# "Mr. Public Works" Eddie Bacher retires

A retirement dinner will be held for the man known to many as "Mr. Public Works," Edward Bacher. The dinner will be held on Friday evening, January 25 at Przybylo's White Eagle Restaurant, 6839 Milwaukee ave., Niles.

Eddie, who served the Village of Niles for more than forty years, will be honored by his many friends and co-workers, both past and present. The dinner is open to all who wish to salute this gentleman of gentlemen. The tickets are \$15 per person, which includes dinner, dancing and refreshments before and after dinner. Any organization that wishes to participate or give a presentation at the gala event is urged to contact one of the members of the Retirement Committee, Sam Bruno, Frank Wagner, Jr., Al Hoelbl, Martin Stankowicz, or Doris Downs at 967-6100.

To those who have not been so fortunate as to know Eddie personally, here is a background of Niles' Mr. Nice Guy.

Born in Chicago at Halsted & Willow st., Ed lost both parents when he was 13 years old. He has a brother John, Director of Public Works in Norridge and brother Charles, deceased, a retired Captain of Niles Fire Department.

Ed moved to Niles in 1932. He worked part time for the village repairing water leaks, reading meters, hooking up house sewers,

earning 50¢ per hour. He was later employed as a part time Niles policeman in 1937 and met his wife, Helen, on a Memorial Day Sunday in 1938 while directing traffic.

He became a volunteer Niles fireman in 1933 and was one of the three original members of the department. Ed had the rank of assistant fire chief and was part of the crew who donated time on evenings and weekends building the first fire station at Milwaukee ave. and Touhy ave., now housing the 3rd District Court.

Ed was employed as a maintenance engineer for Niles Public School District #70 in 1939, and he worked there for seventeen years.

Ed and many early residents were active in the annual Niles Days festival which raised monies to buy Jozwiak, Grennan Heights and Oakton Manor park sites and Ed was part time first Superintendent of Parks in 1955, working on the parks on evenings and week-ends.

In 1955, the Mayor and Board of Trustees approached Ed to become Superintendent of Public Works. He declined, not wishing to change positions, but when approached again in 1956, he decided to accept the challenge. He became Supt. in June, 1956 with a small garage at Milwaukee & Touhy, in charge of eight employees and five trucks in a town that had grown to 11,000 people (from 3,000 in 1953).

Under his direction, Public Works developed into four divisions of service, Water and Sewer, Streets, Sanitation, Forestry & Signs, Water Plant, Building & Grounds, and Automotive. The department grew to 44 employees and over 50 units of specialized equipment and trucks serving 35,000 residents. The garage has had three additions with the majority of construction work done by employees, plus constructing a storage garage.

Ed worked diligently and steadfastly to persuade village officials to purchase the five acre trailer park site at Touhy ave. & Waukegan rd. for construction of a large water reservoir and new pumping station in order to ensure an adequate supply of water. The storage system grew from 600,000 gallons to 10,200,000 gallons underground storage and 1,500,000 gallons above ground storage. Ed was instrumental in Niles' excellent water works system which is an important factor in Niles having a Class 3 fire insurance rating.

Continuous water improvement programs; construction plan reviews, always insisting developers install larger water mains and additional hydrants for better fire protection; plumbing code revisions; initiation of a forestry service; a street sign shop; storm sewer improvements for flooding relief throughout the village; mechanical repair shop; rodent control; streets and alley improvements and repairs; a beautification program and other programs have been undertaken while Ed was in charge of the Public Works Department.

Ed strongly believed in and practiced good, inter-departmental cooperation, assisting police, fire, health, park district, schools and other departments whenever called upon to better serve the residents of Niles.

Public Works has received awards and recognition from the American Water Works Association; National Safety Council; Niles Lions Club; homeowners group; and the Niles Chamber of Commerce.

Ed was the recipient of the coveted Samuel A. Greeley Local Government Service Award by the American Public Works Association.

Ed has been a part of the growth and development of the village of Niles for almost fifty years nurturing it like a child and watching it grow with pride.

# Senior Citizens' NEWS AND VIEWS

**NEWS FOR ALL NILES SENIORS FROM  
THE TRIDENT SENIOR CENTER  
8060 Oakton St. Niles 967-6100 ext. 76**

**MEN'S CLUB GET-TOGETHER**  
All men are invited to attend this important meeting to discuss the future of the senior center's men's club. This group has raised funds for the Center, sponsored the pancake breakfast, card parties, spaghetti luncheon, and various other events. This meeting will be used to determine the future of the group. Please give us your ideas by phone or at the meeting on Friday, Dec. 21 at 1 p.m.

**HOLIDAYS-CENTER CLOSED**  
The Niles Senior Center will be closed on Christmas Day, Tuesday, Dec. 25, and New Year's Day, Tuesday, Jan. 1. The entire staff of the Senior Center wishes you a very happy holiday season.

**HEARING SCREENING**  
The next health screening will be held on Wednesday, Jan. 3. Joan Posinelli from the Chicago Hearing Society will be in to do individual hearing tests. This half hour appointment is an excellent way of checking your hearing even if you're not experiencing any problems. Call the Center to make an appointment.

**BILLIARDS TOURNAMENT**  
We'll begin our billiards tournament on Friday, Jan. 4. This tournament will be triple elimination eight ball. Entry fee is \$1 to cover prizes. Call or stop in at the Center to sign up.

**CLASSES-WINTER SESSION**  
Beginning in January, we'll have two MONNACEP classes running. Oil Paintings will be held on Tuesday mornings starting January 8 at 9:30 a.m. and the fee is \$12. Exer-Dance will be held on Wednesdays from 10 a.m. until 11:30 a.m. for six weeks. The fee for this class is \$7.50. Call or stop in at the Center as soon as possible to sign up for either of these classes.

**QUILTING**  
Our regular quilting class will meet on Wednesday, Jan. 3 and Jan. 17 at 1:30 p.m. The class is open to any Niles senior. There's no-charge for the class. Many of the materials are provided. Plan to stop in and find out the many items quilters make.

**Let's get together**  
Many people will be busy during the week of December 24. On the other hand, those with families out of town, or in other circumstances often find this week to be rather long. If you find yourself in this situation, or if you want to add just one more thing to an already busy week, join us on December 27 from 12:30 p.m. to 2 p.m., with a "brown bag" lunch (we'll supply the dessert and beverage), at the Skokie Senior Council, 4436 Oakton.

After lunch, we will have an information discussion of traditional holiday memories in our pasts. There is no fee, but registration is required. For more information or registration, please call Keri Muir, 673-0500, ext. 208 or 209.

## Legion Post 134 prize winner

Roland Drew of Luna ave., Morton Grove, was the recent winner of a black and white TV in a special drawing of Morton Grove American Legion Post 134 members. He received his award at the annual Workers' Party.

The Workers' Party, held at the Post Home on Dempster, feted those Legionnaires, spouses and friends who devoted many hours of labor at either the regular Wednesday bingo games, the Friday fish fries, the yearly Flea Market and/or the summer carnival, this past year, Summerfest. It is the American Legion's way of saying "Thank You" to their hard-working members.

# Niles Emergency Snow Parking Ordinance

The Village of Niles has adopted a new "Emergency Snow Parking" ordinance in order to better cope with snow removal operations. The sole intent of the ordinance is to not only keep vehicles and buses running and moving but to help our maintenance department push away and remove snow from main and side streets as economically and quickly as possible. In order to remove snow from streets, the streets must be free of obstacles such as parked cars. Parked vehicles, during snow storms, cause the greatest hardship in the snow removal operations. When cars are parked on any street, it makes it almost impossible to properly and efficiently clear away the snow and ice.

### SNOW ROUTE STREETS

The village has always had certain streets designated as snow route streets. Snow route streets are priority streets that are given preference over other residential streets in any snow removal operation in the village. These streets are considered semi-arterial streets and prohibit parking on either side of the street after a one-inch snowfall and until such time that snow removal operations have been completed. Living on a snow route street carries a certain responsibility in that you must be more aware of the weather forecasts and prepare to move your car off the street before a one-inch snowfall occurs. We strongly urge all residents to keep their vehicles either in their garages or in their driveways whenever possible. The streets designated as snow route streets are as follows:

- Church st. - Washington to Courtland
- Church st. - Maryland to Greenwood
- Cleveland st. - Caldwell to Harlem
- Courtland dr. - Church to Church

- Cumberland ave. - Oakton to Church
- Davis st. - Cumberland to Greenwood
- Greenleaf ave. - Harlem to Oriole
- Harlem ave. - Touhy ave. to Dempster
- Howard st. - Oriole to Nordica
- Huber Lane - Maynard to Wendy Way
- Keeney st. - Waukegan rd. to Milwaukee ave.
- Main st. - Shermer to Washington
- Maryland ave. - Milwaukee to Lyons
- Maynard rd. - Greenwood to Huber Lane
- Monroe st. - Harlem to Cumberland
- Mulford st. - Milwaukee to Oleander
- Mulford st. - Milwaukee to Harlem
- New England ave. - Cleveland to Oakton
- Nordica ave. - Fargo to 7740 Nordica
- Odell ave. - Mulford to Oakton
- Oketo ave. - Monroe to Dempster
- Oleander ave. - Mulford to Howard
- Oriole ave. - Monroe to Dempster
- Ozanam ave. - Dempster to Park
- Park ave. - Washington to Ozanam
- Waukegan rd. - Milwaukee to Main
- Wendy Way - Huber Lane to Maynard rd.

### ALL OTHER STREETS IN THE VILLAGE EXCEPT SNOW ROUTES AND EXEMPT STREETS

After a 3-in. snowfall there will be no parking on the odd-numbered side of the street for 24 hours after the snow stops, or until the street is plowed. There will be no parking on the even-numbered side of the street for the next 24 hours or until the street is plowed. This does not apply to snow route designated streets or to exempt streets. No car can remain stationary on a public street or alley for more than 72 hours unless special permission is received from the Police Chief or his designated aide.

### OBSTRUCTION OF SNOW REMOVAL

It shall be unlawful for any person, firm or corporation and/or for any agent of any person, firm or corporation to:

- Plow or otherwise remove accumulated snow from a private parking lot and deposit same on a village street or right-of-way.
- Plow snow from a private driveway and deposit same on a village street in such a manner so as to decrease the driveable width of any such street.
- Obstruct, harass, prevent or otherwise interfere with any employee of the village engaged in snow removal service or to obstruct, cause damage to or otherwise interfere with any village owned or leased vehicle used in conjunction with snow removal services.

### EXEMPT STREETS

Because of the nature of our village, certain areas in town do not have driveways for the parking of cars, therefore, they must park on the street. These streets will obviously not be affected by the new snow parking regulations. We call these "Exempt Streets". The exempt streets are as follows:

- Carol ave. - 7000 to 7100

- Carol Court - 7100 to Cul-De-Sac
- Carol st. - 7400 to Dead End
- Crain st. - 7000 to 7025
- Elizabeth - 8250 to 8300
- Dempster st. - 8200 to 8400
- Grand st. - 8800 to 8900
- Greenleaf ave. - 7000 to 7100
- Lyons st. - 8000 to 8066
- Milwaukee ave. - 8400 to 8800
- National ave. - 8554 to Carol
- Niles ave. - 7100 to 7200
- Root st. - 8800 to 8900
- Washington st. - 8800 to 8950
- Wisner st. - 8800 to 8950
- Oak st. - 8400 to 8500

# District 207 education called precious commodity

The head of the North Central Association of Colleges and Schools (NCA), the organization which accredits schools in 18 states in mid-America, has described the quality of education provided in the Maine Township High Schools as "an extremely precious commodity."

