Park plans Chesterfield acquisition

by Bob Besser

Niles Park District officials hope to acquire the Chesterfield Park by January 1. The park, located on the 8600 block of Sherman Rd., is presently being leased to the Niles Park District for \$1 per year by the Chesterfield Country Club, Inc.

During Tuesday night's Niles Park Board meeting, Gabriel Berrafato, Niles Park District Attorney, announced he had received a letter of intent from the Chesterfield Country Club restating the necessary con-

ditions for the park district to acquire the park. Members of the Chesterfield Country Club met with Niles Park District Commissioners on October 20 to discuss the transfer of the deed for the property. Berrafato said he was waiting to receive a survey of the park from the Chesterfield group in order to determine if the entrances and exits in the park are adequate and to decide on the placement of a fence in the park.

From the Left Hand

One of the great business stories of recent years concerns a local business in Morton Grove, Clark Copy Corporation of Morton Grove. The company has made an agreement with the People's Republic of China which could result in Clark receiving \$60,000,000 from direct sales and a co-manufacturing agreement during the next 3 years. What makes this story so incredible is the company showed a profit of \$58,000 on sales of 1 1/2 million dollars for the year ending September 30.

What is equally remarkable is the company has only 14 employees and yet successfully competed against the largest corporations in the world in winning the agreement.

Not only is the Clark company a relative unknown in the field but market analysts couldn't believe a company such as Clark could slip in to a market while the big companies remained outside.

One reason the Clark Company was successful in their China connection is the Chinese still harbor grievances of the

Hearing Examination Tests

Did you know everyone over forty years of age should have a hearing evaluation test? Very often we go through years of not hearing properly; not realizing we have missed a sound, a word, a syllable or experienced distortions of the spoken word.

Faulty hearing hinders our relationships with others. We misunderstand people and therefore converse without full knowledge of what was said.

Our social, business and religious lives depend greatly on what was said and our hearing relationships.

Precision Hearing is offering free hearing tests until Nov. 30, 1981. Release from hearing trials is only a phone call away. Call 298-7050 for a free test and examination.

Nilesite commends Bugle commentary on nursing homes

Dear Mr. Besser:

Just a few words of commendation regarding your superior Bugle Commentary "Anatomy of a Controversy" which appeared in the November 12 issue of the paper. I am only disappointed that such a perceptive piece of journalism will not receive a wider exposure.

My wife worked for a year at what was then Golf View and later Mill View, and then for seven years at Glenview Terrace. One of my daughters recently left Golf Mill Plaza after working there for a year. Everything, and I mean everything, you said is true and additional comment from me in that regard is unnecessary, with one exception. There are dedicated people, few in number and underpaid, who do work at these "homes". They are people such as my daughter whose job was at the entry level (she's now working part time as a waitress while attending college) and my wife who wanted to get back into the working world in a socially meaningful profession after fifteen years at home raising children. Both left their jobs more in disgust and frustration with conditions than anything else.

Letter to the Editor

The major cause of the recent problems about which you wrote, and you describe it but don't give it its name, is deinstitutionalization; a policy, ironically, promulgated by a coalition, in effect if not in fact, of such disparate groups as the politically ambitious, anxious to profit from budget cutting publicity, and organizations similar to the ACLU which sometimes carry civil rights concerns to absurd extremes. What must be recognized is that there is a hard core of unfortunates - mentally ill and mentally retarded - who do not; and never will, fit into a community setting. They will require around-the-clock custodial care for the balance of their lives. The state should not be permitted to push these people from the state hospitals and developmental centers into private, for profit facilities, staffed by inexperienced, poorly trained, unmotivated and otherwise unsuitable personnel whose only qualification is that they come cheap.

My concern and that of my family is both humanistic and personal. Your article is written from the perspective of the community and its disruption and your points are well taken. The other aspect of the issue is that of the side of the affected mentally dysfunctional and their families.

Our son, Kurt, now 23 years old, has been in state facilities since 1968. He started at Elgin State Hospital, was moved to Lincoln Developmental Center in 1970 and will be transferred to Shapiro DC, in Kankakee shortly. Although ambulatory and responsive, he is profoundly retarded and needs 24 hour supervision. One thousand politicians, bureaucrats and liberals wishing it otherwise will not make it so.

From our own experience (my wife and I are members of the Lincoln Parents' Association), I know, as a fact, that the state is attempting and has succeeded in many instances to move the retarded into private nursing homes. I am not talking about private, not for profit schools such as the Orchard Center which is a reputable organization.

When our son was placed at Lincoln there was a resident population of more than 2500. There are now about 700 and the mid 1982 target is 500 or so; and this is only one state facility. I'm not aware that retardation and mental sickness have been eliminated so you guess where the people have gone. Relatives are told that should the private placements turn out to be unsatisfactory, the person may be, of course, returned. In the meantime, buildings are decertified and closed or the facilities are converted to other uses as is rumored in the case of Lincoln; i.e., there may be no place to return them to.

Niles Mayor Nicholas Blase said he was not surprised by Monday's Illinois Supreme Court decision striking down the controversial Chicago service tax. The Supreme Court decision followed by a few weeks a lower court ruling, prompted by a suit filed by the Village of Niles, declaring Chicago could not collect the tax in the suburbs.

The Chicago service tax ordinance placed a one per cent levy on business conducted by professionals inside Chicago. The sales tax ordinance placed a requirement on businesses in Chicago's suburbs to collect one per cent on each purchase to Chicago residents and forward it to Chicago.

While the Illinois Supreme Court did not issue an opinion following its Monday decision, Blase speculated that, among the reasons the service tax was ruled unconstitutional, was because it is uncollectable. Blase said, "The key is the fact that collection is so difficult it is unenforceable."

"These attempts at a service and sales tax," said Blase, "are all efforts to get money from suburbanites." The "real danger" according to Blase, of Chicago's attempt to collect taxes from businesses outside its borders is that virtually any home-rule municipality in Illinois could legislate similar taxes creating chaos throughout the state.

An open letter to medicare patients

Dr. Bernard A. Shindler, 1600 Dempster st., Suite LL-1, Park Ridge has written the following open letter to medicare participants:

"I am writing you a personal letter asking you this question, 'who is the forgotten citizen in today's society?' Well too often it is the senior citizens."

Sure, everyone complains about taxes and inflation, but how many of us have tried to cope, living on a fixed income?

For many of our patients sixty-five and over, it is a time of retirement they have looked forward to and dreamed about for years. And it is my opinion our senior citizens have been left unprotected in many instances. What a poor way to treat the very

people we should be thanking for their lifetime of contributions toward our country, schools and churches.

