## Screening for Mikva successor

The second open screening session to select the Democratic Congressional candidate for the 10th Congressional District will take place at 7:30 p.m. May 14 at the Community House, 620 Lincoln Ln., Winnetka. When asked what qualities he was seeking in a Congressional candidate, Calvin R. Sutker, Niles Township Com-

mitteeman and Chairperson of the State Central Committee for the 10th District, replied, "Commitment. Congressman Abner Mikva proved his commitment to the 10th C.D. by mounting four long, often bitter campaigns to represent us. There is very little time between the special election at the end of this year and the

Congressional election in 1980. The special election could actually take place after the filing deadline for the 1980 Congressional primary. To me, the elections are in fact one grueling eighteen-month campaign. I am seeking a candidate who will emulate Congressman Mikva, who will want to

represent us so much that he or she will mount an eighteen-month campaign to win a place in Congress."

There was excitement at the first screening session when Sutker, after promising that all prospective candidates would appear at public screenings, announced that, "We have put an

end to the smoke-filled rooms and have returned to democratic politics in the truest sense of the word. Each committee member has one vote. I have given up my weighted vote in hope of expanding the democratic process."

Sutker stressed that, except for the restrictions laid down in the

Watch out for the Big Buck Boys! When they come a-calling, you better count your change. And keep a close eye on your wallet.

Two of the bigger buck boys came a-calling the past couple of weeks. One dropped in to see The Bugle people and the other dropped in at Niles Chamber of Commerce luncheon.

Here at The Bugle office Commonwealth Edison sent a nuclear physicist to the office to answer any questions we may have. The utility company hasn't been around in quite awhile. But they're seeking a rate increase right at the time when nuclear plants are having a fall-out problem with its customers.

Last week we attended Niles Chamber of Commerce luncheon and the featured speaker was Norm Adams, a representative from Mobil Oil. Norm gave the word the company needs profits... and more profits, so Mobil can find more oil... so they can charge higher prices... so they can find more oil. As for that dirty word, "profits", the company makes less profits than many of the major corporations in this country, so says Norm, the Mobil man.

Coincidentally, while we're typing this column, my next door neighbor, Diane Miller brought me this morning's mail which includes a note from Norm. In his best public relations handwriting, he said he enjoyed "our exchange" at the Chamber meeting and enclosed a Mobil pamphlet which lets me know oil companies made smaller profits than cement, office equipment and computers, lumber and wood products, drugs and medicines, soft drinks, soap and cosmetics, tobacco products and printing and publishing companies.

The note the Mobil man sent me is addressed to "Dave" and is signed with best wishes from "Norm". He doesn't

Registration for summer classes will continue through May 19. Registration material may be obtained by contacting the Office of Admissions. Registration forms may be

## Construction to aid Washington School

# District 63 transportation problems to be reviewed

At a special School District 63 meeting Monday, it was announced construction will begin soon to alleviate auto congestion at Washington School. Also, it was re-affirmed the present transportation policy will continue.

Forty-five parents attended the special transportation meeting and heard the board report the Washington School parking lot will be enlarged and another

driveaway will be built in an attempt to lessen the traffic problems at the Golf and Washington sts. school.

A major request came from parents who live north of Victor and east of Washington sts. seeking free busing for children attending kindergarten through sixth grades at Washington. Since the corner will have a crossing guard, and it is not deemed

### New bill to aid Senior Citizens

Senator John J. Nimrod, R-Glenview, has introduced a bill that would greatly assist senior citizens who own their homes. SB 823 would allow senior citizens to place a lien on their homes in order to defer all property taxes which would pay upon death or when the house is sold.

"Because of double-digit inflation and escalating real estate taxes," said Nimrod, "Senior Citizens, who are generally on fixed incomes, are finding it more and more difficult to pay those taxes. My bill would permit them to simply not pay real estate taxes during their lifetime or until the house is sold."

SB 823 would create a special revolving fund, with the original \$300,000 coming from the lottery fund; from which the Department of Local Government Affairs would pay deferred taxes, plus 6 per cent interest. The deferred taxes could not exceed 80 per cent of the equity.

