Park Board views cross country ski proposal

by Alice M. Bobula

Niles Park District commissioners are eyeing the possibility of leasing Tam Golf Course for cross country skiing.

Park Director William Hughes said Monday night a proposal by Joseph McNulty of Chicago Cross Country Skiers Inc. was geared to a 4-year contract at \$7,200. The contract provides for use of park

district land, clubhouse, utilities and parking area. The park district would retain rights to the concession stands.

Hughes said the company would subsidize cost of insurance and would supply snow-making equipment and extra lighting. A separate fee would be geared to Niles residents.

Park President Dan Kosiba indicated a one-year rental on a trial basis would be more amenable and suggested a meeting later this week for discussion of specifics with company representatives.

In other discussion Nov. 26 park commissioners favored shrubbery in place of a 5-foot fence

along Tam Golf Course property adjoining commercial property owned by J. Emil Anderson near Howard St.

While Comr. Walt Beusse argued for fencing which would provide security and safekeeping from vandals and trespassers, fellow board members leaned toward use of eighty 6 ft.

honeysuckle hedges projected for spring planting at a cost of \$650.

Snow fencing was proposed for winter use to be replaced with shrubbery landscaping in spring by Anderson along the top portion of his land.

Niles Park District threw a fine bash 2 weeks ago celebrating its 25th anniversary. The dinner-dance, chaired very ably by Elaine Heinen, was paid for by all the guests including the 14 commissioners and ex-commissioners who showed up.

While Elaine insisted the affair was to be a fun night, some of us felt a bit nostalgic recalling the names of the commissioners who served the district thru the years.

Ed Leith, the first park board president, came in from Carmel, Indiana. Ed, along with Walt Zalud, Bill Dressel, Lee Cress and John Lamber were the first elected officials in 1954. Frank Jacobs, who became a commissioner in 1959, was secretary in those first days. Frank attended the party with his wife, Millie. Unfortunately, Leith is the lone survivor of the five men elected to the first park board.

In the 60's, Bernie Miller, Jacobs, Chuck Giovanelli, Ray Eagan, Jules Panderia, Jack Leske, Steve Chameriski, Joe DiMaria, Sherwin Levinson, Keith Peck, Lou Schreiner, Jerry Sullivan, Mike Provenzano and Walt Beusse served when the great expansion of the park district took place.

In 1962 the Milwaukee ave. land-pool referendum was passed. The aluminum pool cost \$91,000 to build in the early 60's. Additional land was purchased at NICO Park, Oak School, the Recreation Center and at the Ballard Park location.

In 1968 a 1.67 million dollar referendum was passed which along with a \$307,000 federal grant, enabled the district to expand its facilities and parks. The Lou Schreiner gym, the Ballard Sports Complex, the Oakton Manor fieldhouse and the administration building were included in the referendum. Additional land was purchased in Kirk Lane, Shermer Park, Greenwood Park and Washington Terrace Park.

In 1965, the district had 15 acres and 3 parks. In 1979 the district owns 82.4 park acres, leases 20.25 acres, owns 3 recreation centers, 1 sports complex, 16 parks, 2 swimming pools, 1 indoor ice rink, 1 golf course, 16 ballfields and 21 tennis courts.

Project 900 fewer students by 1984-85 school year

District 63 studies plans for declining enrollment

by Elleen Hirschfeld

By the 1984-85 school year, East Maine School District 63 will lose almost 900 students according to a percentage projection presented by Acting Supt. Donald Stetina at a regularly scheduled board meeting in Apollo Junior High School, 10100 Dee rd., Des Plaines.

This year's enrollment is about 3,757 students.

Totals were derived according to normal percentage drops in the student population. According to Stetina, they have been "very close" during the last two years.

A tax rate referendum and closing of a junior high school were considered among priorities to be studied for the District's long-range plans. Other studies will include energy conservation, cost savings procedure, the teacher-pupil ratio, completing requirements for daily physical education and a pilot program for gifted children.

Controversy centered around whether board members should provide input before or after the studies were completed. It was

Police dispatcher trades Niles for Arizona

A familiar voice to many, Niles Police Dispatcher Leroy Wisniewski, receives a farewell plaque from Mayor Nicholas Blase at a recent village board meeting. Dispatcher Wisniewski is leaving the village after seventeen years of service and will move to Arizona with his family. Stated Mayor Blase, "Leroy has given the village seventeen years of dedicated service, his cheerful voice and attitude will surely be missed. We wish him and his family good health and best wishes in his new Arizona environment."

Shown left to right are Wisniewski's family, his wife Rosemary, and children Jim, Barbara, Patricia, Mary Ann, Carol and son-in-law Ross. Unable to attend the picture taking ceremony is his daughter Theresa.

Seek volunteers for Senior Tax Aide Program

The Niles A.A.R.P. and N.R.T.A. Tax Aide Program for senior citizens is in need of three more volunteers to serve as tax counselors during the 1979 tax season because plans have been made for enlarging the service.

The Tax Aide Program is a nationwide community service of the National Retired Teachers Association and the American Association of Retired Persons. It provides free income tax advice and preparation service for the older federal and state income taxpayers.

Volunteers should: have a sincere friendly interest in serving older adults; have a good

knowledge of basic tax matters; be willing to participate in a 3-day IRS training course to be held in January, 1980; be willing to devote at least four hours per week to provide tax counseling service during the tax season starting Feb. 1, 1980 and ending April 15, 1980.

"We've found," said Clarence Nelson, Niles Tax Coordinator, "that our counselors enjoy their activities so much that they return year after year." Interested persons should call Mr. Nelson at 823-8346 to volunteer or receive further information concerning the tax-aide program.

