MG police investigating girls' slayings

Investigation is continuing by Morton Grove police into the murders of two 17 year old girls, Elyonne Bender of Skokie and Susan Ovington of Morton Grove. The bodies of the two teenagers were found in the St. Paul Woods alongside the North Branch of the Chicago River last Wednesday evening. An autopsy last Thursday showed that both girls had

been shot in the head with a large caliber gun. Elyonne had also been shot in the arm while Susan had been shot in the chest and leg. While there was no reported sign of a struggle, one body had been dragged approximately 35 feet to the point where it was found.

Larry Olker, 22, of Palatine, and Joe Majorus, 20, of 8907

Sayre, Morton Grove, boyfriends of the girls, became concerned Wednesday evening when they failed to return home from a shopping trip. Majorus later told Morton Grove police he had noticed Elyonne's car parked in the Par King miniature golf parking lot about 6 p.m. Wednesday evening even though the

After 53 years it will be a whole new ballgame for Niles Days annual get-together.

Monday night a nominating committee was appointed to select a whole new board, anticipating the Niles Days carnival-type event may finally pass into history.

The almost \$34,000 receipts netted this year's Niles Days committee about \$10,000 in income. And while the figure is sizeable, it becomes diminished when you study the balance sheet. Taxpayers footed more than \$9,000 of expenses, donated by the village.

Police services for the event cost \$6,592.50. The public works department provided \$2,036.04 of work and the first aid station costs were \$480. While the village presents the bill for these services to Niles Days, it waives payment for services as well as for permit fees.

The rides run by the carny people give them 80% of those receipts, the remaining amount going to Niles Days. Similarly, the side show games (not the bowl games) also receive a similar percentage.

This year's Disco event bombed. The square dance and the polka events were great successes. But because of the anticipated Disco crowds, added policemen were on duty that night.

The Man, Nick Blase, gives a thumbs down vote on carnival-like programs. He doesn't like many of the people who show up for these carny events and he contends 90% of the people at the event are outsiders, not Nilesites.

Discussion Monday night included alternative programs for the future. Talkers suggested an international festival, bingo, auctions and flea markets as possible alternates in upcoming years.

Niles Park District is seeking \$6,000 from the committee for a special recreation program for handicapped children at Shermer Park. Therapeutic swings and other facilities would be installed there for the Maine-Niles Association of Special Recreation.

Company seeks barbed wire fencing

by Alice M. Bobula

An increase in vandalism at Emergency Business Forms in the industrial section of Niles prompted a request by the firm's vice president during the Sept. 11 village board meeting for a 7 ft. barbed wire fence around the parking lot.

Trustees delayed action to the Sept. 25 meeting to permit review of the property and adjacent land.

Ted Miller told trustees his firm has occupied the building at 6801 Howard st. for the past 6 years and "each year we've had problems." He noted thefts of car batteries last summer, slashed tires, and more recently "theft of a car in broad daylight."

Approximately 200 ft. of fencing with three strands of barbed wire facing inward at the top would enclose the rear of the building which is directly east of the North Branch of the Chicago River and south of Howard st. and the Tam Golf Course.

"Without barbed wire the fence is useless," he noted. Fencing less than 7 ft. in height would be worthless also, he said, since the bulk of the land is at a lower level than neighboring property and "some youngster would be tempted to jump over" the barrier.

Miller said he employs 50 workers on two shifts until 2 a.m. and that approximately 25 to 30 cars are parked in the lot at one time.

Noting that incidences of vandalism were no different than elsewhere in the industrial section, Niles Police Chief Clarence Emrikson said, "What makes this different is that this building has no windows in the wall facing the parking lot. Other buildings

Impasse reached in District 63 negotiations

by Eileen Hirschfeld

Angry parents and teachers confronted grim members of the East Maine District 63 school board Tuesday evening at Apollo School, 10100 Dee rd., Des Plaines.

Every chair in the auditorium was filled and at least two police officers from the Cook County Sheriff's Dept. were present. One board member said they had expected even more people.

The last negotiations had been concluded at 4 a.m. Tuesday with a meeting scheduled for Wednesday. The board's final offer was a salary increase of 8.46% the first year and 7.78% the second year, according to Donald Stetina, acting superintendent.

Teachers in the East Maine Education Assn. (EMEA) are asking for an increase of 12.54% the first year and 12.252% the second year, seemingly an in-

crease from their first offer of 25.58% for two years.

Marilyn Hadden, head of the EMEA negotiating team, later explained the higher figure includes increased costs for health insurance to which only the board has access. She said the second year increase is based on the consumer index. She said, "If they can predict the cost of living next year, I'd like to have their crystal ball."

Jay Smith, Nelson teacher, read a petition signed by teachers condemning board member Mark Davis' speech naming Barbara Korb, EMEA president, as a "dictator". Smith said she "has been and is a highly respected officer of the union."

Parents did not seem to care whose fault it was that negotiations had reached a low

Counter-demonstrators

While East Maine school teachers Lynn Shevelenko, 8847 D Washington, and Judy Freitschold marched on the picket line in front of Apollo School last week, counter-demonstrators Larry Rivlin, 8673 F Josephine, and Anwar Shalkh, 9664 E. Lois dr., were also marching, but in favor of opening the schools.

NFS announces Fall groups and workshops

Larry Renetzky, Executive Director of Niles Family Service, announces there will be a fall series of groups and workshops at the agency. Each group will focus on a different area of life or a special group. These groups will be a combination of learning and experiencing new ways of coping with life.

The first group will be a men's group. It will be led by Jerry Laschinski from the Niles Family Service staff. Jerry is a social worker with many years of clinical experience in mental health/family service agencies, schools and in private practice. He is a therapist with more than 25 years of experience which includes 10 years with Niles Family Service. Also, he is a husband, father of five children and grandfather of two.

