Is School District 63 their own worst 'enema'?

Top choice rejects 63's top job

by Eileen Hirschfeld

East Maine District 63's top choice in the superintendent search rejected the offer Monday morning by telephone after reexamination of the district. According to one reputable source, he said, "The District needs a good enema."
Dr. Theodore Nicholson, 50, 8-year superintendent of schools in Wausau, Wis., was one of seven persons considered after a narrowing down of applicants. Contacted by phone, Nicholson said he felt "strongly, very strongly" that board members were conscientious and doing everything in their power to solve the problems of declining enrollment. Nicholson said, "It is always easier to deal with a district which has increasing

enrollment rather than a declining one." He stressed his belief board members are "a fine group of people" and he did not want anything said in a private conversation to hurt the district. He would not confirm the authenticity of the quote.
Board chairman Richard Smith would not confirm or deny the accuracy of statements attributed to Nicholson. Questioned about the status of the superintendent search, Smith said, "Frankly, at this point I am somewhat disappointed but not defeated. He (Nicholson) indicated his decision but the board may not accept the finality of it." Smith also said, "I am displeased with the revelation of

From the LEFT HAND

by David (Bud) Besser

When we began writing about Niles police department a couple of years back, we were prompted by several complaints from Niles policemen. Subsequently a management firm studied all departments. Because we zeroed in on the police department, we followed the story to its conclusion. The police chief's assistant, who seemed at the center of the windstorm, was moved out to the boonocks. He has since left the department.

Some of the basic problems surrounding the police department have never been followed thru. It is unlikely they ever will be.

When the young man who was selected "Policeman of the Year" resigned immediately after receiving the award, we began questioning the "buddy" system which limited "non-buddies" from advancing within the department. When a very fine young lady was squeezed out of the department by the callow actions of the "boys on the inside", it was time local officials looked more closely at what was going on down at the old station house.

Oakton to sell Morton Grove site

The Board of Trustees of Oakton Community College will offer the 2.3 acres of land it owns on the Morton Grove campus for sale.

The Board adopted a resolution at its business meeting on Tuesday, April 22, declaring the land located behind Building 6 on the interim campus surplus and directed the administration to offer the property for sale.

The property has been used as a parking area for Oakton students since its purchase in

1974. There is a small special-use building on the land which is leased.

Neil King, president of Armond D. King, Inc., Skokie, will serve as the college's real estate consultant on the sale, college officials said.

Oakton plans to vacate the interim campus at Oakton and Nagle in Morton Grove in August. The college has occupied the six industrial buildings since the college opened in 1970.

"Come Blow your Horn"

The Morton Grove Park District Theatre Company will present Neil Simon's Hilarious comedy, "Come Blow your Horn" on Friday, May 2 and Saturday, May 3 at 8 p.m. and on Sunday, May 4 at 2:30 and also 8 p.m. at the Prairie View Community Center, 6834 Dempster, Morton Grove.

Niles talent is represented by Mark Miller and Vivian Mitchell. Also appearing are Brian Maloney, Earl Bass, Sheryn Ellman, and Peg Bozorth.

Adult admission is \$2.50 and Senior Citizens (65 and older) and children are \$2. For further information and/or ticket reservations, call 965-1200.

NFS hosts Workshop

Niles Family Service is pleased to announce the third discussion of the Money Management Workshop this Thursday, May 1. This session will be devoted to balancing what you take in (income) with what goes out (expenses). The preparation and use of a budget is extremely important today as we slip into a recession. Keeping your head above water is a neat trick, but right now the water is rising! A workable and viable budget can give you something to hold on to and use for support.

Our workshop leader, Jean Bischman, will be further explaining how to prepare a useful budget. This will be a continuation of the discussion of last Thursday's meeting. She will take an average family's income and expenses and begin working with it to bring it to a manageable level. She will review with the audience how much of the income should be going for mortgage payments, car, food, entertainment, etc. Even if you weren't at the second session, this meeting may help you to better understand how to balance your budget.

The third meeting will again be held at the Niles Public Library, 6960 Oakton st., at 7:30 p.m. on Thursday, May 1. We look forward to seeing you there. It will certainly be time well spent. For further information, please call Dr. James Cisek at Niles Family Service, 692-3396.

Special Ed meeting

John Strauss, State Board of Education, will speak on "A Parent's Rights and Responsibilities - Your Child's I.E.P." at 7:30 p.m. Tuesday, May 13 at Low Incidence Cooperative Headquarters, 8257 Harrison st., Niles.

A movie concerning the topic and filmed as a special education project by Dr. Robert Henderson and his students at the University of Illinois will be shown.

The meeting will be sponsored by the Parent-Teachers Society for the Hearing Impaired but is open to all parents of children in special education.

Brebeuf basketball

The varsity of St. John Brebeuf boys basketball team finished a successful season with 21 victories and three team trophies. The highlight of the season was finishing in the "final four" of the C.Y.O. tournament. What was the N.C.A.A. tournament is to college basketball, the C.Y.O. tournament is to Catholic Grade

School basketball in the Chicago Archdiocese. In their opening game of the C.Y.O. tournament, the S.J.B. boys defeated St. Gilbert of Grayslake. To qualify for the "elite eight" they beat St. Ignatius of Chicago. To make the "final four" they defeated St. Francis DeSales of Lake Zurich. Since the S.J.B. boys aren't a tall team they relied on speed and quickness to develop a fastbreak oriented offense. Usually David Wells, Tim Flynn or Glenn Pietraszewski would clear the boards and outlet to Paul Leddy. A "bullet like" overhead pass would then usually go to Brian Whittle at midcourt, who was now in charge of the "power play" in the basket. On defense the S.J.B. varsity boys relied heavily of 1-2-1 and 2-2-1 zone passes. In this way a tenacious defense was in effect a very potent offense that featured penetrating passes and high percentage shooting. Brian Whittle, David Wells and Tim Flynn were named to the Northwest Catholic Conference All Star Team. They performed exceptionally well at the All Star Game hosted by Notre Dame High School.

