Suburbs win water overcharge suit

The Illinois Appellate Court handed down a decision today in favor of 47 suburbs which had brought suit against the City of Chicago challenging the legality of the rates they were being charged by Chicago for their Lake Michigan water supply.

In its lengthy opinion, the Court reversed a previous lower Circuit Court decision to dismiss the suburb's complaint and reman-

ded the case back to the lower court for trial.

Nicholas Blase, Mayor of the Village of Niles, as Chairman of the Suburban Mayors Water Committee and one of the mayors who initially raised the overcharge question, stated, "It has been a long battle and we think justice is finally prevailing. The suburbs purchase approximately \$30 million of Lake Michigan

water annually from Chicago. We believe we can prove an overcharge of at least 30% in the City's water rate to the suburbs. In any event, we will now have the opportunity to do what has been previously denied us, that is to prove our case."

Louis Ancel, of the law firm of Ancel, Glink, Diamond & Murphy, special counsel to the 47

OK multiples for Krilich property

by Diane Miller

The Niles Plan Commission and Zoning Board of Appeals voted Monday evening to change the zoning from R-1 single family dwellings to R-4 multiples on the property located at 8621 Ballard Road.

The property, consisting of 5.8 acres, is owned by Robert Krilich with the LaSalle National Bank as trustee. The Zoning Board, in making their decision to change the property classification from single family to multiples stated

they felt this was the most appropriate classification for it and it was certainly compatible to multiple use. Under the new zoning, Krilich would be able to erect 17 units per acre or a total of approximately 100 units. Dave Campbell, village planner told the board the uses in the area surrounding this property are commercial and there are 4-story multiple family dwellings immediately to the west of the

Remember the name, Michael Favet!

At the corner of Church and Waukegan sits Mike's Union Oil Station. Mike Favet, Evan Southerland and Charley are a three-man team which has kept my car bills down and my motors up for many years.

Tuesday we dropped over to the station and, lo and behold, as they say in the movie biz, proprietor Favet "had gone Hollywood". Mike, donned in his greased-stained Union Oil blues, was getting ready to "star" in a made-for-TV movie, *The Minnesota Strip*.

A very nice script lady told us Mike would be co-starring with Hal Holbrook and Michael Lerner (the mother in *The Waltons*) in a 2-hour TV movie which is likely to be aired sometime in May. She said the Universal crew, which includes 10 Hollywood people, are among the large production staff who were filling every niche, and corner in Mike's station. They were decorating the grease pit areas with Christmas decorations and the script lady said the snow background was essential to the scene they were preparing to shoot. We were told they had previously shot a scene in the motel area on Waukegan rd. and the script editor said they planned an all-night session Friday to shoot a church scene in Chicago.

Next time you pass by 9201 Waukegan rd., the guy pumping gas wearing a beret, dark-smoked glasses, with a long

SJB Golden Age Club

For the members who volunteered to have that nice Valentine Party for the retarded, we extend our thanks. But the thanks those children showed them could not be matched.

The Valentine Party for club members, even though a few days late (on account of the festival) was also a nice one. It seemed like a Surprise Party to some. It did have a surprise or two because it was free with the wine and all that nice cake. We will not meet on the 18th of March because of this being Election Day. Let's all get out and vote.

Hope everyone will remember the "White Elephant Sale" on Sunday, April 13. More details later. Also in the month of May, we will celebrate another anniversary with a big party.

Russ and Rita Gawne had a nephew held hostage in the New Mexico prison riot.

February membership birthdays are: Eietta Bandaccari, Josephine Brad, Mary Catanzaro, Edward Dzien, Chester Furmanski, Sister Joan Herrig, Clea Johlie, Leonard Klezik, Walter Krazyński, Fred Raichle, Elizabeth Schoenberger, William Mayer, Marie Waak, Dorothy Warmann, Ida Poletti and Frank Paolletti, who has reached the diamond age of 75 years. We wish a special Happy Birthday to Frank. His family had a surprise party for him to celebrate his big day.

Niles Park District honors S.P.I.N.

S.P.I.N. (Skaters' Parents in Niles) has been organized since September of 1979. The membership is developed from the parents who have children actively involved in the Niles Park District figure skating programs. Presently there are 30 active members. S.P.I.N. is interested in increasing its membership. Any adult is welcome to join and participate in the promoting of figure skating in Niles.

Throughout the weekend of Feb. 15, 16 and 17, the S.P.I.N. organization assisted the Niles Park District in sponsoring a most successful Sweetheart Open figure skating competition at the Niles ice rink. Over 50 volunteer adults worked at the Sweetheart Open in a variety of jobs including taking registration, accounting, worked at the concession, served as timers, announcers and runners, assisted in building inspection, decorated the rink, clean-up and building preparation, general supervision, secretaries and typists, making signs, assembling music, preparation of a detailed program, and general organization. 362 skaters from all over the Chicago Metropolitan area, Minnesota and Ohio participated in the competition in 562 individual events.

S.P.I.N. also has been actively involved in a number of fundraising activities which include selling souvenirs at the Sweetheart Open, assembling and selling the detailed program for the competition, sponsoring a very successful Holiday on Ice show, and they are selling combs and holding a variety of bake sales.

The officers of S.P.I.N. are Deedee Port, President; Jackie Magnone, Vice President; Jerry Newman, Treasurer; Iris Moscovitz, Secretary; Ginny Ries, Publicity Chairman. Corresponding Secretaries are Shari Kupperman and Sharon Newman. Fund Raising Chairmen are Fran Aizenstein and Eileen Kleeblatt. Committees

At the Feb. 19 Niles Park District Board meeting the Niles Park Board recognized and awarded a plaque to S.P.I.N. (Skaters' Parents in Niles). children or adults to become members of S.P.I.N. can be obtained at the Niles Sports Complex Ice Rink, Ballard & Cumberland, or call 297-8011 for information. S.P.I.N. is presently concentrating its efforts on helping the Park District sponsor the upcoming annual ice show to be held April 11, 12, and 13. They are also actively seeking summer ice in an effort to keep their skaters skating year-round.

In order for a child to become a competitive skater, he or she must be a member of the I.S.I.A., must be registered and tested in a particular level of competition from Alpha Basic all the way through Delta and Free Style I through Free Style X. They must be an amateur. The I.S.I.A. emphasizes that all competitions approved by I.S.I.A. are recreational competitions with children as young as four years old participating. On the OTHER HAND

by Diane Miller
Love, usually a four-letter word, became an eight-letter word spelled P-E-S-T-I-V-A-L last Saturday night at St. John Brebeuf Church in Niles.

