Park Board ponders Health Club plans

by Diane Miller

The Niles Park Board held a special meeting Tuesday evening to review the plans for a proposed health club in the Grennan Heights park building. The architect for the project, James Follensbee, presented his drawings to the board which also included the enclosure of the atrium at the same location.

The proposed health club, which will be a membership only proposition, will contain a steam room, saunas, whirlpools and exercise rooms which will house special equipment for physical fitness. According to Park Director Bill Hughes, other park districts have found much success when they incorporated the health club into their programs

and at the present time, Hughes stated, "we are not offering our residents a legitimate health program."

He also commented that no programs currently on the park's schedule will be deleted if the health club is approved. In addition all programs scheduled for Grennan Heights will continue. Continued on Page 21

Liquor dealers seek OK for electronic game machines

Fifty members of the Niles Liquor Dealers Association headed by their president Jim Kopulos, Jr., owner of the Golf Mil Lanes, 9300 Milwaukee, met with Mayor Nick Blase and Lt. John Christie of the Niles Police Department last Tuesday afternoon in an effort to seek village

approval for the installation of electronic game machines in their business establishments. The meeting was held in the meeting room at the Golf Mil Lanes.

The machines, according to Kopulos, are table-top units. Continued on Page 21

New fieldhouse to include basketball and track courts

Zoners ok addition to YMCA

by Diane Miller

The Niles Plan Commission and Zoning Board of Appeals Monday evening approved the request for approval of an addition to the Leaning Tower YMCA, 6300 Touhy ave., Niles.

Marvin Lotz, executive director of the Leaning Tower YMCA told the Zoning Board the proposed addition on the east side of the existing building will consist of a 140' x 200' fieldhouse which will contain a basketball court and running track on the first floor. A partial second floor will house 8 multi-purpose classrooms with restroom facilities. The building height will be 35 feet at the center sloping down to 25 feet on either side of the structure.

In addition to the new fieldhouse, a second floor addition is planned over the handball courts in the existing building which will provide 4 ad-

ditional courts. Lotz told the board in his original appearance before them on June 2 that these second floor courts were in the original plans for the existing building, but a shortage of funds at the time prevented them from being completed.

Lotz also noted the new building would conform entirely to the codes for use by the handicapped.

The YMCA currently has 20,000 annual members according to Lotz and he noted he did not feel the expansion of their facilities would cause a rapid increase in their enrollment. "We are seeking to solve our current problem of overcrowding with the expansion of our new fieldhouse," said Lotz. "Right now we do not feel we are able to provide our members with the type of programs they want due

Lutheran General Hospital has signed a two-year lease for the Nathanson School, to be used for a day-care center for the children of hospital employees and for use for a senior citizens program. Annual rent is \$91,375.50 to be used for administrative, maintenance and legal costs as well as landscaping, repairs and other capital improvements.

Meanwhile, 6,100 square feet at the Ballard School will be rented to the Niles Library District for \$1,250 per month.

Three groups now rent space at the Wilson school at the north end of the district and the Young Men's Jewish Council will be renting space at the Melzer School to be used for a day center.

These efforts are all belt-tightening actions which lessen the burden for all of us. The Niles Library move is really a triple play economy move which should be hailed by one and all. Not only are they saving approximately \$2,000 monthly by moving from the Shopper's Walk store to the Ballard School, but many of the same taxpayers in school district 63 will profit by their renting the school space. The closing of the school is a positive economy move. The transfer of the library from the privately-owned stores to the publicly-owned school is a substantial saving. And the closing of the school, consolidating the students in other schools, and then renting out the school to the library, is a taxpayer bonanza which is a savings to all of us living within the districts.

Hit and run accident on Dempster injures 1 person

Niles police are seeking a late model brown Cadillac with a damaged left front fender which allegedly was the cause of a 4 car accident and then fled the scene without stopping.

The pileup occurred last Saturday evening in front of Doc

Weeds restaurant, 8832 Dempster, Niles.

According to witnesses the Cadillac was attempting to make a left hand turn out of the restaurant parking lot onto Dempster when he struck an auto

Biondi seated on Zoning Board

Tom Biondi, 8460 Oak, Niles was officially seated on the Niles Zoning Board Monday evening. Biondi was recently named to fill the vacancy created by the resignation of Joe Raymond who resigned due to his retirement and planned move to Arizona. Raymond had served on the board for 10 years.

Zoning Board chairman John Frick expressed the board's gratitude to Raymond for his dedication over the past 10 years and his service to the Village of Niles.

Frick also commented that Biondi had shown "willingness to serve on the board and was dedicated to the aims of the Village of Niles and its people."

Biondi is president of the Oak Avenue Homeowners Association.

20 years service for Niles officers

Niles police officers Sgt. Al Golbach (l) and Captain William Terpinas (r) celebrated 20 years of service on the Niles Police Department on Friday, Aug. 1. Both men joined the force on the same day, Aug. 1, 1960.

Sgt. Golbach has been a member of the Detective Bureau for the past 15 years.

Captain Terpinas is the Operations Division Commander for the Niles Police Department and is in charge of the officers on patrol, reserve personnel and special detail personnel.

Terpinas is also a member of the Niles Police Department's softball team.

S.I.J. 55 Plus Club
Our First picnic was great. It was such fun, we hope to make it an annual event. Our cooks, Rose Arquilla, Kay Arquilla, Sarah Avensano and Alice Bassi along with our waitresses: Sue Bartels, Frances Batelli, Betty Beech, Marge Berles, Harriet Blesdoe, Wanda Borke, Florence Bein and Karen Brozik kept everyone filled with hot Dogs, Potato Salad, Bean Salad, Deviled Eggs, relishes, cookies, cake, Coffee, Pop, Beer and saw that no plate was empty. "CHEERS" go to Adeline Grosek, Betty Schillaci, and Jen Pranski, our ice-cream and watermelon girls. A big hand to Julie Jurasz, Stella Kiedzik, Mary Distad and Erna Hendrickson for their wonderful games which kept us all alert and had us all in stitches laughing. We welcomed the water balloon game as it kept us cool. The softball teams with Leonard Kiedzik as one captain and Peter Lencioni as the other captain really were great. Fr. Rich, home umpire and Nick Constantino, 1st base umpire said "Too bad there were no Cubs or Sox scouts around to pick up some of our "STAR" players for their teams...Winner of the Softball game was Leonard Kiedzik's team, and all the players said they enjoyed the game. Florence Lencioni, Social and Publicity chairman along with Alice Bassi, Co-Chairman thank all for coming to the picnic and to all the ladies who made the wonderful cakes, cookies, deviled eggs, carnal corn, etc. A Big Thank you to Catherine Pruetting and Agnes Schults for all the delicious Baked Beans.

This is vacation time and we, at the S.I.J. 55 PLUS CLUB, have two busses going to Harbor Springs, Mich. Aug. 4 thru Aug. 7. Then Sept. 29 thru Oct. 1 we go to Door County. When we return we have many interesting programs planned for the fall and winter, so attend the meetings so as not to miss out on any of the good times and parties.

CONGRATULATIONS: To August Pranske who was elected to the post of Faithful Navigator of the Bishop Raymond P. Hillinger Assembly and to Joseph Bradtke who was elected Admiral. Also to Rita Wisniewski and Harold Warmann who won the T.V. at Niles Days.
Good News: Happy to see our Vice President Joseph Catanzaro at the picnic after his recent surgery, to have Ann Mostek home and George Tajak. Sorry to report George Simon still on the sick list. They thank us for the prayers, cards and phone calls that helped them to recover.

Niles fights O'Hare airplane noise

Village of Niles Trustee Abe Selman has been appointed Chairman of the "O'Hare Airplane Noise Control Committee" in the Village of Niles. He and his committee will be working to have the airplane noise problem reduced. The City of Chicago is presently planning to increase O'Hare airport operations by 25%. Several other villages in the northwest area have also recently set up citizens committee noise pollution boards.

In order for residents to join this citizen effort in fighting airplane noise, Trustee Selman is asking all citizens to fill out the following questionnaire, clip it out and mail or bring it to the Administration Building. Support in numbers can greatly benefit the O'Hare Airplane Noise Committee.

Heart attack victims sought in medical study

Volunteers are urgently needed to help combat America's number one killer, atherosclerosis. This disease is primarily responsible for heart attacks, strokes and related fatal diseases that account annually for some one million deaths of 53 per cent of all deaths in the United States. The National Heart, Lung and Blood Institute is conducting a program at three participating medical institutions, including the University of Minnesota, to determine whether lowering blood cholesterol levels will reduce the risk of heart attacks. The University is seeking persons 28

through 64 years of age, who have had only one heart attack in the past 5 years. All such persons are asked to call the University of Minnesota Hyperlipidemia Study collect at 612-378-4494 for more information.

Certain drugs make you more susceptible to heat stroke

William L. Kempiners, director of the Illinois department of Public Health, today warned consumers that certain prescription drugs can make them more susceptible to heat stroke.

"As the environmental temperature approaches the body temperature and the humidity approaches 100 per cent, the loss of body heat through perspiration

rapidly decreases," Kempiners said.

While the body usually can maintain a steady internal temperature through sweating, some drugs reduce the body's defense against excessive heat by depressing the sweating mechanisms and may contribute to the development of heat stroke.

Types of drugs to be cautious of include:

Belladonna alkaloids-- Atropine sulfate, Scopolamine hydrobromide and Hyoscyamine sulfate.

Synthetic Alkaloids-- Trihexphenidyl HCL (Artane), Procyclidin HCL (Kemadrin) and Biperiden HCL (Akineton).

Antihistamines-- Diphenhydramine HCL (Benadryl), Chlorpheniramine Maleate (Chlor-Trimeton), Cyproheptadine HCL (Periactin), Triprolidine HCL (Actidil) and Brompheniramine Maleate (Dimetane).

Phenothiazines-- Chlorpromazine HCL (Thorazine), Thioridazine HCL (Mellaril), Promethazine HCL (Phenergan), Trimeprazine (Tecamyl), Methdilazine HCL (Tecamyl), Trifluromazine HCL (Vesprim), Promazine HCL (Sparine), Piperacetazine (Quide), Meoridazine (Serentil).