Rich Fallon was a super sub that could fill in any starting position. Other members of this excellent team include: Andy Gallasini, Frank Calarco, John Murphy, Mike Schoose, Mike Nicholas, and Brian Murphy. The coaches were Dan Kosiba and Chuck DiPrima. Bill Kleich served ably as Manager.

SJB 6 grade cagers complete successful season

The 6 grade S.J.B. basketball team completed a very successful season finishing with a record of 26 wins against only two losses. Much of their success can be accounted for by the foundation in basic skills and an extra year of experience they received last year as S.J.B.'s first 5 grade team. This new basketball program was made possible by previous S.J.B. track-a-thons. St. John Brebeuf will be hosting its first adult Track-a-thon Saturday May 17.

This 6 grade team featured the same kind of offense that one sees in high school—press, fast-breaks, penetrating power plays and good outside shooting. This team captured the Northwest-Catholic Conference title beating the second place team by 11 points. Another highlight of the season was capturing the Faith, Hope and Charity School Tournament championship in double

overtime with Scott Cieko, Keith Parlich, Steve Pierski, Jerry Romanek and Alan Ochab on the floor overcoming the intense pressure. Scott Cieko scored 40 points in this championship game. This S.J.B. 6 grade basketball team also captured the first place trophy in the Niles Park District Tournament, and consolation championship in the St. Emily Tournament. The starting five during the season consisted of Scott Ciecko at center, Keith Parlich and Bonzi Allocco at wing guards, Bob Ugel at forward and Frank Kuhn at point guard. Coach Dan Kosiba related that the team had an unusual amount of spirit. Other Members of this outstanding team included: Craig Czerlanis, Dave Pavkovic, Mike Quinn, Ed Schenk, John Klancnik, Jim Litz and manager Pat Murphy.

Niles West Indians run over opponents

The Indian Track & Field Team from Niles West High School scalped the Raiders from Waukegan West and ran over the Tigers of Elmwood Park in a recent triangular meet held at Niles West. Niles West scored 124 1/6 points to Waukegan's 91 5/6 points and Elmwood Park's 33 points.

The Indians were led by Bruce Weil who won three events: the shot put, the discus, and the 100 meter dash. Steve Rosenblum was a double winner as he lapped the field in the 2000 meter race and sprinted to a win in the 1500 meters. Other individual winners for West were Victor Wu in the 110 meter High Hurdles, Steve Siegel in the Long Jump, Scott Margolin in the High Jump, Mike Lippe in the 300 meter Low Hurdles, and both Ken Klemm and Scott Evans who tied for first in the Pole Vault.

The sophomore Indians also defeated Waukegan and Elmwood Park as they won 10 of the 18 events that were contested.

LETTERS to EDITOR

What do District 207 Teachers Want??

Dear Editor:
Recently I received a letter from a former student who will be graduating from college in June. Besides thanking me for the time I spent in teaching accounting, as well as helping to develop her own personal interest and love for the accounting profession, she told me about her future plans.
After many job interviews with various public accounting firms, she had decided to accept an offer with a starting salary of \$16,500 a year plus overtime.
If this student were qualified and preferred to teach in H.S. District 207, based upon present compensation schedule, her offer

would be \$12,070, or \$4,430 less than above. Furthermore, she would note that after eight years' experience she would be eligible for a salary of \$16,165, still \$335 less than her above offer of \$16,500. But, if she returned to college and earned a Master's Degree, it would only take her five years of teaching experience to reach a salary level of \$16,610. (\$110 more than her present offer.)
So what do I, and other District 207 teachers want as far as salary concerns? To be paid on a par with public accountants? You might well say, "Quit teaching, and go into private industry." That is exactly what many

teachers from District 207 did last year, and it is possible more will do so this year.
But that is not what I want, and that is not what the Maine Teachers' Association leaders are asking for in their negotiations. I know that we are "public" employees in a not-for-profit industry—education. Most of us more than three decades ago.
We do ask for parity!! We want to earn a salary on a par with other suburban high school districts to whom District 207 has traditionally compared itself. Our morale is low, and dropping lower daily, knowing that we are 12 out of 12 in salary—lowest on the totem pole. We are not very happy knowing that we work 2.8 percent longer for anywhere from 5.7 to 17 percent less pay.
To paraphrase a popular anti-war slogan of several years ago: "What would happen if they open the doors of Maine high schools in the fall, and the teachers don't come in?"

Draft registration should include men and women

Dear Editor:
The draft registration is a very serious matter in the minds of most teenage boys and girls. I feel registration for the draft is very important! If we start registration it does not necessarily mean there will be draft. However, if there is, I feel we should be willing to fight for our country. But women should be considered equal. If women are not considered equal we should not fight. Don't get me wrong, I think women should be drafted but ERA should also be passed. If we are equal enough to fight for our country, we should be considered equal in everything we do. Therefore, I think both men and women should register for the draft because it is very important for the freedom of both our country and all the individuals living there.
Sincerely,
Linda Salomon

Illinois Bell plans electronic switching for Niles-MG

Moran Grove and Niles residents whose telephone numbers begin with 965, 966 and 967 soon will have the advantages of electronic telephone switching. Illinois Bell technicians are at work in Moran Grove making preparations to link some 24,000 area telephone lines to an electronic system that handles calls with great speed and flexibility while providing new service capabilities.

