Park Board decides GH Health Club is 'unhealthy'

by Diane Miller
After 3 months of emotion-packed meetings, the Niles Park Board Tuesday evening turned down the proposed health club in the Grennan Heights fieldhouse. The vote was 3 to 2 with Commissioners Steve Chamerski,

Walt Beusse and Elaine Heinen voting against the club and President Dan Kosiba and Vice President Jeff Arnold voting for the facility.

Approximately 30 residents were in the council chambers for the final decision by the board.

Straying from the decorum of a meeting by not identifying themselves to the board, several residents expressed their individual objections to the proposed health club just before the final vote was taken. One man

District 67 head announces retirement

by Deby Eisenberg
School District 67 superintendent William Stout, who has served the district for over 30 years, will retire at the end of the 1980-81 school year. His resignation was accepted by the school board at their Oct. 16 meeting. The board will now begin a series of

meetings in executive session wherein they will interview prospective replacements for Stout.

There also has been voted a change in dates for all regularly scheduled school board meetings. The educational meetings will be

District 63 residents to vote on tax increase

Residents of East Maine School District 63 will go to the polls this Saturday, Oct. 25 and vote on the proposed tax increase being sought by the school district.

District 63 is seeking approval of an increase to \$2.20 per \$100 assessed valuation from the present tax rate of \$1.81 per \$100. The last attempt at a tax increase in District 63 failed in 1971. In 1977 voters approved a tax increase.

According to spokesman for the district, the tax increase is necessary in order to continue the current standard of quality education in District 63. Several programs were cut back last April and the tax increase is vital, according to school personnel, so that no more programs will be discontinued.

District 63 has closed four of its 11 schools, including two that

The District 63 crowd is having another referendum Saturday. They want another 40 bucks a year from you.

At an Open House at Apollo school last Thursday evening we told Rich Buckman if his group wants to win Saturday's referendum, it'll have to get out the vote in the Nelson, Melzer and Washington schools. That's where the school elections are won or lost.

Mr. Buckman and friends will be pushing the "Yes" vote by bringing out the voters whose kids are in the schools. They're the most likely to support the referendum.

We'll be joining the "Yes" voters. We feel we have an obligation to support a district which has educated four of our children. It's been 7 years since we've had an elementary student but our responsibility to support the schools didn't stop when they moved up and out of the district.

The school district either gets more money or it will have to continue to cut more programs. It's as simple as that.

In Niles in particular we know several former Oak school parents who are voting against the referendum. They feel

7-year-old girl abducted in Lawrencewood

A 7-year-old girl was dragged into an auto last Sunday afternoon in the Lawrencewood Shopping Center, as two of her girlfriends watched in horror.

The child, a resident of Nordica ave. was standing just north of the Aldi's store about 1:30 p.m. drinking a can of root beer and in the company of her young friends when a man drove up in a silver colored 4 door car with a red interior,

knocked the can of root beer from the young girl's hand, dragged her into his auto and drove away. The friends ran to the victim's home and notified her uncle of the abduction. Both young children were described by police as being in a hysterical condition, but identified the kidnapper as being a white male, 40 to 50 years of age, black-greying hair.

S.I.J. 55 Plus Club
Our Door County Trip was fabulous, a truly special place. Even though the fall colors weren't all out, those that were, were just beautiful. We toured Door County's finer points at our leisure with a local guide. Had a delicious lunch at Smith Bros. "Fish Shanty" in Port Washington Wis. Enjoyed a pancake and meatball lunch at famed Al Johnson's Swedish Restaurant in Sister Bay and it certainly was a sight to see the goats up on the roof eating.

Touring the Von Stehlé Winery in Algoma and enjoyed free wine and cheese samples. We had the Door County Tradition, the legendary "Fish Bait" with their steaming kettles atop outdoor fires at the Shorewood Motel & Restaurant in Sturgeon Bay, Wis. The trip was just beautiful along with the weather and we all want to give Stella & Leonard Klezdek a big thank you for getting this beautiful trip together for us.

On Oct. 12-2 buses left St. Isaac Jogues parking lot to see "Kiss Me Kate" at the Marriott's Lincolnshire, the popular musical based on Shakespeare's "Taming of the Shrew". We all enjoyed it very much.