The senior citizens I have come in contact with are not looking for charity or some kind of hand out. They just want a chance to live a life of dignity and I certainly believe they have earned that right!

For the next thirty days, Dr. Bernard A. Shindler and Chiropractic Associates will show their appreciation of today's senior citizen: (All medicare deductible fees will be waived both annual and regular office visits). There will be no out of pocket expense to our Medicare patients for the next thirty days. This new program really excites us, so please take advantage as soon as possible.

Remember... this special Medicare program will end December 24, 1981. Give us a chance to give back! Call and make your special appointment at 296-7246.

VISITING NURSE ASSOCIATION

The Visiting Nurse Association (VNA) offers health care in the home under physician's orders usually to people returning home from a hospital stay or to those who have an on-going acute condition. Such care has been provided in this community for more than 80 years.

The VNA is not a nursing pool. It is a health care organization whose staff are fully trained, licensed and experienced professionals.

One of those professionals is Christine Frisoni, R.N., a nurse specialist in the health problems of the older person. Cris will be available to Morton Grove residents Tuesday mornings between 8:30 and noon to answer questions, make home visits, and to conduct health education programs. Contact Cris at the Morton Grove Health Department, 965-4100 ext. 259 or the VNA main office at 677-6164.

As in years past the Chapter will provide free assistance to M.G. seniors in filing their returns. This program will begin in February of 1982, but training is going on now for anyone who has experience preparing their own returns and are good with figures. Anyone interested should call the Morton Grove Senior Hot-Line at 965-4658, weekdays between 9:00 and noon.

HOME CARE FOR THE HANDICAPPED

This month's health program at the Morton Grove Public Library will be presented by the Visiting Nurse Association of Evanston/Skokie Valley and is entitled, "Home Care for the Handicapped". United Way campaign 30% short of goal

The United Way of Skokie Valley's campaign to raise \$146,250 to benefit 14 local service agencies is more than 30% short of reaching its goal. Residents, business and every segment of the community are urged to mail a contribution to the United Way of Skokie Valley, 4017 Church St., Skokie, IL 60076.

The funds are greatly needed to help 14 local service agencies continue their significant services to the villages of Golf, Lincolnwood, Morton Grove, Niles and Skokie. Cut-backs in federal grants not only pose new problems for many of them, but inflation hurts them as well. Your gift will help the Orchard Center for Mental Health, the Shore School for the Retarded, the Jeanine Schulte School for Emotionally Disturbed Children, the Rimland School for Autistic Children, Senior Citizens programs at the "Y", the Boy Scouts, Girl Scouts, Family Care Service, Family Counseling Service, Maine Township Mental Health Association, Niles Township Sheltered Workshop, Senior Action Service and Senior Citizens Legal Services.

The percentage raised in the campaign's divisions to date are as follows - Residential 67%, Industrial 61%, Public Employees 58%, Employee Participation 48%, Trades 45%, Clubs and Organizations 44%, Commercial 41%, Schools 40% and Professional 37%.

Heart Benefit skater wins bike

The first annual "Skate for Heart" raised \$3000 for the Heart Association of North Cook County. The funds will be used to help in its fight against heart disease and stroke. Each year, more people die from heart and blood vessel diseases than from all other causes of death combined.

"Skate for Heart" was held at four locations, including the Axle Roller Rink, Niles. Dawn Swinson of Des Plaines, skating at the Axle, brought in over \$300. She won a 10-speed bicycle.

T.A.L.K. Adopted by East Maine Schools

T.A.L.K. think, listen and speak. Come along and see Learning can be fun for all. Fun for you and me.

The little song above may be the beginning of a session in Project T.A.L.K. in a kindergarten or first grade class at Mark Twain and Nelson Schools this year. The program funded through a Title IVc, ESSEA grant and developed in Rockford, Illinois is being used by Lois Martin, (Speech & Language Teacher), Doris Barsky, (Kindergarten) and Cathy Mudd (First Grade) at Mark Twain School; and Doris Behrman, (Kindergarten) Joanne Butzen, (First Grade) and Joyce Gurolnick, (Speech/Language) teachers at Nelson School.

T.A.L.K. is an acronym for Teaching Activities for Language Knowledge and is designed to improve children's oral language skills. Units of study and activities are presented in the areas of Personal/Social Awareness; Listening Skills; Rhythm and inflections of language; Grammatical Skills; Word Relationships; Observation and reasoning skills and the application of those skills to other areas of the curriculum. The classroom teachers spent two days training at a T.A.L.K. workshop in which T.A.L.K. methods and materials were demonstrated and explained. A language specialist teaches T.A.L.K. lessons two days a week and the regular classroom teacher has the responsibility of teaching these lessons on two other days of each week. The children thoroughly enjoy the new T.A.L.K. lessons and are learning many important concepts at the same time.

The T.A.L.K. Program is supported by Federal funds and has been of no cost to District 63. The cost of materials, travel for training, and substitute teachers during training has all been provided by the funding of the T.A.L.K. Program. The staff members involved are enthused about their roles in this new and exciting program.

MGWC artists attend workshop

Members of the Morton Grove Womens Art Group recently spent a week attending a painting workshop sponsored by the Washington Island Art Association of Door County, Wis. Artemis Sotern, Ethel Mills, Emily Verdin, and Opal Schrader had a terrific time at the meeting, not only painting the magnificent fall colors abounding in the farm scenes, seashores and forest, but exchanging ideas with artists from a four state area.

The MGWC has an active group of artists who have, for years, exhibited at Lutheran General Hospital, the library, banks and other local art shows.

Shown above (l-r): Emily Verdin and Opal Schrader as they explore map of Door County, Wis.

State Police operate Radiation Detection equipment

by Secretary of State Jim Edgar

Where is the radiation coming from? The Illinois State Police (ISP) Hazardous Material (HAZMAT) Section is prepared to find out!

Equipment which detects radiation has been purchased with funds from the Illinois Department of Transportation. This equipment will be installed in squads. The ISP will be the only agency in the state with this type of capability.

According to Corporal John Nordin, Director of the ISP HAZMAT Section, "The monitoring equipment is so sensitive it can discover low level radioactive material carried by other vehicles. The officer on patrol can then determine the source and take enforcement action."

The device will be used to ensure compliance with transportation regulations regarding radioactive shipments and in such incidents as a traffic accident to determine if spillage of radioactive material has occurred.

New telephone device for hearing impaired

Speech and hearing impaired people will now be able to call Illinois State Police Headquarters throughout the State of Illinois, due to the installation of Porta Printer machines in each district.

A Porta Printer is a typewriter-like machine, used in conjunction with any normal telephone, enabling speech or hearing impaired people to type messages and receive digital read-out messages from State Police Headquarters.

