Knights of Columbus Tootsie Roll Drive

For the past nine (9) years, the state and local councils of the Knights of Columbus in Illinois have conducted an annual Tootsie Roll Campaign in communities across the state to raise funds for the 330,000 mentally retarded children and adults in Illinois.

This year the drive will be held on Friday, Nov. 2 and Saturday, Nov. 3. The Knights of Columbus are urging citizens every where to support this important fund raising activity by making a donation. Both the Governor of Illinois, the Honorable James Thompson and the Mayor of Niles, the Honorable Nicholas Blase, have signed

proclamations setting aside these two dates as Knights of Columbus Days for the Retarded. In Niles the drive will be coordinated by the North American Martyrs Council #4338. Grand Knight Dan Cincinelli suggests that any person who wishes to learn how they could help can contact Ken Piasecki, chairman of the drive

at 825-8391 or 825-0379. Last year the Knights of Columbus raised over \$700,000.00 for the retarded with the support of the citizens of Illinois. In the past eight (8) years the North American Martyrs Council has raised over \$30,000.00. Knights of Columbus volunteers will be easily visible

because of the bright candies they will be carrying. Retarded citizens need the support of the general public so that they can develop and be productive contributing members of society. Thanks to programs like this, the future looks very promising.

Final IDOT hearing sets Spring, 1981 as completion date

Set target date for Golf Road completion

Alice M. Bobula

A third and final hearing held Tuesday, Oct. 30 by the Illinois Dept. of Transportation (IDOT) involving Golf rd. improvements concerned only two residents near Golf and Potter rds. who aired grievances over problems caused by preliminary phases of roadwork. Public hearings held every second Tuesday since last September for residents along Golf rd. he said involved mainly those from Morton Grove and the unincorporated area who voiced complaints of damaged parking lots, flooding, inaccessible driveways and impaired parkways.

"Twenty seven years of roaring"

How many of you remember when a group of young men gathered together to form the Lions Club of Niles? If your name is Carl Rathje, Ron Pankau, John Poeschl or Cliff Hewitt, you would become a part of one of the most dynamic groups ever formed in the Village of Niles. The Lions have a heritage unmatched in service organizations. The Niles Lions have had their ups and downs, thru the years, but along

the way there has always been fellowship, the kind that warms your heart and can tickle your funnybone.

Sometimes it's hard work, like selling brooms or standing in the cold on Candy Day to raise money to help others, not just the blind or handicapped, but to spread just a little community pride and joy. Sponsoring a Little League Team or a girls' softball team and watching the smiling faces of the kids playing. Or helping purchase raincoats for the school safety patrol, to keep our youngsters dry on those rainy days when they're protecting the other kids on their way to school.

Sometimes it's just plain fun, the kind of fun roasting a fellow member can be, or an informative program that can move you with greater energy to serve. Service is a big part of Lionism but pride in your community plays its part too. We, of the Niles Lions, have been there through the years to comfort those in need, to rejoice with those attaining honors and to help those who can't help themselves. To spread good will and help solve a few of the problems a growing community can have. We extend the hand of fellowship to all the citizens of Niles and once again say to everyone, "It's great to be a Lion."

That's not just a slogan to be bandied about; it's a way of life for many of our members. Two of our Lions have served in District leadership roles as District Governors. Lion "Ang" Marcheschi and Lion "Ginger" Troiani in serving the Lions in this post have shown the stuff our members are made of. We aren't going to sit on our laurels and bask in glories past but hopefully, with your help, we will continue serving Niles in the manner you are accustomed to. We'll be back, from time to time, to tell you more about our club, its past, its present and its future.

Golden Age Club of St. John Brebeuf

November brings more exciting activities to look forward to, topped by our Thanksgiving Party on Tuesday, Nov. 13. But we doubt if it will top our activities of the month of October. Looking back to the dinner party at the Marriott Playhouse where we saw the great performance "Camelot" and that enjoyable bus trip, to the Fisherman's Inn in the City of Elburn, Ill., for that delicious lunch. We could probably try that again some time. Please keep in mind that important December date, of our Christmas Party Wednesday, Dec. 12.

Again we were treated to coffee and rolls by a young couple celebrating their 45th wedding anniversary, Gus and Millie Miller. We wish them many more happy and healthy ones.

October birthdays were Russ Gawne, Edna Johnson, Marge Kaderbek, Ann Lesniak, Mildred Miller, Victor Neamond and Catherine Pennington.