From Oct. 16 to Oct. 25 we leave for a tour of New England states. Hope the weather holds up and we have a safe and pleasant journey.

Our Social Meeting is Oct. 23. Please attend the meetings as we are planning activities of a varied nature which will be interesting and that will please everyone.

SJB Golden Age Club
Well, we made it through the month of September, even though we did not have our President with us at a few of the meetings. His excuse was that a "Part Time" job schedule kept him away.

Our Cookie Sale was a financial success. Sure hope those members who made a purchase enjoyed eating them. And much thanks to all the nice ladies who baked and donated them to the Club. Also, thanks to the buyers. We regret not having enough on hand for others who would like to have purchased them.

Our Program Chairman Stanley Gozdecki kept things going pretty good for the members this month. A bus trip to the Museum of Science and Industry, also a bus trip to Milwaukee, Wis., for dinner and a visit to Miller's Brewery. He had us at the White Eagle for a show featuring John Gary, lunch and dancing to Jan Garber's Orchestra.

A trip to Sara Lee bakery for a tour of their baking facilities is planned for Oct. 27.

It is nice to report that Walter Tajak is up and doing well after the triple by-pass operation. Joe Helminiak joined many of our members at the Special Anointing Service at St. John Brebeuf Church. Joe hopes to join us at a meeting soon.

Our September birthday celebrants were Frances Batelli, Laura Bochenek, Nick Kahles, Harriet Kanser, Rose Majewski, Bernice Mayer, Irene Osko, Pauline Pask, Helen Simon, Mabel Wermerskirchen and Elizabeth Pfeifer.

Wedding Anniversaries for September are Josephine and Mike Christie and Jim and Mildred Licitra.

Don't forget our Halloween party that our activities lady Betty Reech has been arranging for Oct. 28. It is hoped we will see many members in costume.

Joe Catanzaro has been confined again in Resurrection Hospital.

SIJ youngsters plan canned food drive

On Wednesday, Oct. 29 between the hours of 7:30 and 9:30, you may find a group of what appear

to be "trick or treaters" who have jumped the gun. This enthusiastic group of youngsters will be part of the KAOS (kids are our success) Canned Goods Harvest.

Under the direction of SIJ's own Father Rich Brouil and many dedicated parents, they will be collecting canned goods for our sister parish, Maternity B.V.M. The group will cover all the SIJ parish areas of Niles, Morton Grove and Glenview, so you can expect to have visitors that night.

Your generosity in donating even one can of food would be greatly appreciated, so please pitch in. Remember, those who give will be rewarded one-hundred fold.

LWV warns voters: "No time for apathy now"

Each presidential election year, thousands of citizens contract a mysterious ailment that hits just before it's time to go to the polls. Symptoms range from minor intellectual aches and pains - "Elections are a bore" or "I'm not interested" to more serious symptoms - "My vote doesn't make a difference," or "You can't trust politicians". This year the disease may be even more serious than in 1976 when only 54.4 percent of the voting age population went to the polls.

The League of Women Voters of Morton Grove-Niles has a little preventive medicine for such ails. No matter how discouraged people become, they retain a lively interest in issues. The task is to convince the candidates that they'll be in trouble if they avoid issues and rely on campaigns of "style and images". Making campaigns more issue-oriented isn't easy, but it's crucial to stopping the stampede away from the ballot box. Listen to debates, read voters guides and pamphlets which detail the candidates' opinions on issues, ask questions of campaign workers and at candidates meetings. Don't settle for responses that skirt the question.

There is even more potent medicine at hand: Get involved in the political process, join a political party, work for a civic organization, help someone running for office or even run for office yourself.

JCC plans used book sale

Contributions of used books are now being accepted at Mayer Kaplan Jewish Community Center, 5050 W. Church, Skokie, in preparation for the Third Annual Used Book Sale at the Center.

The sale takes place beginning Saturday, Nov. 8 at 7 p.m. through Thursday Nov. 13.

Proceeds of the sale will be used to purchase new volumes of Judaica for the Center's Gollay Memorial Library which is a resource center containing basic Jewish-oriented books and periodicals not readily available elsewhere.