Through a series of flashing lights on the machines, the user will be able to tell when the phone number he is calling busy or when the phone is ringing.

Nortran buses provide shopper service

Holiday shoppers can avoid the parking and traffic hassles on the day after Thanksgiving by riding Nortran buses. Nortran (North Suburban Mass Transit District) serves area shopping centers like Woodfield, Randhurst, Golf Mill, Northbrook Court, and Old Orchard, and the downtown shopping districts in many of the North and Northwest suburbs.

On Friday, November 27, Nortran buses will operate their usual weekday schedules.

On Holidays and Sundays, a CTA (Chicago Transit Authority) "Supertransfer" may be purchased from Nortran drivers for unlimited rides on all Nortran and RTA (Regional Transportation Authority) buses, and CTA buses and Rapid Transit for \$1.40. It's only .70¢ for senior citizens.

Whether you're starting your trips from the city or suburbs, bus service is still economical at .90¢ a ride, considering the long distances that can be travelled.

Call the RTA Travel Information Center 24 hours a day for route and schedule information. In the suburbs dial toll-free, 800-972-7000, in Chicago, call 636-7000.

Illinois has three nuclear power plants in operation and four under construction. With the widespread use of radioactive materials in this state and the increasing shipment of such materials, it is conceivable that despite strict regulatory standards a radiological incident might occur. The monitoring devices will improve public safety.

All HAZMAT Officers will be trained in the use of the new monitoring devices. The equipment will be maintained and calibrated for accuracy by the Illinois Department of Nuclear Safety. This Department holds the responsibility for coordinating the radioactive materials enforcement program carried out by the ISP and the Illinois Department of Transportation.

"The ISP is the largest single agency in the nation which monitors highway shipments of radioactive material and waste!" concluded Nordin.

Most deaf and hearing impaired persons require some type of signaling device to let them know when the telephone is ringing. Your area telephone company has information on having signaler equipment installed.

Captain Hugh S. McGinley, commander of District 15, Illinois State Police, stated, "Speech and hearing impaired people must rely on family, friends, or neighbors to obtain help in emergency situations. With these printers installed, emergency services may respond faster and save precious seconds when a life is at stake."

Safety hints on use of safety belts

Do you wear your safety belts every time you get into a car? For everyday driving, safety belts keep you comfortable and alert, and in emergencies they help avoid serious consequences by keeping you in the driver's seat and in control of the car.

If an accident occurs, safety belts increase your chances of staying alive and unhurt because (1) you stay inside the car, where you are two to five times safer, and (2) you are spared the "second collision" between you and dangerous surfaces inside the car.

Safety belts should be worn by all vehicle occupants. Convince your passengers to wear them, as they are the best insurance.

Lap belts and shoulder belts combined allow for better control of the car to prevent collisions or to ride through them more safely. Lap belts reduce impact force and keep the driver and passengers in the car, where they are safer, if there is a collision.

Never wear the shoulder belt alone. Always wear the lap belt with the shoulder belt. Shoulder belts are especially effective in keeping the head and chest from hitting the steering wheel or instrument panel.

If you have any questions about the Secretary of State's office, use our toll-free number 800-252-8980. A copy of the Rules of the Road will be sent upon request from Jim Edgar, Springfield, Ill 62756.

A PEERLESS FEDERAL "ALL SAVERS CERTIFICATE" CAN BE A BETTER INVESTMENT!

\$41,501. - AND UP	7.25%	10.77%

Here's why it's better: The 10.77% interest you'll earn on your one-year "ALL SAVERS CERTIFICATE" is TAX-FREE. This means that you keep every penny of interest you earn — up to \$2,000.00 for married couples filing jointly and \$1,000.00 for individuals.

Money Market Interest, on the other hand, is fully taxable. Depending upon your tax bracket, you may lose up to half of your interest to the I.R.S. Find your taxable income category in the chart (left), and you'll see that an "ALL SAVERS CERTIFICATE" can be a more profitable investment for you.

Don't forget the insured safety: Besides your guaranteed, tax-free interest, your ALL SAVERS investment (unlike the money market funds) is fully insured by the Federal Savings and Loan Insurance Corporation. Not only is your ALL SAVERS investment TAX-FREE, it's also worry free.

*Adjusted gross income after adjustments, deductions and exclusions. Figures are based on 1982 tax tables, assuming that interest is additional income and that typical tax methods are used.
**Substantial interest penalty and loss of tax benefits are required for early withdrawal.

Make the PEERLESS FEDERAL SAVINGS move today: Now with seven locations serving Northwest Chicago and suburbs...flexible and convenient hours...efficient and courteous service...with 53 years in the Savings and Loan business...with sound management and a customer oriented staff...with over

From Now Till December 15, 1981, Open an "ALL SAVERS CERTIFICATE" at Peerless Federal Savings and Receive a Cash Bonus!

"Mock Holdup" at Banker's Dinner

First National Bank of Skokie was host to some 125 bankers, members of the Bank Administration Institute, at a dinner meeting at Morton House where the topic of discussion was Armed Robbery. The Community Services Department presented the evening's program. The program scenario included a surprise "mock holdup" by the department representatives. This was followed by BAI members participating in an informal discussion of experiences, bank security measures, staff training procedures, etc. Shown above (l. to r.) FNBS Senior Vice President Dan Casey with Skokie Police Officers Ed Trob and Bob Grau.

First National Bank of Skokie offers coupons

Coupons are increasing in popularity as a way to save money. First National Bank of Skokie realizes this and is now offering dollars-off coupons to its checking account customers. For the next few months, bank customers will find these coupons, redeemable at local retail establishments, in their monthly statements. This unique coupon system, developed by Bank Qpon Marketing, Inc., of Paterson, NJ, enables merchants to offer coupons and the bank to inform its customers, via monthly mailings, of various bank services. The best part is that it is all free to the customer.

Several area merchants are participating in this program including Philips Furniture Co. of Skokie; Marcus Opticians of Skokie and Glencoe; Sherwin Real Estate of Evanston; Reel People Restaurant of Skokie; Ajax O'Hare Valet Parking; The Battery Bank of Glenview; The International House of Pancakes in Skokie and Oakton Drug, Inc. of Skokie. Carroll R. Layman of First National Bank of Skokie said, "We are mailing 40,000 sets of eight coupons to our customers and we hope many of them will take advantage of this money saving opportunity."

No school politics pledge by Handzel

Dear Editor:
My name is Patricia A. Handzel. I live at 8446 Harms rd., Skokie. My husband and I have raised four children at that address since 1968.

I am a candidate for the office of committeeman of the Republican Party for Niles Township.

