Recommend reduction in side and rear yard setbacks

Zoners seek revision of home codes

by Alice M. Bobula
The Zoning Board Monday, June 4 recommended the village reduce side yard setbacks for R2-zoned single family residences on corner lots to 15 feet, from the required 25 feet minimum side yard setback, except on reverse corner lots, with permitted side yard reduction to 18.9 feet.
In asking for amendments to the village code, Director of Building and Zoning Joseph Salerno pointed out the present R2 single family lot is 50 ft. by 125 ft. Under the present code, he said, construction requires provision for two side yards, one being 5 ft. deep and a 25 ft. side yard abutting the street, which leaves a 20 ft. buildable width.
Such limitation in building width.

From the LEFT HAND

The sad story we published last week about Mildred Vosnos being found dead in her home on Washington st., 5 1/2 months after she died, left many residents asking questions.
From reports from the Niles police department the lady had no friends. She would often go out of town for several weeks visiting family throughout the country.
The mail was dropped in a large mail slot attached to the house, falling into a plastic bag. No excess mail was noticed since it dropped into the house.
Mrs. Vosnos kept pretty much to herself. Since she had no friends she went about her life quite unnoticed.
After Niles police found the body they contacted the county medical examiner. Upon arrival he determined her wound was self-inflicted. Niles then removed her to the county morgue and the medical examiner's office then sealed the doors to her home.
Family members were contacted but as of Monday nobody seemed interested in arranging for burial. After a reasonable time the county will provide burial.
On order from the probate judge all her personal belongings will be stored.
Unlike former days there is no longer an inquest for this type of case. The county takes charge, relieving Niles of any further responsibility. The house opening section of the county takes charge of the functions pertaining to the house until the probate court takes over.
In case anyone is looking for Niles Village President Nick Blase, he's flown the coop and is now down under. He's been in Australia and will be in the Far East before heading back home. He is expected to return home the middle of June.
The issue of whether or not village workers should live in-side Niles borders continues to embroil local Niles employees. Naturally, we side with the non-establishment people who

Nimrod bill on school pledge passes Senate

Senator John J. Nimrod, R-Glenview, announced today the Senate has overwhelmingly approved his bill which would require grade school children to recite the Pledge of Allegiance.

"By having our school children begin each day by reciting the Pledge of Allegiance," said Senator Nimrod, "I believe they will feel better for it and will become better citizens as a result."

The original bill called for the recitation in both elementary and secondary schools, but was amended so that this would have to be done only by grade school children.

"In my opinion," said Senator Nimrod, "today's youngsters are

The meeting will be held at 7:30 p.m. at the Apollo School, 10100 Deer Rd., Des Plaines. Interested parents from Morton Grove, Niles, Des Plaines, Glenview, and Skokie are invited to attend.

Through our recently distributed child care needs assessment questionnaire, we've received a strong response from community families regarding their needs for child care services. Provided that an adequate response is received at the June 12 meeting, the Young Men's

Jewish Council is preparing to establish a center for preschoolers by late August. Out YMJC Parent and Child Care Centers offer non-sectarian services and the finest professional staff and specialists in early childhood development. We encourage the parents of these children to attend this meeting where we will be glad to discuss potential services with them. Another meeting will be planned early in August to focus more directly on after school child care services.

Fuel-saving tip

Smooth footwork is crucial to good gasoline mileage. You'll get the best fuel economy by smooth, steady accelerator pressure for cruising conditions. Hard acceleration pours more fuel into the engine, but it is incompletely burned and mileage suffers.

Liberty Savings Palatine office

Unique geometric design has been achieved by Theodore J. Theodore of Camburas and Theodore, Inc., Architects & Engineers, for the new Palatine area office of Liberty Savings. Brick and stone structure, as depicted in scale model photo, above, will have twin drive-ups and a walk-up window. Rand and Dundee road ingress and egress will be

provided, along with a generous parking area. Scheduled for end-of-the-year completion it will become the fifth site for 81 year old, \$204 million Liberty Savings. President Chester W. Smigiel says location selection was prompted by large number of mortgage customers and long-time savers now living in the Palatine area.

Niles Zoners . . . Cont'd from Niles-E.Maine P.1

It is not feasible noted Salerno and creates a dilemma for both the builder and the village Building Department.

In comparison with surrounding communities Salerno said Morton Grove's code was similar to that of Niles; Skokie provided for a 37 ft. buildable width on a minimal 75 ft. lot and said Park Ridge code was "very complicated", one which provides for an "old" section (given special consideration) and a "new" section which follows code.

In pointing out there were approximately 50 lots for construction remaining in Niles, of which a "probable" fifteen were corner lots, Salerno said his main concern was with those homeowners who may consider future additions to their homes.

