10th District Demos favor open primary

The Tenth District State Central Democratic Committeeman determined Wednesday night, July 11, that they will support an open primary in upcoming elections to find a successor to Congressman Abner Mikva. Mikva, it is expected, will shortly resign from Congress after he is confirmed to become a Justice of the Circuit Court of Appeals. According to Calvin R. Sutker, Chairman of the committee, the Committeemen were not able to reach unanimous agreement to support any one candidate. In addition, he says, there was strong support among some of the Committeemen for the positive effects of a primary contest to find the most viable candidate. The decision for an open primary allows each township to

Monday night Old Orchard hosted the Glen Miller band, and the 'over 50' crowd endured a raw, cold, unsummer-like evening to hear the sounds of their youth.

There've been tens of Glenn Miller bands since Miller was declared missing over the English channel near the end of World War II. Either our age is dulling our hearing or the newer Miller bands are but a shadow of the original. But it's fun listening to a live band playing those tunes of 35 years ago, momentarily bringing back images of days bygone.

The "over 50" crowd had a good time Monday night. They joined in the staccato-like handclapping, partially to keep warm and also because that's the way they did it those many years ago, and quite honestly it felt kind of good doing it again.

There was a very trim gal about 40 years old, in a tailored suit, high heels, small-brimmed straw hat and earrings, jiving back and forth on the street to the music. When you first saw her, you thought she might be a bit of a flake. But she wasn't. She was doing it the way she did it many years ago and she was having a very good time doing it, and most of us watching her knew just how she felt.

The Miller music brought back memories of younger days in the cavernous Chicago theatre, where you sat thru two films to see two stage shows. It cost 35 cents before one o'clock, and you often brown-bagged your lunch to carry you thru those many joyous hours. School days you picked up a friend or two, lolleyed around in a record shop for an hour, and then joined throngs of other class-cutters for a day in the pit of the dark theatre.

Glenn Miller memories also bring back rum and coke nites at the Panther Room of the College Inn of the Hotel Sherman, as the announcers used to identify it. We were only 15 or 16 but this early-war drink replaced the hard-to-get whiskey drinks of previous years, and the rather innocent sweet drink was served to anyone who had 75 cents.

Personal inspection tour by commissioners results in decision

New drive to improve Niles parks

by Deby Eisenberg

An inspection of a majority of village parks by the Niles Park District Commissioners on Saturday, July 14 resulted in a 231 item list of specific park improvements. Problems involving the safety of Niles residents will receive priority, according to Board President Dan Kosiba.

Referring to the extensive list at Tuesday night's Park District Board Meeting, Kosiba felt this represented "the earmark of a busy park district, not a bad park district." He felt that perfection was an idealistic goal, but one that Park District Director Bill

Park Ridge Park District

GOLD KEY CLUB, sponsored by the Park Ridge Recreation and Park District exclusively for senior citizens, would like to invite all those who are fifty-five and older to come to Centennial Park to learn what the Club has to offer. Usually there are seven or more separate events, classes or programs each week to choose from. Many of them are free, others cost only for the materials used or the food served, while still others have a fee that covers transportation, admission and food costs and lodging costs, too for those trips that leave town. Drop in at Centennial Park fieldhouse, 100 S. Western ave. any weekday afternoon from 1 to 5 p.m. and ask for Teresa Heiple or Marie Elkin. Let them explain the programs and activities that are currently available. Or you may call on weekdays from 1 to 5 p.m. All senior citizens are welcome.

GOLD KEY SWIM is now available on Thursdays from 12 noon to 1 p.m. as well as on Tuesdays, same time. Many physical education authorities agree that swimming is excellent exercise and it is certainly one of the most refreshing and invigorating means of staying or getting in good physical condition. Enjoy an hour's swim at Centennial Park, twice a week for just 25 cents per swim. For that hour the pool is used exclusively by the older Americans amongst us.

Library to provide "Law Line"

This fall a legal information and referral system will be available to people living in areas serviced by four metropolitan library systems. Called "Law Line," it will provide valuable legal data to telephoned who dial a central phone number. Sponsors are the North Suburban, Suburban, DuPage, and Chicago library systems in cooperation with the Chicago Bar Association.

Patrons in need of legal advice need only telephone the service and state the nature of their question. The clerk will then plug their call into a pre-recorded tape which will contain pertinent information provided by members of the Chicago Bar Association. Tapes will be up-

dated regularly.

It is hoped that this new service will prove useful to those people with that general type of question with which they never wish to bother an attorney. It should also help those with more complicated problems by steering them in the right direction from the onset.

Welcome

Irlen named Oakton Vice President

Harvey S. Irlen will be appointed to the position of vice president for curriculum and instruction of Oakton Community College by the Board of Trustees on Tuesday, July 17.

The Board, meeting as the Personnel Committee on July 5, unanimously recommended Dr. Irlen's appointment. The appointment will be effective, beginning July 18.

Dr. Irlen has served as acting vice president for curriculum and instruction since April 11, 1979. He was the first faculty member employed by the college in August 1970 and has served as dean of Learning Cluster Three since 1971.

The recruitment of a new Oakton vice president began after the resignation in April of Richard Jordan. Dr. Irlen's appointment is the outcome of a nation-wide search and a 90 day review process including interviews with a 12 member committee representing faculty, staff, students and administration.

Dr. Irlen attended Northwestern University where he received a B.S. degree in Journalism. He earned both his M.A. and Ph.D. degrees in English at the University of Minnesota.

He is a resident of Highland Park, he is married, and has three children.