My workers are on the streets with petitions collecting signatures from interested voters who support right to get on the ballot.

My candidacy is based on a motto popularized by President Grover Cleveland: "A public office is a public trust!" Because I believe that school board elections should be strictly non-partisan, I am pledging that there will be no involvement in such elections by me or any member of my organization, if I am elected.

Let it be further understood that this pledge means that no member of my organization will act officially and/or unofficially with my knowledge and approval.

In closing, it should be noted that the placement of the alleged Republican slate in the #219 race can be solely attributed to the present absentee committeeman and the candidates.

Republican party involvement will never again occur under my leadership.

Respectfully,
Patricia A. Handzel,
Skokie, IL

District 219 victor thanks supporters

Dear Editor:
I would like to express my sincere gratitude to those who supported me in the 219 Board of Education election. The campaign is over, and the real job now begins.

To those of you who believed in my candidacy, I pledge to work to deserve that trust. To the entire 219 community, I pledge my continuous efforts to maintain and improve quality education in Niles Township.

As your representative, I ask your help in understanding the problems of our high schools. The Board of Education must be responsive to the aspirations of the community, and your input is vital in that endeavor.

Once again, my thanks to those who worked for my election and to all the voters who made it a reality.

Blase announces support of Sutker's candidacy

Dear Editor:
My friend and colleague Calvin Sutker, the Democratic Committeeman from Niles Township, announced in April 1981 his intention to seek the Democratic Party's endorsement for Secretary of State. I am pleased to have the opportunity to announce my support of Cal's candidacy.

The State of Illinois would benefit greatly from Cal's election. He served with integrity and administrative skill as the office's Chief Hearing Officer under two successive Secretaries of State. Presently he is the Chief

Attorney for the Cook County Forest Preserve. I know that under Cal's direction the Secretary of State's office would be modernized and administered progressively. In whatever position he has held Cal has earned an enviable reputation for his honesty, integrity and efficiency.

I hope that the voters of Maine Township will give Cal's candidacy their utmost consideration and will join me in supporting him.

Sincerely,
Nicholas B. Blase

Open Letter to the Niles Township Community

Dear Editor:
I chose to run for the school board because I care about the Children of Niles Township and because I care about the maintenance and improvement of the education our children are receiving.

I accept my new role of school board member as a serious responsibility - to safeguard the education of our young people - for the youth are the future of our country. I recognize the great trust you, the voters, have placed in my hands, for nothing is more precious than our children!

Serving on the school board is not an easy task. It is time consuming and requires much research, effort, and thought to reach sound decisions which will benefit the children and the community. I dedicate myself to this task for the next four years and hope to continue to deserve your confidence. I eagerly face this challenge.

Rosenblum leads OCC Raiders at state meet

Oakton Community College freshman Steve Rosenblum led the OCC Running Raiders with a fifth place finish in the State Meet for Illinois Community Colleges, recently hosted by Triton Community College at Schiller Woods.

Rosenblum's fifth place finish in the five-mile race qualified him to advance to the National Championships which will be held in Wichita, Kansas.

OCC Coach Pat Savage lauded Rosenblum's performance. "I knew he had the ability to finish in the top 10 and with a little luck he could have been the fourth place runner."

OCC placed eleventh in the team competition, the first time that OCC has failed to finish among the top ten teams in the State Meet in the college's 11 years of competition.

St. John Brebeuf varsity girls basketball team

The 1981 SJB Warriorettes opened their season against a very good St. Mary of the Woods team. SJB showed poise in the first half leading 18-15, but gave way to the more experienced St. Mary's full court press in the second half getting outscored 31 to 13. SJB had two major problems in this season opener. They went 3 for 12 or a dismal 2% from the free throw line and they had trouble adjusting to the different zone defenses and presses used by the well coached St. Mary's team.

However, there were a few bright spots, Keri Kane, SJB center, scored 20 points; guard Karyn Wirkus scored 4 points; Kathy Russell, Chris Wolshon and Renen Guban each had 2 points with Noreen Sullivan rounding out the SJB scoring with a free throw.

In the second game of the season the Warriorettes met up with a defensively minded Queen of All Saints team. Again the SJB squad was leading at half-time 9-5 and again they were outscored in the second half 15-8. That made the final Queen 20-SJB 17. SJB's biggest problem in this loss was their free throw shooting, they were 3 for 14 from the line and only shot by 3 points.

In the tough loss to Queens Keri Kane scored 14 points, Barb Sullivan 2 points and Kathy Russell and Chris Wolshon had 1.

Last year's division champions, Mary Seat of Wisdom, were the third SJB opponent. The tall, quick and well coached MSW squad defeated SJB 42-26 at MSW. The game was close in the first half with SJB trailing 24-16 but ended up a 16 point loss. Keri Kane again showed her consistency, scoring 20 hard points. Chris Wolshon scored 4 points and Barb Sullivan 2 points. SJB

again collapsed at the free throw line sinking only 2 of 14 free throws.

After one week of hard practice and realigning the style of the SJB team play, the Warriorettes came out 2 point winners over a good St. Hilary's team, 31-29.

St. John's had problems adjusting to their coaches' style of play - fast break and pressing. The change to a more deliberate simplified game made a world of difference. The Warriorettes were led by Keri Kane's 14 points, Barb Sullivan's 6, Kathy Russell's 4, Chris Wolshon's 2, Renee Guban's 2, and Diane Mimp's Game winning 2 points.

Against Mary Seat of Wisdom, held at SJB, the Warriorettes looked like a totally different team. The score at the half was SJB 20-MSW 17. The coach from Mary Seat of Wisdom commented: "What an improvement! They are good! And we've got a lot of hard work to do in the second half to stay undefeated. The Warriorettes lost the game but the improvement in their play was tremendous. They improved

their free throw shooting to 6-18 or 33%, and improved their defense and offense.

Sharpshooters for the SJB squad were Keri Kane with 16 points, Chris Wolshon 10, Kathy Russell 6, Karyn Wirkus, Barb Sullivan and Diane Mimp with 2 points each.

The Warriorettes continued their steady improvement by defeating a good St. Hilary team 46-21. The SJB squad was tied 9-9 at the first quarter but pulled away 26-11 at halftime and coasted to a 46-21 victory.

Leading all scorers was Keri Kane with 24 points and 4 for 6 from the free throw line. Guard Karyn Wirkus had her best game of the year scoring 10 points. Kathy Russell dazzled the fans with her ball handling and scoring - 8 points. Chris Wolshon and Diane Mimp 2 points. Carol Hopped had defensive hustle and desire. Lisa Michelotti, back from a broken finger injury, and Sue Boscopomi, Margie Lee, Renee Guban and Noreen Sullivan also played well.

