Chamerski criticizes Park spending

In his new responsibility as Finance Chairman Park Commissioner Steve Chamerski indicated last week he hopes to see numerous changes in park expenditures. Chamerski has consistently vetoed approval of park bills because he said he has not been given the opportunity to examine monthly statements. "Expenses are high," he maintained, and "salary raises are out-of-line." He rated the Park Director with having too much authority and park commissioners with little to say except "yes" or "no." The Director's purchasing powers up to \$2,500 prior to approval by commissioners should be limited to \$500 observed Chamerski who pointed to a \$4,000 loss sustained at the Golf Course last year, allegedly due to over-spending for food and drink. "The Tam Golf Course should not lose money," declared the park commissioner. Also, he said, excessive use of gasoline allotted to park administration "will need substantiation" this year. Chamerski charged that annual raises to park employees were "out-of-line ... we should stay within the President's recommended guidelines-of 7%," he declared, noting excessive salary increases to park personnel this year ranging from 8% to 23.7%. Park Director William Hughes said his listing of salary proposals for the coming year Continued from Page 30

Niles plans new programs for Village

20¢ per copy VOL. 22, NO. 50, THE BUGLE, THURSDAY, May 31, 1979

by Alice M. Bobula
 The Niles Village Board last week approved a 1979-80 appropriation budget of \$9,606,164, almost a half-million dollars over the previous year of \$9,128,596. Village Manager Kenneth Scheel noted that budgets are formed basically by new programs progressively planned for village use. • As a money saver for the village Scheel noted that on June 15 Niles will enter into a full-scale program of IRMA (Inter-governmental Risk Management Agency), a pool, or pseudo-insurance company involving 13 communities. Scheel said Niles' obligation of \$50,000 began last Jan. 1. Estimated cost from June, 1979, to January, 1980, is \$200,000. With an immediate savings of \$300,000 over conventional insurance, Niles costs could be less in 1981 said Scheel should the village have few claims. • Use of a two-man police foot patrol in specified neighborhood areas could result in a 25% reduction in criminal activity, disturbance calls, drinking, gatherings and resident intimidation, projected for the period May 15 to Oct. 15. Estimated cost is \$10,000. • A Computerized On-Line Management and Information System (COMIS) provides for Continued from Page 30

 These Saturday-Sunday-Monday weekends seem forever. And when you return to work Tuesday morning, you sit in front of a blank piece of white paper and expect it to move by itself. But it sits there ... and waits while you grab a cup of coffee ... or rifle aimlessly through some meaningless papers stacked on the corner of your desk. You look at the paper and nothing happens. You get up from your desk and look for someone to talk to, Bill Fishman, our soft beverage man, comes in and you exchange a good joke of his for a bad one of yours. In fact you just made it up, because he likes to tell jokes and you feel you owe him a couple. But yours is kind of weak and you shrug listlessly and look for other reasons to stay away from your desk. Barbara Morris brings us a good story about a friend of hers who publishes miniature books. Alice Bobula re-writes last week's budget story. A real estate appraisal of a piece of property is received from Frank Lynn. And Ann Sostrin drops us a line to let us know some very important Presidents have been school teachers and she disagrees with us that school teachers should stay in the classrooms. That Sostrin is just too damn bright. Why doesn't she stay home and read Family Circle like wives and mothers used to do.

We're back in front of that piece of blank paper. Where did we leave off? Friday we were to leave for foreign shores at 4 p.m. But the daughter, the accountant, came in from a 5-day leave of absence from home and told us about the plane crash. And the daughter, the sophomore, whose curly hair makes her look like Little Orphan-you-know-who, bounces in, and we grimly watch Channel 5's excellent coverage of this horror. You just sit and look and have little to say.

Driving downtown you listen over and over again to WB-BM's monotonous repeat of the scanty details. You hear about Sheldon and Judy Wax and you commiserate. He edits Playboy and she, in mid-life, has just written a successful book. You don't know them but somehow, their tragedy becomes your tragedy. For whom the bells toll - they toll for thee.
 We ate at Phil Schmidt's, just off Indianapolis Boulevard. Old south siders are always loyal to old haunts which are really old friends. We're eating fish at a good fish restaurant, and we don't even like fish.

Fuel-saving tip

Even while you're driving you should be planning ahead. Look well ahead to spot slowdowns and red lights. Pace yourself to reach them when they turn green. A car uses more fuel when accelerating quickly from a complete stop.

Eagle Service Community Project

Teen beautifies Sports Complex entryway

by Alice M. Bobula

Anyone driving past the Ballard Sports Center, Ballard and Cumberland ave., early Saturday morning, May 26, would have seen a fast-action group of boy scouts and scouters laboring over a small parksite, all under the direction of John Parlich, 8133 Odell st. in Niles.

Parlich, 13, an 8th grade student of St. John Brebeuf School, is working toward an Eagle Scout Award, the highest honor in boy scouting, and selected as his community project, beautification of the entrance to the Ballard Sports Complex.

A member of Niles Community Church Troop 62, John is completing the 24th badge requirement for Eagle Scout. With summer approaching and his thoughts on the upcoming September Boy Scout Court of Honor, John said he looked for "something special" for the community project he needed for the Eagle Scout award.

"I called everywhere," recalled the young scout who "finally" telephoned the Mayor of Niles for assistance. The mayor referred the teen to Niles Park District Director William Hughes.

Hughes said several project ideas had occurred to him prompted by Parlich's call but "upmost in my mind" was landscaping of the triangular 30 ft. by 30 ft. site near the entrance area to the Complex.

Park plans to asphalt the area for a bikerack or landscape the site had been temporarily shelved due to planning of a memorial garden at the Recreation Center said Hughes.

The Park Director suggested the site for landscaping to the youth who accepted it. The young scout returned seven days later with a sketched diagram which Hughes checked with few changes and suggestions.

Starting time for beautifying the Ballard Complex entryway was 7 a.m. Saturday, May 26. By 10 a.m. planting of flowerbeds was underway by (l-r) Troop 62 Star Scout Ron Kobyleski, Patrol Leader Terry Carbonara, Life Scout Chris Frawley and John Parlich, director and applicant for the Eagle Scout Award.

A re-designed diagram approved by the Boy Scout Council was proffered to Hughes a short time later and the project work was set for Saturday.

With materials furnished by the Park District, the young scout brought the help needed to begin work.

Assisting him were Troop 62 Scoutmaster Terry Carbonara; scouting father John Parlich; Sr. Patrol Leaders Ron Kobyleski, 16, and Christopher Frawley, 16; Patrol Leader Terry Carbonara, Jr., 14; Godfather and Uncle Ray Fabbri; brothers Keith, 11, and Shawn Parlich, 8, and sister Kelly, 6 years old. Mother Nancy served as pacesetter and photographer.

The site was sanded and layered with screening (a crushed limestone); railroad ties were set in place to border a walkway. Golden privet hedges

were planted in corner areas and "feather" rocks surrounded by petunias and edged with silver dust plants were put into center locations. Three seat-benches will be placed on the parksite for "convenience of senior citizens or bus stop patrons," said John.

Scoutmaster Carbonara commended the teen on selection of a "worthwhile project that people can view daily." Several other suggested projects "had been turned down" he said because "they were not truly community-oriented."

However, completion of the project will not guarantee the Eagle award to the young scout said Carbonara who noted the usual age of an applicant for the award "is 15 or 16 years."

Park Director Hughes said he was "very pleased" with the manner in which John planned and carried out the project. "He turned away our (park) offers of assistance and used his own initiative." Further, noted Hughes, "John is aware of the youth problems endured by the park by the way he is securing the railroad ties and staking rocks so they cannot be pried loose."

As a matter of fact, observed the Director, "we're open to further projects proposed by scouts or other youth organizations ... we are really pleased over the outcome of this one."