The occasion was Appreciation Night for the participants in FESTIVAL 11 which took place Feb. 8-9 and Feb. 15-16, and 700 of them showed up for an evening of festivities, but most importantly, to see the fruits of their labor... the total \$\$\$ realized from the 4-day affair.

The chairmen of this year's Festival were Andy and Barbara Beierwaltes and their friends and neighbors Bob and Jeanette Piton. This was the second time around for the Beierwaltes who had chaired a previous Festival. Barb, mother of seven, said they couldn't turn down Father Edward Duggan, pastor of SJB, when he approached them last summer. We've often been told that if you want something done, don't ask someone with nothing to do. Always ask someone who's busy since they always seem to find time and the Beierwaltes certainly fit into that category.

Together with Bob and Jeanette Piton, they devoted almost 6 months to meetings, numerous phone calls and continuous fundraisers which are held prior to Festival each year. Last June a car raffle was started in the parish with the actual raffle taking place in September. In addition to the auto, a color TV and a microwave oven were also given as prizes. \$11,043.81 was realized from the raffle. Two Candlelight Bowls in the fall made \$800 each, a flea market \$1,500 and the Festival Kickoff Dance netted \$1,500. The raffle money is always included in the final total with the proceeds from the Festival and the profits from the other fundraisers are used as a base for Festival expenses.

All the funds are deposited in financial institutions and draw interest which adds approximately another \$3,000 to the total. After 11 years of Festivals, it is obvious to us that it is one of the smoothest and most professional operations we've ever seen. At 10 p.m. Saturday evening after enjoying a few cocktails, a delicious dinner and a few dances, a drum roll by the band announced the entry of the "St. John Brebeuf Armored Car" into the gymnasium. Walking along side the "armored car" were the Beierwaltes and the Pitons and the blasting of the vehicle's air horn could not drown out the applause and cheers from those in attendance. The enthusiasm of the workers was at a high since they knew they were about to see the final figures... the \$\$\$... the fruit of their labors. As the vehicle reached the stage, Andy and Bob introduced the individual committee chairpersons and thanked them for their untiring efforts.

Then the big moment arrived. The chairmen of the seven show rooms were introduced one at a time and they came out carrying a large replica of a cardboard money bag high over their head and on it appeared a figure from the final total. Naturally, to keep the suspense up, the first figure presented was the last number in the total figure. As each room chairperson came out and more numbers appeared, the crowd became quieter. When six figures were shown, the amount was 1,951.62 and the final chairperson, Bill Doyle, chairman of "Twentieth Century Presents", together with his wife Elaine, came out carrying his "Money Bag" with the blank side visible to the crowd. The number side was pressed close to his chest. The crowd began to yell and cheer and Bill finally turned his bag around to reveal the figure "8". Festival 11's profit for St. John Brebeuf was \$81,951.62.

The whole place went up for grabs! There was applause, cheers, hugging and tears. Such devotion and dedication from these people left us stunned. Father Duggan, standing near us, decried white at hearing this figure and uttered just one word, "Incredible!" When he was finally able to comprehend what he had just seen, he hugged and kissed the Beierwaltes and Pitons and the next half hour became a "love in" with continuous hugging and kisses of thanks and gratefulness. His Irish face beamed with love for "his people". Finally he stepped onto the stage and it was obvious he had difficulty finding words to adequately express his thanks. He congratulated the Beierwaltes and told Andy that he broke previous records when he chaired his first Festival, but smashed all records for this festival. He told the crowd the bulk of the proceeds would go to continuing education of their children plus a few roof repairs.

"I may not sleep tonight," said Father Duggan, "but you can bet that tomorrow night I'm going to have a most relaxed sleep."

Yes, Festival 11 was over, but as we walked out the door, we heard a small group in the corner of the gym discussing their plans for Festival XII with just as much enthusiasm.

Attention! "Children of all ages!" The circus is coming to Niles. The "Big Day" is Saturday, March 15, the "Big Show" is Borgie Bros-Circus Berlin, sponsored by the Oak School PTA. Marillac Junior Varsity Basketball team

Marillac's Junior Varsity basketball team has completed its regular season with a second place finish in their division. Their 6-2 divisional record has put them into the play-offs of the 22-member Girls' Catholic Athletic Conference.

The Northstars will face undefeated Resurrection in the first play-off round. Overall, the Marillac squad is 8-4. Coach Pat O'Connell is very pleased with the Junior Varsity's season.

"The girls have improved so much; it's astounding. We have nine freshmen on the team; and they have come a long way." The Northstars have missed sophomore, Captain Connie Martin (Northbrook), for the second half of the season with a sprained foot. Sophomores who have missed parts of the season are Diane Weick of Morton Grove (broken nose), Sondra Kist of Northbrook (broken thumb) and Dianne Paustian of Niles (sprained ankle). Sophomore center Jean Uselmann (Park Ridge) has been the only non-freshman player. "I can't believe the freak injuries that the team has suffered," laments O'Connell. "But the freshmen have done a lot of growing up because of them."

Two of the talented freshmen are Kris Kowalczyk (Niles) who is the team's high scorer and Patty Harty (Northbrook) who has started every game at forward. Kowalczyk is a gifted shooter and Harty's leaping ability has earned her "Bionic Freshman" nickname.

The rash of sophomore injuries opened the door to the line-up for freshmen Patty Tardif and Loreta O'Connell (both of Northbrook). The two came to Marillac with their eighth grade teammate Harty from St. Norbert's, and their new coach is glad they stayed together.

"They'll make our track coach happy too," said Coach O'Connell. "I think the freshmen could put together a relay team that could beat any other class in the school." Two more members of the swift class of '83 are Kelly Close (Des Plaines) and Laurie Jackson (Winnetka); and Jackson stands 5'9".

All in all the prospects look good for the Northstars for years to come. Their 16-4 Varsity will graduate only four players so most of the girls will get another year of junior varsity experience. "This will help them all," says O'Connell. "Especially Hope Happ (Lake Forest), Dee Sesberg (Northbrook), Liz Meyer (des Plaines) and Patty Murdoch (Deerfield) who didn't play as much this year."

Maine East freshman wrestling

The Maine East freshman wrestlers won their conference championship with a 15-2 dual meet record. The team finished third in the conference tournament Saturday, Feb. 9 at Waukegan East.

