## District 67 seats new board

by Deby Eisenberg  
The newly elected District 67 school board convened for the first time on Thursday, April 17. It was voted that Board President Theodore Lucas would retain his position, as would Board Secretary Rosalie Applebaum. Lucas, along with Board Member Edward Duglow, had just been reelected to three year terms. Lee Finkel will assume the

seat previously held by Douglass Ebstyne. Board Member Sheldon Marcus presented for future consideration the idea of having a rotating chairman and secretary. It was reaffirmed the school district business meetings would continue on the 2nd Thursday of each month. The 4th Tuesdays are reserved for educational meetings. All meetings are called

for 7:30 p.m. and are held at the Golf Jr. High building. The public is encouraged to attend. The early focus of last Thursday's meeting was on finalizing next year's school calendar. Feedback from the teachers on the previously announced schedule showed them unhappy that two holidays followed two 11 a.m. to 9 p.m. parent conferences. Continued on Page 35

## Parcels located in Ballard Acres at Lincoln and Knight

# Niles ok's annexation of 2 lots

by Diane Miller  
The Niles Village Board of Trustees approved the annexation of two lots which will be subdivided into four parcels of land at the intersection of Lincoln and Knight aves. in unincorporated Maine Township. The lot facing Lincoln ave. was approved with the stipulation that the 1,000 sq. ft. building now on the 66 ft. lot would be razed and the second lot, a 55 ft. parcel, was approved with a variation since it was short 165 sq. ft. for R-1 zoning. Jerry Hodlmair, representing petitioner Eidamiller Real Estate on behalf of James Johannson, a Wisconsin resident and owner of the property,

requested the 1,000 sq. ft. building be allowed to remain on the one lot and subsequently be used for a garage. He was told that 750 sq. ft. is the maximum size allowed for a garage in Niles. As a compromise, the board gave Hodlmair a deadline of Aug. 1, 1980 for the razing of the building which he felt would be sufficient time to remove the contents of the building. Trustee Peter Pesole strongly advocated the annexation of the property citing, "It has to be an improvement for this area. The village property line zig-zags around this area and this would Continued on Page 29

## From the LEFT HAND

by David (Bud) Besser  
...If the first rite of spring is seeing your first robin, then the first rite of summer is seeing your first Good Humor truck. Driving down Monroe st. Monday, we eyed our first ice cream truck, parked in front of Booby's on Milwaukee ave.  
...The plus-70 degree weather made me yearn for an outdoor cafe. An hour or two of just lollying around a cup of coffee, el fresco, while watching the world pass by, is one of life's joyous indulgences. We tried to imagine a local cafe close-by, but couldn't get too excited about sitting along side Oakton, Milwaukee or Dempster sts. while watching the dust and cars whiz down the street.  
...A sign-of-the-time, and a shocking one at that, is the new McDonald's sandwich which goes for \$1.65. Can you imagine going into your favorite "We'll do it all for you" restaurant and seeing the \$1.65 numbers up on the indoor red and yellow marquee?  
...I've long combatted those Monday (or Tuesday, Wednesday) morning blues with a system which is fool-proof. When I'm having a particularly bad time, I re-set the day on my watch to Friday or Saturday. Each time I feel the pressure building, I glance at my watch which tells me the Continued on Page 35

## Niles Senior Center coordinator

Karen Hansen is the new program coordinator at Niles Senior Center, 8060 W. Oakton. She began at the beginning of February. Ms. Hansen states that she will be organizing programs for the clients of the senior center, and will therefore require their feedback frequently along the way to insure that the programs truly represent the interests of the senior citizens. The kinds of feedback which she indicates that she will be seeking include comments, complaints, concerns, and information about trips, classes, and any types of programs which the senior citizens are interested in seeing run at the Niles Senior Center. Ms. Hansen states that she is interested in getting to know the people and interests. "Stop by, I'm looking forward to getting to know you better."  
Ms. Hansen is twenty-five years' old. In January, she graduated from Loyola University of Chicago with an M.A. in sociology. Her thesis is an investigative analysis of six hundred twenty-three social service

agencies within the city of Chicago. In 1977, she received a B.S. from Loyola University with a double major in psychology and sociology. She has previously worked as director of volunteer services and an activities therapist at a nearby skilled care geriatric center. She states that she has always enjoyed working with senior citizens, and is looking forward to a long and happy career at the Niles Senior center.

The frames are also carved to match

the settings. So come on down this Saturday and Sunday and see John's work.

Artists from Niles as well as other areas will be exhibiting their art work in this year's Art Fair.

Those exhibiting from the Niles area are: Marge Berles, Fred Braun, Doris Durston, Joan Franzen, Kay Groh, Frank Krusel, Alice and Stanley Marlewski, Barbara Lynn Martens, Louis Nagraba, Lee Pikovsky, Bernard Satinover and Sylvia Soquet.

## NFS plans single adult discussions

There are many pressures placed on us today. The single adult has some special pressures placed on him or her. There are many issues which need to be better clarified for the single person - self image, being alone or lonely, men/women relationships, parents and family. Because of the confusion which is associated with being single, many people fear or avoid dealing with these issues and their lives. Niles Family Service is opening up a young single adult group to discuss these issues. The group will be limited to 6-8 weeks and is open to men and women in their 20's who are currently single.

The group leaders will be Sharon Bold, MSW, and Paul Kliger, MSW, both experienced in group work. There are a few more openings for this group, so if you are interested please call Dr. James Cisek at 692-3396. Please call by April 30 in order to fully participate in this new group.