Tryptic Antidepressants-- Amitriptyline HCL (Elavil, Endep, Amitid), Doxepin HCL (Adapin, Senequan), Imipramine HCL (Tofranil), Nortriptyline HCL (Aventyl HCL, Pamelor), Tifmipramine Maleate (Surmontil), Desimipramine HCL (Norpramin, Perofrane), Protriptyline HCL (Vivactil).

Butyrophenones-- Haloperidol (Haldol).

Thioxanthines-- Chlorprothixene (Taractan) and Tiethixene (Navane).

Dihydroindolones-- Molindone (Molan).

Other Antropine-like drugs-- Benzotropine Mesylate (Cogentin).

Patients taking diuretics are also at increased risk of developing heat stroke. Patients should not reduce or discontinue their medication unless told to do so by their physician.

The symptoms of heat stroke are extremely high fever, red, dry skin and slow, noisy breathing. The victim may lose consciousness. Heat stroke may be preceded (though not always) by headache, confusion, disorientation, faintness, dizziness, and excessive thirst.

Those who should be especially concerned about the risks of heat stroke include the elderly, chronically ill, patients, alcoholics and those who do strenuous manual labor. Whenever possible, groups at risk should avoid excessive activity on hot, humid days and should drink water and fruit juices to replace what is lost through sweating.

The above information was taken from the Illinois Department of Public Health News Release July 30, 1980.

Legion Flea Market this weekend

The Morton Grove American Legion Post 134 will hold its annual Flea Market this weekend, Saturday and Sunday, Aug. 9-10 on the Legion grounds, 6140 Dempster, from 10 a.m. to 6 p.m. There is a 25¢ donation requested for admittance. This fee is to be used for the group's Rehabilitation work with the Auxiliary wherein the confined vets at the Chicago-land VA Hospitals are visited on a regular basis.

Coke and other beverages will be available, and Bob Strissel will preside at the pizza tent. A well-stocked kitchen will be run by Connie and Ed Mahnke and in addition to coffee and donuts, hamburgers and hot dogs will be available at nominal prices.

The Legion attracts many outstanding craftsmen and women, and among these presenting their wares will be Senior Citizens of Morton Grove. The 80 year old plus aged group will have Victorian antiques and collectibles available. Marion Argall of Glenview will show her duster dolls and chenille items.

Other who will be found on the grounds are: Mr. and Mrs. Badar of Bellwood with their hand puppets and general merchandise; Maria Blingtrubas of Summit, imported articles from Poland featuring folk art, dolls, plates, etc.; Debbie Bullock, Des Flaines, hand made stuffed animals, dolls and wall plaques; Cookie Fleisher with her original creations of silver and gold jewelry; Robert Turtis of Chicago, lapidary and silver-smith work; Dorothy Lisculuz, toys and new merchandise; and Mark and Seren Gergans of Palatine with their hand made miniatures, soap and other gift items.

Parade Grand Marshalls

Shown above are Peter and Florence Lencioni, president and social secretary of the St. Isaac Jogues 55 Club who were chosen to be Grand Marshalls of the Niles Park District's July 4th parade. The Lencionis expressed their feelings by stating they were "honored and thrilled to represent Niles' senior citizens."

Homestead exemption applications

Niles Township homeowners age 65 or over as of January 1, 1980 may apply for their homestead exemption at the Niles Township Assessor's Office. Assessor Robert P. Hanrahan would like to remind senior citizens that the closing date for applying for this real estate tax deduction is Sept. 1, 1980.

In order to apply the homeowner must have reached his or her 65th birthday by Jan. 1, 1980, must be the owner of record of the property as of Jan. 1, 1980 and must have occupied as their principal residence the property for which the exemption is sought.

Senior citizens should bring a recent tax bill, proof of age, and proof of ownership. For further information, please call the Niles Township Assessor's Office at 673-9300.

Flickinger names 'Little City' rep

Richard Flickinger, Mayor of Morton Grove, has appointed Richard Pellicano, President of the Morton Grove Jaycees, to head the volunteer recruitment for the 1980 "Illinois Smiles for Little City" Drive, to be held on Friday and Saturday, Aug. 8 and 9, 1980.

Little City, Palatine, IL., a residential treatment center for mentally retarded and blind children, needs 3,000 volunteers for the massive, statewide drive. If you can volunteer one of more hours of your time, please call Richard Pellicano at 965-8114.

You'll be helping children who cannot help themselves. Chicago Cubs baseball Hall-of-Famer, Ernie Banks, for the third straight year, is serving as Chairman of the Little City "Smiles" Drive.

NW Suburbs Synagogue Council installs officers

The Synagogue Council of the Northwest Suburbs is an organization of eighteen affiliate congregations in the Jewish Community which serves as a forum for the exchange of information and recommendations to the respective congregations.

Thursday evening, June 24, The Synagogue Council of the Northwest Suburbs held their Installation Dinner Meeting at Congregation Beth Hillel. Hosts for the evening were Rabbi David H. Lincoln, Bernard Hymen, Immediate Past President of the Congregation and Robert Stempel, newly installed President of the Congregation.

Outgoing President, Dr. Gilbert Iser of Congregation Kol Emeth of Skokie and Secretary-

Treasurer Rabbi Harold Stern of Congregation Enai Emenah of Skokie were thanked for their past two years of service to the Council.

Rabbi Lincoln installed as the new Secretary-Treasurer, Rabbi Bernard Mussman of Congregation Kol Emeth and Rabbi Neil Brief of Niles Township Jewish Congregation of Skokie installed as President of the Council Alvin Bloom of Temple Beth Israel, Skokie.

Mr. Bloom stated that there are many goals for the next year and that the Council will be working very hard to achieve them. An enlarged membership and a stronger voice in the community are two areas in which the Council will be concentrating.

WE'RE PUTTING \$15,000,000 ON THE LINE FOR YOU, ILLINOIS.

By George! More than 15 million dollars! And Centel will spend every penny of it in the coming year to give you the best possible phone service.

We'll use \$1.4 million to change Pekin to electronic switching so customers in that area can enjoy faster dial tones, quicker connections, and less static.

Park Ridge gets over \$700,000 in new electronic toll equipment. Another \$300,000 in Park Ridge will be used for new base cable.

In Dixon, \$2.7 million will be spent for a new digital switching system.

The change over to digital switching cost \$380,000 in Grand Detour. New switching also means investments of \$500,000 in Lacon, and \$325,000 in Green Valley.

And so it goes throughout the entire state. This year we're sinking millions into everything from underground feeder cables to new office facilities. And we have even bigger plans for the future.

Fact is, Centel will continue to spread "ol' George" around until your phone service is number one in the nation.

Wedding Bells

Pannarale-Klein

Rosann Antoinette Pannarale, daughter of Mr. and Mrs. James Pannarale of Niles, and Keith Steven Klein, son of Mr. and Mrs. Peter Klein of Niles, were married Sunday, June 1.

The Rev. Edward Duggan officiated at the 3 p.m. double ring ceremony at Saint John Brebeuf church in Niles. The Saint John Brebeuf Choir sang for the mass. John and Antoinette Russo, the bride's aunt and uncle, celebrated their 40th wedding anniversary that day. Rev. Duggan renewed their vows after the bride and groom took their vows. The choir sang "Always" as the couple was blessed.

The bride wore a white empire-fashioned gown of chiffon with a Queen Victoria neckline. She wore her hair up with a pill box headpiece beaded with tiny pearls and a cathedral veil. She carried a cascade bouquet made of orchids, stephanotis, and tiny pearls.

Lisa Sabatine of Elmwood Park was the maid of honor. Bridesmaids were the grooms' sister, Janine Klein of Niles, Jina Russo of Addison, Denise Janke of Elk Grove and Trudy Russo of River Grove. Nicole Corrado of Elmwood Park was the flowergirl. Brian Klein of Niles, the groom's brother, was the best man. Ushers were the bride's brother, James V. Pannarale II of Niles, Guy Grandolfo of Chicago, Don Janke of Elk Grove, and James Sabatine of Elmwood Park. Jeffrey Krenz of Corona, Calif., was the ring bearer.

A reception for 200 guests was held at the Fountain Blue in Des Plaines, with Chuck Weismueller's Disco-On-Wheels entertaining the wedding party and guests after dinner.

The bride is a 1976 graduate of Maine East high school. She is presently employed at Central States Pension Fund as an Executive Secretary. The groom is a 1974 graduate of Maine East high school. He is employed at the Illinois Tollway as Supervisor of the money room.

Porzak-Mayer

Joyce Lynn Porzak, daughter of Mr. and Mrs. Thomas Porzak of Niles and Linden E. Mayer, son of Mr. and Mrs. Ben Guazzo of Niles were married on May 10. Bishop Zawistowski performed the 4:00 ceremony at the All Saints Cathedral in Chicago.

The bride wore a white v-neckline venise lace bodice and high lace collar. Her gown had bishop sleeves and scattered appliques on a sheer yoke skirt covering a sataglo dress. Her headpiece was a three tier cathedral length veil held by a lace camelot cap with pearls.

Michelle Neumann was the maid of honor. The bridesmaids were Linnea Michel and Amy Mayer, both sister of the groom. The attendants wore light blue chiffon gowns with a sheer cape. The girls carried bouquets of blue and white carnations, yellow roses and blue baby's breath.

Robert Mayer, brother of the groom was the best man. The groomsmen were Bill Zurakov and Tom Porzak, brother of the bride. The bride is a 1977 graduate of Maine East High School and is employed at Vapor Corporation in Niles. The groom is also a graduate of Maine East High School and is a landscaper in Niles.

Auto accident
Last Friday afternoon an auto driven by Bernard Yong, Des Plaines, while attempting to cross Dempster at Western into the parking lot of the Dempster Plaza shopping center, struck a west bound auto driven by Melvin Klinghoffer, 9402 Noel, Des Plaines. The Niles Fire Department transported Mr. Yong to Lutheran General Hospital for treatment of injuries.

Missing jacket and driver's license
A restaurant owner in Golf Mill reported person(s) unknown removed his jacket from his auto which was parked in the shopping center. The jacket contained his driver's license and a lost license slip was issued to him.