With an "in service" date about two months away, the switching center at 69th Dempster is alive with activity. Currently Illinois Bell technicians are identifying and testing each customer line which is being connected to the computer-controlled electronic system. They're also completing many intricate tests to ensure that the electronic system is ready for the additional customer lines when they are linked to the system Saturday, June 23.

"Our Moran Grove and Niles customers now can order our optional Custom Calling Service," explained Mary Russo, Illinois Bell's local manager. "This package of telephone service features provides phone users with the ability to tell when a second call is coming in on the line they are using, add a third party to a conversation, forward calls to another telephone number and dial frequently called numbers using only two or three digits."

Electronic switching also brings the world a little closer with International Direct Distance Dialing (IDDD). By dialing special number codes customers can place calls to 74 foreign countries without operator assistance. The existing electromechanical system that has served the area for 20 years will be removed and major parts reused in areas served by similar systems.

Conversion of local and long distance switching systems from

Western Electric Installer Ron Ayers (left) of Arlington Heights and Illinois Bell Technician Barb Molitor of Prospect Heights check continuity on a call path. This is just one of many intricate tests made in preparation for placing 20,000 additional lines on the electronic switching system Saturday, June 23.

electromechanical to electronic switching is one of the largest efforts ever undertaken by a single company. Throughout the Bell System, technicians are installing electronic switching systems at the rate of one each work day.

M-NASR adult day camp

The Maine-Niles Association of Special Recreation realizes the need to recreate people of all ages with activities that make life rich and rewarding. To this end they have implemented a special summer day camp for adults only. Set within the

beautiful surroundings of Maine Park in Park Ridge, a unique feature of this program is that each day of the week will be reserved for a different disability group with transportation provided by M-NASR for those who need it. The various disabilities will include physically handicapped, visually impaired, mentally retarded and emotionally disturbed individuals.

As the temperature rises this spring, the M-NASR staff is busy finalizing the plans for the summer adult camp. A wide array of activities are being planned which include horticulture therapy in our own accessible garden, fishing, ecology related topics, music, crafts, card and board games, many sports and games activities, and special events. In addition, this year there will be an emphasis on building outdoor camping skills which will culminate in a M-NASR adult overnighter at the end of the summer.

The camp will be held for six weeks beginning June 23. Our enthusiastic staff seeks to provide leisure opportunities appropriate to the skill levels of each adult. A 1 to 4 ratio of staff to participants will be maintained to insure proper attention to each participant. Come and explore the great outdoors with M-NASR for a summer you'll never forget.

For further information on this and many other programs call 966-5522. M-NASR is a cooperative of the Skokie, Golf-Maine, Des Plaines, Morton Grove, Park Ridge, and Niles Park Districts, and the Lincolnwood Recreation Board. This agency provides leisure opportunities for special populations.

Frank is the son of Mr. and Mrs. Frank Lemanski, Sr., of Niles.

Golf Mill names Landscaping director

Everything will be coming up tulips, geraniums, begonias, impatiens and many other bloomin' things at Golf Mill Shopping Center this Spring. The Center, located at Golf and Milwaukee in Niles, has planned many landscaping projects and improvements including a lot of color with blooming plants. To help achieve this goal, Patrick O'Shea, Manager of the center, has added to his staff Director of Landscaping Val Sidor (pictured).

Beautification of the Center is a three-year project which Sidor began last Spring and continued with during the cold days of winter when Chicago's heavy snows prevented working out-of-doors. An unused basement area was found which now has the appearance of a greenhouse. Under fluorescent lights, 8,000 plants, including 800 geraniums, begonias, and other bedding plants, have been propagated there. These plants will be grown in the outdoor beds this summer.

Centel reorienting business to compete in new markets

Central Telephone & Utilities' said today that it is reorienting its business to compete in new telecommunications markets which are developing outside the boundaries of government regulation.

The company also reported that first quarter earnings rose nearly 8%. Robert P. Reuss, chairman and chief executive officer, told shareholders attending the company's annual meeting here today that Centel had anticipated a Federal Communications Commission move earlier this month to deregulate the telephone terminal equipment market.

The FCC ordered that after March, 1982, telephone customers will be responsible for providing own terminal equipment, such as telephone sets and business communications systems.

Reuss said the company has not waited for the telephone industry's structure to be redefined by regulation or Congressional legislation.

Centel began selling business communications systems in preference to leasing almost two years ago and has been selling telephone sets for more than a year.

"We have redefined our business objectives in light of the new competitive environment," Reuss said, "and our organization is reorienting itself to think in terms of market share rather than asset base."

He said the company also has taken steps to limit its capital commitments in the regulated terminal market.

"We are concentrating our financial, technical, and marketing resources on new business opportunities in the rapidly expanding communications market," Reuss said.

Centel President William G. Mitchell, noting an upward but slower earnings trend, said net income for the three months ended March 31, rose 7.7% to \$21,513,000, equal to 82¢ per share, from a restated \$19,977,000 and 77¢ per share a year ago. Revenues and sales increased 11.8% to \$204,536,000.

For the latest 12 months, net income was up 11.4% to \$87,321,000, or \$3.34 per share compared to \$78,374,000 and \$3.04 per share in 1979. Revenues and sales climbed 15.0% to \$814,436,000.

"We continue to press for faster recovery of capital investment in telephone plant and terminal equipment," Mitchell added.

Your Money Matters

"Money Market Mutual Funds VS Money Market Certificates"

Everyone today is concerned because inflation has sent interest rates so high, you hear a lot about alternative investments such as the "Money Market Mutual Funds". Anyone thinking of placing their hard earned dollars into these mutual funds should understand - they are not "just like savings accounts" or a "Money Market Certificate" available at savings and loans.