Combining these many roles

can be difficult for a man. The last decade has blurred the roles and responsibilities of being male. Many men are confused about living in a liberated society - or household. New responsibilities and new rules have created many new problems. Jerry will help to bring this into focus and provide the group members with opportunities to sort things out for themselves. The time for this group will be on Thursdays, from 8:30-9:45 p.m. at the agency, 8060 Oakton. There will be 5 sessions and the 1st session will start Sept. 21. The fee for the 5 sessions is \$15. We welcome any man to sign up for this informative experience - and perhaps get a better understanding of what it means to be male and the various roles that make up their life.

If there are any questions, or you wish to enroll prior to the first day, please call Dr. James Cisek at 692-3396.

Senior Citizens' NEWS AND VIEWS

S.I.J. 55 Plus Club

On August 23 the S.I.J. 55 Plus Club members planned a surprise birthday party for Fr. Cerniglia, but guess what?? The surprise was on them, as the guest of honor was on vacation. Well, what to do? Being the 55 Plus Club, it was easy. They decided to declare August 23 the "Giant Birthday" and all (225) members would celebrate that as their birthday. Of course, a piece of the birthday cake and a sparkler were saved for Fr. Cerniglia when he returns from his vacation.

Our best wishes go to Bernice and Bob Komis who have moved to Florida, to Ida and Fred Armentrout and Emil Salotti who have moved to Louisiana. We will miss them.

Our Lake Front Trip and Como Inn was great. George Hall did it again. I think he sang "Don't rain on my boat trip" and somebody heard him, because it turned out to be a beautiful day. Of course, Florence passed out rain hats to all the ladies, which may have helped a little. Our lunch at the Como Inn was delicious, and the entertainment was Las Vegas Plus, with Gene Timpe at the piano, Bill Patton our M.C., and the singers, Alice Bassi, Bill Patton, George Hall, Betty Jack, Mario Arquilla, Helen and Ray Wessel really were great and Marty Corcoran kept us all laughing. Millie Timpe with her Hawaiian Dance really made us wish we were on the islands. Our finale was the "Hoky-Poky" which put all of us in a good mood for our trip home. Well, our trip home was something else again with singing and Julie Jurasz keeping us in stitches with her jokes.

Congratulations to Mike Christ who was (a former Joy's Town Boy) appointed to the National Alumni Board of Directors of Boys Town.

Our coffee and rolls were a treat for our members at our August social meeting through the generosity of our newlyweds, Sarah and Louie Arversano. We wish them much happiness and health in the coming years together.

Helen and John Rogowski, Florence and Peter Lencioni want to thank all the workers, donors, and the buyers, who made the White Elephant, Treasure 'n Trivia Sale a big success. Don't forget our "Day at the races" September 19 and our Theatre Party on October 5th at La Cabaret, at Pheasant Run in St. Charles, Ill. to see "I Do, I Do," a musical about marriage.

Birthdays for September: Louie Bassi, Evelyn Hafferhamp, Harriet Kanzer, Jerome Mostek, Gertrude Pollack, Dorothy Reynolds, Helen Rogowski, Edward Trojan, Mabel Wermerskirchen, Rose Majeski, Bill Patton, Lovretta Haupt, Albert Konar and Eleanor Stec.

Sorry to report the passing of Walter Benson. Kindly remember him in your prayers. A speedy recovery to Fran Kaitis who is in Lutheran General Hospital. Cards will cheer her...

Niles wins 5 Feet and Under tournament

After losing their first two games, the Niles 5 feet and under all-stars won eight straight to edge Lincolnwood, who finished one game behind the Champions from Niles, the Niles All-Stars combined pitching depth, strong hitting and outstanding fielding to rise to the top of the six runs a game with a balanced attack. Niles also employed eight different pitchers during the series. A strong and disciplined Niles defense made four putouts at home and turned ten double plays.

The Championship team was comprised of nine 12 year olds and six 11 year olds. The six 11

year olds also brought home first place trophy from the Thielens' Tournament for 11 year olds. The 5 Feet and Under All-Stars was a difficult team to chose considering the outstanding group of athletes in the Niles League this year. The team was picked to insure that there would be no weaknesses. One player might be chosen for his defense contributions; another to deepen the pitching. In the end, all the players were needed to win the tournament. They acted together as one unit and with one goal. They succeeded.

Some individual achievements were as follows: "Playing all ten

games were Jim Hickey, Matt Hedrich, Mike Cohen, Brian Nawrocki, Art Krueger, and Carmon Fullone. John Watrach led the team in batting (.556). Jim Hickey played in the most innings (58). Matt Hedrich had the most times at bat (35), the most runs scored (13) and the most hits (16). Jim Hickey led the team in doubles (7) and hit the only home run, a grand slam. Mike Cohen led the team in triples (2). Jim Hickey led the team in RBI's (16) and walks (11). John Watrach and Matt Hedrich led the team in stolen bases with seven each.

Of the eight pitchers, Art Krueger led the staff with 16 1/2 innings. Jim Hickey was the strikeout ace fanning 19 opposing hitters. Matt Hedrich had the lowest earned run average on the team (0.67). Jim Hickey led the team in wins (3) and Art Krueger led the team in saves (3).

Other team members were: John Imber, Jack Pullen, John Kosina, Dave Bacchiere, Steve Cieszykowski, Frank Kuhr, Brian Nawrocki, Danny Gable, and Randy Dudgeon.

While certain individuals excelled, it was truly a team effort. Therefore, no Most Valuable

Niles Baseball League Park District tournaments

After three weeks and 82 games the Niles Baseball League Park District tournaments came to an end on Monday, Aug. 27. Here are some of the results:

Bronco

Twelve year old 5 feet and over tournament: In the first round Edgebrook defeated Elmhurst, Carol Stream edged Niles, River Grove defeated Norwood Park and Dunham Park trounced Kenilworth. Round two saw Edgebrook beating Carol Stream and Dunham beating River Grove. Carol Stream then defeated River Grove 2-0 for third place and Dunham Park in a come-from-behind effort defeated Edgebrook 2-1 in seven innings to take 1st place with Edgebrook in 2nd place. Niles was represented by Mike Early, manager, and the team members were Russell Block, Randy Busiel, Scott Ciesko, Mike Composano, Art Dospil, Brian Early, Steve Gaza, Scott Giovenelli, Roger Goldbach, Vic Pedraza, Eric Perkins, Wayne Potrue, Bill Terpinas, Bob Ugel and Rich Venhuis.