### Handling crisis with marriage

One of the times that meaningful communication in marriage is most important is during a crisis. During a crisis, tempers can flare up, misunderstandings can run rampant, and disagreements can be paramount. Perhaps the area of money can be one of the greatest causes of conflict, thereby creating a crisis and bringing about marital breakdown.

A great man once said 2,000 years ago, "Where your treasure is, there is your heart also." Too often our treasure is money and it consumes our heart and adversely affects our family relationships. How about your family, especially your marriage? What negative impact is money having on your relationship?

Money can be a blessing rather than a curse. It would be senseless to say that one doesn't need money or the things it can buy. The question comes out of how one views money and uses it: "What are your priorities?" "Is money chief end or preoccupation?" "Do you overindulge in what money can buy?"

The question "What are your priorities?" is automatically reflected in "What do we do with our money?" Frequently in marital and family counseling the spouse or child believe that they can come second rather than first in the husband/wife or parent/child relationship. I had a mother say to her 14 year old daughter while in the presence of her husband, "If you think you are more important than my job, you've got another thought coming. I'm not going to put myself out for you. If you don't like it, leave! We need the money more than we need you. You are nothing but a headache and a liability." The daughter's response was "I only want to know that you love me and care for me. Now I know what is more important to you. Money, that is all you live for." WOW! The mother's priorities are clear, aren't they? What about yours? Maybe you aren't as direct, but what does your subtle behaviour and remarks indicate is the priority in your life - money or your relationships?

I hear husbands say all the time - "I know what is most important to my wife - money! It sure isn't me." In fact I was with a group of men talking about what their wives expect most of them. They honestly believed if they didn't produce "money" it was all over. I don't believe that, but most of the men in the group did. They felt that money was their wife's chief end and preoccupation and that they were the means to that end. That is most unfortunate and certainly is not conducive for a meaningful and fulfilling relationship. It could be said psychologically that "security" is most important to a woman, however security comes just as much through emotional security as it does financial. Too often the wife is starving to death emotionally so she becomes preoccupied with money. Men, share more with your wife emotionally and you will discover that she will be less demanding of you financially.

Lastly, beware overindulging in what money can buy. It is easy to get caught up in the credit card syndrome. It can be devastating and lead to eventual bankruptcy, financially as well as maritally. Don't over-extend yourself financially. Together as a family create a realistic budget and don't overspend without all members of the family agreeing. Choices will have to be made many times. Weigh those choices carefully.

Sure, expensive things are nice, but not at the expense of your marriages and family. Remember the song, "Little things mean a lot". They do and usually don't cost as much.

Reflect right now on where your treasure is, for there is where your heart is also. If you treasure your partner, your children, let them know it in ways that are meaningful to them. Instead of buying them something, give yourself. One little thing you can't say too often is "I love you".

If inflation, finances and income tax are getting you down and causing you to have crises in your home, Stop! Take a look at how you are spending money, how spending your money reflects your priorities, how important your family relationships are to you. If you can't sort it out, call Niles Family Service at 692-3396 or come in at 8060 Oakton st. Better still, come to the Niles Family Service Money Management Workshop at the Niles Library, 6960 Oakton st., Thursday, April 24 at 7:30 p.m.

*"The Niles Lions... Who are they?"*

For the last few months we have gone back into the history of the Niles Lions, not to brag about our accomplishments, but to reorient our citizens and yes, even some of our members.

We have traveled through the fabulous 50's, the sensational 60's, the super 70's and now we are moving into the enlightening 80's. The work we have accomplished in helping the Blind and Handicapped, the community projects we have tackled and the children we've made just a little happier with programs for them are only some of our accomplishments.

As you know, we enjoy a good time and maybe that's what keeps us going. We have parties for our members, our ladies and people we feel are working a little harder than we are, to protect and keep us safe namely, our Fireman, our Police and Public Works Departments.

We have made a lot of friends these past years with visitors from other lands, and from this great land of ours. When visiting in foreign lands, our Lions look up the local Lions Club and extend the hand of friendship, not only of Lionism, but as goodwill ambassadors from our Village of Niles. The message of People needing People and doing something about it, with all the hatred in the world today, a smile

and a warm clasp of hands can bridge that hatred. To go over and over the annual projects the Lions hold would be redundant. We have tried to tell our story as accurately and interestingly as possible. I hope you have found our efforts worthwhile these past few months.

Lionism means something special to us and we hope some of the special meaning has been contagious to you, the reader. The Lions of Niles want to thank all the people who have helped make our first 27 years the success they have been, as volunteers, as underwriters and contributors in all our fund raising projects. The monies you have contributed or worked so hard to raise have been used for only the expressed aid to the blind or handicapped.

The only other intent of this story has been to get you interested in joining our Lions Club. We know there are many men out there who feel as strongly as we do about the work of Lionism. Do come out and join our numbers, we need your help. If we are to survive in this time of apathy, you are the one ingredient we must have to fulfill our sworn commitments. Now is the time to come forward and learn the joy of saying "It's Great To Be A Lion".

## American Academy boys score in National Meet

The National Boys Invitational Team Championship Meet was held in Philadelphia, Pa. the week-end of April 11 and 12. The American Academy of Gymnastics team from Des Plaines scored third in a field of nine. The meet was hotly contested as the scores show: Gymnastrum of Reading, Pa., 199.7; Austen's of Texas 198.2; and the American Academy, 198.1.