SureBlood drive Three men face drug charges

The Do All Company is sponsoring a blood drive to be held at the Civic Center, 1420 Miner st., Des Plaines from 9 a.m. to 4:30 p.m. on Friday, June 8. Community residents are urged to join Do All employees in donating blood in support of the regional blood system.

To schedule an appointment to donate all Des Plaines Community SureBlood Program Coordinator, Donna Fritzpatrik at 297-1200.

This blood drive is held in cooperation with the Des Plaines Community SureBlood Program and the North Suburban Blood Center, the regional blood program of the north and northwest suburbs. The Blood Center has the sole responsibility of meeting the blood needs of patients at the 13 hospitals of the region.

Agents of the Metropolitan Enforcement Group (MEG), an undercover drug-investigation unit in the suburbs, and Park Ridge police arrested three Chicago area men Thursday, May 24 following alleged sale of a controlled substance to an undercover agent in the Dominick's Food Store parking lot at 1900 S. Cumberland ave. in Park Ridge.

Park Ridge Police Lt. Alan Oeste said all three men were involved in the Thursday night sale of a half pound of cocaine with estimated street-sale value of \$250,000.

Michael T. Bodin, 23, of 5028 School st., Chicago, was charged with 3 counts of delivery (sale); Stanley R. Givens, 29, of 4433 S. Monroe st., Chicago, was cited on 2 counts of delivery and unlawful use of weapon; and Robert W. Gilley, 25, of 4121 S. Harlem ave. in Stickney, was charged with delivery.

Also confiscated with the narcotics was a .25 cal. automatic pistol.

In a preliminary hearing held Friday afternoon, May 25 in Niles Circuit Court, Judge Erwin Martay placed Bodin under \$100,000 bond. Givens and Gilley were set under individual \$75,000 bonds. All three are being held in Cook County jail in lieu of bonds pending a May 29 hearing in Niles Circuit Court.

Police said Bodin had a previous record of armed robbery and is presently out on probation. Gilley has had 2 previous arrests but no convictions. They said Givens had no prior convictions.

A MEG spokesman said Bodin and Givens were allegedly involved in previous sales of narcotics to undercover agents.

Orioles 14, Cubs 7
Opening day game, the Orioles took a commanding lead in the first lead inning with 7 runs. The Cubs, not to be beat, fought back in the second inning scoring 6 runs. The Cubs, however, could only score another run in the third, while the Orioles' bats still burning scored 7 more runs for a final score of 14 to 7. Hitting for the Orioles was Scott Sedin, a homerun and a triple. George Kwickowski and Brian Wagner scoring doubles. Singles were had by Brad Lietz, Michael Quinn, Mike Piento and Brian Wagner. Pitching for the Orioles were Wagner, Serlin and Kwiatkowski. Pitchers for the Cubs were Lupino, Dimelli and Ciecko. The Cubs almost had a chance, but the Orioles took advantage of the many walks (good coaching!). Debbie Ryan had her first RBI and needless to say deserved the Game Ball. Quote and unquote from managers... first game ever, everyone had fun and that's what it's all about so let us get on with the rest of the game results...

White Sox 9, Reds 6
A cold windy evening, but the White Sox bats were hot collecting nine hits in the final innings to come from behind and beat the determined Reds. Timely hits by Mueller, DiNapoli and Hickey counted for 6 runs. Excellent defensive play by Gambro, and Szymaniak helped stop the Reds' final rally. While on the other side of the dugout Krueger led the

Reds with his glove, bat (drove in 4 runs) and his No Hit Pitching kept the Reds very in tact towards the game. However, it was apparent that the Reds were not with the bio-rhythms and thus someone must lose, but wait until the next time... White Sox pitchers were Hickey, Giovanalli, DiNapoli and Reds pitchers were Krueger, Parlich and Kassel.

A's 9, Pirates 5
Pirates took an early lead with a Grand Slam by Fred Beyer. Despite good plays by Stiner, Batliner and Pullen and Hendreid the A's emerged victorious. Pirate pitchers were Gable, Steiner, Pullen and Beyer. A's pitchers were Pierski, Weston, Rendima and Gabel.
Padres 19, Twins 11
The Twins kept close the entire game, but finally lost. Ziebell hit a double and a triple that time. Keep that bat moving! DiMaria and Fireman had triples (more power) but the same amount of hits were recorded (so goes the rules) walks included. Purvey made a defensive play of the game with a spectacular catch of a fly ball into short left field. All in all, the game was fun and pitching was accomplished by Padres by Markos, Sieghart, Dombrowski and Basso. Twins pitchers were Murray, Ziebell, DiMaria and Fireman.

Giants 11, Astros 8
This slug fest took place on a hot evening in May. Hits by Baum, Gattuso, Eleny, Loeper, Cardella and Assento made it a very exciting game for Giants fans. The Astros came up with 7 hits, Cecchim with a double and a triple (couldn't ask for more) and Kuhr with a triple. Players were up on their hitting and a super comeback but again the bio-rhythms were off and wait until the next time, guys. Pitchers for the Astros were LoVerdi, McFeggan and Kuhr.

A's 14, Pirates 13

The Twins' strokers were homerun V. Santucci, J. Dachler, and C. Nomanck. A great defensive play by K. Thompson. Both teams were fighting till the end.

Astros 7, Padres 4
Astros won a close one from the Padres. Clutch pitching by J. Chupich with the bases loaded in the bottom of the 6th saved the game for the Astros. Hitting for the Astros were D. Schmidt with a homerun, K. Choi and still on a hitting spree C. Niedermaier and M. Argetsinger. D. McFeggan was the only swinger on the Padres that night.

Red Sox 15, Giants 2
Red Sox bats came alive with J. Lory with his first hit of the season. J. Yactor, J. Whalen, J. Ortlund, S. Marinau and D. Tomczyk also came thru swinging to

Peanut League

winning Super Bat C. Pembleton hit 3 homers, including his first grand slam of the season. Pitchers C. Pembleton, G. Thompson and D. Tomczyk had a good night. Pitching for the Giants were M. Neuberger, J. Hay, S. Parlich and L. Rovner.

A's 15, White Sox 11
Exciting come-from-behind victory by the A's. Homeruns by T. Markos, J. Ozauto, R. Porzycki, A. Barrett and G. Kuzminski. Hits by J. Cygnar, B. Lidik, B. Dugan and M. Hafer. Catch of the day by M. Pullen. R. Porzycki, J. Ozauto and A. Barrett pitched for the A's. Pitching for the White Sox were L. Filas, M. Murry and R. Pinkowski.

Cubs 17, Orioles 5
Cubs being held to two hits in the first three innings exploded to win from the fourth inning on. Good hitting by M. Belmonte, S. Riley and V. McEnany helped inspire the whole team. Defensive gems for the game were provided by T. Pierski and S. Harris. Excitement in the third inning for the Orioles with A. Feinberg with his 1st of two homeruns for the day. P. Staunton, D. Sigale and S. Janke got their first hits of the season. T. Schumacher, T. Staunton and M. Dessimoz were also swinging for the Orioles.

Astros 10, Red Sox 9
The Astros settled down after spotting the Red Sox 6 runs in the 1st inning. M. Argetsinger had the game winning hit in the bottom of the 6th. Also hitting for the Astros were B. Callero, S. Wifferfurth, J. Chupish and hitting for the Astros were B. Callero, S. Wifferfurth, J. Chupish and hitting homeruns were C. Niedermaier and D. Smith. Super Bat C. Pembleton was staying alive with another grand slam homerun for the Red Sox. J. Ortlund, S. Marienau and D. Tomczyk with a homer also provided timely hits but not quite enough.

Bronco league

score was 5-3 in favor of the Pirates.