On the contrary, money market mutual funds are not savings accounts as we know them at all. They are mutual funds, and when you place your money into the mutual fund, you are buying shares in them just as you would in any other type mutual fund. The funds in turn accumulate sums of money and place these funds in money market instruments which can range from United States Government securities to commercial paper ... from very secure to highly speculative and risky investments.

There are major differences between these mutual funds and the insured-safe money market certificates (as well as other savings plans) offered by savings and loans. Mutual funds are not safe as compared with money market certificates for some very good reasons.

(1) **SAFETY - Savings Certificates** are federally insured. Money you save with a savings and loan such as in a money market certificate is insured-safe as provided by membership in the Federal Savings and Loan Insurance Corporation, an agency of the United States Government. Not one penny of insured savings has ever been lost. Your savings account is insured up to \$100,000.00. All insured associations must meet stringent federal insurance reserve requirements and undergo regular financial examinations.

Mutual Funds are not insured, they are like shares in other kinds of mutual funds. How is the ordinary person to be sure of the soundness and integrity of the fund's sponsors? There's cause for worry and concern here.

(2) **ASSURED RETURN - With Savings Certificates**, you know what your return will be over a stated period of time. You may lock in at today's high rates for a definite period-with some savings plans up to 8 years, depending upon the type savings certificate you select. You will never be disappointed because your rate of interest is assured.

Mutual Funds are no assurance as to the rate of return you will receive. The rate of return changes daily. Today's return may be high, but short-term interest rates tend to fluctuate. If they start to fall, your return could plummet. You don't know what your return will be from one day to another!

(3) **CONVENIENCE - Savings Certificates** are unmatched by any mutual fund. Offices are near where you live or work. You become a name, not a number (very consoling when a problem arises). You cannot beat a person-to-person relationship when you have a question that needs answering. Your money is near at hand ... readily available to meet any sudden need for cash.

Mutual Funds - You may do business with people you will never see nor meet. They may not even be located in your area. They may be located out of state! Getting your money in or out may be a problem for you. The telephone or mail is seldom as satisfactory a way to settle a matter or correct a mistake.

(4) **COMMUNITY REINVESTMENT - Savings Certificates** - When you deposit savings or invest in a savings certificate with savings and loans, you know your money will be used primarily for home mortgage loans in your own community.

MUTUAL FUNDS - Money put into a mutual fund moves out - can go anywhere: into Government instruments, commercial bank obligations, or unsecured "paper" of companies which want to raise short-term cash. Where the fund invests may not be compatible with your investment goals.

IN SUMMATION: Mutual Funds VS Savings Certificates have a great many differences and are not really comparable at all. If **INSURED SAFETY, CONVENIENCE, GUARANTEED RETURN, AND KEEPING YOUR MONEY CLOSE TO HOME** mean something important to you, a savings account, savings certificate, or money market certificate at a savings and loan is the best place for your savings.

An autograph party for Lincolnwood author Charlotte Herman's new book, *On The Way to the Movies*, will be held from 3 p.m. to 5 p.m. on Thursday, April 17 at the Lincolnwood Library, 4100 W. Pratt.

City scenes and drawings of apartment buildings adorn the pages of this early reader book, one that started out as a suburban tale. "I was taking my own children to a neighborhood movie one afternoon," Mrs. Herman, mother of four, recounts. "So many different things happened just getting there that I know I had the start of the story for my next book." She wrote the beginnings of the book in the darkened movie theatre that very afternoon. How two brothers, one older and one "tag-a-long," spend their time on their way to the movies and what happens after they get there is sure to delight all of Mrs. Herman's fans.

Be sure to be at the library on Thursday afternoon. It's your

chance to meet a famous author, read a good book, and help to celebrate National Library Week!

For any further information, please call the library at 677-5277.

Teletype employee aids Channel 11 auction

It takes the various skills and efforts of many people each year to make the annual Channel 11-WTTW auction a success. One of those people is Curt Renz, software design trainee for the Teletype Corporation.

On Saturday, May 3, from 12 noon until 3 p.m., he will take his turn at auctioning some of the varied items donated by business and individuals for the benefit of Channel 11 programming.

Renz brings considerable broadcasting experience to this volunteer project. He is a former newscaster for Station WQRV in Rockford, has done some TV commercials and has taught salesmanship classes. A graduate of Northern Illinois University, Renz majored in Business Management and selected speech as his minor. Employed by the Teletype Corporation since last September, he has narrated some films for the company. Like so many people in the

Channel 11 viewing area, Renz enjoys the programming being presented and believes everyone should lend support for future broadcasting.

Metropolitan Youth Symphony Concert

The Metropolitan Youth Symphony Orchestra, under the direction of Pamela Overstreet, will close its twenty-first season with a performance at Orchestra Hall, 220 S. Michigan ave., Chicago. The concert will take place at 8:15 p.m. Friday, May 16. Tickets, at \$3 each, will be available at the box office before the performance.

The orchestra's musicians come from many neighborhoods of Chicago and from about forty nearby cities and towns. Membership in the orchestra is based solely on ability as demonstrated by audition. The result is a superb array of talents representing the advanced Chicago and high school and college instrumentalists. Rehearsing under professional leadership, these players learn to blend their individual skills into a coherent musical team.