The young Demons were led by Steve Brewster (19-1) who had 96 takedowns and 12 pins; Kevin White (14-3) who took first place in conference as did Chris Krzyzko (15-4-1) and Steve Jose Gomez (15-3) who placed second along with Bob Campagnolo (16-3-1).

The team set a national freshman takedown record with 475. The team also had 792 team points and 74 pins.

Coach Morrie Geselter said, "This is the best freshman team on their feet in my 13 years of coaching. They have a great future in wrestling."

Bruce Ash (10-4), Dave Colin (9-6), Hoard Bieschke (12-9) and Dennis Orland (8-5) were also standouts on the team.

Scot Barron (11-1-2), Mim Warych (3-4), and Roy Pisarczyk (5-3) added depth and strength.

The American Heart Association is fighting to reduce early death and disability from heart disease and stroke—this nation's Number One Killer.

Maine East gymnasts take second in state

Maine East's championship Central Suburban League south division girls' gymnastics team (front, l-r): L. Tamburo, S. Goodman; J. Stoppa, R. Wadman, A. Katz, L. Wax, T. Walsh, and Coach B. Axelson; (middle, l-r) L. Greenberg, L. Milstead, and E. Piell; (top, l-r) G. Vee, C. Stornello, P. Lehman, M. Klopman, and L. Trojan. The team finished second in state.

An elated group of high school girls ran up to accept the 2nd place championship trophy and their team medals -- a just reward for all the hard work by all of the Girls' Gymnastics team members. Maine East's goal this year was to finish 2nd in the State Meet, since it was generally presumed that Addison Trail would continue their winning ways. But what Maine East didn't know at the beginning of the season was what a threat Morton East would be -- starting at the Niles West Invitational, then again at the Sectional Meet, and finally at State Prelims as well as Finals. The Demons were in 1st place after Vaulting and Bars Preliminaries, followed by Addison and Morton East. Then after Beam and Floor Ex Prelims were finished, Addison took the lead, with Maine East in 2nd, and Morton East close behind them. Maine East entered the Finals on Saturday with 6 competitors and Morton with only 5 girls. Morton East had a good chance to raise their team score since two of their girls could improve their beam scores and possibly catch up 35 or more, which would have upset the Demons. But fortunately, Lynette Milstead raised her Bars score by .3 and Lisa Wax also went up .1 and then Laura Trojan and Lisa Wax both raised their Floor Ex scores .05 each, and that was enough to secure their team's 2nd place, bringing the highest team total in the school's history -- 113.29.

In addition to being a team winner, Maine East also had individual event winners -- Sr. Laura Trojan took 5th in Vaulting with a 9.0 on her Tsukahara vault and tied for 6th in Floor Ex with an 8.9. Lisa Wax took a 4th on Bars and 5th on FX with a 9.1 in both events, and Jr. Lynette Milstead took 7th on Bars with a 9.0. In Preliminary competition, Vaulting was the strongest event for the team -- with Maine East dominating this event with a 26.7 total. Laura Trojan finished 3rd on Friday with a 9.25. Lisa Wax was tied for 7th with an 8.9. Jr. Amy Katz scored an 8.55, and Soph. Lori Greenberg had an 8.45. Coach Betty Axelson was very pleased with the Vaulting results, and felt that "our long hours on the horse really paid off. This is one event where you don't have to be a club gymnast to get to the top. If a girl is talented, gutsy, and works hard at this event, she can compete with the best -- but Vaulting is the only event that works that way." As for Bars, Maine East continued to stay in 1st place at that point in Prelims, thanks to Lisa Wax scoring an 8.9, Lynette Milstead's 8.7, and Capt. Carmie Stornello's 8.5. Coach Axelson said the biggest disappointment of the meet was Carmie's fall on the bars, which cost her .5 and meant not getting into the Finals. She finished 14th which was "not indicative of her ability, since she had been the District and Sectional Bars Champion with a 9.05 and 9.0 the two weeks previous to the State Meet. At least she can look forward to college competition, so it's not the end of the world for her."

Friday evening Maine East's first event was Balance Beam, and everyone had a tough act to follow, since Addison did not have one fall for their 4 girls. Maine East knew they had to stay on if they wanted a crack at first place, but unfortunately every girl up for the Demons fell once -- so the most they could hope for

was 2nd, if Morton East didn't outscore them in Beam and Floor Ex. Elisa Piell started Beam with a 7.9 on one of her nicest routines all year, followed by Carmie Stornello who scored an 8.15 on a clean, solid routine. The pressure was on for Laura Trojan, who had an extremely risky punch front somersault mount to start her routine -- but once again, a fall on this move cost her .5 and she ended up with an 8.25 on an otherwise well-executed routine that could have been in the Finals. Then last up for Maine East was Lisa Wax, who started out extremely well and looked like she would be the only one to stick an entire routine. But, ¾ of the way through Lisa threw an aerial cartwheel and fell, so consequently ended up with an 8.5. Coach Axelson commented that "Lisa has hit that aerial cartwheel almost all year, but just lately in the big meets she's been falling on it. It's really too bad because she should be in the top 5 in the state with the beautiful as well as highly difficult dance and tumbling in her routine -- but that's the name of this game. You have to hit when it counts."

The last Prelims event for Maine East was Floor Ex, and Elisa Piell started out with a beautiful routine which scored an 8.25. Elisa did the best dance and tumbling she's done in her career, and her coach felt that Elisa was "underscored all year -- but especially at the State meet where everyone's scores usually are higher. She has improved so much, and should be very proud of what she accomplished." Lynette Milstead also did a good job on her FX routine but had a landing problem with her handsprings front so she scored an 8.3. Laura Trojan scored her highest

ever at the Prelims with an 8.85 to tie for 8th, and Lisa Wax also performed a beautiful routine and scored a 9.0 for 4th place. In the All-Around competition, the Demons were very proud of Lisa Wax, who finished 6th with her highest average ever -- 8.838. Lisa also finished 6th in last year's State Meet, but the competition was much stiffer than last year, so finishing just behind the top 5 gymnasts in the state is quite an honor. In addition, Sr. Laura Trojan finished 8th in the All-Around, and considering she has only been an All-Around competitor for 2 years, coach Axelson felt that "Laura proved she has not only a lot of talent, but also the ability to compete under pressure. Laura and Carmie Stornello were both nominated for Outstanding Senior Gymnast by the coaches, and both were very representative of hard working high school competitors who have given 100% in dedication and effort for their team."