Additions themselves are costly he noted comparing a present-day cost of \$23,000 for a home addition as being "almost as much as I paid for my home."

In second action zoners recommended rear yard setbacks for R1 and R2 single family residences be amended from the required 30 ft. to 15 ft. only if an

attached garage is constructed in the rear yard.

On a reverse corner lot with an attached garage in the rear, the rear yard setback may be reduced to 20 ft.

No spectators were present during the Monday night Zoning Hearing to question, uphold, affirm or protest the Plan Commission's decisions.

Comr. Todd Bavaro called away during the meeting on personal business, indicated his recommendation on both issues would be affirmative.

Loss of attorney Kenneth Cohen (recently appointed to Associate Judge) and stabilizer Charles O'Grady (who claimed conflict of interest with his present real estate position) from the Zoning Board has created uncertainty on the Plan Commission over legality in procedures.

Aluminum recycling collection

With school out this month, Reynolds Aluminum Recycling Company has a suggestion for students who want to pick up some extra money - recycling aluminum cans.

S.B. Thompson, district manager for Reynolds, notes summertime is the peak period for recycling and this is due in large extent to out-of-school students who pick up cans and other clean household aluminum and also pick up money in the process - at 20¢ per pound.

Mr. Thompson says trucks will continue their visits to the seven suburban and six city neighborhood shopping centers in June, paying the public 20¢ per

pound for aluminum cans and other clean household aluminum.

Reynolds pays 20¢ per pound for aluminum beverage cans and other clean household aluminum items such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers. Certain other items include aluminum siding, gutters, storm door and window frames, and lawn furniture tubing are also worth 20¢ a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans. Local collection point is: Lawrencewood Plaza Shopping Center, Oakton & Waukegan rds., Niles, every Saturday from 10:30 a.m. to 12 Noon, June 9, 16, 23, 30.

Theatre Guild Board Des Plaines Art Guild art fair

Patrons of the annual Des Plaines Art Guild Invitational Art Fair will be in for some pleasant surprises this year as plans get underway to expand the guild's 24th show into a two-day event. Besides again featuring some of the same fine artists that have exhibited their works in the past, the Art Guild has changed the traditional date from the weekend before Labor Day to Saturday, June 30 and Sunday, July 1 from 10 a.m. to 6 p.m.

Another change expected to be of interest to local art patrons is the relocation of the fair to the grassy campus of Maine West High School, 1755 S. Wolf rd., Des Plaines. Admission is free.

"We went scouting for the location in the snow all the time trying to visualize what it would look like in the middle of summer," Charles Anderson, chairman of the art fair commented. He added his appreciation to Maine West Principal James Coburn for his cooperation.

Anderson said he expects more than 7,000 people to attend the fair and visit the more than 100 exhibits.

"By the time all the planning is done, we will have between 120 and 150 of the finest artists in the Midwest," Anderson said. "They will come from Iowa, Wisconsin, Michigan, Indiana, and of course, Illinois."

Among well-known local and regional artists expected to have exhibits are Cal Bonnivier of Des Plaines, specializing in oil painting; Thelma Spain, also of Des Plaines, with her seascapes done with watercolors; Pat Matusi, a contemporary acrylic painter from Chicago; Jay Paul Easton of Chicago who does pen and ink drawing of old houses and Bill Wilson, another Chicagoan well known for his bronze and brass sculptures.

"We'll also have one of the finest glass blowers, Michael Guzzardo of Michigan," Anderson said.

Another interesting attraction, Anderson added, will be a mother and daughter team, Amie Hecht and her daughter Kristin Schuyler from Wisconsin who will be displaying their finest acrylics.

"It's difficult to tell one's work from the other, they're so much alike," Anderson noted.

Other categories of art which will be presented at the two-day fair include photography, crafts such as ceramics, fiber, weaving, macramé, glass, and leather, and jewelry as well as paintings and drawings of all types.

Over 300 free parking spaces will be available as well as a food and refreshment stand. Artists including students may still apply for exhibit space by writing to Charles Anderson, P.O. Box 81, Des Plaines, Ill. 60017.

Friendly's does it again!

You may recall that Friendly's Red Hots and Ice Cream Parlor, shortly after they opened in Niles last October, ran a full-page ad in The Bugle Publications with coupons that broke all records for response. This ad brought in thousands of coupons from Niles and area residents.

Now - in this issue, on the back page - Friendly's does it again!

They've put into coupons a group of their most popular items, both food and ice cream, which will provide you sensational money-saving prices.