Pony Tournament

The talk of the town in this tournament was a team coming from Rochester, Minn. to play here in Niles. They came over 750 miles round trip on 3 separate occasions taking 2nd place, losing only to Champion Park Ridge, 6-4. We wish to give a very special thanks to Mayor Blase for coming out and personally welcoming this team to our city. Palatine defeated Dunham Park 5-4, playing their 3rd extra inning game. Other participants were River Park, Arlington Heights, Villa Park, Elmhurst, Mighty Meteors, Shabonna, Harwood Heights, and the Niles Team was comprised of Ed Grisanti, manager, Mike Overbeck, Steve Sieghart, Len Minnelli, Jim Kiene, Nick Grisanti, Steve Dombrowski, Randy Howard, Dave Gable, Mike Basso, Rich Zadel, Nick Candotti, Mike Dary, Mark England, Jim Raffin, and Henry Zajac.

Player Award was given. Each player can be assured that at one time or another, he was the Most Valuable Player. And when you win a tournament, by only one game, every walk, hit, catch, pitch or stolen base is the most important play.

Be sure to look at the Sports page of the Niles Bugle next week for a game-by-game report on the tournament and see how the Niles All-Stars recovered to capture the Championship Trophy.

5' and under

The Niles 5' and under 11 and 12 year old tournament saw teams from Park Ridge, Lincolnwood, Edison Park, Elk Grove, Elmhurst and Niles playing 10 games each. Niles, after losing their first two games, came on to win 8 straight, surpassing 2nd place Lincolnwood 7-3 and 3rd place Park Ridge 6-4 to take the championship. Manager Kevin Christell and Coaches Howard Meron and Bob Heath and players Jim Hickey, Art Krueger, Mike Cohen, Matt Hedrich, Jack Pullen, John Watrach, John Imber, Steve Cieszykowski, Carmen Fullone, Frank Kuhr, John Kosina, Dave Bacchiere, Danny Gable, Brian Nawrocki, and Randy Dudgeon. They all deserve our congratulations for a job well done.

Colt

The Colt tournament was the most exciting of all. We had a lot of homers, even grand slams. This tournament ended in a tie for second place with Niles and Villa Park in a play off game for 2nd and 3rd place. It was a very humid evening and the mosquitoes were out in full force when the 2nd place teams squared off for battle on the diamond. Villa Park scored early in the game with a home run and a walk, a couple of singles gave a 3-1 lead over the hard-hitting Niles team that came up with 3 home runs in this game, but it wasn't enough to win the 2nd place seat for Niles. The final score was Villa Park 5, Niles 3. Elmhurst won the trophies for 1st place, Villa Park 2nd and Niles 3rd. The Niles team consisted of manager Tom Spino, coaches Dick Reeve and Bob Murray, the team was Mike Aaknes, Jim Berg, Dan Busiel, Steve Bychowski, Bruce Carbonara, Vince Clemente, Rick Gallatz, Bob Knurr, Scott Larson, Bill Murray, Lee Newlan, Brian Peterson, Ken Reeve, Ken Sall and Phil Zangara.

The Niles Tournament, despite 8 inches of rain, ran smoothly because of the hard work of many people. Our special thanks to Debbie Nelson and Bill Hughes of the Niles Park District for keeping the fields playable despite all the rain and for providing a place for the Minnesota team to stay overnight, the Public Works Dept. for their help and supplies to keep our Sunday, Aug. 19, games playable. Also a very special thanks to all the umpires and scorekeepers.

Thank you to the Baseball League board members George Aaknes, Mike Early, Jim Jakot and Alex Boscapomi, and their helpers for running their divisions so smoothly and giving up so many of their evenings.

Special thanks to John Imber for the help with rescheduling and managers and coaches Jim Hickey, Art Krueger, John Kassel, John Imber, Ken Kuhr and Alex Boscapomi who came out Sunday, the 19th, with shovels, rakes and wheelbarrows and worked hours on the fields to keep the games going.

Last but not least Margaret Cieszykowski, who spent hundreds of hours helping the tournament director, Robert Cieszykowski, making phone calls, mailing letters, checking teams and much, much more.

Managers of financial institutions tend toward conservatism. There are good reasons for this. Primarily, the experience of time has shown, with rare exceptions, the conservative way to be the successful way of dealing with money. At Cook County Federal Savings we treat your money with great care. Most of our savings capital comes from our neighbors here... and, is reinvested in the form of mortgage loans on homes right here in the neighborhood. You get the highest return on your investment, and your neighborhood progresses through capital made available in the form of mortgage loans.

Niles Police family picnic 'memorable'

This beautiful, sunny autumn day made the Niles Police Department's annual family picnic held in Grove 1 of the Forest Preserve Sunday, Sept. 2 one that we shall always remember.

The food cooked over an open grill included corn roasted in the husks served with butter, hot dogs, hamburgers, bratwurst, Italian sausage, baked potatoes, hot coffee and beverages of all kinds added to the enjoyment.

The cooking was supervised by our old standbys Jim Olbrisch, Jim Dvorak and Jack Thompson, assisted by many recruits, giving the ladies a real vacation on this special holiday. All were delighted with the new, improved grill made for us by "on Brown."

There were many games during the day for both adults and children. It proved hard to get the children rounded up long enough for a game though due to the fact we were in a new grove this year. All of the new trails had to be explored, turning up some new adventures, such as the 'possum

LETTERS to EDITOR

Former MG trustee cites administration for 'reckless spending'

Dear Editor:

The most outrageous and irresponsible act by any Morton Grove village board ever has just been perpetrated on its homeowners.

