

District 207 approves 1980-81 staffing plan

At its March 24 meeting, the Board of Education of Maine Township High School District 207 approved a staffing plan for the 1980-81 school year which will result in a reduction of 40 teaching positions.

The school district currently employs 575 full and part-time teachers in the four Maine High Schools. This is the second con-

secutive year that District 207 has had to eliminate more than 35 teaching positions because of declining enrollment and financial restrictions.

The 1980 staffing plan designates that 34 first year probationary teachers will be terminated and that six second year probationary staff members will be released. Unlike the past

two years, no tenured teachers, those having completed two years of service with District 207, will be released.

In 1978 and 1979 the Board of Education had to lay off 16 tenured teachers because of declining enrollment and decreasing revenues. The majority of those tenured teachers released were rehired

as a result of attrition, teacher resignations and retirements opening up positions, Dr. Richard Short, Superintendent of Schools, reported. He advised that all of those tenured teachers released because of declining enrollment were given the opportunity to return to District 207.

Of the 40 teaching positions to be eliminated for the 1980-81

year, Dr. Short said, most of the positions are in the area of required courses, such as English, social studies, science and physical education.

He explained, "The fact that we anticipate 900 fewer students next year than we have presently clearly mandates where staff reductions must occur. There are

Library election Tuesday

An election for the Board of Trustees of the Niles Public Library District will be held on Tuesday, April 8.

Polls will be open from 12 noon to 8 p.m. Nilesites living north of Dempster st. will vote at the Niles Branch Library, 9010 Milwaukee ave. Those residing south of Dempster st. will vote at the Main Library, 6960 Oakton st.

Candidates seeking to fill two full terms of 6 years each are: Lloyd Gillet (elected incumbent), Harry Pestine (elected incumbent) and Lois B. Grant. Unopposed for a 4-year term on the board is Judith J. Czyzewicz (incumbent). Also unopposed and seeking a 2 year term is Irene Costello (incumbent).

Absentee ballots are now available for the Niles Library Board of Trustees election. Voters who will not be in the district on Tuesday, April 8, election day, or who will be observing a religious holiday, or those who are ill and physically unable to come to the polling places may receive absentee ballots by applying to Harry Pestine, the election clerk.

The applications can be obtained through the mail prior to April 3 or in person prior to April 5. Requests for ballots should be mailed to Harry Pestine, Election Clerk, at the Main Library, 6960 Oakton st., Niles, Ill. 60648, or picked up in person at the Main, Branch or Bookmobile libraries.

From the LEFT HAND

by David (Bud) Besser

We received several letters to the editor this week concerning next week's Niles Library election which we're not printing. We have long had a policy not to print letters the week preceding an election concerning candidates and issues. Obviously, if we published them, those candidates who are supported or criticized have an unfair advantage or disadvantage, since rebuttal letters cannot be printed until after the election.

The battle in the library district concerns the older board members trying to defeat newer board member Harry Pestine.

Early Sunday morning we received a telephone call from older board member Marty Hodes telling us a write-in candidate would actively be seeking a board member position, and Hodes implied he would be supporting his candidacy. Monday morning we received letters from another older board member, Lloyd Gillet, and former board member, Lois Grant, both of whom are running with Pestine for the two openings for the 6 year term.

Hodes, Gillet and Grant seemed to have joined forces with the write-in candidate in their attempts to defeat Pestine.

Oakton Board election set for April 12

Four candidates have filed nominating petitions for the Oakton Community College Board election scheduled for April 12. At the election, voters will select two trustees for full terms of three years each, and one trustee to fill the third year of the unexpired term of Christine Anderson, Chairman of the Board of Trustees at Oakton Community College.

Candidates are Greg Robert Goslin, Glenview; Janet Juckett, Park Ridge; and Ralph M. Goren, Wilmette, who are seeking election for full three year terms; and Cecile Vye, Wilmette, who is seeking election for the one year term.

Ms. Anderson resigned from the Board, effective April 11, 1980, because she and her family

Makes no "census"

Although Niles citizens received census forms addressed to Chicago, Illinois, the surveys are coded and will be counted as Niles. Residents may cross out Chicago and write in Niles if they so desire.

Park District Easter party

Be sure not to miss the Niles Park District's annual Easter party on April 5 at Grenman Heights Gym, 8255 Oakton ave. The fun starts at 1 p.m. Peter Cottontail will join us for all sorts of games, goodies and prizes! Why not bring a camera and take a picture of your child with everybody's "furry friend". Children of all ages are invited and though there is no cost, you can be sure there will be lots of laughter and fun for all!

Free blood pressure readings

FREE blood pressure readings will be taken on Thursday, April 3 from 4 till 8 p.m. at the Niles Administration Building, 7601 Milwaukee ave. No appointment is necessary, waiting is usually minimal.

Take a few minutes and find out if you have high blood pressure. There are no symptoms so you have no way of knowing your pressure is elevated unless you have regular blood pressure readings taken. Hypertension is treatable with medication and should be started at the earliest indication for maximum benefit.

Terrapin members

Peggy Thompson, Dan Jensen, Heather Grieco, Jeff Nankervis, Sharon Joyce, and Steve Dickson will present featured numbers in the Terrapin show "Games People Play", to be presented April 17 at 7:30 and April 18 and 19 at 8 p.m. Tickets will be available at the door.

Niles comes to its census

Niles Village Clerk Frank C. Wagner, Jr., is showing his census questionnaire to some Niles citizens. Shown (l-r) are: Frank Wichlae, Al Ortlund, Louis Muscolino, Josephine Mores, Gary Ristau, Lillian, Rafa and William Christie.

For the first time in ten years we will soon know the exact population of the Village of Niles, and for that matter the total population of the State of Illinois and that of the entire United States. This will be possible after all citizens receive and send back their U.S. Census Questionnaire.

After the completed questionnaires are mailed back they are processed and automatically transmitted electronically to computers at the census bureau

headquarters in Maryland. No names or addresses from the questionnaire will be transmitted to the computer. The census does not ask for social security numbers.

Upon receiving his census questionnaire, Niles Village Clerk, Frank C. Wagner, Jr., stated, "It is vital to our community that all of our residents answer and mail back their completed questionnaire as our population figure has a direct

bearing on the money we receive from revenue sharing, motor fuel tax, state and federal aids and grants." Continued Wagner, "The U.S. Census is only taken every ten years and this time we are strongly urging all Niles citizens to 'stand up and be counted'!"

If you, as a Niles resident, have any questions regarding the census, call Ms. Mary Magnuson at the Administration Building, 7601 Milwaukee ave., phone 967-6100.

Antique bikes at Oak Mill Mall

The largest collection of antique bicycles to tour the country is currently on exhibit at the Oak Mill Mall in Niles.

Featuring bicycles that are 10 feet tall, made from brass beds, containing thirteen guns, the collection offers something unusual as well as nostalgic.

