Niles studies parking ban on commercial vehicles

by Diane Miller
The Niles Village Board of Trustees Tuesday evening heard a recommendation from the Director of Building and Zoning, Joe Salerno regarding the banning of parking of commercial vehicles in residential areas.

While Salerno told the board only a few complaints have been received by the village, he noted that "it's not pleasant to look out your window and see a large commercial vehicle parking in the driveway next door." Salerno's recommendation was

for an amendment to the current ordinance regarding the "Parking of Boats and Trailers." The amendment would include the "Parking of Commercial Vehicles." This would make it illegal to park any commercial vehicle in residential areas.

Bond: Close Apollo school in June

With enrollment projected to decrease from today's 3,583 to 2,612 students in 5 years, district 63 superintendent Donald Bond recommended Tuesday night Apollo school should be closed by the end of the 1980-'81 school year. During this same period Bond said teachers in the district will decrease from 215.5 teachers to 180 by 1985-'86. He emphasized the school should not be sold and no elementary school would be closed at the end of this school year.

School board member Phil Deckowitz, who has been pushing for a middle school program placing 6th, 7th and 8th graders in the junior high schools, suggested the time for such a program might be the same time the district converts to one junior

high school. Both Bond and administrative assistant Lenore Page cited disadvantages to such a transition. Page said the cost of a middle school program was too high while Bond contended there should not be too much change in the district. The district "should be looking for getting stability" after the numerous student transfers which have taken place in recent years, as well as next fall's moving of Apollo students to the Gemini junior high school.

In choosing to keep open Gemini rather than Apollo, Bond said all 7 administrators (principals) agreed the larger but older Gemini school would better serve the needs of the district. Comparisons of the two junior district converts to one junior

Somebody should be shouting, "Whoa, Whoa, Whoa". And we're not referring to that bewhiskered guy who has to keep that impish Rudolph under reign. That "somebody" should be telling Niles park board members to slow down, take their time, and deliberate with much caution before going headlong into their proposed project to buy the shuttered Tam Tennis Club.

Little Steve Chamerki is plowing full steam ahead in pursuit of the former 400-member club which forfeited its property to a Arlington Heights saving association after failing to make payments on its property. The bank people seem to be very anxious to get out from under this real estate burden, and we have the impression they think they have a "live one" in the Niles Park Board.

Park commissioners Chamerki and Elaine Heinen seem to be leading the charge to purchase the \$850,000 property. We've received the impression the bank people are telling the park board they have another party who may be interested in the property, so the park board better hurry up and make a quick decision or it may be sold to the private party.

The Tam Club has a \$850,000 price tag on it. For those bucks you get a rather unusual property. You receive 6 of the 9 tennis courts which are there, in addition to two locker rooms with saunas, one whirlpool and a lounge which overlooks the courts.

Postmaster urges zip codes on holiday mail

Postmaster Louis G. Principali reminded customers that for the best service this Christmas season they should use ZIP Codes, place their return address in the upper left corner of the envelope and use proper postage.

"By following these suggestions," Postmaster Prin-

cipali said, "you will be assured good mail service this holiday season."

It is important, the Morton Grove postmaster said that families double check envelopes and cards to be certain that proper postage is affixed. En-

Maine GOP women install officers

Ethel Kolerus (left), Supervisor of Wheeling Township and a member of the executive board and former First Vice President of Illinois Federation of Republican Women, installed the new officers of Maine Township Republican Woman's Club at their November 21 luncheon meeting at Des Plaines Public Library. Serving during the 1981 season will be: (from l to r) Sharon Jacoby, Des Plaines, President; Margaret

Wirsén, Park Ridge, Vice President; Marilyn White, Des Plaines, Treasurer; Betty Gleason, Des Plaines, Recording Secretary; Adele Altera, Des Plaines, Corresponding Secretary; and Margaret Young, Park Ridge, Chaplain. Activities of the organization will resume after the holidays. For information, call Mrs. Jacoby at 824-4696.

Senior Citizens Fashion Show

Nearly 600 members of the Maine Township Senior Citizens organization enjoyed an Old Fashioned Fashion Show and Parade of Hats featuring their own members Nov. 11 and 12 at Casa Royale in Des Plaines.

Directed by Lucille Calabrese of Des Plaines, the show was staged at both the Tuesday and Wednesday luncheons, Nov. 11 and 12. Many of the costumes worn were from Lucille's collection, others belonged to the Seniors who modeled them.

Musical background for the fashion show and the singalong session preceding it was provided by Emil Poch of Park Ridge, and his accordion.

Oldest gowns shown here were an 1878 black bridal suit, modeled by Zora Gross, and a going-away dress from the same period, modeled by Grace Saxe, both of Des Plaines.

Beulah Tresdt, Des Plaines, modeled another 1922 fancy beaded gown, while Mary Haskins, Des Plaines appeared as a flapper of the 1920s period.

Avoiding Holiday Depression

"Holiday Depression", will be the topic of a public program at 8 p.m., Thursday, Dec. 11, in Johnson Hall, Lutheran General Hospital, Park Ridge.

Donald Sellers, M.D., medical director of the Lutheran Alcoholism Treatment Center affiliated with Lutheran General, will be the speaker. He will discuss the causes of holiday depression and how to cope with it. "Depression between Thanksgiving and New Year's Day is a fairly common occurrence even in people without a history of clinical depression. Holiday depression is an anniversary reaction to reminiscing about childhood holiday memories, be they happy or sad, as well as thinking about the past year," explains Dr. Sellers. "Clinical depressions also are likely to be intensified in the fall of the year," Dr. Sellers adds.

He believes it is important for persons to know how to react to holiday depression in order to enjoy the holidays as they should be enjoyed.

