## District 63 floats \$5.8 million bond issue

by Eileen Hirschfeld

A bond issue of \$5,855,000 was floated to aid East Maine School District 63 after approval at a regular board meeting August 18 in Apollo school, 10100 Dee rd., Des Plaines.

Sale of the bonds will be made to Stern Brothers and Co., Northern Trust Co. and Clayton,

Brown, Assc., Inc. at an interest rate of 11.985. The district received a triple A rating by Standard and Poor. This sale is subject to written confirmation of acceptance by the underwriters within five business days.

About \$1,700,000 of the bond issue will be used for energy con-

servation measures under the State's Life and Safety code. Another \$1,500,000 will be used for the working cash fund and the remainder, \$2,655,000 will be used to refund the existing debt or bonds.

## Board proposes boosting lagging sports programs in District 63

# Park seeks rental of Oak School

by Bob Besser

The Niles Park District has begun negotiating with East Maine School District 63 to determine if the empty Oak School, 7640 Main St., can be rented for park programs.

Additionally, in the face of the school cutbacks in extra-curricular sports programs, the Niles Park District is proposing taking over these programs inside the schools for the elementary school district.

Explaining the park district proposal during Tuesday night's Niles Park Board meeting, Commissioner Mary Marusek

said park officials have recently met with District 63's Dr. Lenore Page to "consider the idea of the Niles Park District using part of Oak School for park programs."

Marusek added Commissioner Jim Pierski, Park Director Bill Hughes and herself will meet with District 63 Superintendent James Bond this week to further discuss the Oak School proposal.

Marusek said if part of Oak School could be rented by the park district, possibly programs could be offered during the day for children in one room and for

## From the LEFT HAND

by David (Bud) Besser

They took Clarence Culver home to Iowa last Friday, home to Mount Ayr, Iowa.

Clarence came to Niles, Illinois back in 1953 and stayed 28 years, one-half of his lifetime. These 28 years were very important to the community. Clarence was a major contributor in his new community.

Back in August 1953, the Monroe-Ozanam area where we lived was converted farmland where 250 homes were about to emerge. Merrill Avenue was the old line street in the area, with the old-timers there dating back to the post World War II forties. The new 250-home project would surround these "old-timers."

We were the new bloodline in the village. Next door lived Ron Pankau who was doing his drug store business in between his many activities helping to build the Lions Club, the Chamber of Commerce and subsequently the Bank of Niles. In the Pankau home the neighborhood girls held the first Woman's Club meeting and their efforts led to the eventual creation of Niles Library. Across the street Clarence Culver was about to become superintendent of District 71's elementary school. The following years Clarence moved onto the library board and was the mover behind building Niles library building on Oakton Street. At our house Niles' first local newspaper was created.

## New officers for East Maine Caucus

The East Maine Caucus would like to announce its new officers for the succeeding years:

Chairman-Mrs. Judy Lessin, Vice-Chairman-Mrs. Betty Hendrix and Secretary-Mrs. Beverly Slan. With three such outstanding officers, we expect the best year ever.

## Filing deadline for Oakton election

Candidates for the Oakton Community College Board of Trustees have until Monday, Aug. 24, to file nominating petitions.

Petitions must be filed between 8:30 a.m. and 5 p.m. in the office of David Hillquist, the OCC board secretary's designee, at OCC/Des Plaines, Room 2586, 1600 East Golf. Candidates must have 50 signatures of qualified voters who reside in the college

district on nominating petitions.

Two four-year trustee seats will be available when voters go to the polls on Tuesday, Nov. 3, 1981.

The new early and abbreviated filing period allows the county to administer the election in conformity with the new Illinois Consolidated Election Law, according to Ray Hartstein, OCC board secretary. He pointed out that the term of office for

## Clarence Culver in memoriam

Clarence Culver, superintendent for 29 years of Niles Elementary School District 71, was buried in his home town of Mt. Ayr, Iowa, on Sunday. The 56 year old Culver, who had suffered from leukemia for years, fell into a coma on Saturday, August 8 and died Wednesday morning, August 12.

Teachers and colleagues credited Culver with having created the Niles school district's foreign language, music, science, and sports programs. Also Culver was responsible for the building of Niles Elementary School North Junior High School in 1966.

Culver was working on introducing computers for students and teachers in the Junior High at the time of his death.

Assistant Superintendent George Murphy, who worked under Culver for 28 years said, "This was a rural school when he came here and now it rates consistently among other suburban schools."

There were about 300 students

### Bone sculpturing takes first prize

Raymond Passeri of Niles accepts the first place award from Bill Rand of Rand Jewelers at Golf Mill Shopping Center's 7th Annual Senior Citizen's Craft & Hobby Show. Mr. Passeri was chosen due to his unique sculpturing with bones.

Other winners were Ethel Barr of Wilmington, 3rd place; Bess Woolman of Skokie, 2nd place and the honorable mentions were Betty Nielsen of Franklin Park, Fred Bestman of Arlington Heights, and John Selep of Chicago. Golf Mill Plaza received the Nursing Home Award.

Over 100 senior citizens participated in the show sponsored by the Golf Mill Merchants Association. Original art work, crafts, and hobbies were featured.

### Bears tickets are scholarship prize

To derive funds for their Nurses Scholarship Fund, the Morton Grove American Legion Post #134 is holding a prize drawing for 2 season tickets for 8 games to the Chicago Bears football home games at Soldier Field.

Chairman is past commander Frank Selzer. He may be reached at 966-8154 for further information or tickets. Donation for the tickets are \$1.00 each.

Several girls are currently being sponsored by the Post and there are many new applicants for the coming year.

Selzer indicates the drawing will be held at the Post's regular Wednesday bingo, the night of Sept. 2.

As a further incentive, there will be 6 consolation prizes of \$10.00 each.

**S.I.J. 55 Plus Club**  
A bus of members left S.I.J. Parking Lot at 7 a.m. on Monday, August 3 for a four day tour to Harbor Springs and Mackinac Island. The merriment and singing on the bus was great, but of course, the main event on the bus is our Bingo Games, which everyone really enjoys. The 45 minute ferry ride to the beautiful Mackinac Island was great. The island itself is beautiful, a day on the island is one to remember, a place of natural beauty. The Fort really takes you back to the early days of history. Our Inn, the Harbor Inn in Harbor Springs is on the order of the Grand Hotel on Mackinac Island. The air is always pure, unpolluted and crystal clear, water gushes from the famed artesian well located on the property at a rate of 600,000 gallons daily at a constant temperature of 46 degrees. We hated to leave as everyone really had a great time. But all good things must end and we departed for home and arrived back at the S.I.J. parking lot Thursday August 6 very happy and content. For a beautiful trip, our thanks go to Stella and Leonard Kledzik. Three cheers for our wonderful chairmen, Stella and Leonard.

Our convalescents Eleanor Benson, Ann Mostek, Ann Lesniak, Helen Davidson are home from the hospital and Betty Schillaci is also home.

We would like to mention more members and their families in this column, but need you help to do so. If you have any news about you or your family, please let us know. Also be on the look out for pictures of our trip in the up coming Bugle editions...

### Panek details reasons for vote against Cablevision

Dear Editor:  
Time did not permit a more complete explanation of my reasons for voting "No" to Cablevision of Chicago being awarded the franchise in Niles at the Village Board Meeting on August 11, 1981.

The study of cable TV for the last two and one-half years has had one purpose only - to provide the most sophisticated, state of the art, cable TV service possible for Niles for the next 15 years. I believe the Board action taken on August 11, 1981 did not fulfill that purpose.

The Village of Niles participated in a Selection Council of 20 Northwest Municipalities with myself as the Niles representative. This council had the responsibility to review and evaluate all the cable operators that submitted a proposal. The proposals have been on file in Niles since 1978 and the Malarkey-Taylor Report evaluated

An expression...an opinion... a point of view

**Letter to the Editor**

the proposals of all the companies applying in this area. This consultant's report submitted opinions in three categories: technical, financial, and programming/rates. The Selection Council of the Northwest Municipal Conference narrowed their choice to three, based on these reports and up-dated proposals at two public meetings in January of 1981.

Two negotiating committees were formed with representatives from each municipality to negotiate a unilateral franchise agreement between the municipalities and the cable operator selected. The five communities who selected Warner-Amex and the seventeen communities who selected Cablenet, Inc. as their first choice are as follows:

- |                       |                    |
|-----------------------|--------------------|
| <b>Cablenet, Inc.</b> | <b>Warner-Amex</b> |
| Niles                 | Palatine           |
| Arlington Heights     | Elk Grove Village  |
| Des Plaines           | Hoffman Estates    |
| Park Ridge            | Buffalo Grove      |
| Mt. Prospect          | Rolling Meadows    |
| Prospect Heights      |                    |
| Wheeling              |                    |
| Schaumburg            |                    |
| Bartlett              |                    |
| Streamwood            |                    |
| Hanover Park          |                    |
| Glenview              |                    |
| Glencoe               |                    |
| Northbrook            |                    |
| Northfield            |                    |
| Winnetka              |                    |
| Kenilworth            |                    |

Cablevision was the third choice in all the above communities except Niles.