The Academy team members were Ron Bartusiak of Glenview, Robbie Brown of Addison, Gary Griffin of Arlington Heights, Joey Ray of Morton Grove and Greg Teets of Prospect Heights. Ron Bartusiak led the scoring with 51.7 points all around, posting a meet high score of 9.4 in high bar. Joey Ray, who sprained an ankle two days before the meet and was unable to compete in floor and vaulting posted a 9.1 for the meet top parallel bar score. Other top team scores were 9.3 and 9.0 in high bar by Robbie Brown and Greg Teets and 8.9 in vaulting by Gary Griffin.

Shawn Hoffmeyer of Glenview and Andy Moreale and Neal

Palmer of Addison were entered in the individual age group competition on April 12. Stawn and Andy in the tough 15-18 age group posted their best scores in high bar at 8.0 but were unable to break into the award ranks. Neal Palmer, in the 12-14 age group scored fourth all around with a 43.5 and was in the top six for all events except floor exercise.

Junior National team members Jim Mikus of Pa., Tim Daggett of Mass., Matt Arnot of New Mexico and Chris Regal of Pa. all competed in the meet.

## Demon cheerleaders

## OCC runs well in St. Louis

The Running Raiders of Oakton Community College, led by distance runners Mark Buciak, Peggy Noble and Karen George, outdistanced teams from three states in the 14th annual Florissant Valley Track & Field Invitational in St. Louis last week.

The meet was held under sunny skies but cool windy weather in St. Louis, Missouri.

Noble won the 800 Meter Run and placed second in the 1500 meter run to tie her school record. George placed second in the 3000 meter run and also placed in the 1500 meter run. Julie Michalik ran second in the 400 and also placed in the 200 meter dash. Lisa Gutzeit placed in the 100, 200, and 400 meter runs.

Oakton women also earned places in the shot put, javelin, and discus throws.

Coach Pat Savage was very pleased with his women runners as they placed in every event they entered to outdistance easily every other two-year college entered in this invitational. Buciak placed third in the 6-mile while teammate Mark Skarning placed seventh. Mike Okazaki placed eighth in the 800 meter run.

## letters to the editor

### Student proud of Maine East

Dear Editor:  
I am a student at Maine East High School. I would like the community to know that Maine is a great school. It has many

qualities that many students overlook and many aspects that the people of the community around Maine should respect.

Maine offers a wide variety of courses and special interests which the students are free to choose their preference.

Maine also has numerous clubs and sports. It has everything from the Rock and Fossil Club to the Future Business Leaders of America Club.

The building in itself is a piece of art. I am proud to be graduating from Maine. I know that colleges think more of a student who come from a school a step above other schools.

I hope the rumor going around that Maine may be closed down because of low enrollment is only a rumor.

Thank You,  
Maryann Rudd  
Niles, Ill.

### Young people really do care

Dear Editor:  
I would like to inform your many readers about a group of young people that have formed an organization called Young People Who Care (Y.P.W.C.). This organization is part of the St. John Brebeuf Teen Club and an extension of the Y.P.W.C.

I am an active member in this group. We do service projects for people who need our help. Some of these projects have included shoveling snow, giving a Christmas party for the orphans at Maryville Orphanage, visiting the elderly and going to Kentucky and to Pennsylvania to help the poor.

When seven of us went to Appalachia for a week last summer we visited the elderly and helped the poor in the area by working

with them, cleaning, farming, cutting wood and teaching their children in a reading program.

Over Labor Day weekend last year, ten of us went to the Y.P.W.C. Center in Frenchville, Pennsylvania for a Work Weekend. While we were there we did many types of work projects, such as carpentry, roofing, canning, and farming. These were many things that few of us ever had a chance to do.

It was on the way home that we decided to continue this kind of service of helping those in need.

I think that teens can get a good experience by joining Y.P.W.C. and this will be a good service for the community of Niles.

Sincerely,  
Laura Lee  
Niles, IL  
Y.P.W.C. Member

### Thanks to "Uncle Pete"

Dear Editor:  
It is seldom that we take time out to let others know how appreciative we are of their consideration for us. After having known Mr. Pete Yonzius for over ten years I wish to say thanks.

"Uncle Pete", as he is known by the students of St. John Brebeuf, is as thoughtful a person as any of us are likely to ever meet. He always has time for anyone who needs him.

Thank you, Uncle Pete, for bringing so much love into the city of Niles and for touching the lives of those of us that you have shown your kindness to.

Sincerely,  
Barbara A. Boss  
Niles, IL

### District 219 victor expresses thanks

Dear Editor:  
I would like to take this opportunity to thank all of the concerned and involved citizens who, through their votes and enthusiastic support, elected me to the Niles Township High School District 219 Board of Education.

I will uphold the pledges I made. I ask you, in return, to continue your involvement and concern for the students of 219 by attending school board meetings so that I and my fellow board members can keep informed and be

aware of the community's desires and priorities. I also would welcome any personal calls or contacts you would care to make in order to keep myself advised so as to better serve you and the children of this community.

I am excited and thrilled that this community has had a choice of qualified candidates and that they will continue to have a choice in the future.

Florence K. Sutker  
Skokie, Illinois

## FNBS bank deposits now insured to \$100,000

Erman G. Kramer, Chairman of the Board and Chief Executive Officer of the over quarter billion First National Bank of Skokie has announced that all FNBS depositors are now insured up to \$100,000 by the Federal Deposit Insurance Corporation which became effective March 31, 1980.  
This new limit, according to Kramer, results from a provision by the recently enacted legislation known as the "Depository Institutions Deregulation and Monetary Control Act of 1980. Kramer reported "year after year, our high banking standards have met the stringent qualifications for FDIC membership, and because we are a member, all of our depositors are now insured up to \$100,000."  
Kramer pointed out that deposits maintained in different rights or capacities are each separately insured, thus increasing the total amount of coverage a family can have. For example, a family of three could have \$700,000 of insurance by maintaining seven accounts with various combinations of account holders.  
The Federal Deposit Insurance Corporation is an independent agency of the United States Government and was established by Congress in 1933.