Shoplifter apprehended
A 30 year old Des Plaines man was brought to the station and charged with retail theft after being apprehended by Sears security personnel while removing \$23.98 worth of men's clothing from the premises without paying for same. Court date set for Sept. 5.

Stolen bike
A 15 year old Park Ridge girl is without her 26" Schwinn bike today after her brother borrowed it from her and then left it untended in the Oak Mill shopping center while he ran in to get an ice cream cone. Youth said he was gone about 10 minutes and the bike, valued at \$149 was gone when he returned.

Heart Association thanks swimmers

Dear Editor:

As president of the Heart Association of North Cook County, I want to express my deepest appreciation to the swimmers, sponsors and pool staffs who enthusiastically supported the fifth annual SWIM-FOR-HEART. Swimmers from your communities joined thousands of others at 120 pool throughout Cook, DuPage and Lake counties, making this the largest single event of its kind in the country. Numerous park districts, apartment complexes and special recreation associations have added additional SWIMS scheduled during August.

Local recreation professionals, many of whom are members of the Suburban Park and Recreation Association (sponsor of the SWIM-FOR-HEART to benefit your local Heart Association), are to be applauded. Thanks to their efforts, the SWIM has brought residents and recreational facilities together to promote ongoing cardiovascular health activities which can help reduce one's risk of heart disease and stroke.

A special thank you is also due this newspaper for providing news coverage of this event. Without this newspaper coverage to help educate the public about the benefits of swimming, SWIM-FOR-HEART would not be the success that it is.

The spirit of generosity and cooperation from all areas in the community has been most appreciated. To those who swam their hearts out and those who pledged contributions to support heart research, education and community programs, we are especially indebted.

As your local representative of the Chicago Heart Association and its volunteers, I thank each of you who have become members of the Heart Family through the SWIM-FOR-HEART. I extend my heartfelt gratitude to all of you who help keep our life-saving programs functioning.

Sincerely,
Robert Bielinski, M.D., President
Heart Association of
North Cook County

Resurrection appreciates publicity

Dear Editor:

Resurrection Hospital's Women's Auxiliary would like to express its appreciation for the publicity coverage we received the past year.

We believe our community health education program and fund-raising activities have been well attended because the public has been informed of these ac-

tivities through your newspaper. Our year has been most successful, and we salute you for your cooperation in reporting our endeavors to the community.

Gratefully,

Hilkin cites MG Board for 'spending wildly'

Dear Editor,

Another example of fiscal irresponsibility occurred in Morton Grove this past week. The village board approved a record-breaking budget increase in the Corporate Fund of over \$1.1 million, or a 24 per cent increase. This is in contrast to surrounding villages with similar expenditure items but who exercise proper fiscal control, such as Skokie at 8.8 per cent; Niles at 5 per cent and Glenview at 7 per cent. These are facts.

What is our village tax rate going to be next year after a 51 per cent rate increase this year and 25 per cent last year? Just wait until you get your delayed tax bill this fall and see what I mean about fiscal recklessness and then give me a call. Where are all the improved services to be seen (which they always talk about) for those astronomical increases during the last 3 years of Action Party administration and domination? I don't really see them, do you??

Our village has NOT grown in recent years; our population is slipping, yet the board goes on spending wildly, causing the village tax rate to skyrocket almost 100 per cent in 3 years...the HIGHEST tax rate of any surrounding town; high school or elementary school district.

While I was in office I believe we ran a very tight fiscal ship and there was never any complaint about the excellent services we provided all the residents then...we even added the paramedic service and the blood program...and these are facts. But to get an almost 100 per cent village tax rate increase in just 3 years of this administration and no significant increase in services to justify these huge tax increases is certainly an expensive luxury we can't afford these days. The most hard-pressed people to suffer these increases are our senior citizens with fixed incomes. My heart goes out to them.

A \$1,200,000 bank loan (the FIRST ever!) at over \$25,000 interest cost to the taxpayers; over \$500,000 in deficit spending the last 2 years; our cash flow and reserve depleted...these are the irrefutable facts. Is this fiscal responsibility or prudence as has been suggested by this administration?? Can we afford the same kind of runaway spending we're getting from Jimmy Carter right here in Morton Grove?? I think not. It's time for a change.

Sincerely,
John Hilkin

Miniature golf course discriminates against handicapped

Gentlemen:

I am a 21 year old student at Northern Illinois University in DeKalb. Next May I will receive my degree in Criminal Justice. I feel that something very unjust was done to me on Tuesday, July 31, 1980, this is worth noting. I feel it affects a minority of persons in the Morton Grove area, but is of great importance.

The reason for this letter, is to aid those that are truly handicapped in the area. Who says that these people are not able to participate in such activities like everyone else? I thought we had laws to protect things like this. There are stairs at Par King, but his is a poor excuse, because I can get up and down stairs on crutches as fast as people without. How about a person that has spent his entire life on crutches.

Thank God I had to spend only this summer on crutches and not my entire life, because people like this make many peoples lives living hell. I feel that this owner of Par King should think about it.

Very truly yours,
Michael J. Wood
6711 N. Lightfoot ave.
Chicago, Illinois 60646

Editor's note: Nick Bozmos, partner and operator of the Par King Miniature Golf Course stated that no one is allowed on the course without a shirt or shoes. Since there are many moving objects, revolving turntables and curbing around the course in addition to dips and grades, anyone with their toes exposed is subject to injury and falls. According to Bozmos, they have had people with casts on who could stand very well without crutches trip and injure themselves severely.

"We're trying to protect them as well as ourselves and at the same time are trying to be responsible business operators." Bozmos also told The Bugle he has been instructed by the insurance people not to let anyone with exposed toes play on the course.

Questions Porter's stand on noise pollution

To the Editor:

I find it amazing that Congressman John Porter plans on introducing a bill to give a 15% tax credit to homeowners who insulate their home against jet airplane noise.

When Porter was an Illinois state representative he introduced a bill that would exempt the Northbrook gun club from noise emission standards. He did this in spite of a complaint to the Environmental Protection Agen-

cy signed by 500 Deerfield and Northbrook residents. At the time he attempted to justify the bill by claiming that anyone who bought property near the club, knew it was there, and paid less for the property because of the club.

Now, in an ironic twist of fate, Porter is attempting to appear as a champion of those who fight noise pollution. By his earlier logic, people who live near the money they saved when they bought their homes. I wish Porter would make up his mind. Does he care about controlling noise pollution or not? Who knows?

Sincerely,
Randall Randozzo

Stolen bike recovered 8 years later!

Officer Dan Halley points to the bicycle registration sticker which is still affixed to the bike frame, while proud owner, Mark Wilczynski, stands beside his eight-year old recovered bicycle.

Eight years ago Mark Wilczynski of Niles got a brand new ten-speed bicycle. In order to safeguard his new bike, he rode it to the nearest store which sells chains and locks. After purchasing the safety chain and lock he exited the store only to learn that his new bike was gone.

Brokenhearted, he contacted the Niles Police to make a stolen bicycle report. In giving the report Mark described the bike and said that it was registered with the Niles Police and it bore a Niles bicycle tag, which was affixed to the frame.

That was over eight years ago. Recently, Mark received a call from the Niles Police, who stated that a bicycle had been found abandoned in Northbrook, Ill. and it had a Niles bicycle tag on it that was registered to Mark. It seems a Northbrook resident sighted the bike, after it was dumped in a stairwell, noticed

Graf's Jury wins Morton Grove Tourney

A base clearing triple by Ted Mroz propelled Graf's Jury to a 10 to 3 victory over Pokers III in the Championship game of the Morton Grove Park District's 12th Softball Tournament held July 26 and 27 at Harrer Park.

Pokers III mounted a challenge in the bottom of the third inning only to be victimized by the defensive play of the tournament as with one runner on and one already in, Graf's left fielder Tom English made a miraculous

one handed diving catch moving to his left, a ball that left center-fielder Jim Simkins had absolutely no chance to make a play on.

Five members of the winning team had two hits each while shortstop Steve Dibasio led the attack with three hits and two runs scored.

Other team members are Bob Deleonardis, Ralph Dynek, Joe Alquez, Jim Oraham, Joe Koziol and Jerry Weiler.

1st Annual Splash Dive Competition

1st Annual Splash Dive Competition will be held on Wednesday, August 13 at 6:30 p.m. at Harrer Park Pool. Competition will be in 3 divisions - Lightweight-129 pounds and under; Middleweight-130-189 pounds and

Heavyweight-190 pounds and over. Trophies will be awarded in each division for 1st and 2nd place. A \$1 entry fee will be charged. Sign up NOW at Harrer or Oriole Pool Offices.

Mens 16" Softball

Mens 16" Softball Tourney still has openings. This is a single elimination tourney with 32 teams being accepted. Entries are taken on a 1st-come-1st serve basis. Championship teams will receive a team trophy and 16 jackets. Cost of Entry Fee: \$40/team. The tourney will be held August 30 and 31, Entry Deadline: August 11.

40th anniversary with Northwestern Savings

Stanley J. Cynkar, Chairman of the Board and Chief Executive Officer of Northwestern Savings and Loan Association, was honored July 22 at a dinner-party in recognition of his 40 years of service. Among the presentations made, the Directors of Northwestern Savings presented a plaque on behalf of the Association. Shown above from left to right: John Huhn, Fred Dumke, Theodore A. Siniarski, Edward J. Zych, S. J. Cynkar, Henry Smogolski, Edward Stefanowicz. Seated: Thomas A. Stanislawski.

Cragin Federal Sets Reserve Record

Cragin Federal Savings added more money to reserves during the first six months of this year than for any similar period in its history, according to Adam A. Jahns, Cragin president. Reserves increased \$1.8 million, raising Cragin's total reserves to \$26 million, well above the level required by federal regulation. This represented a 7.4 per cent increase, substantially higher than the reserve growth of the other 190 Chicago area savings and loans, according to a recent survey by the Chicago Area Council of Savings Associations. Jahns stated that the figures reflect efficient management policies at Cragin and a desire to build an ever-increasing reserve

as a cushion against potential economic fluctuations. Reserves have become more important in recent years, Jahns added because customers are seeking safer and more soundly managed places to invest their money. Cragin also achieved a savings-growth rate more than twice the area S & L average. Cragin added \$37 million in savings, a 9.1 per cent increase compared to a area-wide growth rate of 4.1 per cent. Total savings on deposit now are \$420 million. Cragin Federal has more than \$500 million in assets and operates 14 offices in Chicago, Itasca, Park Ridge, Niles, River Forest, Schaumburg, and M. Prospect.

