Zoners veto PUD zoning plea

by Alice M. Bobula
The Plan Commission July 30 unanimously voted denial of a Planned Unit Development (PUD) for rental apartment units and an office complex petitioned for construction at 8954 Greenwood ave.
The Monday night decision upheld commission disapproval following a pre-application conference July 2 of a 328-unit development and complex proposed by owner-developer Robert Krilich of Riverwoods Development for the northwest corner of Ballard rd. and Greenwood.
Although Zoners predicated the July 2 denial on high density, lack of amenities and projected traffic hazards for students attending nearby schools, the Riverwoods Development Co. and the LaSalle National Bank submitted application for formal consideration by the Commission.
Latest plans presented by Planner Gerald Estes called for construction of 2 four-story office structures and 4 seven-story buildings with reduced density to 300-units and a modified parking ratio on a 9.6 acre site.
Each building provided for one and two-bedroom apartments costing approximately \$34,000 and \$39,000 respectively, and a two-bedroom penthouse apartment at \$44,000. Rentals per month were, accordingly \$300, \$450 and \$500.
Amenities listed a full tennis court, cabana bath, 50 ft. swim pool, play meadow and a jogging course.
Why, questioned Commission President Jack Frick did the petitioner intend building construction for rental rather than the currently-sought condominiums?
Daniel Pappas, representing the petitioner, replied that finan-

Moe victim of strife in District 63

by Eileen Hirschfeld

From the LEFT HAND

by David 'Bud' Besser

End O' The Month Meanderings...
Eileen Hirschfeld's lead story reviewing events in School District 63 is an excellent job of reporting. She spent many hours researching and interviewing local people who have been directly involved in board and administration activities.
Eileen, a not-too-long ago graduate of the University of Missouri's journalism school, is a welcome addition to The Bugle family. Old Missouri's journalism school is among the 3 or 4 best in the country. Her work on this story shows the work of a disciplined and well-trained reporter. We're most pleased she is a part of our news staff.

Eileen is the 3rd new Bugler who has been added to the editorial staff in recent weeks. Deby Eisenberg, who became a member of The Bugle staff last month, has a masters degree in English and is going back to school in September to pursue her PhD. She, too, has shown the discipline resulting from her training in her reports of village board meetings. Our third new Bugler is Carol Holmberg, a fine photographer, whose work will be featured in upcoming editions. While we are not sure, we believe The Bugle may be the first newspaper in this area to have a full-time photographer on its staff.

Old Bugle fans know the editorial end of our business has always been the location of our frustrated newsgathering heart. With these new distaffers joining Alice, Diane and Phyllis and myself, we expect our editorial product to be doing the best job in our many areas.

Kenneth Moe, Superintendent of East Maine School District 63, resigned for "personal" and "family" reasons at a special board meeting July 23, 1979.
Many conflicts had wrecked havoc in the District before Moe took office in the school year of 1978.
Three years earlier, a prolonged teachers' strike had split the community. Communication between teachers, administration and board members was tense.
Declining enrollment and financial problems made it necessary to close two schools in the District, eventually Ballard and Wilson, both in Niles. A simmering pot of dissatisfaction boiled over on the most readily identifiable source, Moe.
As a result of the closings, anger engulfed parents, staff members were shuffled around and the teachers' union was dissatisfied.
A firm hired by the school board to find the new superintendent was severely criticized. This firm, Selection Research, Inc., had interviewed parents, board members and teachers to fulfill the needs of the district.
The firm also produced student and teacher interviews, or perceivers, which were purchased by the board. Perceivers also came under attack.
Moe's difficulties began almost before he was hired. A former board member, Howard Lessin, Continued on Page 31

Niles on lookout for police

reserves!

WANTED: Niles Citizens, to wear the caps of 21 and 22, in good health, with no criminal record for a position in the Niles Police Reserve Officer Program. These reserve officers carry a badge, have no interest in the community in combating crime and vandalism and keep law and order in the village. Applications taken from 9 a.m. to 5 p.m., Monday through Friday at the Niles Police Building, 7250 Milwaukee ave., Niles, Ill. phone 637-0300.

The Niles Police Department is looking for sincere, civic-minded men and women who are interested in law enforcement by becoming a part time member of the Niles Police Reserve Force. Police reserve officers are uniformed the same as the full time Niles Police officers and are sworn to uphold the law in the village.

Assignments vary, largely depending on the hours and time that the reserve officer is available. Reserve officers receive police training and are sent to a firearms training course.

"Many a reserve officer started part time with our department and took such an interest in police work that they took the regular police exam and subsequently made police work their full time career," stated Chief

Clarence Emrichson. INTERESTED? If you are between ages 21 & 50, the Niles Police Department may be looking for you and it is nicer to be riding in a squad car than to be picked up by one!

Mr. Tom Anzalone started off the Niles Junior Historical Society with his decorated Cadillac Limousine followed by many decorated bicycles. The Niles Junior Historical Society concluded by Mr. John Farrell's decorated Chrysler LeBaron.

The Niles Junior Historical Society would like to thank Mr. John Farrell, Mr. Tom Anzalone and Mrs. Barbara Matuszak for their help and co-operation to make this day very successful. The Niles Junior Historical Society hopes that this will become an annual event.

Troiani named to Plan Commission

Niles Angelo "Ginger" Troiani has been appointed to the Plan Commission and Zoning Board of Appeals by Mayor Nicholas

Troiani, a resident of the village since 1934, fills the vacancy left by Todd Bavaro who replaced Ben Mankowsky as Housing Director of Niles.

Active in numerous past village affairs, Troiani said he hopes to "be an asset to the community," that the appointment would afford "more opportunity to serve residents of Niles."

In addition to serving on the Zoning Board Troiani is past district governor and current member of the Lions Club and a director of the Niles Chamber of Commerce and Industry.

Involved in the construction business Troiani, 40, with a touch of humor, lays claim to "being the oldest Italian member of VFW Post 7712." Members of St. John Brebeuf Church, "Ginger" and his wife Sharon have four sons, Frank, Steve, Dave and Tom.

Senior Citizen activities

A day-long outing to the Amish Rockome Gardens in Arcola, Ill. will be the highlight of the three social events scheduled for August by the Maine Township Senior Citizens Organization, according to Coordinator Ferdinand C. Arndt.

Buses for the trip will leave from 815 Lee st., Des Plaines, at 7 a.m. on Wednesday, the 15. Cost of the outing, including lunch is \$12 per person. Reservations are required.

On Tuesday, Aug. 7, the seniors will gather for their regular monthly luncheon at Casa Royale, 783 Lee st., Des Plaines. Following lunch at noon, a "surprise" program and a bingo session are planned.

A repeat session of the luncheon will be held the following day to accommodate the increasing number of senior citizens attending the event. Cost of the luncheon is \$4.75 per person and reservations are required.

Reservations for both the Arcola outing and the Casa Royale luncheon are restricted to members of the Maine Township Senior Citizens Organization. All reservations must be accompanied by a check made payable to Ferd Arndt and mailed to the Maine Township Senior Citizens Organization, 2510 W. Dempster, Des Plaines, 60016.

The monthly schedule began with an afternoon of cards and games at the American Legion Hall, Golf and East River rds., Des Plaines, on Wednesday, Aug. 1.

Arndt said his group will also sponsor a review of the rules of the road for seniors about to renew their driver's licenses. The review will be conducted on three consecutive Monday mornings at the Des Plaines Senior Center, 1396 Thacker st., Des Plaines. The first session will begin at 9:30 on Monday, Aug. 6.

The senior citizens activities are sponsored by the Maine Township government and funded in part by township revenue sharing funds.