## Free blood pressure tests

In commemoration of May, High Blood Pressure Month, area residents are invited to receive free blood pressure tests at Holy Family Hospital on the evenings of Tuesday, May 6 and Tuesday, May 20 from 6 p.m. to 8:30 p.m. in the Outpatient Department.  
No appointment is necessary at the screenings. Residents will be given on-the-spot appraisals of their blood pressure levels and will be advised to see their physician if the readings are abnormal.  
High blood pressure is a "silent killer" because many people don't know they have it. Although it is the main reason people have strokes, heart failure and kidney disease, once identified, hypertension very often can be brought under control with proper medication.  
For additional information, call Holy Family's Public Relations area at 297-1800, ext. 1174, weekdays.

## Summer Recreational Basketball Class

Maine East is announcing a Summer Recreational Basketball Class for junior high school students. A class for students who will be in the sixth, seventh or eighth grade next fall will be held at the Maine East fieldhouse and outdoor courts beginning Tuesday, June 24 and running through Friday, July 11. The program will run from 9:30 a.m. to 11:30 a.m. four days a week for a three-week period. Fundamentals will be stressed, with games and scrimmages being provided after the first week. A swim in the Maine East pool will cap off each session.

The classes will be run by Paul McClelland, head basketball

coach, and other members of the Maine East basketball staff. The cost for all boys is \$27. This will help defray the cost of the program and provide special equipment for all participants. Applications can be obtained by writing Mr. Paul McClelland, Maine Township High School East, 2601 W. Dempster st., Park Ridge, Ill. 60068, or by dropping by the athletic department office at the school. Any boy who fits the age requirements is welcome regardless of the school he is presently attending or will attend in the fall. If any boy can only attend 1 or 2 weeks, he is welcome, and the cost will be \$9 per week.

## Register for Maine High Pre-School classes

Applications are now available in the four Maine Township High Schools - Maine East, Maine West, Maine South and Maine North - for pre-school classes to be conducted in the schools during the fall semester of the 1980-81 school year.

The classes are conducted by junior and senior students under the direction of a certified Child Development teacher. The

classes are part of the "on-the-job" training program of the Child Care Occupations course offered by the home economics departments in Maine Township High School District 207.

Parents wishing to register their children for the two hour pre-school classes in each high school should do so as soon as possible. Only 10 to 14 children will be enrolled in each session. Applications will be accepted until May 15.

Application forms will be available in the main offices of Maine East, Maine West and Maine North and in the home economics department of Maine South.

To be eligible for the program, children must be between 3½ and 4½ years of age on Sept. 1, 1980. All those applying for enrollment will receive notification early in June regarding acceptance. To defray the cost of supplies and food served to the children a \$25 registration fee will be charged.

The pre-school classes enable Child Care Occupations students to observe the growth and development of young children, to gain experience in supervising their activities and to train them to work in area nursery schools and day care centers.

The programs at all the schools are similar but vary regarding times and days. A letter accompanying the application form will explain the specific programs at the individual schools.

The annual Auroris Show will be staged by the Niles North Dance Club on April 25 and 26 in the school auditorium, 9600 Lawler rd., Skokie. "On Stage" is the theme of this year's show which is conceived and choreographed by the students with the help of dance club sponsor, Susan Gantz.

"In addition to choreographing the dances, the students teach each other the numbers, design the costumes, and build the scenery," says Ms. Gantz. Julie Usen, a senior, is coordinating the production. Highlights include a solo toe dance from the Capelli Ballet by Gail Pivar. The ensemble will dance to "Rhapsody in Blue" by George Gershwin "to show that we are interested in more than rock", says Ms. Gantz. The show also features "Clap Your Hands", a fifties number danced to the music of Elvis Presley.

For the first time in three years, boys will take part in the show. Male dancers include Matt Silver, Steve Stark, Mike Stark, Mike Margolis, and Scott Kravitz.

Tickets may be purchased at the door. Prices are \$2 for adults and \$1.50 for students and children.

The circus comes to Wrigley Field

The "circus" comes to Wrigley Field. Yep, every home game the Chicago Cubs play, the management proudly presents "The greatest show on earth!" It's the Cubs' Circus. The star is "King Kong", alias Big Foot, that mysterious elusive thing which has been, for several years, scaring the hell out of the residents of the northwood regions of Michigan and Wisconsin.

Scientists and explorers verify the footprints of the legendary Big Foot match those of Dave Kingman, et al King Kong! Hair samples from Kingman's head, chest and moustache also match the samples collected for several years by those who have attempted to solve the identity of "Big Foot".

The Cubs' Circus was scheduled for the opener last Thursday, April 17 at Wrigley Field, but something happened. Frank Sinatra was to sing the Cubs' new theme song, which has replaced the old Cubs' victory song, but there was a hitch. It seems that Old Blue Eyes wanted a big hunk of money to sing the new Cub theme song, which is Send in the Clowns. But the Cub management takes a dim view of paying out large sums of money for talent.

The chintzy Cub moguls effected the economy by having the organist play the new theme song Send in the Clowns. They also arranged with the umpires to holler instead of "Play ball", "Send in the Clowns!" Anyway, the Cubs' Circus will be presented officially on Saturday, April 19 at beautiful Wrigley Field, with the paint peeling off.