Many of the bikes have appeared in "Ripley's Believe It Or Not". The youngest of the bikes is over 50 years old. In the beginning, the bicycle was a rich man's toy and through a lady by the name of Mrs. Bloomer it caused the first major change in woman's fashions in 400 years.

Because of its needs the nation

Tanja Farman looks on in disbelief at a bicycle that was made from a brass bed and ridden to work daily for ten years. Featured in "Ripley's", the bed bike and others will appear through Easter at the Oak Mill Mall in Niles.

Seek foster homes

Central Baptist Family Services improved its roads (making way for the coming automobile), the ball bearing was invented, balloon tires became associated with the wheel, and out of the bicycle shops came the airplane. It was incredible!

The Department of Children and Family Services 1979 Child Abuse and Neglect record, states that there were 24,807 reports of suspected abuse and neglect. This was an 84% increase over 1978, and 107% increase over 1977. It is estimated many more cases of child abuse and neglect will be reported this year. Some of these children reside in north and northwest Cook County.

Central Baptist Family Services is a non-sectarian Child Welfare Agency that provides foster care services for Cook, Lake and McHenry counties. The children we serve are Illinois state wards. Our social services are not affiliated with any religious organization.

Married or single adults who are at least twenty-one (21) years old and who have extra space in their home, and are willing to share their home, love and family with a child, may qualify to be foster parents. Qualities compatible with foster care service include the ability to empathize and be patient and flexible with children as well as willingness to learn and work in a team effort with the agency.

Foster parents can expect the agency to provide training, ongoing support from professionally trained casework staff, and a monthly stipend to help defray support costs. The application process includes interviews and pre-service training that enables interested persons to carefully weigh their decision to be foster parents. Persons interested or seeking more information are urged to phone Central Baptist Family Services, Lake Villa at (312) 356-1021.

New Helipad ready at Lutheran General

A new helipad is ready for use at Lutheran General Hospital, Park Ridge.

The helipad is located immediately outside the Emergency Services Department entrance, providing for the rapid transfer of persons flown by helicopter to Lutheran General for emergency care.

The helipad is lighted for night operations with appropriate wind indicators. A green-amber-and-white helipad identification beam light that operates 24 hours a day has been installed on the hospital's roof. Lutheran General's helipad incorporates the international red-and-white symbol of helipads.

"The primary use of the helipad is for the transfer of persons requiring treatment in the hospital's hyperbaric chamber," says Jim Ashbaugh, emergency services administrator. "Helicopter flights to our helipad are coordinated by the Illinois Trauma Network."

The chamber, which is one of only two in the State of Illinois, treats persons from a four-state area. The chamber is used in the treatment of patients who suffer from carbon monoxide poisoning, gas gangrene, air embolism (obstruction of a blood vessel) and decompression sickness.

According to Ashbaugh, the helipad area has received official licensure from the Federal Aviation Administration, the Illinois Department of Transportation and the City of Park Ridge. The U.S. Coast Guard and the Chicago Fire Department helicopter service have given their verbal approvals of the helipad site, as these agencies are often involved in patient transfers.

A SCOUT IS LOYAL

Junior Troop 595 takes in the arts

The Girl Scouts of Troop 595 had a marvelous day looking at some old masters and some newer contemporary paintings at a recent trip to the Art Institute of Chicago. The day began with the bus trip downtown-enjoying the sights, including Lake Michigan. Everyone posed by the famous lions of the Institute and then the time had arrived to on their tour.

They had their own personal guide who took them through the Institute-taking in the sculptures, paintings, and beautiful architecture of the building. Lunch was in the cafeteria, some souvenir buying and then the trip home-wiser in the arts. Included in the group were: Chrissy Reid, Loreta Colosi, Cathy Romanek, Jennifer Stevens, Jacki Briske, Michele Anderson, Susan Drexler, Kathleen Russell, Karen Hanna, Diane Kuhr, Amy Surace, Kristine Miller, Lori Ann Spicuzza, Cathy Beierwaltes, Cathy Vasile, Susan Ochab, Kim Pierski, and Nicole Barabasz. The leaders for the outing were Mrs. Beierwaltes, Mrs. Briske, and Mrs. Romanek.

Aquatics specialty

This summer, there will be an Aquatics Specialty Camp at Camp Nappan during the first week of the camp season, June 28 through July 5.

Specialization in specific aquatic areas with an emphasis on safety will be featured. Areas of instruction to be included are lifesaving, canoeing, rowing, sailing, motorboating, and skin diving. Advancement counseling towards related merit badges will be available. Also offered will be the mile swim and Scout life guard (BSA). As a special feature, instruction in the American Red Cross courses of basic rescue, personal safety, and CPR lifesaving procedures will be offered.

The campsite will be at Woody Acres in Bartlett. Buses will pick girls up at central locations in Niles, Arlington Heights, and Schaumburg, with the first pickup about 7:30 a.m. "The bus trip will not exceed an hour," Ms. Bearnes states. "Of course members of the day camp staff will ride with the campers."

Pack 275

Webelos win awards

Webelo Den #2 of Pack 275 sponsored by the St. John Brebeuf Holy Name Society won the coveted first place Presidential Award in the Webelos Klondike Derby held in Harms Woods on Feb. 16. Members of Den #2 are scouts Todd Harty, Brian Lampert, Thomas O'Brien, Frank Ziebell, and David Piento.

Webelos Den #1 comprised of scouts Matt Sergot, Scott Sergot, James Basham, Mike Wojciechowski, and David Hirschfeld finished in second place.

Troop 595 Girl Scout Awards

The Court of Awards for Junior Girl Scout Troop 595 was held Jan. 30 at the Recreation Center. It was truly a family evening - Moms, Dads, brothers and sisters assembled to see their Girl Scouts receive badges they had worked hard for since September. Mrs. Brieske and Mrs. Beierwaltes, the leaders of this Troop should be congratulated for having the girls keep so busy. A special part of the program that evening was a skit, put on by the girls who had been working on the Troop Dramatics Badge. The play was funny and well acted - included in the cast were Chrissy Reid, Loreta Colosi, Cathy Romanek, Jennifer Stevens, Michele Anderson, Amy

Surace, Loriann Spicuzza and Cathy Beierwaltes. The girls received a strong round of applause at the end and so did Mrs. Romanek, the Mom in charge of Troop Dramatics. All of the girls in the cast and Kim Pierski, Kathleen Russell, Nicole Darabasz, Susan Drexler, Karen Hanna, Diane Kuhr, Kristine Miller, Cathy Vasile, Jacki Brieske, Susan Ochab, and Anna Marie Gullo received badges and congratulations from all. The evening ended with refreshments filled by all the moms. Everyone enjoyed their plates and thanked Mrs. Reid for coordinating an enjoyable evening.

Troop 595 sees the Hustle win

Junior Girl Scout Troop 595 and their families enjoyed an afternoon at De Paul, watching the Chicago Hustle and Rita Easterling beat the Milwaukee Doves 117 to 107. It was Girl Scout Day at the Hustle Game and half-time entertainment included some huge banners stating-Buy Girl Scout Cookies.