Burglars get jewels valued at \$40,000

About \$600 in cash, a \$1,600 stereo system and \$40,000 in jewelry was discovered missing Friday, Nov. 23 after burglary of a townhouse in Chesterfield Gardens.

Investigators said the burglars might have been frightened away by the unexpected return of the victim who found the rear door to his house standing open. A grandfather clock, color TV and large speaker were left behind near the

front door.

Police said the burglars entered the home apparently using a key. No signs of force were noted.

Once inside the thieves entered the den taking the stereo and removed the jewelry and cash from a dresser.

The victim told police he noted a red and white window van pull away from the area at a high rate of speed as he came home.

On Nov. 20 police obtained a search warrant and went to the store around 4:30 p.m. where Krawchuk was arrested following police seizure of 27 boxes of Super 8 and regular 8 films and other porno items. Christie said the search yielded approximately 4,465 rolls of porno "stag" films.

Niles man held in slaying of estranged wife

A 25 year old student from Saudi-Arabia was being held in Cook County Jail for the Nov. 24 stabbing death of his estranged wife in a Greenlakes apartment.

Charged in the Saturday slaying of Deborah Nabhan, 28, of Vernon Hills was Abdulaziz Nabhan of 9128 Terrace in north Niles.

Nabhan appeared Monday morning Nov. 26 at a preliminary hearing in Niles before Circuit Court Judge George Zimmerman who ordered him held without bond in Cook County jail. Another hearing is set for Dec. 10 in Des Plaines.

Niles police said they were called to the scene by Cook County Sheriff's police who were summoned by Nabhan after the slaying occurred. No disturbance was apparently noted by neighboring apartment dwellers according to police.

They said the couple had gone to the Greenlakes apartment Saturday night around 10 p.m. where an argument followed. Nabhan was said to have picked up an 8-in. long knife and allegedly stabbed the woman to death.

Nabhan, in the United States on a student visa from Saudi-Arabia, is finalizing his second year in the Traffic Institute of Northwestern University.

Niles Police Lt. John Christie described him to be a sombre, intelligent man.

Police said the couple, separated for several weeks, had been married for three to four months. A 9 year old daughter of the slain woman is expected to go to the victim's former husband residing in Brian, Ohio.

Christie said much international interest is being exhibited in the case. Several representatives from Saudi-Arabia are reportedly en route to the States to discuss the case with American officials.

Industrial theft

Two electric typewriters, several air compressors and \$130 in cash along with a \$4,500 van and tools were stolen in burglary overnight Nov. 17 of Northwest Industrial Piping, an industrial firm at 7475 Oak Park ave.

Police said the burglars cut a gate lock to the rear parking lot then entered the building by pulling the lock mechanism on a rear door. A bolt cutter and crowbar were found on the ground near the door.

Once inside the burglars went thru the entire building ransacking each office.

A safe was found in the central offices which had the lock mechanism pried off. Cash boxes from the safe had been pried open.

The burglars then went to a work area and loaded the stolen items into a company 1977 Dodge truck van and left thru the rear garage door.

Liquor theft

A man in his early thirties entered Weiner Liquor Store at 8008 Oakton st. shortly before 4 p.m. Nov. 19 and took a bottle of Martell valued at \$14.79 from the shelf then left the store without paying for his merchandise.

Witnesses said he was joined by a younger woman in her late twenties.

Marillac's Charter Day

On Nov. 21 the Inter-Class Council hosted Marillac's 13th Charter Day to celebrate the school's founding in 1967. The day opened with a Thanksgiving Mass, celebrated by Father Chris Klug, C.M., of St. Vincent's parish and Father Rich Brouil of St. Isaac Jogues's parish. ICC vice president Ann Brand (Glenview) coordinated the liturgy plans. The classes offered food for the needy, helped by Marillac Social Center.

Following the Mass, the students and faculty shared a breakfast of pancakes, bacon or sausage, orange juice, and hot chocolate. The Old Town School of Music in Evanston provided surprise entertainment.

The finale of the day's festivities was an 8-act Talent Show with two entries from each class. Linda Pullano (Niles) and Betsy Lane (Northbrook) co-

emceed the show; a panel of alumnae and former Marillac teachers judged the acts. Two seniors, Karen Tobias (Morton Grove) and Nancy Tardif (Northbrook) lead a group in a medley of tunes entitled, "That's Entertainment". The other senior act was Diedre Dolan (Glenview) and Linda Henslee (Winnetka) singing "Vincent".

The junior act entitled "The Times of Your Life" was a combination song and dance by Nancy Notaro (Niles) and Daun Webber (Morton Grove). The other act was a group effort, singing to the melody of "It's a Hard-Knock Life". A sophomore dance group will present "Dancin'" and another entry is "A Marillac Girl", a music skit about school life. Freshman acts will be "The Hoods" and a musical rendition "Don't Be Anything Less".

in the car. The elderly man continued walking he said and after passing the car he felt someone grab him from the rear. Turning he noted the motorist from the car who displayed a gun stating, "Get it up or I'll kill you."

The victim reached into his pocket and gave the robber \$9 cash. The gunman noting the watch worn by the senior citizen took it, walked to his car and drove off toward Milwaukee ave., going thru a red light and out of sight.

"Handling Holiday Stress"

Skokie Valley Community Hospital will offer a program for the public on "Handling Holiday Stress" at 7:30 p.m. Tuesday, Dec. 11, in the hospital's fifth-floor lounge.

Guest speaker will be Linda S. Korolewski, M.A. M.P.H., stress consultant in the hospital's Good Health Program. Registration fee will be \$2.

"Handling Holiday Stress" will include demonstrations and practice of simple massage techniques for hand and fingers, feet and toes, head and face, and neck and shoulders. Program participants should wear comfortable, loose clothing and bring a blanket to sit on.

