Left Hand: Nilesites view Pope John Paul II's visit Notre Dame reacts to Papal visit

The Pope's visit to Chicago is the focus of some attention at Notre Dame High School in Niles. The 1000 students, who get a free day for his visit, are making their plans for Oct. 5.

"I'm going to go down right after school on Thursday and sleep over night," said Tom Sheridan, a Sr. from Chicago.

"I'm going," said Jerry Tietz, Sophomore Niles. "This is a once-in-a-lifetime experience. I think if you get a chance you should go."

Several students said they are going because "This is probably the only time I'll see a Pope."

Some of the Notre Dame students are going for personal reasons.

"I had an audience with Pope Paul VI in 1976," said Tim Smith, a Jr. from Park Ridge.

"I know a priest who's been in Rome. He's encouraged me to go," said Steve Scheller, Jr. from Park Ridge.

"I'm Polish, said Dan Luesowski. "This is probably the

only time I'll see a Pope."

Some of the students are participating in a direct way with Papal visit.

Jeff Sparkowski from St. John Brebeuf Parish in Niles is participating in a special program.

The Pope in Chicago . . .

St. John Brebeuf's Father Don Hughes is co-chairman of the preliminary pre-Mass program taking place at Grant Park. He said about 700 people will take part at the festival, and 21 ethnic groups, which will each use their own liturgy and vernacular. The first three hours of the program, which begins at 9 a.m., will be an ethnic praise program, and the next 90 minutes will have a pro-liturgical program which will be the history of Chicago, as viewed in the First Letter of Paul To Chicagoans.

Father Hughes emphasized the program is a spiritual one and is not entertainment or a carnival. Nearly all groups will be Chicagoans, though one Indian group from South Dakota will be on view. They are part of the Mission of Sacred Heart Fathers of Chicago.

Father Hughes laughed when he mentioned the hundreds of volunteers who sought to be included in the program. He said he was told Bobby Vinton and Frank Sinatra had volunteered their efforts but he said the program was not an entertainment program. He said a doctor from Massachusetts called and requested he perform Chopin for the audience. A Polish opera "star", who recently rented out Orchestra Hall and paid for the performance, wanted to be included in the program. And he laughed again when he said a Polish mime group from the east called and asked to appear. He said, "Can you imagine a mime group performing before the outdoor plus-one-million crowd where most viewers will be seated too far back to be able to see the mime group's act?"

In observations on the Pope's visit to the Chicago area, Niles village manager Ken Scheel, who is a commentator at

LWV addresses Niles Board on new sign code

Joan Goldberg, co-president of League of Women Voters of Morton Grove-Niles issued the following statement to the Niles Village Board on Tuesday, Sept. 25 in favor of the proposed sign code for the Village of Niles:

"I am Joan Goldberg, Co-President of the Morton Grove-Niles League of Women Voters, a local organization of 60 women who study national, state, and local governmental issues. In 1978, the League presented to each trustee a booklet summing up a two year limited study on the Village of Niles. We concluded with a list of 7 suggestions for ways the village could improve. In the last few years, many of the items have been incorporated as

village policies which pleases us immensely. One area, Appearance, was focused on when the Comprehensive Plan for Milwaukee ave. was discussed at public hearings last year. The League spoke in favor of the Milwaukee ave. plan because it shared many suggestions and criticisms that were covered in the League of Women Voters report. Signage was one area the greatly needed tougher standards and therefore, we are here tonight to state how pleased we are that the village is on the verge of approving a strict Sign Code. This will greatly enhance the village as has the beautiful corner of Dutchman's Point, the landscaped businesses,

the tree planting program, better parking surrounded by foliage, and the smoother traffic flow on Milwaukee ave. Our main criticism, which hasn't changed in the last few years, is the lack of long range planning. On page 10 in the League report we state "many of the Village improvements are of band-aid nature, rather than results of a well-planned budgeted commitment. Therefore, the LWV proposes that the Niles Village Board should appoint an Appearance Committee which would analyze and evaluate the general appearance of Niles and then set guidelines from which the Village Board could work."

Continuing from page 10 of our study, "The committee should consist of architects, landscapers, professional-planners, businessmen, engineers, lay persons, and builders who would understand the problems of community development. They could then assist the administration in writing an Appearance Ordinance containing rules for setting up an Appearance Commission and an Appearance Plan. The Commission would implement the Appearance Ordinance under the auspices of the Village Board. It would work closely with the Zoning and Planning Board of Niles, the Building Department, and other relevant departments, and would have open meetings permitting interested residents to become involved."