In Maine Township to personally lead the NCA Visiting Committee conducting the third evaluation of Maine Township High School District 207, Dr. John Vaughn of Boulder, Colorado, commented that he recognized the concern of the Board of Education, administrators and teachers about being able to maintain the tradition of excellence in the Maine High Schools in view of declining enrollment and diminishing revenues.

He predicted, following the week-long evaluation of the school district, Dec. 10-14, that "the Maine schools will go from outstanding schools to schools that are even better."

As a basis for this belief, Dr. Vaughn cited the support of the Maine Board of Education, strong administrators, competent and caring teachers, excellent facilities and resources and a comprehensive curriculum providing many learning opportunities.

Dr. Vaughn said that everyone must continue to have a part in preserving the quality of educational services provided District 207 students.

"To do this," he said, "what is needed in these times is for everyone - teachers, administrators, the Board of Education - to speak with a common voice if the District is to develop a set of ways to address problems concerning the District."

The North Central Association evaluates schools approximately every seven years. The evaluation of District 207 was the first time that the accreditation process was conducted on a district-wide basis rather than on the typical individual building approach.

The evaluation was conducted on a district level because District 207 chose to adopt this unique structure for the self-evaluation conducted prior to the NCA evaluation. The reason for this decision was to permit a broader view of the four-building school district and to evaluate district programs against the

principles and objectives of the school district.

Assistant team leader for the NCA study was Dr. John Kemp, State Chairman, North Central Association of Colleges and Schools, Commission on Schools, Illinois State Committee.

The majority of evaluation team members were from schools in areas surrounding Maine Township. The list of 92 evaluators conducting the broad study of District 207 also included representatives from colleges and the business world.

The four Maine Township high schools were rated as "excellent" by the North Central Association seven years ago.

## Skokie Village holiday hours

Skokie Village Hall will be closed on Monday and Tuesday, Dec. 24 and 25 due to the Christmas holiday.

The regular Village Board meeting, set for Monday, Dec. 24, will now be held at 8 p.m. Wednesday, Dec. 26.

The Village Hall will reopen for business on Wednesday, Dec. 26 at 8:30 a.m.

## Picnic permits

Although winter is upon us, there are many who are planning for their summer picnics and the preferred forest preserve sites.

George W. Dunne, President of the Board of Commissioners, announced that the District's Picnic Permit Office will be open on Jan. 2, 1980 to take reservations. To accommodate the large number of applicants, the Permit Office, located in Room 406 on the fourth floor of the Daley Center, will be open at 5 a.m. Coffee will be served to those who wait in the early morning line.

There are 2,180 picnic areas available for which permits are needed to assure groups that their sites are reserved. A \$5 deposit is necessary, however, this deposit is refunded if the area is left in a clean condition.

Those seeking picnic shelters should make early application for there is great demand for such accommodations and there are but 180 throughout the District.

Information regarding picnic grove locations and facilities can be had by calling the Forest Preserve General Headquarters at 261-8400 or 366-9420, however, the permits must be obtained at the Daley Center.

The people of St. Anselm's Episcopal Church 1200 N. Greenwood will celebrate Christmas

this year by opening their doors and their hearts to anyone in need.

Between 6 p.m. Christmas Eve and 6 p.m. Christmas day the church building will serve as a drop in center for the Yule Connection program sponsored by the Church Federation of Greater Chicago. St. Anselm's Church will be the only such facility in this area.

Members of the congregation will be manning the center throughout the 24 hour period. They will offer companionship, a listening ear, and food to anyone in need.

At 1 p.m. on Christmas Day, dinner complete with all the trimmings will be served. This is open, but advance calls will be appreciated. A few of the parish families will be bringing their own Christmas dinners and will be joining in the dinner.

The Yule Connection Hot Line number is 728-2222. Volunteers will be "on the line" beginning December 21 to serve those in need.

St. Anselm's Church number is 825-5811. Although most of the food will be provided by members of the parish, we welcome any donations from local families of businesses. The donations would be tax deductible.

During this twenty-four period, the parish will also carry on with the usual schedule of services for Christmas: Christmas Eve Liturgy, Dec. 24, 11 p.m.; Christmas Day Eucharist, Dec. 25, 10 a.m.

## Off the Niles Police Blotter

### Smashes door to Oakton st. shop

A 19 year old Park Ridge youth was arrested Dec. 8 after two off-duty policemen heard him break the doorpane of an Oakton st. store.

Stephen Dechaud of 1940 Glenview ave. was charged with damage to property and released under a \$1,000 bond pending a Dec. 28 hearing in Niles Circuit Court.

Two Park Ridge officers reported they were standing near Washington st. and Oakton shortly before 1 a.m. Saturday when they heard breaking glass and observed the suspect run east-bound on Oakton from Printing Specialty, Inc. at 7948 Oakton.

Following a footchase the arrestee was stopped a block away. Investigation revealed the lower glass door of the shop had been kicked in. Police said the youth was uncooperative and very intoxicated. Repairs to the door were set at \$100.

### Elevator bandit

A masked man reportedly came out of a second floor hallway elevator at 9701 Dee rd. Dec. 12 to attack a young housewife enroute to the waste disposal chute.

The young woman told police she was talking out the garbage shortly before midnight Wednesday. As she passed the elevator the door opened and a masked man holding a knife in his hand leaped out to grab her and struck her in the mouth.

Her screams apparently frightened him and he jumped back into the elevator which closed behind him. He was described to be 6 ft. tall, weighing 175 lbs. and wearing a ski mask, blue jacket and blue pants.

### Breaks into home

A resident in the 6800 block of Lexington ave. reported his home invaded Dec. 10 by a gypsy allegedly seeking a doctor.

The homeowner told police the gypsy woman apparently opened the garage door and entered his home while the elderly man worked on his front lawn.

When the Nilesite walked into the home he noted the house had been ransacked. As he opened a

closed bathroom door he was confronted by the gypsy and ordered her to leave after she told him she was seeking medical aid. He said nothing apparently was missing from the house.

A witness told police two people had been observed sitting in a brown Chevrolet parked a short distance away from the house, one of whom matched the description of the female intruder.

### Get jewelry in burglary of home

Burglars got away with \$200 in jewelry Dec. 11 after smashing thru the rear door of an apartment at 8525 Milwaukee ave. while the owners were away shopping.

Police said holes had been broken thru the bathroom and bedroom doors and that blood was found on the door leading to the bedroom.

### Burglarize auto agency

Burglars scaled an 8 ft. high fence on the south end of Marshall White Ford auto agency at 9401 N. Milwaukee ave. overnight Dec. 13 and stole \$2,080 in tools.

Police said the thieves broke thru a lower plexi-glass garage door window to gain entry into the agency building. Once inside a lock puller was used to open numerous tool boxes.

No attempt was made to enter the locked office area according to police.

### Attempted burglary

Store officials checking security of Golf-Mil Dinette at 9505 Milwaukee ave. shortly after 6 p.m. Dec. 16 apparently frightened away a burglar attempting to break into the store.

Police said the door hinges had been removed from the back door of the shop. The store manager checking the premises observed a man 5 ft. 10 in. run away from the rear location as he approached.

The suspect was said to weigh approximately 170 lbs. and was dressed in ski hat, red ski jacket and light-colored trousers.

### Energy theft

The owner of a 1976 Buick drove away from Toppers Marathon Service Station at 7145 Dempster st. Dec. 15 with \$8.70 worth of free gas in his tank.

The manager told police the man came into the station around noon and asked for \$18 worth of gas. When the gauge reached \$8.70 the motorist said he had no money and wanted to pay with a personal check.

Advised that gas purchases were made on a cash basis the motorist said he lived in Des Plaines and would return later with payment. When told to leave cash or collateral the driver simply drove off after the manager threatened to call police.

### Take sweaters from The Limited

A shopper fled a Golf Mill store Dec. 14 taking at least one \$27 sweater with him as he ran.

Employees told police two men in their mid-twenties entered The Limited on Friday, one of whom was carrying a shopping bag.

When one of the men noted he was observed taking sweaters from a clothing rack he fled the store holding a white sweater in front of him.

Customers in the store told police they noted at least two sweaters had been placed into the man's shopping bag.

### Missing person

A Harlem-st. father reported his 17 year old daughter missing Dec. 8 after he found a note from her stating she left home to visit her mother in Tucson, Ariz. The worried father said she promised to telephone him on arrival.

Theft of purse

A 68 year old resident of Motel 6 at 6450 Touhy reported Dec. 11 theft of her purse containing \$400 cash and \$8,200 in jewelry.

She told police she set the handbag on a counter around 4:30 p.m. Tuesday while making a telephone call in the motel office, then returned to her room forgetting the purse. When she returned to claim it the purse was gone.

Taken were checkbook, checks, a diamond-studded cocktail ring valued at \$7,000, an engagement ring worth \$1,000 and a \$200 wedding band.

### Annoying phone calls

A 31 year old woman in mid-Niles said she and her roommate have been receiving phone calls for the past week at various times of the day from an unidentified caller who hangs up as soon as the phone is answered.

### Suspicious phone calls

A young woman in the 8100 block of Harlem reported Dec. 6 receiving phone calls from a male caller who identified himself as a policeman investigating her brother whose car was supposedly illegally parked. Her investigation revealed the statements to be false but the phone calls continue, from a male caller who hangs up.

### Missing jewelry

During the late evening of Dec. 5 a secretary reported her purse missing containing a cocktail ring valued at \$1500 while at the Mill Run Playhouse in Golf Mill.

Criminal damages to cars

Vandals broke the antenna of a 1976 Olds overnight Dec. 9 while parked in the 7000 block of Greenleaf.

During the evening of Dec. 12 someone broke the windshield of a 1979 Olds while parked at Elizabeth st. and Milwaukee ave. causing \$150 in damages.

Pellets from a BB gun shot-

tered the rear window of a 1970 Chevrolet parked overnight Dec. 13 in the business parking lot at 7035 N. Milwaukee ave. causing damages estimated at \$125 to \$150.

Someone broke the window of a 1974 Buick causing \$100 in replacement while the car was parked in the 8400 block of Ozark during the evening of Dec. 16.

### Property damage

A resident in the 8600 block of National told police someone damaged her rear yard fence on Wednesday, Dec. 12. Replacement was estimated at \$100.

North Suburban Nephologists at 7332 Milwaukee ave. reported someone had thrown stones during the evening of Dec. 14 which shattered 4 large windows of the building. Cost to repair was estimated at \$400.

### Theft of ring

A diamond ring valued at \$5,800 was reported stolen the afternoon of Dec. 13 from Golf Mill Dinette at 9505 Milwaukee ave. The owner said he left the ring and a watch on a desk at the rear of the store and when he returned the ring was gone but the timepiece remained.

### Thefts from cars

Someone stole 2 smoked T-top roof parts the afternoon of Dec. 10 from a 1979 Pontiac Firebird parked at 6045 Howard st. Loss was estimated at \$500.

A T-top valued at \$650 was taken from a 1979 Chevrolet parked Dec. 10 at Vapor Heating Corp., 6420 Howard st. Replacement costs were estimated at \$650.

Two hubcaps of unknown value were taken from a 1976 Plymouth parked Dec. 10 at the YMCA, 6300 W. Touhy ave.

## Choosing safe toys

Always buy toys with care. Remember your child's safety is at stake. Parents should read labels carefully. Look for age recommendations and safety labels, such as "nontoxic" on painted toys or "flame retardant/flame resistant" on fabric products.

Beware of toys that have sharp edges, small parts or sharp points.

When purchasing toys, give special consideration to the child's age, size and abilities. In many cases the child should also be given safety tips on the proper use of the toy.

For example: when a child is given a bicycle, the parents' responsibility is to make sure that the child is aware of traffic laws pertaining to bike riding. Last year 60,000 injuries and 1,000 deaths occurred in accidents between pedicycles and motor-vehicles, according to National Safety Council estimates.

