America, The Beautiful, seems to be in a state of limbo.

The energy crisis seems to manifest all our problems. We no longer seem to be in control of our own destiny. We're being buffeted back and forth. We're not able to decide which way we're heading.

Back in our growing-up days we had Franklin Roosevelt heading the country. And while many may question his over-long tenure in office, nobody could deny his presence. When he died the Life magazine picture of the grief on a middle-aged man's face as Roosevelt's bier rolled by is unforgettable. Likewise, if you lived with a Roosevelt hater the very mention of his name spewed a distaste which turned the hater a purple hue.

I had a very interesting uncle, who went to Harvard before the turn of the century, who spoke about Roosevelt as the enemy. The uncle was at Medinah Country Club during golfing weather, and a member of one of those dark-wooded private downtown clubs, long before the middle class discovered this hokey life. Roosevelt, a deserter of his class, was spoken of continuously, never kindly.

Roosevelt was always there on the radio, though much less than we remember. He used radio sparingly but most effectively. His political image on the airwaves was repeated by John Kennedy when he exploited TV in a similar manner.

During the 50's the country seemed to demand the calm of Eisenhower. The war hero was a source of pride to the whole country, and we sort of paused for 8 years, after the hectic days of a depression, followed by a grueling war.

In 1960 the new handsome young President seemed to herald a new era. Young and handsome, with an elegance which was polished with much wealth, Kennedy was the peer of the World War II people, who were taking over the country.

Congressman have concerned Social Security and Veterans benefits, Medicare, Unemployment Compensation, educational financial aid, immigration, senior citizen programs, and consumer problems.

Tenth-District residents who wish assistance or information should visit, telephone or write Congressman Mikva's District Office in the Evanston Civic Center, 2100 Ridge ave., 864-9595 or 297-0515. The office is open Monday through Friday from 9 a.m. to 5 p.m.

Vacationers should have post office hold mail

Contacting your post office about holding or forwarding mail before leaving on vacation will turn out to be time well spent. Postmaster Louis G. Principali reminded residents of Morton Grove today.

"Letting mail or newspapers overflow a mailbox literally advertises that a house or apartment is empty and unguarded," Postmaster Principali said, "and amounts to an open invitation to burglars."

The postmaster suggests that householders ask a friend or neighbor to empty their mailbox daily when they're going to be gone for a relatively short time, have the post office hold the mail as long as 30 days, or have it forwarded to a vacation address.

The postmaster also offered some other tips for vacationers:

...Buy enough stamps or post cards and other correspondence before leaving on vacation.

...Remember to use the right amount of postage—ten cents for post cards and 15 cents for letters that weigh one ounce or less. For letters that weigh more than one ounce, the additional postage is 13 cents an ounce.

...Make sure that you deposit mail where it is most frequently picked up; when possible, at post offices or in downtown, business district collection boxes.

...Take along an address book that includes Zip codes of those you plan to correspond with.

Postmaster Principali also says taking the time to write legibly will help immensely in getting cards and letters to their destinations more quickly.

Maine Township Job Connection Program

The Job Connection Program for Maine Township young persons has become a success in its first month of operation, Mainstay's Youth Service Director Dan DiSilvestro announced this week.

DiSilvestro said that since June 1 when the program began, more than 120 youths have registered and nearly 40 percent have already found employment.

The Job Connection is a year-round program that assists youths from 13 to 19 (to 21 in the case of college students) find either domestic or commercial employment at no fee to either party.

Youngsters under 16 may register for domestic employment such as babysitting, yard work, cleaning or snow shoveling. Township residents who need such tasks performed are given the names of available

youths living near them for direct contact.

DiSilvestro said many senior citizens have availed themselves to the service, and urged seniors in need of domestic help to call his office.

He also said young people aged 16 or over seeking regular part or full-time employment will be given the names of area employers with openings.

The Job Connection Program is sponsored by Mainstay and the Maine Township Committee on Youth, an agency of the Maine Township government which funds the program. The City of Des Plaines also cooperates in the program.

DiSilvestro invited young persons seeking jobs, residents seeking help with household chores, and employers with job openings to call him at 296-6644.

Nortran buses have room for new riders

Officials of the North Suburban Mass Transit District (NORTRAN), recently reported that there is available seating on many of NORTRAN's bus routes. Although ridership has increased, due to the Edens Construction and fuel shortages, NORTRAN encourages would-be riders to try its system.

"For those who would still like to avoid the Edens, NORTRAN's Rt. 210 travels from Glenview through Golf, Morton Grove, Skokie, and Lincolnwood to the north Michigan ave. and Chicago's Loop," said Leonard S. Eisenberg, Chairman of the District and Trustee from Glenview.

"Rt. 210 has made continual ridership gains, but here's no overcrowding to discourage new

riders. NORTRAN also provides service to train stations and CTA stations as other possible alternatives."

"There's ample seating on most NORTRAN routes during the non-rush hours. People might try the bus to make daily errands like banking shopping and find that they're saving money by leaving the care at home," continued Chairman Eisenberg.

NORTRAN buses operate throughout the North and Northwest suburbs to most major shopping centers, hospitals and business areas. For detailed travel information, call the RTA at their 24-hour toll-free number, 800-972-7000. In Chicago, call 836-7000.

NORTRAN is an RTA subsidized carrier.

Orioles 3 - Pirates 1 A tough well-played game by both teams featuring fine defense plays by Tykane, Begart, Remblake and Czamy of the Pirates and excellent pitching by Aklinski, Gawle and Yetter also of the Pirates, held the Orioles to 3 hits. Hitting for the Pirates were Yetter with a long homer plus singles by Czamy and Pavkovic. For the Orioles - Klancnik pitched 2 innings giving up no hits, Calarco who pitched a good last inning. Busiel also pitched a good game. Calarco and Busiel each had a single, Klancnik a double and Cieszkowski with a triple. Good throw by Klancnik to Kwiatkowski.