This public health meeting is sponsored free of charge by the Men's Association of Lutheran General. For more information phone 696-6500.

Senior Citizen Center

The Senior Citizen Center in Morton Grove's new village is now open and ready for use to all seniors. Feel free to drop in for socializing, coffee, cards, pool, conversation, or relaxing. Special programs will also be featured in the Center and you will be notified of these. Group parties and use of kitchen facilities are also available.

Hours for the Center are 9 a.m. to 4:30 p.m. Monday, Tuesday, Thursday and Friday, and 9 a.m. to noon Wednesday and Saturday. It is your room and we invite your participation and your ideas.

Free Tax Aid to Seniors

Morton Grove's Chapter of the American Association of Retired Persons, and the Internal Revenue Service will provide free assistance again this year for seniors who need help filing their income tax returns.

An added service to this year's expanded program will be to assist in preparing returns for shut-ins. Any shut-ins in need of this help should call the Senior Hot-line, 965-4658, for more information.

In addition, volunteers to help with counseling are needed this year. If you have experience preparing your own returns and are good with figures you are encouraged to become a counselor. Special training will be provided by the IRS and the time involved will be 4 to 5 hours a day for two days a week, from Feb. 9 through April 15.

Anyone interested in becoming a volunteer counselor or who would like help in their tax preparation should call the Hot-line at 965-4658.

Keep Warm This Winter

In extremely cold weather, inhale through your nose and exhale through your mouth. Inhaled air is warmed in the nasal passages before it reaches your lungs.

Always wear a hat, as the head is the most vulnerable to heat loss. Dress in layers and cover your legs.

Be sure to use enough bed covering. Body heat production falls off during sleep and you may wake up cold and shivering.

It is wise to avoid smoking since nicotine decreases the blood supply to far reaches of the body and interferes with warming the arms, hands, legs, and feet.

Sweaters, vests, extra foot covering are all needed even when indoors to avoid chilling.

Use a scarf or air-warming mask to protect your lungs.

Driver's Refresher Course

Another series of the popular and successful Drivers' Refresher courses will begin on Jan. 4, 1981. Seniors who will be called to take the written exam at license renewal time are encouraged to call the Senior Hot-line, 965-4658, weekdays, 9 a.m. until noon to sign-up for the course. It will be held at the Senior Citizen Center of Morton Grove's new village hall and is free.

Advisory Commission on Aging

Morton Grove's Advisory Committee on Aging now has openings for individuals interested in planning toward meeting the needs of our senior citizens. The Commission holds open meetings at 1 p.m., the second Tuesday of each month in the village hall.

Recent projects of the Commission include the White House Conference Forum, a phone directory for seniors, and planning for the Senior Center.

Anyone interested in a position on this board, or with suggestions for improving senior programs should contact Bud Swanson, Senior Services Coordinator, at 965-4100.

Thursday Social Club

Expanding membership in the senior clubs meeting at the Prairie View Community Center has necessitated opening another day to accommodate Morton Grove seniors age 55 and older who would like to drop in to play cards.

The new senior group will meet from 11 a.m. to 2:30 p.m. every Thursday. For further information contact Leo Provost, Senior Activities Coordinator, at 965-4359.

"A sweet day for the Niles Lions"

Golf Mill's Holiday Chestnut Roast

This final report for the "Candy Day" campaign is filled with the best of the Niles Lions. We had a great Candy Day and the thanks we have to offer go out to so many wonderful people that listing all of them would take up a full page of this fine newspaper. A brief outline will have to suffice. Here are the highlights: The top volunteer money raiser, not a Lion, goes to David Mariotti, a student from Niles College. The largest group of volunteers, not Lion members were the Niles College folks, who came out with 43 people and raised a whopping \$1,231.98. That's a hard act to follow but several Lion Families did a pretty good job trying. Renee Hubick and her family came up with \$183.63 and Scott and Craig McAndrew with their Mom and Dad brought in \$32.46.

A real Niles Lions Roar has to go to the Niles Baseball league volunteers, the other Lions families/friends who volunteered, the Niles Lioness Club, the Underwriters and last but not least, all the Niles Lions who worked so hard to make this, the major fund raising event of our club for humanitarian services, a Great success with a total of \$5,093.94 raised.

A report like this makes it easy to say "It's Great to be a Lion", and with the volunteers doing such a fine job, "It's Wonderful to have such good Friends". Your generous contributions, you may be sure, will be used for Humanitarian Services Only and the recipients will keep you in their prayers for a long long time. Thanks again from the bottom of our hearts.

letters to the editor

Words of Wisdom for Tom Flynn?

Dear Editor:

This is in answer to Tom Flynn's hypothetical charges, about how our Mayor, Police Chief and Superintendent of Public Works are handling their duties and forces. He is forming a new kind of electorate party, or he himself is seeking the Mayors job. Tom, as a friend I thought I was and hope to remain, I am stating publicly you are wrong.

In the past you have been in the social "Big Leagues" of politics. Many opportunities have come your way, for several offices in the county and state which you hoped to be elected to. But, in my opinion, you did not have a positive approach. You only bring out the opposition's faults. Tom, I hope one of these days you will change this. You are knowledgeable enough.

Maybe we do need some changes. But for a man like myself, who I think reaches most all my neighbors in the Village, they have a very high regard for the way our Village Departments are operating and they agree you are wrong.

Our Park District and each and every one of the officials in it are doing a good job in spite of your recent charges against them.

The best boss I ever had gave his secretary the secret of why he was so well liked and why his help was so proficient. The secret was, when he wanted to correct any one of his charges, he would give them three or four compliments. Then he would register his complaint or what he wanted corrected. Maybe you could try this approach.

The Public Works has about 60 employees. The Police Depart-

ment has about the same number. A few disgruntled people will be in any group of employees or society. Don't blame the chiefs!