You may still find an opening for the trip to Candlelight Playhouse Nov. 11 to see "South Pacific". See or call Harold Warmann or Frank Gloriani, our program chairman.

We would like to see a large attendance at our first meeting of November, Tuesday Nov. 6.

Valeria Westlewski proudly announced the arrival of another grandchild, a boy Oct. 15.

SJB cagers win 7 straight!

The St. John Brebeuf girls varsity basketball team has extended its winning streak to 7 straight games with a 25-20 victory over the girls of St. Francis Borgia of Chicago; a 26-18 victory over the girls from St. Anthonis of Evanston and a 36-23 victory over the girls from St. Ignatius of Chicago.

Julie Notaro was the leading scorer in the SFB game; Barb Wiltgen in the St. A. game and Nancy Surace in the St. I. game.

Coach John Marusek related, "SJB's defense concentrates on keying on the opposition's best player. The same strategy can't be used against us because we play a team game. Any girl on our starting 5 can be called upon to take control of the offense. We have the best 2nd string of any team we have faced. Our bench is so strong that in one of our latest games I didn't let the first 5 play at all. In our last game the first 5 built up an 18-0 lead within a few minutes and the 2nd string took over the game."

Of these 3 games the closest one was against St. Anthonis because we played away and their girls were really up for the game. SJB was losing until Mary Jane Marusek, on the bench recovering from the flu, came in to help with the press. After the lead was established, she left the game until the last few minutes when her experience with the press helped us turn a 2-point margin into an 8-point lead.

The game against St. I. featured experimenting with a new press that displayed the domination of the middle of the court by Lisa Strauss. Mary Baranowski made several fine baseline shots. Kathy Belmonte ran most of the offense at point guard. Lisa Bandacarri and Maureen Thompson and Sue Watson brought a roar from the crowd with their set shots. Also playing extremely well was Lisa Bielski.

St. John Brebeuf has expanded its basketball program to include 5th and 6th grade girls. These girls recently lost a very exciting game to a very strong St. Anthonis team by a score of 7 to 8. Both teams played a good defensive game.

Using a "girl to girl" defense the SJB girls shut out the St. A. girls during the 1st half 5-0. SJB went to their bench strength by bringing in Kathleen Russell with a minute left in the 1st quarter. Kathleen was the leading SJB scorer with 4 points. She also brought down 3 rebounds.

Other key players were Keri Kane with 15 rebounds and Sue McMahon with 2 points and 5 rebounds. Kathy Bartok also had 5 rebounds and Eileen McAuley played a fine 1st quarter defense. Krista Eshoo played excellent defense as well as offense, scoring 1 point and setting up other baskets.

All members of the SJB team played, including Hedi Krubert, Kathy Lake, Margie Lee, Cathy Romanek, Fran Sikorski, Linda Strauss and Chris Wolshon.

OCC runners win roadrun

Mark Buciak (Gordon Tech) and Karen George (Maine West) led the Oakton Community College running Raiders to victory in the annual Windy City 5000 Meter Roadrun held recently in Caldwell Woods.

Police said the intruders entered the house thru a rear window and apparently went directly to the room and desk drawer which held the money. No other rooms were disturbed although police noted numerous valuable items not taken.

A neighbor told police she observed three 16 to 17 year old youths ring the doorbell repeatedly, then go to the rear of the house. Later she observed two of the teens in front of the house.

Another witness observed the three teens walking from the victim's yard around 3:30 p.m. said police.

Community Health Education program

"Diet and the Prevention of Cancer" will be the topic of a public program at 7 p.m. Thursday, Nov. 15 in the basement of Lutheran General Hospital's Maurice Nesset Health Center, 1775 Ballard rd., Park Ridge.

Troy Doetch, M.D., director of the Family Practice Center at the Health Center and Nancy Blazer, a registered dietitian, will discuss recent findings and data surrounding the cancer prevention controversy.

"There are certain substances, additives and preservatives in some food that appear to cause cancer," says Dr. Doetch. Another recent discovery indicates that the way food is prepared may create cancer-causing growth.

The Food and Drug Administration plays an active role in food/cancer research and Dr. Doetch will explain their research procedures. "It can be hard to understand how studies that show certain substances cause cancer in laboratory animals relate to humans," he says.