Orioles 10 - Cubs 4 Watrach of the Cubs struck out 6 Orioles the first 2 innings. Then in the 3rd inning the Orioles exploded for 7 runs with Busiel leading the attack. He had 3 hits including his 4th homer. Klancnik had his 2nd homer with a double and 3 R.B.I.'s. Kranitz, Flynn and Cieszkowski each had R.B.I.'s with some timely hitting. Good pitching by Klancnik, Busiel and

Calarco with a good one inning stint by Cieszkowski. Also pitching well for the Cubs was Potrue striking out 5 Orioles in the last 2 innings. Cubs 4 runs were supplied by Watrach, Jerfita, and Potrue. Final score was Orioles 10 - Cubs 4.

Dodgers 10 - White Sox 5 The "Big Blue" rolled to its 6th straight win against the heavy-hitting White Sox behind excellent pitching of Kosina, Early, and Terpinas. Dodgers hits were provided by Cieccko from little league with a grand slam, De Micelli of Bronco also had a homer. Ugel from little league had a single. Alexander stole home for the 2nd time this season.

Cubs 8 - White Sox 7 For the Cubs 3 runs were scored in the first innings ignited by Potrue's homer. Other Cubs hits were by Imber, Christiansen and Walenta. Dospil made excellent catches in left field. Strong Cub pitching by Mizialko and Krubert in the 4th and 5th inning. Imber was an excellent catcher in his position. Potrue pitched out a tough jam to preserve the victory as many Cub fans were biting their nails.

A's 5 - Dodgers 6 This was a 7 inning game. For the A's a homer, and double by Patton and a homer by Fritze. Good playing by both teams. For the Dodgers ("Big Blue") the pitching was by Kosina, Pedraza, Terpinas and Early who held the A's to 4 base hits. The Dodger attack was led by Fullone and Kosina with 3 hits and the big blow by Terpinas with a clutch double in the 7th to score Dax from 2nd base. Bill went 3 for 4. Kosina turned in an unassisted double play and little leaguer Hickey made a fine catch in center field. This was the Dodger's 7th win in a row.

Pirates 7 - A's 8 Hard hitting by both teams. A homer by A's Ewins, 3 double plays by the A's including an unassisted double play by Mackowski at second.

Dodgers 12 - Pirates 4 Another total team effort as the Dodgers won their 8th game in a row. The game was played for the father of Lou Alloco who is recovering from an auto accident in the hospital. Lou had a single to right in the 14 hit attack. The "Big Blue" had great defensive plays from Fullone and Early. Nawrocki had a homer to end his 3 game slump. Kosina has now hit safely in all 14 games.

White Sox 7 - Orioles 5 Strong pitching by P. Cecchin for the Orioles and T. Piotrowski for the Sox kept the first 2 1/2 innings scoreless. White Sox Nick Candotti hit his first grand slam home run and was lead RBI man for the game with four. Joe Dorjah and Bill Valenta got on base twice and scored twice. Other pitchers in the game were White Sox Candotta and Dorjah and Orioles Mayor and Wiesniewski.

White Sox 6 - Expos 6 Another exciting tie game between the White Sox and the Expos. The White Sox went out in front in the first inning when Eric Chaston, Joe Dorjah and Nick Candotti all reached base and scored. Tony Konjewitz and Piotrowski scored in later innings so the Sox held the lead throughout the game until the Expos came back with two runs in the sixth inning to tie the game 6-6. Strong pitching by Dorjah and Candotti with relief help from Piotrowski kept the Expos from getting the lead. Overbeck, Steghart and Klinc pitched for the Expos.

Pirates 12 - Astros 1

Niles Bronco League All-Stars

The Niles All-Stars won the opening game at Potowanomi Park this summer, defeating Hamlin Park 5-1. Mike Fritze and Frank Calarco held Hamlin Park to one run on only 4 hits. Frank Calarco drove in two runs and Bill Terpinas, Mike Fritze and Wayne Potrue each drove in one run. Bill Terpinas collected two hits and Paul Leddy also contributed a hit.

The Niles All-Stars got off to a

great start in the second game against Edison Park and it looked like a breeze. John Watrach, Paul Leddy, Bill Terpinas, and Randy Busiel each scored and Niles quickly held a 4 to 1 lead after two innings. John Watrach had the big hit, a two run triple in the second. But Edison Park scored seven runs in the middle three innings with the aid of only one hit. In fact, the Niles pitching of Frank Calarco, Wayne Potrue, and Mike Fritze was so superior every Edison Park batter struck out, with the exception of two harmless groundouts and their only hit. But Edison Park received nine walks off Niles and that enabled seven runs to cross the plate. The balls and strikes being called by the home plate umpire were strongly questioned by the Niles coaching staff, fans, and players. It was a great disappointment for the Niles team which was clearly superior in every respect of the game. But the efforts of each and every player were outstanding in every respect. Each boy was a fine representative of Niles. Other players contributing to the Niles effort were Mike Composito, Matt Hedrich, Joe Klancnik, Steve Roggerman, Brian Nawrocki, Dave Bacchierre, and Russell Block.

Pony AA

The Astros were in a slump and were not able to give much resistance to the Pirates. Bell and Englund pitched for the Pirates and Zajac and Raffin pitched for the Astros.