Talk about reckless spending, the board voted an unheard of 51% increase in the tax rate for our 1979 tax bill, raising it to 1.25 from the 1978 rate of 1.29. Folks, when you get your tax bill next spring you'll see it jump anywhere from \$60 to \$120 and more depending on your equalized assessed valuation. Pity should go out especially for senior citizens on fixed incomes.

Our tax rate will now be higher than any other surrounding village, let alone higher than Niles Township High Schools and most Morton Grove elementary school districts. Do you realize just how serious this is?

Since the Action Party took over two years ago, the tax rate

Cites 'outrageous' theatre prices

Dear Editor:

This past weekend our two grandchildren, 6 and 10 years old, spent several days with us.

I took them one afternoon (Sept. 1) to see the movie "The Muppets", which was being shown at the Lawrencewood Theatre. The children had heard how good it was. We arrived at the show at 12:30 p.m. (matinee) and, much to my dismay, I could not believe the prices written in pencil—children \$2 and adults \$3.75. I feel that this was a real rip-off! Naturally we went in since I promised them. This movie was at the Deerbrook Theatre in Deerfield and the price was \$1.50 general admission until 6 p.m., which is understandable. Many people entering the theatre were outraged at these exorbitant prices.

If we are to have movies for children's viewing, I believe prices should be considered also. The show was sparsely filled.

Thank you for listening to a frustrated grandmother. I know we are living in a free enterprise society, which I am happy to be part of, but I don't like rip-offs. Name withheld by request.

has jumped 76%. During my board term the previous eight years the tax rate went up only 37%, or less than 5% per year. What's wrong with these people? Have they no regard at all for our strained pocketbooks?

It's time we homeowners join together and begin a unified effort to put a halt to this reckless spending. Won't you join us in our efforts?

Flynn cites policy on foreign businesses

Dear Editor:

Mae West said it all in a movie in 1934—“Hello Sucker!” It appears to me that our Congress firmly believes we Americans are all “suckers”. I can hardly believe what benefits our own Congress has given to foreign businessmen and governments.

A foreign businessman or government is permitted to buy all the American farm land, processing companies and export companies they can afford. They can then grow food, process it and export it for substantial profits and not pay one cent in income tax on that profit. In other words, American-owned companies must pay income tax but foreign-owned American companies pay no income tax as long as they do not sell any product in America. What a deal!

The benefit is not limited to foreign businessmen. A large American corporation can own a foreign business completely and have that foreign company buy American farm land, processing and exporting companies and qualify for the income tax exemption. Obviously, we need a Federal law to stop this rip-off of the American farmer and tax payer. I will introduce new Federal law in Congress to stop this practice.

Sincerely,
Thomas W. Flynn
Democratic Candidate
for Congress

level. They asked explanations from the board regarding the working cash fund and district finances. EMEA claims one way to pay the teachers is by abolishing the working cash fund. James Bowen, District 63 business manager, explained the fund can "establish" by the taxing of one nickel on each dollar or by selling working cash funds. The present fund was begun with a tax levy in 1964 and its present balance is almost \$1,400,000. Interest from the fund is used to loan money to other funds without going into deficit spending.

Parental suggestions included selling school property, hiring new teachers, getting substitutes, negotiating in better faith and even replacing the federal mediator, Sam Mazza.

One mother suggested that she and others establish classes for the children. While the board adjourned to executive session, teachers took over the microphones and attempted to sway the many parents representing almost every school in the district.

Jay Smith discussed class size, complaining the overload at Nelson was very high. He said teachers wanted input, not control.

Barbara Korb, EMEA president, claimed board mem-

bers wanted closed negotiations, not the teachers. Previously, this reporter was told by a member of the EMEA negotiating team that teachers wanted closed negotiations. She said, "Only one parent showed up at that (open negotiating) session."

James Pippin, also a member of the negotiating team, said the board's figures include projected deficits. He said he did not believe that the State would let us go bankrupt.

This informal meeting was supposedly run by Ron Waller, a Stevenson parent.

In other routine business, the board moved the resignations of certificated and classified personnel, appointed and reinstated certificated personnel. One of the teachers reinstated was Jay Smith of Nelson School.

Also, the board approved appointments of certain classified personnel including 12 teacher aides. A change in salary was approved for classified personnel including four teacher aides.

An annual salary of \$23,000 was approved for Dean Korbakes as acting administrative assistant.

Board members also approved the hiring of Niles Police Officer John Thompson as truant officer.

Two motions concerning student teaching agreements were passed regarding the district and Illinois State Univer-

have windows or guards. Once employees are in the building, they are not able to oversee the cars in the lot."

Niles Mayor Nicholas Blase cautioned trustees to proceed carefully. "We have set a precedent in the past but we normally do not want to get involved with barbed wire because of the potential danger."

Also, he told Miller, "We need proof of an exceptional need for your property to be fenced with barbed wire."

In other business Tuesday evening trustees requested cost-

city and North Park College. A tax levy was passed in the sum of \$4,163,000 for educational purposes, \$862,500 for operation building and maintenance, and \$207,800 for transportation.

Also levied was \$175,000 for the Illinois Municipal Retirement Fund and \$125,000 for tort immunity on the taxable property of the school.

Also passed was the levy of \$115,000 as a special tax for working cash purposes.

Also, board members moved to pass the August payroll of \$365,784.08.

Fees for August's insurance were passed totaling \$17,052.05 and the Illinois Municipal Retirement Fund totaling \$10,900.51.

comparison figures for review at the next board meeting of burglar alarm systems from Niles Police Sgt. Frank Wichlac, following an interim report on available options to the village.

Seeking guidelines to pursue research of a suitable village burglar alarm panel, Wichlac said trustees should consider village-ownership or a franchise.