Dr. Doetch believes that a change in eating habits and lifestyles can decrease the chances of getting cancer. "The common early-warning cancer signals are very useful in detecting cancer, but now we should be aware that some forms of cancer may be preventable in the first place."

This community education program is free of charge and is one of a monthly series sponsored by the Family Practice Center of

Aluminum Recycling Center

With Thanksgiving coming up in late November, area residents will be given the extra opportunity to recycle, S.B. Thompson, district manager, Reynolds Aluminum Recycling Company notes. All of the extra cooking, including the traditional turkey which oftentimes is baked in aluminum foil, plus more beverages being consumed, can mean extra money for those who save these aluminum household items and turn them in to a Reynolds mobile unit truck at the rate of 23¢ per pound.

Reynolds pays 23¢ per pound for all aluminum beverage cans and other clean household aluminum products such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers. Certain other items including aluminum siding, gutters, storm door and window frames, lawn furniture tubing and aluminum castings are also worth 23¢ a pound if property prepared. This aluminum must be free of all foreign materials, lengths not exceeding three feet and should not be mixed with cans.

The nearest Reynolds collection point may be found in Lawrencewood Plaza Shopping Center, Oakton and Waukegan rds., Niles, from 10:30 a.m. to 12 noon every Saturday.

Nilesite irate over court costs on parking ticket

To Whom It May Concern:
 Upon talking to a clerk employed by Morgan Finley on Oct. 15, I was told that payment of \$30 would "take care" of this past due parking ticket.
 It seems ironical to me the time and effort spent tracing down "notorious" violators who have failed to pay parking tickets. But I guess this is your definition of justice in action. While serious crimes continue to escalate in frequency and severity it's assuring to know that people like me, who one evening happen to park too close to an intersection, are dealt with sternly and effectively.
 The back side of the ticket says \$13 due plus costs. I'd sure like to know where that \$17 collected to cover "costs" is going to go. (No doubt straight into someone's pocket.)
 Last February my car was broken into (right in front of my house no less - but don't fret - this time it was legally parked). The thieves took an expensive tape player, a collection of cassettes, and some tools, not

mention the side vent window that was broken to enter the locked automobile. A few days later I discovered that several of my neighbors had also been victimized by similar incidents. A police report was filed, but, of course, nothing of consequence ever turned up.
 Then last June, at four in the morning, a reckless driver managed to run into three parked cars (including mine) before taking off. Again this mishap occurred right in front of my house. Extensive damage was done to all three cars, and, needless to say, the guilty party was never apprehended despite police reports being filed.
 My insurance failed to cover the articles stolen from my car nor did it cover for the hit-and-run accident. So I had to reach into my own pocket to rectify the damage done. But here I am, being treated like a convicted felon because of a past due parking ticket. Oh, Democracy in action! Wrongdoings are rewarded while decency is punished. Although I'm sure you could

care less, I consider this \$30 charge highway robbery. The only redeeming factor is that elections aren't too far away and you can bet your last dollar that I'll be working like hell to depose all those in power who are responsible for this crap. And people like you in political positions wonder why the public in general considers each and every one of you to be liars, cheats, and thieves.
 This country is in a very sorry state indeed when you bureaucratic hacks can fleece people like me who work for a living of \$30 for a lousy parking ticket. You know exactly what you can do with the check I've enclosed...
 Regretfully yours,
 William M. Casey

Maine Township poll shows need for a change

Dear Editor:
 The Maine Township Democratic Organization has polled over 4,700 Democrats on candidate preference and important political issues. The results showed a clear demand for a leadership change in 1980.
 Voters prefer Senator Kennedy over President Carter, prefer Alan Dixon for U.S. Senator and prefer Thomas Flynn for Congress. Voters support the E.R.A., gun control, tuition tax credits for parents of private school children and evenly split on abortion. They consider inflation and energy the most important issues confronting America today.

Presidential candidates had better get the people's message

Dear Sir:
 There are a number of contenders for the presidential candidacy in the news media today wooing city and state elected officials for their support. These candidates may or may not realize that local as well as federal officials have failed their constituency by promising the old story of "being responsive to the needs of the people."
 If the candidates heed the cries of the taxpayers regarding inflation and poor fiscal responsibility on behalf of officials in office, they would get the message loud and clear and realize people vote - not offices.
 People, by and large, are not listening to the door bell pushers because they are seeing half a loaf of bread instead of a full loaf

of bread on their tables today due to double digit inflation.
 If the government continues its excessive spending pace, we, the productive sector, will only have crumbs on the table.
 Yours truly,
 Anthony J. Guarnaccio

Sutker attends Salt II briefing

Calvin R. Sutker, Niles Township Democratic Committeeman, attended a Presidential briefing in Washington, D.C., Tuesday, on Salt II. A private reception was held afterward.