Shown above (l-r): Keith Magnuson, Chicago Black Hawk Assistant Coach; Peter Meyer, Director of Medi-Check International; and Don Conley, owner of the Milwaukee and Oakton McDonald's in Niles, enjoy a lunch of Big Macs and anniversary cake as they plan for McHappy Day, Sunday, April 27. McDonald's cake as they plan for McHappy Day, Sunday, April 27. McDonald's 25th anniversary. On McHappy Day, Sunday, every Big Mac sandwich sold that day at his Milwaukee and Oakton McDonald's. Medi-Check is one of the many outstanding Variety Club charities who will benefit from McHappy Day throughout the Chicago area.

The Sylvia Golden Memorial Chapter of Asthmatic Children's Aid will present the Dynamic Trio of "Europe At Night" on Sunday, May 4, at the Devonshire Community Center, 4400 W. Grove, Skokie, Ill., at 5 p.m. Admission is \$5, and there will be door prizes. All monies collected will go toward helping children with asthma and allergies. Your presence will "Help An Asthmatic Child To Breathe."

the Cubs will take their respective positions and warm up. The rest of the Cubs are just "minor" stars. I suppose, if one were as clever as I am, they would rephrase it and say, the Cubs are the only minors in the majors!

For you dummies out there, the significance of the song title means this: The term "Send in the Clowns" is used in circus terminology — like "Hey Rube", but unlike the latter term, they do not need guys to fight. Rather, when something goes wrong in a circus, an accident, or some foul-up, the Ringmaster bellows, "Send in the Clowns" to create a diversion.

What song could be more apropos for the Cubs than "Send in the Clowns"? For the past 35 years, they have "fouled-up" their fans, as well as all of major league baseball. Example: The Cubs run the bases like they're walking a tightrope. The only place they shine is not on the diamond but on the "bench". Provided, their trainer rubs resin on the seat of their pants to keep 'em from slipping off.

For 35 years the only thing that fears the Cubs less than their opposition are the lowly earthworms which inhabit the grass surface of Wrigley Field.

Besides, how can a bunch of "squares" perform on a diamond?

And, this season the Cubs have managed, at little expense, to acquire the services of the top manager in baseball, Preston Gomez. Top in losses, that is! Maybe he was underqualified?

The reason the Cubs don't play night baseball is they're afraid to go home in the dark.

In the opener when the Cubs beat the Mets 4 to 1... you fans know what that was?

It was an advance replay of what will happen late in September when they battle it out with the Mets for last place. Or the end of the season came early this season!

And that was just for openers, for watch what happens to these Cloutless Clowns the rest of the season.

Anywho, I urge you all to get out to Wrigley Field for every Cub home game. And, there's 72 left when you read this column.

That's also about the number of games the Cubs will be out of first place by Sept. 28th.

But the Cubs' Circus will be the greatest show on earth. Far better than Ringling Bros. can come up with. In fact, Ringling Bros. ought to sue 'em or better yet, hire the whole Cub team as "clowns".

The antics of King Kong and the Cloutless Cub Clowns will probably cause 'em to be laughed out of the major leagues when the season of 1980 ends.

For this season will be the last season you can catch their act. Next year you'll have to buy a ticket from Ringling Bros. Hey, Hey! Ha, Ha!

Then, as the organ thunders out Send in the Clowns, the rest of

the Cubs will take their respective positions and warm up. The rest of the Cubs are just "minor" stars. I suppose, if one were as clever as I am, they would rephrase it and say, the Cubs are the only minors in the majors!

## "Man of La Mancha"

Bruce Johnsen of Des Plaines (left) gets some pointers on his roles as Don Quixote and Miguel de Cervantes in "Man of La Mancha" from June Rold (right), choreographer for the musical which opens May 2 at Guild Playhouse, 620 Lee St., Des Plaines. Looking on (center) is Paul Crane, also of Des Plaines, one of the Muleteers. Performances are Fridays, Saturdays and Sundays through May 25, and tickets may be reserved now by calling 296-1211 (noon to 8 p.m.).

The night of May 2 marks the arrival of the renowned "knight of the woeful countenance", Don Quixote, in the world-famous musical comedy-drama "Man of La Mancha", which ran for five years on Broadway. Des Plaines Theatre Guild is presenting the award-winning musical hit for four weekends at Guild Playhouse, 620 Lee St., Des Plaines, directed by Paula Unell of Glenview.

Performances are at 8 p.m. on Fridays, Saturdays, and Sundays, May 2, 3, 4, 9, 10, 11, 16, 17, 23 and 24 and at 2:30 p.m. on Sundays, May 18 and 25. Tickets are \$4 and may be reserved by calling 296-1211 between noon and 8 p.m. daily. Students and senior citizens 65 or older with I.D. cards receive half-price discounts on Fridays and Sundays.

The musical by Dale Wasserman is based on the world's first modern novel, "Don Quixote of La Mancha" by Miguel de Cervantes. Until 1605 when Cervantes wrote this tale of an adoped Spaniard who refused to believe that the days of medieval chivalry had ended, and declined to adjust to the new times of his era, literature had included epic poems like the Iliad, and romances like "The Song of Roland", but never a novel in the sense of the present day books of fiction.

"Don Quixote" was not only a turning point in world literature

## Maine East senior named scholars finalist

The U.S. Office of Education and the Commission on Presidential Scholars recently announced the names of the 1980 Finalists in the Presidential Scholars Program, which annually identifies the most distinguished and accomplished graduating high school seniors in the nation.