Roses to the Niles Park District... The Niles Park District really deserves a pat on the back for their efforts in organizing a "Family Day" on the 4th of July. The parade participants not only consisted of civic organizations and village officials, but also Niles homeowners' organizations, scouts, school bands and baseball marchers. But the individual entrants were really great. Kids on their red, white and blue crepe-papered bicycles, kids dressed in clown costumes, kids pulling wagons containing a paper mache birthday cake inscribed with "Happy Birthday, America" and a petite little ballerina, about 5 years old, pushing a doll carriage in which her Yorkie sat upright wearing a red tam and looking very content to be riding and not walking. The parade culminated at Grennan Heights Park where the band led the crowd in singing the "Star Spangled Banner" and "Happy Birthday." Flags were flying everywhere in the brisk, cool wind and feelings of pride were very self-evident in the crowd. After a few short speeches by Mayor Nick Blase, Parade Chairman Elaine Heinen and Park President Dan Kosiba, prizes were awarded to the 'best' in decorated bicycles, decorated cars, marching units, etc. Park Recreation Director Debbie Nelson ran a marathon race around the field gathering participants for running races, sack races and other games. On the other end of the field members of the various senior citizen clubs in Niles were busy serving free hot dogs, potato chips and pop to anyone who felt like indulging in that type of fare at 10:30 in the morning. It was truly what a 4th of July should be... families, kids, dogs, decorated bikes, flags waving, singing, and hot dogs. The Niles Park District accomplished exactly what they set out to do. Let's make it an annual affair which gets bigger and better each year.

Everybody loves a carnival... The 53rd annual Niles Days Festival is now underway at Four Flags Shopping Center, Golf Road east of Milwaukee ave., in Niles. In addition to many spectacular rides and booths, festival personnel have concentrated on an entertainment program which is sure to provide enjoyment for every age group. Friday night from 8 p.m. to midnight, the Disco Nite program will give disco enthusiasts a chance to show their stuff and trophies will be awarded. Polka enthusiasts are sure to have the grounds jumping Saturday night from 9 p.m. to 11:30 p.m. when Li'l Richard and his Polka All Stars provide the music everyone loves regardless of nationality. Sunday night, it's gingham skirts, western ties and cooze-ooze when the Niles Squares with Cliff Benson doing the calling not only put on a performance, but then set up spectators in squares and with a few instructions, will have the crowd joining hands and circling round. The Niles Squares will be performing from 7 p.m. to 9 p.m. A new feature at the Niles Festival this year is the addition of complete dinners to their regular sandwich menu. Bar-B-Q chicken and strip steak dinners, complete with fries, a salad and garlic bread will be available. So bring the family, have a delicious dinner, enjoy the entertainment and go on a few rides. You'll have a ball.

Your town and mine... The book on the Village of Niles currently being put together by the Niles Chamber of Commerce will be available for distribution about the 1st of August and is really a beauty. This 72 page publication is one of the finest accomplishments of the Chamber and is certainly a feather in their cap.

Milwaukee - Dempster beautification... Niles Village Manager Ken Scheel tells us the Catholic cemeteries which are currently leveling the corner of Milwaukee and Dempster (site of the old Landmark) are planning to extend their fence around the property leaving a triangular area on the corner for beautification. Flowers, shrubs and evergreens together with benches are planned for the triangle which will certainly be eye-appealing on that corner.

Busy summer for Skokie Center agency

Members at Skokie's Center for Enriched Living (C.E.L.) have a busy summer planned. The Center serves mildly and moderately retarded children, teens and young adults in the Chicago area and northern suburbs.

For the younger children, an afternoon includes bowling, picnics at the forest preserves, a day at Camp Henry Horner in Round Lake, Ill. and an afternoon with Ella Jenkins at Ravinia.

The teens and young adults have some very special evenings planned. Activities include a rollerskating and splash party, bowling, ice-skating and golf, an evening at Chicago's Theatre on

the Lake with the "Odd Couple," a barbeque and picnic, a trip to Ravinia with Judy Collins in concert, and a trip to the Planetarium to watch the fascinating "Sky Show."

The Center is a nonsectarian program sponsored by the Young Men's Jewish Council, a non-profit social service agency. C.E.L. offers a year round program of group work, recreational activities and informal education for retarded children and young adults, ages 8-35. For more information on the Center for Enriched Living, call 679-8490.

A's 7 - Red Sox 4
Two hits each by Mike Gackowski, Ken Reeve and B.J. Karman are not enough as the Red Sox lose their 4th in a row and the A's put it all together for their first win. Phil Zangara pitched 3 no hit innings for the A's. Bryan Peterson drove in three runs with a home run and Bob Berg drove in two with his homer. Mike Glauner and Jim Berg each had 2 hits. Steve Gattornis and Phil Zangara each had doubles. Jim Hazen had a single. Bob Berg pitched 4 strong innings as this team showed what they can do.

Giants 9 - Giants 8
The Giants have only themselves to blame for this loss as they made numerous mental mistakes which allowed 5 of the Cubs 9 runs to score. The only bright spots were Phil Raffin's 3 hits including a double and 2 hits by Mark Menich. Neither team played well but the Giants didn't take advantage of the breaks they were given and the Cubs did and as they say: "that was the ball game."

Padres 7 - A's 5
A bases loaded triple by Steve Gattorna driving in three runs was the big blow for the losing A's. Other hitters were Jim Berg, Bob Berg and Jeff Hazen. Phil Zangara pitched 4 innings allowing 1 run. Bryan Peterson made the defensive play of the game robbing Tim Kozeny with a great running catch in right center field.

Giants 3 - Braves 2
The Giants seemed to come alive for this game as they cracked out 12 hits with Vince Clemente getting 3 and Gregg Searle also getting 3. Phil Raffin had 2 including a triple and Mark Menich got two doubles. Mark Menich pitched 3 innings of no-hit, no-run ball and Rick Gallatz pitched 4 innings allowing 2 runs, both unearned. Hitters for the Braves were Dave Kolbaska, Dan Busiel, Dan Frank and Tim Dispart. Mike Krippinger led the team with 2 hits.

Cubs 6 - Red Sox 0
The Red Sox get only 5 hits and are blanked for their 5th straight loss.

Red Sox 9 - Padres 6
Three hits by Ken Reeve and 2 each by John Gibson and Bruce Privatsky led the Red Sox past the Padres. Key hit also by Ken Sall to insure the win.

Cubs 10 - Braves 2
The Braves lost to a good hitting Cub team. Dan Busiel led the team with 3 hits. Dave Kolbaska and Joe Calderone each had 2 hits. Chris Linhart, Jim Christensen and Lou Glauner each had 1 hit.