He noted village-owned equipment for a system with more than 100 subscribers would cost \$12,000 to \$14,000 plus \$2.50 per month per subscriber. A smaller system said Wichlac would require village outlay of \$9,000 to \$10,000 with the same additional cost to subscribers. Both systems would carry village amortization costs.

Equipment furnished by outside burglar alarm companies would carry a fee of \$45 to \$55 per hook-up and an additional \$8 to \$10 per month to the subscriber said the police sergeant.

Village officials are seeking alternatives for action on Niles' aging police alarm panel for report back to the board next November.

Unanimously approved a resolution seeking \$1,000,000 in federal monies to subsidize the National Weather Bureau for construction and operation of a Doppler Radar Warning System for tornadoes.

Unanimously approved appointment of Reserve Police Officers May 1, 1979 to April 30, 1980. Selected from 60 applicants new Reserve Officers are John Parlich, Michael Cieleski, Martin F. Stankowicz, William LaCerra, Anthony Baran, Donald Fergus, Edward De Bartolo, Ronald Strzelecki, Kimberly

Any nurses who would like to volunteer their services for the clinic are asked to call the Health Department at 965-4100.

At the recommendation of Bill Mottweiler, village engineer, the board okayed funds for a \$32,450 study of residential streets. This structural analysis of the streets, which was likened to an x-ray, will help officials form a 10-year program for reconstruction and rehabilitation.

The study, by Novak Dempsey and Assoc., is said to save a great deal of money in the long run, by pinpointing those streets in the worst condition and resurfacing appropriately. Federal revenue sharing is involved in the funding.

Mottweiler also noted that work at the Dempster-Lehigh railroad crossing should be finished by the end of the week. The Oakton st. crossing is scheduled for repair next year.

Leonard Bloomfield, chairman of the village planning and zoning commission, wished to remind residents planning to build garages before winter arrives that building permits are required and certain areas call for specific variations.

On a planning commission recommendation, the Standard Oil station on the NE corner of Dempster and Waukegan will be allowed to convert to a self-serve facility. Also Morton Grove resident Abe Leaver will be allowed to construct a 30-foot high tower for his amateur radio operations.

Referring to the low-interest mortgage program, Village Attorney Martin Ashman labeled it "an instant success." He said the money should be available by today. Only the savings and loan in Wilmette still has mortgage funds left.

Also at Monday's board meeting, Mayor Flickinger proclaimed September as Morton Grove Woman's Club month.

ponent's goalline or crossbar. It was scoreless after 60 minutes of a tenacious defensive game.

In the first overtime Rob Pullen caught a 12 yard touchdown pass from Maine East's Tim Brady to give the Demons a 6 to 0 lead. The Demons faked the extra point kick but failed in passing for a 2-point after-touchdown try.

Notre Dame came right back when the two D's, French and Fitzpatrick, passed and caught a 13 yard touchdown play tying the score. But Maine East rose to the occasion and blocked the tie-breaking extra-point kick, forcing the game into a second overtime. Maine East's relentless defense limited Notre Dame to 84 yards all evening.

In the second overtime Chris Vatriss scored from 5 yards out to lead Maine to a 12 to 6 lead, which proved to be the winning score. The Demons then held the Dons who tried four consecutive passes in its attempt to play catch-up.

Tony Varco, whose key block cleared the way for Vatriss' winning touchdown, led the Maine East attack gaining 101 yards in 25 tries.

N DOLLARS AND SENSE

by Robert Chodil, President

There are two broad classifications of banks depending upon their charter and the supervisory authority that governs their operations.

State banks receive their charters from and are subject to the banking laws of the state in which they are chartered. National Banks are organized under a federal banking law (National Bank Act) and operated under the supervision of the Comptroller of the Currency, an official to the United States Treasury Department.

The Federal Reserve System is the central banking system of the nation and consists of twelve Federal Reserve Banks and their branches. These banks located in prominent cities throughout the country, act in the capacity of central banks for the United States. They are in effect "Bankers' banks". National banks are required by law to be members of the Federal Reserve System, while membership is optional for state banks.

The Federal Deposit Insurance Corporation, established in 1933, is an agency of the Federal government and insures deposits in the banks against losses up to a maximum of \$40,000.00 for any one depositor. Banks pay a fee to FDIC for this insurance. All member banks of the Federal Reserve System must subscribe to FDIC insurance. Practically all nonmember banks voluntarily carry this insurance.

Banks may be further classified by their organizational structure and the type of service they provide. A commercial bank is owned by stockholders who elect the board of directors. These directors not only represent the stockholders but also appoint officers to manage and operate the bank. In the case of a mutual savings bank, the depositors are the owners. The power of management, however, is vested in a board of trustees, a self-perpetuating body. A Trust Company, like a commercial bank, is owned by stockholders. Its principal function is to provide trust services, but it may also offer commercial banking services.

Today, commercial banks provide many financial services. They occupy a vital position in our American economy by supplying credit to business, individuals and government. In addition, they receive demand deposits (checking accounts), and time deposits (savings accounts), and offer a convenient and efficient means of transferring funds and settling financial transactions.

Receiving money on deposit for safekeeping and customer convenience is an important function of a bank. Demand deposits are subject to withdrawal by check. Time deposits are usually kept in savings accounts or some form of savings certificate. In actual practice, savings deposits are generally paid on demand.

Allgauer's new lounge called the Library

Allgauer's Fireside Restaurant in Northbrook has enlarged the banquet facilities to accommodate over 900 guests with eight private rooms. This was due to the increased demand for larger and more private parties, according to Frank Allgauer. Allgauer's have been serving the Chicago area for 43 years.

The new lounge, called the Library, while smaller than the previous lounge, has many more features. It is like a parlor with many couches and cocktail tables in a cozy setting of bookshelves and unusual art.

In the Library there is a happy hour from 4 to 6 p.m. with a large selection of appetizers and Oyster Bar. There is live entertainment for listening and dancing pleasure with no cover or minimum charges. Currently playing in the library is Andy Lane, who will be there until Sept. 29.