Despite rising costs, due to an inflated economy, Friendly's Red Hots and Ice Cream Parlor is providing these money-saving coupons as their way of showing their appreciation for the wonderful patronage they've received from the Village of Niles and the surrounding area.

The owners of this fine emporium, Ron Lewis and Tony Bellino, report their Niles store, like their one in the Meadowdale Shopping Center in Carpentersville, Ill., is very successful and their formula of top quality ingredients, cleanliness and "fast" friendly service is what keeps them winning new customers daily while retaining old ones.

Rose's bar-b-q ribs have recently been added to their extensive menu, which includes Vienna pure beef red hots, pure beef burgers, Polish sausage, tender steaks, homemade Italian beef sandwiches, french fries, ice cream creations, cold and hot beverages and beef filled, homemade chunky chili, etc.

Incidentally, their bar-b-q hickory smoked ribs, they feel, are second to none and to get you to try 'em they're offering a quart of Coca Cola free with the purchase of a full slab.

So look over the back page of this issue carefully. You and the family can cut out and bring in to Friendly's the coupons you want to redeem for your eating enjoyment... and the money you save will also please your purse.

Hurry on over to Friendly's...

With gas prices constantly upping, be sure your car's in top shape so that it will give you the most miles per gallon. Take it over to United Transmission for both a motor and transmission tune-up. Their prices are low and you get quality work you can depend on. Clip out the ad in this week's Bugle and bring it into United Transmission Corp., 7460 N. Milwaukee ave., Niles. A complete transmission tune-up will cost you only \$24.50.

Spectacular Bid should gallop home a winner by four or more lengths in the upcoming Belmont this Saturday... thus completing the last leg in the Triple Crown.

The Cubs are moving nicely towards last place in their division. Once in last, I look for them to improve their position in last place by 10 games at the season's end.

Flash: Watch the White Sox go into a 20-game streak beginning on September 31st...

See you next week with a good column - I hope!

The cost is \$27 for the complete session. Because of vacations and other commitments, it is possible to attend only one week or two weeks at a cost of \$9 per week. The program includes fundamentals, complete games with referees, and a swim in the Maine

East pool everyday from 11:30 to 12 noon. All work takes place at the Maine East varsity fieldhouse floor and outdoor courts.

For an application write to Mr. Paul McClelland, Basketball Clinic, Maine Township High School East, 2601 W. Dempster, Park Ridge, IL 60068.

would like to live outside of town. They rightfully argue real estate prices prevent them from buying a residence inside Niles. Certainly, the North Shore communities don't expect their employees to live within their communities. The same logic should apply to Niles.

The disannexation of the Village of Golf residents from School District 67, moving them into the Glenview School District 34, seemed somewhat unusual. A couple of years ago Niles and unincorporated residents north of Golf rd. in School District 63 sought to annex their area into the same District 34. Glenview administration representatives discouraged the District 63 people. Noting the Niles area was closing the Wilson School, which prompted the annexation query, Glenview people said they were also considering closing a school and reducing teachers. They left little doubt they were not interested in accepting the District 63 children.

While the Glenview rationale might be the commercial area in District 67 is more desirable it is a bit of irony they would accept the wealthier Golf residents while shunning the proletariats from Niles.

Our first reaction to all the hubbub is there's a bit of snobbish tomfoolery surrounding the whole matter. Perhaps, if they would annex the special privilege stop lights at Golf and at the country club next door, and remove them, they would improve the neighborhood. Matter of fact, if they could remove all of the Village of Golf, and move it downstream five miles, it would greatly enhance the environs of the common man. What do nice communities like Niles and Morton Grove have in common with Golf? Golf belongs out near Kenilworth, perhaps, about 3 miles to the east.

Farmer's Market . . . Cont'd from Skokie-L'wood P.1

The market, one of only three on the north shore, is expected to draw shoppers not only from Skokie, but also from neighboring suburbs and the north side of Chicago.

The opening day of the market, July 1, will feature some special festivities, including entertainment, balloons for the children, an old-fashioned popcorn machine, and the kick-off of two special on-going features.

Each week, in an area adjacent to the market, a special presentation area will be utilized by Skokie agencies and organizations for informational and entertaining presentations. The program will be kicked off on July 1 with a preview of the

Ethnic Fair scheduled for July 7 and 8 at Oakton Park. The park district and fine arts commission will combine to present to market shoppers a preview of the fair.

Another weekly feature will be a bulletin board listing coming events in Skokie. This board will feature information on a wide variety of events and programs, ranging from concerts and classes to homeowners' meetings. Groups interested in utilizing this space can contact the Public Information Office at 673-0500, ext. 257.

Ample parking is available in the area, including part of the village lot, on-street parking, and use of the lot at Oakton Bowl, across from the market.