"If my bill is approved," said Senator Nimrod, "a Senior Citizen would merely have to file an application for deferral of taxes, which becomes a lien on the property."

Senator Nimrod said a similar Senior Citizens Real Estate Tax Deferral law has been adopted in several states and has proven to be a great financial help for older persons who are trying to stretch their dollars.

### Homestead Exemption aid

Robert P. Hanrahan, Niles Township Assessor announced that on Friday, May 4 representatives from his office will assist senior citizens in applying for the Homestead Exemption at the following locations: Niles Savings and Loan Association, 7077 Dempster st., Niles - 9:30 a.m. to 1 p.m. Morton Grove Bank, 8700 Waukegan rd., Morton Grove - 6 p.m. to 8 p.m.

The Homestead Exemption is a \$1,500 exemption deducted from the equalized assessed valuation. This will reduce the tax bill by approximately \$100 to \$150. For further information, please call Cheryl Youstra, Chief Deputy Assessor, 673-9300.

Word is out that Bill Terpinas of the Niles Police Department has been named the Grand Marshal for the Niles Little League parade which is taking place Saturday, May 5. Our informants tell us the choice of Terpinas was unanimous by the Little League Board of Directors. His recent brouhaha over registration procedures made him their No. 1 choice.

Despite the rainy weather, the Niles Park District crews planted 10 trees (5 honey locusts and 5 silver maples) in Grennan Heights Park on Friday, April 27 in observance of Arbor Day. Subsequent tree plantings are planned for Jozwiak, NICO and Ballard Parks.

Village of Niles personnel were honored by the Niles Chamber of Commerce at a luncheon at Bunker Hill Country Club on Thursday, April 26. Chamber president Roger Schoener presented Niles Village Manager Ken Scheel with a plaque complimenting the village for a job "well done" during the blizzard of '79. Award certificates were presented to representatives of the Niles Police, Fire and Public Works Departments for the extreme efforts put forth by these departments this past winter. As Schoener noted, "One only needed to venture outside the village limits to appreciate the terrific job done by the Niles employees."

Our condolences to the Neil Cashman family on the loss of their 17-year-old son, Neil, who passed away April 24 after a long illness. His father was a former Morton Grove trustee. The family has requested memorials to the Association for Brain Tumor Research, 3260 W. Irving Park, Chicago.

For all you music lovers, Oakton's Percussion Ensemble is presenting "Percuss-O-Rama" at 2 p.m. Sunday, May 6 at Maine North High School, 9511 Harrison, Des Plaines. The concert is free to the public.

Several Nilesites have called the village hall in recent weeks complaining that numerous service stations in town are not posting their gasoline prices on the large display signs. According to Bill Hlavacek, Niles Director of Health and Licensing, service station owners are required to post prices on the gas pumps only and therefore are not in any violation by not posting on display signs. As one dealer in Niles said, "My allotment has been cut by almost 15% and I'm not really looking for business. My main concern is to take care of my regular customers."

Last month in a blood drive held at Notre Dame High School, 96 students specified their donations be given to a 1978 Notre Dame graduate, Patrick Brand of Glenview. Pat, a victim of Leukemia, died Tuesday. He was one of ten children of Kenneth and Kathleen Brand. In his memory, the family has requested contributions be made to the Notre Dame High School Scholarship Fund. Requiescat in pace...

### Morton Grover wins Easter Bonnet contest

Lisa Burmane, daughter of Mr. and Mrs. Howard Burmane of Morton Grove, and a student at the Illinois Deaf-Blind Service Center and School in Chicago, won first prize in the annual Easter Bonnet competition held at Pulaski Park. Lisa and the other students from the school were accompanied by Dr. Richard J. Martwick, Administrative Agent of the program.

The Easter Party was a fun, educational experience for the children as they had the opportunity to take part in a community event along with other children.