As for that great guy Eddie Bacher, our friend, the few times I talked to him in his restaurant, he says he is very happy with his new life.

So, Tom I wish you success for you and your family and I hope this might be some good advice for you and everyone who can use it.

Thanks for publicity

Dear Editor:

On behalf of the members and officers of North American Martyrs Council No. 4338 of the Knights of Columbus, we wish to extend our sincere appreciation for your publicity for our Tootsie Roll Drive for the retarded children in our community centers and institutions.

Also to the fine people who generously contributed to help those people to lead a life so many of us fortunate to enjoy. In giving and remembering them, no doubt, you have received enjoyment and happiness. Thank all of you for your support and cooperation. Your contribution set a record year.

Certain District 63 board members not fair in decisions

Dear Editor:

The biggest problem parents of District 63 have with the School Board was summed up in your "From the Left Hand" of Dec. 4 when you wrote "We've been told one board member is anxious to promote the middle school concept because his very bright wunderkind would profit from what he believes is this increased stimulation at a higher level school."

Although a School Board is elected to make decisions for the good of the entire district, it does not work that way in District 63. Here, certain members decide what they want for their children and then impose it on the rest of

State rep candidate expresses thanks

Dear Editor:

I would like to take this opportunity to thank those voters of the Fourth Legislative District who, with their votes, helped me in my quest to represent them in Springfield.

My campaign for state representative was characterized by visibility and constructive activity designed to serve the people of the district. I can assure you that in the months ahead I plan to continue this visibility as well as serving the public in any way I can.

Sincerely,
Larry Gombert

Cites lack of respect for handicapped

Dear Editor:

Recently at a local parking lot I saw a car parked in a reserved for handicapped space. Curiosity led me to check whether any designation of a handicap was visible on the license plate, I saw none, but did see a bumper sticker stating the "driver brakes for animals". It was such an interesting dichotomy; respect for animals but not for disabled people.

Obviously, this person's (and many others) actions are not meant to intentionally deprive disabled persons of the "breaks" that may be given them by local business or governing bodies. Rather, it is the lack of knowledge of what a handicapped person needs to be able to function in our community as normally as possible. These designated parking spaces are provided for the safety, logistic and accessibility needs of the disabled; if these spaces weren't needed, certainly the provisions wouldn't be made for them.

1981 has been proclaimed the International Year of the Disabled; the best course of action that able bodied persons can take to recognize this special year is to show respect for the handicapped and attempt to understand their plight. If you see an able bodied person park in a reserved for handicapped space notify them that they are parked in a space not reserved for them. Information regarding accessibility is available thru many sources; if your readers are interested, have them call 966-5522.

Sincerely,
Emil Wingrad

the children. There are some good, fair people on the Board; unfortunately they are not the majority at this time.

Incidentally, there are many, many parents who agree with you on K-8 schools. There are many reasons for their feelings, but since dollars seem so important to all these days, just think the cost was nearly \$200 for one child. Without busing bills, the parents might feel better about a referendum.

Sincerely,
Barbara Huff

NI-Gas helps Niles Park District

Northern Illinois Gas (NI-Gas) is using thermography to "test" Niles Park District buildings for heat loss. On Wednesday, November 19 company representatives will conduct six surveys at Niles Park District buildings.

NI-Gas' thermography program, initiated in March 1977, was the first of its kind in the nation. Thermograms, photographic prints produced by the system, are analyzed by specially trained NI-Gas personnel. Officials and administrators receive copies of conventional photographs of buildings surveyed, thermograms and a written report pinpointing energy inefficiencies.

Results of over 180 surveys completed last year suggest that energy savings efforts on the part of school administrators and officials could save taxpayers money.

The service is available at no cost to the schools and public facilities NI-Gas serves. Survey and scheduling information is available from Dick Leider, District Superintendent in the NI-Gas Glenview office.

Nimrod bill to ban x-rated movies on campus

Senator John J. Nimrod, R-Glenview, announced today that he has pre-filed a bill which would forbid the showing of pornographic films on the campuses of State colleges and universities in Illinois.

"I'm fully aware that the U.S. Constitution gives us the right to freedom of speech and peaceable assembly," said Senator Nimrod, "but I'm convinced that we can stop the showing of the X-rated films under the state's police power, since they could be disruptive to the education process."

"It is not my intention to prevent freedom of speech. However, I do believe that the showing of pornographic films on our college campuses is somewhat similar to a person yelling fire in a crowded theatre. By publicly showing obscene material, it is a violation of the rights of those who object to such films at a tax-supported institution."

Senator Nimrod said his proposal follows a decision by the Board of Regents at Northern Illinois University in DeKalb, not to enforce a rule against the presentation of X-rated films.

Legion Auxiliary visits USO

The Morton Grove American Legion Auxiliary Unit #134 serves a buffet supper each November to the servicemen who drop in at the USO in the Loop. This event took place recently and Unit President Mrs. Julie Karsten cooked up a huge batch of meat for sloppy joe sandwiches which the fellows greatly appreciated.

The menu also included bean salad, potato chips, fruit, cookies, punch and coffee.

A large box of over-size oranges were donated by Alyce and Jim Campanella of Morton Grove and were a welcome addition to the buffet table. Mrs. Karsten's daughter, Kris, a past president of the Auxiliary, baked a big assortment of cookies which were also well received by the supper diners.

Accompanying Mrs. Karsten to do the serving were her husband Howard, Joe and Elynor Schmidt, Connie and Ed Mahnke, Lorry Nehart and Janet Hintz. Mrs. Hintz's husband is the Post Senior Vice Commander. Mrs. Nehart is a past president of the Unit.