Please bring your used books to the Center. Call 675-2200, ext. 202 if you would like to volunteer in the library.

Another part of the therapy is for citizens to discover how much electoral clout they really have. For example, young people 18 to 21 years old have a very low voter turnout. If they only realized how much political strength they have! This year's 3 million high school seniors alone have more votes than the combined pluralities of 3 close presidential elections in the past 2 decades. Yet we know many of those votes won't be cast.

Illinois is always considered an important state in presidential elections, and this year with the election as close as predictions indicate, the importance of each vote is increased tremendously. Added to that is the realization for a specific candidate, but also for a specific viewpoint on our nation's problems and solutions. Illinois residents will also consider referendum issues on Nov. 4 including a proposition to decrease the size of the Illinois legislature and end cumulative voting. Proposition #2 sometimes called the Legislative Reform referendum was placed on the ballot as a result of a petition drive by Illinois voters. The result of the Nov. 4 vote will effect our representation in the Illinois legislature in the future.

And don't forget that there are also elections for state candidates. All together, there are many reasons to value the importance for each and every vote on Nov. 4.

Artistic Trophies designs unique masterpiece for Bill Veeck

A special trophy was made by Artistic Trophies, 7421 Milwaukee ave., Niles and presented to White Sox owner Bill Veeck on his special night, Sept. 30 by Stan Niski and Don Meseth.

The top baseball player with the wooden leg and fishing rod, shows that he was always fishing for ideas to make the game more attractive for the everyday fan. The wooden leg is on the wrong side, but the whole trophy is messed up anyway. The cup is upside down, indicating the number of "almost" championships.

The figure beating his head against the cup alludes to the frustration he felt after losing a game. The comic bowler suggest that he may have felt the team could do better using bowling balls, and the half-horse shows what he may have been called, at times, by others.

The baseball player swinging the golf club indicated that Mr. Veeck may have wished to be at the golf course at times, instead of the ball field. The "Little Big Shot" serves to remind us of Eddie Gaedel, the midget who came out of Bill's fertile imagination to pinch hit in a major league game. Since he was often accused of giving things away, it is fitting that the figure of Santa Claus should be included in this award; and because of some of the things he did to arouse more interest in the game, he was often referred to as a "Hot Dog". The red on the center column is indicative of the color he saw when criticized for some of his actions.

The baseball players and victory figures on the base, serve to remind all of the many victories

he had, no only in the sport of baseball, but also in the game of life.

The columns and base of the trophy were carefully "antiqued" by trained chimpanzees using bricklayer hammers, 40 tooth hack-saws, and hand rasps, to show that this trophy, like Mr. Veeck, has been "through the wars". The finest of sterilized gauze is used to make sure the whole thing stays together.

Forward and frolic, Glee was there, the will to do, the soul to dare.

(Sir Walter Scott) Your night will never end, Bill Veeck Night, Sept. 30, 1980, Comiskey Park, Chicago.

The SJB offense features a very potent fast break. Mr. Jekot also stressed that his girls do a lot of work with strength and conditioning drills employing a medicine ball, jump rope, etc., to enable the fastball break to work with lightning speed.

High scores for St. John's were Cathy Bratek with 12 points, Krista Eshoo with 10 points, Eileen McAuley with 8, and Heidi Khubert with 4 points.

The SJB 5th grade girls basketball team is entered into the same two leagues as the SJB 6th grade girls team. Thus both of these SJB teams play the same opponents as "doubleheaders". These SJB girls team won five straight doubleheaders together. The only loss for the 5th grade SJB team was a 1 point loss in the

final seconds to an older, powerful, and much more experienced St. Tars team. Thus far during the season they are 6 and 1. So far this season 8 different girls on this team have become starters at one time or another. Coach John Marusek related the primary goal of this team is to learn basic skills and have some fun playing against older girls. He related that he isn't surprised by their outstanding performance against these teams comprised of older girls. These 5th grade girls were eager to start practicing in the summer to prepare for playing against older girls. Many continue to work hard on their own, to reach their personal goals. The members of this striving team include: Cathy Beierwaltes, Kristin Hack, Carolyn Kauth, Diane Kuhr, Beata Kurylo, Lorana Magnelli, Susan Ochab, Colleen O'Grady, Tricia Smith, Amy Surace, Annette Weres, Kellie Whittle.

