## \$100,000 burglarly at McDades

An estimated \$100,000 in jewelry was stolen from McDade & Co. store, 8901 Milwaukee Ave. Sunday night or Monday morning by thieves who cut a hole in the roof of the store.

Tuesday, Niles police officers were still mystified why an infrared heat detector system failed to set off an alarm when the thieves entered the store. Niles Police Sergeant Al Gólbach

noted the store is protected by a heat and movement detection device operated by an alarm service. Police were unsure whether human or mechanical failure was at fault.

Gólbach reported "a ballpark figure" of \$100,000, mostly in watches, was missing from the store after the robbery.

Niles police were first notified at 7:30 Monday morning.

Gólbach said there was a hole 12 x 14 inches cut into the roof. Electrical extension cords were tied together and were used in dropping into the store.

A second Niles policeman said any variation of heat inside the store should have set off the alarm. He said men coming down on a beam or just body heat should have resulted in the alarm going off.

## Exercise caution with heaters

Kerosene heaters are becoming very popular as a means of conserving fuel. However, the Consumer Product Safety Commission, Niles Fire Department, and the Building Department wish to caution you that there are inherent dangers in the misuse of these heaters.

Read the entire instruction booklet. Locate the heater at least 3 feet from any draperies and other combustible materials. Provide fresh air by opening a window at least six inches to prevent possible carbon monoxide poisoning. The inherent dangers of unvented kerosene heaters cannot be over-emphasized so please, read and follow all instructions.

# Propose 2,000 seating for Lawrencew'd Theater

by Bob Besser

Lawrencewood Shopping Center owner, Krilich Builders, Inc., has asked the Village of Niles for approval to build a 2,940 seat group of movie theatres in the vacant Goldblatt's Department Store in the shopping center.

The request, in the form of a petition for the building to be re-

zoned as a movie theater, was announced during the Tuesday night Niles Village Board meeting.

According to Niles Mayor Nicholas Blase, Krilich Builders is proposing the construction of up to "seven or eight" small

## From the Left Hand

by David (Bud) Besser

They had a full house at Skokie's village hall Monday night to hear Mayor Al Smith and his fellow-trustees unanimously choose Teleprompter as its choice for the cable TV franchise for 20,000 homes in that village.

It was all done amidst much calm. The announcement was met with an unsuspecting quietude. There were no loud hurrahs. The audience reaction was no different than if the village board had passed a resolution approving Mother, apple pie and all that other good stuff.

Attorney Sam Young, one-time Congressman from our 10th district, bolted the wooden divider which separated the audience from the public officials, shaking a few hands of the officials. Sam is a Teleprompter representative and his joy at the selection was restrained but not entirely contained. One Skokie official congratulated a very young mustachioed 35 year old, obviously another member of the winning team. Other than those two incidents, it seemed like a most routine ballgame.

Skokie began studying its cable TV needs back in November, 1979. Seven cable companies made presentations at that time. The following April Skokie hired a consulting firm, and in December an ordinance was approved. In April, 1981, the 7 cable companies submitted their franchise proposals and in July the con-

## Niles resident produces award winning film

Niles resident Socrates Chris Katsion was director and producer of a film, "The Reliable Air Bag," which won highest honor, the Gold Award, in the 1981 International Film & TV Festival of New York.

Competing with more than 4,000 entries from the United States and abroad, the film captured highest place in the category of consumer relations.

The 20-minute film was prepared by Allstate Insurance Company, where Katsion is employed. The film was produced for the Automotive Occupant Protection Association and features talk-show host Phil Donahue, consumerist Ralph Nader, comedian Dick Van Dyke and a variety of persons whose lives were saved by automobile air bags during car accidents.

The film strongly advocates the use of air bags in automobiles. It may be obtained on free loan for only the price of return shipment from the Automotive Occupant Protection Assn., 2001 Jefferson Davis Highway, Arlington, Va. 22202.

## Slogan judges

The contest to find a new slogan for the Village of Niles has been extended through Monday, December 21, 1981, according to Bart Murphy, Village Trustee.

The slogan replaces "Niles-All-America City", a title awarded the Village some years ago by a national magazine. Creation of a new slogan is tied to the Village's ongoing campaign to attract young families with children as homebuyers to the Village, according to Murphy who is directing the campaign.

Murphy also announced a panel of judges, all representatives of newspapers serving the Village. Judges will be: DIANE MILLER, NILES BUGLE; Tony Garel-Frantzen, Niles Life; Carol Olbinsky, Niles Spectator, Jim Peters, Journal & Topics Newspapers and Starr Spencer, The News.

The slogan contest is open only to residents of the Village of Niles. First prize is a \$100 U.S. Savings Bond, and the second and third prizes will be actual Village signs bearing the names of the streets, where the two winners live.

The other prizes include: Used Stop Signs and Village Street Signs; An ancient adding machine once used to keep Village accounts straight; One of the dispatch mobile radios used by the Public Works Department; An older Adler typewriter used by the Village for more than 20 years; A Thermofax machine which can't keep up with the Village's present need for copies; An oldtime ballot box, used in many past Village elections and classroom chairs once used at the police station.

### Social Security back payments limited

It is important for people who plan to apply for Social Security benefits to do so 2 or 3 months before they want benefits to begin, or at least as soon as possible after they become eligible, stated Marilyn Robertson, manager of the Des Plaines Social Security office.

This is because payments for months before the month the application is made are limited by law. The general rules are: \*Workers, widows, widowers 65 and over, parents 62 and over. Back payments are limited to no more than 6 months, but none before the month the person becomes 65 for workers, widows, widowers, and 62 for parents.

### Coin Collector's Show

The next date for the Chicago Coin Bourse will be held at the Leaning Tower YMCA, 6300 Touhy, on Sunday, December 13 from 10 a.m. to 5 p.m. Admission is free and there is ample free parking. Eighteen experts will

have exhibits on display and will be available to appraise and identify any coins, medals, tokens or paper money presented. All persons interested in coin collecting are cordially invited to attend.

### Pain can be a friend Dorothy Warnke

On Monday, Nov. 9, Harry, my husband of 35 years, came back from his customary after-dinner walk with our dog and said to me, "I'm concerned - I felt a 'tightness' in my chest that disappeared when I stopped walking, but came back each time I started again and, when I got close to home, it went down both arms to the elbows." I remembered he'd made a vague reference to some chest discomfort several weeks earlier and, at that time, I'd asked him to tell me if it ever recurred. He admitted that it had, a couple of times, but he "didn't want to bother me."

I trained to be a Medical Secretary in junior college, worked in a couple of hospitals and try to keep abreast of the latest medical findings. Still, I wasn't alarmed. Harry had passed a comprehensive physical only last spring with flying colors. He'd quit smoking about 20 years ago. He likes his job and eats sensibly enough to retain a trim figure. His dad lived to the ripe old age of 82 - his mother is still with us, at 85. That weekend he'd done a lot of hard yard work and, the day before, had played several fast-paced games of ping pong, easily beating a couple of young men in their 20s. All these positive thoughts passed through my mind but I called our family doctor "just in case". After listening to Harry's story, he advised him to go to Lutheran General Hospital's Emergency Room where he'd meet him.

### Guest Columnist

That's how it all started. Now, after two hospital admissions, innumerable tests including the stress test and heart catheterization, the picture is clear. He has blockage of the coronary arteries which is very common in men and there's a hereditary inclination factor. However, he heeded the early warning so he did not suffer a heart attack nor does he need by-pass surgery. The treatment for him is a low-cholesterol, low-salt diet, no caffeine, medication and a supervised exercise program. He left the hospital and went right back to his regular routine, attending an out-of-town sales meeting with the cardiologist's full approval.

All in all, we agree that it could have been much, much worse if he hadn't been smart enough not to ignore those early symptoms. Pain truly was his friend, and mine, too. It's very comforting to know he should be around for a long, long time.

This may seem a little "personal" for a newspaper column but I'm writing it in the hope that even one other person will benefit from Harry's experience. A very fine nurse told us so many of her patients are afraid to report chest pain and it's terribly frustrating to her because she knows how important early diagnosis is. There is so much that can be done today.

Happy, healthy holidays to all!

Niles Mayor Nicholas Blase voiced concern in a letter over a possible tenant of Wilson School located in East Maine School District 63, according to Dr. Donald Bond, district superintendent, during a Dec. 8 meeting in Apollo school, 10100 Dee rd., Des Plaines.

As a result of the issue, Joe Salerno, zoning director for the village, sent a letter of demands to the District which would effectively tie its hands in renting to any tenant without careful scrutiny and allows for the possible veto by Niles.

Michael Shack, director of the proposed Wilson Academy, requested 2,000 square feet of space in Wilson school to operate a private school for the teaching of emotionally handicapped boys, ages 8 to 12. He would begin with about 15 youngsters.

Bond said Blase seemed to object to the number of children to be enrolled, their physical condition, community reaction, and the school's traffic pattern should the older boys be driving. Bond said he and Blase had conferred on the matter and he believed the Mayor had given his "tacit approval" by not making further inquiries, however, the Village did request an occupancy permit. The motion to lease space was approved pending Shack's obtaining the permit by February of 1982.

Board members also said Blase's actions were not containing the permit by February of 1982. Two board members who live in the Wilson area voted against the lease's approval. Salerno sent a letter both to Shack and to the District saying, "Please be advised that the proposed use of the Wilson School property will have to be approved by the Village of Niles before you can occupy said premises."

Salerno listed 7 areas of compliance which the District should observe in all further rentals. Briefly, the letter stated all leases should be on a short term basis and only to not-for-profit organizations. Also, Salerno would check with the Niles Fire and Engineering Depts., and the State to determine compliance with accepted standards. Further, the District or the tenant must submit any drawings of proposed alterations to the Niles Building Dept. and the Village must issue permits for all work before construction.

All schools in Illinois are subject to rigorous life-safety standards by the State even if occupied only by a tenant. Board members protested and questioned the Village's measures, requesting the attorney question their validity through the County Superintendent of Schools.

Board members also said Blase's actions were not containing the permit by February of 1982. Continued on Page 37

## Morton Grove Senior Citizen News

### COLDS VS. PNEUMONIA

With the winter months upon us, individuals, both young and old are encountering diseases of the upper respiratory tract. Most upper respiratory tract infections including viruses and the common cold cannot be cured by antibiotics. Therefore the use of such drugs is not recommended. The traditional treatments of bedrest, fluids, warm clothing, and aspirin are the most effective.