To sum it all up, Coach Axelson said "It was a very good year! I was fortunate to have a team with girls that are team-oriented, and help and care about each other. After this is all over and years from now, what the girls will remember is not what places so-and-so took, but the people involved in the effort. I have God to thank for all the success with the team and the girls. Someone above was looking out for us, and in this highly competitive sport, you sure need more than luck! As for next year, we'll be rebuilding -- trying to replace the 4 seniors -- and that won't be an easy task. You can teach the younger kids tricks, but the inner discipline, determination, and confidence will take some time to develop."

Niles West takes third in competition

A team of Niles West students won a third place trophy out of a field of eleven schools at the annual academic competition sponsored by the Junior Engineering and Technological Society at Oakton Community College on Feb. 19. During the competition participants take a series of tests in chemistry, physics, math, English, biology, graphics, and calculators.

Individual winners included Steve Pang and Ted Odyniec who took first and second place respectively in graphics; Rick Manner achieved a third in physics and Dave Clarke won a third in English.

The 40-day program sponsored by the JCC's of Chicago and coordinated by Mayer Kaplan Jewish Community Center, 5050 W. Church, Skokie is from July 3, 1980 thru Aug. 11, 1980.

Last year, 24 Northshore area teens learned about environmental protection, as part of this program, by living on a "Beit Safer Sadeh" (Field School). The society for the Protection of a Natural Israel introduced these teens to the geography of Israel and the steps being taken to preserve it. A highlight of last year's program which is being continued is the participation of the teens in a work project in the Biblical Gardens of Neot Kedumin, irrigating, building paths and planting.

Summer in Israel '80 is open to high school students entering sophomore, junior or senior year as of September, 1980. Acceptance is based on a personal interview. Membership in a JCC is a requirement. An orientation for teen participants and their

parents is part of the program. The cost of the Summer in Israel '80 is \$1,784 (subject to change) and includes round trip transportation from Chicago to Israel, room and board, sight seeing tours and medical insurance. Scholarship applications are available to those requesting financial aid.

Kids in need need you!

Would you consider opening your home to Kids in Need? K.I.N., a program of Orchard Mental Health Center, is recruiting families to provide local temporary housing for children and/or adolescents of families in crisis. K.I.N. serves children and adolescents up to age 18 who are residents of Niles Township. Housing is provided for a maximum of 30 days.

Reasons for referral range from a death or illness in the family to family problems where a short separation can allow for a "cooling off" period. During that time problems can be identified and the family can begin to work on them so their child can return home. K.I.N.'s goal is to prevent the disintegration of a family in crisis and to allow children and adolescents who do require placement to stay in our area.

If you are interested in opening your home and your heart to a child or adolescent in need, or just want to know more about K.I.N., contact Gloria Roth at 673-0996.

An enriching experience

Dear Mr. Besser: I want to tell you about a family I met almost a year ago through your newspaper. Last spring The Bugle carried an article about a three-year-old boy "T.J." with Down's Syndrome who required the services of several volunteers who would participate in a program prescribed by the Institutes for the Achievement of Human Potential in Philadelphia. As a participant in this program I have found a wonderful family—so dedicated to the goal that their child will have an independent and meaningful life.

The program requires about ten hours a day—of patterning, intellectual stimulation, physical and breathing exercises and a generous measure of love and encouragement.

Approximately twenty-five volunteers participate with this young couple in carrying out the program—some come in only one hour per week—some are there daily. The volunteers are male and female—from pre-teens through age groups who could be "T.J.'s" grandparents.

Never have I met a more dedicated and loving family—mother, father and young sister. All of the equipment used in this program has been devised and constructed by them—an overhead ladder to teach "T.J." to walk, a special revolving chair for mental and intellectual stimulation, and all the while a love, a warmth, and a determination I can only attempt to describe.

The year has brought tremendous rewards—seeing "T.J." walk alone, begin to speak, to

recognize and call each volunteer by name. I despair when I see high school graduates who cannot read because parents have had neither the time nor the inclination to spend perhaps one hour a day with their children during formative years. I contrast this with the ten-hour a day program which this family has participated in for almost two years and I stand in awe.

My thanks to The Bugle for bringing me to this family and to Debbie, Tom, Sandi, and "T.J." for enriching my own life.

Bethany Terrace residents comment on world events

Dear Editor: Our "Current Events" group at Bethany Terrace Health Care Facility has followed the Afghanistan crisis very closely, and we believe that President Carter thus far has handled the entire situation with diplomatic wisdom. We feel he was right in his firm demands that the Soviets "pull out", that grain shipment to Russia be curtailed, that the United States officially drop out of the summer Olympic competition, and that the United States would righteously defend the Persian Gulf against foreign invasion.

Although we do not approve of his recent decision to reinstate the selective service system with the possible inclusion of female registration, we do feel his actions thus far deserve commendation.

Thank you

I would like to publicly thank our Niles Fire Department, especially Paramedics George Twarski, Bob Steffins and Tom Seelos for the help I received on Feb. 8, 1980.

I was choking and having troubles breathing when my son called the Fire Department. Within minutes they were here, gave me oxygen and other aid before taking me to Lutheran General Hospital. If it wasn't for their quick help, I wouldn't be here today.

Thank you, men. You were great!

Seek interested citizens for July 4th

The newly formed Morton Grove July 4th Celebration Committee had their first meeting Feb. 28 to discuss plans for the Gala Parade, Picnic and Fireworks Show to take place in our community this summer. Many community organizations have volunteered a person from their ranks to serve on this all important committee. We are concerned about the welfare of the citizens of Morton Grove and want to bring back a tradition that people will be able to look forward to every summer.

As the Committee has been formed and principal officers appointed, we are now looking for interested citizens wishing to serve on one of the following Committees: Parade, Fireworks, Crowd Control, Picnic, Fund Raising and Publicity. If you feel strong about your country, community or this project please attend the next meeting, March 11 at the Prairie View Center at 8 p.m.

We look forward to seeing YOU!

Morton Grove July 4th Celebration Officers: Richard Grodsky, Chairman; representing Morton Grove Park District; Ralph Hintz, Vice Chairman; representing American Legion; Joan Dechert, Secretary; representing Village Trustees; and Rich Fless, Treasurer; representing Jaycees.

Supports Carter renomination

Dear Editor: Since I have filed for the office of delegate to the Democratic Convention pledged to President Carter, some people have asked me why I have chosen to support Carter for renomination. To answer this question fully would take too long for a letter to the editor. However, I thought I might state a few of the reasons that I support President Carter.

