Board expresses frustration at dealing with Niles on school sales

District 63 studies sale of Niles schools

By Eileen Hirschfeld

Board members of East Maine District 63 expressed their frustration at dealing with the village of Niles concerning the possible sale of two district properties, Oak and Wilson schools, in that village.
Discussion on these and other district properties took place at a regular board meeting June 30 in Apollo school, 10100 Dee rd., Des Plaines.
A non-identified party is interested in the purchase of Wilson school for what one board mem-

ber said is "use not inconsistent with its present use."
Two appraisals have been made for Oak School. Board members directed the attorney to investigate zoning of both schools if sold.
An umbrella group including Lutheran General Hospital is indicating an interest in purchase of Nathanson school which it now rents from the district for use as a day-care center and senior citizen service. The Nathanson

We don't like to bang you over the head with the same old issue but it concerns you and your pocketbook.

Oakton Community College is ready to spend 9 million dollars of taxpayer's money to erect additional building on its present campus. Meanwhile, down the street from Oakton, the beautiful Maine North High School has been shuttered, and is just waiting for another tenant.

Former Maine High School board member Roy Makela dropped in our office Monday to remind us about this issue once again. According to Roy, the state is about to release the 9 million dollars for the building of the next phase of the Oakton campus construction. Roy contends Maine North has about 350,000 square feet and he estimates it could be sold for around \$8,500,000. Comparing this to the 9 million dollar figure for new construction, Roy said the higher fee would only build 108,000 square feet. That means one-third the amount of square foot new construction would cost \$500,000 more than the purchase of the three-times larger Maine North. Roy's opinion should be heard since he spends 8 hours a day architecting downtown at Consoer, Townsend and Co.

Maine North also has a football field and grandstand facilities lacking at Oakton's present campus. Maine North has a swimming pool which the college also lacks. Add industrial labs at Maine North which are presently missing at the college and it would seem obvious the college board would seriously consider purchasing the high school rather than constructing a new college building.

Fourth of July Safety Tip

"Adults must make youngsters understand that tossing fireworks at others is NOT play — but assault with a deadly weapon."

The National Safety Council reports at least 5,000 casualties and 1,400 fires are still caused by fireworks each year.

All local police departments will strictly enforce the State and Village laws on the sale and use of fireworks within the local villages this holiday weekend. Don't become a statistic!

Chamber Beautification Award

A Niles Chamber of Commerce Beautification Award was presented to George Arvantis of Arvey's Restaurant, Inc. by Maria T. Kennedy, Chairperson of the Beautification Awards Committee and Richard F. Leider, President.

Arvey's Restaurant, located at the corner of Oakton and Waukegan rds., has been open since 1969 and is a corporation owned by George Arvantis and his brother Tommy.

Extensive remodeling was undertaken and is now completed! They have enlarged and completely remodeled the two dining rooms and added a posh bar plus an intimate cocktail lounge.

When the Niles Chamber said "Let's think aesthetic!"... "Let's think beautiful!"... George and Tommy Arvantis were listening and did a super job with the outside as well as the inside of their building. **CONTRATULATIONS!**

Arvey's is open every day of the week: Saturday 7 a.m. - 3 a.m.; Sunday 7 a.m. - 2 a.m.; Friday 11 a.m. - 3 a.m. and Monday thru Thursday 11 a.m. - 2 a.m.

A big hand to Ida Paoletti who planned this nice party.

School board elections this year - the first scheduled under Illinois' new Election Consolidation Act - will be held on Tuesday, Nov. 3. Two seats will be contested in the School District 63 election. The terms of Joan Futterman and Philip Deckowitz will be expiring. Nilesites have been out in force recently loudly protesting the closing of Niles schools. Now is your chance to make your voice heard on the School Board. Niles residents are directly involved since it is your schools that have been closed or are earmarked for future closing. While the period for filing school board nominations does not start until mid-August, it is time for Nilesites to get involved and make their voices heard, on the school boards.

Niles village offices will be closed on Friday as part of the long July 4 holiday weekend. Also, the Village Administration Building will be closed on Saturdays throughout July and August. Village offices will resume Saturday hours in September.

Mill Run Theatre, which has been embroiled in controversy after refusing to allow wheelchair patrons into its theatre, has completed the removal of a row of front row seats to be used by people in wheelchairs. Also, Mill Run officials are preparing plans to install a second floor fire exit and escape. With obvious reference to Mill Run's uncooperative history of dealing with the village, Ken Scheel, Niles Village Manager said, "We're not going to let them take forever..." in constructing the fire escape. It is unknown at this time whether Tiffany Corporation, which leases Mill Run Theatre, will pay for the fire escape or if the theatre's owner, Golf Mill Corporation, will put up the money for the fire escape.

The annual July 4th fireworks show will be held again this year at the Maine East High School Athletic Field, Dempster St. and Potter Rd., in Park Ridge. Fireworks will begin at 9:30 p.m. and tickets will sell for \$2 at the gate.

An ABC television producer has contacted Morton Grove trustee Don Snieder concerning the possibility of filming a movie about the recent MG handgun imbroglio surrounding the passage of a handgun ban. According to Snieder, a producer will be in Morton Grove this week to discuss the matter. Last year a similar filming took place in Skokie which will be seen on television this fall.

July 4th is a reminder...

Nothing is greater than tradition

The Tribune's decision to run box scores from the Cubs' last pennant year, 1945, is an unexpected "plus" from the baseball strike for those of us who were in grammar school when Claude Passeau, Phil Cavarretta, Stan Hack, Andy Patko, et al. were showing their considerable talent at Clark and Addison Streets. It is not often that adults get an opportunity to relive their childhood years on a day-to-day basis in the newspaper; usually this happens only if one finds a paper in a forgotten trunk in the attic or wrapped around the passenger cars of a Lionel train that has not been used around a Christmas tree for the past thirty years. Reading a box score and summary by Dick Dozer every day brings Cub Scouts, the fifth grade, and Pat Peiper back to mind again and again: Who needs the present day ballplayers when one can see the names of Medwick, Ott, and, well, many more who played the national sport for reasons that went quite beyond the paycheck?

Friday's edition included the summary from Ebbets Field, the baseball palace of the Brooklyn Dodgers, "da bums." Attention was focused on the hitting slump of Bill Nicholson, a great fielder and a home-run champion two straight years. Kiki Cuyler had brought "Big Nick" to the Cubs' attention. He was as popular in the forties as Ernie Banks on a later Cub team. While "Big Nick" never hit as many homers as Ernie, his drives into the stands were "clippers" and he was as well loved as any Cub hero of any era. In the summary, however, it is brought out that Charlie Grimm is

Guest Columnist

afraid that he will have to shake up the lineup if Nicholson doesn't begin to break out of a slump. The article brought home most forcefully that warning signs always appear - and have usually been ignored. You see, Cub fans did not realize that the slump Nicholson was experiencing was the beginning of the eclipse of his professional career.

Now, to the Cub fan who was born later, Ernie Banks was the "true" homerun king in Cub history. To many born when those great Cub teams of the thirties were burning up the league (the '35 Cubs, for example, won 21 straight while on the way to third pennant in six years), Gabby Hartnett ruled. And then there are those Hank Sauer years in the fifties. However, to those who grew up listening to Jack Armstrong and Tom Mix and bought Kix and Cheerios in order to prove that they were loyal to the Lone Ranger,

Morton Grove's June 8 decision to ban the private ownership of handguns, as well as the sale of them, struck a nerve in American society. Following the handgun ban, letters and telegrams began pouring in to Morton Grove from small towns and large cities throughout the United States, Canada and Puerto Rico.