In contrast to the viral infections are those illnesses caused by bacteria, which do require antibiotic therapy and perhaps hospitalization. The most serious of these is bacterial pneumonia, an infection of the lungs. Pneumonia is characterized by the abrupt onset of significant fever (101 degrees F and above), chest pain that increases with respiration, a cough producing yellow to greenish sputum, and blood rust-colored sputum.

### FOOT CARE

People, and especially the elderly who are afflicted with poor blood circulation, should put on appropriate and warm footwear if they are to avoid foot problems aggravated by cold weather. Keep these tips in mind as the temperatures fall:

- Wear warm or thermal socks.
- Wear waterproof, well-fitting boots or shoes, preferably made of leather which allows feet to breathe.
- Avoid smoking since nicotine decreases the blood supply to far reaches of the body and interferes with warming.

### HOME HEALTH CARE

To receive Medicare payment for care in your home, you must be unable to leave your home to receive necessary medical services. Eligible services include physical and speech therapy, change of dressings, monitoring of blood pressure and heart-beat, and administration of specific medicines. Services provided primarily to meet personal needs are not covered. These non-covered services include assistance in bathing, dressing, preparing meals and other general household services.

In order to receive skilled health services in the home, your doctor must set up a home health plan for you. There are several good home health care agencies. The Morton Grove Health Department (965-4100) has a listing of those local agencies that service the Village. There is no longer a Medicare deductible for these services, and you can receive an unlimited number of visits provided they are medically necessary.

### LIBRARY HEALTH NIGHT

Mixing alcohol with prescription and nonprescription drugs will be the title of December's Health Night at the Morton Grove Library, 6140 Lincoln Avenue. The guest speaker will be Mr. Hugo Hitzelberger, Ph.D. of the Morton Grove Health Department. The program is free and will begin at 7:30 p.m. on Monday, December 14 in the Library's Baxter Auditorium.

### SENIORTRAN EXPANDS

\*Morton Grove residents age 55 and over can obtain free transportation in the new, 1982 Chevy Seniortran. Seniors can go shopping, banking, and make visits anywhere in the Village. Expanded hours now include Monday through Friday between 9 a.m. and 3 p.m. For ride reservations call the Senior Hot-Line one day in advance, at 965-4658.

## Unincorporated residents to hold meeting

The Unincorporated Maine Township Resident's Association (UMTRA) will hold its next general meeting on Wednesday, Dec. 16 at 7:30 p.m. The meeting will be held in the multi-purpose room of Mark Twain School, 9401 Hamlin, unincorporated Des Plaines.

All residents of unincorporated Maine Township are welcome to attend and participate. Cook County Commissioner Mary McDonald will be our guest speaker and will discuss "Cook County Government and YOU".

Residents wishing more information may call UMTRA acting president, Dave Roth, at 827-3087.

# Church & Temple Notes

## Messiah Lutheran Church

The annual Christmas Tea of the Messiah Lutheran Church. Women will be on Thursday, December 10 at 1 p.m. at Messiah Lutheran Church, 1605 Vernon Ave., Park Ridge.

The 20 voice ensemble from the Maine East High School Concert Choir, directed by Jack Olander, will present a program of Christmas music.

Home made cookies and breads will be served following the program. Nancy Byrne is president of the M.L.C.W.

The Rev. Gaylen Gilbertson is Pastor of Messiah Church. For further information, please call the church office at 823-6964.

## Resurrection Church prepares for Christmas

Plans are underway for the Advent-Christmas season at Lutheran Church of the Resurrection, Niles. Activities for everyone, including the community as participants, are scheduled.

On December 13 an Advent Service of Lessons and Carols is scheduled for 10:30 a.m. worship. The youth and senior chairs will present special music and lead the congregations in the singing of old and familiar carols as part of the congregation's worship preparation for the Holy Babe of Bethlehem.

On December 20, the United New Youth Group and congregation will carol at the homes of the sick and shut-in in Niles and Morton Grove, and return to the church parsonage for refreshments following. Carollers will leave the church at 6:00 p.m.

On December 6 an Advent Pot-luck dinner was held for the congregation and a film was

shown on John the Baptist following dinner. Christmas Eve, December 24 at 7:30 p.m. the congregation will gather for a Service of Candle-lighting and Carols. Holy Communion will be celebrated at this service and members of the community are invited to share in the celebratory service.

The Sunday church School of LCR is taking and offering of gift items to St. Matthew Lutheran Home, Park Ridge, as part of their outreach to community residents and in celebration of their gifts at Christmas.

The Lutheran Church of the Resurrection is located at 8450 N. Sherman rd., Niles. Members of the community are cordially invited to participate in any of these events as well as regular Sunday morning worship which is held at 10:30 a.m. Sunday Church School meets at 9:15 a.m.

## St. John Lutheran

St. Luke's bazaar-bake sale

The children of St. John Lutheran Sunday School and Christian Day School will be presenting their annual Christmas Program on Wednesday, December 16, at 7:30 p.m. This year's theme for the Children's Christmas Program is, "Christmas is Jesus". This is a worship service and not just a program. The spirit of worship will prevail even though it is less formal than a full liturgical service. The special charm of the Children's Christmas Service is the proclamation of the children to the congregation of the news that Christmas is Jesus.

Under the direction of Mrs. Karen Gallagher, Director of Music, the Sunday School and Day School children from grades Pre-School through Eighth will be participating. The congregation will join the children in singing several favorite Christmas hymns. Dr. Clyde Duder of Concordia College will read Scripture selections. Christmastime is a time for giving and receiving gifts. Come and share this special gift from the children of St. John Lutheran Sunday School and Christian Day School.

A time for fellowship will follow the Children's Christmas Program. Refreshments will be served by many of the parents. The children of St. John extend a warm welcome to friends in the community to join them.

## "Evening of Yiddish Poetry and Song"

The community is invited to celebrate Hanukkah with Sonia Rockler in an "Evening of Yiddish Poetry and Song", 7 p.m., Sunday, December 13, at Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie. Sonia Rockler, who for many years, has performed with a mandolin orchestra, will sing and play the mandolin, with recitations of Yiddish poetry interspersed.

Ms. Rockler was born in Bialystok, Poland where she graduated by the Yiddish Gymnasium. She is active in the Chicago Council on Yiddish and Yiddish Culture.

An added feature of the program is a short film "The Bent Tree" ("Afun Veg Shteyt A Boyrn") based on a Yiddish folk song by Itzik Manger. Animated in sand with flowing colors and shapes, the film tells of a child's longings and a mother's responsibilities.

Refreshments will be served. Fees are: members, \$3; non-members \$4. Sr. Adults non-members and students, \$3.50. For reservations, call 675-2200, ext. 202.

## Council for Jewish Elderly Anniversary

The Friends of Council for Jewish Elderly, a support organization comprised of 2500 men and women from the entire eight county metropolitan Chicago area, is celebrating its fifth anniversary.

A gala celebration will be a part of the Friends' Annual Meeting, held Sunday, Dec. 13 at 7 p.m. at the Jacob & Marcelle Lieberman Geriatric Health Centre, 9700 Gross Point Rd., Skokie. Also held at this time will be the Dedication Ceremonies of the Friends' Gift Shop... a unique volunteer-run shop offering a cachet of handmade and one-of-a-kind items, perfect for holiday gift giving. The shop's specialty is a line of clothing with velcro closures, stylishly designed and specially fitted to meet the needs of the elderly convalescent and physically handicapped.

Optional tours of the innovative long-term care facility will begin at 6:30 p.m.

Anyone wishing to attend should call 973-4105.

### OCC program on assertiveness

Muriel Adler and Irene Kallick will respond to the question, "What is Responsible Assertiveness?" at the final fall Passages Through Life program on Tuesday, December 15, at 1 p.m. in Room 115, Oakton Community College/Skokie, 7701 Lincoln Ave.

Both Ms. Adler and Ms. Kallick are psychotherapists and OCC psychology instructors. They will focus on encouraging responsible assertiveness that is tuned in to the feelings and rights of oneself and others.

Other topics will include confrontation that is caring and how assertive behavior can lead to more successful interaction between people.

Passages Through Life is a series of free films/discussions that deal with mid-life adult growth and development. For further information contact the Office of Community Outreach, 635-1977.

### Safety hints on cold weather care of your auto

by Secretary of State Jim Edgar.

Cold weather affects the performance of your car, whether the temperature is in the low 30s or below zero. One of the first indications is that it takes a little longer to warm up your vehicle's engine.

Attempting to accelerate quickly when the engine is cold will only result in having it sputter and stop. Exercise more care and patience before starting out into traffic.

Caution is particularly important when the streets and roads are wet, icy or snow-packed. If you do stall, it is difficult for moving vehicles to stop as quickly as in normal conditions.

Be careful when you back out of your driveway into traffic. Stop, look and listen. Once you have backed into the street, it may take a few extra seconds to start moving forward if you are on slick pavement.

When crossing a through street, allow for a greater distance than normal in the traffic flow before entering it. Waiting for a safe opening gives you a better chance to avoid a possible collision if your engine stalls.

If you have any questions about the Secretary of State's office, use the toll-free number - 800-252-8980.

### Seek parents and children for high blood pressure study

Parents who have high blood pressure and their children are needed to participate in a study to help determine a child's proneness to high blood pressure in later years.

The study is being conducted by the Pediatric Subspecialties Department of the Nessel Health Center, 1775 W. Ballard, Park Ridge. The Nessel Health Center is part of Parkside Human Services Corporation, which is affiliated with Lutheran General Hospital.

"We are seeking children age 12 to 18 who have one or both parents with high blood pressure," said Kenneth Miller, M.D., pediatric nephrologist who is conducting the study.

For more information about the study, phone 696-7700.

### Coloring calendar sales benefit Ronald McDonald House

Ronald McDonald Coloring Calendars, priced at 40 cents each with 15 cents going toward the Ronald McDonald House, are on sale now through December 13 at participating McDonald's restaurants.

This year's Coloring Calendar theme is "See the World with Ronald McDonald" and features interesting facts while taking children on a worldwide "tour" of 12 countries. As an added bonus, each calendar contains 12 food coupons, one for each month.

Chicago's Ronald McDonald House, located at 622 W. Deming Place, is a home away from home, a temporary lodging facility for the families of children being treated for cancer, leukemia, and other serious illnesses at Children's Memorial Hospital. Since 1974, Ronald McDonald House facilities have been established or are under development in over 50 cities in the United States, Canada and Australia.

### Porter backs Reagan on American Peace Initiative

Congressman John E. Porter (R-10th) said he strongly supports President Reagan's "bold initiative" in proposing the massive reduction of United States and Soviet medium-range missiles in Europe.

"The President has taken a monumental step toward mutual arms reduction," Porter said. "The arms buildup has reached staggering proportions, but only through joint verifiable action can we hope to achieve the elimination of nuclear weapons in Europe. The next move is up to the Soviets."

