## Park mulls programs, ice rink

by Bob Besser  
This summer's programs were discussed, the pre-baseball condition of local parks reviewed and controversy continued over the ice rink during a Wednesday, April 29, Niles Park Board meeting which concluded with

the swearing in of the newly elected board members. Park Board Commissioner Walter Buesse announced that four batting cages will be available to the public this summer. The cages will be set up in the Ballard St. ice rink. Ad-

ditionally, Buesse said that adult floor hockey will be held in the ice rink this summer. Buesse also said that the park district still had work to do to get some parks in shape before the start of summer baseball. "Some

# Zoners deny Burger King addition

by Bob Besser

Burger King made a whooper of a mistake Monday night mustarding up facts and figures which didn't hold up under the grilling and deep frying of the Niles Zoning Board. With conflicting figures being dished up by Burger King's three representatives, Zoning Board Commissioners patiently tried to make sense of the non-stop Burger King blunders. At issue was Burger King's request to add a drive-thru facility to their restaurant located at 7133 Dempster St. However, the original request became lost in a fog of contradictory statistics and figures which dragged the meeting on for over two hours. The chain of Burger King mistakes began early in the meeting when their attorney, Louis Fishler of the Chicago-based Tishler and Wall, Ltd., told the board the drive-thru facility

## From the LEFT HAND

by David (Bud) Besser

The American newspaper publishers are meeting this week in Chicago. Many of them are the big guys who run your large metropolitan dailies. While they'll be digesting and re-digesting yesterday's news, such as the Pulitzer prize hoax, most of them will be looking towards tomorrow's news, which may well be called electronic or computerized journalism. What now is arriving on your doorstep every morning may soon be dispatched via an electronic gadget inside your home.

It's somewhat of a wrong implication to think the big publishers are only running the big city metros. Out here in the perimeter, there's plenty of big guy publishers who are also keeping a watchful eye on the electronic future.

The Lerner newspapers, which come out here, have long had their fingers in cable TV. The big prize in this field will be in Chicago and Lerner is hopeful they will be sharing in this multi-million dollar plum.

An even bigger publisher than Lerner is the guy running Pioneer-Pickwick newspapers, owned by Time magazine.

A Cook County Sheriff's policewoman was shot at while patrolling near Ballard Road and Greenwood Avenue on Monday, May 4. Swerving after her patrol car was hit, the officer struck a tree and was slightly injured. According to police, the officer, Kathleen Lee, 34, was driving west on Ballard Road about one block west of Greenwood Avenue when the shooting occurred. Driving by a tree-filled empty lot about 3:30 a.m., Lee reported seeing a flash followed by a bullet striking the right rear door of the car below the window frame. The impact of the bullet shattered the door's window.

## George A. Gauthier Words to Live By

An old friend, Bud Besser, just phoned and announced that he's starting a "Guest Column" next week in his local scandal sheet, and would I spark things off by being his first guest.

Why me, I asked myself, after I agreed to do it. Maybe it's because of my advanced age that Bud wanted to get to me while I could still write. Certainly not because of any great literary gems I might drop on his unsuspecting readers.

Bud's got a great idea. If only he can induce some of our more literate citizens (present company excepted) to pick up pen and voice their thoughts. What new ideas do they have? What's bugging them in Niles? What would they do to improve the quality of life in our community?

Joe Miller had some good thoughts recently expressed in his "Letter to the Editor" about making better use of our seniors, and greater accountability for our public officials; I hope he expands on them in the future.

## Guest Columnist

As for myself, a 28 year resident of Niles, this week-end I'm celebrating 40 years as a lawyer - my old class at Northwestern Law School is holding its 40th reunion. That might give grounds for a guest column in itself - that and the fact that May 1 is Law Day, a day we should all give thanks for the many freedoms we take for granted in our great country.

Since my topic is "Words to Live By", what better way to start than by quoting the motto of Northwestern University: "Whatever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue and if there be any praise, think on these things."

The quality of life in our community can't be too bad, judging from the paucity of issues generated in our last local election. "Lower taxes", "More programs for seniors", and "Better bus routes", yelled the "Outs". The "Ins" must be doing a damn good job if that's all their opponents could raise by way of issues.

## Nilesite arrested for harboring rodents

by Bob Besser

A Niles resident was arrested on Saturday, May 2 and charged with contributing to Niles' ongoing rat problem after exterminators killed over 30 rats on Wednesday, April 29 in the Dempster-Shermer area.

Arrested and charged with insect and rodent harborage was a 65 year old resident of the 7100 block of Carol Ct. After being processed at the Niles Police Department, the Niles resident was assigned a May 7 court date and released on \$500 bond.

Tod Bavaro, Niles Housing Director, said the rat problem had recently become more acute because of this year's mild winter. Bavaro said since the ground had remained soft, rats were able to burrow under ground all winter.