Mrs. Mahnke is currently serving the 7th District American Legion Auxiliary as its president. Both her husband and Schmidt are hard working Legionnaires as is Howard Karsten. In addition, Joe Schmidt is a past commander of the 7th District American Legion. His wife served the same year he did as district Auxiliary president.

Legionnaire Raoul Smoczyński's mother entertains guests at the USO as a card reader, and she was once again thoroughly enjoyed by all. On this particular date the Menard Swingers, a square dance group, were also present and after performing as entertainment, then led the visitors at the USO through the dance steps with the aid of the caller and taught the servicemen some steps to enable them to also participate in a segment of square dancing.

directive prohibiting the showing of such films, but later reduced the ban to a "feeling of the board, not a rule for the university to enforce."

The proposed bill would prohibit the showing of any film rated X by the Motion Picture Association of America.

Violators of the law would be guilty of a Class A misdemeanor, punishable by a \$1,000 fine and/or a jail sentence not to exceed one year.

Niles North students collect money for Childrens Memorial

Niles North students, under the leadership of the student congress, are raising funds for Children's Memorial Hospital during their annual school cause drive. Their goal is \$5,000, and they are half-way there.

According to faculty advisor, Bill Weiss, \$2,475 was raised on Dec. 3 through an auction which featured over 250 community and staff donated items. The auction highlighted a series of fund raising efforts. Students purchased everything from legitimate items to a ten second screem in the library. An opportunity to throw a pie at chemistry teacher Frank Cardulla netted

\$100. Other efforts included Kohls and Dominicks Days and a candy sale throughout the school and community.

The students also sponsored a floor hockey marathon, during which they played between 9 a.m. and 9 p.m. for as long as they were able. Passing a can in the cafeteria on only one day also raised \$50.00 for the fund.

Student congress co-presidents Stacy Brustin and Paul Toback, along with school cause committee chairpersons, Sus Wislocki and Jay Footlik are conducting the drive. The money will be presented to the hospital on Dec. 18.

Maine East opens debate season

Can Maine East recapture the state debate title? Considering what the varsity members did this past summer, debate coach Leisa Hamm feels there is a good chance.
 The varsity team of Lenny Gail and Merle Weiner captured the state title as well as six other major tournaments last year, and to enhance their capabilities, they competed in two prestigious tournaments this summer, Redlands University in California and Northwestern University respectively. Lenny won first place, Merle was fifth.
 Other varsity debaters and their summer achievements include: Jeff Galkin, fifth place at Redlands; Bill Loebaka, fifth at Louisville; and Miles Taub, first speaker at Louisville.
 The rest of the returning team includes Bob Sorenson, Joel Lent, Bliss Felsenfeld, Gwen Rodnick, Scott Gauss, and Mark Lax.

Nilehi weather closing information

If it becomes necessary to close the Niles Township high schools because of severe weather or other emergencies, most radio and television stations will receive the information very early in the morning from the City News Bureau of Chicago. Some radio stations including WBBM(780/AM), WGN(720/AM) WCFB(102.7FM), WLS(890/AM) and WIND(560/AM) will be specifically informed by Dr. Gilbert Weidy, assistant superintendent of District 219.
 The school administration requests that students, parents and employees listen to the radio or watch television early in the morning to get the school closing information, rather than call the schools.

Niles North Century III winner

Rudolfo Patriarca, a Niles North High School senior, has won the Century III Leaders Scholarship competition at his school.
 Mr. Galen Hosler, principal, presented the award certificate to Patriarca on November 5.
 According to Mr. Hosler, Patriarca is now eligible to compete with other high school seniors throughout Illinois for two \$1,500 scholarships, and two \$500 scholarships, and also for a \$10,000 national scholarship that will be awarded in a conference of state winners in Williamsburg, Virginia.

Patriarca is the son of Mr. and Mrs. Rodolfo Patriarca of Skokie.

Scholarship recipient

Tuition scholarships have been awarded to six University of Illinois students who are cadets in the Air Force Reserve Officers' Training Corps. Among them is Linda J. Green, sophomore in business administration, graduate of Niles North High School and daughter of Mr. and Mrs. David Green, 9142 La Crosse St., Skokie.

According to Chamerski, a local bank will provide financing for the Club at 75% of the prime rate. Steve thinks it's a good deal and he wants to jump in quickly and grab the Club.

You have to watch the bouncing ball closely if you want to understand what led to this sudden interest in the tennis club. Park board president Dan Kosiba and vice president Jeff Arnold were very interested in creating a health club at the Grennan Heights fieldhouse. Chamerski and Heinen were joined by Walt Beusse in opposing the GH club. Possibly, out of a sense of guilt, they immediately began exploring other areas where a health club could be created. Steve and Elaine suddenly discovered the defunct tennis club and immediately began beating drums for this new building.

You have to understand the people involved in all these machinations to arrive at the Caldwell Avenue Club. Chamerski was the major force behind the acquisition of the Little Tam golf course. It has been an unqualified success. Steve is gung ho for adding more valuable real estate for the park district. But park commissioners got burned many years ago when they built the Ballard ice rink and the annual \$80,000 deficit there should make them wary about undertaking another one-recreation building.

Tuesday, Park director Bill Hughes emphasized the Tam Club would be used primarily for tennis, with a possible part-conversion to racquet ball. But the \$130,000 annual payments would have to come out of revenue primarily from the tennis courts. He admits tennis has been on the wane in Chicagoland for the past 5 years. However, Bill contends the tennis clubs of other public bodies have been an overwhelming success and he believes these courts would likewise prove successful. He contends private fees for private club courts run \$19 per hour. He envisions \$10 to \$12 per hour fees for Tam, if the park district runs that club.

Hughes emphasized any health club would be limited. While the proposed Grennan Heights club would have had about 17 pieces of equipment, it is unlikely the limited area for a health club at TAM could handle more than 10 or 12 pieces.