"Stress is believed to be a major factor in the development of a number of chronic diseases," Korolewski explained. "Additional stressing situations which often occur during the holiday season can lead to excessive muscle tension. An often overlooked and inexpensive way of soothing tense muscles is through massage."

For further information and to register for the program, people should call the hospital, 677-9600, ext. 376.

Auxiliary members also engage in general social service work in the surrounding area

by conducting a monthly visit to an Evanston sheltered care center, sponsoring parties and making regular donations to the Dixon State School and supporting cancer research and dispensing cancer grants to qualifying area women.

Introducing the great American energy saver.

Save gas. Do some of your Christmas shopping by phone.

Sounds funny, but it's true. Fact is, using the phone more often is a pretty smart way to cut down on your gasoline bills.

Let's say you want to go shopping. First thing you do is pick up the phone and call first. And find out quickly and easily if what you're shopping for is in or out of stock. You might just save yourself some gas. And a lot of aggravation - another form of wasted energy.

Another example. By keeping in closer phone touch with your out of town clients, you can cut down on unnecessary sales trips and save hundreds of miles worth of gas.

So call first. You'll end up driving less. And less energy wasted means more money in your pocket.

For more good ideas, read this handy booklet called "Telephone Tips." It's free, just by calling your local Centel service representative.

New bond posting rules

The Illinois Supreme Court has revised the procedural rules for posting of bond by traffic offenders.

The new rules which go into effect November 15 apply only to minor traffic offenses occurring inside Cook County and permit State Troopers, Sheriffs and State Dept. of Conservation officers to accept, at the violator's option, a cash bail of up to \$50. Previous rules required that cash bail be deposited in an envelope addressed to the court and placed in a U.S. postal box by the violator and the arresting officer. That procedure often caused undue hardship on motorists stopped in rural areas far from a town having mail service.

Under Supreme Court rules traffic offenders may post an Illinois drivers license, an approved bail bond card of \$35 cash bail to guarantee their court appearance or the payment of a fine later. According to State Police Superintendent, R. J. Miller, the rules were amended after the

State Police met with Illinois Supreme Court Administrative people. "I want to stress that our Troopers will accept the cash bail only at the violator's option," Miller said. "If the driver wishes to witness the mailing of the court addressed envelope containing the bond money, the Trooper will honor the request and both will travel to the nearest mail box."

Miller stressed that the Troopers will personally deliver or mail any tickets issued including bond money to the court before the end of their tour of duty. According to the State Police, the arrestee will continue to receive a signed receipt for the cash bail. Providing receipts for posted bond has been the required practice for over 16 years.

"The only real difference in the rule is that now the motorist stopped for a traffic offense will not be detained and required to make an out-of-the-way trip to a post office box to mail the cash bond to the court," Miller said.

Car thefts

A 1970 VW sedan valued at \$100 was reported stolen Nov. 19 from an Octavia resident. The owner told police it was the third time the locked car had been taken.

During the evening of Nov. 24 a 1975 Volvo valued at \$3,000 was taken from the parking lot south of the J.C. Penney store in Golf Mill.

Obscene phone calls

The switchboard operator of an office building at 7400 Caldwell told police she has been receiving lewd phone calls from an unknown male in his early twenties.

Criminal damage to cars

Someone sprayed a Ford Torino parked in Lawrencewood Nov. 17 with red paint and broke the car windshield, antenna and outside mirror.

A BB pellet broke the windshield of a 1979 Olds Cutlass parked on Monroe Nov. 23 causing \$150 in damages.

A hard object was thrown thru the windshield of a 1974 Plymouth station wagon parked in the 7215 Dempster st. lot Nov. 23. Damages were set at \$125.

A rock was hurled Nov. 25 thru the rear window of a 1972 Chevrolet parked at 8801 Milwaukee ave. while the owner was dining at Gullivers. Damages were estimated at \$500.

Safety Hints

by Alan J. Dixon
Secretary of State

In order to provide safer conditions and more convenience for Illinois motorists who normally renew their driver's license during winter months, I call your attention to a program which could be of importance.

Renewal notices now are being mailed approximately 45 days before expiration date, but all drivers may renew their license up to one year in advance of the expiration, thus avoiding ice and snow.

Drivers whose birthdays come during cold and bad weather months have been at a disadvantage with regard to taking their driver's license exam. Even when a road test was not required for renewal, they still had to drive to the facility for a photo, often in icy weather or hazardous streets and roads.

The alternative offered by my office allows every Illinois driver the opportunity to obtain a license renewal under ideal weather and road conditions, and this service is also available to persons who are usually out of town when their driver's license expires.

(A copy of the Rules of the Road will be sent to you upon request. Write to Alan J. Dixon, Secretary of State, Springfield, IL 62756.)

Announcing a key system with advanced features for companies with 10 to 30 telephones.

If your company has been expanding, or you're thinking about moving, you'll certainly want to know about this modern system.

It offers convenience features that will help your people get things done faster.

Take the intercom. Your operator can tell you who's calling, and you can talk to her, all without lifting the handset. This same feature works even while you're already on another call, and lets you know who's waiting to

talk to you. If it's important, you can get right on it.

There's a privacy feature, too. No one can listen in on your calls unless you let them. It also prevents others from inadvertently dialing out on busy lines, or interrupting ongoing calls.

There are some very interesting options you can use to tailor-make your system even more. Like the multi-trunk conference feature that lets you talk to two outside calls at the same time.

Or you can have music, or a pre-recorded message, played to a caller while he's on hold and waiting to be connected.

There are so many more time-saving and convenience features you'll want to know about them.

Earn Interest on Money You Would Have Paid in Taxes!!!

That's right . . . if you are not already covered by a tax deferred pension plan where you work, you can use part of the money you would pay in income taxes to establish a F N B O S Individual Retirement Account where you bank.