Reds 14 - Orioles 5
 The Reds had sixteen hits in this game with four homers which gave them a wide margin in their victory. The four homers were by Jerry Howard, Bob Trenn, Tony Carderone and Tom Gianos who hit one over the right field fence at Joziwak. Scott Ries had four hits; two singles, a double and a triple. Reds pitchers were Basso, Dombrowski and Gabel. Orioles pitchers were Cecchin Mayer and Wiesniewski. Pirates 16 - White Sox 10

The Pirates put their best foot forward and won by good defensive playing. Pitchers for the Pirates were Bell, Dary and Englund. Sox scorers were Jim Newland, Ted Piotrowski, Dave Baum, John Miller, Tony Konjewicz and Mike DeVito. Pitchers for the White Sox were Candotti, Piotrowski and Miller.

Expos 7 - Reds 6
 In this exciting game for first place the Expos came out the victors. Clutch hitting Len Minelli, Mike Overbeck, Bill Henreid, Mike Gotti and Mike Pierski brought in the seven runs for the Expos. Expos pitchers Mike Overbeck, Steve Sieghart and Jim Klineheld the high powered Reds to six runs on four hits striking out thirteen batters. Steve Sieghart got the win and Jim Kline got the seventh inning save. R. Howard, S. Dombrowski and D. Gabel pitched for the Reds.

Orioles 14 - Astros 6
 The Astros had a little more fight in them for this game against the Orioles, maybe they are coming out of their slump. Zajac and Raffin pitched for the Astros. Cecchin, Mayer, Urgo and Wiesniewski pitched for the Orioles.

Astros 4 - Orioles 2
 The Astros played superb baseball in this win against the Orioles. Not only did they play well offensively, they played superb defensively ending the game with a double play from Zajac to Khoshbin. Matt Argetsinger made two terrific catches in left field and Jim Raffin, Jeff Grendzinski, Henry Zjac, Andy Mackowski, Tom Elenz, Ed Pinkowski and Chris Early all contributed to a tight infield with superb teamwork. Jim Raffin and Tom Elenz both went 2 for 3 with Elenz getting 2 RBI's. Houman Khoshbin drove in 1 run with his double. Added to all this was the excellent pitching of Zajac, who pitched 3 no hit no run innings, Jim Raffin, who only gave up two hits in his three innings pitched. Ron Zygmunt who has hit safely in every single game failed to come up with one today. He came close with a hard line drive to the second/ baseman which doubled off Jim Sinatra who had walked.

St. Francis signs OCC tennis ace

College of St Francis tennis coach Lyle Hicks announced the signing of Oakland Community College ace Mark Miller early Tuesday. Miller joins CSF after one season at Oakland where he compiled a 19-3 singles record.

"I believe we have a good one," smiled Hicks while announcing the signing. "Mark is a very strong player who should be able to fit into our picture right away. He was one of the top junior college players in Illinois this spring, which is certainly a credit to his ability."

Counting doubles matches, Miller compiled a 34-7 record as a sophomore, for an 82% winning percentage. He spent 1978 at a California's Pierce Junior College, where he was a top performer. Miller also spent his prep years in California.

Oakton tennis coach Tom Journdt had nothing but praise for Miller's ability. According to Journdt, who also serves the Raiders as Director of Athletics, Miller should perform well for Hicks.

"He was the best we had this year," Journdt said. "He played first singles all season and did an outstanding job there for us. His doubles play was nearly as good. Generally, I could say that Miller should do a tremendous job for a young and growing program like CSF's."

Miller helped Oakland to an 11-3 overall record and a 5-1 mark in Skyway Conference play. He dropped two decisions against William Harper College's Mike Niemiec including one decision during state junior college semifinal competition at the College of

DuPage. The other Miller loss came against Joliet JC's Ed Grinius.

CSF has enjoyed two banner seasons under Hicks, a graduate of Southern Illinois University. The Saints captured the 1979 Chicagoland Collegiate Athletic Conference title and also captured the NAIA District 20 Tournament title with 28 points. The team placed 29 at the national tournament finals after placing 25th out of 48 teams during the 1978 championships.

Several of Hicks' top performers return for the 1980 campaign including New Lenox-Lincoln Way's Lee Irvin, Bob Tomasino and Jerry Witty. Tomasino and Witty are both Joliet-Catholic High School graduates and Tomasino won 26 singles matches during 1978.

Hicks also announced the signing of Aurora-West High School talent Craig Cherwin. A cousin of CSF woman athlete Daria Medernach, Cherwin and his Aurora-West teammates placed fifth at the Illinois High School Association State Tournament finals this spring.

If you are negotiating a loan, you should be familiar with the add-on clause. This clause is often used in a contract to cover a series of installment purchases and essentially makes earlier purchases security for new ones. If the buyer defaults on his payments, he may lose not only the new merchandise, but also earlier items on which he has completed payment. The acceleration clause is also used in installment loans. It means that all payments are immediately due and payable, should the buyer default for whatever the reason. Another clause often used is a balloon clause. A contract with this provision stipulates a final payment that is substantially larger than the preceding installments.

Savings Tip: The best thing to do when contemplating an installment purchase is to ask for clarification.

Niles Police Beat . . .

Attempted Burglary

Police arrested two men Wednesday morning July 4 allegedly caught in the act of burglarizing a car in the Dave Corey Ford lot at 6200 Touhy ave.

Tony Deros, 31, of 1612 17th ave. in Melrose Park and Thomas Buenick, 18 of 3813 Lombard in Cicero were charged with attempted burglary and possession of burglary tools according to Niles police. Deros was also charged with attempted theft. The two were released under \$25,000 bonds set by Judge John L. White pending an August 10 hearing in Niles Circuit Court.

