulative index of 3.50.

The students are: Lynn Ceisel, 7335 N. School st., Niles, Ill. She is the daughter of Mr. and Mrs. Ernest Ceisel and a 1977 graduate of Resurrection High School, Chicago, Ill. She is currently a sophomore accounting major at Saint Joseph's.

Lawrence O'Connor, 8450 N. Olcott, Niles, Ill. He is the son of Mr. and Mrs. Lawrence O'Connor and a 1977 graduate of Notre Dame High School, Niles, Ill. He is currently a sophomore biology major at Saint Joseph's.

Flynn cites District 207 Board for lack of initiative

Thomas Flynn, Maine Township HS Board Candidate, today said the present Board had failed to serve the best interests of our students, their parents and local tax payers. Mr. Flynn said that the present Board was acting as a "rubber stamp" for the Administration.

Mr. Flynn said, "I have been told that vandalism totals over \$200,000 a year in the Maine high schools. Yet, the Board has taken no concrete step to stop it or recover the money from the students who cause it. I have been told that the Superintendent sits in a chair that costs almost \$1,000 but the Board does not protest. I have been told that various Administration people

have attended numerous out of district and out of state meetings at tax payers expense and NEVER once opposed such a request for reimbursement. I have been told by students that the cafeteria food often is an acceptable but it is never improved with the assistance of the students input."

Mr. Flynn went on to say, "The present Board appears to serve the Administration. The Administration appears to serve itself. The losers are our children, their parents and we tax payers. It is the duty of this Board to operate our schools in a cost efficient manner and they are not doing so. It's time for new faces on the Maine Township high school Board."

Marillac language awards

Marianne Minnis, daughter of Mr. and Mrs. Ralph Minnis of Des Plaines, will be traveling to Germany for six weeks this summer as an ambassador for the Experiment in International Living. The Marillac High School junior will be spending four weeks with a German family and two weeks with a group of other American teenagers. Marianne will receive a five hundred dollar scholarship.

To be eligible for the scholarship, Marianne needed three references: one from her German teacher, Miss Margaret Molzahn, one from another teacher and a third from a classmate. The Language Department at Marillac, chaired by Miss Margie Edmunds, reviewed these references, along

with other application material before granting her the scholarship.

Two other Marillac students, Christine Knaup and Chris Unger, scored a 99+ on a German test, sponsored by the American Association of Teachers of German. Christine Knaup is a freshman and is the daughter of Mr. and Mrs. Heinrich Knaup of Prospect Heights; Chris Unger, a sophomore, is the daughter of Mr. and Mrs. Albert Unger of Morton Grove.

Their achievement will be formally and publicly recognized at a special awards program on May 6 with representatives of the West German, Austrian, and Swiss consulates present. Both girls are students of Miss Margaret Molzahn.

Skokie Trust reports excellent year in 1978

The 1978 Annual Report was recently released by Skokie Trust and Savings Bank, 4400 Oakton and 3601 Dempster in Skokie. The report showed that a new income increase of 22% was gained by the bank over 1977.

Total asset growth for 1978 was also very good with an increase of 10% over the previous year. Leroy J. Plaziak, president of Skokie Trust and Savings Bank, noted in his comments in the report that this growth is particularly significant in view of intense competition for the depositor dollar among savings institutions and a tight money market economy.

"With the rising interest rates prevalent during 1978, alternative investments available to

the depositor made growth a difficult achievement. I believe Skokie Trust and Savings Bank met the challenge with a high degree of success", stated Plaziak.

Plaziak also commented that he felt that the opening this summer of the permanent banking facility at 3601 Dempster would serve as an important factor in the continued expansion of the bank's market base. The temporary facility at that location has already shown a steady and marked increase in use by old and new customers. The facilities has a 24 hour automatic teller machine which permits bank customers to make transactions at any time.

Clarence E. Culver,
Superintendent

The report indicated a 17% increase (for 1977) in ridership on the Evanston-Golf Mill route; 20% for Glenview-Golf Mill-O'Hare; 10% on the Des Plaines-Jefferson Park route; 31% increase for Evanston-Des Plaines; 35% for Jefferson Park-Golf Mill; and a 29% increase in ridership on the Howard L-Des Plaines route.

Ridership decreases of 29% and 7% were noted on two routes from Park Ridge to Golf Mill.

Village trustee Bart Murphy (Niles) NORTRAN representative prior to appointment as trustee) advocated increased service for Milwaukee ave. "with reduced bus service on lesser used routes."

In other business trustees formally approved a resolution to support rejection of a petition to detach Golf Village and the Golf Acres Subdivision from School District 67.

Niles Board Pres. pro tem Carol Panek said approval of the petition would result in a 14% loss in tax base to the District but Sheldon Marcus, school board trustee who appeared before the Niles Board Tuesday night to seek support in rejecting the petition, said the loss would be closer to 18%.

Marcus said the proposed detachment would also result in

loss of 50 to 55 students and a projected \$250,000 per year loss in the district's operating budget.

"Our District is multi-faceted with students coming from Golf Village, Morton Grove and a part of Niles," said Marcus, "therefore I seek your support."