Another alternative, acceptable to the League, would be to hire a Co-ordinator or Director to implement the Milwaukee Avenue Study, as proposed in the plan. The Co-ordinator would work closely with the newly created Sign Board, the Zoning Board, and the administration. We would hate to see such an expensive and such an extensive plan fade away.

In conclusion, the League of Women Voters hopes that the new Sign Code is one more way towards a more beautiful Niles for the year 2000, but we are aware that this is still only the beginning. Thank you."

Golden Age Club of St. John Brebeuf

We have left another exciting and interesting month behind us. With our trip to the Candlelight Playhouse to see "Gypsy" (sorry for you guys who missed it) and that wonderful "Potluck Lunch" with so much delicious food. Wow! Can our ladies bake such delicious cake and cookies, all diets were called off for that party.

Aren't we fancy now with those new badges. The idea for them was Corrine Hall's.

Julie Jurez's daughter became one of our village heroine's. She applied C.P.R. to a woman who had a heart attack in the Jewel Store in Oak Mill.

Marge Berles is displaying her drawings at an art fair at Lutheran General Hospital.

Mr. and Mrs. Stan Godzdecki and Chester and Mrs. Bank traveled to France and Switzerland together for a three week tour.

Mary Lazary became a very proud grandmother Aug. 2. We're happy to report Walter Jabczyk is home from the hospital after another heart attack. But we again have to report the loss of a good gentleman and member Walter Benson who died Aug. 29. Even with his lingering illness, he was always kind and considerate to all of us. We will miss Walter very much.

September must be a bad month for marriages. There are no anniversaries in our membership this month. Birthdays yes; they are Loretta Haupt, Harriet Kanser, Rose Majewski, Bernice Mayer, Catherine Caftering, Pauline Pask, Elizabeth Pfeifer, Nick Kahles, Helen Simon, Marie Traves and Mabel Wermerskirchen.

Daley speaks to Maine Democrats

State Senator Richard M. Daley will be the guest speaker at Maine Township Regular Democratic meeting.

Committeeman Nicholas B. Blase has invited Richard M. Daley to be the guest speaker at their Oct. 12 meeting which will be held at Bunker Hill VFW, 6635 Milwaukee ave., Niles. The meeting will start promptly at 8 p.m.

Senator Daley will be presented with 10,000 signatures on petitions that have been passed out by the Precinct Captains and concerned citizens of the Maine Township area, for the removal of the sales tax on food and drugs. Senator Daley has expressed his concern regarding the increase of taxes which will hurt those least able to pay, those who are poor and those who are on fixed incomes. He has opposed Governor Thompson's proposal to increase the taxes to finance the RTA. State Senators Robert Egan, Aaron Jaffee, Ralph Capparelli and Roman Kosinski have also been

invited to present their viewpoint. Plan on attending this important rally and meet the men who will take your views to the State Legislature and to Governor Thompson.

League of Women Voters meeting on single member districts

The League of Women Voters of Morton Grove-Niles together with the Park Ridge and Des Plaines Leagues will hold a public meeting on single member legislative districts at 7:30 Wednesday evening, Oct. 10, at the lower level of Niles Recreation Center, 7877 Milwaukee ave.

Aaron Jaffe, Penny Pullen, and Eugene Schlickman, representatives of the 4th district, are all scheduled to state their views on a proposed amendment to the Illinois Constitution which would increase the present 59 districts with 177 House members to 118 districts with one representative from each and do away with cumulative voting. In the event of a special session in Springfield at that time, qualified aides will represent the legislators.

Vice President Barbara Blonz, in charge of arrangements, has announced this format:
7:30 - Background information by Marilyn Irvine of the Park Ridge League.
7:45 - Statements by Representatives Pullen, Schlickman, and Jaffe.
8:30 - Questions from the audience.
8:45 - Light refreshments served by the Des Plaines League.

The issue of single member districts was submitted as a separate proposal and rejected by the voters when the 1970 Constitution was adopted. The League reviewed and reaffirmed its position during petition drives which failed to put the issue on the 1974 and 1978 ballots. Now the issue is being restudied, with consensus and statement of position due in November, 1979.

For more information call Barbara Blonz 966-8533.

SJB girl cagers begin new season

Come to "The Greatest Show on Earth", the title of Homecoming '79 at Maine East. Although there won't be any tigers, we will be able to watch the Demons try to tame the Glenbrook North Spartans among many other centering activities.

As usual, there are many activities to make Homecoming a special weekend.