Morton Grove Legion Post 134 Summerfest...Les Berg of the American Legion Post 134 reported their Summerfest held from Friday, July 20 through Sunday, July 22 netted approximately \$6,000. Berg said while they considered the Summerfest a success, this was their first venture into this type of fundraiser since they discontinued their annual carnival and they will add more games and contests for the younger set next year. Also due to the Legion convention being held the previous weekend, they moved their Summerfest up to the July 20-22 weekend and were in conflict with the Niles Days Festival being held at Four Flags Shopping Center.

C. with the other delegates to meet with the President at the White House Conference. Washington is finally realizing that small businesses are a major part of the American Economy.

An "Over 50" group is being formed to meet on Monday evenings from 6:30 to 8 p.m. The stresses and adjustments facing this age group, both men and women, will be shared and discussed. The fee is \$25 for 8 weeks.

Giants 14 Twins 4
Hitting for the Giant Team were Bobby Gattuso with a triple, Jeff Cardella and Jim Elenz with doubles, John Garritano with a home run and Sam Abushalok, our newly installed player who smashed a triple. Way to go Sam! The Twins hitters were Dave Fireman, Frank Ziebell, Rich Purvey and Dan DiMaria. Trina Cieszykowski, and Dan O'Neill shared 3rd and did a great job. Apparently the Twins just ran out of gas after playing 2 excellent games the week before. Great pitching by the Giants was due to the strong arms of Loeper, Elenz and Gattuso. Pitching for the Twins were Fireman, Ziebell, DiMaria, O'Brien, Purvey, Murray, Grandinetti and Romanek.

Reds 28 Giants 7
This was the last regular season game scheduled for both teams and it was a very long, long game lasting over 3 hours. It wasted about an inning too long as far as the Giant's fans were concerned, because the Reds came up with 12 runs in the 6th, inning. Both the Reds and Giants teams coaching staff and managers should be commended for their fine display of sportsmanship. The fans were all quite friendly in the stands at this last late night game, and apparently the Giants were just not in tune to the ballgame. Perhaps

it was the pizza party just before that weighed down the boys. Pitching for the Giants were Loeper, Elenz, Gattuso, Garritano and Semelak. Pitching for the Red Machine were Kreuger, Parlich and Kassel. Thank you, John Kassel and to your coaches for a super season of 14 and 4 and best of luck to you in the World Series. For the Giants, best of luck to you Linda Baum, Manager of the Giants who, by the way happens to be the only female manager in league (so take note ladies for next season)...to the team, coaches and parents, a good season and take note of those Giants in the Round Robin series.

White Sox 13 Red Sox 8
The White Sox collected 11 hits and 13 runs during the first 4 innings of the game. White Sox players DiNapoli had a perfect day with 2 doubles, a triple, 4 RBI's, along with stealing home with a perfect slide across the plate on a most exciting play! Way to go Nick! J. Kostrezewa had 2 hits, 2 RBI's and caught the entire game. Stolen bases by Allocco, Gambro, Mueller and Henricksen helped keep the pitchers on their toes. From the other side of the bench, the Red Sox were definitely in a slump, losing 5 out of their last 6 games played. They fought hard with Frank Cinimelli having 3 hits, Bachmeier, Dudgeon and Henrich with 2 hits, Solan, and Becroft with one hit apiece, and Ugel's triple to left field. Pitching for the Red Sox were Solan, Dudgeon and Ugel. Pitching for the White Sox were DiNapoli, Gambro and Hickey.

White Sox 5 Pirates 4
The White Sox scored early in the 1st inning when DiNapoli hit his seventh home run of the season with Gambro on base. Pirates came back to tie it with Cooper and Henreid scoring. Pirate pitching contained the Sox to any further scoring until the

6th when Mueller drove in, Hendriksen, DiNapoli bringing in Mueller and then J. Kostrezewa's single, which scored Hickey to win the game. Pitching for the Pirates were Steiner, Pullen and Henreid. Pitching for White Sox were Giovanelli, DiNapoli and Hickey. The come-back White Sox ended their season with a 16 to 2 record due to their outstanding team play and never quit attitude. The coaches and parents who directed and supported the boys should be commended as well as the League Board and officials whose hard work makes it possible for our boys and girls to have a program as good as this one to learn and enjoy the spirit of baseball. The White Sox parents would like to thank Manager, John Kostrezewa for his dedication, hard work and the many hours spent with our boys. Thanks John!

A's 13 Pirates 8
The A's "Hit Team" was just too much for the Pirates as they punched out 10 hits and scored 13 runs. The Star Hitters for the A's were George Norberg with 3 hits, 3 RBI's, and 2 runs, Wade Weston with 2 hits, 5 RBI's and 2 runs, John Greenland with 2 hits, 2 RBI's and Steve Pierski with 2 hits, 3 runs and 1 RBI. Hitting for the Pirates were Cooper, Pullen, Steiner with a home run, Allan 3 for 3, Batliner and Wilson. Pirates tried to make a come back in the sixth inning, but it was just not strong enough. The A's needed this win and had to

work hard to defeat this stubborn Pirate team. Pitching for the A's were Weston, Gabel and Redina. Pitching for the Pirates were Beyer, Steiner, Henreid and Pullen.

Pirates 7 Cubs 2
Hitting was the name of the game for both teams alike. Pirate hitters were Beyer, Cooper, Henreid (2 for 3), Allen, Steiner (3 for 3), Wilson and Bell. Cub hitting was lead off by Stowell, Phillos, Luppino, Ciecko and Domicelli. Pirate pitchers were Beyer, Steiner and Henreid. Cub pitchers were Luppino, Dugan and Ciecko.

Padres 11 Astros 3
Astro attack was lead by John Cecchin with a home run and Dave Englund with a home run, followed by hits by McFaggan, DeBartelo, Barrett and J. Turf-sky, but all was not enough to score to beat the fighting Padres. Pitching for the Padres were Markos, Basso and Dombrowski. Pitching for Astros were Richart, Englund, De Bartelo and Kuhr.

White Sox 11 Cubs 9
Once again the Cubs vs. the White Sox's at the old familiar ball park! The White Sox proved to be the better runners of the two teams by collecting 19 stolen bases. Phenomenal defensive plays by Gambro and Kostrezewa kept runs from scoring in the 4th and 5th innings and kept the game tied going into the 6th inning. Successive singles by DiNapoli and Hickey put the Sox ahead by one. Kostrezewa's sacrifice fly put the Sox ahead by two to finish the game to a solid win which clinched the division title for the White Sox. Outstanding coaching by both teams was a very important prime factor in this ballgame. The White Sox's deserve to play in the World Series and quote from Cub Manager, Ron Ciecko, "I as a manager am very proud to have my players

Niles Park District Hockey Niles Traveling and Instructional Leagues

This season the Niles Park District will coordinate both an instructional league, traveling team programs and hockey clinics. With these three programs and help from the advisory board that will include interested hockey people and parents from the area, we look forward to a return to good hockey.

It is no secret that hockey has declined in recent years and our facility and many others have felt the financial and apathetic problems. Our Park District recognizes though that hockey is a great game of skill and action that offers much to our residents. To offset the financial problems the Park District offers programs at the lowest possible cost.

The basic goal of our Park District is to make hockey a program of ongoing development. The concern and direction of our programs is to train and educate hockey players to represent themselves, their teams and hockey to the best of their ability.

Hockey is now in a time of renovation by interested people and parents. The most successful organizations are those which have abandoned the "Score Board Attitude" and have returned to basic hockey. All of us are looking forward to a good season especially with the formation of an advisory board to help in organization and discipline of our hockey programs. We invite all players and parents to call or write to us at the complex for further information. Please look below for registration of our "super season" programs.

Hockey clinic

Sunday mornings two hockey skills classes will be held to teach hockey basics. Our beginners class will be needing minimal protective equipment because of emphasis on skating, passing and playmaking basics. Intermediate students will be taught clean body contact along with the previously mentioned fundamentals.

Towards the end of each session controlled scrimages will be held and for our intermediates a controlled scrimmage against one of our instructional league teams.