Skokie Federal fiscal-year end profit

Despite a third quarter loss, Skokie Federal Savings President, John R. O'Connell, reported an unaudited estimated fiscal year end profit of \$323,000 for the association as of June 30, 1980. "A dramatic drop in interest rates during May and June permitted us to recover the losses we and other financial institutions were experiencing earlier this year," said O'Connell. "I'm pleased that since our inception 23 years ago, we've always been able to show a year end profit, even through such economic climates as we have suffered in the last six months."

The association paid a 10¢ dividend to stock holders of record as of June 30, 1980. Total consolidated assets for Skokie Federal Savings increased to a record \$417,521,000.

Centel tax director cites need for curbing inflation

An official of Central Telephone & Utilities Corporation, Centel-Illinois' Chicago-based parent company, told the House Ways and Means Committee Wednesday that inflation, coupled with present tax laws, has sent the nation's economy on a consumption-oriented spree which has slowed both the rate of capital growth and the development of new technology. Frank E. McGrath, director of taxes for Centel, said the tax-law-inflation combination has greatly increased the necessary return on new investments, reduced the potential benefits of new savings and contributed to a fall in productivity.

McGrath testified at hearings on a 1980/81 tax cut on behalf of the United States Independent Telephone Association (USITA), which represents almost 1,500 independent (non-Bell) telephone companies that provide telephone service to one-half of the geographic area of the U.S. McGrath told the committee that bringing down the rate of inflation should be the first priority of any federal tax policy. He said USITA urges the committee to include depreciation reform, deferral of taxation on reinvested dividends and general tax relief for individuals as part of a 1981 tax cut. "USITA believes that the three policies...are both deflationary and provide proper incentives for savings and new capital formation," McGrath said. He said real savings have declined because the present progressive tax structure has eroded the return on investment even though inflation has caused nominal rates of return to increase. McGrath said inflation had affected corporate taxes as well and cited a 1979 study which concluded that "the effect of inflation was to raise the effective tax rate in the nonfinancial corporate sector from 43 percent to 66 percent in 1977. "What is necessary," he said, "is to restore the incentive to save, and to channel those funds into productive investments."

McGrath said USITA believes that a tax cut would encourage savings and capital formation and provide business with the means to retain more of its capital invested in productive assets. "Such a move is the necessary first step in bringing down inflation and interest rates, spurring capital formation, and creating more private sector jobs," he continued. McGrath said USITA urges the adoption of the Capital Cost Recovery Act (H.R. 4646) and the Deferral of Taxation on Reinvested Dividends (H.R. 654 and H.R. 6665) because they remove the disincentives to savings, provide badly needed capital and reverse inflationary trends in today's economy. McGrath was scheduled to present similar testimony to the Senate Finance Committee later this week.

Nilesite assigned to Chicago architectural firm

Brian C. Schwartz, son of Mr. and Mrs. Jerome D. Schwartz of Niles, is experiencing his first assignment in the University of Cincinnati Coop program in the offices of John Victor Frega Associates, Ltd., architects, of Chicago. Following completion of his sophomore year in the College of Design, Architecture and Art, Schwartz began his first venture in the professional world of architecture in June. Come September he will return to the University of Cincinnati for another quarter of study, and plans to spend January through March 1981, in Frega's office. This is the work-study pattern he will continue for the next four years, earning and learning on his way to a B.A. in architecture. By attending the University of Cincinnati, Schwartz has had the opportunity to return to his birthplace, which he left as a youngster. He was graduated from Maine Township North High School, in Des Plaines, where he was a member of the National Honor Society.

Skokie Federal art contest

"Show Us Your Community" is the theme for an art contest open to area residents. Skokie Federal Savings, who is sponsoring the contest, is inviting all ages to enter an original drawing, painting, photograph, etc. that best represents one aspect of the community they live in. Entries should emphasize community spirit or activities such as parades, landmarks, architecture, or historical events. Skokie Federal will publish 12 winning pictures in their 1981 calendar. Each published winner will receive a \$25 savings account and name recognition in the calendar. Entries not published will receive honorable mention and be on display at the branch office they are representing. All entries should be received at Skokie Federal by Aug. 30. To enter simply pick-up an entry form at any Skokie Federal office or call Janet Williams at 674-3600.

"Here comes Johnny!"

Good Luck to Jim Shotsberger of Niles. From a part time beginning, he is now able to devote full time to his painting and decorating business... Was able to chat a few moments with Dolores Rand, wife of Bill Rand who are owners of Rand Jewelers in Golf Mill. I remember that Bill started out alone in the store while Dolores held her full time secretarial job. After she was through with her work, evenings, Saturdays, Sundays and extra hours were spent working in the retail field with her husband. Now they probably have one of the finest merchandised and appointed jewelry stores in the entire area. Besides the meticulous work and reputable merchandising and pricing that is necessary for success, Bill Rand is really a student of his profession. As a lifetime member of the American Gem Society, he is aware of the impact gems and precious metals have had on the history, lore and mystique of mankind... While on the subject of Golf Mill, work at Cook's Cards is progressing. The store was burned out because evidently someone either accidentally or intentionally started a fire in the packaging material that is so abundant in the gift field. This was the first major fire of any consequence since the shopping center opened twenty years ago. Because Golf Mill is one of the better constructed major centers, the fire-walls presented the spread of the fire and minor smoke damage was all that occurred to adjacent stores... Golf Mill will celebrate their 20th Anniversary this year. Reflecting the competitiveness of the retail business, only a handful of the original resident store owners are still around. They are: Al Smith's Hearing Aid Center, Herman Halperin's Holiday Luggage, William Lipsky's Maternity Modes, Allan Serstad's Little Miss and Mr. Shop, William Rand's Rand Jewelry, Robert White's Tile Town and Carpet Co., and Dr. Merrill Ross Vision Service.

Edens Plaza Bank continues auto loan policy

Sherwin Willens, Board Chairman, Edens Plaza State Bank, today announced that the bank will continue, until further notice, the highly successful two tier auto loan policy in effect since June 1, 1980. Since June 1, 1980, the lower rates on auto loans have resulted in 134 loans being made for a dollar value of \$800,000.00. The loans made compare to 51 loans for a dollar value of \$360,000.00 for the same period in 1979. Of the 134 loans made to date, 88 were made at an annual percentage rate of 11.98% on new, 1980 American-manufactured autos; 37 at an annual percentage rate of 13.96% on new, 1980 foreign-manufactured autos; and 9 at an annual percentage rate of 14.55% on new or used 1979 and prior year autos. Repayment is based on a 36 month schedule, with a 25% down payment. Chairman Willens stated that "the Board of Edens Plaza State Bank was very satisfied with the experiment of an interest rate differential on repayment plans for domestic and foreign autos and in considering making such a rate differential a permanent part of the bank's policy. The Board feels very strongly about making a statement to help the lagging U.S. auto production and this justifies the lower interest cost on domestic autos. We can't understand why more community banks have not followed our lead."

New Centel Directories Depict four serving areas

Central Telephone Company of Illinois' Des Plaines/Park Ridge customers soon will receive their updated telephone directories, whose covers illustrate the widespread operations of the Centel System. Appearing on the cover of the 1980-81 directory are photos from pastoral southern Virginia near Charlottesville, the booming Las Vegas desert area, a northern Florida beach near Destin and a local residential street. All are Centel serving areas. An operating unit of the System's parent firm, Central Telephone and Utilities Corporation, Centel-Illinois provides service in nearly 40 communities throughout the state. The 1980-81 directory was photographed and designed by Centel's corporate graphics department in Chicago.

YMCA...

Cont'd from Niles-E.Maine P.1 to our lack of space."

He also commented the addition would be financed through the sale of bonds and until the bond market shows an improvement, they intended to wait. Although Lotz noted they would like to start construction by the first of the year, it appeared doubtful and next spring seemed to be a more realistic time.

Lotz' original request for zoning approval at the June 2 board meeting was delayed due to an inquiry by the board as to the feasibility of obtaining approval for additional parking from the companies located to the rear of the YMCA property. Monday evening Lotz presented the board with letters from Queensway to Fashion and Republic Molding stating their willingness to discuss the use of their facilities for any overflow parking possibly needed by the YMCA. Since these letters of intent from the companies appeared to be very positive, the board approved the request for the YMCA addition.

In other actions, the Zoning Board members, on the request of Joe Salerno, approved the placement of all schools, commercial or trade including those teaching dance, music, commercial, business and technical subjects into a B-2 Special Use Category with the parking spaces to be determined individually by the board when they present their petitions before the zoners.

Salerno, Director of Building and Zoning for the Village of Niles told the board these schools now fall under 3 different sections in the Niles zoning ordinance and he felt it would be more advantageous to categorize them under one section in the code with each petition being determined individually as to parking requirements by the Zoning Board.

Liquor dealers...

Cont'd from Niles-E.Maine P.1 where the participants sit around in chairs and are very "sophisticated mechanisms often seen in top hotels." He also noted the mayor intended to investigate these machines further before making his decision prior to presentation before the Niles Village Board members.

Lt. John Christie was presented with questions and in some cases, grievances from the liquor dealers and he, in turn, reiterated the village's rules for the operation of their businesses and the handling of identification in serving and selling liquor to persons whose age is questionable.

Kopulos told The Bugle more meetings are being planned by the dealers in an effort to dispel their image as "second rate citizens" and they plan to renew their efforts of community involvement in Niles Days and the local parades.

Kopulos also noted there are 58 liquor licenses in the Village of Niles and only 8 were not able to attend this meeting.

Health Club...

Cont'd from Niles-E.Maine P.1 pliment the health club such as the ladies' exercise, gymnastics and other fitness programs whereby they can use the health club facilities after completing their class time.

Currently the park fee is a yearly fee of \$75 will be charged for the use of the health club facilities. When questions by The Bugle as to whether the facilities would be limited to use by Niles residents only, Hughes said by law they are not able to restrict their programs and as in the cases of their regular park programs, a higher non-resident fee would also be listed.