Roller skates, skateboards, sleds, snow disks and toboggans also cause extensive injuries.

Children who roller skate should be advised not to push, shove or skate too closely and to watch out for cracked or uneven surfaces. Protective gear, such as helmet, knee pads, elbow pads, gloves and slip-resistant shoes, should be worn with skateboards. Although these items may not fully protect the skateboarder from injury, they may reduce the severity of cuts and scrapes.

Sleds, toboggans and snow disks should be chosen for their sturdy construction. Make sure the child knows how to stop or

On Dec. 14 someone broke into a 1977 Pontiac parked in the 6800 block of Jarvis and stole \$700 in camera equipment, clothing, bowling equipment, jewelry and a catcher's mitt.

A CB radio valued at \$163 was stolen Dec. 13 from a 1970 Chevrolet Nova parked in the 9200 block of Woodland.

Four spoked hubcaps were pried off a 1977 Cadillac parked in Golf Mill the evening of Dec. 13. Replacement value was estimated at \$300.

### Car theft

A 1978 blue Olds Cutlass valued at \$5,800 was reported stolen Dec. 11 from the Cole-Palmer industrial lot at 7425 N. Oak Park ave.

### Bad checks

In three separate incidents a sporting goods store at Dempster and Harlem ave. reportedly accepted checks which were later returned to the store as drawn on accounts which had been closed.

Two Chicago men tendered checks for \$173.15 and \$126.08 and an Evanston woman paid for merchandise with a \$110.84 check all of which were returned by the banks.

### Purse theft

Someone stole a purse containing a \$15 wallet, \$6 cash, credit cards and Glenview bank checks from a shopper in Oak Mill Mall between 2 p.m. and 3 p.m. Dec. 15.

### Theft of wallet

A wallet containing \$15 cash was taken from the purse of a woman collecting money for a hockey game Dec. 16 at the Ballard Sports Complex at 8435 Ballard rd. The wallet was found later stuffed in the toilet bowl of the ladies restroom minus cash, credit cards and personal bank checks.

## Holiday travel tips

According to the National Safety Council, both deaths and death rates are higher during the holidays than they are during comparable non-holiday periods. Last year 610 persons died in traffic accidents during the Christmas holiday. The Insurance Information Institute offers the following holiday safety tips:

Observe the speed limits. Speeding is a factor in more than one in four accidents.

Yield the right of way - even if the other driver is wrong. Failing to yield is a factor in more than one in five accidents.

Keep a safe distance from the car ahead of you. Tailgating is involved in almost one in 10 accidents.

Drive during daylight hours whenever possible. The fatality rate is more than three times greater at night than in the daytime.

Don't drink and drive. Drinking is a factor in about half of all fatal traffic accidents.

Use your seat belt. The National Safety Council says that if all passengers in cars used their seat belts at least 12,000 lives would be saved each year.

## Morton Grove snow removal plans

The Village of Morton Grove snow removal plan is being mailed to every residential and business address in the Village.

The new village ordinance on "Snow Emergencies" is as follows:

Section 76.051 Snow Emergency - (1) The President of the Village is hereby granted full authority to declare a snow emergency to exist throughout the Village of Morton Grove or within any area thereof or on any street or number of streets or combination of streets therein and to determine the duration of such emergency. Such emergency shall be based upon the difficulty of removal of snow from the streets by the Department of Public Works. During the snow emergency it shall be unlawful to park any vehicle whatsoever or to place anything upon the public streets of the Village of Morton Grove except as follows:

(a) Parking shall be allowed on the side of any street bearing even street numbers on days of the month which are even numbered days from 9:00 o'clock A.M. of such even numbered days until 8:59 o'clock A.M. of the following day.

(b) Parking shall be allowed on the side of any street bearing odd street numbers on days of the month which are odd numbered days from 9:00 o'clock A.M. of such odd numbered days until 8:59 o'clock A.M. of the following day.

(c) Parking shall be allowed on Dempster Street, Waukegan Road, Lincoln Avenue, and Callie Avenue.

(d) Parking shall be allowed from the closest alley to Dempster Street, Waukegan Road, and Lincoln Avenue to the intersection of such street with Dempster Street, Waukegan Road and Lincoln Avenue where there is angle parking allowed.

(2) Whether or not a snow emergency is declared, the Superintendent of Public Works and/or Chief of Police shall have the authority to tow any motor vehicle within the Village of Morton Grove to designated parking places when this is necessary for snow removal. If circumstances permit notifying the owner to do so, no such tow shall be made until the owner has been given a reasonable opportunity to remove the vehicle himself. If the owner is notified to remove his vehicle and fails to do so, within 24 hours, such failure shall be considered as a violation of this Section of the Ordinance.

Section 76.052

The Superintendent of Public Works and/or the Chief of Police shall individually have the authority to cause any vehicle violating the provisions of this ordinance to be towed away or relocated.

Section 76.054

No person shall deposit or cause to be deposited any snow upon any street, or public thoroughfare, or public sidewalk except for persons engaged by the Village of Morton Grove in snow removal activities.

Section 76.055

Penalties - (a) Any person who shall violate the provisions of Section 76.050 or Section 76.051 shall be deemed guilty of a quasi-criminal ordinance violation and shall be fined not less than \$10 nor more than \$100.00 for each violation.

(b) In the event such violation requires the towing or relocating

of such vehicle, such person shall be deemed guilty of a quasi-criminal ordinance violation and shall be fined not less than \$40 nor more than \$200.00 for any such violation.

(c) Any person who shall violate the provisions of Section 76.054 shall be deemed guilty of a quasi-criminal ordinance violation and shall be fined not less than \$10.00 nor more than \$100.00 for each violation.

(d) A separate offense shall be deemed committed on each day during or on which a violation of Sections 76.050 through Sections 76.054 occurs or continues.

The new ordinance which addresses snow removal efforts also contains two provisions which are in force throughout the snow season, whether or not a "Snow Emergency" is declared. These two sections provide for towing or relocating vehicles which impede snow removal efforts and prohibits anyone from

depositing snow on streets or public sidewalks.

In developing a plan for responding to a repetition of last year's heavy snows we were particularly sensitive to enacting an ordinance which would cause the least inconvenience to residents, shoppers and businesses while also affording the Public Works department the extra margin necessary for the prompt and most cost-effective clearing of snow clogged streets.

## Hyde Park High School reunion

Members of the January and June 1946 graduating class of Chicago's Hyde Park High School are being sought for a first reunion.

Approximately 150 persons of the 200 January graduates and 582 June graduates have been

located so far. Class members and others knowing the whereabouts of 1946 Hyde Park graduates are asked to send names, current addresses, and telephone numbers to P.O. Box 95, Kenilworth, Ill. 60043 so that reunion plans can be completed.

# Library applications for administrator pouring in

By Eileen Hirschfeld  
About 60 applications have been received from the United States and several other countries for position of administrator at the Niles Public Library, according to board chairman Lloyd Gillet at a regularly scheduled meeting Dec. 12 in the main library.

He said further screening is necessary but there seems to be several excellent applicants. A former administrator, Edith Jackson, left under controversial circumstances and acting administrator is Ruth Machowski.

An application for an energy grant has been revived. An energy audit was performed on the library buildings. Recommendations included automatic night shutdown of motors and installation of heating boosters. Costs for engineering would be about \$3,760.

Gillet said energy savings the first year may be equal to or more than costs. A lengthy discussion followed concerning the necessity of putting bids out. A consensus seemed to be this may be necessary in order to apply for the energy grant.

Vandalism or attempted entrance was attributed to the broken plate glass door in the parking lot of the main library. Plate glass will be replaced with safety glass according to legal requirements.

A board member estimated the library will receive about \$53,000 in levies from personal property taxes. A first lien on the money must be for payment of bond indebtedness. Martin Hodes, board member, suggested an "escrow" fund be set up for that purpose.

Board members indicated a need to see a statistical breakdown of book usage by age groups in the main library as well as the branch. Harry Pestine said, "We are attempting to see if dollars are spent in the right category." He also said "definitive plans to expand the branch are a little premature."

Also, members were notified the roof is now leaking. It was repaired at a cost of \$30,000 four years ago.

In other action, the board moved new employees begin at a minimum wage rate until a salary schedule is approved, delegated two juvenile librarians to attend reading seminars, approved the payment of \$77 to the former administrator under the terms of her insurance policy and approved a 25 cent per hour charge for the use of library typewriters.

Also, the Park District presented each member of the library board with a silver rose in honor of the Park District's silver anniversary.

# Registration for Suzuki program

Registration for the Bernard Horwich Center's next Suzuki and Orff-Suzuki programs will continue thru Jan. 14, 1980 with classes to begin in February.

The classes, to meet twice weekly for 14 weeks, will include children ranging in age from 4 to 11 years, with the Orff-Suzuki method offered to children 4 to 6.

Developed by composer Carl Orff, the Orff method allows youngsters to master basic musical concepts through body movement, imitation, exploration and creation before moving on to instrument use.

The unique Suzuki method, offered to youngsters 6 to 11 years, emphasizes parent participation and allows for proficiency on a small instrument at an early age.

The classes will be instructed by Helia Schramm, noted violinist and music educator and a member of the Riga String Quartet. Schramm has for many years performed with orchestras throughout the area, including the prestigious Lyric Opera Orchestra.

Fees for the 28 classes range from \$75 for Family Center members, to \$130 for non-members.

For more information, call Avi Hanani, 761-9100.

# Telephone excise tax ends Jan. 1st

Here's a reminder from Illinois Bell: The Federal excise tax on telephone service will drop from its present three percent rate to two percent on Jan. 1, 1980.

This is a further step in the gradual phase-out of the tax—which is being reduced one percentage point per year and will cease to apply after 1981.

Congress first imposed the excise tax on a limited basis during World War I. Although repealed briefly after the war, it was reinstated during the depression and has continued since then on a more extensive basis. During the 1940s and 1950s the rate was as high as 15 percent on local telephone service and 25 percent on long distance service. From the mid-1950s until 1972, it was 10 percent on most local and long distance services. In 1973, and each subsequent year, the rate has been reduced by one percentage point.

# Young chefs

Budding young chefs get a chance to create culinary masterpieces in several innovative cooking classes at Mayer Kaplan Jewish Community Center, 5650 W. Church, Skokie.

"Boys Only" class offered on Wednesdays from 4:30-5:30 p.m., gives the guys a chance to be Master Chefs. Boys in grades 2, 3 and 4 can dabble at preparing foods from sweets to snacks.

"Health Nuts" group meets Thursdays, 4:30-5:30 p.m.; cooks with only natural ingredients. Boys and girls in grades 2, 3 and 4 make all kinds of natural health foods.

Want to learn to cook Jewish treats—class meets Tuesdays from 3:30-4:30 p.m. Here's an opportunity to bake like Mom or Grandma—mandel bread, strudel, sour cream cookies, challah, maccaroons—and for the really sweet tooth, candy, fudge, lollipops, taffy caramels.

Register now. Each class starts second week of January and meets through second week of March.

Fees: MKJCC Full Family & Individual Members, \$5.50; Limited Family Members, \$8.25; non-members, \$16.50. Material fees are \$8.

Call 675-2200 for information.

# SAVE ENERGY SAVE MONEY

Fuel conservation begins with fuel efficiency—using energy only when you have to and getting the most from it when you do. Our new A. O. Smith pilotless conservationist gas boiler does just that—saves fuel three ways:

1. Powerlite electronic ignition does away with gas-wasting pilot light.
2. Heatsaver flue damper ends the wasteful escape of heat up your chimney. Closes the flue when the burners are not operating.
3. High quality components ensure long service life and outstanding performance. The all copper heat exchanger provides high efficiency heat transfer.

HO, HO!