Giants 10 - A's 6
Rick Gallatz and Phil Raffin pitched a good game scattering 8 hits and striking out 10 A's. Phil also had a super game at the plate going 4 for 4 including 2 triples and 4 RBI's to cap off a Giant night. Vince Clemente also had 4 hits in 4 at bats, scored 3 runs and drove in 3. Mark Gottlieb came out of his slump with a bang collecting 3 hits with 2

doubles to drive in 2 runs. Mark Menich contributed 2 great defensive plays at 3rd and threw out both runners on difficult chances to help the Giants out of tough spots late in the game.

Cubs 9 - Padres 2
The Cubs had a big third inning with 3 home runs by R. Twarowski, S. Bychowski and B. Carbonara.

Red Sox 4 - Giants 4
Excellent fielding and pitching key win as Fred Schimel, John Gibson, Mike Gackowski and Ken Reeve give up only 4 hits. Ken Sall goes 3 for 3, Mike Gackowski gets a big RBI single and John Gibson hits a long 2 run homer to even the team record at 5-5.

Braves 4 - A's 4
Good pitching by Dan Busiel, Joe Calderone and Dave Kolbaska. Lou Glauner led the team with 2 hits. Dave Kolbaska and Joe Calderone each had 1 hit.

Braves 7 - Giants 3
Rick Gallatz pitched 3 strong innings and Phil Raffin pitched 4 innings of no hit ball. Rick Gallatz came out of his slump going 3 for 4 including 2 triples to drive in 2 runs. Phil Raffin and Mark Menich had 2 hits each and they also came at key moments in the game to drive runs in. This was a good defensive game as the Giants didn't make an error and Mark Menich made 2 great fielding plays at 3rd to stop what could have been Padre rallies. Mark Gottlieb ended the game with a great catch in the bottom of the 7th with 2 Padres on base.

Cubs 9 - A's 2
Pitching for the winning Cubs were Dave Shimanowski, Lee Newman and Bob Knurr.

Red Sox 6 - Braves 1
Excellent pitching by Schimel, Gibson, Gackowski and Reeve limit the Braves to 3 hits. Mike Gackowski gets 3 hits to lead the attack. Excellent defense by Reeve, Privatsky, Selden and Gibson.

Braves 7 - Padres 6
Joe Calderone, Dan Busiel and Dave Kolbaska pitched for the winning Braves. Murray and Aaknes pitched well for the Padres.

Kibbutz Galuyot being built for JCC Israel Expo

Several hundred summer campers at the Mayer Kaplan Jewish Community Center in Skokie have begun building "Kibbutz Galuyot" depicting the ingathering of exiles of the Diaspora (Dispersion) into Israel. The community is invited to come in now and see the program of the work which is taking place under the direction of Hager Gullah, Artistic Consultant with the assistance of the adult staff of Mayer Kaplan JCC.

The completed exhibits will become part of the Mini-Israel Expo at Mayer Kaplan JCC taking place August 9 through August 12 and planned as a total community social and cultural "happening."

"Its purpose is to acquaint us with Israeli culture and Jewish heritage. It is not a funding raising event," according to Jerry Kaplan of Northbrook, Mayer Kaplan JCC President.

Being constructed are representative communities where Jews flourished, contributed to the culture and where their diaspora ended. These will include:

1. Eastern European Jewry, focusing on Poland through a 3-dimensional reproduction of the "Shtetl" with a Fiddler on the Roof ala Chagall colors.
2. A Yemenite Jewish community whose 1000 year history culminates in a departure on a Magic Carpet to Israel. Figures in typical colorful ethnic costumes, jewelry and embroidery are being created.
3. "Mellah" a Moroccan Jewish Ghetto is being reproduced in North African and desert architecture. This is the most colorful diaspora on the African continent.
4. Western European Diaspora

OCC begins secretarial review

Dr. Judith Gerhart (standing), coordinator of the secretarial science program at Oakton Community College, dictates a letter to shorthand students (left to right) Kathy O'Hara, Morton Grove; Patricia Schoenwolf, Skokie; Joanne Salamone, Park Ridge; and Cynthia Moore, Evanston. Shorthand is one of the several important office skills practiced by students as they prepare to enter the secretarial field.

Secretaries in business and industry who plan to take the Certified Professional Secretary (CPS) exam can prepare for the exam by taking a series of review courses offered during the fall and spring terms at Oakton Community College.

The CPS review program, developed and implemented by Oakton's secretarial science faculty, includes six, one-credit hour courses. Each course meets for a five-week period or module and provides intense preparation for the May exam, according to Dr. Judith Gerhart, Oakton's secretarial science coordinator. Three courses are offered each semester.

The CPS courses planned at Oakton this fall will each meet once a week on Tuesdays, from 7 to 10 p.m. They include Environmental Relationships in Business (SEC 260), beginning on August 27; Business Law and Public Policy, beginning on October 2; and Economics and

Management, beginning on November 13.

During Oakton's spring term, CPS candidates can enroll in Financial Analysis and Mathematics of Business; Communications and Decision Making; and Office Procedures. Students may take one or all of the review courses, according to Dr. Gerhart, who emphasized that registration may be completed up until the first class meeting.

The CPS exam is designed to recognize those secretaries, with at least two years of experience, who are exceptional in their field. The title of CPS recognizes professional development in a secretary just as a CPA connotes excellence in accountant, according to Dr. Gerhart.

"The CPS exam becomes more and more important every year for success in the secretarial field," she said. For further information, call Dr. Gerhart at 967-5120, ext. 347.

RED SOX 14, ORIOLES 9

The Orioles came swinging their bats. M. Dessimoz drove in D. Sigale and A. Feinberg with a double up the middle. T. Stanton and S. Janke each singled thus scoring 2 more runs. A fine double play by E. Schweig and A. Feinberg. M. Dessimoz continued with his hot bat to again threaten the Red Sox with a home run. Not enough to put this one over the top. Pitching for the Red Sox were J. Ortlund, D. Tomczyk, S. Marianeau and J. Thompson.