Because of the size of the problem, Bavaro recommended to village officials that an outside exterminating firm be hired.

## Looking Back in The Bugle

18 Years Ago (May)...

2,000 Nilesites receive polio vaccine May 5 at Notre Dame High. Bugle championed public clinic after doctors balked at distributing oral vaccines at clinics. John Poeschl, Stanley bow out as Niles village trustees after serving 12 and 8 years respectively on board. Stanley was the primary force behind bringing Golf Mill Shopping Center into Niles... Replaced by Ang Marcheschi and Ed Berkowsky... East Maine Baptist dedicate new church on Milwaukee Avenue... Ann's Foods advertises fryers for 27¢ a pound, 2 pound tin of Web's coffee, 99¢, 18 oz. jar of Peter Pan peanut butter, 53¢... Grennan Heights Garden Club celebrates 19th year, 15th flower show. Active members include Mrs. Vehrs, Brieger, Larson, Strzalka, Curtin, Putignano, Fangrat and Lawrence... Village appropriation is \$1.7 million. In 1960 it was \$10.3 million... Chairman Bill Terpinas heads Niles Police dance at TAM Country Club... New Woman's Club directors include Mrs. Downs, Curtin, Sanfilippo and Schutten... Bill Cornelius' 179 and Karen Amato's 445 top junior bowlers in Flanders park district bowling league... Harcrak's baked ham, 59¢ 1/2 lb... Jumbo eggs, 55¢ lb... New Niles School plan for district 71 unveiled. \$700,000 of bonds to be proposed for school... District 63 will have full year kindergarten after much resistance from school administration... Classic Bowl's instructor Bobbie Shaler wins National women's bowling title... Ray Egan, new park board president... Schreiner, Peck, Leske, Chamerki other commissioners.

Noting this was an unusual procedure, Bavaro commended Mayor Nicholas Blase and Village Manager Ken Schel for their support. He also noted a "positive improvement" had taken place since the exterminators, B & M of Chicago, began working. Niles Animal Warden, Ernie Pussarelli, said that 30 rats were killed on Wednesday, April 29 in the fields and alley south of Dempster st. between Harlem ave. and Waukegan rd.

According to village officials the family members of the arrested resident had been repeatedly warned about conditions on their property. Bavaro said he had spoken with the resident on Wednesday, April 29 asking him not to put bird seed out since the rats would feed on it.

After being assured that no more seed would be put out, Continued on Page 34

## SJB Teens Silent-A-Thon

What is a Silent-A-Thon? Well, as I'm sure you know, there have been hundreds of different marathons to raise money. Volleyball, basketball, walking, to name a few. We decided to come up with something unique and more difficult. The teenagers are not allowed to speak or make any noise. They also can't listen to anything either - 18 hours of total silence. They'll be ready to scream after the first hour. Plus its from 8 a.m. - 12 midnight so they can't sleep either. Some might actually do homework! (It's just a rumor but it could be true).

I bet most parents are sure that their kids could never do it. We have over 20 teens who will try to go 18 hours straight in silence - sounds impossible.

It may be impossible, but the St. John Brebeuf Teen Club is sponsoring a Silent-A-Thon to raise money for a trip to Appalachia to work with the poor and underprivileged.

The money will go towards transportation and as a donation to the poor in Appalachia.

We need your support. If you would like to sponsor a teen or give a donation, call Vince Barlow at 965-3258 or send it to: Vince Barlow, c/o St. John Brebeuf, 8307 N. Harlem, Niles, IL 60648.

## State police attend radar training sessions

Recently all Illinois state troopers attended training sessions to certify them in the operation of the moving and hand-held radar units.

Captain Hugh S. McGinley, Commander of Illinois State Police District 15 stated, "Every trooper assigned to the Illinois tollway, District 15, has attended the certification classes which are intended to develop the pertinent knowledge and skills to insure proper radar speed measurement in order to effectively enforce the law. This training is an update of training given in the department of law enforcement academy and in-service training given thru out the division in 1979.

After a trooper completes the training session he will be able to: Describe the Doppler Principle used in the operation of radar; Define the terminology utilized in radar; Set up the

procedure for normal operation of the radar equipment; switch operation for "moving" and "stationary" modes; Know the operational limitation of moving radar; Complete 20 practical performance tests with no errors.

McGinley added, "As the officers go through this training session it is stressed that the important thing to remember is, 'If there is any doubt in your mind as to which target vehicle is being tracked, take no enforcement action,' in this way we can be 100% positive that the right vehicle will be stopped.

In fiscal year 1980, state troopers on the Illinois tollway made 36,432 arrests for speeding with less than 20% pleading not guilty in court.

This training will be up-dated on a yearly basis ranking Illinois state troopers among the most competent radar operators in the nation.