15% of your income or \$1,500.00 (\$1,750.00 for some married couples) can be placed in a special account that draws 8% compounded daily interest. What's more, that money can be deducted from your gross income - right off the top . . . It might even put you in a lower tax bracket.

You can also put any lump sum pension settlement you might get when you leave an employer, into this 8% account and avoid paying taxes on that money til you retire and will probably be in a lower tax bracket.

Sound interesting? - Come on in and talk to one of our Customer Service Officers about using tax money to earn interest.

Kustra seeks GOP backing for State Rep

Bob Kustra, a 12 year veteran of state government, announced today that he will seek the Republican nomination for the Illinois House of Representatives from the 4th Legislative District. Kustra is currently serving as Executive Assistant to Senator Charles H. Percy but plans to leave the position in the near future.

Among his qualifications for the seat being vacated by State Representative Eugene F. Schlickman, Kustra lists his position from 1969 to 1971 as Administrative Assistant to the Speaker of the Illinois House of Representatives.

As Senator Percy's top aide in Chicago, Kustra works with local governments, businesses, and others seeking help from the federal government.

Kustra has worked for Illinois Republicans in various positions for 12 years and he now serves as a precinct captain for Maine Township Republicans. "I have a broad-based campaign, with significant support from the Maine Township Republican Organization and impressive support from Republicans in other 4th District townships and from key community leaders," Maine Organization officers serving on Kustra's campaign committee include: Wayne Andersen, Chairman of the Board; Dee Conroy, Deputy Committeeman; Margaret Wirsen,

Committeewoman; and Pat Meyer, Secretary.

Kustra also serves as Trustee of the Village of Glenview. Before his election as trustee, he served as a member of the Glenview Plan Commission. Also on the local level, while a graduate student at Southern Illinois University, he served as Assistant City Manager in Carbondale.

The theme of Kustra's campaign will be strengthening the Illinois economy. "We must control state government spending and we must improve the business climate in Illinois."

Kustra lives in Glenview with his wife, Joyce, and their children, Jennifer (10) and Stephen (8), who attend Hoffman School.

State committee seeks mandatory auto emission testing

A joint House-Senate committee has been established to help the State develop a program for mandatory auto emissions testing in the Chicago metropolitan area, State Rep. Penny Pullen (R-4th) announced this week.

The committee will hold hearings in DuPage and Will Counties Friday, Nov. 30. It is co-chaired by Sen. Charles Chew and Rep. Myron Kulas (both D-Chicago).

No hearings have been scheduled yet for Cook County, Rep. Pullen reported, although the committee already has hearings scheduled into January in Lake County and in East St. Louis, the other metropolitan area affected.

"According to the committee's announcement," Rep. Pullen said, "the State is mandated to begin testing by 1982. An annual inspection of every automobile is required under the federal Clear Air Act."

"Tailpipe exhaust will be measured for 'unacceptable' pollution emissions, and motorists whose exhaust fumes fail the tests will be required to have their autos tuned and retested."

"The citizens of the area will be required to undergo the testing and correction program annually as long as the metropolitan area

Lecture by psychologist

Internationally recognized psychologist Robert Powers will discuss "Intimacy, Sanity and Your Health" at 8 p.m. Friday, Dec. 7 at Devonshire Community Center, 4400 Grove, Skokie.

The Niles Lions -- Who are they?

Oh, the Lions, they help the blind. Yes, sir, we do, and a whole lot more. Like that "Broomerama" we held back in '54" where the funds that were raised helped buy manually operated stop-and-go lights that were desperately needed at crossings for all schools in Niles, both public and parochial. A Talent Show, a softball game with Lion Bill Wetendorf as umpire (Lion Bill is a blind member) also helped raise the needed funds for this community project.

Programs, always an important part of a club's meetings, have been great, and not so great, but none more varied than the Lions have put together. Just a sample of what has been presented includes, a jolting meeting with all the civic clubs under one roof, a color film on Orchard School and a talk by Trafficcop Officer Lenard Baldi from WGN.

More than just another social club, the Niles Lions proved that doing things for others in the

community is not only the reason for our being but it's our fun too. Taking kids on a picnic, or hosting a circus can be a rewarding experience.

To men like Lion Ted Lafaber, Lion William Keating, Lion Ben Frankenberg, Lion Joseph DiMaria and Lion Joe Conti, our first presidents, these things were the things to do and God bless 'em, they laid the foundation we are so proud of today.

Do you think there's a place for you in our ranks? Well, if you're a typical Nilesite who believes in Motherhood, Apple Pie and the American Flag, we would love to have you.

This year, we will probably work harder than ever because Niles is no longer that struggling little town we were born in, but a town that wants for very little. To be sure this makes for a more contented village but it leaves little to be conquered.

We're proud of the past, but we look to the future for in the future

Accountants meeting

The meeting will begin with cocktails at 5:30 in the Mid-Day Club located at 1 First National Plaza, Chicago.

lies the hope of seeing our dreams of sight conservation bearing the fruit of our efforts. To see the hard of hearing and deaf, through research, being helped more and more and by working to raise the money we will see this all come to pass. There will be new and different local problems that will have to be solved and to be sure, the Niles Lions will be there, saying, "It's great to be a Lion!"

determined a general outline of committee meetings would be provided to board members on an ongoing basis. Members who wished to attend because of their "expertise" in a particular study could do so.

About 33 custodians, members of the East Maine Custodial Maintenance Assn., resolved their negotiations with the District. A contract was approved at the meeting.

A two-year contract will provide a 9.27% raise the first year including insurance and benefits and an 8.86% raise the second year.

It will also include a \$50 across the board raise if the consumer price index reaches 13%.