Porter also said he is "100 percent" behind the President's proposal to begin strategic arms reduction talks (START) next year.

"It is not just a new name for the old SALT talks but a new beginning," the congressman said. "Hopefully, we will be able to sit down together and seriously address the problems surrounding reduction of long-range nuclear weapons."

### Cable TV lecture

Cable television in Lincolnwood will be the subject of a lecture with discussion to be held at the Lincolnwood Library, 4000 W. Pratt at 7:30 p.m. on Monday, Dec. 14.

The information will be given by a representative from Centel Communications in Chicago and Des Plaines.

There are many questions concerning Cable TV and some might be answered during this evening.

For any further information, please call the library at 677-5277.

### Marillac's volleyball wraps up season

Shown above (l. to r.) Marillac's All-Star Volleyball players: Patti Tardif, Connie Martin, Mary O'Grady, and Joan Wallenberg.

Marillac High School's varsity volleyball team has completed its very successful season. Playoff competition has ended for the Northstars with state tournament elimination at the district level, but not before the Marillac girls served notice of things to come. Only two members of the squad, Captains Connie Martin (Northbrook) and Mary O'Grady (Niles), are seniors. The rest of the G.C.A.C. Divisional Champion squad will return next year.

In conference play-offs, the Northstars played their best game of the season, taking 10 points from undefeated, Mother McAuley, the defending State and Conference Champions. This is the highest number of points any team has taken from the south side school all season. Mother McAuley won again, as they have done in all but one match in the last four years while amassing almost 150 victories. The Marillac team, however, gave them a scare and earned some well-deserved respect for the team and their school.

An injury to conference all-star player, Connie Martin, hurt the

### SJB 5th grade girls basketball

St. John Brebeuf's 5th grade girls basketball team is now 10 and 0 against all other 5th grade competition. They have also played many other 6 grade teams.

Their ninth victory, at Mary Seat of Wisdom, was decided late in the final quarter. SJB was down by 6 points in the third quarter when Joan Marusek stole two passes on the left side and made the subsequent layups to pull the team up to only a two point deficit. Debbie Byk tied up the game at 20 to 20. Carol Ann Barrett's basket gave SJB the lead. Colleen McAuley added a baseline swish for insurance and Debbie sank a jumper at the buzzer to ice the victory. Julie Flynn started at right forward and Fran Surace at left wing. Amy Gunka played at right wing. Sandy Watson, Janet Johnson, Kim Mason and Amy also added baskets. Kim Swider and Kathy Sullivan pulled down important rebounds while Lori Salm added to the defensive pressure.

In the latest contest, the SJB 5 team rendered a nail biting performance, beating the St. Raymond Angels 5th grade team by a score of 16-14. High scorer in this game was Paula Surace with 6 points followed closely by Kim Mason with 4 points, who also contributed some fine defensive maneuvers. Also starting were Kim Swider, Amy Kalas and Julie Flynn at point. A four point deficit at the half intensified the pressure on the thus far undefeated 5th graders. Starting the 2nd half were Joan Marusek,

## Niles North auction to benefit United Fund

The Skokie Valley United Fund-Crusade of Mercy is the beneficiary of the 1981 Niles North High School holiday auction. According to Maureen Eisenberg, a chairman of the Student Congress' School Cause Committee, "We are soliciting area businesses and citizens for items we can sell to students and teachers at the auction."

The annual auction will take place on Friday, Dec. 11 between 10:30 and 3:15. Throughout the day, students will make written bids on the items offered, and the winners' names will be announced the following Monday. The offerings include "dozens and dozens of bagels", clothing, flowers, a hanging plant, handmade mugs by teacher Judith Rochotte, and luncheon at the

North Shore Hilton with principal Galen Hostler.

"Funds raised for the United Fund stay in the Skokie area," says Eisenberg, adding that "While we have received numerous generous donations from area shops and residents, we could still use many, many more." Those who would like to donate items or services to the auction may call the public relations office at 673-6822.

Other Student Congress members responsible for organizing and facilitating the auction include Ricky Levin and Eric Cooper. Mr. William Weiss, faculty coordinator, is urging everyone to come out and bid, especially on the 32nd screen in the library.

## M-Nasr holiday shopping

The Maine-Niles Association of Special Recreation (M-NASR) is offering a shopping spree to Woodfield Shopping Mall on Sunday, Dec. 13. Here is your opportunity to do some holiday shopping and have a good time with friends. This special event is open to all physically limited adults and young adults living in Maine and Niles Townships. Persons interested should call M-NASR office at 966-5522 for door to door transportation in our accessible vans.

For this shopping spree as well as many other programs, M-NASR is continually looking for volunteers. Anyone interested in volunteering for this special event or other programs may call Leslie at 966-5522.

## Ski Club officers

Winter's first snow may be a long way off, but Maine East Ski Club officers are already organizing activities for the 350-400 club members.

Officers are (l. to r.) Mike Moore of Niles, president; Steve Grindel of Morton Grove, Secretary; Dale Davenport of Niles, treasurer; and Linda Neville of Morton Grove, vice-president.

## OCC brings math message to Maine West

Two Oakton Community College students backed up their mathematics instructor in a discussion of the role of mathematics in career options before an audience of 600 sophomores at Maine West High School at 9 a.m. on Wednesday, November 18.

Adele LeGere, OCC associate professor of mathematics, stressed the importance of taking more than the required minimum of high school math to expedite attaining career goals that rely on a strong mathematics background.

Sharing their personal math experiences were Steve Jacobs, Skokie who attended Niles North, and Laura Bauman, Evanston, who attended high school in New Mexico. Both are students in Ms. LeGere's course in Intermediate Algebra.

The students told their audience how their own career choices had been affected by not taking enough high school math.

## Parent's program for swim classes

The Mayer Kaplan Jewish Community Center, 5050 W. Church St., Skokie invites all parents of children enrolled in swim classes to participate in a Parent's Day Program, starting Sunday, December 13 through Thursday, December 17.

This program provides the opportunity for parents to participate in a "free swim period" with their children during their scheduled swim period. The program is unstructured and allows parents to spend time with their children in a relaxed atmosphere as they demonstrate skills which they have learned throughout the session.

For any additional information, contact pool office at 675-2200, ext. 248.

## SPIN hosts 'Holiday on Ice'

The SPIN (Skaters' Parents in Niles) organization is hosting their Third Annual "Holidays On Ice" Figure Skating Exhibition to be held on Saturday, December 19, 7:30 p.m., at the Ballard Sports Complex, Ballard and

Cumberland, Niles. The show will feature the Niles Competitive Figure Skating Team.

Tickets will be available at the door. The donation: adults \$2.50, children 12 and under \$1.50.

# SIGN UP NOW FOR A CRAGIN TAX-DEDUCTIBLE IRA, EFFECTIVE JANUARY 1ST, AND EARN AN EXTRA-HIGH YIELD IN THE MEANTIME.

## 13.00%

Short-Term Note rate good through Saturday of this week.

The new tax laws permit all wage earners to open an Individual Retirement Account. And starting January 1st, financial institutions will begin offering these tax-deductible accounts. And that's fine.

But who else other than Cragin Federal Savings offers you: 1) high interest on a Short-Term Note until December 31, 1981, 2) automatic transfer of the Note into a tax-deductible IRA which will earn tax-deferred interest, 3) free checking with the Cragin's Automatic Transfer Plan.

### The Cragin Short-Term Note

Just deposit \$1000 or more now, and we'll put your money into a special Short-Term Note that bears a guaranteed, high rate of interest through December 31, 1981. Then on January 1st, we'll transfer the principal or principal plus interest—automatically—into your newly-created IRA, paying an interest rate to be set in the future. Cragin's automatic transfer makes opening your IRA fast and easy. By having your IRA begin January 1st, you'll earn the maximum tax-deferred interest possible, which means your account will grow faster over the years to come. The Cragin Short-Term Notes are backed by the general assets of Cragin Federal and are collateralized by U.S. government and federal agency securities, with a face value that exceeds your investment.

### The Cragin Tax-Deductible IRA Features Two Ways to Invest

Now for the first time, new federal tax laws allow all wage-earners to open their own personal retirement plans, even if their employer has a pension or profit-sharing plan. Contributions to the IRA are tax-deductible from the gross income figure on your 1982 federal tax forms—up to \$2000 for single wage-earners, up to \$2250 for one wage-earner and a non-working spouse, and up to \$4000 for families with both spouses earning wages. What's more, you're allowed to deposit into a Cragin IRA 100% of your earnings up to your particular maximum. This means that if you work full-time and your spouse works part-time, you'll be able to pool your resources and deposit the full \$4000 allowed by law. Moreover, the interest your IRA earns isn't taxed until funds are withdrawn in retirement (after age 59½).

And Cragin offers you two 1½-year investment options for your IRA. One carries a fixed-rate paying ½% above the four week auction average of

six-month Treasury Bills available the day your IRA is opened. The second option features a monthly variable rate which will pay ½% above the four week auction average of six-month Treasury Bills.

### Added Bonus: Free Checking!

When you open and maintain your Cragin IRA with \$1000 or more, you'll also be eligible for free checking. There's no minimum balance requirement on your checking account, and no service charge, either. Think of it—you can now draw down your checking account to as low as you want and never have to be concerned about paying service charges. You'll also get duplicate checks right in your checkbook, so you'll have an immediate, convenient record of all your transactions. Plus, we'll send you a detailed statement of your account every month.

### Select a gift, too!

Joining Cragin's Automatic Transfer Plan also entitles you to select one of the free gifts below or choose from 30 other gifts free or at a substantial savings—just for saving at Cragin.

- Men's or Ladies' Watches—FREE!**  
Or choose one of the following free gifts:
- Counter Top Sink Board
  - Set of 4 Cobalt Porcelain Mugs
  - Rattan Magazine Stand
  - 2 qt. Solid Copper Tea Kettle

So act in your best interest by earning our best interest, with the Cragin Automatic Transfer Plan, from Cragin Federal Savings—an old friend of the family.

THE SHORT-TERM NOTE IS NOT A SAVINGS ACCOUNT OR DEPOSIT AND IS NOT INSURED BY THE FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION.

\*Signing up this week guarantees you this rate through December 31, 1981.

\*\* \$1000 Short-Term Note available only to persons establishing an IRA.