Maine East senior Mary Bubula of Niles is one of the 1,000 outstanding young American students to become a Finalist in this program from among more than three million seniors to graduate this year. She has been awarded a certificate by the President's Commission on Presidential Scholars. The selection of those Finalists who will become Presidential Scholars will be made in April by the members of the President's Commission on Presidential

Scholars.

Finalists who become Presidential Scholars will be invited to Washington, D.C., where they will be honored by their elected representatives, by educators, and by others in public life. Selection is based on numerous factors in addition to academic excellence; for example, achievement in the visual and performing arts and creative writing; demonstrated leadership ability; contribution of energy and creativity to school and community; and achievement in the sciences and other fields of interest.

The independent judgement of the members of the Commission on Presidential Scholars, with the concurrence of the President of the United States, determines final selection.

# District 207 Project SEE

The first month of meetings in March of the seven subcommittees of Project SEE (Secondary Education for the Eighties) have been characterized by tremendous enthusiasm and very active participation on the part of all committee members. As meetings continue through April and May, the subcommittees will focus upon possible alternatives for resolving problems of District 207 and will prepare recommendations to the Maine Board of Education on May 31.

## Facilities Subcommittee

**Thomas Rueckert, Chairman**  
**A. H. Cochran, Administrator**  
**David Kory, MTA Representative**

The facilities subcommittee began its work by touring each of the four Maine high schools during March. These tours provided opportunities for personal visits to all areas of the school buildings, for questions about structure, classroom use, traffic flow, and conditions and problems of the physical plant.

The subcommittee is divided into five study groups. Areas being investigated include market values of the buildings, zoning classification, adaptability for other uses, plant condition, community plans, and other concerns involving the possible uses of District 207 facilities.

## Personnel Subcommittee

**William Schaeffe, Chairman**  
**John Benke, Administrator**  
**Helen Dobbin, MTA Representative**

In its meetings the personnel subcommittee is focusing on the qualities of the District 207 professional staff from both a personal and a statistical point of view. The presentations have emphasized the long-standing commitment by the school district to provide educational programs that "meet the individual needs" of the students.

Statistics relating to both teacher/student ratios (class size) and Central Office administrator/teacher ratios have been presented. Discussion of how class size decisions are made and the ramifications of increased class size are taking place. Staffing decisions for the 1980-81 school year were examined in light of the new State law mandating reduction of teaching staff by seniority.

## Funded Subcommittee

**Charlotte Storer, Chairman**  
**Michael Myers, Administrator**  
**William Kopp, MTA Representative**

This subcommittee has been reviewing the breadth and depth of the mandated or partially funded programs in District 207. These programs include health education, driver and safety education, physical education, special education and vocational education (business, home economics, industrial education and consumer education). The committee has examined the numbers of students served by these programs related to the approximate cost. A comprehensive presentation was made to the committee on the District 207 Special Education Program defining program needs, programs offered, staffing patterns, budget needs, and cost accounting.

**Anne Evans, Chairman**  
**Robert Barker, Administrator**  
**Carol Slager, MTA Representative**

The subcommittee is impressed with the variety and comprehensiveness of the curriculum in all subject areas, favoring retention of a broad set of curriculum offerings. The subcommittee is examining the impact of a school closing upon curriculum offerings. Further, the subcommittee is examining the concept of program consolidation and intends to make recommendations about the need for survey courses and for re-tailoring the curriculum in certain areas.

Another area being examined by the subcommittee is that of curriculum for the non-college bound student. The subcommittee is examining this curriculum in terms of the district's "Hallmarks of Excellence" as presented in A Look at the Eighties.

## Arts Subcommittee

**Donald Goll, Chairman**  
**Clyde Watson, Administrator**  
**Verna Stenolen, MTA Representative**

The arts subcommittee has reviewed the excellent curricular and extra-curricular offerings in District 207's music, speech and drama, and art programs. It has discussed the development and history of these programs which have enjoyed great community support in Maine Township.

The subcommittee supports the concept of maintaining quality arts programs in each high school. At the same time the committee members recognize that the need to reduce programs because of financial restrictions and fewer students. It was suggested that Maine investigate moving arts students and/or teachers between schools to maintain an educationally sound student/teacher ratio in arts classes.

## Activities Subcommittee

**William Torunose, Chairman**  
**James Coburn, Administrator**  
**David Winter, MTA Representative**

The activities subcommittee has examined the scope and philosophy of both the athletic and extracurricular program in District 207. It has familiarized itself with the physical education and athletic facilities in each school building. The committee has met with police department and park district personnel to examine the potential impact on the community of substantial cuts in the activities program.

The consensus of the subcommittee is that the present district philosophy of maximum participation of students in athletic and club activities remain as the standard. The committee has reviewed participation levels and costs of activity programs in detail and will be examining the preservation of activities programs within the limits of student enrollment and diminishing resources.

## Finance Committee

**Arlynn Warmack, Chairman**  
**Donald Kenney, Administrator**  
**Leo Skibner, MTA Representative**

The finance subcommittee devoted its first four sessions to a study of the funding of secondary education in Illinois generally and in District 207 in particular. The subcommittee began the process with a review of taxation in the form of both property taxes and the replacement corporate personal property tax.

Other topics examined were state aid and the variety of sources of revenue from local, state, and national sources.

The subcommittee agreed to meet on several additional occasions to study background information carefully because of the complexity of school finance. The committee feels that this approach will aid them in developing feasible alternatives as recommendations to dealing with problems associated with diminishing revenues.

## Aviva Hadassah Bike-A-Thon

Aviva Hadassah will hold their first bike-a-thon for single and married people in their late 20's and 30's on Sunday, April 27 at 10:30 a.m. at Linne Woods, Morton Grove, on Dempster across from McDonalds.