Miss Overstreet of 3023 N. Narragansett in Chicago, the orchestra's conductor, is a faculty member of the DePaul University School of Music, a teacher of violin and the director of strings

and orchestra for the Niles Elementary Schools. Local orchestra members include: Amelia Bartholomew, Lincolnwood; Philip D'Ascenzo, Niles; Kathy Jung, Niles; Betsy Klinenberg, Lincolnwood; Todd Nickow, Lincolnwood; Lisa Nimz, Morton Grove; Debbie Paulis, Niles; Michael Shlemon, Niles; and Debbie Ziegelski, Niles.

Down the Avenue -- the "in" place of Niles

Down the Avenue, 6915 Milwaukee ave., Niles, has one of the most interesting and unique menus I've ever come across. The menu is made up in the form of a newspaper from the bygone days of the Gay 90's. It's called the "Down the Avenue Gazette", published in Niles. The editors are Matthew, Bill and Vivian.

The front page is made up with early examples of advertisements before "the reason why to buy them" were developed by A.D. Lasker, the dean of American advertising men. When opened it becomes a menu, an extensive one, offering gourmet foods, cooked to order from prime meats and the finest of fresh seafoods. The specialty of the house is their super fabulous Bar-B-Q Baby Back Ribs served with Down the Avenue's special homemade sauce. These are thick, juicy, baby tender back ribs, fairly bursting with juice, that just melt in your mouth. You can order the King's Ribs or the Queen's Ribs, and the price is affordable for the greatest taste-thrill you've ever put into your mouth.

ED HANSON Quick Silver turns into gold ... good news for food lovers!

Jan & Zofia's was jammed to the rafters last Saturday night, with the young, middle-aged and even the elderly. They poured into the restaurant, bar-lounge early and continued to arrive even after the Quick Silver group began to play their music of the 50's, 60's and 70's.

I arrived about 9 p.m. and had to wait more than an hour for a table. My date, a widow of fifty, had been out skeet shooting at the Lincoln Park Gun Club in the afternoon. Windburned by the strong lake winds, she hadn't eaten all day, and was as hungry as a Grizzly bear after hibernation. "Growl, but don't bite," I said to her after we finally got a table and the food was served.

She had the beef with horseradish sauce, while I selected the Wiener schnitzel. Both were excellent, and we relaxed and enjoyed the music of the Quick Silvers. They were really excellent. Far better than I had thought they would be and the overflow crowd applauded and thoroughly seemed to enjoy themselves dancing and listening.

This group will again provide "live entertainment" next Saturday night beginning at 10 p.m. till 2 a.m.

Jan & Zofia's offer weekly specials for lunch and dinner, Monday through Saturday. They are now open 7 days a week; their bar and cocktail lounge is open till 4 a.m. Every Sunday they offer big Polka parties. Oh, yes, they serve the most delicious homebaked Kolackys I have ever eaten. In fact, all their food is absolutely super and very reasonably priced.

Here's some more really good news for food lovers ... Tedd's Early Times of Niles is back in all five Bugle Newspapers with a new campaign of advertising (see their large ad on page 28).

Roselynn is your hostess in the mornings and early afternoons and Harriet is the hostess for late afternoons and evenings.

Tedd's Early Times 7420 N. Milwaukee ave., Niles, has brand new breakfast, lunch and dinner menus - the most extensive anywhere in the entire area. For example, they have daily breakfast specials, a different one each day, Monday through Friday for only \$1.10. Yes, I said \$1.10. Hell, you couldn't eat that cheap 40 years ago, and any food that's served at Tedd's Early Times is absolute top quality.

Besides, they have an executive chef by the name of Mr. Mitchell with more than 40 years of experience, having served Warsaw's Restaurant, 820 Ashland; & M Restaurant, 4008 Montrose, and he was also executive chef at the world-famous Czarni. Many Polish people know Mr. Mitchell and how well versed he is in the culinary preparation of both Polish and American dishes.

In addition to Tedd's Early Times menu featuring a most extensive variety of entrees, they have the very best of pizza and super Bar-B-Q ribs.

Their cocktail lounge and bar is comfy and quiet, a perfect place where one can relax with family and friends and enjoy every type of beer, wine or cocktails at very reasonable prices. All regular cocktails are only \$1 and at Tedd's, you get more than full measure.

Tedd's Early Times of Niles has it all ... something for everyone of all age groups, but most of all it's a place where you can bring your whole family and your friends. When you're entertaining acquaintances, business associates, loved ones or friends, the satisfaction they will derive from the tasty, quality foods, and delicious hard or soft beverages will reflect back on you with the credit of satisfaction.

Reservations, while they're not necessary, are suggested for weekends. When the word gets around about Tedd's Early Times' new menu, and their reasonably priced specials, their already large business will begin to swell like a sail in the wind ... for I am going to blow 5 Bugles about the merits of this exceptionally fine family restaurant and lounge.

And now you know it's so, because I, Ed Hanson, told you so ...

P.S. Soon, I'll have some really important news stories - they're on the kitchen stove now, and they should really generate some "heat"!

Psssst! The Kentucky Derby horses this year ain't worth a dime - that's why "Plugged Nickel" should win it!

Niles West Thespians present double feature

Niles West thespians and director James Batts will present their spring play double feature, "The Shooting Gallery" and "The Enigma" on May 1-3. Both plays are written in the "theatre of the absurd" fashion, a style which combines everyday situations and language with unexpected happenings to express universally important ideas.

"The Enigma" tells the story of a young, insecure bachelor who is followed by an imaginary tigress. He meets and falls in love with a young woman who is haunted by an imaginary gorilla. Niles West young man and senior Gayle Sidler will be the young woman. Freshman Richard Schwartz plays the young man's "secure" friend. Other cast members include freshmen Mike Albert and Mindy Shapiro and sophomore Debbie Rich. Seniors Stacey

Steinberg and Janice Thall are the assistant directors.