Friday, Oct. 5, marks the commencement of Homecoming. The carnival, which will feature booths, prizes, and refreshments, will take place after school until 8 p.m. From 5-6 p.m. comes a deal one usually doesn't see very often: one can buy a coke and hamburger for only 25¢ - no clowning! After the meal one can dance off the added calories at the street dance, which will be held on the basketball court from 6-8 p.m. The band, Stainglass, has been scheduled to play.

At 7 p.m. is the varsity soccer game where the Demons will try to defeat the Glenbrook North team. After the soccer game is the firelight rally in the stadium where the burning of the letters M.E. will take place along with the announcement of the Homecoming Court and the Mr. and Ms. winners.

Saturday, Oct. 6 will be the car decorating competition from 8-11 a.m. Between the sophomore and varsity football games, all the cars will be paraded. The sophomore game starts at 12 noon and 2 p.m. is kick-off time for the varsity game.

During half-time of the varsity game, the winning car will be paraded and the new king and queen will be announced. Last year's king and queen, Brian Fraser and Karen Kirschner, will crown the winners.

Saturday night from 8-11 p.m. is the semi-formal Homecoming Dance in the cafeteria. The band will be Cottonmouth. The theme of the dance is "Under the Big Top". Tickets will be sold in the cafe at \$6 per couple.

Last week, St. John Brebeuf's 8th grade girls basketball team began as a new "expansionist" team on the varsity level of the Chicagoland Girls Basketball League. This is the first year SJB participated in this league at the 8th grade level.

Altho the SJB girls were able to break their previous scoring record of 50 points, they still lost to last year's division champion St. Stephen's of Des Plaines, 51-55. St. John's began by overwhelming the St. Stephen team with a full court press, opening with a 13 point first quarter lead. This early effort was due to Mary Jane Marusek harassing the in-bounder and double teaming the outlet girl to enable Nancy Surace, Julie Klancnik and Barb Wiltgen to steal pass after pass and then to drive in for layups. However, in the 2nd quarter, Mary Jane ran into foul trouble. As she took turns on the bench the lead dwindled but St. John's still led by 7 points at the half.

In the 3rd quarter Barb and Nancy also ran into foul trouble. Early into the 4th quarter all 3 of these girls had fouled out and SJB lost the lead.

After getting over "first game jitters", substitutes Maureen Thompson, Julie Notaro and Sue Watson fought hard to regain the lead several times before eventually losing the lead again during the last minute of play.

Julie Klancnik scored 18 points and stifled the "star" St. Stephen's player with her beautiful execution of the "box and one" defense in which she accepted the responsibility for "staying on the star" while the rest of the team used a zone defense. Julie also grabbed 12 rebounds.

Nancy Surace scored 16 points and her ability to drive to the basket was missed by the team when she fouled out.

Altho Maureen only played about half the game, she garnered 11 rebounds. Mary Baronowski also put in an outstanding effort with 10 rebounds.

The SJB team relies heavily on speed and aggressiveness when the starting 5 are playing. The strategy worked well until the girls ran into foul problems. The St. Stephens coach was so impressed by the performance of the SJB team, he related to the girls, "We have played basketball since last season formally ended, playing some 40 games this summer, and we haven't lost any. You girls are the finest team we have every played. You really scared us." Another partisan St. Stephen's fan observed, "I have never seen a team like yours, they kept coming at Stephen's, they never let up on the pressure. They never gave up! They are really a great team."

Since the St. Stephen's game was the first St. John's game this season, the SJB girls are looking forward to meeting St. Stephen's again later in the season when they expect the SJB home court to be an important factor.

Other members of this outstanding SJB team include Kathy Belmonte, Laura Giomonelli, Lisa Bielski, Lisa Strauss, and Lisa Bandicarr.

Living ghosts in our area

The dead, who are disturbed and are not able to rest, is the best way to express the situation at the abandoned Jewish Cemetery in the Niles area.

A group in the Niles area have been trying for years to rehabilitate the cemetery to its original condition. In April of this year I talked to one of the spokesmen of this group who resides in Niles, a Mr. Stuart Feiler. Mr. Feiler impressed me that this problem affects all of us, regardless of our religion and as human beings we have an obligation to respect our dead as well as our living.

I wish to appeal to all citizens to get behind this effort and write our elected officials in Niles and our Cook County commissioners as well as the President of the Board, Mr. George Dunne, at the Cook County Building in Chicago,

Kennedy for President committee

Cook County Democratic Party functionaries and labor unions are now organizing an Illinois Committee to support Senator Kennedy for President. They will in fact organize the 10th District. I predict that Committeemen Sukter and Eslick will switch their support from President Carter to Senator Kennedy. The end result will be that average local Democrats will be excluded from the Delegate selection process.