Because of the love and hope the first Christmas brought to a needy world, Christmas is, traditionally, the time we express these sentiments to others.

In keeping with the spiritual significance of this glorious observance, as well as the gayety and good fellowship that prevails during the holiday season, the directors, officers and staff of First Federal Savings of Des Plaines extend to you their warmest wishes for a joyous Christmas.

Christmas is a time to count not gifts, but treasures with deeper values. It is our most sincere wish that each of you be able to enjoy this Christmas with family or friends, because special occasions are always more special when shared.

We also wish all the best for you and yours in the coming year... health, happiness, peace, fulfillment and success in all your endeavors. And may the rich blessings and abiding love of the holiday season remain with each and every one of you throughout the new year.

## Feud continues between School Districts 67 and 34

by Deby Eisenberg  
School District 67 Board President Ted Lucas aired his district's position in the most recent exchange in its court battle with District 34. At the Dec. 13 school board meeting, Lucas said if District 34 Superintendent Bill Attea is "mad as hell" as reported, then "it is too bad that an official who has the destiny of our kids in his hands can't handle himself."  
The ongoing court battle involves the Golf-Golf Acres area detachment from Morton Grove based District 67 and alignment with Glenview's District 34, to which residents feel stronger ties.  
Earlier this year the Cook County Regional Board of School Trustees allowed the detachment, but District 67 is appealing the ruling since the secession would mean a loss of tax revenues. Judge James C. Murray, who is hearing the case, advised the two districts to try to settle the annexation issue themselves, before he made a ruling.  
District 34 Superintendent Attea accused District 67 of backing out of an amicable agreement the two districts had supposedly reached, wherein District 67 would receive tax monies from Glenview Golf Course property in compensation for other losses. Lucas insists however that that agreement was a tentative one, pending attorney's approval.  
According to Lucas, "At no time did this Board agree in any way, shape, or form to the document Mr. Attea said we agreed to - it was a tentative agreement based on whether or not it was legal according to our lawyer."  
District 67's attorney Anthony Scariano advised that a taxpayer suit could be imminent should they follow through on it. Lawyers also objected to a second part of the agreement which stated that if and when District 67 was ever to consolidate, the area north of Golf and west of Waukegan would automatically move to District 34.

exchanges have been made though.  
In other District 67 business at last Thursday's board meeting, the committee investigating the building rental of Golf Elementary, which will close as a public school next year, gave its report. Spokesman Ron Kochman revealed that there were two interested tenants, the Niles Township Special Education District and the Maine Niles Association for Special Recreation. Plans were presented for dividing the building after having met with the fire department, architects, and city corporation counsel. The building, which was built in 5 stages between 1928 and 1956, will require renovations and handicapped facilities, which will be paid by the renters.  
The Board gave the committee permission to pursue the leases and return to the Board for final approval.  
A pilot program of extra curricular activities will begin at the three district schools. Their institution is the result of survey work completed by a teacher-board committee in which students were polled as to their interests.  
Teachers will decide whether their offerings will be before or after school or during the lunch hour. The Board has budgeted up to \$1200 for the project. Activity choices will range from Chisenbop, a method of finger calculation, in the lower grades to Math or Drama Club in the Junior High.

"We have no right to tell someone where they're going to school; it is contrary to the U.S. constitution," according to Lucas. "What was happening would be like Hitler and Mussolini dividing up Europe."  
Lucas explained that it was because of those factors that his Board did not ratify the "tentative" agreement. Answering Attea's charges that District 34 tried to help District 67 with a compromise, and now District 67 will be left with nothing, Lucas said, "I submit it is possible that District 34 wants out. We won't be flim-flammed by a smokescreen and hard words."  
Because the two districts are still at odds, the next step will be awaiting Judge Murray's Jan. 17 directive. District 67 feels that the judge has dealt unfairly with them thus far. "You can be fairly well sure of the way Judge Murray is going considering his statements," Lucas said.

Mrs. Kathleen McLaughlin, a District 67 School Board member who sides with the opposition, asked her district's superintendent, William Stout, to review how much has been spent thus far on litigation and to ask lawyers what price to expect if the case went to the Supreme Court.  
At this point, children living in the area in question have been allowed to choose which school they want to attend. No tuition

**Look At These Features . . .**

**THE MARVELOUS MIDDLE<sup>®</sup> MATTRESS . . .**

- COVERING**—Only the finest fabric available is used. Expensive Burlington damask fabric gives the OrthoTonic an elegant look and feel.
- CUSHIONING MATERIALS**—Thick layers of specially designed urethane foam are added to provide total body support by the unique action of hour-glass shaped coils.
- INNER-SPRING CONSTRUCTION**—Tempered multi-coil interspring unit designed to provide total body support by the unique action of hour-glass shaped coils.
- DOUBLE INSULATION**—The strongest fiber pads plus especially designed wire insulators insure coil feel and prevent cushioning materials from pocketing and sinking into the springs.
- SUPER-EDGE**—Extra-heavy gauge border wire is used to provide a strong seating surface to increase the overall sleeping area, and to add years of life to the mattress.
- CENTER SUPPORT**—More materials are placed in the center one-third of every OrthoTonic mattress—that vital area where two-thirds of the body weight is concentrated.
- MARVELOUS MIDDLE<sup>®</sup> ASSEMBLY**—The cushioning and upholstery materials are sewn together creating the posture lines which are secured to the spring unit. This exclusive Marvelous Middle construction process creates extra support in the center one-third of the mattress.

The Marvelous Middle<sup>®</sup> construction is protected under U.S. patent 3,110,043.

**THE MODUBAR<sup>®</sup> FOUNDATION . . .**

- MODULES**—Scientifically engineered, these high grade tempered steel modules act independently to provide the ultimate in firm support and reduce potential sag.
- GRID**—The modules are supported by a specially designed welded steel grid. The grid, which acts in combination with the module, distributes body weight evenly over the entire surface of the unit.
- CENTER MODULES**—The intensive concentration of modules in the center 1/3 of the foundation provides more center support and extends the Marvelous Middle concept through the entire sleep system.
- STEEL CHANNELS**—The OrthoTonic Marvelous Middle is also extended through the foundation by encasing the center wood slats in intricately tailored steel channels. The encasement of the center slats in steel serves to further strengthen the wooden slats and provides added support in the center 1/3 of the total sleep system.
- CORNER SPRING ELEMENTS**—Precisely contoured to enhance the overall beauty of the finished product and to help prevent corner breakdown.

The Modubar<sup>®</sup> construction is protected under U.S. patent 4,208,329.

# LETTERS to EDITOR

## Don't forget the hostages Thank you!

Dear Friends:  
As I write this letter today there are 50 of our fellow Americans being held captive by a group of so called Iranian students in our American Embassy. They will not be able to enjoy this holiday season in the rich American tradition that we all have come to enjoy and hopefully all of us will enjoy this year. Let's not forget that those 50 Americans being held hostage are husbands and sons of 50 American families. Those families are not going to be able to have a happy holiday. When they get together they will not be able to say thank you to the Lord that all family members are safe and healthy.

American hostages and their families. We will do this by not only flying the flag during the day, but also by flying the flag during the night with a light on the flag. So join us, as we try to tell the 50 American families that their loved ones will be remembered as we celebrate our holidays. So please place your flag out Christmas Eve and fly it through the night with a light. If you live in an apartment or do not have a flag, place a white candle in the window. Remember, united we are and united we stand for peace and freedom for all Americans.

Dear Editor:  
My staff and I wish you a joyous Holiday Season and say thank you for helping us serve the public.

By working with us to inform people of their social security rights and responsibilities, you provide a valuable service for current and future beneficiaries, and enable us to more effectively administer social security programs.

We appreciate your assistance and may the best of the Holidays be yours!

Sincerely,  
Marilyn Robertson, Manager  
Dept. of Health, Education and Welfare  
Social Security Administration

## Nimrod expresses gratitude

Dear Editor:  
I thank you for the attention you gave to the Special Primary election for U.S. Congress and particularly thank all the thousands of your readers who voted for me.

I want to most especially thank the hundreds of loyal volunteers who worked tirelessly against such great odds. They assisted me in offering the 10th District voters a choice and helped to bring out the differences in our beliefs and legislative voting record. We had a great team! Never have I been blessed with

such dedicated, round-the-clock workers.

I know the results were disappointing to a great many people, but they know we were up against limited funds and limited campaign time. My family - Inga, our four children, and I - are deeply grateful for such friends.

Sincerely,  
John J. Nimrod

## Holiday fire safety

Last year 1,130,227 fires occurred in buildings in the United States. Residential fires accounted for 67% of these fires. Many of these fires were caused by carelessness. The Insurance Information Institute offers the following fire safety tips:

- If you use a natural tree, make sure it is fresh. Shake the tree and check to see if the needles fall out. If they do, the tree may be dangerously dry and should not be purchased.
- Keep the tree away from fireplaces, radiators and heaters. Place it in a water stand and water it daily. Do not use flammable decorations.
- Check sockets and wiring of all tree lights before using.
- Never use electric lights on metal trees. Use a spot light instead.
- Never use electric trains or electric toys near or around the tree.
- Don't overload electric outlets. Overheated wires cause fires.
- Don't place candles near draperies or other flammable materials. Be sure to keep them out of the reach of children and away from drafty areas.
- Make sure fireplace chimneys and flues are in good condition and free of blockage.
- Never leave a fire unattended, especially at night.
- Always keep a screen in front of a fireplace and flammable objects or household furnishings away from the fireplace or wood stove. Never burn garbage or trash in fireplace or stove.

### Holiday music at CitizensBank

Helping sing in this year's holiday spirit at Citizens Bank & Trust Company will be the popular McDonough Family Singers from Park Ridge. This talented musical family, whose members range in age from 7 to 21, will perform a variety of holiday songs in the bank's main lobby on Saturday, Dec. 22, from 9 a.m. to 12 noon. The group will be under the direction of Abba Lelfer whose wife, Eleanor, will

accompany the performers.

One of the McDonoughs, Michael, has performed over the last eight years in recitals and concerts with numerous orchestras. He has presented many solo programs at the Chicago Public Library, Daley Civic Center, McCormick Place, and has been frequently invited by the City of Chicago to perform for official banquets and receptions.

### Holiday game program for seniors

Shown above are some happy "Special Games" winners at the program which took place on Tuesday, December 11 at the Trident Center. Celia Hansen, Bank Assistant Cashier, put on special games for the Holidays such as "H" for Hanukah, "X" for Christmas, and "T" for Trident Center.

The Bank sent over large frosted cakes which were served during intermission and gifts were given to all the participants. Ms. Hansen invited the seniors to attend the Holiday Open House at the Bank on Saturday, Dec. 22 and took the opportunity to wish all of them a Happy and Healthy New Year.

### Winter holiday movies

It's holiday movie matinee time at the Skokie Park District. During the holiday vacation the Park District is showing two Walt Disney favorites.

On Friday, Dec. 28 at Devonshire Center, 4400 Grove, "Toby Tyler" will be the main feature. And on Saturday, Dec. 29 at Oakton Center, 4701 Oakton, the holiday favorite, "Babes in Toyland" will be shown.

Both programs will be held from 1 to 3:30 p.m. for children in grades K thru 6. Tickets are \$1 per movie. Popcorn and drinks will be served.

Tickets to both movies are available at respective centers and at the door the day of the show. For further information call 674-1500.

### Dempster Plaza savings account winner

Mrs. Mary Van Craenenbroeck was the lucky winner of a \$500 Savings Account at our Bank thru the WCLR Giveaway Program. Mary came into the bank with her husband Jeff who is just recovering from surgery, and their two small children. The Van Craenenbroeck's live in Chicago, and were delighted to receive the gift. Mary said "it couldn't have come at a better time."

Shown are Mr. Anthony De Maria, Executive Vice President with Mary Van Craenenbroeck showing her winning certificate.