PIRATES 13, CUBS 7

Five home runs topped a must victor for the Pirates. Applause to the fine hitting of T. Reid two homers, D. Gieve two homers and G. Kulinczenko—one homer. Hats off to a valiant Cub team, hitting for the Cubs were S. Harris, also known as S.H., got a hit and brought in a few runs, also hitting was T. Piercki and J. Calarco credited with a home run. They all played a great game and many thanks to the Cubs from R.H. for a great season.

PADRES 15, WHITE SOX 0

One hit combined effort from Padres pitchers D. McFeggan, T. Alexander, R. Beyer and T. Hartly supplied the win. Hitting for this fine team, credited with home runs were D. McFeggan, T. Alexander and J. Koppenteiner. Also swinging to the victory was R. Beyer, T. Hartly, T. Lynch and D. Piento. Super catching by T. Lynch and great defense at 2nd base. Pitching for the White Sox were C. Ginocchi, L. Filas and M. Murray. The only hitter than night was B. Pinkowski.

A's 12 White Sox 7

Doubles by Composano, Gaza, Machowski, triple by Ginochio, a homer by Evans brought in a win for the A's; in the pouring rain. Good defense by Cohen of the White Sox.

A's 6 Cubs 3

A hard fought 7-inning game. Homers by Gaza and Composano of the A's. A double by Composano in the 7th scored 2 runs. Good pitching by Lemajuer. For the Cubs good pitching by Watrach, Potrue, and Imber. Cubs Imber and Watrach got a triple and Watrach made a great defensive play at the plate in the 7th. Mizialko had 7 assists at 2nd, and Valenta had a key hit to knock in 2 runs.

Orioles 5 Dodgers 8

For the "Big Blue" (Dodgers) the big bats were—Terpina—a double, Fullone and Pedraza—a triple each. Nastroch stroked a round tripper in the 2nd. Little leaguer, Keith Parlich, made a good catch and throw to the plate to help roll the Dodgers to their 9th win in a row. The key play was by Terpina with an out at 3rd. For the Orioles the hits were by Kimmittz, Perkins, Calarco, and Flynn with 2 hits and M. Kwiatkowski and G. Kwiatkowski with 1 each. Little Leaguer Klancnik and Cieszykowski, Perkins, Calarco and Flynn had 1 RBI each and Cieszykowski had 2 RBIs. Excellent shut out pitching by Klancnik.

Reds 27 Twins 5

Another tough loss by the Twins. Excellent catching for the Twins by Jerry Romanek, and F. Ziebell. Bob Murray and J. Romanek were the hitting stars with 3 and 2 hits each. Dan O'Neil made several fine catches at third base. Hang in there Twins, the season is not over yet! For the opposition, Kassel led the Reds hitting attack with 2 homers and 8 RBIs, Rinaldi and Eaker also with home runs. Pitching for the Reds were Krueger, Parlich and Kassel. Pitching for the Twins were Murray, Izibickl, DiMaria, Grandinette, Ziebell, Romanek and Fireman.

Cubs 6 Padres 4

As a few of the ball players stated, the Cubs took like the Bad News Bears. Tonight they were wrong because they were the Good News Bears. They played very well mentally, which is a majority of the game in itself. The managers in fact prefer Heads up ball-players. They may have not torn the cover of the ball when they hit, but when they did hit, it was a timely hit. Good base running by Lupplino, Dimacelli, Ciecko, Phillos paid off dividends along with five defensive plays and pitchers right on target, namely, Dugan, Demicelli,

White Sox 6 Cubs 3

Phillos and Ciecko who struck out 4 of the 7 he faced to the hard hitting Padres to only 2 hits. A job well done by the Cubs and a personal thank you from your manager. Pitching for the Padres were Markos, Dombrowski and Basso.

Pirates 7 Padres 4

Pirates won their fourth straight game thru the bats of Henreid (3 for 3), Allen Beyer and Batliner. Good playing by Bell, Johnny Z., Levey and Wilson, helped contain the Padres. Pitching for the Pirates were Beyer, Steiner, and Henreid. Pitching for the Padres were Markos, Dombrowski and Basso.

A's 18 Cubs 10

A real slugfest saw the A's hammer 10 hits, scoring 18 runs to hold off the Cubs. Wearing the "hitting clothes" for the A's were little Joey Merenda, who had 2 hits and 3 RBIs and Steve Piercki who had 2 hits and 1 RBI. The Cubs, however, not to be unnoticed, rallied for 5 runs in the 6th inning, but just not enough rally. The hitting star for the Cubs was Scott Ciecko, who had 3 hits, 2 RBIs, stole home and pitched 2 super innings. (He must have been at Spring Training in Arizona). Pitching for the A's were Weston, Rendiva and Gabel. Pitching for the Cubs were Dugan, Ciecko and Dimicelli.

Reds 18 Red Sox 2

Great "Team" victory by Reds, best pitching effort this year and Keith Parlich was back in his hitting streak with 3 for 3. Excellent defensive plays by Canistra and Eaker but the real story was the help from Peanut Leaguers, Niedermaler and Pemberton. Between them, they accomplished 5 hits and 8 RBIs. Great Job Fellows! The Red Sox just were not having one of their better days as the errors were getting costly. They managed 5 hits, one each by Bachmeier, Ugel, Solan, Jomkowski and Mitchell but could not pull through to score more than 2 runs. Pitching for the Reds were Krueger, Parlich and Kassel. Pitching for the Red Sox were Solan, Dudgeon and Ugel.

Padres 28 Twins 15

The Twins, played one of their best games, but just couldn't make a come back from a 13 run first inning by the Padres. Everyone was hitting for the Twins especially Bob Murray with a homer and 2 singles, Jerry Romanek with 4 base hits, Dan O'Neil and Tom O'Brien with 3 RBIs. Tom O'Brien also pitched 2 strong innings, yielding only 3 runs and Trina Cieszykowski collected her first RBI of the season. Pitching for the Padres were Hammer, Dombrowski, Siegart, Markos, and Basso. Pitching for the Twins were Murray, Purvey, Fireman, O'Brien and Ziebell.