During the last six months the Selection Council and Negotiating Committee drafted the Cable Communication Ordinance and the Franchise Agreement. The Franchise Agreement (contract) for Niles was developed over the last four months with Cablenet, Inc. In the last month Cablevision of Chicago (Niles' second choice)

**EDITOR'S NOTE:**  
In 1979, Village of Niles trustee Carol Panek was appointed by Mayor Nicholas Biase to head a committee to determine the best cable television system for the Village of Niles. During the past 2 1/2 years, Panek has attended meetings, conventions, workshops and viewed systems in other communities to determine which cable franchise would be most beneficial to the Niles community. Her final decision was Cablenet, a Canadian based firm, but on Tuesday, Aug. 11 at the Village Board meeting, the board, in a 4 to 1 vote, agreed to give the franchise to Cablevision of Chicago. Panek voted against the selection and read a prepared statement at the meeting citing her reasons. The board decision to select Cablevision of Chicago was based on a \$500,000 up-front payment to Niles; \$350,000 to be paid 30 days after the franchise was signed and \$150,000 on April 30, 1982.

## Hold dedication for handicapped park

### Looking Back in The Bugle

Over 200 people gathered at Golf Mill Park, Church and Davis st., on Saturday, Aug. 15 for the dedication of the first recreational park equipped for the disabled in the area.

The park will provide recreational equipment for some 150 disabled Niles residents. However, Niles Park Director Bill Hughes was quick to point out that the new facility has been "developed into a park for everyone...which children (living) in the immediate area can use."

All equipment for disabled residents was made to be used by residents with no disabilities. Equipment in the park will include swings and slides for disabled children to use. The swings are fiberglass bucket seats which disabled children can securely fit into. The slides will have ramps, as well as stairs, so children with braces, crutches, or in wheelchairs can easily use them.

Unique to this park will be an elevated sandbox built above the ground for children in wheelchairs and braces. The elevated sand box will allow these children to get right next to the box to play without getting into it. In the past children in wheelchairs or with braces had to carefully avoid sand which could jam up the chair or braces. Additionally, there are picnic tables with overhangs so children in wheelchairs can wheel up to the table. Also there is a drinking fountain with an extension on it for children in wheelchairs to easily use.

Niles Park Board Commissioner Elaine Heinen has been the driving force behind the creation of the park. Explains Heinen, "When I came on the board I just thought that we had nothing for the handicapped and that's why I worked for the park."

In creating the area's first recreational park for disabled persons the Niles Park District has collected \$9,000 in donations from community service organizations and individuals. However, Niles Park Board member Elaine Heinen says an additional \$9,000 is needed. Those interested in making a donation for the Golf Mill Park can send a check to the Niles Park District, 7877 Milwaukee Ave., Niles or call Elaine Heinen at 967-6633.

## Former Bugler to set up school computer system in South Africa

Mr. and Mrs. Howard Gaede, 8108 N. Oriole st., Niles, recently enjoyed the visit of their son, Dr. Owen Gaede, (a former Bugler) and his family from Statesboro, Georgia. Dr. Gaede and his family left Friday, August 14 for Newcastle, South Africa.

Owen Gaede graduated from Maine East Township High School in 1962. While at Maine High he had a column in The Bugle called "Teen Talk" and also, while in college, he wrote several articles for the paper.

He received his BA degree from Monmouth College, graduating in June of 1966. While attending college, Owen worked as a radio announcer, newscaster and finally radio engineer. Two of the many stations he worked for were WRAM, Monmouth, IL, and WMIR, Lake Geneva, Wisconsin.

He also taught Science in Yorkwood High School in Yorkwood, IL. He was nominated as one of the Outstanding Secondary Educators of America and was also director of the Vienna Program of the European Language Institute of New York

during 1968-69. Owen received his Masters Degree in Science Teaching from Middle Tennessee State University, Summa cum Laude in 1973. Then Owen, and his family, moved to Mohamet, Illinois where he was a teaching assistant at the University of Illinois while studying for his Doctorate.

After receiving his Ph.D., Dr. Gaede moved his family to Statesboro, Georgia, where as Assistant Professor at the Georgia Southern College, he taught in the Department of Secondary Education for several years. For a short time he was Assistant to the President of the College and then was made Assistant Dean.

Dr. Gaede and his wife, Kathleen Brown of Downers Grove, had chaperoned several classes on summer trips to Europe. Last summer, Dr. Gaede took a group of teachers to

Vienna and taught a summer session at the University of Vienna.

Dr. Gaede became very interested in teaching by computer while studying at the University of Illinois. He wrote several programs dealing with teaching by computers. Controlled Data Corporation has offered Dr. Gaede a position with the schools in South Africa for the next year, to supervise the installing of the Plato Computer System in the schools there.

He and his family are looking forward to their new life in South Africa. Mrs. Gaede, who has just received her Masters Degree in Science Education has been teaching in Statesboro, Ga. High School. She may possibly teach in South Africa, too.

The Gaede children will attend an English school while there. They are Holly, age 12, Timothy, age 10, Heather, age 8, and Nancy, age 5.

## UPS shipping service opens in Morton Grove

A new type of business has opened in Morton Grove that will, among its other services, offer residents of local suburbs a much more convenient way to ship packages via United Parcel Service. The Mailbox Center, located in the North Grove Centre office building at 8700 Waukegan,

behind the Morton Grove Bank, has a daily UPS pickup. For small service fee (\$1.00 for the first package, \$5.00 for each additional parcel boxed and ready for shipment can be dropped off there, instead of having to be taken out to the UPS facility in Wheeling or picked up by a UPS driver, for which there is an extra \$2.50 service charge.

The Mailbox Center, whose primary business is the renting of Postal Boxes like those in the Post Office (they are approved and monitored by the Postal Service) is open, 9:00 to 5:00, Monday through Friday and Saturday, 9:00 to 12:00. For information call 470-1234.

## Arthritis Action Group

The Maine Township Arthritis Action Council will hold its next meeting on Wednesday, September 2 from 7:30 to 9:30 p.m. in the cafeteria, ground floor of the Nessel Health Center 4775 Ballard rd., Park Ridge.

Mrs. Suzanne McGovern, R.P.T., Physical Therapist at Lutheran General Hospital will speak on Exercise: A Lube Job for your Joints. A question and answer period will follow the lecture. Refreshments will be served. Interested persons are invited to call Mrs. Nancy Mostello at 696-7650. No reservations are required.

## Judge Dahl speaks to seniors on probate

Judge Dahl will speak on probate on Tuesday, Aug. 25 at 1 p.m. at the Niles Senior Center, 8060 Oakton in Niles. There is no charge to attend, and all Niles residents over age 62 are welcome to attend.

Probate is the process by which a last will and testament is legally authenticated after the testator's death. The judge will address the topic of probate, and explain the judicial processes concerning wills.

## Morton Grove Senior Citizen News

### YOU CAN CONTROL THE RISK OF CANCER

Habits, medical history, health practices, and workplace can all be contributing factors to the mystery of cancer invasion. Yet cancer is not a mysterious as it once was, the American Cancer Society continues to pursue answers to questions surrounding this disease.

At 7:30 p.m. on Monday, August 24, the Morton Grove Health Department will show the new Cancer Society film, "You Can Control The Risk of Cancer". Discussion on cancer topics as well as free literature will be available after the film. This free program is open to all, and will be held at the Morton Grove Library's Baxter Auditorium.

### WIDOW TO WIDOWERS GROUP

"Now what do I do?" is a question asked by each widow or widower who has lost a spouse. Finances, loneliness, and relations with children, each may pose a special crisis for those affected.

A new group program will be available at the Morton Grove Village Hall, for seven weeks beginning Sept. 15, from 1 to 2:30 p.m.

The Widow to Widower Group is being offered specifically to meet the needs of those who have lost a spouse. How best to cope with this changed status will be shared in a group experience. The interests and the needs of the individual participants in the group will determine in large part the context of the discussion. Group membership will be limited to ten participants.

Barbara Featherstone, counselor from the Family Counseling Service of Evanston and Skokie Valley will lead the discussion. Please call Bud Swanson at the Morton Grove Health Dept., 965-4100, if you wish to participate in the group.

### MATINEE MOVIE

The matinee movie scheduled at 1:30 p.m. on Friday, August 28 will be the "China Syndrome". The movie will be shown in the Morton Grove Senior Center, 6101 Capulina.

Any resident interested in attending should call the Senior Hot-Line at 965-4658, weekdays between 9 a.m. and noon for a reservation. The movie is free and provided by Video Stop of 5008 Dempster in Skokie.