A resolution providing tuition to academically gifted students was approved by the board 4-3 despite board members' numerous questions regarding its administration.

Mark Davis, board member, said, "We reacted to an immediate request. Certain questions have not been answered." Davis referred to the appeal made by the parent of a gifted student at a former board meeting.

Questions concerned a lack of funding for nonacademic subjects such as art and music, children in the district entitled to the program, accreditation of subjects and information upon which the resolution was based.

A final resolution authorizes the superintendent to approve tuition payments for academically gifted students enrolled in East Maine District 63 during the school year and will not exceed \$150 a child.

According to Stetina, administrators in the Maine Township Special Education Program have met and devised an emergency plan for snow days.

Course for golf practice by 22 to 30 student golfers for two hours per day was turned away by park commissioners.

Board members said they were "not ready to enter contractual agreements for use of the golf course for practice by students" after Comr. Elaine Heinen pointed out the possibility of setting a precedent for requests from other high schools which could not be met by park officials. "If we open use to one school," she noted, "we should be ready to open the course to all schools."

Commissioners recommended approval of a Risk Management Insurance study at a pro-rated cost of \$750 per park district spearheaded by the Palatine Park District.

Hughes said invitations had been forwarded to 47 park districts to participate in the feasibility study on costs of a group-pool of self-insurance. Involvement by 25 park districts would subsidize the

An East Maine radio station, 88 FM, will broadcast closings from 7-9 a.m. A board consensus approved payment of \$300 or 21% of the broadcasting bill.

Joan Futterman, board member, was named second alternate to Ed-Red, a school district lobbying organization.

A student teaching agreement was approved by the board between the District and DeLourdes College, Des Plaines.

In other action the board approved an application for recognition, school calendar and the Fall enrollment/housing report. Board members also approved a classified personnel salary schedule, a change in salary for classified personnel, resignations and appointments of classified personnel, a change in salary of classified personnel, boiler repairs for Nelson school and the payment of accounts.

\$15,000 cost of the study he noted.

Park Comr. Jeffrey Arnold observed that present budgeting of approximately \$50,000 in park insurance premiums per year made the projected study "worth looking at."

Kosiba requested fellow commissioners to consider a Niles Park District 25th Anniversary Week in February as a special tribute to the planned ice show at the Ballard Sports Complex.

Comr. Elaine Heinen was accorded unanimous approval by fellow commissioners for her request to present Certificates of Award to Niles participants in the Nov. 23 ice show.

Maine Township meeting rescheduled

The Maine Township Board wishes to inform you that because of the primary election to be held December 11, the same night as the regularly scheduled township meeting, the meeting will be held on December 12 instead.

Also, because of the Christmas season, the usual second meeting of the month held by the Maine Township Board will not be held at all. The only meeting in December will be that mentioned in the above paragraph—December 12.

Evanston man seized on burglary charges

A 29 year old man was arrested Tuesday, Nov. 20 following apprehension by the husband of an employee in the Lawrencewood Shopping Center during a store burglary.

Keith Goins of 1327 Ashland in Evanston was charged with burglary, theft, and possession of marijuana. He was set under a \$2,500 bond by Judge George Zimmerman pending a Nov. 30 hearing in Niles Circuit Court.

An 18 year old companion, also from Evanston, was taken into custody and later released without charges when police determined the youth had nothing to do with the burglary.

Niles police said they were dispatched to the Uni Group of Illinois store in the Lawrencewood Shopping Center on call of a burglary in progress. On their arrival the store owner led them to the rear of the establishment where the suspect was observed lying on the floor.

The assistant manager told police she was typing in a front office around 3 p.m. when she heard suspicious noises from the

The store manager said 7 digital watches were missing valued at \$50 each.

A search of the suspect's car parked at the rear Lawrencewood lot turned up a green leafy substance said to be marijuana. The car was towed to the police pound and the suspect was taken into the Niles station.

Investigation by police revealed Goins was wanted by Des Plaines police under a \$2,000 active warrant.

Maine East's Winter Music Festival

On Dec. 2, at 2 p.m. one of Maine East's finest and oldest traditions will take place. The admission is free so there is no reason why you shouldn't attend the 77th annual Winter Music Festival. Over 250 students in Concert Choir, Concert Orchestra, and Mixed Chorus classes are putting a lot of hard work and effort to make this year's Winter Festival the best one yet.

Under the fine direction of Mr. Thomas Hageman (orchestra) and Mr. Craig Johnson (choirs), a spectacular concert will take place that Sunday afternoon. Of course, the seasonal music will be heard with numbers of Christmas and Chanukah selections. It starts out with a professional of the chorus down the aisles of the auditorium and ends with all 250 students on stage singing or playing the "Many Moods of Christmas" for a breath-taking grand finale.

New teller system installed at First National

A new electronically controlled time saving First Teller Expediter system has been installed at the First National Bank of Des Plaines mini-bank facility at the Convenience Center, 760 Lee st., Des Plaines.

The new system allows customers to receive attention on a first-come, first-serve basis and eliminates the frustrations of choosing a slow moving line. Customers wait their turn in a traffic-control area and a visual and audio signal on the display panel invited the first person in line to the next available teller.

Each teller window is equipped with a teller alert signal light. When a teller is ready to receive another customer, a button is pressed which lights a directional arrow on the display panel at the

head of the waiting line. A pleasant chime sounds simultaneously.

"The First is very pleased to offer this new customer service," Arthur R. Weiss, president, said.

"In addition to providing a smooth, faster traffic pattern, this First Teller Expediter system offers personalized service with total privacy. No one is standing behind the customer during the banking transaction which is a private matter."

The Convenience Center walk-in bank opens six days a week at 10 a.m. Monday through Thursday it closes at 6 p.m.; on Friday at 8 p.m. and Saturday it closes at 2 p.m. The First Teller Expediter will be in use during those regular business hours.