The girls enjoyed watching the game-especially so since some of them will be participating in Intermural Basketball at St. John Brebeuf in the near future.

The Hustle was ahead at half time and all ticket holders were entitled to a free drink.

After the game some of the girls were lucky enough to get autographs.

Amy Surace and Family, Kathleen Russell and Family, Cathy Beierwaltes and her Mom, Loriann Spicuzza and her Mom, Loreta Colosi, Chrissy Reid, Jennifer Stevens, Diane Kuhr, Cathy Vasile, Sue Drexler, and Michele Anderson were the scouts in attendance.

BSA giving a helping hand

The Boy Scouts of America are distributing 1980 Census flyers to households all across the nation, encouraging Americans to cooperate with the U.S. Dept. of Commerce by filling out and returning the Census Questionnaire. The Census Questionnaire will arrive at every household April 1, 1980.

Here in the Northeast Suburban Council each district has taken on the responsibility of organizing their area and assigning Cub Packs, Scout Troops and Explorer Posts to distribute the Census flyers to every household.

Boy Scouts offer Lone Scout program

The Lone Scout plan serves boys who cannot take part in nearby Cub Scout packs or Boy Scout troops on a regular basis because of such factors as time and circumstances not allowing attendance at nearby packs or troops or a handicapping condition. He applies for membership as an individual Lone Cub Scout or Lone Scout only if he cannot conveniently join a Cub Scout pack or a Boy Scout troop.

Although the Lone Scout member may miss the opportunity to participate in activities in the pack or troop, the program makes it possible for such boys to become members of the Boy Scouts of America and know the fun and achievement of Scouting.

Boys with various types of handicaps want and need Scouting. Lone Scouting offers this special population group the opportunity. An adult, 21 years of age or over, serves as friend and counselor. This may be the boy's own parent, guardian, minister, teacher, neighbor, or an experienced Scouter who lives close enough to serve.

letters to the editor

Bring joy to the elderly

Dear Editor: I would like to express my views concerning a program affiliated with Maine East's Campus Life organization. This service project

is "The Adopt-a-Grandparent Program" at Ballard Nursing Home in Des Plaines. This program involves high school students and the residents at the

home on a one-to-one basis. There are so many lonely and depressed elderly people, and most of them do not get any visitors. Their lives are the same day in and day out, and a substantial number are confined to a wheelchair or even to bed.

At the beginning of the school year, students volunteer to make a commitment to visit and "adopt" a nursing home resident. Campus Life assigns students to a particular resident, and slowly, a relationship develops. Students involved in the program are asked to go to the nursing home approximately twice a month. It is beneficial to both the resident and the participant, because the resident feels secure and loved, while the students feel like they are accomplishing something that is helping others. In the past, some emotionally deprived patients have made a positive change due to the love and attention that they received from this program. There is no comparison to the joy and happiness a young person can bring into an elderly person's life. The program also sponsors a Thanksgiving dinner in which the residents are brought to a local church and given a home-made dinner.

There are approximately thirty students presently involved in this program. If anyone is interested in finding out more information concerning this program, you may contact Campus Life at 259-7880. It is an excellent opportunity to help those in need.

Sincerely,
Ann Marie Artz

Close Apollo School

Dear School Board Members: In March of 1978, I wrote the School Board supporting your decision to close the Ballard and Wilson Schools. You have now closed my school. Yes, it hurts, but as an adult who believes in sound financial decisions, I support your decision.

I am, however, unable to understand your allowing Apollo School to remain open. In the survey taken a few years ago, nearly 75% of the replies were in favor of closing a junior high. This was the only clear cut reply; most of the others were nearly 50-50. Parents have continued to voice this same idea. Mr. Stetina has advised the children can all be housed in Gemini.

Generally, the proposals submitted carried savings of under \$100,000 each. The closing of a junior high would save us over \$200,000. You are nickle and diming our children's programs to death while allowing \$200,000 to fly out the window.

We have elected you to make our school decisions. However, we expect you to make sound financial decisions and this includes the closing of Apollo School.

Weinberger expresses thanks

To the Editor: I want to thank your readers for their encouragement and votes in the March 18 primary election. I was only able to win the Democratic nomination to Congress from the Tenth District by a large margin as a result of their help, and I want to know that I appreciate it.

Over the next seven months, I plan to work hard as a candidate, meeting with community groups and remaining accessible, to discuss issues like higher prices, energy shortages, and government responsiveness that concern Tenth District residents. I expect to maintain a constructive, issue-oriented campaign that invites broad participation from our community. Anyone who would like to help is welcome. Call our office at 982-9400.

Thank You,
Robert A. Weinberger

Candidate for Congress

Burglary victim speaks out

Dear Editor: I am writing this letter as a concerned citizen of my community. Just last month my house was burglarized of jewelry, money, and stamps. My family and I were very shook up. Not because of the amount we lost but because of the memories. Everything that was taken was of much sentimental value. I sometimes sit and wonder what kind of a person could break into someone's home and steal one's most precious possessions. Just the thought of a strange person walking in my home and touching my things, brings a lump to my throat.

I often hear of robberies in my neighborhood; and other neighborhoods, too, for that matter. What I'd like to know is, what is being done to prevent this from happening? Obviously, not much!

I used to say to myself, "I hope they find the person(s) who robbed my home!" But what good would that do? Sure, it would save some other innocent person from going through what we did, but it would never bring back the things that meant the most to my family and me!

Very truly yours,
Sharon Geis
Niles, Ill.

Flynn thanks supporters

Dear Editor: I would like to thank the 6,000 voters who cast ballots for Thomas Flynn for Congress. I tried to give all the citizens of the 10th District a discussion on the issues of importance to all of us. I appreciate Marshall Hartman's attempt to do the same. Unfortunately, we were denied the opportunity for public discussion by messrs: Blase, Sutker and Eslick.

I would urge the voters of the 10th District to read and listen carefully to the various candidates for public election in November. Our country cannot afford an uninformed electorate. We must elect the most qualified, honest and experienced men and women to public office. Once again, thank you for your support and thousands of votes in the March primary.

Respectfully,
Thomas W. Flynn

Concerned about energy crisis

Dear Editor: What is being done about the energy crisis? I am a 17 year old senior in high school and would like to know about the alternate sources of fuel. Past Presidents frequently stated that self-sufficiency would be reached in the United States by 1980, but now the Vice-President of Shell Oil Co. stated that we won't reach self-sufficiency until 1990! With the world affairs as they are now, what is my generation to do? Is there a solution? We are running out of natural resources but atomic energy is not perfected. I see the sun, wind, and water as my means of power in the near future. Is it time for me to build a windmill?

Sincerely Yours,
Maryann Rudd
Niles, Ill.

Thanks from candidate

Dear Editor: I would like to take this opportunity to thank those citizens who helped bring about a most encouraging voter turnout in my behalf for the March 18 primary election. Also, I wish to thank my many campaign workers for the splendid job they have done so far in helping me in my quest to become state representative from the Fourth District.

