District 63 studies tax-rate referendum

A three-board meeting Tuesday, Oct. 19, amended the proposed tax-rate referendum to include a 3% increase in the tax rate. The amended tax-rate referendum would be held on Nov. 11. The tax-rate referendum is intended to provide additional funds for the school district, which has experienced a decline in state funding. The school district is in the process of implementing a number of cost-saving measures, including layoffs, and is also exploring other options for increasing revenue. The school district is also considering the possibility of raising the property tax rate. The tax-rate referendum will be held on Nov. 11, and voters will be asked to approve the increase in the tax rate. MG taxes a real bargain

Dear Editor:

I recently saw an real estate appraisal on which 15% of the assessed value was used to determine the amount of taxes. I was surprised to find that other people paid taxes on nearly the same amount of land. These taxes are based on the value of the land and the buildings on it, so when a home is sold, the same amount of taxes has to be paid. I think it is unfair to burden the homeowner with this tax burden.

Sincerely,

[Signature]