Police were called to the scene by an agency security guard who had noticed the two around 1 a.m. in a fenced area of the auto lot. After police reinforcements closed in on the pair pointed out by the guard to be under a truck, police called the men to surrender and handcuffed them to the fence.

A police sweep of the lot turned up burglary tools with license plates and a pair of gloves found under the truck. A pair of rubber gloves and two bent spoons police said could be used to open vent windows were found in possession of one of the men.

Neither man carried identification said police.

Attempted burglary of apartment

Police said burglars attempted to enter a garden apartment on Wisner sometime July 3 by cutting thru a window screen. They were thwarted by a stop lock on a window left partially open.

The apartment owner away at work at the time noted footprints in the mud outside the window after she returned home.

Rape reported in K-Mart lot

Police said a 21-year-old woman returning home to Park Ridge from Chicago was reportedly raped in the K-Mart area at 6730 Dempster st. around 5 a.m. Sunday, July 8.

According to Lt. John Christie, head of the Niles Detective Division, the woman told police she stopped near the retail store to telephone a girlfriend to join her for breakfast.

Christie said when the woman returned to her car, a youth in his early twenties wearing a stocking cap entered the auto and pushed her over to the passenger side while stating "I have a gun. . . don't say anything or I will kill you."

As he began to drive off, the woman told Christie she attempted to escape from the car but fell and rolled over in the parking lot. The rapist then dragged her over between a nearby bank and a store in the area where he ripped off her clothing.

Although she was screaming the victim said nothing deterred the man who was finally startled away by the sirens of an ambulance going to nearby Lutheran General Hospital.

The victim in the nude told police she grabbed her sweater for cover and ran to Dempster st. where she hailed a passing motorist who took her to Lutheran General Hospital where employees called police.

Obscene Phone Calls . . .

Employees of Just Pants in Golf Mill reported an unknown male has been telephoning the store for over a year making obscene remarks to female clerks who answer the phone.

Police said they were called to the area twice after 3 p.m. Wednesday on complaints of exploding fireworks and warned youths on both occasions against use of fireworks.

A short time later an officer on patrol was hailed by one of the parents who resented police "picking on his kid."

While attempting to explain the law concerning fireworks, the officer observed one of the gathering group of people throw a firecracker which exploded near his car.

Following a footchase the officer placed the young girl under arrest and called for police aid to leave the area.

The manager told police he observed the youth to exit the store shortly before 10 p.m. Friday with several cases of beer under his arms.

After following the suspect out to the parking lot, the manager asked for a sales receipt but the youth said he must have dropped it in the store. Girl Scout troop 846 awards ceremony

Troop 846 members presented their spring awards ceremony on Friday evening, June 22, at the home of Mr. and Mrs. Jablonski. The Scouts shared their memories of troop meetings, badge meetings, trips, fund raising, and parties, with the parents, and thanked all the mothers for their help throughout the year.

The scout members received many awards. Six girls receiving awards for perfect attendance, uniform, courtesy, and service were Karen Beeftink, Cathy Bratek, Nancy Kozanecki, Cathy O'Grady, Tina Sudendorf, and Chris Wolshon. The top cookie sales prize was given to Cathy Bratek for selling 251 boxes of Girl Scout Cookies. The troop as a

whole (Karen Beeftink, Cathy Bratek, Renae Hubick, Krista Jablonski, Nancy Kozanecki, Tina Lepold, Lisa Michelotti, Cathy O'Grady, Holly Pilousek, Theresa Re, Janet Rzepiela, Tina Sudendorf, and Chris Wolshon) earned a total of 138 badges since January, a remarkable achievement!

The program was concluded with the birthday ceremony during which Krista Jablonski, Tina Lepold, Holly Pilousek, and Theresa Re left Troop 846 to join Cadette Troop 791.

Refreshments were served following the program. Special thanks to Lucille Kozanecki and Pat Jablonski for an enjoyable evening and a wonderful year of scouting!

Reciprocal borrowing program

Patrons with a Niles Public Library card (or one from the Niles Branch Library) will be able to use it in any branch of the Chicago Public Library, subject of course to the rules and limitations of the CPL.

In the past cards from the Niles Public Library District were accepted only by libraries in the North Suburban Library System. The decision of the District's Board of Trustees to enter into Reciprocal Borrowing with the CPL opens up a vast new resource for its patrons.

The action also allows Chicago patrons to use their cards in Niles.

Older adult series at Lutheran General

"You and Your Aging Parent," will be the topic of a public program at 7 p.m. Wednesday, July 18 at the Naurice Nesset Health Center of Lutheran General Hospital, 1775 Ballard, Park Ridge.

"We hope we'll be able to help persons of all ages understand the aging process," says Eugene Molenaar, area representative of the American Association of Retired Persons (AARP) and the National Retired Teachers Association (NRTA).

The aging process encompasses many changes which often cause problems. A representative of the AARP-NRTA will explain some of these changes. "Health problems are the biggest," says Molenaar, "and

along with failing health comes feelings of helplessness. Retirement, a lower income and the death of friends and spouse also increase such feelings."

Molenaar hopes that children will learn to help older parents cope with these drastic changes. Through two-way discussions, he hopes participants will express their concerns and experiences in dealing with such situations.

The AARP-NRTA is a national member organization for mature adults with over 12 million members. Illinois is one of five states included in the organization's Area 5, which contains over two million members.

"You and Your Aging Parent," is one program of an "Issues on Aging" series offered by the Internal Medicine Unit of the Health Center. The programs will be held once a month, on Wednesdays, through October and are offered free of charge.