The new cheques, clearly marked as Visa, will also carry the Glenview State Bank's name and the signature of John H. Beaulieu, President. Worldwide awareness of the Visa trademark will make these cheques readily acceptable wherever they are presented. They will be sold at all the Bank's locations, including the new 2610 Golf rd. location, beginning Nov. 30.

Skokie Federal names new officers

James W. Peters

A major restructuring of the corporate organization of Skokie Federal Savings and Loan Association has been announced by John R. O'Connell, president and board chairman.

O'Connell said Owen B. Melton, Jr., has been named executive vice president and chief operating officer of the \$380 million savings institution.

Melton, 33, was formerly Chief Administrative Officer for and Assistant to Robert H. McKinney, past chairman of the Federal Home Loan Bank Board, Washington, D.C.

Melton, who co-ordinated the transition of the FHLBB office to McKinney's successor, Jay Janis, held managerial positions with First Federal Savings and Loan Association of Indianapolis before his FHLBB appointment.

In addition O'Connell announced that James W. Peters, 32, has been named president of Sko-Fed Mortgage Corp., a subsidiary of Skokie Federal Service Corp.

Owen B. Melton, Jr.

Formerly, Peters was senior vice president in the organization. A graduate of Elmhurst College, he will now administer the half-billion dollar subsidiary, which has offices in Illinois, California, Texas and Florida.

"These appointments are part of a corporate realignment reflecting the fact that Skokie Federal has become one of the country's major savings institutions," O'Connell said.

"They were necessitated by the rapid growth of Skokie Federal into one of the strongest institutions of its type in the Chicago area and one of the most progressive institutions nationwide in its service corporation operations."

Founded in 1957, Skokie Federal is now the 19th largest federally chartered savings and loan institution in Illinois.

In addition to its headquarters at 4747 Dempster st., Skokie, it has two other Skokie offices as well as offices in Glencoe, Kenilworth, Round Lake Beach and Woodstock.

Melton, a graduate of Indiana University, will reside with his wife Christine in Skokie.

District 207 Board to act on planning document

At its Dec. 3 meeting the Maine Board of Education is expected to give its stamp of approval to the bulk of material contained in a draft long range planning report and announce plans for community involvement in studies on the document.

Subcommittees set up to refine the report prepared by the District 207 administration and work out the issue of community involvement were created by the Board's education committee at its Nov. 19 meeting. The subcommittees met on Friday, Nov. 23 and will report back to the Board on Dec. 3.

The long-range planning document projects continual declining enrollment for District 207 and a \$10 million deficit by 1983 unless changes are made in the school district operation.

Commenting on the report, Board Member Charlotte Storer said the report "was very well done." The other Board members present at the Nov. 19 meeting concurred.

The Board also agreed that the long-range planning studies must be a priority item for the Board. The District should have a plan in place by September in order to implement whatever action the Board takes.

Among those options offered the Board in the report to avoid the projected deficit are: Seeking a 60 cent increase in the District's education tax rate to operate four smaller but equal schools; and closing a school building plus a smaller tax increase to operate three high schools.

Approval of the bulk of the report means that the Board accepts certain conclusions made about the District's future.

•The current enrollment of 9,912 in the Maine schools can be expected to decrease to around 6,000 students by 1987.

•The school district will continue to reduce staff because of declining enrollment.

•A \$10 million deficit for the school district by 1983 is certain if

the District's present revenue sources remain the same.

Board approval also gives credence to the hallmarks of excellence in the Maine schools as presented in the report. The hallmarks include an extensive curricular and extracurricular program; an exceptional college preparatory curriculum; an excellent career education program; a wide variety of special education programs.

In addition such hallmarks as excellent school facilities and equipment; a comprehensive physical education program; an outstanding student performance record; a highly talented professional staff and administrative team; a network of special and supportive services; dedicated and concerned Boards of Education; and a supportive and responsive community are acknowledged as necessary for continued high quality high school education in Maine.

AREA SCOUT NEWS

Cub Pack 175 costume winners

On Oct. 26 Cub Pack 175 held its annual Halloween party. Carved pumpkins were put on display and the scouts engaged in apple dunking. Many ingenious costumes were exhibited, including Dracula, R-2 D-2, Mickey Mouse, Devils, Ghosts, Goblins, and an Arab complete with a gas can. The award for the scariest costume went to Todd Gawronski; the funniest to Jim Strezewski; and the most original jointly to Todd Kivlehan and Frank Cienniwa.

Winners of the pumpkin carving contest were Kurt Kozeny for the most original, Dan Tomasiwicz for the scariest, and Jeff Genualdi for the funniest.

Coffee, cake, and treats were supplied for all. As usual full participation by all scouts and their families ensured another successful activity for Cub Pack 175.

Junior Girl Scout Troop 846

The weekend of Nov. 10 and 11 was very busy for Junior Girl Scout Troop 846. On Saturday, the scouts, Karen Beefink, Cathy Bratek, Karen Casacchia, Renae Hubick, Nancy Kozanecki, Sandy Lepold, Lisa Michelotti, Cathy O'Grady, Colleen O'Grady, Janet Rzepiela, Tricia Smith, Tina Sudendorf, Maria Sudendorf, and Chris Wolshon, visited Ding Bats. Here the scouts enjoyed hot dogs, hamburgers, and sloppy joe's for lunch, followed by a full day of disco dancing and disco lessons.

On Sunday morning, the scouts attended Scout Mass and then assisted St. John Brebeuf's Catholic Women's Club at their annual Christmas Bazaar. They helped with the grab bag gifts. Then, on Sunday afternoon, the scouts visited the Chicago Historical Society. Here they watched a movie which told them about the Chicago Fire. They also saw a replica of the inside of Fort Dearborn. And lastly, they watched weaving and candle making demonstrations. Needless to say the scouts enjoyed a fun-filled as well as a helpful and educational weekend.