According to the plans submitted by the architect, the cost for the facility would be approximately \$141,000, but Hughes felt that figures would increase by \$12,000 to \$153,000 with the incorporation of mechanical changes suggested by the board on Tuesday evening. In addition the park intends to install approximately \$10,000 worth of weight lifting equipment in the completed facility and are currently looking at a total figure of \$175,000 for the completed health club, exercise rooms and enclosed atrium.

Hughes also told The Bugle a letter published a few weeks ago in the paper questioned the exclusion of the pre-school program at Grennan Heights if the health club construction was approved. He said their pre-school program registration has been on the decline for the past few years just as the regular school enrollment is down and a survey by the park district disclosed that only 3 children living within a 2 block radius of Grennan Heights attended the last pre-school program there. All other registrants lived further from the facility, many of whom passed other park facilities to attend Grennan Heights. He added the park had already anticipated deleting one pre-school class location due to the decline of enrollment.

Once the board receives the final plans from the architect, according to Hughes, they will make their final decision on whether to proceed with their original idea of enclosing the atrium and adding the weight-lifting equipment facility only or go ahead with the construction of the entire health club facility.

Mrs. Gomez' 11 year old son was taken to Lutheran General Hospital, Park Ridge with injuries.

The brown Cadillac which initially caused the accident fled the scene and was last seen headed east on Dempster.

Mr. Richard Vignola heads up the stores operations.

Drug meeting...

who wish to speak may call 966-3800 ext. 1218 in order to place their name on the agenda. Those who are not registered but attend the meeting may speak after the listed persons if time permits. Remarks should be limited to approximately five minutes.

The Drug Abuse Task Force consists of Board members, students, administrators, teachers, District 219 staff and middle school representatives. The group began its deliberations in June at the request of the District 219 Board of Education.

The tentative recommendations to the Niles Township Board of Education from: Niles Township High Schools' Drug Abuse Task Force are as follows:

The Student Drug Abuse Task Force recommends to the Niles Township High Schools' Board of Education that the following actions be taken, educational programs instituted, and policies adopted. The task force believes that by carrying out these recommendations the Board's goal of keeping illegal drugs out of the school can be substantially accomplished. The task force recognized that no actions or policies can prevent all drug abuse by Niles Township students. The task force is satisfied that these actions will carry the message to students while at school or while engaged in school activities will be greatly reduced.

The task force recognizes that some of these recommendations can apply immediately by administrative changes in the behavior guidelines in the student handbooks. Other recommendations will require Board action for the employment of additional personnel. Others will require adoption of a new Board of Education policy. Recommendations concerning educational programs and counseling will require long term study and implementation.

To meet the Board of Education's suggested deadline for this report, the task force is submitting these recommendations as a tentative report. Although in the five meetings and an additional sub-committee meetings that the task force has held, it believes that these recommendations will stand. If the Board of Education wishes to adopt some of these recommendations prior to the opening of school, the task force would support the Board's immediate action.

Continued from Page 1

- Expand cooperation between school and local police. Appoint a person in each school to serve as a liaison between school and police to arrange monthly meetings. Make use of the presence of uniformed police officers to assist in supervision and enforcement of drug abuse violations.
- Review the present procedures used in each school to insure uniform enforcement and supervision by all teachers and staff.
- Re-evaluate the following school policies and procedures:
 - Open lunch/open campus
 - Student driving and parking privileges
 - Student smoking
- Note: The task force did not consider it its responsibility to make specific recommendations concerning these policies, but believes that the policies and practices in these areas do relate to the problem of drug enforcement and supervision. Students on the task force asked that their student organizations be involved in any study or change in these policies.
- Reduce students' free time and increase their supervised time. Move as expeditiously as possible toward the standard already required by the State School Code in Illinois that every student have 300 minutes minimum of time in each school day under the direct supervision of certified staff.
- Education and Counseling
 - Provide in-service training for all staff, including non-teaching staff, regarding identification, symptoms, and terminology about illegal drug use by students. Repeat this training every year. Include instruction on the procedures to be followed when drug abuse or trafficking is suspected. Inform the staff on the avenues available for referral of drug abusers for counseling help, either within or outside the school.
 - Re-evaluate the present drug education program by all of the following means:
 - Expand the articulation with all of the Niles Township elementary districts, to coordinate the health education programs and counseling for drug abusers. Specific person(s) should be designated in each school to serve as a liaison between the high

school and the feeder elementary districts.

- Observe the state mandate to begin drug education by at least the 8th grade.
- Investigate such programs as "Know Your Body" used in the Evanston school system and available through the Skokie Health Department.
- Survey students who have completed the required health education program, to ask for their evaluation of the effectiveness of the drug education unit.
- Use films and/or lectures by ex-drug abusers or present abusers and field trips to drug treatment centers.
- Provide students with the latest scientific information on the effects of marijuana use.
- Assist parents with drug abuse problems by the following means:
 - Set up parent education programs through the school emphasizing how parents should handle students who are abusing drugs and alcohol.
 - Make parents aware of the community agencies like Turning Point who have already established parent education programs, hotlines, and drug counseling.
 - Establish a format for parents, students, and teachers to meet together to share ideas and provide mutual help and support.
 - In all cases enlist parent support for the actions taken by the schools in dealing with drug-related problems.
- Investigate and consider such program as the National PTA's "Teenage Forum" which trains young people to be peer counselors. Other similar programs are available as well.

District 71 Kindergarten roundup day

Kindergarten children and their parents living north of Oakton, on Nordica ave., and Howard st. are asked to attend a Kindergarten Roundup at 9:30 a.m., Thursday, Aug. 28 at Niles Elementary School, 6935 Touhy ave.

Kindergarten children and their parents living south of Oakton st. with the exception of Nordica, and Howard st. are asked to attend a Kindergarten Roundup at 1:30 p.m., Thursday, Aug. 28 at the Niles Elementary School, 6935 Touhy ave.

At this time the kindergarten program, bus schedules, class schedules, and pupil insurance, available if desired, will be explained in detail. Please bring all pre-registration materials, a birth certificate, and \$5 for book and workbook fees. Completed health forms are also to be brought in at this time.

Parents new to the district or parents who have not registered their child for kindergarten are

urged to do so any day Monday through Friday between the hours of 9:30 a.m. and 3 p.m. This will help us in planning bus schedules, and having proper furniture, equipment and supplies for your child. You may call Mr. Clarence Culver, 647-9752, for further information. Children must be five years old by Dec. 1, 1980 to be eligible for kindergarten.

The Parent-Teacher Association will serve refreshments for the parents in the school cafeteria. Service girls will take the children on a tour of the building and playground areas. A special registration desk will be set up to enroll parents in the PTA. The administration encourages every parent to become an active member in the PTA, and to work as a partner with the teachers and administration to provide the best possible education for your children.

Niles North students inducted into National Honor Society

Ninety-five Niles North High School juniors and seniors were inducted into the National Honor Society during a recent award ceremony. According to George Fryjma, mathematics teacher and Honor Society sponsor, "criteria for membership are set by the high school at the beginning of the school year and do not change during any given year."

Honor society membership is based on leadership, character, service and scholarship. This year, Niles North required a minimum 3.25 grade average for a student to be considered for membership.

New senior class National Honor Society members include Mitch Brandt, Richard Brody, Gerri Finer, Mark Kasman, Steven Kodros, Susanne Kron, Robert Uslander, and Jonathan Zarov.

Members inducted from the junior class include Paul Applebaum, Carlos Arron, Paul Baker, Nancy Bass, Michael Becker, Robert Behar, Daine Blakey, Susan Bloomenkranz, Stacy Brustin, Peggy Burns, Shari Cantor, Sook Chung, Cindy Broms, 7322 Lill, Niles.

Howard Danzyger, Laurie Danzyger, Bene DeGraff, Ira Dolnick, Kevin Dunn, Jeff Elowe, Heidi Feder, Marcy Fine, Theodore Ford, Larry Freedman, Steve Furmanski, Stacey Gill, Lisa Glazer, Irwin Goldman, and Maria Harrigan.

Other new junior class national honor society members include: Jennifer Harrison, Maria Holzman, Barbara Jericho, Kim Kazmierowicz, Amy Kiesler, Sung Eun Kim, Deborah Kodros, Moonsook Kye, Carolyn Lammerfeld, Joseph Ledvora, Charles Lee, David Lettas, Debra Lewis, Nancy Liss, Mitchell Lopata, Paula Lubinsky, Craig Magnes, Robert Mallin, Larry Meyers, Alda Moy, Stacy Nosanov, Scott Novoselsky, Janette Penaloza, Sharon Perlman, Sue Price, Jordan Pritikin, and Steve Rubin.

Morton Grove Postmaster recalls zip code beginning as nine digits near

With four more digits scheduled to be added to ZIP codes beginning in 1981, Postmaster Louis G. Principali reminisced how ZIP (Zoning Improvement Program) got underway in July 17 years ago.

"It started at a Washington ceremony with Ethel Merman belting out the tune, 'Zip-A-Dee Doo Dah.'" Initially, it created a public furor with some dire things predicted about what would happen to the mail system by adding five numerals to an address."

"Today there is almost universal acceptance, with nearly 95 percent of all First-Class mail coming in with ZIP codes."

He noted that some public criticism to the upcoming nine-digit code has been heard, but predicted that the new system will be readily accepted.

"Resistance to change isn't surprising," Postmaster Principali said. "There was a big public to-do in 1963, a hundred years before ZIP code, when the Post Office Department came up with the then revolutionary idea

that mail should be addressed by street and number. Up to that time, mail was addressed to an individual in a city or town, and the addressee had to come to the post office to get it."

Postmaster Principali said the nine-digit code is intended primarily for business mail which accounts for about 80 percent of all mail. However, all mailers will be encouraged to use the added digits.

The additional numbers will pinpoint mail automatically to individual blocks, office buildings and companies with large mail volume. The present five digits help sort mail only to post offices, stations and branches.

Postmaster Principali said ZIP coding speeds both manual and automatic sorting of mail, especially when addresses are difficult to read or show the wrong city or state. He also noted that incorrect ZIP codes can route mail to the wrong city and sometimes can cause delay in delivery.