Porter wins award for aiding Small Business

Congressman John Edward Porter has won a rating of 100 percent from the National Federation of Independent Business, based on a summary of votes cast on key small business issues. Porter was one of just six members of the 435-member House to be given a perfect score by the federation, which has the largest individual membership of any business organization in the country.

The federation also included Porter among 1980 winners of its Guardian of Small Business Award, given to high scorers on pro-small business issues.

Wilson S. Johnson, president of the federation, presented the award to Porter at a ceremony in late September on Capitol Hill. Porter, a member of the House Committee on Small Business, said he was grateful for the recognition of his efforts "to help small business in the face of acute inflationary pressures and to protect small business from unnecessary governmental regulation and red tape." While the federation's ratings were based on key roll call votes for 1979 and 1980, the rating of Porter was based only on his votes since being elected to Congress last January. About one-third of the votes monitored as important by the small business organization have taken place since January.

Motor fuel tax

Illinois municipalities have been allotted \$13,178,823.00 as their share of motor fuel tax paid into the State Treasury during Sept. according to the Illinois Department of Transportation.

Motor fuel tax funds are allocated monthly to the various municipalities in Illinois for their streets and highways. The monies allocated are computed on the basis of population. The allotments to local municipalities include Des Plaines, \$77,786 and Niles \$43,013.

Gomberg to champion the 'small business' man

Larry Gomberg, Democratic candidate for State Representative in the Fourth Legislative District, today announced plans to champion the cause of small business when he gets to Springfield.

Gomberg stated that he has already begun to meet with the owners and managers of small businesses in the Fourth Legislative District and that he plans to continue these activities after his election.

Gomberg called small business a "precious commodity" that is extremely important in the fourth district. Gomberg concluded that "supporting small business is supporting an improved employment picture for Illinois because a majority of the jobs in Illinois are created by small businesses."

letters to the editor

A 'no' vote will make District 63 listen!

To District 63 Taxpayers: For several years District 63 parents have tried to get the School Board to listen to them. Earlier this year we pleaded for the closing of Apollo Jr. High (for a savings of over \$200,000) to go along with closing the four grade schools. The Board keeps it open for a possible middle school of grades 6, 7, and 8 which, again, is

A Lion's share of praise

Dear Dave: We, of the Niles Lions Club, graciously accept the very kind and generous praise of Ms. Ciszyskowiak of the Niles Baseball League with regard to helping the visiting baseball team from the Philippines. With due respect to all the wonderful people involved, the on- sion of several names on that thank you list needs to be amended.

Diane Miller of the Chamber of Commerce & Industry deserves a huge thank you for her help and involvement. The list of names is a long, and most distinguished one indeed, of those who worked so hard in this endeavor, and we would be remiss in not mentioning Walt Besse and Herman Blatner for their aid.

The people of Niles can indeed be proud, with people of this caliber working in their interest. I'm certain the youngsters involved will long remember the dedicated members of the Baseball League who also did a yeoman's job to save the day for the touring team. Keep up the good work, Niles! You certainly continue to be a truly All America City.

Sincerely, Russell C. McAndrew President, Niles Lions Club

Urges "No" vote on District 63 referendum

Dear Editor: We are being urged to vote yes on District 63's Oct. 23 school referendum which will increase our taxes approximately \$70 a year.

The board closed our school this past year, which we felt was justified due to the decrease in school enrollment. However, it caused many families to take a second look at our Public Education and take another look at our Private Education. Many of us chose the Private Education for it offered a much better and more disciplined education. We sacrificed all the extra benefits that the district is requesting much of this referendum for and got a better education.

Before we vote yes for a referendum, I feel the Board should first sell some excess properties and close Apollo, or whatever school is necessary. The Board has been studying the

middle school concept for at least 5 years and nothing has been done. Also, teachers are trained to teach Art, Music, Physical Education. Why do we need the specialities?

