## Library votes to erase tapes

by Eileen Hirschfeld

Nov. 13 in the Niles Public Library, 6960 Oakton. Numerous tapes, sometimes containing "angry" Niles Library Board discussions, have not been erased, according to Harry Pestine, board secretary, at a regularly scheduled meeting

Pestine told board members, "I knew I was going against the minutes." He also said it was his idea to tape library discussion and was initiated about Sept. 13, 1978. "They (other board members) fought me bitterly."

When questioned later, Pestine said, "I, as secretary, am

responsible for the accuracy of the minutes." Following this session, a motion was passed tapes would be kept no longer than 60 days.

The North Suburban Library System received about 50 applications for a Niles Library

## From the LEFT HAND

by David 'Bud' Besser

Local roundball fans got a jump on the college basketball season Thursday night when three local teams scrimmaged at Niles West High School. It was a benefit for the Center for Enriched Living, a Skokie-based school for retarded young people.

As most basketball fans know, one of the best teams in the country is De Paul University's team. Last year Ray Meyer's De Paul team was among the final four teams in the national championships. It's quite possible they could win top honors this year. They were one of the teams performing Thursday night.

North Park College, which has won two national championships in its college division, was the second team exhibiting its skills at Niles West. Like De Paul, they're destined for a great season as well. The third team, Northwestern, rounded out the three-team scrimmages.

One dunk artist from Northwestern got a bit overzealous just prior to the game, smashing the glass backboard. The splintered glass spilled onto the floor, forcing a long-delay before the second scrimmage.

But the highlight of the evening was an inter-school game between the Center for Enriched Living and the Lambs from Libertyville. Both schools are for mentally retarded young people in the age range from 18 to 35 years old.

After watching the marvelous athletes from the colleges perform, obviously the contrast of play was immense. But the audience was more enthusiastic over the play of these young people. The schools brought along their own cheerleaders who waved pom poms and cheered for their favorites throughout the game. The Lambs team was badly outmanned (and womanned) by the more adept Enriched Living team. The Lambs went scoreless well into the game. When they countered their first basket, the player scoring the two points put the ball in the wrong basket.

## On the OTHER HAND

by Diane Miller

WE'VE ONLY JUST BEGUN ... To the strains of that prophetic melody, Mr. and Mrs. Richard Ruud left St. John Brebeuf Church following their Nuptial Mass and wedding ceremony.

Hundreds of other couples have followed the same routine, but the Ruuds are a very special couple.

The new Mrs. Ruud (the former Arlene Re) has been a Niles resident for 13 years. She had only been married a short while to Tony Re when they began looking for a home in Niles. Tony and Arlene, both of whom were confined to wheel chairs, had met at a club for handicapped persons. Tony worked for Salerno Cookie and, after a short time, they found the perfect home in Niles, void of stairs, which had been their main concern.

Arlene, too, began a new job in the office of Salerno and every morning they would leave home around 7:30 a.m. together. Arlene had a specially equipped car with hand controls and was an excellent driver. In fact, her co-workers joked about her being a "jockey" behind the wheel.

In 1974 Tony died after a short illness and Arlene decided she wasn't going to leave her home and job and remained by herself.

A very independent and courageous young lady, Arlene kept house, hung curtains, put up her Christmas tree, swept her driveway and weeded her yard with no help from anyone. She jokingly said she was stronger in her arms than most men she knew.

As a further sign of her independence, she occasionally drove out to O'Hare, parked her car and took a plane to Florida to visit her parents. She even spent 4 days in Las Vegas on a junket with several friends. All of this plus holding down a full-time job kept Arlene busy, leaving little time for loneliness.

Then, last Christmas, friends invited her to a holiday party and there she met Richard Ruud. Richard, a resident of Stoughton, Wisconsin, had reluctantly come to the party with his brother as a guest, but after meeting Arlene there, he later admitted he was overwhelmed by her. Richard, a victim of cerebral palsy, said during the ensuing year he came to Chicago almost every weekend. They dated and a mutual love evolved from their relationship.