The improvement in the SJB

squad is noticable with the Warriorettes winning 2 of their last three games and equalling the number of wins the team had last year during the entire Chicagoland Girls Basketball season. Team profile:

Keri Kane-offensive post player and defensive center. Tremendous scorer and player.

Kathy Russell-offensive point guard and defensive guard. Good ball handler, the floor general.

Karyn Wirkus-offensive wing guard and defensive guard, forward good shooter and rebounder.

Chris Wolshon-offensive post-player and defensive forward. Developing a good jump shot and playing better defense. Lot of untapped potential.

Diane Mimp-offensive post player and defensive forward. Good pivot shot and plenty of potential.

Barb Sullivan-offensive wing guard and defensive guard. Good natural shooting eye.

Sue Boscopomi-offensive wing guard and defensive guard forward. Good form set shot and

good rebounder.

Renee Guban-offensive post player or wing guard. Defensive forward. Good rebounder, nice jump shot, still improving.

Carol Hoppe-offensive wing guard defensive forward. Tremendous hustle Good defensive player and rebounder.

Margie Lee-offensive point wing guard Natural shooting eye, tries hard.

Noreen Sullivan-offensive point wing guard Natural shooting eye, Defensive forward Good spirit tries hard.

Lisa Michelotti-offensive point or wing guard defensive guard. Quickest on the team, good dribbler, tremendous potential, injured for the first five games of the season.

The team manager is Katie Argetsinger.

S.J.B. 5th grade girls

The S.J.B. 5th grade girls leaped off the bench onto the court screaming and congratulating each other after a recent victory over a very good 6th grade team from Chicago. These SJB 5th graders have been taking their lumps against 6th grade teams all season long. One 6th grade team beat them by almost 40 points keeping on a press for about 3/4 of the game and trapping the rest of the game. But these SJB 5th graders never flinch. They accepted all challenges. They have even begged their coaches to play boy's teams. The experience of being overwhelmed by 6th grade teams has had its reward because the SJB 5th graders have defeated every 5th grade team they have played so far to bring their win total to 12 (3 wins coming against 6th grade teams).

In the victory over the 6th grade team every player played about equally. To insure this happening, Coach Marusek made the girls who just came out of the game sit at the end of the bench while everyone else moved up.

Fifth graders playing basketball for St. John Brebeuf include: Debbie Byk, Janet Johnson, Dana Callero, Amy Gonka, Joan Marusek, Colleen McAuley, Carol Ann Barrett, Amy Kalas, Julie Flynn, Sandy Watson, Kim Mason, Kim Swider, Lori Salm, Kathy Sullivan and Paula Surace is a 3rd grader. They are also coached by Dennis Gonka and Tom Surace.

TO SLEEP IS HUMAN. TO SLEEP DURING THE DAY IS DIVINE.

If you were in our shoes, you'd think so too.

Because the way things are now, when nearly everybody's up during the day, it's not so divine. The cost of producing electricity goes up. You see, the eight million people we serve use an enormous amount of electricity before they go to bed. And our main generating stations, the ones that run on coal and uranium, have an impossible time handling the demand. It takes our oil burners to pull us through.

But oil is far more expensive than coal and uranium. So during the day, electricity costs far more to make. Up to four and a half times more than at night.

Of course, if half of us would volunteer to start sleeping during the day, it would hold down the demand. Which would also hold down the amount of oil we have to burn, the number of new generating stations we have to build, and the size of the electric bills you have to pay every month.

Since that's asking an awful lot, though, you'll be relieved to know there are other ways to get the job done. Nothing earthshaking. Just conserving a little more in the daytime.

Like not using your air conditioner so much on those scorching summer days. Or not running the dishwasher till 9 or 10 p.m. Or the clothes dryer. Or other easy things like that.

When enough people go along, they really can make a difference.

All we have to do is do it together. That's the key. To keeping costs down, to getting some control over tomorrow.

If we only wake up.

C. D. Restaurant has great chef

by Ed Hanson

The food in any restaurant, be it large or small, super posh and ornate, or just a small place by the side of the road, is only as good as the ingredients and the person who prepares it.

The other evening, I had some business in the offices which adjoin the property where the C. D. RESTAURANT, 8530 Waukegan Road, Morton Grove, is located. It is also in the same building in which the large, well-known CLASSIC BOWLING LANES are located.

It was about 6 p.m. in the evening and having had just a cup of coffee, at 8 a.m. that morning my throat thought my stomach was cut. In other words, I was starved. As I emerged from the business offices, I noticed the C. D. RESTAURANT. I dropped in, sat at a booth and was handed a menu. I selected their "special" which consisted of stuffed cabbage, mashed potatoes, carrots and a bowl of delicious soup.

Well, the soup wasn't the only thing that was delicious. The dinner of stuffed cabbage, the mashed potatoes and the vegetable of carrots was positively delectable. When I received the check for the dinner, I discovered the total price was ONLY \$3.95.

And, I must add that not only was the food superb but the portions were very generous. I made a few inquiries, and discovered that the chef was a woman named Camila DuRovic. She owns and runs the restaurant, and does all the cooking. All of the foods are homemade, and the ingredients are of top quality. The C. D. RESTAURANT is open for breakfast, lunch and dinner. They offer very low priced breakfast, lunch and dinner specials. The place is not pretentious but is very neat and clean. In addition to their entrees, they serve all sorts of sandwiches, and dessert, including ice cream and pastries.

The place is a real "sleepy", a term usually applied to low budget movies, like the "CHAMPION", which made Kirk Douglas a star and was a "box office smash" in its day. If you like good food, and service at extremely reasonable prices, give C. D. Restaurant, 8530, at the curve on Waukegan Rd., Morton Grove, a try. I think you'll be as happy at discovering this place as I was. And like myself, you'll go back for many encores.

Mr. Tomaszewski, the photographer, will be present every day during the exhibition which continues through November 30, 1981. The hours are: Monday through Friday: 6 to 9 p.m.; Saturdays and Sundays: 1 to 5 p.m. The exhibition is free to the public. The second of the four musical programs offered during 1981-82 by the Community Concert Association features 40 students from Duquesne University under the direction of Nicholas Jordanoff.

Honored were Jr. Pee Wee Queen Christine Einspar and her court, Valerie Kuzminski, Wendy Marker, Sonya Thomas and Danielle Wilcox. Pee Wee Queen Sheila Murray and her court, Tina Ferrario, Linda Karwoski, Jill Mueller, and Dawn Runsey. Jr. Midget Queen Lisa Falleroni and her court, Ramona Bomicino, Dana Priola, Laurie Reichert and Lisa Wahtrach.