Cleanly typed letters, handwritten notes and small postcards flowed into Morton Grove expressing strong approval or disapproval of Morton Grove's actions. Most obvious was that all opinions were intense; this is clearly not an issue for the indecisive.

What quickly becomes apparent when reading the letters is the overwhelming number of well organized, thoughtful comments people have on this issue of gun control. And the people who wrote these letters seemed to cover the wide spectrum of society representing all economic and social groups.

As of Tuesday, Morton Grove officials report having received 312 letters of which 213 support the handgun ordinances and 99 oppose the laws. Following are excerpts from some of those letters:

Evanston—This new ordinance is an arbitrary attempt to punish the innocent firearms owners instead of the hardened criminal for violence in our society. The only effect will be to further insure that a steady supply of victims is available for the hoodlums.

Denver, Colorado—At last, someone in this country has taken a legitimate stand against irrational behavior and violence that accompanies the senseless distribution of handguns, which are designed solely for use against human beings.

Philadelphia, Pa.—I had not supposed that one courageous community, and its leadership and

Editorial reactions to Morton Grove gun laws

Des Moines Register, June 21—The most important thing about this is that one community in the United States finally decided to get serious about handgun proliferation. In doing so, it set a gleaming moral example.

Capitol Times (Madison, Wisc.), June 18—We applaud Morton Grove for choosing life over death.

Chicago Tribune, June 12—The people of Morton Grove ought to be proud of their village trustees, who have taken such a bold step against handguns that it puts to shame the mincing gun control efforts of other legislative bodies, especially the U.S. Congress...the anti-gun control lobby will undoubtedly try to punish the Morton Grove trustees who voted for this law. The anti-gun lobby can ill afford to let elected representatives speak their consciences or represent the will of their constituencies in this matter, for then we would have the kind of effective handgun control the lobby is in the business of frustrating.

New York Times, June 13—We have no idea whether other communities will follow Morton Grove's example. But the new ordinance sends a powerful message: Support for handgun control is growing, and while Washington ducks the issue, at least one American community is willing to act.

Chicago Sun-Times, June 11—A nationwide handgun ban is needed, but Congress still bows to the well-organized gun lobby. Thus it falls to braver communities and states to send Washington the sanity message.

The ordinances are being challenged, but not Morton Grove's brave spirit. Let it stand.

Senior choral group holds annual luncheon

The Chambers Restaurant was the scene of the annual luncheon for the Niles Senior Center. The gala event was held on June 9 in special quarters set aside for the thirty plus members and spouses. Arrangements for the occasion were made by the Assistant Director, Rosyna Salerno and the Secretary, Dorothy Carrothers. These ladies called many sites before arriving at the decision to luncheon at the Chambers Restau-

rant. It was a very well received choice by the group. Each choral group member wore a beautifully hand crocheted corsage fashioned by Mrs. Salerno. Frangrant live red roses were fashioned into bright colorful corsages by Rose Wilkin and presented in gratitude to Evelyn Heidemann, the group's hard working director. Mrs. Salerno, and the group's devoted and talented pianist, Melva Johnson.

An impromptu singout rocked the walls of the restaurant. As an added bonus, it was discovered that the group, besides being vocally sound of voice, numbers among its members several exciting story tellers, notably Marjorie Stumpo, Lucille Karvel, Eleanor Kostelny, and Marion Weiner. All of these factors combined led to a most enjoyable time for the choral group members.

The Niles Senior Center Choral Group meets at the Niles Senior Center, 8060 Oakton, Niles on each Tuesday at 10:30. Spectators are most welcome to come and hear these hardworking choristers. For more information on this group, please call the Niles Senior Center, 967-6100 ext. 76.

St. John Brebeuf Golden Age Club

Life may begin at 40, but it speeds up when you are a member of the St. John Brebeuf Golden Age Club.

On Tuesday, May 19, 56 members attended the Seniors Unity Mass at the Holy Name Cathedral in Chicago. Cardinal Cody was the celebrant. This was followed by lunch at the Como Inn.

May 26, we saw "Annie Get Your Gun" at the Candlelight Playhouse probably the best and most exciting stage musical of the Candlelight season. In spite of a flat tire on the bus coming home, we had a great time because we are a most congenial bunch and had enjoyed a tremendous performance.

June 9, we visited Techny and saw the World Alive exhibit. It is a moving experience and a wonderful lesson of love.

June 23, a bake sale was held chaired by Ida Paolletti and her committee and backed by all the club's bakers.

June 30, we will be off to a Wisconsin Abbey.

Stanley Gozdecki, our program chairman, has many trips scheduled for the balance of the year - Cubs Park, Arlington Park Race Track, the Monastery in Burlington, Wisconsin, "The Desert Song" at the Des Plaines Theatre, a mystery trip and more.

Tad Lesniak, our party activities chairman, has program plans for the balance of the year.

Happy Birthday to these members born in July - Virginia Bawolek, Joseph Catanzaro, Marian Fronczak, Camille Girolamo, George Hall, Nick Costantino, Michael Christie, Frances Henrichs, Sr. M. Lolita Lange, Sophie Leonard, Charles Shillington, Harold Warmann.

Happy Anniversary to the members wed in July - Sarah and Louis Aversano, Rita and Russell Gawne, Rozella and Frank Gloriana, Clea and Felix Jobile, Mildred and Bill Meyer, Gertrude and Charles Shillington, Emily and Stanley Klosowski.

Marge Berles description of the trip thru the Ozarks by 10 of our members was the highlight of our June 16th meeting. This bus trip, conducted by Discovery Travel, took our members thru the Ozarks, to the Passion Play at Eureka Springs, The Ozark Craft Center, the Caverns at Branson, MO, a Hillbilly Jamboree, (Marge wore her hillbilly hat to prove she was there), and to Silver Dollar City. From the pictures Marge showed and the tales she told of the antics of Nick Kahles and Stanley Gozdecki in the Gay Nineties Bar in Silver Dollar City you would realize life not only speeds up for Senior Citizens-it gets pretty "fast".

Niles Chamber to publish new Community Profile Book

In an effort to expand its economic development program for the Village of Niles, Richard F. Leider, President of the Niles Chamber of Commerce and Industry has announced the preparation of a new Community Profile Book.

Leider said, "To maintain Niles as an area which is a good place to live, work, play and conduct a profitable business we must reach out to new retailers and industrial developers."

"The new Niles Profile Book will be a comprehensive community guide and promotional publication, and we are inviting the Niles Business Community to participate with us through advertising", Leider further stated.

He emphasized this is not a fund raising activity for the Niles Chamber.

"This is a sincere effort to promote more and better business for everyone who makes their living in this community," Leider stated.

The Chamber President noted that this dynamic, colorful publication will present the Niles story in a manner similar to that of a feature magazine.

The new Profile will feature a combination of interesting, dramatic photography and colorful editorial copy. It will depict facets of Niles life related to business, industry, history, schools, homes, churches, culture and shopping.

Distributed locally, state-wide and internationally, the Niles Book will be used as a potent tool in shaping the community's growth. It will help attract new business and industry, new residents, new shoppers and professional people like doctors,

lawyers, dentists, teachers, engineers and other support personnel.

Profile Publications of Crystal Lake has been selected as the Chamber's publisher.

Leider noted that the members of the Niles Chamber of Commerce will receive reduced advertising rates in the new book.

"It is extremely important to point out," Leider said, "that advertisers will not be billed until after the books are printed and delivered to the Chamber office for distribution."

He noted a limited number of key position ads are available on a first come, first served basis. The Niles Chamber of Commerce phone number is 966-1806.