Last September Arlene proudly showed us her engagement ring and said she and Richard were being married on Sunday, Nov. 11. Her eyes, obviously brimming with happiness, gleamed with love as she told us, "He's what I've always wanted."

On Sunday, Nov. 11, as the strains of the organ sounded out the wedding processional, Richard wheeled Arlene down the aisle in her chair. Wearing a powder blue satin dress and carrying a bouquet of white carnations, white roses and baby's breath. Arlene looked radiant, more so than any bride we've ever seen. After they declared their living vows and the priest pronounced them man and wife, Richard leaned over, beaming with pride, and kissed his new wife. As he wheeled her out of the church, their many friends passed through the receiving line, wishing them every happiness.

Niles has lost a very special resident since Arlene sold her home and she and Richard are now living in Stoughton, Wis. Richard has a printing business there and spends most of his time traveling around the area getting new accounts. Arlene is planning to be his answering service, taking orders over the phone for the business, and handling his bookkeeping and monthly billing in which she is well versed.

According to Arlene, their new home is a "dream house just made for us. We went into a local real estate office in Stoughton and told them we were looking for a home. When the agent saw us, he said he had just the place for us. It seems a local farmer built a home for his handicapped wife a few years ago, void of stairs, and with extra-wide hallways and doorways. The home had just been put up for sale a few days before we went into the real estate office and when we saw it, we fell in love with it," said Arlene. "It was just what we had been looking for."

The Ruuds are now settled in their new home. Arlene said she feels as though she has begun a new life. She's living in a new home in a new state and with a new husband. Yes, the Ruuds are a very special couple.

On Thanksgiving Day we should all stop to count our blessings and ask for God's blessings, not only for our own families and friends, but for the many families such as the Ruuds who overcome life's cruelties and live their lives to the fullest.

### Morton Grove Park District

#### Park District athletics on the rise

"A Pleasant surprise," was the response of the Morton Grove Park District's Athletic Supervisor, Scott Bosley, when asked how this Fall's Athletic Programs were going. "When I first started working here a little over a year ago, one major concern was in building up the Youth Sports Programs. I knew it could be accomplished within a certain time span, but I just didn't know how long that would be," continued the 1976 graduate of Champaign's Department of Leisure Studies. "This fall's class enrollments reflect some positive results and I think we've just about turned the corner towards reaching our goals and objectives."

According to Bosley the Park District expanded its Youth Flag Football Program to accommodate 7th & 8th grades, something not offered in the past, that will definitely be continued through other programs such as Basketball, Floor Hockey, and Soccer. "Over 120 boys are currently participating in the Flag Football Program with plenty of room for next year," emphasized the optimistic Athletic Supervisor.

Responsible for Athletic Leagues, Physical Fitness Classes, and other assorted athletic programs as well, Bosley reports significant improvements in these areas also. "We have twenty teams competing in our Mens Flag Football Leagues compared to 14 last season. Over 225 women are enrolled in 6 different fitness classes thus averaging 38 per class, and our self-defense classes have a total of 95 participants averaging 24 per class in both Tae Kwon Do and Judo."

Better promotions and having excellent instructors were two major factors mentioned by Bosley contributing to the improvements in the Park District's Athletic Programming. "It's a simple formula that just takes the best possible execution," he concluded. "As a Supervisor you work hard to plan your programs, find qualified instructors, and promote to attract participants. Then you just have to have the confidence that the people will come back year after year, because the programs excellent instruction and organization satisfies the leisure needs they were expecting. The remaining challenge then is to keep striving to attract new people."

The construction of Skokie Trust & Savings Bank's facility at 3601 Dempster, is an exciting and attractive addition to the Skokie community. Jerome Klaas, Vice President and Investment Officer and Thomas A. Barr, Vice President and Manager of the Trust Department of the two hundred eighty million dollar First National Bank of Skokie, were two of approximately 300 bankers from the United States and Canada, invited to attend the 15th annual Investment Outlook Conference held in Chicago the second week of October.