SJB 7th grade girl Cagers on win streak

St. John Brebeuf's 7th grade girls cagers easily notched a home court victory over St. Hilary by the score of 49 to 28. Ten days prior these two teams met that contest by the identical score. The 49 points by SJB represent the most points scored in a game this season.

Attending the game was Dan Kosiba, the Athletic Director for St. John Brebeuf. Mr. Kosiba was in attendance in order to assess the progress of the school's basketball program.

Mr. Kosiba stated he was especially pleased with the progress and performance of the 7th grade team. "If this team continues to improve during the rest of the season and into next season, they may just rival the 1974 girls team as the best girls team ever produced by SJB. That 1974 team was 17-1.

In reviewing the game Mr. Kosiba simply could not say enough about the play of Krista Eshoo when it was announced that she had earned "Star of the Game" honors.

SJB's scoring machine produced a balanced attack as Cathy Bratek scored 9 points and had a game high 10 rebounds. Janet Rzeplia and Krista Eshoo each scored 8 points. The team's assist leader, Eileen McAuley, had a game high 6 assists and scored 6 points. Kathy Lake tallied 4 points.

Karen Beeffink scored 4 points on one basket along with two free throws. For the season she has yet to miss from the charity stripe. Her 100% average leads the team and the league.

Stacie Jakobi, Linda Strauss, Shellie Giovannelli, Jennifer Stevens and Kristin Gotshall each scored one basket. Cathy O'Grady did not score but played good defense.

The mysterious St. John Brebeuf "X" team

What do you do if you have 30 plus players trying out for a basketball team and only 12 uniforms? About a dozen of the players have previous basketball experience but many of the other plus have spent money to go to basketball camp during the summer in great anticipation of playing for their school. The others try so very hard! What do you do? Many coaches related they get depressed about cutting players. Coach John Marusek of SJB had this situation develop this year. Marusek is a 20 year veteran of teaching at Ridgewood High School - a school that never cuts any player from any team.

Rather, R.H.S. actively seeks extra coaches but forms additional teams so that every player gets a chance for plentiful actual playing experience. SJB coaches asked Athletic Director Dan Kosiba to test this concept. He selected three different teams. SJB then had to convince the coaches of the Chicagoland League to let three different teams represent SJB in the 5th-6th grade Chicagoland League. The league graciously accepted in the interest of involving more girls in playing and off the bench. SJB could play more players along with their opposition since opposing teams only faced the most experienced SJB players in only one of the three SJB contests.

The three teams all had successful seasons. The "X" team was considered the mysterious team by the two leagues in which it was entered. One of these three teams had the most experienced 6 graders, another the smallest and/or least experienced 5 graders. The "X" team was comprised of the remaining 6 and 5 graders. The "X" team had uniforms of two different styles. Because of their extensive actual game experience they improved dramatically surprising a number of teams recording 7 wins thus far.

The aforementioned lack of uniforms problem was solved by the girls purchasing their own to keep. This enabled the players to have their last names stenciled on the back in the style of the pros.

Andy Pancrantz, former DePaul player and Resurrection High School varsity girl's

basketball coach will be the featured speaker at the Nov. 21 banquet. Members of the "mysterious" SJB "X" team include: Carol Ann Barrett, Kris Miller, Cathy Beierwaltes, Maria Sudendorf, Carolyn Kauth, Nicole Mariotti, Karen Casacchia, Dana Callero, Colleen McAuley and Sandy Watson. They were coached by Tom Surace, Dennis Gonka and John Marusek.

Coach Scott Guilfoi points out, however, that key Demon swimmers will include Shawn Brady, backstroke; John Carion, butterfly and individual medley; Chris Childs, 200 and 500 yard free style; Larry Teraji, butterfly; Dave Uhrich, breaststroke and individual medley; and Bruce Westberg, 200 and 500 yard free style.

Boys' Swim Season preview

The 1981-82 boys' swim season gets underway November 25 with the Demons hosting Notre Dame, a team who, like the Demons has good individuals but lacks depth.

Coach Scott Guilfoi points out, however, that key Demon swimmers will include Shawn Brady, backstroke; John Carion, butterfly and individual medley; Chris Childs, 200 and 500 yard free style; Larry Teraji, butterfly; Dave Uhrich, breaststroke and individual medley; and Bruce Westberg, 200 and 500 yard free style.

Niles Parks... Cont'd from Niles-E.Maine P.1

It is thought the Chesterfield Country Club is anxious to transfer the Chesterfield Park deed to the Niles Park District because of tax advantages. However, no park district officials would confirm this.

Niles Park District officials have indicated their willingness to acquire the park now because, according to Park Board President Dan Kosiba, there is no guarantee the Chesterfield Country Club will extend the current lease.

In other business, Niles Park District Vice President Walt Beusse announced the park district will begin looking for a new firm to handle the maintenance of the ice making machinery at the Ballard Rd. Ice Rink. This follows the park district paying \$6,000 to replenish the freon gas supply which leaked out of the ice making machinery during the summer and fall.

The Hydronics Company of Elk Grove Village currently maintains the ice making machinery. When questioned about the loss of freon, Hydronics officials were unable to explain the costly leak. Beusse received the approval of the park board allowing Niles Park District Director William Hughes to begin the search for the maintenance company. Commenting after the meeting, Hughes said he wanted Hydronics to know the park district is looking for a new maintenance company because "if

they want to keep our business they have to be sharper." Park Board President Kosiba announced the Grennan Heights fieldhouse will be closed from November 23 through Christmas while a new gym floor is installed. Additionally, an exercise room with weight training equipment will be installed in Grennan Heights by Christmas.

Kosiba said programs normally held in Grennan Heights will be temporarily scheduled in Oak School and Melzer School. Commissioner Jim Pierski announced he has contacted Niles Village Manager Ken Scheel to discuss the possible use of an underground gasoline storage tank the village has acquired. The tank is located on the southeast corner of Milwaukee Ave. and Oakton St. which was recently purchased by Niles.

Notre Dame...

Cont'd from Niles-E.Maine P.1 Ken Gushurst. Leading scorer for the conference was Chris Stevens with 104 points, 17 TD and 2 PAT. Second place was Randy Gianotti of Marist with 54 points, followed by Joe Falkovitz with 46 points. Kurt Lanthier, ND, was 5 in scoring with 26 points, followed by Joe Albanese and Jim Heavey with 12. The football teams will be honored at a banquet in December where awards for the season will be presented.