White Sox 6 Cubs 3

Two famous named Chicago Teams battle around and it's the same old story, Sox vs. Cubs and everyone always is a South Sider or a Northsider. This time it was

in Niles, and the White Sox were to avenge an earlier loss to the Cubs. The White Sox had outstanding pitching and allowing only 5 hits to the Cubs and chalking up 9 strike outs came out to be victorious team. DiNapoli and Hickey were on base with hits when J. Kostreza hit his first home run of the season, for the White Sox, along with Gambro on base and Giovannelli, and Henritson with a double and Mueller singling to bring in Gambro to end the scoring for the team. The other side of the town, came up with Cub player, Stowell with his first home run, Dugan with a super defensive catch and M. Marko catching very well for 3 innings.

S. Ciecko played and pitched a strong game and for a last but not least note, the "Flying states" of Chaconas continued to hit the puck-rather ball very well. Pitching for the White Sox were DiNapoli, Giovannelli and Hickey. Pitching for the Cubs were Dugan Dimicelli and Ciecko.

Orioles 4 A's 2

The A's and Orioles met again for the 3rd time this season with the Birds winning all three games, coming from behind a losing streak for this very important game. The A's game was a valiant effort, but the Orioles proved to be the better team. Joe Merenda batted in the A's 2 runs with a double, but was called out at the plate on a very close call with Brad Lietz catching for the Orioles. Hitting for the Orioles were M. Quinn and M. Piento with a homerun followed by G. Kwiatkowski's homerun and S. Serlin driving in another run for the game. Pitching was excellent for the Orioles, leaving the A's 3 hits to survive by. Pitching for the A's were Weston, Rendina and Gable. Pitching for the Orioles were Wagner, Serlin and Kwiatkowski.

Red Sox 11 Orioles 11

The Red Sox took the commanding lead of 9 to 3 in the first 2 innings with 6 runs scored in the second inning. The Orioles in a losing streak fought back hard, but not hard enough. In the fourth with 11 to 4 in the record book, favor of the Red Sox, Brad Lietz stepped to the plate to hit a Grand Slam for the Orioles, and again in the 6th, with 2 outs, came back to smack a triple (must be all those practices the manager calls instead of dinner). M. Quinn and M. Piento hit another triple driving in 2 more runs when G. Kwiatkowski hits a double to bring home the tying run. Hitting for the Red Sox's was Dudgeon with 3 of the 11 hits, Ugel with 2 and Pemberton and Prozycki, up from the Peanut League, Solan and Cimanello, Kunkowski and Beeroff all having base hits. Unfortunately this very close game was called by the umpire on account of darkness, so the tie goes on the record book as such. Pitching for the Orioles was Wagner, Lietz, Serlin and Kwiatkowski. Pitching for the Red Sox was Solan, Dudgeon and Ugel.

Reds 17 Astros 10

Clutch hits by Eaker, Parlich, Passenante and great defense by Krueger, Parlich and Frankfort on two double plays pulled this game out victoriously. Hitting for the Astros were LoVerde, McFeggan and Barrett, with a super triple by Richard and a double by Perrichita but just not enough! Pitching for the Astros were Richard, Englund, McFaggan and Kahr while pitchers for the Red Machine were Krueger, Rinaldi and Parlich.

LETTERS to EDITOR

District 219 resident cites Harris' letter for lacking facts

Dear Editor:
Although I had every hope that the students in District 219 could finally look forward to an uninterrupted high school education, Mr. Stanley Harris of Lincolnwood in his letter in your newspaper, July 5, made it clear that that is not his desire. I am more than a little bewildered by Mr. Harris' lack of attention to the facts. He claims that Oakton Community College is having a difficult time locating an eastern satellite. OCC was offered the soon to be vacated building of Niles East High School. OCC considered it unsuitable for a variety of reasons, all of which were soivable if they truly were interested in serving the eastern sector of their district. Their main concern regarding East's supposedly inadequate parking doesn't make sense since the parking space they wish to acquire at the Bell School in Wilmette is much less than the 21 acres which comprise East.

Instead of Mr. Harris asking why Oakton has rejected their one welcome, he devises plans to make Niles North available to them. His methods include the disruption of a high school with the presence of college students, the overcrowding of Niles West, and the gradual phasing out of North (a procedure which was rejected on educational and economic grounds when the East closing was first discussed).

In addition, if OCC really needed the 250,000 square feet of North, why did they request 85,000 square feet for Phase II and why did they feel that the much smaller Bell facility would be adequate for an eastern satellite? Even while discussions for North were proceeding, OCC made it clear that they would be looking for additional tenants such as Governors State, DePaul, and IIT, since they could not fill

that facility alone.

It is no more Mr. Harris' right to give away North than it would be mine to encourage OCC's acquisition of Bell School and the adjacent park. It is true that Lincolnwood is a part of the Niles Township and, therefore, Mr. Harris may feel that he has a proprietary interest in Niles North, but that doesn't mean he has the privilege of disrupting the education of the entire Niles Township high school population through the premature demise of our high school.

I cannot believe Mr. Harris has any children of high school age or he would not be so complacent about jamming more than 4,000 students into West in 1982. Also, it is obvious that he gives no thought to the East students who would be moved twice within two years. And, most of all, he gives no attention to the costs of adding on to Niles West to accommodate the students from North. I am really baffled at the reasoning which states "building new school facilities for a shrinking school population just does not make sense" inference to Oakton, but ignores the fact that that is exactly what Niles Township would have to do if we sent our entire population to West in 1982. Of course, we could avoid an addition by having double or triple shifts, but I strongly question the efficiency of that plan, too.

Niles North was built by the taxpayers of District 219 for the children of 219. When there is a need for only one high school, I am sure 219 would be glad to consider other users. Unless and until that happens, however, I believe that our first responsibility is to our own high school students. I would like to reiterate that Niles Township does have one building which will be surplus in 1980. Its name is Niles East, not Niles North. Any discussion with Oakton should concern that

Christmas Spirit In July

I would, at this time, suggest that Mr. Harris' movers and shakers, if they are so inclined, direct their efforts to that end and allow our children to continue their education without the constant threat of eviction and overcrowding.