Topics that concern all of us were discussed, including inflation, long term stability of investments and the Federal Reserve Board's recently announced plan to focus on bank reserves than the level of interest rates to control inflation.

It is comforting to know that the opinions and concerns of our community are being represented at these conferences by officers of a local bank.

## Niles Township Creative Arts Series

If it's Hugh McGee with a list in his hand, then it must be time for the Creative Arts Series Pass again." That's the word around Niles West High School these days, as the energetic instructor lines up the events for the Niles Township High School's 1980 Creative Arts Series.

McGee dreamed up the Series seven years ago, and with the help of a volunteer parent/faculty committee, is still going strong. "This whole thing started because we needed a showcase for our many talented students," said McGee, "a place where they could show how well they can dance, sing, act or play the trumpet. And I wanted this community to have the opportunity to see quality entertainment at a price easily afforded by everyone." For those reasons, the Creative Arts Series has and does contain school performing arts events, such as the dance show, musical concerts and the student theatrical productions. That's also why the Series, in the past, has offered performers such as Mitch Miller, Gus Giordano, the National Ballet of Illinois and a performance of "The Barber of Seville" opera.

The audience will enjoy a program of the best choral music from the Russian Folk Festival for March and McGee promises more to come. The easily affordable part of McGee's dream is down-to-earth reality. Each year, 200 Creative Arts Series Passes are offered for sale at what he calls "the ridiculously low price of just \$10 each." For that price, pass holders are able to see more than 15 events between February and May. A partial list of events for 1980 includes the student dance show, the choir concert with the Julian Arrow professional string quartet, and the solo and ensemble Sunday showcase in

February, the Russian Folk Festival and "The Sound of Music" in March, the Orchestra Concert in April, the spring play, and the Choral and Orchestra and Bands concerts in May.

The Creative Arts Series Pass can be ordered now, according to McGee, by sending \$10 to Niles West High School, Oakton at Edens, Skokie, Ill. 60077. Orders should be directed and checks made payable to Creative Arts Series, District 219. Passes will arrive in Mid-January and will be sold to the first 200 persons ordering them. Creative Arts Series events are generally held in the auditorium at Niles West High School. Call Dorothy Beringer at 966-3800, ext. 1147 for more information.

## Halevy Choral Society

The new Halevy Choral Society in Concert at Mayer Kaplan Jewish Community Center, 5050 W. Church, Skokie on Saturday, December 8, at 8:15 p.m. with David Politzer, director, will feature a wide spectrum of Choral Jewish Music.

A partial listing of events for 1980 contains a Russian Folk Festival for March and McGee promises more to come.

## From the LEFT HAND

Continued from Page 1

I know the personnel involved with these young people wouldn't want a maudlin account of the games. But if you're unfamiliar with such activities and view them for the first time, you have to report it brought tears to your eyes watching the game. When it was over, the crowd in the gymnasium stood together and cheered the efforts of these young people. It was indeed a stirring moment.

When one of the young people did perform well, perhaps stealing the ball or shooting a basket, the joy and pride they displayed made everyone watching them feel good. Former Chicago Bull Tom Boerwinkle coached The Lambs team and former Loyola Coach George Ireland coached the young people from the Center for Enriched Living. It was a most admiring effort on their parts. We're quite sure it was among the most satisfying efforts they've experienced in a gymnasium.

### US Chamber backs Porter for Congress

The Chamber of Commerce of the United States, calling John Porter "the clear choice of the business community," this week endorsed Porter for Congress.

The chamber fired off letters endorsing Porter to its nearly 200 members in the 10th District, who were urged to vote for Porter both in the special primary Dec. 11 and the special election Jan. 22.

