9 firemen overcome by fumes in Lawrencewood blaze

by Bob Besser

At least nine firemen, including Niles Fire Chief Al Hoelbi, were overcome by smoke and possibly toxic gasses while fighting an office fire in Lawrencewood shopping center on Friday evening.

Seven of the firemen, including five Niles firemen, were released following treatment in the emergency room of Lutheran General Hospital. Hoelbi, 58, and Niles Fire Department Duty Chief Gordon Michalson were treated for smoke inhalation at the scene of the fire.

While the cause of the fire has not been determined, fire officials tentatively believe the fire began "on or near" a cabinet in a hallway outside of Chicago Business Forms, 207 Lawrencewood.

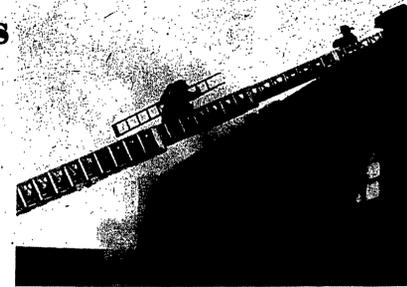

Employees of Niles Flash Cab, also at 207 Lawrencewood, reported smelling smoke at 6 p.m. While searching for the cause of the smoke, two employees of the cab company were forced to flee a connecting hallway due to the dense smoke and immediately

contacted fire officials. Once outside the building, cab employees Todd Marshall, 20, of Highland Park and Dick Sperling of Des Plaines notified officials of the adjacent, Aldi Foods and Jupiter Discount Store to evacuate their stores.

Additionally, cab company officials report that up to 15 people working in second floor offices escaped down a rear staircase after smelling smoke.

Mid-Month Meanderings...

Attorney General Ty Fahner spoke at a press luncheon at October 5 Restaurant last Friday. Fahner was explaining the new open meetings law which was passed in Springfield during the past session.

Fahner emphasized the new Open Meetings Law has not been written for the benefit of newspapers but rather for the public. The ever-unceasing battle for the "public's right to know" is the reason for the improving new law.

Public boards are prone to go into private or executive sessions when they discuss certain matters which are believed to be best aired privately. Real estate acquisitions, certain legal matters, and the hiring and firing of personnel are the major reasons for private or non-public sessions.

The new law now insists all executive or private sessions by public boards must have minutes taken at all such meetings. This very important minute-keeping will hopefully prevent public bodies from discussing matters which are in the public domain. And it hopefully will lessen the number of private or executive sessions.

East Maine Caucus recommends candidates

In its first summer meeting, the East Maine General Caucus met Tuesday, Aug. 4 to consider candidates for the school board vacancies which will be filed in the November election under the new Consolidated Election Law.

In East Maine District 63, the seats of current board members, Joan Futterman and Philip Deckowitz are up for election. Mr. Deckowitz had indicated that because he was reaching the end of his second term, he will not seek re-election. Three candidates appeared before Caucus for the District 63 seats: Alan

And they called it old age... (the blues)

The great sin which has visited so many of us, myself included, and awaits others who will become sixty-five is called getting old. Isn't that an ugly expression? In our society we have been conditioned to think of sixty-five as being old and therefore must accept compulsory retirement as a matter of course. If you are so unfortunate as to be on some company's payroll waff, out you go! You are now useless. So the powers that be rap the gavel on the board loud and clear and it's OUT! KAPUT! But don't despair! To ease the pain we will give you a little handout in the way of a pension, maybe a gold wrist-watch and in some cases, a plaque citing you for your past good services which we no longer value. It's part of the "FRINGE BENEFITS".

Is it possible to be so capable, so valuable one day and then suddenly of no value the next for no other reason than you just became sixty-five? It just doesn't make sense! All the knowledge that you have accrued over the years doing a specific job can't suddenly vanish leaving you sterile and useless. The point is you are guilty of a serious offense, a crime, and it's called OLD AGE. Russia has a

An expression...an opinion... a point of view...

Siberia for those found guilty of a crime. The sentence is FORCED LABOR. We have developed our own little Siberia for those found guilty of getting old, (our conception of a crime) and the verdict is FORCED RETIREMENT, the reward for arriving at "The Golden Age".

What marks your sixty-fifth birthday as the end of your productivity? It's as though a concert violinist who has been playing so many wonderful performances on his valuable Stradivarius, looks at his instrument and suddenly he must therefore hang it up. It's old. Ludicrous, isn't it? Never mind that the tone has improved with age, the most important fact is that it's too old. Isn't it just as senseless to discard a good employee because of his or her age? Think what the world would have been deprived of had they discarded.

The controversy surrounding Chicago Mayor Jane Byrne's service and sales tax has reached the suburbs as Niles businesses received notices last week from the City of Chicago informing them that Chicago expects local businesses to collect a one per cent tax on items sold or services provided to Chicago residents and businesses. Immediately following Chicago's notification of area businesses, Niles Mayor Nicholas Blase sent out a letter to Niles businesses and industries advising against participating in the Chicago program.

Annette Ptak, Deputy Comptroller for the City of Chicago, confirmed that Chicago expects local businesses to participate in the tax program. Explains Ptak, "We're asking for cooperation (from suburban businesses) since this tax is to be passed along to the purchaser."

Additionally, Ptak said the service tax will also be collected from Niles businessmen. Ptak explained that if, for example, a Niles plumber works in the home of a Chicago resident, the plumber is responsible to collect a one per cent service tax and send it to Chicago. The service tax will also apply to other suburban professionals such as lawyers and doctors who have Chicago clients.

However, Ptak explained these businesses not paying the sales tax may be subject to interest payments on money they are presently withholding.

Additionally, Blase said local businesses should not fill out service and sales tax registration forms sent to them by Chicago. Blase said local businesses who fill out and return the forms may be subject to harassment and/or other involvement with the City of Chicago.

Ptak said Chicago expects to collect \$110 million annually from the service tax and \$86 million annually from the sales tax.

Niles School District 71's superintendent Clarence Culver fainted Saturday and was taken to Lutheran General Hospital. As of Tuesday, Clarence has been in a coma.

Dedication ceremonies will be held in Golf Mill Park on Saturday, Aug. 15 at 1:30 p.m. for the equipment installed for handicapped children. A plaque with the names of the organizations that have made donations towards the purchase of the special equipment will be unveiled that day. Niles Park Commissioner Elaine Heinen has worked for several months on this project and is to be commended for her dedication to its completion. The programs for the handicapped will be staffed by the Maine-Niles Special Recreation group.

A Skokie man, Raymond DeWald, 8933 Niles Center Road was killed Monday, Aug. 3 when a steel beam knocked him off of a scaffold while he was working on construction in the Lakehurst Shopping Center. DeWald, 56, fell 20 feet from the scaffold after being struck and died in St. Therese Hospital, Waukegan without regaining consciousness. Services were held for DeWald at St. John the Baptist Greek Orthodox Church, 2350 Dempster st., Des Plaines on Friday, Aug. 7.

School District 63 Registration on Tuesday

A Day of Registration has been scheduled for all School District #63 elementary students - both old and new students - on Tuesday, Aug. 18. This involves Kdg. through grade 6 students. Registration will be held at all District 63 elementary schools on Aug. 18 from 9 a.m. to 12 noon for students whose last name begins with A through N, and from 1 p.m. to 3 p.m. for last names O through Z. Open registration for parents of students who were not registered on Aug. 18 will be held on Wednesday, Aug. 19 from 9 a.m. to 12 noon.

On Wednesday evening, Aug. 19, between 7 p.m. and 9 p.m., the elementary schools in the district will be open for registration for parents of students who work during the day or who cannot make arrangements to register during the day. Registration is encouraged at the time scheduled for you, if possible, as we anticipate evening registration to be very heavy.

If your child will be enrolled for the first time in Kindergarten, first grade, or the fifth grade, or is new to the district, this school year, he/she must have evidence of current immunizations and physical examinations on file. You must bring the completed forms to the registration on Aug. 18. These forms were made available to all fourth grade parents and to those who enrolled their children for Kindergarten. If you need additional forms, please contact your school principal.

The first day of school for District #63 students will be Tuesday, Sept. 1. Full particulars are being sent to parents by mail. Elementary schools in District #63 are at the following locations: Melzer School, Kenneth Pancyk, Principal, 9400 N. Oriole, Morton Grove, IL 60063, Tel: 965-7474; Nelson School, Robert Jablon, Principal, 8901 Ozanam ave., Niles, IL 60648, Tel: 965-0050; Stevenson School,

Dream Psychology speaker at Trident

Dr. Doris Romans, a professor in psychology at Oakton Community College will guest speak on the topic dreams and dream psychology at the Niles Senior Center, 8960 Oakton on Tuesday, August 18 at 1:30 p.m. This is open to all Niles residents over age 62 at no charge. This lecture should prove to be informative as well as entertaining as Dr. Romans is considered to be an excellent speaker.

Morton Grove Senior Citizen News

WIDOW TO WIDOWERS GROUP

"Now what do I do?", is a question asked by each widow or widower who has lost a spouse. Finances, loneliness, relations with children each may pose a special crisis for those affected. A special group program will be available at the Morton Grove Village Hall, 6101 Capulina, for seven weeks beginning Sept. 15, 1:00 to 2:30 p.m. Widow to Widower Group is being offered specifically to meet the needs of those who have lost a spouse. How best to cope with this changed status will be shared in a group experience. The interests and the needs of the individual participants in the group will determine in large part the context of the discussion. Group membership will be limited to ten participants.

Barbara Featherstone, counselor from the Family Counseling Service of Evanston and Skokie Valley will lead the discussion. Please call Bud Swanson at the Morton Grove Health Dept., 965-4100, if you wish to participate in the group.

YOU CAN CONTROL THE RISK OF CANCER

Habits, medical history, health practices, and workplace can all be contributing factors to the mystery of cancer invasion. Yet cancer is not as mysterious as it once was, the American Cancer Society continues to pursue answers to questions surrounding this disease.

At 7:30 p.m. on Monday, August 24, the Morton Grove Health Department will show the new Cancer Society film, "You Can Control The Risk of Cancer". Discussion on cancer topics as well as free literature will be available after the film. This free program is open to all, and will be held at the Morton Grove Library's Baxter Auditorium.

ILLINOIS BELL TELEPHONE

Illinois Bell has a new service available for those individuals with visual disabilities. Now available is an enlarged number dial stick-on that can be fit on the dial face of the telephone. The stick-ons can be attained free at the Morton Grove Senior Center or by calling Bell's Disabled services toll free, 1-800-572-5062. The Disabled Services also have the overlays for touch tone phones.

MEDICARE CLAIMS

1) According to Congressman John Porter, the reason for Medicare's inadequacy in paying for medical bills is that Medicare is a full year behind in determining standard reimbursement fees. The reimbursements seniors receive today from Medicare are based upon the average rates charged for similar services a year ago. But with rising costs in health care and the economy in general, Medicare is just not enough health care coverage these days. A special program on "What Every Sr. Citizen Should Know About Health Insurance", will be presented at 7:30 p.m. on Monday, Sept. 28 in the Morton Grove Public Library. Florence Murdoch of Blue Cross and Blue Shield will be the guest speaker.

2) Medicare Appeal Rights: If you disagree with a decision on the amount Medicare will pay on a claim or whether services you received are covered by Medicare, you have the right to ask for a review of the decision. The notice you receive from Medicare regarding payment under hospital insurance or under medical insurance tells you exactly what appeal steps you can take. The time limit for most appeals is 60 days after notification of the decision.

OZONE

Very hot, humid, and sunny days usually produce high levels of ozone between the hours of 11:00 a.m. and 6:00 p.m. Ozone levels are lowest during the early morning hours.

Exposure to ozone may result in the following symptoms: sore throat, eye irritation, cough, headache, shortness of breath, chest discomfort, and fatigue. The symptoms indicate that exposure to ozone produce temporary bodily reactions, but if left uncorrected can lead to serious pulmonary (lung) diseases.

When ozone levels are high, stop smoking, avoid irritants like chlorine bleach, ammonia or aerosols, and avoid unnecessary auto travel both minimize personal exposure and because automobiles are the major source of ozone forming pollutants. For a recorded message of the Pollution Standards Index call 644-9090 or the Chi. Lung Association at 243-2000.

MATINEE MOVIE

The matinee movie scheduled at 1:30 p.m. on Friday, August 28 will be "China Syndrome". The movie will be shown in the air conditioned Morton Grove Senior Center, 6101 Capulina.

Any resident interested in attending should call the Senior Hot-Line at 965-4658, weekdays between 9:00 and noon for a reservation. The movie is free and is provided by Video Stop, 5008 Dempster St. in Skokie.

ST. FRANCIS HOSPITAL

A tele-care program for senior citizens living alone or handicapped is available through St. Francis Hospital in Evanston. The program is designed to provide daily phone calls from friendly volunteers to seniors who would just like to hear a friendly voice. The calls are made between 10:00 a.m. and noon, seven days a week. For more information, call Sister Margaret Rose, 492-2230.

RED offers emergency aid for deaf

Deaf Persons who have access to the proper telephone equipment, will now be able to report fires and medical emergencies to the R.E.D. Communications Center, which dispatches emergency equipment in the five town areas of Glenbrook, Glenview, Morton Grove, Niles and North Main Fire Protection districts.

The equipment, known as the TTY-Deaf Communicator, is now attached to any of the five emergency numbers of these towns. On the receiving end, a Porta Printer II has been installed in the central dispatching office, now housed in a modern alarm room in the Glenview Fire Station. The printer, similar to a teletype printer, enables the alarm dispatcher and any person having the special type phone to communicate by written message.

The R.E.D. System, which makes it possible to receive emergency aid based on the closest station response rather than geographic boundaries, was started as an experiment over two years ago to give the best possible protection and coverage to taxpayers, regardless of their location. The system has met with such great success, that it was necessary to move the nerve center to larger, more modern quarters from its former location in the Niles Fire Department.

This specialized equipment was developed some time ago after it was realized that deaf persons had no capability in reporting emergencies over the phone because of their inability to hear. The communicator was installed by virtue of a State Grant.

Rag group for lung cancer victims

Anyone who has had lung cancer can now join a postoperative lung cancer "rag" group that is now being formed to meet in the Skokie Public Library at 5212 Oakton st., Skokie.

To join, stop in or call the Library at 673-7774 to leave your name and address and telephone number. Interested persons will

then be notified as to the date and time of the first meeting. There will be no admission charge.