Since coming to office Jimmy Carter has distinguished himself with a record of achievement in human rights advocacy, civil service reform and women's equality. The President has proven to be a great supporter of education by his creation of the Education Department, as a new cabinet level position. His personal conduct in office has always represented a high degree of integrity and personal honor.

In foreign affairs, President Carter has played the major role in securing a peace treaty between Israel and Egypt. Carter's leadership in the Iranian Crisis and Afghanistan Invasion has demonstrated both his strong determination to protect American interests and his ability to react under great pressure.

For these reasons and others, I am running for delegate pledged to President Carter in the March 18 Primary Election.

Sincerely,
Patton Feichter
Candidate for Carter Delegate

Down with home rule in Morton Grove

Dear Editor: Hooray!!! Morton Grove has its own Proposition 13.

Howard Jarvis has nothing on John Hilklin and California government has nothing on Morton Grove government.

Now let's hope that California citizens have nothing on Morton Grove citizens.

Who can believe the double talk that was sent by mail to the homeowners of Morton Grove this week? Any kid that can multiply can figure out the errors in the calculations.

If jobs need to be cut, why would our Village Government threaten our paramedic program??? Why not the Mayor's Assistant—a newly appointed position?

And doesn't our village government know that garbage is NOT included in the Corporate Fund? That health and air pollution are covered by state funding?

I, for one, plan to vote YES on the ballot on home rule this March to eliminate this ridiculous spending!

Sincerely,
Eunice Conn

The Niles Lions ... Who are they?

The Niles Lions take part in so many activities in our town that it's really hard to pick out the most important things we have done.

In 1963, our own Lion Ang (Marcheschi) took on, with a lot of help from our club, the Chairmanship of that year's Niles Days.

Our Lions, always ready to help in community endeavors, have proven themselves by the continuing list of Village Officials who once were Lions or still are: Stan Lowe, Chuck O'Grady, Ed Berkowsky, John Poeschl, Dick Hartzak, Ang Marcheschi, Ginger Troiani, Larry Remetzky, Walter Beusse, and Nick Blase are just a few. Dedicated men, to be sure, in community projects, on school boards and almost every worthwhile venture calling for the expertise these men have to offer. An award ceremony held in Niles for a number of years in

conjunction with Niles Days was the naming of Mr. and Mrs. Niles. People who won these awards—without exception were doers, and a large number were Niles Lions.

A lasting tribute to inspire members of our community was presented to our Village by the Niles Lions in 1965. The historic words of the late President John F. Kennedy, "Ask not what your country can do for you, ask what you can do for your country", in inscription form were placed on the courtroom wall, next to the bust of the late President. Lion President Dave Hoppe related that as part of the Lions object of accepting civic responsibilities, the quotation would inspire those who read it to give of themselves in leading us to a better world in which to live. We all feel that saying of our late President was most inspiring but you'll find a swell bunch of guys in Niles who think "it's great to be a Lion" isn't bad, either!

Vets to make poppies for Legion

At a recent hospital bingo party at the VA Hospital, Hinsdale, Ill., Rehabilitation Chairman Mr. and Mrs. Ed Lange of Skokie from the Morton Grove American Legion Post #134 and its Auxiliary, announced that the hospitalized veterans there would be allowed to begin making poppies shortly.

The red poppy is the flower of the American Legion and members of the Legion and their Auxiliary annually offer these to the public for a contribution. Proceeds are used for rehabilitation work during the year.

Rehab work consists of monthly visits to play bingo with the confined vets at the various VA Hospitals in the Chicagoland area, awarding prizes of canteen books and cash to the winners, weekly visits with comfort items to cheer the former servicemen still there, and special gifts for commemorative holidays such as Christmas, Easter, Valentine's Day, etc.

The Langes, long-time diligent workers for the program and the local Legion and its Auxiliary, stated that the veterans are paid 10¢ apiece to fashion these little flowers. The public perhaps does not know that the doctors have stated this gives men therapeutic value as well as is commonly known, a little cash which they would not otherwise be enabled to earn without any other job at their disposal.

Thousands of these poppies will be made between now and May when they will be offered at various locations by the Legion groups. May is traditionally the month of the poppy and Memorial

POLITICAL NEWS

Flynn backs Daley for State's Attorney

Thomas Flynn, Democratic Candidate for Congress, has announced his endorsement of Sen. Richard Daley for State's Attorney. He said his endorsement was a matter of principle and not politics.

Mr. Flynn said, "The Democratic Party has two qualified men running for State's Attorney. However, I support Sen. Daley based on his record in the Illinois Senate. He has helped pass many Bills related to Criminal Justice and he has shown a consistent concern for those who need legal protection the most."

He went on, "Sen. Daley has proved his independence from political domination and he will

resign his 11th Ward Committeemanship if he is elected. He is also by far the best candidate to beat the Republican incumbent in November. His support of overriding the sales tax veto, nursing home reform, senior citizens aid and concern for public education will not be forgotten by the voters."

Mr. Flynn concluded, "The Democratic Party must have the best candidates on the ballot in November. We must maximize our vote totals in behalf of our Legislative candidates. If we don't, we will lose control of the Assembly in reapportionment year. Sen. Daley will add votes to our Legislators."

Porter: Link U. S. Aid with stand on Olympics

Cong. John Edward Porter has proposed linking continued foreign aid with the willingness of allies to support the American boycott of the Olympics in Moscow.

In a speech on the floor of the House on Monday, Feb. 11, Porter said, "The time has come to make it clear to other nations that those who stand with us against tyranny and aggression deserve our continued good will and support—while those who stand aside while the subjugation of freedom continues must be counted among those who forfeit any hope of continued American monetary aid."

"We are committed not to go to Moscow in July," Porter said. "Now it is time for our friends to be heard. We have done much over the years to aid not only those we perceived as our allies, but those we hoped would become allies."

"We have acted, to be sure, in our own perceived interests, but to a greater extent than any nation in history, we have acted in a spirit of good will, generosity, and caring."

"We have asked little in return. We have called publicly for support on very few occasions. But this is one of those occasions."

Kustra meets with MG businesses

Bob Kustra, candidate for State Representative in the 4th Legislative District in the Republican Primary, held a breakfast meeting for members of the Morton Grove Business Community at the Parfaits Restaurant in Morton Grove on Tuesday, Feb. 26. The meeting was hosted by Niles Township Republican Deputy Committeeman, Lester Brownstein, Arnold and Craig Lamm, Lamm Insurance and Nicholas Marino, Century 21 Realty. The 4th District includes Morton Grove.