According to co-chairpersons, Babette Sanders of Evanston and Andi Upin of Skokie, the course will be an eight mile round trip—from Dempster to Lake St. and back. At 12:30 p.m. the group will sponsor an afternoon picnic at Linne Woods. Bring your own grills, food and favorite games.

## Allen C. Berger

Senior Airman Allen C. Berger, son of Theodore Berger Jr., of 9744 N. Deer rd., Des Plaines, has been named squadron airman of the quarter at Kefauver Naval Station, here.

Entertainment featuring m.c. Cary Weiman will spotlight a ballroom and disco dance revue and disc lessons.

The Koshier dell-buffet-appetizers through desserts—will be served throughout the evening. Door prizes drawings are also planned.

Greisman notes that the \$10 per person gratuity is tax-deductible and all proceeds benefit residents of the non-profit, nonsectarian home at 6001 Touhy, Niles.

# Maine East summer school registration

Whether Maine East students like it or not, it's time to start thinking about summer school. Registration starts April 21 in the Maine East guidance center and continues through June 9. The cost for 3 weeks will be \$40 and for 6 weeks \$70.

Courses which begin either June 9 or June 30-run daily from 8 a.m.-12 noon.

However, Biology I will cost \$108 and includes bus fare for field trips. The course costs more because it runs 7½ weeks.

In addition to Biology I, nearly 30 courses are being offered in summer school this year. Three English, six math, five social studies and two art courses, for example, are open for registration.

In addition, courses like Drama I, Typing I, Psychology for Living, CWT, Drivers Ed., Consumer Ed., Health, Music, and P.E. Make-up are also being offered.

Besides the various academic courses offered, there is a wide variety of recreation sports available: basketball, football, wrestling, track, gymnastics, tennis, swimming, golf, soccer and baseball.

# Niles Village Board

...Referred to zoning board the request from the YMCA, 6300 Touhy ave. for a change in zoning from B-2 and M to B-2 Special Use for the construction of an indoor tract, additional handball courts and racquetball courts on a lot to the east of their existing building. The lot was donated to the YMCA some time ago.

...Village awarded bids at the meeting of the Board of Local Improvements to Milo Gem Corp. to cover the removal and replacement of asphalt and removal of poles covering the tearing down of street islands on Nordica ave.

...Board heard a presentation from George Sullivan of Pollution Sciences, Inc. who has developed a modular incineration system for garbage disposal. Niles Mayor Nicholas Blase told the board he had appointed trustee Orville Ottow to look into this incineration plan since the landfill areas near Maryville in Des Plaines and the Lakeland landfill on Willow near the Glenview Naval Air Station are going to be filled to capacity within the next two or three years and the scavenger services are going to have to truck municipal refuse 50 to 100 miles away from here.

Costs are continually escalating," Blase said, "and we have to look to the future and seek other means for garbage disposal." Sullivan explained to the board he felt his incinerator system could cut the village's present cost for garbage disposal in half, depending on the size of the plant needed for the incinerator, the tonnage and the money market at the time of construction. Sullivan said his system meets all codes of Environmental Protection Agency and no smoke or odors are emitted from the system.

Lee Brandsman of the Glen Golf Disposal, the company which now handles the disposal of municipal refuse for the village of Niles, told the board his company is also concerned about the inevitable future problems of garbage disposal and they, too, are looking into solutions. He also noted that if it was economically feasible to go into incineration, they would go into it themselves.

They are currently constructing a new building with provisions for disposal of refuse and Justice Orville Ottow was instructed to meet with Glen Golf to discuss their future plans.

The Village of Niles currently is paying \$500,000 a year for garbage pickup for 7,352 households. This figure includes pickup of large items such as refrigerators, furniture and other heavy items excluding construction materials. The fee also includes the dumping fees charged by the land fills to the scavenger companies.

...Board discussed the passage of an Enabling Ordinance for Industrial Revenue Bonds which would enable developers in the village to build industrial and commercial properties and would give relief to these developers from the current high interest rates. According to Village Attorney Richard Troy, "It would enable us to be competitive with surrounding communities such as Skokie, Des Plaines, Mount Prospect and Arlington Heights which already have this plan." The village would be the issuer of the bonds, but would have no responsibility if the business were to default and the village would also have the authority to set the rates of the bonds.

Student-Built Luxury Car Gets 38 Miles Per Gallon

A luxury but gasoline efficient car built by a team of 15 University of Pennsylvania engineering students and two professors got nearly 38 miles per gallon while transporting six people. In the EPA city tests, the car got 36.4 miles per gallon, according to Dr. Alan Soler, professor of mechanical engineering and principal faculty advisor at Penn.

The car, which has more room inside than some Cadillacs, has two rows of bucket seats and a large back seat which can be folded down to convert the car into a station wagon.

Penn's College of Engineering and Applied Science attracts students and personal recruiters from all over the world.

### Niles Township sheltered workshop directors

Three well-known community-activists were recently elected as Board Members of the Niles Township Sheltered Workshop.

Mrs. Sherie Miller, a Skokie resident, has been active in the League of Women Voters for many years. She also has been a volunteer worker for the Council for Jewish Elderly.

Ms. Anne V. McGravie, a resident of Chicago, is a freelance writer who is currently compiling a history of Inishfree, an island off the northwest coast

of County Donegal, Ireland.

Mr. Philip Shevick, a resident of Evanston, retired last year after 25 years as a Vice President and Senior Manager with G. D. Searle & Co. He recently rejoined the business community as Vice President and General Manager of Dynascan Corp., a manufacturer of electronic equipment.