**Marillac Mothers Dinner and Show** **Woman's Club of Niles offers Christmas ornaments**

December 11 marks the date for Marillac's Christmas dinner and show sponsored annually by the Marillac Mothers' Club. The dinner, which consists of meat, rolls and butter and beverage donated by the Mothers' Club, also includes a variety of salads, vegetable dishes and desserts donated as pot-luck servings by attending students, faculty members and their families. The theme of the event is "An Old-Fashioned Family Christmas Dinner" which will be boasted via the various decorations and centerpieces handcrafted by the mothers.

Following the dinner, the Performing Arts Department at the high school will be presenting a Christmas show which features Marillac students who will sing and dance. Under the direction of Mrs. Hilde Hussa, The Choraleers will vocalize holiday greeting which will be extended to the audience as well in a sing-along fashion. Combining her efforts with those of Mrs. Hussa will be Mrs. Katie Wagner, who has choreographed a variety of seasonal dances befitting of the occasion.

The Christmas show and dinner is one of the most anticipated events of the school year. Drawing crowds over six hundred, the festivity joins families and faculty in the celebration of a very special holiday at the school.

Handpainted porcelain Christmas chimes and dinner bells are offered for sale by the Ways and Means Committee of The Woman's Club of Niles. The ornaments displayed by (l to r) Dorothy Robertson, Ways and Means Chairman, Dianne Netzel and Terri Fritze may be obtained from clubwomen or at their next meeting, Wednesday December 16, when a musical presentation "Christmas Fantasy" will be given at Bunker Hill Country Club, 6835 Milwaukee Ave., at 8 p.m. Also available will be the '82 Entertainment Books. Guests are welcome. Phone Membership Chairman Renate Leitz at 965-6381.

**E.P.L.C. Christmas Candlelight concert**

A Candlelight Processional by the members of the Edison Park Lutheran Church Senior and Youth Choirs and "AMMI" Singers will open the Christmas Concert on Sunday, December 13 at 7:00 p.m. in the Sanctuary of the Church located at Avondale and Oliphant Aves., Chicago. Under the direction of Mr. John K. Christensen, Miss Dorothy Nordblad and Pastor Mark Twittemeyer, they will sing favorite carols and anthems. The Senior and Youth Choirs have participated in many concerts in and around the Chicago-land area and on radio and television. The "AMMI" Singers, thirty members of the Church's Luther League, have sung in Wisconsin, Indiana, Illinois and appeared recently on WGN-TV's "Heritage of Faith". Following the concert, refreshments will be served by the Lecture Circle. Everyone in the community is invited to participate in this lovely Christmas observance and make it a holiday tradition for your family.

**Driving safely in fog**

By Secretary of State Jim Edgar The best rule for fog is to avoid driving. If you must drive, here are some things you should do to help stay out of accidents:  
 1. Sharply reduce your normal driving speed.  
 2. Reduce speed still more when you see headlights or red taillights. The headlights may be on a vehicle coming down the center of the road, and the vehicle with the taillights may be stopped along the roadway, or just barely moving.  
 3. Be prepared for an emergency stop, and keep within the limits of your vision. If the fog becomes so dense that you can barely see, cautiously pull off the road and stop. Do not creep along at 5 or 10 miles an hour.  
 4. You probably will be able to see more clearly if your headlights are dimmed. Certain types of fog lights are helpful.  
 5. Caution your passengers to be alert for lights or other obstructions ahead on the road.  
 If you have any questions about the Secretary of State's office, call 800-252-8880.

## District 63 meets State health code

School District 63 is pleased to announce that it is 99.2% in compliance with the Illinois School Code which requires physical examinations and inoculations against communicable diseases. Students entering school for the first time (usually kindergarten), going into fifth grade, or transferring into the district, must have a physical examination and give proof of immunity against diphtheria, pertussis, tetanus, polio, rubella and measles. Children not meeting the requirements are excluded as the State requires.

## Oakton grad scores second in country

Judy Weiss, a graduate of the Medical Record Technology program at Oakton Community College, scored 190 on the national examination for certification as an accredited record technician in September, 1981, the second highest score on the exam in the country. The high score for the nation in the exam administered by the American Medical Records Association was 191 out of 200 points. Of the 871 candidates writing the exam, 78 percent passed. All ten MRT graduates from Oakton who took the exam passed. Their average score was 160, compared to the national average of 150.4. Ms. Weiss, who earned an A.A.S. from Oakton Community College in May, is currently employed at Skokie Valley Community Hospital as an accredited record technician.

admitted first, beginning 15 minutes before each showing. (Bring library card). Persons residing out of the district will be admitted 5 minutes before the showings as space permits. Children under 6 must be accompanied by an adult. For information call 967-8554.

## Dem Committeemen in new districts plan meeting

Democratic Committeemen of the newly created 9th Congressional District of Illinois will meet Sunday, December 13, to consider party endorsements for Congressman and State Central Committeeman for the primary election on March 16, 1982. Chicago Alderman John Merlo, 4th Ward Committeeman, will chair the meeting scheduled to begin at 12 noon at the Shield Park Fieldhouse, 3505 N. Southport, Chicago. All candidates will be welcome to present their credentials to the Ninth District Committeemen, Merlo said. Sidney R. Yates of Chicago is the incumbent Congressman from the Ninth District, Scott Hodges, also of Chicago, is the Ninth District State Central Committeeman. The new district runs roughly north from Division Street in Chicago, through Evanston, and

includes parts of Maine, New Trier, Niles and Northfield Townships of Cook County. The Democratic Committeemen of all the wards and townships of the new 9th Congressional District are expected to attend the meeting.

## Ski safety program

An important lecture on "Ski Safety" will be presented at the Morton Grove Public Library on Wed. Dec. 16 at 7:30 p.m. The speaker will be Earl Essig, member of the National Ski Patrol, foremost expert on ski mountaineering and President of the Certified Ski Touring Instructors of the U.S. Ski Association. Mr. Essig's lecture and slide presentation will include Downhill skiing and Cross Country Skiing, safety procedures on the slopes, selection of proper equipment, and possible health hazards, such as hypothermia.

## Lutheran General Hospital offers specialized programs

### Courses for persons over 55

Persons over age 55 may participate in a variety of classes offered at the Life Fulfillment Center of Parkside Human Services Corporation, 9375 W. Church, Des Plaines. Parkside Human Services Corporation is affiliated with Lutheran General Hospital, Park Ridge.

The classes will begin during the week of October 26 and extend for six or seven weeks. The classes are being offered to foster wellness - physically, mentally, emotionally, spiritually and socially.

The following describes each series of classes:

**MOVEMENT FOR LIFE (6 weeks)** - This exercise program is designed for those who have gotten out of action and now want to look and feel better...to enjoy life! Classes will move to music and emphasize flexibility and stretching. Instructor: Dottie Koelling, senior program director, Latto YMCA; Time: 9:30-10:30 a.m., Thursdays.

**NUTRITION AND YOUR HEALTH (7 weeks)** - A discussion series (including films and slides) centered around the issues of vitamins, sugar, sodium, food additives, caffeine and cholesterol will help persons make sound food choices and obtain the best foods to meet nutritional needs. Instructor: Marie Ekraal and Darlene Bailey, consumer affairs officers from the U.S. Food and Drug Administration. Time: 10 to 11 a.m., Tuesdays.

**PHYSIOLOGY OF AGING (6 weeks)** - This series will present basic information on the nature of normal, healthy aging. It will focus on the physical aspects of aging and discuss the bodily changes that occur throughout life. Instructor: Morris Binder, M.D., medical director, Older Adult Services - Parkside Human Services Corporation. Time: 10 to 11 a.m. - Mondays. For more information, phone Pat Cohen, 696-5563.

## Parkside Center Parking Garage

Construction has begun on the Parkside Center Parking Garage, a three-level facility to be located at the corner of Dempster st. and Luther Lane by Lutheran General Hospital, Park Ridge. The garage will provide 500 additional parking spaces and will consist of two underground levels and one above ground level with a park-like landscaping. The garage will accommodate the increased parking volume created by Parkside Center, an office building for physicians also under construction, which will open in the fall of 1982. The parking garage should be completed in August 1982. Visitor parking was recently expanded in Lutheran General's North Dempster Lot and is serviced by a free shuttle bus to various points on the Medical Center Campus.

As a community health center, Lutheran General Hospital and our affiliated corporations recognize that our responsibility extends beyond the care of the sick. We consider health promotion and illness prevention an important part of our mission.

To help inform and motivate you to preserve your personal health, we continually offer a wide range of health education and preventive medicine programs for the public and support groups designed for persons with similar medical problems.

## Holy Family forms Coronary Counter-Attack Group

Area residents are invited to join Holy Family Hospital's coronary club, "Counter-Attack," one of the first established for persons in the Northwest Suburbs who have cardiac disorders and are determined to prevent its recurrence.

The primary purpose of Counter-Attack is to help these individuals and others who wish to prevent heart problems learn how to identify risk factors in their lives which may lead to coronary disease and best treat their problems. The club holds meetings on the first Tuesday evening of each month at Holy Family Hospital. Free blood pressure tests are given by nursing personnel in Holy Family's Cardiac Rehabilitation Department at 7 p.m. followed by the meeting at 7:30 p.m.

At the sessions, professional medical personnel are present to speak on a variety of topics of concern to the coronary patient and his family. Audio-visual aids and informational literature are often utilized to compliment the wide-range of topics covered. Members are provided a recipe of the month which is contributed by members and edited for low cholesterol diets by a dietitian in Holy Family's Nutritional Services Department.

For additional information about Counter-Attack or to register for the next meeting, contact Holy Family's Public Relations Department at 297-1800, ext. 1174, weekdays.

## Better Breathers Club to meet at Holy Family

Area residents are invited to attend the next meeting of the Northwest Suburban Better Breathers' Club on Thursday, December 17, beginning at 7:30 p.m. at Holy Family Hospital in the Mount Prospect Room on the lower level.

At the meeting, Robert Barnato, Registered Pharmacist, Holy Family Professional Plaza, will be the guest speaker on the topic "Medications." He will speak on common medications taken by persons with respiratory problems, possible side-effects, and helpful tips in taking medications. A question and answer session will be held and refreshments served.

The Better Breathers' Club was established in the Fall 1978 for persons with lung diseases or related conditions, members of their families and other interested persons in this subject.

Some of the topics the Better Breathers' Club meetings have covered include: "Body Exercises and Relaxation Techniques," "Nutritional Needs and Dietary Tips," "Emotional Needs and Fears," "Anatomy and Function of the Lung," "The Care and Cleaning of Respiratory Equipment," and "Coping with Seasonal Changes."

There is no charge for attending the monthly meetings, however, registration is required prior to attendance. To register for the next meeting or to obtain additional information about the Better Breathers' Club, contact Holy Family's Public Relations Department at 297-1800, ext. 1174, weekdays.