Sutker, a member of the Democratic National Committee, had been invited to co-chair, along with Zbigniew Brzezinski, Assistant to the President for National Security Affairs, a Presidential delegation which flew to Algeria this week. The purpose of the mission was to represent the United States at the 25th Anniversary of the Algerian War of Independence.

Unfortunately, due to conflicts with previously scheduled Cook County business and his annual dinner, Sutker was unable to go with the delegation.

"The opportunity to participate in a Presidential briefing on Salt II is a most meaningful experience. I regret not being able to serve on the Presidential delegation

because of the press of previous commitments and our dinner dance," Sutker said. For further information, call S. Nixon, 679-4361.

Norwood Federal Bank seminar features energy experts

As an added community service, Norwood Federal Savings and Loan Association, 5813 N. Milwaukee ave., has installed a blood pressure testing facility in its main lobby. This facility is actually a computer which is designed to detect pressure in the blood vessels. Complete with easy-to-follow instructions, Norwood's "blood pressure teller" is provided free of charge.

Periodic monitoring of one's blood pressure is important in view of the recent upsurge in heart disease, strokes and kidney disease. Therefore, the following procedure is suggested. Test your blood pressure 5-10 times over a period of 3-10 days in order to obtain an average reading. Should your average reading fall into the normal range, annual check-ups will suffice. However, if your average blood pressure is in the borderline or high range, consult a physician to discuss your blood pressure record.

All individuals, customers and non-customers alike, are encouraged to utilize this facility. Shown above, having her blood pressure taken, is one of our regular customers, Mrs. Lucille Hilden of Chicago.

Maine East Junior Class activities

The class of '81 at Maine East is raising money again for its prom on April 26. Although there are no exact dates set, the junior class will be selling candy bars and having bake sales to raise the necessary \$1,000 to run the prom.

Sponsors Barbara Meyer and David Renz of the junior class of '81 have the job of raising the money and organizing the class. Prom chairmen have been selected to search for a band, select a theme, and form committees to raise money for the prom. The chairmen are juniors Donna Klein and Sheri Clark.

The officers of the junior class are: President Dave Murov, the newly elected Vice President Kurt Wisniewski, Secretary Merle Weiner, and treasurer Beth Schatz. Head of decorations for the prom is Rachel Dworin.

The prom's date is set earlier than usual this year "because we are trying to separate the junior and senior proms so they won't be too close together," said co-sponsor David Renz.

Porter campaign aides for student vote

John Porter, Republican candidate for Congress, has named three new aides to direct his campaign's intensified efforts to attract a large student vote in the Dec. 11 special primary and Jan. 22 special election in the north suburban 10th District.

Bob Acri, teacher and sophomore football coach at New Trier Township High School East, Winnetka, joined the Porter staff this week as director of all campaign-related student activities.

Acri will oversee programs developed by Jeff Skinner, a student at Triton Junior College, River Grove, as the campaign's college co-ordinator, and Susan Kanter, a senior at Evanston Township High School, the campaign's high school co-ordinator.

Acri, 22, of 118 17th st., Wilmette, last May earned his political science degree at Hope College,

Holland, Mich. Acri had spent half of his final semester as an interne in the office of presidential personnel at the White House, and the other half of the semester as an interne in the Washington office of U.S. Rep. David Stockman (R-Mich.).

One of Porter's sons, John C., is a freshman at Boston College in Massachusetts; another, David, is a junior at Evanston Township High School. Porter demonstrated the importance he attaches to the student vote in late September when he spent several hours greeting some one-thousand students at a registration day at Northwestern University.

Porter praised Bob Acri, Susan Kanter and Jeff Skinner as top examples of "the type of energetic leadership our campaign is attracting among young people in the district."

Bridging the generation gap at Leaning Tower Senior Adult Center

"I like you when you look happy!" exclaims a six-year old boy from Chicago's West Side when he sees his Senior Citizen Tutor. "I want My Same Tutor this morning," a small boy insists, recalling his fine experiences of one ago.