Cont'd from Niles-E.Maine P.1 bon with Bronze Star; Asiatic Pacific Theater Ribbon with 2 Bronze Battle Stars; Philippine Defense Ribbon with 1 Bronze Battle Star; 7 Overseas Service Bars; Purple Heart Medal; Distinguished Unit Badge; 1st and 2nd Bronze Oak Leaf Cluster. Stated Mayor Blase, "We, in Niles, are most proud of all the men and women who were in the armed services and are especially honored to have Mr. Lachman living in our village. To all veterans we say "Thank You." We, as a village, are grateful.

Video Theft...

Cont'd from Niles-E.Maine P.1 placed the order. Niles Police were contacted after two men arrived at the loading dock of Sound Video to pick up the video tapes. Using a number of cars, police waited for the men to leave the premises with the tapes before making the arrest. However, police were given an incorrect description of the car being used by the thieves and the offenders were able to escape. Sound Video officials report that the stolen video tapes were worth \$8,903.

Maine East speech team competition

The 1981-82 speech team season opened with five Maine East students placing in the Crystal Lake High School tournament. The Maine East speech team took fourth place out of twenty-eight schools participating. Donna Jordan of Niles won two individual awards - original oration and oratorical declamation. Jami Gertz of Glenview and Tony Schor of Des Plaines placed in the humorous duet acting category. In dramatic duet acting Maine East's Dan Cwik of Niles and Diane Cotton of Des Plaines placed. Upcoming competition includes a varsity and novice tournament at Buffalo Grove High School on November 21 with approximately twenty schools competing.

Cast member

Janice Johnson of Des Plaines has been cast as Meg in Millikin University's Showcase Theatre production of the Lerner and Lowe musical "Brigadoon". She is the daughter of Mr. & Mrs. Edwin Johnson of 2014 Pratt Ave., Des Plaines, and is a 1980 graduate of Maine West High School.

Niles Library revises card catalog

The Niles Public Library is commencing a major revision of its card catalog. Starting Dec. 1 the catalog will be refilled to conform to new A.L.A. (American Library Association) filing rules. The library staff is preparing leaflets explaining the new filing rules and urges users of the library to seek assistance from the library staff if they experience difficulty, especially during the transitional re-filing period. According to the library administrator, R. Mark Noyman, the new filing rules are much easier to follow than the existing system. The basic principle is that headings will be filed "as is" rather than the current practice of "as if". For example, headings using an abbreviation will be filed exactly as written rather than as the word being abbreviated, and headings beginning with a numeral will be filed in numerical order rather than as if the number were written out.

Marionette show at Grennan Heights!

Don't miss out on the enjoyable and fun-filled antics of the Fred Putz Marionettes! The giant marionettes perform a humorous variety show. Some of the acts include a dancing hippo, clowns, an ostrich ballerina, trapeze artists and can-can dancers! You'll love the character's rendition of "The Nutcracker"! Last spring, Mr. Putz performed for us - and he's back again with an all new Christmas show, Pupperty, which is one of the oldest forms of children's theatre, is alive and well, entertaining young and old alike and best of all, it's right here in town. This marionette show will be presented live, on Saturday December 12. Show time is 1:00 p.m. at the Grennan Heights Gymnasium, 8255 Oketo ave. in Niles. Tickets can be purchased at the Rec. Center, 7877 Milwaukee ave. or at the door. The cost is \$1.00 for children under 12 and \$2.00 for adults. Join us for an afternoon of laughter and entertainment!

From the Left Hand

Japanese invasion during World War II. Because the Japanese dominate the copier business field, believed to be up to 90% of the market through other firms using Japanese parts, it enabled Clark to sell their American product. It was reported they wanted a product which had no Japanese parts.

In early November the company announced a binding agreement which allows the Chinese to purchase 6,000 copiers for \$5.5 million dollars.

In addition to selling the machines, Clark will help the Chinese manufacture some of the parts in China. Eventually, the Chinese would make an additional 200,000 copiers in the next 3 years for export as well as for use in China. Clark Copy Company and the Chinese would split the profits on a 50-50 basis.

Clark Copy Company owner Otis Clark came to the United States from Czechoslovakia in 1950. He previously started a copier firm in the mid-50's and sold it to a Dutch conglomerate in 1971 for \$2 million. He created the Clark Copy Company in 1976.

The small company is presently located in a small industrial area in the 6000 block on Madison st. in Morton Grove's east side industrial area. But, in a phone conversation with Clark personnel Tuesday, they said they are in the process of moving to larger headquarters in Melrose Park.

It's not exactly a Horatio Alger story since Mr. Clark's background has previously

Letter to Editor...

We shudder at the thought of Kurt either ending up in the back ward of some nursing home, neglected and vegetating or wandering off to find injury or death in the streets. This is what may happen unless this thing is turned around somehow. I'm not sanguine about the prospects.

Respectfully,
Arthur P. Krueiding

Skokie VFW...

Cont'd from Skokie-L'wood P.1 planning a Christmas Party on Dec. 22, at the Ridgeview Sheltered Care Center - at which time Xmas presents are given out, plus cookies and punch will be served. The Post VFW members will be entertaining the patients with music and a song fest, reflecting the Christmas Season.

The regular monthly meeting of the Ladies Auxiliary will be held on Dec. 2 (Wednesday) beginning at 7:30 p.m. at the VFW Post Home, 7401 Lincoln Ave. in Skokie...followed by our Annual Christmas Party. This year all the auxiliary members will be donating towards the Neediest Children's Fund, instead of exchanging of gifts. You are welcome to attend our meeting and learn of the good work that is done by this auxiliary.

MG Parks...

Cont'd from MG P.1 When the Board emerged from executive session there was a clarification of those points, but Bozons still insisted that it was not clear to him. He said, however, that he would "gladly pay for the learning experience", and he did submit his personal check for the \$65 at the conclusion of the meeting.

Park commissioner reports at this November 18 meeting centered on the recent state and national conventions which they attended. The commissioners, all attuned to the recent criticism of their convention expenses, prepared extensive reports on the seminars. Commissioners Joan White and Eileen Coursey made strong point of the number of pages in their convention summaries. To Bozons' comment, "I felt I got much out of mixing with commissioners from across the nation," Mrs. White retorted, "I would like to congratulate Mr. Bozons on his sudden enlightenment on the value of seminars."

In other business at Monday evening's park board meeting, Director Huber reported an 18% enrollment increase in fall programs. Also commissioners, following new Illinois state guidelines, voted to raise from \$2500 to \$4000 the purchase amount that requires public bidding. This ruling is effective January 1, 1982.

Also the board, in accordance with a new Open Meetings Act, has set aside the first Monday of each month for any committee meetings. These meetings are open to the public.