Kustra led a discussion centering on the outlook for the business community in Illinois. He pledged to work toward the kind of reform that will encourage businesses to remain in Illinois, protect existing jobs and encourage business and industry expansion.

Kustra holds a Ph.D. in political science and teaches at Loyola University. He is presently a member of the Glenview Board of Trustees and previously served as Senator Charles H. Percy's Executive Assistant in Chicago and earlier as Chief of Staff for the Speaker of the Illinois House of Representatives. He resides in Glenview with his wife Joyce and children, Jennifer, 11, and Stephen, 8.

Applications for Capitol Hill pages

Cong. John Edward Porter has issued an open call for any young man or woman who is interested in serving the House of Representatives as a page to write him in care of his 10th District Congressional Office, Evanston Civic Center, 2100 Ridge ave., Evanston, IL 60201.

Porter asked for all inquiries to be sent to him no later than March 15 for those who want to be considered for vacancies that open in June or September. Summer appointments (beginning in June) are usually for 30 days, depending on the House recess schedule, and school-year appointments are for six months, subject to possible reappointment for a maximum of one year.

Jaffe endorses Simon for Supreme Court

State Rep. Aaron Jaffe (D-Skokie), left, announced today his endorsement of Judge Seymour Simon for Justice of the Illinois Supreme Court.

Jaffe, who is Chairman of the Illinois House of Representatives Judiciary I Committee, stated:

"I am taking particular interest in the selection of Judge Seymour Simon as the Democratic nominee for Supreme Court Justice, because I firmly believe that office is the most important one at the state level to be considered by the voters at this election. It is absolutely imperative that the Supreme Court, as the final arbiter of State Laws, be composed of jurists who not only have the most outstanding legal talents, but who also have unimpeachable personal records of conduct, independence from interference with decision-making, and sensitivity to the varied economic and social problems of our society. Seymour Simon has all these qualifications."

Gomberg questions District 207 citizens group

Larry Gomberg, Democratic candidate for State Representative in the Fourth Legislative District of Illinois, today released the results of a study conducted in order to analyze the make-up of the Maine Township High School District 207 citizens advisory committees.

As Mr. Gomberg explains: "Each municipality within Maine Township contributes a number of students to the Maine Township High Schools. When the citizens advisory committees were formed it was hoped that each municipality would be represented in relation to the number of students from that area in the Maine High Schools."

However, such is not the case. For example, Park Ridge, with approximately 2,752 students attending Maine High Schools, have placed 46 representatives on the citizens committees, an average of 59.8 students per committee member. On the other hand, Des Plaines contributes approximately 3,803 students to

the Maine High Schools but have placed only 49 representatives on the citizens committees, an average of 77.6 students per committee member. Finally, Niles students in the Maine High Schools total approximately 1,427. Yet only 14 residents of Niles sit on the advisory committees, an average of 101.9 students per committee member."

Mr. Gomberg concluded: "A clear imbalance exists here. As a future representative of all residents in the Fourth District, I feel it my duty to present the facts as they exist. And the fact presented here is that certain municipalities suffer from a lack of representation on the citizens advisory committees if such representation is based on the number of students from each area in the Maine High Schools. Such a situation is unfortunate when one takes into account the fact that each municipality mentioned here helps pay for the continued existence of the Maine Township High Schools."

MONNACEP's weekend courses

MONNACEP will present seven one-day courses Saturday, March 15, and Saturday and Sunday, March 22 and 23, dealing with money matters, real estate, psychology, health, communication, and choosing a job.

Topics covered in Miss Lynne Simonson's class include using insulation, the effectiveness of storm windows, thermostat control, consumer conservation in the home, and installation of weather stripping. In addition, the class has studied solar energy and underground housing.

Whatever the public does hear about energy shortages may or may not be true. Nevertheless, the public should be aware of energy resources and use, and the students in Maine East's Home Planning and Interior Design class are doing just that.

MONNACEP is the adult education element of Oakton Community College in conjunction with Maine, Niles and Glenbrook High Schools. For further information, call 967-5821.

Study of energy

Is there really an energy shortage? And if so, are Americans getting the straight facts?

One place that Maine East students are becoming aware of our precious energy and "getting the facts" is in Home Planning and Interior Design, a class at Maine East.

Topics covered in Miss Lynne Simonson's class include using insulation, the effectiveness of storm windows, thermostat control, consumer conservation in the home, and installation of weather stripping. In addition, the class has studied solar energy and underground housing.

Whatever the public does hear about energy shortages may or may not be true. Nevertheless, the public should be aware of energy resources and use, and the students in Maine East's Home Planning and Interior Design class are doing just that.

Their sparring over their liberated 17-year-old daughter and the wounds of the past form the basis for plenty of laughs in Des Plaines Theatre Guild's production of "California Suite." Performances are Fridays, Saturdays and Sundays, March 7 thru 22, at 8 p.m. and March 23 at 2:30 p.m. For tickets, call 296-1211, noon to 8 p.m. daily.

Marillac Benefit Auction

Who says the nicest gifts come in small packages? Certainly not the people who are working on Marillac High School's Benefit; they've received a beautiful homemade dollhouse to be auctioned at the March 8 performance, starring Anna Maria Alberghetti and the Marillac chorus and dancers.

The house, a blue-grey federal circa 1740, is estimated at \$500 retail value. It is decorated with white wood columns, two chimneys, and a shingled roof. Peeking through the shuttered windows, one can see the six rooms inside. A miniature fireplace, staircase, varnished wood floors and print wall paper add to its quaint beauty.

The creator, a 75-year-old man, gave this dollhouse to his granddaughters to be donated to Marillac's Benefit. He has given many other houses to clinics and hospitals for speech therapy. "Building dollhouses is therapy for me," said the donor. "I enjoy giving of myself to help others."

His hobby began by building dollhouses for his four granddaughters. In 1976 he built a replica of Mount Vernon which he gave to Resurrection Hospital. In the past three years he has given houses to many worthy causes including a Victorian house to Lutheran General Hospital. His most recent gift was a farm-house he made for Northwestern University's Speech Department. "The children see the houses and can identify with them," said the donor. It is easier for them to talk about common household objects. From the petit point rugs to handmade furniture, these houses were built with love.

District 219 employees get award

The employees of Niles Township high school District 219 recently received special recognition for their contribution to the 1979 Skokie Valley Crusade of Mercy. The school district's employees contributed over \$3,000, making them the largest contributor in the Crusade's schools division. Richard Antes and Lee Hawkins, directors of language arts at Niles West and East respectively and Ann Golbach from Niles North, coordinated the district's collection efforts.