Field trips for IDB students are designed to help them develop an awareness of the world around them by concentrating on the senses they possess, rather than those they lack, and to enhance and develop use of their residual vision or hearing. Lisa, along with the other students of IDB, recently visited the Azalea show at Garfield Park Conservatory and the Lincoln Park Children's Zoo, where they had the opportunity to hold and pet small animals.

Other Little Leagues have dissolved into Park District baseball and Maine-Northfield has grown into 18 minor teams (8 yrs. to 11), 12 major teams (9 yrs. to 12), 8 senior teams (13 to 15 yrs.) and 2 Big League teams (16 to 18 yrs.), all affiliated with Little League baseball in Williamsport, Pa.

If the weather breaks in our favor, according to Field Development Director Bob Godzicki, we'll open our Minor Leagues on May 5 and the Majors

on May 6. We lost the April 27 and 28 opening because the sod fields in Wisconsin were too wet to cut and now all these rain days are stopping the fencing firm and dirt trucks from doing their work. If need be, we will open at Glen Grove School and Rugen Park this weekend.

## ND Seniors vie for team

Three members of Notre Dame High School's 1978 Regional Championship baseball team are presently competing for the varsity squad at Rockford College in Rockford, Ill.

Shortstop Tom Flood was co-captain and Most Valuable Player of Notre Dame's squad a year ago. He was named to the East Suburban Catholic All-Star and All-Conference teams, hitting for a .310 average. ## Compliments Niles CB Patrol

Dear Sir:  
I recently observed a committee meeting of the community organization - The NICAP Citizen's Band Radio Patrol. Now, as a taxpayer, a voter, and an active participant of Niles, I was sincerely surprised at my lack of knowledge about this program. And I am perhaps not alone in my ignorance. I found that this Citizen's Band Radio group, conducted by both male and female adults, was doing a tremendous job of protecting and assisting the city of Niles.

Since 1976 the statistics concerning vandalism in Niles have sharply dropped and I have heard nothing about the benefits and/or community services they provide. Therefore, in this letter I would like to share with our Niles residents that there is a helping hand to the Police Department and they really deserve a mention.

Thank you, NICAP for your concern for both the young and old.

Sincerely,  
Mary Daly  
7452 Lawler, Niles

## Urges Terpinas to volunteer services

Dear Editor:  
I heard Bill Terpinas' statements, I heard Niles Baseball League's statements, I heard some parents' statements, and now, as a Niles Baseball League participant, I must share some of my statements.

Mr. Terpinas, I must agree with your concern about the registration and how you'd want it to be changed. However, on the basis to which you approached the matter is a whole different story. You introduced your feelings about the registration by filing a suit to attempt to put an injunction on the Niles Baseball League until the case was settled. The result of this case would have been 450 boys and girls not playing baseball because you forgot to sign up your son. So, if you had taken some time by attending the monthly meetings, you could have brought your idea up and have the matter settled without the possibility of preventing 450 other kids from playing baseball.

Mr. Terpinas, when your son receives a postcard, which states when the monthly meeting takes place, I hope to see you there expressing your feelings. Also, before each session begins, there are 45 jobs just for running the league and 40 managing jobs to run the baseball teams, which is all volunteer work. Anybody can volunteer for these jobs if he wants to. If you, Mr. Terpinas, are so deeply concerned in Niles Baseball then call someone involved in the league already and tell him that you would like to volunteer for one of the open jobs next year.

## Park victor expresses thanks

Dear Editor:  
"Thank you" is a small word to express to all the people who helped me in the election for Park Commissioner. The papers were very helpful in letting the people know a little about each candidate. It was also wonderful to see the great coverage received by the media. I express my thanks to two men who backed me 100 percent. Greg Cannizzo and Russ Gawne as my campaign manager. Also to Helga Zimmera who gave up her lunch hours to type for me.

A big cheer to grammar school boys and girls, high school and college kids plus all my friends who wrote letters and delivered literature door to door. Also to my husband, John for helping ring door bells. We found out Niles is not a small village. A bouquet of thanks to the

### Mikva urges nuclear moratorium

Congressman Abner J. Mikva, along with several colleagues in the House of Representatives, has urged President Carter to support legislation that will establish a five year moratorium on all new nuclear power plant construction. In a letter sent last week, Mikva and his colleagues referred to the recent accident at the Three Mile Island nuclear plant near Harrisburg, Pa. and called on the President "to transform this crisis into an opportunity to set a new direction for our national energy effort."

