It seems the Golf Road improvement has been going on for several years, and the community is finally seeing the results.

The Niles Village Board cites traffic problems as one of the reasons for denying a car wash at 7303 Dempster St. Attorney James Marovitz representing the petitioner, George S. Germany, claims the board's decision is illegal. The case is scheduled for trial in May.

The Village Board also upheld a decision by the Zoning Board to deny a car wash at 7301 W. Palma Lane. The board cited noise and traffic as reasons for denial.

The AARP-NRTA and Niles Village Board are working together to improve the senior center. The center is located in the Golf Mill Shopping Center and serves as a hub for social activities and community events.

The Golf Road construction is complete, and the community is now enjoying the improved road conditions. The new road is open for traffic, and the community is looking forward to reduced congestion and improved safety.