Some of us have memories which recall the financial straits the park district was in several years ago. Today, the district is sailing along with sizeable amounts of money accruing every month. It is tempting to use this surplus to help pay for this new project.

Chamerski told us the park district would give the Arlington Heights bank a letter forestalling the purchase for 90 days. The bank asked for 30 days, reminding park board members another party was interested in purchasing the Club.

During the next 90 days the park board will have public input and cost analyses studies made, before deciding on any purchase.

According to Chamerski, the local bank expects the park board to "unanimously" approve the purchase before they will loan the \$800,000. This seems to be very important, which is overlooked by Chamerski. In his desire to acquire the Club, he does not realize there is a definite split on the board. The Kosiba-Arnold combo were rejected when they wanted to install the health club at Grennan Heights. They were rebuffed by the very commissioners who are now pushing for the Tam Club. It is quite possible Kosiba and Arnold are less than enthusiastic about this new project.

If, as Hughes suggests, the Club will be primarily a tennis club, it behooves Steve and his friends to determine whether or not such an indoor facility is what Niles residents want. If the Club becomes a facility primarily for out-of-town residents, it will become a boondoggle similar to the ice rink.

Two or three years ago we read in an airline magazine Chicagoland had the most indoor tennis courts of any city in the United States. The article suggested too many courts were built.

Since the park district belongs to the people who pay the bills, we think they should determine if they need indoor tennis courts, and want to make this purchase. Buying courts with Niles money, to be used by the bluebloods along the North Shore, isn't our idea of responsible use of public moneys. If Nilesites want indoor tennis courts, and that is the use for such a large building, then we think the purchase should be considered.

Commissioners shouldn't be concerned by the Arlington Heights bank's assertion someone else is interested in the property. It could be true. And it could be a ploy to push the commissioners in to making a hasty decision.

section of the constituency of the township. "In the past, the Democratic Party has never fielded an official party slate. Based on the voting turn-around in the township since 1970," Blase said "Democrats are now a viable political force that must be reckoned with." He stated that the "democratization" of Maine Township is demonstrated by recent township electoral results. In 1968, the township slate opposing the Republicans received 20% of the votes cast. By 1976, the opposing slate doubled its total receiving 40% of the vote. Blase claimed that the demographic and electoral transformation of Maine Township into a Democratic-independent township presents a unique opportunity for a slate of qualified Democrats to reverse the downward direction of the quality of our current township administration.

Blase also stated "that this is the most qualified slate of candidates ever to run for township office. It includes a tax expert, a college professor, a corporate executive, an attorney, and a community organizer. The candidates represent nearly all the villages located in the township and are a cross section of the township constituency."

The candidates are: Supervisor, Barry Lipin, unincorporated Des Plaines; Clerk, Carol Christenholz, Morton Grove; Assessor, Ellen Munro, Park Ridge; Collector, Alvin N. Marks, Niles; Highway Commissioner, Whitey Daniels, unincorporated Des Plaines; Trustee, Cynde Feichter, Niles; Trustee, George Hall, Niles; Trustee, Patricia Galla, Des Plaines and Trustee, Dennis Posen, Des Plaines.

Niles West artists win awards

Jeff Horwitz and Trish Mikkelsen, seniors at Niles West High School, received major awards in the juried Youth Art 3 show, sponsored by the Bank of the North Shore and held in Northbrook Court during November. Horwitz submitted abstracts in water color and pencil for judging and Mikkelsen showed a collection of oil paintings of landscapes, people and animals.

Nine other Niles West students' works were selected for exhibit by the members of the North Shore Art League who judged and juried the Youth Art 3 show. On exhibit were paintings and sculptures by Mari Aberg, Joyce Hilger, Kevin Kestler, Julie Kremen, Joseph Lee, Sugwon Lee, Denise Monnier, Kon-Su Park and Adele Rose. "This show is unique because it focuses on the art talents of North Shore high school students and because the young artists are permitted to sell the pieces they exhibit," said Jack Lorenz, director of fine arts at Niles West.

Students and teachers star in 'A Christmas Carol'

The holiday spirit will soar as high as Marley's ghost on Dec. 12 and 13, when students, faculty and administrators of Niles West High School present Charles Dickens' beloved tale "A Christmas Carol."

Cynthia Philbin, Niles West staff member and owner of Philbin's Little Theatre, is directing the production as the high school's annual children's theatre offering. The production features five-year old Jamie Wild, son of District 219 employee Bob Wild, as Tiny Tim.

Christmas Festival at Museum of Science and Industry

Palate-pleasing taste treats chosen from Yuletide menus all over the globe are being offered through Dec. 21 at the Museum of Science and Industry's "International Buffet".

The buffet is part of the Museum's 38th annual Christmas Around the World Festival celebrating the Yuletide traditions of 37 lands. The Festival runs through Jan. 6.

Visitors can enjoy a wide range of international foods, with Hungarian chicken, English roast beef, Swedish meatballs, and Polish sausage all offered as main entrees.

Featured as side dishes are French garlic potatoes, Italian noodles, and Czechoslovakian sauerkraut. Salad lovers can choose from Serbian cucumber salad and Mexican bean salad.

The buffet also offers German potato salad and Puerto Rican sweet potato pudding.

Assorted cheeses, relishes, and ethnic breads round out the meal, with Hawaiian coconut cookies served for dessert. After eating, visitors are invited to view the Museum's collection of 31 giant Christmas trees and seven creches in the Rotunda, each of which is decorated in the tradition of a different land.

The buffet will be served in the Festival Dining Room from 5 to 8 p.m. Mondays through Thursdays, and from 4 to 8 p.m. Fridays, Saturdays, and Sundays. The cost is \$6.95 (plus tax) for adults, and \$5.75 (plus tax) for children. For dinner reservations (not required), call the Museum's Christmas Desk at 312/684-1414.