Mikva expressed his concern over the mounting evidence that raises "fundamental questions" about nuclear technology. "The Three Mile accident is the most dangerous nuclear accident to date," Mikva said, "but it is by no means the only one." Mikva explained that there have been ten other nuclear accidents in this country in the past four years, all of which posed a threat to public safety.

The letter asks the President to "shift" the country's energy priorities to an emphasis on development of solar energy and alternative fuels, such as gasohol, and promotion of energy conservation. In commenting on the national commitment to nuclear power, the letter notes, "We have spent over \$17 Billion (since World War II) in efforts to

### Maine projects fewer classrooms in smaller schools

In its continuing study on the effects of declining enrollment, the Education committee of the Maine Township High School District 207 heard at its April 16 meeting that 16 1/2 fewer classrooms would be needed in Maine High Schools of 2,000 student enrollment.

The four Maine Township High Schools currently have 10,688 students. Five year enrollment projections made in January predicted that the enrollment in the schools is expected to drop to 7,400 students in the 1983-84 school year.

The report on classroom utilization in schools of 2,000 enrollment projected that 36 fewer classrooms would be needed at Maine East, 14 1/2 fewer at Maine South, and 11 fewer at Maine West. At Maine North, which currently has some 1,500 students, three additional classrooms were projected.

A second report on length of the school day in times of declining enrollment contrasted the nine-period day with the eight-period day and the seven-period day. Another approach, modular scheduling, segmenting the day into small blocks of time and providing class periods of varying length on a given day, was also mentioned as an alternative.

The report noted that changes in scheduling of the school day should be studied carefully since the master schedule is like a mosaic and cannot change its fundamental shape without altering some of the individual parts.

### SJB student wins spelling contest

Donna Jordan, eighth grader at St. John Brebeuf Elementary School, captured 1st place in the Northwest Catholic School spelling contest sponsored by Northwest Credit Union and hosted by Resurrection High School. Fifteen schools each sent 2 representatives to the contest. Sue Hanna was St. John's other representative.

Last year, Donna finished second in the same spelling contest. According to her mother, Donna does very well in spelling, winning this year with words like Pituitary, Auxiliary, Atrocity and Madonna. She also plans to re-enter an upcoming speech contest in which she placed second last year. Donna also plays on the St. John Brebeuf girls' varsity basketball and volleyball teams. So far she has been able to combine her varied interests with winning style.

### New Board Member Workshop

The Niles Township's Council of School Boards Consortium on Community Relations is sponsoring a workshop for all newly elected Township Board members. The workshop will be held on Saturday, May 5 at the District 219 Board Room, 7700 Gross Point rd., Skokie. The workshop will begin at 9 a.m. and run thru 12:30 p.m.

special workshop, according to Consortium Chairman, Peter Ellison, District 73 1/2 Board member, is to inform these new Board members about some of the important issues they will be facing as Board members and to give them some insight into the "life of a Board member". Now that the election results are available, the Consortium will send an invitation to each new Board member with additional information about the agenda for that morning.

## ED HANSON

Winners and losers ...

Spectacular Bid should be an easy winner in Saturday's Kentucky Derby. If they backed this horse into the starting stall and he ran backwards for the mile and a quarter Spectacular Bid would still win the Run-For-The-Roses.

Moreover, Spectacular Bid will probably go on and win the Triple Crown and become horse of the year.

Spectacular Bid - he's a Winner!

The Chicago Cubs, despite their super-lucky "win" last Sunday in the 9th inning, will still finish last.

The Chicago Bears will finish last.

So will the Chicago Bulls ...

And the Chicago Blackhawks ...

And the Chicago White Sox ...

Even the highly regarded Chicago Sting will get stung!