"The Shooting Gallery" is about a man so obsessed with winning that he has been in a shooting gallery for two years. The prize represents college, a family, a happy retirement-things we all strive for. The play features junior Gary Perlmutter as the husband, Thall as his wife and Albert as the bear.

The technical director and designer for both shows is Harriet Ball. The crew includes students Randi Burger, Lisa Tomoleoni, Bruce Claver, Todd Stern, Sol Myers, Michele Gross, Jenny Monnier, Karen Gaines, Lori Freed, Gail Rapoport and Don Birren.

The spring plays will begin at 8:15 p.m. May 1-3 in the Niles West auditorium, Oakton st. at Edens, Skokie. Tickets are \$3 for adults, \$2 for students.

Walk with Israel.

Cont'd from Skokie-L'wood P.1 medical and educational programs in Israel through the Jewish United Fund-Israel Emergency Fund.

Theme of the Walk this year is the ingathering of Jews in Israel from more than 50 nations of the world. One-third of Israel's Jews are survivors of the Holocaust, and one-third are refugees from Moslem lands.

Participants also will be able to test their knowledge of Israel through a series of Questions and Answers posted along Walk routes. "It's a way of keeping Walkers' minds off their feet," one Walk leader quipped.

A 3200-meter (2-mile) Mini-Walk for senior adults and youngsters walking or being wheeled by their parents will also be conducted with the Horwich JCC as starting and ending point.

Special entertainment will be provided at the Mini-Walk midpoint (Indian Boundary Park) from 11 a.m.-1 p.m. by "Tiny Toy", star of WBMM-TV Channel 2's Sunday morning show "Magic Door" and puppeteer Renee Weingarten, and her 11 year old son, Mitchell.

How to recognize a Census taker

Census takers for the 1980 Census of Population and Housing are easy to identify, according to Census Regional Manager, James Johnson.

They wear red, white and blue ID cards with the U.S. Department of Commerce seal and "Census Enumerator, Official Credential" printed on them. Their cards also have their signatures, certifying that they have sworn to keep confidential all information they collect for the census. Any Census Bureau worker who breaks this oath faces a fine, or imprisonment, or both, but the Bureau's record on this is spotless, the manager said.

Census takers have started making their rounds here, calling at residences from which householders have not mailed back their census questionnaires. They are using the telephone to reach most of the householders who have mailed back questionnaires inadequately filled out.

Anyone without this official identification card who claims to be a census taker should be reported to the police or to the district office. Dial information for the local census number to call.

Niles public officials (as good a village board as Niles has had in many years) somehow shunned digging into the more personal aspects of the department. Certainly, it is difficult to attack a buddy system in which the top guy's favorites slowly rise to the top. But Niles trustees were sadly lacking in confronting a problem which the management firm was not likely to study.

All para-military groups, like their big cousins in the military, have this endless problem. If you know how to apple polish and not make waves, you're likely to move up and up and up. It just depends how many coats of polish you want to administer.

You can always point a finger at the top guy in the department. He certainly is the major decision-maker in rewarding the men who serve under him. But in Niles a very political Mayor, who spends full-time in town, is the final decision-maker.

In the problems which led to the management study, the Niles village president was at the core of the problems. The management study pointed to political ties to keep their fingers out of the department. They were writing about Mr. Blase. But it was an exercise of futility because it was Blase who used the police department for his private gains for many years which contributed to so much confusion in the department.

The police chief's assistant, who was demoted, actually was considered by many as being Blase's man inside the department. He used him in his private business practice, often while he was in uniform. Thus Blase's man was a check on Blase's police chief, as well as the other men in the department. It was no wonder several promising young men quit the department rather than fight such a system.

Time seems to camouflage the past's problems. Blase, who should have been severely censured by the village board, got off scott free. There was no way a village board, largely appointed by him, would ever have considered censuring him.

Loyalty Day Observance

Led by its Honor Guard and joined by its Junior Girls Unit, Skokie Valley Post No. 3854 of the Veterans of Foreign Wars and its Ladies Auxiliary will mark Loyalty Day on Sunday, May 4, by participating in the VFW 4th District Loyalty Day Parade in Streamwood. There will be a one mile line-of-march, with a 1:30 p.m. step-off time. Members are

asked to be at the Post Home, 7401 North Lincoln, Skokie, at 12 noon on that day for transportation to the Streamwood step-off point. Members wishing to drive individually will find ample parking space near the parade route. Refreshments will be available at the Post Home when the group returns late if the afternoon.

Run/Walk fundraiser for athletes

The Niles Township Olympic Committee and the Bank of Lincolnwood are sponsoring a 5,000 km run/walk and a 10,000 km (6.2 miles) run on Sunday, June 15. The race will begin at 8:30 a.m. at Niles West High School, Edens and Oakton, in Skokie.

The purpose of the run-walk is to provide funds for the unreimbursed expenses for local potential athletes. The U.S. Olympic Committee has announced that during May and June it will qualify an Olympic team in every sport in the 1980 Summer Games. Whether the U.S. Olympic team participates in the Moscow Olympics or not, the athletes will incur expenses while participating in the qualifying events.

One of the athletes who will benefit from the run/walk is speed skater Celeste Chlapaty of Skokie. She is a graduate of Niles East High School and the University of Illinois, Chicago Circle Campus and holds a masters degree in physical education from the University of Michigan. Celeste is a two time national champion in indoor ice speed skating and won a world indoor title in 1976. She still holds several national and world speed skating records.