The musket... the drum... and the tri-cornered hat... symbols of the revolution against taxation and tyranny that brought this country into existence some two hundred and five years ago...

The tri-cornered hat is out of style, the musket has been replaced by more formidable weapons, only the drum remains, its throbbing beat reminding us of our heritage of fighting for freedom... of doing for ourselves, of standing on our own two feet and carving great cities and industries out of wilderness and chaos.

We were born a country of independents who would not accept the dole from an unconcerned government... Has this spirit gone the way of the tri-cornered hat and the musket?

As we celebrate our independence this 4th of July, let us pray that we are still a nation of independents, still fighting for our principles of freedom, liberty and justice for all.

WCEV RADIO FOR SENIORS

A brand new radio program exclusively for the listening of senior citizens is now on the airwaves. WCEV, 14.50 AM, will air three five minute shorts on weekends, featuring nutritionist Terri Gargano of Kraft Food Inc. The show can be heard on Saturday evening 8 to 8:05 p.m., Sunday morning 5 to 5:05 a.m., and Sunday evening 7:30 to 7:35 p.m.

DRIVER'S REFRESHER COURSE

This popular and successful three-week series continues in July beginning at 10 a.m. on Tuesday, July 7 in the Morton Grove Senior Center. Seniors who will be called to take the written exam at license renewal time are encouraged to call the Senior Hot-Line, 965-4658, weekdays between nine a.m. and noon.

Also, any seniors interested in becoming instructors for this refresher series are welcomed to attend a special meeting at 1:30 on Wednesday, July 8 at the Prairie View Community Center.

THURSDAY CARDS AT PRAIRIE VIEW

Expanding membership in the senior clubs meeting at the Prairie View Community Center has necessitated opening another day to accommodate Morton Grove seniors age 55 and older who would like to drop in to play cards or socialize.

"HAROLD AND MAUDE"

The Morton Grove Advisory Commission on Aging and the Family Counseling Service of Evanston/Skokie Valley will present the film, "Harold and Maude" at 1:30 on Tuesday, July 7 in the Morton Grove Senior Center.

"Antonio", a film about the life experiences of an independent man who chooses to live along rather than with his children, will be shown at 1:30 on Tuesday, July 14.

All films are free and will include coffee and discussion. For a reservation or free transportation call the Senior Hot-Line, 965-4658, weekdays between 9 a.m. and noon.

THE MOST NUTRITION FOR THE LEAST DOLLARS

The most nutrition for the least dollars is a concern of every family. Paulette Gardner, home economist and dietician from the Sorting It Out shop in Niles will address this issue and provide some key answers to solving this growing problem.

Ms. Gardner's lecture, another in a series of health programs sponsored by the Morton Grove Health Department, will be at 7:30 p.m. on Monday, July 27 in the Morton Grove Library's Baxter Room. Admission is free.

ATHEROSCLEROSIS

Atherosclerosis, a stage of arteriosclerosis (the thickening and hardening of the walls of the arteries), results in the narrowing of blood channels. It can begin with the deposition of fatty substances called cholesterol on the inner walls of the arteries.

While it is true that some cholesterol is required for body function, an excess will prove hazardous. Foods such as red meats, butter, whole milk, cream, and pastries contain large quantities of cholesterol.

The accumulation of cholesterol and consequent narrowing of the opening inside the arteries hinders blood flow and sets the stage for other conditions such as heart attack and stroke.

ARTHRITIS REPORT

Seventy people attended last Monday's library/health lecture on arthritis. Anne Robinson of the Arthritis Foundation reported that over one hundred different forms of arthritis exist, including those conditions known as rheumatism, bursitis, gout, and lupus.

In Metropolitan Chicago alone, 636,500 people have arthritis and need medical care; more than 110,000 of them are disabled by arthritis. In addition, arthritics spend more than 485 billion dollars on quack "cures"; but less than 96 million dollars is spent on arthritis research each year.

Warm water treatment and daily, motion exercises are the most effective therapies. For more information about arthritis you can contact the Illinois Chapter of the Arthritis Foundation at 79 W. Monroe, in Chicago, or call 782-1367.

PARAMEDIC PACK

If you or a member of your family has a medical problem that requires daily medication you should consider participating in the Paramedic Pack program sponsored by the Morton Grove Fire and Health Departments.

A small resealable plastic bag, containing a form which gives your medical history, is available at the Senior Center or Fire Station. Once the form is completed, place the bag in the refrigerator. A special decal is provided for application to the refrigerator. If emergency paramedic help is ever needed, medical information can be obtained from within the refrigerator.

For further information about these and other senior programs, call the Morton Grove Senior Hot-Line, weekdays, 9 a.m. until noon, 965-4658, or Bud Swanson, Senior Services Coordinator at the Village Hall, 965-1100.

Tips for boating safety

The Greater Chicago Safety Council urges all boaters to "Set Your Course for Safety". "Boating is everyone's sport," said Ray Zasadil, Vice President, "Nearly 60 million Americans enjoy the freedom and thrill of boating each year." As a guide to safe boating during the 1981 boating season, the Greater Chicago Safety Council urges all boaters to:

- Check and heed the weather forecast before boating.
- Advise your family and friends staying ashore of your travel itinerary.
- Make sure your boat is sound, fully equipped with safety equipment and suitable for the planned trip.
- Avoid overloading or over-powering your boat.
- Take enough personal flotation devices for all of your passengers and make sure that at least the non-swimmers and children wear them at all times.
- Make sure a second member of your party can operate the craft and knows the area of operation.
- Keep a lookout for swimmers and avoid swimming areas.
- Be careful when you are changing positions in a small craft. You can tip it over.
- Protect against the sun's glare with sunglasses and skin lotion.
- Save "happy hour" celebrations for the homeport mooring. Be a defensive boater. Plan ahead and "Set Your Course for Safety."

MG resident commends Village

Dear Editor,
I wish to commend all of the members of the Morton Grove Board of Trustees, Mayor Flickinger, Attorney Ashman and the participating residents of Morton Grove for their willingness to openly confront an important matter. Although pressure groups on each side of the gun control issue may wish to stress the position taken by the above persons, I believe that something more important than an individual's position or how a trustee voted, or the validity of an ordinance came out of the hearing. The Village meeting on the issue illustrated American

democracy and Village government at their finest. Everyone was allowed to speak. The arguments presented by each side were essentially good and intelligent. Except for a few inconsequential situations brought about by the extreme, but sincere, feelings of the participants, the hearing was orderly, dignified and professional. Regardless of the eventual outcome, Morton Grove can be proud of itself.

M-NASR thanks marathon participants

Dear Editor,
The weekend of June 12-14 found the fourth annual Softball Marathon to benefit the Maine-Niles Association of Special Recreation taking place in Morton Grove. This event which netted nearly \$2,000 to be utilized in purchasing a new van for the Association was again made possible by local business, news media and area residents in support of special recreation. This year, there were some new faces in the crowd that should be thanked. Dave Huber and Rich Grodsky of the Morton Grove Park District did an out-

standing job made more difficult as a result of poor weather conditions. Des Plaines, Park Ridge, Skokie, Golf-Maine and Niles Park Districts as well as the Lincolnwood Recreation Department for the first time assisted in running this successful event; this typifies the cooperation and concern of our area for special recreation services and on behalf of our participants, I'd like to thank all of you who contributed to the 1981 Softball Marathon.