Santa and Aesop entertain kids this weekend

Santa Claus and characters from "Aesop's Fables" will entertain youngsters this weekend at Guild Playhouse, 620 Lee St., in Des Plaines.

Tickets are only \$1 for children, \$2 for adults, on Friday, December 12, 7:30 p.m., and Saturday and Sunday, December 13 and 14 at 2 p.m. The play begins about a half hour later, but everyone should be seated by the times given in order to be ready for Santa's arrival with gifts for the kiddies.

Call 296-1211 between noon and 8 p.m. daily to reserve tickets for a particular performance.

Bringing the Aesop animal characters to life are Diane Honeyman and Fran Schnitzius of Park Ridge, Klaren Miller of Niles, Kathy Wenie of Addison (formerly of Des Plaines), and Macky Cohen of Mount Prospect. Dick Kempkiak, Des Plaines, portrays Aesop.

"Aesop's Fables," presented story book style (without a set) is directed by Betty deGroh of Arlington Heights, and produced by Carol Kempkiak of Des Plaines. It is available for booking by clubs, schools and churches looking for an entertaining program for children. Fables included are "The Fox and the Crow," "The Hare and the Tortoise," "The Donkey in the Lion's Skin," and "The Fox and the Sour Grapes."

Marillac's Madrigal Singers

Dr. Jan Keith and the Marillac Madrigals put some polishing touches to the songs in their Christmas repertoire.

Marillac's Madrigal Singers have a full December schedule with seven performances planned. Highlighting the season is the Marillac Christmas concert on December 12; the singers will be joined by two troupes of IdM dancers.

The on-tour programs began December 1 with an after school songfest at Northbrook Court. December 7, the singers performed at the Museum of Science and Industry; December 8, at the Chicago-Northwestern station; and December 10, at St. Norbert's School. The final presentations will be at the Evanston Golf Club, December 14, and two shows on December 15.

The Madrigals will entertain at the Morton Grove First National Bank at 6 p.m. and at Randhurst at 7:30. The 19-member choral group, directed by Dr. Jan Keith, began this past September with an hour's practice four days a week. The wide variety of musical types are sung without musical accompaniment except an occasional guitar background by Fran Uselman. Dr. Keith, a first-year instructor in Marillac's Performing Department, has already directed the Madrigals in their November performance at St. Ann's Home.

The choral group includes Alison Krajciak, Colleen McCarville and Annie Unger, all sopranos; Eileen Dulen, Suzanne Palasz, Darla Jackson, Ann Puzis, Shannon Schumacher, Jackie Sledz and Chris Zwiasek, juniors; and Betty Allen, Eileen Connelly, Lynn Donley, Kim Dreshol, Barb Fesus, Ann Hartz, Nancy Notaro, April Pilousek, and Fran Uselman, seniors.

Horwich Center holds "An Evening of Dance"

The Chicago Moving Company and the Hatazabarim Dance group will perform a variety of modern, folk and classical ballet onstage at the Bernard Horwich Center, 3003 W. Touhy ave., December 13 at 8 p.m.

The "Evening of Dance" is presented as the second in the Center's four-part series commemorating its 20th anniversary this fall.

Admission is \$4.50 to members; \$5 to non-members. For more information, call 761-9100.

Major menu change at Niles Victoria Station

In the most sweeping menu change in its 11-year history, Victoria Station, Inc. has announced a fundamental new market repositioning of the Niles unit, at 7800 Caldwell Ave., which may become the prototype for nearly a third of the 100 Victoria Station restaurants nationwide.

"We're adding almost 20 new reasonably-priced menu items which will appeal to the consumer to an even greater degree than prime rib, our specialty in past years did," says Dan Rosenthal, regional manager for the four Chicago units, including three others in Schaumburg, Northbrook and Villa Park. The new menu will go into effect Thursday, Dec. 11.

"We are not trying to downplay prime rib because it is still a favorite of many of our customers and makes up a healthy percentage of our sales, but we're appealing to a broader base clientele," he affirms. He adds that the new menu items "will be of the same top quality which Victoria Station clientele have come to expect, such as using fresh vegetables for the daily vegetable du jour."

Niles Victoria Station will be featuring an expanded listing of barbecued items, including what

Rosenthal believes will be a best-seller, barbecued chicken and beef ribs, all-you-can-eat, for only \$6.95 at dinner.

Recognizing that children and "kids at heart" are a "viable force in our market", the restaurant also is instituting a soft ice cream dessert bar with sundae trimmings, in a similar all-you-can-eat style for \$1.95. "This should be a popular attraction for the late-night crowd as well", states Rosenthal.

"Our children's menu is a real inflation-fighter for the family", he adds, noting that choices include cheese pizza, barbecued chicken, or a hamburger, each with french fries and a coke for \$1.95.

A smaller eight-ounce prime rib has been added to the existing selection of three larger portions (11 to 28 ounces, priced from \$10.95 to \$15.95). The former retails for \$8.50 at dinner and includes choice of soup or salad and potatoes or rice pilaf.

Other new items on the dinner are a Teriyaki Chicken Breast (\$6.95), Dungeness Crab Leg Feast (\$8.95) and four new appetizers including Fettucine (\$2.95), Barbecue Beef Ribs (\$1.25 each), Nacho Chips (\$3.25)

and Tempura Vegetables (\$2.95). New luncheon specialties include two Quiches with fruit garnish (\$2.95) and two Omelettes, including Joe's Eggs, an open-faced version (\$3.95). A Spinach Salad (\$4.25) and Chef's Salad (\$3.95) have replaced the salad bar. Barbecued items at lunch are available at a set amount and fixed price (\$2.95 to \$4.95).