Oakton is indeed a child of Niles Township and we worked hard to give it birth. But I do not believe that one child should be sacrificed for another, especially when the second child also has parents in Maine, New Trier, and Glenbrook Townships who should share in his growing pains! It is unreasonable for Niles Township to bear the total weight of the burden. We offered the child a home, but it was rejected. Let Mr. Harris place this blame where it belongs.

Flynn commends Demo screening meetings

Dear Editor:
Wouldn't it be wonderful if more people retained the Christmas season's thoughtfulness of others throughout the year?

Many people have clothing in their closets which they have no further use for. It seems like such a waste to hoard things when some needy person could make good use of them. It could be a rewarding project to gather up everything for which you have no further use and let someone benefit. The Salvation Army and Good Will Industries have collection boxes in areas throughout the city and suburbs.

If you can't use it, give it to someone who can. Let's not revert back to Scrooge now that the festivities are over.

Hope July 4th parade will become a tradition

Dear Editor:
The Niles Park District Fourth of July Parade was a huge success, due to the fact that the V.F.W. and 31 Organizations participated. The music was furnished by Finley's School Band and the Niles Park District Staff Band.

I was happy to be chairlady of the parade. A big "thank you" to the four Commissioners (Dan Kosiba, Jeff Arnold, Steve Chamerski and Walt Beusee) for their approval and moral support.

A big bouquet to Debbie Nelson and staff for their great help.

M-NASR thanks MG parks

Dear Editor:
I want to take this opportunity to express on behalf of the staff and participants of the Maine-Niles Association of Special Recreation our appreciation to the Morton Grove Park District for their recent Softball Marathon Benefit held in our behalf on the weekend of July 6-8.

While it is difficult to thank personally all of the participants, organizations, businesses and local media for their assistance in promoting this event; I would like to single out Dave Huber, Jody Trippichio, Rich Grodsky and Scott Bosley of the Morton Grove staff who organized and coordinated the festivities. Thank you all for a job well done and appreciated.

Christmas Spirit In July

I want to thank the Democratic Committeemen for their public screening meetings to select a candidate for Congress. They truly gave you in a democratic process the opportunity to hear from many fine candidates. Now it is time for you, the people, to make the final decision.

I am a candidate for Congress. I believe you want new leadership in Washington. I support Ted Kennedy or Henry Jackson for the Presidency. I would like to see Senator Stevenson run for Vice President. I oppose Jimmy Carter and his policy of indecision and weakness. Already, one candidate has appeared who will be the Washington crowd candidate. He doesn't even live here in the 10th District and hasn't for six or seven years. You have to decide: Kennedy or Carter; Washington Control or Local Control; Continued Weakness or Redemption of American Spirit; Victory or Defeat.

I urge you to decide for Tom Flynn. I urge you to join with me in defeating those vested interested groups who want to buy our Congressman. I urge you to reject the continued Fall and Decline of the American Republic. I urge you to support our democratic principles here and elsewhere in the world. It is your decision.

Sincerely,
Thomas W. Flynn
Candidate for Congress

Ready for winter

Ready for next winter is the message Maine Township Highway Commissioner Ed Koehler displayed on his new truck and snowplow in the Des Plaines Fourth of July parade.

Koehler said he didn't want to rush the season, but did want residents of the township's unincorporated area to know he has replaced the 1960 truck which "just about wore out" plowing last winter's "white stuff."

Niles resident receives White House greetings

Mrs. Anna Nasal, 6638 Albion, Niles was a very surprised lady last week when her mailman delivered an envelope with "The White House" shown as the return address.

Mrs. Nasal who celebrated her 80th birthday on Wednesday, July 11 quickly tore open the envelope and read: "We are pleased to congratulate you on your birthday. You have our best wishes for happiness on this special day and in the year to come." It bore the signatures of Rosalyn Carter and Jimmy Carter.

Needless to say, Mrs. Nasal, a 43 year resident of Niles, was extremely pleased and the card held a very special place of honor at the birthday party given for her by her family.

Mrs. Nasal has a son Matthew and daughter Genevieve Palczewski, both of Niles. Another son William was killed in World War II. She also has a grandson Richard Lason.

Flynn announces candidacy for 10th District Congressional seat

Thomas Flynn, a Niles Attorney, today announced his candidacy for Congressman from the 10th District. Mr. Flynn had previously appeared before the Democratic Committee's screening committee. He said he expected to be endorsed by the Maine Township Democratic Organization and would ask for support from each of the other four Democratic Organizations.

people know that I live here and have their interest and concern at heart."

Mr. Flynn went on to say, "The people know that I am a fiscal conservative and social liberal. I support a strong military, a strong and free Israel and social programs for the rural and urban poor. I support gun control, the Equal Rights Amendment and increased aid for urban education. I oppose SALT II without verification and strongly oppose the continued "Cabal" operations of the OPEC nations and the American oil companies. I oppose the continuation of a foreign policy born with a defeatist attitude, operated under a theory of retreat and designed to produce the total surrender of the United States as a Democratic Republic."

Mr. Flynn said he viewed the special election as an opportunity for the people to say they wanted new leadership in Washington. He said one other candidate worked for the White House and would have support of Carter Democrats. He said he was a strong supporter of Senator Kennedy for President and would welcome the challenge from Washington. Mr. Flynn said he believed that 10th District voters would reject the Carter-Washington candidate.

Mr. Flynn ended his remarks by asking for Democrats, Republicans and Independents to listen to him and join him in his campaign. He said his candidacy was an answer to the White House in trying to pick the candidate from the 10th District and that if the people truly wanted Ted Kennedy to run for President then make Tom Flynn the example that Ted Kennedy needed to run.

NORTRAN supports new transit funding methods

At the recent monthly meeting of the North Suburban Mass Transit District (NORTRAN), District Chairman Leonard S. Eisenberg presented the District's position on recent developments regarding transit funding.