Sincerely,
Emil Winograd, Director
Maine-Niles Association
of Special Recreation

Gun control advocate assails House decision

Dear Editor:
The Illinois House Monday moved to strike down Morton Grove's tough new gun-control ordinance.
Today I'm ashamed to be an American. I'm ashamed to live in a country where so little regard is given to human life. Where innocent people are being gunned down in the street, in their homes, in schools, in churches, everywhere imaginable. How sick have we become to allow this insanity to continue.

Sincerely,
Roberta Schmidt
Morton Grove

Proud to be a Nilesite

Dear Editor:
Congratulations and thank you to Morton Grove's courageous Board Members for taking a much needed stand in favor of gun control.

I would like to think the Village of Skokie (my home for 20 years) as well as the rest of our nation's cities and towns will follow suit. It is hard for me to believe that there is such opposition to so peaceable an action in our so-called civilized society. Good luck Morton Grove and Rep. Jaffe in the battle ahead for sensible and long overdue legislation.

A concerned citizen,
Mrs. M. Ehrens

Applauds MG stand on gun control

Dear Sir:

After living in the Edison Park section of Chicago for thirty four years, we bought a home in Niles. The people of Niles should be very proud of their town. We cannot praise the kind of service we have received since our move, from garbage pick-up to removal of some branches from trees that had been cut. Every request that has been made to the Village has been taken care of right away by people who are most courteous and to our satisfaction.

We are still in awe of the kind of treatment and services here in Niles. We are proud to be a part of the Village of Niles!

Thank You,
Wanda Gorski,

Jaffe seeks Gun Control Members

Dear Editor:
The Morton Grove Board of Trustees deserves a resounding applause for their vote to ban sales and possession of handguns within its Village boundaries. Since that vote was taken we have had numerous calls from Morton Grove residents who have been giving us the "right on" signal and/or offering to help in formulating the new Skokie/Morton Grove Chapter of The Committee for Handgun Control now underway.

In this short time, we have compiled a directory of 350 Morton Grove residents (and at least that number from Skokie, also). Our phone (965-9050) has been busy with callers daily who are encouraged and excited about the prospect that perhaps we are moving closer to the day when the fear of guns will be a thing of the past in this civilized society.

We were in attendance at the Morton Grove Village meeting where the anti control forces were out in force - obviously well organized and very ready to counteract what would easily have been an army of citizens to ask for more, please more, controls. We are fledgelings now, but we are mobilizing and before long and with help of citizens such as those who are offering to become involved, the time is foreseeable when we will have the financial independence and wherewithal to buck the noisy-minority National Rifle Association.

Again, Morton Grove, the overwhelming majority salutes you!!

Sincerely,
Representative Aaron
and Mrs. Charlotte Jaffe

Jaffe to continue MG handgun fight

State Rep. Aaron Jaffe (D-Skokie) said today he will continue to fight to the end the "NRA lapdogs" in Springfield who are attempting to overturn Morton Grove's handgun control ordinance.

"Whatever laws the people of Morton Grove pass is the sole business of the people of Morton Grove and none of the business of people in Champaign, Decatur, or Charleston," said Jaffe.

"The amendment to a Senate Bill to remove every municipality's power to control handguns is sponsored by conservatives who whoop and holler the loudest about 'big government' and shifting power back to the people'. Their actions show complete hypocrisy. What that really means is that they only want municipal control when that municipal control reflects their own opinions. If it doesn't, they try to blot out the other person's viewpoint.

"These people are playing to the discredited myths that handgun control will take away hunter's rifles and shotguns, and that the Second Amendment gives junkies the right to 'carry concealable' Saturday Night Specials.

"Morton Grove is the wave of

the future. If the federal and state governments are too cowardly or unprincipled to act on the handgun problem, those at the local level should put an end to this madness that takes 20,000 lives in this country every year."

Jaffe said he will fight the bill when it comes up before the House again and will continue the fight in the Senate, the Governor's office and the courts if necessary. "Morton Grove will not be controlled by NRA lapdogs. The people of Morton Grove will control their own lives."

From here in Bugleland we find it downright obscene during these cutback times in all our school districts our college district would even consider the new construction.

Down the street from Maine North is still another beautiful school, Apollo Junior High, which has also been closed. We've been told by Mr. Makela 115 students from a private school will be utilizing the building for the coming year.

It would seem the college board would also consider the future purchase of this second building rather than leaving taxpayers paying unnecessarily for shuttered schools.

We hate to appear trite but the old phrase, school board members at Oakton have an "edifice complex", seems significant. To continue to construct new school buildings when we're all tightening our belts seems absurd. And to continue to construct new buildings while enrollments dwindle drastically seems to be an act without reason.

Nick Blase and his fellow officials in Niles have a committee seeking ways to bring young people into our communities. It is being done because officials recognize the high cost of residences here are preventing younger people from moving in. It is one reason why school enrollments are likely to continue their downward movement in the future.

We've been closing schools at the elementary level for the past 4 or 5 years. Now, we're seeing the closing of high schools as the decreased number of students move into the high school level. Is it possible the day may come when college buildings will have to be closed?

Additional school building at any level in our area is absurd. It's our money! It's our community! And it's time we guys footing the bills marched down to the halls of money spending and protested any further school building.

event to inform area citizens and businesses that without good health, it is difficult to work, play and enjoy their family and friends. Many voluntary agencies, such as the Lincolnwood Lion's Club, Seniors Club, and P.T.A. donated many hours of service. Included in those who devoted many hours of tireless work for the community were: Corinne Edwards, Pres., Edwards Travel; Wally Pecos, V.P., Schmaus Register; Carl Gubitz, Bank of Lincolnwood; Tom Rivers, Mitsubishi Electric Sales, Board Member, and Robert Orlove, Orlove's Pharmacy.

 discussion was a non-agenda item and no action could be taken.

A decision on retaining a realtor for sale of the district's Harrison street property will be put off until September. In two public offers, no bids were received.

Mayor Blase and the Niles Board of Trustees indicated displeasure in the possible sale of Oak and Wilson schools, both in Niles, because of a possible lowering of local property values, said board members.

Board members complained of not being asked to attend committee meetings supposedly set up by the village to help aid the district with its problems of declining enrollment. Joan Futterman, board member, said, "I resent being placed on a mock committee."

Richard Smith, board president, said, "I think a resolution of the problems comes not in trading charges publicly but in sitting down and discussing the problems". Futterman said she will attempt to contact the Village again. Until board members are able to go ahead with rezoning for Wilson, an appraisal will not be made.

Board members approved a \$3.85 per square foot rate for terms of a three year lease with Morton Grove Community Hebrew school, located in Ballard school.

Ann Sostrin asked an amendment to be added to roll back the fee to the school's previous offer of \$2.95 per square foot. The amendment was defeated.

Philip Deckowitz asked that \$8,800 for field trips, formerly deleted from the budget, be reinstated. The motion was approved.

School lunches at Gemini will be increased from 85 cents to \$1. If the lunch program runs into serious deficit, an increase may be approved next year. A change may be caused by federal subsidies impacting the lunch program.

A loan of \$125,000 was approved to the transportation fund from the educational fund to be paid in one year.

The Low Incidence Cooperative Agreement (LICA) will continue to rent space at Wilson school for three years at a rate of \$3.25 per square foot.

Also approved were placing of worker's compensation insurance coverage with Insurance Company of North America and an acknowledgement of receipt for letters of activation from HMO Illinois, Inc., a subsidiary of Blue-Cross. An HMO plan is a potential alternative to employee medical insurance.

Interested parties should call Jack Weekend evenings and/or weekends at 676-0828 for information and application forms.