Other athletes sponsored by the Niles Township Olympic Committee are speed skater Denise

between. Sixty-five percent (670) of those responding claimed to have seen cable television elsewhere in the country, and 60% (623) said they enjoyed it. Only 6% (56) did not enjoy it.

Respondents made a strong statement on programming preferences, overwhelmingly endorsing first-run movies as the top draw of cable. Eighty-eight percent (912) said they would like to see first-run movies on cable. The next most popular feature is children's programming, with 67% (691) saying they would like a separate channel of exclusively children's programming.

Other key results from the survey are:

• Just over 66% (678) said they would like to see local fine arts programming on cable (opera, ballet, symphony, etc.). Yet only 31% (318) said that local programming for parks, schools, community groups and the like should be a top consideration in bringing in cable. There were 600 (64%) who said it should not be a major consideration.

• Fifty-two percent (536) said they did not want a 24-hour sports channel, with 43% (443) in favor of that. Only 36% (365) want local high school sports to be televised, with 60% (619) responding no to that question.

Niles North Donates to Stadium Lights

A donation of \$1,000 made by the Niles North High School Student Activities Fund brightened the torchlight rally and roller race held last week by students of the three Niles Township high schools. The money and the rally serve the same cause—the effort to light the stadium at Niles West for community and school use.

Niles North athletic director George Baptist presented the check at the rally to Stadium Light Brigade fund drive chairman Arch Hanson. Reading from a letter by North principal Robert Wedy, Baptist said that "the Niles North student activities fund is making this donation...because stadium lighting will be of benefit to all students in the Niles Township high schools."

This donation brings the stadium lighting fund to a current total of \$17,894. A number of private donations are responsible for the balance.

Demon debators end successful season

The Maine East debate team recently ended one of its most successful seasons ever. This year the team won seventy-six percent of its debate rounds and advanced to elimination rounds at every tournament.

Maine East showed strength this year on all three levels. But the strong point of the team was the varsity team of Lenny Gail and Merle Weiner. Lenny started out the season on a good note by winning the Redlands University summer tournament. Equal congratulations go to Jeff Galkin, who won the Redlands tour-

namet at the junior varsity level. Maine East started out the season strong and became better with more competition. This year Maine East won six tournaments and placed highly at the remaining. Individual awards were also frequently received this year by the team. Lenny Gail lead the way with thirteen speaker awards out of a possible fourteen, followed by Merle Weiner, Bill Loebbaka, Jeff Galkin, and Miles Taub. This year the Maine East team was invited to join twenty-seven

other teams from around the country at the N.F.L. Superbowl of Debate, where they won the Consolation Bowl. Also for the first time ever, the team attended the prestigious Harvard University tournament, where they were fifth out of 136 teams. At Illinois Speech and Theatre Association competition, Maine East had a good showing on both the junior varsity and varsity levels with Lenny and Merle taking fifth in varsity and Bill and Miles taking second in junior varsity. At the Illinois High School

Association sectional competition Lenny and Merle were first while Bill and Jeff placed fifth. At the I.H.S.A. state debate tournament Lenny and Merle took first, beating the previously number one rated team from G.B.N. By doing this they not only became the 1980 state champions but also qualified for the national speech tournament to be held in Alabama this June and the Kentucky Tournament of Champions in May. The future looks bright for next year with the entire squad returning; in fact, squad members

have already begun preparations for next year, researching the topic Resolved: The federal government should initiate and enforce safety guarantees on consumer goods. Their work this summer will take them in all directions of the United States as they travel to debate institutes at Redlands University, Redlands, California; Northwestern University, Evanston, Illinois; the University of Kentucky, Lexington, Kentucky; Augustana College, Sioux Falls, South Dakota; and Harvard University, Cambridge, Massachusetts.

District 63 ... Continued from Page 1

a private telephone conversation. It was not appropriate."

According to one source, Nicholson said anybody coming into the district would have to clean it up and receive the blame for doing that or do nothing and receive blame for that stance.

He reportedly cited various coalitions within the community that were pulling against each other, specifically, a militant union, administrators and community members.

Nicholson supposedly said, "The district is two superintendents away from peace."

The position of superintendent has been vacant for one school year with assistant superintendent Donald Stetina acting in the interim. A previous administrator, Kenneth C. Moe,

also of Wisconsin, was appointed in 1978 and resigned in 1979 citing personal and family reasons.

However, much controversy during two school closings was believed responsible for his leaving.

A special closed board meeting was called for Tuesday evening according to Smith. He said the board has several options. They include picking a second choice, maintaining a status quo or returning to Dr. Nicholson. Smith said, "If you want something badly enough, persistence can often-times bring about the desired results."

Philip Deckwitz, board member, would not confirm or deny that Nicholson rejected the board offer. He did say, "It's not at all infrequent that a district would make an offer and have it turned down." He cited uncertainties of a position as a factor during the current housing situation.

Mr. Robert Corrao, vice president and general manager, says that, "Continental wishes to thank Morton Grove residents in advance for their cooperation. We hope that everyone will find our personnel to be courteous and efficient as they perform their work."

There is no charge to residents for this service, Mayor Flickinger stressed.

For further information, call the Morton Grove Health department, 965-4100.

Niles Twsp ... Continued from MG P.1

There is no charge for the affair and there is plenty of free parking in the paved lot adjacent to the new headquarters according to committeeman Kearney.

The hours are from 2 to 5 p.m. and the location is at the Skokie Swift terminal, 5001 Dempster st., Skokie.

Handicapped parking ...

Cont'd from Niles-E.Maine P.1 prohibit anyone but handicapped persons from parking in these designated selected parking spots. Those who are not handicapped and park in a handicapped zone can be issued a ticket by the Niles Police Department.