## Holy Family Hospital committed to community education

Holy Family Hospital has made a commitment to providing community education and health information programs to area residents. A strong believer in the old adage, "an ounce of prevention is worth a pound of cure," the hospital also teaches residents in the area how to stay healthy.

Holy Family offers a number of regularly scheduled classes, including Babysitters' Training and First Aid, as well as special programs such as lectures on glaucoma and panel discussions on aging.

Two special programs are planned during the first three months of 1982. On Tuesday, February 9, a workshop on "Stressors on the Family" will be led by Clay Sherman, Ed.D., an expert on stress management. Sherman, a management consultant with Beta Group, Ltd., of Mount Prospect, will focus on situations causing stress in the modern family: economics, child-rearing, health and other concerns. The program will be held from 7 to 8:30 p.m. at Holy Family, 100 N. River rd., Des Plaines.

A "Health Day - For Women Only" will be sponsored by the hospital from 2 to 5 p.m. on Sunday, March 28. Topics such as physical fitness and nutrition will be featured through lectures, discussions and practice-demonstrations.

Regular, on-going programs at the hospital include free blood pressure screening every Wednesday from 1 to 3 p.m. and monthly classes in cardiopulmonary resuscitation - a rescue technique that can save the lives of respiratory and cardiac arrest victims. CPR certification classes are planned for 9 a.m. to 3 p.m. on these upcoming Saturdays: January 16, February 13 and March 13. For those who are already trained in CPR, but need to meet the annual recertification requirement, a review class is scheduled for 9 a.m. to noon on Saturday, March 20. The fee for both CPR classes is \$3 per person.

Also held every month are self-help classes for diabetics. Held during a series of three evenings, the classes cover topics such as medications, travel hints and diet instruction. The fee is \$10 per person, or \$5 for senior citizen. Family members and hospital inpatients may attend for free. The classes are held from 6:30 to 8:30 p.m. on Monday, Tuesday and Wednesday. Upcoming dates are January 18-20, February 15-17 and March 22-24. Adolescents 11 years of age or older are trained to be responsible, resourceful babysitters in another program offered regularly by Holy Family. The next training sessions, held from 4 to 5:30 p.m. during a series of four Tuesdays, are planned for February and March. The fee is \$5 per person.

First aid is another program offered periodically by Holy Family. Participants learn how to handle medical emergencies such as burns, broken bones and heat exhaustion. The next class, held under American Red Cross guidelines, is planned for 9 a.m. to 3 p.m. on Saturday, February 20. A minimum fee is required. Persons interested in attending any of these classes should call Holy Family's Public Relations Department at 297-1800, ext. 1174.

## Holy Family Hospital Celebrates 20 years of 'Family Care'

Holy Family Hospital proudly celebrates 20 years of providing personalized, quality Family Care in 1981. In the hospital's 20-year history, the Sisters of the Holy Family of Nazareth, who own and operate Holy Family, have fulfilled their longstanding commitment to meeting the health care needs of area residents and the business community.

During the past 20 years, our commitment to caring has enabled us to develop new facilities, services and programs to meet your family's complete health care needs. Since our doors opened in June 1961, many thousands of area residents have selected Holy Family as their hospital for family care. Here are a few of the many reasons why:

- Efficient Emergency care, around-the-clock
- Ultra-Modern Intensive Care Unit/ Cardiac Care Unit
- Outpatient Radiology and Laboratory Services
- CAT Whole Body Scanner
- Cardiac Rehabilitation Department
- Family Centered Maternity Visiting Program
- Doctor Referral Service
- Community Service Programs
- Holy Family Professional Plaza, a medical office building.

As we record this 20-year milestone, our commitment grows even stronger while we strive to meet the growing and diverse health care needs of the entire Des Plaines community. We will continue to do our best to keep health care costs among the lowest of area hospitals.

For additional information about Holy Family's facilities, services and programs, contact the Public Relations Department at 297-1800, extension 1174, weekdays.

### Tips on back pain

Back pain can strike while moving a piano or just bending over to tie a shoelace. Either effort can cause pain severe enough to keep someone in bed at home or in the hospital, or just painful enough to make life miserable.

Back pain can be localized in the lower region of the back or radiate down to the buttocks or thighs or follow the path of the sciatic nerve down the leg to the ankle joint.

**STANDING**  
The proper way to stand is not "at attention" in an exaggerated military stance with the shoulders thrown back. It's better, Dohse says, to put the back at ease by standing in a relaxed but erect position, with the head straight and level and not tilted left or right, and in line with the upper part of the body. Don't slouch or lean against walls. This erect posture also permits the lungs to work at full capacity.

Shoes are an important consideration when standing and walking a great deal. "Shoe heel height changes postural alignment and too high of a heel increases spine curve which brings the pelvis forward and increases back strain," Dohse explains. He suggests a shoe style with a broad heel support and a heel height of approximately one inch.

**SLEEPING**  
At bedtime, a firm mattress for support and a soft pillow are best. Sleeping without a pillow can cause the head to be angled back which puts stress on the upper spine. If a mattress is not firm, and buying a new one is not in the budget, a board between mattress and box spring helps somewhat.

The word from Dohse and Wistar about water beds is that they seem to be acceptable when filled with enough water to make them firm.

The best sleeping posture is on the side in a modified fetal position with both knees drawn up towards the chest, or with one leg extended and one knee flexed. The second best position is sleeping on the back. A pillow under the knees or under the mattress in that spot may add comfort.

**SITTING**  
Sitting takes a load off the feet, but puts stress on the back, especially on the pads of fibrocartilage that separate each vertebrae in the spinal column. These pads, or discs, act as transmitters and absorbers of back stress and strain.

People who spend most of their day sitting should have chairs that provide the support their backs need. A good chair should be firm and have arm rests, Dohse says. A chair back that conforms to the inward curve of the lower back is excellent, though too much inward curve causes excessive and uncomfortable curvature of the spine. Some secretarialtype chairs have this unfortunate back design.

The front edge of the chair seat should not press against the back of the legs and cut off circulation. The seat should also be low enough so that knees are level or slightly higher than the hips when the feet are on the floor.

Dohse suggests taking a break from prolonged sitting at least every half hour. Sitting for hours at a time cuts off circulation to the legs, and may cause stiffness, cramps and back fatigue. Legs crossed is a good seated posture because it help relieve pressure on the back. Just remember to switch leg positions so circulation is not hampered.

Working hunched over a desk, table or typewriter puts an added burden on the stress already caused by sitting, says Dohse. He suggests alternating tasks to relieve this strain. A bad habit at work or at home is cradling the telephone receiver between the ear and shoulder, putting stress on the cervical (upper) part of the spine.

Feel free to flop into a cushiony couch or chair at home after a hard day, but don't settle in for the evening. Dohse explains that a short rest in that type of furniture is a good way to relieve tensions, but a better choice for several hours of rest is a chair that supports the back, head, legs and feet. A recliner is ideal.

Individuals who stand most of the day should do so correctly. Correct standing posture, actually all good posture, means keeping the body in balance without putting excessive stress on any part.

### Disaster drill at Holy Family

Holy Family Hospital recently conducted a simulated "Disaster Drill" in cooperation with area paramedics, Lattif YMCA and Explorer Medical Post 850 of Des Plaines (affiliated with the Boy Scouts of America) who posed as "victims" of a bleacher collapse at a swim meet. In Holy Family's Emergency Department triage area, David Bakken, M.D., Internal Medicine (r.) and Marge Kostick, RN (l.) assess the condition of a "severed artery" on one of the 18 Explorer "victims."

**LIFTING**  
Think legs when lifting, too. Always bend at the knees to lift. Bending from the waist to pick up anything is a quick route to an episode of back pain.

Wistar explains that most people don't realize that when they bend from the waist, the lower back acts as a sort of hinge for the upper body as it moves up and down. To lift an object this way, the lower back must support not only the object but also half of the person's body weight. The ligaments and muscles of the back are not designed to handle that kind of stress but the legs are capable of supporting the body plus an additional weight load.

Bending at the knees to lift something puts the greatest demand on the legs where it belongs. Always stand close to the object being lifted and keep it close to the body, Wistar advises. The farther away an object is held, the more stress is placed on the back. Wistar uses the analogy of a teeter-totter to explain this back-saving concept. Two loads of unequal weight can be balanced on a teeter-totter if the heavier one is placed nearer the fulcrum, or point of support. When lifting a heavy load, the back must counter-balance with the muscles supporting the spine.

**IT'S AVOIDABLE**  
Back pain due to arthritis, accident, or degeneration of tissue due to aging may be unavoidable, but hundreds of people abuse their backs and end up flat on their backs because of poor walking and sleeping posture. They also move, lift, carry and stand in ways that maximize back strain. "Proper posture and proper use of body mechanics - moving the correct way - are extremely important to help keep from experiencing back pain initially and if already a victim, to keep from having it again," says William Dohse, R.P.T., director of Physical Therapy at Lutheran General Hospital. As a registered physical

### Chiropractic treatment favored by many

by Dr. Bernard Shindler

Chiropractic, founded in 1895, is the science of health and disease viewed from a structural standpoint, with special consideration given to spinal mechanics and the nervous system, and how they may affect health and disease. This healing method is utilized today by more than 30 million Americans.

The major purpose of chiropractic care is to free the nervous system of interference with its normal function, thus removing a basic cause of disease. Doctors of Chiropractic do not utilize prescription drugs or operative surgery, but will refer to the appropriate specialty when the condition warrants.

Many people think that chiropractors treat mainly orthopedic cases, such as backaches, disc pains, sciatica, and whiplash. It is true that for these conditions one should see a chiropractor. The art of manipulation of the spine has been proven beneficial to these

problems since the time of Hippocrates. Other functional disorders, such as those that involve organs and internal glands of the body, often respond to chiropractic adjustments. Every gland, organ, and body tissue needs a nerve supply or some form of stimulation from the nervous system. The conditions which Doctors of Chiropractic treat can be as varied and as vast as the nervous system itself.

These conditions include asthma, allergies, female disorders, headaches, sinus problems, knee pain, shoulder pain, high blood pressure, arthritis, and many others too numerous to mention.

In the event that you, a member of your family, or a friend, would like additional information concerning a personal health problem, our office is located across from Lutheran General Hospital in Park Ridge. The address is 1600 Dempster St., Suite LL1, Park Ridge. The phone number is 296-7246.

### United Way

Thomas Giles, Niles North High School, is the Chairman of the Schools Division for the United Way of Skokie Valley. The campaign seeks to raise \$146,250 to help 14 local service agencies. A school campaign begins Monday and will last for two weeks. Administrative and teaching personnel will be asked to participate by contributing to the Crusade of Mercy.