Lutheran General's Older Adult Service Development Program also conducts inpatient and outpatient counseling to the elderly. For more information, phone the Older Adult Services Development Program at 696-7285.

Questions physicians dispensing of drugs

Dear Editor:
Let's hope that more and more people are awakening to the fact that they have the right to question their doctor when he writes a prescription for a drug that could have disastrous side-effects.
We are finding out that many a doctor is not immune to greed. He subscribes to the theory that better health is obtained through chemistry instead of proper diet. He dispenses pills as casually as we used to put a penny in the peanut machine to feed the pigeons. That's exactly what many patients are when they walk into a physician's office - pigeons.

Niles Park District Girls softball

In only their second year in existence, the Niles, age 10-12 year old girls softball team has bounced back from a disappointing season to win 3 of its first 5 games this year. Their latest win 12-5 was Tuesday against an experienced Lake Forest team.

Providing the attack were Gerylyn Bertucci, Laura Zingarelli and Janet Puius with home runs while pitcher Laurie Linhart was aided by fielding gems turned by Sharon Dimand, Karen Zuchowski, Eileen Flynn, Lisa Falleroni, Bertucci and Zingarelli.

The team is coached by Dan Hype, who replaces Debbie Dahms, the team's original coach who organized the team last year. The team plays in a tournament in Deerfield this week in which they hope to improve upon their record. The first two victories were won by Larisa Winnycheck's super pitching.

Reynolds aluminum recycling raises price

For the second time this year, Reynolds Aluminum Recycling Company is increasing the amount it pays the public for recycling aluminum beverage cans and other clean household aluminum. Effective July 3, the company will be paying 23 cents per pound, an increase of three cents per pound, Richard N. Bolling, president of Reynolds Aluminum Recycling Company, announced today. "The energy savings afforded by recycling aluminum has increased the value of the metal," Mr. Bolling said. "As the value of

aluminum increases, so does the number of people recycling and the number of pounds of aluminum that they keep out of the litter and solid waste stream. This was evidenced by the increased number of recyclers and pounds collected by Reynolds after we raised the price from 17 cents to 20 cents a pound last February," Bolling said. Besides all-aluminum beverage cans and other clean household aluminum products such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers,

Reynolds recycles certain other aluminum items--including siding, gutters, storm door and window frames, lawn furniture tubing and aluminum castings--which are also worth 23 cents per pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with aluminum cans. The nearest Reynolds collection point is in Niles at the Lawrencewood Plaza Shopping Center, Oakton and Waukegan rds., every Saturday from 10:30 a.m. to 12 noon.

ED HANSON

The Cubs have as much chance to win the pennant as...

Skylab has of landing in Wrigley Field.

As I'm writing these lines on Tuesday and Skylab is due to plop down Wednesday or Thursday, we should know what the Cub chances are of grabbing a pennant by the time you receive this paper.

Cub fans are being very smug after beating Houston 3 out of 4, but "The Chicken" got more publicity than the 'Cubs' did.

Coming events always cast their shadows before. And that "Chicken" act forebodes evil for the Cubs.

For every August in the past 34 years, the Cubs turn "chicken" and lose 10 or more in a row. And remember, the Cubs always put on their 'chicken' act in the month of August. And always when it looks like the Cubs are finally gonna succeed.

The Cubs have always been faint-hearted in the stretch drive, and chickening out has always happened in August.

For when the National League race is over and done with, the Cubs will be closer to the bottom than they are to the top.

It seems strange that with gas a buck a gallon and hamburger over two dollars a pound, the only thing coming down is Skylab.

IF - and ONLY IF, Skylab lands in Wrigley Field will the Cubs have a chance for the pennant.

For the odds on that happening are the same as the Cubs' chances of winning a pennant.

What goes up must come down - that's been the story of Skylab and the Cubs.

Phone 296-1211.

"Once Upon a Mattress"

Once Upon a Mattress is an uproarious Broadway hit. It tells the "inside story" of what really happens to the famous princess who was so sensitive that she couldn't sleep on twenty downy mattresses when one pea was placed underneath. King Sextimus has been placed under a witch's curse and will never talk "until the Mouse devours the Hawk." The domineering Queen Aggravain has decreed that no

one in the kingdom shall wed until Prince Dautless is married to a true princess of royal blood. Lady Larken and Sir Harry are in desperate need of a ceremony so Sir Harry sets out to bring back a true princess and he returns with a new contender, Princess Win-

nifred. The new contender wins the favor of Prince Dautless by swimming the moat, but the Queen is determined to eliminate

1615 Milwaukee Ave., Glenview

Jake's B-B-Q ribs voted number one

by Bon Vivant

Lots of good things are cookin' at Jake's North Restaurant, 1615 N. Milwaukee, Glenview.

For instance—did you know that Jake's North is now open at 6 a.m. for breakfast! And for the entire month of July, to get you acquainted with their super breakfast menu, they are offering the following breakfast specials until the end of this month:

2 large country fresh eggs, toast, jelly, and freshly-fried hash brown potatoes at the special price of only 99 cents. This is a regular \$1.50 value.

Golden brown pancakes with syrup and plenty of butter for only 80 cents—a regular \$1.20 value.

Delicious golden brown French toast with butter and syrup for only 99 cents—a regular \$1.50 value.

Bacon Omelette made with 3 country fresh eggs, fried-to-order hash brown potatoes, toast and butter specially priced during July at only \$1.99—a regular \$2.75 value.

And many more wonderful breakfast items, such as Eggs Benedict with Canadian Bacon and topped with Jake's special Hollandaise sauce, served open faced on an English muffin, for only \$2.95.