I have organized the 10th District Committee for Kennedy. We want local Democrats such as housewives, students, workers, of their urgent needs. One minute of your time so they, the dead, can rest in peace.

professionals and small businessmen to be considered for Delegate. If you agree with us, then join us. Write us c/o Thomas W. Flynn, 8043 N. Milwaukee, Niles, Ill. 60648 and if you want to run for Delegate include a short resume.

We will work with the Democratic Party-Labor Union Committee. However, we want input by others than job holders and Party functionaries. President John Kennedy's campaign staff organized volunteer citizen committees throughout America. I know because I worked on one. We believe Senator Kennedy wants citizen involvement too.

Respectfully,
Thomas W. Flynn

Weatherproof energy.

In winter For the past several winters, many parts of the country have experienced energy shortages. The oil and coal needed to make electricity couldn't be delivered. Rivers were frozen. Stockpiled coal was frozen solid. The machinery to move coal was frozen.

As fuel ran low, electricity had to be rationed. Plants and schools were closed. People were laid off. Shivering became the national pastime. But not in northern Illinois.

It wasn't luck that got us through those winters. It was nuclear power. Over 40% of the electricity we make comes from nuclear fuel. Because no matter how much it snows or how cold it gets, nuclear fuel is available - weatherproof. Enough uranium to provide all the electricity

we need for an Illinois winter can be stored in a one-car garage.

In summer Nuclear power gives us the reliability we need to respond to summer peak demands without brownouts. In the last decade, when growth of air conditioning helped increase demand for electricity more than 50%, Edison's nuclear stations had an unbroken record of summer availability.

And nuclear power is today's great energy bargain. It costs about a penny a kilowatt hour less than coal and two to three cents less than oil. If we'd replaced our uranium with low sulphur western coal in 1977, it would have cost an extra \$280,000,000 in fuel expense. Oil or gas would have driven the cost up to over one-half billion dollars. Instead, the nuclear fuel we used, the equivalent of 47,000,000 barrels of oil, saved over 10% on your electric bill.

With our strong nuclear capability, we're ready for the weather. Let it snow. Let it sizzle.

Commonwealth Edison Working for you.

R.T. Distributors offers discount prices

This fall, nationally advertised brands of mens wear will show up on discount pipe racks all over the country. What many men may not know, is that lately it's been getting easier to buy such name brands at considerable savings. Stores selling quality mens clothes at discounts of 25% to 60% are opening almost as frequently as strip shopping centers.

While women have been rummaging for designer fashions at discount outlets for a number of years, men as a rule haven't. But, as inflation and clothing prices continue to climb about 10% wholesale this fall from a year earlier, it's predicted fashion conscious men may give discounters a try. You will be surprised at the quality and fashions available at big savings. To buy a good suit in a quality store, you have to spend over

\$200; now men can get the same suit at \$112.

One of the leaders among discounters is R.T. DISTRIBUTORS of 1530 Lee St., Des Plaines, and 215 W. Ogden ave., Westmont. Their huge inventory, low prices, and quality name brands, make it difficult not to buy more than one garment.

Name manufacturers who sell the rack operations, ship suits without their labels, or with the store's own label to protect their full-markup stores in the same area. And, because of low markup, most discounters charge for alterations at reduced cost. Don't let this deter you from the purchase, as savings still will be considerable, and prices will not go down in spite of recession.

Now is the time to pocket generous savings on his fall and winter wardrobe.

Fuel-saving tip

Pack carefully for your trip. Unnecessary weight in the trunk will cut fuel economy. Baggage packed on a roof rack creates fuel-robbing air resistance.

Oakton Awards Scholarships

Eight students at Oakton Community College will receive scholarships covering tuition and fees for the 1979-80 academic year in recognition of their outstanding accomplishments as students and citizens.

In a recommendation to the Board of Trustees at the Sept. 18

board meeting, President William Koehnline submitted the names of eight exceptional students to receive Board of Trustees Scholarships for this year.

The recipients of the scholarships are Arturo Angeles, Des Plaines; Kimberlee Beitzel, Nor-

brook; Robin Brenner, Skokie; George Hoffman, Lombard; Karen Kravis, Niles; Kathleen Reuter, Skokie; John Twarowski, Niles; and Maureen Zimmer, Morton Grove.

"I am very pleased to endorse the recommendations of the Board of Trustees Scholarship

Committee. The choices the committee had to make were indeed very difficult, but I believe they have made excellent choices for the Board of Trustee Scholarships," Dr. Koehnline said.

The Board of Trustee Scholarships cover tuition and fees for the academic year, up to \$400.