Through informal discussions where experiences and ideas will be exchanged, participants will be able to find out what they can do to help themselves lead a more normal life again.

The rag group leader is Skokie resident Morton Lieblich, a rehabilitated lung cancer patient who developed his own plan of recovery after his left lung was removed four years ago.

Lieblich's program became his 36-page booklet, "Spirit and Breath After Surgery", a daily exercise guide for lung cancer patients, printed by the Illinois Division of the American Cancer Society in 1979. The guide is available free to lung cancer patients through their doctors or may be checked out at the Skokie Public Library.

In the absence of established programs for lung cancer patients, Lieblich sees the rag group as a useful recovery tool to help motivate those who have had lung cancer surgery.

CAP plans car wash

Many people temporarily would be asked to leave their homes should something serious occur at Zion's nuclear plant. Last week Civil Air Patrol was asked to help other emergency personnel lead and unload a bus full of senior citizens and register them in. This was one of many tasks that CAP is asked to do. All that took place was a simulation exercise in case anything would occur at Zion.

Civil Air Patrol is primarily an organization that deals with search and rescue, emergency services, and aviation. The CAP will be having a car wash on Saturday August 22, from 7 p.m. to 8 p.m. at Main and Crawford in Skokie. For more information call 334-3448.

Singles Scene

Clubs Promenade at Live Square Dance

Twelve nonprofit groups invited all singles to a special Summer-time Square Dance with a live band on Friday, August 28, 7:30 p.m., at Fourth Church, 900 N. Michigan, along Chicago's Magnificent Mile. There'll be live music & instruction by the slightly famous 4-piece Chicago Barn Dance Company and contests & prizes, too. Beginners are welcome.

Sponsors-all nonprofit organizations serving singles or the community-include the International Fellowship, Northies, TASA (Berwyn), Westminster, Chicago Catholic University Club, Community of Singles (Arlington Heights), Solos (Park Ridge), Unitarian Singles of Evanston, Highlanders, St. Peter's, Singles in Friendship (Morgan Park), and Saints & Sinners. Together these groups serve singles from 21 to 65.

The dance will draw singles of all ages from the Great Chicago area as far away as Wilmette, Schaumburg, and Indiana. From 7:30 p.m. till 11, the Chicago Barn Dance Company will provide live music & callers for an evening of Square and Folk Dancing for all skill levels, from beginner to advanced. Donation (including free refreshments) is just \$2.50 for members of any of the sponsoring organizations or \$3.50 for visitors. Dress will be casual/Western.

Chicagoland Jewish Singles

Edison Park Lutheran

On Sunday, August 16, the Senior Lutheran League of Edison Park Lutheran Church will be honoring the Leaguers who have graduated this past Spring with a "Senior Dinner". The dinner is for the purpose of looking back over the past several years, remembering the "good times" in League, and to look forward to the future as these Leaguers get ready for college or careers. Those who will be honored are Susan Bartel, Paul Bolinder, Jennifer Callos, Christiane DeMont, Karen Earl, Joseph Peivort, Carl Hagman, Karen Hartmann, Karen Heltzman, Nancy Howard, Keith Jensen, Kristine Johnson, Donna Kostka,

Joseph Kozlowski, Kathryn Krpan, Elizabeth Kulowich, Heidi Lacy, Kevin Lane, Laura Lange, Michael McQueen, Patrick McQueen, Nicholas Moore, Terri Overbeck, John Petry, Peter Riis, Lesley Ryg, Joan Voorhees, June Yost.

With only a few weeks of Summer left, the Luther Leaguers still have much to look forward to: Those who went backpacking in Colorado will return in time to appear with the "AMMI" Singers on the WGN-TV program "Heritage of Faith" on Sunday, August 16, at 8:30 a.m. They are also planning a "Sadie Hawkins Day" and another trip to the Sand Dunes.

In order to help finance all of these activities, the Leaguers will once again sponsor a "car wash" in the Church parking lot, located at Avondale and Oliphant Avenues in Chicago, on Saturday, August 15, from 9:00 a.m. until 2:00 p.m.

MTJC

Steven Abramson, son of Mr. & Mrs. Sidney Abramson, will celebrate his Bar Mitzvah Saturday, August 15, 9:30 a.m., at Maine Township Jewish congregation, 8800 Ballard Rd., Des Plaines. Rabbi Jay Karzen and Cantor Harry Solowinich will officiate.

ORT games night

Shoreline Chapter of Women's American ORT (Organization for Rehabilitation through Training) is having a Games Night on Saturday, August 22, at 8 p.m., at a member's home in Deerfield.

Members and their husbands and guests will have a barbecue dinner followed by an evening of playing board games. For information about joining this group, call 564-9159 or 251-2223.

Messiah Child Care registration

On Wednesday and Thursday, August 19 and 20, Messiah Lutheran Child Care Center, 1605 Vernon, Park Ridge, will hold registration days for new enrollment as well as for continuing students. The center is open from 6:30 a.m. until 5:30 p.m. and the office will be open throughout both days to make sure files are complete for all children enrolled.

There are still some openings available in all programs. The Center offers a nursery school program from 9 a.m. to 11:30 a.m. daily for three and four year olds; as well as 4 1/2 hour and full day 9 hour programs for pre-schoolers and kindergartners. The kindergarten program is fully accredited and is offered to accommodate parents who need full day care for their children in addition to kindergarten education. Pre-school classes are separated according to age. Schedules can be arranged for two, three or five days per week to suit parents' needs.

The goals of the staff are to provide a variety of educational opportunities to pre-school and kindergarten age children, in a child-centered environment, cared for by loving teachers who are well qualified in early childhood education. Karen Clark, director for four year, heads the continuing staff of full time teachers, Judy McCarrell,

Kathy Doninger, and Terri Trestrail, kindergarten teacher. To obtain an application, interested parents are invited to phone 925-9797, or come to the Center on the registration days set. The Center is located just 2 blocks southwest of Lutheran General Hospital.

Shown above: Terri (Trestrail) comes to the aid of Danny Kronenfeld/Kindergarten pupil at Messiah Child Care Center play area.

Catholic Charities seek volunteer drivers

Volunteer drivers are being recruited by Catholic Charities' maternity-adoption department to chauffeur infants to temporary care homes, to medical appointments, and to Catholic Charities' central offices for visits with their natural parents.

Interested men and women should be in reasonable good health, have a car at their disposal, be currently licensed to drive and be covered by automobile insurance. Drivers may choose the days and hours they wish to volunteer their services and may decline assignments when necessary. Mileage expenses incurred by volunteer drivers may be used as an income tax deduction. Infant car seats are furnished by Catholic Charities when needed.

For details, please call 236-5172, ext. 284.

Hynes announces new assessment guide for homeowners

Cook County Assessor Thomas C. Hynes announced today the publication and availability of a newly revised edition of the Homeowner's Guide to Property Assessment.

"In the complex world of property taxes," Hynes said, "homeowners often have a difficult time understanding what is going on and what they can do about property taxes. We have tried to clear up some of the mystery for them in our homeowner's brochure. This is probably the most important piece of our ongoing public information program to inform citizens of their rights in regard to assessments and property taxes."

The Homeowner's Guide provides an overview of the Cook County Property Tax system with special emphasis on the place of assessments. In it homeowners can find valuable information on how their property is assessed, how to file complaints, and how to

benefit from exemptions available to them. The guide is available at the main office of the Cook County Assessor (118 N. Clark, Chicago 60602) or at the suburban branch offices in Markham (16501 S. Kedzie, Markham 60426) and

Maywood (1500 Maybrook Square, Maywood 60153). In suburban townships, they can also be obtained at the local

Township Assessor's office. Copies will be mailed upon written request or by phoning 443-7550.

The Maine Township

Special Education Program

The Maine Township Special Education Program (M.T.S.E.P.) is a Joint Agreement organized to provide cooperative planning and services which will assure equal education opportunity for all children, ages 3 through 21 or graduation, residing within the boundaries of school Districts #62, #63, #64 and #207.

In order to provide equal educational opportunities for all, M.T.S.E.P. provides special education programs and services for all exceptional children. Adaptations are made for individual differences.

M.T.S.E.P. is funded by local district taxes and by State and Federal reimbursement programs. State and Federal funds pay a portion of the following: certain types of programs and services; salaries of special education personnel; vocational student salaries (Department of Rehabilitation Services); student tuition to private facilities; pupil transportation; and equipment and materials. Local member districts share the majority of costs based on the number of students enrolled in special classes.

DETERMINING THE NEED FOR SPECIAL EDUCATION

1. Annual district registration is conducted for all exceptional children between the ages of 3 and 21 who have not previously registered in the public schools. The date for registration is announced in the local newspapers. Parents who miss scheduled registration dates may contact the M.T.S.E.P. office, 1131 South Dee Road, Park Ridge, at any time for enrollment assistance.
2. Screening and identification procedures have been developed and are continuously implemented.
3. A specified method of referral has been developed and is accessible to all concerned persons. Referrals may be made by school district personnel, parents, persons having primary care and custody of the child, other persons having knowledge of the child's problems, the child or the Illinois State Office of Education. Referrals may be initiated by contacting the local school district Special Education Coordinator or the M.T.S.E.P. office. (See names and phone numbers listed below.)
4. All children who may require special education services are referred to a designated resource for evaluation and appropriate educational planning.
5. All components of a complete case study evaluation are available to students who may be experiencing problems which interfere with school performance.
6. Eligibility for and the provision of a special education instructional program or service, shall be determined at one or more multi-disciplinary staff conferences.
7. Multi-disciplinary staff conferences may include: parents, regular classroom teachers, Principal, District Special Education Coordinator, special education teacher, learning disabilities specialist, speech and language specialist, social worker, psychologist, consulting psychiatrist, physical therapist, vision consultant, hearing consultant, or any other person directly involved with the student.
7. Each student's placement is reviewed annually and/or upon request of parents or staff.

CHILDREN WHO MAY NEED SPECIAL SERVICES

- The Visually Impaired - Visual impairment of sufficient severity to require adaptation of educational materials.
 - The Hearing Handicapped - Hearing impairment which interferes with learning and development of communication skills.
 - The Physically Handicapped - Physical impairment affecting learning and requiring the use of special equipment.
 - The Learning Disabled - Significant impairment of one or more of the essential learning processes: perception, conceptualization, language, memory, attention, impulse control, or motor function.
 - The Emotionally/Socially Maladjusted - Social affective behavior which significantly interferes with learning and/or social functioning.
 - The Mentally Retarded - Mental impairment causing markedly delayed intellectual development, adaptive behavior, and academic achievement. Such mental impairment varies from mild to profound.
 - The Multiply Handicapped - Children who exhibit two or more impairments which significantly interfere with their ability to learn are considered multiply handicapped.
 - The Home or Hospital Bound - The students with a temporary physical or health impairment, estimated to last six months or less. This service is recommended upon completion of a case study evaluation.
 - The Student with Speech Communication Disorders - Speech and/or language deviations which prevent full social and educational development as determined by a case study evaluation.
- Pre-school classes are available for three year olds with developmental problems.

LEVEL OF SERVICES

- A student may be placed:
1. In the regular classroom with assistance from special education personnel.
 2. In a special class or program in his/her home school.
 3. In a special class or program in the district or township.
 4. In a special class or program in the cooperating region.
 5. In an appropriate private school or program as determined by M.T.S.E.P. and student's family. This option is only available if the student's needs are so unique that they cannot be met within existing M.T.S.E.P. programs.

PARENTS' RIGHTS

- Two agents act on behalf of the child and his educational life - the local school board and the parents. Awareness of programs and how to use them must be available to every parent.
- As an agent of the child, the parent has the right:
- to be informed . . . e.g., the need and purpose of evaluation.
 - to object or question . . . e.g. a placement decision including a recommendation for graduation.
 - to participate . . . e.g. all formal discussions about the child's educational future.
 - to know and control . . . e.g., the content and access to student records.
- Under Illinois law, parents are permitted access to the student's school records. In compliance with this law, the following policies and procedures have been established:

1. A school record may be examined by parents upon request.
 2. Official student records may not be released to other persons or institutions without written permission of the parent.
 3. Parents have the right to challenge the accuracy, relevance or propriety of any entry in the school's student records.
 4. A request to examine the student's records must be granted within a reasonable time, and in no case later than fifteen (15) school days after the date of receipt of such request.
- All rights of the parent are exclusively those of the student upon his eighteenth (18th) birthday, graduation from high school, marriage or entry into military service, whichever occurs first.

Legion Auxiliary secretaries named

President-elect Ms. Lorry Nehart of the Morton Grove American Legion Auxiliary Unit #134 has named the duo who will perform secretarial duties for her for the ensuing year.

Mrs. Nina Bartholmy, a past president of the Unit as well as a former 7th District, American Legion Auxiliary president, will continue on in her role of corresponding secretary, which she has ably handled this past year for the retiring president Mrs. Jule Karsten.

As corresponding secretary, Mrs. Bartholmy will answer all Auxiliary correspondence and send the monthly meeting notices to the members. She is a resident of Arlington Heights.

Mrs. Arlene Rok of Niles is to perform the recording secretary duties. She will take the minutes at the regular and board sessions.

The ladies will be installed with Ms. Nehart and the remaining elected officers in joint ceremonies with the Post on Saturday, Sept. 12th at the Legion Memorial Home.

The Child Development Center is supervised by Ms. Kovar, a specialist in early children education and staffed by experienced personnel. The program offers a variety of activities designed to encourage creativity, the growth of intelligence, and physical and social well-being in a trusting and supportive environment, according to Ms. Kovar.

Registration is underway now at OCC/Des Plaines, 1600 E. Golf, (635-1840), and OCC/Skokie, 7701 Lincoln Ave., (635-1958).

OCC enrollment up for Fall

John Gaglin, director of admissions, Oakton Community College, announced this week a substantial increase in student applications for the fall semester.

"The number of applications we have received indicates a record-breaking enrollment for the fall semester, 1981," Gaglin said.

The increase includes returning and new students who have registered early. To date over 5000 students have registered—3500 in Des Plaines and 1500 in Skokie.

Gaglin urged students who are considering fall enrollment at Oakton to apply now to assure themselves a place in class. Applications are available at the Admissions Office both at OCC/Skokie, 7701 N. Lincoln, and OCC/Des Plaines, 1600 E. Golf.

For further information about applying or registration contact 635-1700, Des Plaines, or 635-1975, Skokie.