You can even have your dessert in the Library, which opens up a whole new concept in dining pleasure. Image having your cocktails and appetizers in the Library, strolling over to the beautiful dining room for dinner and then back to the Library for dessert and after drinks. And wait till you see the large selection of special drinks and the Library has to offer.

V-Show
Directors-tryouts

Tryouts for Maine East's 79 V-Show, titled "Playing the Palace," will be September 26-28 with students asked to gear acts to a vaudeville atmosphere. Additional information regarding tryouts will appear in the daily bulletin or students may stop by the drama department office (rm. 145-B).

Student directors for "Playing the Palace" are Pete Millar of Park Ridge, drama; Lori Durston of Niles, choreography; Lisa Pector of Des Plaines, vocal music; Dave Rice of Park Ridge, instrumental music; and Chris Frawley of Niles, technical theatre.

The Park Ridge Community Theater, still basking in the glow of a very successful 78-79 season, begins their 44th year this season. Founded in the depression year of 1935, and performing on assembly hall stages of local schools, the group was originally known as the Norwood Park Players. The name was later changed to "Playmakers," and finally to The Park Ridge Community Theater prior to the 76-77 season.

The first show of P.R.C.T.'s 44th season will be "A Barrel Full of Pennies," a comedy by John Patrick. Show dates have been set for Nov. 16, 17, 23 and 24. Two more productions are planned for February and April. To order season tickets, and for more information on Park Ridge Community Theater, call Susan Hopkins at 775-8540 or 631-4898.

McDonald's All-American Band nominees

Ninety-six outstanding high school musicians from the Chicagoland-Northern Indiana area have been nominated for the 1979 McDonald's All-American High School Band, according to Ralph Bowermaster, president of the Association of Chicagoland McDonald's Restaurants.

Library seeks arts and crafts exhibitors

The Niles Public Library is looking for artists and craftspeople who would like an opportunity to display their work before a sizable community audience. The Library is planning a major series of events during Illinois Arts Week (October 6-13) to accompany the exhibits. They will include films, live musical presentations and a fascinating glimpse into the life of Toulouse-Lautrec, all of which should attract a large potential audience for the exhibits.

Anyone interested in showing their work at what is planned as a major civic event should call either Roger Hecht or Cheryl Film at the Library (Telephone number 967-8554). Any medium of work will be considered, and you don't have to be a Niles resident to be eligible.

The entire week will be kicked off by a reception given at the Library in honor of the participants. All exhibitors and performers will be invited. The event will take place on Friday, October 5 at 7:30 in the Main Library building, 6960 Oakton st.

Arrest Chicago couple on burglary charges

A motel receipt found at the scene of a Park Ridge burglary led to the arrest of a Chicago couple believed to be responsible for numerous Chicago and suburban burglaries.

James Babula, 31, and his wife, Sharon, 32, of 4901 Ainslie, were taken into custody early Monday morning, Sept. 3 during a Niles and Park Ridge police stakeout of the couple's room in the Village Motel, 6871 Milwaukee ave.

Babula was charged on 3 counts of burglary, 3 counts of thefts and unlawful possession of drugs and hypodermic syringes. Sharon Babula was cited for multiple thefts and unlawful possession of narcotics. Both are being held in Cook County jail in lieu of \$50,000 bonds each, pending a court hearing in Niles Circuit Court.

Niles and Park Ridge police said they knocked on the couple's motel room door Monday after Babula was observed returning to the room around 4:30 a.m. carrying a satchel. Both suspects were placed under arrest after Babula opened the door.

Niles Police Investigator Sheehan said a tool box matching the description of one taken in an August burglary of the Niles Professional Bldg. at 7745 Milwaukee ave. was found in the room. He said numerous pieces of jewelry, silver service, silver coins and cash were strewn throughout the motel room along with paraphernalia associated with drug use.

Police said heroin was allegedly found in the possession of the arrested man.

Niles police said they were contacted Aug. 27 by Park Ridge officers after a motel receipt was found at the scene of a Park Ridge office burglary.

The couple had already checked out of the Capri Motel at 7120 Milwaukee ave. said police but the desk clerk gave descriptions of the man and woman, their car, and license number. The clerk also told police he had noticed a large number of typewriters and calculators in the couple's room, altho he did not report this to police.

Police located the car, which had been stolen in early August from a Northbrook resident, parked with a flat tire at the Village Motel on Sept. 1. There police learned the woman was in the motel room and that Babula was out in a second auto, a Camaro believed to be stolen from Elmwood Park.

A stakeout of the motel by Niles Officers Sheehan, Wm. Reid and Park Ridge Investigators Thomas Polka, Terrence Connolly and Officer Jeff Caudill resulted in subsequent arrest of the couple.

BROWN'S
GOOD OLD-FASHIONED CHICKEN

Here's why our chicken tastes better.

Better batter. We fry our chicken in a natural batter of fresh eggs and whole milk. With no heavy herbs or spices to cover the good taste of our good chickens.

Better quality cooking. We open fry in pure cottonseed oil, instead of vegetable shortening. So our chicken comes out extra tender, crisp and tasty. It even tastes better cold.

A better bird. One reason our chicken tastes better when you get it is it's better when we get it. We use only fresh USDA Grade A Chicken. Nothing less.

So it better be good. We cook continually so your chicken is always hot and fresh. Never warmed over. And when you come to Brown's you'll see us cooking. Our open kitchens have no walls to block your view.

Niles Plan Unit seeks more info on proposed apartment building

by Alice M. Bobula

The Plan Unit sent the architect of a proposed three-unit apartment building at 8008 Washington st. back to the drawing board Monday, Sept. 10.

The Commission will hear continued arguments for a change in zoning from B1, business, to R4, multi-family, for the site Oct. 8.

During the Monday hearing, commissioners decided they would like to see more detailed planning which would be in compliance with the village code, on setback requirements and on parking sites.