Hockey taught correctly makes for year-round enjoyment and lifelong skills. Send in for further information.

Instructional League

What was known as House League Hockey will now include set practice schedules as well. Besides playing "League Games" with Park Ridge teams, our instructional teams will play some exhibitions at other regional rinks.

The purpose of the league is to build a backbone of interested and educated athletes who will learn skills that will represent our programs well. Through practice sessions and a maximum number of games our league members will not only be able to work on fundamentals but also learn the discipline and

BROWN'S

GOOD OLD-FASHIONED CHICKEN

Here's why our chicken tastes better.

Better batter. We fry our chicken in a natural batter of fresh eggs and whole milk. With no heavy herbs or spices to cover the good taste of our good chickens.

Better quality cooking. We open fry in pure cottonseed oil, instead of vegetable shortening. So our chicken comes out extra tender, crisp and tasty. It even tastes better cold.

A better bird. One reason our chicken tastes better when you get it is it's better when we get it. We use only fresh USDA Grade A Chicken. Nothing less.

So it better be good. We cook continually so your chicken is always hot and fresh. Never warmed over. And when you come to Brown's you'll see us cooking. Our open kitchen have no walls to block your view.

District Legion Auxiliary President

In ceremonies at the Morton Grove American Legion Home Saturday, Aug. 4, Mrs. Joseph Schmidt will assume the leadership of the 7th District, American Legion Auxiliary. The 7th Dist. is composed of Auxiliary Units physically located in Chicago's north shore area plus those suburbs northerly in proximity.

Mrs. Schmidt, of Morton Grove, served as president of the Morton Grove Unit, along with her husband as commander, for the 1975 term. They are only the second spouse duo to hold these positions at the same time, the sole husband-wife pair in modern, recent history. In addition, Joe Schmidt assumed leadership of the 7th Dist. to serve with his wife last Saturday also. This occurrence is the first husband-wife couple attaining these positions in the almost 60 year history of the 7th Dist.

Elynor Schmidt chose Nina Bartholmy, formerly of Morton Grove, as her installing officer. Mrs. Bartholmy is a past president of Unit #134 and also a past president of the 7th Dist. Also coincidentally, Mr. Schmidt's installing officer in the joint ceremonies was Ed McMahon, also of Morton Grove. McMahon served with Mrs. Joe Schmidt not only as commander of the Post when she was president of the Auxiliary, but also of the district, the same year she led that group as president.

Mrs. Schmidt selected past district director, Mrs. Ed Lange, Skokie, as her installing officer; and past Unit president, Mrs. Frank Selzer, Morton Grove, as the installing chaplain.

Dancing and a social hour followed the ceremonies. A pre-installation dinner was held at the Morton House earlier in the evening.

The 7th Dist. Auxiliary, and the Legion, meet monthly, rotating their sessions between the various groups within the district.

Niles Baseball League

Pony AA

good effect on the Orioles because of their pitching. The Pirates to 2 hits, a double and a triple. This was a great improvement over past games. A triple by Wisniewski scored two runs. Pitching produced sixteen ground balls hit to infielders resulting in outs. A great game performance of which the Orioles should be proud of.

Expos 17 Twins 4
The Expos had a series of home runs which led them to this wide victory. Bill Henreid had three home runs out of four hits, Mike Gotti, 3 for 4, Mike Overbeck, 2 for 4, and Mike Pierski 2 for 4. Ron Salinger, Don Watson, John Scheffler, Dave Fronczak, Jim Kline, Len Minelli, and Steve Sieghart each got a base hit.

Reds 2 Expos 2
In this tight, tense game the Expos came out the victor with a 1/2 game lead because the game ended in a tie. Mike Pierski of the Expos drove in the tie run with a 2 out base hit in the sixth inning. Red pitchers were Howard, Dombrowski and Gabel. Expos pitchers were Overbeck, Sieghart and Kline.

Twins 7 Orioles 6
The Twins came close to winning this game but they were not able to bring in the men on base. One more hit would have tied or won the game. A five run 4th with 3 hits helped by Twins 13 errors was not enough to give the

Orioles the lead. Twins pitchers were Zajdel, Immergluck and Goldbeck. Orioles pitchers were Wisniewski and Mayer.

White Sox 8 Twins 5
In this game the Twins and White Sox fought out third and fourth place. The White Sox ended up in third and the Twins in fourth. They will meet again in the playoff and each team will be ready to win again. White Sox pitchers were Pierenski, Candadi and Miller.

Reds 25 Pirates 6
Tom Gianos of the Reds was their leading hitter with 5 hits and 4 RBI's, Tony Calderone had 4 hits and 4 RBI's and Robbie Trenn hit for the cycle - 1 base, 2 bases, 3 bases and a homerun with 5 RBI's to lead the Reds in their final game victory. Bell, Dary, Parlich and Composeno pitched for the Pirates. Gabel, Dombrowski and Gianos pitched for the Reds.

Expos 7 Astros 5
The Expos won the Niles Baseball League Pony AA Championship by squeaking past the Astros 7-5. The game was a must for the Expos who needed the win to clinch the championship by the slim margin of 1/2 game. The Astros made them work for this victory by playing their best which turned out to be quite a challenge for the Expos. The Expos got on the board first when Mike Overbeck led off with a 2 base hit, stole 3rd base and scored on a ground ball by Expo 3rd baseman Len Minelli. The

Astros came roaring back in the bottom of the first inning when lead off man Raffin walked and stole 2nd base and Mackowski knocked in 2 runs with a sharp single to right field. That brought the first inning score to Astros 2-Expos 1. The Expos drew the next blood in the third inning on a walk to Mike Overbeck, a run scoring double by Len Minelli and a run scoring single by Steve Sieghart. The Astros were held at bay with superb pitching by Mike Overbeck who finished the first three innings with 7 strikeouts. The game went into a tie in the fifth inning and stayed there until the crucial 7th inning. Expo power hitter Mike Overbeck led off by popping up to the third baseman for the first out. Len Minelli followed with a line drive to right field. Minelli was then thrown out trying to reach third on a wild pitch by Astro catcher Tom Elenz who rifled a perfect strike to third base for the second out. With two outs in the last inning it looked very bad for the Expos and their championship hopes. However, the battling Expos were not about to quit. Expo shortstop Steve Sieghart walked and then stole 2nd base. Expo hero Jim Kline came up with his 2nd double of the day scoring the lead run. Kline was driven in by a clutch hit by Expo 1st baseman Bill Henreid who died on base to end the inning with the Expos ahead 7-5. The Astros were unable to shake the Expos in the bottom of

the 7th. Expo Champs are: Ron Salinger, Jim Kline, Don Watson, John Mazurkiewicz, Mike Pierski, John Scheffler, Mike Gotti, Bill Hereid, Steve Sieghart, Dave Fronczak, Len Minelli and Mike Overbeck. Coaches were Dan Kosiba, Jim Kline and Dick Sieghart.

Orioles 7 Astros 2
The Orioles Pitchers were Wisniewski, Boscapomi and Mayer. Astros pitchers were Raffin, Argetsinger and Mackowski.

Womens 14" softball tournament
Led by pitcher, Janet Meier and Shortstop, Cindy Selbe who both collected 3 hits in the Championship Game, Ace Astro's of Glenview defeated Don and Associates of Morton Grove, 10 to 3 to capture the title of the Morton Grove Park District's 2nd Annual Womens 14" Softball Tournament.

Oakton student signs with White Sox

Jay Samuel, 19-year old Northbrook resident and second year student at Oakton Community College, signed with the Chicago White Sox last week.

A right-handed pitcher who has been pitching batting practice for the White Sox this summer, will be sent to the Niagara Falls farm club in the New York-Pennsylvania League.

Oakton's baseball coach Rich Symonds recognized Samuel's abilities, even though Samuel never got to play for Oakton's team. "I really feel that if he hadn't already signed, the chances were really good that he would have been picked in the draft by the Cubs or the Sox," Symonds said.