Cub Pack 175

Pierski, and K. Thompson. As always Pack 175 engages in many activities during the year, the first of which was a hay ride in Lake Villa. A very warm October 19th evening afforded a very pleasant trip through some fields in the country. A good time was had by scouts, parents, and families. A campfire ended the evening with hot dogs, marshmallows, and hot chocolate being served.

Nilesite questions lack of library service

Dear Editor:

This letter is addressed to your attention in regard to a community problem, albeit an individual one, which for all I know may be a general one as well.

It concerns the Niles Library at its Oakton st. address. Frustration at the service or lack of it is the issue.

More than twelve weeks ago I put in a request for a book which was not carried at their location and was to be obtained from a member library. After two weeks and a personal inquiry, the word was that processing was still in progress. In the interim I had visited the Skokie Library and found the book in question to be on their shelves, I did not take it on loan as I could have. Another and a third visit to the Niles Library were negative. Nothing positive or helpful was offered. This is unusual. On a previous occasion when I required a book not carried by the Niles Branch, they were able to obtain one on loan from the Rockford, Ill. public library in two weeks time.

A letter to the Library Board has been unanswered for more than two weeks. As a taxpayer whose monies support the library I believe an accounting is due my request, but the library offers none. A further problem I have in this regard is that I am hearing impaired and depend on lip-reading while communicating orally.

Perhaps your civic-minded and spirited position can enlighten me or cause this situation to be enlightened through your experience.

Sincerely,

Casimir J. Fronczek

LGH Alcoholism play

"Lady on the Rocks", a play designed to increase understanding of alcoholism will be presented on Monday, Dec. 10, in the Olson Auditorium of Lutheran General Hospital, Park Ridge.

The 30-minute play is presented by the Lutheran General Players, a group of professional and amateur actors from the community. It is presented in cooperation with the Maine Township Council on Alcoholism. A discussion period follows the presentation.

"Lady on the Rocks", written by Elizabeth Blake, was commissioned by the National Council on Alcoholism. It has been presented throughout the country.

Tickets are free and may be obtained by phoning the Lutheran General Alcoholism Treatment Center at 696-6051.

The play will also be presented to clubs, church groups or businesses upon request. Further information may be obtained by phoning the Alcoholism Treatment Center.

Red Cross is counting on you.

MG Postmaster issues holiday mailing reminder

A seasonal reminder not to forget the postage stamps when mailing holiday greeting cards was issued today by Morton Grove Postmaster Louis G. Principali.

No stamps means no delivery, he cautioned.

"And if your cards have no return address, chances are you won't even know that they never got where you intended them to go. If there is a return address, they'll come back to you marked 'returned for postage'."

It's been more than 3 years since the Postal Service discontinued its previous practice of

delivering unpaid mail "postage due" and collecting from the addressee.

Yet, a surprising amount of mail still gets into the system without postage, Postmaster Principali said.

Every day, for example, the Chicago post office receives an average of 1,600 letters that have neither postage nor return address.

"We are able to return more than 90% of these to the sender," says Howard Tomlin, who is in charge of the "dead letter" section of the Chicago post office, "because much of this mail is for

payment of bills, and usually the sender's address appears somewhere on the bill."

But that's not the case for Christmas cards, which seldom have the sender's address inside. "So," says Mr. Tomlin, "the sad fact is that a lot of Christmas messages and New Year wishes will be wastes unless you remember to apply proper postage."

Mr. Tomlin's office handles undeliverable mail for all of Illinois and lower Michigan. Similar dead letter offices serve other sections of the country. Mail without postage goes to a

dead letter office, rather than back to the sender, only if it has no return address.

Postmaster Principali also cautioned that careless addressing is even a greater cause for mail to wind up in a dead letter office.

He noted that the Chicago Post Office received more than 200,000 pieces of mail during the first three weeks in November that couldn't be delivered because of incorrect or illegible address, and had to be opened because there was no return address on the envelope.

Replace your old gas furnace with an energy saving

GAS FURNACE

The Carrier Energy Saver gas furnace features...

CHIMNEY-LOCK

Chimney-Lock is just in time for today's energy-conscious consumer. It is an automatic flue vent damper specifically designed to provide maximum system economy for all sizes of the 58ES deluxe gas-fired furnace.

...the failsafe way to lower heating costs.

RELIABILITY FEATURES

Factory assembled - Each unit is fully assembled and wired - ready for installation on the 58ES furnace.

Stainless steel construction - The basic flue adapter is fabricated of 18-gauge, type 430 stainless steel for extra years of trouble-free service.

Low-voltage operation - Attached to the flue adapter is the 24-volt drive motor and gear train, switching relay, rotary switch, and terminal board. The factory-supplied wiring connects to the furnace low-voltage circuit in the furnace control compartment by means of a printed circuit board edge connector.

Air infiltration minimized - Chimney-Lock stops the flow of heated ventilation air up the chimney after the burners

are extinguished. Infiltration requirements and cold drafts caused by infiltration during the "OFF" cycle are reduced to a minimum.

Residual heat utilized - When the vent damper closes, heat is trapped in the furnace heat exchanger. The blower will continue to operate, removing this heat and distributing it throughout the heated area. When the blower shuts off, remaining heat is contained within the living space.

Energy savings - Specific energy savings vary depending on the type installation and climate.

PR award . . .

Cont'd from Skokie-L'wood P.1
I'm proud of our public information officer - Al Bernstein. This award indicates that he did an outstanding job of informing the public about our farmers market."