Three new desserts are being added to the traditional favorites - cheesecake and chocolate mousse - including a hot fudge brownie (\$1.95) and apple cobbler a la mode (\$2.25).

Victoria Station features an English railroad theme utilizing authentic train cars and railroad artifacts such as potbelly stoves, baggage carts and brakeman's lanterns.

The other Victoria Station restaurants in the Chicago area are located at 200 Skokie Blvd., Northbrook; 675 Mall Drive, Schaumburg; and 298 W. Roosevelt Rd., Villa Park. Ample free parking is available at each location. Reservations are recommended and can be made by calling: Niles - 967-0780; Schaumburg - 884-1575; Northbrook - 835-5041 and Villa Park - 832-8700.

This course does involve some outside work, and a commitment by you to be the best you can possibly be in helping out others to learn to swim. SJB girl cagers complete regular season 17-0

The 6th grade girls at St. John Brebeuf ended their regular basketball season with victories against St. Monica and against St. Hilary 44 to 33. Their 17 - 0 record for the regular season represents the first time that a sixth grade girls team completed a season undefeated.

Krista Eshoo scored 14 points while Cathy Brake, the center, tallied 11 points. Eileen McAuley and Linda Strauss contributed 6 points each. Stacie Jakobi, Kristin Gotshall and Janet Rzepiela each had 4 points. Lori Colosi rounded out the scoring with one basket, the only one scored in the third quarter.

Fine defensive performances were provided by Jennifer Stevens, Cathy O'Grady and Kristin Gotshall. Kristin had 10 steals in the game, the most by any player this season. The leading rebounders were Linda Strauss with 8 rebounds and Kathy Lake with 7.

The last game of the season was a home victory against a St. Hilary team that emphasizes defense. Krista Eshoo led all scorers with 18 points, followed by Cathy Brake's 11 points and Eileen McAuley's 8 points. Janet Rzepiela added 5 points and Stacie Jakobi posted 2 points. Because of the closeness of the

game the second team for SJB played only the last five minutes of the game and failed to score against the tough defense of St. Hilary.

The official stats show that SJB shot 38% from the field, high for the season. Krista Eshoo stole the ball on 10 occasions to tie the season high for that category. Leading rebounders were Cathy Brake and Janet Rzepiela with 13 rebounds each.

With their season complete, the team has been entered in the 3rd Annual St. Tarcissus Thanksgiving Holiday Tournament.

The team is coached by Jim Jekot and Ed Eshoo, who deserve much of the credit in developing these girls into a fine basketball team. Coach Eshoo states that besides many hours of practice he notes "that these girls are very intelligent and consequently are very easy to coach." He also stated, "that most of the girls attended the summer basketball camp held in July at Marillac High School. This camp helped everyone improve in the basketball skills. Head Coach Pat O'Connell at Marillac H.S. has an excellent program. I strongly recommend it. Naturally the entire team intends to enroll in the camp again in 1981."

Outstanding Demon Sophomore Wrestler

After a very successful freshman year in wrestling, Maine East Sophomore Dave Sherman of Morton Grove captured fourth place in the U.S.W.F. national Greco wrestling competition. During Dave's freshman year his over-all record was 19-9. He placed second in the Palatine tournament, first in Maine East's sophomore invitational, and another second in the district meet. In addition to this impressive record, he was an all-conference competitor.

Over the summer Dave went to the University of Iowa's intensive wrestling camp for 28 days. He wrestled in 11 summer tournaments where he achieved 6 first place titles, 3 second places, and 2 fourth place positions.

In the national competition, where Dave placed fourth, he wrestled in the 98 lbs. category

with over 1,000 total competitors under the age of 18. To qualify for the nationals, Dave placed first in districts and second in state. Thirty-two states were represented in the competition. Dave Sherman was the first Maine East wrestler to be a place winner. Varsity wrestling coach Morris Geseller is "looking forward to many successful years of wrestling from Dave."

SJB alumni cagers on high school teams in area

St. John Brebeuf is well represented with 12 alumni playing on area high school girls' basketball teams this season. Among them is Kathlynn Eschoo ('78), described by Pat O'Connell, varsity basketball coach at Marillac, as "probably the most outstanding defensive player in the area and definitely one of the best guards." Also returning to Marillac's Elite Eight team from last year is point guard Kathy Murphy ('77), who O'Connell rates as the "quarterback of the offense."

Julie Notaro ('80), Lisa Strauss ('80) and Maureen Thompson ('80), former varsity players at St. John's, are now members of the junior varsity Marillac team. Mary Klancnik ('77) is on the Niles West varsity team, playing for a school that won the state girls' basketball championship a little over a year ago. Her sister, Julie Klancnik ('80) is a member of the Niles West freshman squad.

Nancy Surace ('80) was selected Marillac initiates soccer club

Marillac High School has added another dimension to its highly successful athletic program. The world's most popular sport, soccer, is now available on a club basis to interested Marillac students. The club was organized by Mr. Garry Falcone, a first-year social studies teacher at Marillac. Mr. Falcone previously coached St. Gregory High School's varsity to a 7-1 record. He is an I.H.S.A. soccer referee and was instrumental in organizing the Northwest Suburban Catholic league soccer program. Athletic Director Lynn Metz Bockinsky cited several reasons for soccer's quick success at Marillac. "The rules are simple; anyone can play, and it's great for getting in shape."

ted for the Maine East junior varsity team. Kathy Belmonte ('80) and Laura Giovanelli ('80) are also members of last year's SJB varsity team and now playing on the newly formed Maine East freshman team. Mary Jane Marusek ('80) is on the Regina junior varsity team while Barb Wittgen ('80) is on the Resurrection junior varsity squad.