And Jake's North Restaurant offers any type of omelette your taste desires. Here they are:

Plain Omelette, \$2.25; Cheese Omelette, \$2.50 (Choice of American, Cheddar, Swiss or Monterey Jack Cheese); Feta Cheese Omelette, \$2.95; Feta and Tomato Omelette, \$2.95; Ham Omelette, \$2.75; Denver Omelette, \$2.75; Corn Beef Omelette, \$2.75; Bacon Omelette, \$2.75; Mushroom Omelette, \$2.95; Lox Omelette, \$3.50; and Lox and Onion Omelette, \$3.65.

Another exclusive feature created by Jake, the innovator is his new Super Hamburger Bar. Here you can create your own hamburger—here's how it works. First, you are served a big, juicy half-pound hamburger, made of the finest freshly ground meat—then, you can create your own hamburger fantasy with the fresh spinach, sauted onions, sauted

mushrooms, or hot chili. There is also an assortment of cheeses and you can garnish with special sauces, mustard, catsup, pickles, fresh tomatoes or raw onions. Sounds like fun, doesn't it? Well, it is and the kids just love the new Hamburger Bar at Jakes. And the cost of the super hamburger you create is only \$3.25.

And Jake's Sunday Brunch has really caught on. This Sunday Brunch served from 10 a.m. to 3 p.m. for only \$4.95 is really the greatest. You select what you want and as much as you want from a 30 foot long hot steam table. It offers hot scrambled eggs, country fresh pork sausage, hickory smoked bacon, savory baked ham carved right off the bone. And there's hot American fried potatoes, beef tips, fried chicken, lox and bagels, cream cheese—an' all sorts of cheeses—perch, chicken ala king and many other delicious hot entrees too numerous to mention.

And then there's the second long, long, cold brunch table filled with fresh fruits, of every variety and the making for all sorts of taste-thrilling salads including potato salad and your choice of juices—apple, orange, cranberry, grapefruit, etc.

And there are piles of sweet cakes, Danish, and all sorts of sweet breads that top off this superb Sunday Brunch your whole family will enjoy.

Recently a group of twenty food experts, members of an International Gourmet Club voted Jake's B-B-Q Ribs Number One.

As a result of their high praise of Jake's special Bar-B-Q sauce, Jake is planning to bottle this special sauce and offer to the public. In fact, he had had many requests from the customers who have enjoyed his ribs at Jake's North as well as his restaurant in Niles. So try Jake's Bar-B-Q Ribs, the ribs which have been voted to be number one!

Other specialties of Jake's North Restaurant in Glenview are Prime Rib of Beef, Steaks, Chops and super Seafood.

A special Children's menu is available at Jake's North. And for the kids, there's a big, old antique Watertank that's stuffed

with special toys for all the little girls and boys.

A Happy Hour is offered in the Cocktail Lounge from 3 to 6 p.m. Monday, Thursday, and Friday with special prices for the cocktails of your choice.

And another feature you'll enjoy is the special "Cheese Bar" that's built right into the piano bar. This makes it a perfect place to relax while you nibble and listen to your favorite songs.

Jake's North of Glenview has something for everyone, and at very affordable prices.

If you'd like to make reservations for this weekend, just phone 299-0575, or come as you are, for there's ample seating and parking at Jake's North Restaurant of Glenview.

Tennis registration

Tennis buffs who dislike waiting for courts are encouraged to use the Skokie Park District's Tennis Reservation System. Reserved courts are available from 6 p.m. to 10 p.m., Mondays through Fridays, and 8 a.m. to 5 p.m. on weekends at Skokie Park Tennis Center.

Reservations are for Skokie Park District residents, 16 years and older, who have a current Tennis I.D. Card. Senior Adults with a valid Tennis I.D. may reserve court time at a reduced fee of \$1 per hour.

Courts may be reserved at Skokie Park Tennis Center for one hour or 1 1/2 hour periods. Reservations cannot be made earlier than one week in advance of the desired playing date.

If there is no reservation on a court, a non-I.D. card holder may play upon paying the prevailing fee.

Police capture cyclist following hi-speed chase

Police captured a Chicago motorcyclist July 7 after a high-speed chase through red lights and around Saturday noon traffic southbound on Milwaukee ave., finalizing at Harlem ave. and Northwest Highway where a 71-year-old pedestrian was allegedly struck and injured.

The pedestrian, John Wolf, who had been en route to his home at 6543 Northwest Highway, was taken to Resurrection Hospital with a possible leg fracture.

Louis M. Gaston, 20, of 1936 W. Ohio st. in Chicago was charged with 14 traffic violations, reckless driving, fleeing and eluding police and resisting and assaulting a police officer. He was being held in Cook County Jail in lieu of a \$2,500 bond pending a July 13 Niles Circuit Court hearing.

Following police investigation he was further charged with possession of a stolen motorcycle and his bond raised to \$5,000 by Judge Zimmerman with a new court date hearing of July 27.

Niles Police Officer Vito LoVerde said he was alerted by radio shortly after noon Saturday of 2 cyclists erratically driving south on Milwaukee ave.

LoVerde said he approached the pair at Milwaukee ave. and Main st. where the cyclists went

thru a red light and continued down the Avenue weaving in and out of traffic at a high rate of speed.

The Niles policeman said he attempted to stop the two at Howard and Milwaukee ave. but Gaston turned south on Harlem thru a parking lot. The second cyclist continued on. During the 3 minute chase Officer LoVerde said he clocked the cyclist travelling "in excess of 80 m.p.h." and "he was pulling away from me," passing motorists by crossing over into oncoming Harlem traffic and going thru red lights.