Eppley added, "We were sure the market would bring the village many residual benefits, and this national award is just a part of that. We know the market will continue on just as effectively next year and for many years to come."

The farmers market was held each Sunday from July 1 through Oct. 28 and each week attracted 20-25 farmers selling fresh produce to between 7,000 to 9,000 customers.

Other communities receiving the award of merit project division of the City Hall contest were: Baltimore, Maryland; Tucson, Arizona, Washington D.C.; Rochester, New York; Charlotte, North Carolina; and Huntington Beach, California. Kalamazoo, Michigan and Norton Shores, Michigan were given "Grand Awards"

In November, 1973, the nine-hole Tam golf course was purchased.

Since 1954, thirty-nine people have been elected or appointed to Niles Park Board. Four have been women. Thirty-one have been elected, eight have been appointed. Of those elected Jack Leske was elected to 3 consecutive terms dating back to 1961. Giovanelli, Schreiner, Eagan, Sullivan, Chamerski, Arnold and Beusse were elected twice and Chamerski also served as an appointee.

In 1955 the district had 25 million dollars of assessed valuation with a tax rate under .100 per \$100. Today, the valuation is 279 million dollars with a .392 tax rate.

There were lots of battles, large and small thru the years. Lots of egos were bruised and lots of politicking dominated park activities. There were bits of hanky panky, one serious enough which could have put one guy in the pokey. Another time a non-park person, an insurance agent, failed to turn premiums into his company collected from the park district. Subsequently, he did wind up going to jail after securing loans with false premiums.

There were other bits of eyebrow raising. Petty acquisitions of park property wound up in some of the park commissioners' homes.

While there was a great deal of political infighting, particularly in the early days of the district, there was a tremendous amount of dedication and sheer hard work which did much to improve the Niles community. The trekking thru the snows three and four days a week to attend endless meetings, the knocking on doors to pass referendums, the losing and winning referenda after months of tireless efforts, are all badges these commissioners can wear proudly.

Unlike other elected posts, being a park commissioner gives a person little recognition. Most residents attending park board meetings, and they are darn few, generally are there because they want something or because they're unhappy. Being a commissioner is not a job for a person seeking glory.

In addition to the names we've mentioned, you have to add Lou Schreiner, Jules Pandera, Sherwin Levinson, Keith Peck, Mike Provenzano, Bill Keener, Millie Jones, Jeff Arnold, Dan Kosiba, Mary Marusek, Louella Preston and Elaine Heinen as commissioners who have made substantial contributions to the district. Jim Orphan, the attorney for many years, did yeomen's work on behalf of the district and Gabe Barrafato kept the ship on even keel the past 10 years. Park Director Bill Hughes is one of the best, if not the best, the district has ever had.

The Bugle has been covering nearly every park board meeting since 1957. We've been friends with many of the commissioners, and at odds with many, when we thought the district was being short-changed. But whether or not the guys and gals were wearing white hats, most of them had one common denominator - they tried hard, and most of them did what they thought was in the best interests of the community. As we noted before, it has often been a thankless job. But the number of facilities and programs the district has 25 years later is the best testimony of a job well done.

Niles is much better because these 28 commissioners served. We join with Nilesites in saluting these people who made this 25th anniversary possible.

Des Plaines Blood Drive

To be sure there's enough blood available in the regional volunteer blood donor system this holiday season, all Des Plaines residents who are eligible to donate blood are urged to participate in the Community Blood Drive, which will be held at the Public Library, corner of Graceland and Thacker, between the hours of 3 and 8 p.m. on Tuesday, Dec. 4. This blood drive

is held in cooperation with the North Suburban Blood Center, sole supplier of whole blood and blood components to the fourteen hospitals of this region. To schedule an appointment for donation, call Deirdre Baillieu in the Des Plaines Health Department at 297-1200, ext. 210. Give a holiday gift of life to someone in need. MG Board . . .

Continued from MG P.1

for our quiet little village," according to Mrs. Ronnie Brenner. She cited traffic problems, drainage and sewer problems and "the aesthetic effect of this new look of Morton Grove" as basic reasons for the protest.

Mr. Harold Cohon said that endorsing the proposal could turn Morton Grove into a "developer's delight of anything goes." He objected to language in the community plan which would have the village 'acquire and demolish' land and buildings. He questioned that village trustees would want to be remembered for this. According to Cohon, the Protest Association is "not opposed to change, but change for change's sake is stupid."

In asking that the Board table their endorsement of the Plan, Cohon reminded Trustees the platform on which they had been elected showed their wish to curtail development.

In answering the protesters, Trustee Don Sneider said he does not see why there is a confrontation, as he cited examples in which the Board has fought developers. Mayor Flickinger explained the Board must hear every case; it does not imply they support each one.

Trustee Joan Dechert's motion the proposal be tabled until more community meetings could be held was passed.

Another issue at the Village Board meeting which aroused community reaction involved Jewel's new No Frills store at 5915 W. Dempster. The store's operation is in violation of an ordinance requiring individual item pricing. At the last village meeting, it was decided the store could remain in operation for two weeks so citizen reaction could be analyzed.

Trustees received many calls indicating residents wanted the opportunity to save money. The No Frills attorney Ralph Miller presented a petition of 1,000 signatures from store patrons who support the money saving concept of not marking items when price lists are available and prices are posted.

Trustee Richard Hobs remained skeptical of the operation fearing customers would be cheated at the cash registers. Mrs. Dechert claimed, "Unfortunately we have to be Big Brother; we have to protect people who shop."

Trustee Sneider argued people should be able to decide whether or not they want to shop in such a store. "We have a free enterprise system and thank heavens we do."

The trustees voted to add an exemption to the existing ordinance which would allow no individual item pricing under certain specific conditions. Village Attorney Ashman will draw up an amendment with acceptable language.