Commissioners opined the proposed building to be "rather big" and, said Zoning Comr. Stan Lowe, "this may be the best use for the property but it does not conform to Niles' code according to the plans presented to us."

Board President Jack Frick agreed. "We are subject to criticism when a total planning is not presented to the Board of Trustees. There are too many 'ifs' about this petition."

Ed Walsh, representing Rose Heinz of Niles as the petitioner, said he assumed builder Frank De Maria plans to construct a 2-story building for the area at Washington near Oakton st. which presently holds an old frame building. Village ordinance restricts building height to 3 stories or not more than 40 feet.

The two-bedroom units he said would be rental apartments.

Questioned whether the owner, who lives a short distance away, plans to retain ownership, Walsh replied, "Yes, for the present, but who knows what will be?"

A resident adjacent to the property, at 6014 Washington st., inquired whether she had to install sidewalks and asked about water runoff. "My property gets water from the roofs and I'm walking in mud-until May."

Zoning and Building Comr. Joseph Salerno replied that sidewalks would be required in

construction of the proposed building but not for adjacent properties. As for water problems, Salerno said he would request land grading plans.

In other action commissioners said "naughty, naughty" to Anthony Bellino, owner-operator of Friendly's at 7301 N. Milwaukee ave. for putting in five customer seats (now a total of seven) which are out-lawed by village code for a carry-out restaurant. But they proceeded to right his wrong by recommending for approval his petition for rezoning from a carry-out to combined full-service and carry-out eatery.

Bellino admitted he had been told to remove the chair-seats, but did not do so pursuant to a decision by the Zoning Board.

Board President Frick pressed the issue. "Your original petition in February, 1978, stated you did not want customer seating... since then you put in 5 chairs. This is a serious matter," he told Bellino. "Salerno could close you down because of those seats."

The Monday night fiasco continued. "I'm confused," said Comr. Angelo Troiani somewhat humorously. "I don't know whether to call this a carry-out or a sit-down restaurant."

Salerno tried to explain. "Friendly's is supposedly a carry-out but with seats on the premises, he (Bellino) has violated the village ordinance and has declined to remove the seats."

"Then that gives him a full-service carry-out restaurant already," pointed out Troiani.

Approval was predicated on inspection of the property for proper washroom facilities and limited to a 7-seating capacity pursuant to existing 28 parking sites.

But commissioners were not finished. Zoner Joseph Raymond asked about removal of the seats prior to approval of the petition

by the village board of trustees. Said Frick, "If Salerno wants to put his black hat on and enforce the village code, he may do so."

In other business, zoner's recommended approval of a petition by Louis Elliott for a change in zoning from an automobile service station to Business Special Use for a full-service restaurant at 6500 Gross Point rd.

Elliott, a real estate developer, told commissioners he entered partnership with a restaurateur and plans to use the existing building, adding only a foyer-vestibule area.

He said the property would be purchased from Oklahoma owners predicated upon zoning approval. Also, the restaurant would cater to business people in the area with a self-service type operation similar to Arby's and a menu of hamburgers, hot dogs, beef and steak sandwiches corresponding to Booby's.

"We know it will be a great lunchtime business and also think it will be a good breakfast area," said Elliott who indicated the owners will encourage family dining in the evening.

Approval was predicated on a "Right Turn Only" sign on Caldwell, a 6-ft. high cedar fence along the adjacent Medical Center property line, fencing 5 ft. to 6 ft. in height or landscaping along the residential boundary, seating limited to 48 customers, outdoor signs subject to review by ordinance and landscaping plans to be approved by village trustees.

Area residents are invited to attend the next meeting of the Northwest Suburban Better Breathers' Club on Thursday, September 20 at 7:30 p.m. at Holy Family Hospital.

The meeting, to be held in the Des Plaines Room on the lower level, will cover the topic "Emotional Aspects Related to Pulmonary Disease."

Persons wishing to attend the meeting should contact the Public Relations Department at 297-1800, ext. 1174, weekdays, 8:30 a.m. to 5 p.m.

PAT MOORE TAG DAY ... Orchids to Walt Beusse, Niles Park District commissioner who has picked up the ball and is striving to get funds from local clubs and organizations to help finance Niles speed skater Pat Moore. Pat, a definite Olympic choice for the United States speed skating team, is slated to leave for Europe next month to train with his team and coaches prior to the time trials for the Olympics in December. The Winter Olympics are taking place in Lake Placid, New York in February, 1980. Walt is also planning to contact local industry to seek financial help for Pat.

While it's great for the local clubs, organizations and industry to extend a helping hand to this young man, why not let the Niles residents themselves show their support by having a Pat Moore Tag Day? We are sure everyone would like an opportunity to send Pat to the Olympics and while not everyone can sit down and write a check, those dimes, quarters and dollar bills would add up fast if a tag day were held.

Our neighboring community of Park Ridge has a renowned figure skater, David Santee, and many of the local businesses have cans on their counters with a sign that reads "Dig Down for David". Why not do the same thing in Niles and change the sign to read, "Put Pat in Lake Placid"? In this way, each of us, in our own little way, could contribute to this very worthy cause.

SPEAKING OF PARK RIDGE ... Former Niles Commissioner Jack "Parking Lot" Leske, who is now a Park Ridge resident, has already made his mark on that community. Last spring a local shopping center distributed sunflower seeds to their customers and offered cash prizes for the tallest sunflower and the largest (in diameter) that were grown. When the official judges arrived at the Leske residence, they had to use an 8-ft. ladder and a 6-ft. ruler to measure Jack's 14-ft. prize winner, which proves only one of two things. He either has great soil or used an abundance of fertilizer. Regardless, Jack is \$50 richer and plans to enter the contest again next year.

BUBBLES, BUBBLES EVERYWHERE ... For the 4th time this summer since the beautiful fountain was reactivated at Dutchman's Point at Touhy and Milwaukee, vandals have poured liquid soap into the water causing a mess with suds. Fortunately this last time, some young lads were apprehended for the vandalism. While it may seem harmless to some, it requires two days of village manpower to shut down the fountain, clean up the mess and reactivate it. That's not funny, taxpayers!