Due to security considerations, the Board approved Huber's suggestion that they convert to a computer key system in the park district. Johnson Lock Co. was awarded the contract for \$1492.15 plus \$1.70 per key. These keys cannot be duplicated without written authorization from the park director.

GOP...

Cont'd from MG P.1 Continued from Page 1 ments. These contests are expected to be among the most lively in a year which will be crucial to Republicans because of the effects of redistricting which seems to favor the Democrats. The meeting will start at 8 p.m. at the Oakton Park Field House, on Oakton St. just east of Skokie Blvd. The public is welcome and refreshments will be served.

MG Legion...

Cont'd from MG P.1 drawing are only \$1 apiece. The awards are choice of \$100 savings bond or a TV. There is no admission charge, and residents not able to attend for dinner may arrive past the 8 p.m. time and participate in the turkey award portion. There is plenty of free parking in the adjacent lot and Hilbert says complimentary cheese and turkey sandwiches will be available later on during the evening's activities also.

Oakton group to perform at Skokie Library

The Unincorporated Truly Inspired Way Out Imagination Theatrical Company of Oakton Community College in Des Plaines, will perform "Mothers, Fathers and Other Good Relatives" at 8 p.m. on Monday, November 23 in the Skokie Public Library at 5215 Oakton st. in Skokie. Admission is free.

The performance is directed by Shirley Spiegler Jacobs of Des Plaines. For more information call 673-7774.

Community Health Program on back problems

Ninety percent of all Americans will suffer from back problems during their lifetime, with back disorders causing approximately \$3 million lost work-days annually. Back aches and relief from back pain is the subject of a free community health education program sponsored by the department of orthopedics at St. Francis Hospital of Evanston, November 19, at 7:30 p.m. on Thursday, November 19. Jeffrey L. Karasick, M.D., neurosurgeon and Denis B. Drennan, M.D., orthopedic surgeon, will discuss the mechanics of the back and why

Maine Instructors address conference

Shown above (left to right): Ms. Harriet Johnson Naden, Mr. Gene Hass, Ms. Carolyn Walter, Mr. Daniel Silkowski. (Not pictured - Mr. Jerald Kantrovich.)

On October 29-31 three English instructors from Maine Township High School District 207 addressed participants to the National Association of Teachers of English Fall Conference in Peoria. Two other Maine instructors participated in the state conference as high-ranking officers. Mr. Gene A. Hass, Chairman of the English Department at Maine Township High School West in Des Plaines, was elected First Vice-President of the two thousand member organization last weekend. Hass, who recently served as IATE membership chairman, will be in charge of the state's 21 district leaders next year.

Ms. Harriet Johnson Naden of Maine West High School is president of the largest of Illinois' districts, the northwest suburban. As leader of a district representing over 250 school, Ms. Naden continues to be active in planning for both district and state conferences.

Mr. Jerald M. Kantrovich, English instructor at Maine South High School, presented a seminar on "Technical Writing." Kantrovich is author of a vocational textbook used in both high schools and colleges. The South instructor has addressed six national professional organizations as well, including the Society for Technical Communications which honored him with an "Outstanding Paper" award in 1979.

Mr. Daniel R. Silkowski of Maine West High School addressed the state English instructors on "Holistic Scoring." Silkowski, an Advanced Placement instructor in Maine Township since 1967, was joined by Ms. Joyce Markle of the National College of Education. Recognized as a leader in English instruction, Silkowski has

published numerous articles in state and national professional journals. He has served as a consultant to the Educational Testing Services and to the College Board and has presented seminars throughout the United States.

Ms. Carolyn Walter, English instructor at Maine East High School, was invited to present both a workshop and a lecture at the Peoria conference. Ms. Walter was joined by Mr. Larry Johannessen of Lyons Township High School and Ms. Elizabeth Kahn of Conant High School in "Writing About Literature." The Fall Conference marked Ms. Walter's fourth invitation to address a professional English teachers' group. Last April she spoke at a national conference in Nashville, Tennessee.

Also feature at the conference was Ms. Addie Hochstrasser, former instructor at Maine East High School and president of the IATE in 1950-51. Ms. Hochstrasser was awarded an honorary life membership for her distinguished service to the association.

The Illinois Association of Teachers of English includes elementary school teachers, high school instructors, and college professors. Learning sessions are led by teachers from every area of the state.

In commenting on Maine Township's leadership in the IATE, Hass noted, "IATE conferences provide our teachers with a wealth of learning and sharing opportunities. At a time when English teachers are being asked to concentrate on learning skills and are being held accountable for what they teach, it is vitally important that good teachers share good teaching techniques."

ND students in Math Contest

Over 130 Notre Dame High School for Boys students are competing in the Atlantic-Pacific Mathematics League contest. The contest has six rounds, approximately one per month until April. The first round was held October 21. Each round consists of six questions.

Any student at Notre Dame is eligible to participate. Honors classes are required to participate. This is the third year Notre Dame has entered the contest.

Plaques are presented by Notre Dame to the high scorer in the school and top scorer by class.

department chairman, "The Atlantic-Pacific League contest is a means of intriguing students in mathematics. Many schools hold practice in preparation for contests, but we look at it as not basic competition, but more of an academic exercise."

Basic high school math is covered in the rounds. Algebra and geometry are stressed in the first three rounds, with trigonometry and number theory introduced in the last three.

Illinois Bell opens new Phone Center store

Illinois Bell opened its newest PhoneCenter Store November 16 at the Old Orchard Shopping Center in Skokie.

Customers who have been referred to the PhoneCenter Stores in Evanston, Skokie and Wilmette will be referred to the new mall store located on the street level just south of Marshall Field.

"By locating PhoneCenter Stores in large shopping malls we believe we can serve more customers more economically, with longer and more convenient hours, so customers can shop when they want to," said local manager Mary Russo. "That's especially helpful to working customers, who can shop only

during evenings and weekends. And malls have plentiful free parking."

At the new store at Old Orchard customers will be able to browse and shop among more than 100 combinations of colors and styles of telephones to choose from.

"People can now shop for their telephones like they do for furniture," said Ms. Russo. "In fact, a telephone fits in any and every room of the home, not only because it can be used in every room, but our colors and styles now add that extra touch to the home."

The chance to expose new products and services to all

customers, including those who already have phone services is a major reason why Illinois Bell now has 18 PhoneCenter Stores in major shopping malls, Ms. Russo said.

"We have found that for the most part only people who are moving visit our PhoneCenter Stores located in our own buildings," Ms. Russo added. "Also by being where most customers shop, we make it easier for people to compare our products with phone equipment offered by other companies." Ms. Russo gave a final reason why Illinois Bell is closing PhoneCenter Stores located in its own buildings.