### Porter wins praise for spending-curb stand

Congressman John E. Porter (R-10th) has been cited by the National Tax Limitation Committee for his support of a constitutional amendment to limit government spending.

Porter is one of 85 co-sponsors of H.J. Res. 350, the Tax Limitation/Balanced Budget Constitutional Amendment, which would prohibit the federal government from increasing taxes and spending faster than the growth of income and would establish a balanced budget as normal fiscal policy.

Porter also received the highest score of all members of the Illinois congressional delegation in a recent Chicago Sun-Times computer study of votes on federal spending cuts.

Commenting on the Tax Limitation amendment, Lewis Usher, president of the 500-member National Tax Limitation Committee, praised Porter for his "support of a lasting solution to out-of-control Federal spending and taxing."

Porter said, "My first priority as a congressman has been to put the brakes on federal spending so we can balance the budget and restore a healthy economy."

The Tax Limitation/Balanced Budget Amendment was introduced in the House on October 29. In the Senate, it has been reported out of the Judiciary Committee and is expected to come before the full Chamber for a vote early in 1982.

### Women's Club Christmas

The holiday program scheduled for The Woman's Club of Niles' December meeting will be "Christmas Fantasy," a delightful musical presentation by club members Karen Porzak and Suzanne Miller.

The monthly meeting will be held at Bunker Hill Country Club, 6635 Milwaukee ave. on Wednesday, December 16 at 8 p.m. Residents of Niles who are interested in learning about their community and an exchange of ideas are welcome to join the club. Members combine talents and resources to fund philanthropic projects and assist in village endeavors which lead to civic and

cultural progress at various levels. As a social level club women sponsor pot luck dinners, golf and pinocle tournaments, a periodic "Lunch Bunch," a Spring Luncheon in May and monthly programs directed to the interests of club women.

Scheduled for future meetings are Sergeant James Gerhardt of the Niles Police Dept., Estate Planning and Wills, Interior Designs and Terry Burhans and the Weather.

Guests are very welcome. Call Renate Lietz, membership chairman at 965-6381.

### Skokie library hosts financial planning seminar

Find out what options are and how to use this investment technique in your financial planning by attending a seminar by Dr. Howard M. Rossman at 7:30 p.m. on Tuesday, December 15 in the Skokie Public Library. Admission is free.

Dr. Rossman will explain how options can be used for a variety of investment goals from aggressive speculation to conservative

income protection. Dr. Rossman is an Account Executive with the investment firm of Rodman & Renshaw, Inc. He will present a seminar on advanced option strategies at 2:00 p.m. on Sunday, January 10 in the Library. For more information call 678-7774.

### NI-Gas awarded for energy efficient home Accountants group president

The Northern Home, an energy efficient demonstration model in Naperville, Ill., has been named winner of the 1981 Energy Conservation Award of the American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE).

A joint project of Northern Illinois Gas and the Northern Illinois Home Builders Association, the home was cited in the New Residential Category for being "a good example of the energy conservation attitude" of the

firms belonging to the society.

The award will be presented December 8 at a luncheon in Chicago's Merchandise Mart.

"We're proud of this award," NI-Gas Senior Vice President Operating A.R. Johnson said.

"We intended the home to be a demonstration model to determine the effectiveness of various energy-efficient systems and designs. It is pleasing to have the society recognize our efforts."

Completed in June 1980, the Northern Home features a passive solar system and the latest in energy-efficient equipment. The majority of the home's window area is on the south side of the home letting the sun's winter rays warm the interior, brick and ceramic tile thermal mass. This warmth can be kept in at night by lowering rolling shutters.

The aerodynamic roof construction deflects cold winter winds

and the garage is positioned to buffer the living space.

In the summer, a large, open area in the home's center allows the upward flow of air, pulling in colder air from ground level. The shutters may be lowered to keep out the sun's hot rays.

A unique "ice-house" roof design provides an air space between waterproof sheathing and concrete roof tiles. The roof buffers the living space from the scorching summer sun and winter's cold winds.

Equipment includes a pulse combustion gas boiler and an energy-efficient gas water heater. The latest in modern gas kitchen appliances and two fireplaces that use outside air for combustion are also in the home.

Each room in the Northern Home was equipped with temperature sensors at the ceiling and floor. This information, plus the amount of energy used and weather conditions, was gathered by computer and will be studied by NI-Gas personnel to precisely determine energy savings. Since its grand opening, more than 40,000 people toured the model.

Also named in the ASHRAE award is the Northern Home's engineer, Elliott Howes Gage of West Chicago, Ill.

Gregory S. Wilson, a partner in Ernst & Whinney, is shown being congratulated on his selection as president of the local Chicago Chapter of the National Association of Accountants for 1981-82, by Emil Scharff, new international president of NAA. Scharff is a partner in the San Francisco office of the international accounting firm Arthur Young & Co. The event occurred during a meeting for chapter presidents held during the Association's annual conference earlier this year in Honolulu.

### Glenview State Bank's new investment product

Beginning Jan. 2, 1982, Glenview State Bank will offer its customers a convenient new way to buy gold and silver, announced Mr. Beaulieu, President.

The new precious metals program allows customers to purchase an undivided interest in gold and silver bullion without ever taking delivery. This saves the individual manufacturing, shipping, handling, safety deposit box and vault costs, as well as certain taxes.

Mr. Beaulieu says, "Glenview State Bank's Precious Metals program allows the customer to purchase as little as 5 troy ounces of gold or 100 troy ounces of silver at prevailing market prices, normally available only to large dealers. It's the simplest way to purchase either metal."

A commission fee is charged for both the purchase and sale of either metal.

Customers also have the option of taking physical delivery of their purchases in the form of gold or silver bars.

Mr. Beaulieu added, "Glenview State Bank's Precious Metals program is an innovative way to add gold or silver to an individual's investment portfolio."

### Glenview State Bank promotes officers

John H. Beaulieu, President of Glenview State Bank, has announced the promotion of the following officers: Vice President, James Briggs; Assistant Vice President, Deborah Bartlett, Kenneth Runfeldt, Rick Salm, and Sharon White; Personal Banking Officers, Joyce Brown, Frida John-

son and Ann-Britt Nilsson; Trust Officer & Estate Administrator, Myra Firishchak; Assistant Trust Officer & Land Trust Administrator, Alice Hansen; Credit Officer, Stephen Crane; Operations Officer, James Weston and Rosemary Myra; Bank Services Officer, Mary Anthony.

### United Way raises 80% of goal

The 1981 United Way of Skokie Valley's campaign to raise \$146,250 to benefit 14 local service agencies has raised 80% of the goal. That leaves over \$28,000 yet to be raised. If you have not already made a contribution, please mail check to the United Way, 4017 Church st., Skokie 60076.

The Public Employees in Skokie have contributed 113% of their goal. Barbara Meyer and Jeffrey Greenspan were the co-chairpersons. Lincolnwood Public Employees have raised 107% of their goal. Bernard H. Arends was the chairman. The Public Employees Division is the first division in the campaign to reach 100%.

The local service agencies to benefit from this campaign are as follows: Boy Scout N.W. Suburban Council, Family Care Service, Family Counseling Service, Girl Scout Council of N.W. Cook County, Jeanine Schultz Memorial School, Leaning Tower YMCA, Maine Family Service and Mental Health Association, Niles Twp. Sheltered Workshop, North Shore Association for the Retarded, Orchard Mental Health Center of Niles Twp., Rimland School for Autistic Children, Visiting Nurse Association of Skokie Valley, Senior Action Service and Senior Citizens Legal Services.

### Real estate exam review

## From the LEFT HAND

Continued from Page 1

sulting firm submitted its preliminary report of the cable applicants evaluating the proposals and giving the companies tentative rankings.

In September, after the cable companies had submitted written responses to the consulting firms earlier report, the firm then submitted its final report, ranking the companies and submitting its recommendations.

In October 6 of the 7 cable companies presented their final public presentations and in November the village board voted to set December 7 as the date for making the cable TV decision.

The contrast in the modus operandi of Skokie and Niles is startling. Niles also exhaustively studied the many cable companies. But unlike Skokie, which methodically and patiently set its sails in a straight course, Niles looked very bad when it made its choice. Niles had selected one company which was the top recommended company of the consulting firm it was using. Its village board chairman of its cable TV committee also approved this company. But when the company which was second on the recommended list offered \$500,000 money upfront Niles took the money. It abandoned its first choice and overrode the recommendation of Carol Panek, the Niles committee chairman, who supported the consulting company's first choice.

Monday night a Skokie official told us Niles looked very bad in accepting the money. No other community in this area accepted any such money and Skokie passed a resolution forbidding any such consideration.

There was one other story Monday night which was most interesting. In past months we've reported how the local newspapers, including The Bugle, were contacted by Metrovision, offering all of them a 10% cut in the profits from their town if they could push their village officials into okaying Metrovision for their town. The Bugle was dropped off the 10% list when it refused to contact anyone. But one of the movers behind the effort was the Lerner Newspapers.

In a TV column in an issue of last week's Sun-Times, columnist Gary Deeb wrote a harsh criticism of Lerner for its efforts. He revealed Lerner would get a channel of its own in Skokie if Metrovision got the franchise. The very harsh column made the Lerner effort look questionable.

We were told Monday night Metrovision was one-two in the ranking for the Skokie franchise. It is conceivable the Sun-Times column might have zanked the Lerner chances to ride into the Skokie TV picture.

# Falcons win Orlando Bowl Game

The N.S.Y.A. Falcon Jr. Midgets defeated the Apopka Lions 25 to 20 in a bowl game played in Orlando, Florida. The Falcons handed the Apopka Lions their first defeat in two seasons. The Falcons dominated the first half scoring four touchdowns and an extra point. Falcon backs Craig Cotton, Joe Passanante and David Biede did an excellent job behind a strong offensive line made up of Scott McClaughry, Michael Lubelfeld, Doug Baum, Dan Mueller, Dan Thomas, Dave Hancock, Jeff Weber, John

Rozinsky and Mike Wittgen. On the first Falcon drive Joe Passanante and David Biede brought the ball down to the Lions line to set up Quarter Back Jimmy DeMeo's T.D. pass to John Rozinsky. Craig Cotton made the Falcons 2nd and 3rd touchdowns and Jimmy DeMeo made the extra point on a quarterback keeper. The Falcons final T.D. was made by David Biede on a 65 yd. punt return. The first half ended with the Falcons leading 25 to 13. The Falcons were unable to score the second

half but the tough Falcon defense held on to the lead allowing the Lions only one more T.D. and extra point. Louis Karellas spearheaded the Falcon defense with several key tackles. Gary Koren tackled a Lion behind the line of scrimmage for an Apopka loss of 10 yards. Doug Baum put constant pressure on the Lions blocking punts. A touchdown

savings tackle was made by Jimmy Olen. Helping to save the game for the Falcons were Michael Lubelfeld, Dave Biede, Dave Hancock, Dan Thomas, Eric Wilcox, Scott Hammond, Brian Benarz and Brian Stranck. A team trophy was presented to Head Coach Ron Biede immediately following the Falcon

win. Cheering the boys on to victory were Cheerleaders Lisa Watrach, Dana Priola, Janet Ross, Jill Mueller and Ramona Bonnicio. Along with Coaches Ron Biede, Barry Ruby and Tony DeMeo the Falcons celebrated their victory with trips to Disney World and River Country.