Samuel is a graduate of Glenbrook North High School and has attended Oakton since the fall 1978.

Niles Police seize three in attempted theft

Police action by Niles Police and employees of Jewel-Osco, Inc. resulted in the seizure of three suspects in an attempted theft July 23 of two men and a woman into Thursday afternoon after Jewel-Osco store at 6300 N. Milwaukee Ave.

James Harmon, 39, of 7018 S. Shore Drive, Chicago, was charged with theft. Douglas Harmon, 27, of 1037 Essex, Detroit, Michigan, also known as Douglas Harmon and Douglas Harmon, was charged with theft and resisting a police officer and Ida Newman, 28, of 2737 Marquette in Detroit, Michigan, also known as Ida Hurst, was charged with possession of hypodermics.

All three were freed under bond pending an August 10 hearing in Niles Circuit Court.

Niles Police Sgt. C. Sanno said he was paying for purchases at the Jewel store in Oak Mill Mall around 5 p.m. when he noted one of two men in another checkout aisle reach into the salesgirl's cash drawer and take out \$140 in twenty dollar bills.

In the attempt to arrest the suspect later identified as Harmon, the man told the police sergeant "You can have the money, man, but I ain't going with you" and wrestled free of the arresting grip.

When Harmon ran out the door southbound toward Oakton st. and the second man left the store

to enter his car, the policeman called for assistance relaying descriptions of the suspects and their car.

A short time later, police received a call from Minelli Bros. food store at 7700 Milwaukee ave. who reported 2 men and a woman had just left the store after acting suspiciously. The caller said the two men entered a car with license plates and description corresponding to those of the Jewel-Osco suspects' auto.

A police stakeout of the woman who did not enter the car but walked south from Minelli's on Milwaukee ave. resulted in apprehension of all three suspects and their auto at Jonquil Terrace and Milwaukee ave.

A witness at Minelli's said the suspicious actions displayed by the three suspects when they walked into the store, all walked to the front of the shop which apparently frightened off the trio.

Police said the victim went to work in the morning and returned at 6:30 p.m. to discover thieves had broken the front door window and ransacked the upper bedrooms, closets and basement.

A neighbor said she had answered her doorbell that afternoon to a very "nervous" man inquiring about a Toyota allegedly for sale.

Armed Robbery
A man said to be holding a gun took \$75 in cash July 25 from the night manager at the YMCA, 6300 Touhy ave.

The manager told police he was sitting behind the counter shortly after 2 a.m. with his back to the door when the man entered the lobby. Suddenly he felt a hard object pressed to his back and a man with a deep voice gave a threatened command to "open the register and don't turn around."

The robber reached over the counter to take the cash drawer removing bills and coins. He left after tossing the drawer back on the floor.

The employee said he did not see the thief leave but heard a car drive away.

A security guard for an auto agency at 6200 Touhy ave. prevented theft July 26 of tires valued at \$800 from a truck parked in the agency lot.

He yelled at them and gave chase but lost the fugitives at the rear of the building.

Energy theft
The manager of E-Z-Go Service Station at 7662 Milwaukee ave. told police July 23 that a motorist gave himself a 50% discount on purchase of gas.

He said the motorist drove into the station around noon and pumped \$4 worth of gas into the car. When the manager approached to tell him he actually serviced \$8 worth of gas due to a 2x multiplier on the gas pump which could not register a gas price over \$2 per gallon, the motorist said he had no more money but would return later with the \$4.

He has not returned as yet.

Burglary Attempt
Approximately \$40 in damages were made to a door lock during the evening of July 24 in an attempted break-in of Argus Communications Co. at 6230 Gross Pt. rd.

Former MG trustee cites village for overspending

Dear Editor:
 Chairman, the Morton Grove village board, with its political appointees, is displaying a complete lack of financial responsibility. They continue expanding taxpayers' money...like drunken sailors on a spree.

While other villages in the area practice fiscal responsibility, for instance, Glenview's increase is only 3% and Skokie's increase only 7%, Morton Grove continues on a fiscal collision course. A record 17% increase, on top of a 33% increase since the Action administration has been in power. This amounts to a 50% spending increase in just 3 short years!!!

Can you imagine a \$9.8 million budget for us with only 28,000 people compared with Skokie's budget of \$12.2 million with over 68,000 people? Why, this is ludicrous!! No wonder the village board has had to shift funds around...for the first time, some \$380,000, to improve cash flow.

"When people are shopping for homeowners insurance, I'm usually their last stop..."

If you're shopping, find out if I can save you money. Come in, or give me a call.

STATE FARM FIRE AND CASUALTY COMPANY
 Home Office: Bloomington, Illinois

They have squandered a working cash surplus, built up over a previous period of prudent fiscal management.

Even more symptomatic of fiscal problems is the way they are allocating tax dollars for the coming year. As an instance, for many years we hired outside engineering services, even during the boom growth years, for approx. \$30,000 per year. Now, with the village mature, we have our own engineering department, which was supposed to cost less, and a budget of \$380,000. Likewise, a village planner was hired 2 years ago to remodel the village. Well, it will cost us over \$313,000 this next year for the privilege of seeing no viable evidence of improvement during this time. How about an animal control officer, with his own village car, at \$18,000 per year to handle the small number of complaints, which used to be done by volunteers.

And how about \$40,000 for a pavement evaluation study, which used to be done by volunteers. Oh yes, we're going to spend \$235,000 paving the Milwaukee rd. parking lot, of which only 35% of the users are Morton Grove residents. Why do we have to foot the entire bill??

There are other abuses. For instance, \$90,000 is allocated to partially pay for purchase of a computer & programmer. What, to handle payroll & water bills? This kind of service is available thru local banks' computer services for a tenth the cost. I could go on & on.

There's one other area of concern to this taxpayer. While I have always supported a sound fire department for safety of our residents & was instrumental in setting up the Paramedic program, I can't see us continuing to invest in expensive new pumps, at \$85,000 each, when it is a known fact there is an overabundance of pumping equipment in all the surrounding villages which, if properly

utilized, could serve all our needs. More specifically, I initiated the idea a few years ago with local mayors of a community-wide fire service, which would have central dispatching, more efficient use of all equipment in surrounding areas, as well as paramedic personnel & eqpt. A study showed a horrible oversupply of equipment thruout the villages that could be more efficiently utilized based on fire station locations. Hundreds of thousands of tax dollars could be saved for us. Other than central dispatching progress, this idea lays dormant while this village & others ignore it & continue to protect their own power base.

When will the beleaguered taxpayer get a break from this village board?? When will they learn you can't build a perfect dream town, overnight, without it costing us a lot of money. Do we really need all these grandiose plans?? Perhaps only at the next mayoral election when the FULL impact of this fiscal recklessness is abundantly clear on your tax bill & in your pocket!!

Sincerely,
 John Hillkin

Write Congressmen on failings of SALT II

Dear Editor:

The future of the Democratic Republic of the United States is now under discussion in the Congress. I refer to the Senate Hearings on SALT II.

SALT II could be the salvation of mankind or it can be the beginning of the destruction of the United States. The Communist leadership in Russia has a history of betraying partners in Treaties. The present Russian leadership has betrayed the principles of SALT I by maintaining dictatorships in Eastern Europe without concern for human rights and at the same time they are exporting their violent revolution to the Middle East, Southeast Asia, South Africa and South America. The prime example is their continued desire to destroy the State

of Israel while also building up Cuba as the strongest military power in the Central American Area.

The US Senate must not sign or agree to SALT II without on sight verification on Russian soil and at the same time there must be a guarantee for the Communists to stop military intervention in the Middle East, Africa, South America and Southeast Asia. The SALT II Treaty is meaningless without these basic guarantees written into the Treaty. I urge you to write Senators Percy and Stevenson and express your concern over the failings of SALT II.

