Flynn announces formation of 'Niles Reform Party'

Gadfly Flynn has announced plans to organize a Reform Party in Niles. The Niles Daily Bugle hardly can miss this story. The Village Hall is a busy place. There is a lot of noise and commotion. There are many new faces. Mr. Flynn, the new party, would be an altogether

new face in the one now here.

In his program, Mr. Flynn said, "He who would govern should first understand what he is trying to govern."

"I am tired of the current political machine," Mr. Flynn said. "It seems to me that the current political machine is an obstacle to progress and development."

"I believe in a government that works for the people," Mr. Flynn said. "I believe in a government that is responsive to the needs of the people."

Library Board studies merit pay plan for employees

Flynn proposes merit pay plan for employees

by Ellen Woods

The library board has instructed the staff to develop a plan for merit pay as part of its fiscal year plan. The plan would provide a mechanism for recognizing and rewarding employees for their efforts and contributions.

The library board has been discussing the issue of merit pay for several months. The staff has been concerned that the current system of salary increases is not equitable and does not provide adequate recognition for the work that is done.