The way the high school girls basketball playoffs have progressed the last few years seems to indicate that a very high quality basketball is played among girls teams in this area. There is tremendous competition to make these high school teams and yet in spite of the competition, 9 of the 10 members of last year's SJB team who tried out in high school made the team. Indeed six of the nine were in a sense "double promoted" and selected for the junior varsity program in the state.

squad instead of the freshman team. Their former SJB coach, John Marusek, related, "I'm not surprised; they always relished playing against older boys and girls. They even beat several high school groups when they were still 8th graders. Last year I would take the girls who wanted extra practice time to one of three different high schools to scrimmage with or against high school players. They all attended basketball camps where they practiced intensely. Several played with varsity players."

At a recent banquet honoring the 5th and 6th grade girls' basketball teams and the varsity volleyball, guest speakers Rich Pausback, volleyball coach at Marillac, and Mike Small, Regina's varsity basketball coach, related that St. John Brebeuf probably has the best girls' grade school sports program in the state.

called Polyvinyl Chloride piping (PVC) to be used above ground in residential and industrial connections. It was noted the use of such piping is common among Chicago-area communities. The amendment was adopted by the village board unanimously.

Ashman also announced the village would be participating in the federally sponsored mortgage revenue bond program making low interest loans available to property owners.

Ashman said loans will be available at 11-7/8 percent from the First National Bank of Morton Grove and First Federal Savings of Wilmette. However, because paperwork had not yet

been completed, Ashman asked the village board meet again on Dec. 17 to formally approve the program. Ashman said for the village to be eligible, it was necessary to approve participating in the program by Dec. 31, 1980.

In other actions, Trustee Neil Cashman introduced a resolution recommending the fire department eliminate the position of deputy chief and instead create three captain positions. This would allow the six current lieutenants to apply for the captain positions and permit current firemen to apply to fill the anticipated lieutenant vacancies. The resolution, which was

adopted by the board, also recommended that applicants for promotion be tested within three months.

Trustee Joan Deckert requested that bids be accepted for the demolition of the old water department garage located at 9128 Lehigh. According to James Dahm, Superintendent of Public Works, the building has been vacant for four years and can no longer be safely used by the village. Additionally, Dahm recommended the building not be demolished by the public works department because the garage was too close to a neighboring building. Deckert's request for bids to be accepted, proposed as a motion, was adopted by the village board unanimously.

Niles Board . . .

Cont'd from Niles-E. Maine P.1 vehicle on residential property that weighed over 3,000 lbs. with load and had more than 4 wheels on the ground. The restriction of parking commercial vehicles could be in effect from 7 p.m. to 7 a.m.

After considerable discussion by the trustees, Niles Mayor Nicholas Blase told the board that since the complaints in this area are so limited, Salerno's recommendations would be kept on file for possible future reference.

In other business Kathy Ann Miller, Administrative Assistant to the Village of Niles told the board a Cook County Community Development Block Grant of \$35,000 had been received by the Village of Niles. In compliance with the requirements of the Department of Housing and Urban Development, according to Miller, she was notifying the board of the general objectives for the use of the funds. The objectives were: 1) To organize and update information relative to housing conditions in Niles; 2) To field study housing and environmental conditions on a parcel by parcel basis; 3) To centralize the information and data obtained to allow retrieval of the information relative to the whole area; 4) To develop recommendations to im-

high schools shows there is 27% more space in Gemini. The 34-classroom Apollo has 26.7 square feet per student while the 48-classroom Gemini has 128. Apollo's low enrollment, its inadequate size, its location at the furthest corner of the district which results in more busing, and its higher utility costs were Apollo disadvantages.

Results from 84 teacher-respondents to a survey of the administrator's report; 15 teachers favored a kindergarten thru 8th grade school system; 4 teachers preferred a 5th thru 8th grade middle school program; 34 teachers preferred a 6th-8th grade middle school program; 22 teachers favored a 7th and 8th grade program in one junior high school and no teachers favored a 7th and 8th grade program in two buildings. The last survey taken showed 20% of the teachers favored a two school junior high program.

Bond stated "everyone likes K-8 school but fewer educational options are available including limited art and music programs. He said a K thru 8 program is not practicable. In this type of school set-up there would be no science labs, no hot lunch program and no foreign language programs.

In a 5,6,7,8 middle school program Bond noted students can better identify with their schools and there is better continuity for pupils. However, transportation costs are increased by the two-

school usage.

Presently, Gemini junior high has 840 students. During the last 60's its enrollment was about 1,400. The addition of plus 300 students from Apollo would not be a burden to the school's facilities.

If the district was to go to a 6,7,8 middle school concept, it would free-up 22 classrooms in the elementary schools which would result in one elementary school closing. It is likely Morton Grove's Meizer school would be earmarked for closing.

In recommending Gemini house all junior high students, Bond cited it being more economical, more uniformity of programming and a better lead into the high schools.

In closing one junior high school it will also reduce staff by one principal and one counselor, custodian, reading coordinator and social worker.

In another area of review board member Ann Sostrin said she was overwhelmed by the disproportionate emphasis on special education. She said while Special Ed students comprise 5% of the student body, 30% of the faculty is needed to maintain the program. While Sostrin, administrators and other board members emphasized their support for the state-remanded program, Sostrin pointed out the disproportion during this time of cut-backs.

Mayor Blase appointed Trustee Bart Murphy as the village representative on the RED board of directors.

Blase also announced that at the next village board meeting on Jan. 13, Niles service station operators will be present to discuss arguments for self service and its benefits to the community.

Board approved the re-appointment of James Mahoney as Niles Norton representative. Mahoney's current term expires in Feb. of 1981.

Some people will go all out to get a modern, safe tire to drive on, yet don't even consider the poor job their standard lights are doing to protect them.