The Lone Tree Inn, 7710 Milwaukee ave., Niles is a winner! Their Sunday weekly Polka Parties are winning them new patrons each Sunday. And their weekly Dinner-Buffer served from 1 p.m. to 4 p.m. on Sundays is a winner. And if you need accommodations for 25 to 100 people for special occasion affairs such as Weddings, Banquets, Meetings, Showers or Whatever, you'll be a winner for using the facilities of the Lone Tree. Have your next affair at Lone Tree.

Another winner is Jake's North Restaurant of Glenview. For Mother's Day they are featuring a Sunday Mother's Day Brunch that's fantastic for only \$4.95.

Jake will offer two Mother's Day parties, one at Jake's North, the other at Jake's Restaurant of Niles. (More about this next week.)

Another big winning restaurant will be the new Milwaukee Inn Restaurant and Lounge, at 6474 N. Milwaukee ave., just a block north of Devon. They're going to offer top quality family dining at affordable prices. Watch this paper for an announcement of their Grand Opening soon ...

Another place where Mother is always a big winner is Arvey's Restaurant, Oakton and Milwaukee ave., Niles. Every year Arvey's offers Mother a great breakfast and dinner treats with their gourmet foods that have made Arvey's foods "Internationally Famous". For reservations for Mother's Day, phone 967-9790, George or Tommy Arvey.

I know a guy named Ron whose idea of greens with every meal is an olive in his martini ...

See you next week ...

Don Collignon, Mount Prospect, and Steve Levitt, Niles, are also among the male dancers.

Performance dates are May 4, 5, 6, 11, 12, 13, 18, 19, 20, 25, 26 and 27 with an 8:30 p.m. curtain on Fridays and Saturdays, and 7:30 p.m. curtain on Sundays, May 6 and 13. The final two Sundays, May 20 and 27, are matinees with a 2:30 curtain. Tickets for all but May 18 may be reserved by calling the Guild Playhouse box office, 296-1211, between noon and 8 p.m. daily. Friday, May 18 will be a benefit performance for the Rosemont Lions Club, for which tickets are available from members of that organization.

Elliott Hartstein ran for Buffalo Grove Trustee and led all four candidates for the position, and was elected to a two-year term. He is a member of the Zoning Board of Appeals for the Village, and served as Chairman of the School District 96 Citizens Advisory Council and as a member of the Ad Hoc Facilities Committee which studied the need for a new school in the district. He previously was on Skokie School District #69 School Board, a member of the Central Business Commission in Skokie, and Vice President of the Skokie Condominium-Homeowners Association. Elliott is a partner in the Chicago law firm of Cohon, Raizes and Regal, a member of the Legislative Committee of the American Bar Association and the Illinois State Bar. He is a graduate of the University of Illinois and received his Juris Doctorate from DePaul University.

Barry Hartstein, Elliott's brother, also received more votes than the other three candidates and was elected to a three-year term to the Board of Trustees of Aptakisic-Tripp School District #102 in Buffalo Grove. He recently served as Chairman of the Concerned Citizens for Better Education, to lead a successful referendum for a new school and increase for maintenance; also served as Chairman of the School Committee on Policy, Communications, and Legislation. man of the college and has served as Chairman for four years and Vice Chairman twice. He is now President of the State Trustees Association, which devotes its energies on behalf of the fifty State community colleges. He holds an M.S. from the University of Illinois and has done additional graduate work at Carnegie Mellon, University of Pittsburgh, and State College, Pennsylvania. ## Scholarship winners

The Northwest Suburban Unit of the American Cancer Society has selected their 4 recipients of the student summer scholarships at Lutheran General Hospital in Park Ridge. The area high school juniors are Barbara Egan, Maine South High School; Laura Fall, Rolling Meadows High School; John Michael, Notre Dame High School and Steve Smith, St. Viator High School.

The scholarship winners receive a 6-week laboratory experience at Lutheran General Hospital, under the direction of Dr. Takashi Okuno, Department of Pathology. This lab experience will include work in the following areas: hematology, biochemistry, blood banking, bacteriology and immunology.