Sincerely,
Larry Gombert

Nilehi schools to sponsor memorial reading contest

Niles Township High Schools Niles East, Niles West, and Niles North will hold a district-wide prose reading contest in memory of Ronald Van Arsdale who taught a total of 31 years in all three schools. A committee of District 219 administrators and faculty members including James Olsen, James Van Delinder, Robert Wolf, Molly Magee and Gilbert Weidy have formulated the procedures that will be used for the annual Ronald Van Arsdale Memorial Prose Reading Contest.

Ronald Van Arsdale taught English and speech in the Niles Township High Schools and directed forensics and theater activities, concluding his career at Niles North in 1975. "Van" as he was known by his many friends in the high schools died in January, 1979.

The competition, open to all Niles Township high school students, will seek the best oral interpreter of prose. Each student

will select a reading, six to eight minutes long, from a published source that contains less than fifty percent dialogue. The competition will be held in each school with district-wide competition to follow during the week of April 21. Students must register by April 11 and may pick up registration blanks in the office of the English directors of each school (James Olsen-North, Richard Antos-West, and Lee Hawkins-East).

Memorial funds provided by friends of Ronald Van Arsdale will be used for three cash awards—\$25, \$15, and \$10 will be offered for first, second, and third prizes respectively. In addition, a plaque donated by the Niles North graduating class of 1979, has been placed in the Niles North Hall of Honor, and the name of each year's winner will be inscribed on the plaque.

Students may receive more information from the English Director's office.

District 64 Caucus holds special session

At a special session of the District 64 school caucus on March 25 delegates accomplished two goals: election of a new executive committee and passage of new by-laws which enables the caucus to conform to recent state legislation.

Officers to serve during the next two years are Martin E. Johanson, chairman; Justin Venetucci, chair-elect; James Parisi, vice-chairman; John Prochaska, treasurer; Karen Eness, secretary; Marilyn Lamben, credentials; and Donna Brady, assistant credentials. The last three officers served in these same positions during the past year. The office of treasurer was created this year and included in the new by-laws.

Other changes include a provision for attendance by a caucus parliamentarian and a requirement that any errors submitted to the media be corrected as soon as discovered.

Rosemary Chamberlain, a registered parliamentarian and teacher at Carpenter School in Park Ridge, helped formulate rules of order for the District 64 caucus and assisted 1979-80 chairman Joe Chandler in conducting the March meeting at Jefferson School.

At least one Candidates' Night is being planned for the week before the school board election on April 12. Nominees chosen by the caucus are: for High School District 207 Frank C. Hostetler, a

university teacher, and incumbent William F. Tornrose, president of his own firm, and for elementary district 64 Marcella Dickerhohle, homemaker active in school organizations, Fred Flener, a university professor who assists in teacher training, and incumbent Glen H. Phillips, who works for an educational firm.

The public is invited to attend Candidates' Night on Wednesday, April 9. For full details, call Martin Johanson at 692-4519.

Lutheran General launches Tel-Med service

Information on nearly 200 health topics may be obtained as easily as dialing 696-5525. That's the phone number for Tel-Med, a new health-information service offered by Lutheran General Hospital, Park Ridge.

Tel-Med is a collection of 3-5 minute tape-recorded messages on a variety of medical and safety topics. Topics range from "Arthritis and Quackery" to "Children's Earaches," from "Menopause" to "Plastic Surgery."

The messages have been carefully selected with three purposes in mind—to help persons remain healthy; recognize early signs of illness, and adjust to serious illness. All the tapes

have been screened by physicians on Lutheran General's staff to insure accuracy and appropriateness. The tapes provide health-care information to persons without charge in the privacy of their own homes. The caller simply requests the number of the tape he wishes to hear. Members of Lutheran General's Service League and other volunteers handle the incoming calls from 10 a.m. to 3 p.m., Monday through Friday. Fifteen phone lines accommodate the system.

For a copy of Lutheran General's Tel-Med brochure, phone 696-5525.

MG Library Happenings

Dr. Romero Prudencio, from Lutheran General Hospital, will speak on "The Prostate" on Wednesday, April 9 at 7 p.m. at the Morton Grove Public Library.

This is the second lecture on health problems presented by the Morton Grove Health Dept. and this particular one is for men only.

On April 22 a lecture on uterine and related cancers will be presented for women only. These fine lectures by expert doctors in the area are open to the public, free of charge.

"Italy" will be the subject of a travelogue at the Morton Grove Public Library on Tuesday, April 8 at 7:30 p.m.

"Alley Cats" perform at nursing homes

The "Alley Cats" are a group of Golden Agers ranging in age from 72 to 85 years young. They are absolutely marvelous and put on a singing and instrumental performance that is an inspiration to all and of particular importance to their peers. They are full of life and their performances are exciting to the audience.

They perform for many civic and community causes. They perform at Sally's Stage, and were on the Real People Show on March 26. The Director, Lillian Bator, (shown) as well as the rest of the group have as much fun performing as their audiences have that are fortunate enough to see him.

Celia Hansen, Dempster Plaza State Bank's Assistant Cashier, is grateful for the opportunity to present them at the Senior Citizen and nursing facilities in Niles.

"The Niles Lions... Who are they?"

I read an interesting statement the other day and it brought to mind a message that I might have missed in this outline of the Niles Lions story. It goes like this: A woman rushed up to famed violinist Fritz Kreisler after a concert and cried, "I'd give my life to play as beautifully as you do." Kreisler replied, "I did." If we're as smart as we're supposed to be, why do some of us waste so much of our lives being bored and dissatisfied?

Everybody knows that the more you put into something, the more you get out of it. Each of us, at some time or other, has poured enough of his life into something so that we got real value out of it. No matter what it was—playing the violin, making something in a workshop, or just helping a friend—we got enthusiastic about it, threw ourselves into it, and really enjoyed it.

That seems to be what the Niles Lions are all about, "Enthusiasm!" You might feel some of us are just naturally enthusiastic. Well that might be half true, but CARING is the real answer. Caring about others, caring about Niles, Lions feel the problems Niles has, are our problems. The communities needs are our needs. Through the years we have tried to share this caring type of enthusiasm. If you've got it, keep it. If you haven't got some! It's the secret ingredient that keeps life from being a bore. The Niles Lions have it, and by golly it's

Fire Department captains attend conference

North Maine Fire Dept. captains Carl Cassidy and Howard Hiller attended the 52nd Annual Fire Department Instructors Conference, an intensive four-day training and education specialists from throughout the world.

The Conference is sponsored by the International Society of Fire Service Instructors and hosted by the Memphis, Tenn., Fire Dept.

The object of the Conference is to provide an opportunity for leaders in the fire service to exchange ideas and experiences, and to keep abreast of latest developments in modern firemanship.

The issues addressed this year were psychology of an arsonist, breathing apparatus, fire officers responsibilities and women in the fire service. A total of 43 separate seminars fall into such categories of prevention and detection, supervision, special and technical operations, public fire safety education, training programs, and instructional skills.