Correct Zip codes for any address can be obtained at the post office. Telephone: 965-1620.

Illinois State Trooper graduates

State Police District 3 Headquarters in Chicago received 5 new Troopers who recently graduated from the Department of Law Enforcement Academy in Springfield.

Captain William F. Burt, District Commander, stated that the new Troopers will be required to serve a period of time with a senior Trooper. After this field training, all will be assigned to work a patrol which best serves the District and needs of the Public.

Trooper Joseph E. Albricht is from Mount Vernon, Illinois. He attended Mount Vernon Township High School and Rend Lake College. He served 4 years in the United States Navy.

Trooper Thomas W. Cade, a resident of Chicago's north side is a graduate of Northeastern Illinois University.

Trooper John J. Delacy, from Alsip, attended Morgan Park High School and received his Bachelor's Degree from the University of Illinois - Chicago Circle.

Trooper Jerry S. Garner, from Dexter, Missouri, spent 3 years of active service in the United States Army and 11 years in the Reserves.

Trooper Karl I. Tegert, a resident of Northbrook, is a graduate of Southern Illinois University.

Holy Family scholarship recipients

Holy Family Hospital's Auxiliary has announced the recipients of two \$500 health career grants as part of its annual scholarship program.

Receiving one of the awards, for the second consecutive year, is Susan Bradley of Des Plaines, a Nurses' Assistant in the Flat Pool at Holy Family. Ms. Bradley is a student at Loyola University in Chicago and is preparing for a career in Physical Therapy.

Barbara Mittman, Mt. Prospect, was the recipient of another scholarship. A part-time evening transcriptionist at Holy Family, she is attending the RN Program at Harper College in Palatine.

The grants were awarded on the basis of the recipients' educational backgrounds and desire to pursue a health career. Those eligible to receive the annually awarded scholarships are hospital employees, Auxiliary members, and Junior and Senior Volunteers who have completed one year of service at Holy Family. Members of their families may also apply.

"This report spotlighted failings in the FAA's certification procedure," Porter said. "It also recommended creation of a separate agency to combat air hazards and promote air safety. This legislation accommodates both goals."

Porter noted it was slightly more than one year ago that more than 270 people were killed in a DC-10 takeoff crash at O'Hare Airport. "That was the worst air disaster in our history," he said, "and we owe it to history to take every step possible to prevent another such tragedy."

Porter sponsors new bill to curb jet engine noise

Congressman John Edward Porter has introduced legislation to provide quieter noise standards for aircraft at O'Hare and other airports, and to help airlines meet the cost of retrofitting aircraft with engines that meet those standards.

Porter's bill, submitted Monday (July 28), would provide that the Airport and Airways Trust Fund contribute up to 50 percent of the cost of retrofitting. The trust fund, with a balance of several billion dollars, is financed by an 8-per-cent tax on passenger fares to help pay for airport development, noise abatement and air safety.

Porter said his bill also would provide that the trust fund help pay for new computers to improve safety features of air traffic control.

"The bill, titled the Noise Abatement Act of 1980, would repeal provisions enacted by Congress last February to exempt some planes from stricter federal noise standards."

Porter protested the exemption in a speech on the House floor in which he said, "Our commitment to those who live in and around our major airports, our commitment to the quality of life, should not be allowed to be weakened."

The Porter bill authorizes the Secretary of Transportation to set the low noise levels that could be achieved by retrofitting two and three engine jet-powered aircraft.

The measure would require airlines to have half of their fleets in compliance by January of 1982, and all of their fleets in compliance by January of 1983.

In other action bearing on aviation, Porter is co-sponsoring the Air Safety Reorganization Act of 1980, a measure to replace the Federal Aviation Ad-

ED HANSON The Sunset Is More Beautiful Than The Sunrise

People who say, "Reagan is too old to be President" are intellectually naive.

People intellectually are basically divided into two types, acute and obtuse. Vastly, more women fall into the latter class than men.

85 per cent of the people in this country, according to a renowned educator, are functionally illiterate. It often seems to me this national average is somewhat higher in Niles.

If the truth be known, Reagan is too young to be president. Throughout history there are hundreds of thousands of people who've achieved greatness and immortality at an advanced age.

Age is based upon time. There is no time. Time is a man-made measure. Some people are born old. Some are born wise. Most are born dumb.

Birth certificates should be eliminated by an Act of Congress. This would, at least, stop women from lying about their ages. Space prevents listing the hundreds of thousands who achieved greatness at an advanced age. Here's just a few:

At 81, Benjamin Franklin effected the compromise that led to the adoption of the U.S. Constitution.

At 94, Bertrand Russell was active in International Peace drives.

At 100, Grandma Moses was painting. (She didn't start 'til pass 70)

At 93, George Bernard Shaw wrote the play "Farfetched Fables."

At 91, Eamonn de Valera served as president of Ireland.

At 91, Adolph Zukor was chairman of Paramount Pictures.

At 90, Pablo Picasso produced drawings and engravings.

At 89, Mary Baker Eddy was directing the Christian Science Church.

At 88, Arthur Rubinstein gave one of his greatest recitals in New York's Carnegie Hall.

At 89, Albert Schweitzer headed a hospital in Africa.

At 88, Konrad Adenauer was Chancellor of Germany.

At 88, Pablo Casals was giving Cello concerts.

At 88, Michelangelo deli architectural plans for the Church of Santa Maria delgli Angeli.

Stateville art show Local theatre will present "Godspell"

On Sunday, Aug. 10 from the hours of 1 to 5 p.m. the grounds of Stateville Correctional Center will be the site of the Seventeenth Annual Stateville Summer Art Show. There will be approximately 2000 artworks on display including all paintings, acrylics, pen and ink drawings, charcoal, pastels, watercolor, three-dimensional wall hangings, as well as many kinds of craft items such as mosaics and latch hooking. All artwork has been created and executed by inmates of the Stateville Correctional Center. Approximately 75 inmates comprise the very active group of prison-artists at Stateville. Most of them have been self-taught, although many of the men are enrolled in the Leisure Time Activities art and craft classes. Much of their work is extraordinary. They strive to make strong, individualistic statements through their artwork about the realities of incarceration and about their relationship to society. Stateville art shows have been exceedingly popular for many years. There is, indeed, a very loyal following in Northern Illinois of prison-artist "groupies," who often begin gathering several hours prior to the show in order to have first chance at the artwork. The public is cordially invited to attend the Seventeenth Annual Stateville Summer Art Show. All items will be for sale.

"Godspell" is a joyous rendition of the gospel according to Matthew. It was written in 1971 by John-Michael Teblak who wished to reclaim the joy and hope of the gospel. Music and lyrics were written by Steven Schwartz and include such songs as "Day By Day," "By My Side," "We Beseech Thee," and "Turn Back O Man." The group's dramatic directors are Earl Carlson and Ken MacCowan. Carlson has acted in the Des Plaines Theatre Guild, Best Off Broadway and Music On Stage. MacCowan has directed and acted in over 40 civic theatre productions in the Chicago area. Mike Bullard, associate pastor, Community Presbyterian Church, Mr. Prospect, describes "Godspell" as portraying the lighter, joking side of Jesus' life, full of vigor and exuberance. Reservations are not needed but seating is limited. More information is available by phoning Community Presbyterian Church at 392-3111.

"Sound of Music" production staff

While choreographer June Rold of Des Plaines put would-be dancers through their paces in another area of Guild Playhouse, these four conferred on casting the acting and singing roles during auditions for "The Sound of Music." Left to right: Laura Leipzig, Norwood Park (Chicago), assistant to the director, Fran Pitchford, Arlington Heights, choral and orchestral director, Harold LeBoyer, Des Plaines, new Des Plaines Theatre Guild president and producer of the opening musical in the group's 35th consecutive season, and Nancy Kole, Harvard, director. "The Sound of Music" opens DPTG's 1980-81 season on September 5 and plays Fridays, Saturdays and Sundays for four weekends, thru September 28 at Guild Playhouse, 620 Lee St., Des Plaines. Box office phone 296-1211 is currently taking season subscription and ticket reservations between noon and 8 p.m. daily.

Picking the cast of thirty from among more than 100 talented children and over 80 adults who auditioned for roles in "The Sound of Music" was a difficult task for Des Plaines Theatre Guild's production staff, but the job is complete, and they are announcing the results this week. The popular Rodgers and Hammerstein musical will open DPTG's 35th consecutive season with 12 performances on Fridays, Saturdays and Sundays, Sept. 5 thru 28 at Guild Playhouse, 620 Lee St., Des Plaines.

Other shows in the 1980-81 season will be "Chapter Two," a Neil Simon comedy in November, "Deathtrap," a mystery by Ira Levin, in February, "Under Papa's Picture," a comedy by Joe Connelly and George Tibbles, in April, and a second musical, "Company," next June. Subscriptions for all five productions at only \$15 are available by writing Des Plaines Theatre Guild, P.O. Box 84, Des Plaines 60017, or calling 296-1211 between noon and 8 p.m. daily for further information. "The Sound of Music" is directed by Nancy Kole of Harvard, and produced by Harold LeBoyer, DPTG president, of Des Plaines. Fran Pitchford of Arlington Heights is the choral and orchestra director, June Rold, Des Plaines, the choreographer, and Laura Leipzig, Chicago (Norwood Park), is assistant to the director.

