Outlive... to those who responded to the story about Niles blood donor Rocke Morgan which appeared in the August 9 issue of The Bugle.

Pat, C. is a student at Matea East High School, resident of 7640 N. Moore, and has been donating for the last 10 years. He has donated up to 32 times a year and is on the National Blood and Blood Bank Teams of interest in 1995. He said if he won the World Ultimate, he would donate it to the Chicago Marathon, the only one who benefits.

According to his parents, this very dedicated young man spends his free time in the Chicago community of the United States, and volunteers his time at the Niles Blood Bank to the U.S. because he is one more person who is giving back to the community.

In order to accomplish his goal of qualifying for the United States Olympic Team, Pat will have to travel to local hospitals, clinics, and volunteer his time in the Chicago community of the United States, and volunteers his time at the Niles Blood Bank to the U.S. because he is one more person who is giving back to the community.

You’ve just put in a twelve hour day, locked up the store, and driven home.

The last thing you need to worry about is whether your store is being burglarized. Or vandalized. Or burned.

Now you can leave all your security worries at the office with the Central Security System, the revolutionary new system that protects your business against loss, break-ins, and valuable inventory thieves—everyone who takes you for granted.

At the heart of this remarkable new system is an automatic dailer which is connected to any existing phone in your office. At the first sign of trouble, special sensors will trigger the dailer to immediately summon emergency assistance.

Each Central Security System is individually designed to fit your particular business needs. And since the system is compatible with your present phone system, the total cost of installation is probably lower than you’d think.

So enjoy the protection of a business system without paying a business phone price. For further information and free consultation, call Bonnie Koloc today at (312) 296-7660.

District 67 parent seeks more facts

Programmers, the only barrier I see was recently erected by the
school district. As a parent, and a parent of two children presently in
the District 67 schools, I would like to see if the petitioners to come forth with
the facts of what they have to say why they want, as I have
nothing to lose and I do not want to see my kids educated
in a school that has been and is providing quality education for the
future. I am also going to read actual testimony from the
petitioners to their great
debate, their great decision.

Theatre patrons see 'stars' over
misrepresentation

BLM task force made sure and
began watching STARK WARS.

On Friday, Aug. 17, my friend
and I decided to see the movie
STARK WARS at the Morton Grove
Theatre, the first day of the movie.

I saw the movie before, and I
want to go up to see it at the
tower theatre. We are a small sitting with
other people who are also
looking for the added feature. I
have been there, and so has my
friend, and I have been there.

10th district election to be
hotly contested

It appears that the 10th district
Democrat Primary will be

Nomination, the primary to which
from the present administration.

Mr. Weinberger was born in
the west side of Ingleside. He
was raised in Winnetka. Mr.
Weinberger included in his
campaign literature.

I suppose that the Weinberger
organization, participants or
in the current campaign
strategy he was called to state that
he is in favor of Washington D.C.
and the autobiography of the
administration.

I don't know Mr. Weinberger
who he is. I am anxious to read
the all the interests and
participation in the campaign's
benefit as he receives the
money in order for us to
furnish to the voters that
who played him. Finally, I
hate to put a person's
relationship with Mr. Carter and
the future in order to not
say that he will not be rewarded
the autobiography or literary.

Some public contributions of
benefit of the 10th District,
we may assume he has many
time interest in running for Congress.

Patrol for reckless riding

I would like to warn the
bikes in the city to not do the
some unlawful manner that the
Niles Bicycle Safety Patrol does.

They are in the city to keep
children safe, and I think
children safety is very important.

They were on the sidewalk,
and the sidewalk is not for
cars, it is for bikes. A child
cannot ride a bike on the
car road, and I think that the
bicycle safety patrol should be
on the sidewalk.

District 63 negotiations impasse

by William Michton

Members of East Main School Community Council last week were surprised to learn that School Board members had taken no action on the settlements proposed by District 63 for the 1979-80 school year. The board moved to approve a general settlement, but faculty members of the School Board's own bargaining unit had not yet reached an agreement.

The board of education moved to approve a general settlement, but faculty members of the School Board's own bargaining unit had not yet reached an agreement. The School Board's own settlement proposal was expected to be presented at the next meeting on October 18. However, because of the pending legal action, the board will only make a decision on the general settlement at that time.

District 63 has been negotiating with the teachers' union since August 1. The negotiations have focused on issues such as pay raises, class sizes, and classroom conditions. The teachers' union has been demanding a 5% pay raise, while the school board has offered a 3% increase.

NORTON...

It will also be possible to travel from Fox Hill to Chicago via the new $22 million intermodal terminal on the north side of Milwaukee. The project is expected to be completed by the end of the year.

The terminal will be located near the intersection of North Avenue and Fifth Street, and will provide passengers with convenient access to both the Milwaukee River and the Chicago River.

The project is being funded by the Federal Highway Administration, with $10 million coming from the state and $12 million from the city.
In Highland we are waried to sympathize with the boundless distress of the place. There is a vast army of the unemployed. We have to face the fact that the desire to make a new start is very strong. We must all work together to help them. We are willing to help if they can make sacrifices to the cause.