### Creative financing

Wrap-around mortgages, land contracts, purchase money mortgages, and other examples of creative financing, will be the theme Tuesday, Jan. 8, 1980, at the 6 p.m. dinner meeting of the North Side Real Estate Board.

Scheduled for the Lincolnwood Hyatt House, Lincoln and Touhy aves., the guest speaker for the evening will be Michael Brown, attorney and head of Wrightwood Developments.

Arne S. Fox, NSREB program chairman, and president of Fox Realtors, said board members and their guests, "and others who are interested in the topic, or want to learn more about NSREB activities, are encouraged to attend."

For information or reservations, contact Jo Ann Eddy, NSREB executive vice president, 2625 W. Peterson, Chicago, (312)769-3888. A \$10 charge includes dinner, Fox said.

The North Side Real Estate Board represents more than 400 real estate firms and 2,500 individual members on Chicago's north and northwest side, and northern suburbs.

Founded in 1933 to encourage Chicagoland development, and to promote cooperation and continuing education for real estate professionals, NSREB operates the North Side Cooperative Listing Service, which publishes a weekly "Best Seller Book" that lists most of the real estate for sale in the north Chicago metropolitan area.

### Santa's Calling

The Skokie Park District in cooperation with the North Pole Telephone Company is once again providing a telephone call from Santa Claus.

To arrange to have your child get a Merry Christmas greeting on Sunday, Dec. 23 call 674-1500, ext. 48, 9 a.m. to 5 p.m. between Dec. 17 and 21. There is no charge for this service. All calls must be within the 312 area code.

## SAVE ENERGY! SAVE MONEY!

Replace your old gas furnace with a new Williamson Gas Furnace

The WILLIAMSON Temp-O-Matic Gas Furnace is a quality furnace, competitively priced. The Temp-O-Matic gives you clean, quiet, automatic heat at economical costs. The Temp-O-Matic's advanced styling and engineering provides an appliance type compactness.

Look at these gas saving features

#### AUTOMATIC VENT-DAMPER

This AGA approved damper can be installed to prevent heated air from escaping up the chimney when the furnace completes a heating cycle. It opens automatically during combustion, closes automatically when the heat cycle has ended. By holding heat in the house, it saves substantially on fuel bills.

#### TEMP-O-MATIC GAS BURNER WITH ELECTRIC IGNITION\*

The gas burner has a time proven single port design. Precision formed steel venturi. Stainless steel deflector forms flame to match combustion chamber for efficient burning. The burner is equipped with a special Electric Ignition. On demand, a tiny electric spark ignites the pilot, thus eliminating the continuously burning pilot flame. Unusually quiet ignition and extinction. Scientifically designed for fuel economy. The units are completely factory assembled, wired and fire tested. \*See dealer model only.

## Harvest Chapter to feature Donor project

Harvest Chapter is featuring the Donor project as its project

for the month of December, 1979. It is the job of the Donor chairperson to solicit donations of a minimum of \$100 to aid ORT vocational programs world-wide. These donations enable ORT to maintain and expand its vast facilities which give underprivileged and under-educated young people a chance to survive in a highly technological and changing world. Though the concentration, presently, of schools is in Israel, ORT maintains facilities in France, Italy, North Africa, South America, and New York City.

Dinah Katler is Harvest's chairperson. She lives in Skokie with her husband and three children, and is active in community as well as ORT affairs. Mrs. Katler was a charter mem-

ber of Harvest Chapter and has served in many capacities, including president. She is presently active in Northern Illinois Region as a board member.

### Lab partners

History repeated itself this semester when Marillac sophomores Annette Lis (Glenview) and Carolyn Duffy (Niles) became science lab partners. Their chemistry teacher, Sister Marilyn, D.C., assigned lab partners at random. When Annette told her mother who her partner was, Mrs. Virginia Lis was surprised and delighted. Mrs. Lis and Mrs. Joan Duffy, 1954 graduates of Notre Dame High School for Girls, were also lab partners during high school. After many years of not seeing each other, they met last year when they came to back-to-school night for parents; they attended their daughters' classes.

For more information, call one of the following: Des Plaines, Marge Reenan at 298-3893, or Park Ridge, Alice Morehan at 692-3576.

## ED HANSON

### Bears are the Wild Bunch

From all the hullabaloo, hubbub, hooting and hollering, you'd have thought the Bears won the Super Bowl last Sunday. Yeah, you'd have thought they beat the Pittsburgh Steelers or something.

Instead, the Bears edged St. Louis, the worst team in the NFL. East St. Louis didn't come to Payton Place to praise the Bears but to be buried by them. And, they played like they were already dead.

So, the Bears drew the wild card. Remember, in every deck of cards there's a wild card - and it's the Joker!

And the 'joke will be on the Bears when they meet Philadelphia.

For Philadelphia will put the Bears thru a meat grinder. They'll make mincemeat out of 'em!

This upcoming playoff will be no payoff for the Bears. Philadelphia will maul the Bears! Massacre the Bears! Masticate the Bears!

Then they'll spit 'em out!

Yep, the Bears will come into Philadelphia like Lions but go out like lambs.

And as meek little lambs they'll sneak into Chicago under the cover of darkness at O'Hare field.

There'll be no wild, crazy, cheering Bear fans to greet them. It will be night and all will be dark.

For Philadelphia will have beaten the daylights out of them! Ho! Ho! Ho!

Have a very Merry Christmas, Bear fans. And, look on the bright side.

If, by some mighty miracle the Bears make the Super Bowl, the 1980 Super Bowl champs, the Pittsburgh Steelers, would have beaten 'em 105 to 0 anyway!

Infected by the sweet contagious spirit of Christmas, I must also wish all Cub fans a very Merry Christmas, too.

And a Happy New Year, as well.

I just wish, Oh, how I wish, I could wish the Cub players a Happy New Year too. And I do!

It will only be marred by one thing, alas.

The Chicago Cubs, next season, will do an encore of last season.

About the Chicago Bulls, my sentiments can best be expressed by what I said to a new member of the Bulls basketball team recently.

I said to this new player, when he told me he had just joined the Bulls:

"You have my deepest sympathy."

See you next week ... I hope!

### 3 Niles North grads featured in CBS "All American Comedy Show"

Three former Niles North students, Paul Shapiro, Michael Weisman and Elizabeth Kay, all 1987 graduates, appeared in "The All American Comedy Show" on Friday, Dec. 14, at 10:30 p.m. The show, which brought together four of the nation's best college comedy revues, represented the CBS television network's first musical special designed expressly for the late night viewer.

variety show. The students are members of Laugh Tracks of Indiana University, a school comedy group.

Also featured on the show were skits from Princeton's Triangle Club, the University of Pennsylvania's Masque and Wig Club and Northwestern's WA MUU Club. Jaye P. Morgan hosted the television program showcasing the young talent.

### SJB New Year's Eve Party

According to a CBS release, the "All American Comedy Show" featured the nation's leading college comedians in their best skits and satires. Material for the skits was written by Paul Shapiro and Michael Weisman, while Elizabeth Kay designed and made the costumes. All three performed in the satires entitled "The Movie" and "Bureau of Alien Affairs", which were taken from Indiana University's annual

## Joey Ray scores in British Invitational

Joey Ray of Maine East High School and the American Academy of Gymnastics in Des Plaines was a member of the three-man team representing the United States in the British Amateur Coca Cola International Invitational Meet held in London Dec. 13 and 14. Competing against international gymnasts from Russia, Czechoslovakia, Rumania, Canada and Great Britain, Joey scored seventh in all around with a 53.25 in optionals. Joey also took a bronze medal in pommel-horse with an 18.3 in the individual event finals. Teammates Jim Mikus of Pennsylvania, sixth, and Tim Dagget of Massachusetts, tenth, in all around combined with Ray to earn second place in the unofficial team scoring with 159.25 behind first place Czechoslovakia (162.8).

Joey, last year's State High School All Around Champion, has been a member of the Junior National Gymnastics team for the past 3 years.

## First place honors

Maine North senior Jill Reznick earned first place honors in Original Comedy at the Lake Park High School Individual Speech Events Tournament last week.

Jill competed against 25 other entries and received perfect scores and superior ratings in three rounds of competition.

Jill now qualifies for the SCOTTIE (Special Commission on Tournaments-Individual Events) which will be held on Feb. 23, at Eastern Illinois University. Only students who win on individual contests during the year are eligible for SCOTTIE competition.

Jill has placed second in Original Comedy at the Crystal Lake High School Tournament and a third place award at the Fenton-York Tournament.

Jill and the Maine North speech team will compete in the Forest View High School Tournament on Jan. 19. Miss Kathy Kabbes is the team's coach.

## Unity's Super Teller election

Vote in Unity Savings Teller election! Now thru Jan. 31, 1980 the public is encouraged to cast their vote for whom they think is Unity Savings' Super Teller.

When visiting the nearest Unity Savings' office at 8361 W. Golf rd., Niles, customers will receive a ballot containing questions about the tellers' attitude and work performance.

Tellers from each office receiving the most votes will win a dozen roses, a day off with pay and dinner for two.

## "Holiday on Ice"

If you'd like to put some extra sparkle in your holiday season, come to "Holiday on Ice" the evening of Dec. 30. The Niles Figure Skating Team will be presenting the solos that won the Springfield Invitational first place trophy for Niles this year.

In addition to the solos, there will be specialty numbers and an exhibition by the fine precision teams.

Shown above, skaters (from left) Teressa Calabrese, Karen Solomon, Karyn Port, Laurel Port, Leslee Kupperman, and Minda Newman practice their roller derby "Wheels on Ice" number. This festive show will be held Sunday, Dec. 30 at 8 p.m. Donations are \$2 for adults and \$1 for children under 12. Tickets are available by calling the Sports Complex at 297-8011 or are available at the door.

## Legion members visit USO

Recently a group of Morton Grove American Legion Post 134 Auxiliary members, spouses and Legion members journeyed down to the USO at 64 E. Randolph in Chicago, to spend a Sunday afternoon and evening with members of the armed forces who dropped in that day.

Led by Auxiliary Unit President Mrs. Phyllis Rieck of Morton Grove, the entourage included her husband Chuck; Post Commander Robert Perschon and his wife, Fran, of Chicago; immediate junior past president Ms. Kris Karsten of Schiller Park; Julie and Howie Karsten, Morton Grove; past president Ms. Lorry Nehart and her teenaged daughter, Nancy, of Cicero; and Mr. and Mrs. Joseph Schmidt, Morton Grove. Joe and Elynor are serving as commander and president respectively this year of the 7th Dist. American Legion and its Auxiliary.

The men played ping pong and chatted with the servicemen who dropped in after a day of shopping, visiting the Chicago Loop sights, attending the movies or having enjoyed the Old Chicago amusement park.

Mrs. Rieck, Mrs. Karsten and Mrs. Schmidt prepared sloppy joe sandwich filling which was served with relishes, potato chips and salads, and also pumpkin pie, cookies and chocolate cake along with beverage.

Joining the group at the USO

were district representatives Mrs. Harriet Cody and Mrs. Lu Otte and her teenage daughter Elaine all of Chicago, the National Security Chairmen of the district.

A highlight of the afternoon was a card reader who told the armed services' members fortunes. She kindly consented to also read the future of the Legion and Auxiliary personnel attending.

Such a heart-rendering and enjoyable time was had that some of the group have volunteered to return next month when the American Legion once again will furnish refreshments.

## Speech Team competition

The Maine East speech team placed first at the recent Evanston High School speech tournament.

Individual winners were Mike DiGioia, Paula Fishman, Lisa Conner, Jill Bellack, Debbie Kozak, Rick Goodman, Joe Ochsenreiter, and Ken Rice.