Board of Trustee Scholarships stand out as a means of support based solely on the student's achievements.

Oakton's Board of Trustee Scholarships were initiated last spring and awarded for the second time this fall.

Fuel-saving tip

Keep an accurate record of the amount of gas you use and how much it costs. That way, you can check on fuel economy. And a drop in gas mileage will help you determine that it's time for another tune-up.

CitizensBank dimension 60 seminar

Citizens Bank & Trust Company, Park Ridge, has scheduled its tenth program in the Dimension 60 seminar series of timely, money-saving topics for persons sixty years of age and over.

Entitled "A COMMON SENSE APPROACH TO ENERGY SAVINGS," the program will be held on Wednesday afternoon, Oct. 17, at 1 p.m. at the Pickwick Theatre, 5 South Prospect, in Park Ridge.

Included among the topics for discussion are "Coping with the Energy Situation," "Shedding Some Light on Energy Conservation," "Energy-Saving Tips for Today," and "What You Can Expect Tomorrow." Featured on the program will be a panel of experts from the oil, gas, and electric companies. Following these presentations will be a question-and-answer session.

The topics selected for "A COMMON SENSE APPROACH TO ENERGY SAVINGS" are designed to help older persons combat the rising inflation associated with the cost of energy today. With more and more of the people moving to Park Ridge tending to be older adults, (there was a 33 percent increase in the number of seniors moving into Park Ridge from 1977 to 1978) this program can provide insight into energy savings for a large segment of the area population. In view of this, CitizensBank is inviting all persons aged 60 and over to the seminar, regardless of whether they are Dimension 60

members or not. Preceding the program, well-known Park Ridge organist Ted Day will provide music for a special sing-along featuring a number of old-time favorites. There will also be raffle prize drawings and free refreshments.

Admission is free, compliments of CitizensBank. However, in order to plan for refreshments, the bank asks that interested persons call for reservations.

The Dimension 60 seminar series is part of a carefully selected package of thirty financial, travel, purchasing and information services available free to persons sixty years of age and over. Among the services available to Dimension 60 members besides this seminar series are a grocery discount program, merchandise purchase discount plan that enables members to receive reductions on purchases at nearly sixty area stores (including prescriptions from some local pharmacies), trust financial planning consultations, a restaurant discount plan, custom travel package, RTA photo card (65 and over), monthly movie series, no-fee traveler's checks, free personal checking, and many others.

For more information about Dimension 60 or to make reservations for "A COMMON SENSE APPROACH TO ENERGY SAVINGS," persons should call Judy Malz, Dimension 60 Customer Service Officer at 399-4243.

taining to rabies vaccinations and licensing for pets.

Sefick explained that by complying with Morton Grove's pet license ordinance and having the license tag securely fastened to your pet's collar - and having your pet wear the collar - not only do you obey the law but you also increase the chances of having your pet identified and quickly returned to you if it strays from home.

The Animal Control Officer will be issuing tickets to pet owners who have failed to obtain licenses. To avoid a fine he advises residents to be certain their pets have valid licenses.

For further information, residents may call the Village Hall, 965-4100.

"We're offering our house to people who are coming to see the Pope", Jeff said.

"I've got a closer estimate on the crowd figures," said Mark Smith, sophomore from Park-Ridge. "There should be about 600,000 to a million people there." Mark got his figures from a priest from the Catholic Television Network.

Many of the students are impressed with John Paul II's involvement in world affairs.

John Kiefer, a sophomore from Chicago said, "Before, anytime you would hear of the Pope, it would be from Rome, not from Iowa."

Joe Lis, a senior said, "This pope's more active than the other ones in world affairs, particularly in human rights."

"I think the Pope has helped the Church," said John DeGrasse, a senior, "his appointment has made a bond between the Polish people and the Church."

A few students talked of the Pope's visit to Ireland.

"I think this Pope has political power," said Joe Lis. "He's speaking out more than ever before on subjects like Ireland."

Dan Riley, of Irish descent, a sophomore from Niles is worried. "I wonder if this will upset the Protestants," he said.

Above all, most of the students are impressed with the Pope's increasing visibility.

"Pope John Paul II is not going to be a Vatican Pope," said Joe Lis.

Jakob Zimmermann, a senior said, "I think it's great the Pope is finally getting out to see the world."

Dan Riley added, "I'm glad the Pope is finally getting out of his office and taking a strong role." One student added, "I think any pope elected about this time would be more open with the people. This is what the Church needs now."

fires each year causing fire losses of over \$4 billion? The answer is the three leading causes of fire in America - MEN, WOMEN, AND CHILDREN. They are caused by people who don't know what to do or do the wrong thing. Morton Grove Fire Chief Fred N. Huscher offers the following fire safety tips.