"The Sound of Music" tells the tale of the von Trapp family who fled from Hitler's hordes to the safety of America, where they became famous as folk singers. Starring as the plucky, cheerful and music-filled heroine, Maria Rainer, is Jackie Shadinger of Park Ridge. Joel Cohen of Mount Prospect will be seen in the role of Captain von Trapp, and his seven children will be played by Pam Weselmann, Evanston (Liesl), Paul Crane, Des Plaines (Freidrich), Gail Pitchford, Arlington Heights (Louisa), Jenny Dougherty, Buffalo Grove (Brigitta), Marc Cohen, Mt. Prospect (Kurt), Stacy Blustein, Wheeling (Marta), and Mary

Telephone Pioneers Variety Show for elderly

Members of the Skokie Valley Chapter #75 of the Telephone Pioneers of America recently delighted residents of the Resurrection Nursing Pavilion, Park Ridge, with a variety show. In the show, which was performed as a community service by the chapter's 40-member variety show group, "we tried to refresh the residents' memories on what they used to do and see for entertainment," said Felix Jach, director of the variety show and financial director of the Skokie Valley Chapter. The show featured a dance group performing the can-can, Charleston, tap dance and a military drill number; a bird act; a Scottish dance; ballroom dancing; a comedian; a soloist singing semi-classical music; and a fan dance. After the show, knit items handmade by members of the Skokie Valley Chapter were presented to residents of the skilled nursing care facility. The Telephone Pioneers is a nationwide group of employees and retired employees with at least 18 years of experience in the telephone industry, primarily with American Telephone and Telegraph Co., which performs a variety of community services. The Skokie Valley Chapter is comprised of approximately 1200 retired employees from a Teletype Corp. in Skokie, a subsidiary of AT&T.

Reviewing the Arts

by bob del prato

Good music endures and a "Night in Old Vienna" certainly was a most popular program the past three Sundays as part of the Ravinia Pops season.

When we think of waltzes, we most often associate with the Strauss family in which the father and three brothers were all very talented. However, there were several other composers who produced musical scores at that time and are still popular today. When we add music composed by von Suppe, Ziehrer, Millocker and Kalman, which was all-part of the program, the selections were without a doubt light and enjoyable.

Franz Allers was the conductor of the Chicago Symphony orchestra and delivered a most enjoyable, spirited performance. His commentaries between selections helped compliment the composer's musical scores. The composition "Die Fledermaus" or "The Bat" leaves the teenage set wondering what you're talking about until you hear the music being played. This was one of the outstanding selections.

Next Sunday is the last of the Sunday Pops for this season and brings to an end the Ravinia Pops Festivals. Other performances will be held during the next few weeks.

Erich Kunzel, who conducted two of the past pops concerts will close this part of the pops festival with a Tchaikovsky Spectacular.

A note or two for those who have never been to Ravinia. Music is played under a new Pavilion, with most people sitting in the lawn area - bring your own chair. Ravinia is really a big park with many trees and large flower beds which are well maintained. There are several buildings that serve food like the Cadenza, Rondo, La Creme and Gazer. The park has a new underground sprinkler system which helps keep the meadow spring green during the season. On hot nights you will find the park often cool enough for a sweater or light jacket as the lake is just a few blocks away.

Come early and bring a picnic supper as most folks do who enjoy the performance from the park area and welcome to the Summer Opera a capitol of the world.

Pullen bill to study Public Aid Code

State Rep. Penny Pullen (R-4th) has been appointed to a joint House-Senate Committee to study a bill totally revising and rewriting the Public Aid Code.

The appointment was announced this week in a letter from House Republican Minority Leader George H. Ryan (R-43rd-Kankakee) in which Ryan stated to Rep. Pullen, "I am sure the devotion of your considerable interest and background will immeasurably enrich it (the committee) work product. I am confident that you will apply your strong talents and energy to this assignment and make a strong contribution to the committee's succession."

The committee was created to review HB-3449, a bill written by a special committee which Ryan proposed and chaired during 1979.

"The product of Rep. Ryans special committee proposes such extensive changes in one of Illinois' most important and complicated laws that both the House and Senate agreed this spring that a special joint committee should study it, rather than the usual independent committee in each House," Miss Pullen said.

"Since I am the Republican spokesman on the House Human Resource Committee, which normally hears legislative matters about Public Aid, I am eager to put my conservative philosophy to work in helping the taxpayers interest on this new major joint committee." Rep. Pullen requested that members of the public who have suggestions relating to the administration of Public Aid contact her office at 22 Main st., Park Ridge 60068.

CPR classes at Skokie Valley Hospital

Classes in cardiopulmonary resuscitation (CPR) are offered at Skokie Valley Hospital on the second and fourth Tuesday and Thursday evenings of every month.

The five-hour class begins at 7 p.m. on the second and fourth Tuesday with a film on CPR techniques; a discussion on cardiac risk factors, early warning signals, and effective use of the local emergency medical services; and demonstrations of CPR techniques.

The second half of the class is from 7 to 10 p.m. on the second and fourth Thursday with practice on mannequins of all of the CPR techniques. Participants are then tested in each technique; those who pass are certified for one year as basic rescuers through the American Heart Association. All of the instructors have been certified as instructors by the Heart Association of North Cook County.

There is no charge for the class, but there is a \$1 fee to cover instructional material from the Heart Association. To qualify for the class, people must be at least 16 years of age and in good health.

To register for the class, call the hospital, 677-9600, ext. 361.

Weinberger names finance committee

Bob Weinberger, 10th District Democratic Congressional candidate, announced that Marjorie Benton and Sol Weiner will co-chair his finance committee.

Benton, an Evanston resident, is U.S. Ambassador to UNICEF, Chairman of Save the Children Federation and on the board of Chicago Family Focus. She is also Chairman of Americans for SALT II and was U.S. Mission Delegate to the UN Special Session on Disarmament. As a delegate to the Democratic National Convention this August, she will be a member of the Rules Committee.

She is married to Charles Benton, president of Films, Inc. of Winnetka. The Bentons have three children. Sol Weiner, an attorney, will co-chair the Finance Committee. He and his wife Ruth have been Evanston residents for 34 years.

Safety hints

During the summer, park your automobile in the shade, if possible, according to the AAA Chicago Motor Club. Even though the air temperature may be 80 degrees, when parked in the sunlight, vinyl and metal portions in your car's interior can heat up to more than 100 degrees.

Census Bureau begins wind down in Chicago area

The Census Bureau is renewing its efforts to make sure everyone is counted as census operations begin to wind down in the Chicago area.

This week, the Bureau is mailing reminders to over 1,000 community based organizations that the Census is still going on and asking them to distribute "Were You Counted Forms" through Labor Day. (The "Were You Counted?" form is an abbreviated census questionnaire, available in 32 languages.)

The Bureau also is keeping the

Census Hotline, 933-8146, open between 9 a.m. and 9 p.m. Anyone who did not receive a questionnaire or needs assistance with the form can call the Hotline. It is staffed with bilingual employees.

Churches and neighborhood businesses also will be cooperating in distributing "Were You Counted?" forms, and booths will be set up in several shopping centers and plazas to disseminate census information.

International opportunity for local families

A few local host families are still needed for Youth for Understanding international exchange students arriving in Illinois later this summer. These students are high school age, are fully insured, bring their own spending money, and are eager to share their background and lifestyles with an American family. Host families provide room, board, love and understanding to these exceptional students, the majority of whom are boys.

Youth for Understanding is a non-profit educational organization which cooperates with, and receives a grant-in-aid from, the U.S. Department of State. It is dedicated to fostering greater international understanding and to promoting intercultural sharing. Over 7,000 students participate in Youth for Understanding Programs annually, representing 25 countries of the world.

Don't pass up this opportunity to broaden your international awareness and understanding.

Invite the world home by hosting a YFU student this coming year. For more information and the name of your local Youth for Understanding volunteer area representative call: Youth for Understanding (312) 832-2177, collect.

It's our guardhouse opinion the renting of classrooms at the Melzer School are the first steps toward the eventual closing of that school in district 63. Since Washington, Melzer and Nelson Schools are still operating in the district the continued diminishing enrollment will demand one of these schools close within the next couple of years. Based on location and size Melzer seems most likely to close. The Golf Road obstacle course would eliminate the possibility of closing Washington School. And the recent transfer of Oak School students to Nelson would preclude any closing of Nelson. Thus, Melzer seems marked for extinction as a public school.

The Oak School, centrally-located in the heart of the most populated-area in Niles, should be considered by Nilesites for an added village facility. Money-rich Niles, which is the only community in the area with free publicly-supported transportation and free social services at its Trident Center, should consider using the Oak School for extra-curricular activities. Since the village is the one district which seems to have excess monies, an after-school music-dance-drama program plus arts and crafts might be a worthy project for the village to consider.

In Russia the young children have a very extensive after school pioneer program. The arts and athletics are particularly emphasized. Why couldn't village-rich Niles support such an after school program? While such activities are normally within the realm of the schools and the park district there is no reason why the village couldn't get involved. The Oak School is an ideal building for usage for Nilesites. It might also be used as a neighborhood library and could be another drop-in for senior citizens. It could also be used for high school and college courses for Mothers whose children are in school. And additional evening courses for Fathers and Mothers might be considered in conjunction with the ITC-CEP programs now taking place in the local high schools.

Oak School should be a Niles building. It should be considered a community building for Niles.

In the Maine High School district board members tabled a resolution Monday calling for a tax rate referendum before December 1. Also, a resolution calling for the closing of one high school by September, 1982, was also tabled. Both points may be acted upon at the August 18 board meeting.

Monday night's meeting at Maine East had only about 10 residents in attendance, mostly from the Glenview area. There was no public discussion concerning the resolutions.

Monday morning a person close to Maine High happenings told us if Maine North isn't closed by September, 1981, it might not be closed. Our informer said the Maine enrollment for the coming year will be about 9,100 students with an expected 6 per cent decrease for the immediate years.

We've been reporting for the past two years Maine North, with its 1,600 student enrollment, will be the first school closed in the district. There's little reason to change our opinion. But what is an eye-opener is the possible closing of a second school. The battle over closing Maine East or West could rival World War II for intensity. As we've mentioned many times, there is no way Maine South would be closed. And if enrollment slides down to 6,600 by 1985 some group in the district is going to have to bite the proverbial bullet.

We don't have the prescience to know which school will be the second one closed. But if we were running a one-man district we would likely close down Maine West. But to the ever-lasting good luck of all residents we're not only not running a one-man district, we're not running any public body.