Lastly, what parents want most in education is a more disciplined classroom which seems to be missing in our modern School Education concept. This can do much to bolster the Education Process and does not cost a cent. Also, take a look at Private Education and see what can be done at far less the total cost per student.

I urge the District 63 taxpayers to get out and vote no until we get more for our Educational Dollar. Also, please vote; this referendum will pass or fail on the majority of those voting.

Thank you, Mrs. Joyce Knapp District 63 Taxpayer

Urge passage of District 63 referendum

Dear Editor: How much are your children worth? If "priceless" is your answer, we agree. As inflation continues, the cost of education spirals upward as well.

In order to meet economic demands, the District 63 School Board has cut into excellent programs. Now, the future of this district remains in the taxpayers hands.

Our youth of today are the adults of tomorrow. Let us not short-change them now. Please support local public education and the District 63 referendum on Oct. 23.

Thank you, Lucy and Jerry Solomon 9145 Emerson Des Plaines, IL 60016

Loyal supporter of United Way

The United Way of Niles has a loyal supporter in Robert C. Wordel, Jr., Chief Public Affairs Director for Teletype Corporation and a resident of Niles. Wordel has been an active worker for the United Way for more than 15 years.

Wordel has served as the Campaign Chairman, and later the president of the United Way of Skokie Valley that this year has a campaign goal of \$128,433 to benefit 12 local service agencies that serve Golf, Lincolnwood, Morton Grove, Niles and Skokie.

Wordel said "The United Way of Niles is very grateful for the sincere cooperation that Mayor Nicholas Blase is lending to the campaign. The Niles Public Employees exceeded their goal last year and Lt. Gerald Himmler, Campaign Chairman for Niles, expects to exceed the goal again this year."

Wordel went on to say "To most of us, the services rendered by the 12 participating agencies are important and necessary. Many of these agencies have served Niles residents during the last year and a good share of the service rendered was without fee or with only a partial fee. I appeal to you, my Niles friends, to sup-

port the United Way of Niles so that we may continue to aid some of your Niles neighbors that are truly in desperate need of a helping hand. Checks may be made payable to the United Way of Niles c/o Nicholas B. Blase, 7601 Milwaukee ave., Niles, IL 60648. Thank you for your kind consideration. Help us to believe that you believe in our People Helping People campaign."

Teletype celebrates 50 years as Bell affiliate

On Oct. 1 Teletype Corporation, 5555 W. Touhy ave., celebrated its 50th anniversary as a part of the Bell System. The company had been designing and manufacturing printing telegraphy equipment for 23 years when it was purchased by A.T.&T. in 1930, becoming a wholly-owned subsidiary of Western Electric.

This offer applies only to phone orders placed for the Friday and Sunday performances on Nov. 7 and 9, and is not applicable to any other discounted tickets, such as students, senior citizens, active members or season subscribers.

But, if you phone 296-1211 between noon and 8 p.m. daily, and order one ticket for Nov. 7 or 9 at the regular door price of \$4, and mention this special offer, you can obtain a second ticket free. If two tickets are ordered at \$4 each, two free tickets will be available to those mentioning the free offer.

DPTG's cast includes Bill Schuler of Arlington Heights as George Schneider, the widower who isn't ready to give up his sense of loss and guilt. Schuler was active with Des Plaines Theatre Guild in the late 1950's when plays were presented at Rand Park

Fieldhouse. This is his first appearance with the group (now in its 35th consecutive season) on the Guild Playhouse stage at 620 Lee st., Des Plaines.

Janet Moran of West Chicago plays the role of Jennie Malone, actress and divorcee, who takes a second chance on marriage. Janet has appeared with community theatre groups in Chicago Heights, Park Forest, Hinsdale, Naperville and Oak Park, but this is her first role with DPTG.

Larry Fischer of Prospect Heights (formerly of Deerfield) is cast as Leo Schneider, George's swinging brother, and Gail Bylin of Glenview is Faye Medwick, friend of Jenny, and the object of Leo's lechery.