Orioles vs. Dodgers: Brian Early held hard-hitting Orioles to no runs and no hits, in the middle 2 innings, but 9 runs in the first 2 innings crushed the Dodger spirit. A Kosina to Terpinas to Vic Pedraza double play backed Early's work. Pedraza had 2 hits for Dodgers. Final score was 11-1 in favor of the Orioles.

Pirates vs. Red Sox: Good pitching by Aklinski, Bacchiere and Yettos gave the pirates a 11-6 victory over the Red Sox. Bacchiere with two doubles and a single had outstanding day at the plate. Tykane played outstanding in the field setting up a big double play with the bases loaded. Aklinski, Pavkovic and Tykane also had big hits to help the team toward victory. For the Red Sox, hits were by Bill Hayes and the return to the line up of Dan Makowski. Also fine pitching of Peter Balke and the continued good hitting of Marc Goldstein.

Pirates vs. White Sox: The Pirates went down to their 2nd defeat of the season on a big 16 run inning by the White Sox. Bacchiere with a double and 2 singles, plus good hits by Pavkovic, Gawle, and Remblake were not enough to overcome that big inning. The game was close, a 6-4 for the Pirates when the dam broke lose and the White Sox had their big inning.

Red Sox vs. Dodgers: The

game got started late, but it was worth waiting for. Excellent play by outfield, Tom Beierwaltes and Pete Balke of the Red Sox. For the Red Sox there were good hits by Marc Goldstein and a clutch hit by Dave Herman. The play of the game was a catch in center by Dave Herman and a throw to Roger Golbach at home for a double play. The game had to be suspended in the 5th inning due to another scheduled game and was continued starting with the top of the 6th inning on Tuesday, May 22. Dodger Hitting was provided by Terpinas, Nawrocki, Fullone and Brian Alexander with 2 hits apiece. Carmen Fullone led off bottom of the 6th with a sharp single, and Terpinas stroked a triple to end the season's longest game. Sportsmanship thank you to Manager Leroy Callisen of the Red Sox who waited for tardy Dodgers to begin the game.

Orioles vs. A's: For the A's there was an excellent stop by Mike Comfosaro for the third out. A double by John Moran and a triple by Mike Fritze of the A's. The "Orange Crush" (Orioles) picked up their 4th victory by trouncing the A's 9-6. They had 4 homers, 1 each from Klancnik, Busiel, Calarco, Perkins. Other Oriole hitters were Flynn with a 3 base hit and Imyak with a line single. The Orioles got off to a rocky start as two walks, an error and Mike Fritze and Greg Pattons hits put the A's on top 5-0. But the Orioles came back.

Padres 13, Twins 5
Tight game until the fourth inning rally for the Padres. D. Tomasiewicz led the way with 3 hits and 6 RBI's. The bleachers went wild with 2 outs in the top of the 4th inning when the Padres exploded with 5 runs. Homerun hitters for this talented team were J. Koppensteiner and D. McFeggan. Also providing timely hits were R. Beyer, and T. Hart. Holding the Padres with great defensive plays in center field was J. Daehler robbing the Padres of several home run hits. Pitching for the Twins were J. Blake, K. Kassel, C. Pisani and V. Santucci.

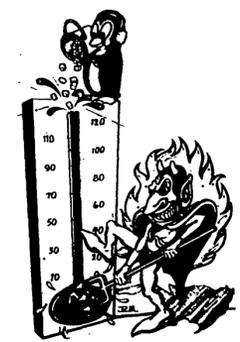

Pirates 8, Cubs 2
Outstanding defensive game for the Pirates led by D. Geeve with a double play and G. Kulinczenko. Pitchers G. Kulinczenko, D. Geeve and T. Reid held the Cubs to only two hits. Pitching for the Cubs were J. Berquist, M. Belmonte, J. Calaro and V. McEnany.

Ozauto. The Orioles started hitting early with a homerun by M. Dessimoz and T. Staunton. Also hitting was T. Schumacher and P. Staunton. Defensive jewels S. Turfosky, S. Janke and A. Feinberg. Lutheran General offers personal weight control instruction

Among the hardest bad habits to break, are probably eating habits. Being successful at losing weight or merely trying to eat different kinds of food can be frustrating for any age group. To help in weight-loss efforts, Lutheran General Hospital, Park Ridge, offers weight-control instruction in small, personal sessions through its outpatient nutrition department.

Beginning in June, the hospital has planned four new sessions for teenagers and adults. Diet groups for adolescents aged 13 to 15 begin June 18. Groups for persons aged 16 to 18 begin June 20. Teen groups are six weeks long. Adults can enroll for 10-week sessions beginning either June 26 or June 28. All groups meet for one hour every week.

Participants can expect to learn many aspects of nutrition, all adding up to good health according to Maureen Lyons, registered dietitian in the hospital's outpatient nutrition department. "Persons need to be responsible for what they eat," she says. Restaurant eating, diet foods, "fad" diets and normal nutrition for a healthy life are all examined and explained in the course.

Prior to the first class, a registered dietitian counsels each participant individually. Diets are geared towards the working and eating habits of the individual and the family and the amount to daily activity. "No two diets are the same," explains Lyons, "and throughout the course, we check and discuss diet progress."

Maintaining new eating habits is also one of Lyons' goals for participants. In order to assure this, she arranges follow-up sessions once the course is over.

Lyons tries to keep the group small with a maximum of 15 persons per session. Pre-enrollment is necessary, (to design a diet for each person before the actual session begins). Classes are offered during days and evenings. For more enrollment and fee information, phone Lutheran General's outpatient nutrition department at 696-6138. Persons may also sign up for individual diet counseling without enrolling in the course.

St. Matthew couple celebrates 75th Anniversary

George and Jeanette Gronberg's 75th wedding anniversary called for a family reunion involving four generations. Standing left to right are grandson Rich Burman, granddaughter Jeannine Ellertson holding her son Derek, daughters Marjorie Burman and Miriam Jones, great-granddaughter Melissa Leighty and granddaughter Gwen Leighty.

George and Jeanette Gronberg, residents of St. Matthew Lutheran Home at 1601 N. Western in Park Ridge, have shared each other's lives for 75 years.

The couple celebrated their diamond wedding anniversary with a party at St. Matthew Home planned by members of St. Luke's Church in Chicago on May 10. Both have been active members of St. Luke's since 1906, and George has been named a "Church Council Member Emeritus."

George and Jeanette share the same room at St. Matthew Home. Since Jeanette suffered a stroke a couple of years ago, George has taken extra care to make sure she is as comfortable as possible. "The life we had was pleasant," he said. "We really couldn't have improved on it because we were very happy together. My wife is a fine woman. She was a good wife, mother, and grandmother. What more could you ask for?"

The Gronbergs have two daughters, four grandchildren and four great-grandchildren. Their anniversary celebration called for a family reunion that brought four generations together. One daughter and her husband, Miriam and Armand Jones, drove to Chicago from Jackson, Florida. The Gronbergs' other daughter and her husband, Marjorie and Harold Burman, their children and grandchildren live in Chicago's suburbs.

Approximately 20 people from St. Luke's Church, all old time friends of the Gronbergs, took part in their special celebration. Elizabeth Mikkelsen, who lived just a few blocks from the Gronbergs for well over 60 years, celebrated her 92nd birthday the same day.

"This is the first time in my life that I celebrated a 75th wedding anniversary with anyone," said the Rev. Erwin Uecker, pastor of St. Luke's Church. Pastor Uecker has known the Gronbergs for 10 years.

George, 99 years old, was born in Elgin, Ill. on March 1, 1880. Jeanette, 97 years old, was born in Shannon, Ill. on November 30, 1882. They met in Elgin where Jeanette worked after finishing school, and were married in St. Ann on May 10, 1904.

"Her folks didn't want us to get married," said George. "But they eventually accepted it. We led a normal life. Nothing outstanding happened one way or another."

