From the LEFT HAND

"I would have never expected," said the way Eddie Bacher was named later in the story.

When the fire alarm went off, the first thing Eddie Bacher did was to grab the fire hose and run to the firehouse. He said he had been a volunteer firefighter for 20 years.

The fire was ratings when he was 13 years old. He and his brother lived across the street from the firehouse, where the fire occurred. He and his brother had been practicing fire fighting since age 13.

The new fire equipment was a Chevy truck which had 100 gallons of foam. He emphasized there was no water where there was a fire.

Vegetarianism

Vegetarianism is one of the fastest-growing diets in the United States. It is a diet that excludes all animal products, including meat, fish, and dairy products. The diet is based on the belief that consuming animal products is harmful to both the individual and the environment. Vegetarianism is a lifestyle choice that can be adopted by anyone who is interested in improving their health and wellness.