### BALDNESS

Robert J. Skeist, director of the Seniors' Health Program at Augustana Hospital in Chicago has these things to say about baldness from his new book, "To Your Good Health!" "The negative side of balding is well-known: embarrassment, anxiety about looking old, fear of losing sex-appeal, countless crude jokes. Now I would not consider trying to hide my baldness, quite the opposite. I lather up and shave on top, removing a few frizzy patches, and keep the remaining horseshoe of hair trimmed and healthy. May I share with you, especially my bald comrades of all ages, a few benefits of baldness?"

Lightly stroking the top of my head helps me think. It has led to at least as many writing ideas as has stroking my beard. Also, a nice tan. Better than any part of my body, my bald head soaks up the sun rays. Finally, we bald men are the connoisseurs of head massage. A back rub is nice, yes. And special about having a friend place a drop or two of moisturizer on my smooth pate and rub it in with firm circular movements of the fingertips - a sensual delight for both of us, a great expression of love."

### OTC PREPARATIONS

Over-the-counter preparations are drugs that should be used with the same care and attention as prescribed medicines. It is suggested that these drugs be dated once they are purchased, old drugs deteriorate and may become ineffective and even dangerous.

Know the contents of any OTC drug you take, read the label carefully. Examine personal health habits to determine if a change in diet or exercise could eliminate your need of the OTC. For example, a high fiber diet and regular exercise program may improve bowel habits and eliminate the need for a laxative.

Your pharmacist is an expert of drugs and their effects on the body. He is willing to answer any questions you may have about prescribed or OTC drugs. Choose a reliable pharmacist. Find out if he keeps a health profile which records the health problem and medications for each customer. For more information on local pharmacies and discounts for seniors, a Senior Citizen Discount Sheet can be obtained by contacting the Morton Grove Senior Center at 965-4658.

### WCEV RADIO FOR SENIORS

A new radio program exclusively for the listening of senior citizens is now being heard on WCEV, 14.5 AM. Nutritionist, Terri Gargano of Kraft Food Inc. broadcasts a variety of news and health topics for seniors. The show can be heard on Saturday evening 8-8:05, Sunday morning 5-5:05, and Sunday evening 7:30-7:35.

For further information about these and other senior programs, call the Morton Grove Senior Hot-Line, weekdays, 9 a.m. until noon at 965-4658, or Bud Swanson, Sr. Services Coordinator/Health Educator at the Village Hall, 965-4100.

# Nilesite in Internship program

Mike Blus, a senior outdoor recreation major at Southern Illinois University is participating this summer in the internship program at TVA's Land Between The Lakes (LBL), a 170,000-acre public demonstration area in western Kentucky and Tennessee.

Blus, from Niles, is working with the recreation section at LBL as a campground programmer. "I want to pull together all my learning experiences and apply them to my internship and be more qualified in future job experiences," he said. "The thing I like most about LBL is viewing different animal behaviors and the great diversity of wildlife," Blus said.

Blus is the son of Ray Blus of Niles, and Carol Berry of Des Plaines.

## Gaslights can remain burning

Residential gas customers will not have to turn off their outdoor gaslights.

Almost three years after outdoor natural gas lighting was banned, President Reagan has signed a bill amending the Powerplant and Industrial Fuel Use Act to exempt existing residential lights installed before November 9, 1978. The law required removal or conversion of such fixtures by January 1, 1982. The change permits all existing residential gas lighting for single family, multi family, condominium and apartment uses to continue.

Northern Illinois Gas Company believes this is an important step by the federal government in recognition of the excellent natural gas supply outlook.

The amendment prevents costly and needless conversion and replacement of fixtures while acknowledging safety and security benefits residential owners seek for their families and property. "This is a particular concern for many of our suburban customers where municipal street lighting is not available," said A.R. Johnsen, senior vice president operating.

**YMJC Family Festival**

Family Festival, Sunday, September 13, at 770 Deerfield rd. in Highland Park is going to be the event of the year, announces Edie Eisenberg who is co-chairing the festival with Highland Park resident Jeff Taylor.

"In addition to the rides, games, and prizes we will have delicious food that even the most discriminating eater will enjoy. We will have stands selling farmers' produce of fresh fruits and vegetables, tacos and burritos, falafels, hot dogs, pizza, fresh fish gumbo soup, home baked desserts and much more." When asked how the festival came up with such a diverse menu, Ms. Eisenberg responded, "We are renting space to some of the finest restaurants in the Chicago area. We want it to be like the Taste of Chicago but on a smaller scale. It will be a festival of foods for everyone to enjoy."

While eating to their hearts content those that attend the Festival will be entertained by puppeteers, artists, face painters, and clowns. For those that like to be active there will also be a creative corner where children can paint and draw, make puppets and play imaginative games with hundreds of great prizes. Jazzercise classes will be conducted and Chicago Hustle team-mates will play "horse" with children and adults.

For information on renting space, entertaining at the festival and/or purchasing raffle tickets call or write: Young Men's Jewish Council, 30 West Washington st., Chicago, IL 60602-726-8891.

For dietary change, a person can work with a group or individually. The Y's Way to Slim Living class is a national YMCA program, utilizing behavioral modification techniques to lose weight. Individual dietary counseling is also available with a registered dietician, who can plan a "tailored-for-you" diet.

A Stop Smoking Clinic is being offered in cooperation with the Chicago Lung Association. This clinic, 6 days spaced over 4 weeks, stresses the behavioral approach to smoking cessation using self-control and relaxation techniques.

A third way to enhance health may be found in the Tension Control-Stress Management class. Participants learn to recognize symptoms of nervous tension and use techniques of deep muscle relaxation. A proven method of coping with the physical effects of stress.

Call the Learning Tower "Y" for more information on these programs-647-8222-ask for John Joyce.

**6th grade girls basketball**

summer basketball league for 5th and 6th graders with 7 local schools participating.

The games were held on Saturday mornings and the teams generally practiced about once a week which allowed the girls to participate in many other summertime activities. Indeed most of the SJB players participated in the highly successful Niles Park District softball team. In addition, some others also were members of the Niles Park District swim team.

Coach John Marusek related, "A special effort was made to minimize all possible schedule conflicts so that the girls could participate in many summer

sports. We weren't interested in the girls playing only one sport 5 or 6 times a week. The girls seemed to enjoy participating in 2 or 3 sports rather than one all summer."

The SJB 6th grade basketball team went undefeated (9 wins) in the summer league. The team, coached by Konrad Hack and John Marusek, included Beata Kurlo, Kirstin Hack, Erin Gotshall, Diane Kahr, Kris Miller, Colleen O'Grady, Amy Surace, Sue Ochab, Tricia Smith, Kellie Whittle and Carolyn Kauff.

These girls will begin their regular season Sat. Sept. 12 at SJB (9 a.m.) with a game against St. Raymonds of Mt. Prospect.

**Twins weighing 19 pounds astonish Resurrection staff**

Newborn twins Larry and Molly Powers recently astonished Delivery Room personnel at Resurrection Hospital with a combined birthweight of nearly 19 pounds. Larry weighed 9 pounds, 13 ounces, and Molly weighed 9 pounds, 2 ounces, making them the largest twins ever born at the hospital, to the best of anyone's knowledge.

According to Obstetrician Dr. Thomas Tully, the twins' mother, Oak Park resident Maureen Powers, experienced a normal delivery. Mrs. Powers and her husband Larry, had been expecting twins since May after an ultrasound showed two babies developing.

Mr. Powers is employed as a sales manager for Excel Electronics and Mrs. Powers, a registered nurse, works part time at the Oak Park River Forest Infant Welfare Society.

The twins join three siblings at home - Kate, 9; Michael 6; and Tom, 4.

**School of radiologic technology graduate**

Sharon Greenberg of Morton Grove will graduate from the Saint Francis Hospital of Evanston School of Radiologic Technology at 7:30 p.m. on Thursday, August 27, 355 Ridge Ave., Evanston.

Greenberg is the daughter of Mr. and Mrs. Leris Greenberg. She will begin employment as a radiographer at Northwest Community Hospital, Arlington Heights.

She was one of ten students to complete the two year program to become a radiographer. The Saint Francis Hospital Program offers a course of study in radiologic technology and radiation therapy. After completing the program graduates are qualified to take the national examination administered in October by the American Registry of Radiologic Technologists.

### Niles Police Beat . .

#### Niles business burglarized

A Niles business reported being burglarized only days after a fire damaged its offices. According to police, officials of Emblem Parts Supply, 207 Lawrencewood, reported unknown persons gained access to a storage area and stole

a telephone, a calculator and a telephone answering machine. The business has lost its offices following the August 7 fire at Lawrencewood shopping center. Store officials valued the stolen merchandise at \$325.