Respectfully,
 Thomas W. Flynn
 Democratic Candidate
 for Congress

SV alcohol treatment program accredited

The CAREUNIT alcoholism treatment program at Skokie Valley Community Hospital has been awarded a two-year certificate of accreditation by the Joint Commission of Accreditation of Hospitals. The two-year accreditation is the maximum an alcoholism program can receive.

Fred Seft, assistant administrator at Skokie Valley Community Hospital, explained that the accreditation followed an intensive on-site inspection by specially-trained representatives of the Commission and established that the CAREUNIT met and exceeded the standards set for alcoholism programs. "The hospital is most gratified that the CAREUNIT, which

opened three years ago, has achieved this status in such a short period of time," he said.

Skokie Valley's CAREUNIT is a medically-supervised treatment center which provides medical care, psychological counseling and educational programs for the patient and his immediate family. Staff by specially-trained personnel who understand the disease of alcoholism, the CAREUNIT offers each patient individualized treatment that best meets his personal needs.

The initial three-week hospital recovery program continues for a period of two to six months after the patient is discharged, helping him bridge the gap from his in-patient life to re-entry into the community.

Des Plaines community blood drive

Des Plaines maintains a community blood program in cooperation with the North Suburban Blood Center, the sole supplier of whole blood and blood components to the 13 hospitals of the north and northwest suburbs. To help to maintain an adequate blood supply throughout the region this summer, Des Plaines is holding a Community Blood Drive Tuesday, July 31, from 2:30 to 7:30 p.m. The blood drive will be held at the Public Library, located at the corner of Graceland and Thacher.

To schedule an appointment to donate, residents are urged to call Blood Program Coordinator, Donna Fitzpatrick, at 297-1200. Volunteer blood donors are particularly needed during the summer months, when less blood is collected. Usage continues at a high rate, so that every bit is needed and put to good use. Donating blood is a community responsibility shared by every healthy individual who is eligible to donate.

Marillac Summer Basketball League

St. Louis de Marillac High School's basketball team captured second place in the Regina-Loyola Summer League by defeating Regina Dominican High School. Led by league scorer Jenny Klauke (Glenview), the LDM team claimed a 57 - 37 victory in an evenly-paced scoring game.

The other participants in the eight-team competition were Marshall, Oak Park-River Forest, Evanston, Glenbrook South, Resurrection and St. Gregory. The winner Marshall finished the season with a 7-0 record; Marillac and Regina tied for the second with a 5-2 record. Marillac's losses were to Marshall and Regina. Regina defeated Marillac early in the season and had a hold on second until an upset with Oak Park-River Forest forced them into the tie-breaking game.

According to the summer league rules the teams could not be coached by their regular school coach. Mr. Edward Eshoo (Niles), father of two of the players Suzette and Kathryn, was the directing force behind the team while Marillac basketball coach Pat O'Connell assumed the role of enthusiastic spectator at the Saturday morning games.

Jaffe hosts CTA

State Rep. Aaron Jaffe will host a reception in honor of Eugene Barnes, the newly appointed Chairman of the Chicago Transit Authority, on Wednesday, Aug. 8, 1979, 8 p.m. to 10 p.m. at Club El Bianco, 10067 N. Skokie Boulevard, Skokie.

They also served on several Committees together and developed - and co-sponsored many pieces of legislation over the years.

Mr. Barnes has distinguished himself in a number of positions of leadership in the General Assembly. As an outstanding Chairman of the important Appropriations Committee of the House of Representatives, he was considered an authority in the areas of revenue and government financing.

Jaffe stated, "I am particularly pleased to be able to bring Eugene Barnes, to our community so that we can exchange views concerning the development of better public transportation for our suburban villages. It is because I know him so well and have observed at first hand his extraordinary talents, commitment to duty, and incredible capacity for work, that I am confident that Gene Barnes will be innovative and creative in his new position, and that he will find effective ways to respond to our North Suburban transportation needs."

Entertainment Guide

"Gypsy" to open DPTG's 34th season

The glittering panorama of show business of a past era will be recreated at Guild Playhouse in Des Plaines during September when Des Plaines Theatre Guild opens its 34th consecutive season with 12 performances of "Gypsy."

The musical comedy hit, based on the memoirs of Gypsy Rose Lee, is being directed by Nancy Kole of Harvard, whose last association with the Des Plaines-based community theatre group was as director of "Twigs" in 1975.

Since then she has played the leading role of Rose in "Gypsy" with Theatre First of Chicago, spent two seasons with Old Orchard Country Club Theatre in Mount Prospect, been active with Woodstock Opera House, played the dowager Empress in "Anastasia" and directed "Romanoff and Juliet" for Waukegan Community Theatre, and most recently directed "Funny Girl" for Lakeland Players of Elkhorn, Wisconsin.

Assisting Nancy as stage manager and assistant to the director is Laura Leipzig of Norwood Park (Chicago), who was in "Naughty Marietta" at Guild Playhouse in May. The producer, musical director and choreographer of "Naughty Marietta," named Best Production of the 1978-79 season by DPTG season subscribers, will team up again for "Gypsy"—namely Cecile Kershner of Lincolnwood, John Van Hook of Schaumburg and June Rold of Des Plaines. They will be joined on the production staff by William Rush of Evanston as choral director.

Rush is on the voice staff at New Trier High School and Loyola University of Chicago—Theatre Department, and is also vocal consultant to the Chicago cast of "Annie." A music major with theatre background from Northwestern University, Rush was involved in musicals and opera there, helped prepare singers for shows at N.U., and has coached other productions of "Gypsy."

Opening September 7 in "Gypsy" at Guild Playhouse will be Ginny Allen of Wauconda as Rose, the indomitable and tempestuous mother of burlesque's famed strip tease artist of the 1930's, Gypsy Rose Lee. The two daughters she pushed to success in show biz will be portrayed by Margie Rathke of Arlington Heights and Irene Colson of Wauconda as Baby June and Baby Louise.

Michelle Robinson of Mount Prospect portrays June, and Andrea M. Townsend of Des Plaines as Louise (who becomes famous later as Gypsy Rose Lee).

Other Des Plaines residents in the cast are Carol Cloutier and Terri Kehe as members of the Hollywood Blondes, Michael J. Taylor and Paul Crane as Farm Boys, Adrian Fulle as one of the Newsboys, Jill Mangelsdorf and Mary Tomaselli, extras.

Other Mount Prospect residents in "Gypsy" are Janet Kaplan, a Hollywood Blonde, Don Collignon, Uncle Jocko and other roles, Marc and Mitch Cohen, Newsboys, Candy Kane and Macky Cohen as Tessie and Mazepa, strippers.

Joann Calzaretta of Arlington Heights will be Miss Cratchitt, secretary to a producer, while her sons Tony, Steve and Joseph are Newsboys. Jan Bailey of Libertyville is another Hollywood Blonde, while Todd Jackson (Tulsa) of Elk Grove, Steven Levitt (Yonkers) of Niles, and Jeff Sumner of Skokie are Farm Boys.

Dick Galloway of Park Ridge plays Pops, Cigar and Announcer, Donna-Lynn Cargola of Schaumburg is Electra, another stripper. Cece Reading of Wheeling is the Ballroom Girl, and Thomas S. Leger of Chicago plays Herbie, Rose's devoted friend and manager.

"Gypsy" will be presented Fridays, Saturdays and Sundays from September 7 thru 30 at Guild Playhouse, 620 Lee St., Des Plaines. Tickets may be reserved by calling 296-1211 from 12 noon to 8 p.m. daily. All performances will be at 8 p.m. except the final two Sundays, Sept. 23 and 30, which will be 2:30 matinees.

Single admission donation will be \$4, but season subscription for all five productions of 1979-80 may be purchased for only \$15, a savings of 25% over the single admission box office price.