Charged with striking an officer

Two Niles residents were arrested following an incident which resulted in a policeman being slightly injured on Friday, Aug. 7. Police reported receiving a complaint persons were shouting obscenities in the 8100 block of Dempster st. shortly after midnight. Arriving on the scene two subjects were observed running behind a house. Found behind a garbage can were a 23 year old Niles resident and his 24 year old companion, also from Niles. As officers were attempting to issue the two citations, the apprehended Niles residents began yelling and were brought

to the Niles Police Department. As they were being processed, one of them, a 24 year old woman, began punching an officer who was photographing her. Additionally she tore the officer's uniform. After being restrained the woman was charged with battery as well as public intoxication and disorderly conduct and later released on \$1,000 bond. Her companion was charged with public intoxication and disorderly conduct and released on \$35 bond. Both were assigned a September court date.

Typewriter stolen

A Niles business reported unknown persons stole an electric typewriter from its offices on

Monday, Aug. 3. According to officials of Argus Communications, 7440 Natchez st., thieves stole an IBM Selectric typewriter valued at \$1,200.

Cadillac missing

A resident of the 8000 block of Currie dr. reported his 1980 Cadillac was stolen during the night of Wednesday, Aug. 5. According to the resident the car was parked in his building's community garage when it was stolen. The resident said the Cadillac was valued at \$16,500.

Arrested for marijuana possession

A 19 year old Niles resident was arrested on Thursday, Aug. 6 after being found in possession of marijuana. The resident was first stopped by police after he failed to use his turn signal while turning onto Maryland ave., from Ballard rd. The youth was unable

to produce a driver's license and, once outside his car, police discovered a plastic bag containing marijuana protruding from his pocket. After being brought to the Niles Police Department, he was charged with possession of marijuana as well as two traffic violations.

Train derailed

Niles Police were called to Howard st. and Lehigh ave. after a train derailed on Sunday night, Aug. 9. According to police, they were first notified the railroad crossing gates had malfunctioned at Howard and Lehigh and Touhy ave. and Lehigh st. Arriving on the scene police re-routed traffic and later learned a freight car had derailed when one of its bearings burned out. Railroad officials were notified and police determined no one was injured due to the derailment.

Police on the scent

Two Chicago women, 18 and 27 years old, were arrested after being observed shoplifting at a local store on Sunday, Aug. 9. Police reported the Chicago residents were shopping at Sears Roebuck and Co., 400 Golf Mill, when they were observed placing perfume in their purses and in a shopping bag. Additionally, one of the women tried to get a refund for one of the bottles of perfume she had not purchased. After being apprehended by Sears security, the Chicago residents were turned over to the Niles Police. After being transported to the Niles Police Department the Chicago residents were charged with retail theft. Following processing they were assigned a September court date and released on \$1,000 bond each.

Restaurant burglarized

A local restaurant was burglarized on Saturday, Aug. 8. According to police, unknown persons gained access to Lungs restaurant, 6701 Touhy ave., by breaking a side window and climbing through. Once inside burglars opened a cash register and took \$248. Store officials indicated they would search further to determine if anything else was missing from their restaurant.

Census Bureau to continue special employment survey

Representatives of the U.S. Bureau of the Census will be contacting area households the week of August 10 as part of a special survey aimed at improving national employment estimates, Stanley D. Moore, Director of the Bureau's Regional Office in Chicago, announced today.

Interviews will continue to be conducted during the next 14 months during the week that includes the 12th of each month. Nationally, about 1,500 households throughout the U.S. are contacted each month. The survey was started in May, 1978; the results will be used to develop more complete and accurate estimates of employment and unemployment.

Interviewers will ask questions about employment, occupation, and related information such as age, sex, and marital status. The survey is authorized by law under Title 13, U.S. Code. All information provided to interviewers will be held strictly confidential.

Alumnae Wanted!

The members of Party-Inc. invite all young north suburban alumnae of Loyola, Northwestern, and DePaul Universities et al, to their Wild, Wild West Party on Friday, August 14. It's firin' up to be full of old fashioned fun and frolic, and will be held at the American Legion Hall at 6140 W. Dempster in Morton Grove. For more information, please call 965-1554.

State police seek help of CB'ers in promoting safety

Illinois State Police Superintendent R.J. Miller reminds us that "Help is NEAR by CB." The enormous popularity of CB radios among the motoring public has created a nationwide communication network second to none. Virtually every single mile of highway can be reached by CB radio in Illinois.

The acronym NEAR stands for National Emergency Aid Radio system. NEAR serves to reduce police response time to emergency situations. Motorists are able to receive or transmit information to the police or other emergency service agencies.

The Illinois State Police have CB radios installed in their squad cars and each district headquarters is equipped with a CB base for monitoring calls. Channel 9 is utilized for emergency calls and is monitored daily. The Illinois

Tollway revenue averages 50% increase

For the first seven months of 1981, toll revenues of the Illinois Tollway at the 10 unmanned ramps have increased substantially over the same period of 1980. The amount of increase over 1980 revenues varies from 42% more in May to 56% more in March.

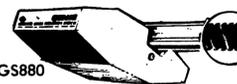

Captain Hugh S. McGinley, District commander of the 145 State Troopers that patrol the tollroad, credits the Troopers on the road and their dedication to their job to the increase in revenue. Captain McGinley stated, "we will continue to work toll evasion details until such a time that near total compliance is reached. It must be remembered that no tax dollars are used on the Tollway. Toll revenues are the only source of support the road has and to continue to maintain a road much superior to surrounding roadways this revenue must continue."

Rangers sponsor pre-season hockey clinic

The Rangers of Niles will hold a pre-season hockey clinic at the Rolling Meadows Ice Arena. The program will include five skating sessions to be held on the weekends, beginning August 15.

The purpose of the clinic is to help skaters to sharpen their skills for the coming season and to give players and parents the opportunity to meet the Rangers coaches and get information

about the 1981-81 Ranger program.

Open to both house league and travel team players, the clinic will include skating, passing and shooting drills and conditioning. There will be separate sessions according to age division, mites through midgets.

Tim Mueller, manager of the Rolling Meadows arena, is director of the clinic. For six years he was director and instructor at the Mid America Hockey School.

He has coached many teams in the area, including the Rolling Meadows Warriors Pee Wee State Championship team of 1974, the Chicago Jesters, the St. Viator's High School team and the Rangers of Niles 1980-81 bantam AA team.

The cost of the clinic is \$7.00 per session or \$25.00 for all five sessions, payable in advance.

For more information and a copy of the skating schedule, contact Dennis Corrigan, Rangers president, 397-7436.

The Rangers, whose home ice is the Ballard Sports Complex, will hold travel team tryouts in Niles at the end of September. House league teams for beginning hockey players are being organized by the Niles Park District.

Niles girl to travel to Taiwan for tournament

The mention of the Republic of China doesn't cause most people to think of basketball and planning for a China trip usually doesn't mean hours and hours of basketball drills and practices, but it has taken on that meaning for two local girls this summer.

Kathlynn Eshoo, of Niles; and Mary Lou O'Brien, of Glenview, both members of Marillac High School's basketball team have been selected as members of a special team sponsored by the Amateur Sports Fellowship.

Their team, composed of Chicago area players, is one of several from various areas of the country that will be leaving soon to compete in a tournament in Taiwan.

According to Kathlynn, the girls were selected not only for their basketball ability, but also "for leadership qualities, the ability to play as a team member and not hog the ball, and the ability to fit into the program." She indicated that they selected girls from good families that they thought would represent the program well.

Although the Marillac team members were aware that scouts were at some of their games looking for players for the "China team," Kathlynn said it was "still pretty much of a surprise to be picked." The Chicago team includes mostly college players or high school seniors and one junior. Kathlynn will be returning to Marillac's varsity team next year but Mary Lou now a college freshman, will be playing for DePaul.

In addition to packing for their big trip, the girls have been practicing steadily since April and have played as a team in the DePaul summer league. Mary Lou is excited about the team's prospects stating that "it's great playing with girls, if we get it all together I think we could beat anybody." According to Kathlynn they "have had some pretty tough competition against the college teams in the De Paul league and have never been

blown away, but always hold their own."

Neither girl is sure of the competition they will face in Taiwan but Mary Lou indicated that "we heard there may be some other nations represented besides the United States and the Republic of China." Kathlynn stated that they've "been told the competition will be tough" and confessed that she'd "feel better if we had at least seen them play."

Because the girls must earn their own travel expenses, they are in a sense being sent by their communities. They raised money by selling ads for a program used when a Chinese boys team played in the United States recently. Kathlynn indicated that she was supported in her efforts by her parish, St. John Brebeuf, her father's employer and several local businesses.

Eight to twelve games will be scheduled for the 17 day trip, leaving the girls time to do some sightseeing too. They are sure to return with many memories of China in addition to their basketball experiences.

Niles Baseball League Peanut Division

Tournament Game-A come from behind victory for the Niles Lions Twins who struggled until the fourth inning before taking the lead. Hitting for the Twins were R. Samelak 2 for 2, Komo 3 for 4 including 2 homers, E. Tzinberg, M. Hall, J. Hay, T. Glavin and A. Rosenfield.

Great scoreless, hitless pitching E. Tzinberg and R. Samelak.

ORIOLES WIN TOURNAMENT

The Walt Beusse Orioles beat the Niles Lions Club Twins 9-8 to win the round-robin tournament.

For the second year in a row the Twins came in a disappointing second place. Hitting by Twins E. Tzinberg 4 for 4 including a homer, M. Hall with 3 hits, J. Hay with 2 and T. Arendt with one, coupled with a double play in the 4th just wasn't enough to catch the hard-fighting Orioles. Get well quick to R. Samelak who played sick and was hospitalized the next day.

Astros win World Series

The NBL Astros won their first game of the World Series 12 to 3 over the hard-fighting NBL White Sox. Super hitting by B. Niedermaier with 2 home runs, a double and 8 RBI's, J. Chupich 2 hits, and J. McInnes and J. Erkenwick with one each. P. Davidson made his pitching debut, doing a tremendous job filling in for D. Callero who played in spite of a bad case of the flu.

8-4-81

The NBL White Sox won the second game of the series 10 to 8 to keep them alive in the series. The White Sox were led by sluggers T. Jensen, G. Galassi, and B. Abramson with two hits a piece and Phil and A. Hirschfield with one each. Astros hitters were J. Chupich 2 hits, T. Montefarrio a triple and 4 RBI's and B. Greco and P. Davidson with one each.

In the third and deciding game of the World Series the Astros came out on top winning 5 to 2. The Astros pitchers J. Chupich, B. Niedermaier, D. (Super Girl) Callero, and P. Davidson did an excellent job throughout the series. Hitting by D. Callero with 3 hits and 2 RBI's, E. Niedermaier 1 hit and 2 RBI's, T. Montefarrio 1 RBI hit, and J. McInnes 1 hit, and good defensive plays by J. Chupich gave the Astros the crown.

The boys would like to thank manager Bob Chupich who made it all possible. A special thanks to all the parents and coaches J. Callero, S. Jochim, S. Davidson and M. Montefarrio who put in a lot of their time.

Binder's Stars 3rd at LaCrosse

Binder's Stars, sponsored by Mr. Sol Binder of Peterson Bank, finished in third place out of a field of 84 teams in, probably, one of the largest 12 year old tournaments in the country. The states fielding teams were Mississippi, Colorado, Michigan, Canada, Iowa, Minnesota, Illinois and Wisconsin.

The people of LaCrosse ran a first-class tournament headed by their president, Jay Buckley.

Some of the many stars of Binder's were Larry Dombrowski and Craig Niedermaier, who pitched their hearts out and were rewarded with the Most Valuable Player awards.

Mike Mitchell, John Calarco and Steve Sessa hit the cover off the ball. As usual, Chuck Pemberton did a super job catching and hitting. David Geeve and Rob O'Regan provided solid pitching and hitting. Hans Bachmeier and Steve Sessa contributed some crucial hits and played great defense. Jeff Hay, Glenn Thompson and Tom Rejd came up with timely hits or big plays. Mike Wojciechowski and Steve Riley always came in and contributed to the team effort. Jim Phillos, who couldn't make the trip, has been a big asset pitching and hitting all year.

The LaCrosse Tournament was quite an experience for both the players and their parents alike, and one they won't forget. Since nine of our boys are only 11 years old, we hope to bring back the first place trophy next year.

SJB sweep awards at Marillac Basketball Camp

As an indication of the sound basketball training girls got at St. John Brebeuf and their tremen-

dous interests, S.J.B. girls swept the majority of awards (5 of 8) at the Marillac camp.

Kathy Lake won the "Hustle award" the first week and Beata Kuryle the second week. Karyn Wirkus won the "most improved" at camp the first session and Erin Gotzhal the second. Krista Enchoo won the "Most outstanding Player Award."

Head Marillac Coach Pat O'Connell praised the ball handling of Tricia Smith, Kellie White and Cathy Bierwaltes. He mentioned that he was especially struck by the tremendous attitude the SJB players have. He stated "Some girls come to basketball camps just to play a little basketball, be with their friends and have a good time. That's OK, of course, but the SJB girls came to learn and they improved tremendously as a result." In this regard he especially singled out Colleen O'Grady, Amy Kalas, Linda Strauss, Cathy O'Grady, Kirstin Hack, Amy Surace, Janet Rzepiela, Carolyn Kauth. In addition, Mr. O'Connell

mentioned that Krista Gotzhal is very good and not afraid to play against much taller girls; Diane Kubr seemed eager to become an ambidextrous player—a skill that will make her very good soon; Eileen McAuley was extremely impressive in her quickness to learn; Cathy Bratek has outstanding potential; and Sandy Watson improved dramatically everyday.

SJB Girls outstanding at Camp

Half of SJB varsity girls' basketball team attended the Lake Forest College basketball camp. The girls received expert basketball instruction from Chicago Hustle players Janie Fincher, Rita Esterling, and Sue Digdale.

Over 40 girls from all over northern Illinois and parts of Indiana participated, yet these SJB players garnered about a third of the camp awards.

Keri Kane won a trophy for being the "best all around player." Keri also won the best "one on one" championship. Diane Mimp won the "hot shot championship." Diane and Keri made it to the finals in the "two on two" playoffs. Karyn Wirkus received a "plaque" for her "hustle" on the court.

It was noted that Lisa Michelotti, Carol Hoppe, Barb Sullivan and Noreen Sullivan improved tremendously due to the camp experience. Parents mentioned to this reporter that the girls really liked this camp experience and are eager to return again next year. They seemed quite impressed by the progress made by the girls.