Introduce your family to "EDITH" (Exit Drills In The Home). Sit down with your family and diagram two routes to the outside from all rooms, especially bedrooms. Provide each family member with a whistle to warn others of danger; keep the whistle by the bed. Place the fire department telephone number (965-2121) on all telephones. Choose a place outdoors for everyone to meet for a roll call; discuss why no one should ever go back inside once the home is evacuated. Conduct the following home fire drill to practice the escape plan:

1. Everyone in bedrooms; doors closed.

2. Someone sound the whistle or alarm.

3. Each person tests his door for fire. If it's warm, you'll have to leave by your alternate escape route.

4. Pretend it's hot; use the alternate route.

5. Everyone meet outdoors for roll call. One person go to a prearranged phone to call the Fire Department.

Residential fires claim an estimated 6,500 lives annually, according to studies by the National Fire Protection Association. Three times as many people die from smoke inhalation as die from burns.

Smoke detectors give early warning of a fire, which may mean the difference between a safe escape and no escape at all. For about the cost of an electrical kitchen gadget - perhaps only seldom used - a smoke detector can protect a household 24 hours a day, every day. A smoke detector should bear the label of a safety testing organization, such as Underwriters' Laboratories. Smoke detectors should be installed outside all sleeping areas and on all levels in the home.

In addition: - Put matches above the reach of children.

- Don't smoke in bed and check up on other smokers.

- Impress upon children the dangers of gasoline and other flammable liquids.

- Drop and roll if your clothes catch on fire.

- Wear tight fitting clothes when cooking.

- Don't overload electrical outlets.

- Have your heating equipment checked each year.

- In multiple story building, Exit Using the STAIRWAYS, not the elevators.

- Make a mental note of several fire exits whenever you enter a restaurant, store, theatre, or other public building.

- Conduct a fire inspection of your home.

Chief Huscher reminds everyone that additional information regarding smoke detector placement, exit drills, fire prevention, or assistance with a home fire inspection may be obtained by contacting the Fire Prevention Bureau, 965-5030 weekdays until 5 p.m.

Mr. Zalesny was so enthusiastic about the Pope's visit he felt this might be his small contribution to the Pontiff's welcoming. The sign is made of white canvas and is 21 feet long and 3 1/2 feet high.

Pullen endorses interest exemption

State Rep. Penny Pullen (R-4th) this week endorsed federal legislation offered by Congressman Philip M. Crane (R-12th, Mt. Prospect) exempting the first \$5,000 interest income on personal savings from the federal income tax.

"The personal savings of the man on the street are invested by financial institutions in our free enterprise economy," Rep. Pullen said. "It is the savings of Americans that provide the needed capital for business to create jobs and opportunities."

"The federal tax structure and government overspending are responsible for the stagnation of our economy. It's past time for Uncle Sam to loosen his grip on our economy and let the people breathe!"

Rep. Pullen said Crane's bill is "sorely needed at a time when the American taxpayer is so overburdened he actually fears tomorrow."

"We've been in a Great Depression for several years now - a Depression of the spirit. That's what the President was talking about in his family July speech. But he proposed more controls as a 'solution'. Let us breathe!"

Miss Pullen said Crane's bill is "good for the individual, good for business, good for America. Stockholders, workers, and consumers ought to unite behind Phil Crane's bill. I call on all taxpayers to write to Congressman Crane and to as many congressmen as possible to demonstrate support."

Maine East drum majors

For students who went to the first home football game against Deerfield, you may have noticed two Maine East guys in white pants and blue jackets blowing whistles and giving commands during pre-game, half-time, post-game activities. They are seniors Dave Rice and Dave Eterno, drum majors of the Maine East marching band.

Drum majors are necessary to marching bands because they control tempo, direct music, and give information commands. Each drum major is more like an assistant to band director Ken Gelz. The drum majors also add to the spectacle of the pre-game and half-time shows.

Clinics and tryouts were held last May for the drum major positions. For those 4-7 persons who tried out, they were taught how to conduct and give marching commands.

Both Rice and Eterno seem to enjoy it because "it's a good feeling - powerful - having the whole band in front of you." When asked why it was such a big responsibility, Rice replied, "Because if we mess up, the whole band will be off."

Musical background helps a great deal in being a drum major. Eterno and Rice both have a great deal of musical experience and background, which is probably one of the reasons they were chosen.