Altogether, the schools division collected more than \$12,000 for the Crusade, according to Tom Giles, District 219 administrator and Crusade of Mercy Schools Division chairman. Other large contributors in this division were the employees of District 74 and Oakton Community College. The Niles Township High Schools have been actively involved with the Skokie Valley Crusade of Mercy for the past five years, and each year are one of its largest contributors in their division.

A total collection of about \$120,000 exceeded the Skokie Valley Crusade's expectations for this year, said Giles. This amount will be augmented by the Metropolitan Crusade of Mercy and the total distributed to twelve local agencies, including the girl and boy scouts, Orchard Mental Health Center, Sheltered Workshop for Senior Citizens, Visiting Nurses Association of Skokie and others.

Kindergarten thrives at St. John Brebeuf

Afternoon kindergarteners at St. John Brebeuf take a break from their "studies" for some exercise with building blocks.

In its brief four-year history, the kindergarten program at St. John Brebeuf has proven to be an excellent basis for youngsters as they begin their formal schooling.

Currently serving 26 students, the kindergarten operates, as most do, on a morning or afternoon basis—with a reversal of time slots at mid-year. Teacher Miss Vicki Loebel provides opportunities for creative outlets through crafts and games, and encourages the social type of environment which many of the children are experiencing for the first time.

Perhaps the most important feature of the program is the existence of a formal Reading and Basic Math experience. According to SJB Principal Sister Joan Stoffel, the kindergarten students are part of the regular primary grade placement process. This process results in

students who show potential in reading and math being placed in classes with first and even second graders—provided the kindergarteners are ready for such advancement.

Many of the kindergarten children at SJB enter the school with well-developed skills in these basic learning areas. Sister Joan attributes this situation to the impact of the growth of pre-school programs in the area; and to the effect of such educational television programs as Sesame st.

An additional feature of the SJB Kindergarten program is the daily religious education class. The strength of the entire education program at St. John's lies in the strong commitment it has to linking the faith-life of its students to their academic growth—this commitment extends to the entry level of kindergarten as well.

Niles Savings' Lucky Winners

It was a special day for local Niles resident, Mr. John Cierny on Saturday, Feb. 16 when he came to Niles Savings to transact his financial business.

As he stood in the lobby, a special drawing was taking place to celebrate twenty years of business for the association. Out of curiosity, Mr. Cierny approached the area where names were being drawn from a container and asked if he had won. To his amazement, he found out that his name was the twentieth name drawn.

What makes the story complete, is that Mr. Cierny has been a customer of Niles Savings for exactly 20 years. He was one of the first customers to open an account when the association opened its doors as the first S&L in Niles!

Mr. Cierny is shown with Mrs. Laverne Sampson of the S&L.

Taking part in Niles Savings' Twenty Year Anniversary Celebration are Jennifer Brod and Chester Furmanski. They were among the many lucky winners of the Special Prize Drawing held Feb. 16, 1980 for over 100 different household items.

The Prize Drawing was part of the festivities offered at Niles Savings along with other prizes and gifts for savers. Harold Ulmer, Vice President, stated, "Our Twenty Year Anniversary Celebration has been a great success and we are looking forward to having the enthusiasm which has been generated carry forward in to very successful years here in our local market areas."

Helping out in Niles Savings' 20th Anniversary Celebration is Dick Schweigel. He helped draw the names of many lucky winners in the association's anniversary prize drawing held Feb. 16, 1980. Various customers helped draw over 100 lucky names that morning.

ESL Program looks for tutors

MONNACEP's ESL (English as a Second Language) Program needs volunteer tutors to help foreign students improve their use of the English language and understanding of American culture.

Project VITALL, Volunteers in Teaching Adults Language and Literacy, train volunteers to work with students on a one-to-one or small-group basis under the guidance of a classroom instructor, according to Marilyn Appelson, VITALL coordinator.

Knowledge of a second language is not a requirement for volunteers, she said. ESL program staff will provide the training and supervision to provide instructional options and create for foreign students to link to a new language and culture.

Many of the volunteers working with foreign students have described their experiences as rewarding as taking a trip around the world, Ms. Appelson noted. One volunteer characterized her efforts with a Vietnamese man as "time exceptionally well spent in trying to open up the English Language to a newcomer to this country."

Adults from 50 countries are enrolled in the English as a Second Language Program, directed by MONNACEP, the adult education element of Oakton Community College in cooperation with Maine, Niles and Glenbrook High Schools.

Classes are offered in the evening at four high schools and during the day at two other locations.

For further information, call Oakton Community College-Project VITALL, 967-5120, ext. 416.

Get An Early Start In March

BUSY, BUSY, BUSY! March is a busy month for those who garden. March is the month for starting many vegetable and flower transplants. It is the month when many trees, shrubs, small fruits and tree fruits can be revitalized by careful pruning of diseased, injured, weak or crowded branches. It can also be the month for planting trees and shrubs or for controlling certain insects and diseases, if the weather warms up.

Your favorite leafy vegetables and flowers may be started indoors from seed the last half of March. To start and grow these plants indoors, you need to meet these four requirements in your home or apartment. **GOOD LIGHT.** A window facing south with no light obstructions is good. Or fluorescent lamps placed 4-8 inches above the tops of plants and left on for 16-18 hours a day will be necessary. Use two or four, 40-watt cool white lamps, 48 inches long. **SOIL MIX.** You can buy artificial soil mix at garden or hardware stores, or at many grocery stores. Or make up your own.

Use one part garden soil, one part compost or well rotted leaves and one part sand (perlite or vermiculite). **ROOM TEMPERATURE.** Keep the plants at room temperature (65-75 degrees F), away from cold drafts. Try to avoid having the plants coming in direct contact with cold window panes. **WATER.** Water often, but do not overwater. Keep the soil mix moist until the seedlings emerge. Then water every two days. As the seedlings get larger they will need to be watered more frequently. **DO NOT** let them dry out or stand in water or soaking wet soil mix.

NOW IS THE TIME to consider pruning certain shade trees, shrubs, fruit trees, grapes, bramble fruits and hedges. Pruning is a necessary chore which will help all these plants grow better. You can prune the following plant types in March: deciduous shade trees, non-flowering (non-evergreen) shrubs and vines, non-evergreen hedges, small, non spring-flowering trees, fruit trees, grape vines, and small fruits such as blackberry and raspberry. For all these groups, start by removing all diseased, weak and damaged branches. On trees and shrubs look especially for branches that are rubbing or gridding each other and remove the weakest branch. Carefully remove branches that may be endangering power lines or windows. On small summer-flowering trees, only remove what is necessary to maintain good vigor and shape.