In a special Y.M.C.A. Reading Skills Tutoring Program, a group of Seniors are bridging the "Generation Gap" at the Senior Adult Center of Leaning Tower Family "Y" in Niles, while inner-city children are receiving vital skills in reading, writing, and "rhythmic." The Seniors are being challenged to "think through" the ways one might get across what 3 x 8 really means, or how to teach "north and south, east and west," or how one can remember what letter is the "b" and which is the "d." The Leaning Tower Seniors are receiving that special intellectual challenge of teaching, as well as the admiration and love of their small pupils; and the children are receiving the skills and the individual attention and caring they crave.

The present group of 10 youngsters, aged 6 to 13 years, are from The Anglican Choir School of St. Gregory on Adams and Ashland and all are from the South and West Sides of Chicago. They meet every Tuesday morning with their own Senior Tutor. Several Senior Citizens from Leaning Tower Family "Y" have been helping West Side Duncan Y.M.C.A. children for the past seven years by tutoring every Tuesday at Washington Irving School on Chicago's West Side. Now the tutors who have helped for seven years and are still participating in the program are: Wally Forsberg, Erna Hanson, Esther Kovak and Helen Murphy. They have been joined this year by our new Senior tutors, Jim Geiser, Ruth Gosstrom, Herbert Gosstrom, Joe Gach and Virginia Sterling.

In addition to one hour with the tutor on a one-to-one basis, the pupils are also participating in a

gym and lunch program at the Leaning Tower Family "Y." The children receive instruction in Physical Education with Happy Reiss of Leaning Tower and their Duncan "Y" classroom tutor, Terry Pyron. Then they complete their fine morning with their favorite meal: cheeseburgers, fries and chocolate milk.

The coordinators for the Leaning Tower "Y"-Duncan "Y" tutoring program are Shirley Spears, Director of Leaning Tower Senior Adult Center and Susan Beckett, Director of Education at Duncan Y.M.C.A.

Flynn seeks anti-trust action against oil companies

Thomas Flynn, Democratic Candidate for Congress, today said huge oil profits were the result of an illegal monopoly. He said corporate oil companies owned the oil wells, the tankers, the refineries, the oil and gasoline pipelines and finally the gasoline stations and terminals that sell home heating oil.

Mr. Flynn said, "No other American industry owns their source of raw material, their transport system, the production capacity, and finally the marketing system. The reason is that it is an illegal monopoly to do so and yet big oil can do just that. Why does President Carter

the Congress permit this illegal monopoly to exist?"

Mr. Flynn went on, "Can you imagine ten companies owning every American farm, every food processing plant, every food transit system and every food store in America? That is what corporate oil in America has achieved. Are you also aware of foreign tax credits and investment credit and a host of other special tax breaks for oil companies? Obviously, the reported oil company profits are not the true amount of profits earned by the oil companies."

Mr. Flynn concluded, "Every single American who can write

Marillac musical -- "How to Succeed"

Dancing is one of the highlights of Marillac's musical "How to Succeed in Business Without Really Trying". The musical opens Nov. 8-10 at 8 p.m. in the Marillac theater. The Marillac dancers include Cathie Brault, Mary Dolan, Jackie Elliot, Barb Fesus, Eileen Mitchell and Michele Ziemann. Loyola dancers are Steve Hildebrand and Bill Lynn. From Notre Dame is Ed Messet.

One of the dances is the pirate dance, a combination of modern and jazz movements portraying a treasure hunt. The six-minute number has Marillac dancers as pirates, wearing black velvet boots, black satin shorts and red mid-riff tops.

The secretary dance is a soft

shoe routine; Steve Hildebrand dances along with all the girls to express the idea that secretaries are not toys or things to play around with. The girls dress as secretaries; Steve wears a three-piece suit. Bill Lynn and Ed Messet do a duet called the "Brotherhood of Man", a character dance made up of mostly jazz moves.

Marillac dance instructor, Miss Bonnie Bernstein, choreographed all the dances in the musical. To help her with the routines, Eileen Mitchell was selected as assistant. In addition to helping choreograph the numbers, Eileen coaches the other dancers in learning the steps and facilitates the practices.

Tickets are on sale now for \$3.

"Wild Oats"

The Niles College Theatre Company, 7135 N. Harlem, will present the Chicago Premiere of the delightful eighteenth-century comedy by John O'Keefe, *Wild Oats*, on Nov. 2, 3, 4, 9, 10 and 11.