Chris L. Saulka

Marine Sgt. Chris L. Saulka, son of Charles Saulka of 5251 Wright Terrace, Skokie, Ill., has returned from a deployment to the Mediterranean Sea. He is a member of Battalion Landing Team 2/6, Camp Lejeune, N.C.

Notre Dame boys lead Regina girls to basketball championship

College coaches recruit very heavily from Illinois when seeking basketball talent while almost ignoring neighboring states. The reason they give is that Illinois allows summer high school basketball leagues. The players from Illinois often have twice the amount of actual game experience.

Perhaps the most important difference in summer league rules is that the coaches of the teams cannot be teachers or coaches at the school. The purpose of this rule seems to be to allow the players to try out new ideas themselves, cut down the pressures and to just have a good time playing rather informal basketball.

In the 12 team league hosted by Resurrection High School which included Maine South and other outstanding area teams, Regina High School claimed the league championship Sunday, Aug. 2. The success of this team was in large part due to the coaching by members of Notre Dame's basketball, track and football teams. The Notre Dame boys included Jeff and Bill Pittges, Paul Marusek, John Joyce, Michael Pteraki, Dennis Culloton, Dave "Earl" Campbell, Brian and John Murphy.

These boys taught the non-varsity girls the same man-to-man "motion" offense used by the Notre Dame and Regina varsity basketball teams. They also developed a continuous fast break drill used at Notre Dame. The girls made a slow start at the beginning of the summer season but improved tremendously as they all began to learn the plays, drills and techniques. The key to

the rapid improvement was the boys actual participation in the drills and scrimmages as though they were members of the team. This increased the intensity and skill level of the drills.

This particular Regina team was comprised of about half of the Regina players, including those who live in Niles, Glenview, and the far northwestern tip of Chicago.

The other Regina players were in the Loyola League. This championship team included Maureen McVerney, Nora Maher, Dana Koppstein, Mary Kasper, Kathy Melcher, Margaret Johnston, Colleen O'Connell, Mary Jane Marusek, Marisa Kotla, Karen Lahart, Ingrid Anderson, Maureen Lynch, Eileen Jekot, Mary Pat Boyle and Kim Everett.

The latter 5 are incoming freshmen at Regina. Only one other team in the league had a contingent of new freshmen on the team. The fact that these girls played a great deal is an indication of their talent and the teaching ability of the Notre Dame boys.

The team was "co-ordinated" by St. John coach John Marusek. He related much of the success of the SJB teams I coach is the willingness of the girls to play against boys, so I really wasn't surprised by the success of the Notre Dame boys working with the Regina girls. I didn't introduce any plays etc. The girls played better than I have ever seen them play. When these girls are joined by their other teammates for the basketball season, they are going to be one of the outstanding teams in the Cook County."

Northwestern Stables wins big

Northwestern Stables riders and horses brought home top honors from the Wayne-DuPage Hunt Horse Show held July 24 through 26. This show, rated "A" by the National Horse Shows Association, was held on the grounds of the Dunham Woods Hunt Club in Wayne, Illinois.

At the show, Douglas Boyd rode Laurie Small's horse "Epris" to win the Low Working Hunter Championship. Doug took a blue ribbon in a class over fences in this division. He also showed Marie Sidel's "Platinum Performance" to win the Reserve Championship in Pre-Green Working Hunter, including a blue ribbon over fences. Up on "Miss Peach," a horse owned and trained by Frank M. Jayne, Jr. of Northwestern Stables, Doug won the challenging Warm-Up class. Barbie Hunt rode her chestnut gelding "Final Decision" to take a blue in Small Junior Working Hunter over Fences. Gail Abelson and her "Here to Please" won first place in Novice Adult Working Hunter under Saddle. And, Brecken Saha took the blue ribbon in Equitation over Fences, 11 and under, riding her chestnut pony "Tamorza."

LETTERS to EDITOR

St. Benedict's residents grateful to "Minute Men of Niles"

Dear Sir:

Public Servants are accustomed to receiving a lion's share of criticism from the public they serve, but very little gratitude. I wish to give public testimony to the efficiency, promptness, courtesy and dedication of the Niles Fire Department, as I have witnessed its performance during my twenty years as administrator of St. Benedict Home.

For reasons unknown even to experts in Fire Sprinkler Systems, St. Benedict's has had three major ruptures of pipes and sprinkler heads, and it would

have become another Noah's Ark were it not for the speedy response the Niles firemen made to our fire alarm.

These efficient and well-educated men knew exactly what to do. The safety of the aged Residents and the Staff was their primary concern. Within minutes after their arrival, they had the entire situation under control. They well deserve the title, The Minute Men of Niles.

The Residents, the Sisters and the Staff at St. Benedict's join me in expressing sincere gratitude for their presence when we

needed them most. The members of the Niles police force have shown similar dedication, efficiency and courtesy in their responses to our needs. Niles residents have reason to be grateful to the personnel in these fine departments for the security they provide to all of us.

Sincerely,
Sister Irene Sebo, OSB
Administrator

Niles auction a tremendous success

Dear Friends at the Bugle:

Our recent Auction was a tremendous success! Much of the credit goes to the weekly coverage afforded us in your newspaper. Several individuals who saw notices of the upcoming event graciously called and donated articles to us.

Thanks, also, for your generous gift of three 3-year subscriptions. There was considerable bidding on each of them and we appreciate your donating them to us.

The next event is a Nilesfest with beer, bratwurst, dancing and fun. We hope you will plan on being with us.

Sincerely,
Sandie Friedman,
Co-Chairman 1981
Youth Symphony
expresses thanks

Dear Editor:
Metropolitan Youth Symphony Orchestra wishes to express its gratitude for your newspaper's support in publicizing the orchestra's concerts.

The orchestra gives musically inclined young people from the Chicago area an opportunity to practice and develop their musical talents under professional guidance. Your past help gave the players an opportunity to show their talents in front of a larger audience—a condition much cherished by all performers—while, at the same time, providing free entertainment to more people.

Sincerely yours,
Metropolitan Youth

Little League grateful for publicity

Dear Editor:
I would like to thank Diane Miller and those involved in doing such a fine job of publishing the Niles Little League games throughout the 1981 season. I know each and every boy enjoyed reading his name on Thursdays in the "Bugle."

Thank you again for all of your cooperation, it has been a pleasure dealing with the "Bugle."

Sincerely,

Money market mutual funds MAY BE OBSOLETE!

Earn a safe 16 1/2% fixed rate with ready access — guaranteed!

Cash Builder Plan

Under \$5000 = 14%
Over \$5000 = 16 1/2%

The minimum investment is low. You can invest as little as \$2500 or as much as you like (up to just under \$100,000).

There is no high sales pressure. With the Cash Builder Plan you'll never be pressured to invest in some other commissionable security or in anything else. It's not an investment "come-on."

Free checking is available, too. To make it even easier for you — a free no-minimum-balance checking account is available to qualified depositors. And it's a Skokie Federal checking account, one of the most flexible and efficient you'll ever find.

The service is personal and helpful. You'll never feel like just another account number at Skokie Federal. Trained, helpful counselors are ready to answer your questions and provide assistance.

Skokie Federal locations are convenient and local. Your Cash Builder Plan may be opened at any Skokie Federal office (except Jewel-Venture). You won't have to risk the uncertainty of mail transactions. There's a Skokie Federal branch open six days a week during hours that are convenient to you, not to your broker.

The Cash Builder Plan is a better idea whose time has come. It offers outstanding benefits both to large and small savers and has numerous advantages over money market mutual funds.

Yields are high and stable. The yields on your Cash Builder Plan investment are high and are very competitive, but unlike money market mutual funds do not vary over the term of your investment. And that's true even if rates fall.

Your principal won't fluctuate. Your investment can never be worth less no matter what happens in the money market. You can count on the predictable value of your investment — you'll never have to worry or guess.

You'll have ready access to your funds. Cash Builder Plans are written for 89 day terms, but if your needs change you'll have instant access to all or any portion of your money. And that's with no early withdrawal penalty on principal or interest. Just a small transaction charge.

There are no fees or commissions. Unlike many mutual funds, the Cash Builder Plan has absolutely no front-end fees or broker commissions. Every penny you invest is yours — always.

Niles Senior Center holds discussion on Great Depression

The Niles Senior Center will hold an open discussion on the topic of the "Great Depression" on Friday, August 21 at 2:00 p.m. All are invited to attend this "living history project." Refreshments are provided.

This project originally began as a pilot project of the outreach group at the Niles Senior Center, Friends to the Community. Two previous discussions have been held at the Niles Senior Center, one focusing on the rationing system of the wartime 40's and one focusing on past and recent snowstorms. These have been very well received by the large numbers of persons attending each discussion. Some of the participants have shared memories, photographs, newspaper clippings, and even some home movies.

The staff at the Niles Senior Center expects another large

attendance at the August 21 discussion based on past attendance at these events. The center is located at 8060 Oakton. For more information on this program please call staff member Karen Hansen at 967-6100 ext. 76.

Craig S. Kain

Navy Ensign Craig S. Kain, son of William J. and Dorothy A. Kain of 221 McCain Court, Des Plaines, Ill., has completed the Non-Lawyer Course at the Naval Justice School, Newport, R.I. Completion of this course enables graduates to provide legal advice and basic legal assistance services, plus perform the administrative duties of a unit legal officer.

Ferraro attend Marine summer camp

Cadet Thomas E. Ferraro, III, son of Mr. & Mrs. Thomas Ferraro, Jr. of Niles, Ill., has completed a two-week summer camp adventure at the Marine Military Academy in Harlingen, Tex. During his stay at the Camp he participated in a variety of activities including marksmanship, horseback riding, physical fitness training, and swimming.

The program offered by the Academy is also heavily structured around military history, drill, first aid, and patriotism. The boys attending the summer camp are supervised by retired Marine drill instructors who are assisted by senior cadets from the regular school year.

Boys attending the two summer camp sessions at the Marine Military Academy are from throughout the United States and some foreign countries. The Marine Military Academy is the only private, military, college preparatory boarding school for boys in the 8 through 12 grade. Post high school specialized instruction is also offered. It is the only school in the

world which offers military leadership training based on the Traditions of the United States Marine Corps. The combination of fundamental academic education and Marine oriented military training is directed toward producing self-disciplined scholars who are mentally alert, physical fit, and responsible citizens.

Century III scholarships

More than 200 college scholarships, ranging from \$500 to \$10,000 each, will be awarded this fall to high school seniors across the United States in the Century III Leaders program.

Applications, which must be filed by October 16, 1981, are available through local school principal's offices. The scholarship awards will total more than \$200,000.

Sponsored by the National Association of Secondary School Principals, which represents more than 35,000 secondary school administrators, the Century III Leaders program seeks to stimulate creative thinking among those young people who will be solving the problems of tomorrow.

The scholarship selection process begins at the local high school level. There, students are judged on their leadership abilities, community involvement and awareness of current events.

Advancing to the state level, each school winner then prepares a brief projection which outlines not only a particular need of challenge America is likely to face in its third Century but also how that problem should be solved. In each state (plus the District of Columbia) two finalists are awarded \$1,500 scholarships and two alternates are given \$500 scholarships.

These 102 finalists receive all-expense-paid trips to Colonial Williamsburg, Virginia, to attend the national Century III Leaders conference. During this conference, one student is selected for the top award of a \$10,000 scholarship while nine others get \$500 each, in addition to the \$1,500 won at the state level.

All state finalists and alternates become members of the Century III Leaders Alumni Program. In addition to receiving a newsletter, alumni may apply for grants, of up to \$5,000 (beginning in their senior year of college) for post-graduate study or to support research in a public service agency. As many as six grants are awarded each year.

Funding for the Century III Leaders program is provided by Shell Oil Company, which has supported the programs since 1976 when it was called "Bicentennial Seniors."

Additional information is available by writing: Century III Leaders, Box 1262, Arlington, VA 22210.

Selection of Representative Payee by Social Security

The policy of the Social Security Administration is to appoint a representative payee for a beneficiary only when there is a clear indication that he or she is unable to manage his or her own funds, Marilyn Robertson, Social Security manager in Des Plaines, said recently.

"The Social Security Administration considers a decision to make payments to someone other than the beneficiary a serious matter," Robertson said. "We try to avoid doing so if it is at all possible. If circumstances require us to appoint a representative payee, we give preference to a wife or husband or other concerned adult relative. This is done to enhance the family relationship."

Social security payments ordinarily are made directly to an adult beneficiary unless evidence of his or her inability to manage the payments is provided the Social Security Administration.

Even children under 18 may receive benefit payments directly as long as there is no indication that the child is immature or unstable. The child can also receive direct payments if it appears that it is in his or her best interest or if the child is self-supporting and living away from home.

"While we permit a representative payee a certain amount of discretion in using a beneficiary's payments, the Social Security Administration expects the current needs of the individual to be met first," Robertson said. "The term 'current needs', however, may include the cost of personal items which aid in his or her recovery or improve his or her living conditions."

For more information about representative payees call 823-0815, the special social security teletext number for the Des Plaines area.

License Plate renewal stickers at Skokie Federal

The Secretary of State's office reports that approximately three weeks prior to the expiration of their current stickers, Illinois drivers will receive a renewal form. The pre-printed forms should be taken to the Secretary of State area offices or a servicing center like Skokie Federal, here the new stickers may be purchased. A \$1.00 service charge will be assessed in addition to the State fee.

The state fee for passenger cars, 35 horsepower or less, is \$18.00 and \$30.00 for those over 35 horsepower. No stickers may be purchased after the expiration date. Skokie residents can buy the stickers at Skokie Federal's main office, Dempster and Skokie Blvd. or at the office in downtown Skokie, Lincoln and Oakton.

Peerless tells of tax benefits

As many as 750,000 American families may have an easier time buying a home as a result of the funds that will flow into financial institutions because of the tax-exempt savings certificates authorized by Congress this week, a Northwest side area financial leader said today. Timothy P. Sheehan, President of Peerless Federal Savings, said the All Savers Act-effective October 1-"should immediately start more funds flowing into savings and loan associations. That will shortly translate into more money for mortgages."

Tom Sheehan, a member of the U.S. League of Savings Associations Legislative Committee, said passage of the new law (a part of the overall Tax Bill) resulted from a nationwide "grass roots" campaign.