Other shows in the season include "Norman, Is That You?" in November, "Cat on a Hot Tin Roof" in January, "California Suite" in March, and "Man of LaMancha," a second musical, in May. Checks may be sent to DPTG, P.O. Box 84, Des Plaines, 60017.

dee, Kendel Kardt, and John Hartford.

ED HANSON Great Breakfasts & Lunches at Arvey's

Last Saturday, a friend of mine and I, a famous gourmet named Joe Rex had breakfast at Arvey's Restaurant of Niles. Joe is no stranger to Arvey's, as he and many of his North Shore friends, frequently enjoy dinner there. Moreover, he has written up Arvey's Restaurant several times for periodicals that appeal to food gourmets, both here and abroad. According to him, Arvey's food fame is international in scope. As a matter of fact, it was Joe Rex, who coined the slogan that Arvey's use in their advertising, i.e., "Arvey's - Where the food is internationally famous."

As I had an early Saturday morning appointment with Joe Rex, we dropped into Arvey's for breakfast. As he perused the large, beautifully printed orange breakfast menu of Arvey's, he commented, "Ed, this is a very extensive breakfast menu - and get these prices: Skirt steak with eggs, served with hashed Brown potatoes, toast, butter and jelly for only \$2.35!"

"Very reasonable, Joe," I said. "But look up at the top of the menu - there's Eggs Benedict for only \$2.65. Some of the top restaurants you go in, Joe, would charge five or six dollars for that specialty dish."

"They sure would! And here's a top Sirloin steak and eggs breakfast for only \$2.85 - some of the foreign country's I have visited such as Greece and Paris would get twenty-five dollars for that dish."

Joe finally ordered the Eggs Benedict while I had the Skirt Steak and eggs. After breakfast Joe praised the Eggs Benedict to the sky. "Just great, Ed, better'n I've had in most places and as excellent as I've enjoyed in the finest places both here and on the Continent."

"And the prices are really right, eh, Joe?"

If YOU haven't tried Arvey's for breakfast I suggest you do. For their great big, breakfast menu offers a wide variety of delicious breakfast delights. And for every type of appetite from the light eater to the one with a hearty appetite. At Arvey's the emphasis is on two things - quality and quantity. The portions are huge and the prices are very reasonable. As my friend Joe Rex says, "Discovering Arvey's was a thrill for me...it's an adventure in good eating."

For lunch you'll find a large selection of daily specials served at Arvey's. These luncheon specials are changed daily and are priced to fit the modest purse.

And remember, Arvey's is the only restaurant that serves a made-to-order FREE Caesar Salad with lunch or dinner.

If you enjoy Greek Food, and who doesn't, a visit to Arvey's on Wednesday nights is like visiting ancient Greece. For a wide array of authentic, delicious Greek foods awaits your appetite. Every Wednesday is Greek Night at Arvey's and in addition to a FREE Caesar Salad Arvey's also serves FREE that delicious Greek cheese, Sagannaki-Ala-Flambe.

Cubs only 11 1/2 games out

As I write these lines (Tues., July 31st) the Chicago Cubs are only 11 1/2 games out of last place.

With 63 games still to play, I believe the Cubs can still make it - to last place, that is.

They are now in their best season form to take over last place. August and September are the months when the Cubs gain their best "last place" form. A 10 or 12 game consecutive losing streak is quite possible if they hold to their past performance form.

Deducting the 22 games they won this season by luck or accident, and the 21 "pop" fly home runs Kingman hit this season in Wrigley Field, they should be in last place NOW with a comfortable lead of 6 games.

But take "heart" fans, the Cubs have the team that can do. They've proved it for 34 years now - they'll take over last place by Sept. 30th.

But wait till next year. You'll see they'll be even worse. For the Cubs are "Fan-Foolers"...and always have been.

Ernie Banks chairs "Little City" Fund Drive

Baseball Hall of Famer, Ernie Banks, is going to bat for Little City, a residential training and treatment center dedicated to the personal, social and economic development of the mentally retarded, blind-retarded and emotionally disturbed, in Palatine, Ill. Mr. Cub is serving as chairman of the 1979 "Smiles" fund raising drive.

The program, known as Illinois Smiles for Little City, will be held on Friday, August 10 and Saturday, August 11 throughout the Greater Chicago area, in over 150 communities which have granted permission for the activity.

Volunteers will be stationed on busy street corners, in shopping plazas, at commuter stations and other areas of heavy pedestrian traffic. They will hand out sheets of happy face "smiles" stickers and accept donations.

Proceeds from the "Smiles" drive will be used to fund and carry out the programs for non-resident mentally retarded children who can enjoy the facilities of the new Variety Club-Karyn Kupciet Social Habilitation Center.

Established in 1959, Little City is a national, non-profit, non-sectarian, residential community for the mentally retarded located on 56 acres of land in Palatine, Ill. Remember, these special children need your help! Support Illinois Smiles for Little City tag days, Friday and Saturday, August 10 and 11.

Very Interesting People

by Barbara Morris

RABBI NORMAN BERLAT

He is on call 24 hours a day, 7 days a week and by the use of a paging system, can be reached almost anywhere. He is gentle, kind and always willing to listen, no matter how busy he may be, but in the face of disaster he is like the Rock of Gibraltar.

His name is Rabbi Norman Berlat and he is a full time Jewish Chaplain on the staff of Lutheran General Hospital in Park Ridge. He carries a patient load of between 65 to 100 a day which keeps him busy from sunup to sundown. The position of Chaplain does not mean regular business hours and many-a-day Rabbi Berlat spends 40 continuous hours at a time at the hospital.

Just visiting with patients is not all that any Chaplain at the hospital has to do. Rabbi Berlat begins his day at 6 a.m. with pre-surgical calls at the hospital. He then attends morning services at his Congregation where he "draws strength from G-d and religious values." Then back to the hospital and the computer read out sheets listing the patients. New admissions are circled on the sheet and these patients are the first to be seen. Then the Rabbi plans out the order in which he will make his other calls. But the Rabbi must always be ready to "shift gears" in case of an emergency admittance or a patient needing reassurance after hearing an unexpected diagnosis. The unexpected interruptions can mean a five minute call or a five hour call. Then there are always telephone calls with various questions and/or requests.

The staff is always in touch with the Rabbi be it a nurse, doctor or another Chaplain. The Pastoral Care department is made up of many Chaplains and each is a member of a "health care team" which handles the total needs and care of the patient.

Rabbi Berlat is quite a versatile individual and a few years ago he taught a chemistry course to technicians and nurses. From time to time they still seek information from him.

One very important aspect of the Rabbi's day is his contact with the community clergy for the benefit and welfare of the patient. Community clergy do come to the hospital to visit patients that they know and are as important as the inside Chaplains. Staff meetings, seminars and consultations about Jewish issues take up more time in the day. As in any other position, Chaplaincy is not immune to paper work and some time must be set aside for this job.

The working day for the Rabbi really never ends, but sometime between 6 p.m. and midnight, he does manage to head for home and his family.

Training for the Chaplaincy can vary, but for Rabbi Berlat it included Rabbinic ordination, 3 years in a Congregational setting, 15 months of clinical Pastoral education at Rochester Methodist Hospital, Rochester State Hospital and St. Mary's Hospital all in Rochester, Minnesota. All of this was after 4 years of college earning a Bachelor's degree and 3 to 5 years of a Rabbinic school. This education gave the Rabbi the "keys" to become a Fellow of the College of Chaplains. This is a Protestant organization and Rabbi Berlat was the first Rabbi to be certified by this group.

Rabbi Berlat came to Lutheran General Hospital in June of 1973. This past May he was honored with a dinner at the hospital attended by staff members and the Synagogue Council Of The Northwest Suburbs.

In what spare time the Rabbi does have, he enjoys amateur radio and stamp collecting. At one time he was known as the "flying Rabbi" as he flew aircraft, but due to time and the cost of such a luxurious hobby has found it no longer feasible.