The information obtained at the Conference is brought back and incorporated into the Department's Training Program.

I mentioned helping a friend earlier, that's what we Lions are all about, that enthusiastic, pouring of ourselves into a worthwhile project is really what life is all about. Boring, we are not, if you have that caring spirit. And if you would like to have it, give some time to the Niles Lions. It's been said many, many times you get out of life exactly what you put into it, plus dividends.

We know in these times of uncertainty, just the effort of keeping the wolf away from our own door, is time consuming in itself. But believe us, the rewards the Lions of Niles reap in sharing that caring enthusiasm is overwhelming. That's why you'll always hear us saying, "It's great to be a lion."

Raffle fundraiser for Impact deficit

In order to raise money to cover a printing deficit, the 62-girl staff of Marillac High School's newspaper, Impact, held its annual raffle during the week of March 24. Impact has been honored with First Class awards every semester over the last four years by the National Scholastic Press Association.

"Next to advertising, the raffle is our second biggest means of support to cover the costs of printing the paper," admitted Assistant Editor and Raffle Co-Chairperson Susie Kelly (Northfield).

Susie, working with other organizers Roselynn Yanong (Bannockburn) and Editor Laurie Zygmunt (Niles), hopes to raise between 600 to 800 dollars from this year's venture. Over 40 prizes, all donated by the staff, include calculators, stationery, curling irons and a hooked rug.

Notre Dame track preview

Notre Dame will begin a new track season April 2 at Notre Dame against Holy Cross. Track coach Tony Kozole said, "Notre Dame is a strong team, and will threaten Marist in the conference race."

Holy Cross and St. Pat's are heavily favored to do well in conference.

Notre Dame's strong events are high jump, pole vault, shotput, and the 2-mile run, and mile run. Last year, Notre Dame won the Warren Invitational and took second in conference with a strong event in discus, shotput, long jump and triple jump.

This year's captain is Kevin

Gallagher. Kevin took first in conference as a Junior last year. Other members of the team (polevault) Sr. Tim McCann, Jim Minasola, Jim Kowalchzyk; (high jump) Bob Casper, Tom Naughton; (2-mile run) Dan Riley, Jim Les, Steve Zimmer; (shotput) Glenn Goorsky, Dan Fitzpatrick, and Kevin Gallagher, Bill Gajewski; (discus) Joe Wrona; (triple jump long jump) Dan Bomben; (800 run) Terry Convey; (low and high hurdles) Mike Mulvihill and 50 yd. dash Phil Abatecola.

Hard work and determination will make the varsity squad one of the best.

Marillac Softball team

The Marillac Northstar softball team line-up is set for the 1980 season. Coach Rick Pausback selected 16 for the team and 4 alternates. The girls opened the season with a winning 16-13 against Woodlands on March 26.

The roster includes Eileen Cronin, Kim Drehobl, Mary Flando, Pam Freund, Linda Flory, Charlene Falco, Jean Happ, Mary Healy, Kris Kowalchzyk, Eileen Lannon, Linda Pullano, Ann Sitko, Margie Sitko, Kathy Sawyer, Mary Ellen Smith, Joan Westenberg, and alternates Michele DiBrito, Karen Dulian, Julie Graves, and Maureen Smith.

The conference games will be with Carmel, Sacred Heart (Rolling Meadows), Regina and

Woodlands. This is the second season in conference competition for Coach Pausback's Northstars; last year's record was 2-5. This win puts them off to a good start.

Placing in two events were Denise Lores (second in the 1,000 and the 800) and Pam Mattes (second in the mile and fifth in the 600).

Rosie Wadman took fourth in high jump.

Demon Girls' Track

The Maine East girls' track team took fourth place in the recent twelve team Evanston Invitational.

Placing in two events were Denise Lores (second in the 1,000 and the 800) and Pam Mattes (second in the mile and fifth in the 600).

Rosie Wadman took fourth in high jump.

The girls team clinaxed its season as consolation champions in a "Tournament of Champions" sponsored by Laford Chevrolet. The opening round games were held at Harper Junior College.

Chicago sent its best team, Douglas Junior High, which has gone undefeated this season in more than 30 games. Male alumni from Douglas play on various college teams including De Paul, Marquette, and a number of Big Ten schools. St. Stephens of Des Plaines, the C.Y.O. champions, and an all star team were among the "very highly ranked" teams participating in the tournament.

SJB girls varsity cagers

St. John Brebeuf's 8th grade girls varsity basketball team is beginning its "second season" following the completion of the practice season in the Chicagoland Conference. The girls will now participate in the Northwest Catholic Conference with the rest of St. John's basketball teams.

Shown above are the 8th grade girls basketball team. Bottom row, left to right: Nancy Surace, Laura Giovannelli, Lisa Bandacari, Julie Notaro. Middle row, left to right: Lisa Bielski, Lisa Strauss, Mary Baranowski, Sue Watson. Top row, left to right: Mary Jane Marusek, Kathy Belmonte, Julie Klancnik, Barb Wiltgen, and Maureen Thompson. Coaches are left to right, Paul Marusek, and Mr. John Marusek.

In the recent Marillac High School Tournament, hosting 15 teams, St. John's girls captured 2nd place. During their first game against the girls from Joseph of Wilmette, Sue Watson was the high scorer with 11 points. Barb Wiltgen followed with 10. In the 2nd game against the girls from St. Phillips, Nancy Surace was the leading scorer with 10 points. The SJB girls beat the St. Mary of the Woods girls in a very exciting and extremely close semi-final game due to an excellent defensive effort. In the championship game the SJB girls lost by just 1 point as time ran out. After the game, Pat O'Connell, varsity basketball coach at Marillac, indicated that the SJB girls "have an outstanding team. Most have the potential to be good 'high school players.'" He had praise for the defensive efforts of Nancy Surace, Barb Wiltgen and Mary Jane Marusek showed during the tournament.

The SJB girls shut out the St. Ferdinands team during their opening game of the Northwest Catholic Conference. Following the exciting championship games of the Marillac Tournament, it was a lopsided game with St. John's winning easily.

SJB varsity girl cagers finish season

The St. John Brebeuf Varsity girls team clinaxed its season as consolation champions in a "Tournament of Champions" sponsored by Laford Chevrolet. The opening round games were held at Harper Junior College.

Chicago sent its best team, Douglas Junior High, which has gone undefeated this season in more than 30 games. Male alumni from Douglas play on various college teams including De Paul, Marquette, and a number of Big Ten schools. St. Stephens of Des Plaines, the C.Y.O. champions, and an all star team were among the "very highly ranked" teams participating in the tournament.

The SJB team won its opening round game at Harper Junior College by one point. Sue Watson was the high scorer with 15 points.

The second round game was played at Rolling Meadows High School, the same site where three SJB alumnae who now are starters on the Marillac High School team, played a super sectional game this week to qualify for the Eltie Eight in the State Tournament.