**Description**  
• Greenbrier top-of-the-line, extra care design and construction assure the utmost in quality of manufacture and years of dependable performance. Efficiency, quietness, versatility and dependability are hallmarks of these eleven gas furnaces.  
• Greenbrier gas furnaces get the most heat from fuel and fuel dollars with baffling built into uniquely designed heating elements. The baffling slows down combustion gases as they pass element walls, creating a zigzagging SWIRLFLLO action. The hot gases are forced into greater, longer contact with walls, so more heat is transferred to the air which circulates through the home.  
• All quiet, attractive Greenbrier Hi-Boy gas furnaces are certified by the American Gas Association for use with either natural or LP gas.

#### Loses \$1,100 at bank

A strange set of circumstances resulted in a Des Plaines resident losing \$1,100 while at a Niles bank on Wednesday, August 12. According to police, the Des Plaines resident had driven up to a drive-thru window at the Golf Mill State Bank, 9101 Greenwood. Sending \$1,100 to the teller the Des Plaines resident asked he receive the same amount back but in large bills. The teller told him he would have to drive up to the window connected to the building to make the transaction.

As the Des Plaines resident was driving up to the new window the money was sent back to the window he originally sent it from. Another customer had pulled up to that window and apparently discovered the \$1,100 and drove off with it. Niles Police were immediately notified and were treating the incident as a theft case. Bank officials were providing police with information about those people who had done business at that window at the time of the theft.

#### Arrested for drunk driving

A 22 year old Niles resident was arrested for drunken driving on Friday, August 14. According to police the man was observed weaving while driving north on Waukegan Rd. Additionally, he was also seen driving through a stop sign at Neva and Cleveland St. When stopped, police were able to smell alcohol on the man. Taken to the Niles Police Department, the Nilesite was charged with driving while under the influence of alcohol as well as various traffic violations. Following processing, he was assigned a September court date and released on \$2,000 bond.

### My Thanks To The Niles, Morton Grove and Chicago Police Departments . .

My name is Harry Schwimmer. Recently, I opened a small Rare Coin Shop at 7637 N. Milwaukee Ave., Niles.

I advertised my wares in Bugle Newspapers and was very pleased with the quick results obtained. My business increased each week as I gained new friends and customers.

Then, on Friday, July 31, I was robbed at gunpoint, bound and gagged by two men who in broad daylight robbed me of nearly \$100,000. It was a scary experience.

I didn't know whether I could continue in business but remarkably quick action on the part of Niles, Morton Grove and Chicago police resulted in the apprehension of the two culprits and a third party.

Due to this absolutely super action on the part of the Niles, Morton Grove and Chicago Police Departments, I'm back in business again. My very special thanks and a pat-on-the-back to Police Sgt. Al Golbach of the Niles Police and his entire investigative team for the important role they played in putting me "back in business" again.

Sincerely,

### Niles Fire Dept. calls . .

#### Red light runner causes 3-car accident

A three car accident was caused on Thursday, August 13 by a 72 year old Niles resident who drove through a red light. Police report the man drove into oncoming traffic at the intersection of Caldwell St. and Grosse Point Rd. hitting two cars. After police arrived on the scene, three ambulances were called to transport occupants of the cars to Lutheran General Hospital and Resurrection Hospital. In addition to the 72 year old Niles resident, a Chicago resident and an additional Niles resident were injured during the accident. Two of the injured people reportedly suffered neck injuries and one complained of pain in his knee. The 72 year old Niles man was issued a citation for driving through the red light.

#### Fire in Ozanam St. home

A couch caught on fire in a home at 8246 Ozanam Ave. on Friday, August 14. Fire officials were notified of the fire at 9:47 p.m. Arriving with six pieces of equipment, fire fighters fought the blaze which was confined to the living room. Damage from the fire included the couch and surrounding furniture. No firemen were injured while fighting the fire but a 52 year old resident of the house was treated for smoke inhalation at Lutheran General Hospital. While the majority of the house was not damaged by the fire, smoke and heat damaged other areas of the house.

#### Alcohol in car

Two Chicago residents were arrested in Niles when a policeman saw them drinking alcohol in a moving car on Friday, August 14. Police report observing the couple drinking beer while driving north on Caldwell Ave. near Grosse Point Rd. After being stopped one of the occupants unsuccessfully tried to conceal a beer bottle under the car seat. Taken to the Niles Police Department were two 19 year old Chicago residents who were charged with possession of alcohol by minors. After being processed the two were assigned a September court date and released on \$1,000 bond each.

### Driving safety hints

Whether you are driving in the city or on the open highway, watch the general traffic scene ahead of you as well as what's immediately in front of you.

This will give you an opportunity to see in advance situations which may require you to slow down or stop, and you can make whatever adjustment is necessary in time to avoid an accident. Sudden stops and turns are minimized when you are alert.

Watching ahead on the highway will enable you to see a slow moving vehicle pull into your traffic lane from a side road or one merging onto an expressway. In the city you will see a traffic signal turning red or a pedestrian starting to cross the street.

If you are only watching the street or highway a few yards ahead of your car, by the time you become aware of those dangerous situations you will have to hit the brakes to prevent collision.

If you have any questions about the Secretary of State's office, please feel free to use our toll-free telephone number (800-252-8980).

(A copy of the Rules of the Road will be sent to you upon request. Write to Jim Edgar, Secretary of State, Springfield, IL 62756).

### Highway fatalities down in July

Illinois highway traffic fatalities in July totaled 133 as a result of 149 accidents according to provisional statistics released by the Illinois Department of Transportation and the Illinois State Police. This represents a decrease of 5.2 percent from the 172 provisional fatality total for July 1980 and a decrease of 7.9 percent from the 177 provisional total for July 1979.

In all accidents there were 23 pedestrians killed in 22 accidents, one pedalcyclist killed in one accident, nine persons killed in six railroad crossing accidents and 36 persons killed in 33 accidents involving motorcycles.

#### Wait until you get your tax bills!!

Dear Sir: Another political sham is in the making by our Morton Grove village board and it's going to cost every taxpayer a huge tax increase when he gets his second installment bill next month.

They made a big deal out of only having a 3% budget increase for 1981-82 but now they are actually increasing the tax LEVY (which is really the bottom line) by some 8%. They are doing this very arrogantly, knowing full well the state tax multiplier is going up about 8% to 1.7296 as well as our country's quadrilateral assessment is scheduled to rise substantially. These increases alone will hike their tax take significantly but leave it to the board to sock it to us taxpayers by adding ANOTHER 8% on top.

It seems all they want is more and more dollars from us so they can go on hiking salaries way out of proportion to private industry. And don't forget they get half-pay pensions after 20 years service. I'll bet YOU don't get that huge a pension!!!

On top of this we don't see any improvement in basic services for all these tax increases, do we? And the streets are falling apart, as well. No, the board is just making fat cats out of everyone...except the taxpayer. When does it all stop??

Folks, you're going to blow your top when you get your tax bill next month. Power tends to make people arrogant and insensitive; absolute power make them absolutely arrogant and insensitive. -It's happening here and now in Morton Grove.

Sincerely,  
John Hilkin

#### Hanson upsets Bugle reader

Dear Editor: The article Ed Hanson had in the Bugle Thursday, August 13-1981 really upset me. I feel he was taking cheap shots at the air traffic controllers, and I would venture to add has little knowledge of their jobs. It would be only fair, if you or Ed Hanson would talk to a striking controller that has some seniority, and who could reply to these comments.

Thank you,  
Florence Touney

#### Peanut League commends staff

Dear Editor: I wish to publicly express my sincere thanks and commendation to all those who made the 1981 Niles Peanut League baseball season a season to truly remember.

Players, parents, sponsors and the community can take great pride in the achievements of the children.

Special recognition and thanks are due the team managers and their staffs. Without the help of these unselfish, highly dedicated, and community conscious people, the season would not have been possible. The team managers were: John Stenger-A's; Marty O'Grady-Orioles; Frank Biga-Cubs; John Jekot-Pirates; Mary Jensen-White Sox; Eddy Nakai-Reds; Ed Lerner-Red Sox; Bob Chupich-Astros; Bob Pawlowski-Padres; Cliff Panek-Twins; and Carlos Patterson-Giants.

Baseball...community consciousness...and dedication to development of youth are alive and well in Niles...in fact, they flourish here.

### Leaning Tower "Y" offers membership discounts

Leaning Tower YMCA is offering discounts on new memberships - \$23.50 off the price of a new family membership and \$11.50 off the price of a new adult membership. The discounts will be in effect during Leaning Tower YMCA's Fall Membership drive from now through Sept. 12. For details, call Leaning Tower YMCA at 647-8222. Interested persons are advised to call early before popular Fall Classes are filled.

"We think YMCA membership is such a good idea that we want more people to benefit from it," said Jim Kohler, Program Executive.

Despite its name, the YMCA doesn't limit itself to serving young men. Activities range from learn-to-swim classes for tiny tots to social and recreational programs for senior

citizens. Last year, 46 percent of the persons served and 46 percent of the members of the YMCA women and girls.