Their last home before St. Matthew was at 3907 N. Sawyer in Chicago. George had his own business as a confectionary broker until he retired at age 90. In his earlier years he enjoyed playing golf. Residents of St. Matthew claim that he is still a good chess player.

The Gronbergs became interested in St. Matthew Home through their friends from St. Luke's congregation who entered the home as needs arose. They entered St. Matthew on January 26, 1973.

George says that living at St. Matthew Home isn't exactly like being in your own home, but that he and his wife are very well satisfied. He appreciates the good care they receive. "We don't have many dull moments at St. Matthew," he said. "They keep us pretty well entertained." St. Matthew Home is a residential facility providing sheltered, intermediate and skilled care for 176 persons. The home was built in 1959 to house 52 residents. This year, the home is celebrating its 20th Anniversary, "A Generation of Caring." An addition to the home in 1966 raised the number of beds to 90, another addition in 1976 raised the capacity to 176.

Owned and operated by Lutheran Welfare Services of Illinois, St. Matthew is open to all people, regardless of race or creed.

Introducing seasonal electric rates that will help us all save energy.

Traditionally, our customers have paid a uniform rate year 'round for the amount of electricity used. But these aren't traditional times.

Energy conservation is a national policy. A necessity. And we believe the new seasonal rates will help conserve electricity.

Although a uniform annual rate is easier to understand, it doesn't relate to the cost of producing electricity. Costs are usually lower in winter as well as in the early spring and late fall when more of your electricity comes from nuclear stations with lower generating costs. But they're higher in air conditioning season when demand for electricity is greater. Then, additional higher cost coal and oil must be used to meet this increased demand.

Before, with a uniform annual rate of 4.3¢ per kilowatt-hour, there was less incentive to hold down use in summer when conservation was most needed.

Now your electric rate will be higher in summer and lower during the rest of the year. For the four summer months, it will be 4.9¢ per kwh and then drop to 4¢ per kwh for the next eight months.

For the average residential customer, the rates will balance out and the total annual cost will be the same. But for the customer who watches summer energy use closely, there's an opportunity to save energy and money.

If you have an air conditioner, you now have an added incentive to keep the thermostat at an energy saving 78°. Also to clean the filter regularly. To keep storm doors and windows in place all year long. To pull blinds on sunny days. To limit hours of use. Or if you're planning to buy an air conditioner, select a machine with a high-energy-efficiency ratio (EER of 8 or higher).

Lowering summer demand for electricity will reduce the need for new investment. And that will help slow the rise in electric rates in the years ahead.

There are 101 additional ways to conserve energy that we'd like to share with you. You'll find them in "The Waste Watcher's Guide." For a free copy, write Commonwealth Edison, Department AV, Box 76, Chicago, Illinois 60690.

JANUARY 4¢ per kilowatt-hour	FEBRUARY 4¢ per kilowatt-hour	MARCH 4¢ per kilowatt-hour	APRIL 4¢ per kilowatt-hour
MAY 4¢ per kilowatt-hour	JUNE 4.9¢ per kilowatt-hour	JULY 4.9¢ per kilowatt-hour	AUGUST 4.9¢ per kilowatt-hour
SEPTEMBER 4.9¢ per kilowatt-hour	OCTOBER 4¢ per kilowatt-hour	NOVEMBER 4¢ per kilowatt-hour	DECEMBER 4¢ per kilowatt-hour

The New Electric Year.

The electric rate will be slightly higher in summer to encourage conservation, but lower during the rest of the year. Your summer rate period may begin as early as May 16 and end as late as October 13, depending on when your meter is read. However, it will never exceed four months. You can determine the approximate beginning for your particular residence by looking at the billing period on the stub of your May bill. If the period ends on May 16 or later, the ending date is the start of the first summer billing month for your home. For example, if it is May 30, the bills for the periods ending on or about June 30, July 30, August 30 and September 30 will be at the higher summer rate. And after September 30 the kilowatt-hours you use for the next eight months will be billed at the lower winter rate.

Niles Police Beat . . .

Biker attempts to elude police

An 18 year old student of Lane Tech High School was charged with disorderly conduct and possession of marijuana May 11 after trying to elude Niles police on his bicycle.

Frederick Sadowski of 4468 N. Elston was released under bond pending a June 15 hearing in Niles Circuit Court.

Detective John Katsoulis said he observed the youth around 6:30 p.m. Friday riding his bike southbound on Milwaukee ave. in a hazardous manner to other motorists, causing them to drive off the road and also to cut off other drivers.

Katsoulis said the biker forced the officer's car from the road almost causing an accident before the policeman was finally able to drive ahead and stop the cyclist.

After the officer identified himself as a policeman the youth still tried to ride around him said Katsoulis.

The youth was placed under arrest and his 26 in. girl's Schwinn Continental impounded for release to its owner. Police said the youth's older brother who owned the bicycle did not wish the teen to ride the bike.

According to police Sadowski had 2.5 gms. cannabis in his possession.

SJB track-a-thon

Last week the runners of St. John Brebeuf's 1st annual track-a-thon were honored with the gigantic pizza party. Almost 200 runners assumed the responsibility of running 1/8 mile laps to raise over \$5,000 for their athletic programs.

Eighth grade boys, Bob Barrett and Ray Winkel, received 4 foot plus trophies for their 80 lap effort, the equivalent of a 10 mile run, which won them the endurance championship.

The other grade level champions each received \$15 gift certificates. They were 7th graders David Wells (75 laps), and Jacki Dulen (63 laps) who ran 9 3/8 and 7 7/8 miles respectively. Eighth graders Cheryl Surace ran 62 laps, Mike Wiltgen, 6th grade champion ran 65 laps, John Klancnik, 5th grade champion ran 62 laps. Theresa Re, 6th grade girls champ ran 60 laps and Maria Reid, 5th grade girls champ ran 55 laps.

Building endurance capabilities was one objective of the track-a-thon. Another was to give the students themselves a role in shaping the scope of their athletic activities by raising money themselves with pledges from members of the community for every lap run.

Shari Adamczyk was a grand winner in terms of the most pledges, collecting \$308.66. Seventh grader Bill Kleich was able to collect \$150.06. The other pledge collecting champions include: John Scheffler, Dave Smith, Dan Litz, Paul Czerlanis, Dan Pickarz, Paul Cannizzo, Jeff Rzepiela, Dan Rinaldi, Frank Kuhr, Craig Czerlanis, Regina DyJack, Wendy Wolski, Eileen Hanrahan, Lisa Bielski, Julie Nataro, Joann Scheffler, Debbie Keller, Kathy DeSalvo, Suzy McMahon, Katie Argetsinger.

New bus service to Woodfield: NORTRAN increases service

Beginning Sunday, June 10, NORTRAN (North Suburban Mass Transit District) will operate a direct route from the Jefferson Park CTA Terminal, Chicago, to the Woodfield Shopping Center in Schaumburg.

This service will be provided by combining two existing routes, NORTRAN Rtes. 261 (Des Plaines to Jefferson Park) and 209 (Des Plaines to Woodfield). By combining these routes it will no longer be necessary to transfer from bus to bus in downtown Des Plaines.

"We want to make sure there's no confusion among our riders. Although there will no longer be a route called Rte. 261; the new version of Rte. 209 will be providing the same service to the same area," said Leonard S. Eisenberg, NORTRAN Chairman.

"Actually this change will provide increased service. Rte. 209 ran at hourly intervals during the middle of the day; the new Rte. 209 will operate every 30 minutes throughout the day," Eisenberg continued. "There will still be buses operating every 15 minutes during rush hours between Jefferson Park and Des Plaines as well."

Rte. 209 will operate from Jefferson Park via Milwaukee ave. to Northwest Highway to Touhy to Busse to Miner to Northwest Highway to State Road to Golf Road to Woodfield. Rte. 209 will operate seven days a week.