"Chapter Two" is the second production of DPTG's 1980-81 season. Other plays included in the season subscription are "Sleuth" in February (substituted for previously announced "Death Trap" which is not available at this time), "Under Papa's Picture" in April, and another musical, "Company", next June. The four remaining plays may be seen for \$12 if a season subscription is purchased. Door price for the four plays totals \$16. Apollo Theater curtain going up for the deaf

The curtain is going up for the first time for deaf theater-goers in Chicago. The Apollo Theater is leading the way by becoming the first theater to install a telecommunications device for the deaf, or TDD/TTY. A modified teletype system, the TDD/TTY device is called a Porta-Tel. It is to be installed at the Apollo on Monday, Oct. 13.

The Porta-Tel looks like a combination typewriter/telephone. It operates by placing the handset of the phone onto the built-in coupler of the Porta-Tel. Any hearing impaired person who has access to similar device in their home or office can now telephone the Apollo Theater to make reservations for the current Apollo hit play, WARP.

They type out their message on their Porta-Tel keyboard and the message is transmitted through the telephone lines by tonal beeps. The message then appears on the display screen of the Porta-Tel at the other end of the conversation. The indicator light on the device tells whether the number is ringing, busy, etc.

Reservations are now being taken for the 8 p.m. Sunday, Nov. 16 performance of WARP I which will be a special performance for the deaf interpreted by Chicago interpreters Clarendia Caudio Johnson and Paul Racl.

Tickets for this special performance are only \$8. For WARP, reservations or any information, voice or TTY, call the box office, 935-6100.

UNFOUNDED Tears

The fear of cataract blindness can be a great threat to sight than cataracts themselves. Over three and a half million elderly Americans are needlessly restricted by cataract.

Some believe it's the price of aging, but cataract surgery is considered one of the safest operations a patient can undergo. More than 95 percent of those who have this surgery have useful vision restored.

Regular checkups are the best way to prevent cataracts from developing to the danger point. Symptoms to watch for are blurred or double vision, spots or ghost images, a milky or yellowish spot in the normally black pupil.

For more information, send a stamped, self-addressed, business-size envelope to your state Society to Prevent Blindness or the National Society to Prevent Blindness, 70 Madison Ave., New York, N.Y. 10016.

Health Club . . . Cont'd from Niles-E. Maine P.1

vigorously objected to the membership concept of the proposed club telling board President Kosiba that if a health club does come to Niles eventually, it should not be in Grennan Heights and should be a club where any Nilesite can go, pay a fee for the evening and be able to use the facility. "Your proposed club is a privilege class operation and is only for 400 elite members, not for the 30,000 people of Niles." Another woman reiterated, "You're building a private country club with our tax money." Still other residents questioned the fact that the streets around the Grennan Heights fieldhouse are snow routes and many of the residents were ticketed for parking there last winter. How could people coming to use the health club park there? Park Director Bill Hughes noted this had been discussed with the village and it would be worked out.

Hughes also told Board members the previous questions on building codes and the sprinkler system for the proposed club had been checked with Joe Salerno, Director of Building and Zoning for the Village of Niles and the building does meet all the plans and specifications of the village and fire department.

President Kosiba then told the spectators they were ready to vote on the club and asked for a motion from his commissioners. Steve Chameriski finally made the motion for the denial of the proposed health club in Grennan Heights with Elaine Heinen seconding.

The roll call resulted in Walt Beusse giving the deciding vote against the club.

President Kosiba then told the audience he respected the decision of the commissioners and 'this was what the American

system was all about.' The audience cheered their approval and as soon as the adjournment of the meeting was called, many rushed up to congratulate Commissioners Chameriski, Beusse and Heinen on their decision.

While qualifying their "no" votes, both Chameriski and Heinen stated they had checked into the Tam Tennis Club facility which recently closed at 7686 Caldwell. The facility has 12 tennis courts, saunas, whirlpool and exercise equipment and is currently on the market for \$850,000. Chameriski noted the facility could be leased with an option to buy. Heinen added it would be for use by all the residents of Niles with no membership clause and has "everything we want."

President Kosiba recommended it be given to committee for further study.