According to LoVerde the cyclist left the roadway near Northwest Highway while attempting to pass stopped cars in traffic and lost control of the cycle on loose gravel.

The motorcycle went thru an ad bench located at Harlem and Northwest Highway said Officer LoVerde and allegedly struck the pedestrian standing near the bench.

Investigating ownership of the cycle, police were advised Sunday morning the 1974 Kawasaki had been stolen from a west suburb. The owner was not aware of the theft prior to police notification.

Des Plaines woman fails 'pigeon drop' attempt

A 63-year-old Des Plaines woman turned away two women who tried to involve her in a "pigeon drop" confidence game shortly after noon, July 3 in the Golf Mill Shopping Center.

She told police the two women approached her near the Butera Food store on Tuesday stating they found an envelope which they partially opened, exposing what appeared to be a large amount of cash.

When the housewife told them to take the money to the Center's office, the two replied that because they were women, the Golf Mill personnel would not handle it.

At this time the Des Plaines woman stated she suspected a confidence game and walked away. She told police she did not look back.

Both women were described to be in their forties ranging in height from 5 ft. 4 inches to 5 ft. 10 inches, one of slender build and the other weighing about 160 pounds.

From the LEFT HAND

Continued from Page 1

The year 1933 was the beginning of a new era in America. And in 1952 the 8 year pause of the Eisenhower era was calm and prosperous as we gradually moved into a much faster period. In 1960 the third new era in our life came to America.

During each of these periods we seemed to control our destiny. Roosevelt created an instant image of being in control. Even though unemployment and depression surrounded us, Roosevelt created the image of confidence. He was in control, that jaunty man, whose cigarette holder was always a bit askance, veering off to the right or left, in search of new ways to go forward. Roosevelt created an image. And love 'em or hate 'em, we had a guy in Washington who was moving the country.

In the fifties when a general who hadn't voted in 30 years was convinced to run for the Presidency, the image he had from the war, again, made Americans look to Washington with assurance. He might have had limited substance, a man of little depth, but Ike, who led the way thru Africa, up thru Sicily and onto the Italian boot, and then led the way across the English Channel, had the carried-over image of leadership.

In 1961, John Kennedy was made for the image-makers. A young war hero, the image-makers made the grace and style and elan of JFK into an international image. Remember the Berliners cheering him as he sputtered out a few words of "Ich Bin A Berliner?" He moved the people, whether in Germany or America.

After Kennedy something happened. The quick succession of Johnson, Nixon, Ford and Carter left us limp. The upheavals of the 60's and early 70's, the war, Watergate and the first oil crisis caught us without the man on top we had in the past. Crafty Johnson did not elicit much affection, Nixon could never be considered beloved, and Ford and Carter did not create images equal to past leadership.

Like 1933, '52 and '61, the year 1980 could be the year for another new start. The country is begging for a strong leader. But the prospects for the image of leadership equal to those of other years do not seem to be at hand.

Pundits believe Edward Kennedy could have the next election for the asking. He's handsome, young and some people in the country would like to see a new Camelot created by the brother of the old Camelot-maker. But he's badly flawed. His personal life does not stand up in reflection.

This elite man, whose fortunes drowned at the bridge of Chappaquiddick, in his younger days was kicked out of Harvard because of cheating. As Bostonians might say, "That was very bad fawhm (form)."

In this country of 210 million people there are hundreds of people who have the breadth and personal qualities to lead. But somehow they avoid the fray of national political life.

Years ago that same Life magazine featured an article on an industrialist who re-built the town of Columbus, Indiana into a focus of great architectural beauty. He was a man of great resources. I don't recall his name, but he must be in many towns all over the country. He might be in the state legislature and he might be running the local bank or heading his local union. He might be teaching or administering in the local school district and he might be buried away in a laboratory at one of our universities.

I know of a physicist who never completed his college education who is one of the most important nuclear physicists in America. And I know a Christian minister working on West Madison Street who is forever seeking new seed money for neighborhood projects for the past 15 years. There are women running national agencies contributing much to the welfare of the world. They've been doing their work quietly and effectively all their adult lives.

America is the land of a bounty far in excess of its fields of grain, and its majestic purple mountains. We have the human bounty of plenty, the human resources of much wisdom. But it must be mined out of our universities, dug from the deep wells of industry.

America and the world demand the best at the top. If it takes the image-makers to create leaders so may it be. But they must create persons who will inspire, who will cause us all to do more for the betterment of all of us.

Every period in history is crucial. There is never a time when crisis isn't within our midst. With the closeness of the world's people to one another it seems today we must do more than ever before.

I don't want Edward Kennedy or Ronald Reagan or Howard Baker at the top. We have many people who have much more to give. It's time we sought them out.

Project Manager and Niles Fire Captain Harry Kinowski hopes to prove thru resulting statistics of the test that RED's concept of "closest station response" will work for more economical and more efficient fire protection. Closest station response noted Kinowski means the nearest fire station will answer an emergency call - a Morton Grove engine could respond to a Niles fire.

Operation RED initiated as a pilot program June 1, 1977 to June, 1978, brought together five suburban fire departments - Niles, Morton Grove, Glenview, North Main and Glenbrook - under a single central dispatch to provide pre-arranged mutual aid for fire emergency and emergency medical services.

Niles agreed to fund the first year at a cost of \$32,167.21. Expansion of services in June, 1978 increased costs to \$98,478 to be shared among the towns, based on population and assessed valuation.

While all 5 towns presently operate as individual entities thru central dispatch, results of the 3-month test period under full automatic mutual aid is expected to provide answers in determining the future of the RED project.