Country Jamboree at The Lambs

The Lambs' Seventh Annual Country Jamboree, featuring Country Music Stars and gourmet food by the Executive Chef's Association of Illinois, will be held Sunday, July 12 at the junction of I-94 Tollway and Ill. Rte. 176, two miles east of Libertyville. Admission and parking are free.

Co-Sponsored by WMAQ-Radio, this year's Jamboree will be held from 10 a.m. to 5 p.m., and will feature Country Music recording stars, Jim Ed Brown, and Dallas Wayne and the Country Junction, with Leda Ray. Also performing will be the well-known Chicago area country music band, Jump In The Saddle; WMAQ-TV newsmen, Dick Kay; and members of the Old Town School of Folk Music, from Chicago.

Although The Lambs' Country Inn restaurant will be closed the day of the Jamboree, the Executive Chef's Association will be serving a variety of tempting dishes outdoors, such as broiled salmon, barbecued pork and shish kebabs, among other items. Many refreshment booths serving sandwiches and beverages will be located throughout the Lambs' 51-acre grounds, and all of The Lambs' Country Shops will be open.

The Country Jamboree is one of many events sponsored year round by The Lambs, a private, not-for-profit organization offering over 150 mentally retarded adults residential, vocational and social support services. All proceeds from sales made at the Jamboree directly benefit The Lambs' program.

For further information about the Country Jamboree and The Lambs, call 362-4636.

Hunan Chef comes to Niles

An epicurean tour of the orient, at modest prices, awaits diners at the new HUNAN CHEF, 9000 Milwaukee Ave., at Ballard Rd., Niles. Famous Chinese Chef Tsung-so Zu, who originally introduced Hunan/Szechwan/Mandarin regional cooking to the Chicago area, here shows off a few of his exotic creations. There's a bar and there's free parking. For reservations call 824-2256.

The new HUNAN CHEF, 9000 Milwaukee Avenue, Niles, quietly opened its doors late last month. And, as a bona fide addition to the new style Chinese cuisine that is now coming into full flower in the Chicago area, it may unselfconsciously bowl you over. That's because although few as yet know it the new restaurant is the creation of world famous Chinese chef Tsung-so Zu. Chef Zu is the master who originally introduced Hunan-Szechwan-Mandarin cuisine to the area, at the Dragon Inn, Glenwood Springs. And, later, at the House of Hunan, downtown Chicago.

Now in his own place, Chef Zu has imaginatively created a veritable epicurean tour of China for his suburban guests. Dishes that range from the delicate, gourmet fare of the Mandarins, from Peking, to the spicy, mouth-tingling foods of the Hunan and Szechwan Provinces. There are menu-stops at Shanghai, for its abundant seafood, and there's even a sampling of Cantonese, for the less adventurous eater. Over 80 entries grace the dinner menu, 37 for lunch alone, counting hot and cold appetizers and soups.

These range from Chef Zu's (unduplicated, anywhere) Princess Chicken and Shrimps Szechwan style-with garlic sauce, cloud ear mushrooms and water chestnuts to Mongolian Beef and Sweet and Sour Pork or tangy Sliced Fish in Hot Sauce.

Another surprise awaiting suburbanites are the down-to-earth prices for these exotics, in a day of nothing but rising prices. The most expensive on the luncheon menu is \$4.50, and that's a dinner including soup, rice and tea. Dinners from \$5.50-\$6.95 - not counting market price for lobster or certain whole fish.

The decor is simple, understated and delightful. Service is quick and courteous in the Oriental manner-no downtown hurly-burly. There's a good-sized bar and a huge, free parking lot. Plus banquet/business/party facilities for up to 60 people.

The new HUNAN CHEF is located at Milwaukee and Ballard Road, a few blocks south of the Golf Mill Shopping Center. Grand Opening will be announced shortly but it is serving now. Call Manager/Maitre De Tisi' for reservations at 824-2256/2257.

Rodeo returns to Lake County Fair

The Cowboys are coming to the Lake County Fair - not the football-playing cowboys but the bareback-bronc-riding variety. Three rodeo performances, scheduled for July 31 and August 1, will include bareback bronc riding, steer wrestling, saddle bronc riding, calf roping, bull riding and cowgirls barrel racing.

The International Rodeo Association, which sanctions professional rodeos in the United States, calls the Professional Contest Rodeo held at the Lake County Fair one of the "oldest and most prestigious rodeos in the IRA."

The rodeo performances are scheduled for Friday, July 31 at 8 p.m. and Saturday, August 1 at 2 p.m. and 8 p.m. There is no charge for attending the rodeo beyond the \$3 general admission charge to enter the fairgrounds. Children under 12 are admitted free.

The Lake County Fair is scheduled for July 29 through August 2 at the Fairgrounds, Rts. 120 and 45 east of Grayslake.

Summer drama festival

Audiences attending the summer drama festival at Northwestern University's Festival Theater during July and August will be treated to a Shakespeare classic, a Noel Coward satire and a modern American comedy.

The Festival is located at 1979 Sheridan Rd., Evanston. All performances begin at 8 p.m.

Katharine and Petruccio, Shakespeare's tempestuous lovers from Renaissance Italy, who have delighted audiences for centuries, will open the drama festival with "Taming of the Shrew." Performances are July 9, 12, 18, 22, 24, 28, 30, and August 2 and 8.

A robust comedy by American dramatist Lanford Wilson is the Festival's second offering. "Hot I Baltimore" advances 300 years to the contemporary scene as a motley group of permanent hotel guests await the demolition of their home by the wrecker's ball. It will be presented July 10, 14, 16, 19, 25, 29, 31, and August 4 and 6.

The third play in the series is Noel Coward's sophisticated satire, "Present Laughter." A spirited and delightful romp through London's theatrical scene, it is the hit of London's current season. Performances are July 11, 15, 17, 21, 23, 26, and August 1, 5, and 7.

Individual tickets are \$6 for the general public, \$4 for seniors, faculty and staff and \$2 for students. The Drama Festival offers a series discount for those purchasing a ticket for all three plays. Season tickets are \$13.50 for general public, \$10.50 for faculty, staff, and seniors, and \$7.50 for students. Tickets are available at the Festival Theater Box Office, 1979 Sheridan Rd., Evanston. If ordering tickets by mail, make checks payable to NU Drama Festival, and enclose a stamped, self-addressed envelope for return of tickets. For information call 492-7282.

Variety Club celebrities

At the request of WGN that he rent a tuxedo and attend the Celebrity Ball, Bob Collins jokingly grumbled to his listening audience. Past President Bene Stein, a regular guest on Wally Phillip's show complained about Collin's remarks. Collin's radio fans started calling in, about Wally's and Bene's conversation.

Many of them requested a photo of Bob stepping on Bene's toe at the Celebrity Ball. Afterward, Bene talked to Collins during his show, becoming fast friends, and jokingly offered to sell the photograph to his fans. To date, over 70 photos have been sold, adding \$400 Tent.26's a bank for the kiddies.

"The Gin Game" to open in Evanston

North Light Repertory, 2300 Green Bay Rd., Evanston, will present Pulitzer Prize winner "The Gin Game" by D.L. Coburn as its special summer production, July 22 through August 16 with previews July 18-21.

"The Gin Game" is a fiercely funny, vibrant study of two people who share their secrets and their stories. Weller Martin is a delightfully cranky curmudgeon who cheats at solitaire on the seedy porch of the nursing home where he lives. Fonsia Dorsey is the prim and proper woman who befriends Weller and joins him in endless, hilarious gin games. They spin their tales as they play, but when Fonsia wins every game, a battle begins. As the cards fly along with their tempers, Fonsia and Weller use their secrets as weapons and the patterns of their lives are revealed.

