District 219 Census choices "very qualified"

Dear Editor,

The subject of recent Census activity under the name of District 219 School Board appears quite, shall we say, controversial. The question you ask of the Census is one of interpretation, and thus subject to debate. But the fact remains that your school board’s choice of "very qualified" people who have proven themselves in guiding your community with an eye to the future makes us take note. You must have felt you were on the right track with your choice of Dr. Edward Kamioski, two very qualified people who have proven themselves in guiding your community with an eye to the future.

Sincerely,

Seek defensive measures against rapists

Dear Editor,

I am writing to bring to your attention the problem that exists in our community. We have had several incidents of rape in the past few months, and we need to take action to prevent any further occurrences.

The rapists are targeting young women who are alone at night. They use force and intimidation to carry out their acts. This is unacceptable behavior and must be stopped.

We need to increase the number of street lights in our area. Additionally, we should consider installing security cameras in high-risk areas. This will help deter potential offenders and provide evidence in case of a crime.

We also need to encourage more women to walk in groups at night. This will make them feel safer and reduce their chances of being targeted.

Together, we can make our community safer for everyone. Let’s take action now to prevent further incidents of rape.

Sincerely,

St. Benedict’s expresses gratitude for bank entertainment programs

My husband and I recently attended the St. Benedict’s Senior Center, and we wanted to express our gratitude for the entertainment programs offered by the local bank.

The programs were well-organized and provided a great opportunity for senior citizens to socialize and have fun. The entertainment included local bands, comedians, and other performers.

We appreciate the bank’s commitment to providing quality programs that cater to the needs of the senior community.

Sincerely,

Oak students participate in balloon lift

They say it’s better to fly high than to stay down. That’s why Oak students decided to launch a balloon in the kilnd.

The kilnd was filled with helium, and a basket was attached to the balloon. The students then released the balloon, and it ascended into the sky.

The event was a great success, and it helped the students learn about the principles of aerodynamics.

Sincerely,

professionals, We can give you the assistance for monthly payments that are lower than your present rent, and give you the information you need to familiarize you with the purchasing procedure you need to find your first home and move in.

We'll help you understand the local market, and give you the information you need to benefit.

Stop and consider the amount of money you've paid for rent over the years. You've probably spent more than enough to invest in a home, yet you have nothing to show for it. In fact you may even be able to buy a home instead of your landlord.

Don't waste another dollar. Start investing in yourself instead of your landlord.

TODAY'S CHANGING REAL ESTATE MARKET
Due to the high interest rates, our homes on the housing market "slow up" recently. However, homes are still being BUILT and SOLD every day. Properties, today, tend to remain on the market for a somewhat longer period of time, but they are still being SOLD.

Deciding to sell your home is just the first step. Calling one of our professionals in the second. After evaluating your home, our salesmen will be able to recommend any minor changes that might enhance the value and improve the salability of the property.

Call today for a free evaluation and an appointment with the representative of your choice to discuss the strategy that would result in a sale at the highest price within the shortest selling period.

Jaffe named "Legislator of the Year"