Eight of ten Niles Township School Boards have already supported a resolution in opposition to the petition noted Marcus. "The Morton Grove Board voted their support last night—we seek your supporting resolution tonight and the tenth school board (not identified) Wednesday night."

He noted the Chesterfield Home Owners Assoc. also approved a supporting resolution. According to Village Manager Kenneth Scheel the west boundary of School District is Harlem ave. and Main st. on the south.

He said owners would be notified of Board decision by letter.

received was unconscionable from a bunch of ragamuffins who were operating out of a garbage can.

Maine South's stunning victories in the state basketball finals Friday and Saturday were downright astonishing. As an old basketballphile, we were amazed at their successes. We've long felt the rich, white suburban boys just didn't have the heart to compete with the better players in the state.

We were not in the minority when we thought Maine didn't have a chance downstate. We thought De La Salle, East Moline, Benet and Quincy were better teams than Maine. But Maine showed poise and guts and proved their coach is the essential ingredient to their success. We join Hawk fans everywhere in saluting a bunch of young men who deserve our admiration.

The resignation of Niles Librarian Edith Jackson was the culmination of a year of much trial in the district.

Mrs. Jackson had been the target of many library members the entire year. The tension and discord in the district during this period was an overwhelming reason for her resigning.

There's little doubt the lady has a communications problem. When one of the Buglers visited her recently she described the curtness Mrs. Jackson showed toward an employee who walked into the administrator's private office.

Last year, when we were writing about Mrs. J. and library happenings, the lady called us from New York and castigated us for mentioning her name. She gave us strict instructions not to refer to her personally again.

Obviously, this communications breakdown is what has led to her exiting from the district. She could well be a librarian of much ability. But the inability to create a favorable rapport with the many employees led to her leaving the district.

New board members elected last year heard the cries from the workers in the library buildings which led to their endeavor to find a new administrator. While older board members, who were responsible for bringing her into the district favored her staying, they lost their majority vote when two of them departed from the board. Their departure inevitably led to the administrator's leaving the district as well.

The election of the new board members last year was a healthy move for the district. The library district was a musty old body which had old board members stay on the library board much too long. The injection of the new people will perk-up a district which has been repeating the same old moves year after year.

Mrs. Jackson, in addition to her personal problems with employees, also got caught in the switch, between the changing of the old guard with the newer people. She came in at the wrong time.

The fates were not too kind to her.

Winners in the Morton Grove Police Department annual contest for Crime Prevention Posters received awards and certificates at the meeting. The first place winners were: Andrea Shellist, 5th grade at Borg School, and Eileen Deano, 3rd grade at Edison School. Second place winners in the Statewide Illinois Crime Prevention contest were: Charlie Langfeld, 5th grade of Edison School, and Tracy Feldman, 4th grade of Edison School. All four winners received \$25 savings bonds.

Martin Ashman read some figures dealing with the Revenue Sharing Fund program. It was only the first reading and will be dealt with in more detail at a later date.

Pursuant to these Revenue Sharing Funds, the Library Board requested a share of the funds coming to \$25,000 for their computer program. At this time Neil Cashman suggested denying the request, when it was learned the board may then apply and possibly qualify for federal funds.

The Library Board can then come back to the village for help if turned down by the Federal government.

Leonard Bloomfield, Plan Commission chairman, read several reports to the trustees. The first was an amendment to the zoning ordinance concerning paving standards. The word surfacing is to be replaced by "Standard for Pavement Design". Trustees concurred with the Plan Commission on this and on another case involving the enlargement of an existing parking lot on the Avon property at 6901 Golf rd.

In the case of the property at 6025-37 Lincoln ave. the Village of Morton Grove is requesting to amend the existing zoning for 125 ft. depth fronting on Lincoln ave. as per court instructions from R-2 to R-3. The Plan Commission voted to grant this request, and Atty. Ashman noted since we are in a good position with this case which we won in court, he felt it proper to wait till a proposed appeal may be sought before taking a final vote on this request.

In the case of an amendment sought by the village for "Off-

Street Parking", it was decided to table until April 9 so trustees could study this further.

The Plan Commission recommended the Vamstd re-subdivision in Morton Grove be allowed containing the new water retention plan and area, with the associated legal documents controlling ownership and maintenance. In order to satisfy the M.S.D., Vamstd has worked with the village appointed attorney, planner, and engineer and has satisfied all involved, said the Plan Commission report, so they voted in favor of granting the Vamstd re-subdivision. The Board concurred and Gabe Berrafato will draft the ordinance since he is familiar with the case which started several years ago.

Blood donor awards were given by Joan Dechert and Marge Turek and Ms. Dechert said the next blood drawing would be held on April 5 at the Julia Malloy School and we need many more donors to make our quota.

Fred Huber received permission to advertise for a station wagon for the water department. Bids will also be sought for the equipment for a firing range for the new Police Department facility. They will be opened on April 9.

Clerk Jerry Schurcke said the village needs judges for the upcoming elections on April 17. A fee of \$35 is paid and an additional \$10 for the school for judges. All interested parties can call the Village Hall. Mayor Flickinger said he's like Senior Citizens to serve if they are able.