Rabbi Norman Berlat is married to Roz, and they have a 12 year old son Hillel who is now excitedly helping to plan his Bar Mitzvah which will take place in Israel. This will be the first visit to Israel for the entire family.

Besides working a full day, the Rabbi is adding to his list of academic achievements which already include 3 Masters' degrees. He is now a doctoral candidate at the Hebrew Theological College in Skokie majoring in the area of Pastoral Counseling. Rabbi Berlat hopes that in the future he can obtain another doctoral degree in Jewish History.

Rabbi Berlat sums up his life best by saying that "despite the busy day, it is always a source of satisfaction to feel that one is able to help others marshal their spiritual strength in meeting their crises of life."

Cragin Federal shows record first half

Despite generally slow net savings inflows experienced by most area banks and savings and loans during the first half of 1979, Cragin Federal Savings President Adam A. Jahns has announced a record first half showing for Cragin Federal.

"During a time when many area associations were having net withdrawals, we had good savings months. As a result, while net savings in the six-county area were up only 6.3 percent on the average over the first two quarters, our savings grew 8.1 percent. This amounted to savings growth of \$23.5 million since the beginning of the year," Jahns said.

Lending activity has also been strong at Cragin, with back-to-back record lending months in May and June. A total of over \$28 million in mortgage loan commitments were made in that time.

"Our ability to help so many families build and buy their own homes while many other financial institutions in the area were relatively inactive in the mortgage market is an accomplishment we are proud of," stated Jahns.

Savers at Cragin have also benefited. A record amount of interest, over \$7.1 million, was credited to savers during the first half of 1979.

Strong growth in assets is expected to boost Cragin past the \$500 million mark sometime around the first of the year.

The First National Bank of Des Plaines achieved record performance gains for the six months ending June 30. Total assets of \$225,341,784 marked an all time high, up 9.4% from \$205,930,393 for the same day one year ago. Deposits increased 10.9% to \$193,392,238 from \$174,450,538 while loans grew at a lesser rate of 8.1% to \$121,572,246 from \$112,499,322. Loans stand at 62.9% of deposits.

Consolidated net earnings were at a record level of \$1,093,560 from \$923,343 or 18.4% greater than a year ago. Per share earnings were \$1.97 as compared with \$1.66.

In announcing these results to stockholders, Arthur R. Weiss, president, also made these comments, "The economic consensus for the balance of this year generally predicts a mild recession. We are watchful for any signs of change and are prepared to make whatever adjustments may be necessary for the continued growth and prosperity of the bank."

Ballard Nursing Center hosts baby shower

There's only one thing to do if a soon-to-be grandmother can't come to her daughter's first baby shower: Bring the baby to grandmother. And that's exactly what happened at the Ballard Nursing Center of Des Plaines on June 30.

Ballard Nursing Center is a 3 1/2 year old family-run nursing facility with 231 residents, offering a full range of rehabilitation and re-motivation services.

Since coming to the center in March of 1976, Shirley Wilson, 59, of Des Plaines, has been bedridden much of the time with Rheumatoid Arthritis. And when her daughter, Mrs. Nancy Nelson of Indianapolis, became pregnant for her first time—Shirley was faced with the unhappy prospect of missing Nancy's baby shower. That's where the people at Ballard stepped in to help.

"We wanted Shirley to be able to celebrate this happy occasion with her family. Ballard's never had a baby shower before. But based on the tremendous joy that came out of this, I'd have to say that we'd be happy to bring more of these kinds of events to our residents in the future," said Ballard's Chief Administrator, Mark Pick.

FIRE SAFETY TIPS FROM SNUFFY

A fire is no fun...but fire safety, especially when the whole family practices it together, really can be fun. Here are some fire safety rules you can practice at home.
1. Plan two escape routes from every room. It's important. Fire often blocks a door or a window, but you won't lose a minute in your escape if you've planned escaping two different ways from each room.
2. Practice home fire drills. Planning and thinking about what you'll do in case an emergency is really not enough. You've got to practice escaping and meet in a pre-planned place

outside and away from the house. As soon as you think all the members in your family have gathered outside the house, count noses to be sure everyone is safe.
3. Installing smoke detectors is a family business - checking to be sure they're in good working order and that they are installed in the correct places - just outside the bedroom doors and in the kitchen. Many experts believe that if smoke detectors were installed in every home in America, we would not have a single death by fire in the home. So take a tip from Snuffy and **PLAY IT SAFE!** Install smoke detectors.

Orioles are not great singers, but they have sweet whistling calls.

cial advisors had recommended rental apartments in this area. Also, he said, the tax base would benefit the owner for rental purposes as compared to condos.

Zoner Angelo Troiani was opposed to the height of the apartment buildings which he elicited from architect Chester Stark to be a total 70 ft. He also noted the office buildings could later be changed to a medical complex, resulting in inadequate parking sites. "You're too ambitious for what's there," he told petitioners.

Objection from area resident and Zoning Comr. Patton Feichter to projected traffic dangers to school children sparked anger from Pappas who claimed area residency since 1960. "The youngest of my 6 children is now attending Gemini," he told Feichter. "If you had done your homework, you'd know Gemini Jr. High School will be closed in another two years. If you're so concerned about traffic dangers, I suggest you get your facts right!"

His apology was forthcoming when a woman spectator upheld Feichter in fear of increased traffic hazards. "You didn't mention foot traffic by school children going to Stevenson School," she told Pappas. "The board member (Feichter) should be given more attention."

Also, added Zoner Syd Mitchel, "Amenities have been added, but the village looks for something 'unique,' something special in a PUD...using a PUD to saturate the property does not fulfill village desire."

According to Comr. Stan Lowe "the proposed reduction in density to a gross 31.2 units per acre is still too high."

The zoning denial said Frick could be appealed to village trustees.

In other business the Plan Commission unanimously approved a zoning expansion to allow construction of an addition to the Goldman Home for the Aged, 6601 Touhy ave. (formerly Gross Pt. Manor Nursing Home).

The home serves 99 orthodox Jewish patients and petitioned for a 3 story, 50-bed addition at 6630 Harts rd., adjoining its current building, which Administrator Robert Hartman said was necessary to improve the financial state of the home.

Area spokesman Karl Honold of 6646 Harts rd. said neighbors were concerned over the proposed 4 story height of the building and proposed control of rats and for proper maintenance of the entire area. "Right now it's a rat hole," he said.

"The area has deteriorated in the last few years," agreed Mrs. Mandy Honold.

Zoning approval was predicated on a 5 ft. to 6 ft. buffer hedge, construction of a patio fence, parking conformance to village code, landscaping plans meeting village approval and construction height restricted to 3 floors.

"Unanimously approved a Special Use petition by Raymond Adreani and Frank DiMaria to use property at 7005 Newark ave. for graveyard purposes. Petitioners indicated the area was already encircled by St. Adelbert's Cemetery.

"Approved a zoning change to Special Use petitioned by Niles Savings and Loan Assoc. for an addition to a parking lot at 7707 Dempster st.

Pointing out the work had already been finished and that "we're (the Commission) being petitioned to correct something that has already been done illegally," Feichter said he would approve only if no precedence was set by approval.

Director of Zoning Joseph Salerno indicated the fault lay with the contractor who had failed to obtain a work permit from the village. If rezoning was not approved, Salerno said the property would have to be returned to its original state.

Attempt theft at Animal World Pet Shop

Alert action Monday, July 23 by employees of the Animal World Pet Store, 7525 Harlem ave., resulted in recovery of the store cash box taken from the safe shortly before 8 p.m.

Police apprehended two suspects on a traffic violation a short time later driving a Toyota bearing license numbers corresponding to those given by store employees.

Donald Clark, 22, of Chicago was charged with making a No Turn on Red at Touhy and Milwaukee ave. and held in custody with David Griffin, also of Chicago for a fingerprint analysis. Police said neither man carried any identification.