An offensive platoon system was employed to counter the superior quickness of the Douglas

team. The starters, Maureen Thompson, Nancy Surace, Sue Watson, Barbara Wiltgen, and Julie Klancnik kept the game close in the first quarter. In the second quarter SJB used a faster and quicker platoon of Mary Jane Marusek, Mary Baranowski, Kathy Belmonte, Julie Nataro, and Nancy Surace to overcome a four point deficit and move to a one point half-time lead. The same strategy was used in the second half to wear down the outstanding Douglas team. Douglas quickly regained the lead. The second platoon came back and in fought back hard. The game was in doubt until the final buzzer.

With seconds left on the clock, Coach Paul Marusek called 2 time outs to develop a new in bounding play that caught Douglas by complete surprise. Unfortunately the unmolested baseline shot missed the hoop and the SJB girls lost by one point to the finest team in Chicago. Julie Klancnik was the leading scorer in this game with 12 points.

The third game was decided by 1 point with the SJB girls winning behind an outstanding effort by Barb Wiltgen, the leading scorer, who had 10 points.

The championship game, against a suburban public school league all star team was also decided in SJB's favor by one point in the final moments. Mary Baranowski and Nancy Surace were the leading scorers. Lisa Bielski and Lisa Strauss shut down the two best all stars during crucial moments of the second half. Every SJB player played in this all star game in a magnificent team effort.

Beating an all star team in this manner in the final game of the season indicates to this reporter that all of these excellent SJB players can be regarded as all stars themselves. They played thrilling basketball! These four 1 point decisions in as many games against top flight competition was climaxed by a standing ovation at the awards ceremony. However, the SJB girls and the fans jumped up to burst forth with the loudest cheer for coach Paul Marusek.

There's a great "Easter" Happening at Jake's Restaurant

Don't miss Jake Joseph's super Easter Party this Sunday at Jake's Restaurant, 7740 Milwaukee ave., Niles.

First, Jake is giving away more than 100 big, inflatable Easter Bunnies thirty inches high. Just write your name, address and phone number on the back of your dinner check and you have an excellent chance to win one of these original, cute, colorful Easter Bunnies. Why they are so cute and cuddly I gave one to my lady friend Angie, and she told me I was replaced with talent.

Second, Jake has added 35 items to his salad bar, for Easter Sunday, consisting of all sorts of

fresh fruit, fairly bursting with juice, and all kinds of delicious candies, cookie and assorted goodies that will give your taste buds a new and prolonged thrill. Try it - you'll love it!

Third, Jake is having a special menu with entrees of all the traditional Easter favorites - Baked Ham, Turkey, Roast Lamb, etc.

Fourth, all of Jake's traditional 7-course Easter dinners are priced exactly as they were last year despite an inflation cost in food preparation exceeding 24%. And the super, super huge salad bar is free, take as much as you want, as many times as you want it.

All in all Jake's 1980 Easter celebration is one you will long remember - and it will be even more memorable to your purse in the high prices of the eighties.

So hippety, hoppety over to Jake's Restaurant this coming Easter Sunday, April 6th - which just happens to be my 69th birthday!

Extremely versatile, Lopez plays everything from Golden Oldies to Country Western and can switch just as easily to Latin American standards like Malaguena or light rock and disco.

ED HANSON

In the Spring, one's thoughts lightly turn to ...

Love. Baseball. Parks. Picnics. Motoring. Love. Fishing. Traveling. Love. Boating. Love.

And most important - Gas! For gas is energy. And love requires energy. So, without gas, in our modern society, where you gonna go and what are you gonna do?

Talk is cheap but it takes money to buy whiskey. Nowadays, it takes more money to buy gas than it does to buy whiskey. So, let me relate a little story.

It happened one night, in the wee small hours of the morning when - Ron Brisk (some guys never learn) and I, while enjoying tea and crumpets at Go-To-Blases Tavern, a new idea was born wherein tea was the midwife.

You see, Ron and I frequently rub each other's minds till the creative sparks begin to fly. And these "sparks", like stars, soar thru a thousand galaxies, particularly on the night of full moons, and Ron Brisk says:

"Shay, I wanna give away a whole tank full of gasoline."

"Ron, you are, indeed, a genius of the first water or should I say tea?"

"If folks buy four Gabriel shocks, I'm gonna give 'em a free tank of gas."

"Regular or unleaded, I presume, Dr. Livingston - but no premium?"

"Right on," replied Brisk, as he blinked his eyes and rubbed his mustache in the dawn's early light.

"Ronald, you and I are the only two sane people upon this planet Earth. But sometimes I'm not so sure about you."

"Eddie, you are my P.R. man - go ahead and set it up."

I did. It's on page 5 of all Bugle Newspapers. Just buy 4 Gabriel Red Ryder shocks and you can get a free tank of gas (up to \$25).

"Right, old buddy," Ron Brisk said, "how about another cup o' tea?"

If you are a senior citizen, 62 or older, in addition to buying the 4 Red Ryder shocks, you get an additional 10% discount from Brisk Automotive Supply's low wholesale price plus the tank full of gas (\$25 maximum). Proof of your car registration is necessary.

If you need a muffler, get the best, guaranteed as long as you own your car, Marmount Turbo-Flow. And, if you are a senior citizen, you can also get an additional 10% discount off Brisk's low wholesale price.

And, get this everybody: When you buy your gas, regular or unleaded, from Brisk Automotive, they insist on washing your windows, checking your oil, your tire pressure (if you desire) and emptying your ash tray. Most gas stations talk about service, but Brisk Automotive does it - and with a smile! They know customers are not always right - but Brisk treats all customers as tho' they were right. It's service with a smile at wholesale prices at Brisk Automotive always.

And about Ron Brisk personally I can't say too much for this great guy, this innovator, this entrepreneur, this man about town. Why, I'd defend this guy to his last buck! Someday, I might even buy him a cup of tea.

"Fiddler on the Roof"

Maine Township High School East is proud to present the internationally acclaimed award-winning musical "Fiddler on the Roof" on Friday and Saturday,

Mexico trip for Marillac students

On April 4, thirteen Marillac girls along with teacher-chaperones, Mrs. Dorothy Grimson and Miss Marjorie Edmunds, will leave for a one-week vacation in Mexico. Students Debbie Danno, Catherine Dorsner, Julie Graves, Susan Hann, Eileen Marth, Carrie Martin, Maggie Mitchell, Kathy Pape, Madeleine Riley, Donna Russo, Ann Slattery, Nancy Tardif, and Rosana Yunez will travel to Mexico City for three days and then move on to Taxco for a day and conclude their trip with three days in Acapulco. Miss Edmunds emphasized that this trip will be an excellent opportunity to "expose the girls to a culture other than their own. It provides the Spanish speaker with a chance to use the language."

In Mexico City the girls will participate in a five-hour tour, which includes visits to the government buildings, the University of Mexico City as well as other places of tourist interest. In Taxco the girls will browse in the world-famous silver shops. Other students will cruise throughout Acapulco harbor on a yacht or just relax and enjoy their vacation.