"With the help of a lot of people who believe it's time savers got a real tax break, we persuaded Congress and we won" was the way Sheehan described the effort to pass the law. Under the bill, savers will be able to obtain special savings certificates that pay 70% of the yield on one-year Treasury Bills. Then they may deduct from income on their Federal Tax Returns up to \$1,000 (\$2,000 on joint returns) of the resulting interest.

Sheehan said Congressional passage of the Act "demonstrates a concern about the seeming abandonment of the housing priority by the government in recent years."

"Getting more money flowing into the housing stream, he said, "is particularly important when you consider how many people are out there trying to buy homes."

In other parts of the overall tax act, the Congress provided other aid to home buyers and home sellers, the area man noted. For example, he said, Congress voted to allow Americans to wait two years, rather than just 18 months, before investing the results of a home sale in a new house without incurring a tax obligation.

Unity offers Money Maker Plan

Unity Savings now offers a new 35-day, short term, high yield investment called the Unity Money Maker Plan.

This new plan guarantees a high rate of return for 35 days from the time the customer invests. The minimum initial investment is \$5,000 and customers are able to withdraw their principal from the Money Maker Plan before maturity without any penalty. However, interest is paid only if the principal is left for the entire 35 days.

The current interest rate for the Money Maker Plan can be obtained by calling 463-4086, the line is open 24 hours a day, seven days a week. The Money Maker Plan is issued in conjunction with U.S. government securities or U.S. government agency securities. However, this plan is not a savings account or deposit and is not insured by the Federal Savings and Loan Insurance Corporation.

Skokie Federal's high-yield investment plan

A new high-yield, fixed-rate "Cash Builder Plan", specially designed to compete with money market funds and enable smaller savers to obtain better returns, has been announced by Skokie Federal Savings.

In revealing the program, John R. O'Connell, president and board chairman, said it is also applicable to larger investors.

The "Cash Builder Plan" is neither a savings account nor savings certificate. It involves repurchase agreements, familiarly known as "Repos", with the association which permit customers to invest from \$2,500 to just under \$100,000 in a pool of securities issued by the U.S. Government or its agencies. Although not insured by the Federal Savings and Loan Insurance Corporation, the repurchase agreements are backed by U.S. Government securities set aside for the purpose. Investment and interest are also guaranteed by Skokie Federal.

The interest rate, competitive with those of money market funds, is subject to change at any time. However, the rate in effect at time of purchase is guaranteed by the association for the term specified in the agreement - up to 89 days. There are two interest rates - one for investments between \$2,500 and \$5,000 - and a higher one for investments from \$5,000 to just under \$100,000. Simple interest is paid, computed for the term of the contract at the specified rate per annum. The minimum investment is \$2,500. The plan can be renewed after 89 days and, at maturity, the entire proceeds, including interest earned, is transferred into the customer's checking or passbook account.

Ready accessibility of funds is one of the advantages of the plan, according to O'Connell. "Although the term of investment is 89 days," he said, "the amount may be redeemed at any time without interest penalty. Partial redemption will be allowed if it does not reduce the amount below the minimum required, which is \$2,500 or \$5,000."

Skokie Federal, currently celebrating its 25th anniversary, has three offices in Skokie and other branches in Barrington, Chicago, Glencoe, Kenilworth, Round Lake Beach and Woodstock.

Own your own business show
Need more money to fight inflation? Take the first step to starting your own full or part-time business at the Greater Chicago "Own Your Own Business Show", August 15, 16, and 17 at O'Hare International Howard Johnson's, 10249 W. Irving Park Rd., Schiller Park. Show hours 11 a.m. to 7 p.m. The \$3.00 admission fee includes exhibits and seminars on how to start and run a successful business.

Kindergarten round-up at Niles Elementary School

Kindergarten children and their parents are asked to attend a kindergarten roundup at 9:30 a.m., August 26, at Niles Elementary School, 8833 Touhy.

At this time the kindergarten program, bus schedules, class schedules, and pupil insurance, available if desired, will be explained in detail. Please bring all pre-registration materials, a birth certificate, and \$7 for book and workbook fees. Completed health forms are also to be brought in at this time.

Parents new to the district or parents who did not register their child for kindergarten are urged to do so any day Monday through Friday between the hours of 9:30 a.m. and 3 p.m. This will help us in planning bus schedules, and having proper furniture, equipment and supplies for your child. You may call Clarence Culver, 647-8782, for further information. Children must be five years old by December 1, 1981 to be eligible for kindergarten.

The Parent-Teacher Association will serve refreshments for the parents in the school cafeteria. Service girls will take the children on a tour of the building and playground areas. A special registration desk will be set up to enroll parents in the PTA. The administration encourages every parent to become an active member in the PTA, and to work as a partner with the teachers and administration to provide the best possible education for your children.

OCC Satellite viewing open in libraries

Two new viewing locations for Media Based Courses have been added to the Oakton Community College program for Fall 1981, according to Carole Kleinberg, coordinator of Oakton Community College's Media Based Courses program. "The Parent-Teacher Association will serve refreshments for the parents in the school cafeteria. Service girls will take the children on a tour of the building and playground areas. A special registration desk will be set up to enroll parents in the PTA. The administration encourages every parent to become an active member in the PTA, and to work as a partner with the teachers and administration to provide the best possible education for your children."

Twelve telecourses are available and cover a broad range of subjects essential to assure fulfilling degree requirements. These include courses in business, communications, humanities, mathematics and science. A social science course by Newspaper will appear in the Lerner-Life.

The Morton Grove Library will offer LIT 113, The Classic Theater, COM 101, Writing for a Reason, NSC 102, Project Universe and SOC 184, Family Portrait. Niles Library will offer BUS 101, It's Everybody's Business, COM 101, Writing for a Reason, NSC 102, Project Universe, and PSY 211, The Growing Years.

For further information on courses offered at other viewing centers and to register, call 635-1970.

Although Media Based Courses are offered in a non-traditional manner to allow accessibility to college courses by students who otherwise would be unable to attend, course content is the same as in regularly scheduled sections.

Indistrict tuition is \$12 per semester credit hour. Out of district applicants may inquire about fees and possible charge-back arrangements.

Barbershop Harmony Festival

Shown above are 1. to r. Charles Kessler, (7719 E. Prairie, Skokie); Char Zimmer, (3839 Lauren Ln., Niles); Gloria Hoffman, North Shore Harmonizers Barbershop Chorus' President, (Winnetka) and Walter Bohdan, (4017 Brummel, Skokie).

The public is invited to the Free 29th Annual Barbershop Harmony Festival which draws over five thousand people to the Wilmette Park District's Starlight Theatre. It will be held on Thursday, August 20, beginning promptly at 8:00 p.m. in the beautiful Wallace Bowl, on the lakefront in Gillson Park in Wilmette. There is no rain date this year.

The show will feature two men's quartets—the Tin Pan Allies and Chord Chums, plus the women's quartet Stargazers, runners-up from the Illinois, Indiana and Michigan District. Also featured will be the Lakelanders Men's Chorus from the Lake County Chapter of S.P.E.S.Q.S.A. (The Society for the Preservation and Encouragement of Barbershop Quartet Singing in America).

Host chorus and founders of this festival is the Women's North Shore Harmonizers Chorus, affiliated with the Wilmette Park District. They will be directed by Dick Gallagher, and Master of Ceremonies will be Ray Henders of Roselle, Illinois.

All Starlight Theater programs are free and supported in part by the First Federal Savings of Wilmette and a grant by the Illinois Arts Council.

Easy directions: Take Sheridan Road to Lake Ave., or Edens Expressway to Lake Ave. East exit. Proceed East to the end. Allow ample time for the free parking on the Wilmette Beach lot. To sit closer to the scenic stage, bring a deck chair or blanket.

Old Orchard classic car show

The era of classic cars will be recalled at Old Orchard on Sunday, August 16 between 11 a.m. and 5 p.m. Members of the Greater Illinois Region of Classic Car Club of America will bring forth a magnificent collection of outstanding cars for everyone's viewing pleasure.

These distinctive motor cars manufactured between 1925 and 1948, having been restored and preserved, come under the category of classics. Among these are: Duesenberg, Rolls Royce, Cadillac, Lincoln, Packard, Pierce Arrow and Reo Royale.

Lee Gurvey of Wilmette, a member of the Illinois Region Club, will once again coordinate this show as chairman for the third consecutive year.

Enjoy these outstanding cars on the malls of Old Orchard Center, Sunday, August 16 from 11 a.m. to 5 p.m. Listen to a musical program presented by the Tin Pan Allies, a versatile Barbershop Quartet. Old Orchard Center is located at Skokie Boulevard and Golf Rd., Skokie, Ill. Exit Edens Expressway at Old Orchard Rd.

Men's Garden Club Show

One of the largest and most stunning displays of flowers will be assembled at the Chicago Botanic Garden for the 41st Annual Flower and Garden Show sponsored by the Men's Garden Club of the North Shore. Plant entries will be judged Saturday morning and open for public viewing Saturday from 2:00 to 6:00 p.m. and Sunday 9:00 a.m. to 6:00 p.m. on August 22 and 23.

The public is invited to bring unlimited plant specimens for judging and display in the Botanic Garden Education Center. There is a class for almost anything growing in your home or garden, such as flowers, vegetables, fruits, annuals, perennials, bulbs, potted plants, hanging baskets and artistic arrangements. Entries must be received Friday evening or early Saturday morning, August 21 and 22 to qualify for exhibition and judging.

Admission to the 300 acre Botanic Garden grounds, greenhouses and Men's Garden Club Show is free. In addition, tours of specific garden locations are offered to the public Saturday and Sunday afternoons at no charge. The Botanic Garden, located on Lake-Cook Rd., east of Edens Highway, is open daily to the public. Call 835-5440 for further information.

Film Festival

The Lincolnwood Library, 4000 West Pratt Ave., continues its summer "Heroes and Villains Film Festival" at 7 p.m. on Thursday, Aug. 20 with the showing of "Comancheros" starring John Wayne.

The feature-length film, sure to entertain all of the Duke's many fans, will be shown in the library's Carl Roehr Room.

MILWAUKEE & OAKTON NILES

Niles scouts enjoy Jamboree outing

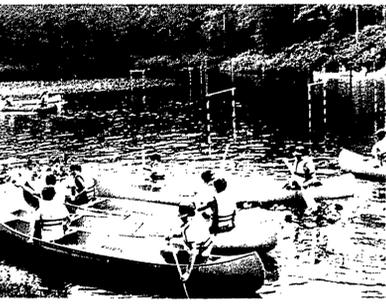

Fort A.P. Hill, Va. Jamboree contingent Troop 694 recently enjoyed six days of activities including canoe slalom, electronic pathfinding and rafting. After a 24 hour train ride, the scouts enjoyed a tour of Washington, D.C. and a restful evening in a motel.

Niles residents are among the 34 people making up the troop. The top troop positions, Senior Patrol Leader and Assistant Senior Patrol Leader are held by Bob Piontek and Bill Majewski respectively. As Chaplain's Aides are Tom Beierwaltes and

Mike Beftink. Mark Sergot and Brian Kelley are also Niles residents. All of these boys have the same non-jamboree troop, Troop 175. One of the adults, Hank Piontek, another Niles resident, serves both Assistant Scoutmaster and troop Quartermaster.

The activities the troop will participate in are events like tug-of-war, volleyball, flagpole-raising, compass courses, rafting, canoe slaloms, rowing, shows, and almost anything else you can think of.

A game that every troop plays is the campwide game in which the scouts trade 18 identical subcamp cards until they have a card from each subcamp, making a total of 18 different cards. The scouts that get the set receive a special patch segment with the theme "Scouting's reunion with history" inscribed upon it. So far, the only Niles residents to complete the set are Mike Beftink and Tom Beierwaltes. This trading makes you meet new friends and gain confidence in yourself.

ED HANSON

S-T-R-E-S-S

Methinks, the Air Controllers overstress, the S-T-R-E-S-S factor, in their jobs and protesteth too much.

Methinks, it's much todo about nothing, basically union inspired, so the top fat cats can draw big salary bucks and create a pension fund, from which certain of their "associates" (I use this term advisedly) can later borrow huge sums of money for their restaurants, linen services, liquor distributing, auto agencies, porno movie houses and other enterprises, which in some strange way, wind up in the coffers of organized crime.

Talking about S-T-R-E-S-S... how about a cop with the bomb and arson squad. These guys have a little stress in their jobs.

Defusing a bomb, with some of the most powerful plastic explosives known only to a demolition expert, with timers attached, and recently the remote job which can be detonated just about anywhere the mad bomber wants, I'm sure, could be a little nerve racking. Frequently, these guys with the bomb and arson squad have to hand-carry a "live" bomb, and even that very sensitive thing known as "nitro" to a place of safety to protect the citizenry from being blown to bits. How much money a year do these brave souls make? About half of an Air Controller and, they work much longer hours too.

If the Air Controller makes a mistake, it is very serious; and they do have lots of stress in their jobs to see that this doesn't happen. But if it does, the Air Controller, winds up alive and well in his ivy tower. But, the bomb squad cop, if he makes a mistake, only a huge blotter can absorb whatever pieces of him are left.

Or, how about the lowly patrolman who, in the dark and eerie night, has to overtake and stop a car full of tough looking characters who've run a red light? Or this same cop, who has to answer a call of "burglary in progress", or break up a fight among a bunch of hopped up, drunk punks. This guy must have a little "s-t-r-e-s-s" in his job", I assume.

And how about the fireman, (who is always a hero because he doesn't give out tickets) who rushes into a burning building to rescue trapped persons. Does he worry about the roof caving in or the stairway crumbling? Of course he does. He wouldn't be human if he wasn't afraid. But, he does his job, despite his fears, and probably saying a silent prayer every time he does it.

How about the Steeple Jack, (many of whom are American Indians) who perform their

simple chores forty feet above street level. They have to walk like a cat or a goat, on an eight inch beam often 30 to 60 floors above street level and unlike the daring young man on the flying trapeze, they don't have a net below. If he misses, there's just hard concrete below and spectators.

Or how about the professional prostitute, (who does represent the oldest profession with no union or no police protection, unless one of 'em is her pimp), does she have stress in her job? Yes, because the middle aged, bespeckled, harmless appearing business man type might be a masochist (or sadistic weirdo) that would put to shame even the infamous Marquis DeSade, (the man who gave us the word sadism) and he might make love to her with the seven kinds of a penis made by God. So, I believe this poor soul of the evening does have some stress in he, job, too.