## Receive National Merit Commendation

Thirty-one Niles Township High School students were recently commended for their excellent performance in the 1982 Merit Scholarship Program. These students, who scored very high but slightly below the National Merit Semifinalists, will receive "Letters of Commendation" from the National Merit Scholarship Corporation. All Commended Students are seniors who took the Preliminary Scholastic Aptitude Test/National Merit Qualifying Test last year. Niles North

Commended students include Scott L. Becker, Carolyn J. Bergen, Miriam E. Bleadon, Susan Defratus, Steve A. Herman, Jill S. Kominsky, Karen F. Levin, Daniel J. Lewis, James Moy, Marc H. Nudelman, Julie Oettinger, Neil B. Perlman, and Winnie Y. Ruo. Those commended from Niles West are Stefan P. Adam, Matthew Benzeyev, Marc A. Cagen, Karin J. Goldstein, Matthew B. Goren, Louis F. Gross, Burton W. Klein, and Ross A. Lirtzman. Also: Larry A. Michaels, Frank

H. Miller, Denise L. Monnier, Helen M. Moshak, Mark G. Obermann, David M. Rappaport, Thomas S. Rivkin, Peter A. Selz, Jennifer M. Weiss, and Thomas W. Weiss. Niles superintendent, Dr. Wesley F. Gibbs stated that these students are the seventeen National Merit Finalists make up over three percent of this year's combined senior classes. "It is a credit to our District's teachers and parents that so many have done so well again this year," he added.

## Centel's proposed tariff gives customers cost-saving options

Central Telephone Company of Illinois (Centel) has filed a proposed tariff with the Illinois Commerce Commission (ICC) which, if approved, would increase charges for telephone service connections, but it also would give customers the option to avoid many of the charges by handling some of the connection activities themselves.

Donald Adkisson, general regulatory planning manager for Centel-Illinois, noted that the proposed tariff would provide options to allow single-line business and residential customers to avoid a large portion of the increase.

Under present regulations, the lowest total cost to connect basic service in a new home is \$23, he explained. "If the new tariff is approved, the total cost of this service connection would increase by \$6.50 for customers who take full advantage of the new options and do some of the service connection work themselves."

Here are the elements of the service connection rate schedule, including existing charges and proposed charges:

**RESIDENTIAL SERVICE CONNECTION CHARGES**

| Function           | Present Rate | Proposed Rate |
|--------------------|--------------|---------------|
| Service Ordering   |              |               |
| Primary            | \$4.50       | \$9.50        |
| Secondary          | 3.00         | 6.00          |
| Line Connection    | 3.00         | 20.00         |
| Inside Wiring      | 10.00        | 23.75         |
| Telephone Handling | 1.50         | 8.00          |
| Premise Visit      | 2.50         | 8.00          |
| Jacks              | 3.00         | 7.50          |
| Desk               |              | 10.00         |
| Wall               | 3.00         |               |

\*Under the new plan, the customer would have the option to avoid the costs associated with these elements by completing the required tasks himself.

"This would include such items as picking up a phone at one of our Pick-a-Phone Centers, and providing telephone wiring inside the residence, which of course in many homes is already installed."

Under the proposed plan, a customer could avoid paying as much as \$49.75. The minimum rate for the service connection of a main telephone would amount to \$29.50, while the maximum could reach \$79.25.

Adkisson emphasized that the tariff represents a continuing effort by Centel to adjust rates so that they more accurately reflect the actual costs of providing particular kinds of services.

"With the installation of a new main telephone, the maximum charge from Centel could amount to \$79.25 if options to avoid some of the charges aren't used," Adkisson explained. "Avoidable costs in this instance would total \$49.75, which means that a customer could reduce Centel's charge for a basic installation to \$29.50."

"With an extension outlet, a desk jack installed by Centel could require a maximum charge of \$45.25. In this case, a customer who uses all of the options to avoid costs could reduce Centel's total charge to \$6."

"If a main telephone and an extension outlet are ordered together, the same basic charges and options would apply to the package as to individual installations," he continued. "However, there would be only one charge for the service order and, if there is one, a single charge for the premise visit."

"So Centel's maximum charge of \$79.25 could be assessed for

connection of the main phone. In addition, charges for inside wiring (\$23.75) and a desk jack (\$7.50) could be assessed for connection of the extension outlet, bringing the maximum total charge for the package to \$110.50. However, for the customer who uses all of the options to avoid costs, Centel's minimum total service charge for this package would be \$29.50."

## Why your electric company is plugging coal and uranium.

There are really only two fuels. The scarce ones and the abundant ones.

The more dependent we are on the scarce fuels to make electricity, the less certain we can be that there will always be enough electricity. And the more costly that electricity becomes.

So at Commonwealth Edison, we make almost half of our electricity from coal and most of the rest from uranium. Both are abundant fuels. By using them, we're helping to conserve America's oil and natural gas resources for transportation and other vital energy needs. And we're lessening our reliance on imported fuels.

Last year coal and uranium supplied energy equivalent to about 100 million barrels of oil, which would have cost over \$2.5 billion in fuel expense. Think of electricity as the Conservation Energy. The next time you plug something in, remember. You're using the energy that helps save energy.

## Maine East music concert

On Monday, Dec. 14, the Maine East music department will sponsor a holiday concert, featuring Concert Choir, Orchestra, and Band.

Concert Band selections will include "Nutcracker Suite", "Holiday Spectacular" and "Sleigh Ride."

Concert Choir members have been rehearsing "Many Moods of Christmas", "Festival of Lights", "Jingle Bells", "Deck the Halls with Coconuts", and selections from "The Messiah."

Concert Orchestra will play "Polandise" by Korsakov and Bach's "Sheep May Softly Graze".

The Dec. 14 concert begins at 7:30 p.m. in the Maine East auditorium. Music Booster family memberships as well as student I.D. cards will be honored. Otherwise, admission is \$1 for adults and 50¢ for children. Additional music department performances include the Friday, Jan. 8 orchestra play-athon and the Sunday, Jan. 17 33rd annual winter band concert.

## Adult Toy Show at Mindscape Gallery

If you think that responsible adults don't play with toys, you have a sophisticated surprise waiting during the 6th annual Adult Toy Show at Mindscape Gallery, 1521 Sherman Avenue in Evanston. Thru December 25, Mindscape will present a special holiday collection of artistic playthings for Big kids.

The toys are the creations of 12 well-known craftspeople throughout the country. Offerings include silver necklaces that come apart to make puzzle games, handpainted puzzle blocks that make 54 separate graphic images and elaborately carved wooden jigsaw designs. Also featured are musical instruments, made of gourds and exotic woods, one-of-a-kind leather backgammon sets and sculptural porcelain and leather dragon dolls.

The Adult Toy Show will be on display Monday 12-7, Tuesday thru Saturday 10-6, Thursday 10-9 and Sunday 1-4. For extended holiday hours near Christmas, phone 854-2660. Admission is free and parental guidance isn't necessary.

## DINING & ENTERTAINMENT

### Victoria Station introduces Fisherman's Wharf Crab speciality

Thanks to Victoria Station, Dungeness crab, a delicacy indigenous to the Pacific Coast of North America, is making quite a name for itself among seafood lovers, coast to coast. Starting now through December 13, Pacific Northwest Dungeness (Classic) crab will be available at the Victoria Station restaurants located at 7800 Caldwell Ave., Niles; 200 Skokie Blvd., Northbrook; 675 Mall Dr., Schaumburg; and 298 W. Roosevelt Rd., Villa Park, encouraging those who have never tasted this West Coast favorite to enjoy a succulent, flavorful seafood.

The Dungeness crab, native to the Pacific Northwest, is small, fat and round-bodied with a delicate, almost sweet meat.

Victoria Station serves Dungeness crab in 1 pound (uncooked weight) clusters accompanied by clam chowder, cottage fries and bread and butter, at an all-inclusive \$7.95 price. Crab lovers may also enjoy a combination platter with either prime rib and crab or top sirloin steak

and crab for \$9.95 each.

The Oregon Dungeness crab industry harvests over 20 million pounds of Dungeness crab annually to meet consumer demand. Over half of the industry catch to date has been sold and consumed in the San Francisco Bay area. Now that Victoria Station is making this delicacy available to patrons across the country, the harvest is likely to increase.

Dungeness crab, naturally high in protein, vitamins and minerals, contains only 25 to 30 calories per ounce. Weight watchers choosing this entree may dine - guilt free - at Victoria Station.

Victoria Station, world renowned for its prime rib, recently broadened its dinner menu to include seafood and poultry items. All restaurants are open nightly for dinner (some for lunch) featuring non-smoking sections, group facilities, and easy accommodations for handicapped patrons.

### Occ Concert Choir

The Oakton Community College Concert Choir will present a concert, with orchestra, of the cantata "Dona Nobis Pacem", by Ralph Vaughan-Williams on Friday evening, December 18.

Soloists for the concert will be Charlotte Tykinski, soprano and Dan Detloff, baritone. In addition to the large Vaughan-Williams work, the choir will also perform songs for the Christmas and Chanukkah season.

The concert will be at 8 p.m. in Centraux Auditorium, 7701 Lincoln, Skokie. There will be no admission charge.

The orchestra musicians will be performing under the auspices of the Musicians Union Trust Fund. The concert will be conducted by Kenneth Eidson of the Oakton Community College music faculty.

### Winter arts & crafts festival

A special invitation is extended to qualified local artists and craftspeople to be among the exhibitors in the Winter arts & crafts festival to be presented by American Society of Artists, a national membership organization, at Oak Mill Mall, 7900 N. Milwaukee, Niles on Saturday, Feb. 20 and Sunday, Feb. 21.

Art in Action will be included in the show with artists encouraged to demonstrate during the show. Only original creative work will be accepted for exhibition in this juried show.

Additional information and applications may be obtained from American Society of Artists at 1297 Merchandise Mart Plaza, Chicago, 60654-751-2500.