Adult fare for this route is 50¢, 60¢ with an RTA transfer. The bus may be boarded at Woodfield, north mall entrance, upper

Mikva cosponsors bill to halt oil tax credit

Congressman Abner J. Mikva announced that he has joined with several of his colleagues in the House of Representatives in cosponsoring legislation to eliminate the foreign tax credit for American oil companies. Mikva's action follows a recent vote by the House to budget an increase in federal revenues by eliminating the credit. The legislation would translate that House budget vote into substantive tax law.

"The tax credit on foreign oil is, simply, an unjustifiable tax escape hatch," Mikva said. "In light of the record profits reported recently by the oil industry and President Carter's decision to decontrol oil prices, it is all the more imperative that we close this tax loophole." Mikva explained that since 1974 the credit has cost the United States Treasury over seven billion dollars.

Mikva emphasized that the credit is legal. "The oil companies are doing no more than taking advantage of a break that the federal government allows. I think it is time that the government taxed the oil industry in the same manner that we tax other industry," he said.

Foreign tax credits are the prime method by which U.S. based multinational oil companies reduce their U.S. tax burden. The companies are allowed to apply what would otherwise be "royalty payments" as a credit against their U.S. taxes, resulting

in a much lower U.S. tax bill than other industries. As an example, Mikva cited a recent Congressional study that showed the Greyhound Corporation U.S. tax rate to be 46.8 percent, whereas Texaco's U.S. tax rate was 8.6 percent.

Mikva noted that he expects the elimination of the foreign tax credit to receive approval by the Congress. "The House has already expressed its desire to eliminate this credit by an overwhelming vote. We cannot waste any time in translating that sentiment into law." As a member of the Ways and Means Committee, the tax writing body for the House, Mikva said he hopes that the committee will hold hearings on the legislation before the summer recess.

Fuel-saving tip

Check tire pressure frequently. Underinflated tires increase rolling resistance and cut fuel economy. Top quality radial tires usually will result in a 5 to 10 per cent savings in fuel because rolling resistance is further reduced.

Constitution Life moving to Park Ridge

Constitution Life Insurance Co., Chicago, is moving its operations to Park Ridge, Ill.

The company has taken over the former Reynolds Aluminum Company Building, 325 W. Touhy ave. Approximately 150 employees will occupy over 30,000 sq. ft. of space when the move is completed, about July 1, 1979.

Edward J. Kelly, Constitution chairman and president, said the move reflects the company's growth. Kelly said Constitution's life insurance in force has grown 204 per cent, from \$255 million in 1961 to \$523 million in 1978.

Kelly said all company functions will be centered in Park Ridge. He said these functions include marketing, actuarial, accounting, underwriting, policy issue, servicing claims, answering policyholders' queries about benefits, and processing premium payments.

FNBOs tops million in new deposits

John Keane, Manager of the Dempster st. office of the First National Bank of Skokie, presents a savings bond award to Jul-Po Chen, a local-Skokie resident whose deposit put the total of new deposits at the new office over the million dollar mark just 3 months after the opening.

The new office, located on the corner of Keeler and Dempster, features both drive-in and lobby tellers where all normal banking transactions can be handled and new savings and checking accounts can be opened.

Glenview State finances new Scholastic school buses

Scholastic Transit Company of Northbrook, which provides all the school buses used by Glenview and Northbrook public school districts, is in the process of purchasing 25 new buses designed to meet all the new safety requirements as outlined by the Department of Transportation.

Mr. Lawrence R. Temple, President of Scholastic, stated that ten of the new buses have already been delivered. In an effort to utilize the maintenance and fuel economy of diesel powered engines, 40% of the buses that have been ordered are diesels. All buses will be equipped with automatic transmissions.

Standards regulating the construction of school buses were revised in 1977 in an effort to reduce injuries to passengers as a result of collisions. The deliveries to Scholastic represent the first buses manufactured which meet all these new requirements. Mr. Temple highlighted improved seat construction as one of the most important new safety features. The fully cushioned seats are designed to absorb the impact at a rate that will prevent serious injury and will not come loose from the bus or deflect far enough to pin occupants in surrounding seats, or interfere with normal door operation. The construction of school buses must now meet requirements which prevent the collapse of the bus body during a crash and assure structural integrity of the passenger compartment should a rollover occur. In addition, fuel tanks on the new vehicles are protected by beams to prevent spillage or rupture in an accident.

Mr. John H. Beaulieu, President of Glenview State Bank, which financed the purchase of the buses, stated: "We're happy to participate with Scholastic Transit in further safeguarding the thousands of our young people who ride the school buses each day."

Until joining Plaza Bank, Bernadette was Customer Service Officer for the First National Bank of Skokie. Prior to her association with the Skokie Bank

In a Society Where No One Seems To Care We Care...

There is no glory in going off to war. . . Home, loved ones, familiar scenes and pleasant memories are exchanged for a commitment to serve your country.

As a service man or woman you have no say in whether the cause is just and noble or where the foxhole or rice paddy you will be expected to fight in will be located.

For the Vietnam Veterans, two thirds of whom were volunteers, there has been no glory in coming home either. While they were overseas fighting, and for the Marine Corps alone, suffering more combat casualties than were suffered in World War II, public sentiment and politics changed. The war became unpopular, there was no decisive victory possible. There were no brass bands to welcome these heroes, no waiting jobs, no sincere understanding and in most cases, no concern.

Instead, scorn and a stereotype image of a drug addicted, psychological misfit, greeted these returning servicemen and women.

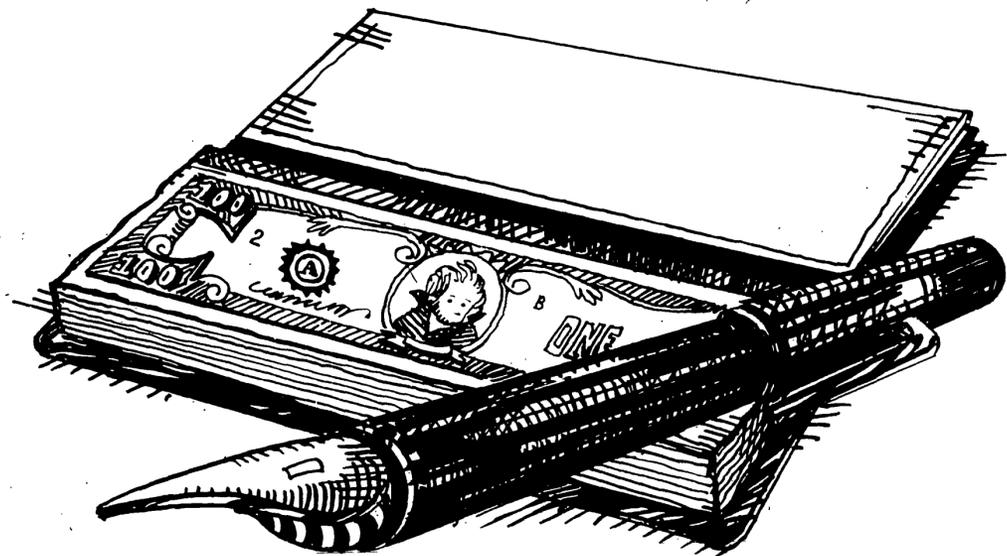

At long last, congress has now passed legislation that declares May 28th to June 3rd to be Vietnam Veteran week. Let us hope that this recognition, though small and late in coming, will help to compensate for some of the embarrassment and apathetic treatment these valiant men and women have suffered.

We salute the Vietnam Veteran with a sincere and heartfelt Thank You.

"Acting Up" troupe now screen stars

The members of Skokie's "Acting Up" drama troupe started out to make a success on the stage, but now they find they are also stars of the screen as well.

A new documentary film, "Acting Up," will be shown for the first time in this area at 8 p.m., Friday, June 1 in the Betty Auditorium of the Skokie Public Library, 5215 Oakton, in Skokie.