In fact, I can't think of any job that doesn't have S-T-R-E-S-S in it. Even working for the BUGLE newspaper has a certain form of stress but it's in the realm of the paranormal, or supernatural.

If you don't believe there is life after death, visit the back room of The Bugle at 5 p.m. on Fridays.

The Tower Garden Wine Society

Reinhard Barthel, Managing Partner of the Tower Garden and Restaurant, 9225 Gross Point Rd., Skokie, has announced an innovative twist to the usual proceedings of his highly popular Tower Garden Wine Society. On Wednesday, Aug. 19, the Society will host a tasting of at least 20 beers. The tasting, weather permitting, will be held in the charming garden of the restaurant. Culinary accompaniments to the tasting will include a whole roast suckling pig and a wide range of imaginative hors d'oeuvres. Non-members of the Tower Garden Wine Society may attend. The cost per person is \$20.

"The Mikado" to be performed by the Savoy-Aires

Gilbert & Sullivan's most popular opera, "The Mikado, or The Town of Titipu," will be performed by the Savoy-Aires, August 20, 21, 22 at 8 p.m., and Sunday, August 23 at 2 p.m. All performances will be at Centrestre Auditorium, 7701 Lincoln Ave., Skokie.

Frank Miller, long-time Skokie resident and co-founder of the Savoy-Aires, again conducts the Evanston Symphony Orchestra for "The Mikado." Frank is the principal cellist of the Chicago Symphony Orchestra and musical director of the Savoy-Aires. Late in 1964 he expressed an interest in forming a local Gilbert & Sullivan company on the North Shore. With the help of Lillian Circle, a Wilmette resident and co-founder and producer of many shows, he succeeded. During the past 17 years, the Savoy-Aires have performed all 14 of Gilbert and Sullivan's operas.

This year's selection "The Mikado" was last performed by the Savoy-Aires 10 years ago. "The Mikado" is considered the most popular of Gilbert & Sullivan's efforts, first being performed in 1885. When taken to the U.S., "The Mikado" produced a

form of mania: it was not considered proper to take a young lady to see the opera without sending her a Japanese curio, a souvenir of the evening, to be placed in her Mikado room. One New York gentleman is rumored to have had a Mikado Room costing at least \$150,000.

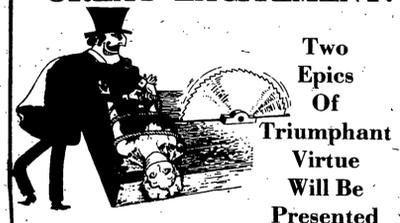

Phil Kraus makes his stage debut with the Savoy-Aires as the Mikado. Phil just recently became a Skokie resident. He has directed three productions for the Savoy-Aires and is the founder of "Light Opera Works" which will have its first performance in September.

Stage director for "The Mikado" is Hub Owen, directing his sixth production for Savoy-Aires. Lillian Circle, co-founder, returns as producer. Al Wehlitz is the Technical Director, and Gloria Bayell was the rehearsal pianist. Tickets for "The Mikado" are \$5.50 and \$5.00 and can be ordered by calling 674-7675. Special arrangements, free to senior citizens, can be made for Wednesday evening, August 19. Mail ticket requests to Eugene Propp, Suite 2109, 100 North LaSalle St., Chicago, IL 60602.

Woodcarving exhibit at Skokie library

Leo Rabin, Skokie, an 84-year-old retired auto mechanic and self-taught woodcarver, has an exhibit of seven of his woodcarvings on view in the lobby display case of the Skokie Public Library from August 1-30. Rabin began to carve after he retired in 1964 from managing his own auto repair business in Chicago in the Central Park Avenue and Foster St. neighborhood. His daughter, a teacher in Morton Grove, encouraged him in his hobby. When Rabin had a small collection of carvings completed, he took them to the Albany Park Branch of the Chicago Public Library where he was invited to exhibit his work. Rabin, and Lottie, his wife of 64 years, moved to Skokie from Chicago four years ago. Rabin's carvings are unpainted totems and rectangular plaques depicting people, animals, and landscapes.

Buffalo Grove flea market

"Buffalo Grove Days" will feature a giant Flea Market to be held in the parking lot of the Park District Building on Raupp Boulevard on Saturday and Sunday, September 5 and 6. The Flea Market, along with other events such as a parade and art show, will draw thousands of happy Buffalo Grove residents and friends.

John Pinella and Kathy Swan, together with the "Buffalo Grove Days" committee are urging everyone to begin making plans now to participate in this major fund-raising effort. "Clean out your garage or basement, gather up the still usable, but no longer needed items, load up the family car and sell them at the Buffalo Grove Days Flea Market," they said. "You keep all the money you make." Selling spaces that are large enough to accommodate your car and set up your tables behind it will cost only \$10.00 per space per day. Visitors' admission will be 75c.

Anyone wishing to reserve a selling space for this exciting event may do so by phoning 774-3900.

Free travelog at Skokie Federal

Door County, the New England of the Midwest, is the destination in a free travelog sponsored by Skokie Federal Savings Senior Saver Club. The one hour presentation will be held at 7 p.m. on Monday, Aug. 17 at Skokie Federal's downtown Skokie office, Lincoln and Oakton.

The travelog illustrates a 3-day Door County tour being sponsored by Skokie Federal and Discovery Travel. Included will be scenes of Lake Winnebago's western shore, Kettle Moraine Forest and the Old Wade House, a restored 1800's stagecoach inn.

Everyone is invited to attend the free travelog. There will also be an opportunity to register for the tour. Refreshments will be served and door prizes raffled. Although there is no admission charge, seating is limited. For reservations call Janet Williams at 674-3600.

Volunteers needed for Jerry Lewis telethon

The Muscular Dystrophy Association (MDA) needs volunteers to help with the Jerry Lewis Labor Day Telethon in the Chicago area. The 2 1/2 hour television benefit will begin at 8 p.m. Sunday, September 6 on WGN-TV (Channel 9).

Volunteers are needed to answer pledge phones, tabulate pledges and other tasks important to the success of the telethon. Jerry Lewis, MDA's national chairman, will again host the event, which will originate from Del Webb's Hotel Sahara in Las Vegas. Now in its 16th year, the marathon will be seen live on a nationwide "Love Network" of more than 200 stations, including outlets in Hawaii, Alaska, and Puerto Rico.

Last year's telethon raised more than \$2 million in pledges toward the fight against muscular dystrophy and related neuromuscular disorders. "We're going to top that record figure this year," says Lewis, "because people of all ages support us in this fight and give

whatever they can to help 'my kids.'"

Those interested in volunteering for the telethon should call 965-8900.

Barbershop singers seek members

Botanic Garden Tram rides

An evening ride around the 300 acre Chicago botanic garden site in Glencoe will be offered at 7:00 p.m. on two consecutive Saturdays, August 22 and August 23. Because twilight is a time that can enhance the scenic beauty and tranquility of the different garden settings, visitors have requested this evening extension of the popular narrated tram tours.

Tram tickets cost \$1.50 for adults, \$.75 for children, seniors and members; and may be purchased at the Education Center information desk.

Let the tram introduce you to the peaceful landscaped hillsides and lagoons, the Japanese island gardens, tall prairie grasses, and the nature trail forest community at twilight time. Admission to the garden grounds is free and open daily until 8:00 p.m. during the summer months for evening visitors. Call the Botanic Garden, located on Lake-Cook Road, east of Edens Highway, for further information, 635-5440.

Saturday film connection at Niles Library

Film lovers, the Niles Library has your number! Four short films for school-age children will be shown from 2-3 this Saturday, August 15, at the Niles Public Library, 6960 Oakton. Kick Me is the animated story of a pair of legs which kick everything in sight. Five-year-old Rufus Moffat gets a library card in Rufus M. Try Again. A pet snake takes us on an unusual tour of the library in A Boy and a Boa. Soup rivals with the toughest girl in the class during his campaign in Soup for President.

This program is free, and no registration is required, but children under 6 must be accompanied by an adult. Persons residing outside the Niles Public Library District are welcome to attend if space permits. For more information, call the Children's Department at 967-6554.

Teleprompter - In the Public Interest

Skokie deserves its own cable television system.

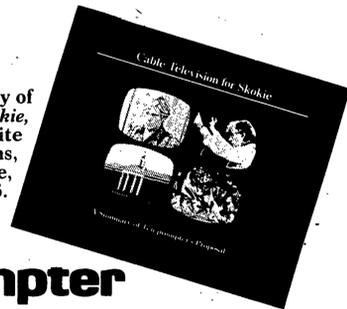

Teleprompter has proposed a completely "stand-alone" cable system for Skokie. That means that all cable facilities will be for the exclusive use of Village residents and institutions. The construction and operation of your system will not be dependent on the cable needs of any other communities or municipal consortiums.

There are a number of reasons why an independent system is advisable for Skokie. Here are a few:

- The headend, the central transmission point of the system, will be located in Skokie, thus insuring optimum reception for all resident viewers.
• Three access studios, a fully equipped mobile production van and Skokie's production staff will be located in Skokie for the exclusive use of Skokie residents.
• Skokie's unique resources, such as Centre East, the Skokie Public Library and many volunteer organizations, will be able to play a more prominent role in developing local programming.

Teleprompter has submitted a proposal to become Skokie's cable company. If you would like to know more about the stand-alone system we have planned for the Village, please request our free booklet Cable Television for Skokie. In it, you'll find results of our survey of Village residents and you'll see how their suggestions helped Teleprompter design an independent, state-of-the-art system especially for your community and its people.

For your free copy of Cable Television for Skokie, call 673-9036. Or write Teleprompter Cable Communications, Suite 29, 9701 N. Kenton, Skokie, Illinois 60076.

Fishing close to home style

Busse Lake, located in the Cook County Forest Preserves, near Higgins and Arlington Heights Rds., provides an ideal fishing spot for two good buddies, United Airlines security guard Tom Lemke and his two year old son Tommy Jr. of Hoffman Estates.

Promises of sharing all but disappeared when early yesterday morning, Tommy Jr. got the big bite he had been waiting for. The 3/4 pound bullhead was all Tommy needed to make him a full fledged angler. The smiling and proud father said, "I realize now that I am not the only angler in the family and

my mornings of solitude on Busse Lake are gone forever." Lemke added, "Sitting on the banks of a beautiful lake and lazing in a rowboat can be one of the most relaxing things a family can do together and after an initial investment it isn't very expensive.

By noon Lemke was packing his gear and on his way to work feeling pretty good with a morning catch of 5 bluegills, 3 bass and 5 bullheads.

The 590 acre lake is the largest of the 33 other fishing lakes in the Forest Preserve District and provides excellent habitat for a wide variety of fish and a natural setting for many other forms of wildlife.

Busse Lake offers the rental of rowboats, canoes and sailboats at reasonable prices.

Picnic groves and bicycle trails in Busse Woods are considered some of the best by outdoor enthusiasts.

The Forest Preserve District has maps and a guide to all the lakes under its jurisdiction and copies can be obtained free by calling 261-8400. Contour maps are also available which show the depths of each lake and are helpful in finding the "big ones."

Along with your fishing pole, all you will need is an Illinois fishing license to enjoy a day of close to home angling. Most all the lakes have bass, pike, bluegills, crappies and bullheads.

Kenney offers windows at big savings

By Ed Hanson

Bill Kenney, owner of KENNEY ALUMINUM PRODUCTS, 7570 N. Milwaukee is offering up to 40% savings on most of his products (see his ad on Page 12 in this issue).

But there's more, much more... for example Bill is also offering, for a limited time insulated replacement windows. These are available in all vinyl-all aluminum. AND GET THIS: YOU ARE ENTITLED TO A 15% deduction off your income tax as well as the big savings on these windows, and also storm doors, storm windows, awnings, etc.

We are approaching fall, which means old man winter will soon be blowing his icy breath against the windows you now have on your home. Are your windows loose, do they rattle? If they do, you'll be heating the outside this winter. Prevent heat loss, which in turn will cut your heating bill way down, whether you use gas or oil. Both of these products are going to be more costly this winter than last because what in this country ever comes down?

Bill Kenney, who I knew in the Navy in World War II, is as square as a die, and I know from the many unsolicited testimonial letters we have received over the years about him, that his word is his bond. And, back in the war days of World War II, Bill was a sort of James Bond himself being with the O.S.S. (later it became the CIA) so, call him at 792-3700 or better still, drop into his large showroom on the corner at 7570 N. Milwaukee Ave. Over and out—10-4...

House Cocktails only \$1.00 at Arvey's

By Ed Hanson

Hanson's my name - trouble's my game. Seems there was some trouble and confusion about HOUSE COCKTAILS at ARVEY'S beautiful all-new restaurant, bar and cocktail lounge. HOUSE COCKTAILS mean this: bar whiskey or whatever is used in their preparation.

If you ask for V.O. Jack Daniels, or Crown Royal, these brands cost more because they cost ARVEY'S more-it's as simple as that! ARVEY does use the finest bar

whiskey, gin or whatever in the preparation of their HOUSE COCKTAILS—these are sold for only ONE BUCK.

I hope this clears up the confusion and although I ONLY use whiskey for medicinal and creative purposes, the mailmen, fire department & police department can buy me a drink when they see my smiling, handsome face in ARVEY'S...they owe me one for getting George & Tommy Arvey to sell their booze so cheap. 10-4...30

Victoria Station: entree named for Lady Diana Spencer

This only proper for Victoria Station, the American restaurant chain famous for its British Railway theme, to lead Americans in honoring Lady Diana Spencer, soon to be the newest member of the reigning British Royal Family.

Practically simultaneous with Lady Diana's July 29 wedding to Prince Charles, Victoria Station introduces a new, expanded dinner menu featuring Shrimp Diana, named for the future royal bride.

Shrimp baked with wine, cheese and garlic and served atop a bed of rice pilaf is a dinner fit for a royal jewel, however, to afford Shrimp Diana, priced at a mere \$10.95.

Like all Victoria Station en-

treees, Shrimp Diana is offered complete with a basket of freshly baked bread and unlimited trips to Victoria Station's famous salad bar (or a hearty helping of the soup of the day).

All Victoria Station restaurants, since the first one opened in 1969, are decorated with or built around authentic railroad artifacts, including many from the British Railway system and London's original Victoria Station.

Shrimp Diana makes its debut among a variety of first-time entrees on Victoria Station's brand new menu. Featured at all but three of the 92 Victoria Station restaurants located in or near major cities across the country and Canada, the recipe for Shrimp Diana is available for publication upon request.