In the event a handicapped driver does not have "Disabled Drivers" state plates on his vehicle, he may display a blue card bearing the international wheel chair symbol of the handicapped. This card is to be placed on the visor of the drivers side of the vehicle so it is visible when the visor is in the down position.

Disabled persons, who do not drive but are a passenger in a car, can still use this card to permit them and the driver to park in these restricted parking zones.

In order to assist, and make it more convenient, for the handicapped persons who reside in the village, the Village of Niles will issue, free of charge, this parking card for handicapped people.

Niles is one of the first villages to issue such a card to its residents and the card is laminated in order to preserve its usage.

For any resident to wish such a card, he or she may come into the Village Clerk's office at 7200 Milwaukee ave., fill out a short application form, and present a Doctor's letter or certificate stating that the applicant is permanently disabled.

If you wish more information regarding this card, please contact Village Clerk, Frank C. Wagner, Jr. at 647-8433. This card is acceptable for usage in "handicapped" parking zones in many or most surrounding villages.

M-NASR cardiac exercise program

A cardiac exercise program, sponsored by the Maine-Niles Association of Special Recreation in cooperation with the North Cook County Heart Association and Skokie Valley Community Hospital, is taking applications from interested persons.

The program meets Monday, Wednesday and Thursday evenings at the Old Orchard Junior High School in Skokie from 6:30 to 7:30 p.m. The cost is \$130 for residents of Des Plaines, Golf-Maine, Niles, Skokie, Morton Grove, Park Ridge, and Lincolnwood, and \$195 for residents of other communities.

The fee covers 50 sessions during a 16 week period, and participants may begin the program two weeks after the required forms are received in the Maine-Niles Association offices.

The cardiac exercise program consists of supervised exercises, recreation and education for individuals who have coronary heart disease, or are in the rehabilitative period following a myocardial infarction, bypass surgery, other cardiac dysfunction or who may be considered to be "at risk" of heart disease, due to high blood pressure, obesity, family history, etc.

A participant must have a medical graded exercise test that is reviewed by his/her personal physician and by the program's Medical Director, Sushil Sharma, M.D., Director of the Intensive Care Unit, Skokie Valley Hospital.

The Medical Director establishes an exercise prescription based on the individual's performance on the exercise test. The exercise prescription sets the guidelines for duration, intensity and type of exercise the individual will perform.

The sessions are under the direct supervision of an attending physician who will make adjustments to the exercise prescription based on observation and evaluation of a participant's immediate response to exercise.

Exercise specialists with medical backgrounds are present to instruct and monitor the individual exercise programs. Emergency equipment and medications are available for use by the attending physician and the paramedic coordinator of the program.

Educational programs for the participant and his family are being added to inform them of the many factors involved in the rehabilitative process. Examples include programs on nutrition, blood pressure instructions, cardio pulmonary resuscitation, effects of medication, etc.

At the completion of each 16 week program, the participant's progress is reviewed by the cardiac exercise staff and the participant's personal physician in order to make periodic adjustments and evaluate progress.

MG Legion Auxiliary selects girls stater

The Morton Grove American Legion Auxiliary Unit #134 has selected their candidate for the mythical "city", Girls State, to be held this summer.

Cindy Huber, daughter of Mr. and Mrs. Don Huber of Morton Grove will attend the week's session after the close of school in June.

Chairman Mrs. Jeanette Hack approached the area schools and although Legion affiliation was not a pre-requisite, the Girls State Chairlady notes that Cindy is an active member herself in the associated Legion groups as well as her parents being active with Post #134 and its Auxiliary.

Miss Huber is serving this year as the Junior Chairman. The Junior Auxiliary of the American Legion are daughters, granddaughters and sisters of Legionnaires under the age of 18.

Miss Cindy Huber is a 16 year old junior at Niles North. A graduate of St. Martha's, she is interested in dancing and presently is a member of the Margo Grimm American Dance Co. Cindy has also been a member for the past 2 1/2 years of Niles North Auroras Dance Club. In addition, she has for almost the same period participated in the Niles North Girls' Gymnastics.

Her father served as commander of Post #134 for the 1977 term, and at the same time, her only brother, Frank, now in the Marines in Cuba, was head of the boys' group at the Legion. Presently her mother is a color bearer for the women's auxiliary. Cindy is also interested in and belongs to the Legion's Junior Club.

MG Legion Auxiliary selects girls stater

The Morton Grove American Legion Auxiliary Unit #134 has selected their candidate for the mythical "city", Girls State, to be held this summer.

Cindy Huber, daughter of Mr. and Mrs. Don Huber of Morton Grove will attend the week's session after the close of school in June.

Chairman Mrs. Jeanette Hack approached the area schools and although Legion affiliation was not a pre-requisite, the Girls State Chairlady notes that Cindy is an active member herself in the associated Legion groups as well as her parents being active with Post #134 and its Auxiliary.

Miss Huber is serving this year as the Junior Chairman. The Junior Auxiliary of the American Legion are daughters, granddaughters and sisters of Legionnaires under the age of 18.

Miss Cindy Huber is a 16 year old junior at Niles North. A graduate of St. Martha's, she is interested in dancing and presently is a member of the Margo Grimm American Dance Co. Cindy has also been a member for the past 2 1/2 years of Niles North Auroras Dance Club. In addition, she has for almost the same period participated in the Niles North Girls' Gymnastics.

Her father served as commander of Post #134 for the 1977 term, and at the same time, her only brother, Frank, now in the Marines in Cuba, was head of the boys' group at the Legion. Presently her mother is a color bearer for the women's auxiliary. Cindy is also interested in and belongs to the Legion's Junior Club.