"Tickets for "The Gin Game" are on sale now at the North Light box office, 2300 Green Bay Rd., Evanston, and may be charged to VISA, MasterCard or American Express by calling 869-7278. Performance and prices: Tues.-Thurs. 8 p.m., \$10; Sunday 3 and 7:30 p.m. and Saturday 5 p.m., \$11; Friday 8 p.m. and Saturday 8:45 p.m. \$12; with discounts for seniors and students.

Ethnic performers directory

A directory of ethnic performers of Chicagoland, something long-needed in the area, is being compiled for publication in early fall of 1981.

Listing in the directory costs nothing and there is no obligation involved. The completed directory will be distributed free. This project is partially supported by a grant from the Illinois Arts Council, a state agency.

The directory is being prepared by the Lira Singers, an ensemble dedicated to popularizing Polish music, and WCEV/1450am for the Illinois Arts Council.

Listing is open to individuals or groups who represent the culture of a national, regional or language group in their performances. Listing is limited to persons or groups who have a performance history of at least two years and who reside in or are based in Cook, DuPage, McHenry, Lake, Kane, Kendall, Will or Grundy counties of Illinois or Lake County, Indiana.

Ethnic performers or groups who wish to be listed are asked to send a stamped, self-addressed business size envelope to:

ED HANSON

Saga Of The Tampico Kid

by Ed Hanson

The "Tampico Kid" was born February 6, 1911. Nellie and her husband, John, were the proud parents of this spanking new, smiling baby boy.

Their humble cottage, badly in need of a coat of paint, suddenly seemed to change when this new "presence" established residence. Their modest home seemed magically to change into a white large pillared palatial palace.

This "thought-picture" was, of course, projected into their minds by the golden ones, or high. These "wise-ones" knew that three score and ten years hence, a sort of miracle would come to pass. For the golden ones had been very liberal with the stardust with which they had generously sprinkled upon this new born babe. And, they knew, also this baby boy was a chosen one.

For they, indeed, knew that he had a rendezvous with destiny. For this destiny was designed by the master of all architects, and his script of life had been written ever before his birth upon the shifting, drifting sands of eternal time.

Our hero left the movies in the '50's for television. He became a production supervisor and host on a General Electric production. In 1964, he hosted a very popular television series.

In 1966, "The Tampico Kid" gave up the entertainment field. He'd had a strange dream one night and when he awoke he thought he saw an angel writing in a book of gold...the next morning he began his public service career.

He attracted international attention by a big upset win by nearly one million votes to become governor of California. He became chairman of the Republican Governors Association in 1969. He was elected to a second term as governor of California in 1970.

After "The Tampico Kid" completed his second term, he began a nationally syndicated radio commentary program and newspaper column and embarked upon an extensive speaking schedule to civic, business and political groups. In 1974 he served as a member of the Presidential Commission investigating the C.I.A.

That old back magic, that sparkling star-dust was now beginning to shine more brightly. For the "Tampico Kid" in November of '75 when most of the men are now still alive, heard him announced his candidacy for the 1976 presidential nomination. He lost narrowly, was bitterly disappointed. So, the "Tampico Kid" went into an ice cream parlor and

dropped a quarter in the juke box, punched the button at random, and heard Frank Sinatra's song, "Next Time I'm Gonna Make It All The Way". After the song, he felt a hand on his shoulder, turned his head and saw Frankie (old blue eyes looking down at him).

"You know, kid, I had high hopes for that song and it bombed," Frank said.

The Tampico Kid grinned that boyish grin, shaking his head.

"Hey," Frank said, "You gotta have heart...I know!"

That night while perusing his mail the Tampico Kid came upon a letter from the midwest. The letter said, "I met you years ago on the lot and in the commissary of Republic Pictures. Several times I was supposed to test for the picture, "Love Is On The Air", your first starring role. The casting director looked at me and said, you got the face, kid, but you ain't got the height. We gotta guy who's 6 feet-two. Maybe next time."

I was five foot-eight.

I left Hollywood, shortly after that.

I gave up.

Don't you."

Try again, maybe next time."

The letter was unsigned but contained a list of people, more than a hundred who had made it big after they were past seventy.

On November, the 4, 1980, "The Tampico Kid" was elected to the presidency by an electoral vote of 489 to 49. On January 20, he was sworn in as the 40th President of the United States.

Last Saturday, June 27, "The Tampico Kid" at his California Ranch, was basking in the sunlight of his 217-211 victory, his \$38 billion in government spending cuts was assured...

Theatre 219 adds matinee

Theatre 219 has added an extra performance-a Sunday matinee-to its regular run of the musical "South Pacific," scheduled for the last week-end in July and the first one in August. "Our decision to add this performance was based on the great number of requests we received from community members for a matinee," said Robert Johnson, the Theatre 219 director.

The matinee is scheduled for Sunday, July 26, at 1:15 p.m., with tickets for that performance being reduced to \$4.00 for adults and \$3.50 for senior citizens and students.

The musical will also be presented at 8:15 p.m. on July 24, 25, 31 and August 1, and at 7:15 p.m. on July 26. Tickets are \$4.50 for adults and \$4.00 for students and senior citizens. Group rates and dinner/theatre packages for local restaurants are also available. Performances are held in the Niles West theatre, Oakton Street at Edens Expressway, Skokie.

Persons interested in purchasing tickets, or getting more information, should call 966-3800, ext. 1217.

It was a script, so bizarre, so unreal, so outlandish, so absolutely unbelievable that none of the movie moguls of Hollywood, even in those days long ago, when "movies were movies" would have dared to produce. And, those were the days, from the early thirties through the late forties when Hollywood's magic lantern ran riot with the most imaginative of films its screen writers, directors and producers (many of whom doubted in brass) could make. One of the great pioneer-producers and money-makers of that golden era, Sam Goldwyn, probably would have said, after reading the script, "Include me out!" His sentiments would have undoubtedly been echoed by the other leading film makers of those fabulous days of the cinema arts.

Meanwhile, let's get back to the ranch and the continuing "Saga Of The Tampico Kid". Our hero was the boy next door, a wide-eyed innocent with a cute little smile that wrinkled up his cheeks. He was an avid reader of Horatio Alger, Frank Merriwell and Nick Carter. He wasn't any too wise or any too fortunate. Educated in public schools, he was graduated from a small obscure college in 1932 with a degree in economics and sociology. (Heck, only a B.A. is easier to acquire - so?)

After a brief career as a sportscaster and editor, "The Tampico Kid" migrated to California hoping to obtain work in motion pictures. After a few "bit" parts, he secured supporting roles and then starring roles. The "Tampico Kid" who possessed that clean-cut, outdoor American, youthful look, was starred first as a sports-

there was only one bona fide homerun hitter - not counting Babe Ruth, of course, who every boy knew was the greatest of all time - and that was William Nicholson, Number 43. It would take two Ernie Banks to make one Nicholson; he was that broad in the chest and shoulders. When he aimed his big bat toward right field, he was as menacing at the plate in stance and in his "posturing" as any member of the 1927 Yankees. As Bert Wilson, the old Cub announcer on WIND used to say, "No one was as dangerous at bat as "Big Nick" looked at the plate." He was everything one conjures up in mind's eye when the poem Casey at the Bat is recited. He was a great athlete...and the fans loved him.