Camping trip for handicapped adults

The Maine-Niles Association of Special Recreation (M-NASR) is offering a 5 day, 4 night camping trip for physically limited adults, ages 18 and over. Activities such as archery, horseback riding, sports-games, campfires, swimming, a boat ride & crafts will be a part of the agenda. The camp will be held August 25 through August 29 at Camp Wawbeek in Wisconsin, located just outside Wisconsin Dells.

Facilities and activities are accessible and adaptable to meet individual needs. Camp Wawbeek is an Easter Seal campsite with over 400 acres of woodland. The sleeping area is dormitory style with completely accessible bathrooms, plenty of closet area and lounge area for those night owls, complete with free coffee, cards, books and games. The archery range is equipped with lite weight bows, heated pool includes a ramp, and

there is a special ramp for horseback riding that is at horse height for easy transfer. The boat ride is a 1 1/2 hour guided tour down the Wisconsin River with its famous rock formations. Then, after such a busy schedule, campers may enjoy outdoor camping, cooking and of the local entertainment to finish off the day.

The cost of Camp Wawbeek is \$65.00 which includes all of the afore mentioned plans, meals, transportation, housing and staff. While M-NASR serves all special populations living in Grafton, Des Plaines, Park Ridge, Lincolnwood, Skokie, Morton Grove and Niles, this big event is cooperatively planned with Fox Valley Special Recreation Association, and is open to all physically limited adults 18 and over. For more information call 986-5522.

District 207 public hearings on budget and tax levy

On Tuesday, Sept. 8, 1981 the Board of Education of Maine Township High School District 207 will hold public hearings on the tentative 1981-82 budget for the school district and a proposed increase in the 1981 tax levy for District 207.

The two hearings will be held in the Ralph Frost Administration Center, 1131 S. Dee Road, Park Ridge, with the tax levy increase hearing beginning at 7:45 p.m. and the budget hearing following at 8 p.m. The regular September meeting of the Board will take place at the conclusion of the hearings.

Copies of the tentative 1981-82 budget are on display in the lobby of the Administration Center and at public libraries throughout Maine Township. Because the Park Ridge Public Library is closed until Sept. 1, a copy is available at Park Ridge City Hall.

On Aug. 17, the Finance Committee of the Board of

Education will be meeting to review the details of the proposed budget prior to the public hearing on Sept. 8. The public is invited to the Aug. 17 meeting, which will begin at 8 p.m. in the Frost Center.

In commenting on the tentative budget, Donald Kenney, Assistant Superintendent-Business, District 207, noted, in the Educational Fund, revenues (\$28,397,850) and expenditures (\$28,560,100) are nearly balanced.

"The budget shows us spending \$162,250 more than we collect in the Educational Fund, which represents approximately three-quarters of the total school district budget of \$38 million," Kenney said. "And," he added, "our expenditures in the Fund could be reduced by as much as \$100,000 as a result of our transferring equipment and supplies from Maine North to other Maine schools. Maine

North officially closes on Aug. 15."

Kenney noted that expenditures in the proposed 1981-82 Educational Fund budget are up only slightly, 3.8%, over last year's figure of \$27,510,890.

"This is possible only because the new budget reflects the closing of Maine North as well as declining enrollment. A number of positions of all levels - administrative, teaching, office, cafeteria, and custodial - are significantly reduced in the new budget," he said.

But Kenney wants the public to understand that a balanced budget in 1981-82 does not mean that the financial forecast for the school district has improved since the Board of Education sought a tax increase in a referendum last April.

"With the defeat of the referendum we are still projecting a multi-million dollar deficit in the Educational Fund by 1985, unless additional revenues are found or unless the school district's quality

education program is drastically cut," he asserted.

Kenney commented that it is because of the district's need for additional funds that the Board of Education is proposing a very realistic 1981 tax levy for the school district.

He explained: "A school board makes a tax levy to meet the District's anticipated financial needs in the next school year. We have a new law which says that all taxing bodies must estimate what their new tax levy will be and must hold a public hearing on the proposed levy if the increase is going to be more than 5% over the 1981 levy."

"At its August meeting the Maine Board of Education unanimously adopted an estimated increase in the 1981 tax levy not to exceed 12.1%. But this does not mean that everyone's tax bill will go up 12.1% because the County Clerk can only extend the levy at maximum allowable rates and the district's two major funds, educa-

tional and operations, building and maintenance, are at their maximum rates now.

"What the Board has done by its action is simply see to it that the district receives the full \$1.63 allowed in the educational fund and the full 30 cents for the operations, building and maintenance fund per \$100 assessed valuation of property.

"Making sure that the district receives the maximum under these funds is absolutely necessary since the referendum was defeated." "Even with the 12.1% increase in the levy, it is anticipated that the total District 207 tax rate will either remain the same or continue to drop as it has in recent years because of declining bond payments and because the two major funds are at maximum rate." Looking ahead to the two public hearings, Kenney commented: "We hope all interested parties will attend the public hearings on Sept. 8."

Registration dates set for Gemini Junior High

East Maine School District 63's Gemini Junior High School in Niles has announced its registration dates.

Registration will take place on Tuesday and Wednesday, August 18 and 19. Eighth graders will register on Tuesday, August 18 and seventh graders will register on Wednesday, August 19.

Parents of students attending Niles Elementary School are asked to pre-register their children August 26 at the respective schools, between the hours of 9:30 a.m. and 3 p.m. All fees will be paid at this time, and students of the North School will receive individual schedules.

Parents of children, who are new to the district are urged to register their children before the opening day of school, from 9:30 a.m. to 3 p.m. Students entering kindergarten through fifth grades will register at Niles Elementary South, 6935 Touhy Ave., and grades 6-7-8 will register at Niles Elementary North, 6921 Oakton St.

All students entering fifth grade, and all students new to the district must present completed physical examination forms to the nurse in order to be enrolled.

South School fees: (Grades 1-5) Books cost \$15. Kindergarten fee is \$7. North School fees: (Grades 6-7-8) Books fees are \$15. Lock fee (\$

gr. or new students) is \$3. Industrial Arts fee is \$1.50. Art fee is \$1. Economics fee is \$1.50. Art fee is \$1. Towel fee is \$4 (Towel fee includes a fresh towel for each physical education activity.)

Children need to bring notebook paper and a pencil. Teachers will send home a list of necessary school supplies. A First Day Letter will be sent home with each student. The purpose of this bulletin is to acquaint the children and parents with the governing policies of the school.

Lunch will be served in the cafeteria at both schools the first day. The price for the hot lunch will be \$1.00. A half-pint carton of milk is included with each hot lunch. Extra milk may be purchased for 15 cents per carton. The government does not reimburse the schools for commodities, milk, or for the Type A meal. Students will have to pay for our lunches per cost. The same quality of lunch Type A will be served to all students.

Former Oakton student wins honors

Traci Ellen Sheldon, of Des Plaines, a former Oakton Community College student, recently graduated from Western Illinois University. Macomb, with honors, Bruce H. Carpenter, Western Illinois University provost and academic vice president, announced this week.

Ms. Sheldon received a bachelor's degree after majoring in Law Enforcement Administration.

In 1979 Ms. Sheldon earned an Oakton associate in applied science degree in Law Enforcement.

Playing as teammates were: Julie Gerken-Chicago, Ill.; Stephen P. Donahue-Wilmette, Ill.; Joel B. Kurtzman-Glencoe, Ill.

See expanded Northwest Suburban CEDA services

A July 10, 1981 decision by the United States Department of Health and Human Services (HHS) upheld the Community and Economic Development (CEDA) decision to deny funds to the Northwest Opportunity Center (NOC) as a delegate agency. HHS stated, "NOC's application was deficient in that it sought refunding as a delegate agency status not recognized by the grantee agency (CEDA) rather than as an affiliate."

Ending the year-long dispute, CEDA Board President, Thomas S. Fuller said, "As a result of definitive rulings by the U.S. Department of Health and Human Services and Community Services Administration, CEDA can once again focus attention on the delivery of vital services in this area." "The efforts by CEDA to maintain services in this area during this dispute was successful, but could have been better if it had not been for the self-interest actions of some NOC staff members."

Fuller noted that throughout the year long dispute, CEDA's position to deny NOC funding had been upheld at every appeals level. "From the regional CSA office in Chicago to the Department headquarters in Washington, NOC has been told their position was in error."

Fuller said that CEDA plans to offer expanded services to the residents of northwest suburban Cook County including senior citizen meal sites, Head Start programs, and low income energy assistance programs. CEDA has already formed an advisory council composed of area residents to develop programs for the low income residents of northwest suburban Cook County.

CEDA is a private, non-profit social service organization that provides human services to 75,000 low income suburban Cook County residents. Through its eight community centers, CEDA offers programming in senior citizens services, housing and energy assistance, day care, employment and nutrition.

12" Softball champs

Shown above are the Niles Park District's girls 13-15 yr. old traveling 12" Softball All-Stars. Front row (l-r) Laura (Ziggy) Zingarelli, Barb Wilgen, Gerilyn Bertucci, Laurie Linhart & Julie Notaro. Back Row: Head Coach Jay Russ, Maria LaVelle, Sheryl Pierski, Carol Useimann, Joan Wallenberg, Deanne Zych, Diane Mimp & Larissa Wynnychenko. Not present: Janet Pulsis, Donna Ziebell and Assistant Coach, Niles Park Commissioner Jim Pierski.

They competed in the North Suburban Girl's Softball League (13-15 yrs.), South Division. The league consists of 14 Suburban Park District teams from all over this area. This year's Niles team came in first place in the South Division, with an outstanding 11-1

record. The remarkable thing about this year's team is they do not have one 15 year old girl on their team, meaning the entire team will be coming back next year! The team also came in 7 place out of nearly 30 teams in this year's A.S.A. Metro State Tournament. They also did well at tournaments at Skokie and Annandale Park.

The teams head coach was the Athletic and Center Director of the Park District, Jay Russ, who was assisted by Park Commissioner Jim Pierski. Leading hitters for this year's team were Gerilyn Bertucci, Deanne Zych and Larissa Wynnychenko, with Barb Wilgen doing an outstanding job pitching. Congratulations, girls, for an outstanding year!

Floor Hockey Tournament

The Niles Park District is sponsoring a Mid West Open Floor Hockey Tournament on August 15 and 16. It will be held at the Sports Complex, 8435 Ballard Rd. in Niles. This competition is open for spectator viewing. The admission price is .50¢ per person, children 12 yrs. and under are admitted free. Don't miss this chance to witness a new and fast paced sport! Call 297-8011 for information.

Park District hosts water ballet show

Don't forget the annual water ballet show, presented by the Niles Park District Aqua Angels. The show will be held tonight, August 13 at 7:00 p.m. at the Rec. Center Pool, 7877 Milwaukee Ave. For the nominal fee of .25¢ per person, you can witness the Aqua Angels perform numerous beautiful and graceful formations to your favorite show tunes. "The King and I", "South Pacific", "Gigi", "Hair", "Fame", "Music Man", "Annie", "My Fair Lady" and "Camelot" are only a few of the shows that will be highlighted in the water ballet presentation. A spectacular evening awaits the entire family!

Free outdoor movie at Sports Complex

The next movie that the Niles Park District will show, is "101 Dalmatians", Walt Disney's ever-popular, laughter and canine courage. Join us for this film on August 14 at the Sports Complex, 8435 Ballard Rd. Show time is at 8:00 p.m. or darkness and viewers are encouraged to bring blankets and/or chairs.

Cragin Federal to pre-sign Certificates

The All Savers certificate, part of President Reagan's tax plan, will allow citizens to earn tax-exempt interest on savings beginning Oct. 1, 1981. Until then, Cragin Federal is offering a high-interest, short term program called the Cragin Federal Automatic Transfer plan whereby savers may earn 16.50 percent interest until Oct. 1 and then have their funds automatically transferred to the tax free account.

The program will help savers avoid the Oct. 1 rush to the tax exempt savings certificates, while providing the highest possible interest in the meantime. On Oct. 1, monies in the Automatic Transfer plan will automatically be placed in an All Savers certificate to begin earning tax free interest for one full year. The minimum deposit is \$500. The 16.50 percent rate will be earned in a Cragin Short-Term Note, a high-yield investment backed by government securities, introduced earlier this year. Customers also have the option of depositing their money into a special passbook savings account. The All Savers tax exempt savings certificate is expected to ease the plight of the home buyer because of more funds flowing into savings institutions. "That will shortly translate into more money for mortgages," explained Adam A. Jahns, president of Cragin Federal Savings and Loan Association.

Jahns, a member of the U.S. League of Savings Associations Legislative Committee, said passage of the new law (a part of the overall Tax Bill) resulted from a nationwide "grass roots" campaign. Jahns made two special trips to Washington, D.C. earlier this summer to help lobby for passage of the tax exempt certificate.

"With the help of a lot of people who believe it's time savers got a real tax break, we persuaded Congress, and we won," was the way Jahns described the effort to pass the law. Under the bill, savers will be able to obtain special savings certificates that pay 70 percent of the yield on one-year Treasury Bills. Then they may deduct from income on their federal tax returns up to \$1,000 (\$2,000 on joint returns) of the resulting interest.

Jahns said Congressional passage of the Act "demonstrates a concern about the seeming abandonment of the housing priority by the government in recent years."

"Getting more money flowing into the housing stream," he said, "is particularly important when you consider how many people are out there trying to buy homes." Jahns noted that in this decade 42 million Americans will reach the key home buying age of 30 years—10 million more than during the 1970's.

In other parts of the overall tax act, the Congress provided other aid to home buyers and home sellers, according to Jahns. For example, Congress voted to allow Americans to wait two years rather than just 18 months before investing the results of a home sale in a new house without incurring a tax obligation.

PUBLIC HEARING

In compliance with Public Act 82-102 the Village of Niles will hold a public hearing on the proposed tax levy ordinance on Wednesday, August 19, 1981 at 7:00 p.m. in the Council Chambers, 7200 Milwaukee Avenue, Niles, Illinois.

ded such talents as Pablo Casals, Segovia, Arthur Rubinstein, Verdi, Einstein, Edison and Da Vinci when they arrived at sixty-five. One of the most glorious examples is none other than the artistic lady we Americans are all proud of: Grandma Moses, who in her seventies, discovered she had a flair for painting and in her nineties enjoyed the distinct honor of having one of her paintings selected by the White House where it still hangs today.