Locally, Leaning Tower "Y" served 9,200 women and girls and 11,900 men and boys.

"The changes in Leaning Tower YMCA reflect a number of changes that have occurred in YMCA's across the country, both in programs and in participants," Kohler explained. He pointed to the rapid growth of family memberships as one example. "The number of family memberships in the United States has risen by nearly 10% in the last five years, increasing from just over one million to more than one and a half million memberships. "In the last few years, participation by women and girls has

## Niles Baseball League

### Orioles win Peanut League Championship in cliffhanger

Scoring 67 runs in their last four games, the Niles Peanut League Orioles clinched their league's playoff championship in a 9-8 victory over the Twins on August 5 in a night game at Jozwiak Park.

Pitching for the Orioles were Marty O'Grady, Timmy O'Grady and Brad Eshoo. Catching was Eric Hayes.

The Orioles jumped to a one run lead in the first inning when Timmy O'Grady punched a base hit which drove his brother Brian in for the score. The score remained 1-0 until the third inning when Brad Eshoo smashed a home run followed closely by a triple from Timmy O'Grady which put three more runs in the Orioles column.

The Twins came back in the fourth inning and put two runs on the board with a base hit from Tzinberg and a double from Arendt. Score at the end of the inning was 4-2 Orioles.

The Orioles increased their lead by five more runs in the fifth inning through explosive hitting from Timmy O'Grady and Danny Bredwell. Timmy's hitting drove in three runs and Danny's two. Danny was robbed of a home run by excellent defensive play by the Twins at the plate.

The Twins added two more runs to their score in their half of the fifth with hits from Hall, Hay and Tzinberg. Score at end of fifth, Orioles 9 - Twins 4.

Entering the sixth inning, the Orioles had one thing on their

minds, scoring, and score they did, but not enough. Hitting again by Hall, Hay and Tzinberg ran the Twin's score up by four more runs. Score now Orioles 9 - Twins 8. Orioles' pitcher Eshoo kept his cool after the Twins' scoring streak and struck out Glavin. One out now. Twins' Komo followed Glavin and lined out. Two outs now. Baylen followed Komo and draws a walk. Pressure is mounting for the Orioles. Eshoo stays steady and delivers. Lazerwith connects and fire a crackling, hot line drive down the right field side. Orioles' first baseman Marty O'Grady in a truly outstanding defensive play snatches the liner from the air with cobra-like striking precision and dashes the Twins hope for victory. Three outs! Orioles take the championship without having to take their raps in the sixth. Final score Orioles 9 - Twins 8.

Throughout the game the Orioles received outstanding defensive work from Erin Kelly and Matt Kelly - third base; Brian O'Grady - second base; Jason Bredwell - left field; and Tony Andrews-right field. Marty O'Grady, pitcher and first baseman, was awarded the championship game ball by his teammates. The Orioles voiced great appreciation for Walt Beusse's support and sponsorship of their team during the season.

To earn the right to play the Twins in the championship, the Orioles had to defeat three other teams in playoff competition. Victims of the Orioles march to the championship were the Pirates (July 28) - Orioles 13-Pirates 3; Padres (July 30) - Orioles 23-Padres 2; Reds (August 3) - Orioles 22-Reds 1. In all, the Orioles scored 67 runs in championship play. The Orioles were feted at an awards dinner at the Niles Recreation Center on August 14 where each team member received a trophy in recognition of championship achievement.

Gaza went 3 for 3 with 1 homer but poor fielding contributed to the loss. Nice going Dave!

Reds 4 - Expos 12

The Reds scored 5 runs in the last inning but it wasn't enough to win. Jerry Romanek pitched 3 excellent innings, for his first start of the year. Brian Nawrocki went 4 for 4. Dave McFeggan set a single game record of 4 balks in one inning. Nice going Dave!

Reds 4 - White Sox 2

Excellent pitching by Goldbach, Gattuso and Hickey held the White Sox to 2 runs. Dave McFeggan had 2 RBI's while Jerry Romanek scored the winning run. Excellent defensive plays by Mike Yetter in center.

Orioles 5 - Red Sox 15

The Orioles brought up Frank Zieball from Bronco.

Orioles 16 - Twins 10

For the Orioles, Art Dospiel led the hitting attack going 5 for 5, Steve Gaza went 4 for 5, Tony Pezzo, Dave Fireman, Victor Pedrazo, and Dan Arendt each had 1 hit and Roy Bethge and Paul Kratz each had 2 hits. Greg

### Pony AAA

Team	W-L
NBL Padres	13-2
Eastern Style Pizza A's	10-3
The Bugle Red Sox	10-3
NBL Giants	3-10
Knights of Columbus Braves	1-15
A's 12 - Braves 0	

Perfect hitting by Ken Reeve, 3 for 3, Chris Early 2 for 2 and Alan Singer, 1 for 1 combined with Ken Reeve, Steve Boscopomi and Rob Hills shut-out pitching gave the A's the 12-0 victory.

Giants 5 - A's 17

Alan Singer and Ken Reeve paced the A's offensively as Rob Hill and Scot Larson only allowed 5 runs in the 17-5 victory for the A's. Brian Nawrocki was brought up from AA Pony.

A's 10 - Red Sox 2

For the A's, Steve Boscopomi went 4 for 5 and Scot Larson went 3 for 4. This, combined with the pitching of Ken Reeve, Steve Boscopomi and Ken Taskaski, helped the A's win the game 10-2.

Padres 13 - A's 1

For the A's, Singer had 2 hits and Traskaski had 1 to help push across one run. The Padres won this game 13-1.

### Peanut Division

The NBL White Sox won the second game of the Peanut League World Series from a tough Astros team to force a third and deciding game. In game one the Sox were led by sluggers T. Jensen with two hits including a home run, P. Wankel two hits and Galassi, Schecter and Hirschfeld with one each.

The Sox took the lead in the fourth inning in the second game of the Series. Sox pitchers O'Brien, Frawley and Galassi allowed only six hits while hits by Jensen and Abramson, 3 for 3, Galassi with 2, and Wankel, O'Brien and Hirschfeld with one each gave them all the runs they needed to beat the mighty Astros.

In the third and deciding game the Astros came out on top winning 5 to 2. Hitting for the Sox were T. Jensen 3 for 3 and O'Brien with a single. Sox pitchers O'Brien, Galassi and Frawley, again allowed only six hits but they just couldn't pull this one out.

All trips leaving from the Howard CTA Station in Rogers Park between 8:24 a.m. and 4:57 p.m. will terminate in Park Ridge.

These service reductions have already been presented to the public at a hearing held by the RTA (Regional Transportation Authority) and were subsequently approved by the NORTRAN Board at their July meeting.

"This is a cost-saving measure made to inconvenience the smallest number of riders," said William R. Galliani of Lincolnwood, the District's Bus Committee Chairman.

Galliani asks that NORTRAN riders make note of these changes because revised schedules may not be immediately available. NORTRAN is an RTA subsidized carrier.

### From the LEFT HAND

It was an interesting neighborhood. We came from very diverse backgrounds, yet melded into a very closely-knit neighborhood family. We've all been friends through these 28 years, even though many of us have moved from our first home.

Clarence came out of the rich farmland of Iowa, in the southwest corner not far from Missouri. Perhaps a little less street-wise, and probably a little more trusting, and not figuring the other guy down the path would seek any advantages. He, too, went into the army, served south of the border and came home with a case of malaria.

Clarence came out of rural America. He was brought up small town. He served a little less street-wise, and probably a little more trusting, and not figuring the other guy down the path would seek any advantages. He, too, went into the army, served south of the border and came home with a case of malaria.

We went into the local city schools and wound up at the state universities. Clarence came out of very small schools, went to a small college across the Missouri state line, but wound up at bigger universities during the war and finished immediately after.

He served as a coach for boys' and girls' basketball teams in Iowa, became intensely interested in music and science and brought his wealth of interests to Niles where he exploited them when he became superintendent in Niles School District 71. The science and band music awards the school received were many through the Culver years.

Clarence served on the library board for 12 years and was likely the key board member to have the library located at its Oakton Street location. In past years the old Bugle used to yell and scream when it saw the library building being built across from Clarence's school. But it begrudgingly admired the determination of Culver to get things done for his school and his youngsters.

Clarence was a 144 pound GI during his early days in service. In subsequent years his weight ballooned to twice that figure. Yet, despite his extra poundage, he was a remarkably graceful athlete. We saw him on the Niles School basketball court and he was as quick and light-footed as a ballet dancer. On Sundays he used to play baseball with his younger brethren and was among the best on the field. He had once been offered a try-out at the St. Louis Cardinal baseball camp in the early 40's. He was a man of many skills and talents.

Clarence and his wife, Doris raised 3 fine children who always had a close and loving life together. Clarence came up from Iowa 28 years ago and touched everyone's life who lived in Niles. Thousands of school children were touched by his efforts and the entire community became enriched by his contributions at the library. Many school teachers became teachers because Clarence extended an extra kindness on their behalf.