You may think this editorial is about the Cubs of 1945. Well, it isn't. My point is this: As I read the summary in Friday's Trib, my mind went back to Nick's slump and the warning that was being given by the proposed lineup change. How often warning signs are given by the Fourth Estate and how often they are neither heeded nor understood? Nicholson's slump was a symbolic "precursor" to the Cub slump that followed that pennant winning year. Neither the athlete nor the team really recovered. Nicholson is largely forgotten - as most players are from a long gone era. Though the Cubs have won more games than any other team in either the American or National Leagues, though the Cubs won more games than any other team in one season, and though the Cubs have won more pennants than any other team in baseball, save the Yankees and one or two others, their franchise is not taken seriously. Somehow, the franchise lost touch with its traditions and, as a result, the greatness crumbled. When a Yankee rookie puts on the famous pin-stripes, the shadows of Ruth, Gehrig, Dickey, DiMaggio, and Mantle are cast around his locker. The rookie who puts on the Cub pin-stripes isn't visited by Frank Chance, Rogers Hornsby, Billy Herman, Grover Cleveland Alexander, and a host of others in the Hall of Fame. Somewhere the tradition of winning, of pride, of aggressiveness was lost...and much more was eventually lost as well.

There is a message here. Especially on the eve of the Fourth. If the dads of my era are still reading this, I hope they will complete the task. Some teams and corporations, some families and towns, some schools and other institutions work hard at keeping their traditions alive...vibrant. Others ignore the past and eventually find they, too, are ignored.

No one worth his salt forgets his heritage - family or nation. Yet, have we not done this in the way we celebrate the Fourth? Aren't there a number of warning signs? The Declaration of Independence is our Birth Certificate. How many flags will actually be out on the porches by breakfast time July 4? How is your child to know the real wonder, the real "magic" of the Fourth if no one takes time to explain it to him while he is still young enough to be awed by the story? Dad, Mom, sis and big bro, are you listening?

We have the oldest republic in this world. This Republic is one of the youngest nations on earth. We took on the mightiest nation on the planet when the logic of the hour counseled silence and passiveness. Our Founding Fathers would fully comprehend the plight, the frustration, the significance and the true meaning of the Polish dilemma in 1981. Too many Americans neither have the Poles in their prayers nor see the parallels with our 1776 Cause. Such ignorance is, perhaps, a warning sign too subtle at this time to grasp.

Those who gathered in 1776 to debate the Lee Resolutions that ultimately led to the signing of the Declaration of Independence were a courageous group. All knew the consequences of their action should they lose: the British penalty for daring to do what our Fathers did was: (1) strangle the violators until nearly dead and until fully terrified and (2) cut them down, place them in the street - back in London, naturally, and then cut them from the crotch up to the chest and across - while, still alive, of course. In a word, "disembowel" them. The penalty did not deter them from supporting the Declaration: "We pledge our lives, our fortunes, and..."

Our sacred honor. Five years of war came on the heels of its creation. Lexington, Concord, and Bunker Hill preceded it. Yet, we will "honor" the Fourth with cook-outs, a six pack at the beach, and...The vast majority will not speak to the young about the men and events of 1776. Dad, Mom, are you listening? Is not such a situation a warning that should be recognized for what it is? In our ears echoes and re-echoes the haunting question from the Old Testament, "If the foundations be destroyed, what can the righteous do?"

Warning signs have a way of appearing in plenty of time to alter history's course. The news of what happened in Philadelphia that first week in July appeared in the back pages of the London newspapers a few weeks later. And England moved on, fully oblivious to the meaning of events on this side of the Atlantic. Check with your son and daughter. Do they comprehend what we are celebrating? Do they see and comprehend the significance of events in Warsaw in light of the events of our Fathers in Philadelphia? Take Dick and Jane aside and read them the glorious tale of their Republic's founding. The future health and safety of the nation demand it!

are "looking at what happens in Skokie." Addison is the only other town in Illinois to purchase the equipment (it has not been delivered yet), but others are expected to buy this equipment if the results in Skokie are favorable.

"So far, in just a few weeks of use, we've pinpointed some leaks that might have never been detected before," Manak said. "We think this will save the taxpayers considerable money in water expenditure. We can survey our entire water system for leaks in a six month period."

The equipment is housed in a van and operates on sound waves it picks up from the water system. "We had to train our personnel to differentiate between sound waves caused by normal water use and that emitted by a leak," Manak explained. The equipment cost Skokie \$35,000.

tenants for a Schaumburg townhouse.

Placing ads in local newspapers, the men showed the two bedroom townhouse to many interested couples and families. After signing leases with up to 30 individuals, the con men took from \$350 to \$700 from each of these new "tenants" for the same townhouse. So far, Schaumburg police have been able to locate 27 people who had signed the lease for this one townhouse: Police expect the number to go up to at least 30 and possibly more.

The Niles resident, Kimberly DiPrizio, 21 and her fiancé Michael Foley, 23 of Chicago had also answered the townhouse rental ad, and, after being shown the townhouse, signed a lease and gave the "realtors" a bank check for \$350 drawn off Niles Savings and Loan, 7077 Dempster St. shortly before they were married on Sunday, June 21.

The check was made out to Michael Harris, one of the alleged realtors. Harris came to Niles Savings on Monday, June 22 to cash the check. However, Harold Ulmer, Niles Savings and Loan Vice President, decided to delay cashing the check until he had verified that Michael Foley wanted Harris to receive \$350. Explains Ulmer, "Harris appeared here to cash the check. However, Harris didn't have an account with us so we wouldn't cash the check until we had contacted Mr. Foley."

Michael Foley's father, James Foley of Chicago, also was becoming suspicious. He had tried contacting the realtors at the two phone numbers they had given him. One number was connected to an answering service and the other number no one ever answered.

On Monday, when Ulmer attempted to contact Michael Foley, who had already left for his honeymoon, it was James Foley who, by now, was concerned about his son's new residence. Foley was baffled about Harris living in suburban Streamwood. "Why would he drive all the way from Streamwood to Niles to cash the check?" asked Foley.

Ulmer told Harris he would continue trying to get approval from someone in the Foley family to release the money. Harris called Ulmer at Niles Savings and Loan Monday afternoon as well as on Tuesday, June 23. It was this persistence by Harris that caused Ulmer to question the entire affair. "He (Harris) was looking for cash immediately," said Ulmer.

tion of persons committing serious crimes in the Village.

This unique program will be called the Lt. John Christie Citizen's Award, named to honor the 20 year veteran Niles police officer who died suddenly in April of this year.

The new awards program will be administered jointly by the Niles Chamber of Commerce and Industry and the Niles Police Department. Stanley P. Niski, president of Artistic Trophies, Inc. will serve as chairman of the Chamber's Citizen's Award Committee.

In announcing the financial incentives for local residents, Chamber President Richard F. Leider and Niles Police Lt. Ray Giovannelli said, "We believe such an outstanding awards program will encourage citizens to come forward with information and eye witness testimony concerning serious local offenders."

"It is our hope that the Lt. John Christie Citizen's Award program will also serve as a crime deterrent in our community," they concluded.

continue trying to get approval from someone in the Foley family to release the money. Harris called Ulmer at Niles Savings and Loan Monday afternoon as well as on Tuesday, June 23. It was this persistence by Harris that caused Ulmer to question the entire affair. "He (Harris) was looking for cash immediately," said Ulmer.

Ironically, had Harris deposited the check in his own bank account, the check would have cleared before Foley had returned from his honeymoon and discovered the fraud.

James Foley contacted the Schaumburg Police Department on Tuesday, June 23 to report what he felt may have been a case of criminal fraud. However, by Tuesday, Schaumburg police were well aware of the fraud as they were compiling a list of the nearly 30 victims.

So blatant was the fraud that two families reportedly showed up in Schaumburg at the same time with their possessions ready to move in. One of these families had come from out of state.

On Wednesday morning Schaumburg police arrived at Niles Savings and Loan to talk to Ulmer.