Eterno, from Niles, is presently in his third year in concert band and second year in concert orchestra. He played trumpet for three years in grammar school and is currently in his sixth year on French horn. He also plans to join concert choir.

Rice, from Park Ridge, is also in his third year in concert band and is in his third year in jazz band. He has been playing tenor saxophone for six years and was in V-Show with jazz band his sophomore and junior years. He played in the spring musical, "Camelot", last year and is this year's V-Show orchestra director.

The tradition crossed the ocean, and today many Americans of all descents take part in the fall festivity.

Those who plan to attend the Alumni Mother's function are welcome to wear Bavarian or ethnic costumes, in keeping with the festive bier stube decor.

WMTH Art Institute trip

On Tuesday, Oct. 2, WMTH returned to the airways of Maine Township for the twentieth year, although official broadcasts were made as of the first day of school.

WMTH is an FM radio station at 88.5 with programs that include a wide variety of music from rock and roll to classical and jazz. In all, WMTH has literally thousands upon thousands of records and tapes.

Other shows include Student Spotlight, Sounds, news, weather, community announcements, and sports.

Students that run the Maine East station must know what they're doing, and 13 have shown the experience to be on the executive board, which is to take charge of a department. Ed Finegan heads WMTH by being station manager. Ken Rice and Keith Medansky assign programs to announcers and operators. Don Dockman checks to see that everything runs smoothly. Mark Gershman and Cathy Rumsey inform the public of what's happening and think up public service projects.

Mike Mickow and Rick Hoffman get the news and produce it to perfection. Finally, Maria Kaz and Julie Alfano have the important task of keeping track of the thousands of records and tapes the station owns and assigning them for various programs. The forty other members of WMTH have the opportunity to join any or all of these staffs of which Yvonne Milewski keeps them informed.

St. John Brebeuf School in 25th year of service

The 1979-80 academic year marks the conclusion of St. John Brebeuf's first quarter century of service in the area of Christian education for its community. First classes at the school, located at 8301 N. Harlem, were held in Sept. 1955.

Enrollment at St. John's, which is staffed by the Sisters of St. Francis and a number of dedicated lay faculty, is currently at 585 youngsters from Kindergarten thru 8th grade. Nearly 400 families, primarily from Niles, are represented in the school's enrollment.

St. John Brebeuf has established an admirable tradition of academic quality, extra-curricular involvements, and athletic competitiveness in its relatively brief history. Its alumni have achieved at a consistently high level in academic and community activities.

Those connected with the educational program at St. John Brebeuf look forward to a second quarter century of service to youth.

Leadership workshop

Marillac's Inter-Class Council hosted their ninth leadership workshop on Sept. 16 for over 100 North Shore students. I.C.C. President Ann Hagerty invited the leaders from Notre Dame, Loyola, Regina, Woodlands, Sacred Heart (Rolling Meadows), and St. Viator's High Schools. Most of the schools responded and sent representatives.

From 1970-75 the conference was geared only for Marillac students. For four years the meetings have been opened to include more schools. This year, I.C.C. moderator Sister James, D.C., invited the moderators from all the participating schools.

The purpose of the coming together was to share ideas and common interests on leadership and student activities. Four small group sessions centered on these topics: fund-raising, spirit-building activities, student-faculty communication, class council-student communication.

Money raised will help furnish the new library/student commons building now under construction in the north quadrangle at Loyola Academy. This new construction is important for the continued strength of Loyola Academy as a Jesuit high school serving forty-one suburbs and the north side of Chicago.

Demon Girls' Volleyball

The Maine East girls' volleyball team traveled to New Trier East for a 16-school invitational tournament. After a long Friday night (Sept. 14) of volleyball, the girls compiled an over-all record of 4-2, splitting with Waukegan East and West and beating Highland Park in both games. This 4-2 record was good enough to give them second place in their pool and also qualify them to return the next morning to play host school New Trier East. Because of the early hours both teams were a little slow in starting, but things picked up by the second game. Maine East couldn't handle New Trier's serves and lost the first game 20-8. Maine got it together, though, in the second game and scored 7 straight points before New Trier East could get the ball. The Indians finally got it together and caught up to the Demons. In the end New Trier defeated the Demons in an exciting 21-19 game. At one point during the game Maine East was leading 19-17, but the Demons couldn't capitalize on the advantage. Outstanding performances were given during the tournament by Jan Hoosline, Terry Futsch, Linda Wilson, and Joan Stelmack. Kris Weinberg also helped the Demons by putting in her first action of the season.

Math League

Marillac High School will host the North Suburban Math League Contest on Oct. 11, according to Mrs. Frances Meyer, Math Department chairperson. The girls will match their mathematical wits with students from Maine East, Highland Park and Maine North.