REMEMBER WHEN ... People used to hold up gas stations and now it's the other way around!

golf course does not open until 7 p.m. When he received a phone call from Olker telling him the girls were missing, they immediately began to form a search party made up of friends and relatives and all then went to St. Paul Woods.

The seven-man search party split into groups of two, using flashlights and checking the underbrush. Olker, together with Garrett Klein, 20, of Prairie View, took the trail down to the river and spotted a pool of blood with the flashlights. They followed the trail, found a hair brush and then stumbled on the body of Elyvonne Bender. The Ovington girl's body was found about 25 feet farther.

Police said the partly clad bodies were almost hidden from view from the trail by bushes and underbrush. A large pool of blood was found in a clearing about 50 feet from the bodies indicating the girls were killed at that site and their bodies dragged to the positions where they were found.

The medical examiner's office indicated after the autopsy that neither the Bender nor the Ovington girl appeared to have been sexually assaulted. Further tests were being conducted including blood tests and an examination of the contents of the victims' stomachs.

Funeral services were held Saturday, Sept. 8 for Elyvonne Bender at the Glenview Free Church, Glenview. Interment was in Ridgewood Cemetery. She is survived by her parents, Glenn and Irene, and sister Sharon Peterson.

Funeral Mass was celebrated Monday, Sept. 10 at St. Martha's Church, Morton Grove, for Susan Ovington. Interment was in All Saints Cemetery. Susan is survived by her parents, Richard

Both girls were members of the senior class at Niles West High School.

We think every Illinois resident should get behind Richard Daley's efforts to knock out sales tax on food (and drugs). The 1% sales tax increase is downright criminal and we should all let the governor know about it. When we reported 3 months ago we sat in on a legislative committee recommending the increase, we vocalized our objection to committee chairman Garmisa. This additional tax squeeze, aimed at the people who can least afford it, is immoral and should be fought by every thinking Illinoisan. Write Daley and Thompson and let them know your feelings. It's time we halted this obvious rip-off.

Whether or not Niles Days time has come and gone will likely be determined during the coming months. The exodus of Ben Mankowsky and Ed Brasch, who've served for many years, is one of the many contributing factors for its likely demise. Still, an evolutionary process might result in a new and better idea coming forth to replace this historic event.

Many people join The Man in believing a local event for local residents would be a welcome change. A village-wide activity which would include all villagers might better serve the community. Since the profit emanating from Niles Days is negligible, and the tremendous amount of work by 600 volunteers results in a nominal monetary return, Niles Days' time may have passed.

While debating where the moneys will be distributed, and not paying the village for its services, the committee Monday night agreed to present the Public Works Department with \$500 for its employees to be used for a party, or in a way it deems fit.

Tommy Flynn comes at you like a jack-hammer. He tosses around political names, bombards you with accusations of conspiracies, and generally leaves a reporter lmp, after a short 30-minute press conference with Niles' most erstwhile political candidate.

Monday morning Tom presided over a 3-man press conference in his office, and aside from downing a cup of coffee and one of those nutty donuts, I have vague recollections of what went on. While Tom wanted it made clear he's making no accusations, he then began the accusatory part of the conference which went on the entire 30 minutes (one-hour for reporters who got there on time).

In his most non-accusing fashion, our man Flynn wanted to know why Northfield Township committeeman Don Eslick, with \$265,000 committed to him, dropped out of the Democratic congressional race in favor of Robert Weinberger. TF then asked why Charley Smith dropped out and why Lou Lamp dropped out. Tom said Niles committeeman Cal Sutkaner also asked Tom to drop out but he said he refused. Tempestuous Tom went on to say Bill Singer could move into the district and run and he might look favorably on such a candidate.

Mr. Flynn, late of Oakton College's board, state senate candidacy fame and state representative candidacy fame, said he is personally against abortions and in favor of a Ted Kennedy candidacy. He left little doubt he felt Mr. Weinberger, a longtime Washington resident, has questionable residential qualifications in this area; he is not a property owner or taxpayer here, and he's being put up by the White House with the compliance of local township committeemen, excluding Mr. Blase. And that, Bugle fans, is what came out of thirty minutes with Terrible Tommy, or as we have now named him, Jackhammer Tommy.

School District 63 residents, getting a bit antsy about their children being out of school, are wondering what kind of a crystal ball The Bugle uses. Last week we wrote residents could expect their children back in school after the weekend. We could be smart-alecky by noting we didn't write which weekend.

One teacher told us Monday she thought this year's East Maine school board is pretty hard-nosed. If it's one of those eye to eye confrontations, waiting for the other side to blink, we'd be willing to bet there will be a collective blink by both sides. Neither the union nor the school board will want to appear they gave in. But they've also got 3,800 children to be concerned about, which should make the most stern non-blinker weaken a bit.

We think every Illinois resident should get behind Richard Daley's efforts to knock out sales tax on food (and drugs). The 1% sales tax increase is downright criminal and we should all let the governor know about it. When we reported 3 months ago we sat in on a legislative committee recommending the increase, we vocalized our objection to committee chairman Garmisa. This additional tax squeeze, aimed at the people who can least afford it, is immoral and should be fought by every thinking Illinoisan. Write Daley and Thompson and let them know your feelings. It's time we halted this obvious rip-off.

We're beginning to wonder who's representing the people in this country. The rip-offs from the oil companies are going unabated. The rise in your utility costs are unchallenged. And now adding a one-cent sales tax to our basic needs is just squeezing the guys at the bottom and the middle of our country. If they want to build highways in southern Illinois, let the truckers and the other drivers who use them pay for them. And while public transportation may need subsidies, the recent report two local railroads receiving public RTA funds are turning a profit belies credibility. The rip-offs may have always existed. Never have they been so visible.