A store employee told police he became suspicious when a customer described a man wearing a blue shirt and navy shorts tried to entice the clerk away from his assigned area, close to the manager's office, to show a dog.

When the clerk noted another man walk out of a door near the office and enter the bird display area, he notified the manager. Both men checked the safe and noted the cash box missing.

The store employees then confronted the two suspects who had left the store and were entering a silver Toyota with noted license numbers but both denied the theft and left southbound on Milwaukee ave.

The car was stopped by Niles Police Officer James Dvorak for a traffic violation at 7200 Milwaukee ave. and both men were taken into custody.

Investigating officers at the pet shop located the missing cash box wrapped in a shopping bag hidden under a fish tank near the bird display. They said no cash was missing from the box.

Post 134 elects officers

Morton Grove American Legion Post 134 has elected officers for the 1979-80 year. Bob Perschon will serve as Commander.

Assisting him with operating the Post for the year will be Mel Balty, Senior Vice Commander, Ron Bekas, Junior Vice Commander, Roland Kempin Second Jr. Vice Commander, and Ed Vorpapel, Finance Officer.

Ed Vorpapel is beginning his sixth year as Finance Officer. Formal installation of the newly elected officers will take place on September 15 at the Post Home, 6140 Dempster, Morton Grove.

and even SRI should be moot points, what is in District 63's future? Will vocal parents be concerned about the coming of a new superintendent? Will they make positive suggestions toward the District's five-year plan? Will they pull together for the betterment of the schools and their children's education? Will Ken Moe's detractors let him alone?

According to Dennis Tugander, "We think SRI took Moe out of the district to calm it down and we are going to follow that up."

Carol Christianholz said, "I think SRI is finding him a job where the district is not as questioning."

And Richard Buckman said, "It's not Moe that I'm following. I think another school district should be 'forewarned' about SRI."

Moe said, "I don't understand. All I tried to do was help."

Moe victim of strife in District 63.. Continued from Page 1

criticized Moe's lack of a doctorate and questioned whether other administrators in the area would respect Moe.

Dennis Tugander, a District 63 parent, said, "There were many people against Mr. Moe's appointment and the way it was done. Ann Sostrin was against the search to find Mr. Moe and against SRI."

Sostrin, twice defeated candidate in school board elections, was on vacation while this article was being written and could not respond.

Another parent, who refused to let his named be used said, "There was a time going back when board members such as Irene Luck could see where the district was going."

Moe was unfortunate to be in a district where two schools had to be closed because of declining enrollment and the district's bleak financial situation. A bizarre series of events followed the announced closings.

Buckman, a plaintiff in both suits against the district, said, "My concern was with the use of the SRI perceiver tests. The continued use of Perceivers and the ineptness of Mr. Moe caused us to ask that his contract be stopped before a new board comes in. The biggest problem with the closing of two schools was that they (the board) had no direction. They didn't do a good P.R. job the same as they would have for a referendum."

Allan Hanhart, also named in the suit against the district admitted that formerly his knowledge of the district's financial situation was limited. According to him, "I'm not saying it was an incorrect action - it was not handled properly." He said, "They probably have to close one or more schools now plus a junior high school. At that time, I didn't think they had to."

Information concerning SRI Perceiver tests was taken to WBBM-radio where a series was written and produced by Frank Beaman. Beaman claims he was in contact with one parent representing a group of parents.

Dennis Tugander, also employed by WBBM, said "There were many of us involved in the research against SRI. Unfortunately, it did split the community."

He said, "I ran for the board and I was put down because my child is not in the school district." Tugander's child attends a parochial school.

He said "That file of Frank Beaman's came largely from other people in the district. He (Beaman) had a very big file. I took it to Walter Jacobsen but he wasn't interested. I would have liked to have seen something come of it."

Richard Buckman said he also spoke to Frank Beaman. He would not comment as to who else was involved.

During Beaman's investigation, he inquired about SRI from the Better Government Assn., the American Civil Liberties Union and the Better Business Bureau.

The BGA began its own investigation fueled by material from parents in District 63. According to a BGA lawyer, "We collected 'some' information of our own. We looked at SRI in other school districts. We never said they violated any laws."

According to school board chairman Dick Smith, "The teacher perceiver was no better and no worse than any other technique."

According to a former board member, Jeaninne Oestreich, "The materials and advice offered by SRI were useful aids in

Last year The Bugle was the only publication in Maine and Niles Townships to receive an editorial award from the Illinois Press Association. It has given us incentive to do better in the upcoming months.

Jerry's Fruit and Garden Center on Milwaukee Avenue had petitions in their stores recently. According to one Bugler the counter girl asked her if she wanted to sign a petition for adding more parking in the rear of the store. She did not mention the "rear" meant the tearing down of residences on the block east of their present location. They were also seeking to have additional stop lights installed in the front of their store. Jerry watchers should turn-up at Niles Plan Commission meeting next Monday night at 8 p.m.

The fiasco in School District 63 could better be called the Monday Night Massacre. The Moe and Reiss resignations at that Monday night board meeting ends a very tawdry era in the district's history.

Ken Moe, a thoroly decent human being, was struck down by about 20 people in the district who harassed the man incessantly. The harassers, though a minute part of the district, chopped the district apart, because the more stable elements in East Maine stayed away from meetings. The ragbag group which caused the downfall are people of little background, few accomplishments, and small egos which need lots of massaging. Their alerting the Internal Revenue department to check out the superintendent, and then even checking the background of Moe's father, a man who has worked 30 years for one company, were indecent acts by these people.

When you understand these people, who've caused so much havoc the past two years, have been defeated decisively every time they sought election, it makes you realize they circumvented the democratic process to gain their own ends. During their years of shouting, the board president's living room window was punctured with 3 bullet holes. Legal suits which caused the district to pay more than \$9,000 were instituted by them.

Despite all the unending commotion in School District 63 it can be expected additional school closing will take place in the next couple of years. The most likely candidate would be the closing of one of the junior high schools.

While the sad sacks we mentioned are a rather tasteless group of n'er-do-wells, some of our own comments in this column have been labeled similarly by readers. A couple of years ago we reported the Treasury store on Golf rd. was not doing well and was not likely to be around too much longer. The calls from readers castigated us thoroly for what they said was erroneous information. A year later the store shuttered its doors. We assumed callers were member of The Treasury family.

When Lou Lerner became ambassador to Norway, we publicly decried such a post should go to a young man with such limited experience. We were accused by members of The Life family of using very poor taste in writing such a public statement. Subsequently, Lerner was exceedingly kind to my family during a stressful period last year, which made us feel chagrined at our previous comments.

Unlike other newspapers in the area, which never mention their competitors, The Bugle has never eschewed recognizing in print its fellow-newspapers. This weekend The Chicago Daily News will make its debut on suburban newstands. While we're pleased that grand old name is returning (here we go again), we're not too optimistic about its future.

This is perhaps the hardest business to stay in the black of any we know. It's the reason so few newspapers are born, and why they have such short lifespans.

While we wish any new enterprise well, we're not impressed with the slipshod way this new once-a-month newspaper is being launched. The publisher, Richard Ogilvie, was quoted in metropolitan newspapers as saying he will be making final decisions. But since he has so many interests, he contends he can make them by telephone. Any guy, who is on the top rung, and who is starting a new business, contends he can make decisions by telephone, cannot be too serious in his endeavor. He also will have to get a stronger, more experienced team if he intends to seriously compete successfully. We wish them well. We hope our gloomy outlook proves untrue. We always feel the loss of a newspaper is not unlike the loss of a close friend.

Cont'd from Niles-E. Maine P.1 and killing him. The wounded officer attributed his life being saved by the bullet-proof vest he was wearing. Niles police said that although Unger had problems with them as a juvenile, he had not been involved in any police problems in recent years. No reason could be determined for the man's actions.