The purpose of the student scholarships is to stimulate interest in the health sciences in view of the great shortage of qualified individuals in that field.

### M-NASR Asthma education program

The Maine-Niles Association of Special Recreation in cooperation with the Chicago Lung Association, is sponsoring a new swim and exercise program for asthmatic children, and an asthma education program for their families. The program, which will be held on Saturdays, 11 a.m. - 1 p.m., from May 5 through June 9 at Maine West High School in Des Plaines, will provide children 8 to 16 years of age with a medically supervised recreational experience.

A registered nurse will work with children in breathing exercises, teaching proper breathing

techniques, and providing children with a relaxed atmosphere to exercise in. This will be followed by an hour session of supervised swimming in the high school's pool, which will be attended by a Red Cross Water Safety instructor and the registered nurse.

In conjunction with this program, an educational program will be held at the same time for parents of asthmatic children. Educational programs will be given by qualified medical professionals discussing topics such as asthma and its natural history, causes of attacks, attack

intervention, physical activity for asthmatics, and emotional effects of asthma upon the child and family.

This six week program will be limited to 20 children and their families. This program is being offered free of charge, as it is being made possible through Christmas Seal contributions to the Chicago Lung Association. Registration packets and further details are available at the Maine-Niles Association of Special Recreation offices, 9440 Kenton ave., Skokie, or by calling Judy Jacobson at 674-5512.

### Financial benefit for elderly

Senator John J. Nimrod, R-Glenview, has introduced a bill that would be a great financial benefit for elderly homeowners.

SB 448, now before the Senate Revenue Committee, would amend the Homestead Exemption Act so that when homeowners reach age sixty-four they could file for the \$1,500 exemption.

"The problem with the current law," said Nimrod, "is that people cannot apply for their homestead exemption until they are sixty-five years of age. As a result, they do not get the exemption until age sixty-six. Under

my bill they could apply for the exemption at age sixty-four and get the exemption one year later."

Senator Nimrod said that with double-digit inflation and with many people continuing to retire at age 65, the State must do everything it possibly can to assist the elderly in stretching their dollars.

The Glenview Republican said his bill has been favorably received by his colleagues and constituents and he is hopeful the measure will be approved and signed into law.

### From the LEFT HAND

Continued from Page 1

know me, nor did I introduce myself to him, but he sure found out, and cordially we became first-name buddies. Ah, those slick oil salesmen.

At the Chamber luncheon we merely asked the man how he could play down what the oil industry is doing to Americans (as well as other world citizens). We told him in four years Mobil Oil Company's stock has doubled in value. He did not answer our question but wandered off into fields of exploration which left us with an unanswered question. When we later suggested the buying of Montgomery Ward with oil money was a bit obscene, he said it was bought before the recent oil increases. Does this mean with their new profits they may purchase Illinois, Indiana and Michigan and call it the United States of Mobil?

Sending a propaganda representative out to the local Chamber seems to work. While the huge profits the companies are making are downright immoral, some of the local Chamber boys didn't see it that way. One of the natives got up and joyously announced, "We're all businessmen... and there's nothing wrong with profits." He then suggested Mobil should rake in all they can get.

What the young Chamber man doesn't understand is profits are what makes our economic system work, but excessive profits have been curtailed since the 1800's. We started making laws in this country to eliminate children from working in factories, from people working 14-16 hours, and creating minimum wages and health and safety standards. All these laws restricted profits.

Today, the president wants to limit some of the profits with a windfall tax. When oil price ceilings are decontrolled, the expected additional profits are planned to be limited. Yet, the oil companies are fighting even this restriction.

In a free economy there is great room for abuse. There is no greater example than in the medical field. Hospitals and doctors are the best examples of the abuse of our free system. Doctors have so abused the system they're pushing the government to clamp down on their profits by taking over their profession.

When the greedy take more and more, they take away from other areas. When you pay more and more at the gas pump, or for electricity or for doctors; you're cutting down on money which would go for food, clothing and other areas. While one economic area gouges, others suffer. And that's when the government gets involved.