May 2, 3, 9 and 10 at 8 p.m. in the school auditorium. The cast of 65 was selected in January and includes students from all four classes, freshmen through seniors. In addition, the orchestra and behind-the-scenes crew have been working since early March.

"Fiddler on the Roof", lyrics by Sheldon Harnick, music by Jerry Bock, remains one of the longest running shows in the history of Broadway. The plot revolves around Tevye, a poor Russian Jew, his wife Golde, and their five daughters, all facing the hardships of peasant life in pre-revolutionary Russia. Set in the small village of Anatevka, the show boasts such hits as Sunrise, Sunset, Matchmaker, If I Were a Rich Man and The Sabbath Prayer.

Innovative in Maine East's 1980 production are the original costume designs by Catherine Johnson, wife of director, Craig Johnson, and set designer, Roger Kleinfeld's concept of a ramp surrounding the orchestra pit area that will facilitate an intimacy with the audience. Other technical features of the show will include a house that opens for interior scenes and closes during the exterior segments.

Come and enjoy a very special evening! Tickets can be purchased from any member of the show or starting Monday, April 21, tickets will be on sale at Maine East High School, near the student cafeteria from 7:30 a.m. through 1 p.m. Monday thru Friday. For further information, call 825-4484, ext. 439.

NEWS OF HEALTH

Answers about Health and Medicines from the Proprietary Association.

Q. One sometimes hears nonprescription (medicines) referred to as "proprietary" medicines. What does the word "proprietary" mean?

A. The word "proprietary" goes back to English history, and meant the rights reserved to those who held a royal letter of patent on some product. The word today has precise meanings in law, including describing which medicines that a given state will allow for sale without a prescription.

*Washington Trade Association for the makers of nonprescription medicines.

Niles Library sees \$35,000 return

The Niles Public Library District is projecting a return in the neighborhood of \$35,000 on investments made during fiscal year 1979-80. This includes an earning of \$14,588 already accrued since July, 1979 plus at least \$20,000 foreseen from January to July, 1980.

The money is to be used to hire a State Certified Physical Engineer to perform a thorough Energy Audit of the Main Library's physical plant. The Engineer will provide the detailed technical report delineating the points where energy is being wasted along with recommendations for improvement.

Because this is a matching grant, the Library will provide an amount equal to the Federal share of the project.

The Library has already implemented some major improvements to its energy plant which have served to provide a more comfortable interior and are expected to save the District at least 17% of its utility bills.

Library receives grant for energy audit

The Niles Public Library District has just been awarded a matching grant of \$1,337 administered by the U.S. Department of Energy's Institutional Buildings Grants Program. The specific program is entitled "Technical Assistance for Buildings Owned by Units of Local Government and Public Care Facilities".

The money is to be used to hire a State Certified Physical Engineer to perform a thorough Energy Audit of the Main Library's physical plant. The Engineer will provide the detailed technical report delineating the points where energy is being wasted along with recommendations for improvement.

From what we understand, it's really the older guys trying to hang on to their control of the library board, while attempting to knock off the newer guy.

While we're not in any position to assess the work of all the board members and the candidates we do believe Pestine and the other newer members elected 2 years ago, Peggy Rasjki and Rita Breitbart, have been a welcome addition to the board. Prior to their ascendancy onto the board, Niles Library Board may have been the poorest public board we have seen in action in many years. Their running a second library while being woefully short of funds, their ill-fated referendum to purchase the shopping center where the 2nd library is located, and their woefully underpaid library staff, attested to the poor operation of the district.

When Pestine, Rasjki and Breitbart moved onto the board the district seemed to turn itself around. Today, the district is netting \$35,000 a year in interest. Breitbart attributes this to Pestine, who is an accountant.

The older board members, particularly Hodes, have been bickering with Pestine during the entire time they have served on the board together.

It seems from here like a power struggle, with the older board members wanting to hang onto their little fiefdom. We've been impressed with the new people. We think all of them deserve a longer opportunity to serve on the board to display their abilities.

Former water and sewer contractor Ed Ciccone died last week in the Phoenix, Arizona area. Ed was an important part of Niles back in the early 60's. He was active in the Niles Lions Club and ran for Mayor in 1961, the first year Nick Blase won election.

Ed, who lived in the corner house at Ozark and Main sts. for many years, was a good friend of most of the Niles public people in those days.

Reports from Arizona, where Ed moved 2 years ago, noted he had been operated on for gall bladder problems a couple of months ago. He had been active in the hardware business with a brother-in-law.

Ed was quite successful in his business life. But more important, he was a very sweet guy, who had legions of friends in Niles.

Ed is survived by his wife Nancy, two sons and a daughter, and grandchildren.

The lady next door to us, Diane Miller, deserves hurrahs from all of us for her fight to get an emergency generator for the Huntington Senior Citizen Home. The \$3,200 purchase by the County will insure heat and electricity (and elevator) services will be maintained when the main power is shut off. Diane was so exasperated by this deficiency she put her typewriter to work many months ago which resulted in the purchase. It was another community service effort which community newspapers should be involved in.

District 63's keeping open Apollo Junior High School for one more year seems wasteful. The low population there will likely result in the school being closed next year. Parents at public meetings the past 2 weeks generally agreed they would rather see that building closed than decimate programs now being cut back.

Acting superintendent Stetina said at one of the meetings he did not want to give an opinion concerning having a middle school (6th, 7th and 8th grades) at the junior high school level. He thought it would be unfair for him to pronounce such an opinion since the incoming superintendent should be free to create his own policy. But he believed the school should be kept open an additional year to allow this option to be available. Many residents disagreed. They contend the school could be closed one year, and then re-opened again if the unlikely realignment of grades was approved. The year's closing would save the district from \$200,000 to \$250,000.

At a Thursday night budget hearing it was reported the Niles ice rink has a \$67,000 annual deficit excluding administrative costs. The white elephant on Ballard rd. is costing every Niles Park District taxpayer. What is sad is communities like Arlington Heights are sending their skaters to Niles because their facilities have been closed because of its costliness. Thus, Nilesites taxes are paying for out-of-towners skating here. Also, the profitable TAM golf course dollars are being offset by the ice rink's losses.

All of us should get our heads together and try to help the park commissioners figure how to utilize the building effectively. We've been told bonds for the rink will be retired in 1982. But the high cost of energy will still be a burden in maintaining the ice rink.

Our girls from Marillac lost to Buffalo Grove Friday, eliminating them from the state basketball championship in Champaign. Marillac, down 13 points at halftime, roared

Morton Grove Animal Control Officer Tom Sefick reminds dog owners they have a legal responsibility to clean-up after their pets. Village ordinance provides for fines up to \$100 for anyone who neglects this responsibility to remove and properly dispose of any excreta deposited by his dog.

When accompanying your dog outside your premises you are required to have with you suitable means to removal and disposal of such excreta.