Conquerors handicapped program

The Leaning Tower Family YMCA's Special Olympics team has just returned to Niles after a successful trip to the 1980 Illinois Special Olympics. Seven athletes have won honors in their various swimming events, and are now proudly wearing their medals. Winners from the Conquerors' Special Olympics Swim Team include: Audrey Rosenfield, 1st place 25 yd. freestyle and 25 yd. backstroke; Mitchell Rosen, 2nd place 25 yd. freestyle and 1st place 25 yd. backstroke; Marty

Hajduk, 3rd place 25 yd. freestyle and backstroke; Peggy Strom, 2nd place 25 yd. freestyle and 4th place 25 yd. backstroke; Eddie Derrickson, 2nd place 25 yd. freestyle and 1st place 25 yd. backstroke; Michelle Chalubek, 4th place 25 yd. butterfly and 1st place 25 yd. backstroke; and John Withoft, 2nd place 50 yd. freestyle and 3rd place 25 yd. backstroke. All of these athletes have just participated in the Illinois Special Olympics Program, an athletic and recreational

program for the mentally retarded. After successfully competing in the local programs, they were chosen to represent Conquerors' Program at the 1980 Illinois Special Olympics. Over 3,000 participants were involved in the weekend program held at Illinois State University. The Illinois Special Olympics Program included five official sports, a wide variety of educational and recreational clinics, and the colorful Opening and Closing Ceremonies. Athletes and chaperones were

housed in Illinois State University dormitories, and were provided free refreshments from Coca-Cola. Opening Ceremonies started off the weekend event on Friday evening, July 11, as the "Parade of Athletes" marched into Hancock Stadium. The traditional lighting of the torch officially opened the games. The Illinois Special Olympics Program is now reaching thousands of mentally retarded youngsters and adults with major emphasis on the improved self-

image of all participating. Presently there are 14 Special Olympians from Leaning Tower YMCA, Niles, and plans call for expanded involvement in the future. Strong volunteers are continuing to strengthen the program, and it is hoped that in 1981, the Niles Special Olympics Program will be better than ever. For further information, please contact Marge Strom, 966-6124 or Peggy Jacobs, 647-9063.

Sutker re-elected to Democratic National Committee

Yesterday, Calvin R. Sutker of Skokie was re-elected to the Democratic National Committee. Sutker received the most votes of any of the contestants in the balloting with a vote total of 74,853. 33 individuals competed for ten positions on the nationally prominent and powerful Democratic committee.

Sutker is the only Democrat in the State of Illinois to have been elected to the three top party posts of township committeeman, state central committeeman, and Democratic National Committeeman.

The members of the Democratic National Committee are selected by weighted vote by the state committeemen. The Committee seeks to represent local party organizations in the affairs of the Democratic Party at the national level.

Firemen become paramedics

Firefighter Robert Batey and Paid-on-Call Firefighter Michael Bronk recently became North Maine Fire Department's newest Paramedics bringing the total number of Paramedics on the department to fourteen.

Both Firefighters successfully completed 390 hours of clinical and didactic training at St. Francis Hospital, Evanston, Illinois and were graduated there. After completing their training at St. Francis Hospital both Batey and Bronk successfully passed the state exam and were certified by the State of Illinois as Paramedics (Advanced Emergency Medical Technicians).

At the present time both Firefighters are completing a three-month internship at the North Maine Fire Department to gain field experience before they are allowed to function on their own.

Reynolds Aluminum recycles for "Jerry's Kids"

It makes a lot of "cents" - 23 cents per pound to be more specific - to recycle aluminum for the Muscular Dystrophy Association and help raise funds for "Jerry's Kids."

Reynolds Aluminum Recycling Company pays a minimum of 23 cents per pound for all-aluminum beverage cans and certain other clean household aluminum, but if the recycler indicates that the aluminum is for MDA and Jerry's Kids, Reynolds will send the cash value of the recyclable metal to MDA. And when the public recycles between now and Labor Day, Reynolds will donate an additional penny a pound to MDA to help Jerry's Kids.

Acceptable aluminum includes all-aluminum beverage cans, and other clean household aluminum such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers," according to Mr. S. B. Thompson, district recycling manager for Reynolds.

Reynolds also buys other aluminum items such as siding, gutters, storm door and window frames, and lawn furniture tubing, which should be cut to lengths not exceeding three feet and bundled. Aluminum castings, including pots and pans, power lawnmower housings and barbecue grills are also purchased and recycled by Reynolds.

Location of the nearest Reynolds aluminum recycling collection point may be found in the Lawrencewood Plaza Shopping Center, Oakton & Waukegan, Niles, every Wednesday from 1 to 3:30 p.m. and every Saturday from 10 a.m. to 12 noon.

Weinberger names high school leaders

The Weinberger for Congress campaign held a gathering June 21 to introduce high school volunteers to the fall campaign.

"Your enthusiasm and deep concern over current issues make you one of the most valuable resources of the campaign," Weinberger said in his address to the group.

High school coordinator Adam Freedman of Glenbrook South outlined the students' role in the different stages of the campaign—the college campaign, voter canvassing, literature blitzes and election day activities.

The party was held primarily for the student leaders at the individual high schools, although volunteers were invited. High school leaders include: Mari Abern, Evanston Town-

ship High; Steve Gafman, Glenbrook North; Timm Bernardi, Glenbrook South; Adriane Kayner, Minday Stillman, Phil Gordon and Michelle Bernstein, Maine East; Kathy Fanchi and Eunice Rensner, Maine South; Estelle Ascario and Carol Nebgen, Maine West; Sue Grovir and Kathy Boyle, Marillac; Mary Beth Van Dyke and Maxine Sontag, New Trier East; Dan Rublin and Eliot Spagat, New Trier West; Andi Levin, Lowell Jaffe and Rick Levin, Niles North; Mike Albert and David Slinovich, Niles West; Kathy Goldberg, Regina Dominica; Gary Handelman, Roycemore; Carmi Weinzweig, Soloman Schechter.

NORTRAN questions new electronic farebox

Stating that the District was given erroneous information, Leonard S. Eisenberg, Chairman of the N. rth Suburban Mass Transit-District (NORTRAN), questioned the RTA's (Regional Transportation Authority) proposed purchase of registering ("Faretronic") fareboxes for NORTRAN buses, at a cost of over \$300,000.

The District's bus committee had been lead to believe by RTA staff members, that the purchase of registering fareboxes was a federal mandate. However, at the District's monthly meeting held recently in Glenview, Chairman Eisenberg announced that no federal or state regulations require the device.

Chairman Eisenberg explained that NORTRAN had ordered new fareboxes about four years ago, but because they were not readily available, and because a new type of fare collection system was in planning by the RTA, the order was deferred and combined with a larger order placed by the RTA.

NORTRAN buses have been operating with non-registering fareboxes loaned from the CTA (Chicago Transit Authority).

Describing the registering farebox "a complex and sophisticated piece of electronic engineering," Chairman Eisenberg expressed concern for the taxpayers' money.

"But what really pains me is the purchase price of the new fareboxes. They cost approximately \$2,650 each. Our present, simply, unsophisticated,

non-registering farebox, which does just about the same thing as the new one, costs about \$600 new. We may be increasing our farebox operating costs as much as 30%," said Eisenberg.

The matter has again been referred to the District's bus committee for review later this month.

In other business, Trustee Richard Hechler of Northfield Township, reported for bus committee Chairman James A. Mahoney of Niles, that changes will be made on Des Plaines Local Route 230 during rush hours, so that service will be provided along River rd., as requested by businesses in the area.

Introduced at the meeting was Arthur Dublin, newly appointed Trustee from Highland Park.

It was also reported that the repaving of Golf rd. between the Tri-State Tollway on the west and Shermer rd. on the east, will at least be far enough completed by Oct. 31, 1980, to permit a full four-lane operation, according to the Illinois Department of Transportation (IDOT).

NORTRAN has been having trouble maintaining on time bus schedules through this construction area for the past two years.

The next meeting of the Board of Trustees of the North Suburban Mass-Transit District will be held at 8 p.m. on Wednesday, Aug. 27, at the Golf Field House, Golf, Illinois.

NORTRAN is an RTA subsidized carrier.

North Suburban Blood Center president

Vincent C.Y. Ko, M.D., former Associate Pathologist at North-west Community Hospital in Arlington Heights, has been named President and Medical Director of North Suburban Blood Center effective July 1, 1980.

Dr. Ko is a graduate of the University of Chicago, where he received his M.D. in 1963 and his M.S. in 1964. He received his B.A. degree in 1959 from the University of Wisconsin-Madison.

Dr. Ko is certified by the American Board of Pathology in anatomical and clinical pathology with a subspecialty in blood banking. He completed a rotating internship at the University of Illinois, Research and Educational Hospital (Chicago) and a residency in pathology at the University of Chicago.

Dr. Ko was President of the Illinois Association of Blood Banks, 1977-78. He served on the Board of Directors, North Suburban Association for Health Resources, 1975-79.

Dr. Ko has served as an inspector, inspection and accreditation committee, of the American Association of Blood Banks since 1977. He is a member of the workload reporting committee of the American Association of Blood Banks.

Born in Taipei, Taiwan, in 1937, Dr. Ko became a naturalized United States citizen in 1969. He and his wife and two children live in Northbrook.

MS Read-A-Thon

Summertime leisure activities for children offered by the National Multiple Sclerosis Society include the MS Read-A-Thon available in suburban communities through participating libraries. Local libraries making the reading program available include Des Plaines Public Library and Morton Grove Public Library.

The MS Read-A-Thon enrolls children for a four-week reading period during which they read as many books as possible for the benefit of multiple sclerosis. Sponsors pledge a sum to MS for each book completed.

Registration cards and kits for the program available at the libraries include sponsor forms, bookmarks and return envelopes.

MG Legion Secretaries

The president-elect of the Morton Grove American Legion Auxiliary Unit #124, Mrs. Julie Karsten, has named the duo who will function as her secretaries for the ensuing year. Traditionally the two secretaries are installed with the elected officers in the formal ceremonies held in the fall.

Mrs. Karsten has named past president Mrs. Nina Bartholmy as the corresponding secretary. Mrs. Bartholmy, who served as leader of the Auxiliary in 1968, is also a former 7th District American Legion Auxiliary president. In her role she will send out the meeting notices and handle the correspondence of the Unit.

Selected as the recording secretary is Ms. Lorry Nehart, another past president. She served as head of the Unit in 1969. Ms. Nehart performed these same duties this past year under retiring president Mrs. Phyllis Rieck's leadership. The recording secretary takes the minutes of all regular, special and board meetings of the group.