The Maine East debate team placed first at the Thornridge tournament this past week-end.

Lenny Gail and Jeff Galkin placed first in the varsity division. In addition, Lenny took first place varsity speaker.

## Gala Christmas party at Jake's Restaurant

by Bon Vivant

Ho! Ho! Ho! Jingle bells are ringing again at Jake's popular restaurant of Niles. For Jake Joseph, the owner, is having the biggest, the bestest and the greatest Christmas party in his nine-year history in Niles.

Everyone is invited to celebrate Christmas at Jake's all day, all evening and there are plenty of goodies in store for all.

Every kid (under 12) - and isn't Christmas for the little ones? - will receive a free Christmas stocking right from Santa's toy shop in the North Pole. It'll be chock full of new shiny toys and fresh candies all the little tots will love.

And for mommy, daddy and the grandparents, there'll be prizes galore! Jake will raffie off a list of free prizes consisting of such expensive gifts as toasters, mixers, clocks and all sorts of wonderful work-saving appliances that will delight the "lucky" winners. Come in and register

and win one of the valuable free gifts. The drawing will be held at 8 p.m. of Christmas night. Jake has completely redecorated his restaurant in a beautiful Christmas motif that really captures the magical spirit of the season and the festive board will feature a special low-priced "Holiday Menu" offering complete 7-course gourmet dinners of all the traditional favorites. Here's the holiday menu: All entrees include choice of Soup (Chicken Noodle) or Tomato Juice; Jake's Famous Salad Bar with Choice of Dressing; Choice of Potato - Mashed, Baked, French Fried, Sweet Potato & Vegetable; Desserts - Pudding, Jello, Sherbet or Ice Cream; Beverages - Coffee, Tea, Sanka, Soft Drink or Small Milk ... Roast Young Tom Turkey w/Dressing \$5.95, Roast Lamb w/Dressing \$5.95, Baked Ham w/Pineapple Sauce \$5.95, Roast Pork w/Dressing \$5.95, Roast Spring Chicken \$4.95, Veal Parmigiana w/Spaghetti (no potato or vegetable) \$5.95, Roast Sirloin of Beef, au jus \$5.95, Liver

w/Onions or Bacon \$4.95, Chicken Kiev \$5.25. In addition, there'll be juicy, tender steaks and chops, and succulent seafoods and special entrees.

The huge Treasure Chest is fairly bursting with new and exciting toys for all the girls and boys, in addition to the free Christmas stockings they all receive.

There'll be Christmas music and Christmas carols in celebration of this great day.

And Jake Joseph, who has a heart as big as all outdoors, has been busy all week supplying free Christmas food baskets to the needy, for no one appreciates the spirit of giving more than he does.

So, come one, come all, to Jake's gala Christmas party. You and yours will be glad they did for a fine time is in store for everyone. Jake's Restaurant, 7740 Milwaukee ave. Niles, is the place. The time is Christmas Day, Tuesday, Dec. 25. You all come now ...

### Fire causes \$20,000 damages to Nordica townhouse

Niles firemen battled a mid-morning blaze of undetermined origin Saturday, Dec. 15 which spread from the ground level floor to the second story of a townhouse at 7751 Nordica st. leased by Mr. and Mrs. Shepard Schreiber.

Two of six dogs in the house died reportedly of smoke inhalation in the fire. One of the surviving animals being carried to safety twice nipped the fireman trying to rescue him but the dog's teeth did not penetrate the heavy gloves worn by the firefighter.

Fire officials set a conservative \$5,000 estimate of damages to contents and another \$15,000 damages to the building owned by Kushner Management Co. of Skokie.

Firemen were alerted to the scene shortly after 10 a.m. thru numerous calls from neighboring

tenants who according to a fire source seemed confused and uncertain where the fire was located. Heavy black smoke was pouring out of the house and flames were seen shooting up to the second story level on arrival by firefighters.

Inspector Ed Sosnowski of the Fire Prevention Bureau said the tenants of the townhouse were away eating breakfast at McDonald's at the time of the fire. Neighbors phoned to tell Mr. and Mrs. Schreiber, their teenaged son and Mrs. Schreiber's mother that their house was on fire.

A fire spokesman said the origin of the blaze began in the utility room at ground level which contains a furnace, hot-water tank, washer and dryer. He noted the possibility of a huge pile of soiled clothing nearby having been ignited from the furnace or thru careless use of smoking

materials. However, he said, officials are listing the cause of fire as "undetermined".

The fire source said flames spread to the adjacent kitchen, living room and dining area of the home, causing fire, heat, smoke and water damage. Smoke and fire damage were incurred at the second story level.

One pet was found in the first floor bathroom overcome by smoke inhalation.

Niles Deputy Fire Chief Charles Bobula was on the scene where firefighters remained for an hour and 15 minutes.

Inaccessibility to the rear buildings east of Nordica hampered firefighters' efforts to reach the burning building. Fire equipment had to be carried manually from Nordica ave. to the scene.

Tenants of the buildings ten years ago rejected the proposal of a fire lane at the rear of the townhouses which abut the forest preserves.

### Fire Department offers holiday safety hints

The Bureau of Fire Prevention, of the North Maine Fire Department, would like to wish all of the residents in the fire district a safe and happy Holiday this season. To help insure a safe Holiday we hope the following information will be of help to all:

1. If you plan to purchase an evergreen tree this year, beware of any tree with brittle and shedding needles. Cut off 1" from the trunk and keep the tree in a non-tip stand. Check the stand daily to make sure there is water in it at all times. Set the tree up in a place that is away from heat sources (radiators, heater vents, fire places, TV sets, etc.). Most important, Do not block exits.

2. If you purchase an artificial plastic tree, be sure to check for a fire retardant label.

3. Check your lighting sets carefully. Replace them if the wires are frayed or cords are broken. Make certain that there

are no loose bulb sockets. Buy only lighting sets that are labeled by a safety testing agency. Use only lightings sets that are labeled by a safety testing agency. Use only reflective lighting if you have a metallic tree. When you leave your home or retire for the night, turn off all your electric lights and decorations.

4. Buy only decorations that are flame retardant or noncombustible.

5. Candles are traditionally used during the Holidays. They may be pretty and smell nice, but they also require special considerations. Many have flammable plastic decorations on them. If you are not sure which type you have, play it safe and do not light it. Never leave lit candles unattended.

6. Take extra precautions this Holiday while smoking. Do not smoke near decorations. Use large ash trays where needed.

7. Do not burn gift wrapping papers in the fire place. These papers should be picked up promptly and put in trash bags and put outside with the trash.

8. Smoke detectors and portable fire extinguishers make excellent gifts.

With these tips in mind, we hope that you have a safe and happy Holiday.

### Phone tax to drop again

Central Telephone Company of Illinois said the Federal Excise Tax applied to its telephone bills will drop again next year - from three to two percent - effective with bills issued after Jan. 1.

The federal tax has dropped one percent each year since 1972 and will continue to drop at the same rate until 1982 when the tax is phased out, said James J. Kropid, Centel general customer services manager.

He said the change is the seventh step of a 10-year reduction schedule to fully repeal the tax on communications services. The phase-out was enacted as part of the Excise, Estate and Gift Tax Adjustment Act of 1970.

Congress first imposed the federal tax on telephone bills during World War I as a temporary measure. Although repealed after the war, the Depression prompted resurrection of the tax. At one point, the tax rate climbed to 25 percent on long distance calls and 15 percent on local service, Kropid noted. Just before 1970 the tax was 10 percent.

Although individual savings for Centel customers will be small, estimates from the United States Independent Telephone Association (USITA), an organization representing more than 1,500 non-Bell telephone companies, indicate the total savings for all U.S. telephone customers will amount to \$391 million. Independent telephone company customers will realize an estimated total saving of approximately \$92 million.

The tax saving represents the estimated difference of what customers will have paid in 1979 with the three percent rate, and what customers are expected to pay with the two percent rate.

### Barry E. Adler

Air National Guard Airman Barry E. Adler, son of Mr. and Mrs. Phillip Adler of 9078 W. Barbary Ln., Des Plaines, has completed Air Force basic training at Lackland Air Force Base, here.

He is a 1977 graduate of Maine East High School, Park Ridge.

### "Tornado Alley" needs radar system

We, here in the Midwest, are in a vulnerable geographical location. We are in "Tornado Alley".

Recently a new type of radar device, called the "Doppler Radar Warning System" has been tested and proven to give at least 22 minutes of advance warning of an oncoming tornado compared to the only 2 minutes warning we now have.

Village of Niles Mayor Nicholas Blase fostered a program that was hosted by Niles Fire Chief Albert Hoelbl, in which over 100 fire chiefs from the entire metropolitan Chicagoland area viewed a presentation on the Doppler Radar Warning System. These fire chiefs were so encouraged by the effectiveness of the Doppler System that they urged their respective city councils to pass resolutions to have Congress install this life saving device.

Recently, Mr. Jim Sherman, Executive Assistant to Congressman Martin Russo, announced that the Congressman would spearhead the drive to have a Doppler Radar Tornado Warning System for this area.

Mr. Sherman spoke to the Metropolitan Fire Chiefs Association during their Dec. 6 meeting in Hillside, Ill. He reported to the Association's membership that over 52 communities have passed resolutions requesting that the Doppler Warning System be build in the Chicagoland area as soon as possible.

Congressman Russo, whose 3rd District includes the Village of Oak Lawn, which was devastated by a tornado in March, 1967, has informed the Fire Chiefs that he fully supports their project. He said he would work diligently in Congress to have the necessary funds appropriated for this tornado warning system.

## SPORTS NEWS

### Grade School basketball tourney

The Second Annual Marillac Tourney for Eighth Grade Girls' Basketball teams was held Dec. 15, 16, 17 and 19 in Marillac's gym. The sixteen participating squads represented the following: Our Lady of Perpetual Help and St. Catherine Labouré (Glenview), St. John Brebeuf and Our Lady of Ransom (Niles), St. Paul of the Cross and Mary, Seat of Wisdom (Park Ridge), St. Mary of the Woods, St. Edward and St. Tarcissus (Chicago), St.

Joseph and St. Francis Xavier (Wilmette), St. Norbert (Northbrook), Holy Cross (Deerfield), St. Philip the Apostle (Northfield), Sts. Faith, Hope and Charity (Winnetka) and St. Stephen (Des Plaines). Team and individual trophies were awarded to the first, second and third place finishers and to the winners of the consolation bracket.

Marillac's basketball coach, Pat O'Connell, organized the tourney and many of the Northstar players assisted by announcing, scorekeeping and timing. "The tourney provides a place for schools from the surrounding areas to play with teams outside their own leagues. The response was so positive last year that we were able to double the number of teams for this year's tourney," said Coach O'Connell.

### Dons lose to Shamrocks

Although the Dons lost their second conference match in wrestling, Jr. Kevin Henneghan again sustained his perfect record of 8-0 with a victory of 12-1 against St. Pat's.

Notre Dame grapplers struggled to win but lost 32-21 again St. Patrick High School to make their conference record 2-1. Notre Dame had a tough time against the Shamrocks Friday night. The Dons grapplers lost seven matches and won four.

The loss of Captain John Loftus may have had an effect on the team's performance. Key matches were at 98 lbs., 119 lbs., 138 lbs. and heavyweight. At 98 lbs. Chet Stanley whipped his opponent 12-1. Clay Graham at 119 lbs. won by a sliver 12-10. And at an exciting heavyweight match Joe Catalano pinned his man.

### Ronald J. Ritter

Navy Aviation Fire Control Technician 2nd Class Ronald J. Ritter, whose wife, Deborah, is the daughter of Thora J. Levy of 9116 Four Winds Way, Skokie, Ill., has deployed to the Indian Ocean.