The "Acting Up" troupe will perform a new skit on the Betty Auditorium stage following the movie.

The film is funded in part by grants from the Al Wiesman Award Grant and the Health Education and Welfare (HEW) Administration of Aging.

Through voice-over comments in the film, the members of the group discuss their personal doubts and discoveries about growing older, and their excitement at revitalizing old talents and developing new interests in arts.

The drama group started in January, 1977 through a collaboration of the Skokie Office on Aging and the Community Outreach Department of Oakton Community College.

ED HANSON
Restaurant
news ...

A fine new family restaurant known as the Milwaukee Inn Restaurant & Lounge, at 6474 N. Milwaukee Ave., just a block north of Devon, is opening Friday, June 1.

It's a first class family restaurant with the emphasis on both quality and quantity of the finest in ribs, steaks, seafoods and complete luncheons and dinners at very reasonable prices.

John and Mike Gountanis, two very experienced restaurateurs with many years of experience and "know-how" in the management of successful food operations, have spared no expense to provide an atmosphere that combines glamour and comfort for the dining pleasure of your entire family.

The prices at the new Milwaukee Inn, in this day of high inflation, are very modest ... in fact downright reasonable for the quality and quantity of the foods served.

A Fish Fry will be featured every Friday night where you can have all you can eat for only \$3.50.

In the spacious bar and comfy cocktail lounge of the new Milwaukee Inn, you can enjoy any cocktail your heart desires. And your hosts, John and Mike, have some special treats in store in the form of "House Specialties" such as Brandy Ice and many more unusual and exotic beverage delights.

The Milwaukee Inn will be open 7 days a week. Remember, it's a family type restaurant, so all the members of your family will enjoy going there again and again.

If you'd like additional information just phone 792-1835. Either John or Mike will be glad to supply it.

Another established success in popular family restaurants is here in Niles with the opening of Brown's Chicken during the week of June 4. Located and currently being completed at Waukegan and Milwaukee Ave., this Brown's Chicken Family Restaurant will offer a large dining room, carryout service and a drive-up window.

The franchisers, Ralph and Ida Velasco, also have two other Brown's Chicken Restaurants, at 4660 N. Harlem, Harwood Heights, and 6400 W. Belmont (at Narragansett), which have been exceptionally successful. So the Brown's Chicken Restaurant of Niles is in good and experienced hands and I am sure will be well received by the folks of Niles and surrounding area.

See you next week ...

Maine East History Fair competition

On Saturday, April 28 nine Maine East students participated in the North Suburban Regional Competition of the Chicago Metro History Fair. The Regional Fair was held at Forest View High School.

Despite vigorous competition eight of the students received special commendation and letters of invitation to enter their projects in the area-wide Fair to be held at the Chicago Library

Cultural Center from May 10 thru 13.

An award went to Janice Bender for her family history paper titled "Partners Without A Contract". Another went to Lennie Gall for his paper regarding the abandoned Jewish Cemetery in Niles. A third went to Merle Weiner for her exhibit titled "Crossroads", a board game she developed based on the history of Morton Grove.

The fourth award was for a group performance. That citation went to Scott Joseph, Nancy Goldberg, Paul Stutzman, Cathy Hareas, and John Groch for their tape-slide program chronicling the history of Maine East - a particularly fitting topic in this, the fiftieth anniversary year of our school.

This is the first year for the Chicago Metro History Fair, and Maine East helped establish real standards of excellence for the competition.

Niles East receives Book Award

Niles East High School was the recent recipient of four University of Illinois Mothers Association Book Awards presented in honor of four members of the Niles East Class of 1978 who are currently freshmen at the University.

The Mothers Association Awards were established in 1964 for the purpose of honoring academic excellence in incoming freshmen and in recognition of the high schools role in making this achievement possible. All book award honorees have achieved a straight "A" record during his/her first semester on campus.

This year, of the 5,848 entering freshmen enrolled for the fall semester, 113 were so honored. The four from Easthi were Karen Andre, Lisa Cohn, Martin I. Ellenby and Alok Chandra Saxena.

The checks have been received by the Easthi library, the material ordered, and upon their arrival will be added to the library collection with the appropriate indications that they were presented to the school in honor of its graduates.

Noah sails his floating

ZOO

On May 10, at 8 p.m. the 6th grade students of St. John Brebeuf School performed the charming cantata Captain Noah and His Floating Zoo. The choral composition, which is based on the familiar Old Testament story of Noah and the ark, was written by Michael Flanders and Joseph Horowitz. The tale is told through ten various tunes each with a diverse musical style which include jazz, a square dance and a Latin samba.

The students began this year's music course by mastering the tunes. They were then assigned their roles in the musical. Aided by a lively chorus of 47 were: God, Michael Matuska; Noah, Eric Perkins; Mrs. Noah, Regina Shemroske; Japhet, Joe Vivaqua; Mrs. Japhet, Bridgette Walsh; Shem, Kenny Witek; Mrs. Shem, Karen Baluta; Ham, Jim Gotshall; Mrs. Ham, Liz Przybysz; Crow, Jim Marra.

The performers made their own costumes. Especially colorful were the costumes and makeup of the "people of fun city." The notable clever stage settings were drawn and painted by the cast. It was a treat to see the unique manner in which the students chose to depict the flood. The waves literally ebbed and flowed across the gym floor.

The directors behind the captivating production were: music, Miss Mary C. Howk; sixth grade teachers, Sr. Alodia Carney, Mrs. Cathy Hudson, and Mrs. Virginia Heubner. Parents, friends and relatives of St. John's sixth graders thank them for a joyous evening.

Summer programs for pre-schoolers

The Child Development Center is supervised by Pat Kovar, a specialist in early childhood education, and staffed by experienced personnel. An excellent ratio of adults to children is maintained.

Spaces are still available in both programs for children who are three years old by June 11 and completely toilet trained.

Tuition for the two-day program is \$40; for the four-day program, \$80. Open registration will be held Monday thru Wednesday, June 4-6.

SPECIAL COMMUTER BULLETIN

Important hints for Edens drivers.

The RTA has found the following information to be of special interest to those who must drive while the Edens is undergoing its current reconstruction.

• **Use alternate routes.** The Tri-State Tollway, Green Bay Road, Waukegan/Harlem, Kennedy Expressway and Eisenhower Expressway are among the alternate routes suggested.

• **Use carpools.** Apart from the economic advantages of carpooling. The reduced traffic will help lessen traffic on the heavily congested Edens as well as the alternate routes.

• **Dial 1610 on your AM radio dial.** The Illinois Department of Public Transportation is assisting motorists via a radio service with 24-hour information on the status of lane closures, ramp closures and temporary traffic arrangements. For special cautions and warnings of unusual delays, tune in 1610 on the extreme end of your AM radio dial when you are on or close to the Edens Expressway.

The RTA Hot Line.

For up-to-the-minute information about routes and schedules of trains and buses, call the Regional Transportation Authority Hot Line toll-free at 800-972-7000. For best service, call in the evenings.

RTA adds trains for traffic crisis.

The RTA has added extra cars to their north and northwest suburban commuter trains to accommodate any traffic disruption caused by current Edens repairs. Both Milwaukee Road and Chicago and North Western lines have expanded their morning and evening rush hour service to meet the increased demand.

The rising cost of gas has been cited as a further incentive for use of commuter rail transportation throughout metropolitan Chicago.

Rapid traveling times to Loop.

The RTA has emphasized that its commuter rail service is comfortable, economical and more rapid than the Edens Expressway during its present rehabilitation.

For example, a Milwaukee Road rush hour train takes travelers from Northbrook to the Loop in an average time of 35 minutes. Similarly, a Chicago and North Western rush hour train from Highland Park reaches the Loop in about 40 minutes.

New riders discover commuter shuttle buses.