Referring to Ulmer's refusal to cash the check, Foley said, "If it wasn't for him, my son would have been among those who lost their money."

Looking back at the entire event Ulmer said, "I was very happy for the young couple that we do have a policy..." that allows Niles Savings to verify the authenticity of a check before cashing it.

While it is true when the new Mr. and Mrs. Michael Foley return home from their honeymoon, they will not be living in the home they thought they had rented, at least they are not among the 30 others who lost hundreds of dollars.

And, James Foley knows what he is going to do when his son and daughter-in-law return from their honeymoon. "I'm going to take them by the hand and insist that they deposit their wedding checks in Niles Savings and Loan," said Foley.

I enclose \$10 to be used for the legal costs your town will incur when they set loose the NRA legal machine.

Lodi, California—I would like you to look as hard at our laws that are lenient towards crime control as you have looked at handgun control.

Litchfield, Ill.—It is my hope and prayer that other leaders in this country will see the wisdom and courage of your decision and also begin to act. I thank you for your courage and action. I pray you remain strong in the face of obstacles which will be thrown in your way.

Youngstown, Ohio—Please don't back down because of NRA pressure. Somebody has to fight them. The President won't!

Des Moines, Iowa—Your city's action to ban handguns has given encouragement to myself and others who fear the unbridled distribution of weapons designed only for injuring humans at close range.

Lompoc, California—Congratulations to all the village trustees in taking such a sensible, example-setting action. I hope that you are successful in meeting the challenges which face you, especially from the NRA, so that others might take courage and copy your action.

Webster Groves, Mo.—Last night at the Webster Groves City Council meeting a council member expressed support of your law. Hopefully ours and other cities will follow.

Madison, Wisconsin—May God help the innocent victims of the dastardly anti-gun group that is in control of your city.

Chicago—Congratulations to you for your courage, persuasiveness and leadership in passing the kind of gun law long overdue in this country.

Evanston—Your courageous and unselfish move fills every civilized person...with satisfaction and hope for a better future for all people.

Woodbridge, Va.—I read an article in the Washington Star today about your community's adoption of an ordinance banning the sale and possession of handgun use. I immediately reached for a pencil and paper to express my congratulations.

Chicago—As a retired Chicago Police Lieutenant with 30 years of service I know that guns, particularly handguns, are really meant for only one thing...killing!

Redlands, California—All of us are working towards more such communities following you. I'll be following closely to see what happens next.

Clemson, S.C.—The acts that you have instigated against the village in your trust are an abomination to the founding fathers of this great nation.

Lancaster, California—I am involved in helping the victims of domestic violence and hardly a day passes when the handgun isn't involved. My sincere thanks and I congratulate the people of Morton Grove for electing officials who know what must be done and are not afraid to do it.

Baltimore, Md.—Tonight I saw on the national news that your community has outlawed handguns. I'm very proud of you and wish that there were more courageous people such as yourselves.

Kansas City, Mo.—My wife and I were in Chicago for the weekend, and heard of your gun control ordinance. Congratulations on your stance against murder and the NRA.

New York, N.Y.—May your outstanding example of common sense and responsibility serve as a beacon to the rest of our country so that we may once and for all free ourselves from the menace and suffering which these weapons have brought.

Mt. Prospect—As a citizen disgusted with the misuse of handguns let me simply say: Thank You.

Tampa, Fla.—I wondered where the Communists and ultra left wing liberals went after the 60's in Chicago. I now see they are in Morton Grove.

Morton Grove—What you have done in this history-making week is the most difficult of all undertakings you have taken the first step...and who knows, but what you have laid is the cornerstone upon which, finally, a safer and saner society may be built for future generations to enjoy.

Batavia, Ill.—England, Wales, Japan, Sweden, etc. all prohibit guns and their gun fatalities are less in one year than the U.S. is in one day! We must make our country safe again.

Stafford, Texas—I applaud your action and wish to offer my congratulations. I realize this is not a letter from someone important but I think it's time for little people to speak up just as you have.

Laguna Hills, California—We are a white Christian family. We were so pleased to see, on CBS' "Sunday Morning", that you had the courage to pass the gun ordinances. It may not be 100 percent successful but at least it's a beginning.

Portland, Me.—Thank you for a bold, refreshing, and courageous move toward banning handguns. It was a real pleasure and renewal of hope for me.

Morton Grove—We had a village of which we could be very proud of, and now it has become very divided and disturbed due to an issue that was not really necessary, since we are one of the lowest crime-rate villages in the metropolitan area.

Montreal, Canada—Even though the vast majority of the 50 to 60 million handguns in the United States are rarely used for self defense...the presence of these weapons for many represents a kind of safety valve on which individuals may rely in situations of immediate urgency.

Sterling, Ill.—More power to you...your actions should set a fine example to other legislative bodies across our great country.

St. Louis, Mo.—I am sure you have very able attorneys representing you, but I would be happy to donate some time if I could assist them in any research projects.

Mill Valley, California—I am sure you have very able attorneys representing you, but I would be happy to donate some time if I could assist them in any research projects.

Mableton, Ga.—Since I read J.F. Kennedy's "Profiles in Courage" about twenty years ago, I have not seen or heard anything that approached the courage of those earlier American statesmen. Your action and wisdom qualifies you for inclusion in that highest echelon of courageous individuals.

Downers Grove—You are aware, I'm sure, of the enormous pressures that will be brought to bear in an attempt to eliminate your steps toward sanity. Please take strength from the millions of Americans, like myself, who stand behind you and resist those pressures.

Granite City, Ill.—Bravo and amen! Whatever you have in your drinking water that produces such backbone should be on the market.

Salt Lake City, Utah—Thanks for having the guts to go up against the big guns (pardon the pun) of the NRA. Legitimate use of handguns is far overshadowed by the mischief and misery to which they contribute.

Quantico, Va.—I will contribute to the NRA to help them fight this new "fairly book" ordinance and I will insure that neither I nor anyone I can influence will travel through Morton Grove.

Coralville, Iowa—May you always have the strength to stand by your humanitarian convictions.

Champaign, Ill.—Although it will require similar action from communities throughout the nation before the problem of handguns can be dealt with effectively, Morton Grove now stands as a reasonable and sane light amid the darkness of acquiescence and fear of the gun lobby.

Village holiday hours

The Village of Niles Administration Offices will be closed on Friday, July 3, 1981 in observance of the 4th of July Holiday. The offices will also be closed on Saturdays during the months of July and August.

Crawfordsville, Ind.—We need patriots like your city council willing to say no more handguns in this country.

Hendersonville, N.C.—After reading of the dictatorial legislation against owning a handgun you allowed to be passed in your town I am sending a contribution to the National Rifle Association.

July 4th fireworks safety tips

Ray Zasadil, Vice President, Greater Chicago Safety Council reports safety experts agree that there is no such thing as safe fireworks or firecrackers. "Event hand held sparklers have injured Independence Day celebrators," he said.

Mr. Zasadil suggested that people can enjoy "the rockets red glare" and "bombs bursting in air" by attending and supporting local community fireworks exhibitions and activities that are supervised and controlled.

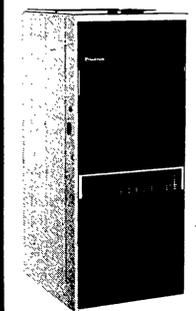

Most fireworks injuries occur in one of four situations: Children using fireworks without adult supervision. Persons attempting to enhance effects by combining fireworks elements from several devices.

Persons setting off devices inside building starting fires. Using fireworks to startle people, particularly, by teenagers.