The letter, signed by Robert L. Van Ausdall, regional manager of the U.S. Chamber, said:

"The mood in our country is more conservative. People are demanding that federal spending be slowed, that government growth be curbed and that runaway inflation be controlled."

Porter has served in the Illinois House and has earned the respect of the business community by compiling a 97% favorable rating by the State Chamber of Commerce.

"John Porter is the clear choice of the business community. He is a fiscally conservative candidate who can win!"

The national chamber joins a growing list of local and national organizations backing Porter for the north suburban Congressional vacancy.

The Porter backers now include the Republican organizations in all five townships in the 10th District, the Republican National Committee, the Committee for a Survival of a Free Congress, the Republican Congressional Campaign Committee, and all 13 GOP members of Congress from Illinois. Porter's sole opponent in the Dec. 11 primary, John Nimrod, is not known to have any major endorsements.

Illinois Congressmen endorsing Porter are Henry J. Hyde, Philip M. Crane, Edward J. Derwinski, John B. Anderson, Robert McClory, John Erlenborn, Tom Corcoran, George M. O'Brien, Robert H. Michel, Tom Raiback, Paul Findley, Dan Crane and Edward Madigan.

### Police implicate burglary rings in typewriter thefts

A similarity of operations in a series of electric typewriter thefts have led police to believe two burglary rings are working their way thru Chicago and northern suburbs.

In Niles Nov. 11 thieves pulled the door lock from Calero & Catino Realtors and stole 2 IBM typewriters valued at \$2,000 from the office area. An employee told police he had been in the office at 11 p.m. Nov. 11 to 12:30 a.m. on Nov. 12 and noted nothing missing at that time.

In the same building Yorktown Insurance Co. at 7788 Milwaukee ave. reported the lock cylinders pulled from the front doors of offices with resulting theft of 4 typewriters valued at \$4,000.

Also at 7788 Milwaukee ave. during the Nov. 11 weekend, Conquest Security officials reported burglary of their offices and thefts amounting to \$2,200 of 2 speakers, a receiver, tape deck, turntables and an 8-track tape player.

### THANKSGIVING BLESSINGS

Police arrested two men on charges of burglary Nov. 14 after the two walked into the Niles police station to claim their car left at the scene of the theft.

Steve Siegel, 17, of 3923 Estes in Lincolnwood and Todd Silverman of 8443 Linden Court, Skokie, were each charged on two counts of burglary and possession of burglary tools. Both were released under \$5,000 bonds set by Judge Kenneth Cohen, pending a hearing Dec. 7 in Niles Circuit Court.

Police said they responded to a theft in progress call around 4:30 p.m. Wednesday from witnesses who observed the two men allegedly force entrance into a 1978 Chevrolet parked in the A.B. Dick Co. parking lot at 5700 Touhy ave.

After placing an allegedly stolen case and assorted tapes in the car the suspects were confronted by a witness who ordered them into the plant building but the men fled the area on foot.

POLICE TOWED THE SUSPECTS CAR TO THE POLICE STATION AT 7200 WAUKEGAN RD. FOLLOWING IDENTIFICATION BY THE VICTIM OF THE STOLEN PROPERTY.

POLICE SAID THE PAIR LATER CAME INTO THE NILES STATION TO CLAIM THEIR CAR AND ALLEGEDLY ADMITTED TO THE INCIDENT. FOLLOWING ARREST NILES POLICE SAID THE DUO ADMITTED TO ANOTHER THEFT IN SKOKIE OF A SPEAKER FROM A CAR PARKED NEAR THE INDUSTRIAL SECTION.

Contact with Skokie police revealed theft of \$300 in speakers, tape case and cassettes from a Skokie resident's car parked at IRCON Co., 7555 Linden.

## MG Legion . . .

Continued from MG P.1

began in 1963. Since that time he has been very active with the Post serving as adjutant for 4 years, one year each as newsletter editor and service officer and a member of the Bingo Committee for 9 years, plus serving on many other committees within the organization.