An engineer by profession, he holds many patents issued in his name.

Richard M. Haar, Executive Director of the Niles Township

Sheltered Workshop, stated: "I am extremely happy to announce the addition of these three dedicated, concerned individuals to our Board of Directors. Their wealth of experience in business and other community organizations will be most helpful to our staff, the senior citizens and handicapped individuals we serve, and to the many businesses throughout the community for whom we do subcontract work."

### Muscular dystrophy summer camp volunteers

To a youngster with muscular dystrophy, summer camp was once a dream. Now it's a fact of life, one sustained only with the help of hundreds of volunteers.

This year the three Chicago-area camps will serve more than two hundred patients. Needed are male and female volunteers for each camp.

Spend a week of your vacation at camp...an MDA summer camp. Help a wheelchair patient participate in normal riding and arts and crafts.

With the help of your arms and

legs, a camper can do almost anything. Without it, he may be unable to go.

You can sign up for one of two camp sessions: June 14 through June 21, or June 21 through June 28. No previous experience is necessary.

If you are between the ages of sixteen and thirty and want to volunteer, please call 663-0868.

Without your involvement, a free summer camp for a dystrophic child may once again become a dream.

### From the LEFT HAND

Continued from Page 1  
working week is almost over. There's many a week I have 6 or 7 Saturdays.

The best example of progress which has gone askew can be seen in the new watches which have digital dials. I have yet to meet an owner of this timepiece who can tell time as well as owners of regular watches.

We thought of a fool-proof way to beat Uncle Sam on April 15. All income tax returns have to be at the post office before midnight on that fateful date. But people owning postage meters could push the date back a day or two giving them a couple extra days of grace. However, knowing Uncle Sugar as well as we do, we're sure he could exclude late-received tax returns which have metered April 15 dates on envelopes, and are received several days later.

Mentioning Saturdays I've often wondered why someone hasn't created a calendar with just Fridays, Saturdays and Sundays atop the dates of the month. If this idea is impractical, certainly, having an extra Saturday in the middle of the week seems reasonable.

Diane Miller reminds me the Weber Warriors were out in force this past week-end. Barbeque odors were wafted horizontally and vertically as the new condo barbequers joined with their one-story cousins in filling the air with the Weber smells of summer.

### MTJC childhood Farmers Market... center

The Early Childhood Center of Maine Township Jewish Congregation, 8800 Ballard, Des Plaines, is now accepting applications for registration in a wide variety of programs for Fall, 1980. Those children who will be three by December 1 will meet 3 mornings a week. Preschoolers who will be 4 by December 1 can attend the 3 afternoon, or the more intensified 5 afternoon program. All programs offer a wide range of learning experiences including art, music, creative dramatics, physical activities, games and stories, and cooking experiences. Guided by professionally trained teachers who have had extensive educations in Early Childhood and Judaic subjects, the children become aware of their Jewish heritage in a wholesome environment which stresses socialization and independence.

Also offered in the Fall will be the Parent Toddler Program for children who will be 2 by December 1.

For further information, brochure, and registration, call Marge Baker, Director, at 297-2006.

### Oakton ...

Trustee Bruce Friedman commented, "This is a historic day for Oakton Community College. Our actions tonight demonstrate our commitment to provide high quality education for the entire district. Over the past several months the sincerity of the Board has been questioned by some residents of the eastern part of Oakton's district.

"Tonight we have not only entered into a lease for use of part of Niles East, we have also authorized the expenditure of over \$500,000 to staff a second location. These actions should erase any doubts about the seriousness of our intentions to do whatever is necessary to serve the eastern as well as all parts of our district."

When fall semester classes begin on Aug. 25, Oakton will be operating at four locations: the new Des Plaines campus, Niles East in Skokie, Marillac High School in Northfield and Notre Dame High School in Niles.

ces. They felt it was unfair if they wanted to leave town.

"We can't seem to find one scheme that is satisfactory to everyone and I suppose we never will," according to School Superintendent William Stout.

Another faculty request was there by two September preschool institute dates. Stout agreed this would make for smoother transitions in a year which will see the combining of school staffs due to the closing of Golf Elementary.

The final decision for the 1980-81 term is that Sept. 2 and 3 will be teacher institutes, with Sept. 4 the first day of attendance. There will be parent conference dates Nov. 17 and Feb. 13 and the last day of school will be June 19.

Updating the Golf Elementary rental situation, Ron Kochman reported the district has most likely lost Maine-Niles Special Recreation as a tenant, although the lease is being negotiated with the special education group. The special recreation board feels that Oak School, near Main and Milwaukee, which has recently come on the market, is more central to their service community.

Step-phase construction of the cable system if continuing throughout Morton Grove at this time and as early as mid-June, Continental plans to have cable television service ready. Morton Grove residents should watch the mail for information on when their neighborhoods will be ready for service.

Nathanson, Korb said, "All vacancies should be posted."

She said, "We have asked in the past that teachers who know what their positions will be next year wait until teachers who transferred or will be changing positions apply for vacancies." Korb said teachers are not bound by this policy according to the contract.

Korb said the grievance filed against Calderelli regards the procedure he has used in placing people and the procedure he will use in posting vacancies.

Monday's meeting is the first step in the grievance procedure. If differences are not resolved, both parties may take their case before the school board. A final step is binding arbitration.

Korb said the union did not take action until the April 15 public meeting in which the board's action was finalized.

Calderelli said he could not comment until the procedure is resolved. He said, "The district will follow the grievance procedure. If there is public action it will be available."