He was a gentle man and he was a kind man. We are all the better for his having passed our way on his round trip to and from Iowa.

Postscript: Clarence's many contributions to the betterment of Niles Schools can best be told by the teachers who speak so highly of him. It would be most befitting if District 71's school board would name one of its 2 schools after him. It would be a lasting tribute to a man who devoted his life to Niles Schools' children.

To raise funds to purchase the equipment for the park, Heinen spent two years speaking to community service organizations. So far she has collected \$6,000 and the Niles Park District has paid the remaining \$9,000 bringing the total cost of the park to \$15,000. However, Heinen added she hopes to raise more money to pay the park district back for its contribution. "We will wipe out the debt," predicts Heinen.

Heinen, who is President of the Maine-Niles Association for Special Recreation, an area-wide group providing special services to the disabled, said her association will use the park to run programs for the disabled.

Heinen could only praise her fellow park board members saying they "were very good about it and realized we should have something like this."

Additionally, Heinen said park district maintenance supervisor, Tom Lippert, did an outstanding job landscaping the park. "He put in extra hours that the park district did not pay him for," said Heinen.

Recalling the pride she felt as the first disabled child used the new equipment, Heinen said, "The community has joined hands to help the disabled. The community really showed that it had heart on Saturday."

He pointed out that in a time of crisis or emergency such as the illness of a mother with small children a homemaker may be placed in the home for as much as eight hours a day. In other cases where such intensive care is not required, such as service to an aged person needing minimal assistance, it may mean a four hour service period once or twice a week.

ce and couldn't go along with it another year. There are more tangible things you can get for that money."

Commissioner Joan White accused Boznos of being a publicity seeker, "speaking out only when the public and press are present." She said he could have discussed his views with the board at earlier budget sessions, rather than "throwing it up in commissioner's faces at the last open meeting."

Mrs. White said she spent 40 hours going over minutes of past meetings to compile a list of Boznos' previous remarks in favor of the national convention.

Boznos, who insists he feels there is worth to the national convention and only objects to the public footing the bill, said he would pay for it out of his own pocket if the item were dropped from the budget. "I feel I made a mistake in the past and I wasn't going to prolong it. If I agreed with anything in the past, it was because I did not have enough experience."

Boznos made a motion they not attend the national convention, but, as happened at the past meeting, his motion did not receive a second.

Piper instructed park district director Dave Huber to make a comparison study with surrounding suburban park districts and said his board would follow Huber's recommendation.

Morton Grove resident Mrs. Barbara Blonz addressed the board saying she has just made that survey on her own, contacting park boards in Niles, Skokie, and Glenview. She revealed in those villages none of the commissioners attend the national convention.

According to Mrs. Blonz, Niles said if anyone wanted to go they would get \$22-\$25 per day for expenses. Glenview budgets \$3,400 in a travel account for the entire year. Morton Grove commissioners have appropriated \$7,000 for the national convention alone.

Huber, supporting the board's action, stated "we should be happy we have commissioners who

**We'll pay you 20% to get a head start on tax-free savings**

When it comes to savings, it's not the interest rate but what's left after taxes that really counts.

Here's what you'd have to earn to match 11.55% tax-free:

If your family gross income is:	Your tax bracket probably is:	The yield is equivalent to:
\$50,000 or more	50%	23.10%
35,000	40%	19.25%
25,000	30%	16.50%
20,000 or less	25%	15.40%

Interest rate of 11.55% is equal to 70% of average investment yield on one year U.S. Treasury Bills at most recent auction. Figures above are approximate and based on 1981 tax tables.

\$2000 tax-free interest on a joint return or \$1000 on an individual return. You could invest up to \$20,000 and not pay a penny in taxes.

Because it's tax-free, it could be the highest yield you've ever earned! If you're in the 40% tax bracket, you would have to earn at least 19.24% (all year long) to equal the return of the tax-free AllSaver account. If you're in a higher bracket, your equivalent yield would be even higher.

Your yield is stable and your deposit is fully insured. The yield on the Skokie Federal tax-free AllSaver certificate is fixed for the entire term of the certificate - one year. And it is fully insured by an agency of the U.S. Government - unlike the money market funds.

You can get a head start bonus! We think tax-free savings are so important, we've designed a head-start program with a bonus. If you have a certificate coming due any time between now and October 1, bring it to Skokie Federal Savings. We'll pay you 20% simple interest in a special Cash Builder holding account and then transfer your savings into the tax-free AllSaver certificate October 1.

You won't wait in lines or parking lots, you won't miss a day's interest, you will get a tax-free certificate and an interest bonus - automatically.

The minimum deposit is low - only \$500. Congress intended a tax-free account for every saver and we agree. You can start your tax-free AllSaver certificate with as little as \$500.

Skokie Federal Savings locations are convenient and local. Your tax-free All-Saver certificate may be opened at any Skokie Federal office in person, by phone or by mail. There's a Skokie Federal branch open six days a week during hours that are convenient to you. For additional information call 674-3600 or any branch office.

## Recital to benefit JCC scholarship program

Pinchas Zukerman, recognized as one of the great violin virtuosos of the century, will appear in recital at Orchestra Hall, Sunday evening, October 25, at 8:00 p.m. to benefit the scholarship program of the Jewish community Centers of Chicago.

In announcing Zukerman's appearance, Robert Beaubaire, chairman of the JCC's Benefit Committee, said "we are delighted to have a musician of Mr. Zukerman's stature perform at our annual benefit. Though many of the world's top musicians have performed at JCC benefits during the past 18 years, Mr. Zukerman is indeed a milestone in our continuing series of musical programs."

Zukerman has been praised by critics all over the world. The New York Times has said "an effortless stream of sweet, beautifully focused tone while spinning lyrical lines of utmost elegance." The Washington Post has commented that Zukerman is "very likely the most versatile of all major musicians."

Zukerman regularly appears with major international and American orchestras as well as in recital. As a violinist and violist, Zukerman often performs with Isaac Stern, Itzhak Perlman, the Chamber Music Society of Lincoln Center, and his wife, flutist Eugenia Zukerman. He has conducted the Boston, Detroit, Toronto and Vancouver symphonies, the English Chamber Orchestra, Israel Chamber Orchestra and the Los Angeles, Philadelphia and New York philharmonic orchestras.

Two seasons ago he was appointed the new Music Director of the St. Paul Chamber Orchestra. For the past five seasons he has been Music Director of London's South Bank Festival. Tickets, which may be ordered through JCC's central office, at One So. Franklin St., Chicago, telephone 948-6700, ext. 7741, or any of the 18 centers throughout the city and suburbs affiliated with the Jewish Community Centers of Chicago, range from \$900 for a Guarantor's box six, \$150, \$85 and \$40 for main floor seats, and \$40, \$27.50 and \$17.50 for balcony seats. Gallery seats are \$10.00 each.

## Variety Club golf winners

Not even the weather—"it never rains on a golf course"—could dampen the enthusiasm of the 4th annual Variety Club-Irv Kupcinet Pro-Am Golf Tournament, Monday, July 27 at Evanston Golf Club. Thanks to 30 of the nation's top women professional golfers, many of whom played in the U.S. Open in La Grange, who gave their valuable time and skill to make the tournament a tremendous success, raising over 40,000 for the Variety Club-Karyn Kupcinet Center at Little City. "Outstanding," Kup said of the event which honors him. "Having the lady pros makes the tournament unique. It's a beautiful event in that people give of themselves."

The winning team which shot 23 under par for a 117 score, consisted of Chuck Fergert (husband of Barbara Eden), Lois Good, pro Susie McAllister, Robert Abate and Marshall Fisher. Pro Sandra Post, who posted the lowest score, 70, teamed with First National Bank of Lincolnwood executives (left-right) Harold Cohn, Dr. Fred Weitz, Sandra, Joe Franks and Peter Rusin to finish second.

## Chicago Symphony auditions

Auditions for the Chicago Symphony Wind Ensemble's (CSWE) 1981-82 Concert Season will be held on Sept. 8, 9, 10 and Sept. 14, 15 and 16 at Truman College, 1145 West Wilson ave., Chicago, by appointment only. All musicians who enjoy playing and performing challenging, versatile musical compositions can arrange for an audition and an application by calling 631-5800 anytime day or night.

The Chicago Symphonic Wind Ensemble is a semi-professional organization dedicated to provide musicians from the Chicago metropolitan area with an opportunity to develop and maintain their talents through public performances. Members of the ensemble come from as far away as Indiana and Wisconsin to rehearse every Thursday evening at Truman College and to perform the season's concert program. For further information about CSWE and to arrange for an audition and application call 631-5800, or write: CSWE, P.O. Box 25782, Chicago, IL 60625.