He and his wife are considered "hard workers" for the cause, and one can always find them at various functions donating their time. Last year the position of Senior Vice Commander was Perschon's, that of membership. The post received membership awards due to his diligent efforts to sign up new and renewal for members.

Bob has one sister, Mrs. Leon (June) Callan who resides in Lisle, Ill.

His personal family consists of wife Frances, whom he wed in April, 1949. They have 8 children, 5 girls and 3 boys. At present two are married.

Eldest is 26 year old Debbie who is employed at Constitution Life Insurance Co.; Carol, 25 years old, is married to Richard Moerke and the couple reside in Arlington Heights. Oldest son, Ken, 24, is also married. He and wife Linda are residents of Des Plaines. Diane, 23, is also an employee of Constitution Life; and Richard (Rick), 22, has been residing in Los Angeles, Calif. recently; Joan, 21, works for the Independent Order of Foresters; Janet, 18, is employed by Amalgamated Insurance Agency Services, Inc. and Robert, 16, is a junior at Taft High School in Chicago.

The children attended St. Julian Grammar School and Taft during their Chicago residence. Carol and Richard are both graduates of Northeastern Illinois University of Chicago.

While in Morton Grove the family worshipped at St. Isaac Jogues Parish. They are members of St. Julian Church presently.

Commander Perschon is a cartographic estimator for Rand McNally Co. in Skokie, where he has been employed for the last 17 years.

Mrs. Perschon is a charter member of the Tattler Auxiliary Unit 973, for 27 years. She works enthusiastically and willingly for both the Morton Grove American Legion and their Auxiliary at present besides attending the Tattler functions.

With such eager family members behind him, Commander Bob will add zest to the American Legion year and has pledged his devoted attention to community affairs as well as Legion endeavors on the state, national as well as local, county and district levels.

The general registration period now in progress will remain open through Dec. 13. Final registration will be held on January 7 and 8, and late registration will be held during the first week of classes, January 14-18.

Classes for the 1980 spring semester at Oakton will begin on Monday, January 14.

In addition to classes on the OCC Interim campus in Morton Grove, evening classes will be held at the Notre Dame Extension Center at Notre Dame High School in Niles, Marillac Extension Center at Marillac High School in Northfield, and at New Trier West High School in Northfield.

Off-campus courses also will be offered during the day at several community locations within the College district.

For information about admission and registration, call Oakton's Office of Admissions, 970-5391.

Project completion set for six to eight weeks after work begins "is not bad," said Beusse, "considering the amount of work to be done."

The commissioner stressed that "ice programs continue as usual" at the ice rink. A side door to the left of the lobby permits entry to the rink he said. The main entrance and lobby remain closed for repairs to a roof area approximately 78 ft. long and 40 ft. wide over the entryway, lobby, locker rooms, concession area and

## Orthodontist handles patients on assembly line basis

Dr. Robert Donovan, orthodontist, who has one of the largest practices in the world, handles on average 250 patients a day at his main office located at 1250 E. Golf rd. in Des Plaines.

"This is a controversial approach," said Donovan, "but it has been very effective and it works. After 25 to 30 years, dentists and orthodontists all over the world are following our system."

To handle a workload on this immense scale, Donovan utilizes para-dental assistants. These highly trained orthodontics teams free him from the routine mechanical operations after Donovan has made his diagnosis and prescribed the necessary treatment.

Donovan currently is conducting seminars in many states in orthodontic and dental care to general practitioners and pedodontists which focus on prevention rather than repair.

Donovan said he hopes to devise a system of orthodontic and dental care so we can bring the treatment to the 80% of the population who really don't get good dental care because they

can't afford it or because it is unavailable in their particular area.

Donovan has handled more multibanded orthodontic cases and boasts the largest case history film library in the world. In practice since 1950, he had between 20 and 30 offices in the metropolitan Chicago area at one time.