"I, as chairman, and our board, generally agree that a change in the funding structure is needed," stated Eisenberg.

"The district opposes the establishment of a fixed percentage of costs which must be borne by riders, and also opposes fare increases each year."

However, he continued, "We support a fare increase at this time, and believe the fare structure should be subject to periodic, not annual, reviews."

There has been much controversy over the methods funding the RTA (Regional Transportation Authority), and Chairman Eisenberg clarified NORTRAN's position. "We are not a political entity. The District has no power or position to determine or influence the source of funding for the RTA. We can only receive funds and not become involved in the manner of procuring them."

He did express concern that any financial crisis for the RTA could in turn be a financial crisis for NORTRAN operations.

The District's position on the RTA's tentative proposal to alter or discontinue some NORTRAN routes was again outlined for members of the audience on hand to support the continuation of NORTRAN Rt. 210 (Glenview to the Chicago Loop) and Rt. 211 (Wheeling to the Chicago Loop). A final decision has not yet been received from the RTA, but the NORTRAN Board expressed their gratitude to RTA Board

Member, D. Daniel Baldino, for his pledge to maintain service on these routes.

William W. Heine, NORTRAN Trustee from Morton Grove and Chairman of the Rail Operations Committee, reported that the RTA will act upon the recommendation of his committee to repair numerous rail stations throughout the District. These will be included in the RTA Fiscal 1980 and 1981 budgets.

Mr. Heine also presented a report outlining ten of the most dangerous railroad crossings within the North Suburban Mass Transit District. This report will also be sent to the RTA for their consideration.

"NORTRAN continues to make significant ridership gains," reported James A. Mahoney, NORTRAN from Niles, and Chairman of the Bus Operations Committee.

"Ridership for the month of May was 19% above last year's figures. Although we were making continual gains in ridership, there has been a definite impact from current gasoline shortages and from the Edens Construction Project. We gained 1,000 riders on the Monday following a weekend of fuel shortages."

In other business, it was announced that a 100% fuel allocation will continue to September 30, 1979, averting any crisis that may have occurred had the previous deadline of July 31 been imposed.

The next meeting of the North Suburban Mass Transit District will be held in Niles on July 25. A location and time will be announced at a later date.

N DOLLARS AND SENSE

Financial ills are much like medical problems; the earlier they are detected, the less painful the remedy and more complete the cure. A family that is straining to keep income even with the expenses usually should not have to go outside the home for a solution. The first step is to review the budget, indicating if any cuts can be made. When in-
victiveness threatens the ability to meet basic living expenses, you should then consider a financial counselor. A qualified outsider may objectively recommend solutions and perhaps help to expedite them.

If you need counsel on a financial problem come in and talk to us at the FIRST NATIONAL BANK OF NILES. A good bank can be relied upon for any financial concerns. This is a service our bank provides for you.

SAVINGS TIP: Once a reputable counselor has been selected, the family should be completely candid with him.

From the LEFT HAND

Continued from Page 1

We caught up with the Glenn Miller band in Paris during the war and boarded their bus and stayed with them for many hours while they gave three performances around the city. We were a day late returning to camp, but the penalty resulting from this delay was a small matter compared to the joy of being with the Miller band for an entire day.

The very mellow crowd ended the evening by joining with the band in singing the very rousing chords of "America." After hearing Jimmy Carter try to rally the country behind his energy program, it seemed faintly reminiscent of wartime days when we were all together in one common cause. And somehow, getting up together and singing the one song we've always believed is the real national anthem brought back the same feelings we had during the war years.

In the first paragraph I noted "WE" were reaching back.

This past weekend my California daughter flew in to town to attend the 10th reunion of her Maine East graduating class. And just as old Dad reached back to the Miller years, she, too, was reaching back to days bygone, when daisies bloomed and tunes of the Beatles were in the backdrop.

California daughter made some interesting observations which we'll pass along in case any social scientists are interested in reviewing the mores and folkways of our society.

California Pam mentioned how nervous she was before attending the evening's bash at the Skokie Hilton. When she arrived there, several of her old friends noted similar anxiety. One young lady said she was a wreck the entire day, drowning her apprehension in endless cups of coffee as she prepared for the big evening.

After ten years out in that big old world, it was still very important these young ladies returned to their old high school friends and made good impressions. Obviously, those high school days were very important days. The little victories and frustrations still showed these many years later.

California Pam smiled when she told me she still had the same feelings about many of the "kids" she was not too fond of in younger days. While she indicated she felt a bit silly harboring these feelings 10 years later, she frankly admitted she hadn't erased them after being away from Maine East all these years. She noted she was sitting at a table with people she thought unduly snobbish in younger days, and she had similar feelings of the same snobbishness a decade later.

But California Pam had a great time. Old Dad wanted to tell her not to get in too late, as he did 10 years ago, but how do you tell your 27 year old little girl about such rules?

Both, my generation's people and Pam's younger group reached back for a night, and both were successful nights of reaching. Oh, it's really not quite the same as it was. But it was fun rubbing memories with the past. Neither of us really wanted to stay there too long, but for a few hours, it was fun to stop the clock. Glenn Miller in 1979 isn't the Glenn Miller of '43. And the Maine East people of '79 are different people than their counterparts of '69. And that's as it should be.

OCC TeleCourse center broadens program

The TeleCourse Center of Oakton Community College will broaden its range of course offerings this fall and has announced a name change to The Center for Media Based Courses to better communicate the wider scope of its new programs.

"We changed the name of the program to Media Based Courses (MBC) because it's more descriptive of what we're all about," according to coordinator Carole Kleinberg.

"The College is not only increasing the number of courses being offered, but also expanding the whole program to include two more closed-circuit viewing centers, an all-day symposium on current religious thought, and a series of community forums on Technology in America. The name TeleCourse no longer explains the program," Ms. Kleinberg said.

The Center for Media Based Courses offers an alternative for district residents who cannot attend regular on-campus classes. Offered through public television broadcasts, newspapers, and closed-circuit viewing, including a variety of delivery systems such as television, audio tape, and film, MBC frees the student from having to be on-campus and also allows the student to set up his own class schedule.