## New Pol-Am TV show to premiere

The first new Polish American television show in many years will premiere on Saturday, August 22 on WCNU-TV (Channel 26), at 5:00 p.m. The program is entitled "The Pol-Am TV Journal" and will be presented in the English language. The show will appear every Saturday at 5:00 p.m. on Channel 26. Host for the show is T. Ronald Jasinski-Herbert. Jasinski-Herbert is Editor-in-Chief of the "Pol-Am Journal" newspaper, President of the Heritage Club of Polish Americans, President of the Polish American Lawyers Association (Advocates Society) and past Council President of the United Polish American Councils. The program will have an "open" format, permitting interviews, demonstrations, performances, conversation and a fast-moving report of news of importance to Polonia.

## Summer theatre trip

A "hundred thousand miles of memorable travel" is one of the ways Allen Schwartz, Oakton College and New Trier extension instructor has described his Study-Travel offerings to the local community. In recent years, he has included a variety of unique theatre programs both local and abroad such as this summer's Theatre in Minneapolis with Allen Schwartz, featuring the Guthrie Theatre, as well as mini-outings to Stratford, Ontario. Schwartz describes the forthcoming Aug. 27-30 trip as "4 plays in 4 days with an escorted tour and discussion at the famed Guthrie Theatre." A popular North Shore instructor for many years, Schwartz has organized this eclectic journey with special pre and post seminars that help prime the theatre-going travellers for what they will experience and then to re-examine what they have experienced. The 4 productions are "Our Town", Moliere's "Don Juan", Agatha Christie's "Murder on the Nile" and Noel Coward's "Blithe Spirit", which will be performed at Guthrie, Chimera and Chanhassen Dinner Theatres, respectively. Each an award-winning Broadway hit, the scripts are described as "diverse as they are diverting." For further information regarding the August trips to either Minneapolis or Stratford, Ontario, call Allen Schwartz, 679-4123.

## Niles Squares perform at Golf Mill

The Niles Squares will present Square Dancing Under the Stars at Golf Mill Shopping Center, north of Sears on Friday, August 21, from 7:30 to 9:30 p.m. Everyone is welcome. Come watch the festivities and join the fun.

## New World Events class

The Niles Senior Center is very proud to introduce its newest class in the fall lineup. The class will focus on world events. The instructor of the class is David Singer, Ph.D. The class will run six weeks, beginning on Monday, Sept. 28 at 4 p.m. It is a one hour class. The class will end on Monday, Nov. 17. Tuition for this class is \$5 for the entire six weeks. Seven topics will be covered during this class. The final class will be saved for a summary of the class sessions of the previous seven weeks. The Sept. 28 session will feature the current RTA crisis and the decay of the inner city. The Oct. 5 class will key into the problems of the aging population within the United States. The Oct. 5 class will highlight the issue of Polish solidarity and the strike situation in Poland. Violence in Northern Ireland and the hunger strikers will be discussed on Oct. 19. The unresolved Arab crisis of the Middle East will be covered on Oct. 26. The current rioting and unrest in Great Britain will be the topic for the Nov. 2nd class. The realignment of World Forces and the question of Soviet expansion and Sino-American relations will be covered on Nov. 9. Dr. Singer plans on conducting these sessions as a discussion type of group rather than as a straight classroom type of experience. He plans on providing some historical background on each of the topics, and then opening the floor up for discussion. He is confident that most students will enjoy these weekly sessions. His plans for the class involve asking the participants to bring in newsclipings for the various topics under consideration.

## Begonia Show at Botanic Garden

Popular and unusual varieties of begonias will be judged and displayed for public viewing on Labor Day Weekend at the Chicago Botanic Garden. The second annual show sponsored by the Greater Chicago Branch of the American Begonia Society will be open Saturday, September 5, from 12 noon to 6 p.m.; Sunday, September 6, 9 a.m. to 6 p.m. and Monday, September 7, 9 a.m. to 4 p.m. in the Education Center. Begonias and other shade loving plants entered in the show will be judged in 11 divisions and 25 plant classes. Awards will also be presented for begonias represented in art, photographs and crafts. Expert begonia growers will staff an educational exhibit to answer questions and society members will sell plants and educational materials.

Plant entries will be accepted Friday, September 4 from 10 a.m. to 6 p.m. or Saturday, September 5 from 9 a.m. to 10 a.m. and must be picked up Monday, September 7 from 4 p.m. to 6 p.m.

Admission to the 300 acre garden grounds, the Education Center and greenhouses, and the Begonia Show is free. For further information call the Chicago Botanic Garden, located on Lake-Cook rd. (east of Edens Highway), at 836-5440.

### Fall pinocle tournament at senior center

The Niles Senior Center, 8060 Oakton will sponsor a fall pinocle tournament. The tournament is open to all Niles residents over age 62. There is a \$1 entry fee which will be utilized for cash prizes for the winners.

The eight week tournament will begin on Friday, Sept. 25 and run until Friday, Nov. 20. There will be no tournament on Friday, Oct. 30, as this date conflicts with the center's popular annual Halloween party. The time of the tournament will be at 2:15 p.m. Please call 967-6100 ext. 76 to register for this pinocle tournament.

### Tempel Lipizzans dress rehearsals open to public

Because of public demand, Tempel Farms, in Wadsworth, Ill., is offering outdoor dress rehearsals of their world-renowned Tempel Lipizzans every Friday at 11:00 a.m., weather permitting. (During inclement weather, limited seating available indoors.)

The Tempel herd, pure bred from the original Austrian stock, is the largest privately owned group of Lipizzans in the world. Lipizzan stallions from the Tempel Farms are known for their excellence in the art of Classical Dressage.

Admission is adults, \$3.00; children under twelve, \$1.00. (Group rates available upon request.) Tickets go on sale one-half hour before the event. Tempel Farms, Wadsworth Rd., Wadsworth, Ill. (five miles northwest of Great America), phone: 244-5331 for information.

### Greek-American Festival

Remember the good times? The music? The songs? The wine? The good feeling of being with people you've known for a lifetime. Now is the time for more of those good times. Make plans to visit Chicago's Greatest Greek-American Festival, the 32nd annual Annunciation-St. Demetrios Picnic to be held on the church grounds (2727 Winona) for 4 days, Thursday through Sunday, August 20 through 23 says chairman Ernest Neokos, 14205 Prospect, Park Ridge (left) and parish council president Tom Panouses, 4044 Columbia, Lincolnwood (right).

This year's festival highlights the 53 anniversary of St. Demetrios Greek Orthodox Church of Chicago-50 plus 3 years of Christian service to the community. The Greek '81 Festival will feature authentic Greek food, music and dancing, a friendly and relaxing Greek Taverna, Loukoumades, rides, games and many other attractions including \$10,000 in cash prizes.

### Teleprompter - In the Public Interest

## Some day, the most popular TV show on your block may be the Skokie News Report

In Teleprompter's recent survey of Skokie residents, 64%—almost two-thirds—wanted to see better television coverage of Skokie news. Our response to this request is not merely a special news program. With the independent system that we've planned for your community, we're devoting blocks of programming on several channels to local news, features and up-to-date coverage from traffic conditions to business reports.

Our local news coverage is one example of our local programming. It is an essential part of Teleprompter's stand-alone Skokie cable system. That's why we've offered a central studio, located at Center East, plus a mobile van and staff allocated exclusively for local programming produced for the community of Skokie.

This emphasis on your community is possible because of our commitment to Skokie. Since Teleprompter's proposed cable communications system would be based in Skokie, your communications system would not be dependent on the cable needs or staff of any nearby community for its building, operations or equipment.

If you would like to know more about local news, movies, sports and the many other aspects of our proposed system for Skokie, please request our free booklet. In *Cable Television for Skokie*, you'll find a complete summary of our proposal, and you'll see how suggestions of Village residents helped us design a state-of-the-art cable system for your community.

For your free copy of *Cable Television for Skokie*, call 673-9036. Or write Teleprompter Cable Communications, Suite 29, 9701 N. Kenton, Skokie, Illinois 60076.

### District 63 . . .

representing the Greenwood Park Condominiums, Milwaukee and Greenwood avenues, asked that bussing be provided for their children because immediate access to Western avenue was denied the children when a six-foot high stockade fence was constructed by neighboring Courtland Square Condominiums.

Leslie Steiner, speaking for the parents, said a walk to Twain school by the area's 250 children required almost 35 minutes for an adult and would involve walking down Golf road. He said most parents could not afford to pay for bussing offered by the school.

James Bowen, business manager, said he thought the district paid to install a concrete platform and gate in the fence about 12 years ago. Board members suggested a crossing guard lock and unlock a gate during the time children traveled to and from school. Parents said there was no longer anywhere to place a gate because of guard rails on one side of the fence.

Temper soared at times with Gary Bellgard saying, "I feel that the board has no regard for the children of this area" and Judi Steiner exclaiming "Will you wait until one child is killed?"