### Cablevision's Oak Park headquarters offers computerized service

The 19,000 suburban residents who subscribe to Cablevision of Chicago currently receive service from a highly automated headquarters that is the most technically advanced of any cable company. Cablevision was recently awarded the Niles franchise for Cable TV.

Housed in the new, 34,000 square foot headquarters of Cablevision of Chicago, located at 820 W. Madison, Oak Park, the customer service department utilizes 41 computer-operated CRT's, through which trained key punch operators make customer service adjustments 24 hours each day.

Using a special addressable converter, exclusive in the Chicago area to Cablevision of Chicago, these CRT's can turn on, or off, any service desired by a Cablevision subscriber, including pay-per-event viewing. Because the service change is handled by computer, no service call to the residence is needed.

The CRT's also have burst-speed capabilities so that one computer is capable of making a large number of service changes in a relatively short amount of time.

Should a subscriber have a problem that cannot be handled through the computer, Cablevision maintains a 24-hour service department. In this department dispatch operators handle calls from field technicians and subscribers and forward necessary customer service information to service personnel via radio.

By year's end, Cablevision will utilize five main frame com-

puters to store customer and company records. These computers also will handle program switching, tiered services, channel allocation and business services. Only Cablevision of Chicago has such electronic file storage.

The central regional head-end is a multi-million dollar structure located atop the 21-story Mills Park Tower, eight blocks north of the Oak Park suburban headquarters. This head-end has six microwave dishes which send AML and FML signals to subscribers in Cook County's central region.

In addition, electronic transmission and reception equipment provide interconnect for programming and services with Cablevision's three other regional head-end facilities in Homewood, Downers Grove/Lombard and Evanston. The Evanston regional head-end will be constructed in 1982.

Cablevision also will construct a satellite up-link terminal to connect Cablevision with its east coast affiliates and with other potential users of satellite transmission.

The Cablevision of Chicago company has been operating in the Chicago suburban area since December, 1979, and is the largest franchised cable operator in the suburban area, holding franchises in 27 Cook and DuPage County communities.

Cablevision currently serves more than 19,000 subscribers in 18 communities and has a potential subscriber base of 175,000 homes.

## Village Board Meeting . . . Continued from Page 1

movie theaters in the empty department store. While no additional details were announced during the Tuesday night meeting, Blase was quick to cast doubts about whether the movie theatres would be constructed. Noting the abundance of movie theatres in the Niles area, Blase commented after the meeting, "To come in piecemeal and throw in theatres doesn't seem to make a lot of sense."

Blase added that in deciding on Krilich Builders' request to construct the movie theatres Niles will have to look at what impact the theatres will have on the entire Lawrencewood shopping center.

Niles officials have little regard for Krilich Builders following years of battling to get them to maintain Lawrencewood Shopping Center.

Blase reported that Krilich Builders would probably lease the theatres to a theatre management firm if they receive permission to construct the theatres.

Following the announcement of the Lawrencewood request the Village Board sent the petition to the Niles Zoning Board to consider the proposal. The Zoning Board is not scheduled to meet until January 4.

If the Zoning Board approves the Krilich proposal the Niles Village Board will still have to discuss and vote in favor of the request before Krilich can receive a building permit to construct the theatres.

In other business, the Village Board took steps to tighten up its

already strict door-to-door solicitation laws. Voting 6 to 0 the board approved an amendment to the current law which will define as a "solicitor" even those individuals coming into Niles to preach or solicit for various religious doctrines.

Currently, it is illegal for any solicitor to knock on the door of a Niles home displaying a village-issued "no solicitors" sign.

Solicitors breaking this law in the past have been arrested and, following court hearings, fined. However, according to Blase, various religious groups have repeatedly ignored the signs while soliciting in Niles claiming they are not solicitors. The amendment to the solicitation laws proposed Tuesday night defined a solicitor as not only those people selling merchandise door-to-door but also anyone "whose activities are within the guarantees of the First Amendment."

Village officials indicated this provision may be challenged in court.

Also taken up during the meeting was issuing the final approval for the closed, Tam O'Shanter Tennis Club, 7847 Caldwell Ave., to be converted into a warehouse with connecting offices. The building is currently owned by the Arlington Heights Federal Savings and Loan located in Arlington Heights.

According to Savings and Loan officials the building will be converted into a warehouse with room for three separate offices for different tenants. Officials said they hope the conversion will be completed within one year.

The Niles Zoning Board approved the construction plans during their October 5 meeting. Acting upon that recommendation the Village Board also approved the proposal unanimously.

The Village Board also approved offering assistance to three area businesses interested in securing Industrial Development Revenue Bonds. In offering its assistance Niles has agreed to offer itself as a reference when these businesses approach lending institutions for loans.

Before allowing these businesses to use Niles as a reference the village's Finance Committee studied the financial records of each to assure that each business is solvent. In offering itself as a reference the village does not accept any financial or moral responsibility to the lending institution, according to Village Attorney Richard Troy.

The businesses which will receive the assistance include Middleby-Marshall Oven Company, 6153 Mulford. The oven company has proposed building a Niles oven factory which will employ up to 40 area residents.

The P.A. Bergner Company will receive the same assistance in securing financing. Bergner is scheduled to build a department store in Niles' Golf Mill Shopping Center.

Lastly, Sound/Video Unlimited, 7900 N. Austin, will seek additional finances to purchase equipment and make various improvements.

## JCC Winter Camp for 3-4 year olds

The Mayer Kaplan Jewish Community Center, 5050 W. Church st., Skokie presents Winter Camp K'Tonton (3 and 4 year olds) 10 a.m. to 1 p.m. on Monday, December 21, Tuesday, December 22, and Thursday, December 24.

Each day, in addition to a variety of activities in the nursery school rooms, swimming on Monday, Ella Jenkins on Tuesday, and gym on Thursday will be offered. Children bring a sack lunch and the "J" provides the beverage.

Registration can be made for 1, 2, or all 3 days. The cost is \$7 each day. Winter Camp K'Tonton is a unique opportunity for families to preview the "J"'s preschool camp which will be offered during the 1982 summer season.

## School Board... Continued from Page 3

sistent with his former demands that the schools, now closed to students because of declining enrollment, be utilized rather than sold.

In other action, board members approved a lease with the Illinois Education Assn., a teacher's organization, for rental of space in Oak school. The measure was passed in a second resolution so that language changes would prohibit activities such as use of the school for a strike headquarters.

In other action, Lenore Page presented a report on student achievement tests indicating children performed better in the basic skills, language, mathematics and reading, the longer they stayed in the district. However, Eileen Cohen, a parent in the Washington School area, contested the optimistic note of the report saying the children at the fourth grade level of that school were not performing as well as the children in the Washington School area.

Page also presented a report on use of the computers in the grade school and junior high school levels. She said much interest and enthusiasm is being displayed by both the teachers and students.

## Notre Dame basketball tournament

The sophomore basketball team of Notre Dame High School for Boys, 7655 Dempster, captured first place in their Thanksgiving Holiday Tournament.

In opening action in the round robin tournament, Notre Dame defeated Loyola 49-43. Tom Yehl scored 16 pts. and had 6 rebounds. Rick Williams had 14 points, with Scott Detloff adding 4 pts. and 8 rebounds.

The Dons then defeated Leo 52-38. Brian Whittle and Tom Yehl scored 10 pts. apiece, with Glen Pienkewski adding 7 pts. The last game found the Dons defeating Immaculate Conception 34-21. Tom Yehl scored 10 pts., followed by Rick Williams with 9 pts.

## Engineering Seminar for students

A panel of representatives from universities in Illinois will offer high school students a guide to earning engineering degrees in Illinois during a program hosted by Oakton Community College, from 7 to 9 p.m. on Thursday, December 10, at OCC/Des Plaines, 1600 E. Golf.

High school sophomores, juniors and seniors who are considering engineering as a profession are invited to ask questions and discuss community college pre-engineering programs, admission requirements to a 4-year program, curricula, costs, and career outlook in various engineering fields. Parents are also invited.

The program is designed to help high school students make an informed decision whether to begin at a senior institution or to enter pre-engineering at Oakton and transfer at the end of two years, according to Terry Sullivan, OCC assistant director of admissions and records.

"Students can learn what the choices are, what to expect from Illinois engineering colleges, and what the colleges will expect of them," Sullivan said. For further information call 635-1703.

## Check highway conditions before starting trip

Before starting your trip find out what the road you're going to travel is like! As a special service to the motoring public in Illinois, the State Police provides a highway condition report.

These reports are available from November 15 through March 31 each year. Special phone lines provide the information. Highway condition reports are updated four times daily or anytime there is a definite change.

Captain William Burt, District #3 Commander, advises people in the Chicago area to use one of the following numbers: 742-7642, 283-6204 or 323-1111. "We encourage motorists to use the highway condition report lines. They will receive local and statewide information. This also helps keep our other emergency lines open."

## Legion Auxiliary visits USO

Once a year the Morton Grove American Legion Auxiliary Unit 134 travel down to the Chicago Loop and serve a buffet supper for the servicemen gathered at the USO on Randolph St. The annual journey took place Nov. 22 and the group was led by Unit president Ms. Lorry Nehart.

**EGNOG**  
 Makes six 1/2-cup servings  
 ABOUT 15 MINUTES BEFORE SERVING:  
 In large bowl with electric mixer at high speed, beat 6 eggs, 2 tablespoons sugar and 1/4 teaspoon salt until frothy. Turn mixer speed to low; gradually beat in 1 cup milk, 2 teaspoons vanilla extract and 1/4 teaspoon nutmeg. Pour into pitcher or punch bowl. Sprinkle lightly with more nutmeg. Serve at once.  
**SWISS CHOCOLATE-ALMOND EGGNOG:** Prepare as above but substitute 2 tablespoons chocolate syrup and 1 teaspoon almond extract for vanilla and nutmeg.

**EGNOG ROYALE**  
 Makes about thirty 1/2-cup servings  
 2 pints coffee ice cream 1 pint heavy or whipping cream  
 2 quarts eggnog cream  
 3 cups cold coffee nutmeg  
 2 cups whiskey (optional)

**DAY BEFORE SERVING:**  
 Scoop about 10 large ice cream balls onto a cookie sheet; cover with plastic wrap and freeze. Chill eggnog.  
**JUST BEFORE SERVING:**  
 Into chilled large punch bowl, pour eggnog, coffee and whiskey. In medium bowl, with electric mixer at high speed, beat cream until soft peaks are formed when beaters are raised, fold into eggnog mixture. Place ice cream balls on top and sprinkle with nutmeg. Serve at once.