In other actions the board voted to keep the rental fee for the TOPS club at the present \$100 figure. TOPS, which consists of 247 members meeting every Sunday morning at 6 a.m. at the Rec Center, had been paying \$50 each Sunday until the recent rent increase. Kosiba told the board, "If we insist on the \$100 figure, they will look for another meeting place." He also noted very few people want the center at 6 a.m. on Sunday mornings and the \$2,600 figure they are now getting would be lost if the club was required to pay the \$100 weekly.

Commissioner Chameriski told the board that of the 247 members in the TOPS class, only 19 were from Niles. "If they can't afford 75¢ each a week for the rent, then let them find someplace else," he stormed. "Why should we reduce our rent for them?" In the vote that ensued, Chameriski, Beusse and Heinen sided together in denying the club's request for a rent reduction while the duo of Kosiba and Arnold voted for approval of the request.

Director Bill Hughes reported on the increase of vandalism in the parks since the ranger patrols ended on Sept. 30. He said Greenwood Park's benches have been spray painted, trees destroyed, playground equipment damaged and tennis nets destroyed. In addition, Kirk Lane, NICO and Point Park have also suffered considerable vandalism. President Kosiba told the commissioners he felt the park rangers should be reinstated until the cold weather sets in which automatically deters the vandals.

TAM Golf Course closing was tentative set for Nov. 16 and if the weather holds up, it will be kept open on a day to day basis after that date.

abused because their school was closed, and they intend registering their protest at the polls.

Some Nilesites are exasperated because there are no polls south of Dempster st. School people would tell them the polls have always been only at the open schools in the district. But the more suspicious claim Senior Citizens, among the many, will have a more difficult time in voting because they have to cross Dempster st. and head north to vote. And several Nilesites may be suspicious this extra burden was deliberate, since support from the Seniors may be less than their fellow voters.

A couple of weeks ago we mentioned former school board member Jeanenne Oestreich said if we don't support the local tax increase the money will eventually come from the State. Ms. O. believes this would increase the involvement of the State with our local schools. She makes the point this referendum implies if we don't support the increase at the local level, we'll eventually forfeit local control over our schools. Jeanenne emphasized when the State feeds more money into a local school district, you can expect it'll soon be choosing the books for the locals, as well as deciding what its curriculum should be. Ms. O. thinks Saturday's referendum boils down to whether the locals want to make its decisions for its own schools, or forfeit its rights to some State bureaucrats.

Even though we favor the referendum, we think it's more important all the people in the district should decide on the use of their tax dollars. Since all of us District 63 residents are part-owners of the district, it is our right to collectively decide what should be done with our money. None of us are endowed with any undue wisdom which can match the combined wisdom of the entire community. That's the way the system works... if you take the time to vote.

hair, heavy set, wearing glasses and a long overcoat.

The uncle notified police and then jumped into his car to search for his missing niece. A few minutes later, he returned home with the girl who was very visibly shaken by her experience.

She told police the man forced her into his car and taped her hands behind her back. He then made her kneel on the floor of the auto and while he was driving, put his thumb into her mouth. He also pinched her cheeks and ear. The victim said he pulled the car over to the curb, at the corner of Jonquil and Nottingham, untied her and forced her to put her own thumb in her mouth. He then released her and she ran into Kirk Lane Park in the direction of her home when she was sighted by her uncle.

Niles Police Lt. John Christie said all area police departments were notified of the incident and given a description of the offender and the vehicle. The root beer can which the young girl was holding was recovered and sent to the police lab for processing.

District 207 announces administrative changes

Maine Township High School District 207 has announced several administrative changes for the 1981-82 school year.

A.K.H. Cochrane, Principal of Maine North, which will close at the end of the current school year, will become Principal at Maine East. In conjunction with the retirement of Dr. Clyde Watson in June, 1980, as Principal of Maine South, Robert Barker, Principal at Maine East since 1979, will become Principal at Maine South.

Cochrane has been Principal of Maine North since July, 1976. Previously he served as North's Assistant Principal, a position he had been appointed to when the school opened in 1970.

Cochrane will not be a stranger to Maine East, having begun his career in District 207 as a science teacher at Maine East in 1957. He moved from Maine East to Maine West, where he served as a career counselor, dean of students, and Assistant Principal for Students.