He is a member of Attack Squadron 52, (VA-52), based at the Whidbey Island Naval Air Station, Oak Harbor, Wash. His squadron is currently embarked aboard the aircraft carrier USS Kitty Hawk operating as a unit of the U.S. 7th Fleet.

### Afterschool Program

The Young Men's Jewish Council's Mid-North Branch Board presents 1980 Afterschool Programs to children in District 63 and those in nearby communities.

The classes scheduled for the end of January include:

Kidsports, a fun non-competitive program geared toward improving children's basic athletic skills.

Puppetry, a delightful experience in learning to make inanimate puppets come to life through the medium of storytelling and stage show.

Jr. Scientists is a program designed for the child with a curious mind and who enjoys making fascinating discoveries.

Classes will be held at the Nelson School, 8901 Ozanam in Niles. Enrollment is on a first come first serve basis.

The fee for one class is \$18 for an 8-week session and \$34 for 2 classes.

This non-sectarian program is sponsored by the Young Men's

### Join in the Big Band sound

Did you ever want to be a Dallas cheerleader or play brass or drums before thousands of people? Here's your chance.

The "Chicago Connection", Illinois' only senior drum and bugle corps, has openings for its 1980 season. The age limit is 16 to 60. Band or other musical experience is helpful. The corps practices every Friday night at the Des Plaines V.F.W. Hall, 2067 Miner st., Des Plaines.

The group is sponsored by Weber Grill of Arlington Heights, and the Des Plaines VFW.

Come out to the Open House on Jan. 11, 1980 at 8 p.m. We think you'll like what you'll see. The corps provides the instruments, uniforms, and transportation on trips.

For more information, you can contact Tom or Donna Day, 824-8969, or 920-7895, or Bob Bryson at 537-0728.

Jewish Council, a non-profit social service agency.

For more information on the afterschool programs call 679-8490.

## District 207's long range planning process

The Maine Board of Education has established a project entitled "SEE" (Secondary Education for the Eighties) which will bring 140 citizens into the long range planning process for District 207 high school operation.

The citizens will be selected on a district-wide basis and are to be broadly representative of the many communities and interests evident in the school district. Letters inviting organizations to recommend persons to participate in Project SEE will be sent out at the end of this month.

District 207 residents interested in serving on the citizens' panel may submit their names and background to the Board of Education, 1131 S. Dee, Park Ridge, 60068.

The plan is for the citizens to work through seven subcommittees in the areas of facilities, personnel, finance, basic curriculum programs, extracurricular programs, mandated programs and the arts.

The citizens will be advisory to the Board of Education as it develops alternatives appropriate for dealing with the District's problems of declining enrollment and diminishing resources.

At the Board's education committee meeting on Dec. 6, the committee recommended that the citizens' committees consider seven options to the present District 207 operation.

Two of the options, possible formation of a unit district and restructuring of the District

## Weekly lectures on medical ethics

Questions of health and disease, responsibility and involvement will be discussed in Medical Ethics (PHL 180-01) at Oakton Community College which will meet on Tuesdays and Thursdays from 11 a.m. to 12:15 p.m. during the 1980 spring term.

The course will feature guest speakers in medicine, genetics, nursing, hospital care, and law and the clergy who will offer information on such topics as euthanasia, abortion, surgical transplants, sterilization of the mentally or genetically abnormal, allocation of scarce resources, medical malpractice and informed consent.

The rapid expansion of knowledge & technology, gives mankind incredible power. This development poses new questions about the meaning of life, according to Phyllis Woloshin, associate professor of philosophy.

The Medical Ethics course is intended to sensitize people to ethical problems emerging from the application of new technologies.

The general public, as well as those in health care is invited to attend those sessions of the course which feature guest lecturers. A schedule of special topics will be available from Dr. Woloshin in January.

Classes will begin during the week of January 14. Final registration will be January 7 and 8.

For further information, call Dr. Woloshin, 967-5120, ext. 220.

## Marillac Illinois State Scholars

Sister Felicia, principal of Marillac High School, announced the names of 14 seniors who were named 1980-81 Illinois State Scholars. They are the following: Bridget Bielinski (Glenview), Karen Class (Des Plaines), Suzette Eshoo (Niles), Martha Ewen (Northbrook), Sheila Fleming (Niles), Ildiko Frank (Morton Grove), JoAnn Kargl (Glenview), Jenny Klauke (Glenview), Debbie Mikkelsen (Glenview), Marianne Minnis (Park Ridge), Clare Oleksy (Des Plaines), Karen Sherman (Chicago), and Karen Tobias (Morton Grove).

According to the letter from Mrs. Elizabeth N. Fish, Assistant Director of the Illinois State Scholarship Commission, to Mrs. Becky Dorsett, Marillac college counselor, "The Academic Scholarship Program bill recently signed by Governor Thompson provides \$1,000 Academic Awards to 2,000 academically talented Illinois high school seniors. To date, selection procedures for identifying these students has not been finalized."

The letter further states, "State scholars who wish to be considered for a Monetary Award of up to \$1,800 to be used toward tuition and fees for full-time or half-time undergraduate study at one of the 180 approved public or private institutions in Illinois must submit a 1980-81 Monetary Award application."

The need for action as soon as possible was prompted by the long range planning report adopted by the Board at its Dec. 3 meeting. The report predicted that District 207 will have a \$10 million deficit by 1983 and that District enrollment will drop from the current 9,911 to near 6,000 by 1987.

The report adopted by the Board provides the background material for decisionmaking. A follow-up report, is being prepared which will look into the alternatives available to the school district.

## Brebeuf students superior in basic skills

According to results of the Iowa Tests of Basic Skills, students in grades 3-8 at St. John Brebeuf Parish School are performing at a level far superior to the average on those tests.

The exams were taken in October, and scores achieved by St. John students were recently released by school Principal, Sister Joan Stoffel. The key areas tested were in Vocabulary, Reading, Language Skills, Study Skills, and Mathematics. In every area and at every grade level, St. John students scored well above the national average of the 50th percentile. On the composite scale (a combination of all the test areas), the percent-

ages achieved by each grade were 96th, 86th, 83rd, 89th, 83rd, and 81st.

Even more pleasing to the faculty at St. John, according to Sister Joan, is the fact that all grades scored at higher levels on the 1979 tests than in 1978. This is an indication that the educational program at the school always a strength, is still improving. The Iowa tests are used nationally by hundreds of elementary schools, and the excellence of St. John's results is simply a verification of what the families there have felt for years—that its students can compete with any others in the critical skills which lead to success later in life.

### New fee schedule approved for Grennan Heights gym

A new schedule of fees initiated at the Grennan Heights gym Saturday, Dec. 15 was formally approved by Niles Park District Commissioners during the monthly board meeting Dec. 18.

Recommended was a season pass for Niles residents at a cost of 50¢, which is "really more of an I.D. card," noted Park Director

William Hughes. He emphasized there would be no daily admission charge for resident use of the gymnasium.

Also approved was a \$1 daily fee for non-residents or a season pass at a cost of \$25.

Hughes labeled previous gym fees as "exorbitant", of a 25¢ daily fee for residents and \$5

season pass. Use of the gym by non-residents of the park district cost them \$2.50 daily or \$30 for a season pass.

The former gym charges had been introduced last November, on complaint by Niles parents, to curb open use of the Grennan Heights gym by non-residents.

In other business park commissioners approved 3 to 1 (in the absence of Comr. Steve Chamerski) participation in a Risk Management Insurance Study at a pro-rated cost of \$750 per park district.

Comr. Walter Beusse as the lone dissenter said the money could be well-used elsewhere, "since the study is intended only for feasibility purposes."

Formally approved an agreement with Joseph McNulty of Chicago Cross Country Skiers, Inc. for use of Tam Golf Course in the effort said Park Board President Dan Kosiba "to improve park district recreational facilities."

Denied a Niles Township High School West request for use of Tam Golf Course by golf students. The rejection based on inability by the park district to handle multiple school requests of similar nature was appealed by Niles West High School representatives and will be up for discussion between the two groups at a future date.

Representative to the Maine-Niles Association for Special Recreation (M-NASR) Park Comr. Elaine Heinen reported a very successful Dec. 7 Christmas party at the Trident Center for handicapped youngsters ages 14 to 18 years old. "The senior citizens were an invaluable aid in socializing with the teens" noted Ms. Heinen "to the extent that a Valentine's Day party is planned Feb. 14 for 30 youngsters at the Grennan Heights gymnasium."

Heard a report from Comr. Walter Beusse on the status of reconstruction of fire damage to the roof at the Ballard Sports Rink. While a "few minor incidents caused a rocky beginning," said Beusse, "repairs

### Honor Weintraubs at Bond Brunch

Franklin Boulevard and Central Community Hospital will pay tribute to Dr. and Mrs. Jerome Weintraub of Skokie at a gala State of Israel Bond Brunch, Sunday, Dec. 23, 11:30 a.m. at the Lincolnwood Hyatt House.

Former Israeli Ambassador to the United Nations Moshe Leshem will address the reception, with Herman L. Eisenberg, M.D. serving as Chairman, and Patrick A. DeMoon, Honorary Chairman.

Dr. Weintraub is the director of Franklin Boulevard Community Hospital's Emergency Room, having served in this capacity since 1965.

The Weintraubs have three children, Judy (Mrs. Leonard) Reicin, Jay (married to Harriet), and Cary.

have moved along quite well initially." He noted the Complex lobby will be useable "possibly not one hundred per cent" by Feb. 15 in expectation of the upcoming ice show.

In an update of items reviewed during summer park tours by commissioners, Hughes indicated that 167 of the 240 recommended repairs were completed. He noted several recommendations for "incorporation into the park budget for next year."

### Mayfair Presbyterian Church

Mayfair Presbyterian Church, 4358 W. Ainslie st. has scheduled a Christmas Eve Candlelight worship service at 11 p.m. on Monday Dec. 24. Neighbors and friends are invited to worship the Newborn King at that time; and spent Christmas Day with the family.

### A million Christmas calls

Many of the bells that ring on Christmas Day will be telephone bells.

American Telephone and Telegraph estimates that Christmas callers will make a record number of nearly 19 million interstate long distance calls on Christmas Day, including 550,000 overseas calls. This will be 1.5 million more calls than were made last year.

Illinois Bell customers who need help will get it from 1,200 long distance operators and 800 directory assistance operators who will be on duty throughout the state on Christmas Day, according to John Trutter, vice president of the company's operator services department.

Illinois Bell advises callers to dial their own calls. Direct-dialed calls go through faster and cost less.

"Traditionally, Christmas calling causes heavy traffic on usually low-volume routes," Esrey said. "That is because people call from home instead of their places of business and because the conversations tend to last twice as long."

Callers will receive a 35 percent discount on all domestic direct-dialed calls placed between 8 a.m. and 11 p.m. on Christmas Day. The 60 percent night discount will apply on all

direct-dialed calls placed from 11 p.m. Christmas night to 8 a.m. the following day.

Trutter offers the following Christmas calling tips:

If possible place your holiday call before 6 p.m. on Monday, Dec. 24. This will help ease the rush and ensure that your call goes through.

Although still busy, the slackest calling period on Christmas Day is between 3 and 6 p.m.

Dial long distance calls directly whenever possible to save both time and money. Domestic dial rates - no matter what the hour - are lower than operator-assisted calls.

Have numbers for domestic and international calls available ahead of time. If it's necessary to call directory assistance, do so before the holiday.

Determine if your phone is equipped for International Direct Distance Dialing. Many customers can now dial their own international calls to 64 overseas locations. AT&T does not accept advance requests for Christmas calls to those countries.

Check with an operator in advance to determine if night rates apply to your international calls. There are no holiday rates for international calls, but night rates apply in some countries.