Re-discovered by the Royal Shakespeare Company in 1976, *Wild Oats* has been playing in London since then. The Niles College production will be the first ever in Chicago. It is a delightful eighteenth-century comedy about deception, filled to the brim with lovable, charming, and vivacious characters.

The play is a brilliant blend of eighteenth-century high spirits and sentiment. O'Keefe brings this off by a dexterous manipulation of incidents and relationships, enlivened by a robust comic sense.

A special feature of our first Friday performance is the Opening Night Party, where you can enjoy dancing and refreshments. A Dinner/Theatre combination is also available on both Saturday nights.

For further information, please call Niles College, 631-1017.

YMJC sponsors puppetry classes

Marilyn Price has an unusual challenge in her chosen profession. That challenge is to make inanimate objects come to life.

Mrs. Price is a professional puppeteer and storyteller. She has done shows at the Art Institute and more recently was seen telling stories in the Children's Department at Old Orchard's Saks Fifth Avenue.

Children residing in Morton Grove, Skokie, Niles, Des Plaines and Glenview can participate in Marilyn's puppetry class, sponsored by the Mid-North Branch Board of the Young Men's Jewish Council, a non-profit social service agency.

In her performances Marilyn often invites the audience to participate. "Puppetry is a great expression for kids who can't say what they want to outright," Mrs. Price observes.

In her puppetry classes which she ran last Spring for the Mid-North area, children created their own puppets and performed original stories. At the end of each class, the young puppeteers took their creations home.

This season's puppet class promises to be an exciting one. "The children will learn various aspects of theater arts, such as writing a story and creating scenery and choosing the appropriate music to go with the staging."

Mrs. Price has been a professional puppeteer for over five years, and currently combines her talents with her partner, Susan Marcus, also a professional puppeteer and storyteller.

1st Nat'l. of Morton Grove nearing \$100 million mark

The First National Bank of Morton Grove moved closer to the \$100 million mark in total assets by posting record highs in assets and deposits, announced president Marvin von Aswege.

Assets as of Sept. 30 amounted to \$96,293,297, while deposits reached \$87,731,992. Both figures reflect substantial increases over the previous highs.

In reporting these third quarter accomplishments, von Aswege noted that the bank is on the threshold of the select \$100 million plateau in total assets.

"We're less than \$4 million away from becoming a \$100 million bank, a goal that everyone associated with our

"We hope to reach the \$100 million level by yearend," von Aswege added. "That indeed would be symbolic of our progress."

"Furthermore, it would enable us to enter a new year and decade with renewed confidence in our ability to offer the best possible financial services to our current and future customers," he said.

"Since opening our new building last year, we've added numerous conveniences and services," continued von Aswege.

"We feel we have one of the Midwest's most modern bank facilities, and we invite visitors to come and see us at any time."

First Federal's mortgage rate up to 11-1/8

First Federal of Chicago, Illinois' largest savings and loan association, today announced a new schedule of mortgage loan interest rates. These rates are effective immediately for new loan applications which will close after Nov. 1.

All loans under the new schedule will be at the 11 1/8 percent rate with a 3 percent service charge for a term of 25 years. Loans up to \$40,000 will require a 35 percent down payment, loans over \$40,000 to a maximum of \$75,000 will require a 40 percent down payment, and loans over \$75,000 to a maximum of \$150,000 will require a 50 percent down payment.

In announcing the new rate schedule, E. Stanley Enlund, chairman and chief executive officer of First Federal, said, "In order to stay in today's market, we have structured our rates to make the limited number of dollars available to as many price categories. Unfortunately, some potential buyers will not be able to qualify because of the large down payments needed. However, our restrictive usury laws in Illinois make it impossible to lend many of the dollars coming in over the counter for which we are paying the highest rate in history—12 percent and higher."

Illinois' usury ceiling for November is capped by law at 11 1/4 percent and many states without usury laws are making mortgages today at 13 percent and higher.

Watercolor demonstration

A demonstration of watercolors on Japanese paper will be demonstrated by Beverly Ellstrand of Park Ridge, Illinois on Nov. 7, at 8 p.m. at the regular monthly meeting of the Niles Art Guild, held at the Niles Recreation Center, 7877 Milwaukee Avenue in Niles.