More and more of the new riders on RTA's commuter rail system are enjoying the advantages of the special shuttle buses, serving many Milwaukee Road and North Western stations during both morning and evening rush hours. Bus schedules have been synchronized to inbound and outbound trains to minimize waiting time. The buses provide convenient and comfortable riding between the stations and points throughout the northern suburbs.

The cost of the RTA shuttle buses is 30 cents. Many commuters pay a small additional charge for an RTA Universal Transfer, which they use on rapid transit or buses in downtown Chicago.

Unlicensed Child Care facilities can't be advertised

According to the Child Care act of 1969 it is a misdemeanor to care for another person's child in your home unless your home is licensed by the State of Illinois. It is also illegal to advertise for such service in an unlicensed home. These licenses are issued free to homes meeting minimum standards for the safety and well-being of the child.

For information and licensing, contact Illinois Department of Children and Family Service, 1026 S. Damen ave., Chicago, Ill. 60612 (793-3817). Published as a public service by Bugle Newspapers.

SAFETY SENSE
Simple Lawn Maintenance
Keeping a beautiful lawn involves frequent mowings, but this is one chore that can be as enjoyable as the results if you know how to use a power mower. Before you get going, be aware of these safety tips from the Outdoor Power Equipment Institute:

1. Read the owner's manual thoroughly and follow the safety practices it describes. Make sure everyone in your family who will operate the equipment reads and understands the owner's manual.

2. Always avoid contact with moving parts. Shut off the motor before attempting any maintenance. On power mowers don't remove the grass catcher bag before the mower has completely stopped.

3. Be careful on slopes. On riding mowers and lawn tractors always drive up and down, never across hillsides. On walk-behind mowers cut grass across the face of a slope, never up and down.

4. Never carry passengers.

5. Inspect your work area carefully. Remove objects which may be thrown, and keep bystanders and pets out of the area. Thrown objects can cause injury and property damage to you or anyone nearby.

6. Handle gasoline carefully. Always refuel outdoors. Prevent fire or explosion by using only approved gasoline containers. Refuel only when the motor is stopped. Wipe up spills. Don't smoke!

7. Never tamper with safety devices or guards. These features are present for your protection. Don't remove them—use them!

Trouble free mowing can be a matter of patient planning.

Between Schmidt's Friday dinner and Monday night, you have additional meals at such fancy names as Lindo's and The Wharf and Fluky's. Only Fluky's hot dogs on Western Avenue would get our recommendation. And all this time the dull haze of Flight 191 hangs over you. It's like a swarm of bees that follows you around. There's a continuous murmur which never leaves you. One lousy bolt breaks off. 500 feet in the air and then the steep bank, and that's it.

Tuesday morning that white blank paper stares back at you. You want to write to Sostrin and tell her Warren Harding and Millard Fillmore and LBJ were not your kind of school teachers. A crook, an incompetent and a con man. But when we remember LBJ's showing his stomach scars to the world, we wonder if he spent too many hours in "Show and Tell".

We review the past couple of weeks and remember we did not report about two meetings we attended. At a publishers' meeting two weeks ago Sparky Garmisa, a neighbor of ours in Michigan, told our group he headed a legislative committee in Springfield which is seeking a one cent increase in sales tax for Illinois' transportation needs. He's a very nice man, but no heavyweight. He represents an inner city area, where he lives very sparingly, sort of an absentee Representative, and here he's trying to make the very people he represents pay another cent sales tax to finance the state's highway system. Such representation is criminal. Adding an additional tax burden on the people who can least afford it is downright obscene.

The sales tax story is old news. Two weeks old and anyways the "pols" decided to add the increase to Illinois gas bills.

We then remember a second story we never reported. At the Maine High School Administration Building, caucus members from the three local caucuses met in pursuit of making sure each school district in Maine Township is equally represented in sending high school representatives to the school board. Superintendent Dick Short had an excellent suggestion one representative from each district be elected yearly thus giving each district equal representation and also have an equally-experienced board member from each area. Tuesday morning Charlene Louis sends us in a review of the meeting and that story is well-covered.

The blank sheet of white paper has now expanded to 2 1/2 pages of double-spaced type. We've written about Millard Fillmore and Judy Wax and Dick Short and Ann Sostrin and LBJ and Fluky's and Sparky Garmisa and Frank Lynn and Indianapolis Boulevard and two daughters who share a kinship with us. But we didn't write about the Sutton family which was snuffed out in a matter of seconds.

Our next-door-neighbor Diane Miller reports her son, Mike, was at Lutheran General Hospital Friday afternoon when they prepared for the emergency, anticipating survivors from the plane crash. Red lights flashed throughout the hospital and the loud speaker system cried out, "Disaster Plan 2", calling for all available personnel to come to the Emergency Room. Mike relayed the momentary call made it seem like they were about to evacuate the hospital. But the news of the plane crash quickly spread and they were able to see the black smoke from the crash at Touhy Avenue, just northwest of the airport.

Flight 191 hung low for more than a few seconds. It followed us around all weekend. And despite meetings about caucuses and sales tax, and the many people we met and places we went to the past three days, Flight 191 was still with us Tuesday morning.

The Kennedy assassinations, the Martin Luther King tragedy, the landing on the moon, the nightly visits of the Viet Nam War into our living rooms and the immediacy of the TV coverage of such incalculable stories as Flight 191 seems to leave scars we never used to have. Newspaper and radio stories somehow don't seem to involve us. But Flight 191 came into our home Friday. We're not sure it will ever leave.

District 219 . . . Continued from Page 1

Also, the following classified personnel will be honored for their services: Gertrude Fishman, 9 years (Cafeteria); Mattie Haglund, 8 years (Buildings & Grounds); and Marion Thomas, 20 years (Secretary)—all of West High School; Josephine Hanson, 19 years, and Henry Herzberg, 14 years (both from Buildings & Grounds at East High School); Irma Papp, 8 years (Buildings & Grounds) and Ethyle Thomas, 11 years (Cafeteria)—both of North High School; and Frances Shaffer, 14 years (Secretary)—Central office.

Sharing honors on the 4th will be Jack Lain (Industrial Arts) and Albert Rambis (Media Center) from West High School; Bruce Sorensen (Industrial Arts) from North High School, and from East High Bernard Welch (Science), who will have completed 25 years of teaching in District 219.

Caucuses reexamine District 207 candidate selection

Representatives of the caucuses of elementary school districts 63 (East Maine) and 64 (Park Ridge) met on May 15 for the purpose of reexamining the long-standing gentlemen's agreement among the school caucuses of Maine Township on the selection of candidates to the Board of Education of Maine Township High School District 207.

Under the agreement, which has been in place since 1964, caucus groups from each of the three school districts, 62 (Des Plaines), 63 and 64, have each selected two candidates to the high school board. The seventh board member has been chosen alternately from each district, starting with Park Ridge, then Des Plaines, and then East Maine.

The agreement came into being after a number of discussions were held between the three caucuses regarding equitable representation of their communities on the high school board. The resulting agreement was acclaimed for providing both fair representation and orderly succession.

The original idea was to have the "swing" representative on the high school board eligible for two three-year terms. Over the years, circumstances actually moved the "floating seat" to the next community closer to every three years.

Based on the cycle established since 1964, District 63 should have had the "floating seat" in 1978. As

a result of the election, Des Plaines has the seat and is scheduled to retain it until 1981.

The general consensus of those caucus representatives attending the May 15 meeting was: "The gentlemen's agreement should be maintained; District 63 should be the recipient of the next "floating seat" and should retain it until East Maine's cycle of representation on the District 207 board since 1964 equals that of both Des Plaines and Park Ridge."

One of the proposals to accomplish this goal was to have Des Plaines relinquish one of "its" seats in the 1981 election to East Maine.