### Neediest Families Fund

For the third consecutive year, the Neediest Families Christmas Fund benefited from the Blue Max Unoriginal Amateur Hour held Dec. 2 at the Hyatt Regency O'Hare. The affair raised \$1,000 for Cook County's neediest citizens.

This year's cast featured dynamic performances by such personalities as WLS-TV anchorman Joel Daly; Chicago Tribune TV Week editor Ginny Ewing; WBBM-Radio's Pat Wexler; WLS-TV's Tim Weigel, and WMAQ-TV's Dick Kay, Terry Burhans and Steve Smith; and Chicago Defender's Earl Calloway, plus a special bonus appearance by staff of the Old Town School of Folk Music.

The Neediest Families Christmas Fund is a cooperative effort of the Illinois Department of Public Aid, Cook County, and the First National Bank of Chicago, devoted to raising money for needy families in Cook County. In 1978, the Fund raised \$1,572,000 which reached one in four persons on public aid in Cook County.

Tax deductible contributions may be sent to the Neediest Families Christmas Fund, Post Office Box 2300, Chicago, Ill. 60690.

### Center of Concern's Annual Meeting

Maretha Smith (left) looks pleased as she displays her plaque for being a "Great Volunteer" in 1979. Barbara Schneider (right) looks on. The plaques were presented to seven of the volunteers that were present on November 12 at the Center of Concern's Annual Meeting. Libby Shaver made presentations to Maretha Smith, Barbara Schneider, Dr. Frank Yonan, Hans Martin, Jennie Nelson and Mildred Thomson and President Dee Heinrich presented Libby Shaver with a plaque.

The Center of Concern is a unique and caring organization that has been reaching out into the community since January of

1978. We listen, furnish information, make referrals, operate a Telephone Reassurance Program, operate a Friendly Visitors Program and are a Senior Companion Station. Our No. 1 goal for the future is to establish and maintain a multipurpose senior center in Park Ridge. All seniors are asked to please fill out a Needs Assessment Questionnaire telling us what services, activities, and programs you wish included in your Center. If you have not received one as yet, please call or drop in. Our address is Suite 225, 1580 N. Northwest Hwy., Park Ridge; phone number is 823-0453. Your input is needed!

The Board of Directors of the First National Bank of Des Plaines has declared a regular fourth quarter dividend of 30¢ plus a year-end dividend of 45¢

per share to shareholders of record Dec. 14, according to Arthur R. Weiss, president. "This marks the eighth consecutive year total yearly

dividends have been increased," stated Weiss. "This year \$1.65 per share has been paid as compared with \$1.50 a year ago."

### State Police Program receives federal funding

The Illinois State Police has again received a federal grant funded in fiscal year 1980 through Highway Safety money within the Illinois Department of Transportation for a Concentrated Traffic Enforcement Program (C.T.E.P.)

The objective of the Program is the reduction of vehicle accidents and their resultant injuries and deaths through increased police enforcement of traffic laws at 45 high accident locations in the state.

The C.T.E.P. Program allow State Troopers to be hired back at a straight time salary on their pay off. The troopers will work patrol assignments only in the

designated high accident areas and concentrate primarily on taking enforcement action of the violations which have continually been the contributing factors for the accidents occurring there; i.e., speeding, improper following distance, right of way violations, lane usage and equipment violations.

The locations for this year's Concentrated Traffic Enforcement Program in Northern Cook County are:

I-290 from the Tri-State Tollroad (I294) to the Northwest Tollroad (I-90), Route 53 from the Northwest Tollroad to Dundee Road, Dundee Road from Route 53 to Lake-Cook Road, and US 14 from Quentins Road to Barrington's south border.

Roy C. Schotland, a Lake Bluff resident, has been appointed President of Cook Electric, a division of Northern Telecom, Morton Grove.

Schotland joined Cook in 1970 as Vice President, Operations. Cook Electric manufactures protection devices, data systems, transmission, distribution and termination devices for the Telecommunications Industry. Schotland received a Bachelor

of Science degree in Industrial Engineering from Oklahoma State University. He is a senior member of the American Institute of Industrial Engineers and a senior member of the American Society of Quality Control.

He and his wife, Patricia, reside at 315 W. Hawthorne Ct., Lake Bluff. They have three grown children.

## Pullen files petition for third term

State Rep. Penny Pullen (R-4th) filed petitions in Springfield Monday for nomination to her third term in the Illinois General Assembly.

Miss Pullen was one of several hundred candidates for various offices throughout the state standing in line when the State Board of Elections office opened at 8 a.m. Monday.

Following the petition filing, she attended a meeting of the House Republican Campaign Committee, of which she is a member, before returning home to serve as a precinct captain in Tuesday's special congressional primary.

Penny Pullen was first elected to the legislature in 1976. In that year, she and incumbent Rep. Gene Schlickman (R-4th) were nominated from a field of five candidates. In 1978 she was the leading vote-getter among the two parties' four candidates who squared off for the three state representative positions in the general election.

Before her first election, Miss Pullen served as aide to four legislators for two years after the death of the late Rep. Robert S. Juckett (R-4th), whom she had served as administrative assistant seven years.

She also has worked in community journalism in the district five years.

Rep. Pullen just two weeks ago was appointed Republican spokesman on the House Committee on Human Resources, elevated to the post mid-term because of the resignation of Rep. William Kempiners (R-Joliet) to become acting director of Public

Health for the State.

She has been a member of the committee three years and also serves on the House Executive Committee and the powerful Rules Committee.

She is a member of the board of directors and executive committee of the American Legislative Exchange Council, a national association of state legislators.

Locally, Miss Pullen is a member of Park Ridge Presbyterian Church, 21st Star Chapter Daughters of the American Revolution, Park Ridge Historical Society, and Republican Women's Clubs in Park Ridge, Maine Township, Niles Township, the 10th Congressional District, and the 12th Congressional District.

She has received awards from numerous statewide organizations including the Illinois Press Assn., a Dwight Eisenhower Freedom Medal from the Chicago Captive National Committee, and the George Washington Honor Medal from Freedoms Foundation at Valley Forge. She is listed in the biographical register Outstanding Young Women of America.

## IRS Q's & A's

Unfortunately, many taxpayers have come to believe as fact some misconceptions about the Internal Revenue Service, and because of this, have caused themselves needless worry and apprehension. To clarify some of these issues, and hopefully to allay the doubts these misconceptions may have caused, the IRS has prepared the following Questions and Answers:

Q. Is it true that if I use the peel-off address label, I will more likely be audited?

A. No. The coded symbols on the address label have nothing to do with the audit process. They simply speed up processing by helping to identify taxpayers and the kind of forms contained in the tax package they receive.

Q. I was audited last year because of my large medical bills. Does that mean I can expect to be audited every year?

A. Not necessarily. IRS has a program called the Repetitive Audit Procedure, the purpose of which is to see to it that no taxpayer is audited two years in a row on the same issue when there was no change the previous year.

Q. I've heard that I can claim more deductions if someone outside IRS prepares my return. Is that so?

A. IRS Taxpayer Service personnel will give taxpayers the benefit of every allowable deduction made known to them by the taxpayer.

Q. Does the IRS really have a way of knowing that what I report is correct?

A. The computer system used by IRS does match most wage, dividend, and interest reports. For example, if you forgot to report interest you received on your savings account, you will probably receive a letter from IRS asking about your unreported income.

Q. Do IRS employees receive a commission on the money they collect?

A. IRS employees, like other government employees, work on a salaried basis. The amount of money they collect has no effect on the amount of their paychecks.

## Finding safe toys for Christmas

Today's toys not only come in a multitude of shapes, sizes and colors, they pose a variety of dangers.

The sharp edges of toys can cut, small parts can lodge in children's mouths, loud noises can harm ears, sharp points can stab, propelled objects can hurt eyes and electric toys can burn or electrocute.

Every year, toys injure 175,000 children. So as Christmas season nears, be sure you buy safe toys for your children, says Katherine Jarrell, Home Economist.

One of the most common toy-related injuries is when a child swallows a small plaything and suffocates. For example, squeakers in squeeze toys sometimes can be removed and swallowed.

To prevent such tragedy, don't provide small children with toys that have small, removable parts.

One of the most important rules, Jarrell says, is to keep in mind your child's age and skill level when shopping for a toy. A toy in the hands of an 8 year old can become a weapon in the hands of a 2 year old.

Check toy labels for such warnings as "Not recommended for children under three." But remember, even if your child fits the approved age, he still might not be capable of handling the toy.

If the toy is painted, look for a "non-toxic" label. If the toy is fabric look for the "Flame Resistant" label and if it is a stuffed toy or doll, look for the "Washable/hygienic materials" label.

Electric toys should carry the Underwriter's Laboratory label, Jarrell continues. Supervise children when they use electric toys and remember that toys with heating elements are recommen-

## Holiday on Ice Show

Skokie Park District's indoor ice rink, The Skatium, presents its Holiday on Ice Show at 8 p.m. on Saturday, Dec. 22.

The Skatium's championship ice skating team will present solos and group numbers. A special ski on ice number will be one of the highlights of this year's show.

The "Spirit of the Holiday Season" will be the show's theme. Santa Claus will make a special appearance with Mrs. Claus, who will have candy canes for everyone in attendance.

Tickets are \$1.50 for adults and 75¢ for children and senior adults. Tickets are available at the door.

The Skatium is located at 9300 N. Bronx, one block north of Church st. and one block west of Gross Point rd.

For additional information call 674-1500.

Q. If I owe IRS and can't pay right away, will they seize all my property?

A. If you receive a notice from IRS that you own money, don't ignore it even if you can't pay right away. Make arrangements with someone in Collection to pay as much as you can afford - it's called an Installment Agreement. On the other hand, if you simply ignore all notices and don't arrange for payment, your wages and property may be subject to levy and seizure.

## Headache Clinic

Forest Hospital, a private psychiatric hospital in Des Plaines, Illinois, has recently opened a Headache Clinic as an additional service of its Outpatient Department.

The Headache Clinic, staffed by physicians trained in both internal medicine and neurology, is designed to assist primary care professionals in the evaluation and management of their patients. Clinic personnel will not serve in a primary care function.

According to Dr. Robert Simon, Administrator of Forest Hospital, "The Clinic will provide, in the initial visit, a detailed history, general medical and neurological examination, and appropriate laboratory studies. Patients will be given a diary to be completed relative to their headaches. The second visit involves a review of findings, diagnostic consideration and discussion of treatment options. Any subsequent visits are for reevaluation and treatment modification."

The patient's primary care physician will be fully advised to facilitate follow-up, since Clinic personnel will not serve in a primary care function. Inquiries should be directed to the Forest Hospital Outpatient Department at (312) 635-4224.

## Top ballot spot to Porter

Cook County Clerk Stanley T. Kuser, Jr., today announced Republican John Edward Porter will receive the top ballot position over Democrat Robert A. Weinberger in the Jan. 22nd 10th Congressional District special election.

Porter's name was drawn by Kuser in a special ballot position lottery held in the County Clerk's office in the presence of Cook County Democratic Party Chairman George W. Dunne, Cook County Republican Party Chairman J. Robert Barr, and Cook County Director of Elections Bartley J. Burns.

Porter's name will appear across position 16 on the Voteomatic computerized ballots. Weinberger's name will appear across position 18. The Jan. 22 special election will determine who will fill the congressional vacancy created by Abner J. Mikva, who has become a U.S. Appeals Court Judge in the District of Columbia.

Kuser also announced the results of the official canvass of the Dec. 11 special 10th Congressional District primary election. There were 31,092 ballots cast (26,557 Republican ballots and 4,535 Democratic ballots).

John Edward Porter received 18,423 votes (71 per cent of the Republican ballots), John J. Nimrod received 7,505 votes (29 per cent of the Republican ballots) and Robert A. Weinberger received 4,297 votes in the Democratic primary.