The board attorney was directed to investigate the matter. In a somewhat unusual move, board members rescinded approval of a contract to Finnegan Paving for \$2,506 for work to be done at Apollo and Melzer

## Niles Parks. . .

their mothers in a neighboring room. Right now, explained Marusek, "we don't have a facility that allows various activities to go on at one time."

Marusek said that ideally the park district would like to use Oak School's gymnasium and a number of classrooms.

The empty Oak School is being considered, said Marusek, because it is centrally located and is close enough to Grenman Heights fieldhouse that equipment and staff can quickly be brought over.

Additionally, Marusek said she hoped by the park district renting Oak School, it will help assure school officials that it is unnecessary to sell the centrally located Niles school.

Marusek also said the park district is proposing taking over some of District 63's after-school sports programs. Currently the elementary school district is having to cut back these programs because of diminishing funds.

Marusek said the park district would like to offer after-school programs inside the schools, however, a small fee would be charged to participating children. Additionally, any child living within the Niles Park District would be eligible to sign up for these after-school programs in the elementary schools.

In other business, Commissioner Walt Beusse announced there has been a noticeable decrease in park vandalism during the past weeks. According to Beusse there had been "some reduction in malicious vandalism" in the parks since he began his one-man campaign to combat vandalism and drinking in the parks.

During recent park district meetings Beusse announced vandalism has been more extensive this summer than ever before. He attributed it to groups of minors, perhaps under 16 years old,

## Cont'd from Niles-E.Maine P.1

loitering in the parks at night. In addition these youths have been observed drinking beer in the parks.

Additionally, Beusse said six youths were detained by park security men during the past few weeks for drinking in Niles Parks. Beusse said the youths were brought to the Niles Police Department after being observed drinking beer in Greenwood, Courtland and Grenman Heights Parks.

While police did not charge the youths with possession of alcohol by minors, they did warn them and request the children's parents come to the police station to claim their children.

Beusse said the park district will continue to "pursue" the policy of bringing youngsters caught drinking in Niles parks to the Niles Police Department. Beusse observed, "These youngsters feel they have the privilege to drink beer in the parks."

Beusse said he hoped continued publicity about the vandalism and drinking in the parks will alert residents living around the parks to contact police when they see area youths abusing the parks.

Additional announcements made during the board meeting included the accepting of a bid by R.B. Hayward Co. of Schiller Park to site condition the Tam golf course club house. Hayward's low bid came in at \$4,338 to install a four-ton air conditioning unit.

### Free movie at Sports Complex

The last free movie to be shown this summer will be "Breaking Away". Here is the award winning story of four high school graduates in search of a future in their small midwestern town. Join us on Friday, Aug. 21 at the Sports Complex; show starts at 8 p.m. or at darkness. Viewers are encouraged to bring blankets or chairs.

schools. The company indicated they would not proceed with the work. A higher bid by Dekaf Paving for \$2,885 was approved.

Board members also defeated a motion to reinstate the use of team coordinators in Gemini school because stipends for the work would be about \$7,000.

Board members voted to submit two resolutions to the Illinois Assn. of School Boards for decision at the fall convention. One involved notification of school districts when organizations attempt to infiltrate schools for other than their established purpose. Secondly, they asked leased or vacant schools not be subject to tax assessment if renting to a profit-making organization. If passed by IASB, both would be subjects for lobbying.

Two school board members are designated to be elected for four-year terms on November 3, 1981. Receiving and filing of nominating petitions and accompanying documents will be from 8:30 to 4 p.m., Mondays through Fridays, except school holidays, beginning August 17 and ending August 24, at the district office, 10100 Deer Rd., Des Plaines.

Board members approved the rescheduling of the October 13 meeting to Tuesday, October 6.

done. Ballard, Apollo and Wilson schools' roofs will be repaired last.

Board members defeated a motion to reinstate the use of team coordinators in Gemini school because stipends for the work would be about \$7,000.

Board members voted to submit two resolutions to the Illinois Assn. of School Boards for decision at the fall convention. One involved notification of school districts when organizations attempt to infiltrate schools for other than their established purpose. Secondly, they asked leased or vacant schools not be subject to tax assessment if renting to a profit-making organization. If passed by IASB, both would be subjects for lobbying.

## letter to the editor

Continued from Page 3

submitted a new proposal which was substantially unchanged from 1979 offering with the exception that they now offered a pre-payment of the franchise fees in the amount of \$500,000.

I sincerely believe Niles is receiving an inferior system and in the long run a more costly one for the citizens of the Village. Let me explain further.

Cablenet, Inc. offered a 120 channel system with 440 MHZ, dual cable trunk, double feed. However, Cablevision is only giving Niles a 52 channel system with 400 MHZ, dual cable trunk, single feed. Cablenet's higher channel capacity allows the village to receive more income over the next 15 years. This is due to more channel pay-TV programming, more leased channels and many other auxiliary services for the subscriber. (We collect a 5% franchise fee based on gross revenues from all services rendered by the cable operation.)

The future programming and services of cable TV need greater channel capacity than Cablevision has to offer for the years ahead. Many dual cable, high capacity systems are being offered and built in many other areas of our country.

A high capacity channel system would give to other local governmental bodies in our community - Niles Park District, Niles Public Library, our Elementary School Districts, High School Districts, and Oakton Community College, dedicated channels to do their own programming. Because of Cablevision's limited channel capacity, these institutions will be forced to share channel space at the dictates of Cablevision.

Cablenet's system had a far greater capacity to provide institutional capability with a totally integrated interconnection with other municipalities. Cablevision's limited system design cannot be integrated with the surrounding communities for technical reasons too detailed to explain here. This denies Niles of obvious potential flexibility the other communities will have.

In less than ten years, the capacity of the Cablevision system will have reached its limit, whereas, Cablenet will still have room for expansion. For little over \$1 per subscriber, Niles could have had a high capacity channel system and the ultimate in state of the art technology. These are just a few of the reasons why I think Cablenet, Inc. is far superior.

The \$500,000 pre-payment of franchise fees of cash - now, cable-later trend has now spread from the South and West suburbs to Niles. The other Northwest communities have shied away from up-front payments since cable TV experts see these outlays as hampering the ability of the cable operator to build and complete the system within the committed time frame because of the cash flow problems such pre-payments create. It is also viewed as a hidden tax that will result in higher fees to the subscriber. At some point in time the interest that Cablevision must pay to borrow the \$500,000 must be balanced off with increased subscriber fees. I do not believe the true purpose for the cable TV study was fulfilled; and therefore, I voted "No" to the Cablevision proposal.

in the Niles district when Culver arrived in 1952. Murphy noted at its height that number swelled to 890 and has since decreased to 375 students.

Murphy recalled how Culver introduced foreign language classes to the curriculum in the early 1960's. Under Culver, all students from third to eighth grade had to study French and, beginning in 1977, Spanish was also offered to students.

Murphy said Culver felt language classes were important to give children the experience of learning a language which required discipline.

Murphy also spoke of Culver's interest in the science program. "He was a scientist from the word 'go,'" said Murphy. "Many times he went into classrooms to assist and help students with different science projects."

Murphy noted many Niles graduates went on to receive advanced university degrees in the sciences.

Veteran teacher Sue Tandy recalled that Culver "had a great deal of character. He took your personal problems personally

## Cont'd from Niles-E.Maine P.1

himself." Tandy said Culver had assisted many school employees when they needed different types of help throughout the years.

Tandy added that Culver always had time to listen to teachers and, when forming policies, may not have agreed with teachers but, said Tandy, "he always took your ideas into consideration."

Al Liska, a teacher and coach in the Niles system for 25 years, said Culver "honestly believed in getting the best possible teachers and faculty for the students in Niles." Liska, who ran the school's sports program said Culver, "completely supported the sports program...though his first concern was education."

Liska said Culver encouraged the sports program because he believed "if you get boys and girls involved in wholesome activities, they would be better students in the long run."

Liska said in many school districts teachers have virtually no contact with the superintendent, but in District 71 it was just the opposite. "Many times we'd sit down with him (Culver) and work out solutions to problems,"

said Liska. Liska added if there were disagreements over policies between a teacher and Culver, he would "come up to you in a nice, constructive way and explain his decision rather than send you a letter..." as is done in other school districts.

Reflecting on her years working for Culver, former teacher Tandy said, "I will miss him very, very much. He was like a member of the family."

Echoing those feelings was Murphy who said, "We all lost a real good friend."

Besides his work in the Niles school district, Culver was one of the founders, as well as a past president of the Niles Public Library. Also Culver served on committees to help form the Leaning Tower YMCA and Lutheran General Hospital.

Culver is survived by his wife Doris; a son John (Chris) and two daughters, Susan (Kon Sweet) Chen, Debbie Jansen and five grandchildren. Also surviving are his mother Della Culver, brother David Culver and sister Pattie (Phillip) Foltz.