"Oakton wants to put quality education within reach of every district resident, whether a mother with young children, a traveling salesman, a senior adult, or a person who is handicapped. We at Oakton believe every resident has a right to learn and to earn credit for learning," Ms. Kleinberg said.

Media Based Courses have the same content as regular on-campus sections, only the delivery system changes. Students have the benefit of learning from national experts, while receiving individualized instruction from Oakton faculty. They work independently, maintaining telephone or in-person conferences with their instructors, and can share ideas with other students at several optional review/discussion sessions during the semester.

Media Based Courses are divided into four categories: open broadcast telecourses, shown on local television; closed-circuit telecourses, which can be viewed at OCC or five satellite centers; a Course by Newspaper, appearing weekly in the Chicago Tribune and Lerner-Life newspapers; and a Course by Film, based on an outstanding collection of films.

In addition to these courses, the center for Media Based Courses will sponsor a series of monthly community forums entitled "Connections: America's Love Affair with Technology." While the community forums sup-

Girl Scouts visit Galena

Girl Scout Troop 846 took their spring tour to Galena, Illinois, on June 18, 19, and 20. Scouts Karen Beffink, Cathy Brakek, Renae Hubick, Krista Joblonski, Nancy Kozaneccki, Tina Lepold, Lisa Michelotti, Cathy O'Grady, Holly Pilousek, Theresa Re, Janet Rzepiela, Tina Sudendorf, and Chris Wolshon learned much about the history of Galena during their visit. They walked through much of the town while touring Jay's Doll and Toy Museum, the Old Fire Station, General Grant's Home, the Old Fashioned Market Store, the Stockade, Marketplace, and other historic places of interest.

The girls also enjoyed cooking out, and especially eating dinner at Spiros Restaurant. Much of their spare time was spent swimming, since the weather was hot and sunny. One of the special treats was an afternoon riverboat ride from Dubuque, Iowa, down the Mississippi River.

After souvenir shopping and a stop at McDonald's, the tired happy Scouts returned to Niles with

Niles Parks ...

Hughes was striving for. Kosiba wished to assure Niles residents "we're not sitting on our problems; we are working on them and reducing them. Our list is not growing; it's decreasing." Park Commissioner Steve Chameriski projected a 50% improvement in parks by the end of the summer.

Immediate attention is being given to Jonquil Terrace, where a chain link fence is needed to prevent children from running into the streets. Another problem at that park of cars cutting through the playing field was brought to the attention of the Board by Commissioner Walter Beusse. At Grennan Heights, signs will be posted and rangers will be told to concentrate efforts regarding illegal and dangerous ball playing.

In other park district business, a resolution was passed honoring the memory of Robert Artz for his services with the Niles Park District and as the Executive Director of the Illinois Association of Park Districts. Artz, who was killed in the crash of American Flight 191, was characterized by President Kosiba as "a young, devoted man on his way up when his career was cut short. He was probably one of the brightest people to serve on the Association." A tree will be planted in the Golf Mill Park to serve as a living memorial to his contributions.

Also honored at the meeting was Park District Past President and current Vice President Jeffrey Arnold. He was presented with an almost croquet mallet-sized gavel inscribed in appreciation of his work in the 1978-79 year.

Dog licenses...

Continued from MG P.1 license must be purchased annually for each dog and cat. The license costs \$2 and is available at the Village Hall, 6300 W. Lincoln.

A combined county and local effort is now underway to ensure compliance with regulations pertaining to rabies vaccinations and licensing for pets.

Sefick explained that by complying with Morton Grove's pet license ordinance, and having the license tag securely fastened to your pet's collar—and having your pet wear the collar—not only do you obey the law, but you also increase the chances of having your pet identified and quickly returned to you if it strays from home.

The Animal Control Officer will be issuing tickets to pet owners who have failed to obtain licenses. To avoid a fine he advises residents to be certain their pets have valid licenses.

For further information, residents may call the Village Hall, 965-4100.

Cont'd from Niles-E.Maine P.1

Referring to the ongoing Niles Days celebration, Arnold felt that a reassessment of community goals for the event should be made. He recalled that the original intention for profits was for something of benefit to the village as a whole, rather than items for individual groups. He cited the past purchase of an ambulance from Niles Days funds as an example of an appropriate gift. Arnold urged that the formation of a tot-lot with facilities for handicapped children be suggested to the Niles Days committee for future funding.

A contribution of \$800 was presented to the park district by Bill Pugh, president of the Niles Squares, and members of that local square dance troupe which uses park district facilities. Pugh expressed regret that the amount was not greater, due to the harsh winter forcing the cancellation of various dances.

Also highlighting the Park District Board Meeting was a unique candlelight Presentation of Colors by Girl Scout Troop 791. Kosiba described the display as a "touching ceremony quite in line with President Carter's call for patriotism."

Summerfest ...

Continued from MG P.1

replace the Post's annual carnival.

On Sunday, July 22, at 11 p.m. the grand prize, a 1979 Chevette, will be given away.

Bicycle theft prevention

Remember the bicycle you USED to have? The bike riding season is here but it is also the season for the police department theft statistics to go up. When the bikes come out, the loss increases.

More and more bicycles are being taken from open garages, unlocked bikes parked in front of stores or along side of homes. And why? The value of re-sale is greater than ever. It is very easy to ride away on an unlocked bike or to throw several bikes into the back of a van and drive away.

A registered bicycle has the serial number and proper description recorded at the police department, and if stolen, the numbers are entered in to the computer. Without this information, a report goes only as far as you local police agency. The cost to register your bike is only your time. It may make the difference in your property being recovered or not.

Unfortunately, a lock has become a necessary option. The loss of your bicycle could be avoided by taking these simple precautions:

1. Bring it indoors when not in use and lock it.
2. Lock your bike to a tall, fixed object.
3. Use a strong chain lock.
4. Register it with your local police department.
5. Never leave garage doors or sheds open or unlocked.