## What to do when stopped for a traffic violation

Do you know what to do when you are stopped for a traffic violation? Illinois State Police Captain William P. Burt, Commander of the Chicago District, informs the motoring public on State Police procedures.

"The Illinois Supreme Court is responsible for the guidelines followed by the arresting officer when he/she issues a traffic citation," explains Burt.

The violator is required to post a bond. A Trooper can accept three types of bond: (1) A valid Illinois drivers' license; (2) An acceptable bond card issued by an insurance company; or (3) A cash bond predetermined for each traffic offense. The type of bond posted will be noted on the citation. The bond and ticket will

be mailed to the Circuit Clerk of the County in which the violation occurred.

The Trooper will schedule a court appearance date from 10 to 45 days from the date of ticket issuance. This date will appear on the ticket along with a location and time. For most traffic offenses, the arrested party may either appear in court to plead not guilty or plead guilty and pay a predetermined fine. In the later case, the Circuit Clerk will mail the violator's original bond back upon receipt of payment.

Captain Burt indicates that when the public understands the necessary procedure, the Illinois State Police will be better able to perform as a professional organization.

**Anderson keynote speaker at Oakton Commencement**

John B. Anderson, former Illinois Republican congressman and independent candidate for president in 1980, will be the keynote speaker for the 1981 commencement ceremonies of Oakton Community College.

The commencement program will be held at 4 p.m., Sunday, May 17, at New Trier West High School, 7 Hagg rd., Northfield.

Anderson currently is a special correspondent and commentator for WLS-TV/Channel 7 Eyewitness News.

He was an independent candidate for the U.S. presidency in 1980, after serving 10 terms in the U.S. Congress, where he was chairman of the powerful House Republican Conference for a decade.

Although the Republican from Rockford expressed a conservative ideology early in his congressional career, Anderson became increasingly disturbed by the social upheaval of the 1960's and broke from the conservative mainstream.

Anderson graduated Phi Beta Kappa in political science from the University of Illinois-Champaign-Urbana in 1942.

His studies in law school were interrupted by service in the U.S. Army, during which he earned four battle stars. He then returned to his home state and completed a J.D. degree at the University of Illinois in 1946.

After a two-year appren-

ticeship in a Rockford law firm, Anderson accepted a graduate fellowship to Harvard University Law School, where he received his L.L.M. degree in 1949.

He was appointed a foreign service officer for the U.S. in West Berlin, Germany, after two years of practicing law in Rockford. He served overseas until 1955, when he returned to Rockford and private law practice.

Anderson and his wife, Keke, have five children.

More than 400 students will graduate from Oakton this year. Admission to the commencement program is limited to ticket holders.

**Sunshine Graduation at OCC**

Commencement ceremonies for the Sunshine program administered by Oakton Community College will be held at 7 p.m., Friday, May 15, at the Sunshine School, 8320 Ballard rd., Niles.

There will be 15 students receiving their high school diplomas on that date which marks the fourth anniversary of the Sunshine program, according to its director, Kate Kregness.

Sunshine is a program for high school drop-outs who want to finish their regular diploma requirements while obtaining salaried work experiences as trainees in the community, in such areas as hospitals, schools, park districts, and other public sectors.

Students take three courses each 12-week cycle, plus a minimum of three hours of work each day. After graduation the counselors help place students in a productive job or continuing education.

The Sunshine program is sponsored by MONNACEP, the adult element of Oakton Community College, in cooperation with Niles, Niles, and Glenbrook high schools. New Trier high schools also participate.

Kregness said there are 42 students currently in the program, which receives federal funding from the Comprehensive Employment and Training Act.

Special commencement guest will be Dr. Milton Herzog, superintendent of Adlai Stevenson High School District 125 in Prairie View, who founded the program at the Niles Township High Schools while serving as assistant superintendent.

**BEFORE WE SWITCHED TO A GLENVIEW STATE BANK NOW ACCOUNT, WE DID A LITTLE CHECKING AROUND.**

Like most people we want maximum value for our savings and checking deposits. We were pretty excited when we learned that banks would start paying interest on checking accounts on January 1. When the new NOW Account programs were introduced, we made a comparison between the different programs offered by banks and savings and loans in our area.

With Glenview State Bank we only need to maintain a \$750.00 minimum balance in our account to keep our NOW Account absolutely free and we receive 5/4% on our average monthly balance. If our balance should drop below the minimum, we are charged only \$5.00 for that month or \$.25 per check, whichever is greater. Of course, we wouldn't let the balance drop below \$750.00, but it's nice to have the liquidity in the event an emergency did arise.

We're glad we switched our checking and savings accounts to Glenview State Bank. 60 years of checking experience is reflected in the Glenview State Bank N.O.W. Account. When you compare it to other programs, the difference in value is obvious as it is with most financial programs offered by Glenview State Bank.