To show you what you as a consumer are up against, we return to Commonwealth Edison's visit to The Bugle office. Why, at this time, would they send people to our office? They want a rate increase. And with the Harrisburg plant's mishap, the fallout from Pennsylvania can seriously jeopardize Commonwealth's getting that increase. And while they send a small part of their propaganda machine to the local newspaper, we've been told they have 80 lobbyists downstate protecting the utility's interest from legislation not in their best interests. I wonder how many people you have representing you downstate?

Commonwealth Edison is an advertiser and they're quite sensitive to what is written in the newspapers. One time we reported an electric utility pole was parked in the middle of a sidewalk in Niles. They screamed loudly and immediately, jingling our phone within hours after The Bugle hit the newsstands.

We're merely reporting what goes on in our small area of the world. When the big buck boys come out to the local newspaper office at rate increase time, and when the oil slickers try to tell the local Chamber that more and more profits are what are needed, you should be aware of how your community is being manipulated.

The Big Buck Boys are playing a very expensive game. It is well you should know what they're up to in your community. And you should also know at whose expense the Big Buck Boys are aiming.

hazardous, board policy disallows free busing. However, parents could pay for busing if they desired public transportation from their area to the school.

In the discussions during the evening, it was agreed the school district would eventually get out of the busing business, reducing the burden of business manager, Jim Bowen.

In other related discussions the board: . . . Reaffirmed the superintendent will continue to designate hazardous areas in the school district which would result in free busing.

. . . In an attempt to increase continuity in the bus program, staff and custodial employees will be encouraged to act as drivers on the buses for an extra stipend.

. . . Figures will be forthcoming to determine the cost of extra busing. About \$100,000 is being budgeted for the extra bus program.

. . . Bowen was commended by Ms. Flores Bojam for the fine bus service offered Stevenson School students. Many of these students were transferred from the closed Ballard School at the beginning of the school year. Several of the parents there were in the forefront of those protesting school closings.

The following is the official policy of School District 63 regarding transportation:

It is the policy of this school district to provide free transportation for regular pupils to and from school under the following

conditions:

1. Pupils in grades kindergarten thru sixth who reside one (1) mile or more from the school in whose attendance area their residence is located.

Transportation boundaries using this criteria, shall be established by measuring the distance from the curb in front of the nearest entrance to the school to the curb at the one mile distance by the shortest reasonable walking route. Such limit as determined by the above method, shall be adjusted to the next nearest intersection within the one mile limit. If such intersection involves a three-way intersection, the limit shall be determined by the dead-end street being extended.

2. Pupils in grades kindergarten thru sixth who reside in an area which has been determined by the Board of Education to require an unsafe walking route to the school in whose attendance area their residence is located.

Further, it is the policy of this school district that pupils in grades kindergarten thru sixth who do not qualify under the above conditions for free transportation may be permitted to ride a bus, at parent expense payable to the School District, upon the approval of the Superintendent of Schools, or his designee, and

Pupils in grades seven and eight may ride a bus, at parent expense, payable to the School District.

The transportation program shall be reviewed annually by the Board of Education.

The Superintendent of Schools shall determine which areas within the district will be considered unsafe and thus requiring district paid for bus transportation for the (K-6) elementary children living within those areas. The criteria to be used to define an area as unsafe shall be the following:

1. areas where construction or repairs present a hazard to children

2. areas where children would have to cross an intersection that can not be rendered safe with a crossing guard

3. areas without sidewalks where: (a) the speed limit ex-

4. any other area deemed hazardous by the Superintendent

### State police begin off-duty patrols

The Concentrated Traffic Enforcement Program, a federally funded program, which allows State Troopers to work during off-duty hours enforcing traffic laws at high accident areas throughout Illinois, commenced at the beginning of May.

The first phase of the six month fiscal year program was conducted from September through December of 1978, and will conclude with the months of May and June of 1979.

Captain William Burt, District Commander for Northern Cook County, said the C.T.E.P. Program alone resulted in 2314 arrests or written warnings being issued to motorists at the high accident areas in Northern Cook County during the first phase of the program from September through December of 1978. Captain Burt said that with the added visibility of Troopers and increased enforcement, accidents at these locations have been reduced.