As principal of the smallest school in District 207, Cochrane views the administration of the largest school in the district as "very challenging."

"I'm looking forward to it," he commented. "Maine East has always had an outstanding educational program. I am confident that the new relationships that will be built among administrators, staff, students, and parents at East will be very positive and will carry forward the excellent academic and extracurricular traditions at East." Cochrane is also eager to work with the District's highly acclaimed special education facility located in Center Court at Maine East. Over the years he has been instrumental in the development and coordination of many special education

were closed in June in order to cut their costs. It is also possible in January that they will look into closing another school.

The voting precincts for Saturday's election are Washington School, 2710 Golf rd., Maine Township; Emma S. Melzer School, 9400 Oriole st., Morton Grove; Viola Nelson School, 8901 Ozanam st., Niles; Adlai E. Stevenson School, 9000 Capital dr., Maine Township and Mark Twain School, 9401 Hamlin, Niles.

The Superintendent said that John Graef, presently Assistant Principal for Staff at Maine West, will become Assistant Principal for Students at Maine East.

Kenneth Faulhaber will continue in his present assignment as Maine East's Assistant Principal for Staff.

Dr. Thomas Cachur, presently Assistant Principal at Maine North, will be assigned to Maine West to become the new Assistant Principal for Staff. Cachur has been with District 207 since 1973. He was appointed Assistant Principal at North in 1976, succeeding Cochrane.

Dr. Short said that Cachur's appointment to Maine West will give those students from Maine North who will attend Maine West a face in the administrative ranks that they can recognize.

Eldon Burk will continue as Assistant Principal for Students at Maine West.

At Maine South, Robert Simonson will continue as the Assistant Principal for Staff.

programs and activities for the youth of Maryville Academy and Nipper School.

North's Principal is also pleased that as a result of boundary changes planned for District 207 for the 1981-82 school year, some 2/3 of Maine North's student body will attend Maine East. "Familiar faces should help make the adjustment easier for the students," he predicted.

There may not be as great an adjustment for Robert Barker as he becomes Principal of Maine South, since he was Assistant Principal for Staff at South for 15 years, from 1964 to 1979 when he was named Principal at East. He said: "I know and enjoy the Maine South community. I also served as Acting Principal of the school on those few occasions when Dr. Watson was ill."

"My experience at Maine East is very exciting to me," he remarked. "The ability of the very diverse student body at Maine East to live together in harmony is an illustration of the way all of us would like the world to live."

He added: "It's a pleasure to work in two schools where there is such dedication, mutual respect, and camaraderie among staff members."

Barker has been with District 207 since 1956.

In announcing the principal's appointments for the new school year, Dr. Richard Short, Superintendent, District 207, said that James Coburn will continue as Principal of Maine West. He said: "These assignments are an assurance that our fine educational program will continue to have the benefit of quality leadership as we move into the 80's."

Dr. Short also announced the assignment of Assistant Principals for the 1981-82 school year.

In making the announcement, he noted that special recognition must be given to the retirement of Les Rozdalovsky, Assistant Principal for Students at Maine East, at the close of this 1980-81 school year after 27 years of service to District 207.

In commenting on the retirement, Dr. Short said: "Les has always been appreciated and recognized for his ability to relate to the entire student body at East and for his continuing efforts in support of staff and students in the student activity program. He will surely be missed by staff and students alike."

The Superintendent said that John Graef, presently Assistant Principal for Staff at Maine West, will become Assistant Principal for Students at Maine East.

Kenneth Faulhaber will continue in his present assignment as Maine East's Assistant Principal for Staff.

Dr. Thomas Cachur, presently Assistant Principal at Maine North, will be assigned to Maine West to become the new Assistant Principal for Staff. Cachur has been with District 207 since 1973. He was appointed Assistant Principal at North in 1976, succeeding Cochrane.

Dr. Short said that Cachur's appointment to Maine West will give those students from Maine North who will attend Maine West a face in the administrative ranks that they can recognize.

Eldon Burk will continue as Assistant Principal for Students at Maine West.

At Maine South, Robert Simonson will continue as the Assistant Principal for Staff.