Heavy Mitsumi paper is thoroughly moistened before placing it on a board. No stretching or tape is necessary. Rice paper and tissue are then glued to the surface. The watercolors are used on this collage-like surface, taking advantage of all the different surfaces and textures. The demonstration can be done on an easel for easy viewing by the audience, because the watercolors do not run off as they would if conventional paper was being used.

Beverly studied art at the Art Institute of Chicago, Chicago Academy of Fine Arts and has a B.A. from Northeastern Illinois University. Beverly is an Art Instructor (drawings-watercolor-humaniities) at Oakton Community College.

Anyone interested in seeing Beverly demonstrate the art of watercolors on Japanese papers is invited to attend.

Maine Township Council on Alcoholism

The Maine Township Council on Alcoholism is entering its sixth year of service to the community. Funded by the government of Maine Township, the Council serves as an out-patient alcoholism counseling center for those who suffer from the disease of alcoholism; their families, employers and friends.

Clients are diagnosed and evaluated by trained and certified alcoholism counselors and when appropriate, they are referred to long-range treatment centers such as the Alcoholic Treatment Center at Lutheran General Hospital.

In addition, Maine Township Council on Alcoholism is a community information resource on alcoholism, working with the

schools, police, courts, and other entities. Jack Callaghan, a long-time Des Plaines resident, has served as Executive Director of the Council since its formation on Aug. 1, 1974. During this time he has spoken about the activities of the Council in the community before many clubs, churches and civic groups, including a recent appearance before the Service League of Lutheran General Hospital in the hospital's Johnson Hall. This meeting was open to all men and women members, their spouses, other family members and friends.

For many years Callaghan has directed the monthly presentation of "Lady on the Rocks", a drama about a woman suffering from the disease of alcoholism

and the impact this has on her family. This production is presented by the Maine Township Council on Alcoholism in cooperation with Lutheran General Hospital and is open to the public.

Following Callaghan's September appearance at the Service League, a film entitled "They Do Recover" was shown. This motion picture features various celebrities as they appeared on the Dinah Shore TV show to talk about their successful battles with alcoholism.

This film, along with a number of others on the subject of alcoholism and its treatment, is available for rental at the Council office, 2510 Dempster, Suite 116, in Des Plaines. Phone 297-0240 to schedule a film or speaker.

Returning children discussed in OCC seminar

Psychologist Margaret Helle Huyck will present "The Revolving Door Syndrome" or "As the Nest Refills" on Thursday, Nov. 1 from 7:15 to 10 p.m. at the Wilmette Public Library, 1242 Wilmette ave., Wilmette.

"The Revolving Door Syndrome" or "As the Nest Refills" is a free seminar which will address the issues and problems parents face when adult children return home after a trial run at independent living. The seminar is sponsored by the Adults Return-

ing to School Organization at Oakton Community College.

Dr. Huyck, associate professor in the Department of Psychology at Illinois Institute of Technology, will explore the kinds of tensions that build up between parents and their returning children. The accommodations each must make and the consequences of various courses of action.

"Many children are coming home after a shot at living alone. They bring empty bankbooks,

dirty laundry, and different lifestyles that often clash with their parents' values," Dr. Huyck stated. "This 'new' problem hasn't received its own name or title; yet parents and their children are only too aware of the symptoms and troubles that can occur."

For further information about the Revolving Door Syndrome, call Oakton's Office of Community Outreach, 967-5120, ext. 350.

Fraudulent Rx

A 27 year old man was arrested the afternoon of Tuesday, Oct. 16 and charged with attempt to obtain a controlled drug by using a phony prescription.

Craig Ellis of 444 Buckthorn Terrace in Buffalo Grove was freed under bond pending a scheduled hearing Nov. 16 in Niles Circuit Court.

According to police the manager of Jewel-Osco at 8201 Golf rd. became suspicious of Ellis and notified Niles police.

Golf Road . . . Continued from Page 1

Kahler said no one from Niles was involved in the hearings "indicating they were satisfied with progress or not disturbed by construction."

With a little luck and no further delays noted the Niles engineer Golf rd. construction is expected to be completed in Spring of 1981.

Kahler said construction on sewers began three years ago along Golf rd. from Morton Grove to Harlem ave. Work was renewed last September extending from I-294 (the tollway) east to Milwaukee ave. "Most of the sewers are in," noted the Superintendent, "with approximately 850 ft. plus or minus to be installed east of Milwaukee ave."