The locations for the Concentrated Enforcement Program in Northern Cook County are:

- I-290 from the Tri-State Tollroad (I-294) to the Northwest Tollroad (Ill 194)
- Route 53 from the Northwest Tollroad to Dundee rd.

## FISH volunteers seek members

FISH of Des Plaines chairman Neil Fisher goes over information on RSVP with other FISH volunteers Doris Heller, Bev Amling and Anne Evans, all of Des Plaines. Additional volunteer drivers are desperately needed to keep the FISH emergency services in operation, and it is hoped that this Retired Senior Volunteer Program through which persons 60 and over receive reimbursement for travel expense when engaged in charitable work, will allow some additional residents to join in FISH's neighbor-helping-neighbor activities. A speaker from RSVP will explain the program at the FISH general meeting on Tuesday, May 15, at Des Plaines Public Library, 841 Graceland (at Thacker). The 8 p.m. gathering is open to the public and refreshments will be served. For further information, or to volunteer, call FISH of Des Plaines, 296-5677.

### Investing for the 80's

A three-session seminar on investments will be presented at the Mayer Kaplan Jewish Community Center, 5050 W. Church, Skokie, beginning Monday, May 7, 1979 at 8 p.m.

The first session will cover an introduction to investment and portfolio management, to be followed by strategies and options in the second session on May 14 and income investing on May 21, 1979.

Richard Keller of Paine, Webber, Jackson & Curtis, Inc., will conduct the seminar. He is currently conducting other seminars in the Chicago area.

Because of space limitation, reservations must be made. Reservations and further information about the program may be obtained by calling 675-2200, ext. 202.

### Golf Mill Art Fair

The Golf Mill Fine Arts Committee is now jurying work to be exhibited in the 19th Annual Golf Mill Art Fair to be held September 15 and 16. Oils, watercolors, mixed media, sculpture, and graphics will be among the work shown at the fair and all exhibits will be eligible for \$1,000 in cash prizes.

The art fair is sponsored by the Golf Mill Merchants Association and is one of the largest fairs in suburban Chicagoland. Interested artists may submit five colored slides of their work along with a stamped, self-addressed envelope to Art Fair Coordinator Georgia Collett, Art Fair Committee, Golf Mill Merchants Association, 308 Professional Building, Niles, Ill. 60648.

### Musical Workshop

Auditioning for a musical takes training, practice and, most of all, guts! The Skokie Park District realizes its obligations to help provide the encouragement needed for this musical undertaking. From 1:30-4:30 p.m. on Sunday, May 6 and from 7:30-9:30 p.m. on Monday, May 7, the Devonshire Playhouse will conduct a workshop for beginning and aspiring actors, singers, dancers and musicians at Devonshire Center, 4400 Grove st.

The session is free and will provide the confidence one needs to audition for Devonshire Playhouse's production of "Bells are Ringing" to be performed in August.

Experienced performers, who wish to know more about the show, are also welcome to attend. The workshop is for those 19 years of age and older. For further information, call 674-1500.

### Volunteers needed for MD camp

Approximately 50 muscular dystrophy patients who were planning on attending the Bob Kennedy Muscular Dystrophy Summer Camp in June won't be able to go this year due to a critical lack of registered nurses and male volunteers. Camp officials still hope to find enough volunteers by opening day, June 16.

Registered nurses are needed to assist the doctor who mans the health station around the clock. Volunteers are needed, one for each camper, to help patients swim, go boating, ride horses and participate in all of the other camp activities. For many of the muscular dystrophy victims this is a rare opportunity for outdoor recreation.

Those interested in volunteering can choose between two camp sessions, June 16-23 or June 24-30. Volunteers must be between the ages of 16 and 30. No experience is necessary. A 24-hour answering service will take calls at 463-0507 or the Muscular

Dystrophy Association office will answer between 9 a.m. and 5 p.m. at 427-0551. Suburban telephone numbers during working hours are: 562-9200 for suburban Cook County.