A final solution to the matter could not be obtained at the meeting—not only because the Des Plaines Caucus was not present due to illness and confusion about the time of the meeting.

New election consolidation laws have complicated any simple resolution of the problem. Starting in November, 1981, school elections, now held yearly, will take place only in odd-numbered years. To accommodate the new election times, some school board members will be serving for more than the three-year terms to which they were elected.

Also, there will still be a school board election in spring of 1980 at which Park Ridge will select candidates for the two open seats, per the gentlemen's agreement.

The meeting was held in the Ralph Frost Administration Cen-

ter of District 207 in Park Ridge. The group sought the assistance of Dr. Richard R. Short, Superintendent, District 207, in working out a solution.

Dr. Short suggested two approaches which, he said, could restore the cycle of representation by either 1985 or 1987, depending on implementation of the new school election laws by the state legislature. The group took note of these possibilities.

The representatives of the Park Ridge and East Maine caucuses agreed the school caucuses should meet again on this matter, probably in October.

New programs... Cont'd from Niles-E.Maine P.1

computerization of crime reports, cars and animal registration information, at a cost of \$23,357.

• Location of Village fire hydrants by signs and indicators. Resulting from problems set by the previous winter's snowfall the village wants to install permanent markers and signs to locate the 1,100 hydrants in Niles. No cost estimate was given because of undetermined action.

• A new police photo identification system proposed to update and modernize the present police method at a proposed cost of \$1,800. Scheel said the new Beattie-Coleman system would enable any police officer to take mug shots.

• Meals on Wheels, a home delivered meal program initiated in October, 1978, proposes to expand the program from 8 to 15 clients with an estimated cost of \$500, returnable by client payment of fees. Scheel said the meals are prepared by Bethany Terrace Nursing Home dieticians and delivered by volunteers.

• Extension for another year of a business/industry program using Family Service for "troubled employees" projected at a \$15,000 cost this year. A pilot program set up last year at a \$14,000 cost brought no clients. This year two companies have entered the program noted

Scheel.

Several renewed programs for the year highlighted by Scheel include:

• The Village Bike Patrol of 10 college-age students on a seven-day basis. The program now in its fourth year is budgeted at a \$24,000 cost, approximately \$4,000 over the previous year due to needed maintenance on village-owned bicycles.

• Continuing the six year old police Social Service section at a projected \$29,000 cost, up 7% over last year, and embellished with federal grant monies.

• Support of the Metropolitan Enforcement Group (MEG) an undercover drug-investigation unit in the suburbs which includes one policeman from each participating village at a cost of \$21,000.

• Monthly nursing home inspections of the six homes in Niles by two trained personnel from the Evanston North Shore Health Department at a \$19,500 cost, same as last year.

• Senior Citizen Counseling Service held in conjunction with Skokie at a \$6,000 cost, paid 60% by federal monies and 40% (half and half) by Skokie and Niles.

• Youth Job Program which seeks out jobs for high school and college-age students with projected cost of \$4,300.

SJB boys take track championship

St. John Brebeuf boys turned in some outstanding individual performances in the Northwest Suburban Catholic Conference Track Meet, as the boys team claimed the first place championship. The total points scored by the boys teams were: St. John Brebeuf, 30; St. Juliana, 27½; Queen of All Saints, 24; St. Monica, 21; Immaculate Conception, 19; and Our Lady of Perpetual Help, 8½.

Individual honors were captured by Dan Parker, who placed 1st in the softball throw with a distance of 20 feet and third in the 60 yard dash with a time of 7.7 seconds, and John Sherwood who won second place in the 220 yard dash with a time of 29.7 seconds and fourth in the high jump with a height of 4 feet and 4½ inches. Tom Sytko placed third in the 220 yard dash with a time of 31.1 seconds and fifth in the softball throw with a distance of 180 feet. Bob Barrett won 4th place in the long jump with a distance of 13 feet 6½ inches. Ray Winkel won fifth place in the 220 yard dash. In dash, St. John's took 3 of the 6 places in the event.

Members of the girls track team representing St. John Brebeuf in this year's Northwest Suburban Catholic Conference

Track Meet were: Long jump: Kathy Kuhr and Jackie Dulen; High jump: Michelle Deering and Mary Jane Marusek; 220: Kathy Kuhr, Mary Jane Marusek and Jackie Dulen; Relay: Kathy Kuhr, Lisa Bandaccari, Barbara Wiltgen and Jackie Dulen; 60 meter dash: Amy Jo Ptaszak and Shari Adamczyk, Barbara Wiltgen; 100 yard dash: Barb Kunach, Lisa Bandaccari, Jamie Lepak; Softball throw: Amy Ptaszak and Barb Kunach.

In the high jump, Michelle Deering bested her old mark of 3 feet 8 inches which won her last year's conference championship. Seventh grader, Mary Jane Marusek also beat that record with a 3 foot 10 inches jump. Unfortunately, these jumps were below this conference championship height of 4 feet 3½ inches, but they reflect the remarkable rapid progress that girls are making in sports.

Registration for summer jobs

The Village of Skokie will again offer its job match-up program for young people seeking work, and residents who need jobs done.

Registration is now underway for the program in which teen and college age youngsters can find jobs such as house painting, lawn work, and babysitting. Young people interested in the jobs and residents in need of these services can call 673-0500, ext. 257 to register.

The program, beginning its ninth year of operation, each summer matches up more than 200 youngsters with summer jobs.

Chamerski...

 Cont'd from Niles-E.Maine P.1

was "meant to bring Niles Park District salaries up to the level of other parks." Hughes maintained no one had received more than the 7% recommended, that salary increases "averaged-out" to 6.7% for the 24 park employees.

"Not true," was Comr. Chamerski's reply. "Increases down the line, of 23%, 20%, 17%, 15%, 14% and 10% to a single 2% average out closer to 12.5%." He charged the Director with giving himself a 10% raise to \$27,207 yearly and Business Manager Bill O'Grady a 14% raise to \$18,563. Supt. of Recreation Debbie Nelson was given a 9% increase to an annual \$18,550, noted by Chamerski to be "well over" Hughes' survey average of \$17,509 for that position.

A 23% increase was given to Athletic and Center Supervisor Ken Cox; 20% raises to an operator and a laborer; a 17.5% increase to the Grennan Heights custodian; a 15.5% increase to the Rec. Center custodian.

At the bottom of the list, a 2% raise was accorded the Rec program supervisor.

While Hughes said he wanted qualified employees, Chamerski observed the salary proposal submitted by Hughes listed comparative salaries as given by Northbrook, Park Ridge, Skokie and Glenview, "an unfair comparison because we're not in that class yet, altho someday we will be."

Chamerski also disagreed with Hughes' method of salary increases, given on a "point system", which the Com-

missioner labeled a "Country Club game (of favoritism)." An employee given a 2% increase will soon look for another job he said "and that's why the park has such a rapid turnover in personnel."

Chamerski said he hoped to come up with a better system. The only other commissioner to voice an opinion, Vice President Jeffrey Arnold, indicated agreement with the Park Director.

Award music scholarships

The Cynthia Wright Music Scholarships for 1979-80 were presented last night, May 30 at Marillac High School's annual Awards Convocation. Recipients of full scholarships are Nancy Notaro and Kathleen Maher, both of Niles, and Karen Duggen, Morton Grove. Nancy and Kathleen will study voice, Karen piano.

Partial scholarships were awarded to Laurie Zygmunt, Niles, for voice and piano and to Carrie Martin, Northbrook for voice.

The scholarship is funded each year by Mr. and Mrs. Lester Wright in memory of their daughter Cynthia who died in a car accident when she was a junior at Marillac.

Fuel-saving tip

Use the correct weight of oil as recommended in your car owner's manual. A too-heavy oil will force the engine to work harder, using more fuel to overcome resistance, while an oil that's too thin may not provide enough protection against engine wear.