Non-evergreen hedges and non-flowering vines may be revitalized by removing old, weak, or damaged branches. Grape vines and many other small fruits must be pruned now in order to bear a good crop of fruit this season.

DO NOT prune spring-flowering trees and shrubs such as crabapple and lilac until after they have finished blooming. Evergreen shrubs, trees and hedges should not be pruned until mid summer. Roses will do best if old, weak canes are pruned out or cut back in the fall before you winterize your bush or climbing roses.

Niles Zoning Board . . .

Cont'd from Niles-E. Maine P.1
property. The southwest corner of Ballard and Greenwood was recently zoned B-1 for a 20-40 store shopping center. This is currently before the Niles Village Board for approval. Myron Minushin, Krilich's attorney, appeared before the board and stated that while he agreed with the board the R-1 single family zoning was not proper for the property, he did not feel the new zoning change to R-4 multiples would be compatible. Minushin told the board a law suit is now pending against the village of Niles since Krilich wants the property zoned for a Planned Unit Development which would allow him to construct 325 units on the land.

A letter was read to the board from Dennis Tugander of the Prospect Townhome Homeowners Association stating their formal objection to McDonald's citing reasons as health, increased traffic and their children's welfare and asked the zoning board to reject the request. Doris Davis representing the Ballard Park Estates Homeowners also voiced their objection to the board stating the area already had an overabundance of restaurants. "Preserve what is left of Niles' open space and use the property for a small park," said Mrs. Davis. Continued request for zoning change from B-2 to B-2 Special use to dispense gasoline at the car wash facilities of McClean's, 7849 Waukegan Road pending clarification of leasing agreement with Robert Krilich. Okayed zoning change from B-1 to B-2 at 7448, 7448, 7450, 7452, and 7454 Milwaukee ave. for a blueprint shop. Revised indoor movie theatre zoning from B-2 Service to B-2 Special Use and changed parking requirements from one space for every four seats to one for every three seats. Zoning change would give village control over the incoming and outgoing traffic these theatres produce during overlapping of theatre movie showings. Bene Stein and Morton Fink of the Golf Mill theatre voiced their agreement with the board's decision on this matter.

Niles animal licenses due

Niles Village Clerk Frank C. Wagner, Jr. is reminding all animal owners who reside in the Village that 1980 animal licenses, for dogs and cats, are now due. The cost for any tag is \$2 and the tags must be secured to the neck collar of the animal. These necessary tags are for the protection of all animal owners so that their animal may be returned, should it be picked up running stray, by the Niles Police Department. Citations can be issued by the Niles Police Department for all animals not displaying the current 1980 tags. When purchasing the tag a valid rabies tag number must be put on the application. Residents are advised to use the pre-printed application that was mailed to all animal owners. For further information on obtaining these tags, call the Administration Building, 7601 Milwaukee ave., 967-6100.

cigarette-holder extended north will be Mike Favet, our Union Oil man who's gone Hollywood on us.

Niles Librarian Isabelle Maczek told us Monday 6 candidates have filed for the four openings on the library board for the upcoming April 8 election. Incumbents Lloyd Gillet and Harry Pestine and former board member Lois Grant are vying for the two openings for the 6 year terms. Grant had previously been appointed to the board but was defeated in a subsequent election.

Judy Czerwicz, present incumbent, who was appointed to the board, is unopposed in the race for the four-year term. Incumbent Irene Costello, who also was appointed, will be vying for the two-year term, opposed by newcomer Ronald Scoma.

In the previous election Rita Breitbart, Peggy Rajski and Harry Pestine moved on to the board. It was a very quiet revolution which upset a board which had been static for many years. There were only about 250 votes cast and their obvious joining together to accumulate these votes led to their moving onto the board. There's now a lot of fighting on the present board between some of the new and old board members. It really has been a healthy move forward.

For years the actions of the library board and its administration were outside the public ken. None of us paid much attention to what went on down on Waukegan rd. and Oakton st., and it was run very conservatively. When the board added a second library building with the rental of the store on Milwaukee ave. for a branch library, it began to have burdens which have drained it of much of its finances. Past wages for the administrator and his staff were incredibly low. The operation of the district should have been aired years ago. Not until the new people came on the board was our attention brought to what was happening in the district.

It is no reflection on the older and former members of the board that changes were necessary. It was their modus operandi to operate very close to the vest. But the movement of new people on the board opened up the district. It shed a public light on what was happening to taxpayers' money.

Because the district has had the money shorts we think the candidates running for election should publicly let their constituency know about their feelings about running a second library building. Unlike the last election, when only a handful of voters determined who should run this district, focusing attention on the upcoming election should increase public participation.

While the library district has been increased in size to include the unincorporated area to the north and west, village of Niles residents dominate the election. We would guess at least 90% of the voter turnout will come from within the village. Since most of the candidates come from the village, and most of the active voters live inside Niles, the concentration of the election this time is likely to be within the village borders.

When the library board sought to pass a referendum to buy the building for a second library, they spent a great deal of money for public relations and spent additionally money and effort outside the village. Unfortunately, it was wasted money, time and effort, because the unincorporated residents didn't move out of their homes into the polls.

We expect to focus our attention on the election in April. All library district voters have a right to know what's going on with the people representing them. Perhaps, a public evening with the candidates might help all of us better understand what's going on down at the library.

Avoid overspending by opening a savings account with us at the FIRST NATIONAL BANK OF NILES. Regular deposits to your savings account will help you afford a vacation or other luxuries. We are a full service bank and are here to help you with all your financial needs.

It has probably never before been so difficult for the average person to avoid overspending. Ours is a consuming society and thousands of advertising appeals strike our ears and eyes everyday. One must resist such appeals in order to avoid falling hopelessly and permanently in debt. In fact, an insistent message is that one need not have cash in hand to enjoy the good things in life. On all sides we are urged to go into debt to buy a new car, contract for a vacation home or take a trip to a glamorous place. The point is that with credit easily attainable, the individual who would keep his head above water financially is required to do so himself. A great deal of self-discipline in buying and spending programs must be exercised.

SAVINGS TIP: It is not enough to simply save. Careful savings and investments are equally important in maintaining and strengthening a financial position.