Village ordinance also requires dogs to be leashed when on any street, sidewalk, alley or other public place. Your pet loves you and loves to go walking with you. Return that love by giving him just a few minutes to take him out on his leash and by cleaning up after him. This way, Sefick reminds us, both you and your dog will be good neighbors.

"For Men Only" health program

The Morton Grove Health Department is sponsoring a program "For Men Only" to discuss common problems of the prostate gland.

Guest speaker will be Dr. Ramiro Prudencio, a specialist from Lutheran General Hospital.

Following the discussion by Dr. Prudencio there will be a question and answer period.

The program begins at 7:00 PM on Wednesday, April 9th, at the Morton Grove Public Library, 6140 Lincoln Avenue.

For additional information, contact the Morton Grove Health Department, 965-4100.

Campfire girls on T.V.

Ten Mount Prospect Campfire girls saw themselves on T.V. and talked with the production crew. The group leaders, Mrs. Cathy Anderskrow and Mrs. Shelby Bakewell, brought their girls to Marillac High School so they could be a part of the on-camera and behind-the-scenes experience.

Mrs. Dorothy Grimson, moderator of the T.V. Productions Club, demonstrated the equipment. With the help of her crew members, Kathy Dulen (Niles), Marybeth Anderskrow (Mount Prospect), and Adele and Deirde Stocco (Northbrook), Mrs. Grimson videotaped an interview of the girls and their leaders. The girls enjoyed their television debut.

Chess team competition

The Maine East chess team competed in the recent West Suburban Conference tournament and finished fourth.

Rob Manager of Des Plaines was Maine East's top scorer, placing 4th overall.

back to tie the score with only 32 seconds to play. But free throws by Mick Slinger of Buffalo Grove spelled doom for our girls. BG won 47-44 even though Marillac outscored them in field goals.

Marillac was greeted at the school by tumultuous cheers when they returned from Champaign. They seemed to be on a bit of a losing streak when the Winnebago camper they were riding in broke down, just before they got to the school. But they were picked up by parents and driven to the school, where supporters gave them a rousing welcome home.

OCC survey . . . Cont'd from Skokie-LWP.1

from 16 local high schools; and students from Oakton's college credit classes and MONNACEP (Oakton's non-credit, continuing education program).

The study sought to determine the community's awareness and perceptions of College programs and services as well as ways in which people learn about the College.

The findings have indicated that most people are aware of Oakton's three largest programs - transfer courses, occupational-vocational and continuing education programs - but they have much less knowledge of other programs and services, Ms. Handzel said.

Different groups were aware of different programs, she pointed out. High school students were most aware of Oakton's transfer courses. Business/industry representatives knew more about occupational-vocational programs. High school staffs from the original college district (Maine and Niles Townships) knew more about the college in general than did staffs from newer additions to the district.

The respondents tended to evaluate Oakton's performance as adequate or better in serving

the needs of the community. Less than 5 per cent of the total sample felt that Oakton was doing a less than adequate job. It was also evident that those who know Oakton, who have used the programs and services, tended to believe the College was doing a good job.

The top-rated benefits of having a community college available in the area were related to up-dating job skills, training for new jobs, and exploring career options, Ms. Handzel said.

Oakton intends to use the findings of this study in planning, evaluation and further research, according to Oakton's President W. A. Koehline. The task force has learned that some groups know more about the College than others and that there is a significant population who have little awareness of Oakton programs and services.

Based on this study, the college will be better able to provide needed information and to communicate with various segments of its community, he said.

"Oakton is planning for its future," he added. "The Community Impact Study is one way of assuring ourselves that we are meeting the expectations of the people we serve."

The Office of Community Outreach of Oakton Community College will sponsor an Orientation to College Workshop Tuesday, April 8 from 7 to 9:30 p.m. in Building 3, Room 308 on the Morton Grove campus, Oakton and Nagle.

Persons who may benefit by the workshop are those 25 years of age and over who are searching for self-enrichment, or need to learn new skills in order to work, or are newly retired and want to make some changes, or are thinking of changing careers.

Reservations are necessary. For reservations or for more information, call 967-5120 ext. 350.

Condos . . .

Continued from MG P.1 will cost the village. As of now the village does not foresee a cut back in the frequency of pickup service if the condo owners are getting, but if the service can be cut down without any problems, the village has stated their intent to do so.

OCC election . . .

Continued from Page 1 will soon move out of the district to New Orleans. The two full-term seats are presently filled by Ms. Juckett and Paul Gilson, Skokie.

Election hours on April 12 are scheduled from noon until 7 p.m. Polling places will be the same as those of the underlying elementary and high school districts.

Voters can apply for absentee ballots now. Final day to apply by mail is April 7 and in person is April 11, the day before the election. All voters must be registered and residents of the college district.

District 207 . . .

Continued from Page 1 900 fewer students taking required courses."

District 207 enrollment peaked in the 1975-76 school year at 11,864 students. With enrollment dropping an average of six per cent a year since then, the district has had to reduce its teaching staff since 1977.

Eight non-tenured teachers were terminated in 1977, 16 non-tenured and two tenured teachers in 1978, and 26 non-tenured and 14 tenured teachers in 1979.

A 140-member Citizens' Advisory Committee recruited from all over Maine Township is currently assisting the Board of Education with Project SEB (Secondary Education for the Eighties).

The SEB Committee has been charged with looking into the problems of the school district resulting from the effects of declining enrollment and with making recommendations to the Board of Education on long-range planning. The committee will be reporting back to the Board in June.

D.E. State Competition

Maine East senior Miles Rosenthal placed in the top eight in the recent State Distributive Education contests held in Springfield.

Over 800 students participated in the D.E. competition.

This year, heart disease and stroke will kill nearly 200,000 Americans before age 65, according to the American Heart Association.

Register now for OCC summer school

College students home for spring vacation should register now for summer school classes at Oakton Community College, according to John Gagin, director of admissions and records.

"Many of the popular classes at Oakton's summer sessions are filled early and students enrolling later may be disappointed in registering in the course of their first choice," he said. Classes will be held on Oakton's new campus in Des Plaines for the first time during the 1980 summer session. Summer session classes will also continue to be offered in Morton Grove at Oakton and Nagle.

Summer classes will begin at both locations Monday, June 16. Registration will continue through May 16 at the Morton Grove location. Students may register by mail or in person.

Final registration for the summer session will be held at the Des Plaines campus only on Monday, June 9, in Room 1542 and in Morton Grove only on Tuesday, June 10, Building 6, Room 603. The hours for both days are from 9:30 a.m. until 12:30 p.m. and from 5:30 to 7:30 p.m.

Students are encouraged to register at the location where they intend to attend classes, Gagin pointed out.

Citizens Bank open Good Friday

Citizens Bank & Trust Company, Park Ridge, will be open until 3 p.m. on Good Friday, April 4. Remaining open until 3 o'clock will enable many customers who will be travelling the Easter weekend to transact banking business before leaving, according to a bank spokesman.

Citizens will be open for business as usual on Saturday, April 5 from 8 a.m. to 12 noon that day.