Mrs. Mary Szczypta, math teacher, says that Marillac will also compete in three other scheduled contests: November 8 at Niles West, December 6 at Glenbrook North, and Feb. 14 at Fremd. In addition to the host schools, other competitors in the three meets are Evanston, Latin School, Palatine, New Trier West, St. Patrick, North Shore Country Day School, Conant, Elk Grove, and Niles North.

The Math Department is in the process of forming the math team to participate in these events.

BROWN'S
GOOD OLD-FASHIONED CHICKEN

Here's why our chicken tastes better.

Better batter. We fry our chicken in a natural batter of fresh eggs and whole milk. With no heavy herbs or spices to cover the good taste of our good chickens.

Better quality cooking. We open-fry in pure cottonseed oil, instead of vegetable shortening. So our chicken comes out extra tender, crisp and tasty. It even tastes better cold.

A better bird. One reason our chicken tastes better when you get it is it's better when we get it. We use only fresh USDA Grade A Chicken. Nothing less.

So it better be good. We cook continually so your chicken is always hot and fresh. Never warmed over. And when you come to Brown's you'll see us cooking. Our open kitchens have no walls to block your view.

Enjoy good old-fashioned chicken. It's just right for your get-together, or anytime you're ready for better tasting chicken. This is the time to find out for yourself why you can really tell the difference in Brown's chicken.

St. John Brebeuf, felt very positive by His Holiness' visit. Ken noted his visits to Ireland and the United States express the Pope's desire to show he is the shepherd of Catholics around the world. He is not sitting only in Rome, and his travels show his flock has a right to see him. He said this exposure is "very excellent" though he said it is costly. Scheel said this breakthrough shows the Pope's feeling for the people. He is not being seen only in pictures by the people. Ken said he was most pleased the Pope is putting such emphasis on young people. He noted this is where such efforts must start and it will be a brighter world because of this emphasis and effort.

Father Duggan, Pastor of St. John Brebeuf, said he is very impressed with the Pope. He said his efforts of going out from his office and contacting the people hopefully should revitalize the confidence in the church. He said the negativism shown toward the hierarchy in the church can well be countered by such efforts as the Pope is making. He commented the Pope's attitude is open, concerned, and he shows a sincere heart which he deems very impressive.

Ted Przybylo, owner of the White Eagle restaurant, remembered the 1976 visit of His Eminence Karol Cardinal Wojtyla. Ted recalled he was a "strong intellectual". He said he was a very humble man but in speaking to the 200 priests at the restaurant, he spoke with "strong firmness" and with much righteousness. Ted said he offered to raise funds but the Cardinal told him to work within the framework of his local area.

Przybylo said Cardinal Wojtyla liked the food at the restaurant very much and said it was among the finest restaurants he's been to.

As a final reminiscence Ted re-emphasized, "There is something about the man." He again reiterated he is very humble. And Ted stressed the central theme of "love" is what this man manifests.

Two or three acolytes from Niles College of Loyola will be present at the Five Holy Martyrs Church on Chicago's southwest side Friday morning. At noontime the Pope will meet for about 10 minutes with seminary students from the area while visiting Quigley South.

Thursday night, while the Pope hosts about 1,000 brothers at St. Peter's Church on Madison st. in the Loop, approximately 50 men and women from Niles College choir will perform.

Two local priests from the college will also be featured as commentators on local television programs during the Pope's stay in Chicago. Father Roger Kaplis will be seen on the CBS Channel 2 programs and Father Martin Winters will be providing commentary on NBC's Channel 5.

Father Winters reported he had a great inter-faith program on Channel 5 this past week. He contends only the warmth and personableness of this Pope could bring out such a feeling among non-Catholics, which he said would have been unheard of 40 years ago.

In a release from the Archdiocese of Chicago we received the following background report:

"In August of 1976, the then-Archbishop of Krakow, Poland, His Eminence Karol Cardinal Wojtyla and now His Holiness, Pope John Paul II, visited Chicago with 15 Polish bishops following their attendance at Philadelphia's Eucharistic Congress, Aug. 1-3, 1976.

"Cardinal Cody hosted the visiting hierarchy and a large group of Chicago priests including those of Polish ancestry for dinner at 1 p.m. Saturday at the White Eagle Restaurant, 6845 N. Milwaukee ave., Niles. Cardinal Wojtyla and each bishop received a gift of luggage from Cardinal Cody. Cardinal Cody was reported to have said in presenting the gifts that the luggage was not given to hurry the departure of the guests, but to hasten their return."