According to Mayor Nicholas Blase, "the whole (RED) project will be brought back in its entirety for review in October to see if we wish to continue the experience."

However, wondered Tr. Bart Murphy, "if the project works to perfection, who's getting value received?" For instance he noted

Niles presently enjoys a low 3, fire rating "which looks good on insurance policies for Niles residents and businessmen." Combined with North Maine's rating of 5 and Glenview, Glenbrook and Morton Grove's fire rating of 4 would bring Niles and other towns to an average, 4, rating he said.

Tr. Peter Pesole advised more caution. "We now have one of the best fire departments... We always give them needed equipment. Fire Chiefs in other towns don't supply them with anything... Leave things as they are," he urged.

Village Manager Kenneth Scheel, Chairman of RED, advocated the plan... "not only do we all retain our economy but the (fire) departments work as one."

New postal standards July 15

July 15 is the deadline mailers have to use up small and under-sized envelopes and cards, Morton Grove Postmaster Louis Principali reminds customers.

Starting that date, the Postal Service makes it new size standards effective. Cards and envelopes measuring less than 3 1/2 inches high or 5 inches long no longer will be mailable and will be returned to sender.

Extra large First-Class envelopes—more than 6 1/8 by 11 1/2 inches—will incur a 7-cent surcharge if they weigh one ounce or less.

Postmaster Principali advises these oversized pieces will be returned to the sender if they do not carry the 7-cent surcharge but can be mailed if the surcharge postage then is affixed. However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths (.007) of an inch thick.

"Small envelopes and flimsy cards tend to jam mail processing equipment and cause damage to other mail as well," explained Postmaster Principali. "The surcharge on oversized or odd-shaped pieces is intended to cover the added cost of handling such pieces which must be processed manually," he said.

"These standards have been established to allow the Postal Service to process mail more efficiently and this will mean better service for customers."

Dechert said she doesn't want any village employees to feel their employment hinges on the support of the political party in office at any give time. Lewis Greenberg moved to table until the next meeting so he could study this proposal, but the motion to table was defeated and the trustees approved this ordinance.

Don Sneider reported that last week at a Day Care Home in Morton Grove, a four month old child was taken ill, rushed to the hospital and later died after being placed on a respirator with no response. The operator of the day care home was present at the meeting. She has a state license and operates her home according to state regulations as do the two other day care home operators who were present. They advised the board there are about 10 such homes in Morton Grove but there were many more who are not licensed by anyone. Chief Huscher said the village should know the location of all such homes in case of a fire or other emergencies, they can plan a proper rescue. Martin Ashman will check into this and report back at the next meeting. In the meantime all who operate child home care facilities are urged to make their name, location and telephone number available to village officials and the fire department at once.

The Federal Revenue Sharing Fund was introduced at the meeting and after hearing the request of the Library Board for some \$25,000 of these funds, the board decided to table this in order to further study the request and reach a decision by the next meeting. Paul Anthony of the Library Board said these funds were needed to establish a computer regulated circulation system. It would be of great assistance both to library patrons and the staff alike. It would streamline record keeping, cut the cost of keeping track of fines, and tell what books are presently available or when they will be. It was reported there are now some 12 communities that have this system, including Niles and Arlington Heights.

Trustee Gregg Youstra was chosen Mayor pro-tem in the absence of Mayor Flickinger.

In other business Fred Huber received permission to advertise for bids for a full size station wagon with a small motor for the Public Works Dept. with the bid opening to be on Thursday, July 26 at 11 a.m. at the Village Hall.

Police Chief Glauner announced there were three graduates from the Police Dept. and they are Timothy Russo who graduated at the head of his class with top academic honors scoring 93% on his exams, Richard Callaghan and Matthew Pantow. It was also announced that Officer Robert Jones has been re-elected Vice President of the Illinois Police Officers of Cook County.

The Fire Dept. handled 110 alarms from June 25 to July 8 and the paramedic unit was called 16 times.

Lewis Greenberg noted that the Municipal Tax collected for April, 1979 was \$108,845.78. Dick Hobs said the sidewalk replacement program started in

Loan program provides free textbooks for Maine Students

With savings so few and far between these days, parents of Maine Township High School students will be pleased to learn that the vast majority of students are going to receive one free textbook this upcoming 1979-80 school year.

The savings to parents of approximately \$80,000 for about 9500 textbooks is the result of the Illinois Office of Education (IOE) approving Maine Township High School District 207's request to be part of the Illinois Textbook Loan program.

Donald Kenney, Assistant Superintendent for Business, explained the district was not able to participate in the textbook loan program earlier because money was not available to high schools before this year.

"We naturally pursued obtaining this relief for parents once we heard that high schools were eligible for the program," Dr. Michael Myers, Assistant Superintendent for Instruction, said.

On learning of the \$80,000 allocated for books for District 207 students, assistant principals at each of the four high schools selected textbooks to be purchased by IOE for their particular schools from a list circulated by the education office. The list was very broad, they reported.

"The criteria for selection," Dr. Myers said, "was usage by a large number of students. We tried to pick books used in required courses such as English, math, U.S. History and government."

IOE estimates the textbooks should have a life of four to six years in normal class use.

People of all ages can be and are stopped and advised of their bicycle driving habits and are subject to bicycle violation citations.

About 48 percent of the students attending the Oakton Summer Session transferred from another post-secondary institution and have enrolled at Oakton for the first time. Another 27 percent are students who have previously earned credit while attending Oakton and are now returning after an absence of one or more semesters.

Gagin said that most of these students regularly attend a four-year college or university and will transfer their credits to their home institution for their degree.