On and on goes the list of some of the greatest minds who worked through their Golden Age. To cite a beautiful case that comes to mind of an individual who, at the age of one hundred and five years old, is still working as a bagger at a check out counter in one of our local food markets. He asked, "Why is sixty-five called old?" For that matter you could call forty-five old or eighty-five years as still young? It's only a matter of attitude. Yes that is the magic word...Attitude.

For some, sixty-five is the proper age to retire, for others it is not. They are still functioning at top level efficiency and are anxious to keep going. They will be the first to know when the time comes for them to either slow down or retire. When retirement is forced on them, you deny them the freedom of choice and that is what this country is all about.

I, for one, already a few years past that mark, find myself maintaining a full schedule teaching music. My hobbies are oil painting, wood sculpturing, cabinet making, gardening or whatever strikes my fancy to try my hand at.

I've often been asked when do I intend to retire. My response is "I retire every night, but then I get up the next morning and start all over again!" My advice is keep busy. It is the best tonic for the mind, good for your physical well being and does away with boredom giving you a purpose for existence.

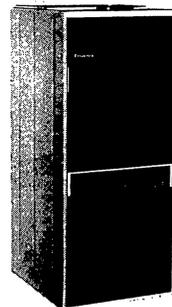

ABOUT THE AUTHOR:
Richard Glasnow was born in Harlem, New York in 1903. He was the eldest of 5 children, attended elementary school and was forced to quit school and support his family after his father died when he was 13 years of age. He entered the music field at the age of 17 and played the piano in speakeasies. In 1929 he gave his first recital at the Chamber Hall of Carnegie. In 1930 he formed his own band and played the Queen's Terrace in Long Island with Jackie Gleason as the MC of his show. In 1942 he joined Carl Brisson as his musical director and proceeded to perform for royalty including the Duke and Duchess of Windsor and the Shah of Iran in several respect performances. In 1954 he went into teaching music and came to Niles in June of 1962.
Mr. Glasnow has been married to his wife Angela since June of 1955 and has a daughter Amelia and 2 grand-daughters Barbara and Francine.

The survey is conducted for the U.S. Department of Labor in a scientifically designed sample of approximately 71,000 households throughout the United States. Employment and unemployment statistics based on results of this survey are used to provide a continuing measure of the economic health of the Nation.

The officers and firefighters of the North Maine Fire Department have issued an offer to meet with any of the homeowner associations in this district to discuss their safety and fire protection. The group has made several charges on the alleged misconduct of their chief, Walter Kelly and feel their department is undermanned, has no fire prevention personnel and therefore, a situation exists which they state is dangerous to the residents in their fire district.

Dr. Richard Berk and his children, Peter, 9 1/2 and Margie, 9 1/2, and Fortia McKissie, 11, were also very happy at the return of the Bookmobile to Skokie. All left with Skokie Public Library book bags filled with books.
Alex and Florence Kweiler, who Librarian Arlene Reed recognized as regulars at the main library in Downtown Skokie, interrupted their walk to welcome the Bookmobile to their northeast Skokie neighborhood.
"We do live quite a distance from the main library," they pointed out. After a short perusal of the brand new Bookmobile, they judged the vehicle to be well equipped with books and very pleasant.
Watch for the new Skokie Public Library Bookmobile. You can't miss it. It's big and white with a red, blue and yellow stripe on the sides and a "Welcome" at the door.

Here in Bugleland school boards are most notorious for going behind private doors. Their abuses of the public meetings laws have been continuous through these many years. They extend the exception to holding public meetings concerning the hiring or firing of personnel by discussing all personnel matters behind closed doors. It has long been a violation of state law and it has seldom been challenged.

In Niles the village board has long had a pre-meeting before its regular meeting. But reporters and the public are welcome to attend these meetings. However, from now on these meetings will also have to include minutes of what is discussed at them.

Public boards are an extension of the public. The people who vote their representatives into office have the same rights to know about their public business as the representatives themselves. It has long been an arrogance and a presumption that public officials can conduct the public's business without the public knowing what is going on. The new law is welcome.

Lawrencewood fire...

Grove, North Maine, Glenview, Glenbrook and Skokie assisted in fighting the fire. At the height of the fire there were approximately 50 firemen present as well as 15 pieces of fire equipment.
Arriving at Lawrencewood at 6:30 p.m. firemen found the west end of offices and a connecting corridor engulfed in flames. The heat was so intense that plate glass windows cracked and surrounding wood paneling, ceiling tiles and two by four wood studs in the walls were destroyed.
By 7:35 p.m. firemen had extinguished the fire and began working their way through the debris checking for additional smoldering material. Because of the difficulty of working with their oxygen masks on many firemen routinely removed their masks. While moving back towards the east end of the building, recalled one fireman, "the guys just started dropping."
Within minutes seven firemen inside the building were being treated by paramedics for what was at first considered smoke inhalation. However, the symptoms were different than smoke inhalation leading fire officials to speculate that they may have inhaled a highly toxic gas produced by any of the burning synthetics in the offices.
Hoehl, who was overcome by the same gasses, described the symptoms as "a tightness in your chest and a weird feeling that you couldn't breathe." Hoehl added that in his 33 years with the Niles Fire Department this was the first time he had been overcome by smoke or gasses at a fire.
Lt. Carl Fox, who was treated and released at Lutheran General Hospital, noted that the gas could have been produced by burning telephone cables which contain polyvinyl chloride (PVC).

their nominating petitions from qualified voters who are residents of the college district.
The abbreviated filing period and earlier deadline reflect County procedural change to allow administration of the election in conformity with the new Illinois Consolidated Election Law, according to Raymond Hartstein, OCC Board secretary. In addition, the term of office for community college trustees has been changed from three to four years under the terms of the new election law.
OCC trustees whose terms expire this fall are Board Chairman Paul Stefel, Skokie, and Cecile Vye, Winnetka.
The last day a candidate may withdraw nominating petitions to remove his or her name from the ballot is Wednesday, September 9, 1981.

Niles cable TV...

ventions, workshops and viewing other systems for the past 2 1/2 years, she felt the Canadian-based Cablenet firm was the best cable television franchise for Niles residents. In explaining her decision, Panek noted Cablenet offers 52 channels as compared to 120 by Cablenet; would probably involve a subscriber interest expense; has little interconnect potential and limited institutional facilities.
Panek later told The Bugle, "I'm still the most knowledgeable of any of the board members on cable TV and I'm more concerned with long run benefits and not what they're willing to give us now."
Trustee Ang Marcheschi, also a member of the cable television study committee along with trustee Orville Ottow, told the board that Cablenet offers all the features that Cablenet does, but in addition was offering 100 give the Village of Niles \$350,000 in franchise fees within 30 days after the franchise agreement was signed. In addition, another \$150,000 would be given to the village on April 30, 1982. "With today's economy, we couldn't afford to turn down an offer such as this," said Marcheschi. "If we deposit the \$350,000 in the bank at possibly 15% interest until April of 1982, we will accumulate \$31,608 in interest. Then if we reinvest that money together with the additional \$150,000 in April, 1982, our interest will amount to \$79,391. Reinvesting our money would double the \$500,000 in 10 years, so we are not talking about a half million dollars up front, we're talking about a million dollars."
Marcheschi also noted that 52 channels would be hard to fill since the average viewer is interested mainly in sports and entertainment. "How many religious channels and news channels can you have?" he commented. "We are really more interested in quality than quantity."
In addition Marcheschi told board members that while Cablevision's monthly subscriber rate is approximately \$4 less than Cablenet and with that savings, he felt we would get more than the average of 35% in subscribers. Marcheschi's final argument was that while Cablenet, Canadian firm has bid several suburban franchises, they are not in operation in any of them yet. In the other hand Cablevision is operating in 12 or 13 suburbs, according to Marcheschi, and "they have a track record."

Marcheschi later told The Bugle that while the franchise reads that Cable TV should be in operation within 2 years, the company's record to date shows that once they get their clearance from the utility companies, they have been in operation within 6 to 9 months.
Each of the board members commended Carol Panek for the untold hours she spent researching and preparing for the meeting.

Senior citizen nutrition center

The senior citizen nutrition site located at the Life Fulfillment Center (Formerly Shelley Nathanson School), Church and Potter Rds., Des Plaines will open at 11:00 a.m. on Monday, August 17.
70 to 75 meals will be served to seniors on a first come, first serve basis Monday through Friday. Any seniors 60 and over or a couple of whom one person is 60 or over is eligible to participate. Senior residents of the surrounding communities of Niles, Park Ridge, Des Plaines, unincorporated Maine Township are expected to be participants at the site.
Mr. Ray Hemenway, former site supervisor of the Berwyn-Cicero Nutrition site, has been hired as site supervisor. He is in process of making final preparation plans for opening day. Mr. Hemenway is looking for seniors who would be interested in volunteering at the site.
A shuttle service to the site from the East lobby entrance of Lutheran General Hospital will be available at 9:30 a.m. and 10:30 a.m. Return trips to the hospital lobby will be made at 1:30 p.m. and 2:30 p.m.
Park Ridge residents may also reach the nutrition site via their subsidized taxi service which gives them a \$1.25 discount off the metered fare.
Niles residents may take the courtesy transportation system as far as Dempster Plaza shopping center and then go the Lutheran General's lobby or take the Niles Flash Cab to either Lutheran General Hospital or the nutrition site at their regular discount of 25% off the metered fare.

In other business, the board delayed until September rendering a decision on the request to convert 2,500 square feet of the Millionaire's Club in Golf Mill to a playhouse with a seating capacity of 200 persons. Capt. Harry Kinowski of the Niles Fire Department, when questioned by the board, stated that according to the life safety fire code, only 150 people could be seated in the petitioned area. Since there seemed to be a discrepancy in the fire department's figures, according to Harry Lee Rogers, playhouse petitioner, the decision was delayed until the September board meeting.
Public hearing was held on requests for possible uses of \$297,760 of Revenue Sharing Funds expected by the Village during the fiscal year of May 1, 1981 to April 30, 1982. Mobile unit salaries budgeted were \$14,000 for paraprofessionals and \$8,500, clerical/drivers for a total of \$22,500.
A total of \$402,300 was budgeted for all salaries.
Also budgeted were: total operating expenses, \$139,470; total employee fringe benefits, \$89,618; equipment, \$10,000; grants; 0; technical improvements, \$30,000; repairs/replacements, \$10,000; acquisitions/improvements, \$14,000; bonds, \$42,500; and contingencies, \$2,500.
Harry Pestine, board president, said the North Suburban Library System notified its members that under a new truth-in-taxation bill any five per cent over last year's would have to be published.
Pestine said the State has not determined the equalized assessed valuation upon which the levy is passed and will not have done so by the time publication is required. Pestine suggested the estimate arrived at by the attorney and accountant be published even if the levy does not exceed five per cent. Board members approved the action four to two with one absent.
Those voting for the motion believed the public should be notified of inflationary costs. Attorney Lawrence Weiner said if the district was wealthier, he would suggest it file a suit declaring the publication law impossible to comply with.
In other action, former administrator Francis Allen requested \$10,000 be surrendered from his annuity.

Only at Cragin Federal

SIGN UP NOW FOR **TAX-FREE INTEREST** EFFECTIVE OCTOBER 1ST, AND EARN 16.50% IN THE MEANTIME.

The Cragin Federal Automatic Transfer Plan allows you to avoid the October 1st rush,

to earn guaranteed 16.50% interest until October 1st,

to earn tax-exempt interest from the first day,

to get the best gifts we've ever offered, right now.

Starting October 1st, 1981, President Reagan's tax plan will allow you to earn tax-exempt interest on what's called the All Savers certificate. So, as you might suspect, there's likely to be a wild rush at the beginning of October. But there's a way to conveniently sidestep the long lines and confusion. Sign up now (or any time before October 1st) and your money will be automatically transferred into a one-year tax-free savings certificate on October 1st. Between your sign-up date and then, your money earns a guaranteed 16.50% interest. Afterwards, you'll enjoy a one-time exemption from federal income tax—\$1,000 of annual interest income, if you're single, \$2,000 if you're married and filing a joint return. This federally insured account can be opened with a \$500 minimum deposit.

As little as \$5,000 earns you our guaranteed rate. How? Through a high-yield, short-term investment called the Cragin Short-Term Note.*

What exactly is a Short-Term Note? Basically, Cragin accepts money from investors and agrees to repay principal plus interest at maturity. Invested funds are backed by the general assets of Cragin Federal Savings and Loan and are collateralized by U.S. government and federal agency securities with a face value that exceeds the amount of your investment. Before you decide to purchase the Cragin Short-Term Note, we urge you to come into any Cragin office to read a fact sheet describing the investment opportunity.

Naturally, if you have less than \$5,000 to deposit (or if you choose to do so for any other reason), you may deposit your money in a special account paying 5½% interest—from the day of deposit until October 1st.

If you have a savings account at any other financial institution, visit any Cragin office and we'll arrange to have the funds transferred automatically, so you don't lose a single day's interest. This service is especially beneficial to those of you who have savings certificates maturing between now and October 1st. It allows you to earn 16.50% during that awkward waiting period.

On October 1st, you start earning tax-free interest automatically, without a single day's delay! Your one-year tax-free savings certificate will earn 70% of the yield of one-year U.S. Treasury Bills.** Treasury Bill rates change monthly when the "T Bill" auction takes place. So naturally, we can't give you an October 1st rate right now. If your certificate were opened up today, the tax-free rate would be 10.9% interest. However, let's be conservative and estimate that on October 1st the tax-free certificate rate would be 10%. Given this example, a married couple filing a joint return could have \$20,000 of their savings earning tax-free interest (the \$2,000 maximum), and a single taxpayer could deposit \$10,000 at the 10% interest rate and earn the maximum annual figure of \$1,000.

The tax-free certificate earns simple interest on a monthly basis. For your convenience we can deposit that interest into a Cragin passbook account or an interest-bearing N.O.W. checking account so you can earn interest on your interest. Or, if your account totals \$5,000 or more, we can mail your interest check to you. You even have the option of just leaving it in your tax-free certificate account.

Want one more good reason to take advantage of our Automatic Transfer Plan? Sign up now with a deposit of \$10,000 or more and you get any one of these ten gifts free (or \$20 in cash). If you deposit less than \$10,000 these listed gifts are available at a substantial savings. Also available to depositors of less than \$10,000 is a separate selection of free gifts***.