If you do some serious checking, we think you'll see the advantages of the Glenview State Bank NOW Account, too.

## Sutker flies around Illinois announcing candidacy for Secretary of State

Sutker, 57 year old Chief Attorney for the Forest Preserve District of Cook County, is the only person in Illinois to be elected to the "triple crown" of political activity. He is a member of the Democratic National Committee, the Illinois State Central Committee, and is Niles Township Committeeman.

Sutker also served Secretaries of State Michael Howlett and Alan Dixon as Chief Hearing Officer for five years.

In announcing for Secretary of State, Sutker said that he believes that his candidacy offers the Democratic Party its best hope of regaining the office for the people of Illinois. "I have been very active in Democratic

Party politics in my suburban township for more than 20 years and I am actively seeking the slating of the Central Committee," Sutker said. "Support has grown for my candidacy since I first began thinking about running for office last November," Sutker said. "I

am convinced that I possess the experience, the educational background and the talent to conclude this candidacy with a victory in 1982."

Sutker described his announcement as, "The worst kept secret in the State of Illinois." Sutker emphasized that he is well known in Chicago and suburbs and now intends to carry his campaign for the nomination into downstate Illinois.

Speaking of his five years in the office, during which he pioneered several programs to help problem drivers, Sutker said, "I respect the dedicated professional employees who serve the citizens of Illinois from the office. # Oakton's Starving Artist fair in Skokie

Oakton Community College will hold its 8th annual Starving Artist Arts and Crafts Fair on Memorial Day weekend, May 23 and 24, at a new location, OCC/Skokie, 7701 Lincoln Ave.

This, the original Starving Artist Fair in the Chicago area, will attract some of the finest artists and craftsmen, not only from this area, but from as far away as Florida and Colorado.

The fair will also live up to its name. No single item will be priced at more than \$45; most will be priced lower.

Affordable art doesn't mean low quality, however according to Jay Wolin, fair coordinator. Each year hundreds of artists

apply for space at the fair, but only 125 of the best are picked by a jury, which looks for those it thinks will create a well-rounded arts and crafts fair, having top quality, original work.

Last year's fair was rated a "seven" by Sunshine Artist-magazine, which rates several thousand art fairs annually. The magazine has never given a rating of higher than a "nine".

A featured part of the fair will be the Children's Art Fair, which becomes more popular each year. Only children are allowed in this area, choosing and paying for art and crafts work by themselves—without parental help. Prices in this area won't exceed \$3.

Admission to the fair is free and there will be ample parking, also at no charge.

For further information, call Jay Wolin, fair coordinator, at 635-1959.

**ED HANSON**

**"WHEN IS SON'S DAY?"**

Here's Mother's Day, Grandmother's Day, Father's Day, Grandfather's Day and all sorts of other special days.

But how come there's no SON'S DAY? And don't give me that old one, "everyday is Son's Day."

Baloney! Sons have been shelling out for years for these special days. And how about the guys who never have children. They never get to be fathers so they never get any presents or goodies.

In fact, those guys who are fathers-get gyped anyway. Mothers get dishwashers, washing machines, microwave ovens and other expensive gifts on Mother's Day. Father is lucky if he winds up with a tie. And, in most cases he foots the tab for the Mother's Day dinner or the son does.

I think a special Sunday during the year should be designated as SON'S DAY. Better still - in 1982 all calendars should be changed to read: SON'S DAY, instead of Sunday.

This would mean 52 days in 1982, when all the Mothers, Grandmothers, Great-grandmothers, Fathers, Grandfathers, and Great-grandfathers would have to shell out for presents and goodies for which the sons have been getting clipped for many years.

After all, the Mothers and Fathers are responsible for their sons being here. It is their duty to make their Sons' lives happy as possible. Showering them with cash presents and expensive gifts, such as cars, is one way in which they can make it up to their sons for bringing them into this crazy, mixed-up, mad, mad world.

Write your congressman, get up petitions, etc. for getting a National Holiday called "SON'S DAY" started.

Son of a gun - I think that's a great idea - don't YOU?

P.S. Don't lose faith in the CHICAGO CUBS. They've had several winning streaks snapped, only by an ill wind last Sunday.

The Chicago Cubs are still going to WIN IT ALL. They'll achieve the longest winning streak in baseball and everyone, except me, will be astounded.

Another P.S. Thank you for your gifts on your return from Michigan, Angie. What you gonna get me for Mother's Day?

Editor's Note: How about a kick where the 'son' don't shine!?

**Voices and strings will combine in concert**

"Godspell." A special feature will be a patriotic arrangement called "Litany for America," with narration by junior Debbie Rich, trumpet solo by senior Terry Gossberg and the voices of the combined choral groups.

The concert will be presented in the school auditorium, Oakton Street at Edens Expressway, Skokie. Admission is \$1.00 for adults. Students will be admitted free.