Completion of sewer improvements had been targeted for Oct. 15 with roadway construction to follow. But the project was delayed by a dispute between State and a water company over relocation of water mains.

Domestic Utilities Service Co. had been notified by IDOT to move their water mains from beneath Golf rd. and relocate them off the highway. Owner of the utility company Victor Yachtman said he was not able financially to accept responsibility which covered relocation of approximately a half mile of

mains on both sides of Golf rd. from Dee rd. to Washington st.

The argument was resolved by State employment of an outside contractor, Thomas Madden & Co., to relocate the mains. Yachtman will be billed for the work.

With the hearings completed Kahler said preliminaries concerning location of old water mains and where to install new ones.

Roadwork excavation is expected to begin next week he said. Vehicular traffic will be routed on two lanes on the north side of Golf rd. while the eastbound lanes on the south side of Golf rd. remain under construction.

Kahler foresees a "troublesome problem" with roadway construction at the intersections of Greenwood-Milwaukee-Golf, "especially around Thanksgiving and Christmas", but he said "Niles police will assist in the State program for traffic."

Kahler as liaison for Niles specifically observed the Golf rd. improvements to be a State-funded project. Involvement with Niles he said was only in the area where the highway passes thru the village, noting that "the improvements will resolve the considerable traffic congestion we have now along Golf rd. at the intersections."

MG plan . . .

Continued from MG P.1

homeowners and businessmen aware of funding available for improvements, and actively recruiting desired types of new commercial development.

For another set of improvements, village planners will be turning to County Community Development Block Grant funds. They will be trying to secure \$740,000 over the next 3 years for projects aimed at the prevention or elimination of deteriorating conditions.

Certain actions can be accomplished by using general purpose and other revenues available to the village on a regular basis. Among these recommendations would be utilizing landscaping or other screening devices to buffer neighborhoods from adjoining commercial property, constructing a new public work complex west of Austin, and implementing other public utilities and street resurfacing projects.

Attention would be given to various recreation projects such as ensuring small park sites in any significant redevelopment and using portions of the Commonwealth Edison easement for playgrounds east and west of the forest preserve. Some specific ideas were to develop an outdoor skating rink at Palma Lane Park, to bring swimming facilities and indoor tennis to Prairie View, and to construct a concession stand and year-round tennis courts at Hager Park.

Also part of the Planning Program was the comprehensive traffic safety study reviewed at an earlier Morton Grove board meeting.

Outpatient program at LGH Alcoholism Center

A new evening outpatient program will begin on November 19 at the Alcoholism Treatment Center (ATC) of Lutheran General Hospital, Park Ridge.

The program, which is called the Primary Outpatient Program, offers a treatment form for persons who can meet the medical criteria for acceptance.

"We will hold all sessions in the evening to allow the patient and spouse to remain on the job and to live at home," explains Jack Clark, at ATC counselor and coordinator of the new program.

"The program, which incorporates many of the principles of our inpatient program, is especially beneficial to persons who do not require acute medical care," Clark adds.

The Primary Outpatient Program consists of two phases. During the first phase, the patient will attend sessions four nights a week, Monday through Thursday, for four weeks. Each evening will consist of:

- an educational session about alcoholism, its effects on the individual and family and how recovery can be possible;
- discussion and patient interaction, and
- small group sessions led by staff members who encourage patients to share their feelings and problems.

In addition, each patient and spouse will meet individually with a counselor once a week. Families are asked to attend

specialty-designed family programs on two of the four evenings. On Monday evenings, a staff member will give a lecture geared toward family issues and concerns. On Tuesday evening, while the patient is in the group session, the spouse and children may attend an institutional Al-Anon/Alateen meeting.

During the second phase of the program, the patient and spouse will be referred to a 12-week follow-up support group.

Throughout the program, the patient is encouraged to attend two weekend meetings of Alcoholics Anonymous (A.A.).

The other outpatient services that Lutheran General's Alcoholism Treatment Center offers include:

- individual evaluations for persons who question their use of alcohol and chemicals and referral to appropriate services;
- aftercare support groups for recently-discharged ATC patients and their families;
- a weekly lithium medication management service for outpatients, and
- women's therapy groups, individual, marital and family therapy sessions.

For more information about the new outpatient program, phone Lutheran General's Alcoholism Treatment Center at 696-6053.
